

Physician 2681

Chapter 2681

Although, this supernatural treasure is indeed bred by the power of the Ye family.

But ye Chen's current strength should not be like this.

Unless

Even ye Chen himself couldn't help swallowing a mouthful of saliva and murmured: "unless, this treasure is similar to some existence in my blood, even from the same source..."

The ancient medical God stammered: "this But is it really the case? Boy, you are so lucky, aren't you... "

What a coincidence it must be to be caught up by Ye Chen!

"If it's true, just look at it!"

Ye Chen couldn't help it. He flashed his body and came to the boulder. He carefully observed the surrounding area and confirmed that he was the only one here. After that, he suddenly punched out!

"Jiwu: heavy fist!"

On the fist, burst out a burst of black light, endless power, in Ye Chen's body, the ultimate Pentium!

To the boulder, pour out!

Here is the secret land of Shenyuan. Every plant, every tree, every mountain and stone, has been nurtured for countless years by the Shenyuan flavor. Its hardness can be imagined!

Therefore, ye Chen tried to break the huge stone and exhausted all his strength!

With the heavy blow of the vanishing breath, it bombarded the boulder!

Click a light sound, a crack, in the place where the fist fell, and then, rapidly spread!

Ye Chen's power is extremely precise, and the boulder hardly causes any movement and stillness, so it turns into a smash.

A fist sized crimson crystal fell on the ground. In the center of the stone, there was a white flame burning!

Although the flame, sealed in the crystal, did not emit any temperature, but somehow, it made the surrounding space slightly distorted.

"Sure enough, there is something!"

Ye Chen is extremely excited to pick up the crystal stone on the ground. Although he does not know it, he can clearly feel the extraordinary of this crystal stone!

Canggu medical God some surprised said: "unexpectedly, is the God flame stone!"

Shenyan stone, one of the rare treasures of Shenyuan! Look at the country is extremely rare, precious existence!

Even, it is no less than the value of a true spirit and blood essence!

Why?

The function of Shenyan stone is very simple. It can calcine the body and refine the marrow to enhance the body strength!

But against the weather, is its effect!

Even to Ye Chen this kind of flesh body strong to cannot describe the degree of metamorphosis, has the very terrible effect!

Even, can let Ye Chen's physical strength, directly double!

Or the all-round double!

Ye Chen put away the flame stone, not in a hurry to refine.

His current martial arts strength is roughly equivalent to cutting off the eight or nine layers of heaven. Although, it is only one step away from the real chaotic state, this step is heaven and earth!

Even with Ye Chen's metamorphosis, the gap between chaotic warriors and non chaotic warriors cannot be easily crossed.

Although Shenyan stone is very strong, it is not enough to push his strength to the existence of chaos.

Even his own realm is difficult to break through.

Ye Chen is ready to collect more exotic treasures and devour them together. He will use the terrible energy generated by these foreign treasures to break through his realm directly!

For others, there is no difference between swallowing so many supernatural treasures at the same time and seeking death. However, for ye Chen, the more phagocytized at the same time, the greater the effect! If

devours alone, though every time it can increase part of its strength, each time it has to lose a certain source of essence, and, at the same time, it spends more.

Ye Chen, always like to maximize the income!

His eyes flashed: "ha ha, white jade huang, Yang Chiyuan, wait for me, ye Chen, rise that day!"

How can we not rise? Those foreign treasures are mostly hidden in extremely hidden places. For example, if there is no blood resonance, ye Chen can't find it himself!

So are the demons of other great kingdoms!

For example, the man and woman who passed by just now did not find the existence of Shenyan stone at all!

In other words, ye Chen seems to have an exotic radar. It's not like a headless fly. Other demons who explore the secret land can compare with each other!

An hour later, ye Chen stood on the edge of a big river bank, staring at the surging river. Suddenly, he plunged into the water and kept diving under the heavy water!

Direct, dive to the bottom of the river!

He turned his wrist, Qinglian mietian sword, fell into his hand, and without hesitation, he chopped towards a place in front of him!

The river is tumbling and surging. Somewhere at the bottom of the river, ye Chen's sword directly blows out a three meter deep hole!

And in the cave, lying quietly is a pearl with colorful luster.

Ye Chen takes the Pearl to his hand, and the moment his eyes fall on it, he feels dizzy in his brain, and the surrounding space begins to twist and deform! His face changed greatly, he suddenly moved away from his eyes, only to return to normal!

"Ancient medical God, just now, what was that about?"

"It's an illusion!" The ancient medical God had a deep voice.

"Hallucination!" Ye Chen exclaimed, he has the body of reading demons, can break all illusions, even just looked at it, was affected by the illusion?

Isn't that horrible?

"Ancient medical God, what is this thing?"

Cang ancient medicine divine way: "the magic rosary, the divine source exotic treasure, can be used to create the illusion, or display the divine idea attack!"

"How terrible is the illusion of this magic Rosary? You have experienced it, and almost come to the realm of illusion as true! If you use it to attack your mind, you may even kill the warrior in the chaos state! If not, at least, it will hurt them

"But if it is used to create illusions, it should be able to keep several names in chaos for a while!"

"Not bad!" Ye Chen put away the magic rosary beads after refining, very satisfied.

Although, magic rosary, can not be used to enhance strength, but it is undoubtedly a good thing to protect life!

The next few days, ye Chen has been wandering in the secret place, harvest, can be regarded as extremely rich!

Now, in his hand, he has a sacred flame stone, a magic Rosary Bead, a dragon fruit, three Baohua stones, and a yuan soul pearl!

Shenglongguo, it looks like a gilded Hami melon, but it is much smaller, only the fist is big, and the pattern on it has become a genuine dragon pattern!

The shenglongguo is also used to strengthen the body. Like Shenyan stone, it can greatly increase body strength. However, Shenyan stone focuses on improving strength, while shenglongguo is to enhance tenacity and vitality!

Baohua stone, a kind of gem with five colors of aura and the size of fingernails, can bring a lot of spiritual power and make the spiritual power in the body pure and concise several times!

Yuanhunzhu, gray and white, looks like an unattractive round bead. It's an exotic treasure that nourishes the spirit. It strengthens the spirit just as much as the Shenyan stone does to the body!

These things, if you take them out at random, are treasures that can be fought for by the demons of the kingdom of gods!

Chapter 2682

If these treasures, through refining, swallowing, enough to let Ye Chen's strength increase several times! Even, it is possible to let the strength directly break through a few small realms!

However, even so, ye Chen, or did not stop, continue his treasure hunt!

He knew, this, has not reached own limit! If

wants to absorb the essence of the exotic treasure to the maximum, it must swallow every time in the extreme state.

.....

Three hours later, ye Chen came to a glacier.

Cold air overflowing, freezing everything, a gust of ice wind, even ye Chen, feel a pain on his cheek.

If the ordinary soldiers who cut the disaster are here, I'm afraid they will be frozen to death.

At this time, ye Chen, however, regarded the howling wind as nothing. He was standing in an ice cave and staring at the ice wall in front of him.

His eyes were burning, and deep in his pupils, there was a strong desire!

At this time, his whole body blood, as if to boil!

What is sealed behind the ice wall

That's more powerful than the blood resonance produced by such exotic treasures as Shenyan stone and yuanhunzhu!

He suddenly took out the green lotus sword to kill the sky. With a low drink, he chopped his sword on the ice wall!

This sword, if in the kingdom of God, is enough to cut out a thousand feet of abyss

However, the Qinglian mietian sword with such a weight fell on the ice wall, leaving only three inch deep sword marks

How hard!

This ice wall, even in this mysterious place, is it hard?

So there are almost no other demons here.

Ye Chen looks at the sword mark, his pupil shrinks, but he doesn't give up. He continues to wave the green lotus sword and bombards the ice wall!

