Chapter 2521

At this moment, the crowd was furious.

They even suspect that the person in front of them is really a mentor?

Call a servant in front of them as elder martial brother?

Are you sure it's not a brain problem?

Ye Chen took a deep look at tutor Zhang, frowned slightly. After taking the token from the middle-aged woman directly, he said to Zhou Yuanxin, "Yuanxin, let's go."

Zhou Yuanxin nodded and didn't ask any more. He knew that ye Chen must have his reason to do so!

After that, they left Lingyuan Pavilion.

Tutor Zhang's eyes flashed slightly and shook his head. The wind was clear and mysterious. It was once a taboo of the kingdom of God.

He can't identify himself directly.

Even if he made it clear, would ye Chen accept it?

I can only approach this elder martial brother step by step through my own behavior.

Although Ye Chen left like this, but after he killed Yuan Dao, his reputation was also spread in the Shenjizong!

.....

After leaving the Lingyuan Pavilion, they came to the magic pool.

Zhou Yuanxin said to Ye Chen, "elder brother ye, this magic pool is the signboard of our sect! It is said that this is the founder of our God extreme sect who got a piece of essence of gods and demons. He not only relied on the essence of gods and demons, but also rose strongly and became one of the strong men standing at the peak of the kingdom of God at that time.

The spirit of gods and demons, which has not been refined, has been left in the Shenjizong and created the magic pool with supreme power! Take this as the disciple to wash the tendons and cut the marrow! Enhance the potential! "

Ye Chen looked at not far away, in a burst of very strong white fog under the cover of the forest, eyes, flashing a glimmer of excitement, magic pool, in that forest!

"But..." Zhou Yuanxin continued with some regret: "the magic pool was originally divided into the outer pool and the inner pool. Now all we can enter is the scope of the outer pool! Ten thousand years ago, the outer pool was not as full of energy as it is now, which makes it impossible for ordinary disciples to enter it! "

"Oh?" Ye Chen came to a trace of interest and said, "talk about it."

Zhou Yuanxin said: "the reason why our external pool is so terrible that ordinary disciples can't use it is that the inner pool of this magic pool has not been opened for thousands of years!

and the energy of the inner pool, known as the essence of gods and spirits, has been accumulating for tens of thousands of years and has begun to spill over into the outer pool, so that the energy of the external pool has increased countless times.

But improving is not necessarily a good thing! Tens of thousands of years ago, the inner pool of the magic pool was the most evil spirit of our sect. The next leader's successor was qualified to use it!

ordinary people simply can't afford to breathe the energy of the essence of the devil into the body.

"But ten thousand years ago, I don't know what happened. The original leader's successor disappeared, or he went missing with the soul stone that entered the inner pool!

As a result, in the next tens of thousands of years, no one could enter the inner pool! The outer pool is not available to ordinary disciples. It is also for this reason that there are so few contribution points needed to enter the magic pool. However, even so, the outer pool and the inner pool can not be compared. I really don't know what kind of demon the leader's successor is! "

Ye Chen hears the speech, but in the eye lights up two blazing rays! Zhou Yuanxin on one side was startled!

Ye Chen, what's the matter?

At this time, ye Chen, in my heart, will be happy to bloom!

Why?

Because the soul stone entering the magic pool is on him!

Surely the thing that Gu Lao asked him to take away is also in the inner pool?

In this way, Gu Lao was not an ordinary disciple ten thousand years ago! It's the successor of the leader of shenjizong!

In a place like shenjizong, which is full of evil spirits, only the leader inheritors are qualified to use the inner pool. The energy contained in it must be unimaginable!

What will become of such terrible energy after accumulating for ten thousand years?

With Ye Chen's nature of mind, they are excited to tremble!

, the essence of the gods and spirits accumulated over the past ten thousand years will be cheaper than him!

Ye Chen some silly smile, waiting for him to come out from the magic pool, do not know, in fact, how much strength will rise?

Immediately, ye Chen some can't wait to walk towards the woods immersed in the sea of fog!

But at this time, his eyebrow heart tingling feeling spreads!

Zhou Yuanxin also found something strange and said in surprise: "your eyebrows What's going on? "

Ye Chen Mou son a sink, then to Zhou Yuanxin way: "God devil pool, I will go a few days later, now I want to leave God Jizong a few days."

"You take a few days off for me."

Zhou Yuanxin just want to say something, ye Chen is disappeared!

His eyes are full of excitement!

Just because just now a voice came from the devil emperor!

Let him meet in a place in the kingdom of God!

Has the demon emperor recovered to its peak?

.....An hour later, ye Chen finished all the procedures and successfully left shenjizong.

Originally, the servant disciple could not leave at will.

However, to Ye Chen's surprise, the tutor Zhang came to the hall on his own initiative, declaring that this departure was his mission to Ye Chen, and that all the consequences should be borne by tutor Zhang.

At the time of leaving, tutor Zhang is full of smiles on his face and insists on sending Ye Chen out.

"Elder martial brother, I'll wait for you in Zong Nei. If you have something to do, you can just shout."

"Since the younger martial brother is here, the elder martial brother will never worry about his future!"

Ye Chen:

At the same time, Tianji Taoist temple.

The Taoist priest's eyes opened abruptly.

This time he determined Ye Chen's whereabouts again.

Originally, ye Chen was out of the way of heaven, and any technique should not be found.

But Tianji daoren skillfully determined Ye Chen's whereabouts through the chaotic star tree in Ye Chen's body.

The chaos star tree is stained with Tao and cause and effect, and belongs to the same origin as the heaven's mechanism, Taoism and man.

The whole process is troublesome, but not too difficult.

However, at the moment, the Taoist of Tianji looked at the tortoise shell on the table with a heavy look and murmured: "it seems that Xuanyuan ink evil is not so easy to cheat. The martial uncle left the shenjizong, and the fluctuation of the blood stained causality array occurred. The Tiandao Palace should be able to obtain the general position of the martial uncle by some means."

"What I saw just now should be the confrontation between tiandaogong and martial uncle soon!"

"Damn it!"

"It's just that this hexagram is not a bad one. Is there a turning point?"

"At this time, why do you want to leave shenjizong and leave the shelter?"

"Xuanyuan ink evil has set up boundaries in many places. Once it is close, it will be detected."

"Uncle is too careless."

"It's just like a sheep in a tiger's mouth! I have to do something. "

However, as soon as Tianji Taoist was ready to leave, he felt something. He finally chose to sit down.

Since it is not a sign of great evil, he must not be exposed.

Chapter 2522

At this moment, in the palace of heaven.

Xuanyuan moxie, the leader of the palace, still practices on the Dragon God in the hot sky.

His breath grew stronger.

All of a sudden, the starlight ball in front of him suddenly flashed with unusual luster. He raised his head slightly, frowned at the corner of his eyebrows, and looked more and more fierce. He waved a colorful light wave across the starlight ball.

Hoo Hoo Hoo!!

Whoa!!

There are many colorful ripples in the starlight sphere. After the ripples break up, a unique scene is displayed.

It's like a projection, showing the shape of a street.

A very vague young man walked in the middle of the street, wearing a black robe, carrying a sword, and scanning the surrounding environment.

"Did this guy appear in the kingdom of God?"

"It's not that simple."

"Fortunately, you haven't been all xintianlao, and it's not in vain that the palace master personally sent many strong men to set up arrays to capture your traces in the kingdom of God!"

Xuanyuan ink evil lips outline the evil smile, slowly put down his hand, the eyes seem to return to a few days ago, he used the supreme power to go up and down the kingdom of God, through the heaven's arrangement of massive prohibitions, as long as ye Chen but some breath leaked out, he would be captured by the shadow of the heavenly way, and the place where he was would be presented, manifested by the star light sphere.

Tiandao palace!

Xuanyuan ink evil!

No one is an ordinary person. It is not difficult for the most powerful people to find a young man.

"Go!"

"Ask Qiu Xuehan to come here!"

Xuanyuan Mo Xie still returns to his own throne, it seems that ye Chen is not worth his hands at all.

In fact, he can't leave here. He needs to sit on something!

Not long!

A blood light burst out!

