Chapter 2431

Now Xiaohuang, no doubt far stronger than the ancient demon lion God of war!

This is the blood essence of foreign demons!

It means infinite possibilities!

Soon.

The giant egg is full of golden runes and begins to change. The breath is climbing. Xiaohuang is refining the power of golden essence blood!

Hoo Hoo Hoo!!

Whoa!!

The raging wind howled all over the sky.

The sea of blood waves, the depth of the endless sea, the ancient meteorite array quickly shaking up, so large array because of the surging blood sea and constantly shaking!

The endless sea is the sea of blood, full of blood and water, and its density is extremely huge. In ordinary times, even if it is a full-scale attack on the door, it is difficult to cause a ripple. At this moment, it is surging constantly. The blood with such a large density is like a huge object on the mainland, which makes the earth shaking.

The next moment, a thousand meters of sea of blood waves swept over, suddenly slapped on the ancient meteorite array!

Boom!!

An explosion came out!

The protective cover of the ancient meteorite array was blasted by the waves of the blood sea, and the divine pillar in one corner quickly broke apart, and turned into countless gold powder and flowed into the blood sea. The main body of the array was covered with cracks, which were seriously damaged.

The array arranged by Tiandao palace is severely damaged. In an instant, it is in the headquarters of Tiandao palace!

The imperial master Xuanyuan ink evil quickly sensed the situation and was completely angry!

"There's something wrong with the endless sea!"

"Can't so many empty places win a kid?"

"and, the breath makes me uncomfortable!"

"Damn it!"

One side of the Dragon God also opened his eyes: "Xuanyuan ink evil, I have said! You can't look down on that kid. "

"There is something wrong with the breath of the endless sea..."

"This breath seems to be the trapped foreign monster..."

"But how did this foreign monster get in touch with that boy?"

"Whatever it is, use your power to wipe it out!"

Xuanyuan ink evil forces out a drop of blood essence and shoots it on the heavenly way plate!

In an instant, there is a shadow of heaven!

Although the shadow of heaven is only a small part of his power!

But this power is enough to kill the strong!

How about a boy in fengmenjing!

The shadow of heaven seems to have wisdom! Furious, straight through the heavenly plate, came to the endless sea, under a visit, anger more and more burning!

"The mole ants in the closed door area, with a huge egg, actually led to a sea of blood riots, so that our palace array damage, should be killed!"

The empty shadow of heaven quickly shuttles through the space and goes straight to the land of complaining spirit.

The virtual shadow of heaven comes down in person, tears up the space and pursues Ye Chen and ye lu'er!

At this moment, in the land of resentment, there is an empty shadow around Xiaohuang's huge egg!

Is this the final form of Xiaohuang after breaking eggs?

The shadow is thousands of feet in size. There is a black flame around the body. At this moment, it is as terrible as a demon. Its combat power and realm are beyond everything, and even in the process of drastic transformation!

As for the giant beast in the altar, he looked at all this with boredom.

I didn't expect to be swallowed by such a monster!

Forget it, forget it.

It doesn't matter.

The man just now is not his own enemy.

However, he was forced to hand over his blood essence when he failed to do so. As for the purpose of blood essence, he did not care. He saved a lot of work and was repaired again.

The existence of this extremely terrifying beast, which can easily play the thunder snake light ball that can almost kill the enemy's territory, is thoroughly Yan. He does not dare to offend Ye Chen. Even if ye Chen is promoting his war beast Xiao Huang with his blood essence, he has nothing to say.

Hoo Hoo Hoo!!

Whoosh!

The fierce wind mixed with the smell of blood.

There is a lot of power overflowing from the eggshell. The Dragon veins in ye lu'er's body absorb these spiritual powers independently. The broken dragon veins gradually heal, and the pale cheeks recover as before. Slightly open your eyes and wake up!

"Brother Ye!"

"What's going on?"

Ye Luo'er is surprised to see the transformation of the huge egg and the shadow on the giant egg, a little surprised.

When she turned her head, she saw the giant beast in the altar. She could not help but feel shocked. She quickly pushed Ye Chen aside and cried, "brother ye, go first. I'll block this giant beast. Go quickly. This is a very terrible beast."

Seeing such a move.

Ye Chen Wei ran a smile and pulled Ye Luo'er aside. He said with a smile, "this giant beast dare not move us. Don't be afraid of it."

He even waved to the beast and asked, "isn't it?"

In a flash, strange things happened. The giant beast even showed a smile and looked at the infiltration, but it really admitted.

It is extremely sad in his heart. He thought that he was once a drug bully. He didn't expect to give the two guys advice today. Just as the beast was still feeling its own, the sky was torn again, and a series of space vortices emerged, and a body giant elephant came with the power of heaven!

This is the shadow of heaven!

The virtual shadow of the way of heaven is not a real person, but a virtual state of human form formed by the condensation of strength. It looks like a picture produced by stereoscopic projection!

But no one dares to despise!

He is the most fearsome existence in the world!

He glared at Ye Chen and ye lu'er, and said angrily, "just a child, dare to destroy the ancient sky meteorite array of our Tiandao palace, and also lead to six Taixu elders stationed in the endless sea in Tiandao palace seriously injured. You should die!"

Scum!

Ants shake the tree, looking for death!

It's the first time that you dare to be a demon like this!

Well, the first time I was killed in the cradle.

Under the shadow of the void of heaven, his hands moved quickly, and a series of gaseous light waves appeared on his chest, absorbing the power of heaven and earth, refining various laws. In the light wave, the light wave finally broke up, and a black sword emerged.

However, the black sword is simple and unsophisticated, with ancient inscriptions carved on both sides. It overflows with the breath of antiquity. It doesn't show the feeling of time and space all the time. It seems that it can kill time and space and is in danger of extinction!

"It's killing the world and killing the sword!"

"This boy really offends the heavenly way palace!"

The giant beast on the altar has a strange expression. It crawls on the altar, and does not dare to lift its head. It peeps at the black long sword in the sky and whispers: "the shadow of heaven's way is empty. I burst out myself. I've gathered a sword to kill him! There are some problems with the origin of this boy."
"

"But will the man do anything in this situation?"

Kill the world and kill the sword!

It is a kind of secret method, which extracts all kinds of power, especially the power of the law of destruction, and condenses it into a killing sword!

Once upon a time, in the ancient times, someone used such a secret method to gather together and kill the world and sword, breaking up 12 small worlds overnight and killing tens of billions of creatures!

"What has this boy done to make people angry?"

"Otherwise, how can you let the shadow of heaven do it by yourself?"

Chapter 2432

This giant beast is constantly guessing about ye Chen's situation. He is so shocked that he pays special attention to this matter for a time. Of course, it is impossible to help!

It doesn't have this idea. It was originally sealed, and its strength was not saved. The shadow of the heavenly way didn't notice itself and hurt itself. As for helping Ye Chen?

Sorry!

He's not interested in it!

"Boy!"

"For the sake of your will, listen to me

Tiandao Xuying holds the sword of killing the world, points to Ye Chen, and slowly says: "boy, you have offended our Tiandao palace three times and four times, and even destroyed the layout of this palace in the endless sea. As a result, my palace has been decorated with one of the torches for thousands of years. I have been fighting and killing all over the place, which is unforgivable!"

"Today!"

"I will kill you by the will of heaven

"This time, I see who else can help you!"

The voice dropped.

A huge breath bursts out, and black light waves diffuse along the space, just like the shock wave when weapons collide. Wherever it extends, the space will quickly disintegrate and turn into countless black fragments.

As soon as the sound of a sharp sword tore up the endless sea, just like when Moses crossed the sea, a gap was cut out of the huge endless sea, with a width of 10 meters and a depth of thousands of meters. The huge blood and water around it could not be approached because of the power of the law!

It's just sword power!

The sword hasn't really come out yet!

"Brother ye, go away quickly!"

"The power of this sword is beyond the level of disaster. It is so much stronger than you!"

Ye Luo'er blocks Ye Chen's body directly.

Ye Chen pulled ye lu'o'er behind him and said, "luo'er, you can block me. How can I leave?"

His right hand slightly grasps, inexhaustible evil Qi absorbs! Be possessed as soon as possible!

