Chapter 2741

Cause and effect are in the blood.

Ye Chen's eyes are full of self-confidence in his own strength, and heaven can only take advantage of the opportunity to kill him, and ye Chen as long as constantly stronger, the way of heaven can not kill him!

Boom!

Thunder and fury sounded in the sky. It seemed that the way of heaven was angry. Ye Chen wanted to lower things to punish Ye Chen for his disrespect, but he didn't see anything falling down for a long time.

Ye Chen looks up at the sky and laughs. It seems that he is right to guess. The way of heaven can't do it without any reason. I'm afraid it's just a matter of cause and effect. Of course, it's just Ye Chen's guess. Only heaven knows.

However, ye Chen's action of provoking the way of heaven is not wise, because the power of heaven and earth, which had consumed all of the sky and earth, poured into the array one after another, which seemed to be preparing for the final blow.

Cause and effect disappear! It is the last blow of the blood stained by cause and effect. As for how it is, it seems that no one has ever seen it, because no one has ever been able to trigger its last resort.

in a disastrous state of rain, as like as two peas, the four sides saw that the site of the war was restored to the same level under the bloody rain, just as it had just entered.

"It's time for the final clearance..."

The four did not dare to be careless. They all used their best strength to resist it. They knew what would happen if they were drenched in the body, but they added a little bit of sadness.

Ye Chen has learned the array, which can be regarded as a match. He knows how to break a difficult array from the inside, then there must be a place outside it that can be easily broken, and vice versa.

Ye Chen as like as two peas in every corner of the battle, almost all of them are exactly the same. Then, it is necessary to attack from outside to get out, or else to resist the last blow.

This is a cause and effect array. There is a cause and effect. If the three attacks fall and there is no reason for their existence, then their disappearance will be its result.

Although it's all speculation, ye Chen feels that eight or nine are inseparable from ten.

"I'll do it!"

Ye Chen waved his sleeve and instantly rolled open the other three people, and he fell on the other side, and they just stood on the position, began to rise up a strange door.

Why weird?

Because if you look at the past from any angle, you will see a door. It seems that it is not something that this dimension can possess, but it does exist.

It is extremely suspicious that a door appears in this unusual array. No one will believe that the door is used for decoration.

When ye Chen doubts, the empty door changes and shows something different.

"This is me?"

Ye Chen looks at the infant in the door, and the familiar feeling comes to his heart. And the one holding the baby is Jiang Peirong, ye Chen's mother!

Mother's face is gentle, just for the family to add a new and happy.

All the surrounding buildings are the old house of Ye family in Jiangcheng, Huaxia.

Not only the mother, but also a dignified father in the old house.

Even the old grandfather is here!

Ye Chen's grandfather gazed at the child in the distance and murmured: "Ye Chen, I'm sorry, let you get involved in this storm."

"But you are the only hope of the Ye family."

"This time, the Ye family can't be defeated again."

The picture changes, suddenly appeared the picture of juvenile mischievous, young people's green and astringent appearance, the joy of adulthood, the tragic experience of parents' murder in Yunhu mountain villa, the adoption of Duan Huai'an, the road of revenge, and the war between heaven and earth, which finally come to the present.

Like a fast-paced movie, it seems that looking back on his life, the time has just passed. It is really amazing. At the same time, it also makes Ye Chen feel and understand a lot.

Ye Chen looks at other several people, also is the expression of daze Leng Leng, want to come to this door will reflect his life, but only oneself can see.

Every time I recall, I feel that my experience seems to be quite long. In fact, when I go to see it again, it is too fast. It's too fast to grow up before much happens.

However, ye Chen quickly reacts that this door is not here to help them understand life. It must have another purpose.

"This is Jue Ming gate. Once a person is reflected in it, he will experience what happened in his life. Then all this will become a dream, and the person who reflects the dream will eventually become a dream of Nanke."

And ye Chen four people, is the so-called yingmeng people, the voice of the ancient medical God, seems to be a sigh, full of endless vicissitudes.

Ye Chen can't help but be shocked. I'm afraid it's far beyond the scope of array. It's the ability of heaven that controls all things. To say that the original cause and effect blood array has such power, ye Chen doesn't believe it.

"The way of heaven, in order to kill me, is so painstaking that it even uses this kind of thing against the heaven."

Ye Chen has never heard of this kind of powerful ability. Even if he is a strong man at the top of chaos, he can't do it at all. What a desperate gate!

When the other three wake up, there is a feeling in the heart, as if more is a kind of blankness, and the heart is dead!

"What's the matter Looking back on a lifetime, how could such a big change happen.

"In your life, there are samsara cemeteries to cover up the mystery, so this jueximingmen will only show you what you have experienced, and the three of them..."

"It's OK. Although the first half of life displayed by this door is true, the second half is fake. You don't have to worry about it."

Ye Chen understands that anyone who has not experienced everything has already experienced the second half of his life. It will not be so easy to scan the whole life at a glance. What's more, ye Chen doesn't know how heaven will arrange the latter half of his life.

Ye Chen can even see that the veiled girl's cheek has blood and tears flowing out, which is obviously caused by excessive sadness. The other two are also pale. What did they experience in the latter half of their lives?

At the same time, Wei Ying saw her life.

Ben was a teacher of Beijing Normal University, and he was ordinary all his life.

Even know their own cold body attack, will be extremely painful.

In the end, it still died.

But the turn of fortune has come.

She met the most important person in her life.

Professor Ye.

Young, smart, mysterious.

It was her first impression of the young professor.

She thought they were like a parallel line, but gradually found that the two parallel lines blended.

Her heart can thump.

Her cold heart, as if because of something has become different.

Because of this man, she saw a wide world.

From an English teacher in Huaxia, he stepped into the road of his own mission.

She joined the Jue Han sect, set foot on the palace of Jue Han Emperor and controlled the supreme resources. She submitted the contract.

The resources with strength and cost are revenge for juechan palace.

Chapter 2742

It's going to be hard, but she's sure she'll do it.

She instinctively transcends the shackles to the maximum extent, but her heart is concerned.

It's the young man named Ye Chen.

She wanted to protect him, just as the young man in Huaxia guarded himself.

Is this gratitude?

Or love?

Wei Ying doesn't know.

But she was sure she was in love with this man.

Crazy in love.

Even if you give your life.

At the moment, she wanted to Tell ye Chen his identity, but when she thought of juechan emperor palace to face.

She recoiled.

Ye Chen has been hard enough. If you add your own things, how many hardships should ye Chen face?

She won't allow it.

She silenced her desire.

She is looking forward to one day, she can complete the Revenge of juechan emperor palace, and then, loud confession to Ye Chen.

Take off the yarn.

Tell that fool that she is Wei Ying.

The ordinary female teacher who used to be opposite the teacher's apartment.

But

She saw her future in Jue Ming gate.

She's dead.

Even ye Chen watched himself go.

She didn't know if it was an illusion or what.

But is very distressed, very want to cry.

So many years of pressure, all at this moment vent.

Turn into blood and tears.

Do they really have no ending?

At this time, ye Chen's eyes coagulated and said to Wei Ying and Yan Kun, "don't be silent among them!"

"Those futures are just the demons set by the heavenly palace!"

"Why?"

"Because even heaven can't predict our future!"

This is Ye Chen's confidence.

Hearing Ye Chen's words, the three people realized that they and others had been put together by the way of heaven. Their faces all changed. Wei Ying was even more murderous, and her whole body was blue and pure!

Incomparably dazzling!

She cut out with a sword, everything in front of her was broken, and her back looked extremely cold.

Ye Chen couldn't help laughing. Then he turned his head and looked at Jue Ming gate directly. He said, "heaven, you don't have to play with me. If you have any moves, just rush to me. I'll follow them one by one."

Boom!

The clouds in the sky are more depressing, and the blood is red. It is true that there is some infiltration, but more seems to be anger.

Rustling!

