### Chapter 2761

In this holy land, how can someone cut such a terrible sword?

With a loud bang, the rain like claw shadow disappeared in an instant. At the same time, there was a head of evil spirit's life!

Time, as if there was a moment of stillness, the bodies of hundreds of evil spirits actually roared, in the extremely cold sword light, turned into blood mist and exploded!

This extremely powerful sword, of course, is not only the saint envoys. Among the evil spirits of the twelve districts, innumerable shrill and incomparably shrieking ghosts and ghosts are heard in an instant!

Even though it was through the shadow transmission crystal, the terrible howl almost pierced the eardrums of the people in the extremely evil Kingdom, and their souls began to tremble!

This How many evil spirits exist?

Thousands of them?

People, although shocked by Ye Chen's ability to kill hundreds of evil spirits with one sword, what is more frightening is the number of evil spirits in the twelve districts!

For a moment, on the screen of the twelve zone Shadow crystal, ghosts flicker, countless terrifying, weird, thin and pale shadows, shuttling back and forth in the rolling evil spirit, completely encircling Ye Chen!

Now, even if ye Chen wants to retreat, he can't!

But what people can't understand is!

Ye Chen, up to now, still maintain the color of indifference?

How could it be?

Is this boy really afraid of death?

Ye Chen's eyes swept over the evil spirit. In his eyes, he flashed fiercely. His whole body was full of spiritual power and burst out without reservation. The real martial spirit was around the sword edge, and the magic samsara formula was running wildly. On the body surface, seven times of blood light broke out. In the blood light, the golden awn of breaking the sky power faintly appeared!

A little cold light turns into thousands of sword light! The violent power, like a tsunami, with the cold sword light that seems to be able to cut the world into two sections, making the world collapse and freezing all things, pour out towards the thousands of evil spirits!

But it's not over!

After a sword is cut out, ye Chen's muscles all over his body move. Unexpectedly, he murmurs, and without stopping, he cuts out a sword again!

His meridians expanded to the limit. On the surface of his body, he formed black blood vessels flashing with golden awns. In his mouth, there was a roar of war and a sword fell down again!

Three swords in a row!

The terrible sword of three companies!

These three swords have the charm of the six swords!

Even, after ye Chen's understanding, become stronger!

The sword light, superimposed on one place, has a huge power. The evil spirit is swept away by the sword light. The whole holy land, shaking endlessly, the earth is cracked, and the space sealed by evil spirit is extremely stable. All these cracks can not be restrained!

Countless evil spirits scream and howl one after another!

But!

Less than half a breath time, then all the rest!

There was a strange silence in the Holy Land!

It's not just Holy Land!

The whole kingdom of extreme evil fell into a strange silence!

All the people who are watching the zhensha ceremony are staring straight at this time, and their spirits are dragged into the great evil spirit. They even forget their breath and heartbeat!

They can't believe what they saw!

At this time, in the holy land, ye Chen's twelve districts

Where, what else can you see thousands of horrible ghosts?

Yes, only blood!

Strong to almost all can not open the bursts of blood fog!

Full of 12 districts!

Around Ye Chen's whole body!

What is blood?

That's the blood mist of countless evil spirits, which was cut and exploded by Ye Chen's sword light!!!

3、 Three swords to kill ghosts?

Is this still human?

At this time, countless people were shocked by Ye Chen's terrible power

That's tens of thousands of evil spirits!

Each head, in the strong evil spirit of the holy land, can have the strength of half step chaos, and even chaos state, one layer of heaven, two layers of heaven!

Under the suppression of the holy land, ordinary envoys will reach the limit when they are faced with a dozen or so, up to ten, no more than a hundred?

What about ye Chen?

Three swords, kill all

Those evil spirits who gathered around didn't leave a living one!

It's not on the same level as other saints!

At this time, in the other 11 districts, the envoys were moving forward cautiously, avoiding several evil spirits from time to time, or quietly killing the single evil spirits. It seemed that they were also very dangerous, and they worked step by step.

If in the past zhensha ceremony, the performance of these envoys can be called excellent, should be able to win the applause like a tsunami, attracting countless people's attention?

Can, come a Ye Chen now!

Compared with Ye Chen, their performance is just like that of a child! No attraction! Originally, those who insult Ye Chen, at this time, all shut up! Completely convinced by Ye Chen!

Even, they are excited, incomparably excited!

In their hearts, not only did they have an idea that they couldn't believe

Perhaps, this extraordinary outsider can really solve the problem of success?

Become the 12 districts, tens of thousands of years, the first time to solve the evil spirit again successful saint!

In the palace, a minister couldn't help but shout: "good! Great, these three swords have swept away a large number of evil spirits. If you want to dispel the evil spirits here, you should not be disturbed for the time being. This is a great opportunity

However, he did not notice the side of the Ming Fei, that incomparably gloomy, resentful look!

"What do you say?" Mingfei gave a cold drink.

The minister glanced at the imperial concubine and was scared to death.

At this time, you xuan'er even forgot to take revenge on Princess Mingfei. She is extremely excited. Her beautiful eyes are shining. She looks at Ye Chen in the picture like a god of war in the sea of blood!

In the holy land, ye Chen breathed a little, and he was able to make three swords. In fact, part of the reason lies in the strong evil spirit of his whole body!

Extremely evil spirit, for others, may be a kind of restriction, shackles, but for ye Chen, it is a great tonic!

At the next moment, ye Chen is full of blood, and continues to go towards the depths of the Holy Land!

People, it is a Leng!

Ye Chen, even want to continue to deepen?

Clearly here, is the best position of Jiesha?

If you go further, it will be really dangerous!

However, at this time, people's minds have already been moved by Ye Chen. No one dares to continue to speak. They just stare at Ye Chen nervously, wondering what he wants to do?

Only princess Mingfei sneered and said, "do you want to go deeper? Very well, go on dying, there will be times when you die

At this time, there were also some holy envoys who began to dispel the evil spirits. However, in the extremely evil Kingdom, no one paid attention to them. Compared with Ye Chen, it seems that it is not important that these envoys succeed in solving evil spirits!

Chapter 2762

Once the twelve districts succeed in dispelling the evil spirit, even if all the other envoys fail, the evil spirit will be reduced by countless times!

Ye Chen, has become the focus of the masses!

Ye Chen's body shape flashed rapidly in the twelve districts, and the picture changed with Ye Chen's movements. At this time, someone's pupil shrank, pointed to the shadows that flashed in the picture from time to time, and exclaimed, "look

People look at the shadow and frown. What is that?

Seems to be avoiding Ye Chen?

All of a sudden, all of us take a breath!

That hiding in the evil spirit, avoiding Ye Chen is that fierce and fearless evil spirit!

It seems that evil spirits are not really afraid of death, but that you have not killed them to be afraid!

Once they are killed and scared, they will still be afraid and will avoid!

Now, ye Chen is obviously afraid of killing them!

But at this time, ye Chen, who has been advancing at full speed, suddenly moved his body, his pupils contracted and flashed to one side!

In the moment Ye Chen flashed away, a huge stone pillar, then roared, inserted in his original standing position!

A completely different from the evil spirit, extremely tall, all over the body Qiu knot, the figure of blue face fangs appeared in front of Ye Chen!

"What is this?"