He wanted to use the blood magic sword, but found that he had not entered into the state of enchantment for a long time!

But he can only sacrifice the beast decayed sword again!

The beast decaying sword appeared in his hand. Ye Chen gazed at the doomsday sword in the sky, and said: "luo'er, let's see how powerful the world killing sword is in awe and fear."

The last time Tiandao Palace also used this sword!

That's the sword of destruction! This time it's killing the world!

At that time, there was the power of the devil emperor and the eternal holy king, which blocked a little bit!

Now only Ye Chen and ye lu'o'er!

How to stop it!

Can only resist!

"Good!"

"Fight together!"

Ye Luo'er immediately burst into a violent drink. The dragon vein in his body was activated again and transformed into a holy dragon. The golden light fell down and became holy. It had the opposite effect with killing the world and killing the sword. One is that the golden light spreads all over the sky and has the effect of healing all things; the other is that the power of darkness and destruction overflows and breaks all things!

"Killing road!"

"The law of killing!"

"Up

Ye Chen's arms trembled and he drank violently. He knew that in the endless sea, he could release his power to the extreme by using the power of killing!

Behind him, there are countless murderous spirits. On the top of his head, there is a killing road of hundreds of thousands of meters. The countless murderous gas overflows, which makes his body linger with a magic light, and his eyes are scarlet, just like the ancient killing God!

"Sure enough!"

"Cultivate the law of killing and the way of killing."

"It's really a demon who endangers the world."

The shadow of the heavenly way hums coldly and directly sacrifices the sword of killing the world!

At the moment when the shadow of the heavenly way sacrificed the sword, countless black waves of light shot out with the sword body. A round sword pillar with a diameter of 100 meters fell from the sky. It had the power of destroying everything and destroying everything!

"Kill!"

"Destruction!"

"Silence!"

"Moderation!"

"Immortal!"

Ye Chen burst out a drink and offered sacrifices to the other four roads. The forces of the five roads burst out together, each transforming into a variety of forces, and rushing towards the black sword pillar.

Ye Luo'er's Golden Dragon claws quickly gather in front of the chest, a flame holy dragon flame spurts out!

The holy fire of the dragon is the origin and the most powerful move!

Now!

Ye Chen and Ye Luo'er, will play their most powerful unique skills!

Boom! Boom!!

Boom!

There was a constant burst.

The black sword column goes on, breaking the two avenues of killing and destroying one after another. In the column, the killing sword breaks out, and a murderous spirit that sweeps through the nine days

breaks out, and directly rushes to the power of Duhua Avenue. Then it breaks the power of the immortal Avenue and the annihilating Avenue!

Once!

Five roads, five laws and powers! It is Ye Chen's pride. At the moment, all of them are broken. Facing the almost irresistible shadow of heaven, ye Chen even has nothing to do.

Even if the flame of Ye Luo'er's holy dragon's flame spurted out, the black sword pillar facing the face was quickly broken, and the black sword pillar directly hit the two people.

In an instant.

Two explosions were heard.

Ye Chen's body explodes and flies out, with multiple wounds emerging on his body, which has been seriously injured again.

It's too late to activate the red dust pulse!

The unstable Lingfeng pulse was activated for a short time and absorbed part of the power!

Ye Chen frowned. Even though his accomplishments increased, he was much stronger than when he fought the six Taixu elders. However, he still had no ability to resist the sword and fell on the beach seriously.

Ye Luo'er also flew out from the sound of the explosion, and the body of the ten thousand Zhang holy dragon collapsed and fell into the shape of a human.

Just a sword!

The two strong people suffered heavy damage, almost no resistance!

In the face of the virtual shadow of heaven beyond too many levels and levels, they have nothing to do.

The shadow of heaven once again mastered the sword of killing the world. He looked at Ye Chen and ye lu'o'er with cold eyes, just like a judge. He continued to narrate Ye Chen's "crime", and then offered up the sword again.

It's just that the sword is much weaker this time!

After all, there was a loss in one hit.

Although weak, but too Xu later also can't bear!

How to block the seal door!

"Without immortality and the devil, how can you stop it?"

"Perhaps, the threat of our heavenly way palace will be completely killed today!"

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

The speed of killing the world and sword is extremely fast. It breaks through layers of space and produces the sound of sound explosion.

Before landing, it has already caused a sea of blood. Countless blood has been evaporated. Seeing the moment when the world destroying sword is about to kill Ye Chen and ye lu'o'er, the void on the left is broken again. A white veiled woman riding a giant flame beast suddenly comes out!

The whole world is as cold as ice!

The white veiled woman flutters to Ye Chen's body. She is surrounded by nine colored lights. Lotus grows at her feet, just like a nine day Xuannu who came out of ancient times. She is mysterious, beautiful and elegant. She is full of unspeakable beauty.

She gently stirred the sword of killing the world, and the extremely powerful sword suddenly flew out!

Chapter 2433

The sword, which can kill the strong in the later stage of Taixu state, has no ability to resist in front of the white veiled woman. It is easy to be knocked out.

She looks back at Ye Chen, and then comes out of the sky with her arms slightly open. Thousands of forces come together, and countless white lights flash. Her clear face has a trace of firmness, and a white crystal sword emerges from her chest. Holding the sword in jade hands, she gathers strength to stab out a sword, which makes the space shake and collides with the world killing sword that has been killed again.

Boom! Boom!!

Boom!

Two long swords, one positive and one evil, collide with each other, producing a strong shock wave, which not only shakes back the white veiled woman, but also shakes back the virtual shadow of heaven by two or three steps.

This white veiled woman is Wei Ying, the master of juechan emperor's palace!

Wei Ying, who has reached the peak of the nine layers of heaven in Taixu, can only fight against the shadow of the heavenly way. Before that, she opened the sword of killing the world because the power injected into the sword by the shadow of the way of heaven did not reach the peak. At the moment, it is difficult to even go all out to kill the sword at the peak state.

"Who are you?"

"Why?"

"I'll give you a chance to step back!"

"Otherwise, I will kill you!"

It seems that Xu Ying can see Wei Ying's strength. When Xu Ying comes, she is not strong enough. It is not easy to kill Wei Ying. So she is ready to persuade Wei Ying to leave.

Wei Ying holds the sword in one hand, and her white robe is surging. She is as beautiful as nine fairies, but she is extremely cold in her eyes!

There was even anger!

Endless anger!

Her voice of icy cold echoed through the endless sea: "these two people, I will protect, or even if I fight to death, I will not be able to retreat!"

.....

"If you want to die!"

"Well, I'll do what you want!"

Instead of offering a long-distance sword to kill the world, the shadow of the heavenly way fought with Wei Ying with a long sword.

The power of the shadow is fixed! So many killing swords!

At the moment, the whole body's breath is just a layer of heaven!

One is the existence beyond the Taixu state, the other is the existence of the nine layers of heaven in the Taixu state!

The fight between the two causes the world to shake and the sea of blood billows.

The sea of blood on this day was especially sad. Facing the fighting of many powerful people, it was shocked by the aftershocks. The originally calm sea of blood is now surging. It is similar to that of a ten magnitude earthquake on the sea floor. The sea water is constantly impacting all parties.

In the distance, the ancient meteorite array was swept by the sea of blood, and most of them were completely broken.

Bang bang bang!

Bang bang!

Boom!!

Soon, Tiandao Xuying and Wei Ying fought with each other for thousands of moves. Ye Chen looked up and saw that the sky was full of dark caves, just like hundreds of small black holes hanging in the sky. Even if the space has the ability of self-healing, it can not catch up with the aftershocks of the attack by the two top powers!

The body shape of the empty shadow of the way of heaven suddenly retreats for hundreds of meters, which makes it dim.

However, Wei Ying was seriously injured. Her arms showed multiple sword injuries, and it was obvious that it was time for crisis!

She gazed at the empty shadow of heaven and asked again, "do you want to retreat?"

"If I die, you will not touch him!"

.....

"Don't kill Ye Chen, don't retreat!"

"Even if it is destroyed, it is impossible to retreat!"

Tiandao Xuying was also very angry. He didn't expect that he was just a martial artist in the imperial realm. However, he was blocked by the top level characters in the ninth layer of Taixu realm!

