

Physician 2631

Chapter 2631

Standing opposite him was the dark shadow.

Although Ye Chen is on the verge of death, he has become incomparably frightful after the fire of war. A smile appears on his calm face.

He said to the shadow, "you lost."

The head of the shadow fell slowly to the ground.

.....

Under the Zhenshen tower.

Hua Jingtao suddenly opened his eyes, his whole body breath, soared to the sky, a dragon song, ring through the sky!

In a flash, all the people who participated in the divine light ceremony had a little stiffness! Even in the attic of a number of gods in the peak of the strong, the same is true!

That's the reaction of the lower life to the higher life!

Bai Yuhuang, looking at his disciple with great excitement, said with ecstasy: "it's successful! It's a real success! Tao'er, he has returned to his ancestry

At this time, it was the tenth day of the divine light ceremony!

This session of divine light ceremony is really wonderful! Over the past hundred years, there have been many talents in the kingdom of God! Sun Wuwang, Li Sheng, Zhao Lingren, xuanyuanjing and others are also the ultimate demons!

Any one of them, as usual, is the ultimate genius who can suppress the kingdom of God for thousands of years!

However, among these people, the most outstanding is Hua Jingtao and the mysterious woman named Ji Yan!

A group of Shenguo warriors who participated in the divine light ceremony looked at Hua Jingtao and Ji Yan in awe

This is the real monster!

Even in the history of the kingdom of God, there are only a few super demons!

Cut off the six layers of heaven, can you be one of the top 100 young men in the kingdom of God?

Not to mention, at this time Hua Jingtao, also exudes a kind of incomparable terror prestige!

Simply, let everyone want to worship Hua Jingtao!

The kingdom of God is going to change the sky completely!

Zhenlong hall will soon become the most terrifying existence among the first-class forces, right?

Thinking of this, many people look at Ye Chen again

In the eyes, there are sarcasm, disdain, schadenfreude and regret

How is Ye Chen now?

Don't say it's the fall of cultivation. Even life is almost gone!

It's like a dying man!

Yu Zhenzi stares at Ye Chen, with a glimmer of hope in his eyes. He has not given up! He believes, miracle, will appear!

But at this time, the golden light of Zhenshen tower suddenly dissipated.

Everyone is stunned, the golden light dissipates?

The golden light dissipates, which means that the divine light ceremony is over!

Why is it over?

No one, while still under baptism, will be over.

But at this time, ye Chen, has not awakened!

At this time, the end of the divine light ceremony means

Ye Chen, he is dead!

People look at Ye Chen. Sure enough, ye Chen, at this time, has no vitality

Ye Chen, really dead!

Yu Zhenzi knelt down on his knees, and the last glimmer of hope in his eyes dissipated

He knew that God Jizong was completely finished.

Even if it can exist, I don't know

The other people in the attic, however, did not care about yuzhenzi and welcomed their disciples with joy.

Huo Quan, the leader of the crazy bone sect, smiles at sun Wuwang and says, "hopeless, how do you feel?"

Sun was hopeless at this time, and there was a big difference from before.

On sun Wuwang's face, there was no domineering look before, but, the whole person's temperament, but fierce countless times!

He said calmly, "fighting holy body, advanced."

The fighting holy body, one of the supreme deities in the kingdom of God, can be upgraded!?

Huoquan smell speech, excited almost jumped up from the ground, grinning to the ear!

At this time, sun Wuwang glanced at Hua Jingtao and saw the intention of war in his eyes!

At the same time, he took a look at Ye Chen and shook his head slightly. Ye Chen let him down.

Hua Jingtao looked at Ye Chen, frowned slightly, and asked Bai Yuhuang, "master, what's wrong with that boy?"

Bai Yuhuang, the head of the Zhenlong palace, stood beside Hua Jingtao at this time, but with some excited attitude, he said with a smile: "that boy, I don't know what happened. In the ceremony, his accomplishments plummeted, and now even his vitality has disappeared."

He is excited because the potential of Hua Jingtao is the hope of the whole clan!

"Ha ha." Hua Jingtao sneered: "it seems that this boy knows his own fate and directly commits suicide? It's smart. Otherwise, I will make him worse than dead. "

After returning to his ancestral home, Hua Jingtao's strength soared many times!

If on the past ye Chen, he has absolute confidence, can win.

Even seconds!What's more, he has not only returned to his ancestry, but also got a half step ancient level extreme martial art, Longyuan sword rhyme!

This sword formula, with the blood of the dragon, has the power comparable to ancient martial arts!

Now, he is the God of the youth genius in the kingdom of God!

Even the leader of some low-level forces, the master, in his eyes, is just a mole ant!

At this time, yuzhenzi, with all the elders of shenjizong, walked towards Ye Chen, his face full of sadness and despair

They want to collect Ye Chen's body.

Although Ye Chen is dead, he is also a disciple of their shenjizong!

But all of a sudden, Hua Jingtao's figure flashed in front of yuzhenzi and others.

Yu Zhenzi said coldly, "get out of the way."

In Hua Jingtao's eyes, a trace of sarcasm flashed through his eyes and said, "are you going to collect this garbage corpse? Hehe, who allowed you to do this? Young master, I haven't cut off the head of this rubbish to offer sacrifices to my brother. You should collect the corpse and wait for me to cut off his head first and then collect it! "

Under the Zhenshen tower, there is a silence

Ye Chen is dead, not even accept corpse?

Also, cut off ye chentou?

Even if, ye Chen killed Huachen new, this, also a bit too much?

Yuzhenzi and others, instant rage!

With a shaking hand, Yu Zhenzi held up a long black sword of Juequ level. His hair was windless and his eyes were full of cold anger. He pointed to Hua Jingtao and said, "get out of the way, or die!"

"Dead?" Hua Jingtao is a smile, "on you, also deserve to let me die?"

"If I practice for another ten years, maybe I can kill you easily."

"I am not against you now, but someone can!"

The next moment, Bai Yuhuang appeared in front of him. When Bai Yuhuang lifted his hand, he had a long bloody sword in his hand, and he chopped yuzhenzi with a sword!

"Move my disciples and die! The Dragon God lost his sword

The sword Qi is vertical and horizontal, the void trembles, and the surging sword spirit turns into a long dragon, and one hovers, that is, to behead Yu Zhenzi!

When Bai Yuhuang faced the first-class patriarch of the kingdom of God, he did it without hesitation?

When the sword came out, the sword's meaning was all condensed in the dragon's body. It seemed that people didn't feel anything about it. However, Yu Zhenzi's face changed wildly, and his spiritual power was extremely working. On his face, a trace of abnormal red color appeared, and he roared: "Xuanyuan Zhenji sword!"

Chapter 2632

Yu Zhenzi, not only did his best, he even used Zhenzong's martial arts skills, but also burned his blood essence!

This is the strongest sword he can cut out!

At the next moment, the light of the Jue long sword in my hand flashed suddenly, and a black light came out from the sword! To the dragon that fell!

There's a big bang!

Even the Zhenshen tower seems to be shaking slightly!

The light converged, and everyone looked at it. A huge hole was smashed out of the ground

But Yu Zhenzi, at this time, was covered with blood. It looked as if he had fallen into the hole miserably

Bai Yuhuang looked down at yuzhenzi, with a contemptuous smile on his face, and said faintly, "waste."

"Wasted a little bit of power left by my ancestors."

Finish saying, Bai Yuhuang is smiling to look at Hua Jingtao: "for teacher, clean up everything for you."

"If shenjizong wants to go to war, we will accompany him to the end."

But everyone did not notice that Bai Yuhuang's hand was shaking slightly.

He was actually injured in the first World War.

Without the power of the ancestors, he would not have had such an effect.

He can surpass yuzhenzi, obviously cheated!

Moreover, Bai Yuhuang is very clever.

When ye Chen died, God Jizong was abolished.

They may even fall into the second class.

What other forces do you dare to say?

Rules?

It's always made by the strong!

Hua Jingtao arched his hands and grinned ferociously: "thank you, master."

Under the Zhenshen tower, countless people are thrilled to see the white jade huang!

Body, all in slightly trembling! Breath, forget it!

