

## Physician 2571

### Chapter 2571

Lian Zhen, also known as Tianheng, Kaiyang is the law, shaking the light for the star, Heng for the sound!

What is sound is to carry out the true meaning of martial arts from beginning to end, just like the sound in the ear, shaking the world!

Now, no matter what the situation, no matter how desperate, ye Chen's martial arts has been integrated into his soul, he will only make a voice!

"Broken!"

Ye Chen light way, all around, instantly disappear!

And starlight, on the fourth floor!

Even the ancient medical God was a little shocked. The boy's understanding and integration of martial arts were too fast to be imagined.

Even the sound of surprise appeared in the sleeping wind and the stone tablet of the tyrant.

The people outside the refining pavilion are totally stupid

Ye Chen, from the third floor to the fourth floor, not to mention more than ten hours, it only took a moment!

Vaguely, they seem to understand something

Ye Chen spent a lot of time on the first and second floor, not because he didn't have enough understanding

Instead, he understood more deeply than anyone else!

So, after that, there is no way to stop it!

Tu Lanxin and others have become strange

They are the best in the kingdom of God. They are not proud. They are fake. But now compare Ye Chen

Can you still be proud?

However, in their hearts, more is joy!

The fourth floor, Wenqu Pavilion, also known as Tianquan!

Balance for sound, power for time!

Ye Chen, appeared in the deep sea, unable to breathe, extremely depressed, he could see the light on the sea from a distance, he swam and swam, but could not get close to the sea in any case!

He has been swimming for thousands of years, thousands of years, and his body has already been exhausted. But ye Chen's eyes are always locked on the sea surface, without any change, wavering, and no relaxation!

It is easy to carry out the principles at one time, but difficult to carry out them all the time!

The real martial arts can stand the test of time!

Ye Chen seems to have spent hundreds of millions of years. In fact, it is just a blink of an eye. The surrounding scenery changes again.

Outside the refining Pavilion, looking at the starlight flickering almost without time interval, at this time directly to the fifth floor!

Countless disciples will be shocked out of the body!

What speed is this?

This is an extremely terrible Seven Star refining Pavilion! I don't know how many genius, fall among them! And one pass, more difficult than one!

Ye Chen, even two passes, how to play the same? It took only a moment?

Even in the history of shenjizong, there are no more than ten warriors who have broken through to the fifth level!

Compared with Ye Chen, I don't want to be a martial artist any more. I don't need to be a man!

A group of elders, yuzhenzi and Tu Lanxin, all opened their mouths, as if petrified.

Most of them have stopped at the fourth floor. Only Tu Lanxin has broken through to the fifth floor. They know how difficult it is to break through the fourth floor. Is this qualification too irritating?

To the fifth layer, ye Chen, but stopped.

Tu Lan Xin's eyes twinkle. Her record is the sixth level. If ye Chen can break through the fifth level, it will be her record!

It's also the record of the whole shenjizong!

At this time, ye Chen is facing himself, countless selves. He has seen himself, including his most ordinary, most powerless, even those hidden in the memory of the past.

Yunhu villa!

Lin Juelong!

Destroyed everything of Ye family in Jiangcheng!

He is powerless!

He struggled!

His mother, Jiang Peirong, pushed him out of Dongqian Lake at the last minute!

He was rescued and came to Kunlun Xu!

Five years in a blink of an eye!

In such a moment, ye Chen felt homesick, some Chinese, some parents.

Bailibeng, zhuya, longhun, Jiangnan Province, medical God gate

Are they all ok?

Maybe it's time to go home and have a look after what's going on.

People, sometimes, the most difficult to face, is themselves.

Lucun, also known as Tianji, Ji is a person!

Even with Ye Chen's heart, seeing these is also slightly moved.

If you look at it again, his heart of martial arts may be shaken!

In fact, ye Chen has gained a lot when he comes here. Even if his martial arts artistic conception can not completely surpass that level, he still stands at the peak of shenjizong!

Can, ye Chen is to choose to continue to see.

Look carefully!

His martial art is only me in the sky, no matter what is in front of him, there can not be any retreat.

If he is here and bows his head, the martial spirit of Lingxiao that he has just refined may collapse directly.

An hour later, the starlight of the refining Pavilion appeared on the sixth floor!All the elders began to laugh like they were drunk and crazy!

It's over! It's really over!

Ye Chen, has already leveled Tu Lanxin's record!

Tu Lanxin's qualifications are so terrible that no one knows better than them!

At this time, what they thought, including the thousands of disciples, was not the problem of recording or not recording!

It's Ye Chen. It's about whether you can create a miracle!

Climb to the seventh floor!

Shenjizong, since its inception, has been hundreds of millions of years, and no one has ever been able to reach the seventh level!

The seventh chamber of refining God, the greedy wolf Pavilion, is a mystery for all!

Now, the mystery is likely to be revealed in front of them!

In that case, ye Chen is worthy of the first of all time!

Yu Zhenzi was also excited. She couldn't help asking Tu Lan Xin, "Lan Xin, only you have entered the sixth floor. What's it like?"

Tu Lan Xin's face was very quiet at this time. Her eyes flashed and said, "master, calm down and don't expect too much."

When they heard this, they were all in a daze.

Why do you say that?

Tu Lan Xin's face, as if it would never melt, flashed a trace of fear!

Including yuzhenzi, everyone, pupil contraction!

They have never seen Tu Lanxin afraid!

It was more incredible than seeing the sun explode in front of their eyes!

Tu Lanxin said coldly, "I'm afraid no one in the world can break through the sixth floor..."

At this time, Ye Chen came to the sixth floor, but slightly frowned. The vision in front of him disappeared. It was an ordinary room, the first floor of the attic.

He was now standing at the entrance of the stairs from the fifth floor to the sixth floor, and not far from his eyes was the step to the seventh floor.

What's going on?

He stood by the fence and turned his head to see the cheering and excited disciples outside the refining Pavilion.

He even saw Wen min'er at a glance.

Is this the sixth floor, just go up?

"Lao Cang, this is..." Ye Chen asked.

However, to his surprise, there was no response at all!

"Lao Cang?" Ye Chen calls again, but still silent!

He can't feel the existence of ancient medical God!

Chapter 2572

His eyes are wide open and stupid. This has never happened!

However, a moment later, ye Chen calmed down. Anyway, he passed the sixth floor first, and then!

.....

On the other side, in the past few days when ye Chen broke into the Seven Star refining Pavilion, there was a constant sensation in the inner courtyard!

"Hongjiatian magic soul stone, deliver it!"

"Hongjia three eye demon wolf Tianyan, deliver it!"

"Hongjia Archaean Soul Essence delivers!"

.....

First of all, Hong Yan's family, Hong family!

The Hong family is a second-class family, and it is the second-class family at the top of the second-class peak!

In recent days, it has been continuously sent to the inner disciples of shenjizong, and they will be shocked by the ultimate treasure of their chin!

There are a lot of these treasures. Even if they are placed in shenjizong, they can be called the most precious!

And Hong family, unexpectedly at this time all sent to Hong Yan?

What this means is self-evident!

That is to kill Ye Chen at all costs!

Now, people are not feeling shameless, but really angry! Have the idea of provoking a war between the two races!

You're four fuckers, fight one man clan, use super joint martial arts skills, still rely on family power, with all kinds of treasures crazy accumulation strength?

This is not cheating. What is cheating? What's the life and death war? This is the power of the family to kill people? Bully, also need to have a bottom line?

The purpose of the clan's permission to fight life and death is to enable the disciples to enhance their strength, not to give you an excuse to kill people!

Even, the second and fifth disciples of the inner clan, who are in the front row of the inner gate, have already arrived in front of Hong Yan's dormitory!

The dormitories of inner disciples are all single family villas!

Second in the inner door, the Dragon slaughtering spirit is even spectacular.

Qin Yueming is the fifth in the family.

