

Physician 2581

Chapter 2581

"Not bad!"

"It's in the hall!"

"Mr. Ye, please

Yan Zhendong returns to the hall with Ye Chen.

There are many doctors in the hall, looking at Ye Chen, and there is no lack of cold hum and disdain.

Some people are very curious. What is Ye Chen's way to cure Miss Yan Ruoxin!

"I don't know!"

"How is Mr. Ye going to treat him?"

"Mr. Ye, what means do you have?"

"Mr. Ye, why didn't you do it before?"

In the face of the questions of many miracle doctors.

Ye Chen did not respond. Instead, with a wave of his right hand, a burst of green light appeared, but 17 golden needles wrapped in dark blue flames emerged. A breath of antiquity filled the air!

Whoosh ~ ~

Ye Chen immediately made a gold needle and directly stabbed Yan Ruoxin's eyebrow.

Then, he quickly made seven gold needles, which hit Yan Ruoxin's limbs and three aspects of the northeast and south of the ten thousand year cold ice bed.

Hoo Hoo ~ ~

Qiang ~ ~

Qiang ~ ~

bursts of ancient sounds emerge.

At the same time, eight gold needles appear with ancient inscriptions. Bursts of blue light emerge. With the wind howling, it gradually forms a scene like dazzling light. The light blue Ancient Runes, however, enter Yan Ruoxin's body back and forth like a healing elixir!

The blue ancient rune, the moment it touches Yan Ruoxin's body, is like touching the void. It penetrates directly, but it leaves a very primitive substance. It seems that the poisonous fire contacts these substances, and it is surprisingly stable.

Ye Chen once again made nine other gold needles, which pierced Yan Ruoxin's internal organs, cheeks, nose tip and so on. The blue ancient inscriptions became more and more vigorous, and the mysterious substance became more and more, which was particularly magical!

"This

"This is it!"

"This is cangming seventeen needles!"

"With the power of cangming and the power of gold needle, combined with the ability of the five elements of heaven and earth, you can cure all things."

An old doctor gently exhaled, looking at Ye Chen, the previously disdainful look completely disappeared, changed into a face of vision and expectation, murmured to himself.!

"What?"

"This is cangming seventeen needles!"

"Cangming seventeen needles!"

"This is the one

The other doctors woke up in amazement.

He also looked at Ye Chen in shock, just like looking at the new world. The excitement and inexpressible look completely covered them!

"He

"It's such a medical skill!"

"No wonder, no wonder he can see through my action at a glance!"

Qing Qiuyun is also a concussion of body shape. I didn't expect Ye Chen to have this ancient magic. It seems that its origin is extremely extraordinary!

However, ye Chen raised his hands and gathered the green energy of life on his head and condensed a life hawk. The eagle flew into Yan Ruoxin's body, and the whole person of the latter was like a brand-new one. It seemed that the life eagle had the ability to cure all the pain in the world!

"This is it!"

"This is Canggu Jue Ming Shu!"

"Even those who have already died can recover instantly after being used this move."

The old doctor, with tears in his eyes, said, "I've finally seen this transcendent technique again. It's a unique skill of the ancient medical God in ancient times."

"Hard or not!"

"Is Ye Chen the descendant of the ancient medical God?"

"Ancient medical God and medical skill reappear the world!"

"This How can it be! "

In the kingdom of God, martial arts and medicine are both great roads.

There may be many legends about martial arts!

But there is only one person in the legend of medical ethics!

That is the ancient god of medicine!

His medical skills are the peak of Lingwu continent, even if it is the survival of the fallen strong. His martial arts strength can kill a top strong man with a single move of ancient gold needle. His temper is extremely strange. Although his medical skills are supernatural, he is famous for not rescuing the dying or even accepting apprentices. He has only done 17 times in his life, and all the people who have saved are the top strong ones who have cut through adversity!

Even half step chaos!

And these are the peak of the strong struggle!

Fifteen of the seventeen even knelt outside the door of the ancient god of medicine for more than ten days!

The dignity of the strong cannot be mentioned in front of the ancient medical God!

There was a chill behind all the doctors present.

They even unconsciously offended the descendants of the ancient medical God!

It's a death penalty! However, ye Chen does not care about everything.

During this period, at night, he would learn the ancient medical skills of the God of medicine in the samsara cemetery.

At first, he didn't think so, but at this moment, he completely felt the power of ancient medical God and medical skill!

"Lao Cang, half step chaotic strong man really knelt down for more than ten days outside your door?"

Ye Chen asks suddenly.

However, after a long time, the voice of the ancient medical God sounded:

"Ye Chen, the significance of medical skills is to give the desperate people a chance to live."

"No matter how strong the world is, facing life and death, it will expose the weakness of human nature."

"How about half step chaos? After all, they are flesh and blood, they have no immortal body."

"How about kneeling when they are in despair?"

"In fact, in those days, I didn't mean to be helpless. I learned medical skills to help the world. Unfortunately, after that incident, I realized that saving people was a double-edged sword."

"At the beginning, I saved a man by accident, but I didn't expect that the man killed millions of people in the kingdom of God..."

"I've been saving myself all my life."

"If I didn't save it, maybe millions of people would not have died."

"No matter how many people I have saved in my life, I can't compare with those who have killed them."

At this moment, ye Chen is stiff.

He was shocked.

He thought the obstinacy of the old man was due to his character.

But I didn't expect that Lao Cang's story is more profound.

One man, killing millions of people in the kingdom of God?

Is that man a devil?

"Lao Cang, the man you saved..."

However, before the words were finished, the ancient medical God interrupted: "Ye Chen, don't mention it again."

"I teach you medicine. I don't regret it."

"But I will not save others."

"This may be God's punishment for me."

"That beast, if I have a chance to see you again, I will kill him even if I blow myself up!"

In a flash, there are tens of thousands of gold needles in the samsara cemetery!

Killing the sky!

This is the first time that the ancient medical God has broken out.

Ye Chen has a dignified expression.

I'm afraid it's not easy for laocang to have such a killing intention.

If one day we meet, he Ye Chen will never let Lao Cang blow himself up!

He wants to make that man despair with the force of heaven!

Let that man understand the pain of the ancient medical God, and his apprentice will finish it by himself!

A few seconds later.

Ye Chen opened his eyes, everything recovered as before.

Yan Ruoxin's terrible fire disappeared completely.

Chapter 2582

The girl's face was a little white.

But the blood color is constantly condensing.

Even the corners of the mouth showed a shallow smile.

Yan Ruoxin opened his eyes and looked at Ye Chen's firm eyes under the black robe. His voice sounded clear and crisp: "thank the doctor for saving his life. I don't think I can repay you."

Ye Chen wakes up from the story of the ancient god of medicine, shakes his head, raises his hand, looks at the cloud of poisonous flame in the palm of his hand, and replies: "this is a transaction, you and I don't owe you."

Finish saying, that meteorite day poisonous flame then income to hand, entered the reincarnation graveyard.

Although this flame is not comparable to the archaic evil flame, it is comparable to the green lotus demon fire.

It's a windfall.

Now that he has harvested the burning stele, what he needs most is a powerful flame.

Green lotus demon fire, Xuanyan, and even now the meteorite sky poison flame are good.

If we recover the fire of Taigu Sha Yan and the emperor's presence, the blood of the awakening burning stele will be in sight.

Ye Chen's eyes fell on Yan Zhendong's body: "she has been OK."

"From then on, there will be no disease."

"That poisonous fire, I have taken it."

Yan Zhendong is so excited at the moment!

He knew that the black robed youth was the descendant of the ancient god of medicine!

Although the ancient god of medicine has disappeared.

But if you make friends with this descendant, you will have a chance not to die!

He thought of something, and quickly arched his hand: "Sir, please follow me."

Ye Chen nodded, and he walked out of the hall with Yan Zhendong.

But not a few steps.

A beautiful girl in green appears in front of Ye Chen!

Even kneel down!

"Qing Qiuyun hopes to learn medicine with her husband!"

Ye Chen a Zheng, immediately shook his head: "sorry, I don't accept apprentices."

The next moment, it disappeared.

Green autumn cloud saw Ye Chen leave, beautiful eyes are full of firmness!