Soon, under Ye Chen's efforts, he was born on the ice wall and chiseled out a 10 inch deep hole!

A bloody glow blooms in front of Ye Chen!

A drop of blood, constantly creeping, six days of blood quietly lying in the ice wall!

This drop of blood, surrounded by seven blood color halo, from inside to outside, from deep to latent!

Ye Chen's breath, all of a sudden hurry up!

good strong divine essence!

It is ten times stronger than all the foreign treasures he got before!

"Ancient medical God, what is this?" Ye Chen is stuttering

Even the ancient medical God can not calm down!

He laughed with ecstasy: "boy, this is a drop of blood essence from God! What's more, it's the God blood essence with seven blood lights! Even if it is the ordinary divine blood essence, to you, it is more powerful than the divine flame stone! And seven times of blood light, is the highest source of blood essence, can have! "

"want to engulf the source of the essence of blood, there are two ways, one, slowly, a chaotic warrior, spend hundreds of years, may be able to swallow this seven drops of blood light source of the essence, the essence of 1/10, and the other is to take strong blood as a guide!"

"Boy, if you don't have the samsara blood vessel in your body, even if you want to swallow this drop of divine essence blood, it will take thousands of years, but with the reincarnation blood as the guide, the speed can be increased countless times! If you swallow this drop of blood essence, your blood will be sublimated directly, and the concentration will be too high to imagine! "

"And even I am not sure how many times your strength can be increased. However, I can assure you that you have absorbed this drop of blood essence from God. You have a chance to shake the agreement of Zhenlong hall."

When ye Chen hears the speech, he will be crazy! Crazy with joy!

As soon as he reached out his hand, he was going to grab the blood essence of Shenyuan. However, the blood light emitted by the blood essence brought him tremendous pressure!

Ye Chen's face changed. He was biting his teeth, his whole body was surging with great force, and his blue veins burst out. He stretched out his hand recklessly toward Shenyuan blood essence.

His palm inch by inch close to the ball of blood essence, bones, but constantly broken, flesh and blood collapse.

This, or he has reincarnation blood, activate red dust God pulse and unstable Lingfeng God pulse!

If he doesn't have this extremely rebellious reincarnation in his body, then, with Ye Chen's strength, I'm afraid he can't get close to this drop of God's blood essence.

Full two hours later, ye Chen, the drop of blood essence into the palm.

On his face, there is a satisfied smile. Now, he can swallow it well and let his strength break through the chaos of war!

When Ye Chen is ready to leave the ice cave and find a hidden place to practice, there is a sound of feet and steps outside the ice cave!

Ye Chen pupil shrinks, complexion is instantly pale, on forehead, all burst out cold sweat!

"At this time, someone is coming?"

Ye Chen secretly scolded. Just now, he was all in his mind and concentrated on collecting the essence and blood of God source. He was careless for a moment! Soon, three men, at the same time, entered the ice cave.

These three men, wearing similar clothes, are all emitting light blue verve glory, which is the symbol of the fourth God kingdom!

The three people are different in appearance. If there is anything in common, it is that they all have an extremely cold and proud look on their faces!

Moreover, these three people are all the martial arts in the chaotic state, and each of them has an extremely frightening breath!

Especially the first one, with narrow eyes and deep pupils, flashed a silver light from time to time. His chin was sharp and his skin was white. He looked handsome and had a little feminine flavor.

Every step forward, there is a kind of, let Ye Chen heart tight feeling!

As if, death, is coming towards itself!

Ye Chen's face quickly regained his composure. On the surface, he looked flat, but in his heart, he kept roaring!

These people, good to die, unexpectedly came at this time!

As long as he breathes a few more slowly, he can leave here with Shenyuan essence and blood, and improve his strength!

These three men are the true disciples of chengfengmen, the first-class forces of the fourth God kingdom! Unlike the seventh kingdom, there are not a small number of disciples who enter the Shenyuan secret realm. Naturally, they are more likely to meet each other!

The first one is Wu Kelun, whose eyes are narrow and long, tall and thin. His name is Wu Kelun. He is the first true biography of chengfengmen. His cultivation is three layers of chaos!

The other two people, one of medium height, dark skin and plain facial features, named Zhao chunwu, is the peak of chaos two layers of heaven.

A man with muscles all over his body, a bulging temple, a pair of tiger eyes, and a strange animal tattoo on his neck. His temperament is fierce and his smile is domineering. His name is Chen Yida, and his cultivation is chaotic!

These three people, after seeing ye Chen, are slightly a Leng, a glimmer of accident flashed in their eyes, as if to see something strange!

Is there still too much space in this place?

How can Taixu survive?

Chen Yida even frowned rudely: "how can such cultivation exist in the secret state of Shenyuan? Is there any mistake? How did such people get in? Let such people compete with us for resources? "

Chapter 2683

Zhao chunwu's eyes flashed and sneered: "ha ha, brother Chen, take a close look at this boy's breath, and you will know why."

Chen Yida is stunned. Ye Chen is too low-level in his eyes. It can even be said that it is too low-level! Lead him to even the breath of the other party did not pay attention to!

At this time, take a closer look, after the light green charm of Ye Chen's body, Chen Yida smiles and suddenly laughs.

"So it is. I have known for a long time that the seventh kingdom of God is full of waste, and even does not have the qualification to participate in the Congress of the kingdom of God. However, I did not expect that the waste would reach this level?"

Taixu? Hehe, in our chengfengmen, we can only be the lowest level of a dog's servant disciple, right? When you get to the seventh kingdom, you become a genius who can enter the secret realm of the divine source? Interesting, really interesting

"I don't know why the reincarnation master, who controls the supreme power, wants the seventh kingdom to exist."

"This seventh kingdom is a blasphemy against the great samsara."

Originally, the Seven Kingdoms held regular meetings to send guardians to communicate with each other. However, the seventh kingdom has declined for a long time and has been completely ignored by the other six!

Even the assembly of the kingdom of God no longer invites the seventh God state to attend.

This is why Tu Lanxin, as a guardian, did not reveal the existence of other deities in the seventh kingdom, and most people in the seventh kingdom did not know that there were other gods.

Weak countries have no diplomacy!

It's the same everywhere!

And ye Chen stood there, always silent, even slightly lowered his head.

Just a pair of eyes, more and more gloomy, there is a faint intention to kill flash!

He thought it was the funniest thing in the world.

As the Lord of reincarnation, he was said to have violated himself?

What is this operation?

However, he did not break out

He knows, now, it's not the time

If there is only one person, he can still rely on the magic rosary, spell

But the other side, there are three people, must wait, wait for the best chance!

Although he is proud, but proud is not reckless, is not looking for death, if there is a chance to kill these three people, even if very slim, ye Chen, will fight!

But the fact is, now, ye Chen started, and there was only one

That's death!

Of course, this does not mean that ye Chen will let them go

Those who insult him will pay the price!

Wu Kelun was also contemptuously leering Ye Chen, but suddenly, his eyes, burst out a burst of light!
There is a trace of shock on the surface!

As soon as he waved his hand, he stopped the sarcasm of the other two people. His body flashed, and he came to the hole that ye Chen cut on the ice wall!

Ye Chen doesn't seem to have any reaction, but he can't help being tight in his heart!

Not good! This guy noticed it!

"Essence and blood of God source!"

Wu Kelun felt the spirit left on the ice wall, and was excited instantly! I can't control myself!

Shenyuan blood essence, but one of the top exotic treasures in Shenyuan secret land!

If they get a drop, even the worst blood essence, they are worthy of this trip!

What's more, it seems that the blood essence of God has just been taken away! The spirit has not completely dissipated!

He suddenly turned his head, staring at Ye Chen and said, "boy! Did you take this blood essence from God? Hand it in! "

"Ah?"

