

Physician 2531

Chapter 2531

"No way!"

"Absolutely impossible!"

"My law of ice is the state of great fullness."

"Boy, even if your fire law reaches the full state, it will never have such effect."

Qiu Xuehan's skin was almost burnt clean.

He tried his best to release the force of the ice law, but every time the law power could overflow, it was quickly destroyed. The power of the two was not at the same level!

What's going on?

This little beast, where did you get such a powerful flame?

Damn it, damn it!

He should have broken into the cave and killed the boy.

"Ice sword!"

"Blood evil sword!"

"Come out!"

With Qiu Xuehan's roar, a knife and a sword come out of the scabbard behind his back. The ice sword has the function of self-healing. Even if he was beaten by Ye Chen before, it also flew back to his back.

Whoa!!

The long ice sword rushed out, and the tip of the sword was constantly revealing cold air. The extreme cold air made the ground crack quickly.

However, it was unable to break out of the range of the green lotus demon fire, but saw the power of the fierce flame split out dozens of flames, just like a rope, and seized the ice sword, and constantly corroded the sword body.

As for the bloody saber.

The moment it comes out is swallowed up.

Just hear the click sound coming out, an ancient artifact will be directly melted by the flame into metal fragments all over the sky.

"No!"

"Can't be like this, how could I have failed!"

Qiu Xuehan was extremely miserable. He was destroyed with his thousand year sabre. What's more, he didn't seem to be ye Chen's opponent at all!

Clearly this is the last task!

I thought it was the most relaxed task!

I didn't expect it was the most difficult task!

This task should be carried out by the core elders of the kingdom of God. How could it fall on him? The palace master is really harming me!

"Qiu Xuehan, send you on your way!"

Ye Chen sneered and raised his right hand slowly. The palm of his hand also overflowed the flames.

Holding a strong power of fire with both hands, he directly discarded Qiu Xuehan's cold air in a very domineering manner, and then directly burned most of Qiu Xuehan's whole body. Even his spirit was burned by the green lotus demon fire, and he was relieved on the spot because he could not bear it!

Whoosh ~ ~

huhoo ~ ~

several breaths past.

The breeze is whistling, blowing the green dust all over the ground.

Qiu Xuehan, the famous killer in the kingdom of God, fell completely under the attack of the green lotus demon fire.

.....

Kingdom of God, in the palace of heaven!

In a very mysterious palace.

Some of the furnishings in the palace are like a spirit hall. There are thousands of brands on it. Each brand seems to be made of pure crystal, but one foot in size, with the names of people on it.

These are the life jade cards of the strong in Tiandao palace!

The jade card of life means that people are there!

If a person is no longer dead in the war, the jade card of life will be broken automatically.

The production method of this kind of life jade card is also very simple. As long as the living person divides his spirit power into a part and keeps it in the life jade card, it can be used. If a person dies in battle, the spirit is broken or reincarnated, the spirit power in the corresponding life jade card will also be broken, leading to the jade card breaking!

This palace is huge!

Go up to the palace master and the elder.

Down to ordinary inner disciples, inner and outer doors, branch hall elders and so on, tens of millions of life jade cards are displayed!

Just as the guards were cleaning the dust in the palace as usual, suddenly a clear voice came out.

More than a dozen bodyguards felt bad and looked up at the life jade cards around them, looking for them one by one.

"Here it is!"

"This piece of jade card of life is broken!"

A bodyguard with a strong breath pointed to a broken jade plate of life and gazed at the front on the broken residue. He could not help but look shocked and said, "elder Qiu Xuehan's life jade card is broken!"

"How could that happen?"

"Elder Qiu Xuehan, isn't he going to kill a warrior who sealed the door?"

"How can the jade card of life be broken?"

The captain of the bodyguard gave a violent drink, stopped the crowd, and ordered: "report to the palace master quickly. Elder Qiu Xuehan's life jade card is broken and has been killed in the war!"

Soon!

A bodyguard came out of the sky and came directly outside the Xuanyuan Mo Xie palace.

"Palace master!"

"I am the bodyguard of life jade card hall. I just found that elder Qiu Xuehan's life jade card is broken!"

Click ~ ~

a clear sound comes out! Xuanyuan ink evil suddenly crushed the jade cup in his hand. He looked gloomy and cold. With a wave of his hand, he hit the bodyguard who came to report!

He stepped down slowly, gazed at the rules in the room, and sighed. Then he ordered several bodyguards to be called in and said, "go and find old cloud!"

"As Qiu Xuehan's master, his apprentice is so useless that he should bear the cost!"

"It's just a mole ant. Can it be over only by sending elders of this level?"

"I should not despise this boy."

"This boy is out of the way of heaven. Maybe it's the biggest threat to our heavenly way palace!"

"In just a few years, from the cultivation of mole ants, the cultivation has reached the level that is enough to kill and kill the enemy!"

"Too fast, too fast!"

Xuanyuan Mo Xie said to himself, looking a little frightened, wandering in the palace.

"This palace remembers!"

"Not long ago, the people sent by my palace to kill him were just too empty."

"That time, he almost died, but now, how long interval, he has been able to kill Qiu Xuehan!"

"Too fast, really fast!"

Xuanyuan ink evil even felt a strong sense of threat.

Why do you feel this way?

Because that mysterious young man's training speed and the speed of improving his combat power are faster than ever before!

This point, let Xuan Yuan Mo Xie cannot accept!

"Hateful!"

"The master of this palace is subject to the power of the law!"

"You can't step out of Tiandao palace. Otherwise, the master of this palace will kill this person himself, so as to avoid future troubles and strangle all threats in the cradle."

Xuanyuan moxie's expression is extremely complex, with worries, anger, and fear. In short, it is very complex. Every time he thinks he can kill the other party, but he just let the other party escape!

Just this time!

He directly sent out enough power to kill everything!

Cloud old cloud Xuanfeng to kill him, no matter what face is not face of things, we must strangle the threat in the cradle!

Bang Bang ~ ~

the sound of heavy footsteps came out.

An old man with a strong physique walked in slowly. His body height was more than two meters, and his weight was probably thousands of Jin. Even if he looked at the extremely heavy kuiwu, the old man was wearing a Taoist robe and carrying a wooden sword behind his back. It was a special ancient wooden sword type artifact!

He is the master of yunlao and Qiu Xuehan!

The power is terrible!

Qiu Xuehan's strength is not equal to this master's move!

Chapter 2532

"See the palace master!"

"What task does the palace master give me?"

Old Yun stopped for a moment, pondered for a while, and asked, "I heard that Qiu Xuehan, my disciple, died in the war. The palace leader asked him to pursue and kill a guy who sealed the gate. Is it possible that there is a huge force behind the fengmenjing?"

Otherwise, how could Qiu Xuehan die outside?

"No!"

"That person's identity I can't detect up to now, extremely strange, can't see anything in the heavenly way plate!"

"The reason why I'm so tired of Mr. Yun's going out is that our palace master has sent many people to kill him. Every time, the people who kill him are at least a lot higher. According to the normal situation, he must be hanged quickly!"

Xuanyuan moxie sighed.

Then, he explained, "but every time it failed! There must be immeasurable existence behind him! "

"I don't know who he was behind, though."

"I believe that either the boy gets some special cards, or someone thinks that he can be protected by injecting corresponding strength into him!"

"But old cloud, your strength is above the average in the heavenly way palace!"

"Qiu Xuehan is your disciple again. Since he is not the opponent of this son and died on the spot, it is up to you to solve it!"

"I hope you don't have any contempt, just erase it!"

Xuanyuan ink evil looks dignified, otherwise it will not be able to deal with a martial arts man who has sealed the door and sent such a powerful man.

According to the two great realms of Yun Lao Gao Ye Chen, in terms of the combat power of other geniuses, he is afraid that he will be killed in a moment when he is chased by an enemy who is higher than his own.

But this son can't!

Therefore, send two high realm of cloud old hand, strangle Ye Chen!

"Good!"

"I see. I also want to see what the strange boy has

Cloud old toward Xuanyuan ink evil after holding fist, quit the palace, directly tear the void to go on the road.