"Ye Chen You and I will meet again. "

"I promise you will take me as my apprentice!"

.....

The deepest Hall of emperor Yanzong.

The atmosphere was dignified.

Yan Zhendong looked at a statue, took out a jade card, and forced out a drop of blood essence.

The blood essence fell on the statue, and in an instant a raging flame appeared.

The moment the flame appeared, ye Chen even felt that Taigu Sha Yan had a reaction!

Even become extremely strong!

Ye Chen knows that the flame in the statue must be the fire of emperor Lin.

Yan Zhendong's eyes were dignified: "Sir, although I have got the promise of the supreme elder, and can lead to it successfully, it is very difficult to take it down..."

"This flame has spirit and is extremely proud. It is hard to conquer the strong without chaos."

"Considering your current strength, I will wait for you to step into chaos, and then..."

However, before words were said, the hall was ablaze with fire.

The fire of emperor Lin flying towards Ye Chen!

"Not good!"

Yan Zhendong thought that the fire of emperor's presence would hurt Ye Chen. He just wanted to stop it, but he found that the powerful fire of emperor's presence directly shocked him!

And rush towards Ye Chen very quickly!

Yan Zhendong's heart hung to his throat!

If emperor Lin's fire hurt the descendants of the ancient medical God, he can't afford it.

However, at the critical moment, the fire of emperor Lin stopped!

It stopped in front of Ye Chen.

The fire of emperor's presence is gradually transformed into human form!

as like as two peas!

"You're not afraid of me?"

A sound like the sound of nine days suddenly rang out.

Ye Chen shakes his head: "not afraid, moreover, I also want to refine you."

The next second, the fire of emperor's presence is constantly released, and the endless flame seems to devour everything!

"Good! Such ants, since they are not afraid, I will see what qualifications you have to refine me! "

The fire of emperor Lin went straight into Ye Chen's elixir field!

Ye Chen intended to resist, but found that the fire of emperor Lin was sealed by his own Dantian!

is as like as two peas!

Two against the sky flames keep approaching, just like a Tai Chi Eight part diagram.

No blending, no meeting!

Desire is higher than heaven.

Yan Zhendong was a little confused: "Sir, the fire of emperor Lin actually chose you?"

Ye Chen didn't know how to explain it. He thought of the agreement with Tu Lanxin and said, "Lord Yan, I have something else to do. I'm going to leave first."

"And please don't let outsiders reveal my reputation, sir."

"I don't want to disturb the quiet."

Yan Zhendong nodded fiercely: "that's natural. I will warn the people who live in the clan and let the elder relatives erase the memory of some miracle doctors." "However, the identity of the doctor is very special I dare not touch her background casually I hope..."

Ye Chen understood Yan Zhendong's meaning and suddenly thought of the girl kneeling in front of him. The other side didn't look like a talkative person. He said, "she doesn't have to think about it."

After explaining everything and taking a jade card of Yan Zhendong, ye Chen is ready to rush to shenjizong.

Because the day of duel is coming!

.....

A day later, it was time for ye Chen to fight against Hong Yan and others.

Hong Yan and others are standing in the arena of death. At this time, their faces are full of wanton smiles. Today, ye Chen will die as long as he comes.

Why?

Because, they can't lose!

Hong Yan's accomplishments at this time have been extremely powerful!

In addition, they have already sealed the four demons to heaven, and cultivated to the state of Xiaocheng!

Under the joint efforts of the four, the strength will be doubled several times!

On the whole, you can basically kill the so-called demon God who is born against the heaven!

Ye Chen, what to win?

At this time, Hongdi and his disciples all opened the door, and they all opened the door!

This person demon clan, is completely lawless, don't the Terran, put in the eye!

However, in the resentment, it is helpless

Hate, what can I do?

Don't mention the inner disciples. Now, even the zhenzhuan disciples have no confidence that they can defeat Hong Yan's

Hate, can only swallow into the stomach!

Soon, ye Chen's figure appeared in people's eyes. Hong Yan and others laughed again. Sure enough, the fool did not escape.

People look at Ye Chen, but feel a burst of sadness

Although Ye Chen has passed the Seven Star refining Pavilion, it seems that his strength has not changed much

Key these days seem to still ask for leave, do not know what to do!

Compared with the progress of Hong Yan and others, there is a big gap

Ye Chen enters the arena of death with a calm face.

However, Hong Yan and others are even more presumptuous in their ridicule and disdain.

Four elders appeared in front of several people. He coldly glanced at Hong Yan and others, and was about to announce the beginning of the battle.

But at this time, a breath, from the sky!

An extremely terrifying breath!

In the air, there is a young man with purple eyes. His face is cold and arrogant, which is similar to Hong Yan!

This person, is Hong Yan's elder brother, the current master of Hong family, Hongbei!

When Hong Yan saw the monument, he said excitedly, "brother!"

With Hongbei sitting on the scene, he naturally felt more at ease!

Hong Bei said with a smile: "brother, father let me see you."

However, the smile in the eyes, fell on the body of a cool young man, in an instant, for endless pressure and killing!

To kill Ye Chen!

The ancient god of medicine was also aware of the threat and said to Ye Chen, "this time, maybe you should be careful."

"It's not good to come."

Chapter 2583

Ye Chen looks at the Hongbei, and her eyes shrink.

No fear!

Even if the overwhelming pressure is coming, ye Chen's eyes are still unchanged.

Of course, the other side is extremely powerful!

So what!

If the other side really intervene in the duel, he Ye Chen even if dead, will let the other side pay a painful price!

This is his martial art.

Unfortunately, time is too tight, there is no time to refine the newly acquired fire of emperor Lin.

The eyes on the field, immediately let the atmosphere dignified up.

At this time, the four elders came out.

He said with a cold smile to Hongbei: "brother Hong, are you really interested in your brother? If it's all right, leave the field quickly. " Although Hongbei is Hong Yan's elder brother, the difference between them is more than ten thousand years old. Hongbei is the older generation.

Hongbei looked at the four elders with some fear and said, "brother Zhao, this year is my brother's twenty-nine years old. His long-life lock is changed every twenty-nine years. This time I come here, I just give him a new long-life lock."

After that, he handed a small dark purple lock to Hong Yan's hand, and said in a low voice, "take it, don't disgrace our demons!"

After that, he flashed into the audience.

But people's eyes, fell on the small lock, but a Leng.

What the hell is a long life lock!?

This is clearly, in the kingdom of God famous town magic lock!

It is said that this town magic lock, is the human demon family's treasure, inherits the ancient times, altogether has not many pieces!

Although this magic lock has no attack power, it is said to be a treasure used to suppress ancient demons! The power of banning is extremely powerful!

Locked by the magic lock of this town, even the Terran warrior who cuts the top of the mountain will be unable to break free for a while!

Now, before the war of life and death, give it to Hong Yan? What kind of long life lock?

What the hell, don't you treat us as human beings!???

The four elders looked at the Hongbei fiercely. Did they not even pay attention to their God Jizong? Do little moves in front of him?

Do you want more face?

He even wanted to use the zhenzongfa ware for ye Chen!

However, he knew that with Ye Chen's pride, he would not accept it!

For a moment, the disciples of shenjizong were full of resentment and looked at Hongyan and Hongbei with disdain!

However, this person several people of demon clan, but still a face calm appearance.

Ha ha, in the face of life and death, of course, is desperate, what face?

If you want face, you won't have to fight one by four!

Hong Yan himself knows that if he does this, he will be disgusted by shenjizong. He is gambling!

After gambling Ye Chen is dead, the God extremely Zong, needs oneself!

Otherwise, they will not be able to accommodate them.

Even, any big power will not accept them, because their reputation is completely bad!

The only one who is likely to stay is shenjizong, which has not many extremely evil disciples.

Hong Yan also pretended to look at Ye Chen and said, "Mr. Ye, is it OK to wear the long life lock that my father sent me? If you don't want to, I won't wear it! "

Four elders and a group of disciples, Shua ground, focus on Ye Chen. You know, in this battle of the same rank, even if it is controlled for a moment, it is enough to decide whether to win or not! If ye Chen refuses, the winning rate will be greatly improved!

