Chapter 2601

Originally frowning Han Jiuxi, when he saw the young man, he couldn't help but feel a little stunned!

Immediately, it was a direct laugh!

"Ha ha ha ha ha ha, do you think you've been beaten so badly that you want to make me laugh? Let me let you go? I thought who was coming? A too empty state, or too empty a layer of waste, let you so excited? Is it a pig coming over and you all want to celebrate? "

Taixu one layer of heaven, in the seven cold religion, that is the bottom of the bottom, almost extinct creatures!

Ye Chen glanced at the disciples on the ground and said, "do you fight?"

Han Jiuxi looks at Ye Chen and laughs more happily. Do you fight? This trash, is it brain water? Dare you question him?

Looking for death?

"It's me. Why?" He scorned Ye Chen and said, "you want to make a difference for them? Challenge me?"

"

Said, he stretched out a finger, smile gloomy down: "don't say I bully you, deal with you, I only use a finger, OK? If I use one more, I'll lose? "

"Is it?"

Ye Chen holds Qinglian mietian sword in his hand and looks at the plaque beside Han Jiuxi.

The words on it are dazzling.

"It seems that you like to learn from each other very much. However, it will be tiring to learn too much."

Ye Chen put his eyes back on the cold Jiuxi.

"Since I have been given such a great gift from God Jizong, I have to give it back, don't I? For example, beat you up and let you rest at home? "

Cold Jiuxi, smile a coagulation, ice blue eyes, killing rolling.

What's the crap?

You want to beat yourself up?

Ha ha

He decided to freeze the meridians. He was a little tired of playing with it. This time, let's freeze the waste and limbs directly?

But at this time, ye Chen took the lead!

He was covered with a faint light.

Let Ye Chen's surprise is that the fierce overlord actually gave himself some strength.

He didn't ask for it.

He wants to see how strong he is.

Even if he knows that hanjiuxi is very strong!

He's also ready to get hurt!

However, as a leader and disciple, he must take this step.

He can say that there are many things wrong with shenjizong!

But we must not allow outsiders to insult God Jizong!

"Crazy overlord, why do you give me strength?"

Between hands, ye Chen communicated the samsara cemetery.

However, the overlord replied with only nine words: "I hate this man, that's all."

Ye Chen Mou son a congeals, no longer hesitates!

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

The eight character mantra is like the light language of gods and demons. Accompanied by the extreme martial spirit, it diffuses in the shenjizong. A sword light, with its infinite power, suddenly appears. It looks like a meteor crossing the night and cuts to the hanjiuxi river.

Big elder and jade true son, at this time, but the complexion changes slightly!

This sword is more powerful than that of Ye Chen when he killed Hong Yanzhi!

That is to say, at that time, ye Chen didn't exert all his strength? They feel that their brains are not enough

At this moment, there seems to be something in hanjiuxi's brain, which has exploded

After 0.1 second, he reacts and explodes with fear!

Incomparable fear!

This sword, in terms of strength, can be countered.

But the meaning of martial arts is Very strong!

Before the meaning of the mighty martial arts, he is extremely small!

At this time, where can he care, what stand still, what let only one finger?

His body flashed wildly and retreated toward the rear. In his hands, there was an old ice hammer. He held the hammer tightly in his hands and roared wildly, "the ice God is possessed."

The whole person is on the verge of collapse!

No one knows how terrifying it is to be locked by Ye Chen's all-out sword!

He did not understand, why a too empty layer of garbage, can make him so afraid, can cut such a sword against the sky?

He didn't even have time to think

He only knew that if he didn't do his best, he would die!!!

Ice God possessed body, is he can display, the strongest power!

Boundless cold, gathered on the hammer, chaotic five turn spiritual power, crazy far turn, the temperature in the whole Shenshan where shenjizong is located, is falling rapidly!

Blink of an eye, to the number of below zero Baidu, almost, close to absolute zero! On the Shenshan mountain, the snow is flying, the surface of the whole mountain is covered with a layer of thick ice crystal!

This ice God is attached to the body, can be called against the sky!

What is more shocking is that there is a little white light on the ice hammer! A little bit, beyond the absolute zero degree of white light!

That white light, is not the cold that this world can appear at all!

Anything, at the moment of touching the white light, will be frozen for it, vanishing!

Originally, the people who were full of confidence in Ye Chen were extremely nervous and worried when they saw the white light!

This white light, even if the super demons in the early and mid-term of beheading the enemy, may not be able to smash it head-on, right?

Is this the real strength of hanjiuxi?

At the next moment, the sword light, which seems to be able to cut heaven and earth into nothingness, collides with the extremely cold white awn!

These two forces entangle, distort and obscure each other. They actually have a slight impact on the martial law of the void around us!

For a time, the Mountain Gate of shenjizong was full of visions. In the void, there were flashes of lightning and thunder, storm roaring, and all kinds of dead breath were spreading!

With a loud noise, the white light dissipated. On the ice hammer in Han Jiuxi's hand, a crack appeared. The huge force surged along the hammer, which instantly cracked the Hukou of hanjiuxi, and even the bones of his arm appeared Taoist cracks!

The ice hammer, let go!

However, the sword also disappeared!

On the face of Han Jiuxi, there is a color of ecstasy, breathing heavily.

Survived, he, survived!!!

However, the next moment, cold Jiuxi is slightly a Leng, a bad premonition, diffuse in the heart.

Just now, where's that kid from Taixu?

No, frozen into nothingness by his own ice God light?

At this time, Han Jiuxi's face suddenly changed, suddenly turned his head, and a long blue sword was zooming in front of his eyes!

He was flashing, trying to dodge, but it was too late!

Han Jiuxi barely raised his hands to block the sword. On his wrist, a pair of ice jade bracelets were shining. In an instant, countless hard and heavy black ice were produced, which blocked the sword which looked extremely rough and could not be called a spiritual weapon

Yes!

Those dark ice, but in an instant, broken.

At the same time, the jade bracelet on Han Jiuxi's wrist, as well as his two arms!

Chapter 2602

"Good pain!!! What a pain

The blood spurts wildly, the cold Jiuxi staggers backward, the arm is broken, that kind of pain, tears the heart and lungs!

Cold air gushes out, the wound of cold Jiuxi is frozen, but at this time, he is still seriously injured, how can he fight again?

He looked at it. In front of him, there was nothing left but horror in the icy blue eyes of the young man in Taixu!

He opened his mouth and wanted to admit defeat and ask for help. But before his voice was heard, ye Chen's third sword had arrived!

Too fast!

The sword fell on Han Jiuxi, but the power did not erupt directly. Instead, it penetrated into his body, shaking his whole meridians, bones, flesh and blood into mud!

"Poof!" Cold Jiuxi spit out a mouthful of blood with viscera, the whole person, are listless.

The snow and ice on the holy mountain dissipated, and the sun shone on everyone, warm.

But at the moment, the disciples in front of the shenjizong Mountain Gate are just like ice sculptures!

Than by the light of the ice God, frozen body stiff, more like ice sculpture!

Three swords?

Just three swords?

Ye Chen defeated Han Jiuxi, who had crushed the elite of the Jizong sect of gods, cut down the four layers of heaven, and possessed the blood of ice God?

This is not a common way to kill four layers of heaven!

This is too shocking, too unimaginable!

Originally, when ye Chen appeared, they also gave birth to the hope that ye Chen could defeat Han Jiuxi. After all, ye Chen, the demon God, has created countless miracles!

But! Miracles are also graded!

They thought Ye Chen could win, but they never thought that ye Chen could win so easily!

It's not too much to say it's rolling!

Well, it's not a cat and a dog!!!

But ye Chen himself, for this result, is not satisfied, slightly frowned, three swords, for him too much.

