Chapter 2781

Even the pursuit of the heavenly way palace has never been afraid. Will you be afraid of other forces in the kingdom of God?

"If the friends of Tianji Pavilion don't want to see each other, I'll wait here until you come out to see me."

In a certain space, hearing Ye Chen's words, a figure showed disdain at the corner of his mouth: "do you still want to ask us to do something with this attitude? Dream

"I really think we are the other heaven machine Pavilion!"

"We've been here for tens of thousands of years, and we don't even pay attention to the heavenly way palace! A genius who has just become famous in the kingdom of God should say so! "

This Tianji Pavilion is the second Tianji Pavilion since the existence of the kingdom of God.

Know about heaven and earth!

Don't be afraid of anyone!

Their means are all over the sky, and even the secrets of heaven can be covered up!

As for information! It's up to them to choose!

For ye Chen, they don't have any plan to show themselves!

Ye Chen stands at the place where Tianji Pavilion is. He knows that half an hour has passed and he has no time to waste!

Since the emperor's eyes were not willing to help me in the way of the fire, the emperor would not help me

Ye Chen integrates the law of space into the flame. The boy sitting at the gate of Tianji Pavilion suddenly yawns and says in secret: "how do you feel that something is wrong?"

When he saw that there was a faint flame in the space barrier of Tianji Pavilion building. The flame was like a giant dragon, which was pounding the space barrier severely. The boy finally panicked. This was the first time he met this situation, and he didn't know how to deal with it.

With the temperature getting higher and higher, the boy found that his Dantian was about to be burned.

However, the temperature soon recovered, which made the boy feel relieved and said, "is it possible that the master is practicing some secret method, it should be..."

Before he regained his composure, the temperature rose abruptly again.

The whole space of Tianji Pavilion is like being burned by fire. Even stepping on the ground, there is a feeling of stepping on the high-temperature stove.

At this time, ye Chen's voice came faintly: "I don't know if this performance can let me enter the Tianji pavilion?"

The boy immediately counselled him and went to tell his master honestly, but he was given a lecture.

In the outside world, a light blue whirlpool appears, which must be the Tianji Pavilion. Ye Chenyi's experts are bold, and they are not afraid of their tricks, even if they enter it.

When entering one of them, a figure sat on the futon with his back to Ye Chen and said faintly, "what's the matter, sir?"

After all, ye Chen respectfully said: "I want to find a person. I heard that Tianji Pavilion here knows the principles of heaven, so I come to seek help."

"Who will introduce you?"

"The ancient god of medicine."

The figure was stunned when he heard the four words.

How to introduce the ancient medical God?

Is it still alive!

He looked at Ye Chen's eyes and knew Ye Chen was not lying.

"It's him. Well, in that case, I can help you."

"Master." The boy on one side stood aside, said Wei Qu ba ba ba.

The immortal Tianxiao slapped the boy's head with floating dust. He hated iron and said, "I told you to be diligent in cultivation, not to let you play with authority."

Then he turned his head and looked at the villain

Ye Chen smiles and looks at the boy's sad expression. It turns out that it's this little guy. He thinks it's the meaning of Tianji Pavilion.

"Follow me, please."

Ye Chen followed Tianxiao immortal into Tianji Pavilion all the way. It was simple and pitiful. He never saw anyone else except Tianxiao.

Tianxiao immortal enters the house and asks Ye Chen to wait outside. After a while, he comes out.

"The man you are looking for is Ji Lin?"

"Yes."

This Tianji Pavilion is really resourceful. After he left there, he came almost at full speed. It is impossible for the story of poison Valley to spread so fast, that is to say, it was calculated by immortal Tianxiao himself.

"Where is Jilin now? Is there any danger?"

Tianxiao immortal shook his head, and ye Chen's face showed a color of joy: "that's good."

"You misunderstand me. I mean, I don't know."

"....."

"Can only calculate the name, the others, are all covered by a purple atmosphere, I can not see through."

Ye Chen frowns tightly, purple?

Some people once said that his fate was purple wolongge, that is to say, Ji Lin was covered by himself?

"Where is the headquarters of Tianji pavilion? There must be someone who can promote Tianji!"

Ye Chen is eager in his heart. Every time he delays, Jilin will fall into greater danger. The other party will definitely draw out Jilin's blood and cultivation. Ye Chen promised Ji Siqing that he would never let Ji Lin go wrong. The immortal Tianxiao shook his head and continued: "when it comes to covering up the secrets of heaven with purple gas, no one can help you except the master of Tianji Pavilion."

"Where is the master of the pavilion?"

"I don't know."

Ye Chen is completely out of temper because of this ignorance. Is this really the Tianji pavilion?

In addition to know a name, ask what do not know, thanks to the old man blowing so mysterious, even a boy is not allowed to enter the door.

In the deep eyes of Tianxiao immortal, ye Chen left. Then he looked at the boy and asked, "can you see this man's fate?"

"I know that this man, named Ye Chen, is a genius who has recently risen from the kingdom of God. It's good to fight at the top of the gods, but no matter how strong he is, it's not like I haven't seen it before."

"For thousands of years, there are too many of them."

"But it's all dissipated in history."

Bang!

The words just finished, the floating dust also fell, the boy in pain covered his head and called.

"In the future, I will personally supervise you to learn this divination skill!"

The boy touched his head and doubted, "master, I'm not wrong."

Tianxiao immortal raised his head and gazed at Ye Chen's far away direction, and said faintly: "the origin of this boy is terrible."

"Even my divination has been backfired by practice."

"I have a faint guess, but if it is the man, the kingdom of God is doomed to change."

The pupil of the boy is enlarged. He has never seen his master so serious!

What's more, he didn't expect that this young man had an amazing origin!

"Master, what is the identity of this person..."

Immortal Tianxiao shook his head: "if I say it, I'm afraid I can't live tomorrow."

"Don't go after it."

"However, it is still necessary to report this matter to the cabinet leader."

.....

Outside Tianji Pavilion.

Ye Chen is disheartened.

An hour has passed.

Two hours to go.

Can't Ji Lin really be saved?

At this time, ye Chen felt what, the body fierce turn, eyes, there is an old man.

Ye Chen, an old man, feels familiar.

But I can't tell you!

He felt that the old man's face was obviously covered by magic!

It's like hiding something.

Chapter 2782

And he found something even more bizarre!

The chaotic star tree in the body is emitting stars!

The star light goes towards the old man!

It turns out that this sense of familiarity comes from the chaotic star tree!

At this time, the voice of Lao Cang sounded in Ye Chen's ear: "boy, that old man is not ordinary, I can't see through."

"Maybe he is an opportunity to look for Ji Lin

Ye Chen suppressed the excitement in his heart and stepped forward, arched his hands and said:

"has the elder ever seen a little girl?"

Just when ye Chen wanted to describe Ji Lin's face in detail, the old man waved his hand and said, "the girl's name is Jilin, isn't it?"

"Exactly

Ye Chen's heart is overjoyed. Does the old man know the whereabouts of Ji Lin?

"I hope you can tell me what you want."

"Uncle Seriously? " Suddenly the old man said excitedly.

Ye Chen brows a frown: "what martial uncle?"

The old man patted his mouth, looked at the sky, and said cautiously, "I mean, are you serious?"

"Nature takes it seriously."

The old man's expression is excited, and the look in Ye Chen's eyes makes Ye Chen feel very uncomfortable, as if they should have known each other and had a good relationship.

"It's not easy for you to have a purple crouching dragon. I'll help you push the little girl."

"The elder is..."

"Master of heaven's cabinet!"

After the old man finished, he sat in the same place and began to meditate, leaving only the shocked Ye Chen. He did not calculate that this was the master of heaven's cabinet that no one had ever seen!

According to immortal Tianxiao, the master of Tianji Pavilion never sees anyone. Even if he has something to do, he just orders him to go on and let people pass on the message. However, there are many legends about the master of Tianji Pavilion.