Countless people, see that terrible figure, eyes are the emergence of shock color.

I have never seen this kind of monster before the zhensha ceremony?

And! From the attack just now, it seems that it has some intelligence? Know how to attack and use weapons?

This is not a match for evil spirits!

At this time, in the palace, a white haired, seemingly matchless old minister, but his eyes trembled at the figure, and his whole body began to tremble!

If it was not for someone to support him, I'm afraid they would have been paralyzed on the ground!

A number of ministers, aristocrats, are puzzled to ask: "Prime Minister Wang, what's the matter with you?"

Prime Minister Wang pointed to the horrible figure with trembling fingers and said, "well That's the devil! The legendary evil Lord

Everyone hears the speech, is the facial dew extremely frightening color!

Evil demon king, that's the only thing that exists in the legend. I didn't expect to meet Ye Chen!

It is said that even in ancient times, all the envoys who met the evil spirit were killed by the evil spirit!

It is said that in a certain district, there was a demon king who devoured countless envoys in the holy land, which became the fear of all saints. Later, the king of the extremely evil Kingdom at that time made a decision that all the envoys who met the evil Lord must not hesitate to explode themselves!

Even so, it took thousands of years to wipe out the evil demon king by the self explosion of countless holy envoys

From then on, the evil King became the shadow of the whole kingdom of extreme evil!

The national strength of the extremely evil Kingdom has been weakened for thousands of years because of a demon king! Even mentioning the name of the evil Lord has become a taboo!

Now, the shadow and taboo in the legend are hit by Ye Chen!

Ye Chen, although showed the strength of extremely against the sky, but he, will be the opponent of this evil demon king?

You xuan'er, even tens of thousands of extremely evil people, looks ugly

Ye Chen's luck is really no one

Was assigned to 12 districts, even if, unexpectedly also met the evil spirit king!

Ming Fei looked at the evil demon king, and almost couldn't help laughing. It seems that even God doesn't want to let go of this rubbish! Thousands of years rare evil spirit king, let him meet!

At this time, within the holy land, ye Chen frowns slightly. In front of this monster, he has the strength of six layers of chaos!

The evil spirit king roared, with the rolling evil spirit, he rushed towards Ye Chen. His whole body evil spirit turned into a thick black color. On his blue skin, he protruded black blood vessels, which was extremely ferocious!

The monster raised his hand, rolled his evil spirit, and turned into a huge ghost. In the whole holy land, in an instant, there was a shrill and piercing cry of ghosts. The ghost's blood and fangs were like swords, cutting the surrounding void into pieces!

Ye Chen's pupil shrinks. The power of this evil demon king's fist is more powerful than the joint attack of tens of thousands of evil spirits!

But that's all.

Ye Chen snorted coldly and waved his sword in his hand. The meaning of Zhenwu swept out like a hurricane. The sword light was turbulent and enveloped the heaven and earth. It was like a star falling to the ground and the sky collapsing. It was as powerful as an endless wave. It was like an evil beast devouring all things and sending out an endless breath of extinction!

The ghost crying all over the sky, in the twinkling moment of sword light, they were suppressed one after another!

At the next moment, the sword light collided with the ghost, and the afterwave radiated to the surrounding area. In the evil spirit, the sound of screams was incessant. Many evil spirits hidden in the twelve districts were seriously injured or even died because of the Yu Bobo! Click, because the two fight each other, there is a crack on the Shadow crystal!

Fortunately, the shadow transmission crystal was projected from the position of the holy envoy by secret method. It did not explode completely like Ye Chen and Bai Yuhuang!

However, it is enough to show that the terror of this attack on both sides!

"Roar!" The evil spirit king sends out a pain roar, in a pair of blood eyes, actually is to flash through a trace of human like shock color!

On its chest, there was a sword wound that could reach the bone!

What is more shocking than it is the people of the extremely evil Kingdom who are watching this battle!

In this legend, no one can defeat it. It's a terrible monster that once brought shadow to the whole kingdom of extreme evil. It was actually that he was wounded by Ye Chen's sword?

Is there any limit to Ye Chen's strength?

Again and again, they have brought shock to the public. Even those extremely evil warriors who have been used to the zhensha ceremony for a long time, their nerves are unable to bear and fall into a coma!

The past zhensha ceremony, no matter how thrilling and exciting, can't compare with Ye Chen's one thousandth!

Ye Chen looked at the evil demon king, but his eyebrows wrinkled slightly. Just now, that was his all-out sword. Unexpectedly, he only let it suffer from this degree of damage?

Moreover, this evil demon king is not human, its vitality, is not the ordinary human warrior, can compare!

In particular, in this holy land, the evil spirit is the energy of the evil spirit, and the evil spirit here can be said to be endless!

At this time, the wound on the devil's chest began to heal!

Ye Chen took a deep breath, his whole body was full of spiritual power, his sword light burst out, and he chopped at the evil demon king!

Chapter 2763

If you want to defeat the evil Lord, you can't give it any breathing time!

In particular, ye Chen is in the holy land, but there is a time limit!

For a time, in the twelve Holy Land districts, the wind is raging, the boundless evil spirit is constantly rolling, the space is neighing, and the earth is cracking!

In a twinkling of an eye, ye Chen and the evil spirit king have fought dozens of times!

"Jiwu: Shenshan!"

Ye Chen murmured, and his body flashed in an instant, avoiding the tumultuous blow of the evil spirit king. The sword in his hand was like thunder and lightning tearing the sky, and the sword light was like sea power and dragon! Wu Yi agitation, instantly shrouds the evil demon king!

In the blood eyes of the evil demon king, a trace of fear flashed through his eyes. He looked up to the sky and roared, boundless evil spirit gathered in front of him and turned into a huge devil to block the sword light of Ye Chen!

There was another roar. The huge body of the evil demon king was unexpectedly struck by the terrible power contained in Ye Chen's sword!

"Roar!"

Evil demon king, is a pain cry, blue black body, blood dripping, was cut out several ferocious sword wounds!

Rolling evil spirit, like two big hands, gathered behind the demon king, dragged his body, and rushed into the wound madly. It looked extremely serious. Any wound that could easily take the life of the warrior of the human race was quickly closed up!

Ye Chen snorted coldly, and a cold smile rose from the corner of his mouth. His body quickly bullied the demon king's side, and his muscles swelled to the limit. His whole body's seven blood lights suddenly flashed, just like a bloody sun rising in the sea of evil spirit!

He looked fierce, raised his hand, and with another sword, he cut towards the devil king's waist!

The galloping giant force compresses the air. Before the sword arrives, the terrible force has twisted the waist of the evil demon king!

The evil spirit king seemed to feel the fatal danger. His blood eyes trembled wildly. His black blood vessels were beating and his muscles were tense. It seemed that he was forced to the limit!

At the next moment, a shrill voice came out from the mouth of the evil spirit king. On his body surface, there was a thick black awn, just like a carapace, which wrapped the body shape of the evil demon king!

"Well?" Ye Chen eyebrow tip a pick, in the eye flash a silk of surprise!

That black light, is rich to incredible extremely evil spirit!

Even, it's still above the level of the 12 districts!

The most important thing is, this evil spirit is so concise that it turns into substance?

At this time, the sword, with the power of destroying the heaven and the earth, collided with the body of the evil spirit king!

