Chapter 2441

The ancient demon killing array, which comes out of the two big arrays, is revealed!

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

White light and Haoran righteousness spread all over the world.

The eight flared star circle covered by the white light net flies directly across the sky. It wants to be covered in the black whirlpool and vanishes the evil Qi with its incomparable noble righteousness, so as to prevent the reincarnation of the evil emperor!

The devil!

Countless years ago, everyone was frightened by the name.

Today, the demon emperor is reborn, and his combat power is far less than that in the past. However, even the 49 elders of Tiandao palace can only form an ancient demon killing array, and dare not attack and kill the demon emperor in front of him to prevent his rebirth.

The power of the devil is so terrible!

Seeing this scene, the demon emperor's face was cold and cold, and he said:

"when are the elders of Tiandao palace so timid? If you want to change to the past, you should rush up one by one and explode yourself to stop the resurrection of the emperor with its power. "

"Instead of, today's rubbish!"

After his words fell, he still killed the elder like this. His right hand manipulated the black whirlpool to absorb the magic Qi to strengthen himself. The left hand was a knife, and the knife was definitely chopped out. The black fog was towering like a Heavenly Sword. He chopped into the soul of many supreme elders. The pain was intense and the ice was piercing!

Poof!!

Poof!

Immediately, dozens of Taixu elders spewed blood.

The eight Yao star sky array almost exploded, and the divine power of the ancient demon killing array could not be played out.

"But that's all!"

"In that case, you'd better get down!"

The evil emperor drank, and his left finger turned into a magic gun. One shot pierced through the void. The bland gun gang did not cause space shock, reaching the level of returning to nature. When it really fell into the array, even if there were dozens of Taishang elders spraying blood and falling down.

Bang bang bang!!

Bang bang bang!

In a moment!

the devil emperor made two moves to directly break the eight wasteland Xingyao array, and lost the peripheral array. The ancient demon killing array was broken.

Then, before the elders of Tiandao palace reacted, the devil emperor's left hand suddenly clapped it, like a demon, and his palm changed into a size of ten thousand feet. He suddenly slapped it on the heaven and earth eight trigrams array, as if on an incomparable rigid Saint soldier, and heard the loud and sonorous voice of Taoism.

The devil emperor's face changed slightly, but his left hand quickly turned into a black whirlpool. With a very fast speed, he absorbed the power of the whole array, and transformed the noble and righteous Qi into the supreme evil Qi that he needed.

Bang!

Several clear and broken sounds were heard.

The heaven and earth eight trigrams array was broken, and the eight supreme elders fell to the ground and spewed blood.

On the contrary, the devil emperor stopped the black whirl of his right hand and returned with his left hand. His breath exploded again. His power was vast and his body became absolutely real flesh and blood. His body seemed to have become a million feet in size, just like a God in the sky, standing on the demon land.

Boom! Boom!!

Boom! Boom!!

The world resonates with each other, and the space is broken. Although countless black spaces are shattered by the devil's body.

The body of a demon above the heaven and earth is revealed. The heaven and the earth wail, and countless blood and rain fall. With the strong wind and thunder, the city walls on the ground collapse. The original impregnable wall is rapidly broken down like tofu.

The mountains and rivers are broken, the stars are dim, and countless demons are in all directions.

Along with the sound of crying and howling, like the end of the day, the evil sound that penetrated into the depths of the soul spread, making many people burst one after another!

"Jie Jie!"

"Jie Jie!"

The sound of ghosts crying and Howling all over the demon land.

Soon, not only the demon land, even the land of Lingwu, began to shake violently. The sacred mountains of sects collapsed, the rivers flowed backward, the sun, the moon and the stars flowed around. The sky was dim and the sky was covered with thunder and lightning. Countless holes appeared on the ground.

Now!

The magic power of the evil emperor is vast and vast, with nine days and ten places shaking!

Countless mountains and rivers destroyed one of the torches, countless people can feel the breath that makes people feel as if they are in hell. Even the temperature of the space has dropped by dozens of degrees, and then countless people kneel down on the ground.

Lingwu mainland, five territory, one family, one by one, such as Baili family, Linghu family, and so on, countless powerful people walked out of the room, their eyes were dull, their cheeks were full of fear, they could not help but kneel down one after another!

In an instant.

Under the seal of Lingwu mainland, those who were martial arts all knelt on the ground.

In the case of bad luck, a strong man is either split into powder by the lightning falling from the sky, or is blown up by the terrible evil Qi. Every strong person, the God King of the harmony realm, the immortal of the heaven and the martial arts of Xingqiao all kneel down without exception. Who dares not kneel down! More than human beings!

Not only the mountains and rivers are falling apart, but the water of countless rivers is pouring back into the city.

Even the ferocious beasts in the forest and valley feel the breath that can put the living beings in a cold hell, and kneel down one after another. Whether it is the arrogant King beast or the ordinary fierce beast, they all kneel down or rush to the ground, shivering.

Now!

Under the magic power, all beings are equal - kneel down!

Without exception, the exception dies!

Lingwu land, demon land caused by bursts of annihilation, is not bad.

In Jiuyou hell, countless cages holding demons and demons are broken. In the past, one statue can cause great disaster. After escaping from the cage, if you want to rush out, you can come here.

These despicable, killing thousands of people, slaughtering countless demons, demons!

Kneel down one by one. If you don't, you will die!

Even the emperors and ministers in the nine hell also took off their own positions, took off their official hats, and knelt down respectfully. After a magic light swept by, thousands of ghosts and Demons burst out, and millions of ghosts broke into powder!

The devil returns to life!

Heaven and earth shake, blood rain and lightning accompanied.

The Lingwu continent was almost destroyed, but the demons were the most seriously damaged. Every city was severely impacted. Many powerful demons rushed to a incomplete temple and knelt in front of a statue with a bloody robe and a blood sword in hand.

These people chant: "please God, protect me and other demonic people!"

"Please God, protect my people, please, put away the power of heaven!"

"Please God..."

.....

Bursts of pleading voice, from the city, spread in the so big demon.

However, in every city and every hall, there is a god worshipped in every city and every palace. The bloody statues are full of blood. They are solemnly dressed, holding blood swords and stepping into the sky. It is very mysterious!

But at the same time!

These idols seem to be under the power of the belief of the people, and they are also releasing a force in an attempt to stabilize the disintegrating demons!

Chapter 2442

The body of the devil in the sky, no one dares to gaze at this moment, is the real body of the devil emperor.

The evil emperor felt a little bit, disgusted, and whispered, "Jun, demon dust, just animals, I didn't expect to get such a sacrifice!"

He drank furiously, slowly raised his right hand. In the palm of his hand, a cold and bloody evil spirit quickly appeared, and then burst out. Countless blood colored magic lights filled the sky. His palm seemed to turn at will, and countless magic lights would rush to the ground!

Boom!!

In the first city, inside the hall of the devil, the statue of the devil burst out.

The powerful members of the demon family worshipped in the hall of the devil were transformed into vermicelli along with the statue.

The blood colored magic light across each city, the statue of the devil in the city will burst, causing the whole demon hall to burst, and countless people who are paying homage follow its burial!

Bang bang bang!!

Bang bang!!

Bang bang!

There are countless explosions on the demon land.

One after another, the statues of gods and gods in the city burst out like fireworks. The popping sound was like moving music, which made the devil emperor intoxicated. When he looked down at the ground, white lights flashed by, and each white light meant the explosion of a demon hall and his statue.

This scene.

It's like countless bombs, exploding in succession.

One after another, continuous, countless roars make the sky fall down the blood rain more intense.

Soon, thousands of cities on the demon land, in turn, sounded white light and the sound of explosion!

.....

In the kingdom of God.

Xuanyuan ink evil in Tiandao palace received the news, his mind was shocked and his face was extremely embarrassed.

He paced in the palace, thinking of solutions all the time.

The devil!

Suppress the powerful man of an era!

Now, is it coming back?

What should I do?

When Kankan was born again, it caused the earth and the world to shake, the nine secluded concussion, and the demon land and Lingwu land were almost destroyed. How should we deal with such existence?

A moment later!

Xuanyuan ink evil forced to calm down, as if thinking about something, whispered: "devil emperor, why do you want to blow up your own demon land? Is it simply because the people of the demon clan worship the king and the devil's dust and not worship him? "

"No

"The devil shouldn't be like this. It's self destruction to do so at one stroke."

He had never seen a reborn man, the first time is to blow up his nest to pieces.

There's something wrong with the devil's behavior.

"Yes

"Demon land and Lingwu land underground!"

