Chapter 2651

With a dead man, there's no need to worry about the benefits of words.

"Tut Tut, Taixu destroys the world's thunder robbery. Even if I don't do it, you will die under the wrath of heaven. However, you may be the reincarnation master's identity, but it is worth my effort to exchange some credit. "

Elder Tianmu is not in a hurry, but something unexpected happened to him

A sword that emits the magic light of heaven appears in Ye Chen's right hand. At the moment when the fifth disaster is falling, ye Chen cuts out a sword and attacks Tianmu elder directly!

"Thunder wasteland dominates star sword!"

At the beginning, the sword was calm, like a warm wind blowing on the face, without showing any chance of killing; but in the next moment, it was sublimated to the utmost, like a maggot of tarsal bones, and it could not be avoided!

Then, the elder, he was astonished!

Because of the particularity of this sword, he did not respond immediately when the sword came out. He realized that when the crisis came, it was too late to display his cards

The light of the sword, seemingly invisible, passed through the body of the elder Tianmu, and then appeared in the space behind him. The bright light of the sword burst out and dispelled the darkness under the robbery cloud.

Elder Tianmu stood there quietly, with only empty eyes and Endless unwillingness!

Bang!

When Tianmu elder's body falls down and his sword light penetrates his body, his vitality has been cut off and his spirit is broken.

One sword, second kill!

One of the three unique skills taught by the devil emperor to Ye Chen, the thunder famine Ba star sword magic power, is most advantageous in thunder robbery. In addition, the power of the sword, and ye Chen's all-out effort, even burned some amazing swords, which killed a great power of Tiandao palace in the later stage of the disaster!

Taking advantage of the opportunity that Tianmu elder didn't realize, this is the time of day; the environment here allows each other's strength to grow and then to disappear, which is the geographical advantage.

In addition, ye Chen's several cards together, the death of Tianmu elder, though inconceivable, is reasonable.

When the elder Tianmu falls down, ye Chen also falls down!

The whole force of the fifth disaster fell directly on Ye Chen without any hindrance.

A scorched black body climbed up from the ground, ye Chen was severely damaged!

Several sacred pills from the ancient medical God were swallowed into his stomach. Ye Chen looked at the corpse of the elder Tianmu, and his mouth rose a little radian, but soon disappeared.

Ye Chen also paid a great price for killing Tianmu elder. He fought against the fifth Tianba and was seriously injured

Next, trouble!

"The heavenly way palace has not only sent this person, but one died. The other strong ones are coming soon. I hope there is still time." Ye Chen said in his heart.

Rarely, ye Chen shows a state of exhaustion, and his mind is tired.

"Boy, concentrate on crossing the robbery. If it comes to the last resort, we have our own secret method to help you tide over the difficulties!"

It seems to be aware of Ye Chen's difficult situation. At this time, the voice of the six swords' sacred wind is ringing in his heart.

The great power in the tomb of samsara is connected with Ye Chen's mind and spirit.

Ye Chen choked out the negative emotions and took a deep breath. He faced the sixth Tianjie which was about to fall. The blood demon sword that had just become powerful pointed to the sky sky and declared war on the disaster!

.....

Outside the poison cave, four elders of Tiandao palace, including elder Zhuque, are in a state of shock!

Just now, they found that the fire of life and soul of elder Tianmu has been extinguished!

Before they set out, the ten elders exchanged their own fire of life and soul, which was intended to be used for early warning and to communicate with each other.

The fire of life and soul is extinguished, which means that elder Tianmu is dead!

Death suddenly, dead let them off guard!

"Tianmu just passed on his idea to us, and he found the boy's whereabouts!"

"His life and soul are extinguished without a pause. He did not die in a fierce battle. If he was right, he
Be killed by one stroke and one second

"It's that boy. He has such means. He deserves to be the inheritor of the reincarnation master!"

After a few words, they quickly established a fact that they could not believe but had to accept.

Elder Tianmu, died by Ye Chen's hand.

"Ye Chen, this son, must not stay! Find him, and I'll wait for a few people to give him the chance to use
his means! " The rosefinch elder said coldly.

At this moment, ye Chen's means are as good as possible, and he has survived the sixth disaster.

At this time, ye Chen was dressed in armor, surrounded by golden clouds and wearing boots, which was
as majestic as the God of war.

This is the God's armor given by yuzhenzi, which is the biggest protection for ye Chen to survive the sixth
heaven disaster.

"Ah..." Ye Chen sighed, regretting what.

Click!

A crisp sound, God armor broken, in the disaster under the fly ash.

Yuzhenzi's protective magic weapon, which cost a lot of money, was broken like this.

Not only that, ye Chen is more seriously injured, his breath is scattered, and only 30% of his accomplishments are left.

When the palm of his hand was turned over, a pill appeared in Ye Chen's palm. The pill was still spiritual. He kept beating in his palm, as if he wanted to break free and escape, but he was wrapped in spiritual power in vain. Nine turn samsara pill!

This pill is written by the ancient medical God, and its value is immeasurable. Under the strong chaos, as long as the spirits and spirits are not destroyed, a nine turn samsara pill can revive it.

Even the supreme figure of chaos, Dan is also quite hot!

In ancient times, when this Dan appeared in the world, it attracted the crazy snatching of countless warriors.

It is also very difficult to refine this kind of elixir with the ability of ancient medical God.

A nine wheel back into the abdomen, ten breathing time, ye Chen recovered, recovered to the peak of the full state!

"I didn't want to eat the Dan, but I did."

At this time, the voice of the old man sounded in the reincarnation cemetery.

"You son of a bitch, don't worry

"If you like to eat, I'll give you a hundred and ten pills, so that you can eat this Dan like sugar."

Ye Chen is stunned, and gains a lot of moving in his heart.

Although Lao Cang was stubborn at the beginning, he had already accepted himself.

This little old man, in fact, is very cute.

Ye Chen thought of the man whom Lao Cang had spoken.

Lao Cang saved him, but he became the devil in his heart.

If there is a chance, this person is met by himself, ye Chen swears that he must give the man's head to Lao Cang!

In return for your kindness!

After the three disasters, ye Chen dare not underestimate, began to use the last card.

The longer the disaster is brewing, the more terrifying its power will be.

The clouds above the sky collapsed and shrank, rolling endlessly, thunder and lightning roared, which seemed to be brewing some extremely terrible monster.

The seventh disaster has not come down yet.

Ye Chen took out several other magic weapons: five spirit beads, nine magic swords, and four array flags of different colors.

Lingzhu, Shenjian and array flag fly in all directions and surround Ye Chen in the center.

Five element spirit bead array!

Immortal sword field!

Soul calling array!

"I hope we can get enough time for this arrangement." Ye Chen said in his heart.

What does Xiaohuang feel in the samsara cemetery!

It's flying out!

Chapter 2652

Ye Chen is surprised to find that the cracks in the egg yolk are more and more abundant.

Even the feeling of Ye Chen can be broken at any time.

After walking around Ye Chen's body for several times, she flies to the boundary of the poison cave space and hovers and stands fiercely.

The spirit of the beast and its master are interlinked. Ye Chen's arrangement is to resist foreign enemies rather than natural calamities. Xiao Huang is eager to protect the master, but it is also a powerful fighting force.

Boom!

Ye Chen looks up to see, Rao is his heart is firm, also can't help but draw a cool breath!

The virtual shadow of Taotie and other ancient animals swam endlessly in the cloud of robbery, and integrated into the seventh heavenly calamity which is slowly taking shape.

This disaster is too strong!

Several groups of different colors of flame from ye Chen's body: green lotus demon fire, dark flame, and meteoric sky poison flame!

He refined the meteor sky poisonous flame when the shenjizong closed down!

It's a pity that the fire of emperor Lin and the fire of archaic evil spirit still can't be refined.

However, he can clearly perceive that the flame of Dantian seal is reduced.

Although it was a little strange, he guessed vaguely that the disappearing flame should have something to do with the blood dragon in the nine heaven god dragon hall.

Ye Chen's face was dignified, his hands closed, and the three flames gathered together under the control of his micro level power and melted into a ball.

The palpitating power fluctuation, the color of this blend fire is changeable, the shape is also uncertain, extremely dangerous!

This kind of power is enough to cause a fatal threat to the later stage of the disaster.

Ye Chen's heart is dripping with blood, which is the treasure he has been searching for. In order to resist the seventh natural calamity, he can only consume some.