However, ye Chen is just indifferent tunnel: "casual."

The reason for this answer is not because ye Chen is conceited.

But just in the beginning, the voice of reincarnation cemetery dominating the world rang out!

From the tyrant!

"The people and demons are so shameless! I can't see it anymore! "

"I don't want to dissipate too soon, but listen, boy! As long as you are in danger, I will give you strength!
"

"The devil of his mother, bullying the Terran to this extent!"

"Today, let them feel how strong my power and yours can be."

Ye Chen is still a little bit fond of the tyrant.

Everyone in the samsara cemetery has a different personality.

The wind is clear and free.

The ancient medical God is stubborn.

But this crazy overlord, is frank, the eye does not allow any sand.

Even many times, they take the initiative to fight without asking for help.

At the moment, getting Ye Chen's reply, Hong Yan showed a smile, looked at the four elders and said, "well, four elders, please start quickly."

Everyone is silent and looks at Hong Yan's eyes. They are even more disgusted!

Disgusting!

It's disgusting!

If you cheat, you'll cheat. When you're a whore, you have to set up a memorial archway?

Still want to make use of Ye Chen's pride, ask specially?I want to vomit!

However, since Ye Chen agreed, other people can't say anything more.

The Chu Ying on the grandstand but fiercely clenched the powder fist, the beautiful eye takes the exasperation to stare at Ye Chen, hate hate hate way: "this fool!"

Four elders looked at Ye Chen, his eyes were full of worry, but still wengsheng Weng gas tunnel: "life and death war, start!"

After that, he flashed and left the arena.

Yu feiye looked at Ye Chen, who was indifferent in front of him, and said to Hong Yan with a trace of sarcasm: "elder brother Hong, I heard that our young master Ye has successfully broken through the seventh floor of the Seven Star refining Pavilion. He is the first person in history!

Why, this cultivation doesn't seem to have made any progress? "

People heard the speech, but also slightly frowned!

Originally, they were very excited when they heard that ye Chen had passed through the Seven Star refining Pavilion. Ye Chen was in the magic pool. It was obvious to all that ye Chen's strength had increased dramatically. When he came out of the refining God pavilion with the same name as the body washing pool, he should also improve his strength wildly?

However, ye Chen's level of martial arts has not changed at all. It is still a layer of emptiness.

This makes many people even more worried.

"Didn't I hear that Mr. Ye has set a record in the Seven Star refining pavilion? Strength, it seems that there is no change? "

"Er The refining Pavilion seems to improve the artistic conception... "

"Artistic conception?"

People shake their heads at the smell of speech, artistic conception this kind of ethereal thing, even if improved, how much strength can it strengthen?

This battle, ye Chen is difficult!

On the one hand, is it crazy to stack strength and resources, on the other hand, to enhance the artistic conception?

How do you do it?

People's heart, all pulled up, they don't want to see the victory of the demon clan!

Can't help but shout: "Ye Chen, come on!"

"Kill these despicable people, demons!"

"Revenge for lianxuanqi and them

People demon several people smell speech, smile, to the audience one side down support, do not care, smile to the last will be their own anyway.

Hong Yan's eyes flashed slightly, and he was also calm in his heart. A few days ago, he was very upset when he heard that ye Chen had successfully broken through the refining Pavilion.

He has already gambled on everything. If something goes wrong at this time, he will be finished. Even the whole Hong family will be implicated!

However, seeing ye Chen's accomplishments now, he is finally calm.

Chapter 2584

However, Hong Yan said faintly: "feiye, concentrate on fighting!"

Even if he has won in his heart, he can't lose anything. He must try his best and try his best again!

Fish fly leaf also face a Su, reply: "yes!"

"Four demons seal heaven, rise!"

Hong Yan drinks a low, and Qi Xin and others work together to decide!

For a time, the rolling evil Qi, from Hong Yan and others, rushed out, covering the sky and earth!

The seal in the hands of several people, crazy transformation, is incomparable synchronization, that overwhelming breath, also condenses a place!

Hoo Hoo Hoo Hoo!

The wind is howling, the lightning is thundering, the sky and the earth are changing!

Four magic shadows, in the black air, just like the angry dragon out to sea, fly up!

In an instant, almost all the audience felt a breath of fear from their souls in the whole arena!

They gazed at the four shadows, as if they had seen the ancient real demons!

As if to see their own ancestors, was torn to pieces by the devil, can not help shaking up!

This is the pure and true magic breath!

The four demons sealed the sky, leading to the real magic breath in the body of these celebrities!

In particular, Hong Yan!

In that dark air, the shadow of the purple light flickered, which was especially terrible!

It is not unreasonable for Hong Yan to be called a demon!

As a return to the ancient, at this time, the power of the ancient demon clan has been shown undoubtedly!

Hong Yan smiles. Qi Xin's strength is rapidly integrating into his body, and his strength is expanding wildly!

Now, I feel like I'm Yantian!

He swept at the crowd with a look of playfulness, scorn and disdain.

That vision seems to be saying that your Terrans are rubbish, you should be trampled on by human demons and be dogs of human demons!

However, the people who still glared at Hong Yan, who vowed to fight against the demon clan, trembled and bowed their heads in the moment of looking at Hong Yan!

Some strength, will slightly weak direct mouth foaming!

Fear, awakened!

Why are people, or some weak animals, naturally afraid of beasts?

It's because fear is embedded in their genes, in their souls!

Survival is the instinct of animals!

Now Hong Yan is the embodiment of death!

In ancient times, ancient demons slaughtered countless human beings. Human fear of demons has not disappeared. Now, Hong Yan wakes up!

Among the people, there is a woman who does not lower her head. She tries her best to lift up her beautiful face. Even her eyes are pricked and bleeding by Hong Yan's eyes, but she is still gritting her teeth and insisting!

She is Chu Ying!

Chu Ying's whole body spiritual power turned far to the limit, resisted the monstrous power, took a deep breath, fought for the injury, and said to Ye Chenjiao: "Ye Chen! What are you waiting for? Let's go

Finish this sentence, Chu Ying suddenly spit out a mouthful of blood, the breath all quickly decays, the serious injury is on the verge of death!

"Chu Ying!"

A girl who has a good relationship with Chu Ying exclaimed. Under the pressure of Hong Yan, she did not dare to help her. If she moved, she would end up like Chu Ying!

People look at Chu Ying, can't help but is a pupil contraction!

Chu Ying, fighting for serious injury and even life danger, is to remind Ye Chen?

Yes, if ye Chen has any chance to win, it is now, in the state of four demons sealing heaven, not yet fully running!

When the four demons seal the sky, Hong Yan's strength will be directly explored!

Ye Chen glanced at the direction of Chu Ying. Although there was no change in her look, the deep pupil flashed a deep chill!

Although he and Chu Ying did not develop to the last step.

But, he is not a fool, can see who is really good to him.

Chu Ying died in the kingdom of Jiuyou to help himself block a blow.

Now Chu Ying is alive.

He naturally wants to guard.

"Let's go? Ha ha... " But Hong Yan said with a cold smile, "can he do it?"

The next moment, the magic lock on Hong Yan's neck is shining in deep purple!

Almost no time interval, it appeared in the body of Ye Chen, ye Chen completely locked!

Everyone's face changed again!

How cruel!

Hong Yan didn't feel any pain when he used such a precious magic lock! You know, this magic lock can be used to protect your life at the critical moment!

Hong Yan, however, used it directly in order not to give ye Chen a chance!

Let the four demons seal the sky, completely run!

The faces of the people, completely pale and bloodless, fell into despair!

Ye Chen, even the last trace of opportunity to turn over the plate, have lost. Even Yu Zhenzi, who has been keeping calm, has some changes in his face!

"Ha ha ha ha ha!"

Hong Yan laughs wildly, steady! It's too steady to be stable again!

"Ye Chen, do you think it's unfair? I admit that your qualifications are against the weather. Even if you were superior to me, you might have been brilliant. I couldn't bear to look directly at you! "

"Well, you did something wrong. Do you know what was wrong?"