"Previously, the power absorbed by the demon emperor was only the power on the top of the earth, and it was not completely absorbed. Now it explodes the ground!" Xuanyuan Mo evil thought quickly and quickly guessed the intention of the devil Emperor: "the devil emperor has not yet recovered his real combat power. He wants to blow up all kinds of spiritual veins, absorb the power in the spiritual veins, and return to the peak state."

Xuanyuan moxie directly ordered: "order to all the elders, there is a problem with the devil emperor. This is not the best condition. Don't let him absorb the power of the underground spiritual pulse. Kill the evil emperor at all costs. Hurry up!"

Now!

Only 49 elders can be sent out at all costs.

On the land of demons.

A black robed elder of Tiandao palace took down the jade pendant of the message, looked up at the body of a million feet demon God, lingering with countless blood mist. Looking at it with horror, he said: "you, you can't let the devil emperor really revive!"

"Now, such a terrible devil is just illusory!"

"I can make a survey and find that he has only regained the power to cut down the disaster area."

"We will surely kill him by burning the road and essence blood!"

At the moment, the demon emperor is just pretending to be powerful, but actually he is extremely weak inside.

Hearing this, the black robed elder burst out a divine light, which pierced through the layers of space and magic fog. However, he saw that the magic emperor was absorbing the spiritual power of the demon family in the depths of the earth. He was in a great hurry and cried, "it's true, we must kill the devil emperor!"

"OK!"

"Since we are the elders of Tiandao palace, we must die for the protection of the palace!"

"now that the devil emperor wants to be reborn, he must be the enemy of Tiandao palace after his resurrection. At this moment, we should go out of our way to burn blood essence and Tao and kill the devil emperor."

An elder beheader spoke.

In an instant, the emotions and atmosphere of the elders have been set off to a certain height. Each of the elders sacrificed their own way, some tens of millions of meters long. Almost at the same time, all the elders clapped their full strength on the chest, and a mouthful of blood essence spurted out. Then, taking this as a guide, they broke out a very strong fighting force!

Hoo Hoo Hoo!!

Whoa!!

In an instant!

Forty nine columns of fire rose from the sky. Every elder was burning with fire all over his body, all of them were burning blood essence, and the road behind them began to burn. The extremely long road burned and compressed the force, which directly increased their combat power several times.

Original!

You are all wounded by the devil emperor when you arrange the ancient demon killing array.

The injury is not light, at the moment burning blood essence and the road in exchange for combat power, but there is a danger of death, even if the injury is minor, it will leave a wound that can never be cured!

Boom!!

Boom!!

Several explosions were heard.

The black robed elder and several others presented a sword at the same time. The three sword lights, like stars tracing back to time and space, lit up the dark and bloody sky. The whole body of the sword was full of luster, and the luster turned into a meteor, hitting the devil's body, causing explosions.

The devil emperor's face changed slightly, but he didn't expect that these people were death attendants. His lips were slightly bleeding. He turned around and noticed these killed people. He was about to shrink the body of a million Zhang devil into the size of a human. Of course, expanding his body can absorb the aura of heaven and earth and enhance his combat effectiveness. However, facing so many enemies, enlarging his body is like giving the enemy a living target.

"The devil!"

"I'll wait for you!"

"Devil, die!"

.....

Dozens of shouts were heard!

more than a dozen figures were fighting with the devil emperor close at hand. The sound of countless golden daggers rang through the sky, and many holy soldiers burst out. Each fragment was like a meteorite, falling into the night sky, causing the ground to shake.

Facing the people, the evil emperor's indifferent eyes suddenly burst out two magic lights, which directly pierced the chest of the two supreme elders. He turned around and saw a bloody magic sword in his hand. The sword light was cold and killing. A sword was thrust out and the sword light burst out, hitting one of the elders.

Bang!!

It's like a star exploding.

The old man was broken and flew for several kilometers. He was seriously injured.

The evil emperor struck an elder who had cut a bad situation with his sword. Before he could react, dozens of Taishang elders behind him started to attack the evil emperor from all sides at the same time. The evil emperor turned around to exchange injuries and beat back dozens of elders. However, he was hit in the chest by a holy hammer, which was not light.

If he recovers to the peak, there is no chance for these people!

It can be destroyed in a moment!

Chapter 2443

But now, he must live!

Otherwise, all the previous achievements will be wasted!

Bang bang bang!!

Boom!!

In a flash!

the two sides fought tens of thousands of moves.

After all, the speed of the demon emperor was slower. In the face of dozens of enemies' attacks, he was not lightly injured. His body was covered with sword wounds and knife wounds. A drop of devil's blood on the mainland was like a star, which made the demon land shake violently.

"Wait

"Since I want to die!"

"The emperor will make you wait!"

The evil emperor drank a lot, and his left hand evolved into the supreme demon secret method. Then his right hand waved a magic sword and stabbed it out. The magic light burst out all over the sky, directly attacking more than 30 elders, and more than 20 of them were severely damaged.

Then, the demon emperor's body was a little shaky, and he quickly came to the demon family's ground, and his body grew stronger. With one hand, he grabbed a number of spiritual veins from 10000 meters underground. Originally, the spirit veins were in the shape of dragons and filled with various kinds of crystal stones. At the moment, the spirit veins were in the hands of the devil emperor, and the internal spiritual power was quickly absorbed.

Hoo Hoo Hoo!!

Whoa!!

It's like drinking water.

One section is tens of thousands of meters of spiritual pulse, a total of 37 sections, all absorbed by the devil emperor, turned into a sky dust burst.

The devil emperor's breath suddenly increased, completely enchanted, standing in the sky, holding the sword, the whole person scattered out the world's magic power, he was like the ancient demon God, the murderous spirit filled the sky, spread to the four seas and eight wasteland!

With the power of one person, we fight more than a dozen elders in the disaster area. When the breath breaks out, a bloody protective shield is produced, which can resist the attack and killing of many Taishang elders!

Boom!!

Boom!

The magic emperor pulls an elder to fight. The weapons collide between the two, flashing all kinds of brilliance!

He killed with a sword. When he stabbed a sword, thousands of sword Qi appeared. He directly defeated the elder who cut the five layers of heaven in front of him with the sword. Although his whole body was overflowing with blood, he showed the true nature of the devil!

Puff, puff, puff!

Poof!

Dozens of blood spurts were heard.

Many elders of Tiandao palace almost lost the power of World War I.

An elder with a strong breath could not afford to be injured. He looked back at his colleague and said, "it was the burning road before. Now, prepare to burn the road and burn the hard work and blood essence thoroughly. If this battle is defeated, all kings will die, and our heavenly way palace is in great danger."

"Good!"

"Burn down the road, gentlemen!"

"Ladies and gentlemen, burn the essence and heart blood!"

All kinds of shouting came out.

An elder in Tiandao palace completely burned his blood and essence, and even the road behind him was burning with all his strength.

Before that, burning was the essence of the body and the road, which would only be seriously injured. Today, burning the heart and blood essence, I'm afraid that few people can survive after the World War I. as for burning the road, it's a matter of compressing the road, and burning down the road is taking the road as the burning material, completely burning. Over a long time, the road will be burned to ashes!

Bang bang bang!!

Bang bang!

The sound of Qi and blood in the heaven broke out.

Each of the 49 elders of Tiandao palace has turned into a fireman. Even though his eyes are full of flames, the road behind him will break a section of the road every time it burns. Based on self destruction, it will break a section of the road, and break out two or three times more than its own body!

An elder rushed to the sky to fight with the devil emperor.

After burning the details, each elder has a much faster speed, and his attack power is also very fast. Especially the strongest elder, his sword clanks in his hand, and shoots out the sword's strength. Each of them is like the river and sea waves, sweeping the sky and rushing out with countless luster.

Sonorous!

The sound of crackling was heard continuously.

The evil emperor waved his sword to resist, and a bloody shield appeared all over his body. His body was in a slight state. Sometimes a sword split an elder, sometimes he kicked a flying spirit elder, and turned around and suppressed everything.

The nine most powerful men sent by Tiandao palace besieged the demon emperor.

The rest of the elders release sword Qi and sword light on the periphery to attack and kill the devil emperor from a long distance. Their state of mind is not high. Even if they burn the inside information, they are still not the opponents of the evil emperor, and even if they are close, they will be killed by one blow.

The main force is nine elders!

The body is like a ghost, twinkling between heaven and earth, constantly attacking the devil emperor.

The magic emperor's body method and speed are also very fast. He constantly sacrifices various supreme secret methods, and sometimes forms a magic dragon. The dragon's body is huge and its scales are like steel. When it sweeps past, it will fly several elders. Sometimes, various ancient Warcraft, such as Taowu, Taotie and so on, rush to kill the four sides!