Empty shock, the power of heaven came, the seventh disaster fell!

Ye Chen shakes his hand and throws out the confluence fire to Tianjie. With a huge palm, he grabs Tianba

Cangyan mieling palm!

Ye Chen uses all his means to fight against the natural calamity. At this time, the space boundary at the entrance of the poison cave fluctuates, and four powerful figures step out.

The four great masters of Tiandao palace, including Zhuque elder and Fu Mo elder, all appeared and focused on Ye Chen.

The big egg yellow erupts the bloodthirsty crazy color, the fierce beast fierce does not fear to die the collision these four strong!

"The Pearl of rice is also shining!"

"Not to mention an animal egg!"

The two elders of Tiandao palace put forth their hands, and endless waves of air surged!

I thought it could destroy the giant egg!

But I didn't expect that his power was engulfed by the giant egg!

"Touch!"

A terrible force shakes out!

The two elders of Tiandao palace stepped back two steps.

My face changed a lot!

"What a monster this is! It's so powerful

A leader of Tiandao palace was surprised.

Another temple elder Mou son sinks: "this huge egg skin is coarse, flesh is thick, he is in procrastination."

"Our mission is to wipe out the immature boy!"

"I'll use this to suppress the huge egg! And do it together! "

With that, a jade pendant floated out!

The jade pendant has a very strong power of heaven.

In an instant, she was bound to the egg yolk.

Xiaohuang wants to struggle, struggling to hit the shackles around her.

The other two men, without delay, attack Ye Chen.

The three divine arrays were inspired, and the two elders disdained to snort and began to dismantle the array.

.....

Before the fall of the seventh heavenly calamity, the samsara cemetery.

Some of the awakened great powers projected their minds and gathered together to discuss something.

"This time The crisis that this boy is about to face is unprecedented. This time, tiandaogong wants to kill Ye Chen The ancient medical God spoke.

"He has been seriously injured. I'm afraid that the last three ways of Taixu's destruction of the world's thunder robbery will be difficult to get through! Maybe I should The wind is clear, and sighs.

This time, he also showed up rarely. His face was cold and he didn't say a word.

He is a fierce overlord with sword eyebrows and stars. His breath is unfathomable.

The eyes of all the people finally gathered together on the six sword Shenfeng Qingyang.

"Why do you think so of me Although it was a question, there was no surprise. There was an answer in my heart.

"In addition to borrowing from him, we can help his secret method Which one is the only one. Do you really think about it? " Asked the ancient doctor.

"It's just that the mind dissipates. It's enough to live from ancient times to the present."

The wind of the six swords was clear and the words turned. With a smile, he looked at a tombstone that once attracted Xiao Huang, and said, "you have been up and down for so long. Wake up in advance, and give Xiaohuang blood. From Kunlun Xu to now, I'm afraid you are holding the same mind?"

"Your strength is almost the same." Suddenly, the fierce overlord stepped out one step: "I am most disgusted with this kind of thing! The anger of heaven, so come! What a bully

The tyrant finished, but he said to Canggu medical God: "Canggu medical God, you and I don't count the gratitude and resentment for the time being. Your medical skills and accumulated human face are more useful than your life, and you are left to be useful. You don't have to act with me in general."

"That boy, I need you."

The ancient medical God was slightly stunned, but did not speak.

Fengqingyang smile, arch hand way: "I did not have much strength, or I first step, if I dissipate, after this boy's trouble, please give you."

The crazy overlord nodded: "he is also a disciple of this seat. Although he didn't learn from his teacher, I like the character of this boy. He is the master of reincarnation and should protect his way."

At this time, the real and virtual samsara cemetery suddenly became turbulent.

This is

As the owner of the reincarnation cemetery, ye Chen is in danger!

In the body, no longer a ray of light from the tombstone.

And in the outside world.

The original illusory figure becomes solid and the breath becomes incomparably powerful!

This is a short burst at the cost of burning gods with the mysterious power of samsara cemetery!

This It's their last secret, sacrifice oneself to be benevolent!

The roaring roars to the sky, and Xiaohuang breaks the shackles and entangles an elder of Tiandao palace in the middle. The fiery flame spurts out from the crack of the giant egg and attacks at any cost!

In the face of this level of attack, the elder just inspires the spiritual power of protecting the body. A red palm power is shot out, and Xiaohuang instantly recoils! And then rush out again!

The target of Xiaohuang's attack this time is the strongest among the four: elder rosefinch!

The elder rosefinch didn't know what kind of means he used. The suppression of his cultivation was loose here. He had the power of one hand, and he had the power to cut down the nine levels of adversity!

Not only he, but also the other three elders of Tiandao palace, also broke out their fighting power in the later stage of the war.

Pooh!

A sword light towards the big egg Xiaohuang head cut, Xiaohuang can not avoid, the giant egg even appeared a deep sword mark.

It's not broken yet!

Chapter 2653

Xiao Huang is very angry!

How could he have been in such a mess if it wasn't for the giant egg!

Enough of the dark world!

He's fed up with the outside constraints!

He even hoped that the elders of Tiandao palace would break his sword!

Let him be free!

At present, Xiao Huang can only drag two elders.

The blood demon elder and another elder went straight to Ye Chen.

At this time, ye Chendu's seventh Tianjie was at the last moment. One blow from the three flames neutralized most of the power of the disaster. The moment before the force of the disaster drowned it again, ye Chen was moved

The five element spirit beads are shining brightly. Four ancient weapons surround the elder, and the array flag filled with the spirit of death surrounds another elder

Then, the spirit beads burst to pieces, the divine sword collapsed, and the array flag exploded!

If the ancient artifacts can't stop the enemy, they will also be used as disposable consumables. The purpose is not to hurt the enemy, but to fight for time!

It's a long story. In fact, it all happened in a few short breaths.

"Rosefinch hand!"

"Slay the demon king!"

"Cover up the ghost!"

"Jade Ding seal!"

Four elders remove obstacles, Qi Qi to Ye Chen issued a peerless strike!

Almost at the same time when ye Chen was drowned by the force of the remaining calamity, ye Chen was also enveloped by the all-out strike of the four major chopping adversity!

The four types of magical powers make heaven and earth pale. The force of the natural calamity is so terrible that it is locked in by the disaster. Facing the attack, ye Chen can not avoid it

Elder Zhu Que and elder Fu Mo looked at the core of the storm, that is, ye Chen's position. They looked leisurely, as if they had crushed a small insect carelessly.

"If we can die under the joint efforts of the four of us, we will not waste the identity of the inheritor of the reincarnation master of this son." The elder rosefinch stood with his hands tied and said with a smile.

The other three also nod their heads, in their perception, the breath of Ye Chen has dissipated, and the dead can no longer die.

"No..."

Zhu que elder's smile suddenly stopped. He looked up at the sky, and his face changed slightly.

Taixu exterminates the world thunder robbery, actually has not ended. The eighth disaster is brewing

This means that not only did the victims not die, but also survived the seventh disaster!

Zhu que elder eyes in the killing opportunity flickers, after a brief shock, to Ye Chen's direction to blow out a palm.

The red hand of covering the sky reappears. This is the unique magic power of the elder rosefinch: the hand of the rosefinch!

At this time, the residual force of the disaster completely dissipated, revealing Ye Chen's figure.

The elder's sword can't meet the sky, but he can't get out of the sky.

When the sword comes out, the way is startling. The sword rises to the sky and swings through the sky!

"A sword to cut the sky!"

"Burning the sky with a sword!"

"Eternal thunder sword!"

"Sword for killing the devil!"

"The sword of the nine gods!"

"Spirit and devil kill Heaven Sword!"

"Take good care of this sword! But not yet. "

The six swords cut at these powerful poisonous beasts in almost no order. This is

Sword of six ways!

The ultimate sword!

The meaning of martial arts has already surpassed the kingdom of God.

Even the upper bound!

The elegant cultivation may not be the highest in the kingdom of God!

But his understanding of the sword has surpassed many top swordsmen in the kingdom of God!

This is the six sword gods!

And the power that shakes the world is the unique sword move from the six sword gods. The ultimate sword, used here, is just right!

The sword of the six ways, which can kill evil and evil, is extremely upright and strong. It is a large-scale destructive sword technique. It can be used as six and is not afraid of siege.

The light of the sword was shining through the sky. After the fall of the sword, all the poisonous Qi accumulated by the poisonous light, poisonous rain and poisonous powder had been eliminated. Ye Chen was undamaged, and his erect body was dazzling.