Every master of Tianji cabinet has great power. It is said that he has gone beyond the scope of human knowledge, and has touched the height of the real way of heaven. He can face the heaven directly and know everything without going out.

Although the rumor is not believable, it is impossible to tie such a transcendent force in the kingdom of God if he has no skills.

The old man of coarse cloth began to appear a lot of purple air. The clear sky began to be gloomy, which indicated that someone was going against the sky and couldn't even see it.

"This..."

Looking at the thunder and lightning rolling from the sky, ye Chen seems to be aware of the seriousness of the matter. He thought it was a simple matter, but when it comes to himself, can't even this person solve it?

"Roar!"

In the sky, there is a purple dragon roaring down and turning in the sky. Finally, it turns the dragon head and plunges down.

Just when ye Chen was about to intercept him, the Taoist of Tianji said, "don't stop me. If you want to understand the mystery of heaven, you will be attacked by heaven."

Tianji Taoist spewed out a mouthful of blood essence from his mouth. It seemed that his face was a little pale. However, with the disappearance of blood essence, the purple dragon on his head began to fade gradually. On the head of Taoist Tianji, the purple dragon disappeared completely.

After a while, Tianji Taoist asked Ye Chen to close his eyes, and a scene appeared in Ye Chen's mind. It was Ji Lin and Lin Juelong!

After remembering their position, ye Chen bowed to the old man: "if the elder has anything to do, you can come to me, I will do my best."

"Easy to say, easy to say, I just lost a thousand years of life and lost some realm."

"....."

Ye Chen doesn't know what to say. Anyway, human relationship is not enough.

"Don't call me a senior. In terms of seniority, I have to call your lifelong martial uncle..."

With that, the figure of the Taoist priest disappeared.

Xuanyuan moxie sent people to stare at him everywhere. This time he came here, covered everything and even changed his face.

But it's still getting angry.

I'm afraid that after the closure of Xuanyuan Mo Xie, we still have to investigate.

However, for him, it is enough to help Ye Chen.

After all, he is a real junior in front of Ye Chen.

Ye Chen frowns tightly, he really does not understand, so big head of the person why can call him martial uncle?

Does this person also come out from the God Jizong?

He has never heard of the connection between shenjizong and Tianji Pavilion!

Although the master of Tianji Pavilion is a little eccentric, he still appears and disappears, but he really helped him. When I meet him next time, I must thank him very much.

The next moment, ye Chen's eyes gaze at a direction, endless killing sweeping!

His heart is burning with fire!

Now that we have got the whereabouts, we will solve the problem of Lin Juelong completely today!

.....

An hour later.

The kingdom of God is a mountain.

The moon ring makes the kingdom of God change a lot.

Among them, there are 15 biggest changes. The longicorn mountains are one of them.

There are a lot of unknown secrets here. Even those who are strong in the chaotic environment have to be careful when they enter. Otherwise, no one will find out if they die accidentally.

In the depth of the forbidden area, there is a place called the forbidden area of death. No matter who enters, it will disappear mysteriously. Many shriveled corpses will appear outside the mountain range. Just standing outside the forbidden area, it will make people panic, let alone enter.

And in this no man's land, there is a zone composed of countless mountains and rocks, and now there are two figures!

It is Lin Juelong and Ji Lin.

The two were surrounded by a huge altar.

Forty nine sarcophagus were placed around the altar.

In the middle of the sarcophagus, Ancient Runes flow!

it seems that some kind of mysterious sacrifice will be held!

"Ji Lin, I advise you to stop struggling. It's useless. If you had given up the idea of running away and begged for mercy, maybe I would have let you go."

"To tell you the truth, we have some origins."

"You and I are all from earth."

"It's a pity that you and ye Chen are contaminated with cause and effect, so you are my enemy."

"Bah, Lin Juelong, don't put on airs for me! You can't live in this TV series! I don't know why you're still alive! But I'm sure you'll die! And died in Ye Chen's hand!"

And! Even if I die, I won't be soft to you Ji Lin's big eyes are full of resentment, staring at Lin Juelong. If the eyes could kill people, the latter would have died thousands of times.

"Darling, how can you keep your blood for me

Lin Juelong's eyes are filled with excitement. He finds a secret skill. As long as the target is willing, he can perfectly inherit this person's blood. Once he gets the perfect congenital poison, let alone Ye Chen, even those who are strong in the face of chaos also have the ability to protect themselves.

"Don't think about it!"

"When ye Chen finds you, you must die."

In any case, Ji Lin is like a master who doesn't get into oil and salt. It's useless to say anything.

This is that Ji Lin has a congenital poison. If other people, Lin Juelong, don't try to persuade him, kill him directly, and then forcibly strip off his blood and cultivation, and the whole thing will be finished immediately.

But the innate poison was more powerful than he imagined, even more powerful than his own blood. He wanted to snatch the congenital poison and become his main blood.

Chapter 2783

"Oh? You mean ye Chen

"Ha ha ha Even if we mobilize all the people in the kingdom of God to find me, no one can find my place. He will not come at all. "

Lin Juelong is trying to destroy Ji Lin's heart a little bit. However, no matter what Lin Juelong says, Ji Lin firmly believes in Ye Chen, which makes him quite angry.

After grinding for a while, Lin Juelong didn't have the patience to coax him. He said, "since you don't listen to advice, it doesn't matter if you don't get the perfect congenital poison."

Then he forced out a drop of blood essence on a sarcophagus!

The 49 sarcophagus trembled in an instant, and the Runes of the altar began to circulate. The sarcophagus and sarcophagus were surrounded by chains with powerful thunder arcs!

And one of the chains entangles Ji Lin!

Such a good blood, of course, can't be as hasty as pulling away from the forest dust and cold. Only a part of the blood absorption will seriously affect its own development.

Shenlongxiang, Zhuguo, sanqingban, rootless ups and downs

Lin Juelong swallowed it by force!

He's going to have the last rites!

He even left himself one of the most precious things - magic fruit!

This magic fruit was found by him after his hard work and almost lost his life. Now it is used here, it must be able to raise the power of blood to level 9 or even close to level 10.

As soon as the fruit of gods and Demons appeared, the atmosphere of chaos around the sarcophagus overflowed. Even Ji Lin couldn't help looking at it.

Magic fruit is a kind of rare spirit fruit. It is said that the root is rooted in chaos, and the branches and leaves grow in the place where the aura of heaven and earth is very thick. In this way, it will take tens of thousands of years to produce a fruit. The precious part is self-evident.

After eating the fruits of gods, demons and spirits, one can even elevate a part of the chaotic state for a short time, which is enough to sweep away everything. This is the real thing that makes Lin Juelong have confidence. However, it is more cost-effective to abandon a short-term fruit and have long-term development.

After all, now that he has swallowed many strong blood vessels, he feels a bottleneck. If there is no congenital poison, there is no hope to break through the bottleneck.

But he was not in a hurry to take the magic fruit!

He has to choose the most suitable time!

For example, after plundering the inborn poison body!

After getting everything ready, Lin Juelong put Ji Lin on a bloody array and began to sacrifice.

"Ji Lin, if the array is completed, the congenital poison will be removed at that time. If you change your intention before I finish the array, I only want your congenital poison!"

After saying that, Lin Juelong stopped persuading him. The blood light filled the air and the array began to work.

Rolling thunder clouds above the sky!

A red column of light rose from the sky!

Lin Jue Long's mouth outlines a ferocious smile!

He enjoys it all!

He will complete the last sacrifice and become the strongest ruler of the kingdom of God!

At that time, he not only wants Ye Chen to die, but also controls Tiandao palace!

However, the next second, Lin Juelong's smile is stiff!

Because of a startling voice, resounding through the sky!

"Lin Juelong, come out and die!"