"Ha ha, if you are wrong, it's because you are too sharp and sharp!"!!! Too arrogant

"If you are willing to lie down, take the initiative to soften up to me, bow your head, even if you don't accept my challenge, you won't get this step today!"

"Do you know? To be a man, you should use your brain. Your limbs are developed and your mind is simple. You can only die faster... "

"Well, what's the use of telling you all this? From now on, I have no chance to use my brain! A finger of the devil

Just as soon as Hong Yan's voice dropped, his breath reached the peak. The overwhelming evil Qi gathered on Hong Yan's fingers and turned into a dazzling purple light spot!

Hongbei, with a smile on his face, is an ancient martial art. Even in the kingdom of God, ancient martial arts are almost lost!

The God and the devil refers to the half step ancient martial arts skills handed down by the Hong family in the ancient times!

Originally, with this martial art, the Hong family was qualified to win the first-class forces. Unfortunately, it was too difficult and difficult to go half a step in ancient times. In the history of Hong family, no one could learn until Hong Yan appeared!

Although Hong Yan only got to the beginning, the power of this martial art has surpassed that of Dacheng in ancient times!

When Hong Yan used this move, Hongbei knew that ye Chen, no matter how evil he was, would die!

A group of elders, all of them changed their faces. They looked at yuzhenzi and said in horror, "Lord!"

Yu Zhenzi's breath broke out, and he couldn't sit still!

He's going to stop it!

Even if you lose the reputation of the whole God Jizong, you should stop it! Shenjizong can't lose Ye Chen!

However, the cold sweat slipped from yuzhenzi's forehead

It's too late!!!

This half step of ancient martial arts, too fast!

At this time, the only person who can keep calm is Ye Chen.

Chapter 2585

In his hand, he has already grasped the green lotus sky destroying sword, which is of infinite weight.

Not only that!

The power of the overlord has swept the whole body!

He didn't intend to borrow the power of a tyrant.

However, the fierce overlord has taken the initiative to give him strength!

What can he do!

Now ye Chen feels the strength between his hands is far more than everything!

Terrible!

Magic lock?

If he wants to fight now, the magic lock can't stop him.

It's just, there's no need for that.

Is to let this person demon clan reach the strongest state, how about exerting the strongest blow?

"Boy, how many percent of the martial arts charm that the man left behind The voice of the ancient medical God sounded.

"20 percent." Ye Chen light way: "I temporarily, can absorb 20%

Too much, even if he can't digest, can only waste.

Cang ancient medicine God is gently smile way: "sometimes, kill a chicken, with the ox knife, also good."

"Although I don't like the tyrant, his personality is pretty good."

"At least at this time, I would rather consume my own strength, but also let you gather the strongest attack."

"Moreover, the power of the tyrant is extremely dependent on martial arts and Taoism."

"Your strength, coupled with martial arts charm, coupled with the fierce overlord, in the face of this group of people, almost invincible."

At this time, the purple light of Hong Yan's fingertips burst out!

A ray of light, just like the sight of ancient demons, shoots directly at Ye Chen!

And ye Chen stares at that purple light, the corner of the mouth is covered with a faint smile.

Is this a half step ancient martial art?

At this time ye Chen, not only did not feel the slightest fear, but also wanted to laugh!

Why?

Because in his opinion, Hong Yan's martial arts are full of flaws!

With his present martial arts artistic conception, Hong Yan's striking blow is like a child imitating an adult's boxing.

At the next moment, the sword moves in his hand, the cold light explodes, and an inexplicable martial arts charm spreads from ye Chen!

In a flash, the people who could not hold their heads under the pressure of Hongyan's magic power felt relaxed!

That magic power, in the moment that martial arts charm emerged, disappeared!

"This is it!"

Yuzhenzi and Tu Lanxin exclaimed at the same time. Only they could really understand what the meaning of Ye Chen was!

Even a group of elders have not reached such a state!

"True martial arts! It's the meaning of Zhenwu

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

Sword light appeared between heaven and earth, like gods and demons in the world!

At this moment, ye Chen seemed to be immersed in a strange state. At this moment, he felt the martial law of the kingdom of God. In the light of his sword, he was slightly relaxed!

He felt how terrible the fierce fighting intention of the overlord was!

Ye Chen smiles, is this the feeling of touching the true meaning of Wudao? Cool, really cool!

For him now, killing the world with one sword is not a description!

Instead, it can be done!!

The purple light emitted by Hong Yan disappeared in an instant

Like a cloud of smoke, it dissipated

Hongyan four people, momentarily sluggish!

Brain blank!

Then, panic, fear, madness, disbelief!

They want to escape, but in the face of this sword, where can they escape?

The world is destroyed. Where can you escape?

Therefore, the look of Hong Yan's four soon turned into despair

"Younger brother

Hongbei suddenly stood up. His eyes were bloodshot and he roared loudly. His whole body was full of spiritual power and roared out. But at this time, a figure stood in front of him!

Tu LAN looked at him coldly and said with no emotion: "those who interfere in the fight will die."

Tu Lanxin's eyes are extremely cold.

Her hands are even bursting with extremely violent energy.

Her sword did not come out of its sheath.

But to get out of the sheath.

He who is in front of him must die.

The only thing she can do now is to keep Ye Chen from being disturbed by anyone!

Faced with Tu Lanxin's pressure, Hong Bei almost collapsed on the ground. Although he is very strong, he can even kill Ye Chen at will, but he can't compare with Tu Lanxin at all!

Moreover, Yu Zhenzi also appeared around Tu Lanxin.

They are like an indestructible stone wall, blocking all the Hongbei.

The kingdom of God, there is a monument, which records a thousand names.

These 1000 names are the strongest thousand people in the kingdom of God!

Yuzhenzi, the top 100! Is the real super strong! In this moment of delay, the screams of Hong Yan and others have already sounded.

"No!!! I don't want to die!!! Brother, help me

"I give up! Give up! Let me go

"I'd like to be the dog of the Terran!"

But, in an instant, the scream disappeared, and at the same time, their people

Hong Yan four people, in this world, even a trace has not left, disappeared!!!

In the battlefield.

The power of the tyrant is gone.

The artistic conception of martial arts that broke everything has disappeared.

Ye Chen has a sense of loss.

If the tyrant doesn't give part of his strength to himself, he can't be so relaxed.

The power of the overlord and the meaning of the martial arts are extremely consistent.

To the extreme.

If not, he may even be seriously injured and dying.

The four strong players in the door join hands, plus a lot of cards.

It's a breath of death.

Ye Chen put away some people's storage bags, and his eyes were icy and cold, and he said, "what you stand behind may be the towering gods and demons, and what I stand behind is the existence that you will never be able to touch."

"That's taboo."

The disciples and elders of shenjizong are so stunned that they forget to breathe

After using the four demons to seal heaven, plus the magic lock, and half step ancient martial arts skills, Hong Yan and others still died so easily?

Cut off with a light sword?

Ye Chen this strong, also strong a little exaggerated? Everyone's brain, has been stirred into paste!

A clear and crisp sound reverberated in the arena of death fighting. A disciple slapped the people around him hard!

The beaten disciple looked at him angrily and said, "why did you hit me?"

The beating disciple scratched his head awkwardly and said cautiously, "I thought, I was dreaming..."

"Then you beat yourself

Wu Zhixin can't believe that Tu Zhixin is Zhenyi!

Shenguo, as a link with the higher level, has inherited many upper martial arts skills. However, in Shenguo, no one can understand the meaning of Zhenwu!

In the history of the kingdom of God, the most famous one is the tyrant.

However, the tyrant is mysteriously missing.

And one day, the kingdom of God lost many of its top players.

There are Kendo genius, martial overlord, demon sage and mang Huang myth

Just now, ye Chen's meaning of true martial arts is just like a crazy overlord!

Chapter 2586

No, the meaning of Zhenwu seems to surpass the tyrant.

The meaning of Zhenwu is beyond the martial law of the kingdom of God. If the upper world wants to pass on, it can't be passed down. Moreover, the meaning of Zhenwu is not comprehensible by everyone!

Those who can understand the meaning of Zhenwu can also afford the word "genius" in the upper world!

Even she herself, martial arts qualification, can be said to crush the whole kingdom of God, and has a very special identity, have no real access to the realm ah!

