Chapter 2561

Lu Yuan frowned and pondered for a moment, then said with a strange complexion: "Hanke, the top strong man in the inner gate, famous for his strength?"

Han Jiaojiao said with a brilliant smile: "have you found that I look a little like him?"

For a moment, xianxinlin was silent. Those noisy disciples, hearing the name of Han Ke, stopped talking.

Shenxiang boxing Han Ke, ranked 33 in the inner gate!

He was very belligerent, brave and ruthless. He often disagreed with each other and would fight with each other. Therefore, many people knew the inner courtyard, the outer courtyard and the miscellaneous service courtyard!

Hearing Han Jiaojiao say so, Lu Yuan's look changed all of a sudden!

His original self-confidence and dignity disappeared in an instant. His clothes were soaked with cold sweat. Now he suddenly remembered that Han Ke had a cousin who joined the outside gate of shenjizong

Once upon a time, there was an outsider who was not long-sighted. His strength was good, and he was more than ten times higher than himself. He accidentally provoked this cousin and was directly disabled and dropped out of school

Han Jiaojiao took out a piece of jade Rune and threw it in her hand. She said with a smile, "continue to be fair, Master Lu?"

"Well That... " Lu Yuan's lips trembled and said, "Han Xianzi misunderstood me. I don't mean that. I mean I am... "

He said, lowering his head, not daring to see Chu Ying: "I'm here to support you. You're right. As the disciples of shenjizong, the sect is our pride. How can we not wear the clothes of the sect..."

He confessed his advice, and anyone could hear it. He was submissive. He picked up what he had said and ate it. It could be said that he was disgraced. Moreover, he was still in front of many people.

Lu Yuan felt extremely humiliated!

However, he had to do so and did not dare to complain. If Han Ke really came, he would not even have the chance to be soft!

"Ha ha." Han Jiaojiao pointed to Chu Ying and said with a smile, "do you think she is dressed coquettishly or not?"

The head of Luyuan is lower: "Sao."

"Do you hear me?" Han Jiaojiao disdain to look at Chu Ying, "not me for you, others, also say so."

Chu Ying took a cold look at Luyuan and felt sick.

If ye Chen, even if Han Jiaojiao's background is strong, she will never be as cowardly and disgusting as Lu Yuan.

"Han Xianzi, if there's nothing wrong, I'll go first..."

"Go away." Han Jiaojiao waved her hand.

When Luyuan was about to leave, Han Jiaojiao said coldly: "I told you to go away, not to go."

Luyuan body trembles, Han Jiaojiao, too much, too merciless! In this way, he can't raise his head in his whole life!

He's all soft. Do you want to do this?

"What? Don't want to go? Then stay? "

"I'll get out of here..." Lu Yuan bit his teeth and said, "I'll roll!" After saying that, he really bent down like a ball and rolled out of the immortal heart forest. His white clothes were covered with soil.

Or that sentence! Hanko, I can't do it! Humiliated or alive? Luyuan, choose to be humiliated!

"Now..." Han Jiaojiao stretched out her long sword and patted at Chu Ying's pretty face, "no one's helping you?"

Although Chu Ying won't really get hurt by this sword, his face is red and swollen, but he can't escape.

However, with a clang sound, the sword was blocked.

Chu Ying's hand, more than an ancient sword, Tu Lan Xin gave her.

She blocked Han Jiao Jiao Jiao's sword. In her beautiful eyes, she flashed a faint anger and said in a cold voice, "if you want to fight, fight, don't disgust me."

"Ha ha!" Han Jiaojiao's smile suddenly became ferocious: "fight? What kind of fight? I'm teaching you to be a man

As soon as the words fell, Han Jiaojiao's sword suddenly burst out a burst of red sword. The concise power of Taixu state constantly turned and chopped a sword at Chu Ying!

The sword light is cold, the four fields are cold!

The whole Xianxin forest is in the light of sword! The high temperature makes the air twist, the heat sweeps, people only feel that they are in a sea of fire!

The coldness of the sword is integrated with the blazing of the sword!

Although this sword is not so rebellious, it is by no means easy to accept. This sword shows the great strength of the late Taixu warriors!

And this sword, is still facing Chu Ying's face!

However, this sword, not to mention being hit, is only slightly rubbed, and Chu Ying will be completely disfigured!

A hand, is incomparably vicious, do not know, thought Han Jiaojiao Jiao and Chu Ying, what big hatred of life and death!

But in fact, today is only the first time they met! Not even a word!

Han Jiaojiao Jiao, is to see Chu Ying, hate her that Qing Cheng posture! We're going to do this!

In the face of the sweeping red light, Chu Ying's eyes suddenly flashed with piercing seven colors of light. The world in her eyes suddenly turned gray and white. The outline of everything was clearly visible, even the red light transformed from spiritual power. Everything between heaven and earth has become a collection of countless complicated lines. Among these lines, Chu Ying saw a dark black dot.

She knew it was the point of death!

The so-called body of life and death is exactly the ability of people who have been wandering between life and death for a long time to see the essence of the generation and destruction of things!

Chu Ying's body moved, while quickly retreating backward, while facing the red light sweeping towards it, stabbed out a sword!

On this sword, the evil spirit of gray white rolled up and hit the red sword awn!

This sword just fell on the black spot!

The next moment!

It seems that the sword is red in an instant!

Turn into Dao Dao Lingli, dissipate in the air!

Everyone looks surprised. How strong!

The existence of such strength can actually block this strong sword? Incredible

Han Jiao Jiao Jiao's face, also gloomy down, body shape flash, crazy sword, road red sword light, like rain tilt toward Chu Ying!

Chu Ying took a deep breath and condensed her mind. In her beautiful eyes, the gorgeous seven color light was more intense. She controlled the spiritual power in her body with incomparable precision, and manipulated the death evil spirit brought by the body of life and death, which could hit the essence of destruction of all things. She moved with her bare hands, and with each sword, she would never waste a trace of spiritual power!

And every time she moves, there will be a red sword, then disappear!

Chu Ying is even with Han Jiaojiao for a time, not falling behind!

Ye Chen has a smile of appreciation. Ying'er's talent for martial arts and fighting is still above his expectation. Just like this, he can fight beyond the level!

It seems that before Chu Ying died for himself, it was really a blessing in disguise!

If you continue to practice like this, Ying'er's future achievements will be no less than Tu Lanxin's.

Chapter 2562

Gradually, half an hour later, Han Jiaojiao's face was full of anxiety and sweat. In her eyes, Chu Ying, who had been so cultivated, was just a pest that could be easily crushed to death. But who knows, this woman is so difficult to deal with!

She is even more jealous, resentful, jealous of Chu Ying's appearance has been so outstanding, martial arts talent, even so rebellious!

But when her heart was in disorder, the sword in her hand was even more chaotic!

Her huoyun liantian sword is a powerful sword technique. However, she only practiced it to the beginning.

Her swordsmanship is almost exhausted!

Originally, Chu Ying, who had been retreating, defending and dodging, was now facing the fire rain of swords and moving forward step by step!

The long sword in the hand dances continuously, the evil spirit billows, vanishes one after another red light!

Han Jiaojiao startled, Chu Ying unexpectedly through this short half an hour of fighting, then understand her sword way?

Chu Ying, start fighting back!

For a time, the situation reversed, Han Jiaojiao fell into the defensive situation instead!

Her face was more anxious and her sword skills were more disordered. She knew that she would be defeated if she went on like this!

The two women, together with Han Jiaojiao, stopped Chu Ying. They looked at each other and quietly walked toward the forest of immortal hearts. At the same time, they took out a message jade symbol.

They can also see that Han Jiaojiao's situation is very bad. Now they can only find Han Ke to solve everything!

As long as Han Ke comes, Chu Ying will die even if he goes against the weather!