He had Qiu Xuehan's broken life jade card in his hand, and there was a broken spirit in it. He used this to pursue the place where Qiu Xuehan died in the war. He believed that the boy should not have left yet. When the time came, he would catch up with him and hang him directly!

.....

In the bloody forest!

Ye Chen did not leave, but returned to the cave.

He used the power of the burning stele to strangle Qiu Xuehan, but it seemed that he had exerted too much force, which led to the flame's recoil. Some of his meridians were destroyed and needed to be healed. He simply hid in the cave. Once someone came, he could let the ehuexue beast go out and block it!

When ye Chen is healing.

All of a sudden.

The sky and earth changed color, and a colorful light appeared in the clouds.

The eight auspicious auspicious gathered together, the real dragon soared into the sky, the Xuanwu broke away, the Phoenix crowed in unison, the unicorn roared, and the auspicious splendor appeared.

Originally, it was a fairyland, but under such peaceful scenes, there was an extremely murderous spirit. The murderous spirit hidden in the void was a strange force that ordinary fierce animals could not find!

Roar!

Roar!

The sound of roaring came out!

Thousands of fierce beasts came out of their nests and bathed in the sunshine, which made them feel very comfortable.

On the contrary, ye Chen in the cave feels a little wrong. He turns to the ehuetian beast and finds that he is not as eager to bathe in the light as the fierce beast outside. Instead, he feels something extremely scared. He curls up on the ground and dares not to move. He even stops his breath!

The scene of the blood beast is like pretending to be dead!

"It's not right!"

"These fierce beasts of fear

"On the contrary, other ferocious beasts are extremely jubilant in the face of these auspicious lights."

"There's something wrong with Xiangguang!"

Ye Chen looks confused. He comes to the cave and looks at the situation outside. His eyes are a little confused. Suddenly, he sees a space passage in the air, like a group of people tearing up the void!

Hoo ~ ~

Hoo ~ ~

auspicious light swept along with the breeze.

Many ferocious beasts are bathed in the auspicious light, and even have no violent look. They lie on the ground one by one, just like sunbathing.

Suddenly, a space channel, cloud old slowly stepped out, and then more than 100 space channels around the same time closed!

"What a show

"Tear up the void

"Ordinary people tear a void passage. He tears a hundred channels of emptiness."

Ye Chen looked at the man in front of him, but found that he was wearing the clothes and robes of Tiandao palace. He couldn't help sighing. He should have left earlier. Unexpectedly, the strong man of Tiandao palace came again!

So fast.

But the first time! Old cloud tore up the void and landed in the bloody forest. His eyes scanned the thousands of fierce beasts bewildered by his own law of light, and said to himself, "whether you are here or not!"

The voice dropped.

He raised his left hand, and a mysterious light flew out.

All the fierce beasts, especially those bathed in the "auspicious light", burst into pieces one by one, and the ground was full of bloody smell.

Bang Bang ~ ~

Bang Bang ~ ~ ~

the popping sound is constant.

Whether it's a fierce beast in Fengmen or Taixu, even if it's a fierce beast in a bad situation, it's a physical burst with no resistance.

Yunlao directly eradicated more than 90% of the ferocious beasts in the xuesha forest. He swept the whole forest without finding Ye Chen, but he suddenly found the trace of ehuetian beast. When he looked at it, his deep eyes directly saw through the space and saw Ye Chen hidden in the ground.

"Good fellow!"

"Hiding here."

"If you have practiced the law of time and space, or there is something wrong with your blood, or you will not be able to block my law of light!"

Yunlao didn't intend to say more, but he killed Ye Chen directly.

He cultivates the variant law of the law of light. When he makes a move, he has the ability to bewilder. However, powerful beings or creatures with extremely strong blood can find problems. This is also the reason why Ye Chen was not killed at the first time.

"Damn it!"

"Old thing!"

"Green lotus demon fire!"

Ye Chen also knew that he had been discovered, and broke out with all his strength.

He waved the green lotus sword to kill the sky. The body of the sword was haunted by the fire of the green lotus demon. With one sword, countless evil flames rushed out of the sword. Along the way, he tore out black space traces, with strong destructive power!

The power of the burning stele is about to dissipate, and he must make a quick decision!

Or you will die!

.....

At the same time, a group of terrible demonic Qi surged from the sky!

The extreme speed makes the bloody sky suddenly shrouded in darkness.

Where the evil Qi passes through, the void around is mercilessly torn.

In the evil spirit, there is a figure which dominates the world!

Figure hands behind, eyes cold and with killing intention!

Like the endless fury of the abyss!

If ye Chen is here, he will surely find that he is the devil emperor!

The magic emperor stepping into the kingdom of God!

Although the demons are separated, the kingdom of God finally meets!

At the moment, the evil emperor with endless killing intention, has sensed the crisis of Ye Chen in the blood evil spirit forest!

He won't let Ye Chen get hurt!

He doesn't allow anyone to move his approval!

He's a devil, blood stained devil!

For the devil, he read out the burning sky, read to burn the dome!

He is a devil, the devil refers to the endless nightmare of Tiandao palace!

Chapter 2533

"Green lotus demon fire, xuanbei power, open!"

When ye Chen sees the appearance of yunlao, he is aware of a strong threat!

Even if it is possible, the flame power of xuanbei can't be countered!

In the samsara cemetery, you can't do anything in this situation!

The other side is too strong!

Now it's up to you!

Tiandao palace is obviously in a hurry. It even sent such an expert to deal with himself!

"What a strong flame, even with a trace of the original breath, no wonder Qiu Xuehan died in your hands!"

The old man waved his hand to annihilate the evil flame, and then he moved forward slightly. The shadow appeared in the shadow, and his fingers glowed with light. In an instant, he came to Ye Chen's body and pointed at Ye Chen's chest.

Bang!!

A heavy noise came out.

It's like a mountain bumping into Ye Chen's body, and its body directly falls into the cave for several kilometers.

"Caves?"

"There is a bloody beast here

However, he did not see the deep layer of the cave, but he did not see the deep layer of the cave!

It's a pity that such a talented person!

He did not have much emotion. His body was surging rapidly. One after another of the shadows appeared in the cave tunnel. It was almost to the extreme. Ten shadows appeared. His fingering technique, which was called Lingxi God finger, was extremely fierce. One finger almost killed Ye Chen!

Now!

Another finger, you can kill Ye Chen!

In the face of Qiu Han, he couldn't even break his body in the face of the fire, but he couldn't even break his body in the face of the fire!

Watching.

Ye Chen is about to die under the Lingxi God of Yunlao.

A blood red figure appeared, and it was the giant egg yolk. Among its huge cracks, a flame of life suddenly burst out, almost enveloping Yunlao.

Bang Bang ~ ~

Bang Bang ~ ~ ~

the sound of the road burst.

The flame of life was defeated, and Yunlao himself killed Xiaohuang, and hit Xiaohuang directly with his right index finger.

Boom!!

The explosion came out.

The whole egg yolk is hit to fly out, even if the eggshell is furious, it can't stop this finger at all. It can only be regarded as a move that must be killed for Ye Chen.

However, something strange happened.

Bear such a powerful blow, Geng Jin may be damaged a few points!

However, there was not a trace of damage to the giant egg on the cloth road!

Weird to the extreme!

Yunlao can only repel, but not destroy!

"What is this huge egg?"

Yunlao stops and stares at Xiaohuang, who is 100 meters away by himself. He frowns slightly. Then he uses his inner spiritual power again, gathers Lingxi God's finger, and kills Ye Chen!

Zhiqiang Yizhi!

As long as you hit, ye Chen will die!

However, the next moment, strange things happen again!

That huge egg unexpectedly appeared in front of Ye Chen again!

Want to resist Yunlao's attack!

But at the moment Ye Chen Mou son is dignified: "Xiao Huang, return to samsara cemetery! You haven't broken your shell yet. You can't fall short! "

"This blow, I activate blood, should be able to bear it!"

The next second, not waiting for Xiao Huang's reaction, he was forced back to the reincarnation cemetery by Ye Chen!

Ye Chen looked at this powerful palm, and countless coping styles flashed through his mind!

Atomization magic!