But ye Chen, how long has Ye Chen entered into shenjizong? Can you touch the realm of Zhenwu? Although, can only be regarded as very reluctantly touched, but also enough against the sky!

But the most unacceptable thing to Tu Lanxin is that she clearly remembers that ye Chen's attainments in martial arts artistic conception before entering the Seven Star refined God Pavilion were not worthy of being called a beginner at all!

Even Tu Lan Xin is stupid, really stupid.

"My brother, ah!"

But at this time the Hongbei, is the canthus to crack!

Yu Zhenzi suppressed the whole body's evil Qi, which could not break out. He poured into his brain one after another. His killing intention was crazy, and his heart was filled with killing intention. He roared like a mad dog: "damned Terrans, humble Terrans! I want your life! I'm going to sacrifice my brother with your blood

Hong Yan, but the hope of the rise of Hong family!

It is also a powerful candidate to become the leader of shenjizong in the future!

Even, in the whole people demon clan, belong to pride! It's gone? How can he not be crazy?

Hong Yan, for Hong family, is just like Ye Chen to shenjizong.

However, even if he tried his best to jump at Ye Chen, fingernails, all scratched blood stains on the ground, he still couldn't make a step forward.

He was suppressed to death by yuzhenzi and Tu Lanxin.

Looking at the struggling Hongbei, Yu Zhenzi and Tu Lan Xin look at each other. Seeing Tu Lan Xin nodding, Yu Zhenzi suddenly waves his hand and says faintly: "insult my family. I should be punished for the crime."

At the next moment, the powerful man with the evil spirit overflowing all over the place turns into a blood mist and explodes.

Kill a second-class force, what's wrong? Even if he yuzhenzi destroyed the Hong family, what happened?

Hong family is so aimed at Ye Chen, he has already held a breath.

At this time, ye Chen has appeared in Chu Ying's side, will be a pill, personally sent to her lips, a red pill.

On the pill, smeared with his blood.

"Eat it." Ye Chen smiles and says: "eat, your injury is OK."

Ye Chen since with his own blood, help Chu Ying heal, is to Chu Ying, thoroughly as his own woman.

And Chu Ying, originally cold pretty face, is blushing at this time, ye Chen's action, too ambiguous, and in front of so many people's face!

However, she did not refuse, but in the bottom of her heart, very happy! Just want everyone to see this!

People enviously look at Ye Chen, the cold beauty who has just made a name in the clan, has been conquered by Ye Chen?

Naturally, people did not know that Chu Ying and ye Chen had such a deep relationship before God Jizong.

At this time, yuzhenzi, suddenly came to Ye Chen's body, with a smile on his face.

Ye Chen saluted: "good Lord."

With his present vision, it is natural to see that yuzhenzi's strength is higher than that of the elders.

At least above the chaos.

Maybe even higher.

Yu Zhenzi said with a smile, "don't be too polite, ye Chen. I want to ask you, would you like to be my disciple?"

With that, Yu Zhenzi looks a little nervous, afraid of Ye Chen's refusal!

In the arena of death row, like a storm, it swept over again and poured into people's minds! Just sober up the disciples, once again into the horror!

Master, do you want to accept disciples???

Many people, who have entered the shenjizong sect, have heard that yuzhenzi has a high vision. For tens of thousands of years, he has confiscated a disciple and now he wants to take ye Chen as his disciple?

The most important thing is that yuzhenzi looks

Even let people think that ye Chen is the leader!

As for the leader's disciple, everyone knows what it means, especially when there is only one disciple

In other words, ye Chen is almost sure that he will be the leader of the future God Jizong!

The ancient medical God of samsara cemetery can't help but say: "Ye Chen, this jade Zhenzi is unusual, it's good to be his apprentice."

"And I've observed it for you. Yuzhenzi is an excellent person."

"You need a decent master in the kingdom of God."

Ye Chen understood the ancient doctor's words, and with a smile on his face, he politely saluted Yu Zhenzi and said, "master, I'm willing to!"

Just now, yuzhenzi was worried and angry for him. He saw it in his eyes. Moreover, he knew that he could suck the magic pool dry without any hindrance. Without the tacit consent of the sect's senior officials, he would never have done it.

At that time, the estrangement between Ye Chen and shenjizong basically disappeared. Besides, he has proved himself excellent now, isn't he?

"Good disciple

Yu Zhenzi was so happy that he directly raised Ye Chen. He looked around the crowd and suddenly said, "now, I officially announce that ye Chen is the disciple of yuzhenzi and the successor of the leader. Within this clan, the leader's successor is only below the elders. All of you should call him senior brother when you see him!"

The crowd did not hesitate to shout: "elder martial brother Ye!"

People and demons run rampant in the clan and kill their disciples at will. No one dares to defeat them. But ye Chen, who killed Hong Yan and others, is the pride of the Terran disciples!

Elder martial brother, it's a reasonable call!

Ye Chen smiles and doesn't refuse.

In the world of martial arts, the strong are respected.

.....

Lingwu land, devil's land.

Demons in the devil kingdom.

It was desolate.

The ground is full of sorrow.

Plants do not grow.

Since the first battle between Tiandao palace and the devil emperor, the demons in Lingwu land have declined completely.

The statue of Jun and the devil's dust is destroyed.

The palace of the devil was reduced to ruins.

Everything seems to have entered a new era.

And in an old temple.

A girl looked at the wounded man on the jade bed and breathed out a breath gently.

"Master demon, what you did for your father that day will never be forgotten."

"Although my father has gone to the kingdom of God and his whereabouts are unknown, I believe that your efforts will not be in vain."

It's the devil lying on the jade bed!

On that day, the demon spirit son and many demon emperor's subordinates burst into the road!

He was dead!

But unexpectedly, the power of the coming of heaven interrupted everything.

He was hit by an endless stream.

Fall into a coma.

Finally, the battle wave subsided, and the twilight smoke appeared and took away the devil.

I don't know how long after that, the devil's eyes suddenly opened: "the devil emperor!"

"Our blood flows for the devil emperor

He sat up!

Although he was full of pain, his eyes did not blink.

It was the determination of a strong man.

Chapter 2587

Suddenly, the evil spirit son's expression is extremely puzzled, he looked around, and finally his sight fell on the body of the twilight smoke.

The next second, without any hesitation, get out of bed directly and kneel in front of the twilight smoke!

"Princess!"

The evening smoke wants to help also do not know how to help: "you still have the wound, how can kneel me."

"Besides, what Princess am I? Now the devil clan has changed."

"The rule of the king and the devil is over."

"But I didn't find the body of Jun demon dust. It should have been destroyed by power."

"Now, except for the stability of the kingdom of Jiuyou, the rest of the country is not peaceful."

The evil spirit son reluctantly rises, suddenly, he thought of what, excited way: "that devil emperor! Has he succeeded in going to the kingdom of God? "

Dusk smoke nods: "father adult already went to the kingdom of God."

"During this time, I went outside, and ye Chen also went to the kingdom of God."

The demon spirit son just exhaled a breath, his eyes are dignified: "the devil emperor should be recovering strength now, it is very difficult to take into account the spirit and martial demons. It's not safe here at the moment. We can either go to the kingdom of God. "

"Or, go to the kingdom of Jiuyou."

"Otherwise, you and I will not survive."

Dusk smoke nodded: "you are right. I will wait for you to wake up before going to the country of nine you."

"The royal family of Jiuyou Kingdom contacted me at the first time. I can go back at any time as long as I want to, and be protected by them."

, the son of a magic spirit, was in a hurry, even busy: "Princess Royal, we will set off immediately."

"Good."

.....

Half a day later.

The wounded devil and the twilight smoke have come to the kingdom of Jiuyou.

It's a pity that the atmosphere of Jiuyou country is extremely dignified.

Dusk smoke and demon spirit son step into the grand ceremony, the emperor of the country of nine you is in a hurry to welcome!

"Your Highness, at last you have come."

"Please forgive me for my ignorance."

Twilight smoke did not expect the emperor of nine you to change so quickly.

The emperor of Jiuyou's eyes fell on the wounded demon spirit son. His eyes were dignified and he even said, "the elder's injury should be caused by the first World War of the demon clan. I will send all the strength of the kingdom of nine you to cure the elder."