One minute, two minutes, three minutes

Just five minutes, Chu Ying has already bullied Han Jiaojiao's body!

"No!"

Han Jiaojiao screamed, and tried to retreat, regardless of the consumption of spiritual power, wantonly splashed sword light on Chu Ying, forming a sea of fire, just to force Chu Ying back!

But Chu Ying, however, is a cold smile. She has thoroughly understood Han Jiaojiao's sword path. Her body shape flashes, seizing the opportunity of the moment to avoid the most fierce sword light.

When she moved her bare hand, the sword came out like a dragon. With one sword, the seemingly surging sea of fire was turned into nothingness. Even though Han Jiaojiao tried to dodge, the sword still fell on her white thigh!

Whoa, a flash of blood!

"It hurts so much!" Han Jiaojiao screamed, looking at Chu Ying, eyes, has already had the color of panic.

Chu Ying's face was cold, flashing seven colors of brilliant eyes, showing a terrible anger.

"You know what?" she said with a smile? If I'm hit by the ancient medicine, it's hard to see through the body, even if I'm destroyed

With that, she stabbed at Han Jiaojiao's face!

Appearance is very important to every woman. Sometimes, it is more precious than life. Although Chu Ying will not show off her beauty, she will never allow anyone to damage her face!

Han Jiaojiao, let her disfigure.

Then why can't she treat Han Jiaojiao like this?

The next moment, the blood flash, Han Jiaojiao face of the skin, it is an instant burst, originally can be regarded as a beautiful face, at this time, it is bloody!

"You cunt

Han Jiaojiao retreated one after another. Her sword fell to the ground. She touched her face with her fingers. The pain on her face told her that she was really disfigured by Chu Ying!

Two blood tears, along Han Jiao Jiao Jiao's face slide down, she dishevelled, extremely miserable to Chu Ying roared: "I swear! My brother will torture you to death with the most cruel means to avenge me

Chu Ying coldly took a look at Han Jiaojiao, ignored, and was about to leave xianxinlin.

But at this time, there was a loud noise, and a light came from the main gate of xianxinlin, and it fell directly outside the forest.

At the next moment, people just feel that they have a flower in front of them. A tall man, nearly two meters tall, dressed in the service of his inner disciples, appears in front of Han Jiaojiao Jiao.

A fierce breath, just like a man of archaic Warcraft!

This man is Han Ke, the god elephant boxing! Practice to cut the two layers of heaven! It seems that, the distance breakthrough, only a silk!

"Cousin!" Han Ke glanced at Han Jiaojiao and her pupils contracted!

He grew up in his uncle's house when his parents were missing. He had deep feelings with Han Jiaojiao. After he was strong, he also loved Han Jiaojiao very much.

But now, his cousin, has been disfigured!

With blood and tears, Han Jiaojiao rushed to Han Ke's arms and said, "cousin! Revenge for me, I want her uglier than me, ten thousand times uglier! Smash her face

"Good! My cousin will avenge you

Han Ke's pair of giant eyes glared at Chu Ying fiercely. The breath of chopping disaster broke out crazily and rolled toward Chu Ying!

Chu Ying's face is white, and her sword light is dancing wildly. Han Ke's breath makes her try her best to resist it!

This is still the case when she has a body of life and death, and she can't stop her breath! However, even so, she was forced to retreat madly, with a trace of blood spilled from the corner of her mouth and suffered internal injuries!

Chu Ying gasped. The evil spirit surged on the sword, and the seven colors in her beautiful eyes were shining. She knew that there was a big gap between herself and Han Ke, and that there was a limit to life and death. Even if she could hit the kill point, she would not be able to destroy it.

Even, she felt that if Han Ke didn't want to kill her directly, she didn't give out her breath. Now, she has been seriously injured!

But even so, she would never bow down!

She is proud, and, she is Ye Chen's woman, she will never make a disgrace to Ye Chen!

"Hehe, did you hurt my cousin like this? It seems that your tutoring is really bad Han Ke roared to Chu Ying: "no one cares about you. I'll take care of it. If you do something wrong, you will be punished."

Say, he big hand one, direct toward Chu Ying pretty face fan!

Chu Ying suddenly took a breath. Han Ke's palm fan was just like the sky falling down. She could not avoid it! Even, can't move!

What's more, with her current accomplishments, she can't even see the destruction point

And this palm, fell, her face, really will be broken?

Chu Ying's beautiful eyes flashed with tears. She would rather die directly than let Ye Chen see her ugly appearance.

But now, she can't even commit suicide!

It's over

Chu Ying closed her eyes in despair

But the next moment, the expected pain, did not come

Hanke's hand stopped abruptly.

To be precise, it was caught.

Ye Chen stood in front of Chu Ying. He looked at Han Ke coldly and said, "has anyone ever told you that beating a woman is not a good habit, especially my woman? Do you have a tutor? I, too, want to discipline you. "

Chapter 2563

All the disciples in Xianxin forest were shocked to see ye Chen, just like seeing the sun exploding in front of his eyes

Looking at Ye Chen's appearance, is he just a servant disciple?

Now, they all like suicide?

That's Han Ke, the god elephant boxing of Neimen 33!

What kind of thing are you, and you also manage and teach others? How dare you say such a big thing? Did you hear that there was an invincible evil spirit in the miscellaneous service hall? All the servants thought that they could sweep everything and ignore the gap between the outer gate and the inner gate? Ridiculous!

But all of a sudden, people look at Ye Chen's eyes, changed

Originally, people came to the mouth of ridicule, insult, raw ground, swallow back

How can this servant who has caught Han Ke's hand look familiar?

In the battle between Ye Chen and Qiu Wen, many people recorded them with photographic crystal and sold them in the clan.

Now, it can be said that the whole clan, there are few people, do not know ye Chen.

Those disdainful, disdainful sight, in an instant, into excitement!

Is he Ye Chen, the evil spirit in the legend!?

That's right. Generally, in shenjizong, as long as they are famous and talented, they will get a title. However, there are no disciples of the miscellaneous service academy.

Ye Chen is the first servant disciple to get the title!

Moreover, once won, is "the devil God" this kind, the overlord incomparable title!

Generally, only true disciples can have such a title!

It can be seen that ye Chen is so rebellious in the hearts of many disciples!

Think about it, it's possible!

Ordinary servant disciple, can you hold Han Ke's hand? Ha ha, not directly burst, even if good.

Han Ke looks at Ye Chen's hand, a trace of solemnity flashed in his eyes.

"Let go." Han Ke said darkly, "I don't care who you are, now go away, I will spare you forever!"

Ye Chen smiles and releases Han Ke's hand.

People frown, actually let go?

Shouldn't be? Ye Chen, the demon God, should not be extremely overbearing?

Are they wrong? This man, not ye Chen?

See ye Chen let go, Han Ke, smile, flashed a trace of scorn on the rough face: "get out of the way, boy, for a woman to die, not worth it."

Ye Chen didn't mean to move at all. Instead, he gazed at Han Ke's eyes and said, "Ye Chen, the worker's yard, is fighting for your life and death. Do you dare to take it?"

Quiet!

At this moment, all things are still and silent in the forest of immortal hearts!

They, you heard me right?

Directly to Han Ke, put forward the life and death war!?

Even the legend of Ye Chen, also too crazy!

Han Ke, who has been chopping away the enemy for many years, has already achieved perfection in his powerful martial arts! In fact, Li and Qiu Wen are not of the same grade at all!

Some even say that Hanke's strength is enough to kill many insiders!

Ye Chen's eyes are locked on Han Ke. Indeed, Han Ke's strength is still above Qiu's question. However, how about that?

He hurt his own woman, it's a death penalty!

There is no excuse for sin!

Han Ke smiles, the smile is surging to kill!

"So, you are the demon God ye Chen? Ha ha ha, demon God? That's funny. I heard you're invincible? Will the genius of the whole clan, demons, step on the foot?"

