

## Physician 2461

### Chapter 2461

On the dagger, there was a smell of green smoke. Obviously, it was a poisoned dagger!

The toxin used is still of unimaginable high grade, even surpassing the first strange poison of Lingwu!

However, ye Chen has immortal body, and the dagger has been gradually melted by his body.

No problem at all.

Even for ye Chen, it's like tickling!

But at this time, Zhang Zi, who had a pitiful look, showed a sneer on her beautiful face and slowly retreated away.

At the same time, she glanced at the pill on the ground. In her beautiful eyes, full of disdain, she said: "ha ha, this kind of rubbish pill can also be taken? Are you sending out beggars

At this time, ye Chen is also a bit stunned. The toxin on the dagger is nothing to his body now. What makes him astonished is that he did not expect Zhang Zi to attack him at this time?

This woman, the hand that feeds?

More importantly, was Zhang Zi successful? In fact, if he is on guard, Zhang Zi has no chance to stab him

Strange is strange, he is careless

Maybe it's because of his own strength soaring. In the face of the existence that he doesn't look up to, he has no sense of crisis, so he relaxed

Ye Chen is also a human being and will inevitably relax

Even some forget how cruel the kingdom of God is! How sinister is the human heart!

In the kingdom of God, you can't relax at any time!

Ye Chen took a deep breath and remembered the lesson.

Zhang Zi flicked her fingers, and a spirit shot out. She turned the pill that ye Chen had dropped into nothingness, and said with a faint smile at Ye Chen:

"childe ye, my dagger is called poisonous dragon dagger. Although it is only a real artifact, what it is attached to is the life poison possessed by the real Taixu poison Jiao. Oh, even if the Taixu peak exists, it will be destroyed by this A knife on the sample barrel is unbearable.

What's more, if you want to do it now, the more virulent you can play, the faster you will die. I advise you to give up your heart. "

In her beautiful eyes, there is a smile in her mouth, but there is a trace of fear in the depth of her pupils.

Ye Chen is soul cultivation. She might be in danger if she uses her terrifying soul weapon.

But at this time, Chen Xin several people, also finally responded to come over, the body moves, one after another will ye Chen encircle!

Originally, Zhang Zi brought Ye Chen to the peak spirit pulse, but to let Ye Chen relax his vigilance!

How could Zhang Zi be so careful and careful when dealing with a fengmenjing soul repair?

Think of here, they can't help but swallow a mouthful of saliva, this woman is a bit of terror!

Fortunately, they don't worry about what Zhang Zi will do to them. The power behind them is beyond Zhang Zi's ability to provoke. Moreover, they like Zhang Zi, which is very useful to Zhang Zi, isn't it?

And for such a cruel woman, the interest of these gentlemen is even greater!

If you can conquer such a woman, get her body, for any man, will be very successful?

At this time, Zhou Meng and Li Wu raised their hands at the same time, and two half step holy soldiers were suspended in the air, emitting bursts of brilliance, covering themselves and others.

Zhou Meng said to Zhang Zi with a show off smile: "brother Li and I, these two weapons are defensive magic weapons of the spirit class. The power of the boy's spirit attack is greatly reduced!"

In the land of Lingwu, there are almost no means to defend the spirit except soul crystal. However, it is not the same in the kingdom where soul cultivation has emerged in large numbers.

And Li Wu, also face now coldly look at Ye Chen way: "boy, next time remember, don't casually expose his bottom card, understand? Oh, but you're going to die here today. It doesn't matter next time. "

The reason why Li Wu disdains is that the most terrifying part of soul cultivation lies in surprise! If they don't know ye Chen's identity, how can they use the spirit defense in time?

By the time they react, it's probably too late!

And ye Chen! At random, he revealed his soul cultivation identity!

Zhang Zi's smile at this time is more intense, and she is sure to win!

After a moment of silence, ye Chen suddenly opened his mouth and asked, "why?"

He didn't say that he was kind to these people, but at least he saved several people's lives. Why did these people treat him like this?

"Why?" Zhang Zi's voice suddenly cooled down.

"Do you know, Mr. Ye, that people should measure their strength?"

"Are you qualified to take the corpse of Dijiao?"

"Do you have the right to play the magic card?"

"Are you qualified to collect this excellent spiritual pulse?"

"Can a woman like me take a piece of rubbish pill and send it away?"

"What I hate most is that you are such a self-sufficient person who does everything without proper sense of rubbish. Do you understand that? Just like that Zhao Xian! ""Obviously, I have no background, and my strength is average. Why do you want to approach me?"

Ye Chen's mouth, can not help but emerge a trace of sad smile, these people unexpectedly for this matter, want to bite the hand that feeds?

He is sad, not his own experience, but the world!

Although he knows, this world is very cruel, strength is respected, but! He always believed that there should be basic human nature!

If there is no human nature, only killing, then what is the strength?

It's just a fierce beast

This is not the power ye Chen yearns for!

And Zhang Zi, also let him thoroughly disgust

At this time, several people regard Ye Chen as a prey waiting for death. Even, they have no intention to move.

Is the poison of Tianxuan poison Jiao so easy to solve?

As long as they wait for ye Chen to be dissolved by the toxin, turn into a pool of flesh and blood, and even the spirit, be eroded by the toxin and disappear.

But at this time, several people's face color, but suddenly a change!

Ye Chen, in their incredible eyes, slowly pulled out the dagger on his belly

The dagger melted!

Zhang Zi exclaimed directly: "impossible!"

How could that be possible?

That's the peak of Taixu, which can kill poison!

To put it bluntly, ye Chen such a seal exists, should be in an instant, into a pool of blood just right?

But now? Ye Chen not only pulled out the poisonous dragon dagger, but also looked like an innocent man! Even the breath doesn't change much!

This is simply, to break through a few people's thinking limit ah!

Is it that ye Chen's constitution is more terrifying than his Taixu peak? Ah, it's comparable to the situation!

And at this time ye Chen, even lazy to talk with these people what, the whole body of gold surging, breaking the power of the sky, flowing in the body!

Looking at the strange young man in front of him, Chen Xinqiang forced up a smile and said, "what are you afraid of! Even if he is not afraid of the poison of the poisonous dragon, he is just a soul cultivation, and his spirit attack is suppressed by our things. Will he still be our opponent? "

Zhang Ziwen speech, slightly spit out a breath, looking at Ye Chen, although there is a trace of fear and puzzled, somehow recovered calm.

It's just a closed door and soul cultivation. Moreover, the strongest spirit attack has been suppressed!

Even if ye Chen is a little special, what can we do? Just now, I was just scared.

At this time, Zhang Zi didn't want to wait for the next time. Jiao drank and said, "do it! Do your best, don't give this boy a chance

Chapter 2462

After all, some people were full of spiritual power, and the power of Taixu situation broke out completely. In the presence of Taixu, they were not considered weak. Otherwise, they would not be able to hurt the Taixu monster like Dijiao to defend against the heaven.

For a moment, the sword, the sword and the gun roared around Ye Chen. In an instant, the void was smashed, and the sky and earth turned pale. Even on some of the best ores nearby, under the powerful combined attack, silk cracks appeared!

Its martial arts moves are exquisite!

Several people's faces, all exude cruel, confident smile, ye Chen in their joint efforts, there is no possibility of survival.

Ye Chen's eyes coldly swept over several people, without a trace of change in complexion.

Ye Chen can resist Wu Shangshan's attack for an hour or two. What's the use of these moves?

Even, with his current foundation, strength, the attacks of these people, can not touch him!

The next moment, the shadow of Ye Chen, under the gaze of Zhang Zi and others, disappeared directly!

Originally, their spirit, martial arts, have been locked in Ye Chen, even if ye Chen is a Taixu existence, there should be no way to escape!

But at this time, even their lock, have lost the target!

What's going on?

Several people, are going crazy!

