

Physician 2791

Chapter 2791

Maybe there will be an opportunity to completely open the blood of burning stele!

The evil sword in his hand is shining with blood. It is ancient and full of killing breath. The meaning of true martial arts is rippling like a vast ocean, with stars shining in the hot and dry air!

The game is over. He has no time to spend here.

Ye Chen's eyes coagulate, killing the hurricane hovering in the sky, now, is the real massacre!

"This, this, this sword, and that is it true martial arts? "

The soul of the golden crocodile dragon will be stimulated to dissipate directly!!!

That evil sword, exudes the extreme breath, and, indistinctly, seems to contain a charm beyond all weapons!

The most important thing is, this breath and he had heard of a legend in the ancient legend, seems to be very similar ah!

How can this extremely terrifying weapon fall into the hands of a human being in this era?

And the meaning of Zhenwu! Even in ancient times, it was not easy to see!

What's more, he can clearly feel the meaning of Ye Chen's true martial arts, which is extremely concise and the realm is not low!

In his whole life, Yan Jin crocodile dragon has seen countless geniuses of all nationalities. However, there are no more than three who can reach the level of Ye Chen!

This is a great demon, which can't even mention the war spirit when facing Ye Chen, whose body size is countless times smaller than him!

Sometimes, the more you know, the more you see. On the contrary, the easier it is to despair

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

Ye Chen raised the evil sword in his hand. The blood light startled the sky, and the sword was in chaos. The most extreme sword was about to be chopped down!

But at this time, the flaming crocodile dragon suddenly shrunk and knelt down. He said respectfully to Ye Chen: "Lord, master, I'd like to take you as the master. Please spare my life!"

His whole body was trembling with the shadow of death. He knew that now, his only chance to survive was to bow his head and soften up!

What the pride of the ancient demon, what high blood dignity, compared with life, is not worth mentioning!!!

Ye Chen is indifferent and gives priority to him?

The crocodile dragon's strength is really good, but he has always been a man of clear gratitude and resentment.

You didn't mean to eat me just now?

Now, find yourself weak, take a soft, useful?

Today's kingdom of God is not as cruel as the ancient times, but the world of martial arts is never such a gentle place!

You, who offend those who should not be offended, no matter what ancient demon you are and what glorious history you have, you can only use life to repay your sins!

The flaming crocodile dragon was sweating violently. He could feel it. Ye Chen's killing intention was not weakened at all!

Is he really going to die here?

Just from thousands of years of deep sleep, just wake up, on his mother's death?

Now, he's so sorry that he's going crazy. He's OK. Who's eating?

Now, don't say it's a tooth that's broken. Even his life is going to collapse!

What to do?

How to survive?

The flaming crocodile dragon was biting his teeth, and the light in his eyes flashed wildly. In this instant, the sword meaning of Ye Chen was getting colder and colder. There was only a moment's distance from the sword light!

At this time, the flaming crocodile dragon's eyes were wide open, and there was a flash of essence in his eyes!

Facing Ye Chen, he called out with all his strength: "master! Spare my life! I can take you to the ancient grottoes of the demon clan

Yeah?

At the moment before the sword light falls completely, ye Chen stops his action.

All over the sky sword meaning, also slowly convergence.

He frowned slightly. What is the ancient cave of the demon clan?

The flaming crocodile dragon, heavily spit out a breath of turbid Qi, the whole dragon, will collapse, paralyzed

I'm afraid it's the closest to death, right?

He knew that only the real huge interests and the opportunities that are hard to seek in the world can move the strong like Ye Chen. This is the eternal truth.

However, Yan Jin crocodile dragon gazed at Ye Chen, his eyes were still full of tension!

Ye Chen raised the evil sword, still did not put it back, even, still maintained the posture of coming out of the sword. Although the sword meaning all over the sky had been restrained, it did not disappear!

As long as ye Chen thinks, this sword can be cut out at any time!

Ye Chen held up the evil sword and asked Lao Cang, "Lao Cang, the ancient holy cave of the demon clan, do you know what it is?"

"The old man did not shake his head."

Ye Chen also looks at the reincarnation cemetery's crazy overlord, the other side still does not know.

When ye Chen is ready to ask this crocodile dragon, a solemn voice rings from the tombstone of Lingtian arrow God in the reincarnation cemetery!

"Boy, I've heard that in that era, there was always a tradition for the demon clan, which was to let those extremely powerful or have the blood against the heaven sit in a special place, or melt their bodies into it..." "And with the accumulation of countless years, this special place will become the holy cave of demon clan! The power of the ancient goblin will let those demons who have the ultimate blood or natural talent enter this sacred cave once in their lives. In the sacred grottoes, these demons are likely to be infected by the mysity of the countless demons of the world, so that their blood vessels can be advanced or changed, or they will awaken some kind of talent.

"Therefore, the demon clans, especially those with noble blood and strong strength, attach great importance to the corpses. Even, in order to retrieve the corpses of the clansmen, the demon clans of the two races will have endless bloody battles!"

Ye Chen is slightly surprised when he hears the speech. If it is true, he believes that he will get unimaginable benefits when he enters the holy cave!

Even, ye Chen's blood has some boiling, in the eye, is excited and anticipates!

"Is this really what the crocodile Dragon said

Ling Tianjian said: "this big demon has lived for countless years. Moreover, although the demon clan generally does not like to use his brain and solve everything with his strength, he is willing to beg for mercy from you, and he also knows to tell the holy caves to protect his life. Obviously, among the demon families, they belong to the more intelligent one. In the end, I don't know whether it is true or not

"However, with the blood of the flaming crocodile dragon, it is possible that it is really qualified to enter the grottoes."

Yanjin crocodile dragon is a race of mixed blood of Tianyan God crocodile and high dragon race, which has a chance to be born. In terms of potential, although it may be worse than the pure blood higher dragon race, it has a trace of original divine fire when it is born!

If you practice to the extreme, it may not be worse than the advanced dragon clan. Moreover, before it has fully grown up, the strength of Yan Jin crocodile dragon is even higher than that of ordinary high dragon clan!

Chapter 2792

Even in the last year, the golden crocodile was a very good blood.

Ye Chen smelled the speech and nodded. He put away the evil sword and fell from the sky.

Seeing this, the flaming crocodile dragon bowed his head very deferentially, showing a posture of submission.

Ye Chen coldly said: "if you lie to me, what will happen, clear?"

The flaming gold crocodile's longan flashed a ray of joy and said, "I dare not deceive the master!"

Ye Chen raised his hand, a golden rune, into the eyebrow of the flaming crocodile dragon. It was the slave's seal!

Although he did not like to use this kind of engraving to control others, he still had to be careful in the face of the old and cunning big demon like the flaming crocodile dragon.

The flaming crocodile dragon, without the slightest intention of resistance, accepted the engraving. At the same time, it was a shock in his heart!

Ye Chen seems to have only the cultivation of cutting off the adversity. However, the slave engraving from ye Chen has the power to bind him. He, who has the ultimate blood, can not even see the possibility of breaking free!

This is the suppression of blood!

Is this son's blood more terrible!

In his heart, the awe of Ye Chen was even stronger.

Ye Chen light way: "my name is Ye Chen, later you call me childe, what's your name?"

It's impossible to have no name for a demon race with extremely high intelligence like the flaming crocodile dragon.

Yan Jin crocodile Dragon said: "young master, the name of his subordinates is Jin tianog. You just call me Xiaojin."

But you want to cross the golden crocodile desert? How about sitting on Kim's back

Ye Chen heard a smile and moved his body, then sat down on Jin tianog's back. He touched Jin tianog's back accidentally. After flying for a long time, he was really tired. Moreover, the back of Jin tianog was tens of thousands of times more comfortable than any leather sofa and leather seat on the earth, which made him extremely relaxed.