The key is that the existence of the nine layers of heaven is too empty. The strength can resist and cut the disaster!

The girl is so young! God's genius is not so rebellious!

People of this level!

If in the kingdom of God, who doesn't know who he is?

Who will be the enemy of Tiandao palace?

But I didn't expect that this kind of situation really happened. Next time, if you want to send the virtual shadow, you should sacrifice the strongest existence!

At the same time, Wei Ying's body burst out a strong breath, like thunder and flame, tearing open layers of space, and a terrible Qi was vented everywhere, just like the arrival of a God. Everything was crawling on the ground, not daring to make a mistake!

Boom! Boom!

Boom!

In the void, there is the sound of thunder.

The giant beast on the altar in the distance was surprised and said, "this woman should break into the disaster situation at this moment. Is she going to resist the shadow of heaven with the help of erley?"

After the nine layers of heaven in Taixu, you will be in a state of disaster!

Is this woman going to break through the bad situation and rob erley?

Crazy?

Since ancient times!

If the peak of the nine layers of heaven in Taixu is to become an adversity situation, almost a hundred of them have survived the calamity, and only one can survive it. So the passing rate is only when the top 100 Taixu peaks are full and have extremely adverse Taixu soldiers! This woman in front of me.

Seriously injured, and it seems that there is no strong Taixu Saint soldier!

If we want to cross erley in this situation, is it not to seek death?

But Wei Ying's eyes are full of determination at the moment!

On that day the eternal king!

Why can't Wei Ying!

She always firmly believes that Ye Chen is her opportunity!

Without Ye Chen, she Wei Ying may still be suffering from evil blood and cold body. She may still be a teacher of Normal University!

How to see the vast world!

Boom!!

Boom!

The sound of Er Lei was heard again.

A slight thunder overflowed and scattered, and then the huge sea of blood was boiling. Tens of thousands of tons of blood water were evaporated out of thin air. Such a powerful erlei, even if it was faced by the experts of the nine layers of heaven in the Taixu realm, only one ray of thunder would fall.

At this moment?

I really want to die! Or what do you want?

"Just erley, what's the matter?"

"If you don't retreat, I'll use erley to contain you!"

With a clear smile, Wei Ying shuttles through the space with a long sword, and comes to the side of the shadow of the heavenly way. In a flash, the original thunder cloud expands rapidly, and its power is increased by two times at most.

It's the aura of the shadow of the heavenly way sensed by Er Lei!

No matter who it is, you can't be disturbed when crossing the robbery!

Once you disturb others, you will be attacked by thunder clouds. This is true of any natural calamity. What's more, its power is doubled. You will always track the people or things who join in the robbery, as long as the robbery is finished or the thunder is chopped to death alive!

"Damned woman!"

"You want to die!"

The empty shadow of heaven trembled with anger. Unexpectedly, he was "robbed by ferry"?

It's not that erlei's body has not passed away, but it's just a shadow of his own body at the moment. In the face of erlei, who is capable of splitting the body and spirits of the nine layers of heaven in Taixu state into ashes, we have to deal with it carefully!

"Ha ha ha ha!"

"You don't want to go with me!"

Wei Ying tried her best to suppress her breath, which was far lower than the Qi mechanism released by the virtual shadow of heaven.

Chapter 2434

In an instant, the thunder cloud directly locked in the shadow of the heavenly way and identified it as the main hijacker. The lightning of purple clouds with a diameter of 100 Zhang fell down quickly.

Bang!!

An explosion came out!

The shadow of heaven offered a sword to kill the world, and forced to split the thunder and lightning!

He observed carefully and found that the erlei cloud flying out of the space crack was extremely huge, with a length of tens of millions of meters. In an instant, he was surprised and said, "six times of erley disaster!"

There are also three, six, nine and so on.

The third-class erai robbery needs to be bombarded by triple eres, and erley is just an ordinary erley.

The sixth class and the sixth grade are the six bombardment, and they are the more powerful Zixiao thunder and lightning in the erlei. Their power is five times stronger than the ordinary third-class erlane robberies. Only the peerless Tianjiao can survive this disaster!

What a surprise!

This white veiled woman is so talented!

The virtual shadow of heaven is the way of heaven, but what he masters is only the way of heaven, not the way of the universe. He can't control it.

"Ah, kill!"

"Kill the world and kill the sword!"

"Break, break for me, break open!"

The empty shadow of heaven breaks out with all his strength, and a sword of killing the world condenses in his hand. He bombards the two purple clouds thunder and lightning that attack and kill them!

The first is a purple cloud thunder and lightning, the second is two purple cloud thunder and lightning, the third is three, and so on, the sixth is six, the power is increased from one time to six times, but it is not like other disasters, the number of thunder and lightning increases geometrically.

Bang bang bang!!

Bang bang bang!

There is a continuous burst sound coming out. The broken thunder and lightning can break through the space and even the whole sea of blood.

The third is the disaster of thunder. The shadow of the heavenly way resists two ways alone, while Wei Ying resists one.

At this moment, we are using the power of erley to consume the power of the shadow of heaven!

Boom! Boom!

Boom!

Boom!

There was an endless explosion.

It was not until dozens of minutes later that the disaster could stop, and the six times of the disaster finally passed.

But he saw that the shadow of the heavenly way was very weak, and even showed signs of collapse, and his whole body was black.

As for Wei Ying, she was not lightly injured. Her fighting power was not saved, and her mouth was gushing with blood. Even if she stepped into the level of disaster, she also lost a lot of fighting power!

"Not good!"

"She's not fighting enough!"

"The shadow of heaven's way has ten percent power."

Yelor saw the problem.

It is worthy of the shadow of the way of heaven. Even if one of the two parts can resist the six times of the disaster, there is still power left.

As for Wei Yingdu's success in the robbery, he was seriously injured and the main road was damaged. Even if he got the nourishment after the robbery, his fighting power was greatly reduced!

"Damn it, damn it!"

"You ants, I can kill you with one move

The shadow of the heaven's way drank repeatedly and gathered all his strength to form a killing sword. At the moment, the power of the sword is slightly smaller than that of the original one. However, it also has the power of a powerful man in the later stage of Taixu state!

Ye Chen reluctantly rose, his eyes scarlet, this scene let him angry!

He offered to kill God magic gun and beast decaying sword!

Loud!

Bang!!

Two clear voices came out.

The gun and sword were shot out, but the sword was still attacking.

At the moment, ye Chen, ye lu'er, Wei Ying and others have little combat power to speak of. They can only watch the sword fall. As long as the sword falls, all three people will die, including Wei Ying, who has already stepped into the abyss!

Suddenly.

There was a white light in the north.

The giant egg floated out!

The shadow of the giant egg condenses to the extreme! It's a huge body. It looks like a bloody golden devil lion. It rushes out against the sky.

It quickly flies to the body of mieshisha sword. It emits holy flame from its mouth, and constantly diminishes its power!

Boom!

Soon, there was an explosion.

The last sword of killing the world bursts out, and Xiaohuang's shadow disappears completely!

The giant egg falls beside Ye Chen.

Due to the depletion of power, the shadow of the heavenly way in the sky directly broke away.

.....

Kingdom of God!

In Tiandao palace, Xuanyuan ink evil spits out a mouthful of blood! Look pale!

He felt the collapse of the virtual shadow separation. He was not angry, and his breath burst out. Many disciples of Tiandao palace were shocked. Even the guards outside Tiandao palace looked shocked, so he rushed to ask.

"Damn it!"

"They have wiped out my part!"

"This son is just a seal of the door, but it can wipe out my body which has the ability to cut through the adversity!" "Don't stay any more!"

"No matter who you are, I must find you!"

"And the girl who stepped into the disaster! Cold attribute, against the sky talent, I'll search the kingdom of God, I don't believe I can't find you! "

Xuanyuan Mo evil was so angry that he immediately called all the elders!

This time, he was really angry!

Again and again and again to break all their own!

All the strong guard this seal!

Can this boy really destroy the heavenly way palace!

He will never allow it!

Many elders gather in Tiandao palace!