At this time, Zhou Meng's side, a flash of human figure, people did not even see what happened, Zhou Meng turned into a group of blood fog, burst open!

Then, Li Wu, then Chen Xin

Boom, boom

After three loud noises, these three Taixu strongmen completely disappeared in the world. Even, they had no time to play the martial arts they were brewing!

"Ah, ah, ah, ah

Wang Dahai's pupil suddenly shrinks, at this time, he has been completely scared silly, just now they still occupied the absolute superiority, how in a twinkling of an eye, killed three people?

Where is this normal world?

It's like a hell of law breaking, full of madness and death!

In this short moment, Wang Dahai has already fallen into madness and Daoxin has collapsed

His eyes turn around, searching for the trace of Ye Chen, but nothing is found!

Suddenly, he saw Zhang Zi!

At this time, Zhang Zi has been dull, confused, pretty face pale, completely do not understand what happened

"It's you!" The sea, a pair of fierce hate, a small voice!

Hearing Wang Dahai's drinking, Zhang Zi looked at him with some puzzled eyes.

If it wasn't for this slut, how could I have fallen into such a situation? If it is not because of this bitch, now, I should still be lying in the bed of a beautiful woman, how can I bear such fear?

Everything is the fault of this bitch!

At the next moment, Wang Dahai's long knife moved, and Jue Qiang's sword light, which had been brewing for a long time, suddenly went to Zhang Zijian!

Even if he was going to die, he would have to chop this bitch into flesh and mud, so as to dispel his hatred in his heart!

Zhang Zi's face changed greatly, and she couldn't figure out why Wang Dahai made a move at herself. The sword in her hand moved and tried to resist it!

But how could she be Wang Dahai's rival?

There was a big bang. Zhang Zikou vomited blood. His arm with the sword was chopped in the air, and his body smashed to the ground!

She gasped and looked in front of her body. At this time, Wang Dahai had a cruel and satisfied smile on her face, and her eyes were full of madness. She came to her step by step, and kept murmuring all kinds of vicious abuse in her mouth!

Zhang Zi held her bloody shoulder in one hand and trembled. She opened her mouth to Wang Dahai with a cry: "brother Dahai, what's the matter with you! I am zi'er, your zi'er Don't come here, don't come near me! "

She was afraid

"Ha ha, bitch, I've been looking at you for a long time, you know?"

"No! Help me Zhang Zi cried out in horror, but in response to her, there was only silence

At this time, she has been seriously injured by Wang Dahai and has no resistance ability at all.

Her beautiful eyes, suddenly left two clear tears, the eyes keep turning, seems to be looking for redemption, suddenly, her eyes, reflected a familiar figure, the figure of Ye Chen!

In a flash, Zhang Zi, like a drowning man, found a life-saving straw! She almost crazy to Ye Chen for help.

"Help me! Please! Help me

But take a picture!

Endless darkness!

Dark eyes, as if the eyes of a dark, can not be dispelled!

At this time, ye Chen, standing on one side, just looked at it quietly and said, "help? Don't you hate that people don't have a sense of propriety? "

Ye Chen coolly swept two people one eye, hit two fists casually, ended all this. With a wave of his hand, he put away several people's storage bags, swept his mind and showed a satisfied look.

These people's wealth is not bad.

With this fund, together with the corpse of the local Jiaos and the best spiritual pulse, it's almost enough to refine a body protecting magic weapon.

Anyway, with his rebellious constitution, he doesn't rely too much on defensive weapons.

With a few punches, he completely broke the innate Qi of those excellent ores. After collecting all of them, he went towards the ruins that Gu Lao pointed out.

Half a day later.

Ye Chen looks at a boulder in front of him. Whether it is felt, looked, or attacked, it is the same as the feeling of other boulders.

If there is any difference, it is in the mind, vaguely feel a trace of abnormal.

All of a sudden, he was working in a strange way, and with a movement of his steps, he walked towards the huge stone.

The next moment, the surface of the boulder, rippling up a ripple, and ye Chen's figure, then disappeared in place.

After the stone, there is a huge mausoleum. When ye Chen's mind is swept away, the tomb is already empty. Presumably, all the treasures in it have been taken away by the old bone.

At the same time, he felt a little strange in the center of the mausoleum, and immediately moved his body towards the center of the mausoleum.

Soon, a stone pillar, ten meters high, standing in the center of the tomb, appeared in front of him! The surface of the stone pillar is also filled with a light yellow mist containing seven colored filaments.

Seeing this stone pillar, ye Chen was also shocked. He asked the ancient medical God, "laocang, is this the giant stone?"

Canggu medical God said with a smile: "yes, you boy, you have good luck. Even with your strength, it will be enough for you to use it."

Ye Chen just wants to do it! The ancient medical god suddenly found something and exclaimed, "no, this stone is not an ordinary giant stone!"

"Back! Come on

But now ye Chen is too late!

He doesn't even have the qualification to activate the red dust pulse!

Chapter 2463

In a flash, a flame rushed out of Ye Chen's body!

It is the green lotus demon fire sealed in the Dantian that has not been refined!

Although Ye Chen has been burning stele for a long time, he has been unable to control it.

It's obvious that his dark flame is not graded enough.

The power of the green lotus demon fire can not be simply refined!

Not only that, the dragon city sky also gave him a stronger flame!

Ye Chen doesn't have to think about the high level of the flame!

But now why does the green lotus demon fire protect itself?

See the green lotus demon fire as if into a giant beast, endless burning!

It swallowed up a cloud of light.

That light has spirit, actually struggled a few minutes, disappeared!

And the green lotus demon fire also returned to Ye Chen's body.

Everything returned to calm.

Ye Chen eyebrow tiny wrinkling: "old Cang, what happened just now?"

The ancient medical God Mou Zi was dignified, and immediately explained: "this giant stone is extremely high-level existence, and strangely, the giant stone is attached to a powerful remnant soul for some reason!"

"If there is no green lotus demon fire, you may have been taken away."

"It seems that the danger of the kingdom of God is far greater than ever."

"Lao Cang, is it safe now?" he said

Canggu medical God nodded: "safe."

When ye Chen hears the speech, he suddenly turns his hand. The long sword from Wang Dahai appears in his hand. He cuts out a knife awn towards the Qingtian stone.

That sharp knife awn, in contact with the yellow light fog moment, actually is like a bullock into the sea, lost its trace.

Ye Chen sees the shape, eyebrow tip a pick, this Qing Tian Shi is really magical.

Although the blade was cut by him, it was not small.

It's gone?

It's a pity that if you want to refine the giant stone into a weapon, you must break the innate Qi. Otherwise, there may be other side effects.

Immediately, ye Chen did not linger any longer. He drank a lot, and the power of breaking the sky ran wildly. His fists gathered and moved towards the Yellow mist!

Under the light of the Yellow mist, the blade rolled away!

One day later, ye Chen was sweating and panting. Even the muscle of refined steel, which was extremely strong, was also a burst of pain.

Ye Chen can't help but smile bitterly. The innate Qi of Qingtian stone is really terrible!

Under his all-out bombardment, Optimus stone has endured all day?

But fortunately, at this time, the light yellow fog, has completely dissipated.

The whole Optimus, exposed to the air.

The surface of this Optimus stone looks rather smooth, showing a light blue color, just like a jade pillar.

Ye Chen's arms around this Optimus stone, a big drink, is about to uproot this Optimus stone, income bag.

However, the next moment, ye Chen is a face color change!

His strength is unable to hold the whole giant stone!

In desperation, he can only continue to hit qingtianshi with bare hands. Although he does not have the innate spirit, it is still pure power, which is the most convenient way to separate the qingtianshi.

Just a moment ago, the giant stone may be worth ten thousand tons. Even if he uses the power of breaking the sky, he can only use one tenth of the giant stone.