A thousand soldiers!

Soul skill!

No way!

Such a gap between the strong, simply not these means can solve!

"Red dust pulse, open it for me!"

"Ling Feng Shen Mai, give it to me!"

Two veins open!

But ye Chen's eyes are still dignified!

Because even if he used these two forces, he was not confident that he could resist it! He can only watch Lingxi God finger attack!

At the moment when he was about to touch him, a thunderbolt rang through the earth.

A magic light is projected from the clouds and envelops Ye Chen. It is like a protective cover. It resists Yunlao's finger and flies hundreds of meters!

"Who dares to move if I cover the heaven and the devil!"

A voice that runs through nine days rings!

This is the voice of the devil!

This is the voice of the devil's eye!

This is the first time that the devil emperor has called out his title since ancient times!

Cover the sky devil emperor! He wants to cover up this injustice to the world!

He wants to be for the sky, covering the dark sky!

Ye Chen's lips outlined a smile and gazed at the sky. The blood color and evil Qi rolled like waves. Before that, the sky which had been auspicious and auspicious had disappeared, and the real dragon and Xuanwu and other strange images were also directly broken!

Boom! Boom!!

Boom! Boom!

The thick blood colored magic clouds gather, and the magic electricity flickers constantly.

The sky seems to be like the sea. The clouds and fog composed of the evil gas are billowing, and the ground is full of endless blood and magic light. There is no place that is not covered by the evil spirit. The sky is dark, the lightning is thundering, and the storm is suddenly rising.

Gradually.

These evil Qi gradually condenses and forms a body.

A domineering, arrogant world of body, standing in the sky, impressively is the devil emperor!

When the devil emperor comes, he can resist the sky and fall. There are thousands of meters of blood cloud behind him. Every step he takes, there will be a kilometer square of pure magic earth. For thousands of years, there is no grass. He is the supreme one in the devil!

"Ye Chen!"

"Are you hurt?"

The evil emperor comes to the cave and stares at Ye Chen, who is seriously injured on the ground. He looks angry, but he doesn't kill Yun Lao for the first time. Instead, he lifts Ye Chen up and holds Ye Chen up slightly with his left hand. The palm of his hand overflows with magic light and is healing Ye Chen's injury!

And now the old cloud suddenly woke up.

Regardless of his injuries, he stares at the man who dominates the world not far away!

The devil!

The nightmares of countless people in Tiandao palace in ancient times!

He even vaguely remembered that day, the heavenly way palace was almost reduced to purgatory because of this man!

"The devil Magic The devil the devil

"How could it be!"

The pupil of the old man seems to burst, and his face is filled with fright.

He trembled when he saw the arrival of the devil. He had seen each other in ancient times!

Ancient times!

At that time, I was just a young monk.

Once upon a time, there was a campaign in which various sects joined forces to kill the evil emperor. In that battle, hundreds of soldiers from the frontier of Taixu and hundreds of thousands of soldiers from Taixu area gathered to kill the demon emperor!

At the beginning, I was a member of hundreds of thousands of martial arts experts.

I have seen with my own eyes that the devil emperor's sword is like cutting grass, killing the so-called gods' power of cutting the enemy's land. It is like cutting grass that reaps the life of the powerful power of cutting the disaster area. After a cold whine is heard, the Taixu warrior explodes hundreds of people in the field.

Chapter 2534

The martial arts of Fengmen!

Fortunately, he did not get close, so many of them were not killed. He also survived.

He has seen with his own eyes that the evil emperor slaughtered all the powerful nations, and should be placed in the collapse of heaven and earth. The whole kingdom of God is as terrible as the coming of the last day. The sky is broken, the ground is split, and there is endless rain of blood. That scene is unforgettable to him!

The devil!

Finally, he died in the hands of the trusted monarch, the devil's dust and several top talents!

But I didn't expect that the demon emperor, who once slaughtered the kingdom of God, was reborn!

At this moment, Yunlao turned to tear the void to escape, but found that the void had already been blocked. He wanted to leave the sky, but he found that he couldn't move!

"Humble beast?"

"Still want to run?"

The evil emperor snorted coldly and waved his right hand casually.

In the sky, countless bloody thunder clouds surged, and then thousands of bloody thunder and lightning fell down, each of which was tens of thousands of feet in size. It directly hit Yunlao, and then a burst sound came out. The cloud old man who cut the bad situation broke his body on the spot, and his spirit was destroyed and no longer existed!

One shot, second kill!

Is this the power of the devil?

Ye Chen is totally confused!

He knew the devil was strong, but he didn't know it was so strong!

Is the demon emperor now back to its peak?

Yunlao is dead!

Ye Chen almost recovered from his injury. He was overjoyed to see the devil emperor and said, "devil emperor, have you recovered your peak strength?"

"Where did you go after the first World War of demons?"

"Why do you send me news all of a sudden now?"

"What's more, this time you're looking for me, but you're going to set foot on the heavenly way palace with me!"

Ye Chen threw out many problems one by one.

There are too many doubts in his mind.

Only the devil can solve his puzzles.

The evil emperor shook his head: "during this period, I practiced in the altar prepared by the devil spirit son for me."

"Unfortunately, I haven't reached the peak yet."

"Although the power of the altar the devil gave me is strong, it is far from enough."

"The only good news is that the devil is still alive, and I can feel the weak connection he has released to me in Lingwu land."

"As for the heavenly way palace, my present strength is doomed to be unable to contend with!"

The evil emperor's mood was somewhat complicated. He sighed and said, "therefore, I can't follow you to the heavenly way palace and eradicate this force."

After a pause, he said, "the reason why I want you to come is that you need to go to a place with me. I can't get into that place, but you can."

"Where?" Ye Chen calmed down and inquired, "devil emperor, you can't enter the place you want to go, not to mention me. I'm the gate sealing state. You can kill the middle and later stages of the disaster state!"

The evil emperor was smiling, waving his hand and saying, "that place is quite strange. People who are not of that race can't enter, even I am no exception."

He explained: "that place, in fact, is an ancient tomb, a very special ancient tomb, the tomb of one of the powerful men in the ancient times of the kingdom of God! A strong member of the Ye family is buried! "

"You have to know!"

"In the past, the Ye family in the kingdom of God was a very powerful family in ancient times. Its power was much more powerful than the present Tiandao palace in the kingdom of God. The Ye family was also very domineering. Among their ancient tombs, they were extremely dangerous. Even if the people of the family entered, they might fall down!"

"But the people of my race are the only chance to enter."

"And you, the blood on your body is the Ye family of the kingdom of God!"

Ancient times!

Can be different from the ancient times when the magic emperor was famous!

In ancient times, the Ye family in the kingdom of God was enough to shake the nine heavens. No matter what the gods, demons and demons, the people who saw the Ye family had to kneel down, even if it was the power to cut down the nine layers of heaven in the troubled land!

"I'm still a long way from my heyday!"

"In fact, I have recovered a lot of fighting power, but if I want to recover completely, I need a treasure from the Ye family's tomb. It's called the ancient heavenly magic bead, which is one of the funeral objects of the Ye family's elder!"

"I'll have a chance to recover."

"Even beyond the peak."

"Then, I will be able to kill the heavenly way palace with you."

The devil Emperor himself said he needed Ye Chen's help.

Ye family in the kingdom of God, even if it doesn't exist.

However, the power of the remaining tombs is enough to keep the evil emperor out of the world, and no one in the kingdom of God can move. Of course, except for the pure Ye family, ye Chen has the blood of returning to the ancestors, which is related to the ancient Ye family.

Ye Chen is the only one who can find ancient magic beads for him.

So the devil will come to him!

"In that case!"

"It's about the Ye family tomb."

"As a burial object, ancient magic beads have always been buried in the tomb. Besides being used as ornaments, they have no other functions." "It's just that I'm curious about who I am."

"This may be the first time I have been in contact with the ancient Ye family."

"Yonglao said a long time ago that ye's family is strong. This time, I'd like to feel a little bit!"

Then, his eyes fell on the devil's body and said, "OK, demon emperor, I'll get you ancient magic beads!"