And this Just the beginning!

A few blasts, the sword idea spread to some poisonous animals, and a few shrill and shrill roars made the body of the poisonous beast fragmented and its vitality cut off.

The ultimate direction of the Heavenly Sword is the elder!

The sword of six is against the hand of rosefinch!

The sky covering hand, which is made of pure energy, is stopped by six swords. The sword Qi is vertical and horizontal, and the big palm is broken in an instant.

"It's impossible!" Zhu que elder finally moved and lost his voice.

Xiaohuang also noticed Ye Chen, it is at this moment also can't believe the expression.

"Master?"

"It's not the breath of the host What's going on? "

At this time, ye Chen is surrounded by an illusory force. In his eyes, the sword is shining, but he lacks the spirit, and he still has no breath of soul. And this is also the reason why elder Zhu Que and others just judged Ye Chen to be dead.

What's more, ye Chen's attack just now, the power of the six swords can be equally matched with that of elder Zhuque, who is the peak of cutting adversity, and is definitely far beyond his own strength.

An inexplicable breath seems to be "awakening" in Ye Chen's body, replacing his original consciousness.

"This is Six sword gods? "

"The wind is clear?"

"How could it be!"

Zhu que elder and others "recognized" the breath, and exclaimed in succession.

But a famous God of six times!

Missing for countless years, it is said that the legendary characters who have long fallen down have not died yet?

Moreover, will be now this kind of strange state "the body" in Ye Chen's body.

"For thousands of years, I'll see you again, but I never thought it would be in this way..."

The voice of the six swords, which belongs to the holy wind, rang out. After a sigh, the tone changed and turned to senleng, "gentlemen, my disciples who moved me, have you asked about the sword in my hand?"

Zhu que elder and others came back from the shock.

The demon subduing elder Leng hum: "originally, it is a wisp of divinity, and the wind is clear. If you are in full bloom, we may be afraid. As for now, ha ha! Don't play tricks

The rosefinch elder frowned. Somehow, he felt a little uneasy.

"The price of being strong is to fall completely. Six ways, give you a chance. Now stop. We'll let you go. You can think about it Is it worth it? "

"Ye Chen" is surrounded in the middle by the four elders' body shape twinkling.

At the moment when the four elders joined hands to attack him, ye Chen was about to fight for his life, and the reincarnation graveyard took the initiative to resonate with him. Then, his consciousness was drawn. At the critical moment, the six sword gods "took over" his body.

Moreover, the six sword gods used the secret method to burn the power of the mind, and forced the four people to join hands to attack and protect him.

From the ancient medical God that learned the six sword God's decision, ye Chen this consciousness return.

"Master, no!" Ye Chen said in an urgent voice.

He already knew that the state of the six sword gods could last for a short time, and he also knew what the master planned to do next

Chapter 2654

"Do it!"

With a big drink, the four elders attack Ye Chen again, and the six swords attached to Ye Chen's body. The spirit of the wind is clear!

The illusory power that envelops Ye Chen gathers and condenses into the body shape of six sword gods.

With a kind, free and easy smile, six heaven shaking swords appear, and the spirit of breeze burns out the final resplendence

"My apprentice Ye Chen, just now it was just an appetizer. After following you these days, I found the way of sword at this moment. Now I will teach you one last time: six ways in one, the ultimate sword. You can see the real power!"

The sword moves nine days, the heaven and earth are strange!

At this moment, even the natural calamity looks pale under the power of this sword

The sword Qi swept in all directions, and the space was rippled and shattered under the power of this blow.

In the later stage of the four major chopping disaster areas, the suppressed elders of Tiandao palace were crushed with their own strength, and then their bodies were drowned with sword spirit

A body shape quickly fled to the depth of the poison cave. It was the broken clothes and faint breath that the elder Zhuque vomited blood and carried a long blood line in the air.

There was no movement, the body was broken, and even the spirit was destroyed by the ultimate sword. Those who died could not die again.

"Master!" Ye Chen uttered a pathetic voice, with a shrill voice.

The spirit of the six swords is burning and dissipating in the heaven and earth while playing the ultimate sword.

"Well As time goes by, what's more, it's just a divinity. Don't let down the sacrifice of six ways. Ye Chen, concentrate on crossing the robbery. "

"In the future, maybe I will have a chance to get together with the real body of liudao."

"You are the hope of our hundred people."

A sigh sounded, a figure appeared.

Ye Chen is slightly stunned.

This figure is not the ancient god of medicine, is not a crazy overlord, is not the new power!

It's the tombstone of Xiaohuang's strength that had been changed in Kunlun Xu!

Ye Chen found that there was a line of words on the tombstone that he had not noticed.

"Xiao Ling."

And now Xiaohuang also found something, unexpectedly quiet down.

It's like waiting for a ceremony.

Although Ye Chen had a lot of doubts, he still said:

"master, go back to the samsara cemetery quickly! I beg you

"I can do it!"

Ye Chen's eyes contain blood and tears, and his voice is like crying.

Xiao Ling's face was gratified, but she shook her head: "I can't go back. From the moment I decided to leave the cemetery with six gods, the result has been doomed. I can't hold on for long either... "

"If I leave, I can make Xiao Huang really break the shell."

When the deity departs from the samsara cemetery and comes here with Ye Chen as the medium, the God of six swords and his mind have already begun to collapse. Even if they don't burn the power of the gods, they will be scared out of their wits.

"Master..."

"No more delay! Don't you want to let the six dissipate Xiao Ling burst drink, interrupt Ye Chen.

The eighth disaster has been condensed to the end, which is a huge eye.

"Eye of heaven! It's such a legendary disaster! This is the eighth You have to be careful. We can help you with the robbery outside. This Tianjie You can only rely on yourself Xiao Ling looks dignified and says to Ye Chen.

Ye Chen gets up with a bite of his teeth. His mind is precipitated and his spiritual power is running. He is ready to cross the river.

Just then, the seventh heavenly calamity came first, and ye Chen was able to get through it with his own strength; then, the four elders of Tiandao palace united and fell, and the six sword gods stopped him.

Because the confluence of fire offsets most of the force of Tianjie, ye Chen is slightly injured by the seventh Tianjie.

"The law of combustion stimulates blood..."

The giant eye in the sky has already locked Ye Chen. The power of "eye of heaven" gives Ye Chen an extremely dangerous feeling. At this time, ye Chen does not hesitate to use the cards that damage the foundation.

Ye Chen pinches the Jue with both hands, and the power of the whole body's law surges. The rule power initially controlled by the law of killing, the law of destruction, the law of space, and the law of time gather together to protect his body and enhance his combat power.

After the "power" is reduced, it will become a "burning law".

But the power of the law can be rebuilt and restored over time.

This too empty to destroy the world thunder robbery is Ye Chen's life, everything, to protect life!

Ye Chen has now awakened to the "red dust divine pulse" and "Lingfeng divine pulse" in the reincarnation blood vessels. The power to stimulate the blood vessels can greatly increase the combat power, but after exerting them, there are great hidden dangers, which can not be easily used when fighting.

"Coming!" Xiao Ling Ning looks at the eye of Tao that day. Her face is tense and her heart is worried about ye Chen.

Different from the previous acts of Tianjie, the eighth Tianjie is not accompanied by smoke and fire, thunder and lightning.

I saw a thin hair like milli light flying out of the huge eyes. It seemed to be very slow, but it seemed to break through the space. The next moment, it directly went into Ye Chen's head!"The eye of heaven,

from the inside to the outside, burns the soul and soul. If this disaster cannot be overcome, it will be the end of the direct destruction of the gods and spirits. This is not the ultimate disaster, but the way of heaven is really without any vitality! "

Xiao Ling sighed, and then thought of what, looking at Ye Chen, look a little relaxed.

"Reincarnation Lord, even if it is the way of heaven that controls all living beings, I will wait and see what you can do!"

In the world of knowing the sea, the trace of light is beheaded to Ye Chen's spirit!

It seems to be a concrete manifestation of the will of heaven. It ignores the defense and directly targets the spirits, especially deadly!

Ye Chen's response has played a role. The spiritual power in the sea of knowledge is useless, and the physical defense is even more ineffective. However, the power of law and blood comes from the inner self, which is just able to resist the heavenly light!