A middle-aged man in a blue robe with blood shining all over his body appeared in the study, carrying a knife and a sword. The sword was the sword of cold ice, and the sword was the sword of blood evil. Qiu Xuehan, a strong man who was proficient in the power of blood evil and cold ice, appeared in the study!

At the same time!

It is also the peak of Taixu. You can step into the battle at any time, and even fear the powerful existence of erlei.

The reason why he sent this man was that he didn't want to frighten the snake!

This time, he learned the lessons of previous times!

Qiu Xuehan's identity is one of the top killers of Shenguo platoon, and he is also an elder with a very special identity.

Although the strength is not high, but leapfrog ability is very strong!

The assassination mission never failed.

Xuanyuan Mo evil sensed the cunning of the young man. If he sent many elders, maybe the other party would run away again!

This time, choose Qiu Xuehan is the biggest opportunity!

Qiu Xuehan, however, is strong when it comes to strength! Even killed the strong one!

"Qiu Xuehan visits the palace master!"

"What can I do for you

Qiu Xuehan's hands are clasped, his body slightly leans forward, and his eyes are filled with endless ice, as if in the winter of December. It seems that this man contains the ultimate ice. His eyes are just like the entrance of the ice and snow world. It's chilly!

"Qiu Xuehan!"

"You are one of the best killers in the kingdom of God!"

"Here's a mission, you go and carry it out."

Xuanyuan Mo Xie threw down a Book note and said: "it must be completed. If it is not completed, you will not have to come back! Remember, don't let the palace master down. If you complete this task, I will give you no chance! "

Qiu Xuehan!

In his youth, he killed twenty-one sects and thirty-five families overnight in the kingdom of God.

There are endless means to kill.

He will never keep his hand on any enemy!

It's about killing people.

All the missions he carried out were successful. He was the evil spirit who had made great achievements in the war!

Qiu Xuehan didn't say much. He picked up the book and looked surprised. He said, "master, kill this son? I don't have a specific appearance yet. A guy who has sealed the door will make a fuss about it? "

Receiving this kind of task, to him, it's like killing a chicken with an ox knife!

"Ha ha!"

"Qiu Xuehan, you are not in the kingdom of God these days. If you don't know this son, it's OK!"

"This little bastard is very cunning. Many elders have failed. This time I will only send you one, because I believe you will not be defeated."

Xuanyuan ink evil cold voice.

"Must succeed!"

"Yes, Lord!"

"I promise to deliver Ye Chen's head and spirit to the palace master within three days."

Qiu Xuehan couldn't help sneering for a moment, and whispered: "just a little boy, just a conceited thief. According to the words of the palace master, he is a genius, but it's a pity that he dares to provoke us to Tiandao palace. He is really looking for death!"

"Palace master! Leave!" Qiu Xuehan walked slowly out of the hall of Xuanyuan moxie, turned his eyes to the many flattering elders in front of him, and said with a smile: "ladies and gentlemen, today I will set out to complete the last task, a task of killing the little bastards in the closed door. You wait for me to return!"

"That's for sure."

"What kind of character is Qiu Chang? How can you be afraid of ants? Elder Qiu, I'll prepare a promotion banquet for you!"

An elder also said with a smile: "yes, I'm going to prepare a gift for elder Qiu. I'll just seal the door. It's just like taking things out of the bag."

Qiu Xuehan nodded slightly, and stepped into the transmission array with a smile. As many colleagues said, his evil spirit made a move to kill a boy in fengmenjing. It was too simple!

After ye Chen came out of shenjizong, he was on his way.

The magic Emperor gave him a coordinate. Although he didn't know why, he knew that he must go there as soon as possible!

Ye Chen frowned.

"It seems that my whereabouts have been found."

"Don't you mean that heaven can't detect me? It seems that I still underestimate the heavenly way palace. "

"But, so soon, someone came up to die?"

Chapter 2523

Ye Chen did not have the slightest panic, even if he felt a strong threat from the other side's body!

He found a place to sit down, slowly raised the cup, drank the delicious tea, and suddenly looked down at the cup, the rich spirit even condensed into a green pine and jade dragon flying in the tea cup.

"Taste such delicious tea!"

"It's a pity to have been disturbed by you

It's Qiu Xuehan who came here!

Qiu Xuehan coldly looks at the huge city which has become an empty city. Then he looks at Ye Chen in the teahouse. A blurred picture appears in his hand. The figure on the scroll overlaps with Ye Chen!

Although there is no face, but the people around have scattered!

Only the young man is not afraid.

He immediately set the target.

"Boy, I think you have more than one sword to kill you. I will never torture you!"

"After all!"

"For the existence of your realm!"

"It's rare to see such talent and military accomplishments at this age!"

"I have respect for such a genius as you. Killing you with one sword is your honor."

Natural respect for the strong genius!

Unfortunately, Qiu Xuehan is a strong genius who has grown up, and ye Chen is just a genius. What he can do is to let him suffer from death, and try not to torture him as much as possible, because ye Chen is in his hands, which is too weak!

"Your words!"

"I have never heard of it among the people of the heavenly way palace."

"What's your name? Which gate elder of Tiandao palace? "

Ye Chen drank all the tea in the tea cup. The tea went into the body and slowly pulled out the green lotus mietian sword behind his back. He came to the teahouse, gazed at Qiu Xuehan and said with a smile, "you know, you are such a arrogant elder of Tiandao palace, I have fought back and killed many!"

"Heavenly way palace!"

"Since our country has stepped on the leaves of God! It's bound to break the sky! "

"It's a pity that I haven't reached the level of doom yet. But it's his fault that your palace master can't kill me personally!"

Hearing this, Qiu Xuehan nodded slightly, and his cold breath clanged. He said, "your last words are finished. You can die!"

Voice down!

Behind Qiu Xuehan, a long sword came out. The body of the sword twinkled with cold light, and countless cold air burst out. It turned into a pure ice sword. Some of them even penetrated space and time, and had incomparable lethality!

"Six sword gods, nine gods of heaven!"

With Ye Chen's violent drink, Qinglian mietian sword dances out, and the sky is full of evil spirit. The sky is as terrible as the sea.

The evil spirit surges to form a barrier to block the ice sword.

Bang bang bang!!

Bang bang!!

Dozens of heavy bangs were heard.

The barrier broke, and a hundred and ten ice swords pierced Ye Chen's body, flew out with thick blood, and overturned the teahouse behind. ,

poof!!

Ye Chen flies tens of meters and rolls down in the ruins. He looks terrified. He didn't expect that the people from Tiandao Palace are so powerful!

The other side but too empty peak, although Ye Chen is not enemy, but also can not be so embarrassed!

Ye Chen wiped off the blood from the corner of his mouth, and looked cold: "it seems that this time, I underestimate the heavenly way palace."

"Well, today, I'll try where my limit is!"

Next second!

Breaking the sky!

God blood!

Immortal body! Devil body!

The law of destruction! The law of time!

The law of extinction! The law of space!

The law of time and space! Rule of quantification!

The law of killing!

Seven rules of great perfection and five roads rush out together, and the endless divine power is like a vast ocean.

Many strong forces interweave in one, and then all the powers gather in the green lotus sky destroying sword!

"The old man of Tiandao palace!"

"I'll kill you with a sword!"

Ye Chen drank repeatedly and held the green lotus sword for killing the sky with both hands. However, he felt that the sword was of great importance. He suddenly wielded the sword, and the waves of the sword flowed. The ancient inscriptions on the sword body glittered with luster. It seemed that the sword originated from the ancient atmosphere, which was terrible and desolate.

Hua ~ ~

with the green lotus sword.

A sword mixed with many kinds of power emits colorful swords. The sword Qi overflows everywhere. Every sword Qi has penetrated through time and space. It can be traced back to thousands of years. Once it hits a person, it will be enough to destroy it!

It can even weaken the enemy's realm and combat power. At the same time, there is destructive power in the sword Gang, which is enough to kill the enemy!

This time, ye Chen used all his strength!

This sword is far beyond the power to deal with Yuan Dao!