What's more, it can be seen from Jin tianog that his speed is not slow.

At the same time, ye Chen's eyes flashed, and he took a look at the wound on Jin tianog's back. At this time, he began to heal slowly and was slightly surprised.

Although not as abnormal as ye Chen's vitality, but obviously, this ancient demon's body, is also extremely strong, this time, it is received a good subordinate.

Ye Chen pointed to a certain direction: "to that direction, full speed ahead, I am in a hurry."

"Yes, master!" Jin tianog should a, the muscles all over the body, four feet force, like a golden lightning general, toward the direction pointed by Ye Chen, fly away!

In the blink of an eye, one person and one crocodile disappeared at the end of the desert.

.....

In a very dark and dark swamp, several figures are shuttling through the gaps of numerous dark purple swamp plants.

The first one is a man with a gloomy face and a gray mist in his eyes. He is the master of the ghost sword sect, Yin Zun!

After Yin Zun, there are also several young people. None of these people's accomplishments are in chaos!

What's more, in their eyes, there are bursts of green light, and they are all the ancient god body talents of guidaomen!

However, even these geniuses, walking in this swamp, is also extremely laborious, covered with sweat!

This swamp, archaic monster, its gravity is unimaginable!

Not only can't fly away, even walk, all walk extremely hard!

A disciple named Zhou Cheng couldn't help asking Yin Zun, "headmaster, do you want to take us to explore a secret place? We have been in the swamp for several days. Why haven't we arrived at the secret place? "

Other people's eyes twinkle slightly. If they go on like this, even if they are chaos warriors and ancient gods, they may be exhausted to death in this swamp!

Yin Zun also slightly frowned at this time, but he still said definitely: "don't worry, you should be able to find it immediately!"

Since it was the old ancestor's account, how could it be wrong?

.....

At this time, ye Chen, riding on Xiao Jin's back, has flown out of the desert and arrived at a forest like a tropical rain forest.

His brow was slightly locked, and his face was a little deep, and he said, "according to your opinion, the ancient grottoes are near the dijue mountain, which is now the capital of demons and gods?"

So, if I want to enter the ancient grottoes, I have to go to the dijueshan?

It seems that dijueshan is a sacred place for the demon clan in the seventh divine kingdom. Generally speaking, it will never be allowed to enter the demon kingdom. Besides, it is quite difficult to enter the demon capital alone. The demon clan has always been quite exclusive to human beings. "

In fact, the territory of Wanyao Shendu is very large, accounting for almost one tenth of the territory of the seventh kingdom.

Human beings and demons do not invade the river, and ye Chen has never been there.

Don't underestimate this one tenth. There are many wild places in the kingdom of God that are not suitable for living. Although Terrans are the main forces in the kingdom of gods, the Terrans control only about four tenths of the seventh kingdom. That is to say, the Banshee God city is equivalent to a quarter of the Terran sphere of influence.

However, Wanyao Shendu is completely managed by the demon clan, and the demon clan rarely contacts with the Terran.

Of course, because the demon clan has no talent in weapon refining, martial arts, and even building various houses, they still exchange some martial arts resources with the God alliance in charge of the affairs of the Shenguo people on a regular basis.

Ye Chen touched his chin and said, "it seems that we will let the divine alliance help."

At this time, suddenly, a strong battle wave came from afar. Under the sweeping of the residual power, the rainforest and countless Shrubs under Ye Chen were uprooted and rolled into the sky. In an instant, they were turned into powder.

"Well?" Ye Chen took a look at the direction of the wave of the battle. There, there were three extremely strong breath, rising from the sky!

At this time, Xiaojin felt the breath, but he said with a smile: "it seems that the moon ring vision makes those guys wake up."

"Oh?" Ye Chen asked, "Xiao Jin, how many people in the battle do you know?"

Xiao Jin said with a smile: "although these people are human beings, I naturally know them. In ancient times, they were the same generation as me. At that time, they were famous. Almost all the ancient ethnic groups knew them."

"They were amazing talents known as the three kings of the human race at that time!"

"Three kings of the human race?" Ye Chen hears the speech and his eyes flash slightly.

Xiaojin nodded. In his eyes, a trace of playfulness appeared in his eyes and said: "the strength of these people was less than 100 years old at that time It's really powerful. Even our demon clan has to admit that it's just The personalities of these three people are obviously abnormal, even worse than description... "

Chapter 2793

"They were all the pride of the human race, and were called the three kings of the human race, but these three guys were dissatisfied with this title! They all think that they are the only king of the Terran... "

"So, as soon as they had a chance, they would fight and almost all would destroy many mountains in the seventh kingdom. At that time, the guardians of the human race of the kingdom of God had no choice but to seal the three together. Haha, it seems that these three guys are predestined. They even wake up together."

Ye Chen can't help shaking his head!

He has no intention of interfering with these people's affairs!

Just about to let Kim go!

Suddenly a voice came from my mind!

It's the voice of the ancient medical God!

"Ye Chen Of the three There's a man who smells like that guy! "

Ye Chen is slightly surprised!

He could feel the old man's words trembling!

There's anger! Blame yourself!

It's an extremely complex emotion!

Ye Chen knows who that guy is in Lao Cang's mouth!

That's old Cang's nightmare!

Lao Cang saved the next one, but that one slaughtered millions of powerful people in the kingdom of God!

From then on, Lao Cang no longer saves people!

Merciless way!

Ye Chen once swore! No matter how, we must split the nightmare in my heart!

This is my teacher's affection!

No matter which of those three people is related to the old Cang's heart demon!

Ye Chen must stop!

Ye Chen suddenly pointed to the direction of the three kings of the Terran family: "go and have a look."

Xiaojin was a little surprised and said, "master, do you want to interfere with their business? These three guys are very troublesome. Moreover, their strength is terrible. In ancient times, they have already been the cultivation of chaos seven layers sky. Although chaos seven layers sky is not very strong in ancient times, it can be achieved within 100 years old Very little... "

He knows that ye Chen is very powerful. If he is one-on-one, the so-called three kings of the human race are not ye Chen's opponents. However, if he provokes the three of them at one time, it's hard to say

Ye Chen's eyes flashed, and he said coldly, "I'm curious who that man is! Since they want to be king so much, I'd like to see if they have the qualification! "

Xiaojin nodded, and his body flashed, then disappeared in the horizon. In the blink of an eye, he had brought Ye Chen to a devastated land.

This place, which should have been a part of the tropical jungle, has become a hell like place!

Ye Chen's face sank. In this place, the earth cracked and countless cracks appeared. Magma poured back, turning the surrounding earth into scorched earth. The space was broken. Countless dark lightning flashed. The wind whirled around and destroyed everything. There were cracks in the martial law. The aura of the surrounding sky passed quickly, and the dead breath almost all turned into substance!

Ye Chen looked into the air and saw that there were three figures fighting with each other!

A tall man, dressed in a black armor, with bronze muscles all over his body, long, stiff hair and shoulders, his face is extremely masculine, and his eyes are burning with fighting spirit. He holds a hammer which is made of ice. Each hammer blows out, the cold wind blows everywhere, and the snow turns into sharp blades, cutting countless mountains into pieces. It seems that the terrifying force can make the whole earth do it Tremor!

He was dressed in white. He had a handsome face, a pale complexion, and long hair in the back of his head. He looked a little bit feminine.

However, although his appearance is extremely beautiful, his long sword, which is twinkling with piercing cold light and engraved with countless white and shining runes, is totally different from his appearance!