Two colors of light emerge, one light yellow and one cyan. This is the manifestation of the red dust and Lingfeng blood vessels excited by Ye Chen. The power of blood vessels is like armor to cover his body, protecting the spirit and soul and blocking the light.

The heavenly light is like a fine needle, while the force of blood vessels is like a balloon. However, the power of blood vessels can not offset the power of Tiandao milliray, and it will burst when you see it

At this time, ye Chen's spirit grew up, his hands were printed, and several kinds of vast invisible breath fluctuated.

as like as two peas of killing, destroying, dying, time and so forth, the spirit of Ye Chen is transformed into a light of light, just like the light of the sky, but only the colors of black and red.

Ye Chen "pinches" the law to the top of his head, the force of the law on the power of heaven, the two contact, and then inch inch ablation!

Boom!

Ye Chen's knowledge of the sea and the earth is turbulent, and this kind of "Dao" level of confrontation almost makes his knowledge of the sea collapse.

Finally

A ray of light went straight into the head of Ye Chen's spirit, but it was that day that the Dao Hao light was better than the law, and broke through the protection of the reincarnation blood force and attacked Ye Chen's spirit!

Chapter 2655

Click!

Ye Chen's spirit makes a crisp sound, like a broken porcelain, and the power of heaven has caused great damage to its spirit.

In the real world, ye Chen's body shook and his face turned pale. The whole person seemed to be seriously ill and suddenly became weak!

"In the end Ye Chen grinned at Xiao Ling with a bitter smile.

Then, ye Chen took out a pill and took it. This pill can cure the wound of soul.

The way of heaven caused great damage to Ye Chen's spirit. The holy elixir can only suppress the wound temporarily and can't make it recover immediately.

In order to help Ye Chen survive the Taixu disaster, the ancient medical God prepared a variety of pills for him early, which almost emptied his family.

"Good, good!"

Xiao Ling was generous with appreciation, and suddenly stopped smiling and looked into the distance.

That was the direction of the deep poison cave. He felt that there were several strong breath coming to this place quickly.

Coming bad!

"I can't see you through the last disaster with my own eyes. What's more, I can't show you the most proud blow of my life in front of you like the six roads."

After that, Xiao Ling flew to the enemy's direction, leaving only his back and determined to be a great man!

This to stop the enemy, for ye Chen to block the next robbery!

During the flight, the starlight behind falls on Xiao Huang's giant egg.

"Master!" Ye chenmu blood and tears rolling out, watching Xiao Ling leave.

The ninth disaster was faster than expected, and an illusory face appeared.

This is Shadow of heaven!

At the same time, the long silent Xiao Huang's huge egg cracked.

A giant beast with red and blue flames appeared.

It hatches.

This is Xiao Huang's new life.

Xiao Huang is surrounded by a special air current.

This air flow is very special.

It's like the beginning of chaos.

And, above the firmament looms a stronger thunderstorm.

Ye Chen sees this scene slightly a Zheng.

Now my own thunder robbery is extremely terrible!

If you add Xiaohuang's life, he and Xiaohuang will die!

"Boy, take this little thing back to the samsara cemetery! He can't live now! Absolutely not

The voice of the ancient medical God sounded.

Ye Chen Mou son a sink, no longer hesitate, reincarnation graveyard directly that sleeping swaddling clothes inhale among them.

The other terrible thunderstorm began to dissipate.

At the same time, underground poison caves.

Four elders of Tiandao palace, who emit a strong breath, come out from the depths of the poison cave.

The four men, led by the "extremely Yin Han Zu", went directly to the depths of the poison cave. A moment ago, they got news and were ordered to kill the reincarnation Lord.

The stone tablet of reincarnation is of course important!

But the death of reincarnation is more important.

However, the four great masters in the later stage of the disaster situation did not know what happened in the depths of the poison cave. They were in a mess. One of them was still breathing unsteadily. A fist sized wound penetrated his chest, and he was seriously injured.

"Damn it, I didn't expect that there was an ancient battlefield hidden here. We didn't find the reincarnation xuanbei, but we had a bad luck first." The wounded elder flew and cursed.

"Let's say a few words. Although those ancient war spirits are not stiff and difficult to deal with, they can only be regarded as no small trouble. They don't need to fight with them, at least their lives are not worried. I don't know what kind of strong enemy we met that day, but I'm dead

Another elder said with emotion.

"Could it be Li Fan's hand?" Speculation has been raised.

There are many powerful DUYE hall entering the cold poison City, which is the strong enemy of Tiandao palace here.

"Li Fan, as soon as someone is looking at it personally, can't turn up any waves before the poison tablet is found. I think it's the boy who's changed

Several other people also deeply believe that although they despise the strength of the boy outside, their status as the "inheritor of reincarnation" has raised their attention to Ye Chen by several grades.

To be on the safe side, the four did not immediately choose to support when they received the news of elder Tianmu's death, but they gathered together after elder Zhuque summoned them.

"The breath of disaster It's not far ahead! "

Several people's spirit for one shock, speed up.

Suddenly, some of the shadows stopped.

"Mind?"

"The breath! It seems to be a little familiar! It's Xiao Ling

Xiao Ling did not have words, with the momentum of death like home, burning the mind, the strength of the sea wave swept to several people!

In a flash, turned into countless fierce animals!

It's like the king who controls endless fierce beasts!

A generation of the supreme, even if the mind dissipated, but also a magnificent!.....

Above the clouds, xuanyuanhan, the "extreme Yin cold ancestor", looks down on the ground.

At the moment when Xiao Ling started to fight, he recited in his mouth, and the power of incantation appeared, trying to save people.

It's strange that Xuanyuanhan's cultivation is close to chaos. He has not been suppressed.

The powerful power of the curse falls, and suddenly the space vibrates, and a picture scroll appears. The mountains and rivers in the painting seem to be alive, and a whirlpool appears, swallowing and absorbing the power of the curse.

In the picture, a long river is rolling, the power of the curse is assimilated, and the all-out blow close to chaos is easily eliminated.

"The picture of the yellow spring Li Fanyi Xuanyuan cold complexion suddenly becomes gloomy, cold hum way.

The four elders of Tianling palace have been devoured by the earth beast.

The picture of the yellow spring flies high into the sky and falls into the hands of a man who has just appeared. He is dressed in ordinary clothes and looks ordinary, with a smile of evil charm on his face. It is the deputy head of the DUYE Hall: Li Fanyi!

"The shadow of heaven I've heard that your destiny enemy of Tiandao palace reappeared, but I didn't think that you were a small generation in the Taixu realm. " Li Fanyi's mind was locked in Xuanyuan cold and spoke.

Ye Chen takes the robbery at the entrance of the poison cave. The great disturbance caused by the thunder robbery of Taixu has long alarmed the powerful people here.

It's no surprise that Li Fanyi has been attracted. In fact, there are not a few strong people who are paying attention to Ye Chen.

But Li Fan a hand "help" Ye Chen, but let Xuanyuan cold puzzled, and angry!

"The remaining evils of the sin family, just a inheritor, the enemy of fate? He is far from qualified! "

Xuanyuan cold voice cold, evil spirit Teng Teng, "but you, you help him, I can understand that you cross the industry hall and my Tiandao palace declared war?"

"I admit that you are an unconquerable genius, capable of killing enemies across great realms."

"But the heavenly way palace is in charge of the existence of the kingdom of God!"

.....

"Ha ha Xuanyuanhan, others are afraid of you, Tiandao palace. I'm not afraid of it now. After all, the dead can keep a secret. Right, put away your set. If you want to fight, I will accompany you! "

Li Fan, with a strong sense of war, takes the initiative to pick things up.

On the surface, he was normal, but in fact, he was extremely temperamental. This time, he carried with him the treasure of DUYE temple and the chart of Huang Quan at the level of Jue ware, which was even more tyrannical.

Next Xuanyuan cold hit, but not deliberately help Ye Chen.

The cultivator who can arouse the shadow of the heavenly way, the inheritor of the reincarnation master, and the mortal enemy of the heavenly way palace

Li Fanyi was just on the spur of the moment, deliberately blocking the Tiandao palace.

Chapter 2656

.....

"Master Great kindness, I will never forget Ye Chen in this life. You are waiting for One day, I will set foot on the heavenly way palace to save you

"You said I was the hope of your hundred people."

"I will never let you down!"

Ye Chen has sensed the last blow before Xiao Ling dissipates.

Xiao Ling is the great power of the reincarnation cemetery that he met the least.