Countless wind blows, Jue Ming gate emerged in countless terrible scenes, it seems that something is repressed, want to roar out of the door, but bound to death.

In Jue Ming gate, the image begins to rotate, faster and faster, and turns into a chaotic vortex. With the emergence of a strong suction force, the pressure of the four is increasing.

"Let's go!"

Ye Chen as like as two peas, he wants to stay away from the gate of death. But the weird thing is that whenever Ye Chen returns, he will appear behind him. It is exactly the same as when he left.

"Do you think I'm afraid of you?"

Ye Chen stopped, and five different colors of flames appeared in his hands. Then, in the incredible eyes of the other three people, they mixed into a ball and turned into a small white flower. From above, they could feel the higher temperature than the fire of emperor Lin, which easily caused the fluctuation of space.

"Go!"

White floret is pushed out gently by Ye Chen, the goal is to pursue the Jue Mingmen.

Ye Chen knows that the power of the burning stele is about to disappear!

The flame is his strongest blow right now!

There was a bang in Jue Ming gate, and a huge black shadow appeared in the chaotic whirlpool. A huge mouth appeared behind the door, swallowing Ye Chen's five kinds of strange fire without any waves.

Behind the gate, there is a low hoarse voice. Listen carefully, it seems that there is a sound of iron chain shaking. There seems to be some kind of great terror hidden inside.

Ye Chen's expression has become extremely dignified. Even in the later stage of chaos, he may not be able to accept the blessing of Yan stele. He was engulfed without even making a sound. It's really inexplicable to frighten people.

"Run!"

This time, even if the peerless gate is chasing after him, ye chentou will not return. This move has no effect on it. If you use other means, it will not be much better. It is just in vain.

The four people urged all their strength to shuttle through the array at a high speed. The cause and effect blood array seems to have nearly completed its mission. The clouds in the sky are fading away, and the blood color around is not as thick as before, just like the blood viscosity.

However, ye Chen felt bad!

Bang!

Ye Chen stops in time, but in front of him, a small area within the range covered by the array suddenly collapses, a large space is broken into chaos, and even the cause and effect blood array cannot escape in time. The space is collapsing rapidly, and the Jue Ming gate behind is still closely behind Ye Chen.

All of a sudden, the space behind it collapses and cracks. Jue Ming gate falls into the chaos and disappears completely. Only at the last moment, it seems to flicker.

The disappearance of Jue Ming gate does not bring ye Chen half a minute of happiness. In this array, the space suddenly collapses, and they can't get out. They will definitely be involved in the chaos.

As for what will happen after entering the chaotic turbulence, even things that can be crushed in space will only die in the end, and die very fast, and there will be no reaction time at all.

The space collapsed, but the outer part was still surrounded by the blood array of cause and effect. Ye Chen and the other three made the strongest strike to break the weakened array.

Boom!

The attack bombards on the array, and the big array makes a violent shaking sound.

"It works!" Four people were happy, but at this time, the other three people were spitting out a mouthful of blood, which was caused by the force to stimulate blood essence.

As early as in the previous battle, the three men had exhausted themselves. At the moment, they were using a great move to consume spiritual power. Almost all of them were used to penetrate their own bodies. The side effects were so great that they could no longer bear it.

Ye Chen hits the cause and effect bloodstain array with a fist, and the chaos and turbulence behind it are completely dark. The space debris is involved in it, and it is only a moment before it disappears. There is no way out.

At this time, the chaotic turbulence has already broken up half of the space in the large array, and it will soon spread to them.

Chaos and turbulence represent chaos, while space is a stable form in chaos, and it must exist in chaos. If it is disturbed at the moment, it will spread like domino.

Ye Chen doesn't want to think so much. He just wants to escape with his own people. The way of heaven will certainly not let go.

Bang bang bang!

Ye Chen's hands are burning with white flame, which is the fire of emperor Lin. the terrible high temperature bombards the array again and again. Ye Chen's hands are bloody soon, but he must do so.

He's gambling. He's gambling. It's faster than chaos.

No, it's too late!

Chapter 2743

The array has been fluctuating, but it has not broken. It seems that it can resist for a long time.

Ye Chen has calmed down a lot now. There are five kinds of flames in his left hand and a trace of unmelted archaic evil flame in his right hand. For today's plan, he can only fuse six kinds of flames together. Although the probability of success is very small, he must be able to break the battle.

Ye Chen was familiar with the way, and the six kinds of flames soon merged into one another. However, when Taigu Shiyan approached, there was a strong conflict between them.

"I don't want to merge with this flame!"

The ancient evil spirit flame resists, does not give ye Chen face at all.

Ye Chen is not a vegetarian. He calls out the burning stele and is ready to fight against the chaotic turbulence below. He says coldly, "are you going to support yourself in the chaotic turbulence, or are you ready to rush out of the array with me?"

Taigu Sha Yan hesitated for a few seconds, but also sensed the crisis and quickly mixed into the fire. However, the other five flames were extremely frightened, which made Ye Chen headache. Even if the two kinds of flames agreed with each other, it was not a simple thing to integrate different violent factors together, let alone in the unfriendly situation.

"I don't believe in fusion!"

Ye Chen's eyes lit up different white flames, a fierce heart, they will slowly push the two kinds of flame, each other began to collide.

Yes, it's collision. Fire and fire attack each other instinctively. It's so hot that ye Chen is almost burnt to death.

Fusion to a third, ye Chen's whole body is emitting a white flame, looks extremely tragic, the other three people are worried looking at Ye Chen, this man has too much to bear.

No, if we continue to fuse, ye Chen can almost imagine that he was burned to death by the fire. Now his situation is not optimistic.

"Melt it for me!"

Even if you suffer a lot, you have to break this bullshit array!

In an instant, the sky is full of dark clouds!

Endless evil Qi is sweeping in!

The silent world seems to turn into Purgatory.

In purgatory, countless creatures cry. They raise their heads and gaze at the sky!

As if some kind of terror is coming!

Gradually, the evil spirit has covered the sky!

The whole world fell into a strange darkness.

A huge eye appears!

It's like the eyes of archaic demons!

Ye Chen naturally noticed everything over the sky, and her eyes were pleasantly surprised!

Eye of the devil!

Cover the sky devil emperor!

The God of the devil is here!

Suddenly, there was a voice outside the big array: "Ye Chen, I come to help you!"

"Against the heavenly way palace, how can I cover up the heavenly devil emperor less?"

The magic Qi in the sky converged into a great figure in an instant!

It's the devil emperor that hasn't been seen for a long time.

And the devil emperor is just outside the cause and effect blood array!

In the hand of the demon emperor, there is a sword rolling with evil Qi. He splits it in the air!

The huge sword meaning seeps in from the outside, as if the heaven and earth are going to crack!

Even Wei Ying, the highest level of the four present, was also slightly changed. This person's strength is absolutely not under her.

It may even reach the realm of God!

Magic emperor sword! Ten thousand demons are angry!

It's like the end of the world!

The cause and effect bloodstain array, which had been dying out for a few minutes, was on the verge of breaking. The sound of clicking sounded, and waves appeared on the array. They spread around and were about to break.

However, at this time, the chaotic turbulence behind is already close in front of us, but after three breaths, the broken space will spread to four people. At that time, although the big array was swallowed up, people would also die.

Aware of this, ye Chen crazily urges the Taigu Sha flame in the body!

Although there is no refining, even a trace of samsara gas is called up in the samsara cemetery at the time of crisis, and the flame seems to be undergoing a little transformation.

A very strong evil spirit flame appeared at the intersection of the two kinds of flame, ye Chen was very happy, which is a symbol of the successful integration of fast integration!

At this time, the time from the arrival of chaotic turbulence is less than two minutes.

There is endless darkness behind. Ye Chen, who is threatened by his life, does not care so much. He presses the two kinds of flames into one. A flower wrapped in endless evil spirit appears in Ye Chen's hand. Taigu Sha Yan finally merges successfully!

