

Physician 2661

Chapter 2661

In the abyss of the pit, a figure flew out of the pit slowly. His whole body was in tatters, but he couldn't stop the violent killing on his face.

Extremely ferocious.

At this time, the power surging in his body is just the power of the crazy overlord!

"You didn't die?"

"It's really worthy of being the inheritor of the reincarnation Lord. No wonder you've been hiding the pursuit and killing of the virtual shadow of heaven. You have some ability."

Xuanyuan cold slightly surprised, the other party clearly can not resist just right, did not expect to have means, really let him unexpected.

On top of the cave, ye Chen saw a overlord's halberd in his hand. The halberd body gave out a rustling light, and the golden light scattered the poisonous fog. Ye Chen was covered with a layer of gold armor. Standing upright in the air, he looked like a peerless God of war!

Crazy military overlord seldom uses weapons, but once used, it must be a very strong blow!

A bright light tears the sky to meet the roaring sky, and then with an unparalleled domineering to kill Xuanyuan cold.

Although xuanyuanhan didn't know why, he didn't dare to be careless when he saw the breath on Ye Chen's body suddenly becoming stronger. The poison bead in his hand appeared again, and he was ready to repeat his old skill.

However, obviously stronger than the last "poisonous dragon chaos", this time was Ye Chen a blow to tear.

Controlling the poisonous fog, Xuanyuanhan and Ye Chen fight together. In the face of the endless array of Taixu warriors, he does not dare to be careless at all.

The attack of the two broke out in the sky like thunder and lightning. Many people didn't dare to get too close to each other, so they left the land of right and wrong directly and didn't want to go into the muddy water.

The power of the crazy overlord is indeed overbearing, and the meaning of martial law is very strong. It can even be said that he can break all kinds of methods. However, Ye Chen has used the power of reincarnation too many times.

If ordinary people bear the power of great power, it will be turned into blood mist.

Only Ye Chen's immortal spirit can barely hold on.

But there are limits!

"Boy, your elixir is not enough."

"I can only support one move now."

"I'm not sure that's enough."

"This weapon is not suitable for me, but it is hard to fight."

"Startle the ancients and break the Euphoria!"

The long halberd began to absorb the endless force of nature, even the surrounding poisonous fog was not immune, and under this suction, the light on the overlord's Halberd was becoming more and more prosperous, and the space seemed to be dimly undulated with circles of patterns and a slight click sound.

Xuanyuan cold big shock, no longer before the arrogance: "this how possible!"

It's impossible for Taixu state to make such a powerful blow. However, no matter how much he doesn't believe it, the facts are in front of him.

Xuanyuanhan no longer has scruples, holding poison beads, his hands burst out purple light, a fist to interrupt Ye Chen's blow.

Ye Chen's eyes are red, and his killing intention is incomparable. The light on the overlord's Halberd condenses into a virtual shadow of the overlord's halberd, which is dozens of times as large. He should first cut to Xuanyuan cold.

The fangs of Xuanyuan are locked, and Xuanyuan's venomous teeth are bitten by Xuanyuan! All things, open

Above the sky, the outbreak of the war really makes people in the distance are dumbfounded, this is the peak of the chopping adversity, the battle of Taixu?

Many people who don't want to miss a match between the strong and the strong are almost deafened by the shock waves, but they still stare at the sky without blinking. This battle is really wonderful.

When all the dust settled down, they saw a figure half kneeling on the ground, holding a long halberd in his hand, and there was also a figure in the sky, but the situation was much better.

The natural thing on the ground is Ye Chen. After playing the strongest blow, he can't fight any more, and his spiritual power is also hollowed out, even his strength is not much.

"Boy, I admit you're strong, but that's all!"

Xuanyuanhan's canthus beat unceasingly, the poison bead's self explosion let him heartache unceasingly, the body also suffered not small injury, but compared with Ye Chen, is undoubtedly better than much.

It is also thanks to the armor given to him by Xuanyuan moxie.

The protective object is a unique tool!

Xuanyuan cold mouth spilled a trace of blood, but still forced to urge the body's spiritual power, a large wave of poison gas was mobilized, constantly rushed to Ye Chen, at the moment, he regarded Ye Chen as the enemy.

"Is there really no way..."

Ye Chen's eyes are locked in the reincarnation cemetery. Above the cemetery, there is a black poisonous needle wrapped by the power of reincarnation, which is suspended there quietly. As long as his mind moves, this poisonous needle can be used by him to kill xuanyuanhan.

However, ye Chen felt that it was too wasteful and not worth it, but there was no other way to deal with him.

"It doesn't matter. If you use it, you can use it. If the old one doesn't go, the new one won't come." Ye Chen's face is fierce, is ready to launch an attack, but the ground began to emit a rumbling sound, as if there had been a big earthquake.

When ye Chen is ready to launch the Tiansha poison needle, a stream of pure poison gas is blocked in front of Ye Chen and counteracts xuanyuanhan's attack.

"Smelly old man, dare to move my family leaf to force the king, I want you to go to hell!"

An ethereal and crisp voice came, ye Chen's body was stunned!

This is Ji Lin!

When he turned his head, he saw a little girl in a long purple dress sitting on a giant beast, staring at Xuanyuanhan with evil eyes.

At least, the level of roaring beast in the fog field can be improved by thousands of roaring beasts at the peak!

With such a large number of people, even the chaotic strong people have to give up.

Ji Lin looks at Ye Chen's figure supported on the ground. His eyes look at him tenderly, and then he is filled with anger. A powerful force radiates from Ji Lin's body. Within ten miles, the ground is swallowed up by this boundless poison. There is no half residue. A hemispherical pit appears under Ji Lin.

"This is Inborn poison

Xuanyuanhan was shocked. When he smelt poison, he was naturally divided into high and low levels. However, those who had the inborn poison body naturally overcame those who had been cultivated after the day. Xuanyuan could not help but gave birth to a desire to submit, but he stopped it as soon as it appeared.

Are you kidding? As an elder of Tiandao palace, he will submit to a little girl?

"Little girl, as long as you worship me as a teacher, I can not kill you."

Chapter 2662

If you don't have enough poison, you're not afraid of it!

If he is used by Tiandao palace, he must become his strongest puppet!

Ji Lin smile, eat a mouthful of fruit, show a mouth of white teeth: "worship you as a teacher? It's not impossible. You raise your head and kneel down, and then call me aunt, me I can't help but promise you."
"

"How?"

As soon as this word comes out, Xuanyuan's cold killing intention surges.

"Otherwise, you are not too arrogant

Ji Lin was too lazy to talk to him. He threw out a fruit in his hand and said in a loud voice: "a cloud piercing arrow, thousands of troops will meet each other! Go

Ye Chen:

Xuanyuanhan: "it's just

In a flash, thousands of poisonous animals were raging!

Ground shaking! It's like a big wave coming!

Even, the endless poisonous fog is surging towards the cold of Xuanyuan.

"You want to die, old man Xuanyuan cold was also angry and almost lost his mind!

Ji Lin can't defeat xuanyuanhan, but she doesn't plan to fight alone. There are thousands of poisonous animals attacking xuanyuanhan at the same time. As the saying goes, "two fists can't defeat four hands". Even if there are many ants, they can submerge the elephant.

Soon xuanyuanhan was scarred all over his body, and the attack everywhere made him tired to deal with it. His spiritual power consumption in his body was very fast, almost reaching the bottom.

"If you don't know what's good or bad, let's die together."

Xuanyuanhan is completely surrounded by poisonous beasts. Even if he wants to run now, it's too late. He will die together!

Blow yourself up!

Boom! Boom!

Innumerable poisonous gases were drilled out of his body, which instantly permeated all areas within a hundred meters, forming a black and violent air wave, and the Xuanyuan cold face in the middle of the air wave showed a crazy color.