All of them are the top 10 to 30. There are many elders in Tiandao palace, among which there are many against the heaven, and there are many!

Xuanyuan Mo Xie glanced at a dozen elders who came before him and said, "now, I find that a man who has done his best to seal the door has actually cut off my strength. This son is too rebellious and should never be left behind."

"The progress of the blood stained causality array has been accelerated to the extreme! And to strengthen to the extreme! Besides, I can't wait so long. You can go to the endless sea and the land of Lingwu

"Yes

"I'll go with you right away!"

Many elders use the herald token to tell the disciples to do as usual!

The same is true for the rest of the elders. These elders are not enjoying pure happiness. Each of them is in charge of a big business. Therefore, it takes time for them to work out their own affairs in advance. Who knows how long they will go.

.....

In the land of resentment!

At the moment, ye Chen looked dignified and said, "the way of heaven breaks up, and its body must lead a strong elder to pursue. It should all be the existence of the disaster situation."

He looked around, took yelor's hand and said, "we have to find your father quickly."

The last master of the Shenglong family!

Dragon city sky!

After falling into the endless sea, there is no news.

But from ye Luo'er's feeling, Longchengtian is not dead, and it will be extremely difficult to find Longchengtian in this boundless sea of blood!

Wei Ying stood up, pauses for a moment, slightly raised her slender palm, and a white light from her fingers penetrated into ye Luo'er's eyebrows. She said, "these forces will resonate with the blood in your body."

"As long as the person you are looking for is not dead!"

"Blood resonance will let you find him!"

Listening to Wei Ying's words, ye lu'o'er opened her eyes slightly and suddenly looked to the north. She said, "my father is over there."

Listen to her finish, Wei Ying disappeared!

Chapter 2435

Ye Chen wanted to look for the figure of the veiled girl to thank her face-to-face, but found that the girl left!

Still took away wumang!

He didn't know why the girl helped him everywhere.

Even at the cost of life and death!

How can I do it?

He wrote down the kindness in silence. If he had the chance, he would repay him at all costs!

"Let's go!" Ye Chen grabs ye lu'o'er and goes straight to the North!

Two people speed to the extreme!

Soon, I saw a middle-aged man in the place with the most evil spirit!

Middle aged man in a sea of blood, cross legs and sit, absorb what!

"Father Ye Luo Er body trembles!

At the moment, the whole body of longchengtian is covered with blood evil spirit lines.

Extremely ferocious.

Even ye Chen felt a cold feeling from longchengtian.

He can't see through the cultivation of longchengtian!

Then the dragon city sky must be on the chopping disaster!

It's a pity that the cost of such cultivation is too high.

I'm afraid that the harvest of longchengtian after falling into the endless sea is not only as simple as chance.

Longchengtian opened his eyes and found ye lu'o'er naturally. His eyes were stunned. Then he looked at ye lu'o'er and was excited to the extreme!

He knew that this man was his daughter!

But he didn't dare to get close to elor!

His body was shaking and his eyes were in motion.

He wanted to say something, but he finally swallowed it in his heart.

As a father, he didn't want to drag down his daughter.

His only blood!

"Dad, brother ye and I will take you away!" Ye Luo'er wants to rush forward, but the dragon city sky is a big hand to wave, a wall full of blood evil spirit naturally becomes!

Ye Luo Er can't get close at all!

"Dad, why..."

Ye Luo'er is confused.

He never thought it would be like this!

Why did he meet his father, but he kept a distance!

Longchengtian wiped the tears out of his eyes and laughed at the sky of the endless sea!

Then, calmly looking at ye Luo'er, he said, "I am not a qualified father."

"But you are a qualified daughter."

"That's enough."

"I have never asked Heaven to let me see my daughter, even if I have eternal suffering."

"But now, I'm satisfied, I'm really satisfied."

"Lol, father can't leave with you."

"When I fall into the endless sea, I am doomed to be unable to leave."

"My whole body is entangled with eternal evil spirits. These evil spirits make me live and make me strong, but they limit me."

"If I leave here, the evil spirit of my whole body will devour my soul and everything. Then I will not be a dragon city sky, but a devil."

"Even you will die."

"Once upon a time, I wanted to seal it permanently."

"But now, I have changed my mind. I will try my best to suppress the evil spirit and evil spirit of my body. Maybe one day, I will go out."

"I'll find you, lol!"

"But not now!"

"Lol, you go."

"I can feel the blood in your body Far more than me and your mother, or even any one of our dragon family! "

"Your blood is really close to the existence of the nine heaven dragon hall!"

"This This is my most proud thing

At the moment Ye Chen, Mou son a shrink, from the words of longchengtian, lu'er is really related to the nine heaven god dragon hall!

Even the once-in-a-lifetime anti ancestral phenomenon!

Longchengtian seems to feel the fluctuation of Ye Chen. His eyes suddenly fall on Ye Chen's body, and then frown: "I can't see through you."

"Elor's strength can't enter here safely. Maybe it's all because of you."

Ye lu'er responded from her sadness and quickly explained: "father, this is elder brother ye, who is the closest and dearest person except you. If there is no elder brother ye, there will be no lu'er!"

"This time entering the endless sea, lu'er not only wants to find you, but also has another reason, that is, elder brother Ye wants to go to the nine heaven dragon hall."

Hearing the nine days god dragon hall, dragon city day's expression extremely ferocious, even some fear.

He suppressed his shock and said, "are you going to the nine heaven dragon hall? Do you know where that is! "

"If you go with your current strength, you will die!"

"This is a taboo of the dragon people! It's the root of the world's Dragon veins! "

Ye Chen shook his head: "master long, of course I do not know this place, but I must go."

"Please tell me the whereabouts of Jiutian Shenlong hall!"

Ye Chen has made up his mind this time. No matter how difficult the nine day dragon hall is, he will go! Longchengtian stares at Ye Chen for ten seconds, and finally sighs and says, "boy, the nine heaven dragon hall is a secret."

"Generally speaking, it is impossible for people in Lingwu land to know, even if it is the Shenlong and Shenglong families."

"As for why I know, it is because I have been there by accident."

"Not only I have been there, but also law has been there."

This word a, ye Chen and ye Luo Er Qi Qi shock!

How could that be possible!

Ye Luo'er had been in Kunlun Xu before, so he couldn't have the chance to go to the mysterious nine heaven dragon hall.

"I've forgotten how many years ago it was."

"One day, a dragon emissary from the nine heaven dragon hall suddenly came to the holy dragon family. Without any reason, he forcibly took Luo'er and me away."

"Luo's mother was pregnant and didn't intend to go."

"But the Dragon envoy is extremely resolute."

"An invisible force enveloped us, and we set foot on the kingdom of God, into a land of abyss, through countless skeletons, and finally saw light."

"That is the birthplace of the nine Heavenly Dragon, a symbol of endless power! For the first time, I felt contemptuous. "

"We met an old man, who did not explain a word, so we fell asleep."

"When we wake up, we find that we have returned to the dragon family."

"And it's been 30 days."

"These 30 days, my memory is blank."

"Now, looking back, maybe Luo Er's blood has something to do with this trip."

"On the day when Luo'er was born, there were many visions, crises and life and death alternated. I fell into the endless sea and even saw the Dragon envoy faintly!"

"I can't think of it all, but today, seeing lol, I may understand something."

"Maybe the nine heaven dragon hall has made a bet on Luo'er, or they realize that Luo'er's life style is special..."

"It's more like a sacred ritual, and they seem to want to change something..."

"As for more, I don't know."

"After that, we began to study the map of the land of Lingwu."

"Because I want to pursue the truth, I hope that one day I will be strong enough to set foot on the nine heaven dragon hall again."

"According to my memory, I vaguely guessed the location of the nine heaven dragon hall."

"It is in the far north of the kingdom of God. There is an island in the deepest place. If you cross the island, it should be the nine heaven dragon hall."

Chapter 2436

"It's just that you can't get to the far north of the kingdom of God with your present strength."

"If you want to enter it, either you have dragon blood in your body, and it is extremely pure, or you are the peak of Taixu."

"From a long time ago, the heavenly palace of the kingdom of God began to look for the strong one with pure blood of the dragon. Maybe it was related to the nine heaven dragon Hall..."