Boom!

There was a shout outside, followed by an earth shaking sound.

Originally afraid of closing his eyes, Ji Lin fiercely opened his eyes and said in surprise: "Ye Chen has found here! He came to save me, and I knew he would come... "

Lin Juelong's face was gloomy as water, and the array he wanted to complete was also disturbed. He stood up and walked outside.

"I can't believe you can find it here. I underestimate you."

This is a forbidden place in the tianniu mountains. No one comes here all year round. He really can't figure out how ye Chen could find this place, but now it's useless to ask.

"Hand over Ji Lin, I'll let you die happily!"

Ye Chen's eyes are like ice, cold way.

In any case, Lin Juelong must not stay this time. Who knows what he will do to threaten himself.

"Ye Chen, ye Chen, do you think I am stupid?"

Lin Juelong remained unmoved.

Ye Chen Mou son a congeals, he faintly discovers Lin Jue dragon body's breath has the huge change.

There was even a hint of threat.

He did not dare to take it lightly.

"Lin Juelong, this is your and my gratitude and resentment. I said, if you let Ji Lin go, you can die happily!"

Lin Juelong seemed to hear something funny and laughed: "you think your strength is better than me, so you will eat me?"

"Originally, I wanted her to contribute the inborn poison, but I didn't expect to fail. If not, I would have snatched it."

"Since the plan can't be carried out normally now, even if I get a half disabled congenital poison, I will kill you!"

Ye Chen's existence makes him too afraid. Every time, it's his good thing to stop himself. This time, he will kill what he says. Not much to say, Lin Juelong's hand appeared that magic fruit, sneering: "as long as I take this thing, it's easy to kill you!"

"The gratitude and resentment of China should be over today."

At the next moment, Lin Juelong swallowed the magic spirit fruit. The magic spirit fruit erupted in his body with extremely terrible energy. A breath flew out of his body, and the rage went straight to the sky!

Even the ground under Lin Jue Long's feet is spreading in all directions!

Deep crack, a hundred feet!

It's so terrible!

After eating the magic fruit, the breath of Lin Jue long suddenly soared, which stirred countless auras of heaven and earth.

Not only the breath changed greatly, but also his body shape began to change. Half of his body began to turn black with the refining of the magic fruit. A layer of hazy and chaotic air appeared on the surface of his body, enveloping him in the scope of black air.

"Go

Just hear a roar, the breath of Lin Jue long is completely stable!

Even more stay in the chaos of seven days!

The key is still the unusual chaotic state, seven layers of heaven!

Even faintly stronger than the ancestors of the extremely evil kingdom!

"Jie Jie, the sense of fullness brought by this power is really very good."

When the black fog dispersed, a half human and half black monster appeared in front of them. If it was not known that this was Lin Jue long, I could not see that it was half similar to the previous appearance.

"You look like this, but it matches the name of the tianniu mountain range, the forbidden place. No wonder some people say that there are monsters all year round."

Ye Chen hands negative behind, cold said.

"Hum! I don't know if I have the strength! "

After that, Lin Juelong's black palm was filled with black air. It seemed that there were countless chaotic forces flowing in his palm. Aiming at Ye Chen, Lin Juelong quickly swept away. After upgrading, the speed was frightening.

"Either you die or I live today!"

Lin Juelong roared, the blue veins on his arm revealed, and he was not prepared to keep his hands!

Ye Chen's face remains unchanged, but a dark flame has formed in his hands. The fierce flame reflects Ye Chen's cold eyes. When Lin Juelong is about to approach Ye Chen, ye Chen moves, and the flame in his hand raises a torrent of flames to fight against the other party's chaotic atmosphere.

Chapter 2784

Zizizi!

The sharp and harsh voice sounded, the black fog filled, and the dark flame that constantly devoured Ye Chen tried to wrap Ye Chen inside.

Ye Chen is not in a hurry. The power of breaking the sky in his left hand surges, and the power of several laws is added to his body, which makes Xuanyan begin to become strange and floating. However, it is obvious that the power becomes more powerful and begins to resist the phagocytosis of black gas.

"Even if it's a short time, what about the gods? I'll kill you too

Although the breath is up, but after all, it is not well stable, ye Chen still has the power to fight!

Really not, ye Chen is willing to sacrifice the evil sword!

Possessed and killed!

There was a noise during the collision, and both of them went back dozens of meters!

Lin Juelong's expression is extremely strange, his pupil is suddenly enlarged!

As if to see something frightening!

"It's impossible. You just cut down the bad situation. Even if you killed Bai Yuhuang on the top of the gods, how can you resist my power now?"

Lin Juelong is surprised by what happened in front of him. He clearly feels that his strength has been improved several times. However, when facing Ye Chen, he still doesn't have the pleasure of ruining and decaying. Instead, he has the illusion of facing an opponent of the same level.

Ye Chen sneered: "impossible things are too many, for example, soon, I will take your head!"

Up to now, Lin Juelong has taken all his contempt away. If ye Chen were to be seen in his ordinary state, he would surely die miserably.

"Dark field!"

All of a sudden, the sky was flooded by darkness. Countless darkness completely wrapped the two people. In addition to the darkness, there was also the sound of heartbeat.

The cold killing in the dark!

Ye Chen frowned and found that his strength was suppressed.

"Enjoy the feast of darkness, I will harvest you one by one in the dark..."

In the endless darkness, Lin Juelong's voice rang out from all directions, with echoes in his voice. It was difficult to distinguish his position.

Looking at the black area, on the contrary, arouses Ye Chen's sense of war!

"Jiwu! Heavy punch

Ye Chen a roar, a blow down!

However, the darkness was not broken at all!

On the contrary, a disordered and repressed breath binds Ye Chen!

Let Ye Chen suffer to the extreme!

Ye Chen no longer hesitates and closes his eyes.

A sword appeared in his hand.

A sword wrapped in evil spirit!

Even ye Chen can't conquer the heavy sword.

Ye Chen knows that he can't give full play to the full power of Sha Jian!

But anyway, he will try!

Sha sword appeared in the hand, with blood mist at the same time, emitting red light, opening up the front of the half meter field.

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

"Thunder magic sword!"

With a sword, it seems that the world is broken and the dawn reappears. A sword light rushes out from afar, but it disappears completely at the end of the unknown. It is extremely strange.

After a few seconds, the power of Sha sword fluctuated, and it even cut open a trace of light!

But the light soon disappeared.

Ye Chen looks dignified.

The power of Sha Jian can't be broken?

What exactly did Lin Juelong master.

What is the connection between these things and Kunlun Xu?

"In this field, it's terrible."

Against such a strong man, who can defeat him when his territory is opened?

The realm seems to have an isolating effect. He finds that everything around him disappears. Ye Chen can only settle down to find out the flaws and attack again, so as not to waste his spiritual power in his body.

The field should also be just a space with new rules constructed by the gas of chaos. Perhaps even the passage of time will not necessarily exist. The master said that everything has its own way to solve. Even the way of heaven is not invincible. Now he needs to find such a breakthrough.

At the moment, Lin Jue long looks extremely scared.

Just for a moment, ye Chen actually split his darkness with a sword.

How could it be!

There should be no weapons and power to break through!

What happened in the dark just now!

Fortunately, the dark world is only a moment of breaking.

Lin Juelong relaxed.

"Ye Chen, aren't you very good? Why, does it feel good now? "

"This space is in a state of complete stillness, and I can imprison you alive to the point where the outside world may have only passed for a second."

"Ha ha ha..."

Ye Chen is calm in the face of these ridicules, now is not the time of impulse, the other party must be looking for his flaws.

But the other side is telling the truth, if you are forever imprisoned here, no one can not help but collapse. Why does Lin Juelong master this kind of existence? All this has far exceeded his own killing realm!

"Field Fields... " Ye Chen murmurs, in the heart unceasingly ponders, what is the domain.