Another day later, ye Chen finally blasted the giant stone into several pieces and put it into the storage bag. He looked at the stone in front of him. His eyes flashed with the thickness of three arms, nearly one person's length, and one arm's thick stone.

This stone, heavy to the extreme, and ye Chen to Qingtian stone as the main body, supplemented by a variety of high-quality materials, to create a long sword of terror!

If ordinary weapon refiners knew that ye Chen wanted to use the whole Qingtian stone as the main body, he would scoff at him. Even in the ancient times, those weapon refining masters only put some Optimus stones into the weapons!

Using the whole giant stone to refine? Let's not say, ordinary weapon refiners have no way to start. Moreover, I'm afraid that the weight of this weapon is not used, so I'll crush myself to death!

This Optimus stone cannot be forged into an artifact by ordinary forging techniques, and it can only be polished by having such a formidable force as ye Chen.

Moreover, if you want to train it into a weapon that can make the spiritual power circulate and drive, I'm afraid it will cost a lot of excellent spiritual materials! That is to say, ye Chen got all the high-grade ores in the spirit vein. Otherwise, I'm afraid it will take a lot of effort!

At that moment, ye Chen punched out a hole, poured the sea god stone, lingyanjing, shenyunyan and other excellent ores into the hole, and then stretched out his finger, a clump of blue flame, blooming at the fingertips, a terrifying high temperature, blooming!

It's the advanced flame!

Although Ye Chen refined Xuanyan internally and could not attack the enemy, there was no problem when Xuanyan was used to burn training materials after upgrading! Ye Chen fingertips a little, immediately those top-quality spirit material, the aura is generous, releases the astonishing spiritual power, but at this time the Xuan flame, I'm afraid, has tens of thousands of degrees!

Even if these spiritual materials are extremely high-level existence, they can not resist such terrible high temperature!

Gradually, those top-notch spiritual materials all turned into liquid containing powerful spiritual power!

At this time, ye Chen had a big drink, and the force of breaking the sky surged. He lifted the giant stone and poked it into the extremely hot liquid. Then, he hit the giant stone with bare hands and slightly melted by the high temperature!

Ye Chen has a dark flame, naturally fearless of such high temperature! However, the hammer and other refining tools in his hands may not be able to.

Gradually, the giant stone showed the shape of a long sword. At this time, ye Chen took out the handle of the beast decayed sword and melted it with the stone!

Ye Chen kept beating the giant stone, quenched it with high cold water, changed the spirit material, melted it, forged it again, and repeated the process

The body of the sword is shaped, and it is burning a raging flame.

This is like a sword representing endless force and flowing magma!

Ye Chen was soaked through.

He gasped a little!

At this time, the sudden change of the protuberance, that originally drilled into the red lotus demon fire unexpectedly came out!

Suspended in the air, it converges into a sword shadow of fire.

Ye Chen's expression is ferocious, after a few seconds, just open a way: "green lotus demon fire, I always want to refine you, but you resist everywhere."

"This time, do you want to blend into the giant stone

"Fire as a weapon?"

Ye Chen is trying!

The more powerful the flame, the more proud!

No warrior can be refined. How can he be willing to mix with the sword.

But!

A sudden change!

Green lotus demon fire unexpectedly nods!

Such a powerful flame really needs to gather in the body of the sword!

Ye Chen wants to say what, green lotus demon fire does not give ye Chen a chance at all! Straight into the sword!

Chapter 2464

In an instant, the fire was burning!

Around the temperature is rising Baidu!

This is a time of fire!

Although Ye Chen is a little uncomfortable, even some black, but he still choose to continue forging!

If he had made it himself!

Must be the best for him!

.....

Three days later, ye Chen looked strangely at a pale blue sword in his hand. The sword was forged with Qingtian stone!

After absorbing many excellent ores and the green lotus demon fire, the light of Daodao spirit fire will flow from time to time on the Qingtian stone sword. However, the fire light, due to the nature of Qingtian stone, is very dim.

The body of the sword forged by Qingtian stone looks very rough. It is more like a stone stick than a sword.

Because it's not sharp at all!

But if you look at it carefully, there are fire like runes carved on the body of the sword.

It seems to seal a very strong energy!

Even the ancient medical God sighed: "boy, even I think this giant stone sword is too ugly..."

Ye Chen has a bitter smile on his face. In his present time, he can only forge like this

It's impossible to forge the sword for seventy-seven forty-nine days for the sake of perfection.

It can also be beautified later.

Besides, although the sword is ugly at the moment, its power is absolutely amazing!

But soon, ye Chen's expression became more and more strange, because he found that the Qingtian stone sword, which had consumed countless high spiritual materials and even integrated into the spirit of animal decaying sword and green lotus demon fire, was full of aura, but it had no grade!

It's just the lowest spirit weapon. Let other weapon refiners know, I'm afraid we have to spit blood

This can't help but make ye Chen a little speechless

But then, ye Chen is the spirit of a vibration!

Although the appearance is not how, also does not have the rank, but its power, ye Chen actually does not have the slightest suspicion!

Far more than the beast decaying sword!

Even more than the treasure of the Wu family!

Immediately, ye Chen took a deep breath, the force of breaking the sky surged, and his whole body was shining with gold. After a sip, he began to dance the long sword of sky stone. Where the sword edge passed, it actually brought pieces of black holes!

Just dancing, it will cut the space into pieces!

In the mausoleum, ye Chen began to shake violently because of the long sword of the giant stone. The wind was howling and the space was broken. There were faint signs of collapse in the ruins!

Ye Chen sees this and puts away the long sword of Qingtian stone, spits out a turbid breath. In his eyes, he is satisfied and excited.

With this qingtianshi long sword, his strength is estimated to increase by 23% compared with the time when he used the beast decaying sword!

Moreover, he was extremely confident that the sword would never be damaged even in the face of the powerful weapons of the kingdom of God!

Since the long sword has been completed, it is time to give a name to the sword forged by myself.

Ye Chen thought for a moment that the whole body of this long sword is red and forged by Qingtian stone. The meaning of holding up the sky also means destroying the sky. The body of the sword is combined with the spirit of the animal decaying sword and the green lotus demon fire, so we name it Qinglian mietian sword!

After getting Qinglian mietian sword, ye Chen left Wanshi mountain. Instead of returning to Mang Mountain Villa, he went directly to Qinglan city.

The audition was held in Qinglan City, where he had entered the kingdom of God for the first time.

After arriving in Qinglan City, ye Chen went to the Tiansuan Pavilion for consultation. Under the advice of Tiansuan Pavilion, he found a good tool refining shop. This workshop is remote and inaccessible. In the shop, a young man with a light look was smoking a dry cigarette and looking at a worn-out book.

At the door, there is a signboard, which says: you need to prepare materials for refining tools, and the cost is 5000 yuan, the best Xuanling stone!

Ye Chen sees shape, complexion changes!

This price, how expensive!

This is not the lowest level of divine marble in the kingdom of God!

It's Xuanling stone with high exchange rate!

The mainstream currency of the kingdom of God!

What is the concept of five thousand Xuanling stone? Almost equal to all the property he got in the bag of Luo Wen, Wu Shangshan, Zhang Zi, etc!

When the young man saw Ye Chen coming, he just glanced at him lazily. He didn't even have the meaning of calling, so he turned his eyes back to the book.

There are several black lines on Ye Chen's forehead. It's strange that such a shop has business

However, just at this time, the ancient medical god suddenly said: "boy, give him the things. It seems that the inheritance of this man's refining utensils is not bad."

Ye Chen smelled speech, his eyes flashed slightly, and he didn't say much. He opened his mouth directly to the young man and said, "help me refine a body protecting magic weapon!"

After that, he gave the remaining top grade ore, the body of Dijiao, and the Xuanling stone from Zhang Zi and others to the smelter.