Zhou Wuxia and others, the eighth Xuanyin sword of the inner gate, all stood outside the door and were furious.

Even Xuan Qi Lingli agitated, facing the dormitory to drink a voice: "people demon's scum, Hong Yan, you get out of here!"

As the disciples of the inner clan, they really can't stand it!

They may fight with each other and climb on others, but they are united in front of other people!

My people, I can fight, you can't!

If they don't care, what kind of face do they have to face their compatriots?

Therefore, they decided to unite and let Hong Yan and others cancel the life and death war against Ye Chen!

People and demons are strong, but those present are the top disciples of the inner gate. They are not necessarily afraid of them!

Can be in Lian Xuan Qi, the moment that the voice falls, Hong Yan's dormitory, suddenly rise up four magic shadows!

These four evil shadows send out a very terrible breath, so that these inner peak, are the face crazy change!

How could this happen? The breath of Hong Yan and others can't be so terrible!?

Zhou Wuxia's eyes trembled and his voice trembled! They are the four demons to seal heaven to practice the beginning

Qin Yueming shook his head fiercely: "it's more than just an introduction! At least, Xiao Cheng

For a moment, the inner door peak, began to fear, retreat.

And at this time, among the four magic shadows, the one with the strongest evil spirit, all over the body, suddenly began to climb madly!

People are stunned, the four magic shadows have not yet begun to merge!

Why, the breath starts to climb?

Soon, the smell of the shadow broke through. Even so, it didn't stop!

At this time, Lian Xuanqi roared: "run! This is Hong Yan. He broke through with the help of the four demons and the many treasures of the Hong family! Already, it is not something we can fight against! "

People's hearts trembled, at this time, the smell of the shadow, more and more strong!

Its breath even covers the whole shenjizong instantaneously!

"Roar

The magic shadow of Hong Yan's illusions, raised to the sky, let out a long roar, in the purple eyes, flashed the color of ecstasy!

At this moment, he felt that he had taken control of all things in heaven and earth. He was God!

"Want to run?"

Above the shadow, floating a strange smile: "between the same courtyard, can't help but fight for life and death?"

After that, he held out a finger to the top disciples of the inner gate who were running away with the fastest speed and panic.

Next moment, boom!

Several clouds of blood mist burst out of thin air

None of these demons who cut the two layers of heaven were killed by Hong Yan, who was completely possessed by demons

.....

Seven Star refining Pavilion, the sixth floor, giant gate Pavilion.

Ye Chen, slowly step out a step, and in Ye Chen's feet, fell on the sixth layer of the moment, invisible, a strange wave, spread out!"What?"

Ye Chen's face changed. In that wave, he felt the breath of death!

Real death!

This wave seems to be the will of the kingdom of God!

At this moment, the kingdom of God, to annihilate it!

"How could that be so

Ye Chen crazily surging spiritual power, want to resist, but in front of the world's killing intention, any struggle, resistance, what's the use?

Vitality, for the world, is nothing!

In a moment, ye Chen's body burst, the spirit, disappeared, not only that, he even felt that his own traces of existence, have been erased!

No one will remember him!

At this moment, fear surged into Ye Chen's heart!

All of a sudden, a white light wrapped him, as if it was the true meaning of the martial arts that he had practiced, and the true meaning of the martial arts road only lasted for a moment and then disappeared.

The next moment, ye Chen opened his eyes, he returned to his original position, five to six stairs.

He gasped heavily, his body was wet with cold sweat, and the fear in his eyes had not yet completely dissipated.

He looked at his hand, and he was still alive?

Is that martial arts true intention, saved oneself?

Ye Chen felt for a moment, his face paler a minute, his martial arts true meaning, disappeared!

"How could this happen..."

Ye Chen is biting his teeth. What should he do now?

Now, there's no point in continuing to challenge the sixth tier!

What's more, if you go one step further, you can't really save him!

Is it because your martial arts are not pure enough?

Isn't that horrible? Can someone break through the sixth layer?

Now, although his true intention of martial arts has disappeared, his life has been saved. If he retreats, he still has a good chance to condense the true meaning of martial arts again

Ye Chen gazed at the ground of the giant gate Pavilion, hesitated, frightened, and even his heel had moved back!

But the next moment!

Ye Chen actually issued a roar: "I don't believe his mother! Come on! If you have the ability, kill me completely! Otherwise, I will never shrink back! "

Ye Chen takes a step suddenly! On the sixth floor!

He's ready to die!

Chapter 2573

But! Even if he is dead, he must thoroughly carry out his martial arts!

However, when the leaves fall, nothing happens.

Ye Chen Leng Leng Leng, all of a sudden, he can feel his own Lingxiao Wu Yi.

"What's the situation?"

Ye Chen murmured.

At this time, the long lost voice suddenly rang out: "boy, you succeeded."

"Master!" Ye Chen's heart is happy!

The wind is clear and clear. After exerting the ultimate sword, I sleep soundly!

Now I wake up!

Feng Qingyang smiles weakly and says:

"the gate is also known as Tianxuan. Xuan is the ground, and the earth is the world. The world is your enemy. There are all kinds of tricks that can't be used.

However, there is only one thing that can resist it, and that is your will. You have done a good job and defeated the world with your will

"My most proud thing is to accept you as an apprentice."

At this time, starlight, fixed frame in the seventh layer!

"No way!"

Tu Lanxin exclaimed!

Ye Chen, break through the sixth floor?

How?

At the beginning, her martial arts artistic conception, but in the sixth layer, completely collapsed! After she recovered her life, she retreated and refined her martial arts.

In her imagination, only those who really transcend the limitation of the kingdom of God can pass through the sixth level, right?

Although Ye Chen is against the sky, but now ye Chen is very different from himself in terms of strength. If you move your finger, you can kill Ye Chen in seconds. But how did he get through the sixth floor?

In an instant, the woman who could almost trample on the powerful men in the kingdom of God appeared to be a little bit out of her wits.

She felt that for the first time in her life, she lost

Lost to a warrior in Taixu state

And outside the refining Pavilion, there was a roar of tsunami again!

Ye Chen, really created history!

Yuzhenzi and others are looking at each other. They are ecstatic, and the God Jizong is really going to rise! Now, ye Chen is a very important existence in their hearts. Even if ye Chen asked them to sell God Jizong and give him cultivation, they would agree!

Such a monster, worth doing!

.....

The seventh floor, greedy wolf Pavilion.

Standing in front of Ye Chen, is a white attraction, is the ancestor spirit!

At this time, Zuling looked at Ye Chen, but laughed.

"You surprised me."

Ye Chen was slightly surprised and quickly saluted: "I have seen the grandmaster."

Zuling waved his hand and said, "you are the first one to enter the greedy wolf Pavilion. I have something for you."

"Take it up!"

The next moment, Zuling hands, more than a long sword, a sword as if made by the true intention of martial arts!

He held a long sword, but without saying a word, he stabbed Ye Chen with a sword!

In an instant, ye Chen's body can't move!

Greedy wolf, also known as Tianshu, pivot for the day!

Heaven, is the supreme road in the dark!

In the face of this road, even the will to resist can not be born!

However, a white light is lit up from ye Chen's body

Ye Chen's only martial spirit of flying in the sky is rising on his own, as if fighting against the cutting wushangdao!

In front of the road, the next moment left a cloud of light.

Ye Chen's eyes tremble, and the white light seems to be a pure martial arts rhyme?

Zuling said with a smile: "good, you have passed the test, and my mission has been completed."

This white light trembles, is actually integrated into Ye Chen's body!

In a flash, ye Chen was still growing up, and his budding Lingxiao martial spirit was crazy to swallow up the martial arts connotation, and began to grow up quickly!

The ancient medical God was shocked and said: "boy, you are really making a lot of money. This martial arts connotation does not belong to the kingdom of God at all! Only those in the upper world can get it!"

At the next moment, ye Chen's figure flashed and appeared outside the Seven Star refining Pavilion.