Kill a congenital poison and reincarnation of the Lord, it is considered that the task of Xuanyuan Mo Xie has been successfully completed.

The storm is about to rush to Ye Chen and Ji Lin.

The power of self explosion has disappeared!

A fairy old man suddenly appeared, arm a shock!

Xuanyuan cold eyes open!

Just because this old man is no one else!

It's the people of Tiandao palace!

And he is also the supreme elder of the divine music family!

How could it be!

The old man caught Ye Chen and Ji Lin, and then dissipated between heaven and earth!

"Go

In an instant, the endless air wave instantly flattened the whole poison cave.

.....

At this time, Xuanyuan moxie, who was far away in Tiandao palace, was pacing back and forth in the hall, but unexpectedly, there was a click in his hand.

He was stunned, but he saw the jade plate of life with xuanyuanhan engraved in his hand broken.

Even into powder.

An endless anger devoured Xuanyuan's Mo Xie

"who killed him

In the heavenly way palace, countless people are trembling and dare not make a sound.

"No matter who it is, I want him to pay for his life!"

.....

A hundred miles away from the poison cave.

Ye Chen and Ji Lin, the elder generals of the Qu family, gently lay on the ground.

Not a word.

Leave a figure behind, then ready to leave.

Ye Chen stood up and said, "master, I don't know how to call you. Today's grace, I Ye Chen..."

Before the words were finished, the old man said faintly, "I'm just entrusted by others."

"No thanks."

The next second, the old man will disappear between heaven and earth.

Ye Chen is a little dignified, the other party is obviously a chaotic strong one, and the breath on his body is not a god extreme sect.

Why save him?

Being entrusted?

Who can send such a strong man?

At the moment, Ji Lin's eyes are a little red, because she felt what.

She knew the smell of her sister.

Her sister is nearby.

From Kunlun Xu to Lingwu land and then to Shenguo, she wanted to find her sister!

At the moment, she is sure that her sister is watching her nearby!

Watch from afar!

This mysterious old man must have something to do with his sister!

But why didn't my sister come out!

Ji Lin took a look at Ye Chen and guessed faintly. She hesitated for a few seconds and said, "Ye Chen, you should return to God Jizong first."

"I have something to deal with."

"Can you give me the poison tablet first? I can use it."

Ye Chen Mou son dignified: "no! I'm responsible for your safety. "

However, Ji Lin shook his head fiercely: "Ye Chen, you are very upset, ah, someone wants to see me, she is very important to me."

"You can go back to shenjizong first. I'll come to you in a few days." "No more than ten days."

"Lend me the poison tablet for ten days first."

"Please."

"Ye Baowang You are the best! "

Ji Lin applied both hard and soft.

Ye Chen looked around is also found what, presumably that the old man and the dark people have a connection.

If the man had to do something to them, he would have done it.

Ye Chen finally nods, leaves a jade Rune and turns away.

"If there are any special circumstances, break the jade amulet and I will be there immediately."

"I see."

Ji Lin took a look at Ye Chen.

After ye Chen left completely, Ji Lin showed a smile and his body trembled: "elder sister, can you come out now?"

One second.

Two seconds.

Three seconds.

A girl with a veil appeared.

The next second, Ji Lin is rushed into the girl's arms.

Ji Siqing touched Ji Lin's head: "how did you find me?"

Ji Lin hugged Ji Siqing's waist and buried his head in Ji Siqing's chest. He cried and said, "sister, the taste of you."

Ji Siqing will smile: "go, must be hungry, sister take you to eat delicious."

Ji Lin instantly tears stop, tears for a smile: "sister, I want to eat poor you, I can eat now."

"I must have developed."

"You see if I've grown one."

"I measure it every day. For so long, I've grown six centimeters tall."

.....

At the same time, in a wing room of shenxuanzong, an extremely thin old man suddenly opened his eyes and breathed all over his body. He kept condensing, and his accomplishments rose wildly. A strong pressure suddenly covered the whole shenxuanzong!

All the people in shenxuanzong changed their faces and were shocked to see the direction of the pressure!

Isn't that the courtyard where Gu Lao lives?

Before the ceremony of divine light, ye Chen returned the old bone to Gu Lao.

And set up a large array in shenxuanzong.

In this way, the elderly can be relatively safe.

Xu mengqiu and others showed up outside the wing room.

And that pressure, also instantaneous convergence.

The next moment, the door of the wing room, opened.

A middle-aged man who looks quite handsome, energetic, full of flesh and blood, and even faintly exudes a strong vitality, walks out of the house.

The crowd looked at the middle-aged man in disbelief and stammered, "bone, bone? Are you Gu Lao

In front of this man, his cultivation, astonishingly has broken through!

Moreover, it also directly broke through to the eight layers of heaven!

Even more than in the past.

Chapter 2663

The middle-aged man said with a smile, "I'm sorry to disturb you. I'm Gu Lao, my real name is Zuo Tiancheng."

This middle-aged man is the old man who has recovered his cultivation!

In the magic pool, the things left to replace the dead are basically equivalent to his body, and the body has been immersed in the pool for tens of thousands of years. How terrifying is the energy contained in it?

Gu Lao, after melting and refining this body, he not only recovered completely, but also directly recovered his accomplishments of that year! Even higher!

And as long as you give him enough time, he can even break through chaos as quickly as possible!

This is the advantage of the magic pool!

Xu mengqiu and others, naturally a burst of congratulations!

But at this time, a gloomy laughter suddenly sounded in the shenxuanzong!

Everyone's look changed!

The original old bone, now Zuo Tiancheng, is the pupil crazy contraction!

How could he be so familiar with the laughter?

Is It's him!?

Even if, now the strength of the old bone skyrocketing, think of that person, also can't help but face crazy change!

In my eyes, there is a deep fear!

The reason why he has been anonymous after ye Chen's rise is that he doesn't want to be found by that person! Even though, only a little bit possible! He doesn't want to! More do not hope, because oneself implicates to Ye Chen!

Many people can't understand the idea of Gu Lao at all.

Why do you still want to hide? Ye Chen is not already a genie of the divine Kingdom, and shenjizong is also famous in the divine light ceremony?

Without Ye Chen's half year agreement, the potential of shenjizong is amazing!

Who else can get old bone?

What are you afraid of?

Only he knows it!

Shenguo is a very old space. Before the last fall of zhenshenta and Shenzhu, there were many primitive and terrifying creatures, including some who came here a long time ago!

The demons on this day are different from those in Lingwu.

The heavenly demons in Lingwu land are just human beings who practice magic skills.

And the heaven demon clan in the kingdom of God is the embodiment of real evil! inhuman!

Although the war between the Terrans in the kingdom of God and the demons was to resist the invasion of the demons, in fact, it was the demons who came to the kingdom first.

If Gu Lao had not guessed wrong, in those years, the younger martial brother who was plotting against himself had become a believer of the sealed ancient demon!

And that man is Jiang you!

If it's really Jiang you, even if it's Ye Chen, it's probably not his opponent's!

After all, in the legend, those ancient believers are extremely rebellious!

Gu Lao's whole body was cut off, and the breath of eight layers of heaven suddenly rose to the sky. He drank in a low voice: "who is it! Get out of here

"What? Zuo Tiancheng, don't you remember me

In the dark, floating out a figure, his pale face, at this time, it seems, is incomparably infiltrating!

Seeing that familiar face, Gu Lao shuddered all over. He could not help but step back. In his voice, he said with fear: "Jiang you! It's really you

Xu mengqiu several people, see bone old look, are incomparably shocked!

Now the old bone is not the old man who was half dead!

But the real strong!

In fact, the force can crush the little patriarch longchen of the third class clan!

But at this time, even in fear?

At present, this strange young man who can't see his strength clearly is really so terrible?