Thank you very much

"Let's go at once! But I'd better come in with you. "

"I'm afraid it's dangerous for you to enter it."

"If you fall in the grave because of my affairs, it will be my life's guilt!"

Ye Chen smile: "when the time comes, act according to circumstances."

The evil emperor shook the void and took Ye Chen through the space tunnel, across thousands of miles of space, and directly came to a Jedi!

Hoo Hoo Hoo ~ ~

AAH ~ ~

bursts of crow and animal calls came out.

It seems particularly harsh. If a timid person hears it, he will be scared to his knees.

Ye Chen stepped out of the space tunnel and saw that he came to a mysterious place. It seemed that there would never be a day in this place. The dark environment was full of dried up vines. There were red crows living around the rattan, but each crow had a very strong breath, which was somewhat like a tomb guard herd.

He looked forward and saw a brilliant tomb, not even a tomb, but a palace, a tomb full of withered vines and arrays. Everywhere, there was a smell of destruction!

Suddenly.

An old man appeared, indifferent, as if he were a tomb keeper.

He looked at Ye Chen, and then looked at the devil emperor behind him. He said calmly, "the deceased is dead. Don't disturb me. You'd better go back!"

Ye Chen takes a close look. The old man in front of him looks very ordinary. He is wearing a grey robe and holding a crutch in his hand. His face is full of wrinkles. He looks like an ordinary old man in his eighties and nineties. He feels like he is dying. There is no breath and fluctuation in his whole body. He looks very simple.

It's not worth a fear.

Chapter 2535

But in fact, in his mind came the voice of the ancient medical God!

The old man in front of him is actually a powerful existence that cuts down the top of nine layers of heaven!

And the strength will only be higher! Even beyond chaos!

The other party must be the guardian of this tomb.

As a tomb keeper, ye family in ancient times is really domineering. Such a strong man is just a tomb keeper!

Ye Chen is a little stunned.

No wonder the devil can't get in!

Such existence, already very powerful, but willing to guard the tomb, this tomb is really extraordinary!

"Old man!"

"I am the younger generation of Ye family!"

"As a descendant, the meaning of coming here is, first, to commemorate the ancestors. But there is something in the tomb that is extremely important to me. Let me take it out and make the best use of it! It's a great shock to the Ye family

Ye Chen is not going to hide it.

He also knows that to conceal such a strong man is undoubtedly to seek death!

And ye Chen has no sense of shame. The tomb in front of him is his own. It's good for Ye's family.

But, who knows how many generations have passed!

I don't know if I'm directly related.

What if it's a partial Ye family?

Even if it is the lineal blood relatives, according to the ancient times described by the devil emperor, this ye family elder is at least his own ancestor.

The tomb keeper heard Ye Chen's words without any fluctuation. He closed his eyes slightly, sighed and said, "you can do it. The people behind you are not allowed to enter."

"As a descendant of the Ye family, of course, the Ye family does not exist, but there must be some family rules."

"If you go in, whether you visit your ancestors or take their belongings, you can do it alone. The warrior behind you doesn't have to go in!"

"What's more, if you fall in the tomb, it has nothing to do with me. Everything is your destiny."

As a grave keeper, he didn't know how long he had been there.

Naturally, he could feel the faint breath of blood on Ye Chen.

His blood, though weak, could not stop it.

He saw Ye Chen's words in front of him, but he could not accept that the evil emperor followed him in.

The evil emperor is a Leng, from the old man's mouth also know inside the dangerous, he can't let Ye Chen take risks for himself! I can only take a step forward and say:

"excuse me, elder."

"I heard that there are many arrays and killing formations in Ye's cemetery. If I don't follow in, what if my friend encounters crisis?"

"Rules are dead, people are alive."

"This son is the only chance for the Ye family. It must not fall."

"Please give me some accommodation."

"I won't move anything inside. I just want to protect Ye Chen."

"The elder should be able to perceive all this."

The evil emperor pulls Ye Chen and prepares to go inside.

However, the tomb keeper pushed his hands slightly, a force of invisible laws, which seemed to communicate with the world. However, the devil emperor and ye Chen took a step, not only did not appear in the tomb, but appeared in the opposite position, far away from the tomb!

"Damn it."

"The power of the law."

"This magical means has touched upon chaos."

The evil emperor couldn't stop him. No matter how he grasped Ye Chen, he took another step forward. As a result, not only did he not move forward, but he stepped back even more, which made him helpless. Let's go. It's not appropriate.

Don't do it.

They were doomed to be unable to enter.

"That's it

"Ye Chen, we came to Ye's ancestral tomb, this is the request!"

"You and I are not suitable to start, you try to break the power of blood! There may be a turning point. "

The devil Emperor didn't intend to start, but he was clear about his gratitude and resentment. He directly let Ye Chen solve the problem by blood.

He believed that if the old man felt Ye Chen's blood, he would definitely compromise.

Boom!!

The breath was released.

A force derived from reincarnation spreads out in the invisible.

Ye Chen's eyes of demons emerge from his eyebrows, and three empty shadows of xuanbei are suspended around him. The surging breath is like a sea of blood rushing. The strong smell of blood is floating out, and the strange blood light is faintly produced behind his back.

Roar!!

Roar!!

Gradually!

Behind Ye Chen, there are many figures, such as Taotie hissing, Yinglong flying, Taowu roaring, lion dragon galloping and so on. It is the same effect as the four holy beasts transformed by Yunlaoxiang Guangruicai, but the four fierce beasts behind Ye Chen!

Taotie, Taowu, lion dragon, Yinglong!

In ancient times, each of the four fierce beasts is a general existence! Boom! Boom!!

Boom! Boom!

It's close behind.

The tomb is surging violently. It seems that there is a unique Qi mechanism responding to the general situation. In the ancient tomb, a divine light rises to the sky, attracting thousands of black clouds. The thunder and lightning shining in all directions reflect the virtual shadows of the four fierce beasts. It seems that it is a family originally.

Reincarnation and blood stimulation!

The grave vibrates!

Flash of divine light and shadow of four fierce beasts!

Poop!!

A dull noise came out.

The tomb keeper was shocked and knelt down directly. His eyes were full of respect. He clasped his hands and motioned to Ye Chen, saying, "Your Highness, I have seen your highness. I don't know it was your highness. Please forgive me!"

Your highness!

The strongest blood vein of Ye family -- reincarnation!

Thousands of world, only one person!

This is the highness of Ye family. The old man knew Ye Chen was a member of Ye family, but he never thought he was the one with reincarnation!

His body is shaking, his eyes are full of tears!

"Get up, please."

"The old man has worked hard to guard the tomb for my people for many years. Thank you very much

Ye Chen holds his fist to the tomb keeper. After all, the other party has no merit, but also has hard work, and he is not difficult to do for himself. A thank you is also a lot of meat!

Ye Chen looks back at the demon emperor and nods slightly, and the two go forward to enter the tomb.

However, the tomb keeper no longer made any contribution. Instead, he knelt down in front of Ye Chen and said sincerely, "Your Highness, you are the royal highness of the Ye family. The old slaves dare not stop you. However, according to the Ye family's rules, the family's tombs are only allowed to enter, but this demon warrior can't enter anyway!"

"Your Highness, please forgive me!"

"If this demon warrior forced to break in, the old slave would not be allowed to die."

See this scene.

The devil emperor was completely out of his way. He didn't expect that the tomb keeper attached so much importance to the rules.

Ye Chen saw this and said: "the devil emperor, in this case, you stay. I can go in by myself. Will my Ye family's tomb still kill me?"

After persuading the demon emperor to stay, he motioned to the tomb keeper to get up, holding the magic gun of the God of killing heaven in his left hand and the green lotus sword of killing heaven in his right hand, and entered the ancient tomb alone.

Take a look.

The whole tomb is like an underground palace.

Chapter 2536

It is said that the ancient tomb is actually a tomb. Along the way, we passed two or three huge halls, in which we saw 100 coffins, but all of them were burials and so on. We did not enter the main tomb room.

Of course, there is a strong breath in the tombstone!

Is this the strength of the Ye family?

Why are the old people outside so powerful that they only guard the tomb instead of revenge for the Ye family?