"Such a huge force, plus seven laws!" "Five roads, and also practice magic skills, worthy of being a genius. No wonder the palace master asked me to kill you personally. Such strength is enough for me to use part of my strength to kill you!"

Qiu Xuehan didn't change his look. He raised his left hand slightly and waved it between his fingers. The cold ice sword turned again. Different from the past, the body of the ice sword is covered with a strange luster, just like the light of chaos. He successively attacked all kinds of forces on the sword Gang.

Bang!

Click ~ ~

two explosions came out.

The power attached to the sword Gang is broken, and the power of many laws is broken one after another!

However, Jian Gang is defeated by the ice sword directly, and then the sword shoots at Ye Chen's chest, just like a huge hammer bombarding it, and then it flies!

Poof!

Poof!

Ye Chen found that the person who appeared this time was totally different from the elder sent by Tiandao palace!

Of course, it did not cut the adversity! But the whole body's killing intention completely surpasses the disaster situation!

This is the top killer of the kingdom of God!

Ye Chen no longer hesitates, activate the red dust God pulse! It's still too late!

His clothes were broken all over his body, but he didn't expect that Qiu Xuehan could not be killed with all his strength.

Then, he looked horrified at the flying ice sword, and wanted to mobilize all his strength to resist it again.

Boom!!

There was another explosion!

Ye Chen kept retreating, using all the power of breaking the sky, and the seven laws and five avenues that gathered the whole body strength barely blocked Qiu Xuehan's sword power. However, his whole body was broken and his injuries were extremely serious!

This man is the strongest enemy Ye Chen has ever met!

No one!

He even used atomization and soul skills, but it still didn't work!

If ye Chen doesn't guess wrong, he can kill those who are strong in adversity at will!

Damn it!

Now his limit, it is impossible to deal with this person!

"Oh? Is he still alive? "

"If you pick up my sword in the later stage of Taixu, you will fall down!"

"I didn't expect that you could still stand on your doorstep?"

"Interesting!"

Qiu Xuehan didn't continue to fight. He killed so many people. It was the first time that he saw this kind of situation that tended to be immortal.

He wants to see how strong Ye Chen's vitality is.

Can ye Chen be regarded as an immortal Xiaoqiang?

Anyway, ye Chen can't jump out of his own attack range. Unless ye Chen becomes a strong one in an instant, he will die!

Just when Qiu Xuehan is ready to wait for ye Chen to recover.

However, earth shaking changes have taken place in the samsara cemetery. A tombstone is cracked at a very fast speed, and the crack overflows with Dao Dao divine light, and rushes out with incomparable strong breath and war intention.

Chapter 2524

Bang ~ ~ ~

boom!

The explosion spread quickly, accompanied by dust and stone fragments flying out.

A group of Guanghai emerged. After the Guanghai disappeared, a middle-aged man appeared, wearing a gold inlaid robe and a bareheaded head. He was a sword eyebrow star in his middle-aged appearance. He was particularly handsome. He had a handsome look in his thick, and his body was bold and upright, which was very unique.

Bang!

The middle-aged man opened his coat slightly.

He shook his head, stretched himself, and said to himself, "it's too boring in this samsara cemetery!"

"Ancient medical God, don't come out again if you have the ability!"

"In terms of medical skills, you are invincible in the kingdom of God, and I can't fight against it!"

"But in terms of martial arts, you are not your opponent!"

"Ten thousand years ago, when you were at the martial arts meeting, you stabbed me in the heart of my master, and I was shamed in front of thousands of people!"

"Today, you and I are here at the same time, which is cause and effect!"

"You'd better never come out!"

When the middle-aged man finished speaking, he stretched his muscles and bones, but he saw the bloody red breath overflowing over his whole body. The breath gradually turned into the fighting spirit of arrogant heroes. The towering war spirit swept through the road, just like the king of war. Suddenly, his face and sword eyebrows and stars were particularly dominating.

Ye Chen Mou son a joy!

"This is the tyrant!"

"This time it came out again!"

What is the tyrant?

He lived for war and died. He has practiced Taoism for tens of thousands of years. He has fought 18 million times, of which 17.999.9990 times were victories, and only one was defeated, which gave a great ability of two realms. In other battles, no matter whether they crossed a big realm or dozens of small realms, they were all victorious!

Usually!

Sword eyebrows, stars, clothes and robes, walking in the world!

During the war, the war spirit is obvious. The fierce war spirit makes thousands of strong people fear and dominate the world. Once, three fists killed a world-class strong man in the later stage of chopping the difficult situation. It exists and appears again!

Ye Chen also understood the gratitude and resentment of the ancient medical God and the crazy overlord. He could hardly laugh or cry.

But now, he had to face Qiu Xuehan and watch the killing of the ice sword. He managed to gather the powerful evil Qi, his eyes turned blood red, and even his eyebrows and eyes opened. The surging evil Qi was like the continuous waves of the river and sea.

This state and combat power!

If in Lingwu mainland, it is invincible!

But in Qiu Xuehan's eyes, it is not enough!

"Master, please do it again!"

.....

Outside.

"Fengmenjing, but it can break out a battle force equivalent to seven or eight layers of heaven in Taixu territory!"

"Yes, it's good, but it's a pity! You don't know that I could have stepped into the disaster zone for a long time

"So, if you go against the weather, you will die!"

Qiu Xuehan didn't mean to let Ye Chen go. His hands were in front of his chest, and then ice came out under his feet.

Just in a moment, the huge city turned into a frozen city. No matter what the living things were, they were all frozen by the ice!

Then, he raised his hands slightly, and the ice left the ground and gathered with the ice sword. His breath soared, and his murderous spirit crowned Jue Tianyu, giving Ye Chen a feeling of being in hell. His whole body was locked!

"Die!"

Qiu Xuehan put out his hands and killed the ice sword again. The body of the sword swept across the wind!

Ye Chen looks terrified and can't move, but he knows that if he is hit by a sword, he will die!

At this time, the fierce overlord obviously felt the external situation.

He Mou son a cold: "boy, you really have trouble everywhere."

"The outside world is a complete disaster relief to the breath of the man you started."

"Although there is no breakthrough, I'm afraid it will be invincible under the disaster."

Today, I don't have a gift for you

"Lend me some of your body!"

Not waiting for ye Chen to react, he sees the mind body of the tyrant, and flies out of the samsara cemetery directly, and becomes one with Ye Chen.

In an instant, ye Chen's breath soared and broke away from Qiu Xuehan's confinement. His black hair fluttered like a black waterfall, his sword eyebrows and stars, and his sharp corners of his eyes were as sharp as a blade. A bloody battle spirit rushed out, and then ye Chen punched out!

Boom!

Boom!!

Two big explosions came out.

Ye Chen did not step back, his left fist overflowed with blood.

However, the long ice sword broke and fell in front of Qiu Xuehan. Qiu Xuehan was shaken back ten steps by the powerful impact. He looked at Ye Chen in horror and said, "your breath! Why has it suddenly changed? "

"That blow impossible! No way

Qiu Xuehan is very familiar with the skill of that fist! There is only one person who can do this kind of boxing!

"You are actually a disciple of the crazy overlord?"

"So it is. No wonder your accomplishments are so low, but you can kill so many people

Qiu Xuehan's eyes were dignified and he didn't dare to be careless. He had heard of the name of the fierce overlord. Since the other party was his disciple, he must have unique means.

He hesitated for a moment and then said with a smile, "that's all. The lion fights the rabbit with all his strength."

The next moment!

Qiu Xuehan directly forced the blood essence out of Qiu Xuehan, and then ignited the whole blood to burn with the blood essence. With a burst of shouting, Qiu Xuehan's whole body blood was boiling and his breath was soaring. It was not just the original cold ice, but like the God of fire. His combat effectiveness had reached the level of cutting the two layers of heaven in an adversity situation!

Moreover, to this extent, it is not a problem to fight against the three levels of heaven in the disaster area!

The lion fights the rabbit with all one's strength!

Qiu Xuehan has been like this since ancient times. He will not underestimate any opponent easily!

What's more, his life span is infinite. He will burn blood essence for a period of time at most. At most, he has some hidden diseases. The mission he is carrying out in this trip should not be lost!