Those scumbags, maggots, seem to be going to take you to heaven? Are we going to bring tea and water to the maggots in the workhouse in a few days

Han Ke's whole body muscles, suddenly inflated, a huge to indescribable power, instantly shrouded the whole xianxinlin!

"Lao Tzu, I thought I'd smash you! I didn't expect that you bumped into my hand! Life and death? Only you die, I live! "

"God elephant fist!"

"Ang

A sound like sound, resounding through the sky!

A white light appears behind Han Ke! A white elephant shadow full of divinity and true spirit came to Xianxin forest!

In an instant, except Chu Ying, all the people in the Xianxin forest were forced to fall on the ground by the smell of the white elephant!

Chu Ying can stand because ye Chen resists the breath for her!

Ye Chen eyebrow tip a pick, in the eye, flash light surprised.

Han Ke, like him, can refine the divine power and the true spirit power?

However, in terms of purity and the degree of exerting power, ye Chen of hankobi is like an earthworm and a giant dragon!

However, the power of Han Ke's fist is very good. With the addition of spiritual power, divinity, real spirit, martial arts and so on, it has already broken through the extremely powerful existence! This blow is enough to kill Qiu Wen who has Tianwen's blood!

However, ye Chen's look restored calm.

That's all.

He, not Qiu Wen.

The power of breaking the sky roars in Ye Chen's body. Ye Chen is the same. He punches Han Ke's huge fist with white light!

Pure physical touch!

And! Ye Chen didn't use any martial arts skills! It's just an ordinary punch!

Two fists! It's like two planets hitting each other in the universe!

With a roar, an invisible shock wave swept away in all directions. The earth under their feet was broken in an instant. Originally, the immortal heart forest was like a fairyland on earth. Under the impact of the shock wave, the trees were smashed, the flowers and plants were dissipated, and the clouds and clouds changed. In an instant, it became a desolate scene like the end of the world!

Then, under people's incredible gaze, hankona seems to be able to pierce the kingdom of God. There are countless cracks on his hard iron fist!

The cracks spread quickly and spread all over Han Ke's body in an instant!

Then, with a click, a little powder floated from the fist. It was a broken body!

On Hanke's face, there was a look of incomparable horror. He opened his mouth as if he wanted to speak

Can not wait for his voice, the whole person, then turned into a little powder, dissipated in the air!

Silent

Even if people are still lying on the ground, even, they forget to stand up!

At this time, they have no idea, no brain, completely blank!

Only two words, in their mind, crazy jump!

The devil!

The devil!

The real devil!

Ye Chen looks pale to take back the hand, strength, not mathematics.

Han Ke's punch is half of Ye Chen's, but the gap between them is not as simple as one plus one, equal to two.

To Ye Chen this level of power, a double gap, can cause a thousand times of destructive power!!!

Han Ke's strength is very strong, which can be regarded as against the sky. Unfortunately, he meets Ye Chen. Unfortunately, he chooses to crush Ye Chen with his strength!

Chapter 2564

Ye Chen absorbed the power of the magic pool and only broke through to the sky of Taixu.

This is an illusion.

Cultivation is nothing to Ye Chen.

His cultivation was suppressed by reincarnation blood!

Reincarnation blood let Ye Chen break through every realm is hell mode!

More difficult than ordinary people to break through!

Moreover, Taixu thunder robbery has not come! Ye Chen doesn't know why!

He knows that thunder robbery is brewing!

And now!

Inner gate 33, Shenxiang boxing, Hanke, die!

Han Jiaojiao lies on the ground and looks at Han Kehua as powder. She reaches out her hand and grabs it in the air in vain. In her eyes, her reason has completely disappeared. She is defeated and disfigured by Chu Ying. Her only cousin who can rely on is beaten into powder again?

Han Jiao Jiao Jiao's Dao Xin, completely collapsed.

Ye Chen's eyes, swept all the people present, on the way, several eyes, and he collided, a few from the distant inner yard, the eyes!

He knew that some disciples in the inner court had witnessed the process of his fighting with Hanko.

Ye Chen took a deep breath and suddenly opened his mouth: "Chu Ying is my Ye Chen's woman. Don't worry about her or hurt her hair. Otherwise, I promise you, Han Ke's end will be yours!"

The sound waves rolling, toward all directions galloping away, in an instant, it reached every corner of God Jizong!

All the people in the forest of immortal heart bowed their heads in fear. They did not dare to raise their heads. They did not dare to have any disrespect. They did not dare to make any actions. Ye Chen thought that he was disobeying his orders.

Yes, orders!

Ye Chen now, in the eyes of these disciples, is the supreme existence!

God of evil, worthy of the name!

And Chu Ying, standing behind Ye Chen, is a pretty face with a slight red smile.

Smile happily.

It's really nice to be defended by such a powerful man.

She believes that as long as ye Chen is in the world, no one can really hurt himself!

Ye Chen turns around, looks to Chu Ying, sees the bloodstain on the corner of her mouth, flashed a trace of heartache in her eyes.

He wanted to let Chu Ying face the conflict and grow up in the conflict, but when Chu Ying was shocked by Han Ke's breath, he regretted it!

Heartache!

For the time being, it's still up to her to guard Yinger. When she grows up and has the ability to face the strong in the inner door, it's not too late for her to sharpen her.

In the hall of shenjizong, a group of elders, patriarch yuzhenzi, and Tu Lanxin are sitting together. Their faces are smiling. They are old monsters who have lived for thousands of years. At this time, they are happy like children!

Ye Chen is a man!

Ye Chen's performance, again brought them surprise!

Kill Han Ke with one shot?

The disciples of zhenzhuang may not be able to do it, can they?

How long did ye Chencai join shenjizong? Is it going to be comparable to the true disciples?

Such performance, if they are not happy, not smirk, just strange!

Originally, shenjizong was in many sects, because there were no demonic disciples. It can be said that in the activities of exchanging disciples and exchanging each other every year, these high-level people were disgraced. But this year, they knew that shenjizong was going to rise!

Because, God extremely Zong produced a Ye Chen!

Ye Chen!

In the inner door, a pavilion carved with white jade wafts out a strong aroma of wine. The four people are sitting around the only table in the attic.

These four people are different in appearance, but there is one thing that is the same.

Their eyes, are dark purple, and their breath, is very strange, seems to be different from ordinary people!

At the same time, they all exude a thick bloody atmosphere. Obviously, these people are carrying a lot of lives! It's like climbing out of the sea of corpses!

The four were Hong Yan, the first day demon of Neimen, Qi Xin, the third Yanmo, feiye and Zhaokun.

These people are at the top of the inner gate, and they are not pure Terrans!

It's human demons!

What is the human demon clan?

The human demons are different from the extraterritorial demons in the kingdom of God, so to speak, they are the local demons in the kingdom of God!

Even surpassing the demons in Lingwu land!

These demons, hundreds of billions of years ago, may have come from the same source as foreign demons. However, after hundreds of billions of years, the human demons stayed in the kingdom of God and intermarried with the Terrans. They have completely adapted to the aura of the divine Kingdom and become a completely different existence.

If the extraterritorial demons, really successful invasion, I am afraid the first to kill is these people demons!

Because, the extraterritorial demons are proud of their blood! It's a shame for the demons outside the country that the human demons are mixed with the blood of the human race and have some of the demons' blood! Therefore, the human demons, of course, joined the forefront of the fight against foreign demons!

Human demon clan, although mixed with the blood of the Terran, but also retains the original part of the demon clan, and most of the demon clan, are more powerful than the Terran!

It is a warrior of the demon clan. He has a lot of martial arts talents, extremely evil, and is far better than the warrior of the same rank!

Hong Yan and other four people are not over 30 years old, but their accomplishments can be regarded as the elite in the kingdom of God!

