

Physician 2641

Chapter 2641

"Eh?"

Cloud invisible purple eyes deep, flash a trace of fun and ridicule, sneer: "still want to resist? What is dead or alive

For these wastes, he even has no interest in doing his best!

It's a sword to the pole!

The fog dragon seems to be affected by the emotions of the people in the array, and his whole body is powerful and adds three points!

But!

Even so, it's just that, under the purple and black sword, one more time to breathe, and once again, it was mercilessly chopped into pieces

Cloud invisible, looking at the God Jizong people, futile struggle, simply, all want to laugh out loud!

Now, these wastes, we should understand the gap of strength, should we give up?

But!

The next moment, that cloud, actually is once again to close, another person, display the secret method, burning everything!

Cloud invisible see a Leng, complexion slightly gloomy down!

Why, the emperor's strength has been so strong, even the will of the demons has come, these waste gods, still do not bow?

He couldn't help but think of that day, when he was defeated in Tu Lanxin's hands, he was humiliated and begged for mercy. In his purple eyes, there was a trace of cold!

"Well, since you want to die, I will help you!"

He held the sword in both hands, and his whole body whirled wildly. The void around him was broken in the invisible power of clouds. Even the martial law of the kingdom of God trembled because of the breath of the cloud!

Cloud invisible around the body, the emergence of a strong black gas!

This black gas, not evil gas!

It's the law of martial arts, cracks and vanishing breath!

Cloud invisible corner of the mouth sneer, more ferocious!

Jue Qiang's sword spirit stirred up. In an instant, the sky and the earth changed color. It seemed that the whole kingdom of God was shaking in the sword idea of cloud invisible explosion!

Everywhere in the kingdom of God, countless powerful people cast their eyes in the direction where the God Jizong is located. In their eyes, it is frightening! Incomparable thrill!

"To die under my magic sea sword is the most glorious thing in your life."

Magic sea sword!

It is the ancient level martial arts skills that cloud has learned in the hundred years of foreign countries and in the life and death battle with countless most powerful demons!

He gave him all his strength.

Just to deal with this situation.

"A sword becomes a devil, and the cold light is like the sea!"

"Magic sea sword!"

The purple and black cold light, the ultimate explosion, even cloud invisible holding the bone sword hands, are slightly shaking!

If the sword goes down, let alone the mountain protection array, the whole Shenshan mountain and the thousands of disciples of shenjizong will disappear with it?

Ha ha

This is the end of not bowing his head invisibly!

At this time, sitting in the room of Ye Chen, suddenly eyelashes a tremor, slowly opened his eyes.

The next moment, ye Chen's face, then emerged the color of ecstasy!

For more than a month, ye Chen has completely refined some of the origin of the ghost and the Zhenshen Tower!

Cultivation, is a direct breakthrough to the six layers of Taixu sky!

There is still a little distance from the seventh floor!

Two whole days!

Now he has the strength to fight against any decapitation!

Maybe the distance between the seventh and the eighth is a natural chasm!

But he Ye Chen, under the influence of reincarnation, the five to six layers of heaven is also a natural moat!

But this is not his biggest gain!

The biggest harvest is his true martial arts! After digesting the spirit of the demon and the origin of Zhenshen tower, he has countless advanced martial arts skills. Combined with his experience of fighting with countless demons in that fantasy, his true martial arts meaning has been improved!

Originally, it can only be regarded as barely touching, but now, it can be said that it is touching, a silk edge!

Moreover, all kinds of blood vessels in his body have strengthened several levels!

Ling Feng Shen Mai!

Red dust God pulse, unexpectedly all unexpectedly strengthened!

Light is power, in the use of the power of breaking the sky, has broken through to the extreme!

Vitality, spirit strength, and spiritual power are also soaring!

All of a sudden, ye Chen is a look changed, feel a very terrible breath!

"This is..."

The next moment, ye Chen's figure, then disappeared in the room.

.....

At this time, the cloud is invisible, and is preparing to chop out the ultimate sword!

And the strong of a group of gods are all gloomy and ready to die!

They know that this sword has suppressed their blood. No matter what they do, they can't stop it!

But they have no regrets!

Die for God Jizong and ye Chen with glory! it is a worthy death!

At this time, the big elder and the second elder have become human beings. Even if the cloud doesn't move, they are not far away from death

In the cloud invisible, before the moment!

All of a sudden, in the void, the figure flashed!

A young man, looking at the cloud, said coldly, "I will give you a chance to collect the sword, otherwise you will die!"

In the distance, Hong Zhengyuan frowned!

Isn't Ye Chen a shrinking turtle? Why did you run out and die at this time?

What's more, if you're going to die, you're going to have to pretend? You think you're a God?

However, soon, Hong Zhengyuan's eyebrows expanded, with a sneer on his face.

Ha ha, oneself, what to worry about?

Ye Chen, however, brought his death a little earlier.

And a group of elders, is a Leng, then, the appearance of ecstasy color!

Out of the gate, ye!

I really got out of the pass before God Jizong was destroyed!

However, at the next moment, Yu Zhenzi suddenly burst out and said, "Ye Chen! look out! This is the cloud invisible body, the devil body, has the blood suppression ability, your strength will be bound! You still run! As long as you are there, God Jizong will not be destroyed! "

Originally, they really wanted to drag Ye Chen out of the pass, but at this time, after seeing the invisible cloud, which was just like the strength of a demon, their hearts were shaken!

Even if ye Chen is invisible to the clouds, it is extremely dangerous, right?

If ye Chen is defeated, then the God Jizong, the last fire will disappear!

They believe that as long as you give ye Chen time, ye Chen will be able to become a strong man above the invisible cloud!

Will, be able to lead God Jizong again, strong rise!

Therefore, ye Chen must not die here!

The cloud is invisible, and the pupil shrinks slightly. Actually, it really takes back the terrible sword meaning, and the sword light like the sea that covers the whole holy mountain gradually dissipates.

Because he found that the suppression of his demonic blood had failed the youth!

Is there anyone in the kingdom of God whose blood is higher than that of the devil?

People can't help being dull!

What's going on?

The cloud is invisible, the most terrible devil emperor cloud is invisible. Is it really because of Ye Chen's words that he has stopped his sword?

Is it true that ye Chen is more terrible than the invisible cloud!?

Chapter 2642

Everyone looked at the cloud with disbelief.

However, at this time, the cloud's invisible fright converged, but he looked at Ye Chen with a smile.

How about strong blood.

Is it really easy to cross the gap between Taixu and jiane?

He stepped out and suddenly said, "you said that if I don't take back my sword, I will die?"

"Who gave you the courage to say that to me? Yeah? How dare you talk to me like that? You can't see clearly the strength of this emperor? "

Cloud invisible voice, suddenly cold and sharp down: "my emperor, now give you a chance to cut off your tongue, henceforth forever kneel on the ground, do this emperor's dog, I may be in a good mood, but also let you live!"

The reason why he took the sword was that ye Chen offended himself and killed him with one sword. Isn't it too cheap for him?

Cut off the tongue, live like a dog forever, such a punishment, can be counted as a crime he committed, isn't it?

Hong Zhengyuan, excited!

If it is, doesn't it mean that he has countless time to torture Ye Chen and avenge his two sons?

Ye Chen swept his one eye, ignore, light way: "roll, today, I don't want to kill."

He knew that the great elder and the second elder were in danger, so he had to save the two elders first.

Moreover, the other side is just a body with the power of the devil.

As long as he doesn't show up, he doesn't have to face it.

Therefore, give the cloud invisible this Dao Fen Shen a chance to roll.

Beyond the holy mountain, there is a silence

Is Ye Chen addicted?

Who is he talking to like that!?

"Ha ha ha ha ha ha!"

Cloud invisible, suddenly burst into laughter and said: "very good, has been a long time no one dares to speak with this emperor, so."

In his purple eyes, his anger soared endlessly, and he snapped, "don't worry, I won't let you die so easily! You will have endless time to regret what you said today

At the next moment, the most terrifying sword meaning and the spirit of demons burst out from the cloud invisible body!

Rise to the sky!