A sword! A sword in your hand!

Will God Jizong's patriarch, the top jade Zhenzi on the Fengshen tablet, defeated!?

White jade huang has always hidden strength?

Or did you use the technique?

This, this is too horrible, right?

If you add Hua Jingtao, will the sect crush the whole kingdom of God?

Even those who, in the divine light ceremony, also reaped great talent, looked at Xianghua Jingtao with a look of horror!

"Lord!"

The elders of shenjizong exclaimed, staring at the white jade huang and Hua Jingtao, and their whole body breathed furiously: "white jade huang! How dare you hurt the patriarch

"Are you going to touch the war?"

"Yes, so what?" Bai Yuhuang gave a cold smile and did not put these elders in his eyes.

He said faintly: "stop them and want to die. It's not too late for my disciple to chop off the head of the little garbage that day."

With that, he made a sign in his eyes, and Hua Jingtao walked towards Ye Chen.

Stop it

All the elders of God Jizong drank violently, and they were about to rush forward, but in front of them, they suddenly flashed several figures.

Bai Yuhuang took a group of elders of the town dragon hall and stopped them. He sneered and said, "what are you excited about? Let the younger generation deal with the affairs of the younger generation. Don't meddle in it casually, will you

"Ye Chen!"

"Ye Chen!"

Lin Yaqin, Chu Ying, Wen min'er, Yin Ming and other women are all full of tears. They rush to Hua Jingtao with their breath blooming. They are desperate to do something!

They know that they and others are not Hua Jingtao's opponents at all!

However, even if they die, they will never allow anyone to insult Ye Chen's body!!!

"Ha ha."

Hua Jingtao glanced at the women, and the dragon power was surging. He was confident that if he could let out a trace of breath, he would be able to bombard these women without any idea of death, leaving no residue left!

In the moment when Hua Jingtao's breath is about to be released!

A young girl wearing a veil blocks Ye Chen's body.

Hua Jingtao was slightly stunned. He naturally noticed the girl.

And it's hard for him to pay attention or not!

The unique genius of Luoxiazong, Jiyan!

Even in terms of potential, Hua Jingtao deeply knows that he is not as good as this girl.

And why is this girl standing in front of him now.

Hua Jingtao suppressed his inner doubts, arched his hands, and showed a smile: "Miss Ji, you are..."

Ji Siqing looks cold, full of seconds later, just spit out a word: "roll."

At this moment, the whole world seemed to be silent.

This extremely mysterious female disciple of the Luoxia sect actually said to Hua Jingtao, who is a demon and aloof?

Who gave her courage!

Of course, this series of smoke inspired vision! The potential is even more amazing!

But no matter how she said, she was only a disciple of the second class sect!

The details of the family are different! Even if you don't say the details, Ji Yan's strength is also a little behind Hua Jingtao!

Ji Yan's brilliance is dazzling, but it just breaks through to the four layers of heaven!

If they do, they will lose to Hua Jingtao who is awakened by blood!

Even the distant master of Luoxia clan and the elder of Yigai were all confused.

Why did Ji Siqing wade in this muddy water?

If Ji Siqing does not die young, the Luoxia sect will definitely become a first-class sect within a year!

It's not impossible to surpass Hua Jingtao's sect!

Ji Siqing is confused!

At the moment, Hua Jingtao's face is a little ferocious. He stares at Ji Siqing, and then says one word: "your talent is amazing! But you know the gap between you and me

"If you stand in front of that boy again, I swear, you will die miserably!"

"Even if you don't consider it for you, you should consider it for the clan behind you!"

However, before Hua Jingtao finished speaking, Ji Siqing's familiar and cold words came from under his Veil:

"go away."

"Or, die."

"If you don't believe it, you are welcome to have a try."

Threats.

The naked threat.

In this way, he came out of Ji Siqing's mouth.

Not only that, between heaven and earth, there was a shock.

A torrent of anger seemed to come.

Hua Jingtao's face changed slightly. He realized that he was in a cold world!

This mysterious woman, the artistic conception is so strong!

Even suppressed his blood.

Why didn't you hear about it before.

All of a sudden, his whole body shrouded in death dissipated, and Bai Yuhuang made a move.

Although Bai Yuhuang is strange, this is called Ji Yan woman's momentum, but still said: "Ji Yan, find out your position."

"If you stop again, luoxiazong will no longer exist!"

This is the foundation of the first-class forces!

However, Ji Siqing did not move.

When the atmosphere is not right, the master of the Qu family can't sit still any longer. He just wants to intervene in this matter!

A sudden change!

A big bang, from the location of Ye Chen!

A golden light, suddenly fell on Ye Chen's body!

Originally, as if the corpse general Ye Chen, suddenly opened his eyes!

Ji Siqing is obviously the first time to find that, with a slight smile, he even walks towards luoxiazong.

Don't take a cloud.

"Boy, you made it!"

In the voice of the ancient medical God, is joy!

"I didn't expect that the pagoda is the place to suppress the demons! Moreover, this evil spirit is extremely cunning, until such as you such rebellious evil spirit, only then thoroughly attacks!

If you really die in the world transformed by the town god tower, your body will be occupied by the ghost... "

Chapter 2633

Yes, the reason why Ye Chen appeared in the ancient battlefield is because there is a ghost in the Zhenshen Tower! Even, with the passage of time, it almost assimilated with Zhenshen Tower!

Fortunately, although the ghost was partially assimilated with Zhenshen tower, it was also suppressed by Zhenshen tower. Even if he wanted to devour Ye Chen, he could only infiltrate his own strength into Zhenshen tower and plunder Ye Chen's origin

At first, the demon soul who had just awakened could not exert all his strength under the restriction of Zhenshen tower. He could only imagine a few demons to attack Ye Chen. Later, he could use more and more powerful power. However, what he didn't expect was that ye Chen's progress was faster and faster!

In the end, he was swallowed up by Ye Chen

Ye Chen's battle with this demon soul is the epitome of the war between Terrans and demons.

In ancient times, the victory is the Terran!

Now, the winner is Ye Chen!

And ye Chen, devouring the ghost, basically, is equivalent to swallowing part of the origin of Zhenshen Tower!

Benefits, unimaginable!

Ye Chen slowly stood up and said, "Lao Cang, it turns out that in that long time, Shenguo martial road flourished because of the war with the demons."

"Some things can only be realized and developed in war. Terrans are not powerful in themselves, but they constantly imitate and learn from each other in the war with demons, and create all kinds of anti heaven martial arts

"The demon clan is good at swallowing. The essence of the demon soul must be extremely adverse to the heaven, isn't it? Once upon a time, I'm afraid it was an existence that devoured all living creatures! "

"I also understand why the devil wanted the bead."

"The reason why Zhenshen pagoda can bring all kinds of benefits to those talents in the baptism is that it feeds back the power of the demon spirit to them..."

"But now, it's all mine! It's a pity that I can't absorb it all now! A large part of it is stored in the samsara cemetery. "

Then, a breath, from ye Chen body burst, straight into the sky!

This demon soul is devoured by Ye Chen, which not only restores his cultivation, but also breaks through the five layers of Taixu heaven!

It's even close to the sixth floor.

You know, ye Chen's reincarnation makes him break through every realm ten thousand times more difficult than ordinary martial arts!

Ye Chen is practicing the real hell mode!

People look at Ye Chen, completely dull!

What's going on?

Ye Chen, isn't he dead?

It's still alive!?

Moreover, after the resurrection, not only did the cultivation recover, but also directly broke through the five layers of heaven of Taixu!

At this time, ye Chen, his body exudes a kind of incomparable frightful breath, people look at him, do not know why, there is a kind of, see the feeling of corpse mountain blood sea!

That is Ye Chen's intention to kill after fighting for thousands of years in the ancient battlefield.

Chu Ying and other women are full of tears, but also with a smile

Ye Chen turned around and looked at Hua Jingtao, who was full of consternation. He said to Canggu doctor, "it turns out that the reason why ancient martial arts are lost in the kingdom of God is that it is not enough to rely on understanding for ancient martial arts skills."

"Must, must fight with the martial arts extremely high artistic conception strong person, can grasp."