At this time, the darkness had reached the bottom of the four people's feet, and was about to devour them.

Ye Chen pressed the confluence flame on the place where the evil emperor attacked. The already loose array could not support it completely and broke apart with a bang.

Facing the darkness, the devil Emperor didn't have time to think about it. After the magic sword in his hand stretched out, he quickly took the four people away from here.

The chaos was cut off by the devil emperor.

It was not until they escaped from the area affected by the darkness that the crowd breathed a sigh of relief. But at this time, a startling sword fell from the sky!

It seems to represent the unwillingness of the failure of the way of heaven!

Even if you can't kill Ye Chen, you have to pay a painful price!

Four people at this time where there is strength to fight!

When people change color, the devil emperor takes a big hand, and his body appears in front of Ye Chen.

Evil emperor Mou son cold idea: "heavenly way palace, now I pour is to appreciate your strength!"

The next moment, the magic emperor extended a finger!

Just a finger!

This finger is burning the fire of soul refining in the depths of Jiuyou.

This finger represents the endless anger of the dark devil emperor!

This means that he wants to compete with God!

Two extreme energies collide in an instant!

Everything broke up in an instant!

The thunder robbery is gone.

The dark clouds disappeared.

Everything returned to calm.

Only the chaotic turbulence not far away.

Yan Kun and Ji Lin sit back to back.

It's bloody.

Yan Kun looked at the sky, her eyes twinkled with incomparable firmness: "finally understand the meaning of eternal old, as expected, my strength is not enough."

"If you finish that ultimate trial, maybe it will."

"This time, I almost let my elder brother fall."

Ji Lin looked at Yan Kun. This time, he didn't say anything more.

But she subconsciously grabbed Yan Kun's clothes with her hands.

It's not fear.

It's that I feel too weak.

Inborn poison, such a good talent, should be used by her.

She felt it was a waste.

After the disaster, Ji Lin's eyes grow up.

And all this is not known.

At the moment, ye Chen's eyes fall on the Wei'an body covered by the evil Qi.

"Devil, long time no see. If it wasn't for you, we would be in danger."

Ye Chen's face is pale, the forehead is covered with empty sweat, reluctantly smiles a way.

The evil emperor also felt a burst of emotion. He quickly came here after sensing Ye Chen's breath. Seeing ye Chen in distress, he immediately took action. He didn't expect such a thing to happen.

Everything in the distance is occupied by chaos and chaos. It seems that it is still swallowing the world, but it is extremely slow. It seems that it has met with great resistance, and a huge purple eye appears in the sky.

Giant eye seems to glance at Ye Chen's direction, and then stare at the chaotic turbulence.

The turbulence disappeared.

Chapter 2744

The devil emperor patted Ye Chen on the shoulder: "this time, you have done very well."

"But it's too risky."

"This time the cause and effect dye blood array's failure, the heavenly way palace Xuan Yuan Mo Xie's pursuit of you will only be more successful."

"This battle has just begun."

Ye Chen looked dignified, and suddenly thought of something. He said, "devil emperor, what are you doing now?"

The demon emperor sighed: "the peak of chaos is still unable to enter the realm of heaven and God."

"But I can barely fight for some of the early days of the celestial realm."

Ye Chen Yixi, although he can fight against the existence of five layers of chaos!

But the level of chaos is the difference between heaven and earth!

What's more, the devil is still the peak of chaos!

Almost half step into the realm of God!

"Does that mean we can set foot on the heavenly way palace?"

Ye Chen is a little excited.

Xuanyuan ink evil does not erase, after all, is the biggest hidden danger.

To his surprise, however, the devil shook his head: "not enough."

"The appearance of the moon ring changed the pattern of the whole kingdom of God."

"And the heavenly way palace is the biggest change."

"And the closest place to the moon ring vision is also the heavenly way palace."

"I heard that there are so many ancient blood vessels awakened in Tiandao palace, and the cultivation is a crazy breakthrough!"

"If I'm not wrong, the cause and effect blood array of Tiandao Palace should have been 49 strong killers, but the moon ring vision has also aggravated this array. I'm afraid those elders of Tiandao palace have stepped into chaos by using the moon ring vision."

"Otherwise, you can resist without me."

The devil just wanted to say something, the sky is surging a thunder robbery.

The thunder robbery is a little strange.

But it's full of unparalleled power.

Ye Chen Mou son dignified: "does the heavenly way palace return again?"

However, the evil emperor shook his head: "Ye Chen, this is your erlei."

"The thunder robbery just now was controlled by Tiandao palace."

"Now is the EREI that you have to face when you cut the bad situation. However, generally, erlei comes at the time of breaking through the bad situation. Your thunder robbery is delayed a little bit."

"It's weird, but you've survived the cause and effect battle. It's not enough for erley."

Ye Chen breathed out a breath and sat cross legged. All of them came down!

Although the evil emperor said lightly, ye Chen also spent the last trace of strength to break the erlei.

He vaguely looked at Yan Kun and others, and finally couldn't hold on. His head was black and he fainted.

.....

Far away in Tiandao palace, Xuanyuan moxie's body, which was originally sitting, was suddenly severely damaged. A lot of blood was shed from the corners of his mouth, and the whole person was shaking.

This is the first time in so many years that we are in such a mess!

If he could step out of Tiandao palace, how could he be so troublesome!

One blow is enough to kill the kid.

This time, he tried to kill the reincarnation Lord, but he didn't kill him. It can be imagined that Xuanyuan Mo Xie was angry and unwilling at the moment.

Half of the wounded were bitten back by the big array, and the other was that ye Chen was not killed by such means. He killed a mole ant who cut the bad situation, and used the big array that could crush the peak of chaos state. It was really an evil thing.

The stone statues of the forty-nine elders of Tiandao palace, which originally gave out faint light, were completely gloomy, as if there were countless unwilling to cry from them. However, Xuanyuan moxie left without changing his face. At the moment when he walked out, the stone statues behind him collapsed one after another, turning into dust and flying in the sky.

Xuanyuan ink evil returned to the body of the Dragon God.

A stone tablet emerges.

Yan Tian Long Shen Cong Zhong said: "what should I do next?"

"This time, the cause and effect dye blood array failed, and it will be difficult to kill that boy again."

Xuanyuan Mo evil looked at the heavenly way plate not far away and snorted: "let him breathe more air."

"I have ten thousand ways to kill him!"

"The situation in the kingdom of God is chaotic. Whether he can survive or not is a question."

"And those who are forbidden to break the sword in Tianye's palace."

"Once broken, no matter who the man is, he will die!"

"Right now, I need to shut up immediately!"

"No one is allowed to enter the temple!"

"You guard for me!"

The Dragon God hesitated and finally said, "good."

.....

In the first-class door god Jizong of the kingdom of God, the aura in the sect is ethereal, and many people are immersed in cultivation.

However, when people heard the news of Ye Chen's return, they immediately became boiling. However, no one in shenjizong did not know the name of the demon God ye Chen. Ye Chen's name not only represents a disciple of a sect, but also represents the hope and miracle of shenjizong!

No matter whether he is convinced or not, ye Chen has a high prestige in the shenjizong. Not only the headmaster likes him, but also most of his disciples take ye Chen as an example and hope to catch up with Ye Chen one day. This is a wave of cultivation.

However, when these disciples arrived, they were blocked outside. The reason was that ye Chen was practicing and was not able to meet guests.

After dismissing those curious disciples, Sun Yi closed the door and took care of Ye Chen, who was unconscious in bed, for half a month.

In the past half a month, someone wanted to see ye Chen every day, but she sent them away.

"Where am I?"

Just as Sun Yi was staring out of the window, ye Chen opened her eyes and saw Sun Yi in green clothes and Fairy Spirit. She could not help but blurt out.

Sun Yi looked back and saw Ye Chen wake up. She was surprised and said, "Ye Chen, you are awake. Of course, this is the God Jizong."