In the holy land, there is another shock!

The evil king's eyes are almost beyond the limit of their imagination!

Don't say it's Jiesha. It's just this terrible battle that has lost a lot of evil spirit

Of course, if other envoys use Ye Chen's method to consume evil spirit, they are just looking for death. If they just absorb evil spirit and suppress it in their own body, they are already extremely dangerous. They have to resist the erosion of evil spirit and act recklessly?

What's more, if you do this, you will undoubtedly be surrounded and killed by evil spirits!

This also shows ye Chen how rebellious he is!

Ye Chen easily realized what he could not do even the shazu who lived in the extremely evil country for a long time

Roar, blood mist explosion flash, black light collapse, evil demon king's body, fly back again!

But! This time, ye Chen did not pursue!

He looked at the sword in his hand with a very ugly face. There were black stains on the sword, and it was still flying. The aura of the whole sword fluctuated and weakened rapidly!

"Corrupted?"

The long sword was completely corrupted by the extremely concise evil spirit!

When the stain dyed the whole sword black, there was a crack on the sword. The weapon was smashed like a piece of earth!

In Ye Chen's eyes, a burst of gloom, that is his hand, the last one suitable for his sword, martial weapons!

The fragmentation of Qinglian mietian sword has a great impact on Ye Chen!

Although Ye Chen has some other swords, such as blood magic sword, the level is not enough!

The weapon has been destroyed many times, which makes Ye Chen's heart filled with a strong sense of irritability. It seems that we must repair the sword of our predecessors!

At this time, the evil spirit king also stopped. Even with the protection of the condensed black light, a huge blood hole was still blasted open in its waist!

Moreover, at this time, the evil spirit king's broad chest heaved and fell. Obviously, the black light just now was not available at will and consumed a lot!

However, it a pair of blood eyes, looking at Ye Chen is actually showing a trace of joy!

"Damn it!" Ye Chen scolded, if he lost his weapon, he would not be easy to defeat the evil demon king!

The evil spirit king roared, and his whole body turned into two demons and condensed on his fists. His body moved and turned into a blue shadow. This time, he took the initiative to attack Ye Chen!"Jiwu: heavy fist!"

Ye Chen shouts violently. On top of his fist, a burst of vanishing breath erupts. The martial law is all in Ye Chen's fist, shaking slightly!

But in the face of this fist, the evil demon king was not afraid at all. The fist with the devil's head smashed hard at Ye Chen!

The two fists hit each other with a loud bang. The fist power is endless, sweeping all directions!

Dust and smoke, a blue figure, was blasted back to fly back!

However, this time, it is not only the evil demon king who retreats, but also ye Chen's body is backward and out!

With a click, his fist was covered with blood, and there were cracks in his bones!

The evil spirit king's fist in the distance was also bloody, even more seriously injured than ye Chen. But at this time, the muscles of his hand wriggled, and the evil spirit poured into it like moths and flames. The wound quickly closed, and even the broken bones were reborn!

It a pair of blood eyes, looking at Ye Chen, full of ferocious, happy color!

Even, on the face of terror, there is a trace of smile!

As if to say, did human beings see it? I can recover infinitely!

However, at this time, ye Chen, his eyes are flashing with quiet anger, sneering: "compare with me to recover?"

The wounded fist was healed faster than the evil Lord. Almost in an instant, it had recovered as before!

Originally, still grinning evil demon king, smile on ugly face, instantaneous solidification!

As if, by the eternal ice, frozen in general, eternal, can not open the solidification!

Ye Chen, the biggest dependence, has always been his own body which is almost immortal!

.....

Half an hour later, a man with blood all over his body, large and small blood holes all over his body. His face was slightly pale, and his fists were frantically bombarded with something. Huge force made the whole Holy Land shake endlessly, as if ushering in a big earthquake!

Chapter 2764

All of a sudden, he stopped the bombardment, and the blood hole on his body was closing fast. His eyes were coldly looking down at a pool of green meat mud in front of him. This man, of course, was Ye Chen!

And the mud in front of him was undoubtedly the evil Lord.

The evil demon king, who is famous for his physical strength, was born and turned into mud by Ye Chen with a pair of meat fists!

The people in the extremely evil country don't know what shock is

They look at Ye Chen and feel that there is only reverence and fear

Awe from the heart

After ye Chen has killed the evil spirit king, his face is not relaxed, but extremely dignified. The next moment, he does not hesitate to go towards the depth of the evil spirit, and flies away!

No more time!

At this time, there are already some holy envoys, who have succeeded in releasing the evil spirit, return to the entrance and wait for the gate to open again!

The people in the extremely evil country are puzzled

The battle between Ye Chen and the evil demon king has consumed a great deal of extremely evil spirit. Even, it has reached the standard of success in relieving evil spirit!

Twelve districts, for the first time in tens of thousands of years, have succeeded!

But now, what does Ye Chen have to do?

Originally, the face has been a gray fiasco Ming Fei, but in her eyes is a flash of light, she has a kind of intuition, ye Chen to die intuition!

"Mr. Ye..."

You xuan'er is frowning. She knows that ye Chen is going to look for the Zhenjian stone

However, time is running out!

With Ye Chen's movement, the unknown scene in the depth of the twelve district evil spirit slowly unfolds in front of everyone's eyes. Suddenly, the originally gray and black evil spirit changes into a thick ink like color!

That, is the evil spirit rich to extremely frightening degree symbol!

Even the warrior in the holy ancestral area of the Sha nationality, I'm afraid that even a breathing time can't support it in such a place!

Ye Chen, but face color does not change a bit to rush into among them!

In the black gas, a huge shadow appeared in front of Ye Chen!

"Then, what is that?"

People's eyes trembled at the dark shadow

Gradually, the shadow, clear up

Giant stone, a huge, dark, but covered with countless blood runes, emitting a rolling black gas!

The most shocking thing is that there is a long sword on the top of the stone!

The whole body is black, and it is also engraved with countless blood color runes. It seems that the sword is rusty, corrupt and shabby!

However, even so, all of us could not help but tremble when we saw the sword!

It's a very evil country, the foundation of existence, shajian and Zhenjian stone!

Ye Chen, what are you doing?

Ye Chen stares at the Zhenjian stone and Sha Jian in front of him. His eyes flash. The evil spirit here is so strong that even he feels strong discomfort!

However, he did not hesitate to move towards the Zhenjian stone, and asked laocang: "laocang, how can I absorb the extremely evil spirit of the Zhenjian stone? How can I get this evil sword

Already, there is no time for him to hesitate.

After a moment's silence, Lao Cang said, "boy, it's a mistake. It's not only evil spirit, but also a strong evil spirit on that evil sword. It's also integrated with the evil spirit of Zhenjian stone!

Even if you want to absorb, there are certain risks! Are you sure you want to continue? "

"Now I even suspect that the elder is harming you!"

Even Lao Cang was a little frightened. How many lives did this evil sword reap in order to create such a terrible evil?

Now, he understood why the ancient evil god suppressed the evil sword here

If the evil sword is allowed to be free and no one can take it, I'm afraid it will cause great harm?

Ye Chen said in a deep voice: "sure, we don't have time. We're wasting it here!"

How can he be trapped in this extremely evil country when his women, teachers and friends are in danger?