But so dedicated.

He was moved.

Maybe it is Xiao Ling's disappearance that completes Xiao Huang's reincarnation and transformation.

Ye Chen heart dark determination, the pain and unwilling, temporarily pressure to the bottom of the heart.

The priority now is to get through the last catastrophe.

The illusory face on the top of the head is so majestic that it can hardly be described by words, because it is the concrete manifestation of the way of heaven. To some extent, it is a branch of the way of heaven!

The way of heaven manifests time in human form, which is a rare thing for thousands of years.

This means that ye Chen is not allowed by the way of heaven. At the end of the calamity, Tiandao "personally" starts to kill him in his growth.

The illusory face opened the eyelids, the eyes "look" to Ye Chen.

"Hoo, Hoo!"

Ye Chen immediately even breathing is difficult, heart upset, seems to have endless distractions.

I can't stop it! I can't stop it!

Ye Chen suddenly gives birth to this premonition, just like an ant facing an elephant. The feeling of powerlessness and Despair makes people unable to even have the idea of struggling!

The way of heaven is superior to everything and stronger than everything. Can ordinary creatures resist it.

"Reincarnation xuanbei! Reincarnation cemetery! Only the power of reincarnation can fight against this disaster

That day, Dao's face was suddenly blocked by a finger. It was the way of heaven. A finger fell from the sky and came to Ye Chendian.

Just a wisp of heaven's light almost makes Ye Chen's spirit collapse. The power of this finger

Even if ye Chen's cultivation is promoted to a higher level, he will not be immune to this finger.

At the critical juncture of life hanging on the line, ye Chen's heart suddenly gives birth to a kind of enlightenment, which is the last struggle to survive in the dead, and also the last ray of hope for his biggest card.

Therefore, ye Chen tries to communicate with the mysterious stele of samsara and summon the mysterious power

Buzz, buzz, buzz!

In several places of the great world, there is a manifestation of a vision.

In shenjizong, zining, who is closing up in the back mountain, suddenly opens her beautiful eyes. A stele of reincarnation appears from her body, and a large "spirit" character flashes light, which seems to be responding to some kind of call.

"Ye Chen..." Zi Ning murmured out the name of this haunting soul.

Although the "spirit" stele of reincarnation xuanbei belongs to her, the real owner is Ye Chen.

In a Jedi in the ancient battlefield deep in the poison cave, the "poison" tablet suddenly burst into light and was immediately locked in position by many powerful powers.

"Poison tablet! In that direction, let's go

Many strong people suddenly crazy, one after another shaking the strong breath emerged, toward the position of the poison word tablet.

Xuanyuanhan and Li Fanyi, the two strong men who are facing each other, have changed their faces slightly.

Li Fanyi turned and left without nostalgia, sneered and said: "Xuanyuan cold, you and I will fight again another day! Ha ha ha, but it's you. Are you going to take the poison tablet or kill the boy who is crossing the robbery? "

Xuanyuan coldly took a look at Ye Chen's direction and said to himself, "even if you are lucky enough to survive the disaster, you will have no way to go to heaven and no door to earth after you get the poison tablet."

The change of the poison character stele makes Ye Chen's "human robbery" threat disappear temporarily.

.....

Dust! Wind! Burning! Spirit!

Ye Chen has seen the four reincarnation xuanbei each response, four colors of light from the sky, four mysterious breath appeared.

But the biggest vision comes from the poison tablet. The endless poisonous gas and spiritual power in the poison cave seem to be inspired. A big "poison" word falls on Ye Chen's head!

At this moment, the suppression of the body and mind caused by Tiandao's gaze on Ye Chen disappears. Ye Chen's heart is overjoyed and his spirit is shocked.

In the face of the ninth heavenly calamity, the mysterious stele of reincarnation was really successful.

But the next moment, ye Chen's mood rises again and again, the heart sinks to the bottom

Even if the words of poison can not be dispelled by a single word, the stone tablet can not be eliminated.

"Reincarnation cemetery! Master, bless me and help me through this disaster

Ye Chen's idea ditch moves the reincarnation cemetery, and immediately gets the response of the ancient great masters.

The fierce overlord and the ancient medical God looked at each other.

This time there was only calm.

There is no hatred.

"I'm a crazy overlord. I'll do the way of heaven today!"

"Ancient medical God, let's have a competition to see who can suppress the way of heaven, ha ha!" "If I don't lose you, I will let the world see the Cang needle enter the world! Be careful! My skill of golden needle is not inferior to your martial arts

This time, the ancient god of medicine and the tyrant did not have any fight!

It's about working together! Face everything!

Any gratitude and resentment is more important than ye Chen!

At the time of reincarnation, a mysterious power seems to be above everything and appears in the cemetery.

This is the power of reincarnation!

This is the power awakened by the strong ideas of the ancient strong men who have united as one city in the cemetery collision.

But there was no movement in the deepest pillar.

But there is a shadow looming.

If ye Chen pays attention to it, he will surely find that this person is the Ren of the towering force!

Ye Chen is the strongest person he has seen so far!

One thought can destroy the world.

But Why doesn't he stop?

Man's breath is determined, the whole body is mysterious, he looks at all this indifferently, murmured: "boy, this is what you want to experience."

"This game of chess is just beginning."

.....

Hum!

The shadow of reincarnation cemetery appears around Ye Chen, and countless figures are also projected out. The mysterious power of reincarnation condenses into a fist. As soon as it appears, it immediately runs to the finger of heaven.

The finger of heaven also seems to encounter a natural enemy. He can't even care about the plunder in Ye Chen. He changes his direction and runs to the reincarnation fist!

Above the sky, the illusory face that brewed out a finger of heaven is dissipating. At this time, he suddenly opens his eyelids again.

"Reincarnation!"

Heaven's face is open!

With one fist and one finger, two kinds of "Tao" that surpass the rules collide together, and the void collapses and the air of chaos is filled.

All return to the original, turn into nothingness, a small piece of space has been turned into chaos!

This is the destructive power that can only be caused by the supreme power of the legendary chaotic state.

The power of the way of heaven slowly dissipates, the shadow of the graveyard disappears, and the face of the heavenly way in the sky gradually disappears.

Finally, the ninth Tianjie is over. The terrible thunder robbery of Taixu is over!

Ye Chen sends out a long cry, without the excitement of a good fortune, with some sense of happiness after disaster.

After the natural calamity, ye Chen's accomplishments did not increase, because he was not allowed by the way of heaven, so naturally he would not have a gift from heaven.

However, the perception of martial arts and the control of power at the level of Taixu realm naturally improved. With time, ye Chen's strength will be greatly improved.

"Boy, you've made it."

"If you don't make it through, we're going to get over it."

Lao Cang sat in the samsara cemetery, panting.

To Ye Chen's surprise, at the moment, the ancient god of medicine and the overlord of crazy martial arts are back to back.

"Old Cang, old maniac, you..."

Ye Chen words have not finished, two people quickly separated.

Kuang Wu BA's trunk coughed a few times: "Canggu medical God, I'll settle accounts with you when I leave here."

The ancient medical God did not show weakness: "I am not afraid of you."

Ye Chen gratified a smile: "still want face so."

Then, ye Chen's sight falls on Xiao Huang.

The chaotic light on Xiao Huang's body became more and more intense.

Ye Chen knows that Xiaohuang wants a new life.

A final step is needed.

Take thunder like yourself.

But now, Ji Lin and Du Bei are the most important.

He no longer hesitated, disappeared and left the place.

Chapter 2657

Entering the grotto, ye Chen gradually feels something wrong.

This is not a good place. He had to expose a lot of things during the robbery, and he was secretly watched by people with intent.

The heavenly way palace is more powerful than he imagined.

So the thunder robbery is so terrible.

If we are faced with the bloody causality array of 49 powerful people, the consequences will be unimaginable.

Now I have no confidence to fight against this level of power.

He has to be strong as soon as possible.

Ye Chen's mind revealed that the scope of the poison cave was far beyond his imagination.

The space here is different. The place of poison stele is really unusual.

"The poison cave is so big, where can I find Ji Lin?" Ye Chen thought in his heart.

"Well, the only clue is to find the poison tablet. If Ji Lin is still alive, he will certainly go to find it! In addition, we should find the rest of Tiandao palace to avenge

Thinking of the disappearance of the six swords and the disappearance of Xiao Ling, ye Chen's heart was mourning and his painful eyes were red.