Ye Chen nodded and then came down from the bed. His physical condition was not too bad. Originally, he was not qualified to use Taigu Sha flame, and his cultivation was not yet achieved. Now, under the condition of forced use, his whole body ignited flames and suffered serious internal injuries.

However, under the operation of reincarnation, the body that seems almost unable to return to the sky is miraculously good. Now it is more vigorous and vigorous, and there is no half discomfort in the body.

After chatting, they went to see yuzhenzi.

"Apprentice, you can be counted as waking up. After being hurt so much, people in Canggu gate say that they can't help it, but you're better yourself..."

When he saw Ye Chen, Yu Zhenzi, who had a sad face, was suddenly smiling. Before that, ye Chen was able to take action at the time when the God Jizong was in danger. It was really his good luck that he could not let Ye Chen have an accident even if he fought for this life.

"Well, what's going on here? How could you be so hurt?"

After chatting for a while, Yu Zhenzi asked. When Yan Kun sent Ye Chen back, he was almost completely scarred, even inside his body. If ye Chen didn't get better on his own, he would certainly spare no effort to bring out the hidden existence to treat Ye Chen.

"No big problem. The enemy's pursuit has been solved."

Ye Chen didn't want to connect shenjizong with tiandaogong, so he lied. At present, shenjizong could not be the rival of tiandaogong.

Chapter 2745

See ye Chen not much say, Yu Zhenzi and others are also very witty did not ask.

After leaving yuzhenzi's place, ye Chen came to his own residence and saw Yan Kun, who walked back and forth with dignified expression.

"Brother, you Is it all right? "

Yan Kun suddenly rushed up!

A huge bear hug!

Even vaguely let Ye Chen feel the injury aggravated a few minutes!

"What can I do? I don't have to cry." Ye Chen is obviously amused by Yan Kun's frightened expression after escaping from the blood stained causal array.

Usually, Yan Kun, who is bold and forthright, can't help but feel a little embarrassed at the moment, and his words are also wrinkling, causing Sun Yi to tremble and smile.

"By the way, where have the devil emperor, Ji Lin and the mysterious veiled girl gone?"

According to the law, they came back together, and they should also be in the shenjizong. It's strange that they have disappeared at this moment.

Yan Kun replied honestly: "it was Ji Lin and I who took you into the shenjizong. Ji Lin went out early this morning, and the evil emperor had already left before he entered the shenjizong. The veiled girl left without a word.

That woman has a strange temper and is cold. She should be your friend to save you. Why is this attitude? "

Ye Chen shakes his head when he thinks of the veiled girl.

Friends?

They haven't said a few words so far.

But to his surprise, why this veiled girl always appeared in her own time of crisis.

Like, protecting yourself all the time?

Moreover, every time it appears, the strength of the promotion is fantastic.

It can even be described as open hanging!

Why do you want to protect yourself?

Is it related to the Ye family?

"Yes, the devil left it."

Ye Chen receives the note passed by Yan Kun and inputs a little spiritual power. Suddenly, a message comes.

"Ye Chen, I have left. This time I'm looking for a secret of the demon clan. We'll see you again when I solve it."

The evil emperor has always been vigorous, and it is not surprising to make such a move.

At this time, Ji Lin pushed open the door and came in. He saw Ye Chen, and his big eyes were beaming with joy. It seemed that he was finally relieved and said, "Ye Chen, fortunately you are OK, otherwise I will surely kill you in Tiandao palace to avenge you."

"I remember the thief in Tiandao palace."

"When my inborn poison body rises, I will let this dog thief taste my smile half step poison!"

Ye Chen was amused by Ji Lin's words, touched her small head and said in a soft voice: "Ji Lin, these days, it's really hard for you."

Ji Lin immediately dodged: "Ye Chen, you can't touch my head! Be stupid

"And you can't have bigger ideas than me! We are of the same generation! "

"Yan Kun also wanted to touch my head before, you ask him how it will end?"

Ye Chen looks at Yan Kun, and he clearly sees the terrible feeling in Yan Kun's eyes.

Obviously, these days, Ji Lin not less torture Yan Kun.

"By the way, the master is here."

Ye Chen looked up and saw, sure enough, hanging Lingzi also appeared in front of Ye Chen, excited way:
"master!"

In the eyes of xuanlingzi, ye Chen controls the medical God of Canggu medical God, which is the embodiment of Canggu medical God!

Nature is the master!

"By the way, how is your master doing?" Xuanlingzi asked with some worry.

"Since you say I am your master, I am in good health."

Hang Lingzi suddenly: "it's my worry."

"By the way, master, this time, Ji Lin asked that I might take her to a place."

Ye Chen looks strange: "where to go?"

Xuanlingzi just wanted to say something, Ji Lin directly rushed up, grabbed Ye Chen, and then came to the corner: "Ye Chen, you don't care about so much, mother-in-law, not like a man at all."

"

of course, I have something important to do. Besides, if you lend me the poison tablet again, I really need it."

Ye Chen hesitated for a few seconds, or nodded.

As for the poison tablet, he also handed it to Ji Lin.

He tried refining poison stele, but the effect was slow.

At present, it may be the most suitable use for Ji Lin to bring cultivation.

Suddenly, Yan Kun also thought of what, one step forward, seriously: "brother, since you wake up, I also want to leave."

"Yong Lao came to see me a few days ago."

"I'm worried about my big brother's condition. I'm staying here. I've been delayed for some time now."

"I must now join with the eternal."

Although Ye Chen wants to stay in shenjizong for more days, seeing Yan Kun's resolute eyes, he understands what.

He didn't say much and agreed to come down. Seeing off Yan Kun and Ji Lin, ye Chen returns to the room.

This time, we have gained a lot from the idea of martial arts. We should try to go further.

And this time, with so many flames, it's always too dangerous and risky to fuse.

It's better to gather all the power of fire in the dark flame.

After all, the dark flame can absorb the flame and become stronger and stronger!

.....

Ye Chen sits in the chamber of secrets.

All of a sudden, ye Chen's eyes suddenly opened, and a burst of red gold light flashed in his eyes. The air around him was burning in an instant!

He took a breath, and his face was filled with excitement!

Every now and then, a flash of gold appeared in his body.

It's Xuanyan!

At this time, Xuanyan has completely absorbed the real dragon fire and the fire of emperor Lin, and has evolved into Shenhua grade!

Now he, using the formula of burning blood, will get an unimaginable huge increase in his physical body. His strength alone can be increased to an unimaginable level.

Now ye Chen, with all his strength, can break some of the strong at the beginning of chaos!

Of course, this is mainly due to the sublimation of the divine blood in Ye Chen's body.

With the white jade huang battle, cause and effect dye blood battle, it can be said that the harvest is huge!

Now ye Chen, its strength has been comparable to the five layers of chaos.

In case of outbreak, you can even fight against chaos in six layers of heaven!

With a smile, he stood up. With a flash of his body, he appeared outside the gate of the God Jizong. Now, he has something to deal with.

On that day, Yang Chiyuan hit himself hard!

He almost blew himself up!

This kind of pain and despair, let Ye Chen at that time extremely resentful!

He swore he had enough strength! Must let the other party repay!

Now is the time to have enough strength!

.....

Huayang mountain, located in the seventh Shenguo, is a very remote place. There is only one Xiuwu sect, Huayang sect.

Most of the warriors of Huayang sect are invisible and rarely communicate with the outside world. The news is extremely backward. Even the warriors of Huayang sect have never heard of the decisive battle at the top of the gods, which caused a sensation in the whole kingdom of gods.

On weekdays, the Huayang sect is cold and quiet, but on this day, the whole family of Huayang sect is extremely lively, with lights and decorations everywhere, just like a festival.