With the power of one person!

against the forty-nine elders of Tiandao palace, you can kill all of them.

The devil's blood splashed everywhere, which was also the blood splashed by the elders of Tiandao palace. Many elders' limbs were cut off by the devil emperor with one sword, and then recovered quickly, then cut off again, and recovered again.

To the Taixu state and the chopping adversity situation, as long as the strength does not reach the degree of crushing. It will be able to fight for a long time, and the self-healing ability of both sides is extremely strong.

At the moment when the evil emperor was splashing his blood and fighting with many elders in Nirvana, a dark space above the sky appeared with dark space fragments. A man in black walked out of the space tunnel slowly, shielding the breath of his whole body and observing the battlefield situation in the dark clouds.

Boom!!!

An explosion came out.

The devil emperor turned his left hand into a knife and split it with a knife. The light of the sword was incomparably thick. It was like cutting open the air. He wanted to chop the elder in front of him on the spot.

The other elders came one after another, offering their own holy soldiers to resist the magic sword.

Hoo Hoo Hoo!!

Whoosh!

The sound of the broken void comes out.

The evil emperor gave a violent drink, and a bloody shield rose all over his body to block the holy soldiers and meet with several elders in the middle of the chopping disaster area in front of him.

Bang bang bang!!

Bang bang!

With the sound of the explosion.

The holy soldier could not break the bloody shield, and the devil emperor could not kill the people in front of him. The two sides fell into a stalemate.

Just at this time, the black robed man in the dark cloud suddenly shuttles through the space and comes to the back of the devil emperor. His eyes are full of sarcasm. He seems to be very familiar with the environment. The blood sword in his hand slightly blooms with magic light and has a strong power to attack and kill.

Huo!

With a sword.

It seems that the clouds are light, but they are full of the evil spirit of extinction. They want to kill the reincarnated devil emperor again.

He is the king devil dust!

In the ancient battlefield, he fell down like this!

The picture reappears in this moment!

The evil emperor quickly responded, and with his right hand hanging the magic sword, he caught the stabbing Blood Sword, and gazed at the middle-aged man in black robe. His face was excited and angry: "it's you again, you demon dust!"

Jun devil dust!

Demons are worshipped all over the earth!

Before that, his statues were completely destroyed by the devil emperor. Unexpectedly, the king demon dust attacked and killed him personally.

The blood sword was held by the devil emperor's right hand, and Jun's magic dust broke out. He waved the Blood Sword with all his strength, but he saw that the Blood Sword constantly crossed the devil emperor's palm and burst out with sparks.

"Ha ha ha ha!"

"Devil, are you still alive now?"

"Look around you. The forty-nine Taishang elders in Tiandao Palace are burning the details to kill you!"

"If you hold the sword now, your body will recover a little, but it will only recover to the second level of heaven. How long can you last by relying on the energy of the underground spiritual pulse?"

Chapter 2444

Jun demon dust wantonly burst out laughing, seeing his own blood sword was about to pierce the heart of the devil emperor, he was even more happy.

At the same time, he enjoyed the pleasure of assassinating the evil emperor, and he could not help laughing and said, "devil emperor, devil emperor!"

"My king demon dust can kill you once, and also can kill you a second time!"

"Whether you can block my sword or not, the strength in your body will not last long."

"Then the bloody shield will be broken! Your sword can't pierce your heart, and other people's swords will fall on you and split you up again

This kind of words has a certain effect. Before that, the devil emperor was full of evil Qi, but now he is a little magnanimous.

He seems to recall the events of ancient times. He fought many battles in Nirvana. Unexpectedly, he was attacked by the demon dust of his subordinates. He was stabbed into the heart by his sword, which broke the meridians, heart and brain nuclei of his whole body, causing his body to crack and die on the spot.

Isn't it!

Is it going to be the same today?

You demon dust Lord this villain, unexpectedly will kill this emperor a second time?

Looking back around, the devil emperor was dejected. Looking back, he was gradually attacked by the elders of Tiandao palace and others. He could not hold on for long. Even if the blood shield maintained by his left hand could block the attack of more than 40 elders in Tiandao palace, it could not be blocked for long.

Once the blood shield is broken, the magic knife is broken.

Even if he still holds the Blood Sword stabbed by Jun demon dust, he will still be killed by the supreme elder of Tiandao palace.

"The devil!"

"You die!"

Jun demon dust broke out all the magic, magic power soared to the sky, and the bloody shield began to crack.

He stabbed out the blood sword in his hand with all his strength, and almost stabbed into the devil emperor's skin and burst out the magic blood.

"Let's do it!"

"The devil is dying!"

"Shoot the devil with all your strength!"

"Kill the devil emperor, don't hesitate, don't hide your secrets, do your best to kill the devil emperor!"

Many elders of the heavenly way palace and so on drank violently, and were attacking the demon emperor's blood color shield.

the bloody shield makes a crisp sound, and there are more and more cracks on the surface.

The evil emperor hesitated and did not know how to deal with it.

Just at this time, another space crack appears!

"I'm not here yet. It can't be over."

Ye Chen stepped out of it, and the blood magic sword in his hand aroused the resonance of the demon emperor, and went straight away!

The blood magic sword came from the fish, with scarlet luster around it. It swept up the endless wind and directly blew many elders of Tiandao palace.

As soon as the demon emperor grasped the blood magic sword, he offered a sword. In an instant, the blood clouds in all directions surged around, flying the Jun devil dust in front of him, and then chopped dozens of swords horizontally. Every sword Qi had the opportunity to destroy the world. When it fell on each elder and Jun, it was like a purgatory falling on them.

The sound of countless complaints came out.

The cry of tearing heart and lung affects the mind of these strong people all the time!

The evil emperor once again offered a sword and directly killed an elder at the peak of Taixu state, and then fought fiercely with the rest of the elders.

Boom!!

An explosion came out.

Jun demon dust directly exploded the purgatory that enveloped him and continued to kill the demon emperor.

Ye Chen suddenly rushes to, in the hand Zhu God magic gun appears, blocks Jun demon dust one blow, but oneself explodes to retreat several kilometers, spurts blood not only!

He broke into the core and was seriously injured!

Now how to stop the king and devil who cut the bad situation!

Fortunately, at the critical moment, the red dust God pulse and immortal spirit body are all activated!

And that has been unstable Ling Feng Shen pulse, even started!

Continuously absorb the power of your magic dust!

"Boy, take the sword back."

The evil emperor looked at Ye Chen in a complicated way, and was gratified and moved!

Then, he turned around and looked at all this, and directly threw the blood magic sword in his hand to Ye Chen. Again, he used his own magic sword which was condensed with magic Qi, and suddenly made hundreds of moves. However, under the joint counterattack of many elders in Tiandao palace, he failed to kill one person!

"The sword is good!"

"Unfortunately, it's not the emperor's!"

The evil emperor had some feelings. Before that, it was Ye Chen's bleeding magic sword, which helped him out of the encirclement.

Unfortunately, the blood magic sword is not his own. It is attacked by the king's demon dust and ye Chen is simply returned to Ye Chen.

"The devil!"

"Catch it

Ye Chen throws the magic gun to the devil emperor.

The evil emperor can be reborn. He doesn't have a good weapon in his hand. Otherwise, the Tiandao palace will not die completely after fighting for such a long time. An elder will still be killed with the blood demon sword.

The devil emperor took the magic gun of Zhutian God, and then fought with the elder of Tiandao palace, and gradually suppressed many Taishang elders!

His danger has been lifted! If ye Chen doesn't come!

It's very likely that he will fall again!

Whoosh!

Whoa!!

Ye Chen is once again facing Shangjun's demon dust, and the road of killing emerges from behind. The blood magic sword in his hand is full of magic light, and the whole person emits a breath of Qi that is the best in the world. His eyes are full of blood color. The whole person is possessed by the devil. He wields the blood demon sword and uses the supreme sword formula to fight with Jun demon dust.

"Little one!"

"Dare to come and die!"

"I will help you

"I'm seriously injured, but I'm not what you can fight against now."

Jun demon dust still holding the blood sword, fighting with Ye Chen, the whole body evil gas surging, countless loud clang sound.

Ye Chen is no match at all!

Jun demon dust Blood Sword stabbed out, stabbed Ye Chen's chest and flew it out, but he had not been hurt!

As the existence of terror in the middle period of the disaster, ye Chen can't help him even if he is injured!

"You devil dust!"

"Die!"