The sword spirit is extremely fierce and domineering. It seems to be able to cut the heaven and earth apart!

The last one, dressed in a bright red robe with black dragon pattern, and his hair and eyes were also blood red. With a funny smile on his face, he sat upright in the sky with one hand supporting his chin. The whole person exuded a strange charm!

In his whole body, it is surrounded by countless tiny cold light, just like a little bit of cold light rain!

That little cold light is a flying needle! Endless flying needles, flying all over the world, enough, there are tens of millions of ways?

To be able to control these ten million flying needles so easily, we can see how strong the spirit power of this red haired man is!

Xiaojin gazed at the three men. In his eyes, there was a dignified color and said, "master, those three people are the three kings of the human race."

"Xing qianhan, the king of war, who is tall and uses the hammer, is known as the king of war. In ancient times, he was said to have destroyed thousands of mountains and thousands of people died, but I was the only one who could not defeat the world. It is said that this man inherited the blood of the ancient god of war. His great strength can be called terrifying. The cold jade hammer in his hand is an ancient thing, and it is said that no one can lift it!"

"The famous swordsman in white is just a sword king named situ Xin, who is like flying snow and has a rainbow like air. The young master should have seen that this man's swordsmanship has reached the acme, and it is not just an empty word to cut the sky! In ancient times, in order to test his sword, he used to sit at the end of the sky for decades. When he opened his eyes, he cut through jiuchongtian with one sword, thus exploring the realm of Zhenwu with his swordsmanship! "

"The last man with red hair is dongfangsheng, the soul king. He is called the eyes as bright as blood and the God like the sea. When he reads it, he becomes a killer. He has an unknown origin. It seems that he came from an island outside the East China Sea. Suddenly, he is astonished. His spirit power is almost endless. The ten million flying needles he uses are his own unique weapon, which is called Yin Zhen Lin.

It is said that this man once killed Nian together, and with the power of this thought, he crushed the spirits of tens of thousands of people in an ancient sect into pieces... "

At this time, the three men smashed the ice hammer, sword light like a dragon, thousands of needles flying, fighting each other, did not notice Ye Chen and Jin tianog, or in other words, did not pay attention to them at all!

Ye Chen's eyes slightly squint, these three people are all chaotic state seven layers of heaven.

At the next moment, ye Chen suddenly flashed his body and appeared among the three people. The flying snow, sharp swords and thousands of flying needles that the three kings of the human family had attacked each other, were blocked by Ye Chen at this time!

Ye chenmu in the Jingguang circulation, holding the Sha sword, is ready to release the three attacks, but suddenly surprised!

The snow all over the sky and the sharp sword light dissipated in an instant, and countless flying needles returned to Dongfang Sheng's whole body as if in a flash.

These three people, unexpectedly because of Ye Chen's appearance, stopped one after another?

Ye Chen looked at the three people, and in an instant, his face showed a sudden color.

These three people, stop at the same time, not because they are afraid of Ye Chen, but because ye Chen can't get into their eyes!

At this time, whether it was the war King Xing qianhan, the sword king situxin, or the soul king dongfangsheng, they all looked at Ye Chen coldly.

The three men were obviously extremely proud. In their eyes, ye Chen, a warrior who cut through the troubled area, was not even qualified to die in their hands!

Xing qianhan said coldly to Ye Chen: "younger generation, get out of my sight. You are hindering this king."

Although situ Xin didn't speak, he obviously meant the same thing.

However, dongfangsheng chuckled at Xing qianhan and said, "my king? Hehe, after tens of thousands of years, you are still so shameless. "

"What are you talking about?" Xing qianhan's face was angry with each other. The cold jade hammer in his hand was surrounded by wind and snow. It seems that he is going to do it again!

"Shut up

At this time, a sharp drink, in the ears of the ancient three kings, like thunder in general!

They all looked at Ye Chen in an incredible way.

Chapter 2794

At this moment, the war King Xing qianhan, the sword king situxin, and the soul king dongfangsheng are staring at the youth in front of them!

What did they hear just now?

The boy who cut off the trouble should stop them? Talking to them in that tone?

Tired of living? What's wrong with your brain?

In ancient times, even if there was chaos, they did not dare to be so presumptuous in front of them!

The eyes of the three people are instantly cold down, killing the whole body, faintly overflowing.

They are all ancient times, can be called the youth supreme existence, their pride, can be imagined!

Don't insult the king!

Although this boy is not worth letting them do it, he offends Wang Wei. No matter who he is, he must die!

Ye Chen Mou son flickers to kill an idea, gaze at a few people.

He communicated with the reincarnation cemetery and asked laocang, "laocang, who are the people who hurt you! tell me! I will avenge you for this

At the moment, Lao Cang hesitated.

"Ye Chen, you'd better not interfere in this matter."

"What's more, it's just that the breath is somewhat similar to that person. It's possible that the cultivation of martial arts can be achieved, it may be related to the inheritance, or the blood is close to each other. There are too many coincidences."

"Moreover, if you follow that man's original evil spirit, after thousands of years, I'm afraid that your strength will have already broken through the realm of God, or even reached a higher level. Now you can't be the enemy."

Of course, Lao Cang wants to kill the evil spirit, but he is more willing to consider for ye Chen.

Ye Chen can't make enemies now!

If ye Chen falls, the so-called heart demon will really let him regret for life!

But at the moment, ye Chen's eyes are firm.

No matter who is in touch with the old man, he will find the existence in the dark for Lao Cang!

One day as a teacher, life as a father!

In a flash, the four murderous ideas collide continuously!

The atmosphere is even more dignified to the extreme!

At this time, a golden light flashed. A young man in a golden robe, with a pair of golden vertical pupils and a pair of golden vertical pupils, appeared at Ye Chen's side. It was Jin tianog who was transformed into a human form!

Jin tianog, though he has lived for a long time, is still in his youth in view of the extremely long life of the golden crocodile dragon.

When they saw Jin tianog, they all flashed their eyes and said, "Jin Tian og?"

Obviously, it is not only the three kings of the human race, but also quite famous in ancient times.

Jin tianog said with a sneer: "ha ha, three kings of the human race? This young master Ye is my master of Jin tianog. I will not allow you to speak ill of him

Jin tianog looks, complexion is as usual, in fact, in the heart is in crazy shiver!

The strength of these three men is higher than him. Although he is not vulgar in blood and has divine fire, he is enough to fight over the ranks. However, how can the three kings of the human race be compared with ordinary martial arts?

Jin tianog, means to do, can only reluctantly with one of them.

What's more, Jin tianog knows very well that these three people are completely insane! The brain is even more abnormal than the demon clan. If they are really angry and desperate to fight together, ye Chen, even if not, should still be able to retreat.

What about yourself? Only be killed by seconds!

However, Jin tianog is very clear, since he has become Ye Chen's servant, when the table is loyal, he must show loyalty!

Sure enough, Xing qianhan's three people looked even colder and colder than before, and their whole body breath was indistinctly agitated. Obviously, they were on the verge of outbreak!

However, they still did not hand, but in the eyes, with a trace of puzzled and curious looking at Ye Chen.

This little boy who just cut the bad situation can win over Jin tianog?

Although Jin tianog's strength is not their opponent, this guy is also a royal demon with extremely noble blood. In ancient times, they were all famous in the world. Even the three of them were not sure that they could give up their dignity and yield, but now they are willing to bow down to a human being?

Or a seemingly infinitely weak human being?

What's more, it looks extremely submissive?

It's just incredible!

In the ancient kingdom of gods, there were nine princes of the demon family. The descendants of these princes had the most terrible blood. The demon emperors of all ages often came from the nine demon families. They were called the royal families of the demon families!