Twilight smoke and the evil spirit son just wanted to say thanks, the emperor of nine you said: "Your Highness, master, now may be difficult for you, two please enter Jiuyou underground palace as soon as possible."

At dusk, nine hell palace is a place to avoid disaster.

Why do you still want to avoid the failure of your rule?

Is there something wrong with Jiuyou kingdom?

The emperor of Jiuyou didn't have time to explain. He said directly, "you two, don't worry. The underground palace is absolutely safe."

"There are some tough things in front of me, but I can solve them."

Considering the injury of the evil spirit son, twilight smoke can only agree to come down.

The emperor of Jiuyou watched them step into the palace and breathed out a breath.

However, his eyes are full of helplessness.

"The demon clan has been destroyed. I don't know if the kingdom of nine you can withstand this attack."

"If the kingdom of Jiuyou is destroyed, how should I face the demon emperor?"

"Maybe we can only show our ambition by death."

With that, the king of the nine secluded kingdom was full of anxiety, pacing back and forth in the luxurious hall.

As if waiting for something.

At this time, outside the hall, there was a flash of human shadow, and even there was no notice from the bulletin. He came in directly. This man was Huang Gong!

When the emperor of Jiuyou Kingdom saw Huang Gong, he did not blame him. On the contrary, he showed a light of joy on his majestic face. He rushed forward and said, "did you find out? Have you found out where the devil is in the kingdom of God

A burst of loss and guilt on Huang Gong's face said: "Your Majesty, your subordinates are incompetent, and they can't find the trace of the devil Emperor..."

"What about ye Chen?" The emperor of Jiuyou continued.

This is his only hope.

However, Huang Gong Feng still shook his head: "Ye Chen's news is not..."

Ye Chen has joined the shenjizong and is a disciple of the first-class forces. Is it so easy to investigate?

"Is it?" The king's face flashed a trace of despair. Was it that his country, which had been passed down for thousands of years, would be destroyed in his own hands?

What face does he have to face the devil?

However, Huang Gong Feng said in a deep voice: "however, I have already spent a lot of money to ask the people of Tiansuan pavilion to look for it. If I find it, I will send a spiritual letter."

People outside the kingdom of God can't contact the warriors in the kingdom if they use the jade rune. If they want to contact, they will have to spend a lot of money to send spiritual letters!

When the emperor heard the words, a ray of hope appeared in his dim eyes. Tiansuan Pavilion is famous even in the kingdom of God.

Then, with a sigh, he said, "I don't know if it's too late. Ye Chen, whether the country of nine you can survive this time depends on you!".....

Three days later, shenjizong.

Zhou Yuanxin took a deep breath before he built the elegant jade Pavilion in a quiet building, showing a look of enjoyment.

Here is the accommodation assigned by yuzhenzi to Ye Chen. The concentration of aura is the highest level in shenjizong!

If the vitality of the courtyard is desert, this is the sea!

If it wasn't for his good relationship with Ye Chen, he couldn't even get in!

At this time, Yu's eyes are open, and the new leaf is practicing

Zhou Yuanxin, now he is the red man of the miscellaneous service courtyard! Since ye Chen became the leader's disciple, Zhou Yuanxin, who was with him, has become the target of many tutors!

Eventually, she became a disciple of a female tutor named Zhang Ya.

Zhou Yuanxin's accomplishments and qualifications are not bad at all. With the training of his tutor, his strength has improved by leaps and bounds in just three days!

At present, it has reached a very strong level. In the miscellaneous service yard, it is also the top one. Moreover, if the momentum goes on like this, it will not be long before we can enter the outer gate.

However, Zhou Yuanxin is not in a hurry now. Since ye Chen became the leader's disciple, the treatment of the miscellaneous service yard is much better!

Who dares to look down on the factotum disciple?

You know, ye Chen is still a servant disciple in name. If he wants to change, he can, of course, change, but there is no need. After all, ye Chen doesn't care much about these false names.

Next to Zhou Yuanxin, the figure flashed. Ye Chen said with a smile, "what's the matter, Yuanxin, recently, shouldn't you" exchange feelings "with tutor Zhang

He knew that Zhou Yuanxin had been secretly in love with Zhang Ya, a tutor in the clan, from a long time ago.

Zhou Yuanxin blushed and said, "brother ye, the environment here is so good!"

"You can move in if you want."

Zhou Yuanxin said with a smile: "that's not good. I still like to live with tutor Zhang."

In shenjizong, with the permission of the teacher, the disciples can live with him for the convenience of teaching.

With that, Zhou Yuanxin took out a letter with a twinkling aura and gave it to Ye Chen. He said, "I came this time because the workhouse received a spiritual letter. I sent it to you directly."

Chapter 2588

"Spiritual faith?" Ye Chen frowned.

Open the letter, read after, but the face is slightly cold.

"Brother ye, what's the matter?"

Ye Chen said, "Yuanxin, can you get a copy of the divine light order? I'm going to take a few more days off for a trip to Lingwu

Zhou Yuanxin said with a smile, "it's on me!"

"OK, go get ready. I'll talk to the master."

Ye Chen mouth corner, with a trace of sneer.

God shepherd?

He almost forgot.

The country of nine you has been dragging on for so long, can't it be dragged on?

Once upon a time, the Shenguo family that he was also quite afraid of, in the eyes of Ye Chen, was just a nest made up of a few ants!

One foot can crush it!

Even if he admits to Makino's death, how about it!

He checked in Tiansuan Pavilion, and found that the herdsman where Muye is located is just a small family, and even worse than that God Xuanzong!

It's just that this time it's a bit tricky.

Because it's no longer a family involved in pastoral areas.

Muye's family is just a branch. This time, it is the main vein of the herdsmen who are responsible for the country of Jiuyou!

Responsible for the death of the talented young shepherd of the branch!

In the kingdom of God, the master shepherd should not be underestimated.

But for ye Chen now, it's just a little tricky.

Soon, ye Chen came to yuzhenzi's room. He didn't need to report to him.

"Master, I have something to deal with. I want to go to Lingwu land."

Yuzhenzi nodded and said, "do you need to use zongmen?"

Ye Chen tiny smile: "do not need, this time, I go with individual identity."

He likes to solve his own problems rather than bully others.

"Good." Yuzhenzi nodded. Suddenly, he raised his hand. "Here you are."

A light falls into Ye Chen's hands.

"Is this?" Ye Chen looked at the token in his hand and suddenly his pupil shrank: "divine light order? The real light? "

The precious light? Only one of the major first-class forces can enter and leave the kingdom of God and other places at will?

This is a treasure! The divine light order can not only travel back and forth, but also take people to the kingdom of God!

Yuzhenzi, is this for him?

In other words, ye Chen can bring Sun Yi, Zi Ning, Xia Ruoxue, Huoying, ye Lingtian and others to the kingdom of God!

But now, ye Chen will not do so. He has to wait for his strength to be stronger and ensure that they are protected from any harm in the kingdom of God.

Yu Zhenzi said with a smile, "it's useless for me to take it. I'll give it to you."

Divine light order, compared with Ye Chen, what is it?

"Thank you very much, master."

Soon, ye Chen came to the Mountain Gate of shenjizong, and Zhou Yuanxin was already waiting here.

"Brother ye, this is an imitation of the divine light order."

Ye Chen said with a smile, "no need Well, since all the imitations have been taken, come with me. "

With his current strength, he can resist everything in Lingwu mainland, and even affect other people. It is still useful to take Zhou Yuanxin with him.

.....

The boat was going at top speed.

Ye Chen sits cross legged.

He should have a good understanding of the process of the war.

The mind of the overlord is already weak.

But not long ago, the power brought him endless gains.

Too much power is lost in the road of martial arts.

But the power of the ancient medical God is too small.

At least for a short time, the old Cang can't disappear.

"Lao Cang, why can't you turn a war into a piece of silk when you and the crazy overlord are so old."

Ye Chen asked.

The ancient medical God shrugged helplessly: "boy, I also want to. But that guy doesn't think so. There's a way

"On that day, the reason why I hurt him was not to humiliate him, but to save him."