Ye Chen is holding a Sha sword in his hand. If there is nothing in his heart, he turns a blind eye to the endless ridicule of Lin Juelong, and he wants to return to the origin.

For a long time, I don't know how long it took. It could be a second or tens of thousands of years. Ye Chen's eyes suddenly opened and his essence flashed. There was a trace of enlightenment in it.

"I see."

Lingxiao martial intention starts to move in Ye Chen's body, and numerous factors begin to try to combine in his body.

In the world, there is nothing but the power of the law and the construction of martial arts connotation. It is only by following the rules of the road that the real universe can appear in the body and the domain power in the depth of martial arts can be understood.

The dark area fluctuates for a while, which makes Lin Juelong feel frightened. He doesn't know what ye Chen wants to do, but he doesn't move. Because ye Chen's breath is very dangerous, he wants to wait for ye Chen to show his flaws and give a fatal blow.

However, as he continued to wait, he became more and more uneasy.

As if ye Chen wanted to break through everything, Lin Juelong couldn't believe it. He threw the idea out of his mind: "Ye Chen How could... "

But that feeling, it's true

In the dark area, it is absolutely quiet, which makes people feel terrible. No one can stay for a long time. Ye Chen, who is in the dark area, constantly feels within the safety range of the Sha Jian.

Boom!

I don't know when, a fierce evil spirit wrapped flame began to appear in the space, and burned in the dark field, completely breaking the imagination of Lin Juelang.

"No, never let him go on like this."

Ye Chen seems to have endless cards, giving people the feeling that it is like a vast ocean. Even the flame that should not have been in the field has also begun to appear, which makes him under strong threat.

The dark field is compressed to the extreme, and a strange sword appears in Lin Juelong's hand.

"Dark devil huntian stab!"

Long sword with extremely disordered breath, in the dark area of silent attack, not a moment, rushed to Ye Chen.

Ye Chen, who had closed his eyes, suddenly opened up. Facing this powerful blow, Lin Juelong couldn't help but draw a breath from his lips: "this time, it's over."

"Evil realm! Open it

Chapter 2785

Boom!

With Ye Chen as the center, countless flames began to appear around him. These crazy flames were so strong that even the dark areas were burned down.

At the moment when the evil spirit field opened, the attack was limited to an inch of Ye Chen's body, but it was this short distance that separated the natural moat!

The flame was burning, and the world that had been filled with darkness was suddenly bright, and the dark fields retreated one after another as if they met natural enemies.

And the sword, long ago, was burned into a mass of black smoke by the flame of burning all things, and disappeared in the air, and could no longer be detected.

The field is broken, and ye Chen successfully breaks away from the dark field. The sky suddenly regains its brightness. This is still the land of tianniu mountains. Lin Juelong is also suspicious and looks at Ye Chen with astonishment.

"No, it's impossible at all. You can't understand this kind of thing by cutting through the adversity. It's impossible."

The power of Ye Chen's realm was just one form of achievement, which almost completely crushed Lin Juelong's dark field. After all, because this dark field was just the fruit of gods and demons that he had to comprehend by force, not by his own cultivation, so it was not as powerful as ye Chen's evil realm.

"It's useless to say more. Take Ji Lin away. Your end is doomed, only death!"

Ye Chen's words make Lin Juelong's face pale. His greatest dependence is the dark field and blood, but blood is of no use to Ye Chen!

As if ye Chen's blood can suppress everything!

Even if he uses forbidden technique to form blood vessel!

If Lin Juelong's methods were applied to any warrior, it would be extremely miserable.

Therefore, he decided to treat him in his own way!

The flame of crazy evil attacks, the power of the field is unfolded with Ye Chen as the center, surrounding this piece of heaven and earth.

The fire wrapped around Lin Jue Long's whole body and even his internal organs began to sprout flames. However, these flames could not burn him, only made him feel endless pain.

"Ye Chen, I will kill you!"

"It's bound to cut you to pieces and ruin your bones and ashes!"

"Ye Chen, you can't kill me!"

"One day, you will die in my hands!"

"Ah

Ji Lin couldn't help sympathizing with Lin Juelong. It was so miserable that he could see that the body of the other party was burnt by the fire and then recovered completely in an instant.

This is Ye Chen's masterpiece of course. Through the application of time and space in the field, it is easy to torture a person to death, comparable to hell.

Ye Chen is not a villain.

But he had no pity for Lin Juelong.

Yunhu villa, Kunlun Xu, Lingwu land, Shenguo!

The friendship and resentment between the two should be over!

After suffering for an unknown period of time, Lin Juelong's spirit is on the verge of collapse. He doesn't know how long it has passed, but he knows that as long as ye Chen thinks about it, this time will be Forever!

Under the double destruction of spirit and body, he couldn't resist.

"Ye Chen, let me go. I promise I won't embarrass you any more. I'll release that girl and never appear in front of you again."

He regretted that under the extreme torture, he could not bear any resistance and begged for mercy.

Ye Chen is not moved.

"Ye Chen, no, Mr. Ye, I know I'm wrong. Please spare me and kill me!"

"It's my fault, it's all my fault. I shouldn't have provoked you, nor should I appear in front of you, let me die, let me die!"

Lin Juelong is completely insane. His eyes are full of blood. He doesn't look like a normal person. Even his eyes are not right.

Ye Chen looked dignified. What did he think of and said to Lin Juelong, "what did you find in the blood alliance of Kunlun deficiency?"

"What is the relationship between blood alliance and Kunlun deficiency?"

At the moment, Lin Juelong was extremely ferocious. He hesitated for a few seconds and said, "Ye Chen, as long as you let me go, I'll tell you everything!"

"The Chinese Kunlun Xu was opened up by a powerful Ye family in the kingdom of God. At that time, in order to resist a force called Diyuan hall!"

"Kunlun void is just the last place of hope for the Ye family in the kingdom of God!"

"Away from the kingdom of God, away from the upper world, there is hope!"

At this moment, ye Chen was stunned!

Kunlun Xu is not formed naturally!

It's the strong of Ye family to open up!

But why did Lin Juelong know?

"Are you sure? Besides, what exactly is the palace of emperor yuan

Lin Juelong nodded fiercely: "I can assure you! There is a mural in the secret of the blood League. I only remember part of it at that time. "

"By the way, there's another name!"

Ye Chen Mou son shrinks: "what name!"

Lin Juelong just wanted to open his mouth, suddenly, a black flame suddenly burst out! Burst from Lin Jue Long's body!

The field of evil intention has turned against Lin Jue long!

Lin Juelong, die!

"Damn it!"

Ye Chen looks serious!

Why the most critical time, Sha Yi field will be like this!

He can get more information!

The next moment, ye Chen five fingers a grip, a strange lines of jade pendant appeared in the palm of the hand.

The evil realm has destroyed everything, but the jade pendant actually exists?

Ye chenling's sense of consciousness penetrated, but was hit back in an instant.

"It seems that Lin Juelong's secret should be related to this jade pendant."

Ye Chen murmured.

At this time, Lingtian arrow God, who had never opened his mouth, said: "boy, your evil spirit field was disturbed by people just now..."

"In other words, just now there was a force beyond everything, coming!"

Ye Chen's face changed.

he knew what Lingtian arrow's words represented!

There is a strong man with taboo to erase the possibility of Lin Juelong saying that name!

Although I don't know the name of the powerful one!

But it has something to do with the palace of emperor yuan!

Emperor yuan hall, nine heaven dragon hall, reincarnation Lord, Tiandao palace, and what kind of secret is hidden behind this jade pendant!

Ye Chen doesn't think about it any more. After taking back the evil spirit field, Lin Juelong's body and spirit have been burned into nothingness. Ye Chen goes to the altar without looking back and finds Ji Lin who is surprised. Ji Lin's proud face is hung with a string of tears at the moment.