At the age of twenty-eight, it's even worse to be against the sky!

Qi Xin, Yu feiye, Zhao Kun and others are also chopping Er Xiuwei!

Qi Xin's face is beautiful, but with a trace of evil charm. His skin is white, his facial features are delicate and elegant. He has an eardrop made of purple gem that seems to contain the whole starry sky. It is tempting and dangerous. Although he is not laughing, anyone who sees him has a sense of wanting to be close to him.

But, dare not too close!

He said with a smile to the others: "several people, I heard that recently, there was a disciple against heaven in the miscellaneous service hall, and he has become an idol of many people. Do you know what their title is?"

Although he is a demon family, Qi Xin's appearance is totally different from Hong Yan's. although he can be called handsome, his face is extremely masculine and his temperament is extremely hot!

Hearing Hong Yan's words, he crushed the wine cup in his hand and said: "ha ha! The devil! How dare a servant disciple be called a demon? Even the title of elder brother Hong is just a demon. This guy is called a demon God. Should he accept it? This is not to our people demon clan, in the eyes of ah

Pale and somber, the fish flying leaf sneered and said, "if you kill a few waste Terrans, you dare to be called a demon? Are these people going to run wild over us? To tell you the truth, I haven't played mole ants in zongmen. How about playing with the ants

Chapter 2565

Zhao Kun, who had been silent for a long time, suddenly drank a glass of wine and said, "some big brothers, I saw the fight between this boy named Ye Chen and that Han Ke at that time."

When they heard the speech, they all looked at Zhao Kun.

Zhao Kun looked a little gloomy and said: "Han Ke, in our eyes, although it is nothing, it is also a waste with some strength, especially his strength, which can be regarded as strong. Besides big brother Hong, we should use more than one move to kill him!"

Fish flying leaf's eyes flashed: "you mean to say, this boy, with a move, killed Han Ke?"

Zhao Kun heavily nodded his head and said, "good! What's more, it's just the power to crush Hanke

"In terms of strength, this boy is invincible."

"I can't imagine how this boy can build such terrible power."

"You're only thirty years old, but

After hearing this, they fell into silence

Even they don't have the confidence to kill Han Ke with one move, let alone use their strength. Can we say that the factotum disciples of Taixu state are better than them?

Can't be?

Qi Xin frowned: "this boy, although not worthy of being called the devil God, but his talent, potential, do have a bit of terror."

Among the four, Hong Yan was the only one with a calm face. He was drinking leisurely. Hearing Qi Xin's words, he just said with a faint smile: "if he doesn't have such qualifications, how can this boy be brought to this clan by Tu Lanxin?"

Even, I have heard that the senior officials of zongmen are paying close attention to him

Tu Lanxin!

Hearing the name, the other three changed their faces!

The warrior of the human demon clan has always been extremely proud and high-profile. He does not think highly of the warrior of the human race, nor does he put the strong man in his eyes. However, if there is any name among the Terrans that can make people of the demon clan feel scared, it is Tu Lanxin!

It is said that many years ago, they were the most powerful one of the demon clan. In the battle with foreign demons, they met Tu Lanxin by chance!

Cloud invisible, even in the people demon clan, have the ultimate talent, he practice martial arts for thousands of years, then ascended to the top 100 of the kingdom of God!

Amazing forever, let alone is the human race, even the human demon clan woman, he does not look up to, feels that there is no one, worthy of their own!

Even, one of the gods of the previous generation, who wanted to marry his extremely evil daughter, was rejected by him.

But since he has seen Tu Lan Xin, Yun has fallen in love with Tu Lan Xin!

Start chasing her like crazy!

However, Tu Lanxin has never seen cloud invisible. After rejecting him many times, he is even bored. There is a conflict between Tu Lanxin and yunweiwei!

No one knows the specific process, but since then, the devil has been closed and cultivated and will not go to war. Even now, it is still so

It can be seen that Tu Lanxin's strength is so terrible!

How high her vision is!

And such a woman, but fell in love with Ye Chen.

It's enough to show that the sky is against the sun.

Fish fly leaf eyes dim light flicker way: "do we really have to swallow our anger?"

Qi Xin suddenly stood up and was about to go outside the attic.

"Qi Xin, where to go?" said Hong Yan

Qi Xin stopped, turned his head slightly, and said coldly, "brother Hong, if you want us to bear with it and don't bump into this boy's hand, I've heard enough. There's nothing else. I'll go first."

"Sit down."

Hong Yan took out a wine cup again, poured a glass of wine, put it on the table, and said with a smile to Qixin, "you know, the thing I don't like most is to endure."

After hearing the speech, Qi Xin's expression moved. He sat down again, drank the wine poured by Hong Yan and said, "elder brother Hong, how do you say that? Are you sure you'll beat the boy? "

Hong Yan shook his head and said, "No

He is a rational man. He is very accurate in judging strength and will not be arrogant blindly. He knows that if he is too arrogant, he will die quickly.

The other three frowned slightly.

But Hong Yan didn't like it. He said with a smile, "you know, why did I come to you to join shenjizong together?"

The three looked at each other and shook their heads.

With their qualifications, any first-class force can go, but Hong Yan, with them, joined the weakest shenjizong.

In his purple eyes, Hong Yan said, "because there is an ancient book in shenjizong! It's an ancient book that records the inheritance of ancient demons! "

Zhao Kun opened his eyes and said, "do you mean that the four demons have been found?"

"Not bad!"

Qi Xin three people, the face appears the color of great joy, these four demons sealed heaven, but for the human demon clan, but the most precious ah!

They have been searching for years. As the name suggests, these four demons should have been combined attack skills developed by four ancient demons. According to legend, this martial skill combined the power of the four demons, and even broke out several times the power of the four people!

However, the human demon clan, after all, is not an ancient demon clan. Only the extremely talented human demon warrior can be trained.

And, as the core of the people, the requirements are extremely strict!

It must be a clan that is called a return to the ancient by the demon clan, and is qualified to serve.

The so-called return to the ancients is the people of the demons whose blood is so strong that they can be compared with the ancient demons. Among the people and demons, there is no one of them!

And Hong Yan, is a return to the ancients!

If the four demons were trained to seal heaven, even if they were just beginners, the strength of the four of them would have been able to compete with the strong one who cut the four layers of heaven, right?

But soon, several people calmed down, Zhao Kun sighed: "this is a good thing, but big brother Hong, these four demons are sealed to heaven, they want four people to work together. Do we want four people to challenge Ye Chen?"

He couldn't help laughing.

However, Hong Yan said faintly: "if I say, is that right?"

Three of them were surprised at the speech, and four of them joined hands to challenge a servant disciple of Taixu?

Or should they join hands with the top four members of the demon clan?

If it gets out, they'll lose face, right? What's more, it will be ridiculed not only in the shenjizong, but also in the people and demons!

With the pride of the demon clan, it is not willing to do so.

Besides, ye Chen, unless he is a fool, how can he accept such a battle?

Hong Yan saw the people's hesitation. He suddenly moved his hand and placed three black scales in front of Qi Xin and others.

"Ancient magic scale!" Three people exclaimed with one voice!

Chapter 2566

Hong Yan nodded his head and said, "yes, to cultivate the four demons, you need the ancient magic scale. Even if you don't need to practice this martial art, the ancient magic scale is also a treasure comparable to the absolute weapon for the human demon family. I gave it to you."

Jue ware is the grade of ancient ware. Even in the kingdom of God, it is also valuable!

Artifact, true artifact, holy soldier, ancient artifact, Jue ware!

Qi Xin three people stare at that ancient magic scale, swallow saliva, heart already began to shake!

Hong Yan stood up abruptly and said in a deep voice: "gentlemen, we can't wait any longer. Otherwise, with this boy's martial arts talent, we may soon grow into an existence that we can't deal with!