A trace of confusion appeared on Ye Chen's face: "Shenyuan essence blood"? What is the source of essence and blood? "

He looked at the hole and said, "I just passed by. When I came, the ice wall was already like this."

"Lying in front of me? Look for death

Wu Kelun drinks a lot, and the blood essence of God is gone? It's like you see a diamond in front of your eyes, you can pick it up, but suddenly fall into the sea!

How can he not get angry?

The breath of Wu Kelun's chaotic state erupted wildly. He rushed towards Ye Chen with a startling momentum. Ye Chen's face changed greatly. His bones crunched under the pressure of the breath. He stepped back three steps and spat out a big mouthful of blood!

He still lowered his head, but the hatred in his eyes was even stronger!

At the same time, the left hand held tightly and clasped the magic Rosary Bead!

At this time, Zhao Chunwu said with a smile: "elder martial brother Wu, calm down."

He pointed to Ye Chen and said, "the boy of Taixu state, whether he can break the ice wall or not is a question, let alone take away the blood essence of the God source, can't even get close to it?"

Wu Kelun nodded and took back his breath. However, looking at Ye Chen's eyes, he was still angry and said coldly, "this is also true." Although Ye Chen withstood his breath and didn't die, he was a little surprised, but he didn't take it too seriously.

In fact, he also understood that with Ye Chen's strength, it was impossible to take away the essence and blood of the divine source. He just missed out on the top-level foreign treasures and turned his anger on

Ye Chen.Chen Yida was somewhat ferocious and said with a smile: "however, for the sake of insurance, this waste is still killed?"

Ye Chen held his breath and was ready to fight to death. He knew that in this situation, even if he used the magic rosary to create a dreamland, there was a possibility of failure. As long as one person did not fall into the illusion, he would die.

But only one fight!

Zhao chunwu, however, looked at Ye Chen with a playful look and said, "ha ha, I'm not in a hurry to kill you for a while. Most of these supernatural treasures are hidden in secret places. We just need a coolie, don't we?"

Wu Kelun nodded with a smile: "yes, it's reasonable. This kind of dirty work is supposed to be done by these people, isn't it?" In recent days, they have been digging and searching around aimlessly. They have not got anything, and they have made themselves disheartened. Is this what Tianjiao, who is taking advantage of the wind door, should do?

What's more, let Ye Chen do these coolies, so they can seize the time to practice?

It's good to practice in the secret place of Shenyuan!

Wu Kelun flipped his hand and a rune appeared in his hand. He sneered at Ye Chen and said, "boy, accept this slave seal and follow us!"

Ye Chen gazed at the rune and said to Cangu doctor: "laocang, can this slave seal be cracked?"

The ancient medical God sneered and said, "this slave has a trace of reincarnation, which is very weak. For others, even the strong chaos, may be trapped, but for you, no effect! But you can pretend to be effective! "

Ye Chen's eyes flashed and said with a smile: "good."

In an instant, the mark fell into his brow.

But it dissipates in an instant.

.....

At the same time, Shenyuan secret place is the deepest, a temple.

In the temple, numerous gods are arranged.

And the top of the temple, there is an ancient text - Ye!

Although Ye family disappeared in the history of the kingdom of God!

But his legend is always there!

God is the best witness.

Ye Chen's seventh kingdom is extremely rare!

But here, it's very common!

Only because this secret place is also written by the Ye family and carries the will of the Ye family.

There are three putuan in front of the statue.

On the futon, three old men closed their eyes and practiced.

All of a sudden, their eyes open, and the power to transcend chaos spreads out.

The old man in the middle was staring at the statue of the central reincarnation Lord and exclaimed:
"you can feel Just now, in the secret place It seems that The breath of reincarnation appears... "

"How could it be!"

Chapter 2684

Reincarnation Lord!

These four words are almost buried in history.

Never be opened!

Everything in the kingdom of God was under the control of reincarnation.

It's the power beyond infinity and reincarnation.

For many powerful people in the kingdom of God, the Lord of reincarnation is God.

The Ye family is the God seat.

These three elders witnessed the death of the Ye family and the fall of the reincarnation Lord.

He also witnessed the destruction of numerous gods in the kingdom of God.

They went through the golden age and the twilight of the gods.

They sleep in secret places, burying the only pursuit left in their hearts.

They used to be people.

And now, still.

The only thing we can do is to pity all living beings.

The old man on the far right opened his eyes. There was no fluster in the turbidity. He took a look at the statue and made a gesture: "you are possessed again."

"No matter how many years have passed, you have to accept that the Ye family is no longer here."

"What's more, I feel the breath of the secret place has changed a lot. I'm afraid people from those seven areas have come in."

"Well, I didn't understand why the reincarnation Lord divided the kingdom of God into seven parts, and each part was completely isolated."

"After a long sleep, I finally figured it out."

"Perhaps this is the invisible cause and effect barrier established by the reincarnation Lord."

"If we don't separate, I'm afraid the whole kingdom of God will be in a mess by those guys."

"The heavenly way palace is no longer what it used to be."

When the old man finished, he continued to close his eyes.

But the old man in the middle can no longer keep his inner peace. The moment just now is not accidental!

This is the reincarnation blood!

And reincarnation blood, the world can control only reincarnation Lord.

He stands up fiercely, the space around produces a little crack! We can see how terrible the strength of the other side is!

In a flash, the old man disappeared above the hall.

The hall resounded with his resolute voice:

"I always feel something is wrong, I must go and see it."

The other two elders looked at each other and shook their heads.

Close your eyes.

However, in the eyes of a man in front of the statue.

A deep awe lingers.

That was the fear once dominated by the Ye family.

And this man God, unexpectedly and ye Chen some gods.

.....

At the moment, after ye Chen refining his mark, no one noticed that ye Chen quietly crushed a gray ball in his hand, inhaled it into his body, and slowly refined his power

The gray and white round bead is the one that can enhance the power of spirit and soul!

Two days later, on a hill, Wu Kelen stopped walking. Suddenly, he pointed to a rock wall somewhere and said to Ye Chen, "cut that place, three meters deep."

At this time, ye Chen, gray faced, looks quite embarrassed, even, there are many scars on his body, but his face has not the slightest look.

Even a little cool and cold.

Ye Chen hears the speech, Mu ran walks to the mountain wall, takes out the green lotus extinguishes the sky sword, chisels hard rock one by one.

He was sweating all over his body. It seemed that he was working very hard. He was not cutting fast.

Wu Kelun, Chen Yida and Zhao chunwu looked at each other with a smile on their faces.

In the past few days, they arbitrarily drove Ye Chen to dig here and there. Although nothing was dug, it was much easier. It seemed that in the secret land of God, they found their sense of superiority as true disciples of the first-class forces of the fourth God kingdom!

At this time, a cruel light flashed in Chen Yida's eyes. Unexpectedly, he yelled at Ye Chen and said, "are you a fuckin 'broken bone? After an hour of chiseling, just a little bit! Are you lazy for me

The next second, the endless air wave vibrates, as if through Ye Chen's body.

Ye Chen, indeed, did not give all his strength. He only used about one tenth of his strength. This is to hide his strength and prevent Wu Kelun and others from being vigilant.

But he knew that Chen Yida did it to him, not because he chiseled slowly!

Even if he used only one tenth of his strength, he could be comparable to most of the warriors in the later period of chopping the enemy!

Ye Chen's eyes are crazy to kill!

Wu Kelun, Chen Yida, Zhao chunwu! I Ye Chen promise that I will get back everything you have done to me!

Give me a little more time, not even long

CHEN Ye Da will be dissatisfied with it for a few days!

That's how he got his injuries!

Wu Kelun and Zhao chunwu, on the other hand, watched with great interest, without any intention of stopping them.