The royal family, of course, are extremely proud of the existence, and Jin tianog is a member of the royal family!

Ye Chen ignored the shock of the three kings and said softly:

"I heard that you are going to decide who is the king of the human race? How about I help you? "

Dongfang Sheng sneered and said, "you help us? Boy, do you think you deserve it

Xing qianhan also sneered: "a mole ant, think how to cheat that stupid demon clan, will be invincible? We humans are not so gullible. "Hearing the words, Jin tianog glared at Xing qianhan and swore: "Laozi's brain is much better than that of a man with four limbs!"

He was ridiculed by Xing qianhan? Or ridicule the brain? Immediately, you will know, who is really no brain!

Ye Chen reached out and stopped Jin tianog, staring at Xing qianhan and saying, "Xing qianhan, the king of war? Is it strength that you are most proud of? "

"So what?" Xing qianhan and ye Chen look at each other, and they are also curious about what this strange boy wants to do.

Ye Chen suddenly smile and say: "in this case, can you compare with me?"

As soon as this speech was uttered, the broken world fell into a dead silence in an instant!

It's like the cold wind from the ice field, freezing everything!

The three kings of the Terran are all looking at Ye Chen in disbelief, dumbfounded, as if they have seen something strange that can't be seen for ten thousand years!

Compare strength with Xing qianhan?

Even Dongfang Sheng and situ Xin dare not say such big words!

They even admire Ye Chen

If they are the king of soul, the king of sword and the king of war, is this boy forcing the king? The first king of Terrans?

Even, they began to suspect, ye Chen, is it by dressing, jintianog to deceive?

Even Jin tianog frowned slightly. He knew that ye Chen's power was very strong and terrible. However, he had felt the power of Xing qianhan. Ye Chen's power may not be better than Xing qianhan's!

Ye Chen, it's big!

From Jin tianog's point of view, ye Chen's strongest point lies in his comprehensive strength, terrorist power and extremely strong military will. With that extreme weapon, he can definitely crush Xing qianhan!

But it's hard to talk about power alone!

The next moment of breathing, Xing qianhan suddenly issued a laugh!

Laughter from the sky!

Chapter 2795

He looked at Ye Chen indifferently and said with a wild laugh: "boy, do you want to compete with me? I've been sleeping for so long. No one dares to compete with my king!

You can say such big words, I admire your courage

Ye Chen smelled the speech, but shrugged his shoulders indifferently and said, "if you are afraid, that's enough."

Everyone, it was a surprise!

This boy, even want to continue to provoke?

Anyone, can see that ye Chen is using the method of provocation, but!

Even if it's a fierce method, Xing qianhan can't bear it at all!

He is known as the existence of the king of war, strength, has always been his greatest confidence!

Now, some people even use strength to challenge him repeatedly?

Xing qianhan's breath was violent, and the void around him began to break apart in his breath. His muscles were agitated, and the supreme power contained in it seemed to be like a volcano about to erupt, on the edge of the eruption!

He looked at Ye Chen coldly and said with a sneer: "well, you are the first one who dares to use strength to challenge this king. I will give you an opportunity to die under my own power."

In his eyes, there is endless killing intention. This boy may have some special and strange places, but he is only powerful. Xing qianhan has absolute self-confidence. Even if he is weird, under his great power, he can only be turned into blood mist to dissipate!

Ye Chen light way: "is it?"

He put away the evil sword and broke out seven times of blood light on his body surface. In the blood light, there was a faint flash of golden thunder, and his soft hair was calm!

Jin tianog's pupil shrinks and his face changes again. Ye Chen doesn't even use that strong sword?

He knew that ye Chen's sword, even if driven by pure power, was absolutely above the cold jade hammer!

Ye Chen, this is a bit cheap do not want to take, really want to pure strength decisive defeat!

Ye Chen stares at Xing qianhan and says faintly: "I advise you that you'd better do your best."

"Full strength?" Xing qianhan disdained to smile, but he still nodded: "since you challenge this king with your strength, I will give my full strength naturally!"

Although he thought that ye Chen could not bear even one thousandth and one thousandth of his own strength, he was proud of his strength. If he did not spare no effort to maintain his dignity in strength, he would be sorry for this pride!

At the next moment, ye Chen and Xing qianhan, the king of war, are all moving. They are crazy, shaking in the void, and neighing in the air. At the same time, they both hit each other hard!

Two figures, such as cannonballs, shoot at each other at high speed. The fists containing the power of destroying the heaven and the earth collide with each other!!!

In an instant, time, as if still!

Dongfangsheng, situxin, jintianog, are all instant pupil crazy contraction!

A cold sweat, from three people's cheeks on the slide!

Before the earth shaking sound came out, the first thing that broke was everything around them!

Within a thousand miles, the invisible and intangible things that can't be touched are just like glass, and they are breaking fast!

Turned into darkness!

Then, it was the shocking sound that shook the heaven and earth and swept the whole kingdom of God!

Even the three strong people present felt a sharp pain in the eardrum!

After the storm, swept across thousands of miles, its momentum, is even more terrifying than when the three kings of the Terran fight!

The scornful smile of the war King Xing qianhan collapsed quickly and turned into a look of incomparable astonishment. In his slightly blue eyes, what was reflected was the smile gradually emerging on Ye Chen's indifferent face.

Full of self-confidence, pride, as if the sky has reached the end of the smile!

The next moment, accompanied by the extremely violent roar, the bones of Xing qianhan's hand were broken, and the red blood splashed out. Meanwhile, Xing qianhan's body, with the speed of twice as fast as before, was smashed towards the rear!

With a loud bang, Xing qianhan smashed countless peaks, leaving a huge pit on the earth!

And ye Chen, is also a series of retrogression, every step out, has been turned into a dark space, leaving a bright footprints flashing golden awn!

It can be seen that every step he stepped out, how much strength he used!

Until stepping out of the ninth step, ye Chen's body shape finally stopped!

Dongfang Sheng and his three men took an incredible look at Ye Chen, who was standing in the air with a look of indifference. In their eyes, ye Chen was shining with pride and glory, and he was smashed into the ground. At this time, Xing qianhan, who was barely standing up, broke his hand bone!

The pupils of their eyes contracted wildly, and they could hardly believe that what they saw was a real scene!

Two people, pure strength of the duel, win, is actually cut the adversity of Ye Chen!!!

Even these super young strong men in ancient times, who were in a period of time, couldn't help but take a breath!

Jin tianog, is full of horror to look at Ye ChenIs this the real power of Ye Chen?

The sword that cuts oneself down, ye Chen has not done his best yet!!!

At that time, when ye Chen fell from the sky and imposed a slave seal on himself, he did not use his strongest backhand

The man in front of me can't see the limit at all!

Although his backhand is very strong, if he really uses it on Ye Chen, he will definitely die by himself

"Come again!"

Xing qianhan above the ground, at this time, but issued a roar!

In the blue of the eyes, the blue is beating!

He doesn't accept it!!!

Not satisfied at all!!!

Also do not want to believe that they are proud of the power, unexpectedly, lost to others!

Ye Chen, but light way: "you, have lost!"

Xing qianhan was stunned and gasped heavily. After a while, he calmed down.

He, indeed, lost

Whether he admits it or not, this is the fact!

Xing qianhan, the king of war, lost to the youth in front of him in strength!

In an instant, Xing qianhan's face appeared a very strong unwilling color!

However, when he recalled the power of Ye Chen's fist, he could not help but show a trace of desolation on his face and murmured: "what kind of power is this? It seems that it is far more powerful than mine?"