"No The elders of the God extreme sect shed tears and roared with great sorrow!

"A sword becomes a devil, and the cold light is like the sea!"

"Magic sea sword!"

It's extremely cold. It seems that the sword light can freeze the whole universe. In an instant, the whole holy mountain will be submerged, and it will roll away towards Ye Chen like a thousand Zhang waves!

At this time, ye Chen was indifferent to the sword light, which could tear up the whole kingdom of God. He gazed at the cloud and said: "opportunity, I give you. Since you want to die yourself, I can't blame me."

He turned his wrist and held the green lotus sword!

The whole body of violent strength, crazy surge!

His eyes kept flashing, flashing the cold light that looked like the sea. Suddenly, a smile rose from the corner of his mouth!

"Ha ha, isn't this magic light cold sky sword?"

The magic light cold sky sword is a martial skill that ye Chen has learned after absorbing the ghost!

Moreover, in the ancient battlefield thousands of years of fighting, has also faced countless times, to this demon clan sword technique, can say, is like the palm of one's hand!

"If you practice this sword to the extreme, its power is pretty good, but it's a pity that you haven't practiced it well enough! It can even be said that it is far from perfect! Magic light cold days, a sword like light, light cold nine days! In you, it becomes a sword into a devil, cold light like the sea? In terms of speed and scale, there are countless levels of difference! "

Ye Chen's eyes, floating a trace of sarcasm!

Cloud invisible, this so-called magic sea sword, in Ye Chen's view, can be said, full of flaws! Garbage to no more garbage!

Cloud invisible smell speech, complexion suddenly a change, in the heart, is cannot help but a fluster!

Ye Chen, how do you know?

His magic sea sword is really learned by imitating a super demon! Just like the name of Tianguang!

However, he has never been able to

Total feeling, can not get the essence! But I don't know where I'm wrong!

Now, hearing Ye Chen's remarks, there is a sense of Epiphany!

How could that be possible?

This is ancient martial arts! What kind of martial arts do you know?

Sure, it's a blind cat meeting a dead mouse!

The cloud formless roars: "waste, pick up clothes? When you are cut by my sword, your limbs are broken, and your flesh and blood are broken, I will see you, how can you pretend to be! "

"Pretend?"

Ye Chen raised a touch of indifference at the corner of his mouth: "you don't deserve to let me pretend."

With that, he put away the green lotus sword and changed it into a long sword with a strong evil spirit! Blood magic sword!

A gift from the devil!

Once upon a time, he needed to be possessed to use the sword.

Now his strength can be controlled at any time!

Holding the blood magic sword in hand, ye Chen said faintly, "well, let you see what is the real magic light cold sky sword."

"Sword out like light, light cold nine days!"

"Magic light cold sky sword!"

Ye Chen murmured and chopped with a sword. The meaning of Zhenwu was rippling with his action!

In a flash, countless dark purple sword lights burst out from the long sword in Ye Chen's hand!

Many long swords around can't bear the power of Ye Chen's hand. In an instant, they are smashed!

However, ye Chen's blood demon sword was not damaged.

Obviously, the grade is very unusual.

The fierce sword light is extremely cold and fierce! Even, its cold, all rushed up to nine days above!

The cloud is invisible. It looks like a vast ocean. In front of the sword light made by Ye Chen, it is just like the gap between earthworm and dragon!

All of you are stupid!

Thinking, all solidified!

Even the breath, have forgotten, shocked in front of me, that incomparably unforgettable scene!

In an instant, the sword will collapse in an instant

Ye Chen, unexpectedly with the same sword technique, will cloud invisible that incomparable self-confidence sword, crushed!!!

What's more, ye Chen seems to be extremely casual and does not exert all his strength at all!

This, too against the weather!

The cloud is invisible, but with the cultivation of chopping the eight layers of heaven, as well as the power of the demons, it can almost suppress the chaotic strong!

Not to mention Ye Chen's Taixu cultivation.

In front of Ye Chen, however, is it like a mole ant? Is it easy to kill?

A group of elders are also completely stupid, only giggling on their faces

Even the great elder and the second elder forgot that they were about to die

They know very well that ye Chen didn't have such strength a month ago

Just a month, unexpectedly, there has been such progress!

Chapter 2643

One second, they are still facing the crisis of exterminating the clan. The next second, suddenly, they are oppressing everything?

This happiness, come too suddenly!

A huge bang, the air burst out of a blood fog, the purple light will instantly cloud invisible body through!

The invisible body of cloud, bombarded by purple light, flew upside down and smashed on a huge mountain, which directly smashed into pieces!

Hong Zhengyuan and Mo you both exclaimed, "your majesty!"

Ye Chen's body moved and came to the foot of the mountain. At this time, the cloud was invisible and covered with countless blood holes. His breath was extremely weak. He was buried under numerous rocks, leaving only one head exposed.

Ye Chen goes to the invisible body of the cloud, overlooking the invisible cloud under the rock. At this time, the cloud is invisible, and in the purple eyes, a gloomy, full of frustration and despair, with a bitter smile of self mockery.

I spent a hundred years in foreign space, experienced life and death, and made it extremely difficult to improve my strength. I thought that my accomplishments had soared, and I understood the most powerful martial arts skills. When I returned to the kingdom of God, I would be able to suppress everything with just one person

But?

As soon as they split up, they were crushed by a Terran in Taixu state with the same moves?

This, who is it, will despair?

Ye Chen light way: "you, take?"

Cloud invisible swept leaf Chen one eye, face as if dead ash way: "take."

Now he, for ye Chen, has even the will to resist, can not mention

If, with bare hands, you face a body as hard as iron, as high as a hundred feet, one hit, can destroy a city giant, can you raise the will to resist?

Direct, just give up the struggle?

Cloud invisible, this is the mentality.

Ye Chen nods, suddenly, a turn, leave.

Cloud invisible slightly a Leng, some can't believe to ask a way: "you don't kill me?"

Ye Chen steps a meal, slightly turns his head, looks to the cloud invisible way: "you are only a body, is not worth my killing, takes the words to go back, lets the real cloud invisible from now on, must not betray the Terran."

He knew that he had completely lost the will to resist the invisible separation of the cloud. However, if he killed the cloud, would the matter be over?

Will it only increase the hatred between the demon clan and the Terran?

Ye Chen's eyes flickered slightly. After absorbing the ghost, he was faint and had a very bad premonition!

Perhaps, the kingdom of God, will soon usher in a storm!

A super storm sweeping across the land of God and even the level of Lingwu continent!

It's even about the super storm of the Ye family.

At this time, all ethnic groups should unite.

Of course, if cloud is not satisfied and wants to revenge, he will not hesitate to take over, or even, destroy the clan.

How can we allow internal troubles to grow when external worries are ahead?

Of course, although Ye Chen is not a virgin, he does not kill to that extent.

Whether we can or not.

Cloud invisible, looking at Ye Chen's back, stupefied, immediately, incomparably sincere reply: "I will take the words back, people demon clan, from now on, forever, will never betray the Terran!"

"As for whether the noumenon agrees or not, I don't know."

.....

A mysterious abyss in the nine heaven dragon hall.

In the abyss, the chant of the Dragon continued to spread.

Or ferocious.

Or pain.

Or dignified.

No one knows what's going on inside.

They didn't dare to pay attention.

Because this is the forbidden area of the nine heaven dragon hall.

A site of an ancient battlefield.

According to legend, there was an overseas demon dragon who killed hundreds of chaotic strongmen and was suppressed by countless evil spirits Emperor Wu.

Even the supreme beings can't kill the dragon.

It can only be suppressed forever.

A fruitless repression.

And now!

Under the abyss!

The body shape of an extremely terrible blood dragon is growing!

There was some fear in the eyes of the ancient demon dragon who was imprisoned.

"No way! How could your strength come from that era! "

"No way! Power can't come out of thin air! "

"You What kind of monster are you

The body of the demon dragon is shaking.

What he shocked was not the rising momentum of the blood dragon, but the familiarity with the strength of the blood dragon.

In this abyss, there is no power for him to absorb!

How did the blood dragon do it!

Before such a powerful blood dragon, trapped himself may be qualified to fight!