"Good!" The old man said solemnly, "in this case, it's very simple. You just pull out the evil sword directly!"

"In the process of pulling out the evil sword, the evil spirit of zhenjianshi will stop you and rush into your body crazily. In addition to the evil spirit, there is also a very terrible evil spirit that invades your spirit. Even if you have a demon reciting body and want to resist it, it's extremely difficult, boy. Be prepared mentally!"

Ye Chen nods his head fiercely, and his eyes lock on the evil sword. The next moment, his body moves, and he directly appears at the top of Zhenjian stone!

He drank in a deep voice. He reached out and grabbed the sword. In the incredible and almost crazy eyes of the people in the extremely evil country, he grasped the handle of the evil sword!

A roar, boundless evil spirit, evil spirit soared to the sky, will ye Chen's figure, instantly submerged!"Ah, ah, ah, ah, ah

Ye Chen, one of the evil spirits, uttered a painful roar. His fierce evil Qi cut his meridians like a sharp blade. Even though he was protected by the red dust divine pulse, he could not relieve his pain. He could only barely maintain his body and not be completely destroyed by the condensed extremely evil Qi!

This is a cruel and unimaginable torture!

Inside the body, cut by countless sharp blades, what is it like?

It's creepy just to think about it?

However, what makes Ye Chen unbearable is not the pain brought by this evil spirit!

It's the evil spirit that invades the spirit!

Ye Chen's eyes, constantly in the blood red and dark, fast changing!

With the stability of its spirit and soul, there are faint signs of enchantment!

The feeling of gradually losing oneself and falling into the abyss of killing desire is what makes Ye Chen most afraid and painful!

In his mind, it is crazy to flash scenes of bloody pictures

Scene after scene, their beloved women, their respected masters, and their brothers and sisters in general, died under their own swords!

And the most let its shiver is, see these in the mind, when the picture of tumbling, ye Chen's heart is actually filled with bursts of joy!

How could this happen!

I Am I, am I, possessed?

Thinking of this, ye Chen is greatly moved. If he is really possessed and will really kill those he loves, he would rather be here, taking advantage of his own reason, to end his own self!

His mind has lost his old voice!

No sound!

Lao Cang's mind power has dissipated a lot, and can't break all of this!

Just at the moment of life and death, the reincarnation cemetery, a suspended spear fell on the giant bow!

A great shadow emerges!

It's samsara cemetery, new energy! Lingtian arrow God!

Lingtian arrow God opened the giant bow, sharp arrows, such as extraterritorial meteorite shot out!

As if the time and space of disintegration!

Break the endless evil spirit and evil intention!

Then, a sharp drink, in Ye Chen's mind sounded: "boy! It's not your own feeling, it's evil spirit

This is the first kind reminder from Lingtian arrow God!

Chapter 2765

In Ye Chen's mind, it is the voice of Lingtian arrow God!

This burst of drinking, using a trace of power of Lingtian arrow God, ye Chen had some confused spirit, instantly sober up!

Such a strong combination of evil spirit and evil spirit, generally speaking, can not be broken!

But Lingtian arrow God's meaning of martial arts is even stronger than that of the crazy overlord!

The kingdom of God once said that when Lingtian arrow God opens the giant bow, it can break the sun and moon hanging in the sky! It can even break the barrier between the Seven Kingdoms!

Witness the power of Lingtian arrow, the meaning of martial arts will be greatly increased!

One arrow is better than ten thousand years of practice!

Ye Chen glanced at the reincarnation cemetery and saw a burly man's shadow.

The man was wearing armor, with a long gun and a huge bow suspended all over his body.

His hands are behind him, and his whole body exudes the momentum that people dare not approach.

"Thank you very much

Ye Chen knows that if there is no Ling Tian arrow God's hand!

The consequences are unimaginable!

Lingtian arrow God shook his head: "I saved you, did not ask you to thank."

"Just because it's good for me to live."

"That's all."

The next second, the huge figure will enter the tombstone.

Ye Chen takes back the consciousness of the reincarnation cemetery and looks around.

"What a terrible evil! If it had not been for Lingtian arrow, I might have died. "

Ye Chen, can't help but take a breath of cool air!

However, he has no fear of evil spirit!

Unexpectedly, or almost caught up with this evil spirit?

Lao Cang also breathed out a breath and took a deep look at the tomb of Lingtian arrow God, which continued to be silent. He said to Ye Chen, "boy, use the meaning of Zhenwu! This evil spirit enters the brain, which is just an opportunity to polish the meaning of Zhenwu! "

Ye Chen nods secretly and says in a deep voice: "only I soar in the sky!"

A mysterious charm, in Ye Chen's whole body diffuse, faint, and that surging evil spirit, mutual impact!

This evil spirit, in the final analysis, is caused by countless dead souls and resentment under this evil sword. It is also a kind of meaning!

Naturally, it can be resisted with the intention of Zhenwu!

But!

The more you resist, the more frightened Ye Chen is!

How many living creatures are these? Or are they evil thoughts that can only be condensed after the death of extremely powerful creatures?

Billions?

Billions?

Even if ye Chen is in that town god tower, experiences the person devil war to grind out to kill, is shocked by it!

If it goes on like this, even if his martial arts artistic conception has touched the level of Zhenwu, it will be hard to resist it!

For today's plan, only in the confrontation with the evil ideas of these powerful creatures, will his martial arts artistic conception be upgraded and promoted again!

But it's not without risks!

If you want to resist the evil spirit and enhance the true martial spirit at the same time, you must completely sink your mind and spirit into the struggle of this meaning. In that case, if ye Chen fails, his spirit will be instantly submerged by the evil spirit!

At that time, it's not him who controls the evil sword, but the evil sword controls him!

But if he resists with all his might, his true martial intention will be broken, but Lingtian arrow God should wake him up again!

If ordinary people, may choose the latter? That's more secure!

Besides, as long as he can absorb the Qi of extreme evil, he doesn't have to take such a big risk to subdue this evil sword, does he?

As for the kingdom of Jisha, what does it have to do with him, that he has lost all his life and become the blood sacrifice of this Sha sword?

Even if the evil sword breaks through the boundary and reaches the kingdom of God, it will cause countless casualties to the warriors?

With Ye Chen's progress speed, even if this Sha sword, no matter how blood sacrifice, can't compare with him?

When the time comes, I will take the evil sword!

But!

Ye Chen, is he an ordinary person?

He knows that his martial intention is never to bow down, that is, only I soar to the sky!

If he gave up fighting against this evil spirit here, he would never have a chance to defeat it again!

Even, there will be flaws in the mood!

Ye Chen will never allow such a thing to happen to himself!

His eyes flashed: "Lao Cang, if I fail, please use your strength and let me explode!"

He can risk his life, but he must not risk his own woman!

The old man was silent for a while, and said in a low voice, "don't worry."

When ye Chen heard the speech, his face became loose, and then a trace of crazy color flashed in his eyes. He grinned and said, "the resentment and evil spirit formed after the death of a trillion powerful creatures?"

"Even if it is doubled, I will suppress it for you! The meaning of true martial arts, openInvisible vibration, in Ye Chen's whole body burst and open, his eyes, the divine light of a dark, the whole picture of mind, are integrated into the martial arts Artistic Conception!