Behind him, a light white shadow rose up and nodded slightly to Yu Zhenzi, who was dull on his face, and Tu Lan Xin, who looked a little different. Then, he flashed and disappeared in the distant sky.

"Yes..." Yu Zhenzi took a breath and said, "Zuling's task has been completed..."

A group of elders, almost all want to shed tears, too excited.

Yu Zhenzi suddenly said, "Ye Chen, you will be my master's disciple."

People looked at Yu Zhenzi and nodded. They knew that Yu Zhenzi had a high vision. For hundreds of thousands of years, he had not received a disciple, so as to wait for a genius like Ye Chen!

Ye Chen stands in front of the refining Pavilion, and the whole person's temperament has changed. The original sharpness seems to be restrained, but the whole person's temperament becomes more and more refined! It's like a magic sword that is about to come out of its sheath, to cut the sky up and the ghosts and gods down!

This harvest, too big, not worse than the magic pool!

Although, his martial arts level has not been improved at all, his body and spirit are the same.

However, his whole person, but has already had a germ plasm change.

Now, he uses his martial arts skills on the basis of his own Lingxiao martial arts intention. His power is probably the ultimate improvement!

It looks like a lot of promotion?

In fact, this is conservative.

You know, ye Chen's artistic conception of martial arts is beyond the martial law of the kingdom of God!

Ye Chen smile, although he is now his own strength, some can not keep up with the height of the artistic conception, but he is confident to fight with those people demon warrior!

The next moment, he left the refining Pavilion, he will return to the dormitory, to consolidate his harvest.

At this time, the voice of the ancient medical god suddenly sounded.

"Ye Chen, the decisive battle has not started yet. I suggest you find a fire."

"Just now there seems to be a change of flame in the kingdom of God."

"This flame, if I guess correctly, should be called the fire of emperor's presence!"

"If there is such a flame, you are not afraid of the cards of those people and demons."

"What's more, if you want to use the burning stele completely, it's useless to rely on the green lotus demon fire alone."

"You can't refine another archaic flame in a short time."

"The fire of the emperor's presence may be your only chance."

Chapter 2574

"The fire of emperor's presence?"

At this moment, ye Chen had some interest.

Yan stele is one of the top ten xuanbei steles.

It's so important to him.

Even compared with those people of demon clan, it seems vast and incomparable.

The difference between heaven and earth.

It's a pity that because of the powerful burning stele, the energy needed is too terrible.

Green lotus demon fire has been regarded as against the sky, but it is far from enough.

At this time, the ancient god of medicine continued: "there is another reason."

"This is the key that I asked you to find the fire of emperor Lin

Ye Chen frowned: "what?"

The ancient medical God pondered for a moment and then said: "because chaos star tree, you haven't thoroughly refined it. It's easy to refine in the early stage, but in the later stage, it needs very strong nutrients, and the particularity of emperor's fire is just one of his nutrients."

Ye Chen Mou son a congealing: "good, I am going to look for the fire of emperor Lin

The ancient medical God nodded: "during this period, I will continue to teach you some things, which can be regarded as feedback to you."

"By the way, how much of the medical skills I have taught you during this period of time have you mastered?"

Ye Chen thought about it and replied, "nine points."

Canggu medical God's face is a trace of relief: "not bad."

"Although medical ethics seems to be weaker than martial arts, many times, it can determine everything."

"Ye Chen, I hope you can inherit my mantle and become a real God of medicine."

Ye Chen is surprised to see the ancient medical God, he always feels that stubborn old man no longer.

Even slowly accepted themselves.

In fact, he was moved.

What did he just want to say: "Lao Cang..."

Suddenly, a voice of astonishing anger resounded from the reincarnation cemetery!

"Go to your mother's doctor's way to decide everything! In my master's eyes, martial arts are invincible

"Ancient medical God, get out of here

The old doctor's face was stiff, and he returned to his stone tablet in an instant.

"Ye Chen, you're wasting this man! If the barbarians do not disappear, the samsara cemetery will not be quiet for a day! "

Ye Chen:

The samsara cemetery set off a gust of wind: "Canggu, come out to me! You say who are barbarians! I am the tyrant! Lord of heaven

"If it's a man, don't do it!"

"Come out!"

"Get out of here! Life and death

However, there is only silence in the samsara cemetery.

Ye Chen is a little sad, no longer think about it, and go directly to Tu Lanxin's residence.

This time, he had to ask Tu Lanxin in person.

.....

Shenjizong is a quiet temple.

"What!"

"Are you going to ask for leave again?"

Tu Lanxin shows her eyebrows and frowns.

"Ye Chen, how long have you been in the sect? Why are you going out again? "

"What's more, you're about to fight those guys in the inner gate, and you're going out?"

"What's more, you just came out of the refining Pavilion. You need to rest and keep your energy up."

"What makes you so urgent?"

Tu Lan's surprise is justified.

He had seen countless disciples, but none of them had the talent of Ye Chen.

She cares about ye Chen.

She wants to protect Ye Chen!

In shenjizong, she can protect.

If there is a God Jizong, the kingdom of God is dangerous and life and death are unknown.

Ye CHENGONG arched his hand: "Tu Xianzi, I have some private affairs to deal with. It's very important to go."

Tu Lanxin fell into a long thought.

After a full minute, she said, "OK, I'll let you out."

"But only if you come back early in the duel."

"Or you'll be at your own risk."

Ye Chen did not want to think, agreed to come down: "don't worry."

.....

Ye Chen left shenjizong, did not tear the void, but chose to fly in the sky, according to the instructions of the ancient medical God, came to the emperor Lin City.

He could have walked into a teahouse and was ready to have a rest, but he heard some extraordinary voices!

"Ah

"You know, Emperor Yanzong has an accident!"

A middle-aged man sitting in a teahouse, as if he had nothing to do, sighed: "these days, there are many visions in the city, and Emperor Yanzong calls on the world's miracle doctors to rush to the mountain gate!"

"Is it the end of the day?"

"What?"

"The miracle doctor of the world?"

"Is it possible that someone from emperor Yanzong had an accident?"

"Need a miracle doctor to cure?"

"Didn't emperor Yanzong have a large number of miracle doctors? I remember that the news was released only last month. It said that they wanted to call up a miracle doctor to cure a person. They also said that as long as they saved that person, they would give a lot of rewards! "The people in the teahouse, you and I, began to discuss!

Ye Chen also came interested and asked, "what's going on? Is it possible that the leader of the Emperor Yan Clan was injured

"This little brother

"You're wrong. Summon a miracle doctor to cure the Lord's daughter!"

A man in Green said vividly: "the emperor Yanzong is a big sect in this area. I heard that there are strong people in chaos. If the patriarch is injured, how can he need the help of an external miracle doctor?"

"Yan Zhendong, the patriarch of the emperor Yanzong, has a daughter named Yan Ruoxin!"

"That is our emperor Lincheng, a first-class beauty!"

"It's a pity that this beautiful woman has some symptoms that I don't know. I've heard about it all day and night. Many miracle doctors are helpless after seeing it. It's less than 18 years old. This symptom is getting more and more serious."

"That's why Yan Zhendong, the leader of our Emperor Yan Clan, personally released the task!"

"We should call on famous doctors from all over the kingdom of God to cure our Miss Yan!"

Yan Ruoxin!

One of the ten beauties in the city of emperor Lincheng, she has been a national beauty since childhood!

However, he has been suffering from some kind of curse, or unknown injuries. He has to take medicine every day and night. He is so weak that he almost becomes a beauty. The patriarch Yan Zhendong has to issue a task every quarter every year to seek the famous doctor to cure his daughter!

"So to speak!"

"Is that Miss Yan hurt?"

"Leave the root of the disease, incurable?"

Hearing this, ye Chen wants to help. After all, he inherited from the ancient doctor. He has no problem with medical skills. Even if there are really any problems, he can do it well!