You know, this is the three swords with the blessing of the crazy overlord.

Three swords with a strong sense of martial arts.

But enough to see the cold Jiuxi against the sky.

Kingdom of God, how many other evil spirits are there?

Ye Chen knows, no less!

The mystery of the kingdom of God is far more than one can touch.

There are many first-class families, but there are still many first-class families.

What's more, above the first class, there must be a more mysterious and fantastic existence.

If you can absorb more than 10% of the martial arts artistic conception, you may only need a sword!

If ye Chen's idea is known by those disciples, I'm afraid that he should vomit blood directly

Three swords defeated seven cold religion's Han Jiuxi, you are also too many?

At this time, the faces of the two middle-aged people are extremely difficult to see!

However, the next moment, they stopped, unable to move.

Because ye Chen pointed to the top of the cold Jiuxi.

Teacher Wu's face was in a panic, and he said, "boy! You've won. What else do you want to do? "

Tutor ZHOU also glared at Ye Chen and said, "Han Jiuxi is the true disciple of the seven cold sect. If he dies, the seven cold sect will never give up."

Ye Chen said with a smile, "is it? Don't get excited. It's just that there's something left to do, isn't it? "

Ye Chen glanced at the black ice plaque and waved it into his hand. He smashed the plaque and smashed it to pieces!

He looked down at hanjiuxi and the pieces of xuanbing plaque all over the place and said: "eat, or die, you choose one."

Tutor Wu and Tutor ZHOU, their faces changed wildly, and they cried angrily, "boy, dare you!"

After that, he would rush to save people regardless of everything.

Can, ye Chen is light way: "you see me, dare not?"

In an instant, tutor Wu and Tutor ZHOU burst out in cold sweat. The young people who were in such a virtual state in front of them actually gave them unimaginable pressure!

That kind of indifference is the most fatal madness!

As if, kill cold Jiuxi, in his eyes and crush an ant, there is no difference!

Tutors Wu and Zhou dare not gamble! Dare not, bet with Ye Chen!

Master Wu took a deep breath and opened his mouth to hanjiuxi: "Jiuxi Eat it. It's important to save your life first... "

The pupil of Han Jiuxi trembles, the next moment, it is really a piece of pieces of the plaque, swallow into the mouth, force, chew up!

Blood, from the mouth of the cold Jiuxi, a tooth after another, broken, fall off.

Hanjiuxi really has the blood of ice God and can control ice and snow, but! His teeth, however, are not hard!

Until the last piece of debris was swallowed by hanjiuxi, ye Chen slowly put away the Qinglian mietian sword.

Wu and Zhou looked at each other and flashed. They grabbed hanjiuxi, got into the flying car, drove the ice Jiao, and left quickly. Their faces of the seven cold religions have been lost. Naturally, how fast they are and how fast they run!

On the square, there were bursts of cheers!

The disciples of shenjizong were all shouting: "elder martial brother Ye! Brother Ye

Ye Chen, stand up!

Even, with the whole God Jizong, stand up!

Ye Chen will be a piece of pills, fed into the mouth of the disciples who fell on the ground.

Many gold needles appeared in his hands.

The gold needle twinkled and fell into the body of the people dazzlingly.

With his golden needle into the body, combined with pills, these shenjizong disciples should be able to recover in a short time even if their meridians are completely broken.

But two people were seriously injured.

Wind Ling Su and thunder soul Qin Yuming.

Both of them are true disciples of shenjizong. They are extremely gifted, but their injuries are extremely serious at the moment.

Maybe all martial arts accomplishments will be destroyed.

This is a devastating blow to two people who are so proud.

Even for shenjizong, it is a nightmare.

Ye Chen's eyes fall on two people.

Feng lingsu and Qin Yuming are also staring at Ye Chen, with dim eyes, regret and desire.

Although they saw that ye Chen had treated many shenjizong disciples, they knew that their injuries were too serious.

Even the master may not be able to cure.

Not to mention Ye Chen.

The wind Ling Su gets up difficultly, whole body ache: "Ye Chen Thank you

"God Jizong, I'm proud of you."

Qin Yuming also said: "Ye Chen, thank you."

"After that, God Jizong will be asked to give it to you."

They were extremely serious.

They are proud genius.

It's not the top of the Kingdom, but it's also a genius.

Can let them say these words, is the bottom of my heart admire Ye Chen.

They also know that they are now disabled people and may no longer be qualified to be disciples of zhenzhuan.

But at this time, ye Chen is extremely serious mouth: "please do what for me?"

"You can't practice any more!"

"You're not going to step into chaos with such a good talent?"

Chapter 2603

Qin Yuming and Fengling stood in awe, then sneered at themselves:

"we are disabled people, let alone the chaotic state, even if it is too empty, it will not be possible to achieve it in the future."

However, ye Chen is in the hands of hundreds of gold needles: "blind think what!"

"If ye Chen is with me, the disciples of shenjizong can't be useless!"

The next second, hundreds of gold needles burst out with colorful light!

Colorful light like a rainbow into Qin Yuming and fenglingsu's body!

A hundred needles tremble! A colorful array appears on the body.

An extremely warm current filled their bodies!

Later, ye Chen took out some herbs from the samsara cemetery, grasped them with five fingers, and instantly turned into powder.

Under the control of Ye Chen, endless powder instantly penetrates into the body of Qin Yuming and fenglingsu.

Then the finger pinches Jue, a finger respectively points in Qin Yuming and Feng lingsu's eyebrows.

An ancient, golden Rune appears.

If you look carefully, it's a -- Cang!

Ancient medical God's Cang!

Qin Yuming and fenglingsu are a little disordered. He can feel his injuries recovering rapidly!

The destroyed foundation and elixir field are just like new life!

This How is that possible?

Two people stare at Ye Chen.

They don't know what to say!

Ye Chenwu Tao's talent is shocking to the extreme!

Is Is the talent of medical ethics against heaven?

Is there such a genius in the world?

Fantastic genius??

Ye Chen stood up and wiped off the sweat on his forehead and said, "I'll give you a pair of medicine later. I'll take it for three days in a row. It should be able to recover."

"It won't affect your cultivation and strength."

"However, we should pay attention to the control of Dantian recently."

The world is silent!

A full pause for a minute!

Qin Yuming and Fengling sucai wake up completely!

Two people look at each other, is the joy of survival!

For the warrior, the foundation and martial arts are the destiny!

And now ye Chen gave them a second life!

Two people kneel down together, and they want to kowtow in front of Ye Chen, but they are stopped by Ye Chen.

"They are all brothers, so we don't have to pay such a big ceremony."

Qin Yuming and Feng lingsu were serious: "elder martial brother ye, from now on, our lives will live because of you!"

Ye Chen shakes his head, hands up two people directly, then walks toward a girl.

The girl is Chu Ying.

"Yinger, what are you doing looking at me like this?"

"Well That... " Chu Ying's pretty face was slightly red. After hesitating for a moment, she summoned up her courage and said, "can you go to a place with me? I have something to say to you!"

For Chu Ying, ye Chen naturally will not refuse, nodding: "go."

Just in time, he had asked the emperor of the kingdom of nine you to inform the father of Chu of the resurrection of Chu Ying.

Although the father of Chu is rooted in the kingdom of Jiuyou, his business has already reached the kingdom of God. It must have been in touch with Chu Ying these days.

The two people's figure, gradually away, attracted a piece of envious eyes.

Not only, have envy, still have a lot of, envy Chu Ying of!!!

Ye Chen, such an excellent son of heaven, which woman can be with him, that is really a great blessing!

At the same time, above the main hall.

There was a great deal of joy.

Yuzhenzi touched his beard and looked at the elders: "how do you see it?"

"How about my apprentice?"