Chapter 2746

Yang Xiuming is the leader of Huayang sect. He is not too old. He is in his thirties. He has a sharp chin and a yellowish complexion. He is dressed in a red robe. His cultivation is chaotic. Looking at the breath, he is quite unstable. Obviously, he broke through with the extremely strong Aura of heaven and earth after the moon appeared in the jade ring.

And beside Yang Xiuming, there is also a fat middle-aged man. His accomplishments are also chaotic. He is the great elder of Huayang sect, Zhang Xin.

At this time, Zhang Xin was quite excited and said with a smile to Yang Xiuming: "Lord, today is the day when the ancient great power can leave the pass?"

Yang Xiuming's face, full of strong joy, nodded.

Zhang Xin had a good vision and a loud voice and said with a smile: "ha ha ha ha, with the support of this ancient strongman, our Huayang sect is going to rise completely! Hehe, those first-class families? From then on, it is no different from mole ants in our eyes? "

A few months ago, one day a strong man in ancient times came to their Huayang sect after passing through Huayang mountain. After meeting Yang Xiuming, he said that Yang Xiuming was a descendant of the ancient Yang family!

After that, he stayed in Huayang sect and told Yang Xiuming that he wanted to make Huayang sect the first force in the kingdom of God!

Although they knew that the man was very strong, they were skeptical of his words.

But when he felt that the Huayang sect had too few martial arts resources, he personally killed several monsters in the early chaotic period, and even one of them broke through the five layers of chaos after the moon appeared in Yuhuan, and took their bodies back to Huayang sect!

In their eyes, this strong man is the real God!

After that, the ancient man began to shut down.

This man is Yang Chiyuan!

Today is the day of yangchiyuan's exit!

This means that it is time for him to lead the rise of huayangzong!

At this time, a smile, from the Huayang Zong ring, laughter, straight into the sky!

Yang Xiuming and Zhang Xin looked at each other and saw the joy in each other's eyes!

That's Yang Chiyuan's laughter!

But at this time, a figure suddenly came from afar and fell directly in front of Yang Xiuming.

Yang Xiuming and Zhang Xinjian both frowned slightly and flashed a gloomy color in their eyes.

Who, so arrogant, directly broke into their Huayang clan?

Now, huayangzong is about to become the first force in the kingdom of God!

However, they did not have a direct attack, because they saw clearly the cultivation of the young man with a light look in front of them, and cut down three layers of adversity!

This person, of course, is Ye Chen!

Ye Chen swept two people one eye, light way: "Yang Chiyuan, here?"

Yang Xiuming and Zhang Xinyan are both slightly stunned. Is this man coming to find master Yang?

However, in the eyes of Yang Xiuming, a fierce anger flashed through his eyes. He was staring at Ye Chen. A boy who only cut the three layers of adversity, dare to call master Yang Chiyuan?

This is an insult to the God in his mind!

As far as Yang Xiuming is concerned, it is more unacceptable than to ridicule him directly!

Immediately, Yang Xiuming angrily said: "wanton! You can't call the name of master Yang! "

Although the breath of Ye Chen is stronger than that of Yang Xiuming, Yang Xiuming is not afraid of Ye Chen.

Why?

Because, Yang Chiyuan is about to leave the customs!

In front of yangchiyuan, what's the matter of cutting down three layers of garbage in an area of adversity?

Even a mole ant is not counted. He may be the only one who has a trace of contact in this world. If the boy in front of him is attacked, will Yang Chiyuan let this boy go?

Ha ha

So, what should he be afraid of?

This big drink attracted many disciples of Huayang sect.

"That is to say, Yang Chiyuan is here?"

Ye Chen didn't pay attention to Yang Xiuming's drinking, just a mole ant. Is it necessary to pay attention to it?

Yang Xiuming's face was gloomy in an instant!

This boy not only ignored himself, but also called master Yang by his name again?

He is Yang Xiuming, but he is about to become the patriarch of the first power in the kingdom of God. Under one person, above ten thousand people!

How dare a little garbage who cuts through the three layers of disaster land dare to be so arrogant and arrogant in front of himself?

If it was not for his limited strength, he would have killed Ye Chen!

However, soon, Yang Xiuming's mouth will float a trace of sneer.

Master Yang will be out of the pass soon. I think you ants will be arrogant then?

At this time, there was a roar, a strong breath, which rose to the sky and stirred the wind and cloud. The aura of heaven and earth was disordered because of this breath!

At the moment of feeling this breath, the people of huayangzong felt a tremor and could not help but flop and kneel down to the ground! This breath, let them have a kind of irresistible worship heart!

However, although people kneel down, their eyes are full of excitement and ecstasy!

That's the breath of yangchiyuan. Yangchiyuan, we're out of the pass!

At this time, a shadow appeared in front of the crowd.

He is a handsome man with red robes and long hair. His eyes are shining with red and green light. It is Yang Chiyan!

At this time, Yang Chiyuan, whose accomplishments, has entered the chaotic state of six layers of heaven!

Yang Chiyuan's original strength was not too strong among the ancient warriors, and even, it can be said to be the bottom.

This is also the reason why the spirit of the ancient devil first released it.

However, the spirit of the ancient devil did not know that Yang Chiyuan's martial arts talent was extremely against the heaven!

Even, relying on the original power that pervaded the heaven and earth, he awakened the ancient god body and broke through to such a state at one stroke!

Ye Chen looked at Yang Chiyuan and said with a cold smile, "Oh? A breakthrough? "

As soon as ye Chen said this, the whole Huayang sect was suddenly silent.

Yang Xiuming, Zhang Xin, and those kinds of disciples are all staring at Ye Chen in disbelief

Is this kid fuckin 'crazy?

Do you dare to be so presumptuous when you know that master Yang is in chaos?

And "Oh? Break through the chaos

In this tone, talk to Mr. Yang?

Does he regard such ancient existence as a cat and a dog?

Then, they are all with a sneer, eyes cruelly looking at Ye Chen.

Master Yang, it's not a good temper

This kid, he's going to die a lot.

Especially Yang Xiuming, his face is full of pleasure!

Originally, he was still thinking about how to let master Yang teach the boy a lesson. The boy ran into it by himself?

I don't know how to write dead words.

All of them turned their eyes to Yang Chiyuan, looking forward to their God, so that the boy who knows nothing about life and death will pay the price!

But, let everybody astonish a scene, appeared.

Yang Chiyuan, swept Ye Chen one eye, unexpectedly is not angry!

Chapter 2747

Instead of being angry, a glimmer of joy flashed through my eyes!

"Ye Chen?"

Yang Chiyuan's eyes flashed slightly. On his face, with a very proud smile, he said, "how, you want to be your servant?"

Huayangzong, a moment of silence!

Then, it is the sound of the cool breath again and again!

All the people of Huayang sect, with their eyes full of blood and eyes, almost all turned into poisonous needles and stabbed into Ye Chen's body. They were shocked and looked at Ye Chen jealously!

Why?

Why does this boy named Ye Chen offend master Yang so much that he doesn't get angry, on the contrary, he gives him a chance to fly into the sky!

Even the patriarch didn't have the chance to become the servant of master Yang. This boy got it so easily?

What does it mean to be the servant of master Yang?

Master Yang, up to now, a servant has not been accepted, because this is not an ordinary servant!

In a sense, they can be regarded as the confidants and spokesmen of Shangyang! For the martial arts of Huayang sect, it is a matter of great honor!

That is the real one person under ten thousand people above ah!

Yang Xiuming is thrilled and stares at Ye Chen maliciously. Why is this boy?

Ye Chen, must die, otherwise, absolutely will shake own position!

In the hearts of the people, ye Chen as long as the brain is OK, will immediately agree, but, they wait for a long time, ye Chen, but did not speak!

People's eyes gradually widened

Ye Chen slowly stretched out a hand. On the palm of the hand, the brilliance condensed and formed a strange rune.

What are you doing

Isn't that rune a slave mark?

Even Yang Chiyuan, are slightly frown, do not know what ye Chen means?