The people looked at each other, but they couldn't help but swallow a mouthful of saliva.

"Ha ha." Jiang you smile, "it seems that you have not forgotten me? Yeah? I didn't expect that you didn't die at that time, but now you have recovered your accomplishments? "

He shook his head discontentedly and said, "it seems that I underestimated you. At that time, you should be killed directly, and you should not be" played "for so long

Bone old smell speech, actually is the whole body shudder, the fear in the eye, all want to materialize! Originally, the deepest memory that has been sealed in the bottom of my heart has been awakened again!

At that time, he was able to survive, in addition to having a substitute for the dead!

Most of all, Jiang you gave him a chance!

How did you give him a chance?

Jiang you, born evil, only interested in tormenting and enjoying others' pain!

After he defeated Gu Lao, he didn't kill Gu Lao directly, but tortured Gu Lao for three days and nights. He gave Gu Lao a chance to escape!

"But

Jiang You's smile, with a part of the evil way: "you live, pour is also a good thing."

He licked his lips and said: "torture you, but let me very refreshing, can experience that kind of taste again, tut Tut, think about exciting ah!" "It took me a lot of money to get your information out of the machine cabinet that day."

"Shut up Bone old hysterically roared, fear has almost crushed his heart, in the face of Jiang you, he desperate to hand!

Gu Lao's hands moved, holding two short swords, chopping off the peak of his spiritual power, like the wind of the extreme operation, the whole body of the sword is agitated, and the two swords are cut out!

"Yin Yang divide Heaven Sword!"

You, to kill a black sword!

The void trembled and was constantly broken. The ground of shenxuanzong was torn and two deep ravines appeared! Even the whole flower city, under the blow of Gu Lao, trembled slightly. Countless martial arts practitioners looked at the direction of Xuanzong. There, there came a sword spirit that made them feel extremely frightened!

However, in the face of such a terrible sword, Jiang You's face did not change at all. Instead, he said faintly, "well, I like your character of fighting for death. In this case, let's play a game."

As soon as the voice falls, Jiang You's body disappears in an instant, and easily evades this sword!

The sword light surged and bombarded in shenxuanzong. Countless buildings collapsed and dust and smoke rolled up. On the ground, there was a huge hole!

In the smoke and dust, a figure suddenly appeared behind the shenxuanzong!

As soon as the man's face changed, he didn't even have time to react. With one hand, he penetrated his body!

"Ah, ah, ah, ah The man let out a scream and reverberated in the night sky.

The old man's pupil shrank, and he said angrily, "stop it! It's none of his business! "

Jiang you slowly pulled out his hand and held a kidney in his hand!

He actually was direct, dug out one of the other's kidneys!

The eyes of Xu mengqiu and others trembled, showing the color of horror

Jiang you said with a smile, "stop it? Yes, if you can touch me before I finish playing these three toys, I'll let them go, or even, let you go. How about that? "

With that, without waiting for the old bone to reply, he gave a wild laugh and crushed the kidney. With a wave of his arm, it was extremely strange to tear off one of the other's thighs!

Chapter 2664

"Damn it Bone boss roars, fits up and cuts with double swords!

Jiang you, on the other hand, is holding on to each other.

In the night, there was only a shrill scream, and Jiang You's crazy and strange laughter, constantly echoing

Half an hour later, Gu Laomian fell and sat on the ground like ashes. In his eyes, he was desperate! Two short swords, fell beside him, scattered around him, countless broken limbs!

Not only the corpses of Shen Yong, Xu mengqiu and others, but also the bodies of a disciple of Xuanzong of the gods!

Jiang you, unexpectedly, killed the whole shenxuanzong directly!

Fortunately, Yin Ming and Lin Yaqin went to shenjizong, otherwise the consequences would be unimaginable.

Jiang you looked at the old bone with a smile and enjoyed it incomparably. This despair was what he wanted to see.

Now, it's time for dinner.

.....

Ye Chen, who came out of the poison cave and returned to shenjizong, has completely recovered, and even gained a lot this time.

He plans to close for ten days.

If Ji Lin has not contacted himself, he will look for it in person.

He can find Ji Lin's position as soon as he moves his hands and feet in the jade talisman.

All of a sudden, he moved and came to the attic.

Zhou is in a hurry.

"Yuanxin, what's the matter?" Ye Chen frowned slightly.

"Brother Ye! You, go to the main hall, something's wrong

Ye Chen body shape a flash, then came to the hall.

Yuzhenzi and others are here, while Lin Yaqin and Yin Ming lie in the hall and are in a coma.

"Master!"

Ye Chen looks to two female, pupil shrinks: "this is how to return a responsibility?"

"Ye Chen In this case, you should be prepared mentally, and don't worry.

That Shenxuanzong was destroyed and Gu Lao was taken away. Yaqin and Yin Ming almost lost their senses when they heard the news. I knocked them out first. "

"What!" Shenxuanzong is now under the protection of shenjizong. What's more, shenjizong is not the first-class sect at the bottom, but an important existence in the first-class sect!

There are still people who dare to fight against the God Jizong?

What's more, according to his estimation, the old bone should have been restored to repair, right?

So easy to be taken away?

This matter, appears incomparably strange!

Yu Zhenzi said darkly: "this man, it can't be the Revenge of the first-class sect. At first, I suspected that the white jade huang of Zhenlong hall, which I had a half year appointment with you, was closed after the divine light ceremony, so it was impossible to do anything about it.

What's more, it doesn't look like it was made by Bai Yuhuang.

At present, according to the investigation Probably from the hidden forces of the kingdom of God! The strength is even more terrible than the invisible cloud and the sub body! "

"Hidden forces?"

"According to legend, there are many extremely ancient beings in the absolute danger places of the kingdom of God and those inaccessible forbidden areas, and even some strong people who are falling into seal or sleeping! Any of these ancient beings, any of them, can destroy the present kingdom of gods in an instant. They are like gods and demons! "

Ye Chen's eyes twinkle. It seems that there are many things in the kingdom of God that he doesn't know. Moreover, he vaguely feels that this person is related to the ghost that he devours!

At this time, the Mountain Gate of shenjizong, suddenly came bursts of exclamations! At the same time, the whole clan gate is shaking!

Ye Chen's pupil shrinks and his figure flashes. He appears outside the mountain gate!

Outside the mountain gate, a shadow of people is attacking the protective array with bare hands!

In a twinkling of an eye, the mountain protection array of such a clan was actually bombarded out of a hole!

A young man, fell on the mountain gate!

At the same time, he also threw a shadow on the ground.

There was a dull noise.

The crowd fixed their eyes on the dark shadow. Many people changed their looks. Although, almost one of the disciples of shenjizong had a lot of blood on their hands!

Not flowers in a greenhouse!

But when I saw the thing on the ground, I couldn't help but feel sick!

Well, it was a man!

A tortured figure almost unable to discern the bloody human form!

What's more disgusting is that the bloody human figure is still alive!

It's hard to imagine what kind of pain he suffered!

Ye Chen, in the eye eye, kills the meaning explosion to flash!

He could see that the figure was bony!

Jiang You's eyes swept over the shenjizong and said with a smile, "here, it's really nostalgic."

Soon, he saw Ye Chen standing in front of him. In his eyes, the faint light flashed and he said with a smile: "you are ye Chen, who is now called the first demon by the kingdom of God, right? I It's called Jiang you. "

Jiang you, at this time, is a light and light look, just like the usual door-to-door visit! In Ye Chen's eyes, a light of evil light flickered slightly. He turned his wrist and held the green lotus mietian sword. He also said with a faint smile: "Oh? Are you looking for me

"Yes." Jiang you seems very happy that he can finish the task so soon.

After that, would he have time to have a good time in the kingdom of God?

Hehe, why don't you kill the first-class sect of the kingdom of God?