Canggu medical God said with a smile: "yes, ye Chen, your martial arts artistic conception, has broken through?"

Ye Chen nods. The martial spirit of Lingxiao has already been upgraded several levels, and the martial arts charm left by the Seven Star refining God pavilion has also been absorbed.

Otherwise, he will not survive in the ancient battlefield.

In his eyes, there are countless pictures of fighting with the demons. In the process of fighting, his Jiwu three forms have completely broken through to the level of ancient times!

At this time, Hua Jingtao returned to calm.

Ye Chen, resurrected?

And that mysterious Ji Yan actually chose to leave.

Hehe, isn't this just right?

Let yourself kill again!

As for ye Chen's cultivation, although he has made a breakthrough, it has been directly ignored by Hua Jingtao.

How about breaking through a few small realms?

In front of him now, can't change the fact that it's a mole ant!

"Ye Chen, run

Yuzhenzi, I don't know when to climb out of the hole, fight all out, yell at Ye Chen!

Hua Jingtao, however, sneered: "run? Where are you going? "

When his sword was drawn, the Dragon Power soared to the sky, and the endless sword meaning turned into countless dragon shadows. In an instant, he completely covered the heaven and earth around the town god Tower!

All of you are in the town. The heart is beating!

Surrounded by the sword, they only felt that Hua Jingtao could completely annihilate himself with an idea!

"Who can escape under my dragon Yuan sword array?"

Ye Chen is surrounded by a disciple of Jizong of the gods. When he looks at each other, his whole body is full of spiritual power. All kinds of swords and fist seals are hitting the Dragon shadow one after another! Yuzhenzi said so. They must do something.

As long as it's not a fight at the top!

They join hands as disciples, no problem!

"Roar!" The shadow of the giant dragon uttered a sound of dragon chant from his mouth. His sword and fist marks fell on it. Not only did they not have any reaction, but the disciples who took the move actually spat out blood one after another, and their bodies flew upside down!

Silence

In front of the dragon Yuan sword array, chop'e existed in the early days, just like a dog!

I can't imagine

At this time, ye Chen, look, but there is not too much fluctuation, just when his eyes swept to injured jade Zhenzi and a group of elders, more cold one point.

Hua Jingtao smiles at Ye Chen and says, "Ye Chen, it's a pity to kill you like this. It's said that you attach great importance to love? Do you think I'll kill all your women before I kill you

Ye Chen killed his brother, he killed Ye Chen's woman, is not the best revenge?

He knew how painful it was for a close relative to die, let alone in front of himself?

Ye Chen light way: "you, won't have this opportunity."

"Oh?" Hua Jingtao's eyes, with a trace of play: "do you want to commit suicide? It's not easy to resurrect. I'm going to commit suicide? "

"No Ye Chen stares at Hua Jingtao and says, "I want to kill you."

The people under the Zhenshen tower, looking at Ye Chen, are not only shocked, but also respectful!

Ye Chen, worthy of the name of the devil!

In this case, unexpectedly, still so proud!

However, although they respect Ye Chen, they are not stupid enough to believe that ye Chen is really Hua Jingtao's opponent

Hua Jingtao, after his return to his ancestry, is simply a God among many geniuses

Ye Chen, it's a bigger earthworm at most

Hua Jingtao scorned a smile, as if, still want to ridicule!

However, ye Chen did not give him this opportunity!

At the next moment, Qinglian mietian sword fell into the hand, invisible, and an indescribable charm burst out of Ye Chen's body!

At the moment of the emergence of this meaning, the dragon Yuan sword array, which originally blocked heaven and earth, was direct and disappeared into nothingness!

On Qinglian mietian sword, an extremely dazzling sword light broke out!

A sword light that even the God seems to be able to kill!

Martial law, in the light, constantly broken!

Hua Jingtao's scornful smile solidified

Completely solidified!

After a millionth of a second, Hua Jingtao roared, countless dragon scales appeared on the body surface, the whole person, into the existence of half dragon and half man!

At this time, he has inspired the blood of the dragon to the extreme!

All over the Dragon Power rolling, into the hands of the long sword!

Chapter 2634

Now, Hua Jingtao's power of one strike can absolutely kill any existence of seven layers of heaven!

Even if you cut the eight layers of heaven, you can fight!

Now he is very confident!

Very proud!

He wants to make the world feel strong!

He wants Ye Chenchun to be subdued by his sword!

He wants to devour these ants with endless fear!

He laughed.

Arrogant smile.

He seems to have seen Ye Chen's head cut off by himself.

I even saw the other person's frightened eyes.

"Dragon Yuan sword formula: Sky Dragon chop!"

Tianlongjian is the strongest move in the dragon Yuan sword formula!

With a click, a sword was cut out. The sword in Hua Jingtao's hand, even, was unable to bear the power of the sword, and there were cracks in every way!

A golden dragon with distinct scales and claws emerges between heaven and earth with infinite power!

Even if it is a group of mid-term genius, under the dragon power of the golden dragon, they can only tremble!

The senior leaders of the major first-class forces look at Hua Jingtao in disbelief. They know that if they give Hua Jingtao another ten years, they will not! Even a year, when Hua Jingtao breaks through chaos, they will die in the face of this sword!

Only the master of Zhenlong hall, Bai Yuhuang, was laughing wildly, laughing wildly!

Zhenlong hall will become one of the strongest first-class forces in the whole kingdom from now on!

The status rises infinitely!

And his white jade huang will be respected by the world!

Ye Chen's outburst really scared him just now. However, when Hua Jingtao made a sword, he was sure that ye Chen would die!

At that moment, Golden Dragon and sword light contact

An unbelievable scene appeared!

This seemingly incomparably powerful Golden Dragon Sword light is only in Ye Chen's sword light. After a breath of ten thousand, it disappears completely!

What's more, the sword light is still moving forward, and even the speed has not slowed down at all!

In an instant, it will be full of panic on the face of Hua Jingtao submerged!

Bai Yuhuang felt something wrong for the first time.

He found the fear of his disciples.

Ye Chen's idea of martial arts makes Hua Jingtao have no intention to resist!

In the sense of martial arts, Hua Jingtao has lost!

How could it be!

He had no time to think about it, and forced a drop of blood essence to shoot on a jade pendant.

The jade pendant was thrown out and was immediately protected in front of Hua Jingtao.

A shield full of strong power appears!

However, the corner of Ye Chen's mouth is showing a smile.

If Bai Yuhuang came in person, he might be able to stop him.

Can a protective jade card really change the current situation?

No way.

Ye Chen's sword meaning is more and more violent, broke the shield in an instant! Hard hit on the body of Hua Jingtao!

Hua Jingtao's body is covered with scars, endless waves surging, hard and hard to shake Hua Jingtao out!

A hundred meters!

However, Hua Jingtao is not dead.

The shield absorbs most of the damage, otherwise, ye Chen's strike may be able to wipe out Hua Jingtao.

No one knows how many people Ye Chen killed in that ancient battlefield.

His way of killing is condensed to the extreme.

At the moment, he is a devil crawling out of the heap of death!

Everyone was in a daze.

Isn't Ye Chen of shenjizong fall into cultivation in the ceremony of divine light?

Isn't it a place, a day, compared with Hua Jingtao?

Shouldn't it be Hua Jingtao against the sky to kill Ye Chen?

Why is everything reversed?

Fantastic to the extreme!

All people's eyes have noticed Ye Chen's body.

Ye Chen walked towards Hua Jingtao step by step.

Like the steps of death.

Hua Jingtao was completely flustered at this moment, and his body kept climbing towards the rear.

He stretched out his hand, looked at his master and said in a hoarse voice, "master, help me!"

The white jade huang body trembles, the anger burns!

He felt that his apprentice's foundation had been damaged, and all the divine light ceremony was in vain!

Of course, he would never allow his apprentice to be humiliated!

He stepped out, instantly blocked in front of Ye Chen, eyes cold: "Ye Chen, the struggle between the younger generation, point to the end!"

"If you dare to do it again, you will bear the endless anger of a first-class force!"

"You don't think about yourself, but also think about the God Jizong behind you."

Ye Chen's eyes look at many people.