Ye Chen stares at Yang Chiyuan, smiles, faintly smiles, but her eyes are cold.

"I'll give you two choices," he said slowly

"First, take the slave's seal and be my servant. Second, I beat him to be my servant. Yang Chiyuan, which one do you choose?"

Silence!

As if all things die away!

A group of warriors of Huayang sect, thoroughly, fell into a fool, looking at the monster, looking at Ye Chen!

What did this man say to Yang Chiyuan and to the gods in their hearts?

Let Yang Chiyuan be a servant?

Just hearing this, they couldn't help shaking from their souls!

Yang Xiuming was also silly, but soon, he couldn't help but burst out gloomy laughter.

Originally thought, will meet an opponent, unexpectedly, met a mad dog!

He doesn't die. Who dies?

Yang Chiyuan heard the speech, his face was stiff, then, the proud smile on his face gradually disappeared.

His eyes were filled with gloomy anger!

He repeatedly gave Ye Chen a chance, and gave him an opportunity that countless people yearned for, but couldn't get it at all!

Ye Chen, if you don't cherish it, how can you offend yourself?

Now he has broken through the six levels of chaos. God!

Don't insult!

The dignity of ancient existence should not be offended by anyone!

Yang Chiyuan looks at Ye Chen with a cold smile.

It seems that you can't be too kind

"Slave?"

In Yang Chiyuan's eyes, the red and green light suddenly twinkled: "Ye Chen, you forgot what you were beaten like so quickly by your father?"

"Or, you didn't feel good enough last time, so you came to fight again?"

Ye Chen's engraving in his hand dissipated and said faintly, "it seems that you have chosen the second one."

He gazed into Yang Chiyuan's eyes and recalled what Yang Chiyuan had done to himself. There was a trace of evil in his eyes

Ye Chen, is a clear-cut person, there will be gratitude, revenge, more will repay!

The next moment, ye Chen body shape move, then toward Yang Chiyuan rush!

The warrior of Huayang sect, his eyes trembled, and ye Chen really took a hand on Yang Chiyuan!

What's more, it's still unarmed!

To a chaotic existence, bare handed!

You don't kill yourself like that, do you?

Many people couldn't help laughing and said, "this boy, is there no place to die? Come to my huayangzong to commit suicide

"Return slaves? Do you still take it? A waste that cuts through the three layers of heaven in the disaster area, speaks so to the ancient existence? What a joke

"I guess there's something wrong with the brain? Hand to hand to master Yang? Hehe, do you regard yourself as a God? "

Ye Chen is a forest smile, he has always been very reasonable, that day, Yang Chiyuan to him, is a bare handed hand, he now, should also be barehanded to crush Yang Chiyuan is fair, isn't it?"Jiwu: heavy fist!"

Ye Chen's whole body is surging, the power of breaking the sky is surging in the blood, the magic samsara formula is running, and seven blood lights appear on the body surface!

A black awn with vanishing breath condenses on Ye Chen's fist peak! The fist meaning is agitated, people only feel that all the bones are heavy here, and the violent fist idea is broken!

In a flash, the original disdain of Huayang Zong people, on the face, was full of horror color!

All over the body, shaking wildly, even many people, under the breath of Ye Chen, completely fainted in the past!

What kind of smell is this?

Is this a breath that humans can have?

Immersed in the breath of Ye Chen, the whole world seems to be distorted, between heaven and earth, only Ye Chen's figure is left!

Originally, in their eyes, it was just Ye Chen who was looking for death. In a flash, he incarnated like a God and a devil!

Yang Chiyuan's face, originally that scornful smile, completely dissipated. Looking at Ye Chen in disbelief, he immediately grasped a red gold spear!

This blow actually made Yang Chiyuan, who had already broken through the six layers of chaos, feel extremely dangerous!

His body moved and leaped towards the sky. The sun was in the sky, and Yang Chiyuan's figure seemed to blend into the sun!

"Shengyang gun!"

Yang Chiyuan suddenly drinks, and his whole body is full of spiritual power. He pours into the spear in his hand. He is so strong that he rushes out like a torrent and fills the world!

At this time, Yang Chiyuan, as if, is the supreme sun in general!

A golden light, condensing on the top of the gun, contains incomparable burst energy, and Yang Chiyuan's body also flies down towards the ground, turning into a streamer with a forward and penetrating sharp breath, towards Ye Chen, bombarding away!

In a twinkling of an eye, ye Chen's fist and Yang Chiyuan's gun collided with each other!

There was a roar and a strong energy swept out all around. A group of martial artists of Huayang sect vomited blood and were seriously injured. Meanwhile, many buildings of Huayang sect collapsed in an instant!

"Poof!"

Yang Xiuming spat out a mouthful of blood, gasping violently, struggling to get up. His eyes were full of horror!

Chapter 2748

It's horrible!

It's not a fight at the human level!

He raised his head and glanced, and saw a figure standing in the dust and smoke!

Yang Xiuming's pupil trembled, and his whole body was stiff!

That is Ye Chen's figure!

And fall at Ye Chen's feet, the man full of blood

Naturally, it is yangchiyuan!

Yang Xiuming's thinking is on the verge of collapse

His God, defeated?

Was defeated by a boy who had cut through three layers of adversity and was unarmed?

What's more, it's still a punch!

The corners of Yang Xiuming's mouth twitched, and the crazy meaning flashed through his eyes

Huayangzong can no longer be the first force in the kingdom of God

Oneself, can no longer be a person under ten thousand people above the existence of

His dream, broken, everything, is over!

As the saying goes, the higher you win, the worse you fall!

Yang Xiuming's Daoxin is going to collapse!

Ye Chen, naturally will not pay attention to these.

He looked at the dying Yang Chiyuan at his feet. Instead of planting the slave mark directly, he said faintly, "have you taken it?"

At this time, Yang Chiyuan, on his face, is with a trace of self mockery

Originally, he thought that he could cope with the situation in front of him when he stepped into the chaos

Who would have thought that he was crushed by Ye Chen's fist just after he left the pass?

He heard Ye Chen's voice, slightly a Leng.

Now he, consciousness will be blurred, ye Chen at this time if the planting of engraving, he can not resist.

But ye Chen didn't do it

Ye Chen, give him one last respect

Although Yang Chiyuan is proud, he comes from ancient times, which is a times more cruel than the present one.

He knows very well that if strength is respected, the weak can only bow to the strong.

The most important thing is that he was really convinced by the strength of Ye Chen's fist!

In the face of that blow, he felt only extreme fear and cold death!

He knew that if ye Chen wanted to kill him, he was already a corpse.

Ye Chen, qualified to be his master!

Immediately, he forced up his seriously injured body, half knelt on the ground, bowed his head and said, "Mr. Ye, I'll take care of it. From today on, Yang Chiyuan is at your disposal!"

Ye Chen threw a token to yangchiyuan, turned away and said faintly, "I have something to deal with. You take good care of shenjizong for me."

He did not plant the engraving, ye Chen never liked to bind people with this kind of thing. Moreover, he was confident that Yang Chiyuan did not dare to disobey him!

Yang Chiyuan is stunned, and then he looks very happy. Although he has accepted his failure, no one likes to be engraved by slaves.

Especially, in terms of his pride, if he is not completely conquered by Ye Chen's strength, he will not bow down even if he is dead.

At this time, he looked at the back of Ye Chen's leaving. His eyes were filled with respect and gratitude!

Ye Chen, this is good for evil!

Yang Chiyuan secretly determined that from now on, his life is Ye Chen's!

"Follow the orders of the young master!"

.....

Ye Chen nodded slightly and his eyes flashed. Now the situation in the kingdom of God is in chaos. Although he fought at the top of the gods, which shocked the whole kingdom, who can guarantee that there will not be a second or a third white jade Huang?

Now, he still has some things to do and can't stay in the temple. But if he is not there, what will happen to God Jizong?