Ye Chen touched Ji Lin's head: "is this still Ji Lin I know? It's still crying!"

Ji Lin pouted his mouth: "Ye Chen, don't touch my head, it's not high!"

Finish saying, Ji Lin pauses for half a second, stretch out a hand to suddenly embrace Ye Chen.

Tears that had been suppressed for a long time came out again.

"Thank you, ye Chen."

Ye Chen a Zheng, he is very few to hear Ji Lin say thank you.

It seems that this time, it really has a great impact on Ji Lin.

Ye Chen just want to say something more, suddenly, the leader of the God extreme sect jade plate came to a change!

Yuzhenzi's voice rings directly!

"Ye Chen, come back to Jizong, ye Lingtian It seems to wake up! "

Chapter 2786

Ye Lingtian is going to wake up!

This is the best news Ye Chen has heard recently!

He no longer hesitated, rather excited to look at Ji Lin: "Ji Lin, let's go!"

Ji Lin's small hand grasped Ye Chen: "good."

The next second, two people left a shadow in situ, completely disappeared in a piece of ruins.

And after ye Chen left, in the dark, a trace of strange air flow surging!

The door of void seems to open!

In the gate, there is a figure.

The figure's clothes are a little strange, and there is an ancient Rune on the center of the eyebrows, and the breath of the whole body is extremely indifferent.

It seems that there is no cultivation.

He looked at the direction of Ye Chen's departure, and a smile appeared at the corner of his mouth: "Ye Chen? Interesting... "

"I really want to own that sword."

"If it wasn't for the man's face, you might have been dead."

"But if I don't kill you this time, it doesn't mean you can challenge authority."

"If you continue to investigate, I promise, I will let you disappear in this world forever."

With that, the master of the figure grasped it with five fingers, and a mass of black gas was held in the palm of his hand, and then the void was torn!

Step in!

Everything is calm!

.....

Half an hour later.

Ye Chen finally comes to shenjizong!

he and Ji Lin stop!

Two pairs of eyes are staring at the sky of God Jizong!

At the moment, the sky of shenjizong is very depressing. The gray clouds cover shenjizong in a gray sky. From time to time, there are thunder and lightning shuttling through the clouds, which is quite thrilling.

Roar!

All of a sudden, an ancient beast roared, and the sound penetrated through the heaven and earth, causing countless vibrations. When people heard the reputation, they saw an ancient beast stepping out of the cloud, stepping on the thunder and lightning, roaring up in the sky.

Then, there are more ghosts coming down, roaring through the world, and even those who are weak in strength, their ears are shaken with a trace of blood. But even if they can't hear, the suppression from the hierarchy still exists, and the high-ranking dignity makes them look like they are overlooking all living beings and look down at the world, which makes people dare not look directly at them.

"This is Is ye Lingtian going to cross the river

Ye Chen no longer hesitates, extremely martial god flashes to start, instantly came to ye Lingtian's door!

Outside the door, there was already a man standing!

It is yuzhenzi, the leader of shenjizong!

Ye Chen quickly arched: "master, how is ye Lingtian?"

Yu Zhenzi looked at Ye Chen and said: "people should wake up, but we can't replace this robbery. We can only rely on himself."

"The blood of Ye Lingtian has been checked before, and it is not strong."

"Is it because of the moon ring vision of the kingdom that caused him to awaken the ancient deity?"

"It's not right. I've seen geniuses who awaken the ancient gods. There's no such level of vision."

Ye Chen did not speak!

He remembered that stone tablet ye Lingtian touched not long ago!

The blood seal in the stone tablet is left by Ye Lingtian's ancestors!

Ye Lingtian's ancestors followed the previous reincarnation master and the Ye family.

Strength and blood are absolutely terrible!

It may even be second only to reincarnation!

But ye Lingtian's realm is not high. Can he really carry such a vision?

Ye Chen is a little worried!

And now, in the room, there's a powerful energy flow.

Boom!

With the first thunder plunder down, the leaves in the room to wake up, eyes full of determination!

He grasped it with five fingers, surrounded by countless ancient and faint runes. He tried his best to resist it, but he found that the thunder robbery was too strong, and one blow was enough to destroy the power of heaven and earth.

He knew that he was just a warrior with low strength, even in shenjizong!

I'm afraid the Lord of the temple can resist this kind of thunder robbery! So he couldn't resist it!

The defenses were almost as quickly destroyed as paper.

Seeing that the thunder robbery is about to fall, ye Lingtian's heart is struggling extremely. He doesn't want to die. He still bears the heavy responsibility of family protection, and he must live.

"Ah

Yelling, ye Lingtian's whole body began to appear golden light, faint shadow of the ancient beast rushed out of the body!

There seems to be something awakened in Ye Ling's celestial body, and countless golden lights form a defensive shield with strong defense.

The impact of the sky, which was enough to destroy the heaven and earth, fell on the shield, but it did not shake at all.

"This, this is what the ancestors said of the ancient god pulse!"

Flesh, skin and blood, in this moment all turned into gold, like an ancient god of war!

"This..."What did yuzhenzi outside feel!

His face was full of moving faces. The force of thunder robbery was extremely rare, but it was resisted by Ye Lingtian!

Ye Lingtian is very clear about his accomplishments!

Is it all It is a sign of the awakening of the blood force against heaven!

The rise of blood and the abnormal appearance of heaven show that even the heavenly way is afraid of this kind of blood, which means that this kind of blood is rare, rare and powerful!

Now, awakened on ye Lingtian, the God Jizong!

Does this mean that shenjizong is about to rise?

There are more and more visions, and many elders of shenjizong also appear around yuzhenzi and ye Chen.

Although Ye Chen is the evil spirit, the rise and fall of a sect still depends on most people. Unless a person's strength reaches the extreme, it is impossible to control the prosperity of a sect.

But some elders don't know ye Lingtian.

One of them took a deep look at Ye Chen and said to Yu Zhenzi, "master, who is this vision coming to?"

"His name is ye Lingtian."

When an elder said the name ye Lingtian, others were surprised. They were also surnamed ye? Is it a coincidence?

The wild animals in the sky seem to be dissatisfied with ye Lingtian's resistance to the natural calamity. A purple thunder and lightning condenses in the mouth of a virtual shadow. The thunder ball, which is even bigger than a house, erupts unstoppably. In a blink of an eye, it hits ye Lingtian's head.

Remembering the words of the ancestor of Ye family, ye Lingtian's mind was precipitated, and he pinched a mysterious formula in his hand. Then, the ancient spirit pulse in his body was inspired by himself. He couldn't see his appearance clearly at one end, but the virtual shadow of a wild beast with a trace of wild breath was attached to ye Lingtian.

With ye Lingtian's grasp, the purple lightning ball is directly caught and exploded by the virtual shadow, sending out a startling sound of "boom"!

Countless people were shocked to see this scene. Those who knew ye Lingtian knew that as long as he could survive the thunder disaster, his future achievements would be unlimited, and it was not impossible to directly become a disciple of zhenzhuan from an outside disciple.

The thunder and lightning in the sky is still breaking out. One heavy is more severe than the other. In the end, it is much more than the inner disciples can bear. Ye Lingtian has a lot of blood on his mouth, but he still insists on resisting thunder.

Chapter 2787

"As long as I resist, I can We can revive the mission of the family and guard the temple master

"Ah

The power of the divine pulse is fully integrated into ye Lingtian's body. A throbbing force wakes up. Ye Lingtian finally can't help but take a long gun in his hand.

The spear is covered with golden light. It is sharp and blinding at the point of the spear. Countless Qi of Geng Jin is condensed in it. It seems that this blow has the dignity of challenging the heaven!

Whew!

The spear in ye Lingtian's hand stabs the sky, and the golden spear is getting bigger and bigger. The spear that blocks the sky and the shadow roaring in the thunder and lightning is completely smashed by this blow.