Injured yuzhenzi.

Those shenjizong disciples who paid a heavy price to protect themselves. Ye Chen never thought that there would be a sect in the kingdom of God to accept himself like this.

He caused trouble, he made a lot of things in shenjizong.

It seems that it was still yesterday.

He's like a time bomb.

However, yuzhenzi, the leader of shenjizong, and those disciples guarded themselves more than their lives!

They He is really regarded as a member of the God extreme sect!

Survival!

"Till the hour is over?"

Ye Chen smiles.

He had never seen such a shameless man!

Hua Jingtao wants to kill himself. Why doesn't Bai Yuhuang say so?

This is the style of a large suzerain!

"What are you laughing at! You're not my match! I... "

The voice of white jade huang suddenly stopped.

Because ye Chen raised his head!

Gaze with your eyes!

What kind of eyes did he see!

That's the eyes of the demons crawling out of the nine hell!

The eyes seem to have experienced the ancient battlefield! Killing countless people!

Even he, the chaotic strong man, lost his mind for a short time.

But it was this moment of absence that ye Chen moved!

The green lotus sword in his hand suddenly flew out!

Fly to the sky!

Then, the green lotus demon fire wrapped the whole body! With Ye Chen's perception of the martial arts charm!

From the sky!

Direct to Hua Jingtao!

Bai Yuhuang's eyes were bloodshot and angry. He roared, "dare you!"

Ye Chen's eyes were full of killing intention and said without fear: "why do I dare not?"

"Heaven can't stop the people I want to kill! What's more, you are white jade

A voice with Ye Chen's will is like the sound of nine days coming!

And then!

Qinglian mietian sword comes to Hua Jingtao with the fire of martial arts!

Hua Jingtao is afraid and trembling!

He wants to hide, but he can't!

"Touch!"

The light explodes! Blood splashes!

A few seconds, light convergence, everything, return to calm, everything, as if never happened

It's just that there is no Hua Jingtao in the world

Not even a trace left

Puff, puff, puff

One by one, all of them are completely paralyzed on the ground

It's not because they were attacked by the attack. With Ye Chen's present martial arts realm, he can grasp the aftershocks of the attack at will.

However, because of too much shock, the brain, can not work normally, the spirit, are lost in!

What's the situation!?

Just now, he was so arrogant that he almost peed at his pants. He succeeded in returning to his ancestry and awakened Hua Jingtao, a powerful dragon blood, like a god!

Just fuckin 'dead?

Is Ye Chen killed by a sword?

Or is it the one that is completely rolled and doesn't even have slag left?

Chapter 2635

Is this a reality or a dream?

Originally, there was only a blank in the eyes of those powerful first-class forces who felt extremely gratified for the growth of their disciples

Compared with Ye Chen, what is the growth of his disciples?

Key, ye Chen this move is too overbearing!

Kill his disciples in front of Bai Yuhuang!

Or in the eyes of the public!

Who can do this!

Only Ye Chen.

This moment, white jade huang eyes blood red, his hand appeared a sword!

There are no rules in his mind!

According to the rules of the alliance, he can't move the younger generation!

But now, he wants Ye Chen to die!

I want Ye Chen to die at all costs!

The power of chaos suddenly erupted!

Heaven and earth change color, dark clouds cover, as if the end of the world is coming!

The strong man on the other side of the alliance changed his face slightly and wanted to stop it, but it was obviously too late!

Now baiyuhuang is a madman!

"Ye Chen, die for me!"

White jade huang's sword is out!

Ye Chen's eyes are dignified. He communicates with Lao Cang and asks, "Lao Cang, I'm too empty now. I'm still a step away from the sixth tier sky. According to my ability of skipping the rank, coupled with martial arts charm and base card, can I shake the chaotic strong one?"

Ye Chen didn't fight with the strong chaos, so it's not sure.

Lao Cang just wanted to talk, but suddenly the voice of the tyrant suddenly rang out: "boy, you also look down on the strong chaos."

"If you cut through the adversity, there will be a Fengshui mountain. That is to cut six layers of heaven. "

"After cutting six layers of heaven, it's extremely difficult for a warrior to enter the later stage of chopping he. Haven't you found that those talented disciples of your family haven't stepped into the latter stage of chopping he after years of practice?"

"The distance between the seven layers of heaven, the eight layers of heaven, and the nine layers of heaven is like a natural moat."

"For example, it may take 100 potential and energy to cut the five levels of heaven into the six levels of heaven, and ten thousand potential and energy are needed to cut the six levels to seven levels! Do you understand? "

"Even the talented warrior, it may take ten thousand years to cross this small realm! Even ordinary martial arts, cutting the six layers of heaven is the ultimate of his martial arts. "

"Although you have the ability to fight beyond the level, step into the five layers of Taixu, and have a strong sense of martial arts, you should only be able to fight against the seven layers of heaven."

"You still have the biggest problem. It's weird that the thunder robbery has not come yet."

Ye Chen was a little disappointed and said, "shouldn't the divine light ceremony have many benefits? Why do I feel like I have only broken through two layers of sky, or is it too empty? Even my blood has not awakened? "

The fierce overlord frowned at this time, as if also some strange.

At this time, the old man said:

"in fact, I have thought about your doubts for a long time. At the moment when you end the divine light ceremony, endless energy poured into the reincarnation cemetery."

"And then, strangely, it disappeared."

"It's like Absorbed by another you. "

"As for why your blood has not awakened, there is only one reason. The divine light ceremony is superior to all blood vessels, but not to your reincarnation blood."

"In other words, the ritual of divine light is too low compared with samsara."

Ye Chen eyebrows congealed into Sichuan characters.

The other me?

Next second, electric light flashed in my mind!

Is The power of the divine light ceremony was absorbed by the blood dragon of the nine heaven dragon hall!

It's not once that the blood dragon absorbs its own energy!

Very likely!

But ye Chen didn't complain!

After all, the stronger the blood dragon, the stronger he is!

Seeing that ye Chen was still thinking, the ancient medical God even said, "I don't want to explain these first. In the face of the attack from the chaotic strong one outside, you have no chance to win, only run."

Ye Chen is stunned and returns to the reality. Looking at the sky sword, the red dust God pulse is activated. He just wants to use Jiwu Shenshan.

A breathtaking woman appears in front of Ye Chen.

This woman is no one else.

It's Tu Lanxin!

Tu Lan's heart and eyes are frozen, and she holds the jade sword in her white hand. When the jade sword is swept, the power of chaos breaks out.

Tu Lanxin's power collides with Bai Yuhuang in an instant!

Tu Lan Xin retreated ten steps, and so did Bai Yuhuang.

Bai Yuhuang didn't expect Tu Lan Xin to make a move, even with a trace of vigilance: "Tu Lan Xin! What do you mean

Tu Lan Xin protects Ye Chen and sneers: "it's not interesting."

"It's really shameless that a patriarch of the first-class forces should have dealt with a disciple."

"It's not even too much to say you're rubbish."

"You've lost all your face behind you!" Bai Yuhuang's eyes became more and more congested, and said angrily, "my disciple is the most amazing genius of the divine light ceremony, and the glory of the kingdom of God! Ye Chen of shenjizong killed my disciple. His heart is punishable! The crime is unforgivable

Tu Lan said with a cold smile: "glory? If it's really glory, how can it be killed by Ye Chen, a disciple of the supreme sect of God? "

"Your family is not worthy of glory."

"But there are two words that are suitable, such as shame."

"Or garbage?"

As soon as this was said, everyone was in a state of uproar.

Tu Lanxin's words are equivalent to slapping Bai Yuhuang on the spot!

Too overbearing!

Bai Yuhuang's eyes are like a flame burning, killing intention surging. He and Tu Lan's heart beating hands have no rules and restrictions!

Just as he was about to rush to Tu Lanxin, Yin Zun, the head of the ghost sword sect, made a move.

His knife idea surging, unexpectedly rushed to Tu Lan Xin.

"Tu Lanxin, you are too much! Don't feel for me! I'll learn from you today! "

Tu LAN heart Mou son a congealing, to Ye Chen way: "go."

With that, he went to the master of ghost sword sect.