"Ye Chen!"

"Let me see, you get some true biography of the crazy overlord!"

Qiu Xuehan shouts and pulls out the bloody Sabre on the back. It's also an ancient weapon!

He was killed by the sky, and the ice under his feet was more frozen. He was not affected by his burning essence blood. It seems that he is proficient in both. Burning essence blood is not the first time. This time, he is burning essence blood with the determination to kill Ye Chen!

Burning essence blood, for the low-level martial arts, is the act of death!

However, for the existence of the disaster situation, it will only hurt itself, and it will never reach the level of suicide. However, it will lead to a surge in combat effectiveness in a short period of time. However, it will take several years to recover after the event!

Bang bang!

Bang!!

The two began to fight, and the shock wave continued to destroy the frozen city.

Ye Chen didn't use Qinglian mietian sword, but he used the famous boxing technique of crazy martial overlord - Shenwu boxing!

Fight barehanded!

One blow is the most powerful blow that destroyed Qiu Xuehan!

Even the feeling of crushing!

Qiu Xuehan is more and more frightened!

He found that the young man in front of him had changed completely, and his control of martial arts was too strong!

Strong to the horror!

This kind of feeling is like facing not the crazy martial overlord's disciple, but the crazy martial overlord himself!

Chapter 2525

"Bang!"

A loud voice came from the sky!

Endless waves of air are rolling! It's like a thousand feet wave!

Qiu Xuehan spits out blood, and his body has regressed for 100 meters!

The whole body is covered with blood and scars!

His eyes were terrified!

It's no match at all!

The key to their own use of powerful antiques, and the other side is only bare handed!

The gap is so huge that it is crushed!

"Boy Who the hell are you? "

"You are not a closed door! It can't even be too empty! "

And ye Chen's eyes are dignified at the moment.

Because the voice of the fierce overlord came from my mind.

"Boy!"

"You're called Ye Chen, aren't you?"

"You were injured too much just now, and this is just a Taoist mind body. I can't last long."

"If you stay in your body again, your body may explode."

"So, I can probably help you breathe a little bit."

"When I wake up in the samsara cemetery, there is another important thing to do, which can not be dissipated."

"Find a way to leave. Don't be wary."

The overlord once again said: "this man is the best of both swords and swords. If you are here, you don't need to punch him. You can kill him with one glance. However, the power of this spirit body is less than one thousandth of his real body. Ah."

Between words, Qiu Xuehan is the expression of madness in his eyes!

He closed his eyes and sacrificed a bloody jade pendant in his hand.

This is a gift from Xuanyuan ink evil!

You can't use it until you have to!

Now, obviously, it's time to move on!

The next moment, Qiu Xuehan's breath soars!

The whole body is surging with extremely strong evil spirit and thunder arc!

Arms in hand, jump up!

"The bloody Sabre of heaven!"

"Little beast, you must die!"

Qiu Xuehan came out with all his strength. The long bloody Sabre swung to the sky, and the point of the sword shot out bursts of bloody light, which aroused the power of heaven and earth, turning the surrounding mountains and plants into bloody long knives. In a moment, thousands of bloody long sabres attacked. Each long sword has the ability to kill the nine layers of Tianding peak in Taixu state!

"Crazy fighting fist!"

"Crack!"

Ye Chen drinks heavily!

However, his fists roared out like a cannon. His golden fists were very fast. He broke a long bloody sword one after another. Then he turned around to blow out another blow. A pair of golden fists became ten thousand feet in size and shot out of the air. His fist power defeated all the long bloody sabres. However, he was accidentally hit by Qiu Xuehan in the chest and flew out!

Just a moment ago, the tyrant left!

If you do not leave, ye Chen's burden is too heavy.

"Don't let go, boy, after the war, let me go!"

"There is a fierce place in the distance. This is your only chance!"

The voice of the mighty overlord rings.

The mind body is not the real body.

The energy contained is limited. This is a common fault of every great power in the samsara cemetery. It can't be regarded as a common fault. After all, they are not real bodies, and some people can't absorb the spirit of heaven and earth to supplement the spirit of heaven and earth. Even if the crazy overlord has the power to absorb the spirit of heaven and earth to replenish the energy of the mind body, it consumes too much and can't be replenished!

"I see!"

"Thank you for your help

Ye Chen stares at Qiu Xuehan, who is killed in front of him. His eyes twinkle with cruelty. His body trembles violently, attracting Qiu Xuehan to approach. The next second, he is hit by the long knife of xuesha, and then his fist is like a hammer, which directly pierces Qiu Xuehan's chest.

Drip ~ ~

drip ~ ~

blood overflows.

Qiu Xuehan's face turned white, and a blood hole appeared in his chest.

He reluctantly supported, drew out the bloody long knife, and once again split in Ye Chen's arm, immediately blood overflowed, and then ye Chen also cut off his left arm with a sword!

No more war!

Just leave!

"Ah

"Beast, don't run!"

Qiu Xue shivered with cold. His bloody sword did not cut off Ye Chen's arm. Instead, he cut off an arm!

As a top killer, he is fearless. His whole body is complete. His body has been forged to a very strong level. Ordinary swords can't hurt his body, but if his body is cut off and defeated, it is a serious injury!

What happened to that boy's power just now?

Why does this person's strength always have the feeling of high and low?

Leaf Chen lip corner overflows blood, but shows a smile, flies toward the distance fiercely.

There are many strange and fierce beasts in the fierce land, even the top level fierce animals in Taixu state. In some special caves, there is a fierce beast king who cuts through the disaster area in half a step, and it is not uncommon to see the king of the fierce beast who cuts down the level of the heaven! Injury for wound!

Go to the fierce place and get rid of Qiu Xuehan for the time being!

Hoo Hoo Hoo!!

Whoa!!

With the wind howling.

Gradually, the strong wind with a strong smell of blood, a bloody forest emerged in front of Ye Chen!

Bloody forest!

This is the place where the crazy overlord said!

Ye Chen does not want to think, directly into the blood evil spirit forest!

Qiu Xuehan pursues here, his face is cold, his forehead is covered with white bean sweat drops, his eyes quietly scan all around, his broken left arm is still not reborn.

Because the body is still beyond the indestructible bone, it is extremely powerful. The ordinary ancient ware cuts the body continuously, but if it is cut off, it is not so simple to recover it!

To his level.

Every part of the body is a source of strength.

Even if their bodies were damaged, especially the broken arms and legs, they were all seriously injured. The injuries were no less than the loss of Da Dao. However, their bodies could not be cut off at the same level. Ye Chen severely damaged Qiu Xuehan with the power of Qinglian mietian sword and the power left by the crazy overlord!

Roar! Roar!!

Roar!!

Bursts of roaring sound came out.

A huge golden beast was seen. It was hundreds of feet tall and surrounded by hundreds of meters of trees. It was as small as grass and trees. The fierce beast was covered with golden hair and a pair of bloody mouths. It was not like any kind of fierce beast in the land of Lingwu. On the contrary, it was extremely ugly and strange!

"Er blood beast!"

"I didn't expect that there was a bloody beast here that could cut the level of disaster."

Ye Chen was overjoyed to see the golden beast walking into a huge hole on the ground. He turned to look at Qiu Xuehan behind him and snorted coldly. He followed him in directly!

"Damn it! Damn it

"How could you touch the beast of the heaven?"

"Son of a bitch, the blood beast that cuts off a layer of heaven is enough to kill me now. What should I do?"

Qiu Xuehan pursues the cave entrance, and is so angry that he trembles. He just watches Ye Chen enter the cave of ehuetian beast and dare not chase him in.

He looked down at himself, his chest was broken, his spiritual power and blood were surging wildly, his left arm was broken, and his combat effectiveness was greatly affected!

"That's it!"

"The palace master is right. The little beast is too cunning. I can't see that you can't get out of the door

Chapter 2526

"And I'm going to try to make a breakthrough today!"

"When you come out, you will die!"

"There is always only one exit in the cave of ehuetian beast. You can either die in it or come out to die!"

Qiu Xuehan sits outside the cave, offering an ancient artifact to block his breath, so as not to attract other fierce beasts!