"That's all I know."

Ye Chen looked dignified and wrote down the position in silence. Then he arched his hand and said, "thank you, master! Ye Chen will remember your kindness! "

Longchengtian shook his head: "to thank you is also I thank you, I can feel the strong breath of lu'er, should be related to you."

"If it wasn't for you, maybe lol would never have been able to step here for the rest of her life."

"Not even me."

"I vaguely feel that your Dantian has an extremely powerful flame You seem to be a firecracker? "

I want to thank you so much that I can't get anything from this place

The next second, a flame is floating out!

There is a very powerful evil spirit in the fire!

It's incredible!

Ye Chen even felt that the flame was even stronger than the green lotus demon fire!

What's more, the evil spirit in the fire is in good agreement with his way of killing!

Green lotus demon fire seal in the field of elixir, ye Chen can not be refined for a short time!

If you add this evil spirit flame, maybe refining burning stele, it is possible!

"Boy, this fire is called Taigu Shayan, which condenses all evil spirits and spirits of the endless sea, and is extremely strong."

"Even I can't help it."

"I wanted to wait for me to step into the highest realm one day before refining. Now it seems that this archaic evil flame is more suitable for you."

"Thank you for taking care of my daughter."

Ye Chen did not say a word more, quietly accept the flame!

"Please don't worry, master. From now on, if anyone dares to move ye lu'o'er, I will kill him for nine days!"

"At all costs!"

Longchengtian nodded: "you have this heart is enough."

"As for lol, there's something for your father. Come here."

Ye Chen knew that his father and daughter had something to talk about, even about the future of the holy dragon family, so he went outside.

Five minutes later, ye luo'er returns to Ye Chen's side, eyes full of firmness.

"Brother ye, let's go. It's time to go back to Lingwu."

"As for father, I believe we will meet one day."

Soon, the two figures disappeared in the endless sea.

But longchengtian is staring at the two people's far away back, murmuring: "perhaps, all I think wrong."

"The nine heaven dragon hall took us away not because of luo'er, but because of this young man."

"Youth is not a thing in the pool. It will turn into a dragon when it meets the storm!"

Ye Chen has just left the endless sea, and the tingling feeling in his brow is coming!

Ye Chen's face changed greatly!

He knew that this was the beginning of the demon emperor's resurrection!

I must hurry to the demon clan!

"Lol, I'll send you back to Shenhua academy, and I'll go to the demon clan!"

Ye Luo Er just wants to say what, ye Chen interrupts: "this is an order!"

"Good." Ye Luo Er can only be clever nod.

.....

Demons.

The whirlpool of evil Qi was getting bigger and bigger, almost to the point of blocking out the sky and the sun.

The demons have been for more than 20 days without a trace of sunlight.

Countless forces of demons are terrified.

It's like the end of the world.

At the moment, the whole demon family suddenly shot out 49 red beams!

The light column goes straight to the sky!

It is surrounded by the whole whirlpool of evil spirit!

It's like a prison trying to block the barrier.

In the red light column, there are 49 powerful gods in the sky!

This is the power sent by the kingdom of heaven!

Forty nine Taixu peaks, and even the powerful ones!

The kingdom of God wants to use these 49 people to unite the anti heaven blockade array and completely kill the demon emperor who is about to be reborn!

Xuanyuan moxie will never allow any threat to appear!

In the red light column is overflowing the heavenly way thunder arc, formed a big net!

Trying to cover everything!

The thunder arc net is shrouded in the whirlpool of magic air in an instant!

On a mountain in the depths of the demons, twilight smoke, the daughter of the demon emperor, was extremely nervous at this picture!

Of course, my father had expected that the kingdom of God and the king would join hands!

But can a father really fight against everything in front of him?

The face of the evening smoke grew paler.

She's worried!She's scared!

She didn't want her father's only chance of resurrection to come to nothing.

Her hands are all in the palm, bleeding!

And above the palace of the devil.

Jun demon dust is staring at the whirlpool of evil Qi and blood color array above, with a sneer floating around the corner of his mouth!

"Evil emperor, evil emperor, this time, you will still lose, do you believe it?"

"The demon family can only be controlled by my Lord, since you are dead, why should you revive?"

Just then, an old man in black appeared!

"Lord, the door of the demon clan has been opened. How can we arrange it?"

Jun demon dust shakes his head: "no need."

The black robed old man was just about to leave, and Jun magic dust stopped him: "dark old, wait, I always feel that ye Chen will appear."

"You guard at the entrance of the demon clan. If ye Chen appears, kill him directly!"

"Take his head and throw it into the whirlpool of evil spirit, ha ha ha ha!"

Dark old Mou son kills the meaning to condense: "yes, the devil!"

.....

At the moment, outside the demons.

A flying boat is coming!

Under the boat, a young man burst out in an instant!

It's Ye Chen!

Ye Chen looked at the whirlpool over the sky and the array that looked like a cage, and frowned slightly:
"sure enough, the kingdom of God has started."

"It seems that the resurrection of the devil is extremely difficult."

"No matter what, I'll make it work!"

The next second, ye Chen will rush into the door of the demon clan!

However, in an instant, a sudden change has emerged!

A black robed old man stands in front of Ye Chen!

When ye Chen appeared at that moment, dark old cheek, a look of ferocity.

"Ye Chen, you even sent me to the door voluntarily!"

"The Lord is sure to know what happened."

Dark old mouth, showing a trace of sneer.

Since ye Chen wants to take the initiative to die, let him be!

"The devil? It turns out to be the dog of Jun demon dust

In the face of dark old sneer, ye Chen turns a blind eye.

If not enough assurance, ye Chen will not rush to dark old hand.

Ye Chen has made a breakthrough. If he breaks out with all his strength, he should be able to fight against the old man!

The old man is only five layers of heaven!

But from the breath point of view, extremely strong five layer sky! It can even shake the existence of six layers of heaven!

Ye Chen dare not despise!

Dark old heard Ye Chen arrogant tone, angry smile two, the breath of the body, constantly toward the position of Ye Chen, pressure past!

Ye Chen's strength, he is clear!

If you want to kill him, you are basically daydreaming!

The shadow of the dark old ghost directly rushes towards the direction of Ye Chen.

When he rushed to Ye Chen's side, the sword in his hand was immediately lifted up.

Surrounded by endless evil Qi!

Chapter 2437

A sword light, tearing the space, fell directly in the direction of Ye Chen.

At the moment of falling down, ye Chen's figure dodges slightly.

After dodging a sword, he took out the magic spear and murmured in his mouth:

"annihilate a thousand troops!"

One shot, just like the dragon in the constant roar and roar.

Dark old mouth a wisp of disdain smile, take out the sharp sword in the hand, block directly.

In the moment of block, dark old kick out!

When a foot is about to fall on Ye Chen's chest, his whole figure retreats slightly.

From the moment of retreat, the evil Qi burst out from ye Chen's body.

When the evil Qi comes out, the temperature around starts to drop.

There are snowflakes floating in the void, as if in a world of ice and snow.

"Eternal thunder sword!"

An extreme sword light, gushing thunder and lightning, in an instant, towards the direction of looking for dark old.

Dark old, same sword waving out!

When the sword light falls, the two collide with each other!

Boom!

With a blast, the aftershocks of terror spread everywhere.

As it spreads, it vibrates the void.

The Qi and blood in Ye Chen's body is surging, and it is forced to hold back!

He took a deep look at dark old! He is very clear, this person must be sent out by Jun demon dust!

Just stop yourself!

All possible ways to prevent the resurrection of the demon emperor!

The strength of the other side is very strong! If you don't break through, you will die!

Fortunately, I have broken through and can barely resist!

The rolling evil spirit of the demon clan pours into Ye Chen's body!

Ye Chen's eyes become scarlet and bloodthirsty!

He must rely on the environment of the demons, into the devil!

A few seconds later, the evil Qi and killing Qi burst out, behind a pair of black wings.

Wings formed by evil Qi!

Ye Chen in this moment, directly burning a drop of blood essence.

Want a quick decision, solve the dark old!

Behind Ye Chen, there are virtual images of divine animals, such as green dragon, white tiger, Phoenix and Xuanwu!