The sword mingles, and the wind blows.

The chaotic force of two people forms a boundary of their own, which can not affect others.

Otherwise, the disciples and elders of many sects will be injured.

Bai Yuhuang laughed.

He knew why the ghost sword gate made a move at this time.

This is to give him a chance.

The sword is also the gate of the ghost.

Therefore, today, ye Chen must die.

.....

When everyone's attention is on Ye Chen and Bai Yuhuang.

A veiled girl suddenly appeared in front of the master of the Qu family.

This veiled girl is no other than Ji Siqing.

She knew that she couldn't fight against Bai Yuhuang at the moment, so she had to borrow.

The master of the Qu family has been paying close attention to Ji Siqing all the time. Now when he sees Ji Siqing appear, he will kneel down on the spot and shout: "Laozu!"

However, there was an indifferent voice under the Veil: "shut up."

The master of the Qu family realized the situation and shut up on the spot.

He's a strong man in chaos! Dignity!

If you are found out this scene, you will definitely be shocked!

The chaos strong person incomparably arrogant! Even in front of the girl beheading her!

Fantastic!

The breeze floats.

Under the veil looming beautiful face, slowly opened his mouth: "that boy called Ye Chen has a good character. I don't want him to die prematurely. You know what I mean."

Chapter 2636

The master of the Qu family was stunned and nodded fiercely.

The next second is to disappear in front of Ji Siqing.

.....

Bai Yuhuang laughed. In one tenth of a second, his sword had broken everything with the meaning of boundless chaos.

He is about to pierce Ye Chen's body.

In his opinion, that extraordinary top talent may fall!

Of course, he will be punished by God alliance!

Even the accusations of many first-class sects!

But is that important?

He lost his chance to rise!

How about punishing ten thousand years!

Even if he bet on the future of zongmen, he will kill this boy!

The boundless sword shadow has locked Ye Chen.

Ye Chen did not move.

Because there was a voice in his head.

It was a quiet breeze for a long time.

"Ye Chen, the last sword, the so-called six Guiyi, the seventh sword, it's time for me to teach you."

"The happiest thing in my life is to meet you."

"As a teacher's sword, it is the acme of kendo."

"But it's also a sword of life."

"Being a teacher has never been used."

"But I always want to keep something in the world."

"Faith?"

"Legend?"

"I had doubts about it until I just woke up."

"The way of sword is to give."

"Dye the sword with your life."

"By the way, do you remember the tutor Zhang who just entered the sect?"

"In fact, I have guided him. In terms of seniority, he should call you elder martial brother."

"Maybe it's a kind of fate that you enter shenjizong."

"You are protected by God Jizong. I'm glad to be a teacher."

Ye Chen has tears in his eyes.

It's been a long time since I've been with you.

Although the disappearance of the mind, but he still did not give up.

"Master, I may be able to resist, you don't need to fight."

"I don't want you to dissipate yet."

"Not really."

Just want to say something, a figure out.

It is not others, but the ancient god of medicine.

The ancient medical God took a look at the wind, and then said to Ye Chen, "disciple, you can do what I say later, and I can protect you to the maximum extent."

"The six sword gods do not need to dissipate."

Ye Chen a Zheng, some excited: "really?"

For me, it's not too much energy for me

"Do you remember the tiannu spirit needle you got in Cangu gate

"Yes." Ye Chen nods.

The ancient medical God just wanted to say something, but also a domineering voice sounded!

"Boy, don't use the power of the ancient medical God. I'll give you a blessing of Quan Wu Dao. The attack of the chaotic strong man can be barely resisted!"

This voice comes from the crazy overlord!

All of you can think of a way to move you.

He came to the reality, eyes closed, and then opened, killing cohesion!

Even towards a sword of white jade huang!

White jade huang is also a little unclear why, but there is no contempt, the power is completely released!

When ye Chen is ready to hand, a long gun suddenly flies out!

It hit the white jade huang sword directly!

The huge vibration and the air wave raise, the white jade huang spits out a mouthful of blood, the body unexpectedly goes back!

Then, hit the ground heavily!

It's a very serious injury!

Bai Yuhuang knew that someone was attacking himself!

Who dares to attack a first-class patriarch in full view of the public!

"You mean bastard, get out of here!"

The white jade huang roared.

However, his voice soon stopped.

Just because in front of him stood a middle-aged man in royal clothes. He was not angry and arrogant. He held a simple long gun in his hand, and released a very strong dignity.

It's the master of the Qu family!

The master of the Qu family turned his spear and thrust it hard on the ground and said: "what a big tone! You are the first one in the kingdom of God

The white jade is dazzled!

Everyone in the room was in a daze!

Qu Xueyong, the master of the Qu family, has already made a move!

The key musicians are ancient families, and they have a lot to do with Tiandao palace!

In terms of status, it is more noble than the first-class clan!

Bai Yuhuang looked at the ferocious Qu Xueyong and swallowed. Although he was a first-class sect leader, he did not dare to take on hatred with Tiandao palace.

But someone in the Qu family is in the core position of Tiandao palace!

"Master Qu Misunderstanding I didn't know it was you I... ""I just want to deal with that little bunny, ye Chen I... "

However, before Bai Yuhuang's words had been finished, Qu Xueyong stepped out and the ground shook: "in ancient times, our ancestors created a record of nine days, which was famous for the kingdom of God."

"Today, this young genius named Ye Chen has created a stronger record and killed Hua Jingtao with absolute strength! The road of martial arts is the law of the jungle! What's the controversy? "

"You rely on your ten thousand years of cultivation, step into chaos, and deal with a young generation with no more than 100 bones! The heart can be killed

Bai Yuhuang shook his head fiercely: "no I'm revenge for my apprentice... "

Qu Xueyong raised his spear and smashed it fiercely. The ground cracked and continued: "apologize to Ye Chen, little brother! Apologize to the martial arts of the kingdom of God

White jade, eyes wide open!

Sorry?

Apologize to Ye Chen?

It's a shame to him!

Just as he was about to refuse, Qu Xueyong was followed by several old people, all of whom were the top elders of the Qu family.

It's all chaos!

There is even a supreme elder!

This How long has this song Xueyong brought out?

What's crazy?

Is it to humiliate yourself?

He looked back at the elders of his family and stepped back one after another, as if to keep a distance from him.

He clenched his fist, and even blood gushed out. Looking at Ye Chen like fire, he yelled: "I'm sorry!"

Qu Xueyong nodded and looked at Ye Chen: "little brother, are you satisfied?"

In fact, he's almost finished.

After all, the dog will jump over the wall in a hurry. The anger of the chaotic strong is not simple.

However, ye Chen did not speak, and walked towards the white jade huang step by step.

When he came to baiyuhuang who was seriously injured, ye Chen stopped.

The fierce killing intention ignited a big fire.

Xuanyan, green lotus demon fire wrapped Ye Chen's whole body!

Ye Chen is very dazzling at this moment!

Ye Chen's eyes fell on Yu Zhenzi's body.

Yu Zhenzi has blood in the corner of his mouth and looks pale.

The master of shenjizong was injured.

The master who was protecting him was injured.

The master who made him feel the warmth of the kingdom of God was injured.

Ye Chen is distressed.

Like those masters in the samsara cemetery.

He wanted to protect something.

Even in the face of chaos and the strong.

Ye Chen's eyes fell on Bai Yuhuang again and said, "Zhenlong palace, baiyuhuang, half a year later, you and I will fight for life and death. Today you move my Master Yu Zhenzi, and after half a year, I want your life to pay back!"

The sound of the earth shaking is all over the square.

Tu LAN is confused.

Qu Xueyong is confused.

Yu Zhenzi was in tears.

He found that his injury was gone.

Chapter 2637

He received an apprentice who was not only gifted against the heaven, but also the three outlooks.

Fortunately!

However, in half a year, the Taixu strong can really overcome two layers of natural barriers and kill the chaotic strong?

This Is it possible?

Look at the history of the kingdom of God!

Look at ancient times!

It's impossible!

But Bai Yuhuang knelt down on the ground directly, and laughed ferociously

Although the hope of Zhenlong hall is shattered But he has the hope of hand blade Ye Chen!