.....

The cave is so huge that it doesn't look like a cave for ordinary fierce animals at all.

This cave, no, it should be called cave palace. It extends in all directions. There are various ruins everywhere, some of which are like the Mountain Gate of the sect. On the contrary, it was dug by the ehurian beast when he dug the cave. Each palace has a special huge cave.

Just like human beings collect ornaments, this ehurian beast also collects this type of palace!

Ye Chen walked in the passage, and his eyes swept through the two huge caves on the left and right. There were two magnificent palaces. The palace was stained with some soil, but many of them were cleaned up. It should be that the mountain gate was cleaned by the fierce wind from the mouth of ehuetian beast.

He walked into a hole casually. After the ehuetian beast came in, there was no trace. He didn't care so much.

Before he came to the mountain gate, he walked through the huge stairs, found a room to hide, and began to heal. The spirit of the mad overlord also returned to the reincarnation cemetery!

There was a brief silence.

At this time, the ancient god of medicine appeared in the samsara cemetery with a sad face.

"Boy, I don't mind who you call!"

"Why do you call on this guy with a bad brain?"

"They are all people who have made such accomplishments. They still remember their hatred thousands of years ago."

"Isn't it just a stab at the point? As for it? "

Speaking of this, Cangu medical God eyebrow a pick, unexpectedly showed a smile: "boy, discuss a matter with you how?"

"I can teach you all the medical skills, and I can take you as an apprentice, but how about you use more crazy and powerful masters?"

"Let this guy dissipate quickly..."

"Don't be silent. I'll add ten more pills made by myself."

Ye Chen is surprised. Unexpectedly, there is an old man in the reincarnation graveyard, which has such advantages!

All medical skills, plus ten pills of ancient medical God!

It's too expensive!

Ye Chengang wants to agree to come down, and the reincarnation cemetery is shaking again!

"Canggu medical God!"

A startling roar!

It's obviously a fierce overlord!

Ye Chen quickly withdrew from the samsara cemetery.

He began to look at the situation!

It's good for the devil emperor to call himself over. It's not coming up yet!

What happened?

"Hoo Hoo Hoo!"

"In front of me, there is the beast of heaven, and behind is Qiu Xuehan."

"What a bad day

Ye Chen sat in the room and watched the cave through the window to prevent Qiu Xuehan or ehuatian beast from coming. While he was healing, he said to himself, "two guys, one is comparable to chopping down the bad situation, and the other is equivalent to cutting down the bad situation and a layer of heaven!"

"Even if it was Qiu Xuehan who burned blood essence, I would exchange injury for injury."

"We should also be able to ensure that we have the fighting power of Taixu's eight or nine stories!"

"Such a gap is so difficult to cross. It's so much stronger than those guys in the shenjizong!"

Ye Chen said with a sigh. He leaned against the wall and looked at the cave exit. He said, "if you want to go out, it's not enough to recover the wound. You also need to strengthen your fighting power, otherwise, you can't go out at all!"

"I can't be passive. I have to take the initiative."

Exit!

Qiu Xuehan was injured by him, and he will surely guard at the exit!

These guys in the heavenly way palace will never leave if their mission is not completed or they can't find him at all.

If he wants to leave, he must defeat or kill Qiu Xuehan, which means that he has to possess at least for a short time the combat power of Taixu's 89 layer sky. In this way, he can steadily suppress Qiu Xuehan and kill him, so as to eliminate future troubles!

And what he can do is to strengthen his strength!

The only way to enhance strength is to refine the green lotus demon fire or archaic evil flame!

Although Qinglian demon fire is subject to Qinglian mietian sword, it has not been refined.

No real control!

Only by refining the green lotus demon fire and increasing its combat effectiveness several times, can it be possible to get out of the crisis. Otherwise, even if the ehuxue heavenly beast does not find itself, once it finds itself, it will be a trouble if it finds itself and is blocked by the ehuxue beast and Qiu Xuehan together!

Taigu Sha Yan, ye Chen dare not think about it now!

Then try the green lotus demon fire!

With its own dark flame, devour and refine the green lotus demon fire! This is the only way!

Ye Chen thought of it and did it. He sat up with his knees crossed, and the green lotus sword was inserted in front of him!

Out of the dark flame, the green lotus demon fire on the sword also felt something and poured out into the room.

Hoo Hoo Hoo!!

Hoo Hoo ~ ~

Hoo ~ ~

in an instant.

Green lotus demon fire out of the moment, dark flame will layer by layer ups and downs, directly burned everything in the room.

I'm afraid that ye Chen himself was burned by the flame, and his cheeks were flushed, which was very uncomfortable!

As soon as he bit his teeth, he separated out a drop of blood essence to arrange the array, so as to prevent the power of the green lotus demon fire from spilling out, which would lead to the discovery of the blood beast.

He gazed at the blue lotus fire, which was gradually reduced to a spark. He took a deep breath and made a seal on his hands. His palms overflowed with a blue flame, which was his own dark flame and was once a very fierce flame.

Zizi ~ ~

Zizi ~ ~

however, when the dark flame collides with the green lotus demon fire, it is like white paper touching the flame, which is quickly burned to ashes!

One flame burns another. It's hard to see what's happening now!

"Go on!"

"I don't believe you have such a powerful green lotus demon fire!"

Ye Chen is ruthless and releases his own dark flame again. The blue flame fills every corner of the room, and then the dark flame turns into a huge palm, directly enveloping the green lotus demon fire.

Zi Zi ~ ~

Zi ~ ~

Zi ~ ~

the dark flame is constantly devouring and refining the green lotus demon fire.

But in a short time later, the green lotus demon fire counterattack, instantly defeated the Xuanyan, and ye Chen were all hit and flew out, hit in the cave, not only spewing blood, but also injured!

Qinglian demon fire is willing to enter Qinglian mietian sword. Why is he not willing to submit to himself!

"Can't I not only refine the archaic evil flame, but also the green lotus demon fire?"

Just then! The voice of ancient medical God rings out!

"Boy!"

"I'm afraid not!"

"The green lotus demon fire, is the ordinary existence of the disaster situation, almost can not accept refining!"

"Not to mention you The ancient medical God sighed and said, "boy, if you are trapped, you will be trapped. After ten years of practice, you will become a state of emptiness. At that time, you can kill Qiu Xuehan again."

Chapter 2527

"Give up!"

"Otherwise, if you go on like this, your immortal spirit body and demon body will be directly burned by the green lotus demon fire!"

Green lotus demon fire!

What existence!

What a powerful flame, cut the adversity of the strong, once tried to refine all failed.

The strong man at the top of the seven layers of heaven in Taixu state also wanted to be refined, but after one day and one night, they were directly burned by the green lotus demon fire!

Green lotus demon fire is extremely domineering, extremely cruel, extremely fierce, without absolute power, it is impossible to refine. Although this is the only way for ye Chen, and the only way to quickly improve his combat effectiveness, it is almost impossible!

"Lao Cang!"

"What's the little green lotus fire?"

"If you give up when you encounter difficulties, I will be dead for a long time. Where can I get this step today?"

Ye Chen will never give up. No matter what you want to do or what you want to achieve, you will never give up. Otherwise, you will not know how many times you have died!

But just green lotus demon fire, others can't take you, does not mean I Ye Chen can't take you!

Ye Chen began to take pills, slightly healed a little, ready to refine the green lotus demon fire again.

Outside the cave.

Qiu Xuehan sits with his knees crossed. There are arrays arranged around him. However, many fierce beasts pass by him without finding him.

At the moment, he is taking pills and tempering his left arm. The strength and strength of his left arm are too poor for the original body.

Although he wants to break through, if he is eager to break through now, he will surely die!

He is healing, and ye Chen is healing.

However, there is only one exit for the huge cave of ehuetian beast.

Qiu Xuehan guarded the exit. Unless he was eaten by ehuetian beast and went out with him, ye Chen's current cultivation could not go out at all, but anyone who wanted to break through would surely die!

"Damn ants!"

"It's a decisive way to replace injury with injury."

"I'll see you and hide for a few days!"