Seeing ye Chen seriously wounded, the evil emperor turned and stabbed. Thousands of gun Gang emerged. Each gun gang was real, but it was because the gun tip vibrated so fast that tens of thousands of gun gang were produced.

"The blood sword is incomparable!"

"Kill!"

Jun Wuchen also offered his own unique skills. The blood sword in his hand kept blooming all kinds of sword light, and the sword light was like the sea.

Bang bang bang!!

Bang bang!

After a burst sound came out, the bloody sword Qi was broken.

Jun demon dust was pierced in the chest by a gun, fell on the ground, smashed a big hole, the whole body of demon blood overflowed, and was seriously injured.

"Damned devil!"

"Damn boy!"

"I'm going to kill the devil emperor, but the boy is coming!"

"Looking for death!"

Jun demon dust roared up to the sky and roared. With the sound coming out, the space cracks appeared everywhere. Dozens of powerful demons killed out, some of them cut the first and second layers of heaven in adversity, and some were the peak of nine layers of heaven in Taixu state. There were more than 50 people!

These strong men were prepared by the king and the devil in case of emergency!

All along, Jun and demon dust like to prepare with both hands!

"See the Lord!"

"See the Lord!"

"See the Lord!"

More than 50 masters of the demon clan knelt down in the air, looking at the king's demon dust, and his eyes were filled with absolute respect.

Jun demon dust got up, and the blood hole in his chest healed automatically and said, "kill the devil emperor!"

"Yes

"Yes

Many masters killed with moving axes. Their weapons, such as swords, spears, halberds, axes, axes, hooks and forks, were attacked and killed from all sides. Each weapon had the power of the law of destruction and attacked the demon emperor at the same time!

"You people of the demons!"

"Betrayed the emperor!"

The devil emperor was very angry. He hit an elder with one hand, and turned and waved the magic gun of Zhutian God. The gun tip held up a bloody barrier to resist the attack of the demon soldiers!

Bang bang bang!

Boom!!

Many demon soldiers bombarded the blood color barrier, causing thousands of ripples.

Powerful penetration, so that the devil emperor all spurt blood, this side can block the powerful demon, the other side of the heavenly palace elders killed.

For a moment.

More than 100 powerful people from Taixu state and the powerful people who cut the adversity surrounded and killed the evil emperor.

Even if the devil had a weapon in his hand, he was hard to resist and fell into trouble again!

Bang!

Ka!!

the shield of the devil emperor was broken, and his chest was punctured by the king's dust and the elder of tiandaogong. The magic power in his body came to one side. The space where he was before was quickly smashed by the powerful men. Fortunately, the speed was fast enough, otherwise it would have fallen on the spot.

So many masters!

Even if you cut the nine layers of heaven level master in the disaster area, it is difficult to block it.

Just as the devil emperor was about to be severely damaged again, the space was torn again. A middle-aged man with blood robes killed two powerful demons at the top of the nine layers of heaven in Taixu state with a blood knife!

Whoosh!!

Whoosh!!

Soon, more than 30 body shapes burst out of the space cracks, accompanied by the middle-aged people in blood robes attacking the masters of Tiandao palace and demon clan!

In just a moment, the careless Tiandao palace and the demons lost more than ten masters of the eight levels of heaven in the Taixu realm!

The voice of the sky is a voice!

"Magic is the beginning of the opening up of heaven and earth."

"Evil is not the source of evil in the world."

"The devil, with the world in mind, dares to shake the kingdom of God!"

"Demon, dye the sky with blood, and shake the spirit and spirit of heaven and earth!"

"Devil, dare to laugh at the emperor of the three realms. The sword will destroy the temple of heaven!"

The middle-aged man in the blood robe led a group of Taixu peak and the experts who cut the bad situation. They knelt down in the air to the devil emperor and said, "the devil spirit son leads the people to see the devil emperor!"The devil Emperor sees the devil spirit son, the eye son is happy!

This is the only one he trusts!

"Hahaha!"

"OK, OK, someone from my old subordinates has finally arrived!"

"demon, this should be your body, not the body you saw last time."

"Nature is noumenon! Since that matter, my body has been in the kingdom of God, the devil emperor. I found a bad chance in the kingdom of God! This chance is to be born for your resurrection

"I knew one day, you will come back strong!"

"Good!"

"Heaven's way palace, king and devil's dust, none of you will leave alive!"

Evil emperor wantonly laugh, his former years under the demon spirit son led many ministries to support.

Chapter 2445

Ye Chen looks at the devil in the distance and frowns.

He found that the devil at the moment was quite different from the shadow in the ghost valley!

Is it a lie to pass on the demon spirit son in the secret place of Shenglong Dabi?

In other words, all the legends about the devil in the land of Lingwu are just the incarnation of the devil?

The devil knows that the devil will be reborn one day!

Has the Kingdom been practicing?

At the moment, ye Chen finds that the cultivation of the demon spirit son is killing the bad situation!

And there are many demon emperor's subordinates standing behind, all above the mid-term of Taixu!

There are even a lot of difficulties!

These people don't have any injuries. They are all top accomplishments!

Heaven way palace and King devil dust layout, kill evil emperor!

And the demon spirit son has been hiding the kingdom of God, practicing under the eyes of the heavenly palace, and even gathering all loyal people of the devil emperor!

Just for today!

If today's chess of Tiandao palace is a killing chess!

Then the magic spirit son's chess is a layout of ten thousand years of dangerous chess!

But now it seems that the devil is right!

At the same time, you, the devil, and even those powerful people in the kingdom of God were confused!

That endless repressed evil spirit is like a huge beast staring at them!

Led by the evil emperor, the evil spirit son and many subordinates killed the chance to release, and the evil spirit was connected to the sky!

It seems to coincide with the ancient picture!

A seriously injured elder of the kingdom of God cut e looked at the king and said in a cold voice, "Jun, you should know what's going on in front of you!"

"This time, if you don't use all your strength, you and we will die!"

Jun demon dust eyes cold and fear, he looked at the devil, cold voice: "demon Lingzi, I should have thought that you are false death."

"When it was said that you had fallen from the outside world, I searched all over the land of Lingwu and the devil's land with my skills. There was no breath of you."

"But I didn't think you were in the kingdom of God!"

"Devil! Are you sure you want to stand by the devil? It's not that easy for the devil to get back to the top! "

"Now the power of the kingdom of God is far greater than that of ancient times."

"I promise you, the devil is still going to die!"

"Even if we are defeated, can you bear the endless pursuit of the powerful in the kingdom of God!"

"Demon spirit son, if you choose to abandon the devil emperor now, maybe you still have life!"

However, at the moment, the devil laughed, his blood robe dancing, disappeared in an instant!

The next second, unexpectedly appeared in the gentleman demon dust's side!

Take a shot!

Inexhaustible blood gas entangles in the palm of the hand, mercilessly fan in Jun demon dust's face!

If the peak of the monarch demon dust will be able to fight!

But now the king demon dust has been seriously injured! How to fight against the devil!

He was blown 100 meters in an instant!

The palm print on the face is like blood!

"You devil dust, you beast! Betray the devil! You must die today

"Even if I die, I will not betray the devil emperor!"

"Because the only emperor in the world is the devil!"

"You don't deserve it!"

Jun demon dust stabilized his body shape and face was ferocious. He looked at many powerful demons behind him and roared: "coagulate array, kill me! Not one of them

And the elder of the kingdom of God did not dare to take it lightly. He also said in a loud voice: "all the elders of the kingdom of God, coagulate the array and punish the emperor!"

Two arrays converge! It's just like the shadow of two giant gods connecting to the sky!

And the evil spirit son is not nonsense, to the people behind: "everyone listen to orders, protect the devil emperor, start, Ling Tian to protect the emperor array!"

In a flash, a more powerful array of virtual shadow appeared!

Three giant gods, collision at this moment!

Countless blood surging!

In a flash, there are tens of thousands of moves!

Countless blood!

Ye Chen faintly saw the elder of the kingdom of God, under the master and demon dust, and the subordinates of the devil emperor were falling down continuously!

Turned into blood mist and burst in the sky.

The shadow of the three array is getting weaker and weaker.

The devil also pointed at the sky and killed all the people!

It's a battle of chaos!

Only a few people survived in the end!

One side Ye Chen slowly resist the sky and rise, a little pale, but also ready for a war!

He just wanted to rush to the sky!

A vision of heaven and earth!

A huge array disk is revealed!

The power of heaven comes!

This time, the heavenly way palace really can't sit still!

Xuanyuan ink evil fear!

Even on the basis of damaging the heavenly way palace, kill everything!

An extreme energy is surging in the sky!

Not only to kill the devil emperor, but also to kill all the people present!