"Is this boy really a disaster?"

"It's terrible to have such a foundation."

"If you cut off the adversity, you will have the power of chaos Fantastic

Suddenly, he raised his head and looked at Ye Chen. In his eyes, the essence was shining. He said solemnly: "what's your name?"

"Ye Chen."

Xing qianhan nodded: "Ye Chen, you win, I give up the name of the king of war."

When people heard this, it was a thrill again!

Xing qianhan, who was extremely proud, actually gave up the name of the king of war?

Chapter 2796

How many years have you been fighting?

Even, several times, they were seriously injured and dying!

Even so, Xing qianhan didn't give up the idea of being king. Now, because of Ye Chen's fist, he gave up his pride for many years?

"But..." In his eyes, suddenly burst out a sense of War: "when I use my strength to wash away today's disgrace, I will take back the name of the king of war again!"

Ye Chen faint smile way: "at any time to accompany."

He knew that it was useless to reason with the three kings of the human race!

The only way is to use strength to suppress it and trample on its pride!

And the best way is to defeat them with their proudest strength!

As for the future, will they oppose it?

Ye Chen has self-confidence, no matter how these people practice and how to improve, they can never compare with their own speed of progress!

Xing qianhan said that, also did not continue to fight with situ Xin, dongfangsheng interest, directly into a Guanghua, left on his own!

Now, the only thing he wants to do is to improve his own strength and crazy to improve his strength!

Then, a snow before shame!!!

Take back your pride!

Ye Chen didn't stop him, because the breath that Lao Cang felt was not Xing qianhan.

After Xing qianhan left, ye Chen looked at situ Xin and dongfangsheng and said with a smile, "now, do you think I am qualified to help you?"

I'll admit that you and I are qualified to be the leader of Dongfang

Ye Chen was silent for a moment, then said faintly, "this, don't worry at first."

Said, he looked at dongfangsheng, the corner of his mouth, raised a strange smile and said: "not so, you and I have a god soul competition, how?"

"What?" Jin tianog can't help but exclaim!

In terms of strength, he crushed Xing qianhan and ye Chen, and wanted to crush dongfangsheng on the spirit!

At this time, Jin tianog's heart, can't help but emerge an idea that he can't believe

Ye Chen, will not want to, in ancient times, the pride of the three kings of the human race, respectively crush the three people!!!

In that case, there is really nothing to argue about

What else can be argued about?

If, these three people, the most proud place, all lost to Ye Chen, with their pride, what face, call themselves king?

Only Ye Chen is the real king of human race! The only king! Absolute king!

In the eyes of Dongfang Shengxue, a burst of red light burst out. On his face, a strange smile appeared. He stared at Ye Chen, and said in a cold voice, "are you sure?"

Ye Chen did not speak, but looked at Dongfang Sheng faintly. In his eyes, he was full of indifference.

"Ha ha ha ha ha." Dongfang Sheng smiles gently, but he laughs so much that his whole body almost turns into substance!

"It's been a long time since you've been such an interesting guy."

To the child's eyes of cold to him, can't be like this

Ye Chen's eyes twinkle slightly. The difficulty of physical training is above the cultivation of Qi, and the difficulty of soul cultivation is more than that of physical cultivation!

Together with spirit and soul, is the most test of talent practice!

This is why soul cultivation is so rare!

If, above the spirit, the talent is not enough, let alone in the spirit together, what level, even to become soul cultivation, can not do!

Dongfangsheng, with its qualification on the soul Road, is unique in the history of the kingdom of God!

Truly amazing!

This is why Dongfang Sheng is more angry and more murderous than Xing qianhan!

Dongfangsheng is the youngest of the three kings of the human race!

In fact, Dongfang Sheng's cultivation is incomparably young!

Situ Xin, it took many years to understand in the sky!

What about dongfangsheng? When he was only 40 years old, he became one of the ultimate soul cultivators in suppressing a region and got the title of soul king!

But at this time, he and ye Chen look at each other, blood light in the eyes, crazy tumbling!

How old is this kid?

Not over thirty, right?

Unexpectedly, just want to fight with me on the spirit?

Ha ha

Does it mean that one's spirit talent is more exaggerated than his soul King Dongfang Sheng?

"How do you compare it?" East Sheng Sen ran road.

He wants Ye Chen. He is convinced by his death!

Use Ye Chen's rules to defeat Ye Chen!

Ye Chen said with a smile: "and Xing qianhan duel, almost, you and I with the soul force to bang, how?" The smile on Dongfang Sheng's face was even more ferocious: "boy, I will let your spirit vanish in an instant, without pain!"

At the next moment, Jin tianog and situ Xin are all eyes flashing!

Ye Chen and dongfangsheng's whole body, each erupts a spirit power, surging turbulent!

Two people's eyes, in the air collision, almost to rub a spark, that powerful incomparable soul power wave, instantly toward each other shrouded away!

Space, under the impact of two people's soul force, began to slightly twist up!

Dongfang Sheng felt his spirit under the impact of Ye Chen's soul power. However, in his blood eyes, he showed incomparable contempt and ridicule!

Ye Chen's power of spirit is not bad. He can make his spirit suffer a trace of influence. However, compared with himself, it's too poor!

If ye Chen's soul power is a big lake, his soul power of Dongfang Sheng is a vast ocean!

There is no comparison at all! No matter how big the lake is, it is just a lake. How can it be compared with the sea?

Facing Ye Chen, he laughed wildly: "ha ha ha, boy! Do you dare to fight with me with your soul power? What do you think of Ben Wang? Looking for death, really looking for death! Pay for your arrogance! Kill me

In an instant, Dongfang Sheng's endless, extremely violent soul power, in an instant, he drowned Ye Chen and hanged him towards the spirit of Ye Chen!

Situ Xin shakes his head. Ye Chen's martial arts ability is indeed very good. In time, he may not be able to surpass Dongfang Sheng in the spirit road. Unfortunately, he is too arrogant and too conceited.

So, kill yourself!

Jin tianog's face is crazy change, is Ye Chen going to die here?

But in this moment, the smile on Dongfang Sheng's face was solidified.

And Xing qianhan general, began to crazy collapse!

"How could it be?"

His blood Mou trembles to look at Ye Chen, open a way.

And ye Chen, under the impact of the turbulent soul force, is still smiling.

Dongfang Sheng has no effect on Ye Chen?

What the hell is this?

He has never seen such a thing in his life!

Chapter 2797

He can feel very clearly that ye Chen has never used any defensive means!

But even so, their own soul power, is unable to shake each other's cent?

There is only one explanation for this situation!

That is, ye Chen's spirit is so strong that he is far superior to himself!

But why, ye Chen's soul force impact, only slightly shakes own spirit?

Dongfang Sheng, his face suddenly changed!

Is it because ye Chen's spirit is too strong, once he exerts his full strength, he will instantly kill himself?
So you deliberately let water out?

At this moment, he looked at Ye Chen's eyes, completely changed

My soul king dongfangsheng, even connect the qualification of the other party's one blow, none of them?

Is it not to say that he is more unbearable than Xing qianhan?

Dongfang Sheng's face, instantly gray down, the whole person, are out of spirits, he lost to a boy in his twenties? And it's the one with the biggest gap?

Ye Chen said faintly: "dongfangsheng, how do you feel?"

Dongfang Sheng lowered his head and did not speak for a long time. Suddenly, he suddenly looked at Ye Chen and said, "I lost."

He turned and went in a certain direction.

"Ye Chen, I will defeat you on the soul road before Xing qianhan

Ye Chen gently breathed a breath, in the eye, flashed a trace of cunning meaning, on the soul road defeat oneself?