Even this may be the key to obtain the fire of emperor's presence.

The young man turned to gaze at Ye Chen and said with a smile, "brother, why don't you try?"

"I heard that as long as Miss Yan is cured, Lord Yan will send a unique tool!"

"For this reason, many families and clans tried to cure Miss Yan, but they didn't succeed! By the way, there is the meeting place of emperor Yanzong at the north gate. No matter what kind of miracle doctor you are, you can try it. Maybe you can cure it? "

"Absolutely

"There are no ordinary people who cut down the enemy force."

Taixu martial arts!

There are too few holy soldiers of the same level!

Not to mention antiques and Jue ware.

Chapter 2575

Emperor Yanzong!

The patriarch Yan Zhendong is also a bloody one!

Listening to his words, ye Chen's eyes twinkled, pausing a little and then went out of the teahouse. He actually wanted to go to Emperor Yanzong to have a try and cure this lady Yan Ruoxin's illness!

Of course, the more important thing is for the fire of emperor Lin!

.....

Far away, inside the gate of emperor Yanzong.

A side hall with exquisite decoration!

There is a beautiful woman lying on the wide bed. Her skin is like blood clotting and her nose is like a snow peak. She is beautiful to the extreme. Her black hair is like a waterfall, just like a holy fairy. Unfortunately, the woman is burning with fire all over her body, which is extremely painful!

"Ah

"No, no, why..."

"Ah, father Father

Almost every inch of the young woman's body felt burned by the fire, but she could not see anything on her appearance.

Standing on the side of the middle-aged man both heartache and helpless, can only cut his arm, with his own blood low on the daughter's body, in order to ease the daughter's pain! His eyes are full of distressed look, said: "Ruoxin, Ruoxin, you can rest assured, father will find you a miracle doctor!"

"Somebody

"Somebody

With the roar of the middle-aged man.

Several men carrying medicine boxes rushed in and took out the gold needles and some utensils respectively. Then they forced the gold needles to break the blood vessels of the women and bleed them. However, the scarlet blood was dripping on the ground, just like the burning oil falling to the ground.

Zizizi!

Zizi ~ ~

the white jade floor was burned with blood and sent out a bad smell!

In front of her eyes, the body was like a woman burned by fire. She was the daughter of Emperor Yan Ruoxin!

The middle-aged man next to him is Yan Zhendong, the leader of emperor Yanzong!

Four doctors from Taixu state joined hands to bleed Yan Ruoxin. However, most of the white jade ground was burned by blood, and the green smoke came out. Until a part of Yan Ruoxin's blood was drawn out, he took out the top-grade pills and gave it to him as a therapy.

"Huhu ~"

"thank you very much

Thank you very much Yan Ruoxin's face was pale and nodded to the four doctors.

Yan Zhen Dong Chang took a breath, sighed a little, and went out with four miracle doctors. He asked, "this is not a long-term plan. Every time you bleed, you should drain all the inflammatory blood in Ruoxin's body, and then use the magic medicine to kill you!"

"Go on like this for a long time!"

"Ruoxin's body is useless!"

Listening to this, the four doctors were also sad.

One of them said: "master Yan, Miss Yan is suffering from meteoric toxic flame disease. We can't eradicate it or even treat it. It's a congenital disease of Miss Yan. We can't do anything about it. But we know that when Miss Yan is 18, there will be a disaster. Please be careful!"

"What do you mean?"

"Make it clear!"

"What's wrong with my daughter?"

"Say it Yan Zhendong got up in a hurry and gazed at the four miracle doctors in front of him and asked, "I tell you, if you delay my daughter's medical treatment, what happens in the end, I will not let you go!"

The four doctors looked at each other and sighed, helpless.

Before that, the tall and thin doctor once again said: "the meteorite poisonous flame disease is congenital, which can be regarded as the art of breaking away life. To be honest with the patriarch, once you get this kind of disease, the whole body's blood will be ignited by the poisonous flame, and the fresh blood will be like fire oil, which has the effect of burning."

"But its blood burns, but it doesn't burn bones and meridians."

"It's going to hurt until the day and night pass."

"About three times a month!"

"However, according to our latest understanding, when Miss Yan is 18 years old, meteorite poisoning and flame disease will reach the limit. It should be said that Miss Yan's channels and bones will reach the limit of endurance, and then there will be a maximum attack!"

"Means!" He took a deep breath, plucked up his courage and said, "that means that on the night when she was 18, Miss Yan's blood would boil and burn, burning her meridians and bones, turning her into a fireman. Moreover, the burning degree was far greater than the powerful flame of the kingdom of God, and would burn herself into ashes!"

Meteoric fever!

A congenital incurable disease!

Since ancient times, almost all people who have suffered from it can't break through the night when they are 18 years old.

The next day it would turn into ashes and fly away.

"This

"Is there no solution?"

"Can I suppress the burning of her blood with my true Qi?"

Yan Zhendong inquired. At the moment, he was extremely anxious. He didn't even dare to see his daughter in the palace. He asked, "is there any other way for you to talk?" "No way!"

"If there is external force to suppress, the blood will not burst out, but once the external force is no longer suppressed, it will explode instantly. There will be no burning process, and miss Yan will be burned to ashes in an instant."

Overbearing!

Incomparably overbearing!

Other diseases can be suppressed.

However, meteorite poisoning can not be suppressed. After suppression, when it is released, the patient will die!

That's why it's an incurable disease!

"What now?"

"You four are the top doctors of emperor Lincheng!"

"Talk, give me a solution."

Yan Zhendong roared out, roaring four doctors a Leng a Leng.

After discussion, the four doctors united and said, "Lord, you issue a document and ask some of the supreme doctors in the kingdom of God to do something about it. We can't do anything about it."

"Waste!"

"Four Wastes!"

"Go away!"

Yan Zhendong scolds unceasingly, then turns to many elders to discuss the matter of looking for famous doctors!

As for the four doctors, they walked out of the palace innocently.

The doctor's life and the doctor's signboard were smashed today.

When they came out of Emperor Yan Zong, they met Ye Chen under the mountain gate.

"Why, little brother?"

"Are you?"

Looking at Ye Chen in front of her, Gao thin miracle doctor is puzzled. She is not wearing clothes of emperor Yanzong, but also carrying a medicine box?

The miracle doctor who came to pick up the mission?

Too young to look at!

"How are you

"I heard that Miss Yan needs to be treated by a miracle doctor?"

Ye Chen inquired that he came to Emperor Yanzong not only because of Jue ware, but also because of the fire of emperor's presence!

In legend, the founder of emperor Yanzong, Shenhua emperor!

A top-level power beyond chaos is good at using all kinds of fire power. When he leaves the kingdom of God, he hides the most proud fire of emperor Lin in the emperor Yanzong!

He hoped to take this fire as an opportunity to protect emperor Yanzong for thousands of years!

Chapter 2576

God of fire!

He has mastered many kinds of flames, including the green lotus demon fire that ye Chen now owns, and once was one of the many flames of the divine fire emperor. Among them, the most special one is the fire of emperor Lin, whose power is even far above the green lotus demon fire.

Ye Chen came here to get the fire of emperor Lin!

At least, to get the fire of emperor Lin's own strength will soar!

Chaos star tree refining will also have a turning point!

Besides that!

The burning stele in the xuanbei of reincarnation obtained last time also needs to devour a lot of fire power to enhance, so as to stimulate a lot of internal power and the power of Ye Chen's own blood. His own blood power also needs to devour the fire. In addition, meteorite poisoning is a unique flame itself!

Many elements are added together!

Cause Ye Chen did not hesitate to come to the Emperor Yan Zong outside!

"Well, that's right."

"Above is the gate of emperor Yanzong. Go by yourself."

"We are at a loss!"

The four doctors had no choice but to walk down the steps of the mountain gate!