Is it more powerful to destroy the existence of Ye family?

Tiandao palace or others?

Ye Chen doubts more and more.

A wooden door was pushed open.

A hundred square meters of coffins are exposed in front of you!

Hoo Hoo Hoo!!

Hoo Hoo Hoo Hoo!

In the tomb chamber, there was a breeze. There must be a vent on the side, but the breeze was blood red.

There are more than a hundred large arrays, one of which protects a coffin. Each bloody array is like an upside down bowl, which is extremely mysterious. The array is covered with crisscross red silk threads, and a breath of destruction fills out.

"Every big array!"

"They all have the power to kill Taixu and even to kill the adversity!"

"Hundreds of large arrays are closely linked, almost equivalent to a giant killing array. When they move, they will lead the whole body!"

Ye Chen looks at the array in front of him and frowns slightly. Of course, the killing array in front of him can be broken, but his position, not to mention the main tomb chamber, is that both the left and right tombs have not arrived. This is when he comes to the accompanying tomb room, there are already such killing arrays!

If you get to the main tomb, isn't there a killing array that can smash the chaotic situation?

Even if ye's family members come in, they can't continue to break the battle even if they don't have the cultivation to cut the bad situation!

Ye Chen pauses for a long time and takes a deep breath. The green lotus sky destroying sword in his hand stabs out, and the sword tip bursts out thousands of bloody sword Qi, converging into a bloody tsunami, which directly submerges dozens of killing arrays. Qinglian mietian sword Qi and the killing array fight each other.

Bang Bang ~ ~

zizizi ~ ~

Click ~ ~

a series of crashing sounds come out.

The green lotus sky destroying sword spirit constantly destroys the killing array. On the contrary, there are only more than 80 killing arrays left. However, each large array is haunted with a red luster. It shoots out the tsunami of Qinglian mietian sword Qi directly in front of it, and knocks Ye Chendu back dozens of steps.

"No way!"

"These killing arrays are not only very powerful in attack, but also more powerful in defense."

Ye Chen's face twinkled, carefully observed the situation in the killing array, and suddenly felt a familiar Qi machine. He said to himself, "how can I feel this breath in Xiao Huang's body, and have sensed it?"

"Xiao Huang!"

"Come out, look at these killing formations!"

Whoosh ~ ~

a red light flies from the samsara cemetery.

The giant egg falls beside Ye Chen, can't help being overjoyed, saying: "boss, these arrays are specially prepared for me?"

"What do you mean?"

"You can also swallow these killing formations?"

Ye Chen is a little surprised. He thought that Xiaohuang could swallow the array, but could such a powerful array also swallow it?

That's too bad.

Xiao Huang shook and cheered: "these arrays are of the same origin as me. These killing arrays are deadly threats to outsiders, and they are great supplements to me."

"That's great!"

"You're going to eat up these killing formations!"

Ye Chen is overjoyed and makes Xiao Huang go out directly.

Xiao Huang slightly inflates her body. The pattern of the giant egg spreads out, and directly steps into the killing array. The breath of the giant egg shakes open, just like the sea embraces all rivers. The fierce wind absorbs the killing array around. However, a pure force in the killing array turns into red light and merges into the giant egg!

Hoo Hoo ~ ~

Hoo ~ ~

Hoo ~ ~

the time passed quickly.

One after another, the killing array burst out, because it was unable to support because of the loss of strength, even the utensils of the array were reduced to ashes.

The giant egg breathed out a satisfied breath and ate very much. He staggered back to Ye Chen and said, "boss, I'm a little full of these arrays. If I have this kind of array again, I'm afraid I can't eat any more!"

"No problem!"

"Go back and have a rest first."

Ye Chen asks Xiao Huang to return to the tomb of samsara. He walks alone through the burial room and looks at a hundred coffins. As soon as his mind comes out, he can see clearly the situation inside the coffin.

Among the hundred coffins, there are 100 strong men.

Wearing blood red armor, hands on the chest, with a unique sword beside them, each corpse is well preserved, and there is no decay due to the passage of time, and each corpse has left a little powder of corpse puppet. Ye Chen guessed that if he had not come in just now.

These hundred warriors will quickly change into corpses and come out of their coffins. Each of them has at least the fighting power to kill the enemy. Because they are corpses, only their physical strength is

equivalent to that of killing them. When they were born, they would be at least the peak of the situation.

"These strong bodies!"

"It seems that they are all willing to be buried with them. It seems that the Ye family in this tomb is not simple!"

"If the lowest level is an elder, it can be configured like this."

Ye Chen talks to himself, his own breath blooms, the strong body in the coffin is sensed and there is no response.

He left the funerary room and walked through the long and narrow tomb paths, in which there were no traps.

The owner of the tomb clearly knew that the people who could get here were either his own or the enemy.

The enemy who comes here must at least cut off the peak of adversity, so there is no trap, because even setting a trap is just a joke to such a strong man.

Ah!

The sound of blood crows came out.

The eye-catching tomb is extremely vast, at least thousands of square meters in size, surrounded by a lot of silver locust trees. Standing on the dry trees, there is a blood demon crow, a special Raven that feeds on corpse gas and evil Qi. It is the size of one person, and its mouth will emit the sound of terror and confusion.

One of these creatures, which live in the tomb all the year round, is enough to destroy 100 top strong men. Even many of them have to die at their mouth when they are in trouble. However, there are hundreds of them in front of them.

Since ye Chen entered the tomb, groups of blood demon crows have been flying around him. Instead of attacking, they are making a very penetrating voice, which seems to be welcoming Ye Chen.

Ye Chen swallows pharyngeal saliva, looking at the formation in front of him, whispers: "fortunately, it's my family! I can estimate that the level of the old cloud cut into trouble, I'm afraid these crows will tear it up in an instant

In the middle of this tomb, there are also killing arrays with flashing red light.

Ye Chen did not choose to destroy it, but avoided it directly. He went to the deep of the tomb. He gazed at a huge bronze gate, which seemed to be the only way to enter the main tomb. He pushed it gently, and a magnificent hall appeared in his eyes, which was different from his own dark tomb.

Chapter 2537

He entered the hall and did not see the coffin. The hall was surrounded by walls of white gold and chalcedony.

All of a sudden, a voice came.

"It's my descendants of the Ye family."

"If you are a younger generation, please kneel down ~"

a series of extremely mysterious voices spread out.

This kind of voice seems to come from nine days away. It doesn't have the meaning of threat, but it has the sense of temptation. Ye Chen seems to have entered the fairyland. He is listening to the immortal's instructions. He can make people feel very happy, but he can stabilize his mind and have the ability to induce.

"Ye's descendants?"

"I'm from the Ye family?"

"Kneel down!"

"Kneel down!"

"Kneel down!"

.....

The sound of nine days came out, let Ye Chen kneel down and let him submit!

Many of these sounds are very old. They should be the voice of old people. They seem to be some self preserved deities. Ye Chen comes in and triggers these spirits!

At the same time, the voice of the ancient medical God sounded in Ye Chen's ear: "boy, you are the tomb owner of the samsara cemetery, and your identity should be higher than the owner of this tomb. Don't kneel down."

"And it's a little weird Be careful. "

Ye Chen nodded, and his mind was determined. He looked around him and said:

"even the predecessors of Ye family!"

"But I Ye Chen is a member of the Ye family, but also the reincarnation master. I will not kneel down!"

Words fall, the voice of anger!

"Bold!"

"As a descendant of Ye family!"

"When I saw Ye's ancestors like me, I didn't kneel down and wanted to die!"

"Surrender to your ancestors! You are unfilial descendants and even claim to be the master of reincarnation

These sounds are so complicated that they don't seem to be alone.

However, soon, an invisible force of law suddenly fell on Ye Chen's body, like a hundred and ten peaks on his body.

Ye Chen instantly exuded blood from the corners of his mouth, but he couldn't move. His eyes congealed, and his whole body momentum was released on the spot. He even said, "I Ye Chen only kneels down on earth's parents, only my supreme master. In addition, even the way of heaven can't make me surrender!"

"The road of martial arts is against the sky."

"Even if you have the power to destroy the world, I Ye Chen will eventually look like a green pine."