One of the elders frowned, hesitated for a long time, then said: "Ye Chen is worthy of being the favored son of heaven! The talent of martial arts is too bad. "

"I've been in shenjizong for a long time, and I haven't seen such a powerful disciple."

"How can this guy be more and more multi-level

"He is not a hundred years old. Why is the meaning of martial arts released just now so strong and mellow?"

"It's like a million years of experience..."

"I really can't think of it."

"Tu Lan's heart is quiet all the time

"I didn't see him in the selection contest with such a martial spirit."

"He can't even absorb the spirit of the seven immortals after a short period of time?"

"What's more, it's a little strange that the power released to the demon clan that day and to hanjiuxi today is somewhat like a person in the kingdom of God..."

Before Tu Lan Xin finished speaking, several elders said in the same voice: "crazy overlord!"

Tu Lanxin nodded: "it's really him. However, the meaning of Ye Chen's martial arts is somewhat different from that of the crazy martial overlord, which seems to be more advanced..." "It's hard to describe It's like, the overlord of crazy martial arts gives Ye Chen some strength, and then ye Chen interprets the meaning of martial arts to the extreme I don't know what I'm talking about

Yu Zhenzi smiles and says, "Lan Xin, are these important?"

"Can you pay attention to it?"

"It's just Ye Chen's medical skill in treating many disciples."

"What do you see in medicine?"

Tu LAN heart beautiful eyes a coagulation: "Canggu medical God."

Yuzhenzi nodded: "yes, that technique is the ancient medical God's medical skill."

"If I'm not wrong, the leaf boy is not easy to come from."

"You know the contradiction between the ancient medical God and the tyrant in the kingdom of God."

"How could something from two people appear in one person?"

"There is only one possibility. Ye Chen is their apprentice."

"The two people are mysteriously missing. If I guess correctly, they should belong to the forces behind Ye Chen."

"So that will explain everything?"

Tu Lanxin is still a little strange: "Since ye Chen has such a big background, why do you still want to participate in the selection competition?"

Yu Zhenzi hesitated for a long time, then said: "it may be the training of the big family."

"But none of this matters. What matters is that ye Chen is a disciple of our God Jizong."

"Lan Xin, you brought back a treasure for zongmen this time! Ha ha

Soon, in the hall, there was a lot of laughter.

Although Ye Chen has many secrets, but is this really important?

Although shenjizong is a first-class sect, it is the bottom of the first-class sect.

Perhaps because of Ye Chen's appearance, this pattern wants to change!

.....

After a while, ye Chen and Chu Ying came to Xianxin forest.

At this time, there was no one in Xianxin forest. Almost all the disciples of shenjizong were provoked by Han Jiuxi and attracted to the square. Now, naturally, there will be no blind guy who will follow in.

The scenery of xianxinlin is very beautiful.

Ye Chen and Chu Ying are standing in a pavilion beside a waterfall.

Ye Chen said with a smile, "what do you want to say to me?"

At this time, Chu Ying's fair face was red. She lowered her head and did not dare to look at Ye Chen. She stammered, "I, I, i..."

Originally, with the relationship between the two people, I know.

It's just about breaking through the last layer of paper.

She knew Ye Chen would not refuse him.

She knew Ye Chen might like her.

Chapter 2604

She didn't mind if she kept going on like this, silently guarding Ye Chen's side.

However, ye Chen is too excellent, too rebellious! When Chu Ying saw the countless female disciples beside her, staring at Ye Chen, she showed a crazy expression, and some even flowed down her mouth. She was a little flustered!

She was afraid that ye Chen missed herself

I'm afraid that everything is my own fantasy.

Although she died for ye Chen, what if ye Chen didn't love herself?

She wanted to make a real confession and make sure.

But at this time, I don't know why, I can't say it!

She never, never said such a thing to anyone, never knew that it was so hard to say!

It's even more difficult than practicing an ancient martial art to the extreme right now

Chu Ying was so worried that she seemed to cry.

Originally playfully looking at Chu Ying, silent Ye Chen, chuckled and shook his head and said, "do you like me?"

If he doesn't say it, maybe they will be here for a month!

Chu Ying hears the speech a Leng, immediately, as if the chicken pecks the rice general, repeatedly nods!

Ye Chen suddenly reached out his hand and held Chu Ying's slender waist. His eyes were hot and staring at Chu Ying's beautiful eyes. He said with a faint smile, "do you mean you want to be my woman? Do you know what that means? "

"Ah? I, this, you... "

Chu Ying, who had just calmed down, became flustered again. She didn't know where to put her hands. Her heart was speeding up. She was about to pop out of her throat!

Ye Chen laughs and releases her hand. Chu Ying looks as though she is cold, but her heart is so pure. If she teases her again, I'm afraid that she will be ruined.

Chu Ying patted her chest and looked at Ye Chen nervously. She asked, "did you agree?"

Ye Chen eyes some ambiguous smile way: "if someone can refuse to be like you, that person, must not be a man."

"Besides, when you stop that attack for me in the kingdom of nine you, I will swear that I will live up to you."

Chu Ying pretty face more red a minute, she suddenly asked: "Ye Chen, do you know the celebration of God day?"

"Celebration day?" Ye Chen asked with some doubts: "what is that?"

Chu Ying said: "God's Day is a festival for the whole kingdom of gods. Once upon a time, extraterritorial demons invaded the kingdom of God, intending to invade all continents. The powerful in the kingdom of gods fought with the demons for many years. At that time, the number of demons was enormous!

Now, only a few demons invade from time to time. Thanks to the great victory of the Terran strongmen in a great war, they drove most of the demons back to Outland.

And God's Day is a festival to commemorate the war that defeated the demons. "

Ye Chen nodded, and some of the earth's festivals, some similar.

"God day will come after a while. According to the custom of the kingdom of God, everyone will go to Shenyuan city to celebrate. It's very lively. Ye Chen, if you are free, can you accompany me for a while? I want to take you to meet my relatives in the kingdom of God."

Ye Chen was slightly stunned: "do you have relatives in the kingdom of God? Were you not born in the land of nine you? "

"By the way, has your father come to you? I informed your father when I went back

Chu Ying nodded: "not long ago, my father came to see me. He was very excited. Although he was proud of my entry into shenjizong, he was more worried."

"In order to protect me, he also took me to see the relatives of the kingdom of God."

"I just knew that my mother came from the kingdom of God..."

"Although my mother's relatives accept me, they are also related to me, and they are good to me But... "

"However, they always think that the women in the kingdom of God should get married earlier. These days, they have been recommending talented children to me. Therefore, I think..."

Ye Chen said with a smile: "of course, even if you don't say, I'll go to see them."

Since Chu Ying is already his woman, how can she be introduced to other men?

Chu Ying hears the speech, the pretty face is full of joy, in fact, she did not tell Ye Chen, see her parents, only one of them.

Like many Shenguo women, she has always had a wish in her heart, that is to walk in pairs in the streets of Shenyuan city with her beloved men, and enjoy the excitement and activities of God day together.

"Ye Chen, then, I'll go back first."

Ye Chen with the meaning of teasing said: "go back? Don't you want to come back to my place with me?"

"No It's not. " Chu Ying some flustered said: "I, I am afraid, disturb your cultivation."

Ye Chen shook his head helplessly: "silly girl, tease you, I send you back."

To tell the truth, he has no desire for Chu Ying, but the most important thing now is to cultivate and improve his strength!

"You! You big pigChu Ying beat Ye Chen with some embarrassment, but I don't know what happened. In front of Ye Chen, she seems to be very stupid!

Why do you say to disturb cultivation?

Why send me back?

Originally Originally Two people can Hum! Anyway, ye Chen is a big pig!

.....

After ye Chen sent Chu Ying back to his dormitory, he did not immediately return to his residence, but came to the Cangwu Pavilion of shenjizong.