The smelter glanced at the material, nodded slightly and said, "come to me three days later." .....

Three days later, ye Chen came to the smelter shop again. Looking at a thin inner armor with faint blue light in his hand, he could not help but flash a surprise in his eyes!

What the ancient medical God said is true. The young people in this refining tool shop are really skilled!

The light inner armor in the hand is of high grade! Far more than all the armor on Ye Chen's body!

Ye Chen has been very satisfied!

The young man looked at Ye Chen's appearance and snorted coldly: "the loss is great."

After ye Chen was sent out of the shop, he stopped doing business and closed the door directly.

Ye Chen grinned bitterly. The temperament of these experts is really strange.

However, he did not wear the polycrystalline armor directly.

In this way, he will be more confident about the selection contest!

At this time, in the suburb of Qinglan, in a well-built manor, there was a young man sitting cross legged and breathing constantly. All of a sudden, the young man opened his eyes, and there were two silver lights in his eyes. The center of the silver light was just a little golden!

His white hair was still, and a strong breath rose from his body. The light flashed over the manor. However, there was an array of Dharma blocking the breath and preventing it from escaping.

Soon, the silver light was subdued, and then there was a happy laugh in the manor.

Outside the door, a stiff looking beautiful girl came in and said to the young man, "congratulations on breaking through the void."

If ye Chen is here, you will find that the young man is nameless!

Tianlei Island nearly killed Ye Chen's dengxuan list first, nameless!

In addition to the girl, there was a middle-aged man wearing a black robe with rusty dragon patterns outside the door. He was tall, had a terrible breath, and had a dignified face. He also said with a smile to the unknown: "jiuxiao, congratulations."

Originally, he was extremely cold and arrogant, and did not even give Lingwu those nameless people who were too empty and had no face. However, he was extremely respectful to the middle-aged man and said: "thank you very much, uncle. If you don't have the resources that my uncle gave me, I'm afraid jiuxiao can't break through to the present state before the selection competition."

Chapter 2465

This middle-aged man, named lingwuji, is a fourth-class force in the kingdom of God, the master of the spirit family. His strength is extremely terrible!

Speaking of it, this nameless and ye Chen after the first battle of Feilei island also had an adventure!

He has never met his parents since he was a child in Lingwu. He can only know from his jade pendant that he has a surname of Ling! However, by virtue of its strong talent and excellent mind, nameless has gradually risen and become the master behind Lingwu.

However, after the news that he was fighting in Feilei island came back to the kingdom of God, there was a family named Lingjia in the kingdom of God. They found him and told him that he was the blood of the spiritual family!

What's more, he is the son of lingfeiyun, the younger brother of lingwuji, the master of Lingjia family!

After the nameless family, also found their own name, lingjiuxiao!

Spirit has no pole a smile way: "nine Xiao, your strength now, to what level?"

Once nameless, now lingjiuxiao pondered for a moment and then replied: "invincible in the six layers of Taixu sky! It can even fight seven layers of heaven "

nameless in Lingwu land, it has always suppressed cultivation.

Even if the breakthrough can be made long ago, it is still suppressed!

If he wanted to break through at that time, he could even break through to the middle of Taixu at any time.

After entering the kingdom of God, he was even more afraid of the resources he had!

"Good!" Spirit Wuji heard the speech and laughed, "very good! Jiuxiao, I didn't tell you that the spirit body you have is called Forbidden spirit Dharma body, and this forbidden spirit Dharma body is more terrible than you think

"There are numerous demons in the kingdom of God. Naturally, it is not comparable to the land of Lingwu. Various extremely strong constitutions also emerge in endlessly. But among the ten million constitutions, there are several of the most terrifying spirits. Even in the kingdom of God, they often come out once every 100000 or even a million years! And these spirits are called the ten supreme deities

"Even the top powers will be flocking to the talents who possess these terrible spirits. Among the ten kinds of spirits, there are eight kinds of deities, namely, congenital poison body, fighting holy body, Zhenming soul body, Tianxin sword body, Shura demon body, Sha Xue spirit body, disaster evil spirit body, and forbidden spirit Dharma body!"

"There are two more, and my uncle doesn't know."

"However, my uncle has heard that there is still a kind of spirit which is invincible in the world. It is far more than the ten supreme deities. It seems to be called the reincarnation holy body. It has something to do with reincarnation..."

"Forget it, what do I tell you about this? It's impossible for this samsara to come out for hundreds of millions of years. I'm afraid this legend is a rumor..."

"Back to the forbidden spirit Dharma body, it is the blood of the ancestors of our spiritual family. Our spiritual family was very strong in ancient times. In the past ten thousand years, there was no genius in our spiritual family to possess the forbidden spirit Dharma body, and it gradually declined!"

"But now, everything is different! Jiuxiao, originally, even if you have the divine card, you usually come to select your disciples. At most, they are only the second-class forces. The top forces seldom participate in the selection. However, this selection competition has received the news that you were born. There are already first-class sects who have come to pick your disciples!"

With you, our spiritual family is going to rise completely! You are the pride and hope of our spiritual family

When he heard Ye Chen crush the existence of Taixu, he was afraid. He had planned to find a way to escape from the kingdom of God. At this time, the spirit family found him.

Although he succeeded in coming to the kingdom of God, he showed weakness to Ye Chen after all, which made him always proud and regarded himself as an invincible talent. He was still deeply rooted in his heart, and his heart of martial arts and Taoism was shaken.

But now, everything is different!

Now, he is the son of the spirit family. He is likely to succeed the next head of the family. He is in a very high position. At this time, he advanced to a higher level. He has the power of being invincible to the six layers of heaven of Taixu. He has one of the divine bodies. Even the first-class sect has to come specially for him. What else can Ye Chen compare with him?

No matter how strong Ye Chen is, he is just a waste in the land of Lingwu. Even if he comes to the kingdom of God, can he have a strong family background and be favored by the top forces at the same time? In terms of the future, two people can be said to be very different!

Therefore, now the nameless, has completely not put Ye Chen in the eye, the shadow that ye Chen left to him, also thoroughly dissipated.

After all, they are not at the same level anymore, are they?

A dog, even more ferocious, do you compare yourself to a dog?

Now, what he has to do is to consolidate his realm, and then, after three days of trials, he will shine brilliantly and shock four people. Let the name of lingjiuxiao be remembered by the whole kingdom of God!

Think of here, lingjiuxiao's mouth, floating a trace of sneer.

If ye Chen came to the kingdom of God and learned of his achievements, what expression would he have?

I'm afraid, scared to flee the kingdom of God, hiding in a corner, dare not show up?

Immediately, nameless to spirit Wuji way: "uncle, I want to consolidate the realm first." Spirit no pole nods, handed out a jade box way: "this, help to you."

Nameless opened the jade box, a strong aura, instantly filled the whole manor, even if it is nameless, also face a very shocking color!

In this jade box, it is a real ancient pill!

The value of one hundred thousand high-grade Xuanling stone!

Even if there is a bad situation, you will be excited and envious!

For him, the spirit family really laid down the blood cost!

With this pill, the foundation of the unknown realm will be incomparably stable. Originally, he was worried that he might leave some flaws if he advanced too fast.

Now, even the last trace of worry is gone!

Nameless can not help but show a very confident smile, silver eyes, but a cold.

Ye Chen, what are you fighting with me?

.....

At the same time, the Naran family.

The atmosphere was dignified.

In the middle of the main hall stands a beautiful girl.

Although girls wear simple clothes, but the temperament of the whole body makes people unable to climb up!

She is elegant and unconventional, and has a light spirit.

There is a strong spiritual power flowing around the body!

The whole body's blood vessels even appear faintly.

This is Ji Siqing, who was brought into the kingdom of God by Xia Lingqiu!

Xia Lingqiu's chance is the Nalan family of Shenguo!

Because of this chance, she became a guest of Nalan family in Shenguo!