This is the destruction plan of Tiandao palace!The devil emperor and the devil spirit son, and even the king and the devil dust's face are changed dramatically!

Madman!

What kind of lunatic behavior is this in Tiandao palace!

The evil spirit son no longer hesitated, came to the devil emperor side, and said to many demon tribe subordinates: "today, you can be willing to die for the devil emperor!"

The next moment, a roar filled the sky!

"I will die for the devil

"I will die for the devil

"I will die for the devil

.....

This is the determination of the demon emperor's men!

Not afraid of death!

The evil spirit son protects in front of the devil emperor body, seriously way: "the devil emperor, we will explode later, tear up the void, forcibly send you into the kingdom of God."

"Demon emperor, please go to the place of inheritance. I have everything ready for you."

"Enough for you to get back to the top!"

"If you don't reach the peak, don't take revenge for us!"

The devil's eyes are angry!

He was angry at himself!

He's angry and can't protect his men!

Why!

Why!

At this moment, a tear fell from the eyes of the devil emperor!

This is the devil's tears!

Tears surrounded by endless evil Qi.

All of a sudden, the devil thought of something and looked at Ye Chen not far away!

"Ye Chen, when I was in the devil emperor's hometown, I took Yin Ming of xuan yue zong as my disciple."

"After that, God took her

"I knew that the devil emperor would be resurrected this year, so I had to give her to Gu Lao of Mang Mountain Villa."

"Bone is always my good friend in the kingdom of God, enough to be Yin Ming's teacher!"

"He also knows the whole thing. If you go to Shenguo in the future, you can go to Mang Mountain to find Yin Ming!"

"However, my energy is limited, I can't send the devil emperor with you. I can only send you back to xuan yue zong."

Ye Chen slightly a Zheng, but still nodded, silently recorded the position.

He will go to the kingdom of God after all.

Now it seems that the devil emperor is going to the kingdom of God to restore his peak.

As for the place where the kingdom of God is inherited, ye Chen knows that he does not need to know.

The next moment, the demon spirit son explained everything, knelt in front of the devil emperor!

All the demon emperor's men are on their knees!

"Our blood flows for the devil emperor

A heavy kowtow!

Then, they stood up, eyes decidedly to the extreme!

To die!

Five fingers pinch Jue, magic blood burning!

The void behind the devil emperor and ye Chen is torn!

The devil emperor looked at Ye Chen in a complicated way and threw out the magic gun of Zhutian God!

"Ye Chen, thank you for your help

"I will repay this kindness with eternal life, and return this gun to you!"

"You have more important things to do. I don't want you to fall."

"Even, you are more important than Ben Di!"

"I can die, but you can't!"

Chapter 2446

The devil emperor threw the gun to Ye Chen, waved and prepared to step into the torn space and said, "goodbye to our kingdom of God!"

"I hope you and I can smash the kingdom of heaven together!"

This scene, instantly let Jun demon dust and God elder angry!

How can the devil leave!

All of them can die, but the devil can't live!

All the strong survived Qi Qi Lingli released to the extreme!

Ready to kill the devil!

But it's too late!

Their eyes are full of disappointment and hatred!

Just when the devil is going to step into the gate of void!

An old man in a Taoist robe suddenly appears!

"Evil emperor, my martial uncle died because of you! You can stay! "

Daopao old man's breath is strong to the extreme!

In an instant, he held a sword and stabbed at the devil emperor!

With this sword, the devil will die!

But this scene, actually lets the God Kingdom heavenly way palace elder ecstasy!

"It's heaven's way!"

"Heaven's chance, Taoist has done it!"

"Ha ha, the devil is going to die!"

"Tianji daoren was invited out of the mountain by the palace master himself!"

"The palace master is so wise. Who can know this dangerous chess game?"

The sudden appearance of Tianji Taoist breaks all the balance!

Doomed to destroy everything!

And the evil emperor who stepped into the door of the void obviously felt something!

But at the moment, he is doomed to be unable to fight back!

For his power has entered the kingdom of God on the other side of the gate of void!

He gave the most dangerous back to someone else!

If this sword pierces the body, everything is over!

There was an accident in the eyes of the devil emperor, but he soon recovered: "maybe, this is my destiny."

Jun demon dust was overjoyed, and his face was ferocious: "demon emperor, you can be familiar with this scene, but this sword behind me is not my stab, but someone still completes it for me!"

The demon spirit son and many subordinates are disheartened!

Now they can't stop it!

It's too late!

Angry! disappointment! pain!

Countless complex emotions surging!

Everything failed!

Tianji Taoist also showed a smile: "I have been hiding in the dark, is for the moment."

"It's over."

Just as the sword was about to pass through the body of the demon emperor, a young man suddenly appeared!

Ye Chen!

Ye Chen is here!

"Devil, let's go!"

At this moment, ye Chen chooses to block in front of the devil emperor!

Seeing this scene, the evil emperor said, "Ye Chen! Let's go! Go away

"How can you die!"

But the sword fell.

Wuji Taoist had long known that ye Chen would appear. He snorted coldly: "it's just sealing the door, or I'm going to die."

"And you can't save the devil!"

When Dao Jian is about to penetrate Ye Chen's body!

Ye Chen's whole body actually releases a very strong light!

The light gathers together a Tai Chi Eight Diagrams diagram and blocks Ye Chen's body!

Not only that, ye Chen's elixir field poured out countless chaotic light, just like branches and leaves wrapped!

At this moment, none of us noticed the expression of Wuji Taoist.

I'm so shocked!

His hands are shaking!

"Uncle..."

He thought his uncle died in the hands of the devil emperor, but he didn't expect that the young man in front of him was his uncle!

This array disk, this chaotic force, only that martial uncle is possible!

Next moment, he fiercely takes back the strength!

Even the bones of his hand holding Dao Jian were broken!

The powerful sword went to the elder of Tiandao palace!

At this moment, everyone was confused.

The heavenly chance Taoist who is high in the kingdom of God didn't kill Ye Chen!

On the contrary, deal with them!

What's the situation!

You're kidding!

One of the nearest elders of the kingdom of God said in horror: "Tianji Taoist, you have made a mistake!"

"The palace master asked you to kill the devil emperor, not us!"

However, at this moment, heaven and Taoism are gathering together to kill the opportunity! A roar!

"Those who move martial uncle will be punished!"

"The kingdom of heaven is no exception!"

The door of the devil's void is closed.

Ye Chen is also transported away by another empty gate.

Ye Chen knows that at the most critical moment, the chaotic star tree has made a move.

And chaos star tree, that is, the little Taoist in the land of demons, is actually the martial uncle of the strong road master!

Soon, the power of heaven comes!.....

Three days later.

After ye Chen was sent back to xuanyuezhong, he slept for three days!

He is so tired that he has been sleeping soundly these days.

And Du Chengshi of the kingdom of God came to meet him.

Du Chengshi delayed Ye Chen for many days. Tomorrow is the last day.

He has to go to the kingdom of God.

After that, ye Chen and Xia Ruoxue, Sun Yi and others kept warm.

The effect of transmitting blood power is significantly reduced.

However, according to the current training speed and resources of Xia Ruoxue and Sun Yi, Taixu is not too far away.

Although he wanted to take them to the kingdom of God, ye Chen knew that he was full of danger in the kingdom.

It's not stable yet.

Only by taking root can they be protected.

In Lingwu land, xuanyuezong can protect everything.

Yin Ming is in the kingdom of God, the devil emperor is in the kingdom of God, Ji Lin is in the kingdom of God, and Ji Siqing is also in the kingdom of God.

Anyway, this trip to the kingdom of God, he wants to meet these people!

There are more important things!

The masters of the samsara cemetery are in the kingdom of God!

Tiandao palace is also in the kingdom of God!

The secret of one's life is in the kingdom of God!

At night, ye Chen stands on the square outside the hall of xuanyuezong. He looks like a memory. When he first came to xuanyuezong, he had a conflict with Zhao Ping and was seriously injured by his breath

But in a flash, he has become the strongest one in Lingwu. He is the first genius in Xuanwu list. He helped xuanyuezong become the most terrifying and powerful force in Lingwu land. Now, he is leaving here.

I don't know when I can come back!

Can we really find the devil?

What kind of connection is there between Shenguo Tiandao palace, reincarnation cemetery, Shenguo Ye family and Jiutian Shenlong palace?

Maybe the real battlefield set by my grandfather should be the so-called kingdom of God.

At this time, behind Ye Chen, came a soft and charming female voice: "younger martial brother, what are you doing here?"

Ye Chen looks back and zining is standing behind her. Her beautiful eyes are rippling in the moonlight.