Now the cultivation and power of the blood dragon is rising, and for the first time, the foreign magic dragon feels fear. Even, he could be swallowed.

Merciless devour!

At the moment, the blood dragon, not far away, has a heavy and restrained breath.

His eyes were extremely cold.

Just stare at the demon dragon, which is locked in countless chains.

Blood dragon suddenly laughed: "from the beginning, I was not alone in the fight."

"Forget to tell you, my master's name is Ye Chen."

"Remember this name, you selfish and arrogant animals from abroad will be afraid of this name."

"And today, this fear starts with you."

"I will devour your power, your blood, your keel, your Longjin And your faith... "

"The world, the only belief that should be held, belongs to Ye Chen..."

"If I guess correctly, you are in your position, and your status should be very noble."

"You say, what if I devour all of you and replace you?"

The next second, the blood dragon body suddenly huge!

The dragon is smaller than the old one.

The resolute eyes burn out the endless fire of emperor's presence!

The blood dragon chants to the sky, fiercely to the demon dragon!

"Touch!"

The earth shaking sound resounds!

Jiutian Shenlong Temple seems to usher in an earthquake.

Even the kingdom of God had a slight tremor.

But it was ignored by all.

The chain of the magic dragon is constantly swinging, and countless thunder arcs touch the body of the magic dragon along the chain!

Also implicated in the body of the blood dragon!

However, the blood dragon is not afraid of all thunder and lightning, it is laughing.

Even if the whole body is scarred, still smiling.

Because, it feels, oneself may want to leave this ghost place!

Not even for a year!

The time for martial arts training is running away very fast.

A year, in many people's eyes, is just a moment.

Its longan lifted up, and it rained in the abyss.

The rain dripped on the body of the blood dragon.

Rain, blood and water continue to mix, mottled feeling, people palpitation.

And even more terrible is the dragon!

In ancient times, the body of the demon dragon, which many powerful people were afraid of, was even cut out with a huge opening!

Ferocious blood flows out!

Red the whole abyss.

.....

At the same time, a hundred miles away from the abyss of Jiutian Shenlong hall.

Somewhere in the dark valley where no one can go, it is filled with a terrible miasma all the year round.

This miasma is unbearable even for those who cut the bad situation!

Chapter 2644

Even the weak and strong chaotic people who stay in the miasma for too long will fall into hidden dangers and even affect the foundation of martial arts cultivation.

No one knows that in the depths of the miasma, there is a temple with an extremely ancient flavor and a strange shape, which even makes people feel that it existed here before the appearance of the kingdom of God.

In this temple, there is a statue with four arms and three eyes, which looks extremely ferocious and looks like human beings. It has wings on its back, full of tusks, and has four arms and three eyes.

At this time, under the statue, there were people sitting around, dressed in black robes, hiding their faces under the hood, and even with grimace masks on their faces.

According to their posture, there are men and women. Most of them look similar to human beings. However, there are some individuals who are not human beings.

If these people have anything in common, it is that their breath is incomparably powerful!

Even, there are a lot of people's breath, people feel terrible.

At the moment, these people are actually sending a stream of extremely powerful energy to the statues in front of them, as if, in the impact of something in general!

Suddenly, a strange, terrible, hoarse, low groan reverberated in the temple

As if, something, from the deep sleep, wake up in general

The strong breath, wearing black robes of the figure, in the moment of hearing the sound, are all body trembling!

It seems that there is joy, but also fear!

After a moment of silence

Suddenly, the deep hall, again sounded the deep, inhuman voice of terror.

And at this time, the voice, with a sense of anger!

"The soul that I left in the Zhenshen tower has been destroyed?"

The strong men, feeling the anger in the voice, trembled slightly one by one!

At the same time, their mask under a pair of eyes, are the emergence of a very shocking color!

The owner of this voice, how terrible, they know better than anyone else, he left the soul, unexpectedly, some people can die?

It's unbelievable!

Fantastic!

One of the black robed men, after a moment's silence, said with great respect: "master, is it the way that you stay in the Zhenshen tower and wait for the opportunity to move. When the opportunity is right, and you have the talent to be the ultimate, will you start the soul separation when the container that can hold your strength appears? Shall we check it out? "

The voice was silent. It seemed that he was thinking. After a moment, he said again: "OK, but it is enough to send one person out. The most important thing at present is to impact the seal! The Apocalypse of my family should be coming soon. Before that, I must break the ban and come out! "

"Yes

The voice said again: "Jiang you, it's up to you to go there. After you find that person, bring it to see me."

One of the figures heard the speech, and his whole body trembled. In his eyes, he showed the color of ecstasy!

Bow down and say, "obey the master's order!"

This temple, imprisoning a powerful and unimaginable ancient demon, although these warriors, by serving the ancient devil, break the seal, get incomparably powerful power!

But, similarly, the loss of freedom

Now, how can I not be happy to have a chance to return to the kingdom of God?

The others, with envious eyes, looked at the man named Jiang you.

After a smile, Jiang You's body flickered and came outside the temple. The general chaotic martial arts can cause harm to the miasma. For Jiang you, he even took off his mask and took a deep breath of the air full of poisonous miasma. He was extremely enjoying it!

Jiang you, it seems, is a pale, handsome young man with deep eyes!

Then, with a flash of body shape, he left the valley which was flooded by the miasma

Speed, too fast to describe!

.....

White Valley City.

It is the nearest Shenguo city to the valley covered by miasma and inaccessible.

The city is also close to the nine heaven dragon hall.

This night, a shadow stands in the void, overlooking the brightly lit Baigu city under his feet, and his face shows a cruel smile.

This person, of course, is Jiang you!

Then, his figure flashed again, and he penetrated the protective light curtain of the city protection array as if it were nothing.

On the top floor of Tiansuan Pavilion in Baigu City, a young man in a white robe, holding an ancient book, is reading with interest.

This man, seemingly young, but!

He is a powerful warrior of half step chaos!

Suddenly, the lamp flickered in front of the man.

The man looked at the lamp strangely. This spirit lamp is not an ordinary ordinary lamp. According to the law, even if it is a tornado, the flame of the spirit lamp will not be shaken? Why did you shake it just now?

And in the moment when the man raised his eyes, he suddenly caught a glimpse of a shadow in the corner of the room!

Crash!

The man suddenly got up, moved his wrist, grasped an ancient sword, pointed to the shadow, and whispered: "who are you! Do you know this is Tiansuan pavilion? How dare you behave

He looks, incomparably strong, but, his pupil, it is tiny constriction!

This person, unexpectedly can sneak into his room soundlessly, let him, do not notice at all?

What's more terrifying is that at this time, he can't see the strength of the other party in the face of this person! It's like a mystery!

The shadow, smiling softly, walked out of the shadow in the corner and came to the man in white. In his eyes, there was a thrilling bloodthirsty light and said, "who am I? You will soon know..."

Half an hour later, Jiang You stepped out of the Tiansuan pavilion with a relaxed and happy smile on her face, as if she had just had some recreational activities to relax her body and mind.

His eyes flickered and murmured: "I didn't expect to find such an interesting thing? That boy, unexpectedly comes from the God extreme clan? I'm really predestined with this God Jizong? What's more, the boy named Ye Chen seems to have something to do with that guy? Hehe, it seems that the trash didn't die? "

After that, he moved in a certain direction.

And in the Tiansuan Pavilion behind him, it was like a hell on earth!

There's blood everywhere, all over the body!

In Tiansuan Pavilion, no one survived!

Even more frightening is that they seem to have suffered a great deal before their lives. Their eyes are full of fear and despair. Their bodies are broken and can hardly be seen that they were once human!

They, as if they were tortured to death by some cruel means!

Chapter 2645

.....

The kingdom of heaven.

Xuanyuan moxie sits on the dragon with his eyes closed.

There was a very mysterious smell all over the body.

In front of him stood several old men.

These old people will appear once a month and tell Xuanyuan moxie many important things about the kingdom of God this month.

"What's important to the kingdom of God these days?"

Xuanyuan ink evil light sound.

