

Physician 2881

Chapter 2881

Now.

Red wanlei has gathered into an ancient rune.

Rune carries the power of heaven, just like a thunder grave to suppress countless powerful people!

Qu Xueyong is short of breath and wants to blow himself up to save Ji Siqing. However, he finds himself confined by an invisible force!

Even he was forced to fly out!

Spit out a mouthful of extremely rich blood!

You old eyes complex, he wanted to move countless times, but now is not the point where he can intervene.

It's not just anger!

This is against the rules of the world!

This girl should never have been wrong, that is to insult that one!

"Boom!"

See that red wanlei will touch Ji Siqing's sword meaning!

All of a sudden, a sudden change!

Ji Siqing eyebrow that strange mark blooming a very bright light.

Then, a shadow shot out of the eyebrow.

That's a woman!

A woman like Ji Siqing.

However, regardless of temperament and force, it far exceeds Ji Siqing!

You old body is shaking!

His knees fell unconscious!

"Ye Jiuyou met Miss Qu!"

If Ji Siqing still can't let you old shock, virtual shadow in person seems to bring you back to that era of war!

However, that arrogant all of the virtual shadow is just a light glance at you old, the next second, is toward the red wanlei cut!

One sword!

Petals around!

The void is torn!

Everything vibrates!

This sword is beyond the martial law of the kingdom of God!

This sword, set off countless winds, let the whole world as if in the chaos of the beginning of the scene!

With this sword, the terrible red wanlei was killed directly!

The wind has stopped.

Dust falls.

The shadow returns to Ji Siqing's body.

And Ji Siqing is also spit out a mouthful of red blood.

Overdraft of the power of the past life, naturally there are some losses to her.

But she had to.

Ji Siqing slowly raised his head, his eyes fell on the old man, and said faintly, "Ye Jiuyou, are you sure you don't open the prohibition now?"

You old just wanted to say something, but Ji Siqing directly interrupted and continued: "there is one thing, you may not know, this life, not only me."

"And the Lord of reincarnation."

"Your emperor, come back."

As soon as you say this, you are old and muddled.

The sunken eyes turned red.

His scalp was numb and his body was shaking. He couldn't believe it.

"Miss Qu Really Is that true? "

Ji Siqing's eyes were indifferent: "Ye Jiuyou, do you really think the reincarnation Lord will fall so easily?"

"He controls reincarnation. Can't he arrange it by reincarnation?"

"Or, over the years, you've decided on the outcome?"

"I'll tell you, he's not only back, he's on the land under your feet now!"

"He's in the first Kingdom!"

Ji Siqing is very clear, ye Jiuyou can not betray.

But in endless years, slowly accepted the result, become cowardly.

The most terrible situation of man is that there is no hope.

Ye Jiuyou is so!

Ye Jiuyou is short of breath. He stares at the girl in front of him!

Suddenly, he stood up and took out a special jade card!

A drop of blood essence!

The jade card broke free of his hand and flew into the air.

A light colorful light cover!

In an instant, Ji Siqing's forbidden fluctuation!

Like a drop of water on the calm lake!

Then, set off waves!

A few seconds later, Ji Siqing held out his hand. This time, there was no pressure.

Moreover, she found that everything had changed in her place.

All kinds of trees in samsara valley have disappeared, but a simple and mysterious bridge has appeared.

The bridge was surrounded by fog.

It is faintly visible that the end of the bridge connects with an island suspended in the center.

"Miss qu."

You old arch arch hand, respect way.

Ji Si counted and nodded: "in this life, I don't call Qu Chenyan, I am Ji Siqing."

With that, he took a pill from his arms and threw it to Qu Xueyong.

"Thank you

Qu Xueyong took the pills, slightly recuperated, and his breath recovered.

Ji Siqing took a look at the central island, as if in the past memories, a long sigh: "go, some things, eventually face."With that, he stepped on the bridge.

Under the bridge is the abyss, and even the chanting of dragons and the roar of beasts come from the abyss.

It's as if there's an extremely horrible existence under it!

.....

The first Kingdom of God is a very barren place. The soil here is as black as ink, emitting bursts of black gas. Here, let alone human beings, even plants can not grow here!

At this time, two figures appeared on a mountain made of black earth and stone.

Gao yinduan was sitting on a chair made of jade, trimming his nails leisurely. Beside him, there was a black stone pillar with more black air. Even, it was engraved with black runes!