Ye Chen's spirit, open his eyes, at this time, his whole body is empty, only wisps of white clouds, flying with the wind, and at his feet, are thousands of stars!

Ye Chen, standing at the end of the sky! Stand in the extreme of martial arts!

This is Ye Chen's true martial arts meaning and the scene of artistic conception!

But at this time, at the end of the sky, there are countless terrible, ferocious, nameless terror, carrying the blood smell, staring at Ye Chen with incomparable resentment and roaring at him!

Those are the evil things that countless creatures turn into after they die!

This kind of evil thing has no substance, even spirit body, between being and not being!

However, it is precisely because of this that it is more difficult to deal with!

Ye Chen's eyes flashed and his wrist turned. A transparent sword containing countless stars appeared in his hand, which was transformed from pure martial arts!

"Kill

He fixed his eyes on the evil object which was in front of him. He waved his sword, and with a spirit of breaking the sky and being arrogant, he cut towards the evil thing!

Thousands of stars flash and sway with Ye Chen's sword. At the moment of Ye Chen's sword, the whole martial art conception seems to turn into a very cold soul grabbing blade!

A sword, even if it is heaven, can be cut and destroyed!

The fierce sword light covers the evil object in an instant. The evil object in the sword light, like ice and snow under the sun, screams and melts quickly!

But, just then!

"Poop!" A light sound came from ye Chen's body

The giant man, who is holding his body, is like a long leaf in his chest!

In Ye Chen's eyes, a fierce and fierce color flashed through his eyes. He grasped the tentacle and avoided it in the slightest. He didn't mean to retreat. Once he turned around, he was again a sword and cut off his head fiercely!

Compared with the previous one, this sword is slightly sharper and sharper

Chapter 2766

In a twinkling of an eye, ye Chen disappeared two evil thoughts!

But

Ye Chen's whole body, and how many shadows of evil things?

Hundreds of billions? trillions?

Count, can't count!

It's a sea of evil thoughts!

That trillions of evil thoughts, issued a howl of resentment, the whole body of evil spirit, filled the whole martial arts Artistic Conception!

At the next moment, countless resentments turned into fangs, claws, swords and venom, completely drowning Ye Chen's spirit

At this time, all the people in the palace are staring at the Shadow crystal of the twelfth district!

In the picture, ye Chen still stands at the top of Zhenjian stone, holding the handle of Sha sword, not loose at all!

Dark as ink between the evil spirit rolling, you can see ye Chen that slightly pale, look very dignified face!

From time to time, there is a black gas, flashing from the face!

This kind of symptom is very familiar to people in the palace

That's the sign of the body, which can't bear the evil spirit!

However, at this time, there is no one, dare to have a trace, despise ye Chen's heart!

Because now, ye Chen has been at the top of this town's sword stone for nearly half an hour!

In this evil spirit root, has absorbed nearly half an hour's extremely evil spirit! Even on the Zhenjian stone, the evil spirit concentration is reduced by countless times!

You can imagine how much evil spirit Ye Chen has absorbed. To put it bluntly, the evil spirit content absorbed by Ye Chen alone may be much higher than that of all saints who have worked hard for thousands of years

Now ye Chen, no matter whether he can come out alive or not, is already a hero in the eyes of the people of the extremely evil country!

Many people have begun to pray for ye Chen!

The other 11 areas have completed the understanding of Sha, and the envoys have returned to the entrance.

If it goes on like this, the holy land will open the gate again, and if ye Chen is missing

Maybe Ye Chen will not die if he stays in the holy land for a year, but anyone can see that ye Chen is in a bad state, almost on the verge of collapse

Even if he sucked out the Zhenjian stone, the remaining evil spirit in the holy land is still very terrible. In this state, it is extremely dangerous to stay for a year

"Mr. Ye!"

You xuan'er can't help shouting, even though she knows Ye Chen in the holy land can't hear!

"Mr. Ye, come out! Holy land, it's going to be closed! "

One side of the princess with a sneer, come out?

This state, still want to come out?

Hateful boy, this is heaven's punishment for you and humiliation for my son! You die in the Holy Land!

However, at this time, even she did not dare to make sarcasm, which would make people angry.

.....

In the holy land.

Ye Chen's real martial intention, and that evil idea collision, but is more intense!

At the end of the sky, filled with countless pieces of stars, it is because of the battle between Ye Chen and evil things!

If the stars in the scene of artistic conception disappear completely, it means that ye Chen's artistic conception of martial arts has collapsed!

But!

It's not just star fragments floating in the void!

There are also trillions of evil remains!

At this time, ye Chen's spirit looks frail and frail. Obviously, fighting against such a huge evil idea, his spirit has been greatly damaged. Not only his body, but also his spirit, have reached the limit!

However, his eyes were sharp!

In front of him, there is only one head of evil, the last one!

This evil idea, which looks very strange, is even more terrifying, twisted and indescribable than the countless evil thoughts killed by Ye Chen!

It looks like a human being, but its whole body is covered with countless hands and feet, and its lower body, in the jungle of hands and feet, is a head!

An ugly and indescribable head!

What's more, there are many protuberances on the countless hands and feet. On each protuberance, there is a tiny face!

Ugly, ferocious face!

Ye Chen did not immediately start, but with the evil idea of the transformation of things, face incomparably calm.

He is feeling, and this countless evil ideas collide, his true martial intention, to the edge of collapse, but also the edge of sublimation!

Break and stand!

A moment later, ye Chen's heart, faintly have a glimmer of enlightenment, in the hand of the sword in the stars, as if with Ye Chen's mood, echo general, instant bright!

Dispel the darkness, those evil remains, in the starlight, have dissipated, behind the Ye Chen, revealed a star. A water blue star.

There, is Ye Chen's heart, the last stick!

The evil spirit seemed to be stimulated. The countless faces on the hands and feet gave out a shrill and howling sound. The evil spirit was like a Warcraft who had endured hunger for tens of thousands of years. It roared and went crazy towards Ye Chen!

Ye Chen's face does not change, even now his condition is very dangerous.

If one is not good, he will disappear!

At the next moment, the sword light starts to shine for nine days!

With the sword light, the scenery around Ye Chen gradually changed

A round of scorching sun rises from the back of Ye Chen. The endless darkness dissipates and turns into blue. Originally, ye Chen, who should be at the end of the sky, is the ultimate martial arts master. At this time, it seems that he has returned to the starting point of everything

A place where the legend began.

"I see..."

Ye Chen murmured, the rolling evil spirit collided with the sword light, but it was like a fire meeting with water, which disappeared in an instant, turned into smoke and dissipated in the sky.

"You are free."

Ye Chen stares at that evil idea, light way, in an instant, the evil idea is submerged by the sword light and dissipates rapidly.

Indistinctly, ye Chen's ear, sounded a light language.

"Thank you."

Ye Chen is silent for a moment, overlooking the tall buildings under his feet, like cobwebs, all over the earth's highway lanes

Here, he is most familiar with everything.

He saw Huaxia and Jiangcheng.

See the Cloud Lake Villa.

On the banquet of Yunhu villa, I was pushed down to Dongqian Lake by my mother.

Mother that hope Ye Chen to live in the eyes, lingering.

And the eyes of Lin Juelong, who is in charge of all things, is invincible.

He swept the rest of the light, slightly surprised, he found another person.