Ye Chen took a deep breath, and when he stood up again, his complexion recovered. He went back to the mountain wall and chiseled it once and for all, as if nothing had happened. In Zhao chunwu's eyes, a flash of color said: "this too empty state is really hard to fight! Are the people of the seventh kingdom of gods all belong to Xuanwu? Thick skin? "

In the past two days, Chen Yida made many moves against Ye Chen.

Generally, Taixu should have fallen.

And ye Chen is just a few slight injuries, to them it is a bit strange.

However, Chen Yida didn't like it. He went to Ye Chen and gazed at Ye Chen's eyes. After a moment, he turned to Wu Kelun and Zhao chunwu and said with a smile:

"brother Wu, brother Zhao, come and have a look. The boy is so hurt that he has no temper at all? Ha ha ha ha ha, is that the virtue of the seventh kingdom? In this way, is it a martial arts practitioner? This kind of person, in our fourth God Kingdom, is only qualified to be a mole ant? "

"I finally understand why the reincarnation Lord divided the kingdom of God into seven regions and separated them with the method of anti heaven."

"I guess it is to isolate some humble blood."

Ye Chen is silent, just looking at the stone wall in front of him, chiseling once and for all.

These days, his mind constantly rang with bursts of dragon chant.

He knew it was the blood dragon's reply.

After all, this secret place belongs to the nine heaven dragon hall.

At the moment of their own and blood dragon incomparable close!

The blood dragon should be trapped in that abyss, unable to break the ban.

Moreover, ye Chen feels that the breath of blood dragon is becoming stronger and stronger.

But the foreign magic dragon that once appeared in the picture is more and more weak.

This confrontation, blood dragon seems to have won.

What about yourself?

Of course, Wu Kelun, Chen Yida and Zhao Chunwu are doing it by themselves!

But he didn't give up!

He's brewing!

Every time this group of people do something to him, Lingfeng's pulse and red dust's pulse will be activated.

The red dust pulse prevents him from getting hurt.

And Ling Feng's pulse continuously absorbs strength!

Soon, the power of Lingfeng's pulse will be full again this time!

This is his chance!

Chen Yida's face sank. Seeing Ye Chen still indifferent, he said, "I'm talking to you. Didn't you hear me?"

Ye Chen slightly bowed his head and said, "Oh."

Chen Yida looked at each other and all of them laughed wildly: "look! I'll tell you

Chapter 2685

Interesting, so interesting!

Bullying the weak, that's great!

.....

After three meters deep chiseling, there is nothing in the stone wall.

A few people, keep going.

Came to a beach.

Wu Kelen closed his eyes for a while and asked several people, "do you feel that the breath here is special?"

Chen Yida and Zhao chunwu nodded: "I feel the same way."

"Not bad!"

Wu Kelun pointed to the sand under his feet, looked at Ye Chen with amusement and said, "yechen, here, dig ten meters."

Ye Chen said nothing and began to dig!

After a while, they dug five meters!

At this time, ye Chen eyes, burst out a burst of joy!

Yuanhunzhu, refining finished!

The power of his spirit has nearly doubled in an instant!

Lingfeng's pulse has absorbed all the energy!

It's ready to go!

Although these three people are very strong, Ling Feng's pulse has experienced too much and absorbed countless incredible powers!

Heaven's thunder robbery, divine light ceremony, ancient battlefield, poison cave, chaos strong, Xuanyuan cold, and even all of the secret state!

Ye Chen is even a little excited.

Ye Chen's face, appeared a crazy, ruthless smile.

He suddenly said coldly, "three, I found the treasure!"

What!

Really found it!

A breath of divine spirit rose from the cave.

Wu Kelun looked at each other, and they were very happy!

"Ye Chen, bring the treasure quickly

Ye Chen's figure flashed back to the beach. In his hand, he held a pearl with seven colors!

It's the magic Rosary!

Three people in the eyes of joy, more rich!

Yes!

Magic beads! Very good!

Wu Kelun is full of spring breeze. As soon as he reaches out his hand, he will take the magic Rosary from ye Chen's hand.

But at this time, ye Chen fiercely shouts: "take good!"

The extremely strong power of mind almost turned into substance, roared out and poured into the magic rosary beads. The seven colors of brilliance twinkled to the extreme in an instant, drowning all the figures in it!

Ye Chen, the reason why he endured so long, is that, with his original power and power of the spirit, he is not sure to give full play to the power of the magic rosary, and at the same time, he trapped the three people into a dreamland!

Therefore, he quietly refined yuan hunzhu!

This, also with Ye Chen's rebellious constitution, can do! In addition to confusing Wu Kelun and others, he restrained his power partly because he wanted to concentrate on refining yuan hunzhu!

Wu Kelun three people, at this time, in the eyes are emerging the color of confusion, stupidly standing in place, giggling.

Canggu doctor said: "boy, now, what do you want to do? I suggest you don't use the power of Lingfeng's pulse! It's going to keep you alive! "

"And the power of Lingfeng's pulse is not enough to kill three people. Once one of them lives, you are still in danger."

Ye Chen gazed at the three people and asked, "how long can this magic Rosary trap them?"

"A month!"

Ye Chen smile, kill idea surging way: "then I go first!"

Now, if he attacks at will, the three of them may wake up from the illusion.

To the surprise of the ancient medical God, ye Chen even pinched the formula with his fingers, leaving his own mark on the three people.

"Boy, what are you doing? If the mark falls, they will find you even if they run far away! "

"Who said I was going to run?"

Ye Chen's eyes, killing intention surging.

"Let's go around and find a hiding place. Shut up!"

One month is enough!

Enough for him to absorb all the foreign treasures!

Wu Kelun, Chen Yida and Zhao chunwu, when we meet again, I will show you what the martial arts of the seventh kingdom are like

Soon, ye Chen found an extremely hidden cave, drilled into it, and arranged a hidden array outside the door.

He sat cross legged, but he was a brain, God flame stone, Baohua stone, shenglongguo

And the drop of Shenyuan blood essence, take it out.

Then open your mouth and swallow it all!

instantly, the fury of divine essence swept across the whole body.

A group of blood flame, the package, as if the whole person, are burning general!

But after that, ye Chen's cultivation has risen rapidly!

So many benefits actually let Ye Chen originally difficult breakthrough change extremely relaxed!

Ye Chen's heart is burning with anger!

Is chaos strong?

The fourth kingdom is very strong?

So what!He is for ye Chen!

.....

A month later, Wu Kelen, who had a dull complexion, were stunned, and their eyes suddenly recovered!

"Ye Chen

Wu Kelun issued a roar. Now, where does he not know the way of Ye Chen?

Zhao chunwu and Chen Yida are also ferocious!

The three of them, the dragon among the people who enjoy the wind door, even give a waste of too empty state to play such a trick?

If it is spread out, how can they get a foothold in the fourth kingdom!

What's more, they didn't come here for a holiday!

Because of this kid, you've been stuck here for a month?

This month, they used to practice, can break through one or two small realms?

"Brother Wu, it seems that the boy's mark is still there. Even if we run far away, we can find him!" Zhao chunwu said in the cold.

Chen Yida's eyes were full of cruelty and said: "ha ha, I can't see that this dog really dares to bite people? It seems that we should teach a good lesson. "

Wu Kelun restrained his anger and nodded. A little bit of his eyebrow and a rune floated between his eyebrows. An invisible wave spread around him!

After a moment, Wu Keren opened his eyes, frowned slightly, and said in some doubt: "this boy, we have been trapped for a month, but we haven't escaped far?"

Zhao chunwu said: "go and have a look first."

According to the law, ye Chen should escape as far as possible. However, as a waste of the seventh kingdom of God, can he turn out a flower?

Is there another magic rosary in the boy's hand?

Ha ha, you think the magic rosary beads are really all over the street?

Immediately, the three body shape move, toward Ye Chen's cave and go!

.....