"He didn't listen to my explanation."

"It's not martial arts, but the understanding of martial arts."

"There is a strong sense of martial arts in his moves."

"It's good for you to understand."

Ye Chen nodded, and suddenly thought of something: "by the way, Lao Cang, since you want to save the tyrant, why do you use a gold needle to pierce the place where the tyrant is Any man would be angry... "

"This..." The ancient medical God shook his head helplessly, "you think I don't want to, at that time, the matter was urgent, and this crazy Wuba was in an explosive state at that time, no one could get close to it."

"There is hope only where there is harm."

"I actually saved the guy, but he was so stubborn that he thought I was insulting him. What can I do?" "Because of this, I've changed places a dozen times."

"Originally, the reincarnation cemetery could be quiet, but I never thought you called this guy!"

"I've really put you down, you son of a bitch!"

"That fierce overlord is simply..."

The words have not finished, is another earth shaking voice rings out!

"The ancient medical God, dare you say I am a stinky boy! You finally come out. Today I'll let you feel what Jingtian Wudao is

The old doctor's face turned white: "Tiansha guy, I didn't talk to you again! You're finished! "

"I'm talking about the boy out there!"

"No matter who you say, you have to bear my burning anger!"

At the next moment, there are thousands of golden needle shadows in the samsara cemetery, as well as the martial arts meaning of a monstrous beast.

Ye Chen is not laughing or crying, and even thinks that it is not because of their own power that these two guys disappear in the samsara cemetery, but because of their fight in the samsara cemetery.

Ye Chen returns to reality, just want to say something to Zhou Yuanxin, suddenly a trace of picture flashed in his mind!

It was an abyss under a cliff.

A magic dragon full of ancient flavor is chained and scarred.

His body actually flowed thick black purple blood.

In the blood, there are countless laws and violent thunder and lightning.

The power of thunder and lightning is far more than that of erley.

Ye Chen is very familiar with this picture.

This is a picture of Jiutian dragon hall.

In the picture, he found the blood dragon again!

But now the blood dragon's body is more than ten times bigger!

The whole body was enveloped in a raging flame.

It's like the real dragon god!

The Dragon God with a killing spirit!

Blood dragon's body injury is also extremely serious.

The Dragon scales are flying.

The scars are full of scars, just like the blood flowing out of magma.

He is out of breath.

But the eyes are full of firmness.

No fear.

this look is as like as two peas!

Because the blood dragon is Ye Chen's killing intention gathering!

Ye Chen is a blood dragon!

Blood dragon is Ye Chen!

It's the most bizarre part of the world.

This is Ye Chen himself did not know to create a sub body.

In a sense, the blood dragon is Ye Chen's spirit of killing!

Chapter 2589

According to the principle, the separation can only be weaker than the noumenon.

But at the moment, the strength of the blood dragon is far more than ye Chen.

Even more than chaos!

"Boom."

Suddenly, the chain vibrated, and the ancient foreign magic dragon gazed at the blood dragon and said:

"I don't want to devour you."

"You and I are doomed."

"If I had not been trapped, you would have died."

"It's good for you and me to live in peace."

"I'm trapped. You're weak. Don't struggle any more."

However, the blood dragon sent out a thundering dragon song.

The next second, it's time to speak.

"I started my life as a young man in Jiangcheng, China."

"He taught me to live and die by myself."

"He taught me to kill and dye heaven."

"He cut through the thorns and thorns and killed all the enemies in the world."

"He has the blood against the heaven, and he is going to kill nine days."

"I was born of him!"

"I'm going to devour your demon dragon!"

"Even if you were born forever!"

"Even if you come from abroad

"Even if you have killed countless strong men!"

"I'm not afraid."

"Because - I will take the glory of the dragon all his life!"

"I want to tell the world, he Ye Chen, has me to guard!"

"I will destroy everything for him! Destroy all enemies

The next second, the blood dragon, covered with injuries, went back to the foreign magic dragon again.

Endless flame burning the whole body!

There was a change in his flame.

Two brilliant flames were burning.

Together, it is the fire of emperor Lin.

Together, it's Taigu Shiyan.

Blood dragon unexpectedly separated so much space, took part of the flame from ye Chen's Dantian!

.....

For an hour.

Ye Chen opens his eyes.

He was shocked.

He saw his own shadow on the blood dragon under the abyss.

Is it because of itself that the blood dragon fights against the foreign magic dragon which is thousands of times more powerful than itself?

He was moved.

He hesitated.

He still doesn't know how to get to Jiutian Shenlong hall.

The key is his strength now and how he can go.

At this time, the weak spirit dividing beast, that is, his only contact with the blood dragon, opened his mouth.

"Don't worry about me, you and I will meet."

"What's out of this area?"

Ye chenmeng stood up, killing the whole body.

Zhou Yuanxin, on one side, was shaken off directly!

Zhou Yuanxin was a little confused: "brother ye, you are You're crazy

Ye Chen then slowed down the God and restrained his killing intention: "Zhou Yuanxin, have you ever heard of the nine heaven god dragon hall?"

Zhou Yuanxin shook his head: "where is this? I have never heard of it in such a long time in the kingdom of God. "

Ye Chen no longer thought: "how long is it from the country of nine you?"

Zhou Yuanxin said: "soon! A stick of incense will arrive

"Good."

.....

Now, in the palace of the kingdom of nine you.

At this time, all of them were anxious like ants on a hot pot, pacing back and forth one by one, while the emperor of Jiuyou Kingdom kept tapping the handle of the Dragon chair with his fingers, and his forehead was sweating. The dignity of his face disappeared, and even his body was shaking slightly!

These powerful men, who are powerful enough to be powerful and respected, have a look of extraordinary fear!

At this time, outside the palace, came the shouts of bodyguards: "who are you! How dare you break into the palace of Jiuyou! Kill

But the next moment, the cry disappeared, and the whole palace became extremely silent. The king of the kingdom of nine seclusion looked at each other with a look of fear and uneasiness in each other's eyes!

At the beginning, the kingdom of Jiuyou was not afraid of the kingdom of God.

But now the country of nine you has already declined a little bit!

Even the underground energy of the devil kingdom was drained by the first World War.

The kingdom of nine you is now a lean camel.

Certainly bigger than ma!

But now the country of nine you is not facing the branch herdsmen!

It's the main vein of the shepherd in the kingdom of God!

That's a big difference!

You know, in order to guard against it, they have replaced all bodyguards with martial artists in Taixu state!

These warriors are extremely loyal to the royal family of Jiuyou kingdom. Even if they die, they will fight to the last moment!

But now

In an instant, even screams, did not send out, then silent?

The king of Jiuyou Kingdom stood up at once. His wrist turned and held a sword. There was a long sword with a golden dragon on the handle. When the sword came out, there was a breath of incomparable Majesty in the whole palace! The king of the kingdom of nine you, who was full of fear, was at ease after holding the sword.

This sword is called Gulong sword!

It is the treasure of Jiuyou kingdom! A real antique!

In addition, the ancient dragon sword can also use the imperial spirit and dragon power accumulated in the country of Jiuyou for tens of millions of years.

In this palace, the king of the kingdom of nine you holds the ancient dragon sword, and even can compete with the strong one who cuts the enemy in half a step!

A burst of Taixu worship, but also one after another holding holy soldiers, as if facing a formidable enemy, staring at the palace gate.

It was in the stillness, puff and puff, and suddenly, a strange noise came from outside the door.

Everyone's pupil shrinks, the next moment, it is a moment pale!

In their sight, black and red things rolled into the palace along the gate of the palace!

If you look closely, you can see the big heads!

"Lin Gong Feng Huang Gong Feng exclaimed. His old face was suddenly more old!

He could see clearly that one of the heads was worshipped by his good friend Lin!

He and Lin Gong were close friends of life and death when they were young. They were like brothers!

But now, his brother's head, so roll to his front!

Huang Gong Feng's eyes were bloodshot and he was biting his teeth. He suppressed his impulse to rush out of the palace and those murderers!

At this time, other offerings recognized the heads.

"Li Gong Feng!"

"Ouyang worship!"

"Zhang Gong Feng!"