An old man with green robes stepped forward and said cautiously: "report to the palace master, there is a strange phenomenon in Linhai City. A special blood awakened person is born. After being tested by Tiandao palace, the dragon vein is pure and can be recalled to Tiandao palace."

"Even waiting for adulthood, they will be sent to the nine heaven dragon hall for cultivation."

Xuanyuan Mo Xie nodded: "yes, in this era, genius rises, and Tiandao palace is in need of such a person."

"Our heavenly way palace has been in charge of almost all the land in the kingdom of gods over the years, only the nine heaven dragon hall."

"But Jiutian dragon hall itself is special, and the dragon clan inside is not so easy to solve."

"The child was named candlelong and brought back to Tiandao palace. A core elder took care of him."

"Next one."

The old man in green robe arched his hands: "good."

Later, the green robed old man carefully took out a jade slip: "palace master, the divine light ceremony is over."

"This time, a lot of talent has risen."

This is a wonderful ceremony! Over the past hundred years, there have been many talents in the kingdom of God! Sun Wuwang, Li Sheng, Zhao Lingren, Xuanyuanjing and others are also the ultimate demons

"Of course, there are more evil."

Xuanyuan ink evil smile, because he heard the name of Xuanyuan people.

That's good news.

Since he became the leader of Tiandao palace, more or less resources are inclined to Xuanyuan family.

The strength of Xuanyuan family is not what it used to be.

All of a sudden, he realized something and said, "there are more demons than our Xuanyuan clan?"

The green robed old man hesitated for a few seconds or said, "there are two people."

"One is Ji Yan, the second-class force of Luoxia sect."

"The other is Ye Chen, the latest rising God genius."

The old man in qingpao wanted to boast about them, but he realized that if they were gifted now, they would certainly suppress the genius of Xuanyuan family.

It would be inappropriate for the palace master to be angry.

Therefore, he summarized it in a few words.

Xuan Yuan Mo Xie opened his eyes: "Ye Chen?"

Somehow, the name made him uneasy.

"Show me the pictures of the day of the divine light ceremony. I wonder how powerful the young talents of Ji Yan and ye Chen are."

The green robed old man breathed out a breath and handed out a shining stone.

The stone fell into Xuanyuan ink evil's hand, just wanted to open, an old man of Tiandao palace rushed in in in a hurry!

"Palace master, something happened!"

In a flash, Xuanyuan Mo Xie put down the stone in his hand and said in a cold voice, "who allows you to rush in rashly?"

The old man quickly knelt down and said excitedly, "the palace master, Tianji Pavilion in Baigu City, everyone has been killed!"

"The key means are extremely cruel! There is no one alive

Tianji Pavilion belongs to the property of Tiandao palace.

And Baigu city is an important city in many cities!

It's a big deal!

Xuanyuan ink evil eyes hidden, eyes burning anger: "check for me! I want to know who moved the hand!"

"Tianji Pavilion dares to destroy the gate. I really think that the decoration of Tiandao palace cannot be completed!"

This can not help but let him think of that day called Pangu youth!

But after such a long time, the Pan Gu people still have no whereabouts.

The old man retired.

Xuanyuan ink evil pause for a few seconds, want to open the hands of the stone to see the divine light ceremony picture.

But all of a sudden, heaven and earth appear!

Cold poison city.

The sky is overcast and the earth is evil. Powerful and terrifying poisonous animals are rampant. It can be called the death Jedi.

Therefore, the cold poison city is rarely visited, even if the world's strongest, there are few.

On this day, the kingdom of God suddenly revealed many visions, endless death poison gas spread, covering the whole cold poison city!

Many great masters and old monsters who have closed their doors and practiced in secret seem to have sensed something very important.

The powerful spirits cross the endless space and project to the cold poison city!

Boom!

The strange sound of heaven and earth shakes through the sky, reaching the nether world!

Many deities and senses are intertwined, and ideas are linked and discussed one after another.

"Why?? It's not thunder, it's not a disaster, it's... "

He who has great power is uncertain.

"Hiss!! The road is ringing! What a once in a blue moon! "This is an old monster who has lived for tens of thousands of years. He is well-informed and tells the truth directly.

"Isn't there a peerless treasure that can't be tolerated by heaven's law?" This power speaks the voice of the people.

At this time, the final vision came...

the mysterious and obscure Daoyun appeared in the sky above the cold poison city. After a brief brewing, a tablet like object appeared out of thin air.

Create something out of nothing, from the virtual into the real, adhering to the will of heaven and earth!

Click!

Boom!

When the punishment of heaven comes, thunder and lightning strike this monument!

The power of this robbery has shocked many of the great powers who pay attention to it.

Because the power of this natural punishment is too strong, even if the invincible power of cutting the peak of the adversity situation, if we confront it positively, it will be the end of death.

Things against heaven will be envied and punished by heaven.

A strange scene happened...

that terrible catastrophe fell on the stone tablet. The force of the disaster did not cause any damage to the monument, but it seemed to be absorbed by it.

In the middle of the stone tablet, a mysterious archaic script condenses out.

"Poison"!

The word "sudden cold" broke through and fell into the city.

The gods of all powers moved with them, trying to track down the monument. But strangely enough, when the gods penetrated into the poison gas, they lost their sense.

The mind of all the great powers surged in like a tide, and retreated like a tide.

Then...

the great forces of the whole kingdom of God were boiling!

Tiandao palace.

Xuanyuan Mo Xie's "vision" is taken back from the cold poison City, and the pupil is deep, if there is a whirlpool surging.

This is nothing else!

This is the stone tablet of reincarnation!

It's an extremely important stone tablet of reincarnation for him!

His fingers clenched, and the burning stone, which recorded the images of the divine light ceremony, instantly turned into powder.

For Xuanyuan ink evil, nothing is better than the reincarnation xuanbei!

He is now in urgent need of the second reincarnation xuanbei!

"Is that poison tablet the poison tablet in the legend of reincarnation?"

"The stone tablet of reincarnation has disappeared in the world for tens of thousands of years. How can it be..."

"It seems so! Palace master, we must win this poison tablet

Several elders in Tiandao Palace are very excited when they see the poison tablet. They want to hold the poison tablet in their hands now.

Xuanyuan ink evil is even more exciting.

"It's just that God helped me. Anyway, we must take this poison tablet back to Tiandao palace!"

Chapter 2646

.....

At the same time, many forces in the kingdom of God also received the news of the coming of the poison stele in cold poison Town, and all sent the strong ones to go.

Cold poison Town, the strong gather.

Ye Chen is sitting in shenjizong with legs crossed. He is getting closer to the half year's appointment. Only when he breaks through the peak of Taixu, can he be qualified for World War I.

He wants endless practice.

The only thing that puzzles him is how long he has been in Taixu!

Why hasn't the thunder robbery come?

If you don't come, you may step into the disaster.

Is Do you want to be the first one to break through without thunder?

But at this time, he suddenly felt the pulse of blood.

It's very mysterious to know something in the world that beckons him. He has had this feeling several times before, and every time there is a spirit.

Is it hard to do this time

At this time, the ancient god of medicine suddenly uttered a light Yi in the reincarnation cemetery.

"Lao Cang, do you feel something wrong?"

"Something's wrong! That's not right! If my perception is correct, it should be one of the steles of reincarnation

"It's so poisonous that I'm afraid it's a poison tablet."

"Poison tablet? Really? " Ye Chen is a little excited.

Yonglao said that recently there is a reincarnation xuanbei coming out!

It happened!

"Eight nine does not leave ten. This poison tablet is very useful and will be beneficial to cultivation in the future."

Hearing this, ye Chen did not delay and rushed to the cold poison town immediately.

Poison stele is like a call in the dark.

.....

To the west of the kingdom of God, the temple of DUYE.

DUYE hall is the top force of evil way. It mainly kills and takes sin as its way.

"Li Fanyi, with you leading the ten great Shura kings and a hundred Shura commanders, immediately rush to the cold poison city and seize the poison tablet!"

The voice of the master of the DUYE hall came from the secluded place.

A quarter of an hour later, more than 100 of the world's most powerful people, full of the breath of death and extinction, flew out of the Mountain Gate under the leadership of the first one.