Ye Chen's voice resounds in every corner.

"Oh?"

"that's right, but you have to be qualified to resist!"

"Such strength, dare to be arrogant!"

"Press again!"

Don't wait for ye Chen to react to come over, the pressure on the body is heavier, almost press oneself to kneel down.

Then ye Chen roared and roared again and again. The power of blood in his body broke out completely. A sword Qi burst into the sky and broke through the invisible pressure. Facing the white gold jade wall, he said, "you are the elders of Ye family. Why do you play such a trick on others? Why do you need to rely on such pressure?"

"All you want is a concrete entity!"

"Suppress the cultivation and realm to the same level as me, even if it is too empty, I can fight!"

Seal the door and the battle of Taixu!

No one can be afraid of the enemy's mind, even if they are invincible!

The battle of self sealing, the battle of Taixu, invincible in the world!

"Ha ha ha ha!"

"Good, good, good boy!"

"I don't joke with you either!"

"In the past, I was respected in the Ye family. Ye family's disciples, regardless of their status, should bow down to see us!"

"However, you are a disciple of the Ye family, but you are also very rare. You know us, but you don't kneel. You have some courage!"

"That's all. Go in."

The sound disappeared, and then a door opened.

On the original wall, a huge bronze door reappears. The bronze door slowly opens, which is the real access to the main tomb chamber.

Before that, the bronze door leading to this hall was used to guard against others. If other people who are not ye's family come here, if they think that this hall is the main tomb chamber, I'm afraid they have been crushed to death by the masters of the voice of the nine heavens many times!

Puff ~ ~

poof ~ ~

Ye Chen walked into the main tomb chamber, and there was a burst of unique sound under his feet.

He looked down and saw that all the glazed tiles under the ground were sealed with various kinds of flame oil. As long as one or two were broken a little, the whole main tomb chamber would be ignited, and all the treasures would be turned into ashes, which was also used to prevent strong existence!

Clang ~ ~

Bang ~ ~

the sound of every organ comes out.

However, a coffin rises rapidly in the center of the main tomb, and the outside is a stone coffin for wrapping the coffin. There are pictures carved on the coffin, which seems to be the scene of the tomb owner's fighting in all directions and defeating the powerful enemies from all sides, which shows the happy pattern. There are countless ancient inscriptions on both sides of the coffin.

Ye Chen did not know what these ancient inscriptions were, whether they narrated the life of the owner of the tomb, or what other functions they played.

Before he came to the coffin, he stretched out his left hand and opened the coffin slightly. At a glance, there was a gold-plated Amethyst coffin. However, there was a white bead on the coffin, which seemed to be affected by the air and was covered with black lines.

Huhuhu ~ ~

huhoo ~ ~

a stream of magic Qi overflowed from the beads.

Ye Chen dispels the evil spirit and makes sure that the beads in front of him are the ancient magic beads that the devil emperor wants. The magic Qi that the ancient magic beads bloom out is not strong, which makes him a little surprised. He slowly picks up the ancient magic beads and is ready to put them away.

A strong sense of demons, instantly through the arm into the mind.

"Ah

"Do you want to take the house? Want to swallow it up! "

Ye Chen's eyes are about to crack, and bloodstains appear on his cheek. The black magic flame lingers around his body, as if possessed by a demon!

With his left hand holding the ancient magic beads, he drew out the green lotus sword to destroy the sky. A sword spirit was emitted from the tip of the sword. It seemed that he hoped to use the spirit of green lotus to destroy the heaven evil spirit!

Click ~ ~

a clear sound came out.

It's not that the meaning of the demon is broken, but the sword Qi of the green lotus destroying the sky that ye Chen has broken.

In an instant, ye Chen was entangled by the evil Qi, and the endless intention of eroding bone came, and even his whole body was soaked in pain. However, the ancient magic beads in his hands stuck to his hands and could not get rid of them.

"Why is the power in this bead so strong?"

"Damn it, this bead..."

Ye Chen has some words no matter how many times, the power of the spirit is quickly broken by the meaning of the devil, and the whole body is being swallowed up by the meaning of the demon!

The reason why ancient magic beads are placed in the most critical place, obviously there will not be so easy to get!

At the same time, ye Chen is about to lose his mind, and the tomb of samsara shakes violently. A colorful divine light rushes out, which seems to have the meaning of a vast sky, and directly suppresses the meaning of the devil.

Chapter 2538

The stone tablet in the reincarnation cemetery quickly vibrates, and a unique force goes deep into Ye Chen's mind.

A moment later, the spirit of the devil dissolved, and ye Chen slowly got up and looked at the ancient magic beads in his hand with a look of horror. The meaning of the devil had been sealed in the interior by the colorful divine light, and it seemed that he could not get out!

"Hoo hoo, no!"

Ye Chen suddenly feels that his breath is not right. Why is there some evil Qi in his breath?

He quickly surveyed his body, but found that there was a demon Qi left in his elixir field, which seemed to be a remnant of the evil spirit that had not been cleaned up.

"The samsara cemetery has saved my life again. It's just the evil spirit. Please keep the Qinglian mietian sword after refining!"

He quickly took out the divine light cloth, wrapped it with ancient magic beads, and set hundreds of prohibitions on it to prevent the spirit from rushing out again. After carefully collecting it, he was just about to leave, but at the same time, a strange image appeared in the crystal coffin.

A series of divine lights burst out!

The light from the crystal coffin gradually condenses into a virtual shadow. An old man, dressed in a green robe, has a moustache on his mouth! Xuying seems to be the owner of the tomb, one of the Ye family elders in those years!

Virtual shadow stares at Ye Chen. Instead of looking at Ye Chen's young appearance, he sees through time and space. From ye Chen's body, he sees a man who has defeated millions of powerful enemies with one sword and is powerful in the world.

This shadow is the original reincarnation master!

The master of reincarnation is not in the five elements of heaven and earth. He is familiar with Yin and Yang, understands the mystery of life and death, and controls the life cycle of thousands of martial artists. He is far superior to the so-called Tiandao palace. He is not under the command of heaven and is not within the rules of the road.

What a pity!

The reincarnation master did not know what happened, and finally fell.

A little true spirit went through the long river of time and space, and became a human being and became Ye Chen!

Ye Chen's previous life is the reincarnation master who shakes the kingdom of God!

"What's your name?" Virtual shadow inquires, but the voice is very shaking, seems to be in awe of Ye Chen.

"My name is Ye Chen!"

Ye Chen salutes with both hands clasping hands!

"Good, ye Chen, you are the samsara blood. Please gather ten pieces of reincarnation xuanbei as soon as possible, and activate the blood vessels thoroughly. Time is not waiting for you!"

You are a little sigh, I sigh a little bit

Ye Chen was puzzled and asked: "I heard that in ancient times, the Ye family in the kingdom of God was the real and true overlord. Why did it disappear later? Even in the records of Shenguo, there was no record about ye family?"

Ancient times!

Ancient times!

The Ye family spanned two periods. After millions of years of reproduction, even in ancient times, the Ye family was still a grand overlord. Therefore, this elder of the Ye family would have such worldly treasures as the ancient magic beads.

But in a certain period of history, the Ye family has disappeared.

It was not until later that the evil emperor was born. It took another ten thousand years to reach the present chronology. Gradually, there was no record of the Ye family in the kingdom of God. Many things were buried in the long river of time. However, we should not forget the Ye family which spanned two periods!

"Ye family!"

"I think of Ye family and have dominated the kingdom for thousands of years!"

"What a pity, what a pity!" Xuying was very moved and said: "in those days, we Ye family should not be involved in that bureau. We were killed overnight. Even my husband was seriously injured by the aftermath of the battle, and led the family's bodyguards to flee to the frontier. But it was only the aftermath of the battle that left me with an eternal wound that could not be eliminated!"

"Until a thousand years after the fall of the Ye family!"

"I also left because of the recurrence of the injury, and the one outside the tomb is only one of the hundred bodyguards I brought out! The rest of the people, though they were in a chaotic situation, were also shocked by the aftermath of the battle. They all died in front of me. I put them in the tomb with them. May their bodies still guard me! "

The shadow slowly explained.