The four beasts roared and rushed to the dark old figure.

The dark old man took up the sword in his hand, did not retreat, but went forward, and rushed madly.

In the dark old rush past, arms open, blue veins burst up!

If you want to tear it by hand, the shadow of the four beasts!

Stab!

With a clear sound, the shadow of a divine beast is directly broken.

In the moment of breaking, ye Chen's figure has disappeared in place.

After disappearing from the spot, ye Chen's ghost figure has come to the top of the dark old man's head.

His eyes a congealed, Zhutian God magic gun, from top to bottom, directly down.

When he fell down, the dark old man obviously noticed something. He took out his sword and wrapped his evil spirit to protect his head.

Whoosh! Whoosh! Whoosh!

The shadow of the remaining three divine beasts directly rushed to kill the dark old body.

The fury of energy in this moment completely erupted!

"Pooh

Dark old a mouthful of blood spurted out, the whole figure back two steps!

Ye Chen no longer hesitates. He takes out all kinds of weapons and even soul weapons in his hand and throws them out in a flash.

When he threw it out, his whole figure kept retreating.

Horcrux attacks dark old!

The magic weapon is to open a thousand weapons explosion!

If ye Chen does not retreat to a safe distance, he will be injured by accident.

When a thousand soldiers burst down, there was a buzzing sound.

It was at this time that the central place exploded directly.

Boom!

When the explosion, there is a hole in the void, constantly pouring out of the void turbulence.

Dark old body is strong, although did not suffer any injury, but the whole person looks ashen.

To the extreme!

Dark old expression strange!

"This is the Horcrux! You still master Horcruxes

"And there should be more babies in you!"

"It seems that if I kill you, I can get everything you have! The Lord has given me a good job

"Ye Chen, I will kill you today!"

Dark old-fashioned anger, I wish to slap dead Ye Chen!

Ye Chen smiles but does not speak, when he rushes over, the figure moves quickly, like a flash of lightning.

When ye Chen's figure moves rapidly, dark old does not give up.

Even the dark old finger pinches the Jue, the essence blood burns, the breath on the whole person body unceasingly erupts.

When the outbreak of the moment, an extreme sword light, suddenly has rushed over. Boom!

Ye Chen briefly activated the red dust God pulse, blocking most of the damage, but still appeared a ferocious wound behind him.

Blood constantly flows out from the body, the corner of the mouth of Ye Chen reveals a wry smile.

Dark old strength, the speed of promotion, is too fast!

See ye Chen hurt, dark old disdain sneer.

Just now it was just because of his carelessness that he made some confusion.

He did underestimate Ye Chen's strength, but that's all.

Dark old man, as one of the strong and trusted subordinates of Jun, has enough assurance to kill Ye Chen!

Ye Chen injured a moment, directly stop!

What did he feel! The evil spirit of the land of ten thousand demons fell on his whole body!

And then, the smell of the law of death, crazy flow.

Under the dark old feet, there is a whirlpool of death!

This whirlpool of death is exactly what ye Chen got in the land of demons!

The whirlpool spreads the violent suction, wants to suck the dark old whole person's body in.

Dark old man stands in the same place, a pair of high man's demeanor, even if there is death vortex under his feet?

Still can't help him!

Ye Chen saw this scene, frowned, but did not say a word!

The magic power of atomization is displayed in an instant!

The fog and the magic air suddenly mix!

One black and one white has formed a Taiji eight diagrams diagram!

The two blessings together are not as simple as one plus one equals two!

Whoosh!

In the eight diagrams, a golden light burst out in an instant. In an instant, it did not enter the dark old body.

When entering the moment, dark old feel their life, in the constant disappearance.

His whole brow was locked, and he felt a little pressure, leaving the whirlpool of death.

In the dark old body, it was already entangled by the law of death, and then attacked by the golden light.

His life span, the speed of decline is faster and faster, as if it can not stop at all.

When dark old leaves the whirlpool of death, he rushes to Ye Chen crazily!

The sword in his hand, straight up.

Cut it out with one sword!

The sword light flows quickly and rushes towards Ye Chen.

Ye Chen carries out the Zhutian GOD Devil gun, a gun directly stabs out!

Space is constantly shaking, in the moment when they collide with each other!

Ye Chen mouth a mouthful of blood spurt out, the whole person's figure crazy retreat.

He really underestimated the power of the dark old, and then he was injured.

It's impossible to leave now!

Dark old will never miss such a good opportunity!

As long as you can kill Ye Chen, there will be no hesitation, even if you pay some price, he will not hesitate!

Chapter 2438

"Ye Chen, this is the gap between us. It's ridiculous that you want to stop the plan of the devil!"

"But I'm really shocked that you can shake me at the gate."

"It's worthy of being the supreme genius of the Lingwu continent to ascend the mysterious list!"

"But today, it's time to end it!"

Dark old spread rampant laughter, did not put Ye Chen in the eye at all.

Ye Chen did not say a word, no matter how many words, but just nonsense.

Today either you die or I die!

Ye Chen's ghostly figure directly rushes past.

At the moment when he rushed past, there was a sword gathering evil Qi in his hand!

That's the blood devil sword!

Only in a state of enchantment can we exert ourselves!

The blood demon sword suddenly rises, and the evil spirit continuously surges out.

The immortal sword will burst out in an instant!

The golden light and magic Qi twinkle, and they interweave together. A sword falls directly in the direction of dark old.

When he fell down, the dark old man was a little ethereal, as if contaminated with immortal spirit.

The sharp sword in his hand continuously condenses the sword meaning.

The sword is soaring, and there is a breath of dust.

"A sword can kill an immortal!"

Dark old mouth murmured, a sword fell in an instant.

Boom!

A sword comes out, the moment the two touch, the surrounding boulders instantly smash!

The blood and magic of the blood magic sword is like a Warcraft rushing out!

With a sword going down, the sword sense of terror permeates the void.

Dark old's sword is broken!

Dark old Mou son panic: "how possible! My sword can crush to death

"How can this boy be destroyed?"

He stares at the blood devil sword in Ye Chen's hand!

Instant fanaticism!

He can feel the power of this sword!

If he gets it, he can change everything!

The next second, dark old disappeared!

I don't know where to hide.

Ye Chen's one eye eye eye, vigilant looking around, always ready to hand.

Boom!

At this time, there is an extreme sword light behind Ye Chen.

When the sword light strikes, ye Chen turns around and stretches out a finger. The evil spirit of a hundred Li is constantly pouring into his fingertips.

Even the power in the blood magic sword is pouring out!

The evil Qi surges, the momentum is huge, vaguely, the void is constantly shaking.

"A finger of the devil!"

Ye Chen's voice fell, a black light, suddenly fell down.

Boom!

A touch, the terrible aftershock, let Ye Chen and dark old two people, constantly retreat.

"Roar!"

Ye Chen sends out an angry roar, and a magic Qi deficiency shadow condenses behind!

Suddenly, it became a thousand feet.

Three heads are ferocious, and six arms are waving behind their backs.

Jiuyou Shura!

Master of killing and felling is born to fight!

The key moment, but also mixed into the power of blood magic sword!

Strong to the extreme!

When Jiuyou Shura appeared, the dark old man frowned.

The killing intention of Jiuyou Shura has condensed into substance, which makes dark old people dare not get too close.

The three eyes of Jiuyou Shura have become blood color!

Behind him, six arms were stretched out and fell straight down.

Boom!

Six hands, five fingers clenched into a fist, almost in an instant has fallen.

Although dark old's strength is strong, it is difficult to defeat four hands with two fists.

The endless air wave penetrated the dark old body!

Jiuyou Shura's intention of killing and cutting is full. He raises his foot and suddenly steps on it.

Bang!

One foot down, there is a huge pit in the ground.

Dark old figure quickly dodge!

Although dark old figure is not big, but because of the body flexibility, can quickly avoid.

The corner of the mouth of Ye Chen rises slightly, let Jiu you Shura stretch out six fingers directly!

Originally, it was just the evil Qi of ten li, which was absorbed completely.

This time, the evil Qi of a hundred Li circle is pouring into Ye Chen's body crazily.