Ye Chen said with a smile: "think of the past things, elder martial sister, how is your injury?"

Zining said with a playful smile: "my accomplishments have been improved a lot. With the help of chance and xuanyezong's resources, I have become more powerful. What's this little injury?"

"However, recently, I always feel that my body is a little strange, and the speed of training is also a little weird."

"If I guess correctly, it's because of the reincarnation stele sealed in my body by the master."

"The stone tablet of reincarnation is moistening my whole body."

"This is the first thing that has happened in years Is it because I'm stepping into the door now? Does that work? "

She also looked at the square and said with a smile: "you were really able to make trouble at the beginning. As soon as xuanyezong came, he offended the elder's disciples. You are the first one I have ever seen. However, I just like your pride and the spirit of never lowering your head that I will take a fancy to you."

Chapter 2447

Ye Chen opened his mouth and was about to say something, but suddenly, his face was stagnant, and a soft and delicate body fell into his arms.

Zi Ning, unexpectedly suddenly hugged him!

"Elder martial sister..."

"Ye Chen, at the beginning, I just felt that you and I used to be very similar to that younger martial brother, but gradually, that figure in the bottom of my heart, which has been blurred, has become clear again, but that person is not my younger martial brother, but you!

At this time, I finally understood that I had fallen in love with you... "

Ye Chen is silent. Naturally, he does not have a good impression on zining. The reason why he has not expressed anything is that he knows that zining's heart seems to be confused and uncertain about his own mind.

But now, Zi Ning confessed to him!

Zining suddenly raised her beautiful face and gazed at Ye Chen. In her beautiful eyes, there was a little twinkling. The moonlight sprinkled on her body, looking like a fairy falling into the mortal world.

Ye Chen sniffs the fragrance from Zi Ning's body and looks at it. He can't help but feel dizzy in his brain. Even with his calmness, he can't hold on to it!

"I have been afraid to tell you, but now you are going to the kingdom of God. If you don't say it again, I'm afraid I'll regret it all my life... "

"Elder martial sister, I..."

"Don't call me elder martial sister, call me zining, or Will you call me Ning'er

Ye Chen takes a deep breath and holds zining's slender waist. His figure flashes, and he has appeared in a single loft in the morning moon Pavilion.

At this time, the voice of the ancient medical god suddenly sounded in Ye Chen's mind: "boy, you have absorbed the power of the two reincarnation xuanbei, and there is also a reincarnation xuanbei in the girl's body. Maybe, the combination of yin and Yang will have a wonderful effect."

"But you can rest assured that the reincarnation cemetery has a strong prohibition, which we can't detect at all."

Ye Chen slightly a Leng, and then a glimmer of enlightenment flashed in his eyes.

Zining's constitution is very special. Apart from the xuanbei of reincarnation, it is also a very precious treasure body of Tianxiang. Getting its Yuanyin is of unimaginable benefits to the foundation of a martial arts practitioner!

In other words, ye Chen's strength can be improved again!

In addition, if can produce reincarnation xuanbei reaction, perhaps can have more benefits!

At this time, zining is already blushing, and her beautiful eyes are vaguely looking at Ye Chen. She is ready to see ye Chen's expression. She can't help but ask, "Ye Chen, what's the matter?"

Ye Chen gazed at zining and said, "Ning'er, your constitution is very special. If you get it You and I will get great benefits if you don't want to... "

Speaking of this, ye Chen's voice stopped abruptly and couldn't go on

Because, Zi Ning kisses his lips

In the room, the ambiguous atmosphere is becoming more and more intense.

Purple Ning face pan Hongxia, to Ye Chen pursed a smile: "how can I not want to?"

"It's just that I don't know much about it..."

"I also know the position of ruoshue and Sun Yi in your heart I don't ask for much. I just hope that your heart can have a corner that belongs to me. Even if it is very small, I will be satisfied. "

Ye Chen's eyes moved!

If this daughter he again disappoints, then really sorry Zi Ning!

"Zi Ning, you can rest assured, my heart, no matter how, will have your position."

The next second, two people embrace, skin close.

White hand, hold it tightly.

Climbing to the top, the two blend in.

Heavy breathing begins!

And at the same time, the eyebrow heart of Zi Ning even flickered out a ray of light!

That light actually formed an ancient Rune!

and seal are as like as two peas on the Xuan Xuan tablet in purple coagulation body.

This reincarnation xuanbei actually awakened in the body of zining.

And on the two blending bodies, there are four empty images of reincarnation xuanbei!

Dust tablet! Wind monument! Burning stele! Spirit monument!

The reincarnation xuanbei in Zi Ning's body is actually a spirit stele!

Control the living creatures, representing the spiritual monument of recovery!

Two hours of continuous collision, all calm.

Ye Chen also faintly felt the reincarnation xuanbei in zining's body!

Represents the power of recovery!

It can even be said that it is stronger than the ancient medical God's medical skills!

The most adverse recovery in the world! Source convergence!

Unfortunately, ye Chen knows that there is no way to take out the reincarnation xuanbei from zining's body.

Once taken out, zining will die.

He will never allow it!

Ye Chen looks at the soft and delicate body lying in the chest, beautiful face, and closes his eyes.

Samsara cemetery.

Ye Chen looked at Canggu medical God and said, "laocang, can you untie zining's dependence on reincarnation xuanbei?"

The ancient medical God shook his head and nodded: "the girl's constitution is some special, almost belongs to Jue Ming, according to reason, she can't live." "If there was no reincarnation stele sealed by her master, I'm afraid it would have fallen."

"It was because of the xuanbei of reincarnation that she lived."

"She is too dependent on the stone tablet of reincarnation."

"Of course, it is not impossible to break this balance."

Ye Chen is pleased: "what method?"

The ancient medical God stepped out one step and said faintly: "first, she stepped into the chaos state, the years are infinite, the reincarnation xuanbei also no longer depends on."

"Second, it's time to go to the kingdom of God. There are several things in the kingdom of God to form a chaotic pill. Taking the pill, her life will be recast naturally."

"It's a pity that none of them is simple."

Ye Chen suddenly thought of Chu Ying and said excitedly, "is the problem of Chu Ying much simpler?"

The ancient medical God looked at the ice crystal sarcophagus and nodded: "indeed, her problem is simple, and my medical skills can solve it."

Ye chenlian said in a hurry: "Lao Cang, hurry up!"

However, the ancient god of medicine was stretched: "I said, do not save, last time on the exception! I don't do charity! "

"I can't help it!"

Ye Chen was angry and suddenly thought of something: "Lao Cang, Cang ancient gate, you said you would teach me some medical skills!"

"Teach me now!"

The old doctor's face was a little ugly, and he snorted: "I only teach you part of it! But if you want to learn my medical skills, it depends on your talent! "

.....

The next day, a luxurious flying car pulled by a red dragon with a length of hundreds of feet rose from the xuanyezong and turned into a red rainbow and flew away towards the sky.

In the carriage, sat three men, it is Ye Chen, Du Chengshi and Li Ling.

At this time, Du Chengshi and Li Ling, facing Ye Chen, are respectful.

Not only because of Ye Chen's strength, but also because ye Chen really let go of their past.

At this time, ye Chen suddenly asked curiously, "master Du, where is the kingdom of God?"

Du Chengshi said with a smile: "Mr. Ye, the kingdom of God is not entirely above the land of Lingwu, but on the boundary of the land of Lingwu. What's more, it is not only the land of Lingwu that borders on it."

"The place we are going to now is called Lingshen sea area, which can be said to be the end of Lingwu land."

Chapter 2448

As he said this, he suddenly took out a simple token with countless complex runes on it.

"The Shenshen sea area is connected with part of the divine Kingdom, and the two boundaries are separated by a super array. You must have this token before you can enter it."

Ye Chen looked at the token curiously and said, "what is this token?"

"This is the divine light order. With this, we can freely travel between the kingdom of God and the land of Lingwu. There are only dozens of such orders in our kingdom.

Some of them are in the hands of the super sects, some in the Tiandao palace, some in the hands of the top families, and the rest have been lost for many years.

However, this one in my hand is just a copy. There are a lot of them, but they can only be used once. In addition, there is a drawback: it will leave a mark on the user. In a year, it can only be used three times.

If you reuse it, it will fail. If there is a need for Shenguo forces to travel to Lingwu mainland, they usually use such imitations. "

"Of course, there are a lot of special conditions for passing. I'll tell you about it later."

"Are you not afraid to be robbed and used to enter the kingdom of God?"