Did you forget? What did we say when we joined God Jizong? We have said that the God Jizong is destined to be under the control of our demon clan in the future. If ye Chen is allowed to rise, do you think there is still a chance for us to become the leader's successor? "

Hong Yan's ambition is great!

If there is no Ye Chen, he can guarantee the position of future leader. He must be his own!

But now, ye Chen's appearance, already destroyed his plan!

Just like his title is demon God, ye Chen is like a shadow, pressing on Hong Yan's head.

Qi Xin's eyes flashed. Although they were on the same front as the Terrans on the surface, the gap between them was huge!

Although the human demons are superior in quality, they are far less than the Terrans in terms of quantity. They are often treated unfairly by the Terrans in the kingdom of God!

Therefore, when several people joined shenjizong, they vowed to let shenjizong become a clan controlled by demons. Here, human demons will never be discriminated against, nor allowed to be discriminated against!

Zhao Kun still hesitated and said, "elder brother Hong, will ye Chen answer the challenge? Even if he refuses, it will only be us who will lose face... "

Hong Yan sneered: "this man, called the devil God, is not only because of his strength and qualification, but also because of his madness and pride! I know this kind of person very well. He will not refuse. "

"But..." Fish flying leaves frown: "if we really kill him, the high-level of the God Jizong, if we investigate..."

"Hehe, feiye, you should know that if ye Chen is dead, shenjizong will only need us more! On the contrary, if ye Chen is alive, we are really insignificant existence!

This is originally a world where the weak and the strong eat. Moreover, how can they interfere in the struggle of the younger generation in their capacity? "

The three looked at each other, and finally, they made up their minds. As soon as they grasped the ancient magic scales in front of them, they fiercely said, "dry!"

What face, how to have practical interests, important!

Hong Yan said with a smile: "good! That's right! With our qualifications, it only takes half a month to cultivate these four demons, even a little success! At that time, we can at least be invincible in front of the strong at the early stage of the war, even if the other side is the top demon!

Although Ye Chen is against the weather, he can never win

After that, he went out to the attic. He knew that ye Chen was dead!

How can you not die?

Therefore, he should make a good publicity to let more people see how the devil in their mouth is crushed by the real people and demons!

Ye Chen is sitting cross legged in the forest of immortal heart. After he comes back from the magic pool, he has gained too much and needs to be consolidated.

Although he didn't forbid others to enter the Xianxin forest like Qiu Wen, those outside disciples and other laborers who saw Ye Chen practicing here were very active to stay away from him for fear of disturbing Ye Chen.

But at this time, ye Chen's side, but came a burst of rapid footstep sound.

Ye Chen opened his eyes and looked over there. A familiar figure came into sight.

It's Zhou Yuanxin.

At this time, Zhou Yuanxin, with an anxious look on his round face.

"Yuanxin, what's the matter?"

"Brother ye, didn't you get the message?"

Zhou Yuanxin wiped the sweat channel on his forehead: "the four demons in the inner gate are going to war. In half a month, they will fight with you in life and death, or four will fight together with you, one of you!"

"Well?" Ye Chen picked the eyebrow: "what person demon clan?"

"These four demons are the God demon Hong Yan, the Yan devil Qi Xin, the thunder demon fish flying leaf and the stone demon Zhao Kun! These people, except Zhao Kun, are the top five demons in the inner gate, especially Hong Yan, who is the first in the inner gate

With that, Zhou Yuanxin looked ugly.

"I've heard that these people are vicious and despicable. They seem proud, but in fact, they have no bottom line! Four hits one, this kind of thing all can do, moreover is also four inside door top strong! It's shameless to the extreme

Ye Chen smell speech, unexpectedly is showing quite interested look to ask a way: "what strength are they all?"

He likes challenges.

Since it is called the devil God, it's OK to fight one against four, isn't it?Zhou Yuanxin's face changed slightly. Why does Ye Chen seem not to repel this battle?

However, he still said: "Hong Yan killed the three layers of heaven, and the others are also the second layer of heaven. Ye Chen, don't be confused by the realm. Han Ke, the god elephant boxing you killed yesterday, ranks 33 in the inner gate! Of course, it is also the second layer of heaven, but he and the people of the demon clan are very different!

It is very difficult to break through a small realm after chopping the enemy! But in the same realm, there will be a gap like heaven and earth! Although the others are two layers of heaven, they can easily kill Han Ke! "

"The four are human demons. They are much better than ordinary martial arts. They should have the power to kill any enemy in the world

"Brother ye, don't worry. Such an unfair battle is still a battle of life and death! Even if you refuse, everyone will be on your side, and they shamelessly put the news out openly?"

Ha ha, the human demon clan has always said that our Terran is unfair to them? Discriminating against them? Isn't this fame that they themselves stink at? Now Zong Nei has been swearing at these people! "

How long has Ye Chen been introduced! Four to one?

Ye Chen is not satisfied, he is somewhat interested in this person demon clan.

Can there be demons in the kingdom of God?

How much is the difference between the power of the Shenguo demon clan and the dark demon emperor?

Seeing ye Chen not talking, Zhou Yuanxin was anxious: "brother ye, you are talking. As long as you open your mouth, I am going to help you refuse them!"

Ye Chen is Zhou Yuanxin now. No, it should be said that he is the belief of all the servants.

There was even a tendency to create Ye Chen's Shinto within the sect. They even thought out the slogan.

Ye Chen, the God of the gods.

After thinking for a moment, ye Chen said, "Yuanxin, go and promise them."

What!?

Chapter 2567

Zhou Yuanxin was so anxious to stamp his feet that he quickly advised: "brother ye, half a month, it's too hasty! Even if we have to fight, we should give you more time to improve our strength. As long as one year or even half a year, I believe you can crush them! "

Ye Chen light way: "need not say much, go."

Then close your eyes again.

Zhou Yuanxin sighed, nodded and retreated.

After Zhou Yuanxin left, ye Chen opened his eyes again. In his eyes, a faint sense of war flickered.

Perhaps, these four people demon clan, can really pose a threat to themselves? Although he has the magic power of atomization and many means, it is not safe enough.

After all, if you have the similar means of the forbidden spirit Dharma body, even the special attack means of Chu Ying's life and death body, you can restrain the atomization magic power!

Ye Chen, this is to use danger to stimulate their own progress!

He stood up slowly and walked out of the forest. His accomplishments were almost consolidated.

Next, it's time to go to the Seven Star refining Pavilion!

However, before that, he needs to rest and adjust his state.

What kind of harvest will it bring to yourself?

Just think about it, but the corner of Ye Chen's mouth floats a trace of excited smile.

On the way of Ye Chen to the Seven Star refining Pavilion, the whole shenjizong was boiling!

Ye Chen accepted the news of the challenge, instantly ignited the whole clan door!

Originally, everyone had a common hatred against the enemy. After ye Chen refused, they made a good mockery of these shameless people and demons. If they had any action, they would directly complain to the high-level of zongmen

But now, ye Chen unexpectedly so simple, agreed!

Terrans and human demons, in the final analysis, there is estrangement, no conflict is good, if there is any conflict, naturally stand on their side!

Therefore, this time, we can say that the whole clan is the supporter of Ye Chen!

Naturally, they don't want to see what happened to Ye Chen!

Yes!

They have thought of a lot of ways to protect Ye Chen and avoid this battle. Now, ye Chen is fighting by himself!

Besides their horror, they all complained. How could ye Chen be so crazy and so rash?

Even after hearing about it, the senior officials of shenjizong didn't look very good! Ye Chen's potential is far ahead of Hong Yan and others. He is the real wealth of shenjizong. They don't want to take ye Chen to risk!

However, Yu Zhenzi and Tu Lanxin seem to have acquiesced in this battle, and others can only keep silent.

Soon, another news came out.