No longer hesitating, ye Chen goes to the location of the poison tablet in the deep of the poison cave. Ye Chen has a wisp of thought to return to the samsara cemetery.

Only the ancient god of medicine stood quietly outside. He specially waited for ye Chen's arrival.

Only the ancient god of medicine is outside the tombstone.

Seeing that ye Chen looks wrong and depressed, the ancient medical God naturally knows why.

He said a few words of comfort, but it didn't help much. The ancient medical god suddenly said, "boy, although the wind and Xiao Ling have dissipated, it's not a good thing..."

Ye Chen Mou son a congealing: "Lao Cang, you mean..."

The ancient medical God stepped out and said: "the wind is clear and there is a samsara cemetery for too long."

"After all, our mind is limited. If it is too long, it will not be a kind of pain, and after the mind dissipates, a part of the mind will return to the noumenon."

"He will bring good news to others."

"As for Xiao Ling, I didn't notice the tombstone at first."

"But this time, I have a faint sense of the connection between the tombstone and your pet beast."

"That pet animal is called Xiao Huang."

"In fact, in the samsara cemetery, the tombstone transmits a lot of energy to Xiao Huang."

"Otherwise, you think Xiao Huang can have such a big change."

"And Xiao Ling's complete dissipation is not to help you block the enemy, more should be to give Xiaohuang strength."

"Xiao Huang lives and changes because of him, and his disappearance is a reincarnation."

"Boy, have you forgotten your identity?" The ancient medical God said.

Ye Chen is still at a loss. His mind is turning.

Identity? Is

The mysterious power that can compete with the way of heaven, the Lord of reincarnation?

"If one day you can reach the realm of reincarnation and let the way of heaven be awed by your hand, you will understand everything! But I don't know how this day will come. "

The ancient medical God said that he left straight away and devoted himself to the art of Dan Dao. Today, it is rare to say much about him.

Ye Chen was stunned. The words of the ancient medical God let him fall into meditation.

"The way of heaven? Reincarnation? "

Turning grief into strength, a belief called "strengthening" revived Ye Chen's fighting spirit.

Ye Chen looks around the tombstones in the cemetery. After a solemn salute, his mind dissipates and returns to the noumenon.

In the depth of the poison cave, there are many mountains and endless evil spirits. The most shocking thing is that the tumbling river is dark red in color and the blood waves are towering.

This is Blood River and sea!

This is actually an ancient battlefield.

At this moment, this place, which has been silent for a long time, has become a battlefield again.

Before the stele appeared, the fierce and cruel struggle began.

.....

Outside the poison cave.

Two figures gaze at everything in the endless poisonous fog.

They didn't do it.

As if so indifferent to see everything.

He even witnessed Ye Chen's natural calamity.

"Lao Zu, you are so optimistic about that boy, why don't you start?"

Qu Xueyong, the master of the Qu family, stood behind a veiled girl and spoke uneasily.

Ji Siqing shook his head: "I can't intervene now. On the one hand, the strength recovery is not enough. On the other hand, this is what ye Chen has to experience."

Qu Xueyong, the master of the Qu family, hesitated for a few seconds, and then said, "Lao Zu, is Ye Chen really the master of reincarnation? This strength is too low... "

"In legend, the reincarnation master can smash the way of heaven with one look in his eyes How could it be so miserable. "

Ji Siqing took a look at Qu Xueyong, the ancestor of the Qu family: "if he is not the Lord of heaven, why should the way of heaven pay such a price?"

"Fortunately, before the Ye family's accident, they set a limit on Tiandao palace in advance. Xuanyuan Mo Xie can't force out of Tiandao palace, that is Ye Chen's opportunity. "

"If he doesn't face up to it, ye Chen will win the game."Qu Xueyong could only nod. Suddenly, he thought of something and said, "ancestor, do you really want us to be undercover?"

"If we were found out, we would be finished."

Ji Si snorted coldly: "since the Qu family became a dog in Tiandao palace, it's over. Since you want me to admit you, listen to me."

Qu Xueyong sighed: "ancestor, I gave you the things of my life. Naturally, I will listen to you."

"But when, my grandfather, will you act?"

Ji Siqing gazed at the depth of the poisonous fog. Instead of answering, he asked, "what happened to the things I asked you to do before. Ji Lin has nothing to do."

"She's my sister. There must be no accident."

Qu Xueyong patted his chest and assured him, "don't worry. The supreme elder of the Qu family is staring at him. Nothing will happen."

"However, unless we have to, the Qu family won't do anything in this poison tablet, otherwise we will find it in Tiandao palace."

Ji Siqing nodded with satisfaction: "maybe this time is not only the chance of Ye Chen, but also the chance of Jilin."

"This girl They always don't play according to the routine. "

It is said that the two masters of Siqu were the first to appear.

Ji Siqing also witnessed the whole process.

Even Ji Lin was taken away.

But she did not intervene, or even let the master of the Qu family do it.

Because she knew it was meant to happen.

If she intervened, it would have broken the balance of the drug tablet.

The butterfly effect can get the whole thing out of control.

She chose to stay.

Hold on to the last line of defense.

.....

This dark death area is filled with more poisonous gas, and countless horrible and ferocious poisons are hidden in the poisonous fog which can not be seen far away, and they are looking for the prey to die.

As soon as some of the strong men at the peak of Taixu state stepped into this area, they were swallowed up by the poisonous fog. Even the strong people in the early stage of the disaster situation could not defend themselves against the sudden emergence of poisonous animals.

"The poison tablet should not be far from here."

Ye Chen galloped from afar.

After entering the ancient battlefield, a bleak breath came to my face. The scene in front of me seemed to be an illusion many years ago, and it really existed here. It was a bit strange.

As soon as ye Chen entered this ancient battlefield, the ancient medical God in the reincarnation cemetery opened his eyes, a pair of eyes seemed a little suspicious.

"Go southeast, boy."

Chapter 2658

"I found a windfall."

Ye Chen is preparing to leave for the place of the poison tablet again. He is stunned by the words of the ancient medical God. The southeast direction has already deviated from the area of the poison tablet.

However, ye Chen was absolutely confident in Lao Cang's words, and he quickly drove to the direction designated by the ancient medical God.

Along the way, ye Chen met more than ten people fighting for treasure. All of them were rare treasures in the world. Even the strong people who cut the bad situation were greedy. There were also some spirits guarding the place. They were the strong ones who fell here in ancient times. After thousands of years of death, they became a strong man again, although most of them were unconscious.

Ye Chen also found something unusual. Along this path, it seems that there are more and more people, and almost can't see the Taixu realm. After arriving at the place, a black stone tablet appears at the end.

The stone tablet is a kind of strange black, and there are several broken golden ancient characters on it, but they are crooked. Ye Chen doesn't understand a word.

In front of the stone tablet, hundreds of strong people in the middle and late stages of chopping the enemy are surrounded here, all of them are looking at the stone tablet with eager eyes, especially in the front, there are several strong people in the middle and late period of chopping the enemy.

"The ancient tomb is about to open!"

I don't know who yelled and looked at the stone tablet in the center. The golden ancient characters on the black stone tablet began to turn, and a whirlpool appeared gradually on the stone tablet.

Ye Chen also takes this opportunity to fish in troubled waters, but it is obvious that a group of people have been staring at him.

"Master, he has the mark of pursuing the heavenly way Palace on him!"

A hawk nosed young man with long hair said to the Deputy patriarch of Tianjian gate who was looking at the ancient tomb eagerly. Tianjian gate has always been a subsidiary of Tiandao palace. This time he came here is also in response to Tiandao palace and also in order to find a chance here.

"Well? A little boy who's just too empty? "

Originally frightened by the words of the young man with long hair, the vice patriarch of Tianjian sect turned his head and found that he was just a suckling boy. He couldn't help laughing.

Immediately waved his hand: "you go to deal with such a small matter also want to report to me?"

.....

"Boy, it's quite a bit of ability for you to enter here with the cultivation of ethereal emptiness. But if you don't know what's good or bad, how dare you provoke the heavenly way palace?"

"In that case, I can only send you to death!"

The young man with long hair came to Ye Chen's side. Seeing ye Chen's alert look, he said with a sneer, but his face was scornful.

"Who are you? The temple of heaven

Ye Chen frowned. This young man with long hair really has the flavor of Tiandao palace. He should be from Tiandao palace, but when was he discovered?