Father's side, there is a little girl, eyes indifferent to all.

Ye Chen just remembered that the beginning of Yunhu villa was caused by this little girl?

The father tried to save the little girl.

Although Lin Juelong had other reasons to deal with the Ye family.

But this little girl is really a fuse in Yunhu villa.

For so many years, ye Chen even forgot this little girl.

But I didn't expect to think of it again at this time.

Mainly because the little girl is so weird.

Generally speaking, shouldn't this little girl cry at this time?

Why is it so indifferent?

It's like being cold in the world.

Is she the stone tablet of Chinese reincarnation mentioned by the eternal king?

Ye Chen shakes his head, feeling that his idea is really nonsense.

Maybe someone else.

Or wait for the eternal king to get clues in China.

Let's get out of here for now.

Chapter 2767

"Don't forget your heart."

He whispered a word, in a moment, a little star light, emerged in the sky, as if the gods, guarding the artistic conception of all things!

Wu is the way to kill. But if you don't keep your original intention, what's the difference between it and the devil who only knows how to kill?

It's easy to say and do it. Is it really simple?

That is a kind of real return to nature! The greatest truths are the simplest!

This kind of enlightenment is not only a change of mood, but also has changed all aspects of Ye Chen's martial arts!

This is a kind of evolution that tends to be perfect!

Holding my original heart and asking sincerely, how can we shake my mind even if there are so many evil ideas?

At this moment, ye Chen's true martial spirit is sublimated completely!

Holy land, ye Chen slowly opened his eyes, at this time, that pair of clear eyes, is a clear color!

He took a deep breath, his mind turned, and his whole body flowed with golden light. Then he suppressed the endless evil spirit one after another!

The black fog on the sword stone was swept away in an instant!

Ye Chen, with his arm raised slowly, slowly drew out the ancient Sha sword which had been sealed for thousands of years from the Zhenjian stone.

At this time, the black light at the entrance of the Holy Land flashed and disappeared completely

An hour has passed

The holy land is closed again!

In the palace, you xuan'er's beautiful eyes are dim, staring at the Shadow crystal that has fallen into darkness

Ye Chen, was really locked in the holy land.

She didn't even see the scene when ye Chen finally pulled out the evil sword, and Chuan Ying Jing fell into darkness.

All the officials and ministers around shook their heads and sighed. The whole country of extreme evil was filled with an atmosphere of grief

At this time, the concentration of the evil spirit in the air was obviously reduced countless times, but no one was happy and cheered. They were all silent because of Ye Chen's sacrifice.

Only a few people are the exception!

Ming Fei's face is ecstatic, almost can not suppress, but she is still trying to show sadness, sad, as if really in memory of Ye Chen general.

The king of the extremely evil Kingdom seems to be extremely painful, but his eyes are shining. Those who insult my royal family, no matter who you are, have to pay the price!

"Sister long..."

You xuan'er looks at long Jingyan, but she is stunned. Her beautiful eyes suddenly appear puzzled!

At this time, long Jingyan seems to be more desperate, painful and unacceptable than you xuan'er!

Her Daoxin seems to be close to the edge of collapse. On her beautiful face, a piece of white, repeatedly whispered: "impossible, this is impossible..."

You Xuan Er frowns. What's going on?

With her understanding, even if sister long admires Ye Chen for the sacrifice of the extremely evil country, she will not despair to this extent, right?

Moreover, the relationship between sister long and ye Chen is obviously not so good. In the Xuanxin palace, protecting Ye Chen was not so much protecting Ye Chen as protecting the royal family and the extremely evil kingdom.

But now, what's going on?

It seems that long Jingyan is really desperate because ye Chen is in the holy land.

.....

"Boy, you made it!"

Lao Cang's voice rings out in Ye Chen's mind, with a thick sense of joy!

How heavy!

In the holy land, ye Chen holds the evil sword slightly, and his face changes slightly. This sword is extremely heavy, and its weight is far more than that of Qinglian mietian sword!

Although, has not exceeded Ye Chen's limit, but at this time, ye Chen has to insert this evil sword temporarily beside him!

At the moment when the sword struck the ground, the whole holy land was shaking violently, and there were many cracks. It can be seen that the weight of the evil sword is so terrible!

The reason why he didn't exceed Ye Chen's limit was that although he pulled out the Sha sword and sucked out the extremely evil spirit of zhenjianshi, his face was very ugly!

His breath at this time is very wrong!

In order to suppress the evil spirit, ye Chen immersed himself in the artistic conception of Zhenwu and fought against it. Although he succeeded in promoting the meaning of Zhenwu in the end, but!

When he fought against evil spirits, he consumed too much and had no spare power to take care of his body!

He lost the control and refining of his will. Although his body relied on the vitality against the heaven and the reincarnation blood, he was able to bear the extremely evil Qi, but at this time, ye Chen's body was almost broken up by the impact of the evil spirit!

There were countless dark blood vessels all over his body. At this time, he was biting his teeth and trembling slightly. He was trying his best to suppress the extremely evil spirit in his body. When he heard the voice of Lao Cang, he reluctantly said:

"Lao Cang! I can't continue to stay in this holy land in my current physical condition. The residual evil spirit here is too strong. Just suppressing the extremely evil spirit in my body is going to the limit! Is the gate of the Holy Land closed?" Lao Cang said: "the moment before you pull out the evil sword, it's closed..."

"Damn it!"

Ye Chen's eyes were gloomy and said, "now, how to do?"

Laocang pondered: "boy, you have absorbed a lot of extremely evil spirit now, and your true martial arts meaning has been sublimated again!

Now, there is the blessing of this evil sword! The essence of this holy land is the same as the space seal of Jisha kingdom. You should have the strength to break through the gate now

Ye Chen hears the speech and his eyes are bright!

"But..."

"But what?"

The old man sighed: "in your present state, if you attack by force, you may not be able to control the turbulent evil spirit in your body. At that time, even if you can hold on, you will be seriously injured!

If at this time, someone is shooting at you... "

Ye Chen's face changed several times, but soon, in his eyes, he appeared a decisive color and said: "that, you can only fight! If you stay here, you can only wait for death! "

"Don't worry, boy. First feel the power of this evil sword!"

When ye Chen hears the speech, his eyes turn to the evil sword in his hand. He reaches out and wipes away the mottled spots on it. A cold light stabs Ye Chen's eyes in an instant!

"Good sword!"

Ye Chen couldn't help but exclaimed!

On the black body of the sword, there are countless blood color runes. Even after tens of millions of years, it still glows with rich brilliance. This evil sword is not only heavy, but far more than Qinglian mietian sword!

Sha sword is different from Qinglian mietian sword, but it is a real weapon in ancient times, even in ancient times! Even ye Chen was deeply shocked by the energy fluctuation from a weapon blade because of its ancient, murderous breath and so strong that people can't believe it!

Among the seven gods, I don't know if I can find another weapon with the same level as Sha sword!

Chapter 2768

No, there's another one!

That is the falling dust and subduing Dragon Sword given by elder Ren!

It's a pity it's broken!

According to the meaning of senior Ren, is this evil sword used to give new life to the falling dust and dragon subduing sword?

When ye Chen was thinking about how to integrate the two swords, he suddenly emerged!