After the first battle with hanjiuxi and the power of the fierce overlord, his understanding of martial arts has been improved, but it is not enough!

If you want to absorb more of the martial arts, you have to make progress in your martial arts realm!

How to improve the realm of martial arts?

Naturally, I have learned martial arts!

Moreover, it is one of the most powerful martial arts in the kingdom of God!

At the same time, although Ye Chen has six sword gods as the foundation in his attack skills, he also needs to improve his body method and soul skills.

Yu Zhenzi has given Ye Chen the authority of the headmaster. He can take all the resources in the clan at will.

Immediately, ye Chen was not polite. He directly wiped out all kinds of martial arts, such as sword techniques, sword techniques, palm techniques, body techniques, soul skills and so on!

After that, he returned to the accommodation assigned to him by yuzhenzi. After he had enough spirit, he began to understand day and night!

With his current martial arts realm and spirit power, even if it is the peak of ancient martial arts, it will not take much time to understand. Originally, the meaning of true martial arts has a great and huge bonus for understanding martial arts!

.....

On an iceberg outside the seven cold religion.

A veiled girl gazes at an ice city shrouded in cold wind.

That's where the seven cold religions are.

And this iceberg just has a good view.

The veiled girl was filled with endless coldness.

Beautiful eyes, close.

As if nothing interfered with her world.

Chapter 2605

Beside her was a huge black beast with feet on fire.

This giant beast is just awn!

But at the moment, the awn is obviously changing a lot!

At this time, a fair skinned girl with some playful looks came to the veil girl's side: "palace master, how long do we have to wait here?"

Wei Ying's eyes closed: "Bai Er, so impatient?"

Bai Er pursed her lips: "palace master, it's better to practice. You control all the cultivation resources of juechan emperor palace."

"This is no less than the cultivation resources of half a divine kingdom."

"The palace master enjoys it alone. If you practice more, you can break through the chaos as soon as possible! When the palace master is strong enough, we can find the mastermind! "

"Palace master, why do you always interfere with Ye Chen's affairs?"

"Just now you also saw it outside the shenjizong. That boy is no longer good now. His strength is enough to protect himself."

"You don't have to guard him in the kingdom of God like in Lingwu land."

"Besides, the boy doesn't know what you're good for or what you've done up to now."

"How about that?"

"Palace master, people outside say that you are a witch who cuts off all kinds of desires, but only Bai'er knows that you are a silly girl eager for love!"

Wei Ying suddenly opened her eyes. There was a little frost on her long eyelashes.

It's beautiful.

The suffocation of beauty.

Her pupils seem to reflect a quiet world.

Only belong to her world of Wei Ying.

Wei Ying did not blame Bai'er for saying so, but said faintly, "Bai'er, I'm just used to doing this."

"Maybe I'll take off my veil before."

"Now It doesn't matter. "

"From the beginning when I stepped into the palace of juechan emperor, I was carrying a deep blood feud."

"All I get is to uncover the secret of the world covered by many of the most powerful people standing on the top of the mountain."

"Maybe it's not a secret. It's their cover."

"For their own selfish desires, they trample on the dignity of a top-level clan and carve up the wealth of the top-level clan!"

"They think they are the masters of the world!"

"They enjoy the pleasure of plundering resources!"

"They tell the world that the palace of juechan emperor is a typical example of the law of the jungle!"

Wei Ying smiles.

The color of lips is as red as blood in the ice and snow!

"A bunch of stupid masters!"

"They don't know that their proud resources are not the secret of juechan Palace at all!"

"Because the real secret of juechan emperor's palace is hidden under the bones of countless disciples!"

"It's Wei Ying, who has opened up the endless corpses and grasped the supreme secret in my hand."

"I want to use the supreme secret to go to heaven, and take those who participate in all this, one by one
Pull down the dark abyss

"Correct the name of the people who died in the palace of juechan emperor!"

Wu mang beside her obviously felt Wei Ying's mood. As soon as she stepped on her feet, a big fire broke out all over her body!

The ice of that iceberg is melting!

Vegetation recovery!

The whole mountain had a strong vibration.

After a full minute.

Wei Ying breath convergence, turned around: "go, a short time seven cold teach dare not start to Ye Chen."

"If it is moved ahead of time, the new account and the old account will be calculated together."

"Bai Er, let's go."

.....

Twenty days later, shenjizong.

Ye Chen, sitting indoors, is covered with all kinds of scattered jade slips and ancient books. The whole person is almost submerged.

At this time, ye Chen, eyes closed, sometimes frown, sometimes smile, sometimes dignified, sometimes full of joy, seems to be constantly thinking about what.

And the weird thing is! With the change of Ye Chen's expression, behind him, on the wall made of the most solid corundum, there are still sword marks, sword marks, fist marks and palm prints from time to time!

At this time, the top quality corundum wall was covered with countless marks!

Enough, millions of them! Layer upon layer!

All of a sudden, ye Chen's eyes suddenly opened. In his eyes, a dazzling white light burst out. A strong sense of true martial arts rose to the sky. All the people in the shenjizong were at the same time. They were shocked and looked at Ye Chen's direction!

Tu Lanxin and Yu Zhenzi both look different at the same time!

How is this possible?

Only a few days have passed! How can ye Chen's true martial spirit be enhanced?

Even in that place, it's very difficult to understand the meaning of real martial arts! Even if, ten thousand years, can advance a small step, is considered to be good

But what about ye Chen? In less than a month, has it improved?

Moreover, it seems that progress is not small!

Tu Lanxin's expression has collapsed

It's not alive?

Once upon a time, it was her who made other demons depressed and oppressed. Now, it's her turn to experience the same feeling

As for Yu Zhenzi, he has lived for a long time. He is a strong man who has been in charge of the first class of the kingdom of God. At this time, besides giggling, he is still giggling

After a moment, the breath converged. Ye Chen stood up and took a look at the corundum wall behind him. His face was full of joy!

This closed door, the harvest is great!

Shenjizong is the upper class sect of the kingdom of God. It collects all kinds of top martial arts skills in the kingdom. In addition, ye Chen also has a half step ancient martial art from Hong Yan!

Unfortunately, he didn't like to take the initiative to teach him.

If there is the instruction of the overlord, the progress may be faster.

Every time ye Chen glances at the samsara cemetery, he will find that the samsara cemetery is the voice of the old man and the crazy overlord.

Both of them are still in trouble.

There are many times, ye Chen really can not see down, cut in a few words, a strong sense of martial arts on their own hard out!

He felt that he was the Lord of the reincarnation cemetery, too.

But these days, there is a surprise.

That is the six swords, and the wind is clear.

Ye Chen is always curious about the concept of "six swords returning to one" which has not been used yet.

He asked Feng Qingyang once.

Feng Qingyang only answered one sentence: "stronger than your true martial arts meaning, that is the acme of sword!"

In the past 20 days, ye Chen did not deliberately practice any martial arts skills, but he has already mastered all the martial arts he has learned!

One pass, one hundred pass!

Understand the essence of martial arts, it is not difficult to create martial arts skills, let alone understand?

This understanding, let Ye Chen digest a lot of that martial arts meaning!

Lingxiao's martial intention has increased his strength by three times!

His realm also achieved the breakthrough to Taixu two layers of heaven.

Just, let Ye Chen strange is, too Xu thunder rob why not come?

Is this a big idea?

It's not going to happen in time. It's better than Orey.

Chapter 2606

Ye Chen has some bad premonition in his heart.

"Well, I don't care when the thunder robbery comes! I don't believe it. No matter how strong the thunder robbery is, can it be stronger than Lingxiao martial arts? "

Lingxiao's martial sense is based on Ye Chen's touch of a trace of real martial arts, combined with the martial arts of the overlord, only his own martial arts artistic conception is mastered.