The strong one of Shura is the invincible great man who cuts the adversity. All the leaders of Shura are no less than the middle stage of Taixu state.

Li Fanyi, the deputy head of the DUYE hall, is also a strong man who can cut the peak of adversity!

.....

The primitive mountain range in the south of the kingdom of God has dominated this place for thousands of years. It is called wanduzong.

Wan Du Zong is considered as a third rate force. Liao Liao Liao, the master of the school, cut down the bad situation and cultivate himself.

"Order, the whole clan up and down, seal the door realm of the top, all gather in the Zongzhu peak!"

In the face of the temptation of reincarnation xuanbei poison word stele, wanduzong was recklessly gambling on the whole clan, which is the real regardless of the cost!

According to the ancient books and records of zongmen, the road of ten thousand poisons can only be completed by obtaining the stele with poison characters.

The importance of poison word stele to wanduzong is greater than life and death!

Before long, several treasure ships rose from Zongzhu peak and flew to the cold poison city.

.....

For a time, the cold poison city became the center and focus of attention of many forces and powerful warriors in the kingdom of God.

Xuanbei out, wind and rain is coming!

A bloodbath is coming!

Canggu gate is quiet, because there is no strength to participate in such events.

However, some one in Canggu gate felt it for the first time.

This person is an acquaintance of Ye Chen, Ji Lin.

She has a special constitution. She is a congenital poison. In the dark, she has a close relationship with the stele of poison words, even with Ye Chen!

Ji Lin found xuanlingzi for the first time.

"Do you feel it, disciple?"

"It seems that there is a call in the dark. I don't know what's going on. Master, are you aware of something?"

The girl who was always playful didn't laugh again this time.

Xuanlingzi has been practicing with Jilin for a long time, and is very satisfied with this little girl.

At this time, seeing her ask, he also told the truth.

"The poison tablet in the Xuan stele of reincarnation has come into the world. I didn't expect this tablet to be born, but I didn't expect it was true..."

"Girl, you are a natural poison. The more common people can't bear the poison, the better it will be for you."

"If there are three or six poisons in this world, this poison tablet must be the best among the poisons, and it is the most beneficial thing for your cultivation. If you can master this poison tablet, your accomplishments will certainly go a long way. "

"Really?"

Ji Lin was excited when he heard this.

"I can feel the position of the poison tablet. Master, let's go and grab it back."

"This is the best!"

"In this case, I will accompany you. I hope lin'er can grasp this opportunity!" After discussion, the master and the apprentice quickly made the decision to go together to look for opportunities.

Unfortunately, Cangu gate is only ten thousand miles away from the cold poison City, but within an hour, master and apprentice of xuanlingzi Jilin came here.

At this time, the top forces such as tiandaogong and DUYE hall were still on their way.

Outside the cold poison City, hanging Lingzi's eyebrows are tight and his face is dignified.

"Lin'er, wait a minute! As a teacher, I have a bad premonition. Although this opportunity is great I'm afraid it's very dangerous

Xuanlingzi stopped Ji Lin, his eyes were bright and he swept around. His mind was heavy and he was very uneasy.

At this moment, the cold poison city is wrapped by endless poisonous gas, which is like a unique array, which makes people flinch.

The ground is covered with debris, and there is still residual blood gas on the bones, which means that these people have just died.

Just now, xuanlingzi watched a strong man in the middle of Taixu state break into the poison gas with his own eyes, but in a moment, he turned into a pool of pus, and all the spirits and spirits were destroyed, and only a corpse was left!

Although Ji Lin is extremely eager for the "rare chance" in the cold poison City, he knows the importance and obeys xuanlingzi's words.

The master and his disciples stopped in the cold poison city and watched for half a day.

After half a day's hard work, xuanlingzi came to a conclusion: in the middle of Taixu state, no one can survive after entering the cold poison city.

Even if there is a heavy treasure to protect your body, it is also a life of death!

After breaking through the gas barrier, the strong people in the later stage of Taixu state were greatly affected and their strength was greatly reduced.

As time goes on, the number of warriors entering the cold poison city is doubled and more and more. The strong ones who appear are also more and more alarming in xuanlingzi's heart!

Hanging Lingzi looked at Ji Lin, who was sitting quietly on one side, and fell into a struggle in his heart.

This disciple is quiet on the surface, but his breath is more and more unstable. It seems that he is very eager for the "unprecedented opportunity" in this cold poison City, but he is strong in self-endurance.

"Lin'er, although the chance is rare, sometimes it can't be obtained by force It's dangerous here. It's much more dangerous than I expected. You Do you have to go in? "

Xuanlingzi still asked.

In his mind, with the strength of Ji Lin's cultivation, he could not even break through the outer gas barrier, let alone chance.

Chapter 2647

Ji Lin pondered for a moment, and the color of perseverance appeared on his beautiful face. His eyes looked at the cold poison City, as if he had penetrated through layers of fog and saw the poison tablet.

"Master, I have made up my mind to go in even if I die."

Xuanlingzi seemed to have expected it earlier, and sighed, "well, you should keep this place safely. If you have any harvest or not, you can't come here in vain."

Ji Lin's time to enter the kingdom of God is still short. Although the realm of cultivation has improved by leaps and bounds, today, it is only the realm of sealing doors. Even the strong in the middle of Taixu state can't enter the cold poison City, let alone her?

Therefore, xuanlingzi made a decision to explore with his body and seek opportunities for his apprentice.

Xuanlingzi grew up and was about to break through the miasma. However, Ji Lin said in a hurry: "master I feel that these poisonous gases have no effect on me, and The closer I get, the more I gain from my accomplishments! "

Ji Lin's lips pursed lightly, his face was confused, and he was still a little uncertain. Then he said, "maybe, I can enter safely?"

Xuanlingzi was surprised at first, then his face was excited, "this is it not the reason for your unique constitution

Inborn poison body, far away from ancient times and rare today, should be special!

The master and the apprentice discussed again. Seeing that there were more and more powerful people in, they did not care about many, so they made a decision to take risks.

"Let's have a try, Lin'er. If you stand behind me, if you feel unwell, don't hesitate. Run away immediately, and your teacher will help you at the first time."

Ji Lin nodded his head, and his eyes were shining.

Xuanlingzi with Ji Lin, master and apprentice, one after the other, carefully step into the poisonous miasma area of the cold poison city.

"Hoo!! As a teacher, this hanging heart is finally put down! "

Hanging Lingzi long breath, rippling up a layer of water like light.

This is the spiritual power to protect the body. After entering the cold poison City, xuanlingzi found that the suppression of cultivation was far beyond imagination. With his realm, he felt a bit heavy breathing here.

Strength does not save one!

Ji Lin, on the other hand, is on the contrary to xuanlingzi. After entering the cold poison city after the change, she is not only not suppressed, but also like a fish in water, her breath is high!

Without the need for xuanlingzi's distracted support, Ji Lin walks freely. The poisonous gas around him seems to be drawn by inexplicable forces. He gathers around her and then pours into her body.

Ji Lin's accomplishments are also rising at an incredible speed!

"Master, there, let's go in that direction! I can feel something calling me! "

Xuanlingzi is still in a daze. Ji Lin points to the central area of the cold poison City, where the poison tablet comes.

"Go, go! Don't let others take the lead! Lin'er, I believe now that this opportunity must belong to you. If you get it, your future achievements will not be much worse than that of my master. Ha ha ha! "

Xuanlingzi came back to God, his confidence doubled, and he flew forward with Ji Lin while laughing happily.

"Ye Chen Catch up with you, this is the biggest purpose that I pursue this chance

Ji Lin sighed in his heart.

.....

At the same time, Tiandao palace, the palace master Xuanyuan moxie opened the border behind him.

A streamer flew out of his hand and went deep into the secret.

Xuanyuan moxie stood with his hands and waited in silence. However, with ten breaths, a vast and deep breath seemed to wake up from a deep sleep!

Whew! Whew! Whew!

Ten figures appear almost in front of Xuanyuan ink evil.

"See the palace master!"

Xuanyuan Mo Xie nodded slightly to the front ten people.

One idea spread, ten people instantly understand the reason for their coming.