Although Tu Lanxin's strength is not weak, he is not top of the list in the kingdom of God. Ye Chen can't rest assured.

However, yangchiyuan is different!

Yang Chiyuan, as a strong man in ancient times, his own martial art is much stronger than the present Shenguo warrior!

What's more, today's yangchiyuan has broken through the six layers of chaos!

Next, absorb the energy from the outside world! Will break through faster!

For the time being, it should be enough to hold down the shenjizong!

What he gave Yang Chiyuan just now is the token that yuzhenzi gave him.

.....

A day later, ye Chen stood in the air, looking down at a deep valley covered by miasma.

Here is the deep valley where he and the demon worshiper fight.

Now, what he has to do is to continue to finish what he didn't do last time!

Last time, he was rescued by Tu Lan Xin because he was seriously injured by Yang Chiyuan. After that, he directly entered the Shenyuan secret state.

According to Tu Lanxin at that time, with her strength, she could not enter the temple in the deep valley. According to her inference, if you want to enter it by force, you need at least the strength of chaos!

And it could be dangerous! Therefore, after ye Chen returned to shenjizong, he also temporarily gave up the idea of continuing the investigation.

However, ye Chen now has self-confidence, even in the face of the spirit of the original, even if the enemy, should also have the power of self-protection!

Immediately, ye Chen's body moved, and then rushed into the miasma, flying through.

Soon, when his eyes lit up, he found a temple with wild, bloody, weird and ancient flavor!

Ye Chen gazed at the entrance of the temple, pondered for a moment, and then stepped into it.

At the moment Ye Chen entered the temple, there were several blood lights in the darkness!

Ye Chen pupil shrinks, that is a pair of blood colored eyes!

Is it that the ghost has been resurrected?

He turned his wrist and held a bloody sword. His whole body was full of spiritual power. The meaning of real martial arts permeated the whole temple. The cold sword spirit instantly covered the figure in the dark!

He doesn't have any weapons now. It's time for him to make his own weapons with the things left by his predecessors.

"Roar

In the dark, issued a few non-human roars, several dark shadows, toward Ye Chen!

A stench of gas, with the rush to the black shadow, into the nose of Ye Chen!

Ye Chen slightly frowned: "poisonous?"

I'm afraid that ordinary martial arts people can't bear this smell?

However, ye Chen's physical quality can be ignored.

Soon, several withered, black and purple, ferocious faces, and the body exuded bursts of demonic and dead human figures, appeared in front of Ye Chen!

A little surprise flashed in Ye Chen's eyes. These figures were not demons, but evil corpses corrupted by evil Qi! Judging from their evil spirit, I'm afraid they were the ones who served the spirit of the ancient devil here!

At this time, those magic corpses have completely lost their senses and become monsters who only know how to kill. Even if ye Chen's strength is much higher than them, they have no fear at all. In their blood red eyes, they are full of the desire for flesh and blood, and they rush forward in a crazy way!

These evil corpses were originally the warriors in the chaotic environment. After being corrupted by the evil spirit, their bodies were extremely stiff, and their strength was greatly increased!

However, for ye Chen, nature is nothing.

In his eyes, the cold light flashed and hummed. When he waved the sword, the light of the sword flashed. In an instant, he drowned the corpses!

Although the body of the demon corpse is extremely powerful, how can it resist the sword light of Ye Chen, which is extremely sharp and can almost cut through the cracks in the martial law?

A few short shrieks reverberated in the temple, accompanied by the figure of the demon corpse, dissipated in the dark.

Exterminate these a few demon corpses, ye Chen did not show a happy color, but continued to move forward, deep into the darkness.

Since these demon worshippers have been turned into demon corpses, that is to say, the spirit of ancient demons no longer needs them

Thinking of here, ye Chen took a deep breath and quickened his pace a few minutes.

Soon, he came to the main hall of the temple, where the ferocious statue was placed.

Ye Chen appeared in front of the statue with a flash of body shape. A moment later, he sighed and said, "sure enough, the demon soul has broken through the ban..."

Now, the spirit of the ancient devil has been lurking in the kingdom of God!

If he finds the right body and adapts to it completely, even ye Chen is not sure that he can kill him

Ye Chen turns around and walks out of the temple. This matter must be known to the warriors of the kingdom of God and find the ghost as soon as possible. Otherwise, the disaster of extermination is near, and his existence may threaten hundreds of millions of creatures in the whole kingdom of God!

Fortunately, from the residual breath, it is not long before the demon spirit breaks the ban. If you can find it in time, ye Chen is sure to kill it!

But at the moment of Ye Chen turning around, the statue of the ancient devil behind Ye Chen suddenly burst out a burst of purple light in his eyes, and the whole temple was immersed in strong purple light!

"What!" Ye Chen exclaimed, his body flashed, and he was about to rush out of the temple, but!

The strong power of space flowed in the hall. After years of arrangement by the ancient devil, the whole temple turned into a space array!

The next moment, ye Chen only felt a dizziness in his head, and the surrounding scenery quickly changed.

At this time, ye Chen's eyes swept around, his eyes gradually showed a strong shock color

Here, the sky is gray, a round of dark gray sun, hanging in the dark clouds, the earth is green and black, all kinds of strange shapes, strange flowers and trees that have never been heard of, leap into our eyes!

Here, it seems that it is not within the boundaries of God!

What's more, what surprised Ye Chen most was that the air around him was full of extremely strong evil spirit!

Than that day, Wen Tianli took out the extremely evil spirit in the magic iron, but also rich many times!

Ordinary warriors, even those in chaotic environment, will be affected when they arrive here. Their strength will be greatly reduced. In the long run, their bodies will be eroded, right?

Ye Chen said with a sneer: "the spirit of the ancient devil wants to lock the warrior who broke into the temple here, and be eroded and killed by this extremely evil spirit? Here, it is extremely dangerous. "

However, that is only for ordinary martial arts!

For ye Chen, not only there is no harm, on the contrary, there are great benefits!

He has the spirit blood of the breaking God ape and the devil body. In addition, he can swallow the evil spirit and strengthen himself!

Now, ye Chen is like a fish returning to the sea. His pores are madly absorbing the strong evil spirit in the air. On his face, there is a trace of enjoyment!

Although, in terms of his current strength, the improvement brought about by this absorption is very small, but if it is accumulated, it is also very terrible!

Thinking of this, he couldn't help but smile and shake his head. Now that the kingdom of God is in crisis, how can he spend time here?

Ye Chen's eyes showed the color of thinking and said: "the passage from the seventh kingdom to other gods should have been completely closed. It seems that although it is strange, it should be a space within the kingdom of God."

Here, it should be an independent space similar to the secret place.

At this time, a voice unexpectedly rings in Ye Chen's ear!

"Eh?"

Let Ye Chen surprise is, this voice unexpectedly comes from Ren elder!

"Senior Ren, what's the matter?"

Ye Chen is a little excited!

After all, it exists, only in the critical moment will voice!

Is this place important?

And according to the information he had, he also participated in the game of Ye family in the kingdom of God!

From China to the kingdom of God, there is his intervention!

If the chance of heaven is a pair of invisible hands, then this person is the master of this hand!

Regardless of strength and mystery, they are superior to the hundred great powers of the reincarnation cemetery!

Ren's voice continued to ring in Ye Chen's mind: "boy, here should be a space opened up by the existence of an ancient god state."

"Is there an ancient celestial realm? What do you mean In Ye Chen's eyes, there is a trace of solemnity.

The ancient existence mentioned by Ren does not refer to those warriors who have fallen into a deep sleep since ancient times, but the living beings that have existed here before the footprints of the human race have not yet involved the territory of the kingdom of God!

Those who exist, for today's warriors, no doubt, are extremely terrible, unimaginable monsters!

Even if ye Chen now has the strength to fight against the middle stage of chaos, it will still be extremely dangerous if it meets those who exist!