Ye Chen slowly stepped on the steps of emperor Yanzong's Mountain Gate, and walked through thousands of steps. Only then did he come to the gate of emperor Yanzong!

However, a huge mountain gate, hundreds of feet high and hundreds of feet wide, appeared in front of you. It was very majestic. There were hundreds of disciples stationed in front of the gate!

"Who!"

"What are you doing here?"

"In black, what do you mean?"

"What's the way?"

Several of the disciples guarding the mountain looked at Ye Chen in front of him and looked alert.

One of the disciples came to look at Ye Chen and said, "so young? What are you doing here? Why are you wearing black robes

As soon as you say that!

A hundred people gathered around the mountain gate looked at Ye Chen one after another!

Many of them are not good at cultivation, but they are arrogant. Most of them are middle-aged and others are old people. They should be old. There are children around them. They seem to be doctors of all walks of life!

Emperor Yanzong publishes the list article!

Summon the doctors from all over the kingdom to cure Yan Ruoxin!

This is not, not long after the appearance of the list article, all kinds of miracle doctors have come!

"I'm a doctor, too!"

"Come to treat Miss Yan's injury. Get out of the way!"

Ye Chen looks indifferent, and his handsome face under his black robe tells us serious words!

After hearing this, the disciple of Taixu state was stunned. He looked at Ye Chen's appearance and asked, "do you have a medical license?"

"What brand of medicine?".

Ye Chen also a Leng, looking at this disciple, asked: "what is a medical card?"

"Look, this is it!"

The disciple took out a light blue brand from his arms and took it to Ye Chen's eyes. He said, "this is a medical card issued by the medical Pavilion of the kingdom of God. It is equivalent to the license of a doctor treating patients. If you don't have this, don't come!"

No medical cards!

What kind of patient are you looking at!

Stay where it's cool!

"Medical card?"

Ye Chen is thinking that he does not seem to have.

This thing is a bit like a work license. If you want to take it, you need to go to the medical Pavilion for further study. After that, the doctors and doctors who come out will have the medical license, otherwise they will not have it!

As such, the ancient god of medicine, as a person with such anti heaven medical skills, how could he need a medical card.

Basically, others ask him to help, he has never taken the initiative to save people!

This just did not tell Ye Chen about the medical brand.

"Forget it, forget it!"

"Let him in if you don't have a medical card!"

"One more person is more hope."

Yan Zhendong beckons his disciple to let Ye Chen go in. He looks at Ye Chen and sighs: "one more hope. I don't know which doctor's disciples are. They all come to cure ruohin. Forget it!"

He is too lazy to refuse ye Chen.

After all, ye Chen is young and has a good cultivation. Maybe he is a disciple of some miracle doctor?

No matter what his identity is, and it is a lot of hope, this is also the last chance for her daughter to cure!

One more doctor.

Maybe one more way.

Moreover, Ruoxin was about to lose her grip.

"Oh?"

"Little brother, who is so young under the doctor's door in the kingdom of God?"

"Little guy, you are so young, you want to come and enjoy the reward?"

"At that time, we need a helper. Your speed can be faster. Remember to help pass some tools!"

"Little brother, don't make trouble later. If you make trouble, I'll kill you with a slap!"

.....

A sound into Ye Chen's ear. There are a lot of miracle doctors here, no more than 80 or 100. All of them are doctors above the later stage of Taixu state, and there are even many doctors who have cut the bad situation. One by one, they carry medicine boxes on their back. They finally see ye Chen coming. They all think that ye Chen is a disciple of some miracle doctor, and orders him to stay alive.

"So young!"

"Too young!"

"What a young boy..."

Ye Chen ignored these voices.

Yan Zhendong was holding his fist to a hundred doctors and said, "everybody, come in here. Ruoxin can't wait!"

"Good!"

"Good, please lead the way

"Please lead the way. We will have a good look at what kind of disease has made Miss Yan suffer for so many years."

"Please, Lord Yan!"

A miracle doctor spoke.

Yan Zhendong nodded slightly, turned and stepped out of the sky. He led a hundred doctors to a magnificent hall on the top of the mountain!

Ye Chen followed in the team of miracle doctors. Before entering the hall, he saw the misty ice. He couldn't help but sigh: "this is the effect of ten thousand years of ice bed!"

Waiting for others to respond.

As they walked forward, they saw a huge bed of ice, emitting wisps of cold air.

It's ten thousand years of ice!

Moreover, it is not an ordinary ice for ten thousand years. It is a bed of ice in the abyss sea. It has the ability to never melt, and it has extremely cold temperature. Ordinary warriors will be frozen instantly when they are close to it.

However!

Hanging curtains around the ice bed, a woman lying on the ice bed, the heat from her body, constantly dissipated the cold air of the ice bed!

"Gentlemen

"This is the little girl Yan Ruoxin!"

"It's a pity that my daughter Ruoxin has been suffering from pain and her blood is burning like fire oil. No matter what kind of holy medicine can be used to suppress it, please try your best to cure the little girl!"

Yan Zhendong bowed to many doctors.

The only one.

Nature is extremely valued!

Looking at Yan Ruoxin, who suffered a lot since childhood, as a father, he is most anxious.

"Don't be polite, Lord Yan!"

Many miraculous doctors said, lightly walked to the cold bed of ten thousand years.

When he could get close, many doctors said: "this It's meteoric poisoning! "

Chapter 2577

"It's the disease, no wonder!"

"No wonder the whole body's blood will burn like kerosene. Such a disease is a fatal disease."

Many miracle doctors lamented.

A miracle doctor in blue looked at Yan Ruoxin with a look of horror in his eyes. He looked at Yan Ruoxin's arm and whispered: "look at the purple lines on this arm, it must have penetrated into the bone marrow!"

"But it's OK."

"The purple lines have not completely penetrated into the bone marrow, and some of them can help  
Some help

"Give way!"

A miracle doctor came up and pushed aside the blue robed doctor. He looked at Yan Ruoxin carefully. He took a cold breath and said, "master Yan, this is the meteoric toxic flame disease that has appeared since childhood."

Yan Zhendong's eyes were deep and he nodded and said, "good!"

"Such a disease needs some extremely high-level magic medicine!"

"At night, with the help of moonlight, we can have a radical cure."

The doctor said faintly that he was also a famous doctor. He could see Yan Ruoxin's situation clearly at a glance. He asked again, "how much was the time of illness last year?"

"A quarter past three in the afternoon!"

Yan Zhendong remembers very familiar.

"Good!"

"It's two forty-five in the afternoon. When it's three o'clock, I'll suppress it first, and then eradicate it at night."

Ye Chen came up and looked at Yan Ruoxin carefully. With both hands behind him, he frowned and said, "some miracle doctors, I think you are quack doctors."

He glanced at a group of miracle doctors with indifferent eyes and said: "it's deeply rooted in the bone marrow. At most, there's only a quarter of an hour left for the poisoning. It must be treated as soon as possible. Every time this meteorite poisoning happens, the next attack will be 15 minutes ahead of schedule."

"Boy!"

"What nonsense are you talking about?"

"What is it?" An old man with a sharp nose and a face of disdain looks like the leader of the thousand crane sect - doctor!

"I'm waiting for you to talk nonsense, a medicine boy?"

"Boy, don't brush the sense of being. What kind of thing are you?"

"Go away!"

"Good, where cool where to stay, don't disturb me to think about the disease!"

.....

Many doctors scornful to Ye Chen!

In particular, doctor Daozi, Dr. LAN Pao Cheng, Dr. Jiang, and so on, had a good time to see a doctor, but when he heard Ye Chen's words, he dared to question his own opinions. It is simply unforgivable that these doctors could easily decide Ye Chen's life and death if they were not in the place of emperor Yanzong!

What is the miracle doctor?

It's a sign!

It's the rules!

No one else is allowed to interfere in the work of a miracle doctor, let alone speak!

You are not a level doctor. You are just a young boy. What are you talking about!