Qiu Xuehan also made a cruel, sitting at the door of the cave while healing and waiting!

.....

Qiu Xuehan is waiting outside the cave!

In the cave, ye Chen finished healing and sealed the cave completely before returning to the room, so as to avoid the sudden appearance of ehuatian beast during refining. At that time, the heaven should not be called dead!

Back in the room!

Ye Chen looks at the green lotus demon fire, which is still like grass and trees. He looks fierce. Then he mobilizes the strength of all parts of his body, the power of seven laws and the power of five roads, converges in his hands, and the palm of his hand releases the dark flame again.

Hoo Hoo Hoo!!

Whoosh!

Now, the blue is no longer!

On the contrary, it looks like an orange red flame with the power of the law of destruction and the law of annihilation, especially these two forces are extremely many, and they are also the laws of great perfection, which have the ability to suppress the fire of the green lotus demon to a certain extent!

But see orange red Xuanyan, completely wrapped in the green lotus demon fire.

Green lotus demon fire again counterattack, but quickly by the law of annihilation and the law of destruction two forces directly suppressed.

Gradually.

Xuanyan, like a human hand, keeps plucking the petals of the green lotus demon fire itself. Step by step, it soon sees the blood red stamens. At the same time, a force from the green lotus demon fire rushes out, penetrates everything, and goes straight to the sky.

Boom!!

Boom!!

In an instant, lightning and thunder.

Countless blood colored thunder clouds roared, and the fierce thunder flickered constantly. If it fell to the ground at random, it could raise tens of millions of meters of dust, so that many fierce beasts died under the erlei.

Boom!!

Boom!

Soon.

More than 100 bloody thunder and lightning fell from the erlei cloud, and fell on the ground like a huge force. The originally plain like xuesha forest suddenly split apart, and the groundwater gushed out, and many of the ground turned into lakes!

"What's going on?"

"Damn it, it's erley!"

Qiu Xuehan looks terrified. Unexpectedly, erlei appears in the sky. "Erley! It's erley! Is it difficult, the little beast, to break through to the plight? Otherwise, where's erley from

This boy has been able to compete with himself!

If they cross many small realms, they are about to pass through the disaster and become the existence of the disaster.

Can you be your opponent?

Don't think, not at all!

Qiu Xuehan looked terrified. Just a step forward, when he wanted to enter the cave to find out, he found a very strong breath rushing out. The smell was like a sea of blood, filled with a very strong smell of blood!

"Not good!" "Er Xue Tian beast is revived!"

"No, it's not sleeping, it's resting, and now it's awakened by the little bastard's erley!"

"Damn little bastard!"

Qiu Xuehan finally decided not to go in to check.

Ehuexuetian beast is not an ordinary fierce beast. These fierce beasts are extremely powerful when they enter the battlefield.

He has hurt himself. He is not his opponent in the face of the e-blooded beast who can fight and cut the bad situation. Don't say to kill Ye Chen at that time. Maybe you will die here!

Outside of the cave, Qiu Xuehan is cold!

In the cave, among the huge and complex caves, in the largest cave, ehurian beast slowly opened his eyes, looking a little confused, and then sensed the taste of Qi and blood, which is something that living beings have.

There's a little guy!

Seems to have entered their own territory!

I'm still in my own house. I'm playing with something!

Ehuetian beast slowly got up, its huge body, walking in the underground caves, there was no problem. After all, the cave was dug by itself, so it was very easy to walk on its own. It went through the caves one by one, and suddenly came out of a cave with stones and arrays.

It is the cave sealed by Ye Chen!

Originally, the stone was piled in front of the cave. It was not that there was no such cave. With the addition of array, it was also a psychedelic array. Ordinary creatures did not know that it was very normal, but for the Ehu blood beast, they could capture the breath of living creatures and the power of Qi and blood.

Living beings, whether human or animal, have the breath of Qi and blood. Wherever they go, they will leave their breath.

Unless it's a special shield.

Obviously, ye Chen didn't expect that the beast would find himself in this way.

Boom!!

The explosion is coming out!

Ehuetian beast smashed the stone and array at the entrance of the cave and scanned the huge buildings in the cave, but it locked Ye Chen in a remote hut in the mountain gate. He could not help but move his body slowly up to eat ye Chen.

At the moment, ye Chen is mobilizing all his strength to refine the green lotus demon fire, but he can't take out his body to deal with the Ehu blood beast!

He never thought that the green lotus demon fire could arouse Er Lei!

Isn't erley just a breakthrough?

Now, how can you be triggered by the green lotus demon fire?

Ye Chen found that he looked down on the green lotus demon fire from the beginning!

Chapter 2528

He can only activate the red dust pulse!

Resist it!

But the situation in the face of Ye Chen is not harmful!

At the moment of Er Lei's appearance, the unstable Ling Feng's pulse was awakened!

Absorbing the power of erley!

Obviously, erlei is of great value to Lingfeng!

It's delicious food!

Now, er Lei, if he's going to die, he's going to die!

This time, it is true that there are wolves before and tigers after!

All of them are the power of chopping the enemy!

How can he stop it!

Bang!

With the collapse of buildings along the way.

The blood day beast came to the building where Ye Chen was, and wanted to swallow it with people and house, suddenly felt an unusual breath!

Whoosh ~ ~

a golden blood light comes out.

A giant egg with ancient lines is floating out!

Ye Chen is ecstatic, is Xiao Huang!

Countless cracks and ancient lines on the giant egg, instantly emit a ray of light!

Light gathering!

The huge body appeared, a pair of huge blood eyes staring at the ehuxue beast in front of him, and suddenly made a low roar, then the whole body blood boiling up, and an inexplicable breath spread out!

Roar!!

Hoo Hoo Hoo!!

The roar of ehuetian beast is more and more urgent. He stares at the little yellow shadow which is no less than his own, but he feels uncomfortable all over.

It's the suppression of blood!

Just as the sheep never dare to face the tiger, even if it has the chance to kill the tiger, he will never dare to deal with the tiger.

After a moment, ehuetian beast lowered its arrogant head and crawled on the ground to show his submission to Xiaohuang. As a beast of ehaexue, its blood vessels are extremely mixed. Naturally, it is not the opponent of fierce beasts with high blood, such as Xiaohuang. The suppression of blood vessels is enough to make it lose its combat effectiveness!

By comparison!

Of course, Xiaohuang is still in the giant egg, and there is still a step away from breaking the shell. In the current state, the cultivation and combat power of Xiaohuang may not be as good as that of Ehu blood beast!

However, even if the entity of ehuetian beast is strong, it can not change the base of its blood, and it has to rush to the ground!

"Boss!"

"You can make the flame at ease, and I'll take care of it for you!"

"Although I haven't broken my shell, this kind of garbage can still frighten me!"

Xiao Huang turns to say a word, then self-care and self-reliance in front of the cabin, has been staring at the blood beast in front of him!

Ye Chen doesn't talk nonsense. He tries his best to activate the pulse of Lingfeng and the pulse of red dust!

The spiritual power of Dantian is rapidly passing away!

Countless thunder and lightning surround the whole body!

Erley's powerful, let him be distressed!

Fortunately, Lingfeng's pulse absorbed most of the power, otherwise ye Chen might turn into smoke in an instant!

An hour later.

Ye Chen opens his eyes and breathes out gently.

The light of his eyes was like the sun in the night!

Even, with a trace of ecstasy!

Green lotus demon fire, he was really refined!

And his cultivation has also stepped into the six layers of heaven!!

"Now that you have refined the green lotus demon fire, let's have a try today to see if you can completely refine the burning stele."

"Well, I have to fight against it."

Ye Chen no longer hesitated, took out the Yan stele of the reincarnation xuanbei, taking advantage of the powerful momentum of refining Qinglian demon fire, wanted to refine the burning stele, in order to enhance his cultivation and combat effectiveness!

Hoo Hoo Hoo!!

Whoosh!

The burning stele is full of light.

Green lotus demon fire instantly magnified! Like a giant beast devouring the burning stele!