After all, Xia Lingqiu's inheritance in Lingwu came from a respected elder of Nalan family in the kingdom of God!

Xia Lingqiu belongs to the elder's disciple and brings out many treasures to belong to the Nalan family in the kingdom of God!

The Nalan family naturally regarded Xia Lingqiu as her own!

Chapter 2466

But Ji Siqing can only become a maid of Nalan family at the beginning!

Can Ji Siqing never listen to any Nalan family orders!

The arrogant attitude made the Nalan family and Xia Lingqiu angry at that time!

The head of Nalan family wanted to put Ji Siqing to death, but he found that Ji Siqing's talent was amazing!

Training speed is very fast!

Even looking at the kingdom of God is amazing talent!

After that, the attitude of Nalan family changed greatly! What's more, it gives Ji Siqing countless resources to practice!

In their opinion, it would be a great honor for Nalan family to come out with a genius!

At the moment, the meeting of Nalan family is to decide whether to let Ji Siqing participate in the Shenguo selection competition!

Step on the stronger door!

"Master Nalan, I firmly disagree. Ji Siqing was brought by me. I understand her cultivation very well. She seems to be making rapid progress, but it is limited."

"I guess Ji Siqing can only stop at Taixu in his whole life, and he can't step into jiane!"

"This kind of person, there is no need to put her on the magic card, let her participate in the trials."

"What's more, she is so humble that if she goes to the selection contest, it will be a shame to the Nalan family."

Xia Lingqiu was the first to stand up against it!

All along, she has controlled Ji Siqing!

But if Ji Siqing with the help of a bigger springboard, step into other sects, then she is very difficult to control each other!

Therefore, no matter what, Ji Siqing must not participate in the selection contest!

But she knows Ji Siqing's talent, such talent, can't shine!

Even after stepping into the kingdom of God, Ji Siqing's talent is even more evil than the land of Lingwu!

She used all the means of inhibition and pills, all useless!

It's amazing!

At the moment, Ji Siqing is neither humble nor arrogant, his eyes are closed, and his breath seems to be totally indifferent to the outcome of the meeting.

She held the cold sword in her hand like a plum blossom blooming in winter.

Quiet, beautiful.

This is the only one.

Compared with the two, it seems that Xia Lingqiu is somewhat impetuous.

There are many disputes in the main hall.

Many talents of Nalan family are extremely jealous of Ji Siqing. Naturally, they also stand on the side of Xia Lingqiu, constantly sarcasm and ridicule.

Almost all people do not want to waste a card on God because Ji Siqing!

Ji Siqing is still as quiet as before.

"No one has to say much."

Suddenly, the patriarch Nalan above the main hall opened his mouth.

The scene quieted down in an instant.

Nalan patriarch's eyes fell on Ji Siqing, and the old voice rang out: "Ji wench, you haven't spoken all the time. Do you want to give up this opportunity?"

A few seconds later.

Ji Siqing always closed his eyes, but his red lips moved: "the Nalan clan leader already has the answer, hasn't he?"

With that, Ji Siqing turned away!

Even don't give Nalan any face at all!

At this moment, the main hall exploded!

Innumerable abuse!

Xia Lingqiu knelt down in front of Nalan patriarch and said, "patriarch, this daughter is stubborn and disrespectful to you. I suggest confinement and torture!"

"We agree!"

"What attitude does Ji Si know?"

Countless harmony rings!

However, the patriarch Nalan laughed, stood up and released his momentum!

"Everyone need not say much, Liu Changlao, give Ji Siqing a magic card!"

"If anyone dares to stop! There is no mercy for killing

In an instant, the whole world was silent!

Xia Lingqiu is confused!

Everyone is confused!

.....

Three days later.

Qinglan City, a very luxurious, broad enough to accommodate tens of millions of people outside the fighting field, but at this time, it is very noisy, very lively!

Because, the annual zongmen selection competition is about to start!

This trial, for many contestants, is the turning point of their own destiny!

After the trial, some people leaped into the dragon's gate and became the yearning of thousands of martial artists.

Some people, disappointed, perhaps he was also a generation of arrogance, the object of attention, but from then on they will disappear, unknown.

Even, some people will lose their lives in this competition!

Also because of this, every year's selection competition, each young talent collides with each other, is also wonderful!

Not only the people in Qinglan City, but also many other cities and even some martial artists from other places came to participate in this grand ceremony!

And among the crowd, ye Chen is also among them, waiting for the contestants to enter.

At this time, a black-and-white robe in front of the crowd, a pale face said: "with the God card players, follow me."Ye Chen's eyes flashed. He knew that this was the unique costume of Shenmeng.

This man is the envoy of the kingdom of God!

At that moment, his steps move, with this God to go, that God to check on the God card, looking at Ye Chen, but a frown!

This is not an ordinary trial, but a trial for the highest level and prepared for big forces. Ah, the lowest is the fourth class.

A boy from the frontier is coming?

To seal the door, let alone the top forces like Shenmeng, even in the fourth class forces, they are just equivalent to the servants' disciples. To participate in the selection competition of this level is tantamount to seeking death!

Not only this God envoy, but also many contestants with the magic card, looked at Ye Chen with a smile on his face.

Every year, there are some clowns like Ye Chen who are lucky enough to get the magic card and dream of turning over a salted fish. In the selection competition, they are disgraced.

Even, some people have counted that in the past 1000 years, there were 1350 candidates who participated in the trials. What happened to these 1350 people?

Ha ha

Of them, 320 were seriously injured, 130 were withdrawn, and the remaining 900?

None of these 900 people have been selected by any force!

These people, without exception, are dead!

Moreover, still died in the first round competition!

These people's performance is different, some even very funny, the only common ground is weak!

Too weak!

However, these self defeating gatekeepers can bring a lot of laughs to the audience.

The God emissary didn't say much. He let Ye Chen enter the arena directly. The principle of the alliance of gods was that he only looked at the divine cards, not the contestants.

Even a pig, with a magic card, can also participate in the trials.

At this time, in the fighting arena, there is a separate exquisite attic, which is the VIP seat in the arena. At this time, in the attic, there are two people sitting on the main seat. One is a white haired, ruddy face, crane haired and childlike face, with bright eyes, and wearing black and white robes.

Sitting with a woman in a black gauze skirt and a veil, she exudes an extremely cold and horrible atmosphere.

Although the woman with a veil, can not see the face, but one of her eyes, comparable to the stars, bright to the extreme, simply, can light up the whole universe!

Chapter 2467

She is tall and tall, set off by the black gauze skirt, incomparably exquisite, concave and convex, it is like a perfect work of God, full of fatal attraction to any man!

Even with a veil, it is not difficult to judge that this woman must be the most amazing beauty!

Moreover, she exudes a kind of cold and dangerous breath all over her body, let her charm, crazy growth!

The temperament of a woman with black skirt is similar to Lin Yaqin, who ye Chen once saw. However, the sense of danger given by a woman is not comparable to Lin Yaqin!

This undoubtedly comes from the strength of this woman against the sky!

The breath of these two people is equally unfathomable, but it seems that the old man of Shenmeng is very respectful to the woman with black skirt!

At this time, Shenmeng old man stood up and said with a smile to the black skirt woman beside him: "fairy, I'm going to preside over the first round of test."

The woman, known as the fairy, nodded her head with a light look: "I'm old with hard work."

The old man went to the attic. Outside the attic, there were five men and a woman waiting here. All these people came to participate in the selection competition on behalf of the third and fourth class forces.

There are three forces: long Chen, the young patriarch of longyuanzong; the son of tulimen; the son of Wanjia; the saint daughter of yishuimen.

Their ordinary status is not noble! But at this time, they can only wait outside the attic, and even have no qualification to enter the attic to sit down!

It can be seen that the black skirt woman in the attic, how terrible the identity is!