From the body condensed in the fingertips, six demons a finger, he would like to see how dark old can avoid the past.

When the six demons of one finger cohesion, dark old no longer light, eyes only fear.

He can't avoid these six demons!

This makes dark old, have a kind of impulse to spit blood.

When the demon's finger was condensed, it fell down in an instant. Whoosh! Whoosh! Whoosh!
Whoosh!

Pooh!

A finger directly through his shoulder, a torrent of blood, the whole air, filled with the smell of blood.

Inside the corner of the dark old mouth, a trace of blood overflowed.

There was a pale look on the face of the whole man.

He's seriously injured!

Blood magic sword combined with the surrounding evil Qi, these six fingers, who can bear!

Dark old looked at the direction of the devil's palace, no longer nonsense, the whole body essence blood burning!

The cultivation is burning!

He's going to fight to death!

Ye Chen falls on the ground and sees the ultimate energy surging on the dark old body!

He snorted coldly and looked at the whirlpool of evil spirit! That's the resurrection of the demon emperor!

"Devil, everything starts from the eye of the devil, and ends with the eye of the devil!"

"Devil's eye, open it!"

In the void, suddenly turned into night.

The wind was roaring and the dust was flying on the ground like the end of the world.

The evil spirit was surging wildly, and there were cracks on the ground.

Dark old man's face slightly changed, feeling a breath, has directly locked him.

The devil's eyes slowly opened their eyes, and the breath of terror suddenly swept away.

Dark old brow locks, take out the sword in the hand, whole person's figure suddenly rushes past.

Since there is no way to escape, we can only find a way to resist.

Devil's eye, at this time, slowly open eyes, black breath, crazy surge.

In an instant, the evil spirit fell from top to bottom!

Boom!

At the moment when the evil spirit fell, dark old made a sad cry.

The power of the devil's eye, he has some can not resist!

When dark old sends out scream, ye Chen is not idle, waving the blood demon sword in the hand.

On the top of the blood demon sword, there are four kinds of terror rules, and ye Chen's sword suddenly cuts down!

An extreme sword light has already rushed to kill in an instant.

The sword light was buzzing in the void, and the whole space seemed to have been cut in two.

Zheng! Zheng! Zheng!

The sword light is like lightning speed, falling towards the dark old direction!

Boom!

A sword broke out with a heavy noise!

When the devil's eyes slowly dissipated, ye Chen finally saw the dark old appearance.

At the moment, his whole body was dripping with blood, and his breath was weak to the extreme.

Dark old sword, has become two parts, completely broken!

Ye Chen comes to the dark old step by step, and the blood demon sword in his hand falls down directly!

Dark old slowly opened his eyes, looking at Ye Chen, he suddenly said with a smile, "if you want to kill me, come on!"

At this time, the dark old eyes are full of death!

He is no longer capable of World War I and can only be slaughtered by others.

Chapter 2439

Ye Chen did not open his mouth to speak, the blood demon sword in his hand moved slightly, and directly penetrated the dark old body.

The dark old is transformed into nothingness.

Ye Chen's face is pale, the energy in his body has been almost consumed.

If it was not for the fact that he had no power to fight the first World War, he would have died.

Ye Chen sits cross legged on the ground to restore energy in his body.

Suddenly, he opened his eyes and looked at the whirlpool of evil spirit in the sky!

In the whirlpool, a drop of blood essence emerges!

That's the blood essence of the devil emperor!

A drop of blood into the moment, suddenly, the sky heard a blast.

Originally cloudless sky, actually gradually turned blood red, as if in this moment, the sky angry!

The wind howled and the ground began to shake.

Click!

When the time comes, the sky is full of thunder.

In the dark clouds, the thunder is constantly flashing, will come down at any time.

Ye Chen's brow locks tightly, clenches the blood demon sword and the Zhutian God magic gun in the hand.

At the critical moment, we must not let thunder rob disturb the resurrection of the demon emperor!

The whole demon sky has become black paint, it seems that it has lost any light.

The martial arts practitioners who had been practicing were awakened one by one. They looked up at the void and were shocked!

In the end is what kind of existence, even has let the sky angry!

Is there a strong man who surpasses the peak of Taixu state to cross the river?

All of them had no idea, just because the demon emperor was resurrected!

Ye Chen knows this is the most important time!

He flies to the void, and flies to the deep whirlpool of evil spirit!

The 49 beams of light outside the whirlpool are too dangerous!

At the moment, the demon emperor is still resurrected, extremely fragile.

Someone must be in the way!

Whoosh! Whoosh! Whoosh!

The strong wind blows Ye Chen's clothes and robes, and there is a sound in the void.

Click!

A thunderbolt suddenly fell down and directly prevented Ye Chen from advancing!

The dense thunder, just like destroying the world, falls down crazily and attacks the array continuously!

In front of the thunder, already can't see the edge, seems to have no end at all!

In the whole demon clan, I don't know how many city buildings have been destroyed.

For the warrior of the demon clan, it is no less than a disaster.

Ye Chen looks at the black whirlpool. I'm afraid the whirlpool won't last long and will be broken directly.

The protective cover of the evil gas is constantly cracking and getting bigger and bigger!

Click!

The whole whirlpool, at this time, directly breaks!

At the moment of breaking, the whole figure of Ye Chen suddenly rushed to resist the thunder.

He has to go!

Boom! Boom! Boom!

Ye Chen looks at the thunder plunder that falls ceaselessly, a sword light, wave out ceaselessly.

When the sword light falls, the thunder is constantly broken!

In the ten minutes of thunder, finally slowly disappeared, but ye Chen's cheek, there is no happy appearance, but a face of worry.

The thunder just now is not even an appetizer!

So far, the real danger is just beginning!

The dark clouds did not disperse, but became more and more intense, as if they were about to press on the ground.

All of a sudden, there are tens of thousands of thunder dragons in the sky, and these thunder dragons are constantly overlapping together.

Ten thousand Thunder Dragon's figure, unceasingly condenses, gradually forms a thunder giant!

Thunder giant's eyes, emitting a terrible cold light, in his back, there is a dragon tail.

Ye Chen clenched the blood demon sword in his hand and rushed directly to it!

Now there's no need for too many openings.

When ye Chen's ghost figure rushes past, thunder giant's eyes flash a trace of humanized contempt.

In his eyes, ye Chen is a mole ant, and now he is out of his power.

The thunder giant clenched his fist and made a creaking sound. One fist directly killed him.

In the fist to rush out of the time, flashing Thunder Dragon shadow!

These Thunder Dragon virtual shadow unceasingly roars, rushes toward Ye Chen's direction.

When ye Chen saw this scene, the blood magic sword in his hand suddenly lifted up.

Endless power from his body, constantly burst out, the air, filled with the breath of the law of time.

Ye Chen's mouth murmured: "nine gods sword!"

The blood demon sword burst out a bright light, an extreme sword light, crazy toward the Thunder Dragon virtual shadow to kill in the past.

As soon as the two collided with each other, there was a terrible explosion. The lightning broke!

This is an opportunity!

In a flash, ye Chen went through the thunder net, and the wind and thunder flashed to the extreme! Go straight to the whirlpool and forty-nine columns of blood!

It's too late!

He needs the fastest speed!

Because the devil's crisis has come!

.....

Whirlpool center of magic air!

Whoa!!

At the moment, countless winds roared out, and the smell of blood filled the sky. Gradually, even the wind was dyed blood red, and the wind howled on the land of the demon clan. In this ancient and black land, all kinds of evil spirits were surging and the blood light was flashing. One revered Warcraft roared and ran around, and his eyes were full of blood. It seemed that he was completely possessed by the devil.

The dragon shaped Warcraft flies in the sky, and the horse shaped horse hooves, like a great hammer, constantly bombard the ground and make a sound. The void is constantly collapsing. The roaring sound breaks through the sky, and the black fog overflows from the sky. Millions of demon people are shocked and scared, and they have to avoid the madness of Warcraft everywhere.

In this case, for too long, the evil spirit and blood gas that pervaded the demon family land suddenly rose into the air.