Soon, a few people came out of the cave!

Ye Chen in the cave suddenly opened his eyes, looked indifferent, and sneered: "is it finally here?"

At this time, ye Chen has already broken through to the peak of Taixu!

It's only half a step away from the difficult situation!

You know, he has reincarnation of the suppression of blood, the breakthrough is extremely difficult!

Now, when you enter such a state, you can think about the benefits of this secret realm!

The three men fell in front of the cave. Wu Kelun gazed at the dark cave. The anger in his eyes became more and more intense. He drank coldly: "Ye Chen! Can't escape? To Ben, get out of here

In the cave, there was a sound of footwork.

Ye Chen's figure gradually emerged in front of the three people.

Three people look at each other, eyes are with a thick sense of anger!

Did you hide here to practice?

Chapter 2686

This mole ant can't have any to defeat oneself three this kind of ridiculous idea?

Well, in a month, it's not bad to break through the peak of daotaixu, or even close to the chopper

Unfortunately, in their eyes, or garbage!

Even the gap between chopping disaster and chaos is very different!

Wu Kelun sneered: "I thought Mr. Ye used a magic rosary to trap us. What do you want to do? Is it for cultivation? If you want to practice, you said it earlier? Why waste a magic Rosary

"Waste?" Ye Chen said with a faint smile: "it's a waste to give you these bastards."

The air in front of the cave is suddenly dead

Three people, are incredible looking at Ye Chen

What did they hear just now?

Ye Chen insults them as bastards?

That, no matter how hard you work, you are beaten and kicked for no reason, and you dare not complain at all?

Now, how dare you speak to them like this!!!

The spirits of the three were ignited by anger in an instant!

If ye Chen was so arrogant and presumptuous at the beginning, they might only think ye Chen was stupid and not so angry!

But once, the person who was respectful to you suddenly insulted you?

But it's even more unacceptable!

As if, his dignity was trampled on by Ye Chen at the foot of the general!

Zhao chunwu's eyes were cold, his wrists turned to the sky, and he held a golden half step sword. His whole body was killing like a storm. His eyes fixed on Ye Chen and sneered: "waste is waste. If you break through several small realms, you don't know the sky and the earth."

Chen Yida said with a ferocious smile: "brother Zhao, don't kill this boy directly, just cut off his limbs first. I haven't taught him a good lesson."

Zhao chunwu smiles coldly, and his whole body is full of the spiritual power of the two layers of heaven. It breaks out against the sky like a super storm. In an instant, it sweeps a hundred miles around, and even some trees are directly uprooted!

The sword is shining on the sky like a sword!

Send out incomparably domineering, majestic rhyme!

With his sword dancing, the golden light overflows everywhere. Every ray of golden light shakes the solid void of the mysterious state of God. Every ray of golden light is like the world of a sword!

In the world, ten thousand dragons are flying!

"Huanglong dance sky sword!"

Zhao chunwu murmured and chopped at Ye Chen with a sword. Suddenly, he condensed into four golden dragon shaped swords and roared at Ye Chen!

Each dragon shape contains the ultimate sword meaning. It is a kind of domineering, fierce, as if it can cut through the mountains!

The cave, under the heavy pressure of the sword, is shaking slightly!

Zhao chunwu's eyes were like poisonous snakes. He locked Ye Chen. He saw that ye Chen was still standing in the same place after his sword was cut out. A glimmer of joy flashed in his eyes!

His sword, almost with all his strength!

Although he looked down on Ye Chen, he didn't know why. Ye Chen gave him a very strange feeling!

His combat experience tells him that he must never give ye Chen any chance!

At this time, facing the four dragon shaped sword awns, ye Chen's pupil is also slightly shrinking! Zhao chunwu's swordsmanship is not low!

Although, it is not comparable to Ye Chen's martial arts charm.

However, the yellow dragon dance sky sword has completely stepped into the realm of ancient martial arts, and among the ancient martial arts, they are all superior!

Zhao chunwu, is to practice to a great extent!

Chen Yida and Wu Kelun sneered and nodded slightly, as if they had already seen the scene of blood splashing everywhere and ye Chen's limbs being cut into nothingness!

Zhao chunwu's sword is very strong!

Even if they want to take over, it's not so easy!

The Taixu state of a seventh kingdom?

Another hundred ye Chen, there is not a trace of resistance!

Seeing, the four swords will fall on Ye Chen.

Ye Chen, move!

But three people saw this, but almost laughed!

At the moment of the four golden dragon swords, ye Chen seems to have made a fist at will!

A simple punch!

Even, even extreme martial arts, heavy boxing and other martial skills, are not used!

Is this funny?

If you don't know how to live or die, there should be a limit, right?

One punch, obviously is the most ordinary one, but it has a kind of inexplicable attraction!

Originally, towards Ye Chen's limbs to cut off the awn, as if by some inexplicable attraction in general, hit Ye Chen's fist!

People, are slightly a Leng, this, is how to return a responsibility? Only Zhao chunwu, his face suddenly changed!

At that moment, there was a big bang!

Strong force, towards the impact of the surrounding, rock fragmentation, wind chaos roll!

Chen Yida, Wu Kelun, sarcasm, sneer, instant solidification!

They don't even believe their eyes!

The four swords were smashed by Ye Chen's fist?

Moreover, ye Chen's fist is still moving forward!

Four swords, even did not let his body shape, has the slightest delay!

After one tenth of a breath, the fist came to Zhao chunwu!

"Die for me

At this time, Zhao chunwu's face has been completely transformed into panic. Only he can realize that it looks like a child's fight. What a terrible power he has!!!

His whole body spirit power, unreservedly pours out, the Dragon sings the sky, the sword light rises again!

With a roar, the blood mist broke out and the air was compressed. Zhao chunwu's ultimate sword was broken in an instant. The blow fell on his shoulder!

Zhao chunwu's whole body, flesh and bones, burst in an instant. The whole person flew back and forth like a shell, smashing on the mountain wall. It was actually inlaid directly in the hard rock and dying

Wu Kelun and Chen Yida take a silly look at Zhao chunwu and turn their heads to Ye Chen.

With a meat fist, he defends Ye Chen, the top martial arts player of Huanglong dancing Tianjian, even in Chengfeng Pavilion!

In an instant, their pupils trembled!

I saw, ye Chen's fist, only left a finger long wound, and is still fast healing!

In the blink of an eye, it has recovered as before!

Let them even feel that what they saw just now is just an illusion!

Ye Chen took back his fist and said faintly, "don't you know the sky is high and the earth is thick?"? Maybe, but I know a little bit about dog beating

His seemingly ordinary fist is so shocking. In fact, ye Chen has almost poured the harvest of this close door on this fist!

That's why it's almost a miracle!

Chapter 2687

This time, after absorbing many foreign treasures, especially the blood essence of Shenyuan, ye Chen's physical strength has reached an extremely shocking height!

Even, it has to exceed the power of breaking the sky, which can increase the limit!

Moreover, ye Chen absorbed the essence and blood of Shenyuan, and his blood was sublimated. Originally, he had some skills that could not keep up with his current strength. In the case of blood sublimation, the increase brought to him also soared wildly!

Strength alone can add an incredible number!

This blow, the destructive power, directly increases exponentially!

Key, he hasn't used Ling Feng's pulse yet!

Ye Chen did not start at that time, it is in forbearance.

"Damn it! This boy, is it too weird

Wu Kelen roared. He was afraid, really! With his strength, although he can defeat Zhao chunwu, and even, he can win with one move. After all, there is a huge gap in every realm of chaos!

Even if he has just crossed the three layers of chaos, and Zhao chunwu is the peak of the second layer of heaven, it is not a level!

However, it is not like Ye Chen!

One punch at will!

Is this still human? What's more, how many goddamn realms has it crossed? You can't count them! This is not a monster. What is a monster? It doesn't conform to the common sense of martial arts!