What's more, what ye Chen understands is a very advanced one among the martial arts! With this kind of advanced martial arts, in fact, the promotion of force is all sides!

No matter the speed, attack, find each other's flaws, artistic conception lock and so on, all have bonus!

However, the higher the artistic conception of martial arts, the more difficult it is to make progress!

Even with Ye Chen's talent, it would have taken years, even more than ten years, to reach the present level without the extremely pure martial arts flavor left by the Seven Star refining God Pavilion!

The essence of the martial arts meaning left behind is the understanding of martial arts by the shenjizong predecessors!

The understanding of martial arts of a super strong person who rose to the extremely strong plane in ancient times!

As long as you have the basis to absorb the other party's martial arts understanding, you can greatly accelerate Ye Chen's growth speed of martial arts.

However, it's a pity for ye Chen. Now, he can say that he has thoroughly understood many martial arts skills of the kingdom of God. There is no material that can be used to improve his martial arts artistic conception. If he can't find any other chance, he may want to absorb the remaining martial arts artistic conception, so he has to wait and wait!

In addition to improving the artistic conception of martial arts, ye Chen created a body method, a boxing technique and a soul skill after integrating various martial arts skills!

He called these three martial arts skills as Jiwu!

After all, this martial art has surpassed everything. However, there is still a slight gap between the two ancient times.

They are

Jiwu: Shenshan!

Jiwu: heavy fist!

Jiwu: kill the soul!

Ye Chen's eyes keep flashing. With the blessing of Lingxiao's martial arts, he can quickly switch these three extreme martial arts skills, and then with the martial skills taught by fengqingyang and the magic emperor, his own strength will be improved again!

It's a pity that all this is terrible for the spiritual power consumption of the elixir field.

Try not to use it until you have to.

Otherwise, they are likely to fall into crisis.

After all, if there is no such level of Lingxiao martial arts blessing, even if the martial arts understanding is strong, it can't be as perfect as ye Chen!

At the next moment, ye Chen's figure flashed rapidly in the room. During the flash, he sometimes punched out. In the twinkling of his fist, he turned into a spirit attack. At the moment of the attack, another fist came out, and all of a sudden, it was converted into sword technique

So constantly switching, running in, ye Chen's attack, more and more smooth, smart!

Half a day later, ye Chen wiped the sweat on his forehead and said with a smile: "this level, without the help of the power of the crazy military overlord, should be enough to deal with the warriors who cut the four layers of heaven? Today, let's just practice here. Don't let Yinger wait. "

Now, if ye Chen's bottom card is done, the comprehensive strength is already comparable to the strong one who cuts the four layers of heaven!

At this rate of progress

It won't be long before ye Chen's name will be on the tablet of God worship!

It's horrible!

Even if this is the reincarnation of the real devil, it is not as rebellious as ye Chen?

In the blink of an eye, ye Chen has come to Chu Ying's dormitory building, Chu Ying has already been waiting there.

Today's Chu Ying, specially dressed up, originally cool and beautiful face, but also added a trace of charm, even if ye Chen saw, also can not help but slightly a Leng, mind swaying!

How tempting!

Ye Chen couldn't help swallowing his saliva, walked forward and said with a smile, "Ying'er, you've been waiting for a long time."

Chu Ying smile, way: "so long just come!"

Ye Chen touched his nose and hugged Chu Ying's slender waist and said, "well, when it comes, I'll accompany you to have a good stroll."

.....

After that, ye Chen took out a flute and blew it gently. A dragon chant rang through the sky. Then, there was a black Jiao with black and shining scales all over his body. He pulled a dragon cart and fell from the sky!

Look at this black Jiao, it's no worse than the ice Jiao of the seven cold sect! This black Jiao's cultivation is also high!

Ye Chen smile, still satisfied, the dragon car is also yuzhenzi gave him.

This jade Zhenzi is really good to Ye Chen.

This can be said to be a very large object.

Then, they took the Dragon cart of shenjizong and went to Shenyuan city.

Ye Chen, originally wanted to take Chu Ying to go for a walk together to relax his mind. However, since the war with Han Jiaojiao, Chu Ying has been even more affected by her own lack of strength. She does not want to be always protected by Ye Chen. Even if she can't catch up with Ye Chen, she doesn't want to drag Ye Chen down!

Therefore, during this period of time, Chu Ying was practicing hard and didn't want to play. Ye Chen, also did not force.

.....

Shenyuan city is not too far away from the Shenshan mountain where shenjizong is located. A day later, the Dragon cart landed in a big city with bright lights and incomparable prosperity.

Here is Shenyuan city.

Shenyuan city is not only the place to celebrate God's day, but also the central area of the whole kingdom of God! At the same time, it is also the base of the kingdom of God.

When ye Chen's dragon car landed, it also attracted a burst of shocked eyes. After all, not everyone is qualified to take such a dragon car.

However, the reaction of these people is not too big.

In fact, if you want to take part in God's day, not everyone can participate.

Only those who have a certain identity and get the invitation cards distributed by Shenyuan city can get the qualification to enter Shenyuan city.

However, for ye Chen and Chu Ying, disciples from the first-class forces, naturally it is not a problem. There are too many invitation cards assigned to shenjizong.

However, it can also show how high the quality of martial arts is in Shenyuan city.

Walking on the streets of Shenyuan City, ye Chen is also slightly surprised.

It's almost impossible to see the martial arts practitioners here!

Chu Ying said to Ye Chen, "my grandfather and I have made an appointment to meet at Shenyin restaurant. Shall we go shopping first or go directly there?"

Ye Chen thought for a moment and then said, "go straight there. After seeing my grandfather, it's not too late to stroll."

For Chu Ying's grandfather, he was very polite. He didn't want his elders to come first and wait for them.

Soon, ye Chen and Chu Ying arrived at Shenyin restaurant, which was also very imposing. It looked like it was towering. I didn't know how many floors there were. In addition, even so, the restaurant was full of people!

Business is booming!

Ye Chen's eyes flash, Chu Ying's mother's literary family can be located here, it seems that it is not an ordinary family.

From the manner of the guests and their accomplishments, if ye Chen guessed well, the literary family should be a third or second class family.

Born in such a large family, why does Chu Ying's mother like the father of Chu in the kingdom of nine you?

Ye Chen doesn't understand.

Chapter 2607

But to come, Chu Ying's mother also withstood a lot of pressure.

Ye Chen didn't feel anything about such a family. With his current strength and status, let alone the second-class family, he would not have any fear even if the first-class family of the kingdom of God was in front of him.

Ye Chen walks into Shenyin restaurant with Chu Ying. The reception at the door is a beautiful woman with charming makeup. Looking at Ye Chen, her eyebrows wrinkle inadvertently.

Taixu cultivation?

Or is it too empty?

How can such people afford to eat in Shenyin restaurant? Shenyin restaurant, the porter of tea and water, all ask for more than three days of Taixu.

However, when Chu Ying took out the VIP card and reported the number of the private room ordered by the writer, the receptionist still showed a professional smile and led the two people upstairs with great courtesy.

However, looking at Ye Chen's eyes, but with a faint sense of strangeness.

Obviously, she regards Ye Chen as that kind of small white face.

All this, naturally can't hide Ye Chen's eyes, but, he didn't care.

What's the matter with a servant?

Shenyin restaurant, a total of 999 floors. The higher the number of floors, the more expensive and higher the private rooms are.

The private rooms ordered by the literati, on the 900th floor, have already been regarded as the highest level of private rooms.

After all, the last ninety-nine floors can only receive guests from first-class forces.

Soon, ye Chen and Chu Ying entered the compartment of the ninth floor.

There is no one in the private room yet.