Do you really think of yourself as a thing?

"Lord Yan!"

"Looking at Miss Yan's pain, I thought I'd better wait."

The leader of the thousand crane sect, doctor Daozi, took the medicine box from his disciples' hands and said, "I'll start to cure the young lady. It's just meteoric poisoning. With our strength, we don't have to see it in our eyes. You can wait a little while!"

"Good!"

"Thank you very much, master doctor!"

Yan Zhendong bowed to the doctor a little bit. In terms of his accomplishments, he was still far above the doctor. However, at the moment, he asked for help from others. Moreover, the patient was his own daughter. Therefore, this evil spirit, Yan Zhendong, was extremely polite!

"No problem!"

"Please step back a little bit!"

"This miracle doctor is going to use the skills handed down in ancient times!"

Doctor Daozi asked people to step back dozens of steps, and he also stepped back two or three steps. Suddenly, when he was in a state of mind, the medicine box opened automatically, and dozens of top-grade holy medicines flew out. There were millions of years of Ganoderma lucidum, which almost generated self-consciousness. There were also 100000 year old ice snow lotus, and hundreds of thousands of years of snow mountain ginseng. Many of them were extremely Yin to cold!

Like ice snow lotus, snow mountain ginseng and so on, each can suppress the poison fire in Yan Ruoxin's body.

One million years of Ganoderma lucidum is for Yan Ruoxin to nourish his body!

Jingqiang ~ ~

Jingqiang ~ ~

a series of mechanism sounds appeared.

With the formation of the five elements and eight trigrams array, he began to use his fingers as a brush to write one Taoist Scripture. Every time he finished a word, a mechanical voice came out!

"Eight trigrams and five elements seal!"

"It's so wonderful!"

"With the twelve holy medicines as the introduction, combined with the five elements in the five elements and eight trigrams array, you can certainly restrain the poisonous fire in the young lady's body!"

An Emperor Yan Zong's chopping the environment elder sighs with emotion! Looking at him, he nodded his head.

Hoo Hoo Hoo!!

Whoosh!

With the wind howling.

In the five elements and eight trigrams, there is light green luster and breath, and countless Taoist texts linger.

In addition, eight of the twelve kinds of holy herbs, namely, snow lotus, cold ginseng, snow mountain ginseng, sea god grass, ice Jasper grass, cold ice blood flower, cold ice grass, frost leaf, etc., were directly opened with supreme magic power. In the hall, the air of ice overflowed, and many martial artists in the Taixu state felt shivering.

The white jade ground has even begun to freeze.

He finally pushed the seal to Yan Ruoxin. He said, "master Yan, help me quickly and open up the other four holy medicines. When I put the mark into Miss Yan's body, I can gradually eliminate the poisonous fire in her body!"

"But at that time, her body will be very weak!"

"It needs to be supplemented!"

At this moment, the doctor can finish.

However, when the seal of five elements and eight trigrams approached Yan Ruoxin, the powerful force of poisonous fire in his body overflowed through the wound in his arm and instantly turned into a fire dragon, which directly defeated the seal of five elements and eight trigrams.

Bang!!

A dull noise came out.

Doctor Daozi was like being bombarded by a huge hammer. The whole man flew out for tens of meters and glided on the ground for a long time. His mouth vomited purplish blood and was seriously injured.

"Cough!"

"I didn't expect it!"

"I didn't expect that the meteoric poisonous flame disease was so severe!"

The doctor was seriously injured. He continued to spit blood, but he saw that he was burned by the fire all over his body. After almost saying this, he fainted directly.

"Quick, quick, quick!"

"Come on, send the master doctor down for treatment!"

Yan Zhendong looks as if he has seen this scene many times!

He took a deep breath, and then stepped forward, clasped fists and said to many miracle doctors:  
"ladies, please help me, save the little girl!"

Chapter 2578

A number of miracle doctors looked at each other. Their medical skills were almost the same as those of doctors. They were able to bring the seriously injured and dying soldiers back to life!

Before that, no one thought about it!

Miss Yan's meteoric toxic flame disease was so serious that she could begin to cure, and the doctor was severely damaged by her failure to eat back.

"I'll do it!"

The doctor Jiang of the ghost Valley clan walked out slowly. He was the blue robed man who had mocked Ye Chen before. At the moment, he didn't look at Ye Chen at all. Instead, he went forward and said, "my medical skills are still above the medical skills, and my accomplishments are higher than him."

"Gentlemen

"I'll do it."

"But please do not speak so as not to affect my diagnosis."

Dr. Jiang glanced at Ye Chen, coughed and said, "especially some younger generation, who don't know anything and like to talk nonsense. It's not a good thing if the miracle doctor, when he is in the process of treatment, is fully absorbed and has a young man's gibberish added."

As soon as this is said.

They all looked at Ye Chen.

Among the more than 100 people here, the youngest are middle-aged and about 2000 years old. The older ones, such as doctors, have long live. The younger generation is undoubtedly talking about ye Chen.

"Not bad!"

"We will take good care of this younger generation!"

"Please don't worry, doctor Jiang."

Several doctors spoke, and then stood around Ye Chen.

It seems to have the meaning of preventing Ye Chen from making trouble.

Ye Chen holds hands anyway, a face does not matter.

"Good!"

"Just a moment, gentlemen."

Just as Dr. Jiang spoke, there was a sad cry on the cold bed of ten thousand years!

"No, no!"

"Ah

"Pain, help me!"

"I will repay you for saving me

"Miracle doctor Please

The sound of tearing heart and lung shocked many doctors.

Dr. Jiang immediately lifted the curtain and saw that Yan Ruoxin's body was hot and the blood in his body was burning. He could not help but say: "Damn it, doctor Daozi has wasted too much time. The meteoric fever broke out ahead of time."

"Asshole!"

"This guy, that's it. I'll suppress it by force."

He took off his coat, and endless waves of air were surging all over his body. He took 108 gold needles from the medicine box and inserted them into Yan Ruoxin's acupoints according to the human body's acupoints. In the golden needles, a very strong force erupted, just like seawater pouring down, and he wanted to put out the poisonous fire in his body by force.

Hoo Hoo Hoo Hoo!

Bang ~ ~

bang!

The sound came out one after another.

It seems that in Yan Ruoxin's body, two forces are fighting and colliding with each other.

But soon, 108 gold needles quickly melted, but Yan Ruoxin's eyebrows overflowed with a flame, which directly lifted the roof of the hall, and then quickly turned into a fire dragon, flying directly around the doctor Lai Jiang.

With the roar of the fire dragon, the temperature in the hall rises rapidly.

Yan Zhendong put out his hand and defeated the fire dragon. When they saw doctor Jiang's stagnation, they showed a puzzled look.

However, at the next moment, doctor Jiang's whole body collapsed and disintegrated, directly turning into ashes all over the sky, and they drifted away. The people could not help but burst back, and looked terrified, as if they were facing a great enemy.

Dr. Jiang, turn into ashes?

Directly burned to ashes by meteorite poisoning!

What a tyrannical meteorite poisonous flame disease! It's only in a short time that a man who is close to chopping Er is burned to ashes. He has such a tyrannical ability!

Huhoo ~ ~

Hoo ~ ~

the crowd took a breath of air-conditioning and looked at Yan Ruoxin struggling on the ice bed for thousands of years, but they didn't dare to step forward for a moment!

This meteoric poisonous flame disease can incinerate Dr. Jiang with such accomplishments, doesn't it mean that we have a similar outcome?

Go up, it's death!

Yan Zhendong looked at all this in front of him and could only do it in a hurry.

Ye Chen holds hands and coldly looks at the embarrassed appearance of the so-called miracle doctor around him. When he is about to go forward, a man in green robe comes out of the hall!

The green robe with a hat on its head and a green robe standing in the crowd is not prominent, but its unique eyes and look, but it caused people to cheer!