It seems that Dongfang Sheng can't do it in this life.

In fact, he fought with the spirit of the East!

If we only compare the strength of spirits, ye Chen has the body of reading demons, and has been strengthened by divine blood, Zhenshen pagoda, magic spirit devouring and so on, which has surpassed the general chaotic state. However, compared with dongfangsheng, ye Chen is still far from perfect!

Unfortunately, it's a pity that it's the nemesis of soul cultivation! No matter how strong the soul cultivation is! Even if it is the first soul cultivation, soul king dongfangsheng, it is the same!

His spirit now has the reincarnation graveyard, and several great powers are jointly guarding it. No matter how powerful the soul cultivation is, if you directly attack his spirit, it will have no effect at all!

Unfortunately, Dongfang Sheng didn't know all this. Instead, he thought that ye Chen's soul strength was far beyond himself!

Let his self-esteem, pride, blow!

At this time, ye Chen suddenly felt a fierce incomparable, just like the cold sword front general vision!

That's from situ Xin's eyes.

He is also the only suspect of the old Cang heart demon.

At least, situ Xin may know that one!

At this time, the whole man was just like a long sword out of the sheath. On his delicate face, he raised an open smile and said to Ye Chen, "what challenges have you prepared for me?"

Situ Xin is a famous swordsman!

The most important thing is the state of mind, and situ Xin's swordsmanship is to cut the sky and destroy the nine!

How can a warrior like Ye Chen, who has unparalleled resources, stand in front of himself and not want to fight against him?

Situxin's blood quickened and his fighting spirit burned in his eyes!

Ye Chen looked at situ Xin, and a dignified color flashed in his eyes. In his opinion, the most difficult to win is situ Xin!

If he fought with all his might, situ Xin might not be his opponent. After all, ye Chen's comprehensive strength is too terrible!

However, what ye Chen wants to do is not take his life!

Instead, they will be subdued and suppressed!

The three kings of the human race are the most amazing existence in ancient times. They are the mainstay of fighting against the disaster of extinction. They can't be easily damaged.

However, he did not have an absolute grasp of the realm of martial arts and the meaning of true martial arts!

Immediately, ye Chen said in a deep voice: "you and I, how about the artistic conception of martial arts?"

Situ Xin said with a smile: "it's just what I want!"

In kendo, the most important thing is the heart and meaning of Dao. If ye Chen's artistic conception of martial arts surpasses himself, he is superior to himself in kendo!

The next moment, a strong sense of true martial arts, from the two people, rose from the sky!

Jin tianog's face color changed, the two martial arts artistic conception is strong, even, makes the surrounding environment, has changed!

For a moment, he seemed to be in the crack between the two worlds!

On one side, there is a blue sky. In the sky, there are clouds and clouds floating. At the foot of the sky, he has never seen a strange scenery. Countless strange buildings are all over the earth. At the end of the sky, there are countless stars shining. Each star light is like a cold sword that can cut the heaven and the earth to pieces!

This is what ye Chen's true martial arts means to transform the artistic conception of martial arts!

On the other side, it is also a sky, but this sky is extremely dim yellow, similar to the color of blood red!

The boundary of the sky seems to have an invisible barrier, as if, there is the end of the sky! There is a huge sword shadow hanging above the barrier. On the sword shadow, there is an extremely sharp breath. At this time, the invisible barrier is already dilapidated, and there are countless shocking sword marks on it!

This is the true martial intention of Situ Xin!

In a flash, the two worlds collided!

Countless cold stars, falling from the sky, turned into the sword light like the sea, toward the sword shadow in the bloody sky, surging away!

And that sword shadow, also sends out a clear sound, turns into a long rainbow, cuts to the rolling sword light!

In the silent collision, countless stars smashed, Dao Dao sword light disappeared, Ye Chen and Situ Xin's martial arts artistic conception, all in crazy collapse, dissipation!

On their faces, both of them showed a deep color!

After a moment, everything returned to nothingness, and the scenery around them restored to their original appearance, as if nothing had happened.

Jin Tianog's chin, a drop of cold sweat rolling down, this silent battle, too frightening!

He stammered, "Ping Is it a draw? "

Situ Xin, however, suddenly shook his head with a bitter smile and said, "no, I lost."

He looked at Ye Chen's feet!

There, still stand a variety of strange buildings, Ye Chen's martial arts artistic conception, has not completely collapsed!

Although, that innumerable stars, all fall, the whole sky, are broken, but, in this piece of artistic conception, there is a star, still intact!

Is the land under Ye Chen's feet!

This is Ye Chen's heart, the last stick to it?

The shadow of situ Xin's sword has completely disappeared

Situ Xin gently vomited a breath: "did not expect, we three people, fight for so many years, but all lost in your hands."

Even if he was convinced by his talent, he was very proud of him

With his own strength, he suppressed the three kings of the human race in ancient times!!!

This almost miraculous feat was easily accomplished by Ye Chen?

Chapter 2798

Together, situ Xin Jianguang is ready to flee to the distance. Although he doesn't say anything, ye Chen knows that situ Xin has the same idea as the other two.

But ye Chen is not allowed to let situ Xin leave!

"Stop!"

Situ Xin's step suddenly stopped, did not turn around, but the ultimate intention to kill: "how, you still want to kill me?"

Ye Chen smiles and walks towards Situ Xin step by step. After a few steps, he stops and raises the evil sword in his hand!

Unparalleled power soars to the sky!

Strong sense of martial arts seems to lock in Situ Xin!

Situ Xin was slightly stunned. Did Ye Chen want to kill himself because of his so-called false name?

He turned and looked at each other.

He looked at the sword in front of him in horror. Then he suppressed his shock and said, "there is no hatred between you and me. You want to kill me?"

Ye Chen didn't have any nonsense. He said word by word: "who does your martial arts come from? In other words, who is your master?"

At this moment, Situ Xin looked dignified!

What did he understand!

He said it!

"It seems that it is still because of my master."

Ye Chen's face shrinks, as expected!

Lao Cang's heart demon is the master behind Situ Xin!

At the moment, he can even feel the mood of the old man in the tomb of samsara!

"What's your master's name?" Ye Chen Dao.

Situ Xin shook his head, and his eyes were relieved: "in ancient times, I once worshipped under the door of Mo Xueming."

"I know that Mo Xueming is a sinner in the kingdom of God, but he is still here. I want to learn his martial arts."

"His way of killing and sin is the taboo of the world."

"It is also the existence that the warrior yearns for most."

"I was under his door for 67 days, and he trained me as a close disciple."

"But at last I left!"

"Because if you want to practice his skills, you have to kill your parents."

"I can't be so heartless, and I can't use the fate of my relatives to achieve my martial arts."

The next moment, situ Xin pulled off his coat and revealed a startling scar.

Under the scar, is an ancient text!

Hell!

It seems to have been penetrated by a sword!

"When you return the blood to me, don't leave the blood."

"However, my martial arts achievements are also based on Mo Xueming. If Mo Xueming kills your close relatives, I will pay with my life."

"It's cause and effect."

Speaking of this, Situ Xin closed his eyes.

Ye Chen took back the evil sword.

The voice of the old man came from his ear.

Ye Chen has been confirmed!

Lao Cang's heart demon is Mo Xueming!

But Situ Xin is innocent!

He's a victim!

"You go, this is the grudge between me and Mo Xueming, it has nothing to do with you." Ye Chen Dao.

Situ Xin opened his eyes and took a deep look at Ye Chen. The sword idea disappeared in the world!

But after he left, his voice slowly resounded:

"Ye Chen, Mo Xueming is not as simple as you think."

"His ambition is to control the heavenly palace."