.....

These more than ten heads, unexpectedly, are all the offerings from the country of Jiuyou!

The king of the kingdom of nine you, his eyes are splitting, his hand holding the sword of the ancient dragon, trembling slightly. These are his loyal ministers!

For the country of Jiuyou, I have made countless contributions!

Right now, that's how they're killed? Moreover, they are so arrogant and hateful that they are brought into the palace!

Brought it to him!

How can he not be angry?

Can anger, what can it do? Just bear it!

Because, he knows, the people outside the door are not what they can fight against!

Step on

Outside the palace, there was a sound of footwork. Five men, dressed in royal robes and full of cold pride, walked in slowly.

The head of a man, long hair, hands back, a black dress, facial features and pastoral somewhat similar to the man, the face with a cold killing intent, staring at the king of the kingdom of nine you.

People look at the man in black, are a burst of horror, this man is a strong chopper!

Moreover, it is the strong one who cuts the three levels of heaven!

This man is the eldest son of the main vein herdsman, Mu you!

Chapter 2590

After him, the four people who followed him were the children of the main channel herdsman. They were muliu, the peak of Taixu, tianmuwan and tianmuchang.

A number of elders, including the king of Jiuyou Kingdom, were all in cold sweat. Their original anger was dissipated because of their strength!

Don't say it's five people. Even if it's only moyou, it's enough to crush the country of Jiuyou, which is not as good as it was then!

The emperor of the kingdom of nine you took a deep breath and said to himself, "how many are the guests from the herdsman?"

Mu you did not answer, but said with a scornful smile: "the king of the kingdom of nine you?"

The king of Jiuyou Kingdom nodded his head and said, "it's just a few people."

"Ha ha." The Mu Cang beside Mu you sneered, and his voice suddenly became overcast and said, "why don't you kneel down when you see all the herdsman, the king of the nine secluded kingdom?"

"Hard or not, I really think that you are still the ancient kingdom of nine secluded under the protection of the demon emperor!"

A group of people in the nine secluded country heard the words, they all changed their faces!

To ask the emperor to kneel?

When other people see the emperor, they will kneel down. These family members of the kingdom of God actually see the emperor and ask the emperor to kneel down?

Overbearing to no longer overbearing!

If the emperor kneels down, where is his majesty?

This is the face of their country of nine you, stepping on the soles of their feet and rubbing!

What's more, he wiped the people's faith, the face of the God covering devil emperor!

Mu you and others, with a sneer on his face, what's wrong with his domineering herdsmen? What can we do with them in a declining country of Jiuyou?

Lingwu land was once very strong! But it's not ancient!

The kingdom of God is more and more powerful, and Lingwu land has gone down!

The country of Jiuyou is even more!

In the kingdom of God, though it is not much, the branch of the herdsmen where Muye is located.

But they are qualified to speak!

In this land of Lingwu, in the country of Jiuyou, the herdsman is heaven!

Huang Gong Feng's face changed greatly. He went forward with a smile and flattered him. He opened his mouth to moyou and said, "are you the Muyou childe of the herdsman? There may be some misunderstanding in this matter... "

However, before he finished speaking, standing next to moyou, a man with a cold face and a sharp face suddenly burst out in his eyes!

This man is the nomad who cuts the enemy in half a step!

The strong breath surges out, and instantly bombards Huang Gong's body. Huang Gong's body flies upside down like a broken line kite. His blood vomites wildly and his body is sunken. I don't know how many bones have been broken!

The whole person, like a ball of gas, fell to the ground, seriously injured and dying!

Only by breath, will a Taixu exist, blow to the brink of death!

"When we talk to the king of the kingdom of nine you, are you such a scumbag to interrupt?"

At the same time, his eyes flashed a little unhappy, his casual breath, did not kill this garbage directly?

"Yellow offering!" A group of nine secluded countries offered sacrifices to them. They roared and glared at the herdsmen with astonishment and anger. They were all about to fight with them!

In the Imperial Palace, if you are seriously injured in front of the emperor, can you bear it?

"Step back!" But at this time, a majestic man's voice sounded in the palace.

The worshippers were stunned and looked at the emperor of the kingdom of nine you.

The king of the nine secluded Kingdom took a deep breath and said, "I have a destiny. No one is allowed to attack the noble guests of the herdsmen!"

After that, he actually bent his knees and knelt down in front of Mu you and others!

For a moment, those who worship are all pale!

They respect, submit to the emperor, even kneel to others!

The emperor, should not be the symbol of the kingdom of nine you, should not even die standing?

The emperor kneels down, the country will not be a country!

And a group of shepherd's children, is full of sarcasm to laugh.

"Ha ha, I'm really kneeling!"

"Great, is this the king of the kingdom of nine you?"

"Yes, it's not like a dog lying on the ground. How can it be passed on for so many years? Have you been trampled on by the people of the kingdom of God

Those who wanted to sacrifice before, but at this time, they were unable to refute

At this time, the king of Jiuyou Kingdom lowered his head slightly and his face was as heavy as water. In the eyes of the tiger, there was a flash of cold anger!

Why did he kneel down because he was afraid of death and gave up national dignity?

No!

Of course not!

Although he is snobbish and flattering to the people of the kingdom of God, he is the Lord of a country, with his bottom line and dignity!

The reason why he knelt down is that he knows that this is the only way to protect the country of Jiuyou!

The only way to protect the blood of demon emperor in Jiuyou underground palace! He can die, he can be humiliated!

But Twilight cannot die!

Otherwise he would really be sorry for the devil!

The reason why the people of the kingdom of God did not carve up the land of Lingwu was because of the supervision of the alliance of gods.

But this time, Muye died in the kingdom of Jiuyou. Although it was killed by Ye Chen, it has an inseparable relationship with the country of Jiuyou!

In this way, the herdsmen will have an excuse to destroy the kingdom of Jiuyou!

He knew that as long as he showed a little bit of resistance, not only he would die, but also the royal family and the people of Jiuyou kingdom would die!

The devil's daughter will die!

He knew that if there was a glimmer of hope in the kingdom of nine you, it would be procrastination!

Delay until ye Chen comes!

For his country, how about sacrificing his dignity and kneeling in front of the herdsman like a dog?

If the kingdom of nine you can survive this disaster, he will not be the emperor, so what!

Shame, it's just that he goonan flies!

He would rather die than suffer this great humiliation, but he would rather suffer such humiliation, but also to preserve the kingdom of nine you! Save the devil's daughter, twilight smoke! Even if it was just a little more hope, he would.

This is his responsibility as an emperor!

Mu you looked down at the emperor of nine you Kingdom kneeling in front of him, and said coldly, "my brother, did you kill him?"

Speaking at the same time, the powerful breath of cutting off the adversity situation, crazily gushed out, and suppressed the king of Jiuyou kingdom!

Muye is not gifted, but at least he is a soul cultivation. What's more, he is also a herdsman. To die in such a backward place is an insult to the herdsman.

Therefore, herdsman should wash away their shame.

The emperor of the nine secluded Kingdom puffed out a mouthful of blood. The ancient dragon sword was humming and roaring. The emperor's spirit rose and resisted the infinite pressure.

If there is no Gulong sword, just this breath, can you crush him to death? Even, he felt that he would die if any idea of deception arose.

"No," he said with great difficulty

Mu you's eyes twinkle. He knows that under the pressure of his own breath, the king of Jiuyou Kingdom has no possibility of lying.

"Who is it?" His tone was cold.

The king of the nine secluded Kingdom, his eyes trembled, and his heart was cold. He said Ye Chen's name, and they were of no value to the herdsmen.

So, what's the end?

Don't you? Or he will die if he is tormented by twilight!

Just then!

Outside the Palace door, suddenly sounded a light man's voice.

"It's me."

Mu you and others, frowning, turn around one after another, looking at the door.

Two men came into the door.

These two people, of course, are ye Chen and Zhou Yuanxin!

But at this time, neither of them was wearing the clothes of the disciples of shenjizong.

And the king of the nine you Kingdom, after seeing ye Chen, was extremely excited. Tears poured out of his eyes directly and said in a trembling voice: "Mr. Ye! Here you are at last