For a long time, it seems that you can still hear the voice of empty shadow reluctantly echoing in the sky, and ye Lingtian's cultivation, who has risen with the power of the divine pulse, has risen, and has directly crossed the realm of disaster!

In an instant, erley came!

The arrogant Er Lei just came out, Ye Ling rushed out of the celestial body a wild and empty shadow, and swallowed it fiercely!

Erley disappeared!

It's incredible!

It may even be the quickest way to end erley in history!

Yu Zhenzi looked at Ye Chen beside him in horror: "disciple How could this be What is the reason for ye Lingtian's change? "

Ye Chen shook his head: "I don't know."

Just when people thought that he could not break through again, a golden beam of light rose from the sky!

The light column is surrounded by bursts of Ancient Runes!

Look at the Wen Yin Fu, but you don't know it!

Before the public reaction, the light column disappeared in an instant!

As if it never existed!

"Failed?"

There is an elder light Yi way.

Ye Chen also has some doubts in his heart. In his opinion, the stone tablet stained with blood seal is definitely not such a simple chance!

After a few seconds, the door opened!

Ye Lingtian comes out from inside with a dignified look!

He appeared in front of Ye Chen and knelt down directly: "ye Lingtian, see the hall master!"

Ye Chen said strangely: "is blood fully awakened? Is it over? "

Ye Lingtian shook his head: "the Lord of the hall, not yet..."

"I'm afraid that this beam of light will attract some dark forces to come! I don't want the temple master to be exposed too early! "

"I'm looking for a Jedi that can block the light beam for 15 days!"

"It's good for both the master and me."

Ye Chen heard these words, but it is a bit tangled.

How could there be such a Jedi in the whole seventh kingdom of God?

Cover all visions?

I'm afraid the only thing that existed in ancient times

Suddenly, ye Chen looks a change!

He thought of a place!

Extremely evil country!

The kingdom of Jisha was opened up by the real kingdom of God, guarding the sword! Enough to cover all visions!

Moreover, the extremely evil country is controlled by him, absolutely safe!

Ye Chen no longer hesitated, his eyes fell on ye Lingtian's body and said, "in this case, I'll take you to a place!"

With that, ye Chen explained to Yu Zhenzi: "master, help me take care of Ji Lin, I want to take ye Lingtian away for a while."

"I'll be back as soon as possible."

Knowing the seriousness of the matter, Yu Zhenzi said seriously, "don't worry, I'm here. No one dares to move Ji Lin!"

"This is a big deal. If you need it, please feel free to contact me."

Ye Chen nodded, and the next second, he took ye Lingtian to leave shenjizong directly!

Go to Jisha country again!

.....

One day later, ye Chen again entered the kingdom of Jisha through the prohibition of the temple!

And he is no longer alone!

Ye Lingtian is still around!

When ye Lingtian stepped into the kingdom of extreme evil spirit, his eyes were slightly surprised and said, "the Lord of the temple This place I feel a little familiar. "

"It's like My ancestors have been here! "

"Recently, when I was in a coma, intermittent memories of my ancestors flooded into my mind!"

"And this extremely evil country, at this moment, I feel extremely familiar."

Ye Chen looks stunned. It seems that the people behind this extremely evil country have some connection with Ye family.

What does the evil sword that you control represent?

Ye Chen no longer thinks much.

He knows that he doesn't want to know more about the existence behind it.

Soon, ye Chen sees you xuan'er again.

You xuan'er thought it would be at least a few months later to see ye Chen again, but she never expected that they would meet again in such a short time.

"Mr. Ye, why are you here?" Although you xuan'er is the empress of the extremely evil country, she treats Ye Chen with great respect!

She knew that everything she had now, even the most evil Kingdom, should belong to Ye Chen!

If there is no Ye Chen, there will be no present self, and there will be no peace in the extremely evil kingdom!

Ye Chen is not nonsense, will ye Lingtian to break things out.

You xuan'er arched at ye Lingtian: "since this young master is a friend of Ye Lingtian, come with me. I know a place is extremely suitable for breakthrough."

You xuan'er and ye Chen come to an ancient temple in the depths of Jisha kingdom.

Ye Chen has not stepped in, is aware of the flow around the extremely strange array.

He can't even see through the formation!

I'm afraid it was set by ancient powers.

You xuan'er offers a jade card, and the array opens instantly!

Three people in at the same time!

To Ye Chen's surprise, the palace is extremely vast!

Even the aura inside is extremely rich!

"Mr. Ye, this is what I found when I was on the throne, browsing the history of Jisha kingdom."

"The aura here is extremely rich, and any breakthrough vision will not be disturbed by the outside world."

"These days, I often come here for meditation. I find that my accomplishments will increase a lot."

"Since Mr. Ye's friends want to break through, this place is undoubtedly the best choice."

Ye Chen nodded. He could feel the heat in ye Lingtian's eyes, and said, "Ling Tian, go to break through. No one should disturb you on the 15th."

Ye Lingtian's eyes were determined: "thank the hall master!"

Words just fell, ye Lingtian appeared on a huge stone.

Close your eyes and sit cross legged! That rune light pillar of heaven appears again!

This time, the whole temple seemed to be rolling with a violent evil spirit!

The wind is surging!

You xuan'er is frightened. Ye Chen is abnormal enough!

But I didn't expect the people around Ye Chen to be so abnormal!

It's not ordinary people who can trigger this vision.

When ye Chen is silent in ye Lingtian's vision, you xuan'er says, "by the way, I also found a strange existence here."

"Please move forward."

"Good."

Soon, ye Chen and you xuan'er arrive at the corner of the temple.

In the corner, eight grotesque stone statues line up in two.

It is lifelike, even with a trace of Tao.

At the end of the statue, there is a stone gate.

Chapter 2788

"This is..." Ye Chen doubts way.

You xuan'er shook her head: "I don't know, but according to the research in these days, I found that the exit may be behind the stone gate."

"This should be another exit from Jisha."

"I'm afraid it's the one who opened up the most evil country."

"I opened it and found that the breath outside was from the seventh kingdom."

"With this place, I'm afraid it will be more convenient for Mr. Ye to enter and leave the extremely evil Parliament."

Ye Chen nodded. After all, the temple outside was left by the devil.

He always felt his eyes fixed on him.

If you go around that place and enter the country of Jisha, it's the best.

"Xuan'er, since you haven't gone out, let me see where it leads to the extremely evil Kingdom today."

"It's just that I want to go back to Jizong, too!"

"In 15 days, I will come to pick ye Lingtian!"

You xuan'er bowed slightly: "fifteen days later, xuan'er was waiting for Mr. ye here."

The next second, ye Chen opens the stone gate and steps in.

.....

The seventh kingdom, a vast golden desert, a lizard like monster is lurking behind a small sand dune, motionless, a pair of vertical eyes, staring at a scorpion shaped monster not far away.

That's its prey. In a few more steps, the prey will be within the scope of its killing.

But at this time, the sky over the desert, suddenly burst out all kinds of dark thunder light, that thunder light, contains some kind of extremely terrible breath!

The lizard monster was obviously intelligent. In his eyes, a panic appeared. He did not hesitate to give up the prey he was about to get. He dived into the yellow sand and disappeared.

In the black thunder light, a space crack opens slowly. In the crack, the figure flashes, and ye Chen falls on the desert!

Ye Chen's eyes swept over the boundless yellow sand, and her eyebrows could not help wrinkling!

Where is this?

He can be sure, here, in the seventh kingdom, but it should be a very remote place!

It seems that you Xuaner is right!

This is another place leading to the seventh kingdom!

Moreover, it is quite far away from shenjizong. Even if he does not tear the void at his speed, it may take several days to reach shenjizong

"In such a remote place, why does the great power behind the extremely evil Kingdom want to make such a fuss? I really don't understand? "

"To let the people of Jisha escape?"