"The master of the palace can rest assured that we should be invincible in the world under the chaos. The tablet with poison words must be in the palace bag of heaven!"

"We haven't come out for ten thousand years. This time, we should not only kill the four sides and carry forward the power of the way of heaven, not only for the sake of the stele of reincarnation."

“.....”

Among the ten elders of Tiandao palace, only one was in the center, dressed in white robes, with low eyebrows and narrow eyes, without any words. But the other nine looked at him with awe

"All right, let's go. Go and choose the suitable treasures. After a stick of incense, set off immediately

The white robe in the center was low-key and powerful. The other nine stopped and their bodies disappeared.

Xuanyuan Mo Xie solemnly saluted the man, "uncle, you have been here for 5000 years. My nephew is very happy to see you again. Thank you for this time."

To others, Xuanyuan moxie would not stoop so much, but this person is special.

Xuanyuan cold, the top strong man who cut the nine layers of the adversity, is also the close uncle of Xuanyuan moxie!

Although the realm is not chaotic, but this person has always let Xuanyuan Mo Xie rest assured.

This time, in order to ensure that the mission is safe and sound, Xuan Yuan Mo Xie asked Xuanyuan Han, the blood elder, to sit in the town.

Xuanyuan cold, also known as "extreme Yin cold old", cultivates the way to exterminate the curse, killing people in the invisible!"Palace master, in order to make a simple stone tablet with poisonous characters, you have to make a fuss about me?"

The Xuan Yuan Han of white robe says.

"My nephew's purpose this time is not just for that poisonous tablet..."

Xuanyuan moxie's eyes narrowed slightly, and his face showed his murderous intention. Then he said, "I have a vague guess these days. Maybe The new reincarnation Lord is coming out! "

"But who it is, I'm not sure yet."

"I've made thunder to the limit."

"To obliterate him in his cradle."

Boom!

Sky thunder rolling, space broken, this is xuanyuanhan can not control their own air caused by the abnormal!

"The inheritor of the reincarnation master?! When you kill me

.....

The time for an incense stick soon passed. Ten elders of Tiandao palace cut off the later stage of the disaster area, tore up the space and quickly rushed to the cold poison city!

At this time, it is just the beginning of the nightmare for the warriors who have entered the cold poison city.

Poison beast, a powerful poison beast, wreaks havoc on the whole cold poison city.

Xuanlingzi and Jilin master and apprentice also encountered unprecedented crisis soon after entering the cold poison city!

The poisonous animals in the cold poison city are beyond the common sense. They are unimaginable!

"What's the matter! I've been to this cold poison city before. The strongest poison beast is only in the Taixu period, and it doesn't appear in the periphery. It can be seen only in the poison cave! But now, the poisonous animals in Taixu are flocking together, and the poisonous animals that have cut off the bad situation are coming out one by one! "

A strong man in the later period of Taixu roared. He majored in poison road. After the tablet of poison appeared, he was the first group to enter the cold poison city.

Because of the skills he practiced, his accomplishments were not suppressed. He went all the way and killed many powerful enemies. In the prime of his life, he was attacked by poisonous animals.

"Damn it! There is a strange poisonous gas in the cold poison city. Our cultivation level is suppressed. Those poisonous animals have increased. If we don't say that, there are a lot of poisonous animals that have changed. They are in danger, they are in danger! "

Chapter 2648

There are strong people aware of the crisis, have the mind to retreat.

"Haha! The more so, the more it proves that the more chance there is in the poison cave, that is, to fight for this life, and to bet on it! "

The martial arts who can enter the cold poison city are at least those who have accomplished above the mid-term of Taixu state. These strong men are determined and confident, and are not afraid of difficulties and dangers.

The place where the stele fell into happened to be the underground poison cave in the center of handu city.

Xuanlingzi and Ji Lin met many poisonous animals along the way. They tried their best and were badly hurt. At this time, they came to a place only ten miles away from the poison cave.

Further ahead, there is the entrance of the poison cave. There are not only a large number of poisonous animals, but also a large number of martial artists.

The poisonous beasts are strong, but their intelligence is low. The purpose of these poisonous beasts gathering here is to protect the things in the poison cave, hate the warriors and launch a fierce attack.

More than a dozen poisonous beasts besieged xuanlingzi and Ji Lin's disciples in groups. Xuanlingzi's mouth overflowed with golden blood, and his whole body's spiritual power was boiling. With his own strength, he temporarily implicated seven or eight poisonous beasts that were equivalent to his realm!

As a result, xuanlingzi broke out this kind of fighting power, but he used the method of fighting for life, burning the life of essence blood, and suffering greatly.

Although Ji Lin's strength has been improved, he is too low to be able to defeat a powerful poisonous beast. However, there are three powerful poisonous beasts surrounding him!

However, after several moves, Ji Lin was seriously injured and in danger!

"Lin'er!"

Hanging Lingzi's canthus was about to crack, but he couldn't help himself. He watched Ji Lin fall into the desperate situation of almost death, and his heart sank to the bottom of the valley!

"Farewell, master Goodbye, ye Chen! You and I have no destiny after all. I can't stay with you for a long time... "

Ji Lin's oil is exhausted and the light is dry. At the last moment when the fire of life is about to disappear, he murmurs in his heart.

Tears across the crystal like face, Ji Lin closed his eyes.

A three monster poisonous beast raises its huge palm and pats it to Ji Lin. under the control of the other two poisonous beasts, Ji Lin can't avoid this blow, and he will be photographed as flesh and mud when he sees it

"Roar

Suddenly, a loud sound was heard from the depths of the poison cave, and a fierce fire spread out!

The huge palms of the three poisonous beasts, which covered the sky and the sun, stayed in the air. The other two poison beasts who besieged Ji Lin stopped attacking.

Strangely enough, the other poisonous beasts who attacked other warriors continued to attack madly after being stunned for a moment.

The roar seemed to be aimed at the three fierce beasts who besieged Ji Lin

Bang! Bang! Bang!

A tiger like poison beast emerged from the poison cave. The earthquake rocked during its walking. The invisible black flame was burning around its body. Even the space was infected with a layer of black, which was enough to melt the poison of space!

This is a poisonous animal close to chaos!

Those who are fighting with the poisonous animals and trying to break into the poison cave are shocked. They use their unique skills to fight back the poisonous animals and then run away!

The head of this poisonous beast runs straight to Ji Lin, but the breath makes Ji Lin, who is already at the end of his strength, go straight into a coma!

With a big mouth opened, the poisonous beast swallowed Ji Lin directly into his stomach, then turned around and ran back to the poison cave!

Xuanlingzi's face was as gray as death, but when he was in despair, he roared angrily: "don't go! Keep my apprentice

Bang!

The huge body of a poisonous animal bumped into xuanlingzi. Xuanlingzi looked up to the sky and vomited blood, but he couldn't get up, but he could only watch

The poisonous animal that devoured Ji Lin didn't enter the poison cave!

Seven or eight pairs of vicious eyes were fixed on xuanlingzi. The next moment was when he was killed. But at this time, the leader of the poisonous animal, who was like a tiger, made a sound again!

Roar!

All the poisonous animals outside the poison cave seem to have received the order to fly or run to the poison cave one after another.

Hanging Lingzi fortunately picked up a life, but there is no survivors of the celebration.

"Lin'er I'm sorry to be a teacher. For you, I shouldn't take you here to take risks! Ye Chen, I am more ashamed of your trust Yes, ye Chen, maybe lin'er is not dead, and only Ye Chen can save her! "

Although clearly know that this hope is almost nothing, xuanlingzi at this time, only to hold up this trace of faith.

Faltering, with a bleak back, danglingzi, who is seriously injured, goes outside the cold poison city.

Waiting for ye Chen's arrival!

A faint light across the endless space, from the far west of the kingdom of God.

The light fell on the ground like a painting scroll of mountains and rivers, from which more than a hundred strong and powerful warriors came out!

This scene took place outside the cold poison city.

A famous Shenguo San, who had cut the second floor of the disaster area, corrected it, took a breath, turned around and ran away.