Hong Yan's four men, exhausted all the contributions they had accumulated over the years, borrowed an ancient book in the Zangwu Pavilion of shenjizong.

The ancient book named four demons sealing heaven!

Although most of the shenjizong are human beings, we have heard of the names of these four demons!

These people set the date of the decisive battle in half a month, and they are actually trying to cultivate these four demons?

All four of you are working together. What else?

Don't give ye Chen a chance!

It's like four adults, dealing with a middle school student, but also take out the sword!

It makes people feel nauseous and nauseous!

This demon clan is really deceiving people!

Many people feel indignant for ye Chen!

Although, the fight is not absolutely fair, but it is too damn unfair, right?

The most important thing is that ye Chen has accepted such an absurd battle!

Generally speaking, life and death war can not be regretted!

The next morning, ye Chen walked out of the dormitory full of energy and was ready to go to the Seven Star refining Pavilion. However, some familiar female figures appeared in front of him.

Ye Chen raised his eyebrows. These days, Zhou Yuanxin also introduced some famous disciples to Ye Chen. He knew that she was the first beauty in the outer sect, and even the top three beauties in the whole Shenji sect, named Wen min'er.

Wen min'er looked at Ye Chen coldly and said, "do you know that Hong Yan and others have already begun to cultivate the four demons and seal the sky?"

"What is that?"

Wen min'er frowned and said: "the four demons seal heaven. As long as they enter the gate, they will at least have the strength to defeat any three-layer heaven warrior who cuts the enemy."

Ye Chen hears the speech a Leng, immediately, unexpectedly is not only does not have the slightest recoil the meaning, on the contrary, the face reveals the joyful color!

Wen min'er, see ye Chen's look, all silly eyes!

She appreciates pride, but pride doesn't mean suicide!

Do you still have to fight against one of the ten thousand warriors? That's not pride, that's stupid!

Wen min'er suppressed his displeasure, and continued: "you should close the door, life and death, do not break through, cut the enemy, do not go out. In this way, the battle of life and death is invalid. Hong Yan and his colleagues are too much this time, and the senior officials will stand on your side."

"Is it?" Ye Chen said, regardless of Wen min'er, he was going to continue toward the Seven Star refining Pavilion.

Shenjizong is very big. It's very far to get there. Ye Chen doesn't want to waste time.

Wen min'er, seeing Ye Chen's disapproval appearance, can't bear it even with her cold character!

"Ye Chen! You are so arrogant! You're really rebellious, but can't you be so arrogant? Do you regard the strong man in the inner door as a cat and a dog? "

Ye Chen stopped his figure and glanced back at the excited Wen min'er. His face suddenly became a little strange.

Wen min'er was staring at him like this and said with some discomfort: "what are you looking at?"

From small to large, no man dares to stare at her like this!

Ye Chen suddenly said, "you won't like me, will you?"

"You Wen min'er's white pretty face became red instantly and said, "what are you talking about?"

The heart beat, all start to accelerate inexplicably!

This, what is it like? Wen min'er is a little flustered.

Ye Chen shrugged his shoulders and said, "I've been interfering with my business over and over again. Don't we know each other yet?"

Wen min'er is stunned, standing in the same place, and her brain is in disorder.

At the same time, in the heart, gush out a grievance.

Ye Chen shook his head, turned around, and waved: "four demons sealed the sky, thank you for telling me."

Wen min'er bit her lip and clenched her small fist. She didn't like it. She was sad. How could this person be like this?

A good heart is like a donkey's liver and lung!

She never cared about other people's life and death. She was clearly for his good, but he

All of a sudden, Wen min'er seems to flash an electric light in his head, but he is also a little puzzled

He and ye Chen are not relatives. Why are you so concerned about his affairs?

She looked at Ye Chen, who was gradually away. In her beautiful eyes, she flashed the color of chagrin. However, after hesitating for a moment, she still stamped her foot and ran after her.

She didn't know

But she just doesn't want to leave Ye Chen alone

Along the way, many disciples saw Ye Chen. They could see that ye Chen was heading for the Seven Star refining Pavilion!

News, immediately spread!

Ye Chen, to break through the Seven Star refining Pavilion!

Seven Star refining Pavilion, not like the magic pool in general, what will happen, but!

The number of disciples who enter the Seven Star refining pavilion to improve their strength is even less than those who go to the magic pool!

Why? Because the Seven Star refining Pavilion is so weird!

Chapter 2568

The magic pool is so terrifying that zhenzhuan disciples and some high-quality inner disciples can still withstand the energy of the outer pool. Although it takes a long time to digest the spiritual energy each time they wash their bodies, they still go there regularly.

But what about the Seven Star refining pavilion?

Even the true stories against the heaven and the inner disciples have fallen among them!

On the contrary, some other disciples, even the servants, survived!

Who dares to break into this?

Unless those guys who are really not afraid of death are willing to go in and gamble!

When ye Chen arrived at the Seven Star refining Pavilion, countless disciples had gathered outside the refining God Pavilion, and most of the sects had come!

Ye Chen looks in front of him clearly is not particularly tall, but gives him a kind of elegant attic between the door, slightly shocked.

It is not easy to influence him with his present power.

The Seven Star refining Pavilion is divided into seven layers. Interestingly, the seven pavilions correspond to the Big Dipper on earth!

The first layer is the army breaking Pavilion, the second layer is Wuqu Pavilion, the third layer is Lianzhen Pavilion, the fourth layer is Wenqu Pavilion, the fifth layer is Lucun Pavilion, the sixth layer is giant gate Pavilion, and the seventh layer is greedy wolf Pavilion!

Ye Chen looks strangely at the Seven Star refining Pavilion. Is it that the people who set up this pavilion are from China?

However, he didn't care too much. If he moved his body, he would step into it under the attention of the public!

Not only these disciples, but also the senior leaders of shenjizong and Chu Ying were present!

They are one after another, hiding in the sky, watching Ye Chen.

Eyes, some dignified.

When ye Chen was about to step into it, suddenly, the whole seven star refining Pavilion burst out a strong white light!

Ye Chen's eyes narrowed. In the white light, he couldn't help but step back!

Then, the white light converged, in front of everyone, there was a white figure that could not see clearly!

Although we can't see the face clearly, the breath of this figure makes people feel extremely shocked!

"Zu Ancestor spirit? "

The elder murmured and looked at the figure in a daze.

The Seven Star refining Pavilion is the result of a wisp of divine meaning left by the founder. This divine meaning contains the understanding of martial arts by the spiritual master!

At the same time, it also has a trace of spirituality.

It is said that when a talented disciple challenges the refining Pavilion, the ancestor spirit will appear!

Ye Chen, is also quite moved to look at the present ancestor spirit.

Although this ancestor spirit is only a God's will, it gives him a feeling that he can be killed instantly and cannot be countered!

It's not from the realm of martial arts, but from the gap of understanding of martial arts!

Zuling suddenly faces Ye Chen a little, white light flashes, and on the top of Ye Chen, a star map of the Big Dipper appears!

In the star map, the star representing the army breaking suddenly faded after a flash.

Then, the star pattern dissipates.

Zuling was facing Ye Chen and said, "if you don't retreat, you will die!"

After that, it dissipated again.

The sound of ancestor spirit, though ethereal, has reached all people's ears!

This, this is to say, ye Chen, can't even break through the first floor of the Pavilion!

The elder was in a hurry and said to yuzhenzi, "master, stop him!"

They will not doubt what Zuling said!

What's more, the Seven Star refining Pavilion is different from the magic pool. If they want to break it, they can't break it!

Zuling rarely appears, but for ordinary disciples, the understanding of Zuling at a high level like them is quite different, and they also understand the accuracy of Zuling's prediction!

Every time the ancestor spirit appeared, shenjizong would record that there were 13000 times in history, of which 11530 people left under the warning of the ancestor spirit.