"Since you are looking for me, why do you want to fight against shenxuanzong?"

"Well?" Jiang you looked at Ye Chen strangely and said, "do you need a special reason to step on a group of ants?"

"Oh." The smile on Ye Chen's face became more and more intense, and his intention to kill was kindled. "Then you go to die. I think you are very unhappy."

Jiang you, may indeed be very strange, very rebellious, but ye Chen is deep in the heart, despise this kind of person!

The real strong will only be interested in challenging the strong and climbing higher mountains, instead of killing the weak for pleasure!

This kind of person, no matter how strong, in Ye Chen's eyes, are just mole ants general existence!

Jiang you is stunned. Some reactions can't come

Ye Chen, what do you mean?

He means that in his eyes, he is no different from those ants?

Jiang you, suddenly burst into laughter.

Ha ha ha ha

How many years?

How many years have you never heard such a taunt?

How much he missed, how much he missed, and the pleasure of those who would mock himself, after tormenting them madly, and looking at their desperate faces for mercy!

At this time, ye Chen made a move!

"It's just the intention of Wu Dao to have some understanding in the poison cave!"

"The martial spirit of Lingxiao, the butcher God breaks the sky!"

The fierce power is surging in the blood, and the strong sense of true martial arts flows on the edge of the sword. It seems that the terrible sword light can break the Star River and cut down the gods who are above the sky and look down on the mortal world!

The endless power is condensed in the sword light, and the sword light is compressed to the extreme by the strange forbidden spirit power!

Become a little cold!

A little, can all things die out of the sky!

Ye Chen a hand, is full strength!

Because, he can see, the river is very strong!

Even better than those guys in the Tiandao palace in the poison cave!

It's the most terrifying existence he's ever seen!

Chapter 2665

Originally, Jiang you, who was still laughing wildly and was still immersed in his fantasy, suddenly had a stiff smile!

Deep eyes, to see the point toward their own flash and come to the cold, but flash through a fear!

This cold awn gave him a sense of danger!

In Jiang You's hand, suddenly there is a long sword with strange style and fierce evil spirit!

Ye Chen gazed at the sword, his eyes sank!

This sword is so powerful!

Even more than blood magic sword!

"Demon soul swallows yuan sword!"

A sword cut out, like thousands of demons, whistling in the sky, on this sacred mountain, it was an instant, turned into a demon run human purgatory!

Heaven and earth tremble for it!

On the holy mountain, the huge divine pillar, in the power of the sword, appeared the vibration of Taoism!

The martial law of the kingdom of God, in the attack of both sides, constantly sends out the breath of death. A group of disciples of shenjizong are cold hearted!

If this goes on like this, I'm afraid it will lead to the attack of martial arts!

If a warrior with too much strength can hurt the law of martial arts, the world will eat it back!

The reason why some of the strong can't come here is that they can't use all their strength.

At the next moment, the spirits of the ten thousand demons, turning into the gloomy sword spirit, collide with the cold star cut by Ye Chen!

Boom, earth shaking noise!

The sword spirit of the ten thousand demons disappeared. However, ye Chen's sword light was also dissipated!

However, the aftereffect of the two people's fight actually directly extinguished one side of the void.

Jiang You's face changed wildly, and he stepped back several steps. He was directly blasted out of the gate of shenjizong by Ye Chen's sword!

Even, Qi and blood flow, mouth overflow a trace of blood!

He looked at Ye Chen in disbelief. He didn't know what happened just now!

I was suppressed!?

What's more, are you hurt?

What kind of blood is this kid!

Even for a moment he felt the horror of his blood.

It's repression from the depths of the blood.

As if for the blood of the demons, it is just the God of heaven.

He looked at his hand holding the sword. He was trembling slightly. He looked at Ye Chen's face, completely changed!

Just now, the power contained in that sword and the extremely pure meaning of Zhenwu made him extremely frightened!

But!

What he couldn't understand most was why Ye Chen seemed to know the flaw of his sword?

At this time, ye Chen walked towards Jiang you step by step, and said with a cold smile: "the demon soul swallows yuan sword? It seems that you are really the hand of the evil spirit that I devour? "

He clearly remembered that the magic soul swallowing yuan sword was one of the sword techniques used by the ghost when fighting with him!

"What?" Jiang you is sluggish

It's completely dull!

Isn't the spirit of the master destroyed?

It was swallowed up!?

No way!

Absolutely impossible!

No human being can swallow up such a terrible ancient devil's soul!

He has served the ancient devil for tens of thousands of years. It can be said that no one in the kingdom of God knows the terror of the ancient devil better than him!

He knew that, no matter how terrible the human beings are, they will not swallow them up!

This only shows that

Ye Chen, not a man!

Absolutely not human!

"You are not a man!" Jiang you suddenly points to Ye Chen and roars wildly. He is scared and loses his mind!

As soon as he turned around, he ran away crazily towards God Jizong!

His soul is shaking wildly!

Why?

Because, can devour the spirit of the ancient devil, only than the ancient devil, higher, more terrible creatures!

That is not what he can fight against!

Ye Chen, looking at Jiang You's fast running figure, is a bit silly

What's going on?

Just shot once, even, it is not a fight, so run?

Still like, seeing a ghost?

Canggu medical God said with a faint smile: "boy, it seems that he knows how terrible your blood is."

"Is it?" Ye Chen appeared on the surface of a obliteration, "well, it is very consistent with the choice of mole ants."

But can you run?

Hurt the old bone, destroy the God Xuanzong!

How could ye Chen let him go!

"Jiwu: Shenshan!"

Ye Chen's body shape, in the void, a flash across countless distances, directly appeared in front of Jiang you!"Jiwu: heavy fist!"

Jiang You's face changed and stopped suddenly. He screamed, "don't come over!"

Crazy general, toward Ye Chen, is a sword to cut out!

Ye Chen eyes a congealed, light drink way: "extremely martial: kill soul!"

The powerful and incomparable power of the spirit surges out, turns into a soul sword, and cuts into the sea of knowledge of Jiang you!

"Ah, ah, ah, ah Jiang you cries out with pain, and his sword moves are a little messy!

And it is these micro messy, ye Chen's fist, has taken the first step, to Jiang You's front!

Jiang you turns his sword in a hurry and blocks the heavy blow of the black light.

In this moment, the sword in Ye Chen's hand moved!

"This sword is a tribute to my master. It's very elegant." The black light on the fist dissipates, but a golden cold light shines on the blue sword edge!

With a crash, blood splashed everywhere. The sword hand of Jiang you was chopped by Ye Chensheng!

"Ah, ah, ah Jiang you cried out in pain. His body suddenly retreated. With his other hand, he held a long sword. But the next moment, that hand was chopped off again!

Then, his feet!

Then, a sword, through the chest!

Jiang You looks at being drowned by pain, discontented with blood in his eyes and spits blood at his mouth. Which one is more happy and relaxed?

He looked at Ye Chen in front of him, his eyes were full of fear!

At this time, ye Chen is panting slightly.

His incomparably surging spiritual power is almost exhausted. His extremely tough meridians are also in pain at this time!

The three movements of extreme martial arts are connected with the clear sword meaning. The ultimate switch makes the spiritual power consumed increase exponentially, that is, ye Chen. Even if someone else has the meaning of real martial arts and turns his spiritual power so far away, he may have burst his meridians before he takes action!

Ye Chen looked at Jiang you, who was not dead, and said in a cold voice, "now, are you talking about the ghost, or are you asking me to open your mouth? You should be familiar with how to get people to talk, right? "

At this time, Jiang you, as if he had not heard Ye Chen's words, gazed into the void, as if he had seen some terrible existence. He burst into tears and frantically begged for mercy: "master! I was wrong! Give me another chance! Give me another chance

Ye Chen is slightly stunned, and does not wait for him to open his mouth. Jiang You's body suddenly burns a dark flame. In a flash, it turns into fly ash. Even his soul has not been left behind!