This time, no one can stop!

He can torture Ye Chen alive!

.....

No one can wake up.

They all don't understand why Ye Chen would say this bad agreement to himself.

Without this half year agreement, shenjizong will rise to the top of the kingdom of God from now on and become the most powerful and unshakable force in the kingdom of God!

Even people have no doubt, give ye Chen ten years, ten years later, ye Chen will have an idea, will let the Shenguo first-class forces Zhenlong hall disappear

But why do we have to fight for life and death in half a year?

Even a year will do!

Half a year, too short!

Short to Ye Chen may not be able to cross a small realm!

Ye Chen at this time, but did not pay attention to Bai Yuhuang, he came to yuzhenzi, gently lifted up.

After that, the golden needle flickers and a pill enters the body.

Yuzhenzi's injury seems much better.

Later, he began to comfort Lin Yaqin, Chu Ying and other women.

They think ye Chen is dead, they are very sad, even, have the idea of suicide

A group of elders also came over, but their faces were dull. Up to now, there are still some who can't believe what they see.

Originally, ye Chen, who was already dead, suddenly resurrected. With one move, he killed Hua Jingtao, who was a powerful man in the whole kingdom of God?

This feeling is 100 million times more exciting than that of Fan Jin!

Ups and downs!

Another half year's appointment!

It's OK that they're not crazy

After all this, ye Chen goes to the Qu family. He wants to say thanks, but he finds that the master of the Qu family and a group of elders have left.

Then he went to luoxiazong.

After all, at the moment when he was in danger, a woman named Ji Yan once helped.

However, an elder of Luoxia sect told him: "Mr. Ye, Ji Yan has a lot of insights. He has left and is ready to close down. Please don't disturb me."

Ye Chen has no choice but to leave.

The ceremony of divine light finally came to an end, and the big and small forces of the kingdom of God also returned to their ancestral home.

At the same time, they also brought back the legend about ye Chen

To every corner of the kingdom of God!

From this day on, ye Chen's name will be handed down forever in the kingdom of God!

Shenjizong.

One month has passed since the end of the divine light ceremony. Now the disciples of shenjizong are extremely proud. Because of the relationship between Ye Chen and shenjizong, they are no longer at the bottom of the first-class forces!

Now, knowing that he had enough power, ye Chen took Xia Ruoxue, Sun Yi, zining, Huoying, ye Lingtian and others from Lingwu continent to shenjizong and closed down directly.

He devoured the ghost and got great benefits!

It needs to be digested.

Although most of the harvest of the divine light ceremony was taken by the blood dragon, the remaining benefits were enough for him to digest.

However, let Ye Chen a little strange is that ye Luo Er is not in the saint dragon family.

Chloe left.

It seems that he left with yonglao.

But yonglao didn't tell himself anything about elor.

In addition, there is another thing very strange, Tu Lanxin has not appeared since the divine light ceremony!

As if the world evaporated.

He asked yuzhenzi.

After the divine light ceremony, Tu Lanxin went out alone. There seemed to be something wrong with Tu Lanxin. So far, he still hasn't appeared.

Ye Chen did not think much.

Now, it's about four months away from half a year.

He has to improve as soon as possible.

.....

Wanxuancheng is one of the ten capital cities of Shenguo.

At the same time, it is one of the few capitals not under the jurisdiction of the alliance.

This is because most of the residents in wanxuan city are not human beings!

It's human demons!

This wanxuan city is ruled and managed by people and Demons themselves!

Among the ten thousand Xuancheng, there is an extremely luxurious and extremely wide palace, which is located in the center of the capital city.

Here, is the ancient magic emperor living in the hall!The magic emperor of this generation is invisible!

However, some strange is, the cloud has been invisible for a long time, did not appear in the kingdom of God!

At this time, in the magic palace, a middle-aged man with purple eyes in Royal robe was looking respectfully at a man in a black skirt. The demon woman asked, "Your Highness, your majesty, has he not yet left the customs?"

People, demons, will be called your majesty!

The woman in the black dress shook her head and said, "old Hong, your majesty has been closed for nearly a hundred years since the fight with that bitch surnamed tu. I don't know when I'll leave the pass. Otherwise, you go back first, and I'll send someone to inform you after your Majesty's exit?"

This middle-aged man is the owner of Hong family, Hong Zhengyuan!

Speaking of it, the Hong family in this wanxuan city can also be regarded as the Royal relatives! The relationship between hongjiazu and Yunjia is excellent. Hong Zhengyuan married a distant cousin who is invisible to the magic emperor cloud!

Otherwise, with the strength of the second-class family of Hong family, how can we keep that half step of ancient martial arts?

Since the death of Hong Yan and Hongbei, Hong Zhengyuan was deeply grieved and hated Ye Chen and shenjizong to the bone!

However, Hong family, just a second-class force, how to fight with shenjizong?

After the death of his two sons, he came to the wanxuan City, directly into the magic palace, see the magic emperor cloud invisible.

However, Yun intangible has been closed since the war with Tu Lanxin a hundred years ago. In the past few months, he has asked for meetings several times, but he has received the same reply.

Hearing this, Hong Zhengyuan's disappointment flashed in his eyes. However, he quickly shook his head firmly and said, "I'll wait until your majesty leaves the customs pass!" Both of his sons are dead. Go back? Where else could he go?

No matter when the cloud is invisible, he has to wait!

Can see cloud invisible a moment earlier, ask cloud invisible to avenge for his son, how long he waits, is worth it!

"Alas."

Mo you, the holy daughter of the demon clan, shook her head, but did not say much. She understood Hong Zhengyuan's mood at this time. The two sons of Hong's family were all dead. Moreover, Hong Zhengyuan and Yun were invisible, and there were some relatives. Could she still drive Hong Zhengyuan away?

Just then!

Somewhere in the Pantheon hall, suddenly, there was a big bang!

The whole hall of demons is trembling slightly!

At the same time, a breath of incomparable astonishment rises from the magic temple!

Mo you and Hong Zhengyuan are shocked to see the direction of the breath!

Chapter 2638

The next moment, Mo you's pretty face, appeared a kind of ecstatic color, exclaimed: "this This is the breath of his majesty! Your majesty, he is out of the customs! "

Hong Zhengyuan trembled at the words, and then a cruel smile rose from the corner of his mouth.

"Ye Chen, God Jizong, I want you to pay the price

At this time, the main hall of the Pantheon.

A handsome middle-aged man, dressed in a black robe, with a cold face and domineering power, reveals three evil spirits. There is a flame line in the center of his eyebrow, and his eyes are deep purple, just like thousands of stars. Among them, a very handsome middle-aged man stands in the hall.

A space crack, in his back, slowly closed.

This person, is the magic emperor cloud invisible!

Cloud invisible slightly gasps, the body is actually with a lot of scars and blood, where is like just out of the customs appearance?

On the contrary, it seems to have experienced a terrible battle!

And in the cloud invisible body, there is a very strange body!

A black skin, covered with dense strange lines, dark purple eyes, the blood flow out of the body, not bright red, but a dark black body!

If ye Chen was here, he would be able to recognize the corpse, which is very similar to the extraterritorial demons he saw in the ancient battlefield fantasy!

Cloud invisible looked at the corpse, and his face was very ugly. Although, the last one who died was the extraterritorial demon, but he was very clear. He almost died because of this guy!

He couldn't help but scolded angrily, "what secret method of strengthening the strength left by the successive demon emperors? Unexpectedly, it is to open a space tunnel, enter a space bordering on foreign countries, and lock me in for hundreds of years! "

He bit his teeth and was extremely bent. After being defeated by Tu Lanxin, he was extremely disgraced. He tried every means to improve his strength. He even tried the taboo method in the hall of ten thousand demons!

Who would have thought that the taboo law is to send them to a space bordering on foreign countries! What's more, the energy to open the space tunnel is enormous. After one opening, it will take at least 100 years to open again

There are many extraterritorial demons in this space!

Fortunately, there is no power, especially the existence of terror!

However, it is not the warrior of the kingdom of God, which can be compared!