Ye Chen glanced at the decoration, design and so on of the private room, and nodded his head. It was luxurious.

Even in the kingdom of God, it's the best.

He is now living in shenjizong's residence, and he is out of the hands of a famous Shenguo master. Even if ye Chen did not know about it and lived for a long time, he naturally had a certain appreciation of decoration and design.

Nothing else, this carpet alone uses the skin of the beast!

Walking on it, you can still feel the aura rolling into your body. Your whole body is warm, as if you are soaking in hot water. It's very comfortable. Even if you don't eat, sitting here is a kind of enjoyment.

After ye Chen and Chu Ying sat down at the table, Chu Ying looked at Ye Chen hesitantly and said, "Ye Chen, my mother's literary family is a second-class family. My grandparents' conduct may be a bit snobbish. If there is any disrespect..."

Ye Chen said with a smile: "don't worry, I have discretion."

Chu Ying happily smiles and nods. To be honest, now, it should be regarded as her climbing Ye Chen!

Although she doesn't care about her family background, there is a man who makes her proud. She can't wait to introduce Ye Chen to her grandfather.

.....

At the same time, Shenguo Yan Xuan mountain.

This is one of the ten forbidden areas in the kingdom of God.

Yanxuan mountain is full of special magma that can burn out Taixu and cut E.

Under the magma, there are many strong souls.

There is no grass here.

There is no aura here.

In the fierce magma, there is a head of the strong people can not break the stone beast!

The whole body of the burning stone maniac beast is hard and incomparable spirit stone.

They have very high temperatures!

It's the overlord in this area.

They devour too many warriors.

At this time, in the magma, there were only a few hundred animals left!

The key is that these hundreds of heads are filled with fear in their eyes!

Seems to be afraid of something!

Suddenly!

The magma that was enough to kill the soldiers was surging up!

In the magma, there is a huge whirlpool!

Suddenly there were low voices in the whirlpool!

Lightning flint sword, whirlpool unexpectedly rushed out of a big man!

The man's body is covered with terrible flame tattoos!

He's like a flame!

A flame that can't be extinguished!

The man rose from the sky and landed suddenly!

A blow directly hit the body of a burning stone beast!

That's a giant spirit stone with the most rigid attribute!

The power of counterattack is enough to kill yourself if you touch it!

However, when the fist touches.

The burning stone beast was broken and even turned into powder!

What kind of brute force is this!

The man laughs, does not have the strength at all!

Fist through the powder, into the raging magma!

In a flash, set off a million waves!

"Bang! Bang! Bang

In the mine storm, the man blows out one fist!

The last few hundred flaming stone beasts are all destroyed!

You should know that in the history of the kingdom of God, there were 87.85 million burning stone beasts on yanxuan mountain! There are almost no natural enemies in yanxuan mountain! At the moment, it was destroyed by that man!

The man's body is full of strange waves, the light breath is some frightening.

He bent his knees and burst out!

The whole person is in the air! Suddenly came to a mountain top.

At the top of the mountain, a cane chair, an old man drinking wine leisurely and leisurely.

The man clenched his fists, and his iron like muscles burst out strong killing intention: "yonglao, you let me kill the burning stone beast, I have finished! These rough skinned and fleshy guys are really good at fighting! Fortunately, I have the blood of heaven and earth

"I've finished my task. Can I go to my elder brother?"

"Go to the extreme God

Eternal king stretched out a stretch, looked at Yan Kun, Gu Jing Bu Bo's eyes slightly shocked.

But the shock soon disappeared, he looked at the man, said: "Yan Kun, not enough."

Yan Kun some angry: "my strength now, not enough?"

"Do you really need me to smash the chaos before I go to see my elder brother? You're playing with me

"I don't do it. I'm going to find my big brother!"

Eternal King Mou son tiny MI, nodded: "had better be so."

"The enemy your brother is facing is not an ordinary existence."

"Not to mention the existence of those who control the lives and deaths of countless people behind the scenes, at present, the causal array of the 49 powerful people who cut the enemy's peak is a catastrophe."

"Your current strength is not enough."

Yan Kun's face suddenly raised: "my eldest brother is the Lord of reincarnation, and I am the last person of the heaven and earth God family. That bullshit Tiandao palace is a hair. I smash it with one blow!"

The eternal King shakes his head: "one blow to pieces? You look down upon the heavenly way palace

"Since you think you have enough strength, I'll take you to Tiandao Palace today to let you know how much you still need to go!"

"That's the difference between heaven and earth!"

Yan Kun's eyes flashed a trace of hesitation, but at last he was extremely resolute. He even gushed out flames all over his body!

This is the innate flame of heaven and earth!

Fire of heaven and earth!

"For the sake of big brother, go

"No matter what, they can't kill me!"

The eternal holy King's eyes flashed and murmured: "maybe at present, it's good to use you to disrupt the array of Xuanyuan ink evil."

Chapter 2608

After half an hour, outside the door, there was a sound of footwork and a bold and forthright voice.

"Ha ha ha ha ha, we Ying'er is the disciple of shenjizong and the pride of our literati!"

At the door, there were four people, two men and two women.

Ye Chen's eyes swept over the four people's faces. The two old men, who were dressed in luxurious clothes and all over the body, revealed a noble spirit. They must be Chu Ying's grandparents.

And with the two behind a woman, looks and Chu Ying have a bit similar, also can be regarded as a beautiful woman, but, and Chu Ying a comparison, is far from.

If you use Ye Chen's eyes to score, you can barely get a score of seven. At this time, the woman is holding a young man in white, with narrow eyes and elegant appearance.

The old man who spoke was naturally Chu Ying's grandfather, Wen Tianshi, the master of the literary family. His accomplishments were so terrible!

Standing beside him, the woman with vicissitudes and temperament is Chu Ying's grandmother Li Shu Shu.

Chu Ying's cousin Wen Xin is somewhat similar to Chu Ying's appearance. Wen Xin is not only her appearance, but also inferior to Chu Ying's martial arts talent. Chu Ying's accomplishments have reached the late stage of Taixu, while Wenxin has just broken through Taixu, and her breath is still unstable. It seems that she is relying on external forces.

As for the elegant man, he was the object of Wenxin's recent engagement, named Yu Fengxian.

Ye Chen's eyes swept over the crowd. He stayed for a moment and his eyes flashed slightly.

This Yu Fengxian is less than 100 years old. His cultivation has reached the level of chopping!

Even if it is placed in the God Jizong, it will be regarded as a demon on the side.

Wen Xin's eyes fell on her sister, and a trace of jealousy flashed through her beautiful eyes.

She did not hesitate to use pills, so that her martial arts foundation was affected, but also to reluctantly improve her accomplishments. But in the end, she was thrown away so much by her sudden appearance of sister?

Why! From small to large, he is excellent in his family!

Not long ago, the appearance of this woman deprived her of all her honor.

These days, the family always appreciate their sister!

However, she soon thought of something, calmed down, took yufengxian's hand, tighter a point.

"Grandfather! Grandma! Sister Chu Ying is also very happy, after all, in this foreign land, can see his blood relatives.

Ye Chen also stood up, facing several people, politely saluted: "grandfather, grandmother, sister, and this brother, Hello, next ye Chen."

Ye Chen regards Chu Ying as her own woman, and naturally she should be called with Chu Ying.

With a cry, everyone's eyes were focused on Ye Chen. Wen Xin showed a frown and snorted, ignoring Yu Feng. Yu Feng's face was light and silent. Only Chu Ying's grandmother Li Shushu said with a smile: "hello."