Ye Chen shakes his head and no longer thinks much about it. He turns into a golden light and goes towards the direction of God Jizong!

.....

At the same time, in the seventh kingdom of God, in a valley shrouded by thick Yin, behind a Mountain Gate like a pile of white bones, there is a ghost sculpture with a long knife in hand.

Here is the place of the first-class sect of ghost sword.

At this time, in a secret room of the ghost sword gate, a man with a gloomy face took out a token with the design of ghost's head, and aimed at a corner of the secret room, he shot out a flash of light.

Guanghua did not enter the ground. The bluestone ground, which seemed to be practiced as a whole, vibrated soundlessly. A moment later, in that corner, a secret door leading to the underground was opened.

This gloomy man is the patriarch of ghost sword sect!

Yin Zun looked at the secret door and looked very strange under the blue fire light on both sides. On the stairs leading to the underground and the gloomy face, there was a flash of crazy reverence and ecstasy!

As soon as he was in a flash, he stepped up the stairs and walked quickly towards the ground. The secret door closed slowly.

Soon, Yin Zun came to the end of the ladder, which was a huge hidden palace!

After arriving here, Yin Zun's look became more pious. At the same time, his breath began to soar wildly and was released without reservation!

Feel the power of the body surging, Yin Zun's face, and floating a smile, do not need to hide the feeling, good!

At this time, the breath of Yin Zun is totally different from before!

Even better than the white jade on the top of the gods!

He, unexpectedly also is one such existence? What's more, they've been hiding their accomplishments?

This is unbelievable!

In Yin Zun's eyes, though there was a strange gray light shining in his eyes, it was obvious that he was different from Bai Yuhuang and did not awaken the ancient gods!

Even if it is a genius with ancient deities, not all of them can advance to the seven levels of chaos!

The gap between one layer and another may be ten thousand years!

Even if there is a moon ring vision!

Chaotic state, the more difficult it is to practice!

Did Yin Zun do it?

It's incredible. It's incredible!

What's more, why did he hide his accomplishments? With such strength, can the status of ghost Dao sect be greatly improved?

After the breath of Yin Zun was lifted, he went to the deep of the hall. On both sides of the hall, there were braziers, and blue flames swayed in the braziers.

Soon, Yin Zun came to the main seat of the main hall, but he did not sit on it!

On the contrary, in this deserted palace, facing the main seat, he knelt down and said with great respect: "ancestor, I'm back."

Palace, empty, but at this time, suddenly, a deep, hoarse, extremely ugly voice, reverberated in the open palace!

"Oh? So soon, back? Have you found out what I told you? "

The voice came from a portrait behind the throne!

In the painting, there is a middle-aged man with a ghost knife and pale face. At this time, the eyes of the middle-aged man are flashing two blue flames, as if, alive in general!

Yin Zun said: "it has been found out that the strongest young man in the kingdom of God should be a boy named Ye Chen, who comes from shenjizong. According to my estimation, although he is to cut off the three layers of heaven, but his real strength has reached at least six layers of chaos."

"It's unbelievable."

"Even me It's almost broken into that boy's hands many times. "

The flame in the eyes of the portrait leaped for a moment, and then said, "you have done a good job. Have you concealed your accomplishments according to your master's instructions, and have not attracted anyone's attention?"

Yin Zun always stuck his forehead on the ground and said, "yes!"

After that, he raised his head slightly and carefully looked at the portrait behind the main seat. In his eyes, there was a strong expectation and tension!

The portrait chuckled and said, "how do you want me to pour Yin Qi into your body again?"

Yin Zun's eyes trembled with excitement when he heard the speech. He licked his lips and couldn't wait to say, "please help me once more!"

The reason why he was able to rise to such a level was because of the Yin Qi infused into his body by the ancestor of ghost Dao sect!

Chapter 2789

Yes, according to this picture, he is just a remnant soul left by the ancestor of the ghost sword sect. It seems that he has awakened due to the relationship between the moon and the jade ring!

After the spirit of the ancestor of the ghost sword sect woke up, he summoned Yin Zun to do something for him, such as collecting some precious materials and reporting the current situation of the kingdom of God.

For the headmasters of such forces as Yin Zun, they are just trivial matters.

In return, it is the spirit of this remnant that exerts Yin Qi into Yin Zun's body!

Yin Zun received Yin Qi infusion three times before and after. Each time, his strength and martial arts cultivation level can make rapid progress without any cost!

It's like a miracle!

That kind of feeling, can be said to be wonderful extremely, addictive!

After only three times of Yin Qi infusion, Yin Zun's strength directly surpassed that of Baiyuhuang!

Therefore, Yin Zun completely trusted the ancestor in this portrait!

Let people promote directly?

In addition to the existence of God, in addition to the legendary ancestor of ghost sword gate, who else can do it?

According to the previous experience, this time, Yin Zun should also be able to get the opportunity of Yin Qi infusion!

"Ha ha..." The portrait said with a smile, "you are the contemporary patriarch of my ghost sword sect. Naturally, I won't treat you badly. However, you still need to do one more thing for me now. As long as you do this well, I promise you that I will show you more powerful Yin Qi than before!"

Yin Zun hears the speech and his eyes are shining!

Without hesitation, he replied, "yes

.....

Somewhere in the kingdom of God, over the remote desert, a golden light is flying fast, and the man in the hiding light, naturally, is Ye Chen!

At this time, Ye Chen is moving in the direction of Shenjizong. Suddenly, he frowns and stops to escape light in the middle of the sky. He looks at the desert under him, and his eyes twinkle slightly.

The sun, the wind, the dust.

Ye Chen under the body of the desert, a silent, as if, nothing special.

But at this time, the whole desert, suddenly shudder!

A breath of incomparable terror, the ancient breath, rises from under the yellow sand!

Countless monsters and insects living in this desert are shaking wildly. They want to escape, but under the shock of the breath, they can't move at all!

That breath, not only is powerful, but also carries the prestige on the blood!

On the desert, the hot air, all because of the appearance of this breath, instantly cold down!

With the appearance of this breath, ye Chen's pupil shrinks, a God, lock it!

At the same time, a sound similar to the roar of wild animals reverberated in the desert in human language.

"I didn't expect that as soon as I woke up, there was a delicious dish delivered to my door? Hehe, I've been hungry for tens of thousands of years. Even if it's a mole ant, I won't let it go. Humble human, you are just in time. "

Ye Chen's face was heavy, but his eyes were still indifferent.

There was a huge noise, and the dust was all over the sky. A huge shadow suddenly rose from the rolling yellow sand ground and flew towards Ye Chen in the air. The speed was extremely fast, just like a black lightning!

The impact of the shadow, with the wind pressure, is almost the entire desert sand stirred, forming a sand tornado, raging madly! Even the void is broken!

Yellow sand all over the sky, tornado sweeping, in the void, thunder light overflowing everywhere!

Only this impact will bring the whole desert to the end!

It can be seen that what a terrible force this is!

The leaf Chen in the air sees a shape, but is cold hum a way: "beyond one's ability!"

Play power with him?

This seventh kingdom of God, any existence, does not deserve to play with him ye Chen power!!!

Ye Chen's wrist turns over, that extremely frightening weight of the evil sword, appeared in the hand!

He would like to thank Lin Juelong for his understanding of the field of evil spirit, which makes him feel more about Sha Jian!

And easier to control!

Rolling evil spirit, scattered out, instantly filled the whole desert, the original wild flying yellow sand, it seems that because of this evil spirit, and was suppressed down!

The huge shadow attacking Ye Chen, a pair of golden pupils, also flashed a shock. Its body turned, as if thinking of reversing the forward momentum!

But it's too late to turn now, isn't it?