He turned his wrist and held a sword. At the same time, a rune appeared in his palm. It was the slave's seal!

Wu Kelun sneered stiffly and said, "boy, aren't you crazy? Don't forget, you still have the engraving planted by my son in your body! "

Chen Yida also has a Epee in his hand. When he hears his words, he looks happy!

With this slave engraving, you can be born and strangle Ye Chen's spirit!

"Oh." Ye Chen looked at Wu Kelun sarcastically, and her expression was indifferent. The green lotus sword of killing the sky fell into her hands. "So you started this engraving?"

His eyes flashed slightly, and now his full hand, combat power in the chaos of the two layers of the sky.

What's more, a blow was a little overdrawn just now. Now, we should be careful when dealing with Wu Kelun.

"You Don't come here... "

Wu Kelun can't help but step back and aim the rune in his hand at Ye Chen. His body is shaking slightly!

Why?

Why is Ye Chen still so fearless?

Even if the slave engraving is several small levels higher than his accomplishments, he can't resist it!

But

But why did he feel that the engraving was useless to Ye Chen?

Even, they are a little afraid to start!

"What?"

On Ye Chen's face, a trace of fun appeared: "before, it was not because I couldn't find the source of blood essence. I was angry with me, so I would kill this person of the seventh kingdom of God with my breath?"

"Why are the demons of the fourth kingdom shaking in front of me now? Well? "

"To tell you the truth, I took away the blood essence of the seven blood lights and absorbed them."

At this time, ye Chen has come to Wu Kelun's position of the first five steps.

"Do you think I will believe it?"

Wukelen's fear broke out completely. He let out a scream, and the rune in his hand was shining!

Zhao's spirit is stronger than that of the air!

"Take advantage of the wind to chop yuan sword!"

With a sword cut out, the void collapses, and the endless cold, sharp wind pressure seems to come from the nether world. Wu Kelun's body shape is also accompanied by the sword light, constantly flashing in the void, and the sword spirit is stirring. It seems that Wu Kelun can chop the heaven and earth into pieces!

It's chengfengmen's Zhenzong martial art to cut yuan sword by the wind!

It is a higher level than Huanglong dancing sky sword!

It is not only a high-level sword technique, but also a high-level body method!

The combination of sword technique and body method is more strange and fierce!

"Death! Die

Wu Kelen, at this time has become crazy, useless, really useless!

The slave engraving is really invalid!

How could it be!

Combined with Ye Chen's terrible fist, it's so weird that it makes people feel cold!

Poo poo poo poo poo

Blood flashed, ye Chen's body was actually several sword light, pierced through!

Wu Kelun, look happy!

Just then!

"Lingfeng Shenmai, Lingxiao martial spirit, open it to me!"

The meaning of Zhenwu, which contains extremely strong divine authority, burst out and bombarded his brain!

With the meaning of Zhenwu, it is a sword that is fast to the extreme and cold to the extreme!

A sword, directly through the void!

A sword, directly cut out of the void, Wu Kelun's chest! With a roar, the fourth God Kingdom, the first day of the Fengmen, entered the three layers of chaos. Without even uttering a cry, it turned into a blood mist and dissipated in the void

Ye Chen slowly closed his sword, and his sword wound was extremely ferocious.

He was almost weak.

Even like a bloody man.

This is the limit he can do!

At the moment, if Chen Yida does something to himself immediately, he will surely die!

But ye Chen is gambling.

He killed two people with all his strength to give the third person endless fear!

He believed that Chen Yida did not dare to attack himself!

Bang when a, Chen Yida's epee fell to the ground, looking at Ye Chen, eyes are straight!

Wu Kelun

In chengfengmen, Wu Kelun, who has created countless records

In this way, was killed by a sword at will?

He doesn't know that genius can jump over the level to fight, but ye Chen exaggerates

Wu Kelun and Zhao chunwu seem to be only one realm away from each other. In fact, he knows that Wu Kelun and Zhao chunwu are more than 10 times and 100 times different?

Chen Yida can't even raise the consciousness of resistance!

He even murmured, "it's not true It's not true... "

Maybe it's all a dreamland made by magic rosary beads?

Maybe, none of this happened?

But when he, on the ice cold eyes of Ye Chen, it is a shiver all over the body, instant return to reality!

Any fantasy, can not appear so terrible, so palpitating eyes!

"Putong", Chen Yida knelt down directly in front of Ye Chen!

He cried out: "Mr. Ye! I was wrong! My fault! I I should not have insulted you or offended you. Please give me a chance... "

Ye Chen looks down at Chen Yida and laughs. He laughs so evil that people can't help but sweat!

Chen Yida looks at Ye Chen's smile and trembles more violently.

He stammered, "Ye, ye, I, I am the vassal of Kong, the first Shenguo Do you know kongxian childe of Wanfa Zong?"

I entered the secret place this time to help Master Kong. So, you You can't kill me... "

Chapter 2688

With that, Chen Yida took out a token with a hole on it.

"This is the token given to the subordinates by Mr. Kong. It has the function of summoning. If you kill me, Mr. Kong will know..."

"Work?" Ye Chen looks at Chen Yida with great interest and is not in a hurry to start.

"Er..." Chen Yida glanced at Zhao chunwu, who was almost on the verge of death. He hesitated and said, "I I'm actually an undercover to report to Mr. Kong what we have gained in the secret realm of the fourth kingdom of God.

It's convenient. Mr. Kong snatched it... "

"This Kong childe, very strong?"

Ye Chen's eyes congealed, snatched the harvest of the fourth God kingdom? It doesn't seem like ordinary people can do it?

"Better than Wu Kelun!" In Chen Yida's eyes, there is a glimmer of hope!

"Master Kong Xiankong, your cultivation has reached the level of chaos for a long time!"

"It is said that its real strength can not be predicted!"

Chen Yida finished and looked at Ye Chen nervously.

Ye Chen, however, is silent. Chen Yida's heart is bubbling and fluttering.

All of a sudden, ye Chen sighed and said, "since you are Confucius' man, there is no way."

Hearing this, Chen Yida was overjoyed and kowtowed to Ye Chen: "thank you, Mr. Ye!"

While talking, he even slapped his face with his hands.

There were even blood stains on his face.

It's a survival instinct.

As long as you can survive, humiliation is nothing.

"But..." Ye Chen smile: "you, want to answer me a few questions first, if answer correctly, you can go."

Chen Yida swallowed his saliva and said, "what's the problem?"

"What is one plus one?"

"Two?" Chen Yida said

"Not bad."

Chen Yida was overjoyed. He stood up and was ready to leave.

But all of a sudden, countless golden needles with strong breath gushed out!

Directly stabbed into Chen Yida's acupoints!

It's a weird array!

Then, the voice of the ancient medical God sounded from the samsara Cemetery: "boy, it's now!"

After ye Chen's breath is adjusted, a flame burns in the palm of his hand. The elixir of elixir field is in deficit again, and he blows out a fist at Chen Yida!

A punch, hit hard on Chen Yida's face!

"Ah, ah, ah, ah Chen Yida screamed, and the blood and meat splashed. This blow directly smashed half of Chen Yida's face, leaving the remaining flesh and blood hanging down, and the blood flowed wildly.

Pain, almost will Chen Yida's spirit, submerged!

He covered his face, with the rest of his eyes, looked at Ye Chen in horror, and asked vaguely: "for Why hit me? I'm not. Am I right? "

Ye Chen laughed, laughing more and more evil.

"You are right."

"But do I need a reason to hit you?"

Chen Yida, back in fear, the man in front of him is simply a devil!

At this time, ye Chen is a smile: "how does the dog bark?"

After hesitating for a moment, Chen Yida imitated the barking of the dog: "Wang, Wang, Wang..."