"How can an ordinary warrior dare to dominate Tiandao palace with words?"

"Ten thousand years ago, he was the overlord. Now he will only be stronger."

"If I were you, I would give up."

Ye Chen closes his eyes.

And then all of a sudden!

His mouth showed a bloodthirsty smile: "Mo Xueming? It's interesting. "

"I'm curious to meet you!"

At this time, Jin tianog was completely stupefied, stunned and unable to extricate himself

Ye Chen, it's a god!!

Although the three kings of the human race are amazing, in ancient times, they were not the strong ones who could defeat them

However, if we beat the three men on top of their strengths, Jin tianog can say for sure that no one can do it

But ye Chen, did this almost impossible thing!

Not God, what is it?

He suddenly felt a burst of joy!

Perhaps, become Ye Chen's servant, perhaps, is a good thing instead?

Ye Chen flies back from Mo Xueming's thoughts, and says faintly, "Xiaojin, let's go."

Jin tianog at this time, is no longer deliberately performance, but from the heart, extremely respectful answer: "yes!"

At the next moment, he turned into noumenon, carrying Ye Chen, flying away in the distance.

.....

At the same time.

In the dark swamp, suddenly came a cry of surprise!"Yes, here it is!"

Yin Zun is holding a compass with countless runes printed on it. At this time, the light from the compass is pointing to them not far away!

Yin Zun looks ecstatic and stares at the place where the light points. As long as he finishes this, he can accept the Yin Qi of his ancestors again!

He couldn't wait to shout to a group of disciples: "set up a battle!"

All the disciples looked at each other, and their bodies flashed. In their hands, they all took out an array equipment.

And Yin Zun himself is standing in the eye of the array!

In an instant, these ancient deities and the Yin Zun of the chaotic state were all in a frenzy of breath, rolling spiritual power and pouring into the array weapons in their hands!

A great array of Yin Qi overflowing appeared in the swamp. In the formation, a ferocious ghost shadow appeared. As soon as the shadow appeared, it was a big mouth and shot out a gray light, which severely bombarded the compass light!

A strange scene appeared, where the gray light fell, there was nothing in the swamp, but suddenly appeared the seal formed by the red chain!

Those ancient shenti disciples were stunned when they saw the seal, and then they were happy!

And Yin Zun is even more excited!

A few people roared, their whole body spirit power, more quickly into the hands of the array of weapons, the ghost in the air, issued a sad sharp cry, more condensed a point, and it spit out the light column, also more thick!

Gray light column, a little bit of wear away the seal

Red chain, gradually broken

Finally, three hours later, at the time when everyone's spiritual power was about to be exhausted, the last chain broke completely!

The whole seal, tends to collapse!

Everyone looked at each other and saw the joy of each other's eyes. The seal collapsed, which means that the place is about to open!

Those disciples in the chaos state swallowed pills one after another, and their eyes were flashing with eager light. They saw Ye Chen and Bai Yuhuang fight, and they were more and more eager for strength!

This seal has a very ancient flavor, which shows that it has existed for countless years, and there is little power left. But even so, with so many ancient gods and body talents, and the later existence of the chaotic state of Yin Zun, they had to bombard the array for several hours before successfully destroying it. It can be imagined that the benefits of this secret state are so great!

Chapter 2799

However, what makes them a little strange is that this seal is more like a seal to suppress certain existence than a seal of secret land?

At this time, all the people present changed their faces. On their backs, a chill rose rapidly!

A melancholy laugh, which seemed rather weak, echoed in the swamp!

"What is this?"

Zhou Cheng exclaimed. He had a long sword in his hand. His eyes swept through every corner of the dark swamp, but he got nothing

Vaguely, a very ominous premonition emerged from the bottom of his heart!

Even Yin Zun was a little flustered. How could this happen?

Didn't the ancestor say that he asked them to open the seal of a secret place and get a treasure for him in the secret place?

Where did the laughter come from?

What's more, the strange and sharp laughter is not what human beings can give out. Even if it is the later existence of the chaotic state like Yin Zun, when you suddenly hear it, your mind will tremble!

This laughter is absolutely not simple!

However, he thought of the instructions his ancestors had given him and the Yin Qi infused body promised by his ancestors. He immediately gave a big drink and said, "calm down! This is a normal phenomenon of the opening of the secret place! "

Yes, ancestor, how can you cheat yourself?

Those chaotic genius, who were armed with weapons and were ready to turn around and escape almost at any time, looked at each other with a trace of hesitation. However, Yin Zun was the head of the sect, so they still calmed down.

Only Zhou Cheng's eyes flashed. He drank a low voice. Regardless of the situation, he spread out his body and ran towards the distance!

When people look at Zhou Cheng, they are all shocked. Zhou Cheng even disobeys the order of the sect leader?

Zhou Cheng's face was cold sweat and his eyes were shaking wildly. His intuition was always accurate. At this time, he felt that the breath of death was almost too strong for him to breathe. He was almost sure that if he stayed here, all of them would die!!! At this time, where should we be concerned about the headmaster?

Own life, to own control!

"Zhou Cheng, you come back to me!"

Just as he was about to stop Zhou Chengzhi, a strange gray shadow flashed past in front of everyone.

So What's that?

In a moment, all of us are shocked!

What a strange breath!

What a heavy Yin death!

They are all martial arts of ghost sword sect. They are not unfamiliar with Yin Qi and ghosts

However, they have never seen such a terrible ghost since they practiced!

Well, it's just the fierce ghost among the fierce ghosts

All people, are involuntarily shaking, from the soul of shaking!

At this time, Zhou Cheng, who had already run far away, suddenly let out a scream, and his whole body twisted in a strange direction.

His neck, constantly rotating, twisting, the whole head, in a very abnormal posture, turned 180 degrees, looked at the people behind him, his eyes full of intense pain and fear!

At the next moment, with a roar, Zhou Cheng turned into a blood mist and was swallowed up by the gray shadow.

"Master, what should I do?"

"Master, what's the matter with this fierce ghost?"

"Headmaster, is there any way to suppress evil spirits?"

Several genius of chaos state, seeing this horrible scene, were all in turmoil, almost unable to keep their senses, and looked at Yin Zun like asking for help.

But when their eyes fell on Yin Zun, all of them were stiff

At this time, Yin Zun, full of despair, seems to have completely collapsed, more unbearable than them!

It's over

It's all over

Yin Zun in the later stage of chaos is their last hope!

When the three people moved, ready to flee in different directions, the gray shadow suddenly divided into three, and went towards the three at a fantastic speed!

The remaining three ancient geniuses had no time to react. Their limbs began to twist uncontrollably to an abnormal direction. A head turned 180 degrees as if it had been formed. The eyes were filled with pain and fear.

With a roar, it turned into blood mist and was absorbed by the gray shadow. The three gray shadows merged into one. Originally, some vague body shape gradually solidified. The man was actually a ghost with extremely pale face, bloodshot eyes, tongue hanging out of the mouth, limbs twisted, and head turning 180 degrees to the back, in a ferocious condition!

Yin Zun was excited. At this time, he finally came back to his mind and looked at the fierce ghost in front of him and said in a trembling voice, "you You are not the ancestor of ghost sword sect... "

He now, where is not clear, he was the so-called ancestor ghost, deceived ah!

"The ancestor of ghost sword clan?" The fierce ghost said with a sad smile: "fool, there is no ancestor of the ghost sword sect. The so-called ghost sword door is just a successor left by my father in those days..." His bright red lips open, showing a terrible smile: "did not expect, actually used."

"Human beings are as greedy and stupid as ever?"