"Snatch?" Master Du said with a wry smile: "Mr. Ye, although I'm not very strong, in this land of Lingwu, there are few people who can snatch this fake divine light order from me, right?"

Moreover, who dares to rob the alliance of gods

Just now, ye Zong said, "you nodded? Tell me more about it. "

"The power of the kingdom of God is also divided into nine grades, and this super clan, the top family, the alliance of gods, the temple of heaven and so on, are the top forces in the kingdom of God!

Each divine power has a sacred pillar, which can be used together with the mysterious place. The divine pillar can not only bring the aura of the mysterious place, but also inherit the martial arts, skills and artistic conception of the mysterious place!

And the divine pillar of the top power connects the most powerful realm with the strongest aura. Its martial arts and skills are also the highest! What's more, if you perform well on the battlefield, you may enter the mysterious place directly through the divine pillar

Ye Chen's eyes are bright! It seems that after entering the kingdom of God, we should find a way to join these top forces!

However, ye Chen looked at Du Chengshi and asked, "the battlefield you mentioned? What is it? "

Du Chengshi said with a smile: "master ye, in fact, the reason why the kingdom of God is so powerful is a mysterious place, because in order to open up a battlefield to resist foreign forces, all forces must transport the strong to fight and maintain balance.

Therefore, the kingdom of God is extremely cruel, because the least valuable thing in the kingdom of God is human life! Thousands of people die every day on the battlefield

Ye Chen frowns a little. Unexpectedly, the holy land that the people of Lingwu have been longing for is actually a bloody battlefield?

However, such an environment is the most suitable for martial arts to improve their strength!

I don't know what happened to Ji Siqing.

Du Chengshi also said: "Mr. Ye, it will be a competition for various forces to select foreign talents soon. If you want to join one of the forces, you can also participate in it.

However, if you want to participate in the trials of a more powerful force, you need to get a magic card. I don't have one. You need to find a way for him. "

Ye Chen nodded. After Du Chengshi said, ye Chen also had a general understanding of the kingdom of God. He asked again, "one more thing, do you know where the Heavenly Kingdom palace is?"

Du Chengshi's face was frightening and strange: "Mr. Ye, what do you want to know about Tiandao palace..."

"You want to join Tiandao palace? It's even more difficult. "

"When you get to the kingdom of God, you should try not to mention the heavenly way palace."

"As for the location, I don't have the right to know."

"Let's talk about the things you have to face after entering the kingdom of God. If you can win the first place in the selection competition, you may have a chance to get the treasure.

Shenmeng has a rule that it will give the first prize in each selection contest, a piece of treasure... "

"What's more, the people you see may know the heavenly way palace..."

Ye Chen hears the speech, the face appears the color of ecstasy!

No matter what, he still wants to set foot on the heavenly way palace in person!

There was a flash of firmness in his eyes.

It seems that he must win the first place in the selection contest!

Three days later, he had reached the sea area of Lingshen. On the sea surface, there was a gray fog. The three people seemed to be in a chaos!

All of a sudden, in the flying car, a flash of light was emitted, which turned into a token and shot a golden light into the sky!

The next moment, endless fog, suddenly turned up, gradually separated, ye Chen looked up from the separated fog to the sky!

In his eyes, the purple light flashed, with full vision, but his face was startled!

He vaguely saw that there were countless obscure runes on the sky, as if the whole sky was covered by a huge array! Even if separated so far, ye Chen can also feel a breath of destruction that makes his heart palpitating! He can be sure, this formation, very terrible!

At least, with his current strength, there is no possibility of hard break!

Even, don't say hard break, another 10, 100, 10000 he, will only touch the array of the moment, by its second kill!

At this time, the huge array, under the induction of imitating the divine light order, suddenly shot out a light column, covering Ye Chen and other three people!

Ye Chen's three bodies were in the light column, but they flew to the array in the sky without control and fell into a light hole opened in the array!

After a while, when ye Chen opened his eyes again, he was in a completely strange place. Beside him, Du Chengshi and Li Ling soon woke up.

Du Chengshi and Li Ling took a look at the surrounding scenery, but their faces changed!

Ye Chen glanced around, but it was a stone mountain full of silvery boulders.

This is the kingdom of God?

Ye Chen's spirit vibrates. First of all, what he feels most obvious is Aura!

Even in such a barren wilderness, the aura of heaven and earth here can be said to be extremely rich!

Even, it is several times stronger than the origin of the spiritual pulse of Shenhua college!

According to Du Chengshi, among the top forces, the aura of heaven and earth is still thousands of times higher than that of the wilderness!

At this time, Du Chengshi quickly released the red Jiao flying car, and said to Ye Chen anxiously, "let's go. It's very dangerous here!"

When ye Chen hears the speech, his face changes slightly. He doesn't want to have an accident just after he arrives in the kingdom of God!

The three of them rode in a speeding car and went in a certain direction at top speed.

Chapter 2449

Along the way, ye Chen also saw many warriors on the way. To Ye Chen's surprise, the strength of the kingdom of God was really extraordinary!

On the way to see these martial arts, there are almost no under the seal of existence!

After a while, ye Chen and others saw a towering city wall from afar. Du Chengshi and Li Ling felt a little relieved. Du Chengshi said with a smile to Ye Chen:

"childe ye, this is the Qinglan city of the kingdom of God."

Then he took out a card made of unknown light red metal, handed it to Ye Chen and said, "this card is the VIP card of Tiansuan Pavilion in Shenmeng. If you need to inquire about the selection contest, get the divine card, miraculous medicine or other things, you can go to Tiansuan Pavilion."

Ye Chen eyebrow tip a pick, took over that VIP card, way: "this sentiment, I wrote down."

Although Du Chengshi had offended him before, since he had already apologized in his way and then behaved well, ye Chen could have accepted him once.

Du Chengshi smiles and doesn't say much. Soon, several people get off the flying car and enter the city of Qinglan.

After parting with Du Chengshi, ye Chen came to Tiansuan Pavilion in Qinglan city according to Du Chengshi's guidance.

An hour later, ye Chen left the Tiansuan Pavilion, and his face was full of meditation. After a while, he went in a certain direction.

First of all, he knows the date of the trial, which will be held one month later. Secondly, he will take the magic card.

The reason why the selection competition held by the more powerful forces needs to take part in the divine card, which can be regarded as a screening in advance. Most of the forces in the kingdom of God have a clear subordination relationship. That is to say, even if you are temporarily in a low power, if you perform extremely well among the forces, you will also have the opportunity to be promoted to a higher power.

Taking the magic card is like a letter of recommendation. Those lower forces will distribute the card to the best children in the family, so that they can have a chance to be promoted.

Of course, this trial is also open to the talents who come to the kingdom from the outside world, but they have to find their own way to get on the cards.

One of the ways is to join a lower class force at will, and then promote slowly. However, ye Chen naturally will not choose such a way.

Too slow! He doesn't have that much time!

He wants to be strong, to be strong as soon as possible!

The second way is to buy the God card, which can also be sold

Ye Chen naturally doesn't care about money, but! What makes him a little embarrassed is that ye Chen, who is a spendthrift in the land of Lingwu, goes to the kingdom of God, but falls into the dilemma of having no money to use!

The currency used by Shenguo is not the mainstream!

Shenyun stone can be used, but it is the lowest currency!

The mainstream currency is the best xuanlingshi!

Fortunately, the general hotel, travel and so on, spend Shenyuan stone is enough.

However, if it is used to buy the God card, it is far from enough

The last news is about Yin Ming! The specific location of Mang Mountain!

And ye Chen is now heading for a place called Mang Mountain. According to the news of the devil, Yin Ming and that Gu Lao live in seclusion in the mountain villa on the top of mountain mang!

.....

Mang Mountain Villa!

On the main seat of the living room in the villa, there was a very thin middle-aged man.

This middle-aged man's skin is shriveled and almost has no muscle. What's more, through his pale skin, his bones can be seen faintly, showing a light gold color!

This man is so old!

Behind the man, standing a graceful figure, wearing a veil of the woman, looks like, is Yin Ming!

However, at this time, the middle-aged man frowned slightly, and Yin Ming's eyebrows, also looming melancholy.

The man sighed and said, "don't worry. Since the devil has brought you to the kingdom of God and handed it to me, I have become your master. If anyone wants to force you to do something you don't want, you should first step on the old bone of being a teacher!"

A mouth, the voice is extremely old!

Said, the middle-aged man suddenly face dew bitter smile way: "what's more, I promised the devil spirit son, will never let you have an accident."

Yin Ming seemed to want to say something, but just then, a boy ran in outside the door and told him, "Gu Lao, the son of Wu's family and his father are coming."