However, the ancient existence, most of them are sleeping in the space they opened up, so they won't wake up easily. Even if the disaster of extermination comes, the demons will not be willing to provoke these monsters.

Ye Chen asked: "Ren, now, how can I leave here?"

Ren said: "with your current strength, you can break through the space barrier here! But... "

"But what?"

"The space barrier here is reinforced by the ancient seal formed by the extremely evil spirit. If you want to break it with brute force, I'm afraid it will take months..."

Ye Chen pupil shrinks, a few months long? That ghost, but still lurking in the kingdom of God! How could he be trapped here for months?"Is there no other way?" Ye Chen asked impatiently.

Ren pondered for a moment and said, "the extremely evil spirit here is so strong, there should be a core!"

"If you can get that core and devour the pure evil spirit on it, you will not only enhance your strength again, but also attack with the same evil spirit as the seal. Breaking this seal will be much easier, and you can break the barrier of space with one blow!"

"What's more, to my surprise, the source of evil spirit seems to fit with the broken sword I gave you on the top of the gods."

"If you integrate into building a magic weapon, you may be able to enter the game ahead of time."

Ye Chen Mou son strange: "enter the bureau? What do you mean

"You don't need to know, although your current strength is good, but knowing something in advance is not good for you."

"The history of this place may be longer than that of Ye family in Shenguo."

"But you still don't want to go deep, but the evil spirit must be obtained."

In Ye Chen's eyes, the essence flashed. It seems that the first thing to do is to find the evil spirit core!

At this time, not far away, suddenly appeared several figures, ye Chen's face showed joy, in this space, there were people!

Ren said: "it must be the descendant of the ancient existence, the original believer, or the descendant of the warrior who has strayed into this space for countless years..."

"When you find it, I'll come out and see you again."

"I have something to tell you."

Language falls, that reincarnation grave deep stone pillar, falls into silence.

Ye Chen nods, since someone, it should be easier to find that evil spirit core!

Immediately, ye Chen's body flash, then appeared in front of that group of people!

These people, it seems, are not different from the common people in appearance, but their faces are extremely pale, their eyes are dark, and they can hardly tell the difference between pupil and iris. They look like corpses!

Chapter 2750

This group of people, led by two tall, dignified looking men, still wearing a set of black armor, their cultivation, majestic reached the chaotic state of two layers of heaven!

And behind the two men, there are several people around a sedan chair which is pulled by a strange animal with gray scales and looks like a dragon. It is decorated with gorgeous decorations.

Although these people walk in the evil spirit, they breathe freely, and their bodies are no different. They are the same as those of the warriors of the kingdom of God. It seems that after countless years, the residents here have already changed their bodies and adapted to the evil spirit!

At this time, people see ye Chen, are a change in complexion, all over the body murderous.

The first two men, in the dark eyes, exude the breath of death, staring at Ye Chen.

Soon, however, they relaxed and had a smile on their faces.

Because they found that ye Chen had only the cultivation of cutting down the three layers of heaven in the adversity!

Before ye Chen could open his mouth, one of the men in armor sneered and said, "it scared me. Brother yuan, I thought, who is it? It's a boy who has cut through the adversity? How dare such a man block the Royal Highness's Dragon chariot? This is the death penalty of great disrespect. Kill it? "

Another man said to Ye Chen solemnly: "boy, do you dare to stand? Stop your Royal Highness's Dragon chariot, don't you kneel down for me

The two men had a jade plaque on their waists, with the names of Yuan Jiu and Mu lie written in strange characters.

Ye Chen's eyes were cold, and the killing opportunity flashed. He looked at the dragon car. His sharp eyes seemed to penetrate the barrier of the car wall and saw the figure sitting in the car.

Your highness?

It seems that the passengers in this dragon car have noble status in this space?

In this case, you should know more than the average person, right?

He just wants to find out the core of the evil spirit and answer the question only by one person, doesn't he?

All the people saw that their faces changed, and then they showed an extremely angry look!

They yelled at Ye Chen: "bastard, where do you see it?"

"You deserve to die! You deserve to die

"This is a great disrespect to your highness."

"When would a butcher dare to be so arrogant?"

These men exuded a strong evil spirit. In their dark eyes, they twinkled with cold light. The two men at the head immediately pulled out their swords on their sides. With the sword intention, they locked Ye Chen, and they were about to fight ye Chen!

Ye Chen looks indifferent, standing in place, looking at several people coldly.

The two men looked at each other, and Yuan Jiu sneered: "this man, can't be a fool? To this day, still standing there, do not know themselves, dying? "

"Brother yuan, don't do it. Let me have a good time. When he is interrupted by me, I hope I can still act like this."

His interest is to kill and torture these ants!

Yuan nine nodded, looking like a good play.

Just as Murray was ready to start, a noble and unquestionable female voice came from the sedan chair behind him.

"Don't kill him. The breath of this man is a bit unique. It seems that he is a stranger. This is extremely rare. We will take him as a pet!"

People smell speech, is a Leng, shocked to see ye Chen.

Outsiders?

Last time, it was tens of thousands of years ago that outsiders appeared in their extremely evil country?

Foreigners are very, very rare, and they are very weak. They can't resist this evil spirit. However, they have some advantages.

That is, it can bring a lot of strange things that the extremely evil kingdom does not have, as well as all kinds of external knowledge!

This is a very interesting thing for the powerful people in the extremely evil country!

Therefore, the aristocrats of the extremely evil Kingdom gradually formed the fashion of raising foreigners as pets! Even, for the sake of these garbage, weak outsiders spend all kinds of rare spiritual things to change their physique, so that they can live longer in this extremely evil country.

Yuan Jiu, Mu lie and others also found that ye Chen's breath, eyes and so on were different from the residents of the extremely evil country. However, what made them feel somewhat strange was that ye Chen did not seem to be affected in this extremely evil spirit?

It's different from the waste outsiders they've heard about before.

In their eyes, there is a strong color of jealousy. With this waste, can you become your Highness's pet? If this trash is favored, we should respect him a little bit, right?

Why, waste luck is always so bad?

Outsiders have always been the common people of the extremely evil country and the object of envy!

At this time, the door of the dragon car was opened slowly. A girl with gorgeous clothes and born dignity, with a pale face and deep eyes, stepped out of the car. All the people around him knelt down to the girl respectfully and said, "see your highness!"

Looking at Ye Chen, the girl showed a trace of interest on her pretty face. With a wave of her hand, a collar fell into Yuan Jiu's hand, and she said, "Yuan Jiu, take this collar for the pet of this palace. Don't hurt him."

That collar is a special magic weapon used by the extremely evil kingdom to control slaves. Once worn, even the top martial artist in chaos will be extremely difficult to break free!

Yuan Jiu respectfully said, "yes!"

Then he took the collar, stood up, looked at Ye Chen's eyes, with a trace of cold way: "boy, you'd better settle down for me, your Highness has life, I don't want to hurt you."

Said, he holds the collar, strides toward Ye Chen!

At this time, the collar is a good thing.

He hasn't had much pets yet.

At the next moment, Yuan Jiu's breath of chaos broke out all over his body, and he suppressed Ye Chen. He squinted at Ye Chen, and he wanted to put the collar on Ye Chen's neck. In his opinion, there was no chance that the young man who had cut through the three layers of adversity could get rid of his breath at all!

But at this time, ye Chen, unexpectedly, is facing yuan Jiu, hit a punch!

It seems to be simple and simple!

"How could it be!" Yuan Jiu exclaimed, how can he still move?

What's more, this fist actually made him feel the extreme pressure, and his scalp would be cracked under the power of Ye Chen's shocking and indescribable power!

Yuan Jiu didn't know how a waste who cut through the three layers of disaster could make such a terrible blow. He had no time to think about it. The whole person had fallen into the abyss of fear!

He almost instinctively let out a roar. He threw away his collar. What his Highness's order had already been thrown out of the sky. His brain was filled with the desire to survive!