Ye Chen murmured, his whole body surging, seven times of blood light, appeared on the surface of the body. The golden awn of breaking the sky power turned into golden thunder, flashing in the blood light!

He held up the dark sword in his hand. The blood Rune on the sword did not twinkle!

Ye Chen, without using the martial arts of the devil emperor and the six sword gods, and without the intention of using real martial arts, with this huge force against the sky that frightens ghosts and gods, ye Chen cuts towards the huge black shadow with a fierce sword! Air compression, a more powerful than the wind pressure driven by the black shadow, surging like a flood between heaven and earth, instantly tearing the yellow sand tornado into pieces, the whole desert, because of the power contained in Ye Chen's sword, collapses downward!!!

Ye Chen, although he did not use martial arts skills, but absolutely powerful power, is not a kind of martial arts?

Break ten thousand methods with one effort!

Strength to a certain extent, it is enough to call it the most powerful martial arts skills!!!

The power of awe is on the sword, just like the hammer of annihilation!

Bang long!!!

The huge explosion sound, will the entire desert tremor, will the desert in the innumerable life tremor, also will that rush to Ye Chen's shadow thoroughly tremor!!!

The shadow was cut back to the ground by Ye Chen's sword!

Just like a shell, it hit the desert at twice the speed of the past!

It's just like the sand in the desert. It's like the sand in the sky!

Enough time to breathe before falling again!

Ye Chen at this time, but slightly pick eyebrows, eyes, with a trace of strange color.

After completely refining the extremely evil spirit, and adding the evil spirit field, his pure strength increased a lot. Although he did not fully release his full strength, it was also a blow of 80% of his strength!

And this blow, unexpectedly, did not kill the other side?

At this time, the foot of the desert, there is a kilometer round pit!

That, is by Ye Chen cuts down that huge dark shadow, hits out.

And lying in the huge pit, it was a magnificent thing with two horns on its head, flat and long, and about 100 meters long from the beginning to the end!

Chapter 2790

It looks like a golden crocodile with a pair of sharp horns!

The crocodile's back scales were broken, and the blood was flowing. The blood was also golden, and it was extremely hot, like gold magma!

And, the whole body of this golden crocodile, send out bursts of ancient breath!

This is a monster that has been sealed up since ancient times!

Moreover, although it looks like a crocodile, ye Chen feels the strong dragon power from its body!

Almost, are not under the white jade huang!

What's more, the golden crocodile is a super demon in the six layers of chaos!

At the same level, human beings are far from superior to demon clans!

Ye Chen is slightly surprised. Now, there is an ancient existence at this level. Is it awake?

But at this time, this super demon, which has the slightest want to eat human appearance?

It has a pair of vertical pupil, with incomparable shock, even horror, looking at Ye Chen, and then, with an incredible look at the huge and ferocious wound on his back, he roared with that wild animal voice: "impossible! It's impossible! How can I be hurt by a garbage Terran who has cut through the bad situation? "

How can human beings have that power?

That power, even the soul of this ancient demon, can't help but shudder!

He is a flaming crocodile dragon proud of his strength!!!

Even in ancient times, there were few people of the same rank who could compete with their power!

Now, he was killed by a Terran boy who had cut the bad situation with a sword?

Has the world changed after sleeping for tens of thousands of years?

Now the Terrans are so abnormal!?

Ye Chen looked at the flaming crocodile dragon faintly and said, "do you want to eat me? Don't you worry about breaking your teeth? "

In the eyes of the flaming crocodile dragon, the cold light explodes. The demon beast pays most attention to the blood, and it, even in ancient times, is a noble existence among the demons! When was it provoked by a human boy?

How can he bear it?

The flaming crocodile dragon roared at Ye Chen and said, "damn the Terran boy, how dare you hurt your own body? I've changed my mind now. Originally, I wanted to eat raw. It seems that I'd better roast it first. "

After all, the flaming golden crocodile dragon has a big mouth, which is dazzling. It condenses in the big mouth of the flaming gold crocodile dragon, turns into a rolling golden flame, and shoots towards Ye Chen!

At the moment of the flame, the temperature in the desert, which was not low, has increased by countless times!

Because of this terrible high temperature, the air is extremely twisted, even the void seems to melt in the high temperature!

The flame turned into a roaring golden dragon, instantly devouring Ye Chen's body!

Seeing this, the flaming crocodile dragon in the desert showed a burst of ecstasy in his vertical eyes. He roared at Ye Chen, who was wrapped up in flames and turned into a fireball: "ha ha, boy, are you arrogant to me again? Don't you mean to break Laozi's teeth? What a shame

"With your tiny existence, how can you know how terrible your golden flame is? Do you know, in ancient times, how many powerful people in chaos were incinerated by Jinyan? Do you know how many ancient warriors tremble in this respect? Do you know that when I am angry, I will turn into scorched earth within ten thousand miles

"Do you know that the crocodile dragon Jinyan is the ultimate flame that ranks among the 33 sacred fire lists?"

"You don't know anything! And now, you have to pay for your ignorance

The face of the flaming crocodile dragon shows a trace of human sneer and sarcasm. Although he is shocked by Ye Chen's great power against the sky, but!

He also has his own pride and self-confidence!

His flame, but one of the thirty-three gods!

Although, only in the 33rd place, but also enough to make him proud, proud, suppressed for a lifetime!

Shenhuo, no matter in what era, is almost synonymous with terror!

This boy, even if he is against the weather, let alone be engulfed by his divine fire directly, even if it is only contaminated with a trace, there is absolutely no possibility of surviving!

But at this time, a man's voice of indifference, but suddenly reverberated in the desert.

"Ignorance? Fire? "

In that voice, with a faint smile: "soon, you will know, ignorance is you, or me."

The next moment!

The golden flame that wrapped Ye Chen began to dissipate quickly!

Burning gold crocodile dragon, the original face on the ridicule, sneer, instant solidification!

The eyes of those who have seen countless ancient legends and amazing martial artists are shaking wildly at this time!

How could this happen?

How can there be a human, can withstand his crocodile dragon Jinyan?

The brain of the flaming crocodile dragon is going to explode!Is he dreaming?

Is it because just wake up, the brain is not clear?

At this time, he even began to doubt whether everything he saw was true or not!

In ancient times, the super demon who suppressed one side was totally confused!

At this time, the pupil of the golden crocodile dragon suddenly shrinks!!!

Completely in a daze, full of incredible color!

Why?

Because, his crocodile dragon Jinyan, is not dissipated at all!

But, was absorbed by Ye Chen!!!

A trace of absorption into the body ah!

Ye Chen, not only withstood the flame that he was proud of, but also swallowed it directly?

The flaming crocodile dragon, finally completely in fear!

In his life, he has encountered countless life and death crises. Even with his blood, in ancient times, it is still extremely dangerous! After all, that time, cruel to unimaginable!

However, even in ancient times, even in the countless times of life and death, the golden crocodile dragon has never experienced such a strong, almost crazy fear!

Have the power beyond imagination, and can swallow their own flame safely?

Even the gods and demons in the legend can't do such things?

What kind of existence is this boy?

Ye Chen, in the burning golden crocodile longan, has become a mysterious ultimate demon!

And the unknown is the most primitive terror!

Ye Chen absorbed the magic fire, looked down at the ancient demon who had fallen into the abyss of fear on the ground, licked his lips and said with a smile: "the taste of the flame is good. It just happens that my burning stele and Xuanyan need it. Just now, did you not use the original fire? I advise you, it's better to use it earlier. If you don't want to use it, I can eat it again after killing you

With his current rank of Xuanyan, he is naturally not afraid of the last Shenhua, and just now, after he swallowed Jinyan, Xuanyan has a slight improvement. Although Jinyan can't hurt him, it is worthy of being one of the ancient Shenhua!

If this crocodile dragon's original fire is absorbed and refined, I'm afraid that Xuanyan can be greatly improved?