"This This is the first miracle doctor in the kingdom of God

"The first doctor in the world is going to do it!"

"I didn't expect that there were too many people before. I was so dazzled that I didn't see the first miracle doctor here!"

"Heaven is lucky, the first miracle doctor here, is saved!"

All the doctors cheered up and let their hearts down again.

The first miracle doctor in the kingdom of God, whose medical skills and accomplishments are above those of doctor Jiang and doctor Daozi, is bound to succeed! Many doctors were elated, but they did not

dare to get close to the young doctor. They looked respectful. Obviously, they respected the first doctor. Their eyes even showed a look of emotion, just as they were looking at the gods they worshipped.

"Lord!"

"That's great. The first doctor in the world has done it!"

"Even if canggumen's stubborn temper can't be cured, the young lady will be safe and sound!"

On the edge, the elder of chopping the border of adversity told Yan Zhendong happily.

The first miracle doctor -- Qing Qiuyun!

At a young age, he has a great reputation in the kingdom of God. He has treated countless people and is honored as the first miracle doctor by thousands of people. His medical skills are far ahead of the hundred doctors!

Moreover, Emperor Yanzong had some grudges with Canggu gate, so Canggu gate was not willing to help.

Now that the first miracle doctor appears, he is the hope of all!

Thank you very much

"Come and rescue the little girl!"

"Thank you, doctor!" Yan Zhendong personally met with qingqiuyun. He was filled with emotion and said: "thank you very much for your help."

"No need to say more!"

"I'll start the treatment. You'll wait until you get out of the way."

Qingqiuyun looks cold and arrogant. He doesn't have any dialogue with other people, and no one has any face-to-face with him. He opens his medicine box and selects various kinds of holy medicines from it!

Ye Chen stands beside a look, in front of the first miracle doctor Qing Qiuyun, is actually a woman.

A very beautiful woman with a veil and long hair in her green robe is particularly beautiful, just like a cold iceberg. Even the simple green robe can't cover her graceful posture, which can be called a natural beauty.

"The first doctor in the kingdom of God!"

"It's a woman!"

"Gold and silver needling is still used, but it seems that he is more proficient in this than medicine!"

Ye Chen stood on the edge watching, but he wanted to see whether the first doctor of the kingdom of God had the ability.

Qing Qiuyun saw Yan Ruoxin on the cold bed of ten thousand years very painful. He made a mark on his left hand. A mark directly hit Yan Ruoxin's heart, and then a powerful force was injected into it. It seemed that Yan Ruoxin's body was suppressed with stronger power.

Chapter 2579

Hoo Hoo Hoo!!

Whoosh!

With the heavy breath coming out!

Yan Ruoxin calmed down and looked very comfortable instead of suffering.

Qing Qiuyun nodded slightly, as if his own means are very good, play an effect!

"Worthy of being the first miracle doctor in the kingdom of God!"

"The miracle doctor is indeed the first one!"

"The green miracle doctor is just a young and handsome talent. Once he appeared, he suppressed the powerful meteoric poisonous flame disease!"

"It's so wonderful!"

"It's so much stronger than Dr. Jiang and Dr. Jiang Daozi. It's so powerful that it's suppressed by direct hand!"

A group of doctors were filled with emotion and released their mind to explore. Only then did they find that the poisonous fire in Yan Ruoxin's body was suppressed, and he was a little excited. When he and others were unable to do anything about it, even Dr. Jiang's hand was burned to ashes by the fire. Unexpectedly, the first miracle doctor's hand had such an effect!

"Do you want to die like this?"

"I thought that you would use gold and silver needling, or eight trigrams and five elements array, just like the doctor Daozi and the doctor Jiang."

"Unexpectedly, you directly use the power of water system law to suppress poisonous fire. You are playing with fire!"

Ye Chen is very unhappy. What is the miracle doctor doing at present!

Have you ever seen people splashing water in the face of magma?

Doctor Daozi and Dr. Jiang poured water directly, and the water was evaporated in a moment. One of them was seriously injured and the other died.

Now the first doctor is good. He irrigates the water in the river directly and irrigates it on the magma. It's not for death!

"You're infuriating meteoric flame disease!"

"In less than a quarter of an hour, the poisonous fire will break out immediately. At that time, you are afraid to be the next doctor of ginger!"

Ye Chen coldly reminds us that the poisonous fire in Yan Ruoxin's body is not the ordinary poisonous fire at all, and it can't be suppressed by the law of water system.

Over time, on the contrary, the power of the law of water system will be engulfed by it to enhance the power of poisonous fire. When the time comes, does the first miracle doctor want to die?

"You don't know anything about medicine!"

"Or, you are a bucket and a half of water!"

Ye Chen's words, not only did not attract the attention of Qing Qiuyun, but also attracted a large number of doctors and Emperor Yan Zong people's anger!

"Son of a bitch!"

"What nonsense are you talking about?"

"Boy, I warn you! Don't talk nonsense. It's hard to control the situation. What are you going to do? "

The two doctors roared at Ye Chen.

The third doctor rushed directly to Ye Chen and said, "boy, I warn you, this is meteoric fever. It's not a common virus. You'd better shut up. Doctor Jiang and doctor Daozi, which are not famous, can't pay for the disease. You're just a nobody. What are you talking about?"

"Not bad!"

"What are you talking about?"

"Go away!"

"Go away!"

"Stinky boy, I don't know. Have you controlled it?"

"The law of water system is perfect and can fight against everything!"

All the doctors roared.

Even Yan Zhendong, the leader of Emperor Yan's sect, said: "be careful, little brother. I let you in. I don't want you to talk nonsense. If you interrupt the treatment of this miracle doctor, I will be in danger. I hope you can keep quiet."

Yan Zhendong's words are polite.

Although he didn't believe Ye Chen's statement, he was respectful to any doctor during this period of time.

Seeing this scene, ye Chen didn't say anything, turned around and left!

Seeing ye Chen go, many miracle doctors are still angry. They stand in the same place one by one, sometimes staring at the situation on the hospital bed, and sometimes looking at the back of Ye Chen's leaving. If a group of miracle doctors are not good at fighting, they are afraid that someone will go up to deal with Ye Chen!

The first miracle doctor, Qing Qiuyun, was still suppressing for a while.

But gradually, Qing Qiuyun was sweating on his forehead, and his expression was not right. He murmured: "no, the power of these poisonous fire is not so strong. The great circle of the water system and the abyss and heavy water can't suppress this poisonous fire!"

No!

Something's wrong!

This kind of poisonous fire has problems. It can absorb the power of water and enhance itself.

Not good!

Qingqiuyun pinches the law between his fingers and escapes directly into the void.

However, the next moment, Yan Ruoxin's body emerged a strong force of fire, forming several fire dragons. Weineng also killed Dr. Jiang before, flying around the hospital bed for ten thousand years, and even melted most of the ice bed for ten thousand years.

People are also in a hurry to retreat, do not dare to have any contact with the dragon.

Until a moment later, the fire dragon dissipated, Yan Ruoxin fell into a short coma, and the void was broken. The first miracle doctor, Qing Qiuyun, came out of the void. He was helpless. He didn't expect that he would not succeed in his own work. If he was not extremely agile, he would step into the dust at the moment and become ashes just like Dr. Jiang!"Hoo Hoo ~"

"Hoo hoo, this poisonous fire is so strong

Qing Qiuyun came out of the void, but found that his left arm was burned, and even his internal organs were shaken and displaced.

I didn't expect that he was hiding in the void, and was nearly broken and killed by the fire dragon.

"Green doctor!"

"What's the matter?"

Yan Zhendong came forward to inquire, his anxious look made Qing Qiuyun hesitant.

Qing Qiuyun sighed and said: "this kind of poisonous fire is too strong. I can't suppress it with my own water system rules and special heavy water. Instead, I'm absorbed by it. If I don't hide quickly, I'm afraid I'll die on the spot."

As soon as you say that!