Wen Tianshi frowned directly at Chu Ying and said, "Yinger, who is he? How can you bring a boy from Taixu to such a place? You have to know that you are a man of letters. If you take a man into or out of this kind of occasion, what will you do if there are rumors that affect your reputation? "

With that, he also pointed to Yu Fengxian beside Wen Xin and said, "even if you want to take it, you should be like Xin'er. It's a young talent like Dai Fengxian! You Why did you bring a man like that? It's better than the wine shop for him

Wen Xin raised her chin with pride and said with a show off smile to Chu Ying: "sister, I haven't introduced you yet. This one beside me is your brother-in-law, a true disciple of the first-class ghost sword sect. Yu Fengxian, come here and say hello to your brother-in-law."

When she spoke, her face was full of smile. She admitted that her appearance and talent were not as good as her sister, but she didn't need it, did she?

She, after all, is a woman. The most important thing in a woman's life is not to find a good man?

Her greatest achievement in this life is to seize yufengxian!

By this alone, she won her sister completely!

Can Chu Ying find such an excellent man as Yufeng?

Ha ha, his sister that cold character, even hands are not allowed to touch, which man will like?

What's the use of being beautiful?

In Wen Xin's eyes, Chu Ying is disgusting, pretending to be lofty!

And at this time Chu Ying, originally also with a smile of pretty face, but completely gloomy down!

She takes her own man, where to go, also need to worry about what gossip?

Is there anything to lose face with her man?

Jianyu, Zhenfeng? It seems to be very excellent, but compared with Ye Chen, what is it?

Why should ye Chen be inferior to him!

She doesn't like it. Some people speak ill of Ye Chen in front of her, even if it's her grandfather!

Ye Chen, is her scale! Chu Ying, ignoring Wen Xin, stood up and looked at Wen Tian Shi without expression and said, "grandfather, please apologize to Ye Chen, because ye Chen is my man!"

The whole Shenyin restaurant seems to have fallen into a dead silence!

Wen Tianshi looks at his granddaughter in disbelief. Chu Ying, who has always been clever, actually contradicts himself?

Although he and Chu Ying did not meet for a long time, but this period of time together, he knew that Chu Ying was knowledgeable and reasonable, very clever, and did not contradict himself once! Let alone apologize!

Now, even for the sake of a boy in a too empty situation, contradicting the elders?

What's more, Yinger, what did she say?

She said, this trash is her man!!?

For a moment, Wentian stone beard was angry and Zhang. In his eyes, the flame was soaring and he was staring at Ye Chen. All of them were bleeding!

The fury of the spirit power, the boundless fury, the surrounding void, under the anger of Wen Tianshi, seemed to have been ignited and began to twist!

He almost can't help but kill Ye Chen directly!

Wen Xin was stunned when she heard the speech. At the next moment, there was a wave of ridicule and ridicule in her eyes. She knew that Chu Ying could not find such an excellent man as Yu Fengxian, but could she find a waste?

This, too funny?

She was holding her stomach, laughing, holding out a hand, pointing to Ye Chen and saying, "sister, my good sister, is this your vision of looking for a man? Isn't that great?"

Good looking, but ah, men, is to see the strength, you understand? Did you find a piece of rubbish in the kitchen of Shenyin restaurant?

Or did he pull a tea and water waiter and come in? Oh, I'm sorry, I forgot that Shenyin restaurant, even the waiters, has no such realm of people. "

Chu Ying, completely angry!

Chapter 2609

Originally, she wanted to introduce Ye Chen to her family!

Although she knows that her family is snobbish, she is their blood relatives after all, but they treat themselves like this and bring their guests?

Don't even give her an opportunity to introduce Ye Chen?

Moreover, ignore Ye Chen's greeting, even if, still want to so ridicule, insult her man!

She can't stand it!

If she had known that Wen family would treat Ye Chen like this, she would never have brought Ye Chen here!

The next moment! As soon as Chu Ying turned her wrist, she held a long sword directly. She pointed at Wen Xin and said coldly, "sister, if you are so rude to my man again, don't blame me, regardless of the sisterhood."

The whole family was stunned again!

They did not dream that Chu Ying would draw his sword directly to his sister for ye Chen's sake!

"Yinger, are you crazy?"

Wen Tianshi trembled angrily. Did the boy give his daughter some enchanting soup? Let her become this way!

In the atmosphere, some tense time, ye Chen suddenly stretched out his hand and pressed down Chu Ying's sword.

He said lightly: "since you do not welcome me, I will not disturb you."

Wen family, is Chu Ying's family, he can give each other face.

However, if the other side does not want, then, ye Chen is not good to accompany.

He never had the habit of being submissive.

If Wen Xin was not Chu Ying's sister, he would have slapped him in the face.

Say, ye Chen body shape move, want to walk toward the door.

Chu Ying at this time, but really flustered, she quickly seized Ye Chen's hand, big eyes wronged to look at Ye Chen, pear flowers with rain, whispered: "Ye Chen..."

Ye Chen tiny smile, touched Chu Ying's head way: "silly girl, you are you, your family, is your family, I distinguish clearly."

"Well, I'll go with you!"

Ye Chen shook his head and said, "accompany your family, I'm waiting for you outside."

He knew that Chu Ying had not seen his family for a long time. Although he was unhappy because of himself, however, no matter what attitude these people had towards themselves, they were still Chu Ying's family members, and they should or should accompany them.

But at this time, a figure flash, block in front of Ye Chen body.

Ye Chen looked at the man standing in front of him, his hands turned back, and his face was cold and proud.

This man is the true disciple of ghost sword sect, Yu Fengxian!

Yu Feng first glanced at Ye Chen and said coldly, "have you left? You're going? Apologize to Xin'er! "

Apologize to Wen Xin?

Wen Xin insults himself and doesn't do it himself. It's enough for Wen's family to face him. Do you want him, ye Chen, to apologize?

In a flash, ye Chen's face color, also Yin cold down.

"Sorry? Why should I apologize? "

Yu Feng's long and thin eyes flashed a cold meaning, and asked you to apologize, just apologize, a piece of garbage, and so much nonsense? Don't want to live?

As soon as he entered the door, he saw that ye Chen was not agreeable to his eyes. A mole ant in a too empty environment did not speak to himself in a low voice, and he did not look humble or arrogant?

What the hell?

Is backbone a waste that should be possessed?

Waste should lie on the ground and lick the shoes of the strong!

However, when he looked at Chu Ying, greedy color flashed in his eyes. Chu Ying, too beautiful!!!

More beautiful than Wenxin! It's good to eat all sisters, isn't it?

Therefore, he does not want to give Chu Ying a bad impression.

He said faintly: "if it wasn't for you, Ying'er, how could you fight against your sister? Don't you know what you did wrong? It's light to ask you to apologize. Originally, you should be asked to kneel down. For the sake of Yinger's face, it's unnecessary. "

Chu Ying hears the speech, the anger all wants to tremble, however, in she wants to speak, the leaf Chen first opened a mouth.

He gazed at Yu Fengxian and suddenly thought of a sentence from Huaxia and said with a smile, "silly fork."

"This is my hometown's words, do you understand?"

Silence

The whole box was in a dead silence!

All people, even Chu Ying did not expect that ye Chen would be so direct, so suddenly, in front of all the literati, directly insulted Yu Fengxian!

This is ten times more insulting than Wen Xin and ye Chen!

Yu Feng first, did not respond for a moment, subconsciously asked: "what do you say?"

Ye Chen looked at Yu Feng with a smile and said, "silly fork."

.....

Too insulting, naked insults!

Wen Tianshi, are a little silly. Is this boy addicted to death?

Despise the strength of yufengxian? You should be able to understand people, right? Didn't you hear, Wen Xin said the identity of Yu Fengxian?

Or is there something wrong with the brain? You can't understand?

How does this kind of person match the Chu Ying of the Supreme God?