"The yellow spring! The treasure of DUYE hall! The chance of this place leads to the huge things here! Needless to say, the heavenly way palace will also come. I'm afraid it will be too late to run! " The secret path in the mind of this sanxiu.Li Fanyi, the leader of DUYE hall, led the ten strong Shura masters. With the "Jue Qi" diagram of the yellow spring as the bridge, congenitally Daogong came to the cold poison city one step at a time!

"Hum! It's coming fast! Go inside quickly. Before you find the poison tablet, try to avoid fighting with Tiandao palace Li Fan raised his head and took a look. At the same time, he entered the cold poison city first.

However, after three breaths, the dark light came down from the sky, and ten virtual and solid figures appeared in the sky above the cold poison city.

Ten strong men of Tiandao palace come!

"Li Fanyi What a ferry hall, it was not destroyed last time, but I didn't expect that they would revive again. Now they dare to disobey the law of heaven. Ladies and gentlemen, this time, we can do something about it

Xuanyuan cold caught a trace of the breath of acquaintances, cold voice.

The other nine ancestors of Tiandao palace were extremely polite to Xuanyuan Han, but he was the only one to follow.

Xuanyuan Han, like the nine heavenly gods above, issued a judgment on all living beings: "kill the inheritors of the reincarnation Lord, kill Li Fanyi, and kill all the creatures in the cold poison city!"

The arrival of ten people in Tiandao palace makes the heaven and earth turbulent.

The strange poisonous fog that enveloped the cold poison city suddenly changed again. The black and red gas appeared one after another. The poisonous fog was more intense and the world was more dark.

"Ah

One after another, the poisonous fog suppressed the cultivation of the martial arts even stronger!

Several warriors who can enter the later stage of Taixu are just at the critical juncture when they are suddenly contaminated by the new black and red gas. The spiritual power of protecting the body is melted, and the poison gas enters the body. They are caught off guard and killed!

"The xuanbei of reincarnation, an object against the heaven, has experienced such a change due to the power of our heavenly way. I'm afraid that we will suffer several times as much suppression as other martial arts people, this..." One of the great powers in Tiandao palace frowned and said.

This man is the "ancestor of subduing demons" and cuts down the realm of nine layers of heaven.

Chapter 2649

"It's all right. The Lord of the palace adheres to the will of heaven. He has already known and prepared well. As long as I find the poison tablet, I have my own way to collect it."

Xuanyuan Han Zhizhu was in his hand and looked confident. His eyes swept over the cold poison city and said coldly, "our soldiers are divided into two ways. Ancestor rosefinch, you lead four people to block the strongmen of DUYE hall and other forces. The five of us only took the stele with poison words, and then joined together and slaughtered the city again!"

"Zhuque ancestor" is another great power who cuts down the nine levels of adversity. Among the ten ancestors, the strength is second only to xuanyuanhan!

Ten people fell like meteors and entered the cold poison city with an extremely strong posture.

.....

"Boom, boom!"

Somewhere, there was a loud noise, and the spirit was furious. A piece of poisonous fog was blown open, and a figure flew out, flying into the air and barely falling to the ground.

This man is xuanlingzi. At the price of exploding a special gold needle, he drives back the poisonous beast and dispels the poison fog. Finally, he escapes.

"Pooh

Lucky escape from the day of birth, the mind slightly relaxed, xuanlingzi immediately vomited blood, the blood was purple black color, smelly, but it was caused by poisoning.

Xuanlingzi took out a healing pill and swallowed it into his stomach. He temporarily suppressed the wound. He looked around and found a remote place to fly to here. He landed on the ground and crossed his knees. At the same time, he used his skills to heal the wound. At the same time, a wisp of mind was revealed and he paid attention to the outside world.

A transmission jade talisman was taken out, and xuanlingzi was distracted from many places and passed ideas to it.

Because of Ji Lin, ye Chen had given it to xuanlingzi before, which was used as a connection.

But this thing has the space-time distance limit, ye Chen is close to the cold poison City, has the time to receive the news.

Xuanlingzi watched many powerful people enter the cold poison city and saw many forces rush to this place in groups, but ye Chen was not seen.

Although anxious, but helpless.

"Lin'er didn't die on the spot, so there is hope of survival The poisonous animal rushed out of the poison cave, and seemed to have come for her! Yes It must be so. Lin'er must still be alive! "

Xuanlingzi suffered a lot in his heart, and he was extremely self reproached. He was full of miscellaneous thoughts. The mind is always feeling the jade Rune of the hand.

"Buzz!"

All of a sudden, there was no sound in the jade Fu!

Xuanlingzi's dim pupil suddenly burst out a dazzling light, and his excited breath was a little short.

Ye Chen finally returns the news, which also means that ye Chen is on his way to the cold poison City, which is getting closer and closer!

A hundred thousand miles away from here, ye Chen escaped from the void and fell here.

Following the blood relationship, ye Chen keeps on going. He feels that he is very close to the poison tablet, and has locked in the specific location of the cold poison city. Ye Chen is finally relieved and intends to take a short rest to recover his spiritual power and adjust himself to the best state.

He had a premonition that it would be extremely dangerous to go to the cold poison city. He should be well prepared.

At this time, he noticed the sound of jade Fu.

Xuanlingzi sent messages one after another!

Ye Chen a wisp of thought into the jade Fu, and then the whole person's breath becomes extremely violent.

Excitement, anger and worry!

Ji Lin! Don't let anything happen to you! "

Ye Chen roars in his heart, neglecting to rest, disappears at the top of the peak and rushes to the cold poison city.

When he first came to the kingdom of God, it was Ji Lin who accompanied him all the time. It is unnecessary to mention their deep feelings. We can imagine Ji Lin's position in Ye Chen's heart!

Xuanlingzi left his hiding place and came to a conspicuous area outside the cold poison city. He was a little bit uneasy on his bitter old face.

The spirit power fluctuates in the void, and a figure appears directly in front of xuanlingzi.

It's Ye Chen!

Hanging Lingzi see ye Chen, first excited, then shocked!

Ye Chen in front of him feels that the breath is not so strong, but just looking directly at him gives him a sense of palpitation!

He knows that ye Chen's realm is not high. This situation means that ye Chen's real combat power is far superior to him!

This just how long did not see, ye Chen's strength, unexpectedly promoted to this kind of situation!

The spirit of xuanlingzi is one of the shocks, because the stronger Ye Chen is, the greater the hope that he will rescue Ji Lin!

To hang Lingzi arch hand, ye chenqiang from calm, deep voice asked how to return a responsibility.

Soon, xuanlingzi, who was remorseful and guilty, soon explained the cause and effect.

Although Ye Chen is angry and dissatisfied with xuanlingzi's failure to stop Ji Lin, he doesn't change his anger. He comforts xuanlingzi and gives him a bottle of healing elixir. He can't wait to rush to the poisonous fog barrier of the cold poison city.

It should not be too late. As long as there is still a glimmer of hope, Ji Lin must be rescued!

Outside the cold poison City, there are many warriors who stop to stay and dare not enter rashly. Among them, there are many strong men above Taixu state in the later period.

Several deities pay attention to Ye Chen, and someone immediately sneers. "It's just a little boy in Taixu state. I don't know the strength of the poisonous fog. I'm really looking for death!"

"Well It's pathetic and lamentable. This son must be the end of no bones and no spirits! "

Ye Chen flies out of the poisonous fog and doesn't stop at all. He doesn't even take a look at those people who comment on them. He goes straight in!

And then

Ye Chen enters the cold poison city. You can see it through the poisonous fog. Ye Chen walks in the city like a leisurely walk, and his body goes deep into it in a few twinkling moments!

"This How can this be possible? "

"Just walk in like this? Isn't that amazing? Even if those who cut down the enemy and the strong go in, they can't do so quietly... "

The sound of an inverted breath sounded, which almost surprised all the warriors!

"Is it difficult This poison fog is not working? I'll give it a try

Seeing this, a strong man with six layers of Taixu suddenly felt adventurous. His body protection and spiritual power covered his body. He held up his own magic weapon and rushed into the poisonous fog as forcefully as ye Chen.