On the stone pillar, a beautiful woman is bound with chains, which is Tu Lanxin!

Even though Yan Shuang's face was so cold that she could not help but die!

Gao Yin turned to Tu Lan Xin and said with a smile, "Tu Xianzi, how do you feel? Hehe, this place is a forbidden area in the kingdom of God. It's called the place without life. It's very strange. It can devour all living creatures, even the life of plants. Moreover, the stone pillar behind you can be several times more effective than the black soil. "

He looked at TU Lan Xin and joked, "you'd better pray that your Ye Chen can find here quickly. Otherwise, with the passing of vitality, your youth and beauty will no longer exist. I don't know if your Ye Chen can still treat you like this at that time?"

Ha ha, ha ha. Maybe, after seeing you are old and yellow, this young master ye will turn around directly and go away? "

Although he is not interested in women, it does not mean that he will not use Tu Lan Xin to hurt Ye Chen.

Ye Chen and he can be regarded as no injustice and no hatred, but Gao Yin just hates Ye Chen!

No matter how much master Tian Feiming said, Gao Yin was clear that he meant that if he was to Shangye Chen, there was a risk!

In Gao Yin's opinion, it was an insult to him!

And this insult is brought by Ye Chen!

Tu Lanxin's face changed slightly when she heard the words. Every woman cared about her appearance and her youth, even if she was as cold as Tu Lanxin.

She looked at Gao Yin's eyes and became more and more indignant. He was really shameless!

Qi Ye, who cares about the talent, is he shocked?

Tu Xianzi, do you think I overestimate your Ye Chen? Maybe he has died in Wantong or xueci's hands, and he can't find this place at all? "

Chapter 2882

He shook his head and sighed: "in that case, it would be a waste of my good intentions. I hope Mr. Ye will not let me down."

Tu LAN heart smell speech, but cold way: "you don't worry, ye Chen will kill you."

"Oh?" Gao Yin glanced at TU Lan Xin, with a sarcastic expression on his face, "with him? Killing me is not something anyone can do

At this time, a flash of gold flashed in the sky!

Gao Yin's expression moved, and instantly stood up and looked in the direction of the golden light. On his face, a morbid excitement appeared on his face and said:

"coming, really coming, ha ha ha ha, the blood stings of rubbish are really defeated by such a waste? Or the third killer organization in the kingdom of God? Tian Feiming, that old fool, would rather send this group of rubbish to kill Ye Chen than let me do it? "

Tu Lanxin frowned slightly. Gao Yin's state seemed to be abnormal. His every move was full of weird. He gradually degenerated into a willful child

From a distance, ye Chen sees the two men on the black stone mountain. He is swept out of his mind. A moment later, he breathes a sigh of relief. Although the lifeless land can swallow up the vitality of living beings, Tu Lanxin does not seem to be a big problem for the time being.

At the next moment, he fixed his eyes on Gao Yin, with a strong intention to kill, and rushed towards Gao Yin!

Gao Yin looked more excited, holding a long sword with golden light in his hand!

The whole body breath, is also the ultimate explosion, its cultivation, has reached the chaos state nine layers of heaven!

At the next moment, there was a huge bang. In the blink of an eye, the golden escape light, like a meteor falling to the ground, hit the black rock mountain hard, showing a man's figure.

Ye Chen didn't even look at Gao Yin. As soon as he landed, he went straight to Tu Lan Xin!

Gao Yin was slightly stunned, and then, on his face, a very angry color appeared and said: "Mr. Ye, you just ignore me? In this way, I will be sad? "

After all, a strong sense of sword rose, and the sword in Gao Yin's hand broke out into a dazzling golden awn, just like a golden sun rising on the lifeless land. On the earth with infinite black air, countless sword marks appeared with the rise of the golden sun!

In this sword, there is no weak sense of true martial arts!

With the surging spiritual power of the nine layers of chaos, the golden sun on the sword tip becomes more and more huge, as if to cover the whole lifeless land!

What a terrible sword!

The power of this sword is even close to the thunder ball of the ancient demon emperor Qingdi!

Tu Lan's face suddenly changed. The sword power in the golden sun almost killed her mind and spirit. On her pretty face, there was an extremely painful color, as if thousands of extremely hot sword lights penetrated her soul!

This Gao Yin, although shameless, although a scum, but he really has the proud capital!

"Ten thousand methods belong to the clan, the sword is shining brightly, and the God Yang Sword is blazing!"