Several people see God alliance old man, see ceremony one after another: "Wen old good."

All the trials have always been held by Shenmeng, and this old man has always been responsible for the highest level trials, which are called Wen Tianli.

And he, is also the bone old mouth, that day sex gambling also has the dragon heart fruit person!

At this time, Wen Tianli went to the center of the fighting field, and a group of competitors also entered the arena.

Ye Chen looks at this Wen Tianli, can't help but pupil micro contraction! This person's strength, good terror! With his present vision, he could not distinguish the realm of Wen Tianli!

This can only show that the realm of Wen Tianli is far higher than ye Chen's strength!

At the same time, ye Chen's eye light can't help blinking slightly. He knows that longxinguo is in the hands of Wen Tianli.

Wen Tianli looked around the crowd, and the noisy arena immediately quieted down. He said slowly: "you are no stranger to me. I am the God alliance Wen Tianli. Next, I want to explain the rules of this selection competition. For us martial arts practitioners, the most important is the three events of body, spirit and combat, corresponding to which, the selection competition is divided into three parts For three rounds, those who are promoted can go on to the next round, and the first round is the physical examination! "

As soon as the words fell, Wen Tianli's hand was raised. It was a black iron casting with black air, which was inserted into the center of the fighting field!

In an instant, time, as if frozen.

At the next moment, a strong pressure swept the audience!

The defense light curtain of the fighting field is all crazy flashing, Rao is so, the audience can't help but hold their breath, a breath that makes their soul tremble, submerge them!

The contestants in the fighting field have changed their faces!

Wen Tianli said slowly: "the so-called body is the physical quality of the warriors. If we say that martial arts is a boat, carrying the warrior to the supreme Road, then the body is the oar. If the warrior does not have a strong physique, it will be difficult to walk along the road. The first test is very simple. If you can withstand the pressure and get close to the magic iron within 10 meters, you will pass the test!"

The magic iron is about 100 meters away from the crowd.

And ye Chen, looking at that magic iron, is a light look. What this magic iron sends out seems to be a kind of powerful evil spirit. To him, it is nothing.

But at this time, the ancient god of medicine light Yi a way: "unexpectedly is extremely evil spirit?"

"Extremely evil spirit?" "What is this?" flashed a trace of doubt in Ye Chen's eyes

Canggu doctor said: "boy, this magic iron is best to get hold of! Extremely evil spirit, it's of great use to you! The white tiger eats Geng gold, and the broken God ape is also known as the Tiansha devil ape, because they take this extremely evil spirit as the jade liquid! If you can get this magic iron, it's good for your strength! It will do you more good for breaking the sky

When ye Chen hears the speech, he looks ecstatic. Although his strength is good now, he can be placed in the great power of the kingdom of God, but there is still some inadequacy to see. It is the time for him to be promoted crazily!

But immediately, he frowned and said, "this magic iron is a gift of Wen Tianli. It can't be given to me for no reason."

The ancient medical God pondered for a moment and said in a deep voice:

"then, we can only absorb the extremely evil Qi above the magic iron in this competition! Boy, get ready, even with your current constitution, it may be life-threatening! "

If ye Chen's constitution was not against the heaven, the ancient medical God would not have put forward such a proposal.

Ye Chen hears the speech, the corner of the mouth raises a smile, life danger? If he was afraid of death, how could he be today? At this time, after Wen Tianli's explanation, he was preparing to leave the arena when a man's voice rang out in the arena.

"Dare you ask Mr. Wen, if the magic iron is accidentally damaged in the competition, can Shenmeng investigate the responsibility of the contestants?"

Wen Tianli was stunned at the speech, and then showed a trace of irony and impatience in his eyes, damaging the magic iron? What are you thinking? With these contestants, how dare they destroy the magic iron?

Ha ha

If magic iron is so damaged, it will not be used as a test device.

This magic iron is inherited from ancient times. Even if Wen Tianli hands it himself, he is not sure that it can be damaged. What are these competitors? Dare you ask such a question? It's funny. It's a waste of his time.

Wen Tianli's ideas are similar to that of most of the participants and the audience. However, they are also curious about the speakers and want to see who is so arrogant?

Immediately, Wen Tianli and others cast their eyes on the speaker.

This person, of course, is Ye Chen!

In an instant, the whole fighting field fell into silence

However, just a short second later, it burst out a shocking laughter!

Wen Tianli's face was black. If any monster with extraordinary talent asked such a question, it would be enough.

But a garbage must die, it is almost to die, the existence of a sensational seal door, it is not funny enough, but also in order to attract other people's attention, to play crazy here?

Indeed, some martial arts practitioners want to be famous, want to get the favor of the strong, want to be crazy, in order to attract people's attention, in order to improve a little popularity, even the face is completely not wanted!

Wen Tianli only felt sick to such people!

Immediately, he snorted coldly, did not have any meaning to answer, and then he would leave with his sleeves!

But ye Chen, it is not let go!

Seeing that Wen Tianli is leaving, ye Chen asks again: "please, master Wen, answer my questions, otherwise, I can't have a peaceful competition!"

Wen Tianli suddenly turned around, his face full of anger, and he was on the verge of explosion. He gazed at Ye Chen and said coldly in his voice:

"boy, if you can destroy this magic iron in the competition, you can try it. This is the object for comparison. My God alliance will not investigate your responsibility! okay! Don't talk nonsense. The game begins

Finally, he looked at Ye Chen coldly and said with a sneer: "destroy the magic iron? Hehe, is it up to you? In my opinion, as soon as you get close to the 30 meter range of magic iron, you will turn into a pool of meat mud? "

After that, Wen Tianli flashed his body, disappeared in the fighting field and returned to the attic.

Chapter 2468

After Wen Tianli left, countless people cast a smiling look at Ye Chen, obviously regarding Ye Chen as a clown.

Ye Chen is indifferent, his purpose has been achieved.

1、 Be sure to absorb this extremely evil spirit, do not have to bear responsibility.

2、 Attract the attention of Wen Tianli.

He also wanted to stimulate Wen Tianli to fight with his gambling.

But among the many martial arts practitioners, there are two people look startled!

One of them, of course, is nameless!

He did not expect that ye Chen came to the kingdom of God so soon, and he also got the God card!

However, soon, in the nameless silver eyes, is the cold light flickers, the corner of the mouth appears sneer.

Very good, very good!

This trash, unexpectedly, went to the kingdom of God and participated in the same trial with him?

This is not a chance for God to wash away his shame and crush Ye Chen thoroughly?

This trial, he wants to let Ye Chen, be thoroughly trampled on the foot, there is no slightest chance to turn over!

The other is a veiled girl!

It is Ji Siqing sent by Nalan family!

At the moment, Ji Siqing's whole body exudes ethereal meaning, and under the veil, there is a beautiful smile.

"This guy, come to the kingdom so soon?"

"It seems that I'm going to be a little bit more restrained."

"I want to give you a big surprise."

"But not now."

"This time, I'm the green leaf."

.....

At this time, a group of martial arts are also ready to bear the extremely evil spirit, close to the magic iron.

The voice of the ancient medical God sounded in Ye Chen's mind: "boy, if you want to absorb this extremely evil spirit in the competition, you must refine the blood of the God ape in your body again

"How to do it?"

After the ancient medical God told ye Chen the method of refining, ye Chen's face changed slightly.

There was a big bang, and all the warriors were summoning their spiritual power and went towards the magic iron.

90 meters, everyone's speed is very fast.

Eighty meters. It's starting to make a difference.

At 70 meters, there were already several warriors who left behind a group of competitors. After 60 meters, the speed of all the fighters finally slowed down.

But at this time, there is a person, just started the pace, even, has not passed 90 meters!

The audience looked at the man with a strange look on their faces.

This man, is not just the one who just talked wildly and asked Wen Tianli what to do if he destroyed the magic iron. Does the seal exist?