Before entering this extraterritorial space, cloud has become one of the top 100 strongmen of the kingdom of God. As early as a hundred years ago, his strength even surpassed most of the strong ones of the first-class forces!

However, after entering this extraterritorial space, it has almost become the lowest existence!

At first, the cloud is invisible, and it's a mess to the extreme! All day long, he tried every means to improve his strength, and only then did he survive very reluctantly

Even, before returning, he was watched by an extraterritorial demon, and only a moment before entering the space tunnel did the cloud kill it!

"But..."

Cloud invisible hands a grip, an incomparably strong breath, rising from the sky! Feeling the terrible power in his body, a smile appeared on his face.

"Danger, although it is dangerous, if you can survive, the ascension will be extremely great!"

Now he, compared with that before entering the extraterritorial space, the strength has increased countless times!

Maybe in the face of Tu Lan Xin, he can easily kill!

Cloud invisible purple eyes, light flashing, sneer: "Tu LAN heart, now, you can refuse the emperor?"

At this time, outside the main hall, suddenly, two figures flashed out!

It is Hong Zhengyuan and Mo you!

When they saw the invisible cloud, they were extremely excited. They knelt down and saluted: "see your Majesty the devil emperor! Congratulations on your Majesty's great progress

But soon, both of them noticed the corpse in front of the cloud invisible body, and could not help but show the color of horror!

This This is the corpse of an alien demon!

It looks like it's still a very powerful one!

Cloud invisible looking at two people, eyebrow tip a pick way: "get up, Hong Zhengyuan, how did you come? How are my two nephews? "

On hearing this, Hong Zhengyuan flashed a very sad look in his eyes and said in a deep voice: "reply to your majesty! Wei Chen came here to tell his majesty that Hong Yan and Hong Bei are dead! I hope your majesty can do justice for our Hong family

"What?" Cloud invisible smell speech, purple eyes, flash through a anger!

He is quite optimistic about the two children of Hong family!

With their martial arts skills, they will surely make great achievements in the kingdom of God in the future! For the whole demon clan, they are extremely important talents!

In particular, Hong Yan!

Cloud invisible, even think Hong Yan has the potential to become the next devil emperor!

So, they're all dead?

The cloud's invisible complexion was suddenly gloomy, and the cold voice asked, "who is it! Who dares to kill me, the demon genius

Now he, with confidence, will step on the whole kingdom of God under his feet, so that those so-called top of the kingdom of God, shaking for it! No matter who killed Hongyan and Hongbei, the cloud is invisible, they have to pay the price!

At present, Hong Zhengyuan challenged Ye Chen and was killed by Ye Chen. Even the Hongbei that went to watch the war was destroyed by Yu Zhenzi.

After hearing this, a trace of forest appeared on his face and said, "is God Jizong? Hehe, my Lord, I have something to solve with this God Jizong. "

"By the way, Tu Lanxin, that bitch, should be in shenjizong now."

Hong Zhengyuan even said: "Tu Lanxin has left the shenjizong not long ago, and there is no news."

Cloud invisible hand a wave, light way: "pity This matter, the emperor will preside over justice for you. Now, you should step down first, and I will heal. "

Hong Zhengyuan and Mo you looked at each other respectfully and retreated.

After they left, Yun looked at the corpse of an alien demon on the ground. In his purple eyes, a strong greedy color appeared. He grabbed the corpse and chewed it up!

He, in the process of practicing in the outer space, discovered a big secret!

It is the flesh and blood of the high demons, which is a great tonic for the people and demons! Even, can enhance the power of blood!

It's a pity that even if there are foreign demons invading the Kingdom, most of them are just some low-level demons with rubbish

After all this, he took out a primitive magic bone in his hand.

After studying for a moment, the finger pinches the Jue, a drop of blood essence converges.

Endless evil Qi surging!

cloud appears invisible as like as two peas!

Although the cultivation is not as intangible as cloud, but the country with eyes should not be underestimated.

Cloud invisible looking at the statue, light way: "the emperor is still injured, and a small mole ant is really not worth the emperor's hand, you this branch and go to God Jizong to recover some interest."

Chapter 2639

"The magic bone in your body comes from a special demon outside the territory. This demon has the ability to suppress blood. Although your realm can only cut the eight layers of heaven, it has a strong ability to suppress the chaos of the divine kingdom. With this suppression, the chaotic state of the God Jizong should be very difficult to hurt you or even fear you."

"Take ye Chen's head back."

"By the way, let shenjizong pay some price."

The parting cloud, which cuts the eight layers of heaven, nods invisibly: "yes!"

.....

Seven days later, the gods were extremely religious.

A disciple was walking through the mountains. Suddenly, his face changed slightly and he looked at the sky in a certain direction!

See the horizon, rolling clouds surging, is with amazing speed, fast flash!

"This is..." The pupil shrank suddenly!

So where, what are the dark clouds?

But the boundless evil spirit!

In an instant, the evil spirit has spread to the shenjizong's holy mountain, which directly surrounds the whole mountain!

There are three figures in the evil spirit!

The separation cloud is invisible, full of arrogant color, and stands in the void. Looking at the heavy clouds and fog guarding the holy mountain in front of you, you can see the color of disdain in your eyes!

With purple light in his eyes, he suddenly opened his mouth and yelled at shenjizong: "Ye Chen and yuzhenzi of shenjizong will kill our demon family Hongyan and Hongbei. I am invisible. I will punish you here. Come out and die quickly!"

The endless sound wave, with the blood pressure of the demons, was actually the white fog which excited the mountain outside and protected the mountain!

This sound wave, really like the oracle of the demon God, with endless power, swept the whole shenjizong!

In shenjizong, many disciples with lower accomplishments actually fell into a coma and fell to the ground with a scream of blood in their seven orifices when they heard the invisible drink of cloud!

Shua!

Several figures flash, appeared in the sky of the God Jizong, it is yuzhenzi and a group of elders!

At this time, their faces, but with a thick dignified color!

A big drink, across the mountain protection array, there are such powers!

You know, even if the elders of the first-class forces use the power of chaos to deal with shenjizong, under the protection of the mountain protection array, I'm afraid, there is no such effect!

The cloud is invisible. When has it become so terrible?

Just a big drink, and its power is so terrible?

This, this is simply, it is an unpredictable power!

The elder's face was full of seriousness. He was not afraid of death. However, through the clouds, he saw the invisible shadow of the cloud. In the depths of his soul, he burst out a kind of inexplicable fear that was more powerful than death!

It's the fear of power, of being so powerful that it's far beyond yourself!

The key is that the invisible state of cloud is not strong!

Thousands of years ago, it has been chaotic. Now it should be stronger. How can it become the eight layers of heaven?

Weird, too old!

Yu Zhenzi noticed something and said, "this is an invisible part of the cloud. Although the realm is not high, I don't know why it has the effect of suppressing us."

"Only a man of strong blood can fight this man."

"Our blood, before this separation, is doomed to be unable to resist, or even play the power of chaos."

"This cloud has disappeared for such a long time. Is there any adventure?"

"It's a pity that we killed the people of the Hong family. It's very difficult to do this..."

The elder swallowed a mouthful of saliva, looked at Yu Zhenzi and said, "master Now, what to do? "

At this time, the two elders were very pale. They could not help but looked at the direction of Ye Chen's residence and said, "do you want Ye Chen to leave the pass?"

In the whole shenjizong, in addition to Tu Lanxin's blood, it is Ye Chen!

Ye Chen will not be affected by the suppression of blood.

But ye Chen is in the closed door, how to disturb.

The place where he lives is the most closely protected place of shenjizong!

Even if the cloud is invisible, that terrible drink, can not penetrate!

Therefore, now ye Chen, do not know that the cloud is invisible!

However, shenjizong, in addition to Ye Chen, who else can compete with the cloud suppressed by blood?

What are the first-class forces in the kingdom of God, and what are the strong ones on the tablet of gods? In front of this invisible cloud, are they like mole ants?

Even ye Chen may be crushed by clouds!

Ye Chen, when he killed Hua Jingtao with one sword, showed his strength. Although it was extremely terrifying, Yu Zhenzi and other people were very clear. The cloud that seeped into the array with a violent drink was invisible. It was more frightening than ye Chen at that time!