Xuanguang collapsed, and an old man emerged. The old man gazed at Ye Chen for a moment. He was surprised: "the green lotus demon fire has been refined by a sealed door boy? It's kind of interesting. "

Then he came in and said, "follow me!"

The voice falls, ye Chen then has no resistance ability to be pulled into the world of reincarnation xuanbei by the old man.

In the world of reincarnation xuanbei, there are endless flames and magma everywhere. There are some Lapis floating in the magma occasionally, which can only settle down. The old man stands in the air, looks at Ye Chen and says:

"if you want to refine the reincarnation xuanbei, defeat me!"

"But

"I see you refining the green lotus demon fire, there should be a point of hope!"

"After all, once I fail, I will be engulfed by this flame, and I have killed many talents over the years!"

"You're the only one with hope!"

Six layers of heaven!

Actually can refine the green lotus demon fire, this little boy in front of me is enough to be famous in the kingdom of God!

The green lotus demon fire once cut off the extreme flame that can't be refined in a bad situation. I didn't expect to be refined by this boy! However, the power of law, martial arts and blood of this boy are too messy.

The ordinary six layers of heaven in fengmenjing can master several laws at most, and they are just the degree of perfection. Other laws, such as the law of space, the law of destruction, the law of killing, and so on, can only be regarded as a small success at most. I didn't expect that the boy in front of me, including the seven laws of destruction, degree, killing, time, space, time and space, and immortality, have all been trained to achieve the goal of great perfection It's very rare to be very young!

The cultivation level of the law can be divided into five levels: introduction, minor success, great success, perfection and great perfection!

A kind of law practice to the great perfection, less thousands of years, more than hundreds of thousands of years!

So!

The old man said that ye Chen is the only one who has a chance!

"Master!"

"If you want to fight, I don't know what to call it, elder?" Ye Chen inquires!

"My name is Tianfen!"

"But don't worry, since you've closed the door, I'll converge a little bit and tend to your limit."

The old man snorted coldly. He saw that ye Chen didn't take the initiative to attack. Instead, he jumped out with his left hand slightly surging. The power of countless magma converged to form a magic sword of magma and killed Ye Chen.

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

Every time the magma sword is wielded, there is a large amount of magma.

The magma here is different from ordinary magma. Ordinary magma is like the body of a warrior in Fengmen. It's not a problem to lie in and take a bath. On the contrary, the magma here has a heat level of at least one million degrees. Any warrior in a too virtual environment will be in danger of falling down.

Loud!

The sound of metal collision came out.

Ye Chen waves Qinglian mietian sword, repels the magma sword, and fights with Tianfen. The two attack and kill power are similar, but their defense is far inferior to Tianfen!

Tianfen's martial arts are very strange. His moves are all wound for wound. However, his defense is very strong. Ye Chen's green lotus sky destroying sword cleaves on him, almost without splitting. Even if the power of breaking the sky cuts a wound with all his strength, he goes directly into the magma and reappears a moment later, and the wound is completely healed!

Home is in the sky burn here!

The advantage is in the sky burn here!

Ye Chen does not take advantage of a little bit, instead, he is restrained everywhere!!

Bang bang!!

Ye Chen and Tian Fen fight thousands of moves, not only a little cheap did not take, but just healed the injury is more serious!

As ye Chen was beaten out and landed on a floating lapis lazuli in the distance, he saw again the power of Tianfen to extract magma as a supplement. He could not help looking surprised and thought, "this is his home court. His physical body is extremely powerful, and his strength can be said to be infinite, so we can't resist it."

Chapter 2529

"Normal situation!"

"I'm afraid there are only two ways to defeat him!"

"The first one, when I come in, I can't do it!"

"Second, cut off his ability to absorb magma, or let him not absorb the power of magma!"

Ye Chen suddenly in front of a light, stretched out his hand to test the magma under his feet, some hot, but can not do to burn their own level.

"Since he can absorb it, so can I! Tianfen is the perfect state of the fire system law, so it controls the magma world. But if I practice the fire system law to the great perfection

"Instead, his home court will become mine

"When the time comes, I will be the one who can't be hurt and the strength will be endless, and he will be weaker and weaker. If this goes on and goes, I will win."

Do what you say!

Ye Chen directly releases the green lotus demon fire in his body. The green lotus demon fire can trigger the fire of Er Lei. Even if he has not practiced the fire system rules, but he has a very strong green lotus demon fire, he can absorb the magma!

Gugugu ~ ~

gugugugu ~ ~

countless magma converged into a water column, which kept flying towards Ye Chen's palm.

Ye Chen's mind can not help feeling out of a lot of fire law content, behind gradually produced the Sixth Avenue, the road of fire, at the same time, the body also has the fire law began to produce!

Even Xuanyan is powerful to the extreme!

Originally, the rules of the five systems of gold, wood, water, fire and earth are the talents with insufficient blood to cultivate and break through.

But ye Chen doesn't need it. He is the strongest reincarnation blood in the world!

Bang bang bang!!

The sound of collision is coming out!

Just like opening a road, the road of fire continues to extend and expand, and the law of fire system in Ye Chen's body is breaking through at a very fast speed, directly stepping into the entry-level state, and then Xiaocheng. In a short time, it is Dacheng state, and it is heading for the perfect state!

Ye Chen has mastered too many heritages, and holds innumerable avenues. His ability to control the road is far more than anyone else!

"Good boy!"

"It's good to understand the truth in the face of war!"

"The talent is excellent. In a short period of time, you can cultivate the rules of fire and the road of fire to such a degree. You are worthy of heaven's favor."

Instead of stopping, Tianfen attacks Ye Chen continuously and begins to increase Ye Chen's difficulty.

He is a tester, not to kill Ye Chen, but he doesn't mind Ye Chen's difficulty in understanding Tao, so as to temper his mind and enhance his combat effectiveness!

Tianfen is not fighting with Ye Chen at close quarters, but is constantly mobilizing the power of magma from afar into various weapons to attack and kill Ye Chen.

Ye Chen is not a vegetarian. His right hand controls the road of fire, and the spirits in his body begin to practice the rules of fire system. His left hand condenses and absorbs the power of magma and begins to fight back against Tianfen. He knows that if he practices the law of fire system to a perfect state, the

road of fire combines with the dark flame and the green lotus demon fire, it will be enough to seize the control of the whole magmatic world My own world!

"Good boy!"

"There are so many people who have tried to understand the Tao and practice the rules of fire system, but it is the first time that I have seen such a fast speed of enlightenment like him!"

Tianfen has some feelings. He is ready to sacrifice with all his strength to interrupt Ye Chen's enlightenment. This is a necessary move as a tester!

Hoo Hoo Hoo!!

Whoosh!

Tianfen hands with all his strength, and endless flames come out of his palm, and gradually forms a flaming sword. With one sword, countless magma erupts, just like millions of volcanoes erupt. The whole magma world is surging rapidly, and countless magma is rolling constantly!

"Hoo!"

"The law of fire system, success!"

Ye Chen burst out a drink, the road of fire behind quickly expanded to the length of one million meters, and the internal fire system law also directly broke through to the state of great fullness. His hands were floating in the air, and countless magma overflowed from the palm of his hand and turned into a pure source of power!

Magma world!

Full of the power of the law of fire!

Tianfen has a fire system, which is the law of great perfection!

Ye Chen at the moment also has the same body shape, countless breath erupted, completely submerged all the magma eruption, the left hand slowly pinched, countless magma changes with the fingers.

It is no longer Tianfen, which has the dominant power in the world of magma!

"Endless magma!"

"At my command, condense into a general, kill!"

Ye Chen's spirit is surging, and his mind is exerting the world leading power of magma.

However, in the sea of numerous magma, magma rises one after another, and tens of thousands of magma rush out and gradually condense into tens of thousands of magma gods. Their whole bodies are wrapped in magma, and the weapons in their hands are also made of magma.

Whoosh! Whoosh!

Whoosh! Whoosh!

Millions of magma gods will burn to the sky.

Tianfen slapped dozens of palms and shattered thousands of magma gods. He exploded and retreated. His left hand was behind him. He wanted to absorb the power of magma, but he found that he could not absorb it anyway! With the degree of his smashing the magma God general, he can't keep up with Ye Chen's level of making magma God general.