And then

A scream sounded, and the body of the strong man who could be close to the later stage of Taixu melted and his spiritual consciousness turned into smoke Die!

All the warriors were dumb. The figure of the young Taixu youth became great and tall in their hearts!

And have no bottom!

The stele of poison is the cold poison City, which makes this place a ten thousand poison Jedi.

Great opportunities are also accompanied by great dangers. All the warriors in the kingdom of God are still flocking to them.

There is a mysterious connection between the samsara blood vessels and the reincarnation xuanbei. Therefore, after ye Chen entered the cold poison City, he was more suitable than Ji Lin's "congenital poison body".

It can be called a fish in water. For ye Chen, this place can be called "holy land".

Under the influence of the breath from the poisonous tablet, his accomplishments are growing and climbing all the time.

But now, ye Chen is not happy because

He found that in this city to break through the Taixu state, but the future of the disaster is coming!

"No! It's at this time that we don't cross the river sooner or later! "

Ye Chen is angry in his heart, but he still rushes to the poison cave.

There is no other reason. Ji Lin is dragged into the poison cave by the poisonous beast. Even if the calamity is added to his body, ye Chen ignores it.

Ye Chen feels that he is locked in by an invisible force, where he passes by, the poisonous gas is stirred by this force, forming a vortex all over his body and above his head, one by one

The disaster is brewing. It may come down at any time!

Chapter 2650

At the moment Ye Chen entered the poison cave, the disaster came!

Even though this place has suppressed the way of heaven because of the poisonous stele, the Tianjie is still unstoppable and falls on Ye Chen's head.

Under such a powerful natural calamity, it can not be said that they are martial artists in the Taixu area. Even if they are the top of Taixu territory and even the strong ones in the later period of chopping the enemy, they are not immune.

And this It's just the power of the first disaster!

Ye Chen is not allowed by the law of heaven. When the calamity falls, he has no escape under the law of heaven. The heaven is angry. This robbery is a death robbery!

As the inheritor of the reincarnation master, ye Chen had expected this for a long time, but he didn't want to take the robbery at this moment.

But this robbery, actually had to cross

"What can you do to me? Heaven will destroy me, I will destroy heaven! Come on, let's make it harder! "

Ye Chen raised his head to the sky and roared with anger!

Click!

The first natural calamity falls, drowning Ye Chen among them.

Lightning dissipated, ye Chen clothes broken, breath slightly scattered, no injury!

Dare to fight, dare to fight with the sky, ye Chen naturally has to rely on, and this dependence, is his own, from strength!

Taixu Tianjie has different levels for different martial arts. The lowest level is 49, the best is 99, and the legendary extinction is purple thunder

Ye Chen's natural calamity is the most rare, the most top-level exterminating thunder robbery!

This is not the thunder robbery that Taixu state has to face!

This is more terrible than the thunder robbery faced by chopper!

In this regard, ye Chen is not surprised because he is the unique reincarnation master who even the way of heaven is afraid of.

The second natural calamity then falls. Ye Chen flushes Qi and blood into the orifices. Without using magic weapons, he still chooses to resist

In the future, the more powerful the nine heavenly robberies are. The cards prepared by Ye Chen can not be consumed too early. The last three are especially severe, which are the biggest obstacle to cross the boundary between life and death!

.....

Just as ye Chen passed through the first natural calamity, outside the poison cave, a powerful man of Tiandao palace came to the place where he killed the poisonous animals.

The "Tianmu elder" of Tiandao palace is a powerful person in the later stage of the state of adversity.

Tianmu elder has purple eyes. Although his accomplishments are at the bottom of the ten elders in Tiandao palace, he is very good at tracking down secret methods.

A pair of heavenly eyes on the nine sky, down through nine you, magic eye unparalleled.

A white and substantial light radiated from his pupil to all around, and fragmentary pictures appeared, which was the scene of Ye Chen's resistance to thunder robbery.

"The disaster of the palace master has come! The inheritor of the reincarnation Lord! I have found you at last

The elder Tianmu catches Ye Chen's Qi, smiles triumphantly, and walks to the poison cave.

At the same time, he passed the idea to the other nine elders by secret method, but did not stop.

"The breath of Taixu state It's not difficult to capture him alive when I broke out. What's more, this son is on the verge of robbery. It's my credit for this day Tianmu elder said in his heart.

.....

After the third natural calamity, ye Chen is in a bit of a mess, and his body has several injuries. Under the operation of Qi and blood, he recovers as before.

Ye Chen's look increased a bit more dignified and serious, Zhutian magic gun appeared in the palm, slowly clenched.

Next, you can't just carry it with your body.

At present, thunder robbery can't use Qinglian mietian sword.

Zhutian God magic gun, he was in the shenjizong closed when the upgrade level, would like to take out to try.

The dark black hijacking cloud blocks the day, and the force of the calamity brewed in it shows many visions, and the virtual shadow of swords, guns, swords and halberds appears.

This fourth Tianjie is actually the last one of the top-notch nine-year-old robberies. Compared with the pure natural disaster energy, the power of the fourth disaster is doubled!

Boom!

At the same time, ye Chen meets the robbery and shoots out!

In Ye Chen's hand, the gun of Zhutian God and devil has been advanced to the level of ancient ware, which has the power to cut off the misfortune. Ye Chen's unreserved effort to shoot out the weapon, and most of the power of the fourth disaster was offset, and then

He was inundated with the rest of the scourge.

"Cough..."

The sound of light cough spreads out and ye Chen lands on the ground.

The ghost gun of Zhutian God was so dim that it was damaged in the disaster. What's more, ye Chen's left hand holding the gun was dripping with blood, revealing the white phalanx, which was not light.

Although Ye Chen has the incredible ability of rebirth by dropping blood in such a state of cultivation, he can't recover immediately. It can be seen that he has hurt the foundation.

The fifth disaster is still in the making. Ye Chen swallows a healing pill to gather Qi and concentrate

At this time, a blazing light suddenly lights up from behind Ye Chen and shoots at his elixir field!

Ye Chen heart warning sign suddenly born, immediately avoid the key, waist rib sharp pain, a large piece of flesh and blood disappear, and there is residual strength to drill into the body, the light of silver white color is extremely overbearing, devouring everything. Spiritual power covers the wound, ye Chen forces out the silver and white light, and turns around at the same time.

An old man with double pupils and purple eyes stood with his hands in front of him and looked down at Ye Chen.

This man is the Tianmu elder of Tiandao palace!

"There's no place to look for, it's easy to get here! Boy, you're really brave enough to survive here. Do you know how to write death? "

Elder Tianmu really didn't expect that he would see the Lord as soon as he stepped into the poison cave.

"The running dog of the heavenly way palace!" Ye Chen is cold.

The breath of Tianmu elder's martial arts is familiar with Ye Chen. It is the power of heaven and the most disgusting taste of reincarnation!

Elder Tianmu's strike has the power to cut the seven layers of heaven!

If it's normal, he may not care.

But at this moment, he faced the thunder robbery, too much bondage!

Ye Chen feels a burst of danger!

The environment inside the poison cave, ye Chen's blood force played a huge role, greatly increasing his fighting power.

Under normal conditions, ye Chen's comprehensive combat power is comparable to that of chopping down the enemy's eighty-nine layers. However, because of his position here, ye Chen can play a part of his conventional combat power!

On the contrary, the strength of the man in front of him has been weakened, and he can still be so powerful with a casual attack. It can be imagined that his real cultivation must be very terrible.

Ye Chen knows very well that there are many powerful means. If you pay a certain price, the strength that you can break out will not be your own enemy!

What's more, ye Chen is passing through the critical moment of robbery, and the fifth thunder robbery is about to fall!

What to do?

Ye Chen thought in the mind to turn very quickly, quickly thought of the countermeasures.

I have only one shot!

If you can't seriously injure or kill him with one blow, he will make trouble while he is crossing the robbery.

At that time, there will be no doubt that we will die if we are in trouble both at home and abroad.

Elder Tianmu didn't know that ye Chen had already moved his mind when he said that sentence. He looked up at the sky and didn't care about ye Chen's abuse, because in his eyes, ye Chen is just like a dead man.