"What a good dog." Ye Chen laughs more brightly.

He suddenly moved, flashed in front of Chen Yida, a blow on Chen Yida's stomach, endless huge force surging, it was direct, hit his abdomen, through!

Ye Chen with a smile said: "unfortunately, the answer is too slow, do you want to be lazy in front of me?"

"Poof!"

Chen Yida spits out a big mouthful of blood and looks at Ye Chen, full of horror and resentment!

He can't see where he is now. Ye Chen didn't let him go at all. He wanted to revenge himself madly!

He wants to fight back! But I found that the spiritual power of his elixir field was blocked!

He looked down and saw that the gold needle on his body was Canggū Fengling array!

The seventh God Kingdom's ancient medical skills!

In the whole territory of the kingdom of God, the names of five people in the seventh God kingdom once resounded through the earth!

One of them is the ancient god of medicine!

Chen Yida even found Ye Chen's weakness. If he was not covered by fear just now, maybe he could kill Ye Chen easily!

But it's too late!

What terrible endurance and potential!

The kingdom of God is going to change!

"You Master Kong, I will not let you go... "

"Well?"

Ye Chen looked at Chen Yida darkly and said, "did I let you talk?"

Another blow, directly hit Chen Yida!

Even the channels burst!

This is Ye Chen's revenge for those days!

"Oh, no, no, no, no!" "I'm talking to you, don't you hear me?"

"No, no, no

At the moment, Chen Yida's mouth is full of blood, how to answer?

"I asked you to answer. Are you barking?"

"By the way, let me tell you another secret. I am the Lord of reincarnation."

"Gods you believe in

The next moment, Chen Yida's eyes are ferocious and extremely frightened.

Reincarnation Lord!

If he didn't believe it before! But now I believe it!

Because, so potential, and can harvest so much Zhi Bao here!

Can only be the Lord of reincarnation!

One punch, one punch, one punch!

Ye Chen with that killing smile, I don't know how many punches.

Soon, Chen Yida was completely smashed into a blood mist by Ye Chen!

But it's not over!

A thin shadow, suddenly from the blood mist, floating out!

Ye Chen's eyes twinkled, almost the essence of the power of the mind, into a gray white palm, a will Chen Yida's soul, caught in the hand.

Ye Chen took out a small black bottle and said with a smile to the trembling spirit: "this is the soul melting bottle, which I got from a demon worshiper. It also has an effect on the spirit of the chaos state warrior."

"What's the effect? That is, a little bit of melting your spirit, that kind of taste, than melting your body, but also comfortable thousands of times? You seem to have said before, to teach me a lesson? I give you time. It will take tens of thousands of years for your spirit to be completely melted. You have plenty of time. Teach me a lesson, don't you? "

After that, he directly sealed Chen Yida's soul into the soul melting bottle.

After finishing all this, he took a look at Zhao chunwu. At this time, Zhao chunwu was completely dead.

He put away the weapons and storage bags of several people, took a look at the token which was engraved with the character of hole, and stamped the token to pieces with a fierce kick!

Then, he moved and stood in the void.

A strong divine breath, spread to all around!

Whenever the divine breath touches the hidden divine resources and foreign treasures, it will produce a strong resonance!

On Ye Chen's face, the joy color becomes more and more intense!

After absorbing the essence and blood of Shenyuan, the range that ye Chen can resonate with those supernatural and exotic treasures is not only increased by a hundred times?

In this way, he even had the confidence to collect 95% of the exotic treasures in the Shenyuan secret land!

Chapter 2689

His eyes flickered and he said to himself, "Kong Xian? Three layers of chaos? It seems that we need to improve our strength. This time, although he killed a new member of the three layers of chaos, he finally relied on the power of Ling Feng's divine pulse and others' contempt for himself. As long as any link goes wrong, I will die. "

"It's too risky."

Ye Chen looks at Xiao Huang of the samsara cemetery.

Xiaohuang is still surrounded by red and blue light, a very special breath surging.

"Xiao Huang, it may be difficult for you for a few days. Originally, I wanted you to suffer thunder robbery here. Now it seems that your thunder robbery may lead some people to come here. It is too dangerous here. I must break through the disaster as soon as possible."

After that, he shot directly in one direction and landed in front of a big tree. He smashed the trunk of the tree with one punch. He took away the blue halo hidden in the tree. He moved and continued to go in a certain direction without stopping

.....

In the secret place of Shenyuan, on a cliff surrounded by clouds.

A man dressed in a white robe, fair complexion, gentle appearance, elegant temperament, with a light golden charm all over his body, looked at a group of people in front of him with a smile.

Behind the man, there were four young men in uniform black robes, with cold faces and no redundant look.

These four people also exude the golden charm.

Golden verve is the charm of the first Kingdom!

There are seven or eight people who are forced to the edge of the cliff, standing opposite to these people of the first Kingdom. They are people of the third kingdom who exude the aura of light red.

These people of the third God state have the lowest level of cultivation.

And the highest cultivation of a white haired man, is the chaos of three layers of heaven!

It is also a powerful force in this mysterious land of God!

But now, these people of the third kingdom are more or less wounded, and their eyes are flashing with horror and despair!

The white haired man of three layers of chaos was pale and even his hand had been broken!

He gritted his teeth and looked at the elegant man in front of him. His face was very ugly. He yelled at the man hoarsely:

"Kong Xian! At any rate, we are all people of the kingdom of God. There is no hatred between your first Kingdom and our third kingdom. Do you really want to do so?"

Can you give me Luo Quan a face? Let us go? I promise that this matter will not be investigated and publicized in the third kingdom of God

At this time, Luo Quan is like a beast forced into a desperate situation!

And that elegant man is the Confucius immortal of the first Shenguo Wanfa sect!

"Give you face?"

Confucius smiles and looks extremely gentle.

However, his eyes, but very cold!

"You Luo Quan, what kind of thing do you deserve to let Kong Xian give you face?"

"You

Luo Quanmu said: "Kong Xian! How dare you rob other Shenguo warriors of the divine resources and foreign treasures! Do you think that out of this secret place, the great gods and parliaments will not pay attention to it! "

"Don't forget, every country has a divine alliance!"

"And the heavenly way palace, which controls the Seven Kingdoms!"

Kong Xian looked at Luo Quan with amusement and said with a smile, "the heavenly way palace? You mean Xuanyuan moxie? Over the years, do you know why the heavenly way palace often takes measures against 5673 gods instead of the first one? "

"Because the first Kingdom has the remains of the Ye family."

"He did not dare to face the original Ye family or the first God kingdom."

"Oh, by the way, Xuanyuan ink evil should not be able to leave Tiandao palace. The prohibitions of the Ye family, jianzun and many powerful people in those years have not completely dissipated."

"In the end, if you are all dead, will no one know?"

At the next moment, the smile of Confucius disappeared completely. He looked at the people in the third God kingdom as if they were dead.

"Kill them all."

Hearing the speech, the four men behind him said respectfully, "yes!"

The next moment, four extremely strong breath, burst out!

These four people, one chaotic two levels of heaven, three people chaotic three levels of heaven, are extremely powerful!

As soon as the four figures flashed, they rushed to the people of the third kingdom, just like a tiger in a flock!

A scream reverberated on the cliff. The warriors of the third kingdom, who had no chance to escape, died under the four men one after another!

After a while, on the cliff, is already a blood red, all over the body.

The four young men quickly handed over the storage bags of the people of the third kingdom into the hands of Confucius.

Kong Xian swept the storage bag, and his eyes were full of surprise!

Great harvest!

At this time, one of them suddenly frowned, took out a token from his arms, handed it to Kong Xian and said, "young master, you arranged to enter the fourth kingdom of gods. It seems that something has happened." "Oh?"

Confucius took the token, closed his eyes slightly, and his mind poured into it, and the picture flickered intermittently.