And the rest, as Zuling predicted, died in the challenge of the star Pavilion beyond their own strength!

And ye Chen, even the first layer of broken army Pavilion, can't pass, don't retreat, what can we do?

Yuzhenzi also frowned. After a moment of silence, he shook his head and said, "destiny is in our own hands. We should not interfere in his choice."

Excessive protection is not good, sometimes it will hinder the development of students.

This is not what yuzhenzi wants to see.

At this time, ye Chen is moving.

A group of disciples, all with their eyes wide open, were so surprised that they couldn't breathe.

Ye Chen, did not retreat.

But step by step, extremely calm, into the Seven Star refining Pavilion.

Although, yuzhenzi let Ye Chen choose on his own, but their hearts, in fact, are praying for ye Chen to retreat!

But

Ye Chen finally went in

Chu Ying's body trembled and nearly fainted. She was held by Tu Lan Xin. Wen min'er below was also moved by her beautiful eyes. She felt the moment Ye Chen stepped into the refining Pavilion, her heart was tight! At this time, ye Chen came to a strange space.

Here, as if a nebula, in the boundless darkness, there is a little bit of bright dust floating.

Here, it seems that the concept of time and space has been lost. Everything seems to be forbidden.

Ye Chen frowns, where is this?

He couldn't help but ask Cang Gu doctor: "laocang, this broken army Pavilion, in the end, want to..."

Words, not finished, that nebula, suddenly lit up a cold light!

Ye Chen's pupil shrinks and her figure flickers. She has to avoid it!

But when the idea of dodging, just from ye Chen's mind, that cold light has hit him!

There is no time interval at all. Ye Chen vomited out a mouthful of blood!

Abdomen, completely pierced!

However, what shocked him most was not that he was hurt, but that attack just now gave him a very strange feeling!

At this time, the voice of the ancient medical God, with a trace of banter, rang out: "Hey, this refining God Pavilion, a bit interesting."

Ye Chen takes a deep breath, the cavity in his abdomen has been quickly closed, but his eyes are more dignified!

No wonder, Zuling will say, he can't even pass the first layer of star Pavilion

The attack just now, as a general disciple, has already died.

Now, he felt that there were hundreds of cold lights in the sky!

Ye Chen clenches his teeth and holds the green lotus sword to destroy the sky. The power of breaking the sky surges in his body. The attack of this cold light is almost instantaneous. He wants to strike first!

"Six sword gods! Spirit and devil kill Heaven Sword

Ye Chen roared, facing the nebula, with the power of breaking the sky, drove the endless weight of the green lotus to kill the sky sword and cut out a sword!

Violent sword sense, mixed against the sky, towards the surrounding, swept away!

The next moment, poof poop! Blood splashes everywhere!

Hundreds of blood holes, all over Ye Chen's body!

Ye Chen, who was beaten into a sieve, looks stiff.

The spirit devil kills the sky sword. It's not even effective!

"Damn it!" At this time, ye Chen was also a little flustered. He roared in his heart: "Lao Cang, you know the kingdom of God. What is this?"

Although, his blood hole, again quickly closed, but! In that nebula, there are hundreds of cold lights flashing!

Chapter 2569

Ye Chen received the green lotus to kill the sky sword, display the atomization skill!

But at the moment of Ye Chen's incarnation of white fog, puff, puff, the white fog was stained with blood

Ye Chen changed into human form again, panting slightly, and a trace of fear flashed in his eyes!

Can't even atomization completely resist? Isn't that weird? How did people who had broken through the first floor before?

If it wasn't for his vitality, which is comparable to that of the kaleidoscope, he would have died many times

At this time, the voice of the ancient medical God finally sounded.

"Boy, do you think the cold light is familiar to you?"

Ye Chen's expression moved, and his face showed the color of thinking

Suddenly!

He remembered that the cold light was somewhat similar to the earth shaking sword meaning of a great power!

"Is this the attack of martial arts?"

"Not bad." Cangu doctor said: "boy, although you have understood some of the sword meanings of the six sword gods, they are too superficial. They can only be regarded as drawing ladles according to the gourd. They have no true essence at all. The meaning that can really touch the foundation of martial arts comes from your own understanding of martial arts!"

"Along the way, you always rely on strength, physique and strong martial arts skills to crush you. But what about your understanding of martial arts? What you have done is not enough! "

"If you want to pass this layer, you must really touch the origin of martial arts. This is also the first step to find your own martial arts."

"I see!"

Ye Chen's eyes flashed, and he was sitting in the void.

Now that he knew what was going on, he was confident that he could break through!

Isn't it the foundation of martial arts?

Ha ha, I Ye Chen on the top of this fatal cold light, touch to show you! Since others can, he has no reason not to!

He has reincarnation! There are also the reincarnation graveyard, a hundred powerful guardians! How could he not!

The ancient doctor gave a smile. Although he said it was easy, how could it be so easy?

This is not the superficial understanding of the origin of martial arts.

But let Ye Chen put his hand on the surface of the whole world, which is also regarded as the origin of Zhenwu!

The so-called different ways to the same goal, ten thousand hair for one, is not a joke.

Although Ye Chen just put his hand on it, it is not really into this realm, but if ye Chen succeeds, the realm of martial arts will go beyond the limit of shenjizong, beyond the martial law of shenjizong!

Of course, it is far from enough to achieve a breakthrough in the first level. According to the estimation of the ancient medical God, at least after breaking through the greedy wolf Pavilion, there will be some chances to touch the realm of Zhenwu.

Puff, puff, puff!

There are hundreds of blood holes in Ye Chen's body. However, his body does not move. Every time, this extremely pure force of martial arts artistic conception has an impact on him, which is an inspiration to him and gives him a trace of insight.

A glimmer of insight into the foundation of martial arts.

In fact, there are many ways to break through the first layer of the military Pavilion!

For example, the martial arts skills of the ancient kingdom of gods contain the origin of martial arts and Taoism, but on this basis, refining a little understanding of the origin of martial arts and Taoism is enough to pass the test.

Although it is not easy to do so, it is more difficult to do so than ye Chen's own exploration of the illusory realm of Zhenwu. I don't know how many times it is!

Ye Chen was born under the deception of the ancient medical God. He went to pursue the true martial arts that he felt when the six sword gods used their swordsmanship

In this space, time seems to be nonexistent, but this does not mean that ye Chen can understand it forever.

Even with his vitality, there is a limit.

He was pierced by the cold light again and again. He endured the pain that tormented him all the time. However, his expression did not change, and he was immersed in the understanding

However, ye Chen's face is inevitably gradually pale.

.....

Outside the refining Pavilion, seven days have passed!

Seven days!

In the sky, the high-level shenjizong people are all miserable!

Why?

Because, they have all broken through the refining Pavilion. It is clear that after staying in the first floor for seven days, it basically means that there is no hope of breaking through the first floor! The most frightening thing is the level after the first level, and there is hope to quit the refining Pavilion. However, in the first level, you can only break through, if you can't break through, you can't retreat!

Understanding this kind of thing, does not rely on time, the accumulation.

One day, can't is the limit! Normal people can't stay on the first floor for more than a day!

But ye Chen has been here for seven days

If it wasn't for the first layer of stars, they would have no doubt that ye Chen was dead!

All ready to go in and collect the corpse for ye Chen! However, the Seven Star refining Pavilion, relying on the vitality of the dead support, is no use at all.

Ye Chen goes against the sky again, also has time that cannot support.

Chu Ying at this time has left tears, face full of pain and despair on the color!

Tu Lanxin's eyes were dignified, and a trace of regret flashed. But she still helped Chu Ying up and comforted him: "believe him, Chu Ying. He has created many miracles, hasn't he?"

Chu Ying nodded forcefully and gazed at the star light on the broken army Pavilion!