With the power of the demons in his body, this mountain protecting array has been unable to block his eyes!

Through the clouds, the cloud could not help but see yuzhenzi and others at this time extremely frightening, extremely dignified faces, and even their bodies were shaking slightly. The feeling of blood suppression is so cool.

He raised a scornful smile and said: "ants, the emperor's patience is limited!"

The people of shenjizong were silent

Under the power of the king, like a dog! Fundamental, even the consciousness of resistance, do not dare to have!

Man demon clan, will become the supreme existence of the kingdom of God!

The past dynasties magic emperor, did not do the thing, I cloud invisible finally want to complete!

Cloud invisible smile, more and more rich!

Shenjizong is just the beginning!

Soon, he will conquer the whole kingdom of God!

Finally, it is the supreme heavenly way palace!

Hong Zhengyuan, at this time, his face is red, his eyes are full of joy and excitement!

He was invisible to the clouds and said with a smile, "your majesty! Originally, I heard that ye Chen broke out with incomparable terrifying strength on the ceremony of divine light. He killed Hua Jingtao, the genius of Zhenlong hall, who awakened the blood of the Heavenly Dragon and suppressed all the strongmen of the kingdom of God with one sword, and became the incomparable young strong man of the kingdom of God! There are still some worries! "

His smile became more and more intense: "now it seems that all the powerful young men in the kingdom of God are bullshit in front of his majesty! Ye Chen, it is said that he is extremely proud, domineering and invincible?

Hehe, what about now? Under your Majesty's magic power, I'm afraid you can only shiver in the corner? Don't even dare to come out of the mountain protection array? Is this also worthy of being called a monster by those trash people? It's disgusting

Cloud invisible smile, purple eyes in the cold and arrogant, all want to materialize, open a way: "Tianlong blood? Ha ha, I can kill the existence of the emperor only by his breath. Killing such a waste is also worth making a fuss to those Terrans? "

"Ha ha ha ha, my demon clan, under your Majesty's leadership, will finally come to the kingdom of God!"

"God bless me, demon! Infinite glory

At this time, yuzhenzi is gloomy and incomparable, staring at the cloud invisible that fuzzy figure.

A group of elders couldn't help but ask anxiously: "patriarch, how to do?"

Chapter 2640

Yu Zhenzi took a deep breath and said in a deep voice, "never disturb Ye Chen's closing door..."

He knows that ye Chen's closing down this time is very important. If ye Chen is disturbed, it may have a very serious impact!

Everyone was shocked when they heard the speech!

At this time, the God extreme sect is facing the danger of destroying the sect!

Unexpectedly, should ye Chen close down as a priority?

"This..."

Yu Zhenzi said in a low voice: "only let Ye Chen continue to shut down, God Jizong has hope! Give me all the strength to launch a big array, even if it is dead, also want to guard until ye Chen leaves the pass! Do you know? "

When they heard the speech, they looked a-su, biting their teeth and saying, "I know!"

After that, yuzhenzi and the elders of shenjizong all flashed and disappeared in the eight directions of the sacred mountain!

Eight trigrams of Zhenghe Yinyang eight trigrams!

They hold the array plate, the complexion is heavy, one by one is out of a burning potential pills, swallow the mouth!

At the next moment, the faces of the most powerful people of the God Jizong appeared a strange red color. Their eyes were full of essence and their breath began to expand!

"On All of them stopped drinking, and the spiritual power was running fast. Do not pour it into the array plate in your hands!

Eight brilliant lights, at the same time, into the rolling clouds!

Boom!

In the clouds outside the holy mountain, thunders and thunders are suddenly aroused. The clouds and fog begin to revolve around the holy mountain and turn rapidly!

In an instant, the rolling clouds turned into a huge fog dragon with electric light all over the body!
Perched on the holy mountain! In front of the cloud invisible, glare!

A thunderous roar came out!

"Oh?" In the cloud invisible purple eyes, also flash through a silk surprised color.

This great array of shenjizong's bodyguard is so powerful when it is fully launched? I'm afraid it's comparable to ancient times?

But

Hehe, it's just that he was a little surprised.

However, Hong Zhengyuan and Mo you were in the roar, shaking wildly and freezing their souls!

Cloud invisible light way: "you two, retreat first, wait for me to break the array!"

Mo you, the holy daughter of the demon clan, said uneasily: "Your Majesty, do you want to send the elite of our demon clan to come here?"

Looking at the awe inspiring power, it seems that you can easily kill all the big array of existence. Even if Mo you has great trust in the invisible strength of cloud, you can't help but worry.

What's more, they all know that the cloud is invisible, just a part of it.

And it's still killing eight layers of heaven.

Even with the power of extraterritorial demons, it is not so strong!

What kind of opportunity has the cloud got these years?

"Ha ha..." Cloud invisible coldly smile way: "call you to retreat, retreat, this big array in front of the emperor, simply vulnerable to a blow!"

"Yes

After that, Yun's wrist flipped, holding a bone sword made of crystal and engraved with countless runes. With a surge of spiritual power, he cut out a sword against the cloud array!

This bone sword is also made of the demon bone!

Can suppress everything!

A purple black sword, breaking through the sky! The sword light is incomparably introverted. Even, you can't see any prestige!

The fog dragon saw it, but the whole body flashed with lightning! Roar wildly and fly away towards the sword!

The next moment!

There's a big bang!

The fog dragon, which seems to be extremely powerful and can suppress all things, actually, in the light of this humble purple black sword, it sends out a very sad cry!

Encircling it, it is extremely dangerous for the most powerful existence of those first-class forces. However, the fatal electric light, like a candle in the wind, easily disappears!

Wulong's body, endless broken! No resistance at all!

The clouds and fog outside the whole mountain were swept away by the sword light!

Hong Zhengyuan and Mo you looked at each other and saw each other's eyes. They were extremely excited and almost crazy!

The best!

Magic emperor cloud invisible, than they imagine, but also terror countless times!

Simply, break through the limit of thinking!!!

People demon clan, really want to rise, to brilliant forever ah!

At this time, in the clouds, the powerful one of the gods, who used pills, secret methods and forced burning potential, could not help but spit out a mouthful of blood under the cloud invisible sword!

Face, incomparably pale!

Their eyes, coagulate the color of the same name, more rich!

The cloud is invisible. With a sword in hand, it will almost break down the mountain protection array of their God Jizong?

How bad the hell is it?! Yu Zhenzi said in a deep voice: "If I guess correctly, the cloud invisible body and sword are all made of special demon bones. What a big stroke! Some demons have the effect of suppressing the strong chaos, which should be why we are so embarrassed.

There is only one place for this kind of demon bone, which is the heavenly way palace. Where does the cloud come from?

Keep fighting! Don't be distracted

They took a deep breath, shook their heads and threw all the thoughts out of their heads!

In their mind, now, there is only one thought!

It's procrastination!

Until the end of Ye Chen's closure!

Before that, the cloud is invisible, even if it is the real body, they also want to block it!

Die!

The elder's eyes flashed out!

Take off the talisman on the long needle! The hand moves, inserts the long needle into own head!

His hands pinched Jue, the whole body breath, a burst of fury, the body quickly shriveled up, the original old face, more old countless times!

The whole person is almost submerged by wrinkles!

But!

Strange is, its whole body breath, but in crazy growth!

People feel the change of the elder's breath. They are all stunned. Then, their eyes are moist!

They know that the great elder used a kind of taboo secret method in the shenjizong!

This secret method can greatly improve the strength in a short time!

However, the price is extremely heavy

If you use this secret method, you will burn the origin and longevity quickly! And there's almost no way to stop!

Basically, if you use it, it will burn to death!

Elder, this is a fight!

He is the oldest. The longer he delays, the faster his strength will decline!

So, while he was still burning, he burned everything!

In the hearts of all, there was a burst of sadness! At the same time, the color of determination in the eyes is more intense!

Never let the elder sacrifice in vain!

At the next moment, the big array, which had dissipated by one-third and seemed to be on the verge of collapse, closed up quickly! Once again, the fog dragon appears and roars up to the sky!