Almost silent.

However, the picture of Chen Yida being killed by Ye Chen, and the last picture of the token being crushed by Ye Chen's foot, still came to his mind.

"Ha ha." Kong Xian sneered, "the warrior of the seventh kingdom? It's a little bit interesting. I'm going to be closed for a while. You guys with your men will find out the boy and kill him, eh Send my order to the great kingdoms of gods. If anyone can bring this boy to me, I will reward you!

My intuition tells me that this boy should have a lot of good things in his hands. "

Hearing the words, the four men bowed down and said, "obey your orders!"

Then the figure flashed and disappeared.

Kong Xian, however, came to a natural cave under the cliff. He sat on the ground, waved his hand, and then floated in front of him, illuminating the whole cave like day!

Confucius said with a smile: "it seems that my childe's strength has improved again!"

.....

Three days later, ye Chen crouched in a bush. In front of him, several martial figures flashed by. Looking at their looks, they were obviously looking for something!

Ye Chen knows that what they are looking for is not a foreign treasure, but themselves!

In the past three days, he has encountered several waves of martial arts!

His face is heavy. It seems that he has underestimated the influence of Kong Xian in Shenyuan secret place!

This man, even the martial arts of other gods, can be dispatched?

Although, the Confucius immortal should have promised some benefits, but even if he did, he had to have strength to convince the public!

Ye Chen pondered for a moment and then said to himself, "it seems that it's time to close down again."

At present, the situation is becoming more and more serious. With Ye Chen's strength now, there are some dangers!

In the past three days, he has collected a lot of supernatural resources and exotic treasures. This time, he should be able to break through his strength again!

There was a cold smile on his face.

Hehe, do you want to catch him?

Now, it's time for him to fight back

Chapter 2690

.....

On a barren mountain, three figures appeared.

These three people, two women and a man, are emitting a light green charm!

He is the warrior of the seventh kingdom!

One of them is Tu Lanxin!

Tu Lanxin's cultivation at this time has broken through again!

And the other two people's breath, is also extremely frightening.

Obviously, what kind of adventure do they have in this secret place!

But at this time, Tu Lan's pretty face was not happy, on the contrary, it was gloomy!

Because, she knows, ye Chen is watched by Kong Xian!

The other two men beside Tu Lan's heart and body, the male, are named Jinchang, and the female's name is Luo Shishi.

Luo Shi Shi Shi is also the descendant of the guardian of the seventh kingdom of God!

Jinchang is a genius valued by Luo's poems!

Although Jinchang, unlike Ye Chen, was famous for a time in the seventh kingdom, he came from a hidden force of the seventh kingdom!

Before entering Shenyuan secret place, you have the strength of half step chaotic state!

This time, when ye Chen was added to the seventh kingdom of God, there were only five people.

The martial arts of the seventh kingdom are almost the targets that everyone can bully in this secret place. At first, several of them are similar to Ye Chen and act with great care

Fortunately, their luck is still good, the three people are very soon, met together, and, into a divine breath, extremely rich in the cave!

Three people, in which practice for a month time, the strength is soaring!

At this time, Luo Shishi couldn't help but frown and said, "Lan Xin, do you really want to help that boy? This boy, though he is from the seventh kingdom as well as us, has no brain to provoke the people of the first Kingdom?"

Is it necessary to save such a person? Can such people take on the future of the seventh kingdom? What's more, we can't afford the status of Kong Xian! You should know better than me what he stands for

Tu Lan's heart is silent. In her beautiful eyes, she is full of chagrin and disappointment!

Before she entered the Shenyuan secret place, she had already told ye Chen to keep a low profile and to survive was the most important thing!

But ye Chen!

As soon as he provoked him, he provoked Kong Xian!

Kong Xian, can be said to be the most invincible existence in this mysterious place!

Ye Chen, did you forget what you promised her?

Do you forget that you still shoulder the responsibility of saving the kingdom of God?

However, she did not want to give up Ye Chen

Even she couldn't say why

Although she was disappointed and angry, she just wanted to find Ye Chen, take him to a safe place and teach him a lesson!

Instead, let Ye Chen live and die.

Jinchang smell speech, facial expression is quite disdainful, even, there is a trace of resentment!

He also heard of Ye Chen's name in the kingdom of God.

However, it is just a sneer.

Hidden forces are often more powerful than the first-class forces in the kingdom of God! As a descendant of hidden forces, Jinchang is naturally extremely proud!

The seventh God country youth first evil spirit?

In Jinchang's view, if he made a move, ye Chen would be crushed by him.

But now, this ye Chen does his own death. Tu Lanxin even asks him to risk his life to help him, save him and wipe his ass?

Do you think ye Chen is more important than yourself?

He Jinchang, refuse!

Although Jinchang did not say anything, but in his eyes, the faint light flickered.

If you have a chance, you must let this boy named Ye Chen die again!

Luo Shishi and Tu Lanxin knew each other since she was young. She knew this sister very well.

Seeing Tu Lanxin's silence, she sighs, knowing that Tu Lanxin is really determined to save Ye Chen

Tu Lanxin, once determined, is not so easy to change!

It can even be said that it can't be changed!

Luo Shi Shi Shi Shi, also can't help but some curiosity, this ye Chen in the end is who?

Can Tu Lanxin be so optimistic about him after seeing Jinchang?

.....

An underground cave, a man's figure, hidden in the dark, and his body, but from time to time, flashing a light, reflecting the man's face.

This man, of course, is Ye Chen!

He's been in this cave for a month!

Outside the cave, three figures flash.

It's Tu Lanxin!

At this time, outside the cave, a magic array was arranged, but Tu Lanxin's pretty face flashed a thick joy!

Finally found it!

She knows that ye Chen, in the cave, has the same verve breath, in a certain range, can feel the other party's existence! Even, she can feel that ye Chen seems to be closing down!

Tu Lan Xin pondered for a moment and then said to the other two people, "Ye Chen is now in the closed door. Let's hide to one side and wait for him to leave."

Luo Shishi nodded and was about to speak, but all of a sudden, all of them changed their looks!

Not far away, there was a sound of foot steps, and, quickly approaching here!

Soon, there were nearly twenty warriors coming out of the cave! These 20 warriors have different verve all over their bodies, and they all come from different divine countries!

The first is a man with a handsome face and elegant demeanor. He is in a blue shirt with a sword eyebrow on the temples. He is tall and upright.

In his hand, he held a beautiful black scabbard sword, and his face was cold and proud.

This man, very strong!

It's terrible!

What's more, the most important thing is that this man exudes a faint green charm!

He came from the seventh kingdom!

Tu Lanxin and other three people are happy to see this man!

Luo Shishi smiles at the man and says, "Dewey, it's you!"

This man is the last guardian from the seventh kingdom, Zheng Dewei!

Zheng Dewei, at this time is also slightly a Leng, then smile, to Luo Shi Shi nodded: "poetry."

Jinchang also smiles and salutes Zheng Dewei: "brother Zheng."

Zheng Dewei gestured with a smile. However, his eyes turned to Tu Lan Xin. A happy look flashed in his eyes, with hidden greed.

Tu Lan Xin also nodded his head and said, "Dewey, long time no see."

Zheng Dewei, he loved Tu Lanxin since he was a child!

The relationship between them is not bad. However, Tu Lanxin has always been cold and indifferent to everyone. It seems that he has no idea of that aspect at all, which makes Zheng Dewei unable to start.

But soon, Zheng Dewei frowned again. He looked at the cave and his eyes twinkled.

Tu Lan Xin sees this, and in his beautiful eyes, he can't help but feel a chill. Why does Zheng Dewei stay with other warriors in the kingdom of God?

What's more, it looks like, you look like you're being aggressive?

In her heart, there is a very bad premonition!