Ye Chen is shocked. However, the shadow in front of him, no matter how it is, is beyond the chaotic state. He is shocked by the aftershock of the battle, which leads to his serious injury unable to heal. He has to die after only a thousand years of delay!

The aftermath of the battle?

What are the aftershocks?

For example, ye Chen, a martial artist of the gate level, even if he slaughters other warriors, can only kill those in the xingqiaoing and Fengmen realms at most, which means that when the person slaughters the Ye family, his accomplishments are at least three levels higher than that of the chopping down state?

Otherwise!

How can the moment of hand, only the afterwave has such power!

"Master, what's his name?"

"Are you still alive?" Ye Chen inquires.

Xu Ying took a long breath and said, "the man came to the kingdom of God, uprooted the Ye family, wiped out all the things about the Ye family in the kingdom of God, and left. The man's name was --
"Click!

Boom! Boom!!

Boom! Boom!!

Thunder roared out of the sky!

It seems to be the will of heaven and earth, and it is not allowed to mention that name by virtual shadow!

Even the name can not be put forward, only have an idea, not yet said, it attracted thunder bombardment tombs.

Boom! Boom!

Boom!

The original extremely solid tomb was suddenly blasted away by thunder.

Before the shadow came and said the name of the man, he was hit by a thunder, and the shadow collapsed. At the same time, the tomb began to collapse everywhere, and the walls and so on turned into dust, and a large amount of land on top of the head fell down.

"He's strong again!"

"With my strength, I am not qualified to mention his name!"

"I'll take you out." The virtual shadow has almost disappeared, and when it is about to collapse completely, a light of space will be made to send Ye Chen out of the tomb, and then it will quickly disintegrate, and the whole tomb will also be broken.

Hoo Hoo Hoo!!

Boom!

Bang!

Ye Chen appears outside the tomb, looking at the sunken land, mixed feelings.

He looked at the grave keeper, and the other party seemed to know what was going on and sighed.

"Your Highness!"

"You go away, old slave, keep waiting."

Even though the tomb keeper knows that the tomb has collapsed, he still chooses to guard the tomb.

Ye Chen sighed and turned away. He took out the ancient magic beads and handed them to the devil emperor.

After the magic emperor got the ancient magic bead, he quickly sealed it with several seals, and then cautiously said, "thank you, ye Chen. This ancient magic bead is sealed with a great foreign devil. I want to restore my fighting power at the peak. There is hardly any treasure in the kingdom of God that can help me, so I can only use this foreign magic."

Extraterritorial devil!

Don't belong to the kingdom of God!

At least beyond the existence of chaos, the devil emperor with his power to restore his cultivation and combat power!

"Ye Chen!"

"If you are not in a hurry, follow the emperor back to the altar to practice!"

"You've done so much for me, and I should do something about it."

Chapter 2539

The evil emperor felt a little sigh. He knew that he owed Ye Chen. Ye Chen helped him to take out the ancient Tianmo bead from the tomb. He had to repay him for this kindness. Moreover, looking at the situation in the ancient tianmozhu, it was obvious that the inner meaning of the demon was in it. The great demon from outside the country once wanted to devour Ye Chen!

And ye Chen still brought it out!

Ye Chen must have paid a great price!

He owes Ye Chen too much. He must pay it back!

"Ye Chen, follow me back to practice!"

"This time, I will teach you the magic method that I have practiced all my life, and help you break through the realm!"

The devil promised.

The evil emperor confessed that he owed Ye Chen, and wanted to take ye Chen back to the altar to teach his own secret law of the demon clan.

When ye Chen heard this, he nodded slightly and accepted the good intentions of the evil emperor. He said, "it's just right. The master of the devil emperor is willing to teach me skills. Thank you very much."

"Good!"

"Come on

The evil emperor laughed, waved and tore the space, and took Ye Chen back to the altar!

The so-called altar is an altar full of endless evil Qi. It is a huge altar with a height of 10000 square kilometers, covering hundreds of thousands of square kilometers. In this way, an ordinary monk of the right path enters the altar and does not need to be attacked by anyone, and he will be forced to death by the evil spirit.

Hoo Hoo Hoo!!

Hoo Hoo Hoo Hoo!

On the altar, there was a strong wind blowing everywhere.

Ye Chen looks out, the sky is dark and there is no one to find. There are a lot of bloody forests around. It seems that this is the altar of the devil emperor and the place where the devil emperor lives. Actually, there are many experts in the disaster area and martial artists in the Taixu state sitting around!

"Ye Chen!"

"Come on, attack me with all your strength, my emperor, try your strength!"

The evil emperor slightly stretched out his hand, indicating Ye Chen to attack!

Ye Chen is not wordy. He gathers all his strength and stabs out with one sword. The incomparable green lotus destroys the sky. The sword Qi rushes out, like a bloody tornado, attacking the devil emperor horizontally.

The devil emperor held out his hand slightly, and the bleeding light flashed on his palm. Then he gradually disappeared the sword Qi of the green lotus in front of him. Then he nodded slightly and said, "I know your situation, so I will teach you the three moves that are most suitable for you."

Three moves!

Not much!

Too many words, miscellaneous but not refined.

Elite three moves, enough to let Ye Chen have been using!

"Watch it!"

"The first move, thunder and wild overlord star sword!"

"Sword The evil emperor drank violently, and Qinglian mietian sword flew directly into his hand. However, he slightly picked up Qinglian mietian sword. The body of the sword was full of blood light. Then a sword light burst into the sky and created thousands of thunder clouds out of thin air.

After that, a picture of the starry sky appeared again after the devil emperor. A huge star appeared with a bloody sword in it!

The long bloody sword, which was triggered by thousands of thunder, converged into a sword to sacrifice.

In a flash!

The wind is surging!

At the same time, the bloody sword shows the scene of the desert!

Boom! Boom!

Boom! Boom!

The sword light hit the ground, directly lifting millions of blood colored trees and tens of millions of tons of soil flying into the sky.

Such a sword, with Ye Chen's cultivation, is enough to easily kill the warrior at the top of the nine layers of heaven in Taixu state, even if it does not use the green lotus demon fire, it is enough to severely damage the warrior who cuts the heaven in the disaster area!

The devil emperor immediately took back his sword, and the thundercloud and the stars collapsed!

He looked at Ye Chen and explained: "this sword needs to master the laws of thunder system, and practice the rules of thunder system with your talent. It's almost time for a day. The essence of this sword is that when a sword comes out, thousands of thunder and lightning will kill with the power of starlight. The power of thunder and lightning can paralyze the enemy, and it can instantly destroy the enemy. The power of starlight can protect itself from time and space The loss of law

"At last, the desert scene when the sword light is played out has the effect of enchanting the enemy!"

"A sword contains three kinds of power, which can increase your fighting power by more than three times. It can kill everything in an instant. Its power is still above the pure law of destruction, at least ten times the power of the law of destruction!"

Listening to the explanation of the demon emperor, ye Chen instantly understood the essence of the sword moves, and quickly realized the thunder wasteland star sword!

Lei Huang Ba star sword!

The first move!

Ye Chen also holds the green lotus sword to kill the sky. When he displays it for the first time, his power is only a little like it!

After several successive exertions, he has successfully exerted the power of 50% of the sword formula, and has cultivated the sword formula to a perfect state, greatly increasing the combat effectiveness!

"Great talent!"

"This sword move!"

"It took the emperor thousands of years to figure it out!"

"I didn't expect that you could cultivate to such an extent in half a day. No wonder you are so young, your accomplishments are so high, and your combat effectiveness is far beyond your own realm." The evil emperor has some feelings. Ye Chen in front of him is too evil. Whether it's comprehension, training speed or ruthlessness!

Each is a degree of transcendence, far away from other geniuses!

"The first move, you slowly understand it!"

"I believe that in less than a month, you will have completely mastered this move of Lei Huang Ba Xing Jian!"

"I'll teach you the second move!"

The devil emperor calmed down and began to have luck. The whole body was full of evil Qi, and his pupils began to change. From the original blood red to the dark blue, he shot two lights from his pupils, and hit an elder of Tiandao palace who had caught him.