Gradually.

The smell of burning in the sky is getting weaker and weaker.

This ebb and flow, soon Ye Chen returned to the peak state, on the contrary, Tianfen has weakened to the extreme, even can not stand up!

Controlling the dominant power of the magma world, ye Chen did not intend to fight any more. He flashed away, as if moving in an instant, and came to Tianfen. He hit Tianfen with one hand and flew it several kilometers away. He smashed the blue gold stone mountains along the way.

"Boy!"

"I didn't expect that you could control the magma world so quickly!"

Even if it fell into the magma, it was like falling into the water. There was no trace of the magma.

He covered his chest and coughed twice. He stood up slowly. His lips outlined a smile. He gazed at Ye Chen with appreciative eyes. He said with a smile, "it's good. I don't need to fight any more. If I fight again, my spirit will collapse."

"With the samsara blood, the burning stele was born for you. I've been waiting for someone. "

"You've already won me!"

"That's it?" Ye Chen is a bit at a loss. He thinks it is necessary to break up the spirit body of Tianfen.

"You want to kill me, don't you?" Tianfen said angrily, "you can understand the fire system, quickly master the fire system rules, and in a few minutes, you have cultivated the fire system law to the great perfection, and also control the magma world. There is endless magma here!"

"It means that you have endless power to recover."

"But I have no more, so what is it that I am not defeated by you?"

It's not a complete failure.

Tianfen is not willing to fight!

He knew that he would only be beaten by Ye Chen on the ground, lose face and simply choose to admit defeat.

Of course, he can choose to use real power!

But he promised to suppress the strength from the beginning. Naturally, it was impossible to embarrass a young man with the power of killing the enemy and even chaos!

Chapter 2530

"Good!"

"Thank you very much

Ye Chen slowly clasped his fist, and his eyes were filled with respect again!

Tianfen is shaking his head: "you don't need to thank me, the strong burning stele, only relying on the green lotus demon fire is not enough."

"Originally, your green lotus demon fire can not completely open the world of burning stele, but I am a little curious about your identity and want to verify the idea in my heart."

"That gives you a chance."

"I guess right now."

"You passed me with the green lotus demon fire. In fact, I violated the principle. I may be punished, but it's OK.

Before disappearing, I'd like to explain some things to you. The burning stele is one of the main battles in the ten reincarnation steles, and the energy needed is endless! "

"It's like the abyss, filling the dissatisfaction forever!"

"Even now, you can't even activate the blood of burning stele."

"According to your green lotus demon fire, you can only play one thousandth of the power of the burning stele. If you use it once, the burning tablet may have to cool down for a long time.

If you want to break the shackles and give full play to the full power of the burning stele, I'm afraid we have to refine another extremely strong Sha Yan first. "

"And it's not enough that the evil flame has been refined!"

"You have to look for stronger flames! Let the energy of burning stele be filled to the extreme

"I know a flame in the kingdom of God. Unfortunately, you can't refine your strength now."

"It depends on fate. Maybe we can meet each other."

"Well, let's go."

"The green lotus demon fire mobilizes one thousandth of the power of the burning stele, and should be able to help you solve external problems."

In less than a moment, the surrounding environment suddenly changed, the magma world had already disappeared, and he also came out and returned to the original cave.

"Green lotus demon fire can only mobilize one thousandth of its power? How strong were the burning steles in their heyday? Is there a stronger existence of the remaining samsara xuanbei? "

"I want to see what this one thousandth stands for

Ye Chen directly sacrifices the green lotus demon, and the fire touches the burning stele!

Hoo Hoo Hoo!!

All of a sudden, the tight space produced a very mysterious wind.

Among the burning stele, there was a bloody luster, and the scarlet fire rushed out and merged into Ye Chen's body.

Gradually, ye Chen opened his eyes, his eyes overflowed with a terrible flame, and a word appeared in his mind - Ancient Yanmo!

Ancient Yanmo?

What's this?

before ye Chen could react, he saw that his left arm was quickly wrapped in a bloody flame.

When ye Chen eased up, he saw that the flame had been covered with the meaning of red fire. Some of them were like bloody dragon scales. Each dragon scale was charged with extremely strong power, with the power of burning the world. At the same time, he felt his combat effectiveness, which increased several times!

"Ancient Yanmo!"

"This is one thousandth of the power that I opened after refining the xuanbei of reincarnation?"

"How strong!"

"Unfortunately, once used, it will freeze for a long time."

Ye Chen was a little surprised. He waved his left arm slightly, but he saw a raging flame overflowing between his fingers. The flame quickly condensed into seven blood demons killing swords. He shot out and broke through the cave.

Bang bang bang!

Bang bang!

Along the way, the green lotus sword destroyed dozens of connected caves.

On the edge of the seventh cave, ehuatian beast sensed the breath of Qinglian mietian sword. It was shaking all over, and did not dare to look up. It seemed to feel more noble blood pressure. The Qinglian mietian sword condensed by ancient Yanmo made it feel more terrifying than Xiaohuang's presence.

"One in a thousand is so strong!"

Ye Chen sighs for a moment, his left hand slightly shakes, the red meaning dissipates, and returns to the original arm.

He doesn't dare to use it.

At the moment, he felt extremely happy and full of strength. Suddenly he saw the figure outside the cave and said coldly, "Qiu Xuehan, it's time to send you on the road."

Ye Chen stepped into the sky and went straight out of the underground cave.

Qiu Xuehan, at the entrance of the cave, flashed in front of him. He took a close look at Ye Chen's coming out. He felt Ye Chen's breath a little, and he couldn't help laughing: "ha ha ha, little bastard, you didn't break through to the disaster situation! It's just a small breakthrough! "

"It seems that the situation of erley just now is not a broken situation like you!"

"In this way, you will surely die!"

Erley!

Generally, it is only when the peak of the nine layers of heaven in the Taixu realm passes through the calamity.

Originally, he thought Ye Chen was robbing in it. He didn't dare to go in for fear of being killed.

But seeing ye Chen come out at the moment, he only has the cultivation of sealing up the six layers of heaven. That is to say, it is not ye Chen who broke the boundary and passed the robbery. Then, ye Chen only went in for a few hours. What changes can he make? Is it not for him to ravage?"Qiu Xuehan!"

"You chased Laozi very happily before."

"I heard that you are good at the law of ice and the law of blood evil spirit!"

"It's just right now that I've come to understand the law of fire system and master the fire of the green lotus demon, I'll try my moves with you!"

Ye Chen has incomparable self-confidence on his cheek, just Qiu Xuehan, and the other side is seriously injured. Now his strength is only too weak. He is not afraid. He is just used to practice!

"Little one!"

"You want to die so much!"

"I can tell you that there are thousands of tasks that I have carried out. There are also dozens of people who have been killed in my hand. There are more than a thousand guys at the top of the nine layers of heaven in Taixu state, and they have never failed. You are no exception!"

Qiu Xuehan was so happy that he thought he would stay at the cave entrance for three years and five years.

Did not expect, this just guarded a few hours, oneself injury also recovered a few minutes!

The goal of the mission is delivered to the door.

Whoa!!

Don't wait for Qiu Xuehan to react.

Ye Chen raised his right hand slightly, and the power of burning stele was released!

He dare not take it lightly!

The palm overflowed with a flame, a scarlet flame, as if there was life. It formed a huge palm independently. With the trend of covering the sky and earth, it directly grasped Qiu Xuehan. It was the power of the burning stele triggered by the green lotus demon fire!

after the fierce flame trapped Qiu Xuehan, he quickly roasted a large amount of Qiu Xuehan's flesh into coke.

You know, Qiu Xuehan's body is a powerful body that can't be touched by ancient utensils. Under the fire of the green lotus demon, it's just like ordinary grass and trees, and it's burned up in an instant.

"Damn it!"

"What is this?"

Qiu Xuehan's face changed greatly. He quickly operated the law of ice in his body. His breath of extreme cold overflowed, and he could come out of his skin to resist the power of the green lotus demon fire, but when he came out, he was like a spark seeing water and quickly annihilated.