A strong man of such strength, just like this, died without any reason?

Ye Chen turns around and looks at the void where Jiang you just gazed. His face is cloudy and sunny.

No one likes to have an extremely powerful existence, peeping at your feeling in the dark?

But ye Chen can not be in charge of what, at present the old bone is in danger.

Ye Chen quickly picked up the old bone, and went to the God Jizong.

"Ye Chen..."

The voice of bone old and weak came.

Ye Chenlian busy way: "bone old, do not need to say more, I can save you, believe me."

Chapter 2666

Soon, ye Chen put Gu Lao on an ice bed.

His eyes were heavy.

As the God of medicine, he got the inheritance of the ancient medical God. Naturally, he saw that the old bone was in danger.

Even the soul to disperse.

"Lao Cang, where to start?"

Ye Chen communicates with the reincarnation cemetery.

The ancient medical God hesitated for a few seconds and said, "the torture method of that man came from abroad. When he hurt this person, he would melt into the devil's mind. It's a little tricky."

"If it's someone else, you'll die."

"But for me, it's just a bit of a hassle."

"You do as I say."

"Maybe I'll borrow your fire."

Hearing the last sentence, ye Chen took a long breath.

The next second, ye Chen's hands suspended out of ten gold needles.

These gold needles are special. Each one of them has a strong flame!

There are green lotus demon fire, there are other flames, it seems that even a little violent.

"It's now, stabbing into the Dantian, Tianling, Baihui, Zhonghai..."

Ye Chen hands such as fire of gold needle instantly gush out, Qi Qi inserts.

The tail was shaking violently.

"Boy, shatter the Tianhan stone, control it with power, and gather it with powder."

"Good!"

"Boy, you need your blood to condense in this man's brow."

"Good."

"Boy, speed, a little bit of Qiulin acupoint, use aura in the whole body."

"Good."

Ye Chen's forehead has been covered with sweat, which is the first time that he and Lao Cang cooperate to cure.

No mistakes can be made in any link.

But under Ye Chen's hand, that bone old ferocious flesh blurred body unexpectedly gradually began to repair.

And the vitality of the old bone is getting stronger and stronger.

.....

In that inaccessible, miasma covered temple, the terrible low inhuman roar sounded again!

"Waste! What a waste

"Poof!"

This time, those figures sitting around the statue actually vomited blood in succession under the shock of the ancient devil's violent breath!

However, a few people look at each other, in the eyes, is flashing a glimmer of joy!

One of them was slightly excited and congratulated the statue: "master! Your strength is stronger! "

The voice was silent for a moment. It seemed to calm down and said again, "you've done a good job. The seal has been loosened."

"But..."

The powerful men listened with great care, as if they were listening to the oracle.

"The boy who lost my ghost is more difficult than I thought."

"Jiang youna rubbish, has been killed by him."

"In order to prevent this boy from interfering with our plan, it seems that we need a second plan."

.....

At the same time, shenjizong.

Outside a side hall.

There is a Zhenwu stone standing in the courtyard.

A man with some mustache kept hitting Zhenwu stone with his fist.

Zhenwushi can resist the attack of the strong in the later period of chopping.

But at the moment, the strength of this man has always been unable to make Zhenwu stone shake a little bit.

There was a slight surge of air.

Amazingly, the man's cultivation was only a mere emptiness.

There are four layers of heaven in Taixu.

Ye Lingtian went from Huaxia to Kunlun Xu, to Lingwu continent, and even to the present shenjizong.

He enjoyed many resources that ye Chen gave him.

These resources are extremely terrifying to any clan.

However, ye Lingtian's accomplishments only stay in the four levels of Taixu.

It's like you've run out of potential.

He felt like a waste.

It's a real waste.

He missed the picture of fighting with Ye Chen.

He regretted countless days and nights.

He asked himself why he didn't have the blood against heaven.

Why did the ancestors think they could follow Ye Chen all the time.

Now although he and ye Chen realm difference is not big, but the strength is very different.

Many times, he felt that he might no longer be qualified to fight with the "temple master" in his whole life.

This kind of pain reminds ye Lingtian of the Chinese word.

"Midlife crisis."

Ye Lingtian's hand has been bleeding, blood dripping, but he still hit Zhenwu stone.

"Perhaps the only connection between me and the temple master is my surname Ye."

"Or maybe, I can only protect the temple master to Kunlun Xu bar, the next way, I may be as submerged as those mortals."

"Well, it might be good to practice in a place like the kingdom of God." Ye Lingtian laughs at himself and stares at the bloodstain on Zhenwu stone. He suddenly feels that Zhenwu stone is laughing at him.

He thought of his father's empty shadow after he buried his father.

On that day, it was also the appearance of Jiuyou sky killing gun.

His father, ye Jinming, seems to have revealed a lot,

and even said that his family is also a chess piece on the chessboard.

He even clearly remembered what his father said to Ye Chen at that time.

"Little Lord, some things are natural and can't be said much, but there is one thing that is not a secret. You are a purple crouching dragon. You are born with the destiny of an emperor. Anyone who has contact with you will be able to benefit future generations."

"Of course, I also believe that Ling Tian can protect you from the wind and rain along the way!"

"Ling Tian, your cultivation is too low. How can you master the world for the less?"

"Ling Tian, in fact, our ancestors had expected that the family was defeated. When you came to your area, the ancestral spirit root against heaven was almost diluted. It is impossible for you to achieve great accomplishments in cultivation."

"The ancestors laid down the overall situation for a thousand years. Being a father is just a chess piece. You can see this drop of blood essence. This is what the ancestors left for you."

Ye Jinming, ye Lingtian's father, did not accidentally go to a secret place, but this secret place was the secret of their family and had been guarding it for thousands of years.

It's not fully opened until now.

What is the reason for this great effort?

Ye's family is the same, protecting the young master from generation to generation.

In principle, he should always follow. Why is this the only way now?

He even thought of the last two words his father had said to them before he disappeared.

"Little Lord, Ling Tian, the mission given to me by my family has been completely completed. After today, it will be the world of both of you."

"By the way, young master, I would like to remind you that if you meet a person with four characters, you must be careful!"

At the moment, ye Lingtian, beside the Zhenwu stone, suddenly wakes up, just like the top of his head.

He came to shenjizong and gradually understood who the four characters were!

The Lord of Tiandao palace, the supreme existence, Xuan Yuan Mo Xie!

So why might his father know about the kingdom of God?

This is totally unscientific!

Even fantastic!

Ye Lingtian gets cold behind his back, and suddenly thinks of something. He pulls off his clothes and exposes himself.

Before that piece of jade pendant with ancestral pattern was broken, ye Lingtian printed the above pattern on his body with magic method forever.

Occupy the whole upper body.

It was a majestic dragon, flying for nine days!

To ye Lingtian's surprise, the previous pattern looks like a black dragon.

Now looking at it carefully, he found that the so-called black dragon was nothing more than a black rolling demon gas.

Under the black devil's gas, this dragon actually has a trace of faint blood color.

Chapter 2667

The Dragon seems to be a blood dragon wrapped in black magic Qi.

And there is a man standing on the blood dragon surrounded by magic Qi!

This man, no one else, is Ye Chen!

"I don't know how many years this pattern has been handed down to my Ye family. Besides representing the hall master, what else does it represent?"

"At that time, our ancestors repeatedly stressed that we should keep this picture, and the jade pendant was the carrier."

"Now I enlarge the design on my chest, and I always feel that there are many details that I have ignored."

Ye Lingtian keeps looking down.

Suddenly, his pupil shrinks!

He found that in the middle of the totem, there was a small line of text.

Shenguo, longyanyuan.

Just then, a disciple of shenjizong happened to pass by.