Although, everyone knows, this person's strength is very rubbish, has no hope to enter the next round, but this is too exaggerated?

Up to now, others have reached the position of 60 meters, but he has not even passed 90 meters?

What's more, the most important thing is that ye Chen didn't deliberately slow down his speed. Seeing his appearance, he was totally struggling!

People look at Ye Chen and sneer in succession. They are all contemptuous. But what makes them wonder is why Ye Chen is carrying a bloody sword?

At this time, ye Chen is struggling to move forward, his veins are bursting, and his meridians are constantly breaking. At this time, he not only bears the pressure brought by the extremely evil spirit, but also carries the weight of the frightening green lotus to kill the sky sword. However, ye Chen hardly uses the force to break the sky!

The ancient medical God said in a deep voice: "boy, hold on! If you want to polish your ape blood and stimulate its potential with the weight of the extremely evil Qi and the green lotus sky destroying sword, you can't use the power of breaking the sky. Only in this way can you absorb the extremely evil Qi on the magic iron in one breath

Ye Chen nods secretly, what he has done now is almost the same as when he practiced blood into the marrow.

Looking at Ye Chen in the 90 meter position, are so hard-working appearance, the audience, can not help but issued bursts of hiss.

Wen Tianli, sitting in the VIP loft, snorted coldly and said with a smile, "this boy, you ask me the consequences of damaging the giant stone?

Hehe, originally, I thought he was at least a little bit dependent. In fact, he was much worse than I imagined Originally, although he disdained, but also did have an interest in Ye Chen, but now, he has been completely disappointed, dead heart.

At this time, a group of martial arts practitioners in front of Ye Chen, the fastest has reached the position of 20 meters!

Originally a relaxed and leisurely appearance of the contestants, to 20 meters later, look dignified.

At the same time, 30 meters above, a young man in white, his face was very painful, his whole skeleton, all issued a click click, acid teeth friction sound, his body constantly shaking.

He seems to know that he has reached the limit, but a trace of unwilling color flashed in his eyes. He raised his foot again and stepped forward!

At the next moment, there was a muffled sound coming from the young man's body. His face changed violently in an instant, and he even had no time to scream. The whole man burst into a cloud of blood! Many of the contestants who followed the man in white changed their faces. Many of those who were still struggling to see the man's fate were hesitant. Then, they retreated and gave up the challenge.

Thirty meters! For all, it is a barrier!

They know that at 30 meters, they and others feel pressure. Even if they can continue to move forward, they will hardly have a chance to advance to the next round. Moreover, they will be injured and even die!

Soon, there were very few competitors left in the arena.

Most of the contestants stopped at 30 meters and 20 meters. After breaking through 20 meters, there were only eight people still moving forward!

Among these eight people, more or less, they were all reluctant, and their speed slowed down completely. Every step they took seemed to exhaust their whole body's strength. It was extremely hard!

Except for one person.

A handsome man with white hair, a green robe, silver eyes and golden eyes.

In the crowd, he did not walk fast, but his steps were steady, as if he were wandering in idle court.

In his body, surrounded by a layer of light silver, that is endless, for other contestants, heavy as the extremely evil spirit, for nameless but seems to have no impact!

In the VIP Pavilion, Wen Tianli looked at the unknown and was shocked. He said to the woman with black skirt: "fairy, is this the super demon with forbidden spirit body? If the spirit body is really strong, the evil spirit of evil iron seems to have no influence on him?"

It seems that he is the first in the test

The black skirt woman did not speak, but looked at the nameless eyes, also flashed a trace of satisfaction.

Soon, the first contestant to enter the 10 meter range appeared.

He is a talent from the Lin family of Jiuguang mountain, named Lin Yu.

Chapter 2469

As soon as Lin Yu stepped into the 10 meter range, he quickly retreated. He knew that he had reached the limit! But even so, there was a burst of applause from the audience!

Even Lin Yu himself is very proud of himself!

You know, except for individuals, almost all the people who can get the divine card to participate in the selection competition are gifted gods and demons. There are nearly a thousand people participating in the selection competition!

Such a large number of demons, who may finally pass the first round of physical examination, are only eight people. As for Ye Chen, they have automatically ignored it.

So, to be able to pass the first round, is very, very excellent!

Among the eight, except one who was seriously injured and vomited blood at 11 meters away and withdrew from the competition on the spot, the remaining seven passed the first round of physical examination successfully.

However, most of them stop at 10 meters and 9 meters, and the best result is only 8 meters.

Even Ji Siqing also walked around casually, and finally could only barely advance. Instead of continuing, he chose to leave.

Now, in the arena, there are only three people left who are still advancing!

Ye Chen, nameless, there is also a man in a black cardigan, bronze complexion, cold complexion.

This man, named Yuanlu, was not a man of the kingdom of God, but the first evil spirit from a wasteland.

Its status is similar to Ye Chen in Lingwu.

As the most powerful genius in the wilderness, Yuan Lu was naturally proud to the extreme. He coldly glanced at the unknown. Although he was not a man of the kingdom of God, he also recognized the nameless forbidden spirit Dharma body!

The forbidden spirit Dharma body of one of the divine bodies!

However, even so, Yuan Lu did not have the slightest timidity, but inspired his fighting spirit!

Only such an opponent is worth his challenge, isn't it?

If you step on the owner of the divine body, you can prove that you are the ultimate super demon!

All of a sudden, in the fighting field, there was a clamor like a tsunami.

Because, at this time, Yuan Lu has broken the previous record of the contestants and entered the position of seven meters!

Not only that, Yuan Lu drank, the spiritual power in his body was running to the limit, bursts of black light, covering Yuan Lu's body, and the breath of Yuan Lu's whole people began to rise rapidly!

Next moment, boom!

Yuan Lu quickly took three steps, extremely powerful three steps, each step, let the whole fighting field shake a bit!

Every step is one meter!

Three steps later, Yuan Lu has come to the distance from magic iron, four meters!

Terror!

It's horrible!

Not only the audience, but even the envoys of the third and fourth class forces can't help but look eager!

The talent of Yuan Lu is too strong! Although they know that anonymity is the ultimate genius with the body of God, they have no idea and dare not have an idea.

The black skirt woman, named Tu Lanxin, is a super strong one of the God Jizong. Her status is extremely respected in the kingdom of God. This time, she came here specially for the talent who has forbidden spirit Dharma body!

Even if these three or four forces dream of a genius with a divine body.

But, competing with such forces for disciples? That's just looking for death!

However, at this time, Yuan Lu's amazing performance even made people have a glimmer of expectation.

Maybe this Yuan Lu can defeat the genius who has the Divine Body in the physical examination?

Yuan Lu himself is extremely proud, he left behind that kind of God body genius, isn't he?

The so-called God body, but so!

Even, Yuan Lu also turned his head and looked at the nameless with provocative eyes.

Then, he turned his head, his whole body was full of spiritual power, and the black light on his body surface became more and more intense!

People, shocked!

It's four meters!

This Yuan Lu, unexpectedly still want to move forward, challenge?

You know, the history of this trial has been ten thousand years. All the testing instruments used in the physical examination are the weird and frightening magic iron!

And over the past ten thousand years, how many geniuses, demons, can be close to the magic iron within three meters?

Less than a thousand!

Don't think that thousands of people, this number is very large, you know, every year, there are thousands of talents to participate in the selection competition!

Can tens of thousands of people, only a thousand people, breakthrough three meters!

Now, Yuan Lu is going to challenge this limit and become one of the thousand people!

Scene, boiling!

Not only the envoys and representatives of the three and four forces, but even Wen Tianli was shocked!

Yuan Lu's talent is terrible!

"Ah, ah, ah, ah, ah!"