As if he had lost everything, Yan Zhendong stood on the edge in despair, gazing at Yan Ruoxin on the ice bed of ten thousand years, sighing repeatedly.

Step by step, he went to the bed, stroked Yan Ruoxin's forehead, and murmured to himself, "Ruoxin, you are afraid that you are hopeless. It's a pity that your father has not fulfilled your wish. Ruoxin, why are you so miserable?"

"Ruoxin, do you remember stepping on the cloud sea mountain of the kingdom of God with your father when you were a child?"

"Ruohin, after you leave, your father will bury you in Yunhai mountain."

"Ruohin

The first miracle doctor!

Qing Qiuyun said there was no way.

Ruohin, what else?

Now, I'm afraid it's really hopeless!

The first miracle doctor, apart from Canggu gate in the kingdom of God, is the first doctor certified by the medical cabinet. He has even treated the people who have cut the peak of the nine layers of heaven in a bad situation. It is said that there is no way!

"Wait a minute!"

"I suddenly thought of something!"

"When I was treating Miss Yan, I heard a voice in my ear!"

Qing Qiuyun looked puzzled and said, "that voice seems to say that everything I have done is wrong. My water system law can not be suppressed, but will be swallowed up by it, enhancing the power of poisonous fire. I didn't care about this voice at the beginning."

"But now think about it!"

"It seems reasonable!"

Chapter 2580

"This voice also says that I can suppress it for a quarter of an hour at most, and the poisonous fire will explode again after a quarter of an hour!"

"Yes A white robed doctor suddenly said: "it seems that the boy who left said these words, he said that it will break out again in a quarter of an hour, but it seems that it really broke out after a quarter of an hour!"

A quarter of an hour?

Just burst out?

These two words come to mind.

It was a quarter of an hour!

Is it difficult? What ye Chen said is true. He has known for a long time that the first miracle doctor can't cure Miss Yan?

"Green doctor!"

"Is that what the boy said true?"

Yan Zhendong quickly got up and looked at the first miracle doctor, Qing Qiuyun. His face was firm and resolute. He asked, "is he not kidding?"

"Yes Qing Qiuyun nodded and sighed. He walked around and said, "maybe that boy, what he said may be true. Maybe he has a way to cure Miss Yan. Master Yan might as well have a try."

"Lord!"

"Coming!"

"That kid, when registering, was named Ye Chen!"

"Now I live in the Fulai Inn in the city!"

The elder who killed the disaster area, personally sent all the information of the doctor!

After hearing this, Yan Zhendong's eyes sharpened again and said, "maybe Ye Chen can cure ruohin!"

He looked at the doctors, paused for a moment, then clasped his fist and said, "please forgive me for being rude."

After his words fell, he went straight to Fulai Inn in the city!

In the hall, a group of miracle doctors looked at each other. What's this called!

The front foot drove people away!

The back foot has to rush over again, please come back!

"Green doctor!"

"Does Ye Chen really have the ability to cure Miss Yan?"

Inquired an old doctor.

Qing Qiuyun pondered for a moment and said: "he can predict in advance what the consequences of what I have done. Only my master has this ability. If it is not true, I am afraid that this person will really need to treat Miss Yan's meteoric poisoning and flame disease."

Ye Chen!

Where are the young strong men coming out here!

The cultivation is not low. Is medical skill so high?

.....

In the city of Diyan!

Yan Zhendong went directly to Fulai inn. At the moment when he stepped into the inn, he saw Ye Chen drinking on the second floor. He rushed up to him and, regardless of the eyes of anyone, bowed directly to Ye Chen and said, "Mr. Ye, please follow me back to cure my little girl!"

"Thank you very much."

Yan Zhendong's appearance instantly made the surrounding frying pan.

"Is this Lord Yan?"

"Lord Yan?"

"Lord Yan is inviting a young man!"

"Who is this young man?"

"I'm afraid it's not the son of some top school to invite you personally, isn't it?"

In the inn, many people who drink and eat have a lot of discussion.

However, Yan Zhendong did not pay attention to it. He bowed again and said: "the little girl is suffering from the pain of illness. Now, only my husband can cure the little girl. I, Yan Zhendong, didn't know Taishan before. I asked Mr. Ye. I don't care about villains. Go back to Emperor Yanzong to rescue and cure the little girl."

"Mr. Ye!"

"Mr. Ye?"

"Mr. Ye?"

Listen to Yan Zhendong call his name again and again.

Ye Chen put down his glass and looked at Yan Zhendong, saying, "no cure."

"It seems you didn't let me cure it, did you?"

The next moment, let Ye Chen unexpected things happen.

Yan Zhendong knelt down directly.

"No, no, no!"

"Mr. Ye!"

"I'm sorry for my recklessness!"

Yan Zhendong pauses for a moment. Seeing that Ye Chen doesn't mean to forgive himself, he takes a deep breath and says, "as long as you save my daughter, I can give you two Jue tools. This is the limit I can take out.

And I am not weak in the kingdom of God, even I can shoot for you three times, no matter who the other side is! "

Ye Chen was a little surprised.

A strong player of this level can shake one side with one shot.

Now his own is absolutely not Yan Zhendong's opponent.

Unexpectedly, in order to save his daughter, Yan Zhendong was willing to free three times for himself!

Ye Chengang wants to agree.

With a heavy sound coming out!

Ye Chen a Leng, turn to look at Yan Zhendong, but see each other's forehead exudes blood.

"Mr. Ye!"

"As long as you save my daughter, even if you let me go up the mountain of swords and go down to the sea of fire!" "I'm not afraid, either!"

Yan Zhendong did such a great ceremony just to ask Ye Chen to cure his daughter!

At the same time, it is also the price of looking down on Ye Chen before, in order to get Ye Chen's forgiveness!

"Get up."

"You're a good father, and I won't beat around you any more!"

Ye Chen waves between the space conversion, himself and Yanzhen East into the private room.

He took a deep breath and said, "I can save your daughter, but I need the fire of emperor Yanzong, which is very important to me. Therefore, as the price of treatment, you should give me the fire of emperor Lin!"

The fire of emperor's presence.

The most precious thing of emperor Yanzong!

At the same time, it is also the treasure of emperor Yanzong's pressing box bottom. Ye Chen said so, but I don't know if Yan Zhendong would agree!

However.

In less than a moment.

Yan Zhendong said directly: "yes, although the fire of emperor's presence is in charge of by several supreme elders, as the patriarch, I have the right to take out the corresponding things to the elder Taishang and exchange the fire of emperor Lin. if you want, I can give it to you completely!"

"Lord Yan!"

"Don't you think twice?"

"This kind of flame is very rare!" Ye Chen asks repeatedly.

But Yan Zhendong got up and shook his head: "don't think about it!"

He looked a little deep, more sigh and helpless, saying: "what's more, since the founding fathers used the fire, no one can use it in the next ten thousand years!"

"It's no use keeping such a treasure."

"It's better to leave it to Mr. Ye, but you can make the best use of it."

Listen to that.

Ye Chen looked up at Yan Zhendong a few minutes, got up and said, "be frank, let's go now."

He flew back to Emperor Yanzong with dongyukong of Yanzhen, and inquired along the way: "Miss Yan Ruoxin, is this meteorite poisonous flame disease caused by nature? It recurred once a year, but there will be a small outbreak in one quarter, that is, three months? "

"Once a year, the whole body is burned with blood, which can only be treated by bloodletting. After bleeding, the body is extremely weak, and there is even a crisis of death. And the outbreak is a continuous outbreak, at least seven times or more?"

As soon as these words come out.

Yan Zhendong's mind is shocked, more sure that ye Chen has the ability to cure his daughter!

Because the frequency and symptoms of these diseases can't be found out even by the miracle doctors. It needs repeated and careful investigation to come to a conclusion. However, Mr. Ye Chen only looked at it for a while, then he could come to the same conclusion. He must be a miracle doctor!