And Yu Feng first, at this time, in the eyes, is already a piece of blood red, the forehead green tendons crazy jump, angry to be possessed by the devil!

He yufengxian is a true disciple of the ghost sword sect! On the Dao, the talent is amazing!

Even a kind of elder and headmaster of the ghost sword sect, they all care about him. When have they been insulted like this!!!

Not to mention, is a waste of a too empty environment!!!

Now, there is only one thought left in his mind!

Kill Ye Chen!

At the next moment, there was a huge bang. The extremely strong Yin evil spirit spread from Yu Fengxian. In his hand, he held a bright red as blood. There was a ghost head carved on the handle. Countless blood colored lines on the blade flickered continuously, as if the best long sword with beating heart!

"Waste, give me death

As soon as the voice falls, the Yin evil spirit condenses and the blood light explodes. In an instant, people seem to fall into the sea of blood. The ghosts flash wildly, and a soul killing magic knife falls from the sky!

The void vanishes and everything disappears, leaving only blood and killing intention!

With a knife, countless sharp knife marks appear on the walls, floor and furniture of the box built with extremely strong materials!

On the ground that piece of tough and incomparable animal skin, is directly broken into countless pieces!

Wen Tianshi looked at the knife, but his eyes were wide open and his face was full of admiration!

This knife is really amazing! If only on the level of martial arts, this Dao has far exceeded his own!

Wen Tianshi, I don't know how many thousands of years he has lived! What about yufengxian? One hundred years old, less than

If you give him time

Just think about it, Wen Tianshi is excited!

Wenjia, a good son-in-law! Maybe, after a while, the literati will have the qualification to impact the first-class forces?

Yu Fengxian is worthy of being the true disciple of the ghost sword sect! The future is limitless!

Even Chu Ying is a little nervous!

Chapter 2610

Ye Chen, although he has defeated hanjiuxi, he is obviously inferior to Yufeng in terms of the artistic conception of martial arts!

Ye Chen, can you win?

At this time, the corner of Yu Fengxian's mouth raised a cruel smile. Is this fool scared to be stupid? Move, will not move?

This knife, with boundless Yin Qi and blood evil spirit, fell on Ye Chen's neck.

But in this moment, Yu Fengxian's pupil suddenly shrank!

What did he see?

In front of you, why are you laughing?

Smile so scornfully?

Unreasonable, really unreasonable

In this case, no one can laugh!

Powerful combat talent, give Yu Fengxian, a very dangerous feeling!

At this time, ye Chen moved.

"Jiwu: Shenshan!"

Ye Chen's speed, in an instant to a strange level! Originally, almost with his neck, the bloody knife of zero distance, suddenly, as if static!

Ye Chen easily to the pole, then evaded this should be in a knife, flash to Yu Fengxian behind.

And in the box of people, even Wen Tianshi, ye Chen, as if directly disappeared in general!

Yufengxian, it is directly dull!

But, intuition told him, there is danger, behind him!

The next moment, he did not hesitate to knife light a turn, the body quickly whirled, chopped to his back!

With a loud bang, this knife directly chopped up the buildings in the 900 storey Shenyin restaurant!

Yu Feng first, but he was stunned

Behind him, where is anyone?

Not even a ghost!

At this time, ye Chen's voice rang out from his original position: "strength, reaction, are good, but unfortunately, the speed is too slow!"

"What?"

Ye Chen, didn't it disappear? What, back to where you are?!

Yufeng first whole body cold sweat, crazy flow, a pore, all began to shrink, eyes are fear!

Ye Chen, too strange!

"Now, it's my turn."

Ye Chen smiles, he won't give Yu Feng a chance to make a move, it's a waste of time.

He wants to try his own understanding and creation of martial arts!

"Jiwu: heavy fist!"

One punch, it looks simple and unadorned. Even, you can't feel the meaning of it.

The only feeling for him is heavy!

Extremely heavy!

As if, can the martial law, direct breakdown of heavy!

Ye Chen, although did not use any martial arts skills, but on the fist, but with a black light!

That's not the black light from psychic power.

That is, the law of martial arts appeared a little crack, released, died of breath!!!

"No

Yufeng first roared, and there was no time to make a sword again. He had to excite the ancient armor he was wearing!

The whole body spirit power, the essence blood, even the spirit spirit, are burning wildly, pouring into this armor!

The blood light burst out, and a very solid skeleton virtual shadow bloomed from Yu Fengxian's body, protecting it under it!

However, the Protection released by the power can be fully opened, but the moment it touches the black light on Ye Chen's fist, it is broken

As if the paper paste general, broken

Wenjia people, is a burst of horror! The brain, it's all stopped working!

Can the shadow of skeleton be resisted even if it's a blow from a warrior in the middle of the war?

That's it, broken?

Is this a fuckin 'fake?

The next moment, ye Chen's fist fell on Yu Fengxian's body.

"Poof!"

Yufeng first spit blood, waist, under the effect of huge force, bending 180 degrees, the whole person, like a shell, fly forward! Boom!

Yu Fengxian's body actually smashed a big hole in the wall of Shenyin restaurant!

PATA, like a pool of mud, fell on the front door of Shenyin restaurant! All the bones and muscles were broken and dying.

Ye Chen slowly took back his hand, which was still his face to the literary family. He didn't want to kill people on the Party of the literary family. Otherwise, Yu Fengxian had been beaten into nothingness by him.

Such strength and talent, in the eyes of Ye Chen now, is invincible.

Outside the door, a woman, paralyzed against the wall, looking at Ye Chen, her body constantly shaking, warm liquid, from the body outflow, this woman, is the God silver restaurant that despises Ye Chen!

Originally, she heard the voice of quarrel, came up to have a look, but when she arrived, she saw Ye Chen's most terrible fist! Just because of the power of this fist, she almost broke her mind!

Thinking of his rudeness to Ye Chen before, the female receptionist actually kowtow to Ye Chen and apologized: "I'm sorry! I'm sorry, young master! Just now, I was blind! Please forgive me for offending you

Ye Chen lightly swept her one eye, ignore, go downstairs.

And behind him, he left a complete blank, staring at the big hole on the wall, which was smashed by Yufeng's body.

Just now, what happened?

They feel, their brain, also by Ye Chen that punch, blow rotten.

Wen Xin's pretty face was pale. At the next moment, she burst into tears. She ran down the stairs, holding Yu Fengxian, who was just like rotten meat, and whimpered bitterly.

Although she and Yu Feng had some feelings, they were not as good as this.

She cried, is her own future!

Yufengxian, although he didn't die, he was destroyed!

Where is she going to find another yufengxian?

If you don't have yufengxian, what are you? Oneself, what also is not!

She will live forever and be trampled on by her sister!

How can we not be sad? It's going to be crazy!

Ye Chen stands at the door, glances at Wen Xin and sneers. He is too lazy to argue with her. There is a saying that people are cheap and they have their own day.

And Wentian stone, like a stone statue, standing, heart is incomparable regret!

He now, where can not see, ye Chen is the real future of the literati, is able to shake the whole kingdom of God's top evil?

Originally climbed up Ye Chen, the rise of the literati, is a certainty ah!

Even, it's only a matter of time before you become a first-class family!

Can, such a once-in-a-lifetime good opportunity, born, destroyed in their own hands!

He calculated, snobbish all his life, but not to this day!

He is a sinner of the literary school!

At this time, Chu Ying's cold voice sounded from behind him.

"Grandfather, now, do you know why I brought Ye Chen to this Shenyin restaurant?"

Wen Tianshi shuddered and turned around in a hurry. Looking at Chu Ying's eyes, he actually took a hint of pleading and said, "Yinger, go and persuade Ye Chen No, Mr. Ye, if you say that your grandfather is wrong, you can ask him to kneel down and apologize to him. Would you please forgive him? "