After a careful search, I found a purple small eye mark on the cuff. It seems that it was left by the Tianmu ancestor. Even if he died, he would not live well.

Ye Chen shakes his head and swings with his hand, which makes the mark collapse in an instant.

"I am the alliance of Tiandao palace, the true disciple of Tianjian gate!"

"It turns out to be a dog from the heavenly way palace. Who am I?" Ye Chen sneered.

His long hair and youthful nose was almost smoking. His hand trembled and pointed to Ye Chen. Who was not proud of it? He did not dare to insult him like this!

"A dog is a dog. It can't even speak clearly. It's useless to keep it."

Ye Chen's words undoubtedly infuriated the young man with long hair and rushed to Ye Chen with a roar.

"Green ape's paw!"

The palm of the young man with long hair suddenly becomes bigger, just like a phantom of a demon ape. The thick palm of his hand cleaves to Ye Chen. He is confident that his palm, even if he is a strong man in the early stage of disaster, will fall under the general idea.

Other people are also looking at it one after another. They all look like they are watching. In their opinion, it is shameful for a strong man to use all his strength to attack a hairy boy in the Taixu state. It is not a hierarchy at all.

"It seems that this boy is going to suffer. Even if he has the means to resist the poisonous fog, his strength is still too weak."

"It's a piece of luck to be able to enter the depths of the poison cave."

No one will help Ye Chen. Instead, he holds the idea that people with more dead points will have a greater chance of getting treasures. On the contrary, it is the sect of Tianjian gate, which makes some people think carefully. After all, this is not a small sect, and the vice patriarch of the sect is also a strong man who has cut through the adversity in the later period.

If you can take the opportunity to rely on the tree, at least to ensure their own survival.

"I dare to be shameful even if I can't do it!"

Seeing the long haired youth shooting at him, ye Chen sneers, and the attack with a strong fist intention in one hand has already been brewing successfully. Pushing forward is like destroying the withered and decaying, blocking the youth's road in an instant and fighting against it.

Ye Chen's attack is simple and unadorned. At first, the youth didn't pay much attention to it. He even looked at Ye Chen with contempt and decided to torture him.

However, when he and ye Chen's fist touch together, he was shocked to find that a powerful force came, and this kind of attack was not what he could resist! In the face of this blow, the young people have an illusion of facing the strong in the later stage of the disaster. In a moment, his strongest hand is defeated, and ye Chen's fist seal is directly hitting his body.

"Master, help me!"

But before he spoke, the young man was beaten to death.

The vice patriarch of Tianjian gate had an old face as gloomy as water, and his eyes were full of killing intention. He angrily yelled at Ye Chen: "little beast, you want to die!"

"Dare to kill my apprentice. Today I will peel off your tendons and skin, and cut off your bones and blood. I will make your life worse than death!"

Bai Yan looks at Ye Chen with hate on his face. This apprentice is the future of tianjianmen. He hopes to win the chaos and let tianjianmen reach another height. However, he died here.

Everyone else was surprised.

"This boy dares to kill the disciples of qianjianmen. It's really killing!"

"Now he will be finished. Even if he can kill a gifted disciple, it's nothing. You should know that Bai Yan is an expert at chopping the nine layers of heaven in adversity!"

It's hard to cut down on every level.

Although the poisonous fog will affect Bai Yan's strength, in their opinion, killing Ye Chen is definitely a matter of ease. No one will think that a small too empty state can shake such a strong person. Of course, if they know that ye Chen caused the previous natural calamity, they will not think so.

"Broken bone sword!"

Bai Yan roared, and his sword turned into a meteor. Inspired by the spirit power of his whole body, he attacked and killed Ye Chen in all directions.

The strength of the poor only see a white light flying, but do not know each white light contains the killing machine.

Ye Chen smiles coldly, and the green lotus sword appears in his hand, even if he uses the thunder wasteland to dominate the star sword.

Just experienced the thunder robbery, there are a lot of thunder in the body and on the sword body.

It's no doubt that this is the best shot.

"Thunder wasteland dominates star sword!"

Chapter 2659

The endless sword light flickers, and the green lotus mietian sword emits bright light. The bloody sword light contains great power. Even the poisonous fog of the whole body is gathered here, forming a very powerful attack, which makes many powerful people gasp.

"This is the Taixu realm? I believe it in the later period of beheading! "

"It shouldn't be. Is the foundation too floating when we wait for the emptiness?"

Many people can't think of it. They are obviously a weak person in a too empty situation, but their attacks are far higher than their own. It is really too doubtful.

"Damn it!"

The attack is offset, and Bai Yan is also shocked by the shocking sword meaning. A trace of blood spills from the corner of his mouth. Just as he is ready to use another method, the white light disappears, but ye Chen's figure is no longer in place.

"The boy has entered the tomb!"

Some people yelled, and a group of people looked at it one after another. As a result, ye Chen, taking advantage of their stupidity, happened to drill into the tomb that had just opened. Bai Yan was so angry that he almost spat out another mouthful of blood.

Looking at a group of people who are stupid outside, ye Chen laughs and enters into it with lightning speed. Of course, he can kill this group of people.

But now what he needs most is time.

After all, Ji Lin is still in danger.

"Chase me! Who killed this boy? I regard him as the guest of honor in Tianjian gate! To be an honorary elder When a group of people heard this, their eyes were red.

.....

After entering the ancient tomb, ye Chen, without any hesitation, flew at full speed to the direction pointed out by the ancient medical God. It seems to be in the deepest part of the ancient tomb. According to the master, this thing is extraordinary. He must get it!

The tomb is surrounded by smoke, and its visibility is extremely low. There is a cry of terror in the deep, which makes people feel shocked. At the same time, a depressing atmosphere comes, which makes Ye Chen's face not very good-looking. Fortunately, it is easy to get rid of the pursuers in the rear.

He was expecting more and more about that thing.

Before long, a splendid ancient hall appeared in front of us. The Golden Hall stood out in the gloomy tomb, while an ancient Buddha statue appeared on the high platform of the hall.

"It seems to be some Buddha."

If you look at it carefully, you can see the huge statue of Buddha overlooking all living beings, but you can't see the specific face. It looks very dignified. When you get closer, you can hear countless voices of reciting ancient scriptures.

"The master said that the treasure was placed behind the Buddha. I'm afraid it's not a good kind. Maybe the Buddha suppressed some dangerous things here."

But even the virtual shadow of the way of heaven has chased and killed himself. What should I be afraid of? Think of here, ye Chen will be close to inside.

After entering the hall, he found that there were thousands of futons placed in front of the hall. When sitting on the futon, it seemed that there was a clear and bright feeling coming up, which could speed up the cultivation. He took all the good treasures and left none.

Step by step closer to the Buddha, the Buddha's mouth is also more and more loud, like a big bell ringing in Ye Chen's ear, the sound is deafening.

"I'm afraid the Buddha was also a supreme power."

Under the admiration, ye Chen did not hesitate to come to the back, saw under the Buddha statue, a suppressed Xuan needle appeared in Ye Chen's eyes, ye Chen immediately in front of a light.

"This is Sha Du Tian Zhen. It's a peerless poison needle formed after years of erosion of chaos Tiandu!"
The old doctor's voice sounded.

Ye Chen did not understand and asked, "what is chaos Tiandu?"

"It's a poisonous fog that can make the strong in chaos touch it and die. This evil poison needle is also mixed with other poisons. Even the strong in the middle of chaos will die if touched!"

"Only a pity, only one."

"Hiss!"

Ye Chen takes a breath of cool air, and then he is ecstatic. He can even kill those who are strong in chaos. He really found treasure. For a long time, I'm afraid that this poison needle will be his strongest means to protect his life.

"Then I'll put it away."

"No, it can only be stored by wrapping it with the original power of samsara cemetery." The solemn way of ancient medical God.

.....

When ye Chen got the treasure and wanted to get out of the hall, the man headed by Bai Yan caught up and blocked the way out.

"Good boy, I'm afraid you've collected all the treasures in the hall?"

Bai Yan looks at the empty hall, obviously does not believe there is nothing here, he said, immediately aroused a group of people's desire, covetously looking at Ye Chen.

"What if I don't say it?"

Ye Chen light way.

Bai Yan sneered: "it's OK not to tell me. When I kill you, these things can still be obtained. If we kill him, we will share his treasures equally."