In the twinkling moment of the light of Sha Jian sword, Lao Cang suddenly murmured: "boy, be careful!"

Ye Chen's pupil shrinks. On the sword, a strong power of mind suddenly erupts and rushes into Ye Chen's mind!

A moment later, ye Chen came back to his mind and frowned slightly.

The old Cang sees Ye Chen to have nothing to do, just slightly relieved a breath to ask a way: "boy, how?"

Ye Chen's eyes flashed slightly and said, "this evil sword is actually a Dao tool that surpasses Jue ware!  
And it's an ancient tool

"What's more, the power of this ancient Taoist instrument is to eat the soul!"

"What!"

Even Lao Cang was shocked!

Ancient Taoist tools, even in the upper realm, are extremely rare!

The rhyme of Taoism in ancient times is a kind of ultimate power of law, comparable to the existence of Zhenwu meaning!

What's more, the soul eating attribute is too rare and powerful!

Soul devouring, but Dao Yun, which can kill living creatures, plunder their souls and strengthen their own power!

"It's just that most of the power of this ancient Taoist instrument has been sealed. If you want to remove the seal, there are two ways."

"The first way is to devour the soul of the strong and slowly erode the seal by relying on the power of soul swallowing. If we do this, it will be extremely slow. Moreover, at least, it will be effective if we have strong chaotic environment and strong God environment."

"The second way is to find the ancient existence who forged this sword!"

"Find that ancient existence? Isn't that ancient being sleeping Old Cang slightly startled way, "do you know that ancient existence, where it is?"

Ye Chen shook his head and said: "the specific location is not clear, as for the ancient existence, he should have died!"

"However, there is a remnant soul left behind, which seems to be sealed somewhere."

"Now, the only thing that can be confirmed is that the place where the remains of ancient existence was sealed should not be in the kingdom of God, and not far away from it! If you get to that place, Sha Jian will react. "

"I see. However, since it is an ancient Taoist instrument, even if it is sealed with most of its power, it should not be absolutely comparable to it?"

When ye Chen heard this, even though he was trying to suppress the extremely evil spirit in his body, he could not help but smile and said, "the power of this evil sword is not under any absolute weapon, it is enough for me to use now!"

Say, his face color changes suddenly, the black gas in blood vessel, instantly thick!

Extremely evil spirit, actually has the burst tendency!

How close! Ye Chen murmured, the golden light bloomed in his eyes, and the reincarnation blood ran wildly. Finally, he suppressed the extremely evil spirit again!

His eyes sank and he said, "no more delay!"

Immediately, the figure of a flash, will come to the entrance of the twelfth district!

He took a deep breath, on the surface of his body, seven times of blood light, crazy explosion, above the blood light is rich enough to almost turn into the essence of gold!

And in the whole body, rolling black as ink, rich and condensed to the extreme of the evil spirit, like a world-famous magic dragon, exudes the soul shaking killing intention!

That, it is to kill Ye Chen!

Surging boundless spiritual power, these evil spirits began to waver in the meridians, faintly could not be suppressed!

And ye Chen all over the black blood vessels, also more and more, even, began to rupture, bleeding!

But even so, ye Chen's eye light is more and more bright!

The strong sense of true martial arts is condensed on the blade of Sha Jian. The blood rune is activated in an instant, and the blood light is dazzling!

The blood light, even in an instant, dyed the whole holy land with blood!

But after sublimation of the meaning of true martial arts, but in the dark blade, plated with a layer of incomparably bright starlight!

As if, in this sword, contains all the stars in the universe!

His body, almost on the edge of collapse, appeared a crazy smile on his face and said, "ancient Daoqi? But don't let me down

The next moment, this contains a thrilling power of a sword, roaring out!

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

The stars tremble, the world vanishes, the sky sword light, cut everything!

.....

In the palace, a strong breath rose suddenly. Even the powerful envoys changed their faces wildly. Looking in the direction of the breath rising, their bodies were shaking uncontrollably!

And other people, even to crawl on the ground, if not support each other, in this breath, will be completely paralyzed ah! In an instant, breath convergence, a white hair, gloomy eyes, born a hawk nose, momentum incomparably dignified old man, appeared in front of the public!

All the people in the palace were stunned. At the next moment, they all knelt down to the figure without exception, even the extremely evil king!

They saluted the old man respectfully and said, "see the ancestor!"

The gloomy old man glanced at them and said, "get up."

The king of extremely evil Kingdom, after getting up first, other people dare to stand up.

At this time, the emperor was full of joy and excitement to the Royal ancestors: "Laozu Zong, you have improved the strength of the closure this time! Congratulations, Congratulations"

This old man is full of fear even for the six layers of chaos. He is a super strong man in the seven layers of chaos!

Stepping into the chaotic situation, the strength, compared with the medium-term, the early stage, will have a leap in the promotion of ah!

Although the six layers of heaven and seven layers of heaven are only one level, but this level, most people practice, may take thousands of years, even tens of thousands of years!

What's more, the details of these ancestors in the seven layers of heaven are extremely terrible!

Even if the Royal ancestor was placed in the kingdom of God, could he be regarded as a senior citizen?

But at this time, the old man's eyes are slightly narrowed, staring at the door of the holy land!

Although he did not come to observe the ceremony, he clearly felt what had changed in the holy land!

Just then, there was a big bang!

The whole kingdom of extreme evil was in a violent shock!

In the palace, many of the buildings built with top-quality spiritual materials began to collapse one after another!

Shua, all people are incomparably frightening to turn head, look at that dark door!

What's going on?

Why is there such a change in the holy land?

Chapter 2769

Suddenly, they thought of a man

A man who did not belong to the extremely evil Kingdom, but created countless miracles in the extremely evil country. Finally, he was trapped in the Holy Land!

Is it Ye Chen?

Everyone's face has changed!

Become the most terrifying color between heaven and earth!

Ye Chen, not dead?

Not only did it not die, but it seemed that the gate of the holy land would be smashed directly!

In the history of Jisha Kingdom, there are many holy envoys trapped in the holy land, but no one has ever been able to defeat the gate of holy land!

Don't say you're defeated. You can't even think about it!

But now, this scene is about to appear in front of them?

Just at this moment, the click sounds from the dark gate, countless cracks on the gate, spread rapidly!

The force of space, burst out, the thunder light shuttling in the void, from the crack, crazy surging!

With a crash, the dark gate that existed in the kingdom of Jisha since ancient times was smashed into pieces!

In the gate, there is a twisted space crack, the figure of a man, with the thunder shining, falls in the palace!

This person, of course, is Ye Chen!

All of us are looking at Ye Chen in disbelief!

He survived! Moreover, it directly broke the gate of the Holy Land and came out of the Holy Land!

Stupid, see this scene of people, are completely stupid!

At this time, ye Chen, a landing, but suddenly spit out a big mouthful of blood!

Even, they couldn't stand well. They were shaking, holding a sword, and half kneeling on the ground, panting violently!

He is trying his best to suppress the restless and evil spirit!

"That, that is the evil sword?"

In the palace, a nobleman looks at Ye Chen's long sword, which is black, engraved with blood color runes, and exudes incomparable horror and palpitating breath!

Isn't that the ancient evil sword was suppressed on the Zhenjian stone!