"Ah

"Devil, are you an asshole, you --"

"you....."

The elder of the heavenly way palace, who had been chopping through the border, gradually fell into a coma.

After he was illuminated by two blue beams, his look began to change, and then his body began to twitch. Within a moment, he fell down directly. When ye Chen looked at it, the spirit of the other side had already broken!

And!

It's not the beam that broke the spirit!

On the contrary, it is the other party who smashes his own spirit. This scene makes Ye Chen look pale!

After the demon emperor restored his original eyes, he said with a smile: "this second move is called demon magic pupil!"

He explained: "this move is to use the huge evil Qi to create the illusion of death for the enemy, so that the enemy's consciousness and spirit think they are dead, but further break their own spirit!"

After the explanation, the devil emperor showed his hands and said, "I don't have the devil's eye, but ye Chen, you have the devil's eye. This move can be regarded as an upgraded version of your devil's eye, and its power will be doubled. At that time, if you take a look at it, you will create the illusion of death for others, and let them 'end their self'"

"this move! "

"is it a dead person at a glance?"

"Yes He seemed to be talking to himself, which was funny. He said: "look at the dead, this skill also exists. And when you practice to a full state, you can hide the light from your pupil in the void. Then you can avoid other people's mind searching, and really kill people in the invisible."

Listen to these words, and then look at the old man of Tiandao palace who ends up with himself.

Ye Chen can't help swallowing and salivating. This move is just made for himself.

He listened to the devil emperor explain the cultivation method of this move, and then began to practice it himself. He tried to test the elders of Tiandao palace who were captured by the devil emperor. He found that the effect was good, but he also needed some time to practice until he was in a state of great perfection before he could really exert his full power!

"Good!"

"Now I'll teach you the third trick!"

"Cangyan mieling palm!" The devil said slowly.

Chapter 2540

"Cangyan mieling palm!"

"This move is mainly a combination of the law of destruction and the law of immortality, as well as the law of extinction, which is more powerful in attacking and killing!"

"Plus the three laws of thunder, wood and fire!"

The devil emperor slowly explained: "in fact, when you come to your realm or to my realm, almost all the martial arts you practice develop in two directions. The first one is the skills and sword ideas released on the basis of martial arts, strength, and the sense of heaven and earth.

The second is the change of the law. Some will combine the power of the law freely to enhance the attack power of the move! "

"There are."

"Will use a pure law, such as the law of great consummation destruction!"

"Of course, the battle at the level of the strong mainly relies on the power of the great road and the heaven and earth. It combines its own strength method with the internal mental skill of the martial arts to drive the meridians and elixir fields of the whole body to cooperate with the body to display the moves. The moves displayed are based on the weapons as the carrier and various law forces as the fundamental strength."

"As for the stronger ones at higher levels, they have contacted too many other forces. If you have not reached this level, you will not say so!"

Ye Chen nodded slightly, listening to the magic emperor explain the foundation of martial arts.

He practiced all the way, and his speed was too fast, and his perception of martial arts was far less than that of the devil emperor.

Suddenly, he thought of something and asked, "in this way, Taixu battle is divided into two parts! One is the spiritual power of the Tao itself, a move combining various laws? "

"Yes

"The power of laws can be divided into the five elements law of gold, wood, water, fire and earth, time and space. These seven are the most common laws, such as the law of destruction, the law of immortality, the law of killing, the law of annihilation, the law of gun way, and so on. The small rules are different laws that are worked out by different warriors!"

The devil emperor explained the martial arts knowledge to Ye Chen in great detail, and then said: "the cooperation of these laws, such as the demon magic pupil I taught you before, is to transform its own spiritual power into evil Qi, and then release it through the road. First, use the space law to hide the light in the void. After hitting the target, the law of destruction will suddenly break out to kill the enemy!"

"In this way, the evil Qi and the road are the noumenon power!"

"Then the space and the law of destruction are used. The order can't be changed. If you change it, this move is that the light emitted from the pupil directly carries the power of the law of destruction, and the law of space is useless. There is no hidden effect. There are also key points in each of them, such as how to hide in the void and how to suddenly burst out the law of destruction. I have taught you before. If you understand it carefully, you will understand it!"

"Of course, the warriors of the kingdom of God are special. They don't like to use the power of laws, and they rely more on their understanding of heaven and earth."

Magic emperor said a lot of knowledge of martial arts, and even explained their own realm of combat methods!

Finally, he said: "the more rules are combined, the stronger the power is, but the higher the requirements are for the performer. For example, the third move I teach you now, cangyan mieling palm, is to use its own spiritual power to transform it into evil Qi, and then use the Tao to amplify the evil Qi to enhance its power."

"After that, the evil Qi converged in the palm of the hand, and the law of destruction was operated between the fingers, and the law of immortality was operated in the palm of the hand to reach the degree of extinction and immortality. The force of the two laws was continuously collapsed and compressed, and then the three laws of perfect state of thunder, fire and wood were integrated in turn. Finally, with one hand, the power could be far beyond other attacks!"

"Among them, the law of thunder system has the ability to imprison

"The law of fire has the ability to rage and range sputter."

"The wood rule can self repair all the law forces in the palm power, so that even if the palm print of Cang Yan Mie spirit palm is blocked or hit by other attacks, the power can recover itself quickly and restore the power to its peak state in a quick time!"

Ye Chen listens to the cangyan mieling palm explained by the devil emperor carefully, and listens very carefully.

The devil explained it himself!

It's much easier to understand moves than yourself!

The evil emperor saw Ye Chen as if he was thinking, then he snorted coldly and said, "I'll show you a demonstration myself. You'll look good and clear!"

When ye Chen was ready, his body began to move, and the magic power in his body was rapidly released into endless evil Qi. Behind him, a road of several kilometers long appeared, like the Milky way in the sky at night.

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

Gradually!

The road was like the Milky way, and then all the forces were injected into the devil emperor's body. However, the whole body's evil spirit became more and more intense, and the prestige was also stronger, at least ten times or more!

The evil emperor stretched out his left hand slightly, and the scarlet luster appeared between his fingers. The law of destruction gradually came into being, but his fingers began to be destroyed by the law of destruction, and pieces of flesh and blood were festering. "Ye Chen, you should remember the law of destruction of the great circle of man. If you don't reach the state of disaster, you have to throw it

away as long as you come together. Otherwise, you will also be destroyed. However, the exception is to understand the law of immortality."

The next moment, his hands also appear a light red luster, is the law of immortality, but see the law of immortality, like light waves, spread through the damaged fingers, originally visible forest white bone wound healing, two forces of law entangled together, no one can destroy who! Another moment.

A part of the thunder burst out of the palm.

Another spark spills out and merges with thunder light to form the force of thunder and fire. It is the fusion of the law of thunder and the law of fire in the great circle of man!

Huhoo ~ ~

Hoo

in the palm of your hand, there is a glimmer of green luster emerging, which is the rule of wood system in the great circle!

Then, the three laws of thunder, wood and fire are combined with the law of destruction and immortality, producing a cloud of light filled with endless power, which haunts the left hand hand of the devil emperor. He then takes a palm, and a thousand feet of palm print roars out, which instantly leads to the earth shattering and numerous space cracks.

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

The crimson thousand Zhang palm prints roar out, cutting space on both sides of the road, creating a large number of space cracks and countless black space fragments. These fragments alone are enough to quickly strangle the warriors in Fengmen and Taixu!

However, he saw that the palm gang had hit a magic mountain in the distance.

Only heard an explosion, wanzhang mountain hit, and then the law of destruction in the palm Gang, like a devourer, quickly devoured countless magic stones to the ground. A huge mountain was hit by the waist, but there was no stone falling. All of them were destroyed, and the law of destruction was so destroyed that there was no ash left!

Such a scene, see ye Chen can't help but swallow saliva.

If you hit a person with a palm like this, even if you are going to cut through the adversity, you will die directly because of its powerful internal destructive power. Moreover, there are also indestructible laws and indestructible characteristics inside, which can ensure that the law of destruction will not be excessively consumed. The wood law can nourish the power consumed by the law of destruction and make it still strong!