Ye Lingtian quickly put on clothes to catch up: "this elder, I have a matter to ask."

The disciple of shenjizong stopped and saw ye Lingtian. He knew ye Lingtian was a friend of Ye Chen, the demon God. He quickly arched his hands and said, "elder brother, I'm from the same school as ye Chen. You can call me Zhou Han."

Ye Lingtian nodded and quickly asked, "I'm not very familiar with the kingdom of God. I want to ask, but longyanyuan is in Shenguo?"

When Zhou Han heard the three words of longyanyuan, his face changed slightly, and he was surprised: "brother ye, how did you inquire about this place?"

"This dragon Yanyuan is one of the ten forbidden areas in the kingdom of God. Few people go there."

"What's more, I have heard a legend that longyanyuan was originally a spiritual place, but unfortunately, a refugee from the ancient kingdom of God was unfortunately here, which attracted the dragon's anger, startled the sky, and wiped out everything. The holy land has become a forbidden area and now the longyanyuan."

"Long Yanyuan, it's not that no one has been there these years."

"But after they go, very few people have survived."

"Brother ye, listen to my advice. Your cultivation should not go there. It's too dangerous."

"If you really want to go, you should go with elder martial brother Ye. Only with the strength of elder martial brother ye can we cope with it

At the moment, ye Lingtian seems to have a flame burning in his heart.

It's like, this pattern is a guide from the beginning.

Until the kingdom of God.

His ancestors didn't leave information on the design for no reason.

This pattern must have something to do with the hall master.

He and the temple master are both surnamed Ye. It is very likely that the ancestors in my father's mouth came from the kingdom of God!

That long Yanyuan, must have something to do with the Ye family!

Sure!

Ye Lingtian ignores Zhou Han's words, fiercely toward Ye Chen's residence.

.....

Soon, ye Chen came out of the house.

The problem of bone aging is forced down, as long as enough time of cultivation, there will be no problem.

The whole process was close to an accident.

"It seems that my medical skills need to be strengthened."

"The martial arts of the kingdom are respected, and medical skills are also very important."

Ye Chen murmured to herself.

At this time, a figure rushed in.

Ye Chen is stunned. He knows the man very well.

Ye Lingtian.

He has seen ye Lingtian several times since he brought ye Lingtian to Shenguo shenjizong, but somehow ye Lingtian always tries to avoid him.

This is my second time.

"Ye Lingtian is like a God."

Ye Chen's words have not finished, ye Lingtian then half knelt in front of Ye Chen: "Hall Lord! I found a shocking thing, probably related to the Ye family of the kingdom of God. "

Ye Chen one Zheng, eyebrow frown: "what meaning?"

He was a bit surprised. According to reason, ye Lingtian should not have any contact with the Ye family in the kingdom of God.

Ye Lingtian did not talk nonsense, directly said his discovery, but also revealed the totem on his chest.

And ye Chen also noticed the line.

"Kingdom of God, dragon Yanyuan?"

"No matter whether it's the ten forbidden areas in the kingdom of God, since it's related to the Ye family's clues, I'm going to go there."

Ye Chen murmurs a way, the eye is full of dignified.

At this time, ye Lingtian knelt down in front of Ye Chen, arched his hands and said, "Lord of the temple, Ling Tian wants to go together."

"Ling Tian knows that his accomplishments are not enough, but he still wants to go."

"Desperate."

Ye Chen hesitated for a few seconds, and finally nodded: "good."

.....

At the same time, long Yanyuan.

Ten forbidden areas of the kingdom of God.

The temperature is very high.

Plants do not grow.

In the center of longyanyuan, there is a huge crater, as if a meteorite had fallen.

At the extreme of the pit stands a ten meter high stone monument.

Lines of ancient writing are engraved on the stele.

There is a bloody palm print on the text.

Someone fell here. Suddenly, it was windy.

The wind and sand dance, covering the line of sight.

Then, in the pit, two old men appeared.

An old man is the eternal king.

Another old man, with his back to the eternal king, gazed at the stone tablet with his hands on his back.

In the back hand was a broken feather fan.

I don't know what I'm thinking.

"Master ye, why do you refuse to see ye Chen

"He would be happy if he knew you were still alive."

The eternal King hesitated for a few seconds and said.

The old man turned around, his face full of wrinkles, but showed a smile: "my life and death, now to that boy, is it important?"

"Hua Xia Fen is dead. In that boy's world, it doesn't exist."

"I am going to die after all. Why increase my sorrow?"

"This game of chess, with those guys, will be like walking on thin ice."

"Because Those people, already aware of Ye Chen's dynamic

"Is it good or bad

The eternal King trembled when he heard those people.

This tremor is not fear.

It's anger!

"Master ye, what you asked me to do here, I have already arranged it."

"Yankun has great potential."

"After Ji Lin went through the poison cave, his strength would also change."

"Plus long luo'er, I have sent her to the nine heaven dragon hall in advance according to your intention."

"Her blood is enough to go there."

"Isn't it enough for all this to come together?"

The old man's eyes narrowed slightly and shook his head: "now these forces still need room for growth."

"The only thing that can really help is the existence of Xiao Huang."

"Of course, there is the Dragon part of Ye Chen."

"If the Dragon breaks out of the abyss Maybe, there will be a turn for the better

Chapter 2668

When the immortal king heard that the dragon was separated, he naturally knew that the other party was referring to Ye Chen's blood dragon. He said, "I have always had a question about why the blood dragon and the ancient demon dragon met."

"It's not an order of magnitude at all."

The old man gently shakes the feather fan, light way: "this is my arrangement."

"If the blood dragon wants to grow, it has to swallow up the ancient magic dragon."

At that time, of course, I was ready to be devoured by the dragon

The eternal holy king was stunned: "long ago, you said that the blood dragon is Ye Chen's biggest card. If the blood dragon had an accident, it would not be bad for ye Chen?"

The old man turned and looked at the huge stone tablet and said, "Lao Yong, you should know the origin of this stele."

The eternal King's eyes were heavy and nodded: "know."

The old man stepped forward and touched the mottled marks on it with his fingers: "that man, like your eternal family, has guarded the Ye family all his life."

"Even if you give your life."

"He bought time for the Ye family."

"Otherwise, there will be no more games."

"His death should be remembered by our Ye family, forever."

"If I guess correctly, his descendants should have come with the boy."

What did the eternal holy King think of and said, "the descendant of that man is ye Lingtian?"

"Ye Lingtian's blood is not suitable for the next round."

"I even ignored him."

The old man's five fingers touched the bloody palm print on the stone tablet, and said faintly:
"everything can't be absolute."

"The man left something in the stone."

"Maybe for his descendants."

"The will of that man must be passed on, not interrupted."

"At that time, that man has guarded the Ye family for tens of thousands of years. He is the most loyal person I have ever seen. He is willing to protect the Ye family with his life and blood. Even after his death, he also wants to continue this loyalty."

"He knows the beginning of my layout, in the land where there is almost no aura in China."

"Little Jiangcheng."

"With the last time of the remnant soul, let the future generations keep the pure land."

"Until I met the young dragon."

"His descendants have been waiting for too long. The meeting of Ye Lingtian and ye Chen is their only belief."

"Maybe it's a causal fate that I can't understand."

"The child named ye Lingtian is good. He is very similar to the owner of the blood mark."

"Willing to pay for everything."

"These people are the most respectable people in this game."

"However, the situation in the kingdom of God will become more and more complicated. After a long time of passive ink evil, maybe he will take the initiative. The restrictions set up by the Ye family and many ancient great powers will not last long.

Once Xuan Yuan Mo Xie lost its shackles, ye Chen was really in danger.

And those ancient demons are starting to stir up, which is not good for our situation

"In the past, these ancient demons killed many people of the Ye family, and even the Ye family was destroyed. They also stepped in. Now they want to make a comeback..."