According to legend, the meaning of the existence of the extremely evil Kingdom has now fallen into the hands of Ye Chen?

All of us are looking at the sword in Ye Chen's hand with trembling eyes. The Royal ancestor standing in the air, with a pair of cold eyes, is full of greedy color which is almost to be turned into substance!

Xuan Mou Ye Mei, then she ran toward the tears of Ye Ye

Ye Chen bit his teeth, gently exhaled a breath and said, "no harm, take me out of here!"

Fortunately, extremely evil spirit, although in a violent state, seriously injured him, but temporarily suppressed by his town, as long as find a safe place, slowly refining, relying on Ye Chen's incredible vitality, recovery is not difficult!

At this time, long Jingyan is also a flash, came to Ye Chen's side, beautiful eyes some complex staring at Ye Chen.

"You can't let him go!"

At this time, a bitter woman's voice suddenly sounded in the palace!

Princess Ming comes out and stares at Ye Chen. You xuan'er and long Jingyan say, "you can't let him go! This outsider has destroyed the gate of the holy land. Now, he will take away my extremely evil Kingdom and guard the Sha sword for thousands of years!

This is an insult to the royal family and even to the whole kingdom of extreme evil! "

You xuan'er and long Jingyan's two daughters are all pretty at the sight of Ming Fei!

The next moment, you Xuan er's beautiful eyes, full of anger to Ming Fei said: "what do you say?"

"Can't you let Mr. ye go? Do you know what Mr. Ye has done for our extremely evil country? "

"He is the greatest hero in the history of our extremely evil country! From now on, the people of the extremely evil state will no longer have to worry about the increase of the extremely evil spirit!

You said you couldn't let him go? Do you want more face? "

When people heard this, there was a silence

You xuan'er turned her eyes and looked at the emperor of the extremely evil Kingdom and said, "father, Emperor! Please do justice to Mr. Ye! "

However, the king of the extremely evil Kingdom looked at you xuan'er indifferently and said in a deep voice, "xuan'er, how can you say this to Princess Ming?"

What?

You xuan'er looks at her father in disbelief. Her eyes are full of disappointment

Even the father and the emperor want to target Ye Gongzi?

Why?

Isn't childe ye a miracle who has saved countless extremely evil people and solved the disaster that has plagued his country for thousands of years?

Why, now, are these people going to bite the hand that feeds him?

Long Jingyan silver teeth clench, beautiful eyes, flash a trace of hesitation color, she helped Ye Chen, whispered: "you, can you go?"

At this time, ye Chen was so tortured by the fierce evil spirit that he was sweating. He barely raised his eyes and glanced at the Royal ancestor who looked down on him. He shook his head with a wry smile on his face "Why, didn't you kill me before? Are you worried about me now? "

If it is, without the existence of this chaotic state of seven layers of heaven, he is struggling to get worse, but there is still a glimmer of hope of escape

Long Jingyan pretty face, can't help flashing a trace of sullen color: "when are you still in the mood to laugh?"

At this time, the Royal ancestor finally laughed, extremely excited and ecstatic.

As soon as he got out of the customs, he gave him such a big gift?

Ha ha, the sky has eyes!

The responsibility of guarding the evil sword? The will of evil god?

What do those things mean to him when he swims the clouds?

The reason why he spent countless years in this small place is to get the legendary evil sword!

Now, his wish is finally coming true. How can he not be excited and ecstatic?

You're going crazy!

Originally, he saw Ye Chen cut the gate of the holy land, but he was a little afraid of him. Now, he is completely relieved!

According to his observation, ye Chen is now being eroded by evil spirit and can't do it at all?

In this state, he is a strong man with seven layers of chaos, and can not cause any threat at all!

As soon as you mieyun's figure flashed, he came out of Ye Chen's body, and said with a sneer: "younger generation, you have violated the taboo of our extremely evil country and should have been executed. Now, I give you an opportunity to hand over the most precious Sha sword of our country. I can spare you a life."

Ye Chen coldly looks at you mieyun with a look of disdain. This evil sword was bought by him with his life. Now, with your word, take it away?

He Ye Chen, even if he is dead, will never let you get this evil sword!

"My ancestors!"

You xuan'er is full of tears at this time. She can't accept it. Her family and ancestors are such shameless people!

She knelt down in front of you mieyun and cried, "ancestor, please let go of Mr. Ye!"

When people saw this, their faces changed!

Is that the Royal ancestor?

Are you xuan'er crazy? How dare you disobey your ancestors?

You mieyun lightly swept her one eye, the cold light in the eyes flashed, a faint anger, even someone dare to stop themselves?

If you xuan'er was not his blood descendant, he would have killed him impatiently!

Chapter 2770

But even so, you mieyun is also Breathing all over the body: "when is it your turn to interrupt?"

"Poof!"

You xuan'er vomites out a mouthful of blood. Jiao's body is blown upside down by the breath. She falls heavily on the ground, dying and seriously injured!

Xuan Xuan and ye zhier start to fight with ye zhier, but they don't want to help Ye Zhichen because they are hurt?

At this time, he was forced to straighten up his waist, slowly raised the Sha sword, pointed to you mieyun, and suddenly said, "old man, do you want this Sha sword?"

"This evil sword was bought by me for my life. If you want it so much, I can give it to you!"

Everyone is stunned. Does Ye Chen want to hand over the evil sword?

Indeed, although the value of Sha Jian is incomparable, at present, he seems to have no second choice

You mieyun, Yin Han a smile, he naturally, did not really want to let Ye Chen mean, he always likes to cut the roots, do not leave behind trouble!

What's more, if he takes the evil sword and keeps the evil spirits like Ye Chen alive, can he feel at ease?

It's just that it's safer to kill the evil sword first and then kill it, so as not to damage the supreme treasure by some strange means before he dies!

At the moment when you mieyun wants to stretch out his hand and take over the evil sword, ye Chen uses all his strength to stop drinking and says, "here you are, yes, but you are the old man who wants to exchange your life with your life!"

How crazy!

Crazy beyond description!

Even in the face of the Royal ancestors

Even in the face of chaos, the strong man of seven layers of heaven

Even at this time ye Chen, the state is very poor, simply can't hand!

Ye Chen, still so crazy!

Crazy to the end of the sky!

Crazy enough to ignore everything!

All of them were shocked by Ye Chen!

But you mieyun's old face is twisted, incomparably resentful, even, resentment to the extreme, instead of laughing out!

He looked at Ye Chen with incomparable killing intention and said with a wild laugh:

"exchange my life for it? Come on? You're here to get it? Do you have the ability to take away my life

"I'll trade my life for you. Do you want to laugh at me? An evil spirit eroded to the body will collapse, even standing to a woman to support the waste, but also take the life of the Lord? Ignorance! Ridiculous

Ye Chen pupil crazy contraction, the evil spirit in the blood vessel, all want to boil, almost all want to recklessly hand!

But at this time, an incomparably slender, soft jade hand, but held him.

Long Jingyan's hand.

Ye Chen coldly swept the Dragon Jingyan one eye, the face has no expression to open a way: "get out of the way."

Long Jingyan did not let go, the beautiful eyes blinking at Ye Chen, I do not know what to think.

Ye Chen tone cold a minute, low drink way: "I told you to get out of the way!"

He knew that long Jingyan was only dead when she stayed by her side.