As soon as the voice dropped, an old man's smile came out of the door and said, "ha ha ha, brother Gu, I haven't seen you for a few days. How have you considered the matter I said before?"

To be honest, with my Wu family background, is it necessary for brother Gu to think about it for so long?
"

With that, two men came in.

A cool, arrogant, arrogant, dressed in a neat, luxurious, embroidered tiger shaped combat uniform, with a big axe on his back, he was handsome and masculine, tall and upright.

Beside him, there was a man with white hair, a sinister smile, rich clothes and a few bright rings on his hands.

These two men, like Gu Lao, are all the six layers of heaven in Taixu! The power is terrible! In particular, the young man with a big axe on his back is full of repressive breath, which makes him look like a giant tiger across the world, full of prestige!

The two men came from the Wu family in the kingdom of God. The Wu family was in the city near Mang Mountain. However, they were not the direct lineage of the Wu family. They could only be regarded as separate families. The young man was named Wu Shangshan, while the old man was Wu Shangshan's father, named Wu Bo.

Originally, Wu Bo could only be regarded as an unknown person in the Wu family, but recently, his son Wu Shangshan has risen strongly. Not long ago, at the age of only 30, he successfully broke through the six layers of heaven of Taixu!

Even most of the clan's children are out of reach and become the first genius of the Wu family! Even the owners of the Wu family are very optimistic about wushangshan. Therefore, Wu Bo's position in the Wu family has also risen!

Originally, Wu Bo was a friend of Gu Lao. In Mang Mountain Villa, Gu Lao bought it on the introduction of Wu Bo.

The two people have been getting along with each other quite happily, and often have contacts. By chance, Wu Bo learns that Yin Ming is wearing a veil because of her beautiful appearance!

After that, he took his son Wu Shangshan and often visited Mang Mountain Villa. Even though Yin Ming was wearing a veil, Wu Shangshan fell in love with Yin Ming!

However, at that time, Wu Shangshan was just a Taixu existence, and Wu Bo's status in the Wu family was also very common. When Wu Bo proposed marriage to Gu Lao and was politely refused by Gu Lao, Wu Bo stopped mentioning it and got along as usual.

Wu Shangshan, however, thought that Yin Ming didn't look down on his own strength, so he didn't come to Mang Mountain Villa any more. Instead, he practiced like crazy!

But recently, Wu Bo's attitude suddenly changed!

Chapter 2450

Because not long ago, his son became the favorite son of the Wu family, and he also had a lot of power in the Wu family!

At first, he brought Wu Shangshan together and happily came to propose marriage to Gu Lao again. Wu Shangshan thought that his current strength, talent and status should be enough to change Yin Ming's mind?

But who thought! They, again, were rejected!

After that, at first, Wu Bo always tried to persuade him politely, but after repeatedly being rejected, Wu Bo turned his back completely!

A few days ago, he gave Gu Lao an ultimatum, let him be ready today! Even if he doesn't want to, they will take Yin Ming by force!

This is no longer a marriage promotion. It is totally forcing Yin Ming to be a woman of Wu Shangshan!

Hearing the speech, Gu Lao snorted: "Wu Bo, if you still see that we used to be friends, don't force me to be a disciple again! Well, what's more, you want her to be a concubine? Hehe, even if she is willing, I don't agree! "

At the same time, his dark blue eyes flashed with cold color. If he had not suffered a catastrophe and almost died, and had been sleeping for tens of thousands of years, he would not have been able to recover to its full prosperity. How could this small Wu family need to put it in his eyes?

Wu Bo said with a sneer: "brother Gu, you are a little confused. Do you want to be a concubine for my son? What's wrong with being a concubine? I don't know how many women want to be his concubine!

To tell you the truth, if it wasn't for Shangshan, he was infatuated with Xiaoming. With my son's present status and status, I would not agree to this marriage!

To be a concubine to Shangshan, that's Xiaoming's blessing! "

As he said that, he looked at Yin Ming with a hint of sarcasm. At this time, Yin Ming had already accomplished half a step, which was a huge improvement compared with the time when he was separated in Lingwu mainland! However, it is still too bad to put it in the kingdom of God

Wu Bo said faintly: "brother Gu, you don't think that Xiaoming is qualified to be the main room of Shangshan with the strength of Xiaoming? What's more, we have done a survey, Xiaoming should not be a person of our divine Kingdom, but from Lingwu land, right?

Hehe, with such a background, you can be our concubine on the mountain. Brother Gu, you should have fun secretly. Besides, there is not only one woman who can keep the position of the main room with Xiaoming's strength and identity? I'm afraid it will be more miserable in the future

Wu Shangshan also nodded. He liked Yin Ming. However, in the kingdom of God, strength is respected. In addition to strength, family background is also very important. Although he can be sure that Yin Ming's appearance is excellent, his strength and family background can only be said to be very rubbish. No matter how beautiful such a woman is, it is impossible for her to be his main wife.

Gu Lao and Yin Ming are both angry. What does this mean? Wu Shangshan and Wu Bo despise Yin Ming's strength, but they still want to force Yin Ming to be his concubine?

However, Gu Lao didn't know how to refute it, because he also agreed that there would not be only one woman in a strong man, which was the case in the kingdom of God. If Yin Ming really became the main court, he lacked strength and had no background, on the contrary, he would encounter many dangers

At this time, Yin Ming said coldly: "Mr. Wu, Mr. Wu, I understand your kindness. However, you may have misunderstood me. The reason why I refuse you is not because of your conditions.

To tell you the truth, although I was not born in the kingdom of God, there is no difference in the rules between the land of Lingwu and the kingdom of God. I can also accept that there are many women in the strong. Even I don't mind being a concubine! "

As soon as Yin Ming said this, Wu Shangshan and Wu Bo looked at each other, and they all saw the joy on the right side!

It looks like it's going to work!

They know that Yin Ming said this may just be for her reason!

With a gentle smile on his face, Wu Shangshan looked at Yin Ming and said, "why is that?"

He asked, just to give Yin Ming a step! In his heart, Yin Ming has no reason to refuse himself!

But the next moment, Yin Ming said without expression: "because! For the person I like, I'd like to be a concubine for him, even if he doesn't have a title, it's OK, but! I like the person, is not you, I already have like the person.

So please stop pestering me

Silence.

The air in the living room of Mang Mountain Villa is freezing down in an instant. Even the water floating in the air will condense into ice!

For a moment, in the hall, oppressed to the extreme!

But Wu Shangshan's whole body is too empty, six layers of heaven's breath, is surging madly, almost to the edge of the outbreak! He stares at Yin Ming with anger in his eyes!

The woman he likes in Wu Shangshan doesn't like him. Are there any other sweethearts? How can he not be angry!

Gu Lao frowns and emits a light golden light all over his body. He protects Yin Ming together. Otherwise, just a trace of breath that Wu Shangshan can't control will be enough to kill Yin Ming.

However, after a while, Wu Shangshan restrained his anger and said with a smile: "Xiaoming, you are naughty. Are you angry with me for being too strong and deliberately angry with me for this reason? Ha ha, I understand. This is just an excuse. After you come to the kingdom of God, you are in the Mang Mountain Villa all day long. Where can you contact anyone? How is it possible that there will be people who like it? "

In Wu Shangshan's mind, if Yin Ming had someone else he liked, he would be better than himself, and someone better than himself would only appear in the kingdom of God. But where did Yin Ming come into contact with any divine genius?

Yin ming'e frowned, and a trace of disgust flashed in her beautiful eyes. How could Wu Shangshan be so narcissistic and shameless?

Looking at Yin Ming's appearance, Wu Shangshan thought he was right. He said with a smile:

"OK, when you have someone you like, you must be in Lingwu land, right? Then you said this you like the person, the strength is stronger than me?

Even if he can call on the wind and rain, cover the sky with one hand, suppress everything, and come to the kingdom of God? Ha ha, but it's just a mole ant. Now, you have come to the kingdom of God. Can the person you like give you the protection that I deserve?

Xiaoming, don't blame me for not reminding you, follow a weak person, such as you, the future will be very miserable! Your best choice is to marry me

Yin Ming just said, "I said, not because of the conditions. I know that the kingdom of God is very realistic, but I have my own persistence!"

When Wu Shangshan heard the speech, he laughed even more. Yin Ming said that, undoubtedly, he was acquiesced in the spirit and martial arts, and could not be stronger than him.

So, he said to Yin Ming, "Oh? Xiaoming, you know I've always been a very careful person. If you really have a sweetheart in Lingwu land, I don't mind making a copy of the divine light order to slaughter in Lingwu land? "