"I'm afraid the moon will appear in the kingdom of God soon..."

"I hope Ye Chen can suppress all this."

"Otherwise, things will get more and more difficult."

Speaking of this, the old man's eyes suddenly looked in a direction, a smile: "they are coming."

"I'll leave it to you. I'll watch it in the dark."

"If I expose myself too early, it may affect Ye Chen's Dao Xin."

The eternal King nods.

.....

A few seconds later, two figures appeared in the dark.

It is Ye Chen and ye Lingtian.

Ye Chen thought that the forbidden area would kill people everywhere. However, since they stepped into the forbidden area, there was no danger except for the high temperature.

Is this really a forbidden area?

But the silence was terrible.

Ye Chen and ye Lingtian step into the deep pit, gusting wind, like a sword carved in the face.

Soon, the two stopped and their eyes touched the ancient stone tablet in the center.

Near the stone tablet, standing an old man, standing in the wind, slightly lonely.

"Forever old?"

Ye Chen's expression is a little strange. He never expected to be here forever.

The eternal king turned around, took off the wine pot on his waist, took a sip, and complained, "Stinky boy, it's really slow."

Ye Chen was puzzled and even said, "yonglao, why do you appear here? Do you know the secret of Ye Lingtian's totem?"

Eternal holy king this just falls on ye Lingtian's body, looking at ye Lingtian's resolute eyes, he murmured: "it's really like that person."

"Well?"

Ye Chen frowned: "forever old, who do you think ye Lingtian looks like?" "Nothing, ye Xiaozi, today, you are not the leading role, you and I stand beside."

Said a mysterious extreme power will ye Chen to one side.

Even though ye Chen knows his general strength, he can't think that the means of immortality is still so fantastic.

He vaguely knew that the eternal king came from the eternal family, and the eternal family had some connection with the Ye family of the kingdom of God.

As for the details, he is not clear.

Now it seems that the strength of this eternal clan can not be underestimated.

Ye Chen and yonglao stand on one side, but ye Lingtian faces the stone tablet.

A different emotion surged in his heart.

He gazed at the bloodstain in the stone tablet, and his eyes turned red and shed tears.

He didn't know why he was crying.

He hasn't shed tears for a long time.

But in this moment, I feel the powerlessness of fate.

It's like he went through something.

He bent his knees and knelt directly in front of the stone tablet.

He burst into tears.

Ye Lingtian's eyes are covered with tears, and the whole world seems to be blurred.

He saw a figure, a bloody figure.

His hand was on the stone.

His eyes looked behind him, and an endless flame seemed to devour it.

His eyes are not afraid, is resolute, is not admit defeat.

"My Ye Yunhan generation guards the Ye family. My life is given by the Ye family, and my blood flows for the Ye family."

"To support the reincarnation Lord is the supreme glory of Ye Yunhan."

"Today I am dead, but the soul of the Shouye family is alive and immortal!"

"I, ye Yunhan's descendants, were awakened by Ye's family! Once awakened, guard Ye's family from generation to generation

"Once betrayed, the spirits will be destroyed!"

The picture in front of Ye Lingtian dissipates, and his eyes fall on the bloody fingerprints on the stone tablet.

He stood up with difficulty and walked up step by step.

He held out his hand, coinciding with the fingerprint.

Completely coincide.

It's like he left it tens of thousands of years ago.

"Ancient spirit pulse?"

Ye Lingtian murmured, but before he finished, his hand seemed to be pierced.

Bleeding.

Ye Lingtian's expression is extremely ferocious and painful!

One side of Ye Chen all some can't bear, open mouth to ask forever old: "can you be ok?"

The eternal King touched his beard and said, "if he can't survive this test, he's really ashamed of his ancestors."

Chapter 2669

Ye Chen is slightly stunned and looks at ye Lingtian again.

At the moment, ye Lingtian is engulfed by a blue flame.

The sense of antiquity is present in all directions.

The extremely high temperature even dropped.

The whole world seems to be in a state of solitude.

And ye Lingtian's whole body is twisted, as if pulled away by an invisible force.

It lasted a whole hour!

Ye Lingtian is in a coma!

His hand also released the stone tablet.

The strange thing is that the bloodstain has disappeared!

"Ling Tian!" Ye Chen stepped forward and helped ye Lingtian up.

But the next moment, he found that ye Lingtian's eyebrows actually appeared an ancient totem.

Not only that, ye Lingtian's whole body seems to be surging something.

Then, he looked at the eternal King: "eternal old, what should we do next?"

The eternal holy King drank a mouthful of wine and murmured: "bring back the God Jizong, next few days, don't worry about it any more."

"He wakes up and will tell you everything."

"It's also his mission."

Ye Chen has too many doubts in his heart, but yonglao has said so, and he can't say anything more.

He carried ye Lingtian and went to the periphery.

At the time of stepping out of the tenth step, ye Chen noticed something, and his eyes shot fiercely at a direction: "who are you?"

When yonglao, who is ready to drink, hears the sound, the wine pot is hanging!

How could it be!

Ye Chen actually found his grandfather's hiding place!

How can the gap be so big!

Ye Chen saw for a long time no response, suddenly looked at the eternal king, light way: "yonglao, it seems that you already know his existence?"

"Or is this person related to my Ye family?"

"Since it's not convenient to meet, I'll leave."

"I believe that one day, we will meet."

Finish saying, ye Chen then carry ye Lingtian to disappear.

A few seconds later, an old figure appeared beside the eternal king.

The eternal holy King hesitated a few minutes, or said: "master ye, how can this boy know you are there?"

The old man gazed at the distant figure of Ye Chen and said faintly: "reincarnation, of course, is not awakened. It is the strongest blood in the world after all."

What did the eternal King understand and said, "master ye, where are you going next?"

The old man nodded and suddenly looked at the moon in the sky: "eternity, do you find the moon strange?"

The eternal king was stunned and his expression was strange: "it seems that it is a little special But it's normal... "

The old man gazed at the moon and continued: "Ye Chen, help me pay attention. I may have to leave for a period of time."

"I made a divination, and then the kingdom of God will change in just a few days."

"I'm afraid there's something wonderful to wake up to..."

The eternal king just wanted to ask what it was, but found that the old man around him disappeared.

It's as if it never happened.

.....

The kingdom of God, deep in the white Valley City, is a dark temple.

This place is actually similar to the temple in the depth of Jiutian Shenlong hall.

even can be as like as two peas!

Even the breath is the same!

It's like someone forced the temple to come here with the anti heaven technique.

Several people face the stone statue, extremely dignified.

"Master, why do you want to leave the nine heaven dragon hall? It's relatively safe there."

"I don't understand why I moved everything here at such a high price."

Suddenly, a deep voice came from the statue: "if you want to disturb order, you must do it on the land of the kingdom of God."

"Of course, there is another reason. The demon dragon in the abyss of the nine heaven god dragon hall has made me rest."

"The ferocious and piercing chant of the Dragon seems to have experienced the most terrible torture in the world..."

"The foolish dragon, who makes such a sound in captivity, defiles that glory."

"Next, the game of the kingdom of God should begin."

The others were stunned.

"Master, are you really going to do this?"

"Will this have an adverse effect on us?"

In the stone statue, the strange voice sounded again: "ha ha, since the day of Apocalypse of our nation is coming, those strong people in the kingdom of God should also wake up. Even the world will of the whole kingdom of God will release the accumulated original power to enhance the strength of the warriors of the Kingdom of God, and for those super demons, the will of the whole kingdom of God will be released For the opportunity of rapid rise? "

All the people around the statue were shocked when they heard the words!

If so, then, the kingdom of God is going to change completely!However, this is not what they are most concerned about. What they are most concerned about is how the host wants them to create chaos?