The air whirlpool in the northern sky is like a magic eye in the sky and a black hole. The outside is dark, and there is a magic flame in the interior. It releases the suction to the four sides and absorbs the evil Qi on the demon land.

Whoa!!

On the demon land, the evil air all over the sky turns into tornadoes and is absorbed by the black vortex in the sky.

Gradually, the evil gas that had covered the whole demon land was absorbed by the vortex, and the vortex in the sky gradually appeared, which was no longer a round black hole, but condensed into a human shape.

This human figure looks unreal, just like a projection. He is wearing a gold gilded robe of nine demons and cloud walking shoes of magic sword. Behind his back is a bloody robe with five lines of patterns and a crown of magic gold and black jade on his head, which is full of Royal spirit.

Soon.

The evil Qi in the land of ten thousand demons is completely absorbed by this man.

The unreal human form is also gradually solidified, this person appears to be flesh and blood, blood pupil, with the sword eyebrow star eye, appears particularly domineering!

Even if it is middle-aged appearance, it also gives people a feeling of magic to the extreme.

His black hair was chilly and fluttering with the wind. His actions and actions were just like the arrival of ancient emperors and demons. Not like the demon of the land of Lingwu, he was full of noble breath.

"The devil!"

"Sure enough It's the devil

Chapter 2440

"It's really the devil emperor!"

A Taixu strong man hiding in the dark exclaimed repeatedly, gazing at the human figure in front of him. His mind was shaken, and he quickly took out a jade plate to convey the situation in front of him back to the heavenly way palace!

A burst of blue light flashed by, and the news shuttled through the space to the heavenly palace of the kingdom of God.

The figure in the sky seems to have found the situation at the moment. He looks a little cold. He raises his hand slightly and looks at his body. He whispers: "it's not good. I haven't really revived! These Shenguo bastards, and the king devil's dust! They should be scattered between heaven and earth

His majestic eyes swept over the land of demons. His eyes were like swords. He seemed to have opened mountains and rivers, stars, sun and moon. He saw the Dragon veins in the deep underground of the mainland. He said in a low voice:

"Ben Di, I need these things. This is what I have brought. Today, give me a little strength!"

The shadow of the evil emperor is only a condensation of form, even if it has flesh and blood, it has not really recovered.

However, at the next moment, the devil emperor's hands evolved countless demon secret methods, absorbing the power of the sun, moon and stars to help himself. The dark black clouds behind him covered the dim starry sky. Taking this as the medium, he clapped his palm on the demon family's ground, and countless lands cracked. A stream of evil Qi overflowed from the ground, and all the spiritual veins turned into pure evil Qi and poured into the devil emperor.

Right now.

On the whole demon land, magic light and magic Qi constantly emerge and are absorbed by the black whirlpool of magic emperor.

"No, the devil is still recovering!"

"He must be stopped!"

The elder of Taixu state looked at the 49 beams of blood light, and found that the 49 people closed their eyes and were waiting for something!

He is in a dilemma. He can't stop the evil emperor with his own strength, but the order of the heavenly way palace has not arrived yet.

"Forget it, forget it!"

"You can delay a little bit, a little bit!"

A long sword appeared in the hand of the elder of Taixu state, which was immediately shot against the sky. The body of the sword broke out in ten directions of lightning. The brilliant light of the sword was like tens of thousands of thunder. It burst out in front of the devil emperor. It was as hot and shining as a star, which instantly lit up the dark demon land.

He is the strong one of the seven layers of heaven in Taixu!

This kind of existence breaks out in person and makes every effort to offer a sword. Even if it can't really stop the evil emperor, it should be OK to delay for a while?

The light went out and the smoke was gone.

The devil emperor's clothes were intact, his hands were still evolving, and he absorbed the magic Qi with the whirl of the magic air. The previous burst could not shake him for a moment. He had the elegant demeanor of never sticking to his body. When he saw the elder of Tiandao palace, he stabilized the black whirlpool with his right hand, and with a stroke of his left hand, a magic sword of ten thousand feet appeared, which directly exploded the elder of the seven layers of heaven in Taixu state.

Boom!!

With the burst of the body, countless debris fly.

It's like fireworks celebrating the resurrection of the devil.

The devil emperor is still absorbing the power of the demon land, and wants to achieve real rebirth.

.....

In the heavenly way palace of the kingdom of God, Xuanyuan moxie, the leader of the palace, looked shocked at the picture.

"It's really the devil emperor!"

"And it seems only a few steps away!"

"There is no way to resurrect

No longer hesitating, he ordered directly: "the array is open! We must prevent the reincarnation of the devil

"Yes."

"I'll understand!"

"The devil will not be reborn."

Bang bang!!

Demons in the air, light column around as if torn apart.

Forty nine elders of tiandaogong open their eyes and gather their killing intention!

Each occupied the eight trigrams, and trapped the evil emperor behind the black vortex in the sky.

An elder in the array gazed at the situation in front of him and said, "the devil emperor is still absorbing strength. All of you, join hands to break the black vortex of his absorbing power, so that the demon emperor can not be reborn!"

"Yes, the reincarnation of the evil emperor needs a huge amount of evil spirit and killing spirit!"

"Now the evil spirit and murderous spirit on the surface of the demon clan have been absorbed by him. Now he is absorbing the underground power. Otherwise, it will be very difficult for him to absorb it."

Another elder is also very agree!

Today's devil emperor, looking at the breath and cultivation, has recovered to the peak of the nine layers of heaven in Taixu.

It has not been restored to the state of chopping adversity, but it is no worse than the strong one who has cut the bad situation. The key is that the demons are the territory of the devil emperor, not their own home. On the contrary, it is more difficult to deal with the devil in the devil's nest!

"The imperial master has the order, ancient evil killing array, up!"

With one elder beheader's violent drinking, more than 40 elders of the Supreme Master burst out their own breath. In a flash, the earth of the demon clan shook again and again, the mountains and lakes exploded, and countless demonic creatures exploded in their breath.

"Ancient evil killing array!"

"Up" "I'm doing it!"

He took out a flag in his hand. Then he flashed white light on his body. Chains of order surged out of his body. The fire of Nirvana appeared under his feet, as if with endless power.

The flag gradually shifted to the chain.

He suddenly raised the array flag, the flag tip burst out thousands of brilliance, each brilliance has a very strong lethality, at the same time with incomparable noble righteousness, attracted the resonance of heaven and earth, all kinds of auspicious light and auspicious colors tore part of the black clouds, gathered in the middle of the array flag!

"I'm for Kun!"

"I am shocked

"I'm for Xun!"

Then, three shouts came out.

Several elders each occupy three hanging positions in the eight trigrams. They also hold up the array flag in their hands, and numerous order God chains and Haoran righteousness rush out.

Boom!!

The four pole array flags reflect each other from afar. Countless rays of sunlight linger between the heaven and the earth, bursting out into pieces of luster, like fireworks in bloom, beautiful and dazzling. At the same time, the pervading noble righteousness is like a supreme emperor about to be born.

Four array flags gather in accordance with the wind and thunder of heaven and earth.

At the top of each flag tip, countless auspicious lights are gathered together with the chain of God of order. They are linked together to form a white light net which is completely filled with noble and healthy qi. As far as the sky is ten thousand meters high, under the shadow of the evil emperor.

"I'm for Kan!"

"I want to leave!"

"I'm for Gen!"

"I'll pay for it!"

Four other elders!

The existence of the four cutting adversity is also to sacrifice the array flag. The chain of order God and Haoran Zhengqi rush out to form a white light net. When combined with the previous one, they form a circular Haoran Zhengqi light net with a diameter of 10000 meters.

Eight elders of the kingdom of God!

They occupy the position of the eight trigrams, mobilize the eight strands of heaven and earth, and form the seal of Haoran Zhengqi.

"The eight trigrams of heaven and earth have been formed!"

"The other 41 elders listened to the order and formed the eight Yao star sky array, which combined with our big array to form the ancient demon killing array!"

The elder beheader drank heavily!

however, the other elders were divided into nine groups, including eight groups, each group had five elders, and the remaining one elder who had cut the bad situation occupied the center of the array eye directly, mobilized the eight Yao star sky array, and put the heaven and earth eight trigrams killing demons array inside!