At this moment, the stars suddenly twinkled!

.....

Ye Chen in the army breaking Pavilion is full of blood and looks miserable. He has not known that he has been pierced by the cold light for hundreds of billion times, but he knows that his body is about to reach the limit!

Just then!

Ye Chen, suddenly opened his eyes!

In his eyes, the essence flashed. He held out his two fingers and pointed to it as a sword. Facing the shining nebula with cold light and the boundless darkness, he whispered: "one of the martial arts, take this as the truth, chop!"

After that, I'll cut off my finger!

.....

Outside the Seven Star refining Pavilion, the first layer of light, suddenly disappeared!

Everyone's heart is tight, Chu Ying's tears, is an instant gush out!

Yu Zhenzi looked at the gloomy broken army Pavilion, his face was dull, and suddenly seemed to be several thousand years old.

Normally speaking, if ye Chen passes through the first layer, the starlight will gradually dissipate. There is only one possibility that ye Chen will die down!

Many disciples, despairingly looking at the darkness in the first floor, knelt down on the ground, lost their souls, as if they had been stripped of their backbone. Most of them were disciples of the mixed service house.

Their gods, fall?

.....

As soon as the word was chopped down, there was a flash of light on Ye Chen's sword finger, which did not contain any spiritual power, any spirit power, or even any energy!

That's it, out of thin air!

A kind of enlightenment, brewing in Ye Chen's heart, instantly, it spread to the whole starry sky!

Chapter 2570

For a time, that countless flickering cold light, floating light and dust, are still!

The next moment, the silent broken sound reverberates in the starry sky, all of which, along with the way of brilliance cut by Ye Chen, turns into nothingness! Even the darkness is shattered!

Ye Chen gasps, his eyes, beating the color of joy!

It's done!

It's true!

He caught the meaning of Zhenwu! Although it is not clear enough, it is not the martial art realm of breaking the army Pavilion, which can be accommodated!

Others, through martial arts, condense a trace of the original spirit of martial arts to resist, and ye Chen's one shot directly broke the artistic conception of the whole broken army Pavilion!

.....

Yu Zhenzi sighed and said, "go and collect..."

He originally wanted to say, go to collect the corpse, but suddenly, he was stunned and his pupils were shaking

Not only he, but all the people present, the pupils began to tremble!

The second layer of the pavilion was broken with the stars!

Did ye Chen break through?

This It's incredible! All the signs show Ye Chen failed?

However, he really broke through!

Yu Zhenzi and a group of elders looked at each other, and their faces were full of ecstasy, and their declining spirit was swept away!

Ye Chen, as expected, did not let them down!

In the history of shenjizong, it became the first one to let Zuling predict the failure!

Not only they, but also the many disciples outside the Seven Star refining Pavilion, also cheered together!

At this time, ye Chen has come to the second layer.

On the second floor, there was a more dark darkness!

Nothing. I can't see my fingers!

Ye Chen slightly frowned, but, unlike at the beginning of the first layer, so flustered.

Although the darkness of the second layer gradually engulfs people's mind, he can feel it. As long as his mind is clear and clear, and he does not lose it, he even has the opportunity to withdraw from the refining Pavilion.

But how can we break through the second layer?

"Lao Cang, how can the second layer be broken?" he asked Canggu

Canggu doctor Shendao said: "Wuqu, also known as Kaiyang, is called Kaiyang. The so-called Kaiyang is the law, and the light is the star. In this sentence, there is also the principle of martial arts. Now that you are holding the stars in your hand, why is it a law?"

The rest, you need to understand by yourself. It's not good for you to say too much. "

Ye Chen nodded and pondered in the dark.

In fact, he was surprised by the behavior of the ancient medical God.

For the explanation of martial arts, the crazy warrior overlord is obviously more suitable.

However, although the fierce overlord has made many moves for ye Chen, they are all against the enemy. At present, this situation is impossible.

Why did the ancient medical God, as a miracle doctor in the kingdom of gods, understand this?

Does Lao Cang have any unknown past?

And ye Chen no longer think, Lao Cang's words wake him up.

His star, of course, is the true meaning of Wudao that he has realized. Although this is not a real thing, ye Chen knows that the true meaning of Wudao has made him have a qualitative change!

Under the influence of the true meaning of Wudao, his martial arts skills and actions have changed imperceptibly and become more pure!

So, what is his law?

In the dark, as time goes by, ordinary warriors may gradually fall into the darkness, sink endlessly, and finally die of exhaustion of spirits.

Can ye Chen, with his thinking, eyes, but more and more bright up!

.....

At this time, outside the Seven Star refining Pavilion.

Time, has passed three days and three nights!

Ye Chen, has not broken through the second layer.

"In the history of this sect, how long did it take for the disciples to break through the first level?" asked Yu Zhenzi

The second elder said: "nine hours, that disciple is the body of Wanjie."

Only in this way can we persist for such a long time without resistance from artistic conception.

However, it was also extremely dangerous. Fortunately, in the end, he grasped a glimmer of insight and made a successful breakthrough.

Yuzhenzi nodded: "that is to say, ye Chen, spent nearly ten times of the limit time. What about the second layer?"

The second elder's eyes flashed: "the nature of the second level is different from that of the first level. The disciple who spent the longest time broke through after three months! Even the shortest, it took a day! "

Yu Zhenzi smiles bitterly. If ye Chen, like the first layer, needs to spend nearly ten times the limit time to break through, it is 900 days

On the second level, the longer he stayed, the more dangerous he became. Although the disciple who stayed for three months broke through, he also withdrew from the third level directly without continuing to challenge. When he came out, others found that his spirit was almost exhausted and he had cultivated for a hundred years before he recovered. If you stay nine hundred days

Even if it's them, they're supposed to die in it.

.....

In the dark, ye Chen's eyes are more and more bright.

What is law? The law is the original intention, the principle and the true spirit. So is his martial arts!

The so-called Kaiyang as the law is to shape one's own unique symbol of his own understanding of the meaning of Zhenwu!

Integrate your true spirit and heart into it!

Since then, his martial arts have taken on his color, which only belongs to his artistic conception!

At the next moment, ye Chen stood up and raised his sword finger. On his fingertips, the white light condensed with the true meaning of martial arts once again flashed. His wrists moved, and in the darkness of nothingness, he wrote four big characters one stroke at a time!

In the dark, there is a ray of light, the four characters, like in the dark, rising sun!

The only four words I have in the sky are ye Chen's martial spirit!

What is self? Only me is to insist on self. In view of his understanding of all things, it seems that there is only one person between heaven and earth.

What is Lingxiao? Even if the sky blocked in front of him, even on this day, covered his eyes! Let him not only be me, lose his heart, then he must be above it! Out of the sky!

In an instant, the darkness dissipated and ye Chen came to the third layer.

.....

When Yu Zhenzi and others were worried about ye Chen, the starlight of the second layer suddenly appeared in the third layer!

People see this, momentarily dull!

Did ye Chen break through again?

So fast, break through?

Normally speaking, the speed of breaking through the refining Pavilion is getting slower and slower, because it is more difficult for one layer to break through, but ye Chen does the opposite?

Yu Zhenzi swallowed his saliva and looked at TU Lan Xin and said, "Lan Xin, the third record is created by you, right? How long did it take you? "

Tu Lan thought: "eighteen hours."

Is Ye Chen on the third floor, will give them a surprise? More than 18 hours?

.....

On the third floor, in front of Ye Chen, there appears Sun Yi, burning cherry, dark night, Bai Zhentang, Zi Ning, etc

They, at this time, are being tortured, but they are trampled on the foot of the nameless, simply unable to resist!

Everything is so real! It doesn't depend on the powerful spirit, but can be distinguished by the body of reading the devil!

It is essentially different from the fantasy created by Wen Tianli!

But ye Chen at this time is calm.