Because they believe that no matter how the kingdom of God becomes, the master they serve is the supreme and incomparable existence!

"Then, master, what are we going to do now?" Another asked.

The voice continued: "ha ha, what you have to do is to wake up those ancient strong people a little earlier."

What!

Everyone was shocked when they heard the speech! In the eyes under the mask, a thick color of confusion flashed.

Wake up the ancient strongmen? Those ancient strong, even if sleeping, or have been sealed for countless years, how to say, is also the human race?

In that case, isn't it supposed to be a hostile relationship with the master?

If you don't stop them from waking up, forget about it

Why should we wake them up in advance?

The strange voice said: "although they all existed in ancient times, there are also strong and weak. The weaker people, the easier to wake up. Of course, it is not for you to wake up the most powerful beings among those ancient people. Moreover, with your strength, even now they are on the verge of awakening, they can not wake up the ancient to the strong ones, as long as the weaker ones are removed from the ancient times It's enough to wake up. "

A black robed man with a strange figure and apparently not a human being asked in a very harsh voice as if it were gold and iron friction: "my subordinate, I still don't understand. Even at the bottom, but master, you once said that these ancient people were not demons. How can it help us to wake them up?"

At this time, the voice was a faint smile and said: "ha ha, just because they are human beings, they want to wake up! I don't know. Have you ever heard a saying that where there are people, there will be disputes? The human race is very interesting. What they like most is to fight? In the face of other races, they may share a common hatred against the enemy, but in the face of their own people, on the contrary, they have to fight for everything, don't they? "

"What's more, those ancient people, even the weak among them, can still reign over the whole kingdom of God in this era. If you suddenly wake up and find that you are the strongest in the world, what will you do? Do you want to conquer everything? If several names appear at the same time? Now these forces in the kingdom of God can only rely on one of them to protect themselves? Ha ha So, Kingdom of God, can it not be chaotic

Chapter 2670

When they heard the speech, they said in unison, "master, you are holy."

"Well, in the next period of time, as long as one person is left here to guard the temple, others will go to the places I told you and wake them up in the way I taught you..."

.....

Shenjizong.

Ye Chen looks at lying on the bed, all over the injury, has almost recovered the bone old, slightly nods.

Originally, Gu Lao was on the verge of death and could no longer be on the verge of death. Even if all kinds of natural materials and earth treasures were used, it would take hundreds of years or even thousands of years to recover.

However, with Ye Chen and the ancient god of medicine, it is not the same.

In just a few days, old bone has basically recovered.

The only problem is that ye Lingtian has not yet recovered.

It's been a few days.

What did ye Lingtian experience in that forbidden area?

Who is looking at yourself in the dark?

Is yonglao working for this person?

If so, does it represent the reincarnation Lord before he knew him?

Ye Chen has too many doubts in his heart at the moment, and even has a trace of uneasiness in his heart.

It's a keen sense of danger.

All of a sudden, God Jizong, bursts of exclamation, ye Chen a pick eyebrow tip, body shape a flash, then to the square above.

At this time, yuzhenzi and a group of elders in the sky of shenjizong were all looking at the huge full moon under the night curtain with shock!

"Master."

Ye Chen came to yuzhenzi, followed their eyes, looked up, instantly, pupil contraction!

I saw, in the night sky that round the bright moon, at this time, actually emerged a layer of emerald like halo!

It looks very strange!

Yu Zhenzi's eyes flashed and said in a deep voice: "the moon is jade ring! It's a jade ring on the moon! The kingdom of God is in chaos

"The moon appears on the jade ring?" Ye Chen slightly frowned, "master, what is that?"

"According to the legend, if the kingdom of God is about to encounter a disaster that is enough to destroy the world, then there will be all kinds of visions in the world, and the moon is one of them!"

Ye Chen hears the speech, is also the complexion sink congealed!

At this time, on the bright moon, the jade ring suddenly burst out a burst of green light, instantly, spread to every corner of the kingdom of God!

For a moment, countless warriors in the kingdom of God are all showing an incredible color!

Ye Chen bowed his head, his eyes were wide open, looking at the green light and fog floating in the air. At this time, he was all over, unable to say that he was comfortable! Every pore seems to be cheering!

Crazily devouring this almost endless light fog!

The concentration of the country's fog was doubled!

What's more, ye Chen can feel it. The concentration of aura is still rising!

The most important thing is that he seems to be able to realize that the green mist has the effect of washing tendons and marrow, and even promoting the awakening of blood vessels and Dharma bodies!

This, too terrible!

For many warriors in the kingdom of God, it is a rare opportunity!

What's more strange is that a large part of the green light fog is surging towards the room of Ye Lingtian!

However, for no reason, why did this chance happen?

He looked at yuzhenzi and others. Although they were also extremely shocked, they did not see much joy!

Yu Zhenzi sighed with a heavy heart: "it seems that all the legends are true."

"The moon is in the jade ring, and the green spirit is soaring! This is the will of the above. It will use its original strength to enhance the overall strength of the warrior of the kingdom of God

"That is to say The disaster of extermination, really, is coming

"So was the beginning of the fall of the supreme family of the kingdom of God."

"History seems to reappear!"

Ye Chen one Zheng: "master, which family are you talking about?"

Yu Zhenzi took a complex look at Ye Chen and threw out two words: "Ye Jia."

All of them were silent

Ye Chen suddenly opened his mouth to Yu Zhenzi and said, "master, I want to go out for a visit. I want to find out some things."

Yu Zhenzi looked at him and nodded: "go ahead, be careful. Your people will take good care of them for you."

Ye Chen nodded and didn't say much. His figure flashed and disappeared under the curtain of night.

Yuzhenzi and others know that ye Chen is extremely powerful now. What he wants to solve is not pleasant to say. Shenjizong is no longer qualified to intervene!

Therefore, they don't ask more questions. If ye Chen can't solve the problem, anyone in the shenjizong can't help. If they follow him by force, they may become a burden to Ye Chen!

Looking at Ye Chen's figure a few flicker, then disappear, Yu Zhenzi suddenly opened his mouth to the six elders beside him: "old six, you go to take out all the spirit stones stored in our ancestral gate!"The six elders were surprised, but still took orders: "yes!"

A moment later, the six elders returned to yuzhenzi, took out a storage bag and said, "this is all!"

Yu Zhenzi nodded and said, "now you go, sweep all the auction houses, buy martial arts resources, advanced weapons, body protection tools, pills, mountain protection array or materials that can strengthen the array at all costs! Change everything into resources! "

When the elders heard this, they were all thrilled. What is the Lord going to do?

Why, there's a smell of burning the boat?

However, the six elders still respectfully said: "obey the order of the Lord!"

After saying that, he went toward the God Jizong.

Looking at the other elders, Yu Zhenzi said, "if you go on, I will live in the Tibetan Martial Art Pavilion, the miraculous medicine Pavilion, and so on. All the places that can help the disciples to improve their strength will be open to the public free of charge!"

"All tutors, from now on, guide the disciples of all schools day and night! There must be no slack! We should treat any disciple of our shenjizong as his own disciple! "

"You, too, have each chosen the best disciples and trained them. Each of you has trained 100 students! Don't care about resources, even if you run out of details, you will not hesitate! "

If the elders don't change their spirits, they have to change their spirits?

Bow down at once!

Finally, Yu Zhenzi gazed at the big round moon in the sky with the jade halo and said, "from today on, my God Jizong is officially closed! Open the mountain protection array completely

.....

In Shenguo, there are countless ancient trees with deep red trunks and dark branches. In the forest, a man in black robe is moving quickly among the trees. Suddenly, he stops somewhere.

The eyes under the mask gaze at an ancient tree that looks like it is no different from other towering ancient trees!

Suddenly, he put out a hand, palm, burst out of a dark purple flame!