Hearing this, some of the strong people can't help it any longer. Even if they are bold, they want to kill Ye Chen first.

"Boy, let's just put your hands on it!"

Unfortunately, their wishful thinking is good. "Six swords! Spirit and devil kill Heaven Sword

The green lotus sword in his hand burst into light and killed the five strong people who were in a bad situation. They didn't even have the chance to resist and turned into smoke.

"This..."

When the rest of the people saw this, they couldn't help but retreat. They didn't blame them for their advice. They had no enmity with Ye Chen. They killed him only for the treasure, but no matter how important the treasure is, you have to have a life to take it.

At present, ye Chen's strength has far exceeded their prediction.

"Hum!"

Bai yanleng snorted. He was obviously dissatisfied with this group of wastes. Even if he had some skills, could he still turn the sky? Such a group of rice bowls still want to get treasures here?

However, Bai Yan still said: "this boy is just too empty, and his foundation is there. Even if he can launch such a powerful attack, he must have used some secret arts. At this time, he is afraid that he is in a state of poverty!"

"That's right!"

With Bai Yan's leadership, all of a sudden, they suddenly scold themselves for being afraid of a small too empty state.

Many people rushed forward, but these powerful men who cut the enemy were suppressed by the poisonous fog, and their accomplishments were limited. Facing Ye Chen, they were not enough to see.

Soon, those strong men in the later stage of the war also joined in the battle, which made Ye Chen feel the pressure at the moment. If it goes on like this, it is absolutely disadvantageous.

"Boy, I'll help you!"

"Canggu Xuanjin array! Open it for me

The voice of the ancient medical God rang through in an instant.

As soon as the array comes out, several powerful people who are surrounded by Ye Chen are stabbed to death by golden ancient needles. As the God of medicine, their medical skills are extremely high. The array is directly developed for the vital parts of the human body, and its power cannot be underestimated.

This is also the basis for the survival of the ancient medical God.

Endless gold needle is like a golden dragon roaring!

Shock people!

Bai Yan was shocked, and his speech was not fluent: "this This is Canggu Xuanjin array, the unique skill of Canggu medical God! "

Chapter 2660

Bai Yan was lucky enough to see the original ancient medical God display this array in the burning stone. He easily killed many of the powerful people who killed the enemy. When he saw the array, he could not help but step back.

When others heard the four words, their eyes were full of wonder.

"But the ancient god of medicine?"

There was a respectful shout, which was obviously the blessing of Canggu gate or Canggu medical God.

Ye Chen Mou son a congealing, step out: "still need me to explain?"

A group of people stepped back a few steps and looked at each other. Is this doctor who shakes the kingdom of God testing his descendants? But didn't you hear he was dead?

However, it seems that there is a breath locked in them, which makes them no longer have any doubt, they all bow down to apologize respectfully.

As the highest medical skill in the kingdom of God, the ancient medical God's prestige has reached a peak. If it was not for him, he would die again. I don't know how many lives there are. There is a saying that "I would rather offend a family than a doctor!" It is the awe of the world for the miracle doctor.

Even if it is canggumen, people do not dare to offend. Even if they get the treasure, they will become the target of public criticism. They don't know how to die.

In this way, ye Chen in the white Yan dare to anger dare not dare to speak, slowly walked out of the door, ye Chen firmly determined that they did not dare to start.

.....

Ye Chen did not know how Ji Lin was, and did not dare to delay. After recovering some spiritual power, he quickly rushed to the poison tablet, which was not far from here.

Along the way in the encounter with several waves of poisonous animals, ye Chen soon arrived near the poison tablet.

Not far from the sky, there is a black stone tablet hanging in the sky. There is a purple word "poison" in the middle of the stone tablet. The purple poisonous fog is constantly spreading to the outside. Even those who are strong in cutting the adversity peak dare not get too close.

"Is this the poison tablet?"

It is worthy of being the treasure of the world. This momentum alone is also very amazing.

This is also the first of many samsara xuanbei tablets.

Ye Chen looked at the poison tablet and murmured: "if you get the poison tablet, in the scope of the poison tablet, I'm afraid you can find Ji Lin quickly."

In this way, he has to do something about the poison stele. The scope covered by the poison fog is really too large, and I don't know how many ancient tombs will be like before. Looking for a person is no different from looking for a needle in the sea.

"Is it from the heavenly way palace?"

From a distance, Xuanyuanhan directly took the poison tablet as his own. Countless people could only look at it dryly, not daring to fight against the people of Tiandao palace.

Tiandao palace is really haunting. No matter where you are, you can see their figures. Ye Chen's face is gloomy, and his hatred for Tiandao palace is deepened.

Xuanyuanhan feels Ye Chen's eyes and frowns.

All of a sudden, his eyes shrank, and the cold killing intention shot at a figure!

It's Ye Chen!

"It seems that the elder of the heavenly way palace died at your hands. I haven't come to settle accounts with you, but you sent it to me by yourself. I don't know whether you are clever or stupid?"

Xuanyuanhan's mouth is filled with a sneer, and the smile in his eyes contains endless opportunities to kill. His own strength is the peak of cutting adversity.

We can even use forces close to chaos.

Even in the peak of the situation, he dares to say that it is hard to meet an opponent. However, even if he is not growing up, he is not afraid of him.

"Now that you're here, I'll let you have it today."

Boom!

Xuanyuanhan's spiritual power whirled all over his body. He was like a fish in water in this poisonous fog. He was not affected by half. He broke out with all his strength, and a wave of air came upon him. Some of the strong people who had cut through the adversity all knelt down directly.

"It's too strong. Fortunately, there was no provocation just now." Some of the strong men outside are sweating and dare not raise their heads at the moment.

"Boy, no matter what you are, it's time to send you to hell after killing the five ancestors of Tiandao palace."

Xuanyuan cold hands a flash, then appeared a dark red poison bead, and then throw it to the sky.

"Poisonous dragon in troubled times!"

With xuanyuanhan's poisonous gas surging all over his body, he constantly poured into the poison bead. Then, the sky was dark and colorless. A long purple dragon leaped down and flew to the direction of Ye

Chen with the poison bead in his mouth. Along the way, some strong people who had no time to escape would die.

Many people are shocked by the strength of chopping the top of the mountain. They are also convinced that this young boy who dares to challenge Tiandao palace will surely die here.

"Boom

The poisonous dragon roars to Ye Chen, and the huge dragon head is about to swallow Ye Chen into his mouth. When the poison comes, even the panacea will not be able to save it.

"Spell it

With Ye Chen's idea moving, his right hand appears Qinglian mietian sword, and his left hand holds the blood magic sword.

Many people don't know what ye Chen really wants to do. However, after a moment, they take a breath of cold air, and this guy shows his powerful martial arts skills with both hands at the same time."Thunder wasteland dominates star sword!"

"Six sword gods, three swords return to one!"

Ye Chen knows very well that he can't release the ultimate sword of fengqingyang, but he can still make three swords into one!

Two almost different sword meanings occupy Ye Chen's left and right respectively. The roaring sword meaning almost tears him into two parts. The meaning of martial arts seems to break the martial arts meaning of the kingdom of God!

Direct to the upper bound!

"Go

Ye Chen's eyes were bloodstained, and the corners of his mouth unconsciously left bloodstains, but he still laughed.

"Go!"

Buzz!

The sword in the air seems to be destroying all people's bodies all the time. With the buzzing sound of ears, its power is also great, which is no less than xuan yuan han's poisonous dragon attack.

Bang!

The attack touched in the sky, and the white and purple formed a bright light in the sky. However, it seemed that the poisonous dragon still had the upper hand in the end. With only a little residual force left, it formed a huge pit with a radius of kilometer, and the pit was not bottomless.

Xuan yuan can't help but pay attention to it. What kind of martial arts is this!

Very strong!

And release the two martial arts ideas at the same time?

He thought it was ridiculous. A warrior in a too empty state could strike a blow that was not weaker than that of the top one. What if they were in the same realm?

There is no doubt that he has no chance of winning.

And just now his power also contains the meaning of heaven!

Who can resist the power of heaven!

This is the inside story of Tiandao palace!

"Oh, are you dead?"

However, in the end, the successor of the reincarnation Lord died in his own hands. Even the rest of the people who watched the battle from afar shook their heads. After such a blow, they were sure that the dead could not die any more.

But when xuanyuanhan was ready to leave, a voice came from the ruins.

"If you want to leave, leave the poison tablet."