"Die for me!" Yin Zun drank violently and held a long knife with ghost head. His whole body was full of Yin Qi, and he was about to cut it out towards the fierce ghost!

The fierce ghost, however, showed a penetrating smile. He was unmoved and didn't even mean to dodge.

At the next moment, Yin Zun's eyes glared and his body became stiff!

How could this happen!?

"You have suffered almost all of the Yin Qi infused into your body in the spirit division of Ben Zun. Do you think it's for nothing?"

At this time, the rolling Yin Qi in Yin Zun's body was not controlled by him at all!

The fierce ghost sneered and shot away towards the Yin Zun!

"No Yin Zun uttered a despairing roar. In a flash, his eyes were darkened, and his spirit completely disappeared.

All of a sudden, Yin Zun's body trembled for a moment, and a miserable smile appeared on his face. He opened his mouth and said, "I have been sealed for so many years. Finally, I am free again."

That fierce ghost, at this time has occupied the body of Yin Zun, his whole body breath is also rapidly pulling up!

The whole swamp is turbulent in the rolling Yin Qi. Even in such a bad environment, the black and purple plants that are good to survive are withering and withering under the breath of "Yin Zun"!

In the twinkling of an eye, the whole swamp becomes empty!

At this time, the fierce ghost who occupied the body of Yin Zun, the terror of breath, made the heaven and earth change color. In the sky, lightning and thunder, as if, are also afraid of this evil ghost who returns to the world!

The ghost received his breath, and then he snorted coldly: "hum, is this the realm? It seems that if I want to recover my full strength, I have to swallow up some more powerful warriors. "

Chapter 2800

On his face, the color of yin and cold was more intense. He licked his lips and flashed a hungry and thirsty color in his eyes. He chuckled and said, "is God extremely Zong Ye Chen? It must be delicious to eat up? "

At the next moment, Yin Zun, who had been taken away, disappeared in the swamp and fled towards the horizon.

That extremely strong gravity, to its, is as if nothing!

Soon, the lost Yin Zun stopped.

The place where he appeared was in the poison valley where Lin Juelong died.

He closed his eyes and gazed at everything around him, frowning: "it seems that this secret is not only owned by me, but also familiar with the atmosphere here."

"And how could that man absorb so much blood?"

"If that man is still alive, I can be a disciple."

"No, his body has already condensed the spirit of soul destruction. Is it so easy to die?"

Suddenly, Yin Zun nose slightly sniffed, a familiar breath surging.

The next moment, he looks extremely scared!

"Those people I came here... "

"Took away the soul of that man, miedao spirit?"

"Why don't you kill the boy named Ye Chen?"

"Does Ye Chen have a background?"

Yin Zun pondered for a moment, shook his head, and said to himself, "I'm afraid I've thought too much. The identity of this son has been shown in detail. It's impossible to have contact with those guys."

"The only possibility is that those guys will cherish their talents."

"But, isn't this just what I want? If I can be recognized by those guys, if I swallow up his strength and blood, I'm afraid I can step into heaven! Ha ha

"Such a wedding dress is a gift from heaven."

"More importantly, the boy seems to have taken what belongs to me!"

Ferocious laughter spreads all over poison Valley!

.....

Shenjizong.

A man with handsome face and ancient breath is practicing. This man is Yang Chiyuan!

After he surrendered to Ye Chen, he came to shenjizong according to his words and sat down here. Suddenly, his eyes opened and his eyes flashed red.

With a frown on his brow and a flash of his figure, he appeared outside the mountain protection array of shenjizong.

At this time, the sky, thunder bursts, dark clouds rolling, even if so far away, Yang Chiyuan, still can feel, a cold Yin Qi, is toward the shenjizong, galloping!

"This is..."

Even in ancient times, he had never felt such a strong Yin Qi!

All of a sudden, several figures flash, Yu Zhenzi, the elder and others also appear in the side of yangchiyuan in horror.

"Young master Yang, this is..."

Yang Chiyuan sighed and said, "open the big array with all your strength. Trouble is coming!"

His face is extremely grim, that Yin Qi is not the ordinary existence can send out!

Moreover, it is obvious that he is coming for the God Jizong!

Several people moved and entered all parts of the array, and the principle of Yangchi was in the eye of the array!

After the moon appeared on the jade ring, this mountain protecting array has been blessed with all kinds of excellent materials that only existed in ancient times in the kingdom of God. If Yang Chiyuan was in charge, it would be able to resist the attack of the warriors in the later chaotic state!

The whole body of the dragon, the fog, the whole body, the spirit of the dragon!

At this time, in front of the holy mountain, a man with a gloomy face and an extremely strange breath appeared in the air with a sneer, looking down at the fog dragon under him, and his face was ironic.

"Yin Zun!? How could it be him? "

After seeing the visitors clearly through the Dharma array, all the high-ranking officials of shenjizong are looking unbelievable!

How can Yin Zun, the master of ghost Dao sect, appear here?

However, what shocked them most was the strength of Yin Zun!

Now they can't see through the cultivation of Yin Zun?

Although they couldn't see through, they knew that Yin Zun would not be more difficult to kill them than to crush an ant!

Last time, in the battle at the top of the gods, Yin Zun was just a warrior at the beginning of chaos, right?

It's been a long time. It's been a long time!

This kind of promotion speed, ye Chen may not be able to catch up with it? It's appalling!

At this time, Yang Chiyuan said in a deep voice: "this man has been robbed! What occupies this body is a ghost that has existed since ancient times! "

His face is very calm!

Why?

Because even he can't see the strength of Yin Zun now!

"Take the house?"

When people heard this, their looks were even more frightening. The whole body would be stiff, and the spiritual power would not work! Yin Zun's strength is not weak. The most important thing is that he is the leader of the ghost sect. Among the first-class forces in the kingdom of God, ghost Dao sect is the best at dealing with all kinds of ghosts!

Snatch, originally is the strength is far higher than the other side, can achieve, can imagine, this ghost has how terrible!

A smile easily penetrated through the barrier of the big array, echoing in the minds of the people. Just this smile made yuzhenzi and others feel confused, and their sense of fear could not be restrained!

"Yin Zun" coldly said, "I am song Ze, the ghost king who ranks first in the ancient times. I will give you a chance to open the big array, kneel down in front of Ben Zun, and then hand over the boy named Ye Chen."

His face suddenly floated a very sinister smile and said: "in that case, I can let you die a little easier."

"Can be devoured by the Lord, but the supreme glory!"

"Song Ze!" Yang Chiyuan couldn't help exclaiming. This time, even he couldn't keep calm!

Even in his time, the ghost king song Ze belonged to the existence of terror!

It is said that this man studied the art of swallowing blood vessels in ancient times. After swallowing the blood of one hundred thousand martial arts men, he eventually became the existence of people, ghosts and ghosts!

Because of the endless resentment, and blood washed thousands of miles, the 100000 talented warriors, all died in a terrible posture!

Known as one of the ten evil spirits in ancient times!

The so-called ancient ten evil spirits are ten kinds of evil spirits that cause unimaginable disasters to the ancient people!

Song Ze's terror is like a natural disaster!

Or, the most serious one!

In this era, song Ze returned?

Is it possible that the kingdom of God will be destroyed before the disaster of annihilation comes?

Ye Chen?

This ghost king, unexpectedly is for ye Chen to come?

Originally, some of the God Jizong people, after hearing Ye Chen's name, looked calm in an instant!

Everyone's eyes, are flashing a decisive color!

Although Ye Chen is not in the sect now, even if ye Chen is in shenjizong, as long as ye Chen is targeted by the ghost king, they will be reckless until their souls are burned out, and they will fight against it and never yield!