Yuan Lu roared wildly, his body surface turned to blood red color, his body was about to burst under a strong load, but he didn't have the slightest intention to retreat, on the contrary, he was more blood boiling, more reckless, is bound to step out of this step! Roar, is another earth shaking noise!

Yuan Lu's step has been taken!

It's a complete step!

He actually stepped three meters close!

Yuan Lu's eyes trembled, in the eyes, is ecstasy! Indescribable ecstasy, he successfully proved himself!

He is the most outstanding talent in this trial!

Then, he turned his head, and now he is the presence of all the attention. Naturally, he should ridicule the divine genius behind him.

However, when Yuan Lu turned his head, he was stunned.

Not only Yuan Lu, but all the audience were stunned!

Why?

Because, behind Yuan Lu, there is no one, except ye Chen in the distance!

What about anonymity?

Isn't he, following himself?

How did it disappear?

Yuan Lu was a little confused.

"You see!"

Just then, a spectator, with a cry of surprise, held out a trembling finger and pointed in a certain direction.

People followed his eyes, including Yuan Lu, who also looked in the direction he pointed to.

At the next moment, the whole fighting field was silent

The real silence, if no one else!

Why?

Because, that person points to, is the position of magic iron!

At this time, in front of the magic iron, standing a figure!

A smile, look cold and proud, white hair and silver eyes of the figure!

It's nameless!

All of us are almost going to stare out of our eyes!

Zero distance!

Real zero distance!

Nameless at this time, is to be in close contact with magic iron!

What's more, at the moment, nameless looks like it's a light hearted look, as if you can't feel the slightest pressure!

How could that be possible?

Nameless, directly created history!

In the past, has there been a genius who has zero contact with magic iron?

Yes, there are. However, in the past ten thousand years, there have been less than ten

However, none of these talents can be as relaxed and comfortable as nameless!

Yuan Lu's mood was completely broken down

Originally, he was proud of his breakthrough of three meters, but what about others?

Direct zero distance!

What is the gap?

What's more terrifying is that he is beside the nameless, but he doesn't feel when the nameless passed by his own side!

Chapter 2470

This naturally has the reason that he resists extremely evil spirit with all one's strength, but it is enough to show how fast the nameless speed is!

In other words, nameless easily across the obstacles they can not cross!

The difference between heaven and earth.

Yuan Lu lowered his head, and his eyes darkened, but soon his eyes began to condense again.

In the first round, he lost, but there are still three rounds left?

Then, Yuan Lu retreated. Three meters was his limit.

At this time the nameless, looking at Yuan Lu, is sneering.

Want to compare with yourself? Does he deserve this Yuan Lu?

What is forbidden spirit Dharma body?

Forbidden spirit Dharma body can block all kinds of spiritual power, even the power of artistic conception can be banned. This extremely evil spirit, of course, is the same!

Therefore, he did not rely on physical strength, but on the power of forbidden spirit Dharma body to block the extremely evil Qi, which was not affected at all!

This is almost the same as cheating! Nature is invincible!

However, in the final analysis, it also depends on the nameless one's own constitution. In the first round, the test is the strength of the constitution, isn't it?

Therefore, nameless is not a violation of the rules, only to say that his God body is too rebellious! Against the sky to the extreme!

In the field, burst out a burst of cheers, like a tsunami! The sound shakes the sky!

All people cast awe and admiration to the nameless!

What is the eternal evil?

This is called the eternal demon!

Seeing the nameless performance, all the talents have the most profound experience of the word "amazing"!

Excellent!

Nameless at this time, did not exit, but with a confident smile, enjoying the gaze of the public, this feeling, very good.

Originally, he went upstream alone in Lingwu. In order to ensure his own safety and enough time for him to rise and grow up, he has always been hiding in the shadow, hiding behind the curtain, never showing his reputation, leading to many people do not know his existence.

But now, he can enjoy all the glory!

Because, he is a god body genius!

It is the God body genius in the top power phase! It's the spirit body genius supported by the spirit family!

Who dares to touch him?

The audience was almost immersed in excitement and shock, with only two exceptions.

These two people are Gu Lao and Yin Ming!

At this time, they all frown and look at Ye Chen.

Nameless has been in contact with magic iron, but ye Chen is still struggling in the position of 80 meters

The performance of the two is simply a comparison between dragon and mole ant

Yin Ming said anxiously, "master, what's wrong with Ye Chen? Why does he look so hard? Is this magic iron to Ye Chen what restraint? "

In her heart, ye Chen is the God, is the legend of invincibility, is always the best existence, how can it lose to others?

But the reality is, ye Chen can't

Even if Yin Ming tried to deny it, she couldn't.

Gu Lao's eyes twinkled, shook his head and said: "it should not be. This magic iron releases extremely evil Qi. Except for the ultimate genius who has the terrible constitution like the divine body, he can suppress it without being affected. For other martial artists, the effect is similar. Otherwise, it will not be used as a test device."

"But We believe in Ye Chen. Maybe he will give us a surprise. "

But although Gu Lao said so, his eyes were still filled with disappointment. He knew Ye Chen's hard-working appearance. He didn't pretend to be. He even doubted that he was really wrong about ye Chen?

In fact, ye Chen is not as rebellious as he imagined? So the potential is infinite?

You know, he has high expectations for ye Chen!

Even if ye Chen has a chance to enter the shenjizong and the Shenmo pool, if he is not qualified enough, don't mention helping him get back the things for his life. Once he touches Tianchi, he will be burst by pure and extreme energy!

At this time, nameless is looking at Ye Chen, showing a faint smile at the corner of his mouth and saying in a loud voice: "Ye Chen, ye Chen, originally I only knew you were a waste, but I didn't think that you were so useless?"

I advise you, or hurry back to Lingwu land? Don't be in the kingdom of God, it's disgraceful

The crowd was stunned again, and then they showed interest and curiosity. They knew that nameless was talking to the trash who was still struggling for 80 meters. How could this super monster know the trash?

Like, you still have a grudge against that trash?

That's interesting!

What's more, ye Chen is still from Lingwu land?

When they heard the speech, they had such a smile on their faces.

One after another, they said, "I said, how can we, the warriors of the kingdom of God, trash to this extent?"

"In this way, everything makes sense." "Ha ha, this kind of waste comes to our kingdom of God, and it pollutes the air of the kingdom of God!"

"Even if you lose face, this garbage is associated with Lingwu mainland, and you will lose face together!"

Listen to the endless insult and ridicule, nameless face with a smile, he is to hit Ye Chen, die to hit Ye Chen!

Don't give ye Chen a chance to turn over!

The gap between himself and ye Chen is deeply engraved in Ye Chen's heart.

They are familiar with the general wind, but they don't care about the wind.

Originally, he had always kept his body in the extreme state, and relying on the stimulation of extremely evil Qi, he let the blood of the divine ape activate itself and melt into his bone marrow to resist the terrible pressure. He had no extra spirit and paid attention to other competitors.

But at this time, he slowly raised his head.

In front of the line of sight is a familiar figure.

Green robe, white hair, silver eyes and golden eyes!

Nameless figure!

That, killed a lot of xuanyuezong disciples, that let their own women have a life-threatening, nearly tragic death, that let their master, let their master seriously, let the people they care about grieve!

"Ah

Ye Chen's eyes, red in an instant, sent out a thunderous roar, killing explosion, against the sky!

He stares at nameless and says, "today, tomorrow, I, will, kill, you!"

He let nameless escape once, but, never let nameless escape a second time!

But all of a sudden, ye Chen pupil suddenly shrinks, the whole body bone explodes, bang bang bang!

The next moment, on his body, it was burst out of several blood fog!

"Ye Xiaozi, restrain your mind! If you are distracted now, you will fall short of success, and you are likely to be seriously injured! "

Ye Chen took a few deep breaths, barely suppressed his killing intention, lowered his head, and inspired the blood of God ape!

Unknown see, cold smile, turn to leave.