Gao Yin gave a violent drink, and the golden sun, which contains infinite sword meaning, flashed, and cut towards Ye Chen!

Ye Chen's face changes slightly. His figure flashes, but he is directly in front of Tu Lanxin's body!

"Ye Chen!"

Tu LAN heart exclaimed, in the beautiful eyes is incomparably worried and nervous! Ye Chen is actually in order to protect her, and to face hard resistance, such a sword against the sky!

Even though, she has great trust in Ye Chen, but if she resists with such a terrible sword, even ye Chen may be injured, right? What's more, ye Chen has to take care of her!

Tu Lanxin's heart was filled with guilt. In her beautiful eyes, the water mist filled her. If it wasn't for herself, how could ye Chen be in danger and have to face a terrible madman like Gao yin?

He is the burden of Ye Chen!

Ye Chen stares at the golden sun which occupies all his vision. He not only has to resist this sword, but also has to bear all the aftershocks. Otherwise, a wisp of aftershocks will be enough to kill Tu Lan Xin!

Such as sea evil spirit, surging out, in an instant, ye Chen will display the body of the sky demon!

Not only that, ye Chen also activated the red dust God pulse! A golden barrier covers Ye Chen's body.

The sword is full of meaning, and the cold light flashes suddenly. It seems that the stars in the sky have fallen. With the tremendous force, they are bombing towards the sword like sun!

With a loud noise, endless light burst out, and the whole lifeless land was violently turbulent. Countless black soil was burned into red and red by the raging and blazing energy, and turned into rolling magma, and the earth cracked. It was a scene of doomsday!

Tu Lanxin couldn't even look at him directly. Her eyes were closed. After a while, she opened her eyes again. She saw a strong, tall figure standing in front of her body, just like a steel wall. There were wisps of smoke on her body. Her body was covered with burn marks. However, the scar was healing quickly Together! Her beautiful eyes, emerged a burst of joy color, ye Chen was actually blocking the Jue Qiang sword, it seems, but also deft appearance!

At present, this man seems to be able to block everything in the world, just like the God of war who will never be defeated!

At this time, ye Chen waved his hand and made a click. All the chains that bound Tu Lanxin were broken. He turned his head slightly and showed an apologetic look at TU Lanxin. He said with a smile, "Tu Xianzi, you leave first. Don't worry. I'll be OK."

Tu Lan Xin, hearing the speech, nodded her head cleverly, moved her body, and then ran away behind her. She knew that staying here was just a burden for ye Chen. She could not intervene in the battle at this level. Now, what she can do is to trust ye Chen!

Gao Yin, for Tu Lanxin's leaving, did not care. The fish had already been hooked. Do you still need bait?

Not at all!

Not only that, ye Chen blocked his own sword so easily, but Gao Yin was also a light look!

As if, no surprise to all this!

Ye Chen gazed at Gao Yin and suddenly said, "are you Gao yin? You've tried your best to lead me here. Have you set any traps here? "

Gao Yin was stunned at the news, and then, as if he had heard Tianda's joke, he laughed wildly and said, "ha ha ha ha, Mr. Ye, you can tell jokes? Don't tell me, are you serious? "

Ye Chen looks at Gao Yin, who is laughing wildly, and frowns slightly.

Chapter 2883

Gao Yin, who was just laughing wildly, suddenly appeared on his face. He roared at Ye Chen and said, "do you deserve to let me set a trap with a mole ant like you? Are you too proud of yourself? "

The next moment, the sword in his hand flashed with golden light. He was reckless and frantically attacked Ye Chen!

Ye Chen's eyes flashed, and he also found Gao Yin's abnormality. He was laughing wildly and angry for a while, and his spirit seemed extremely unstable!

What's more, he didn't look like a fake attack. He was really angry!

But what about rage?

The corner of the mouth of Ye Chen raises a silk sneer, light way: "Oh? That makes you angry? I've heard that the more humble people are, the more likely they are to get angry. Are you the same? "

When Gao Yin heard the speech, his eyes were covered with blood in an instant. He was so easily stimulated by Ye Chen's words that he was almost crazy!

His whole body essence and blood were burning in an instant. The sword light on the sword in his hand became more and more intense. On his face, there was a touch of abnormal crimson, and his whole body breath was faintly rising!

This time, even ye Chen is slightly surprised!

This, direct use of secret arts, burning blood essence, stimulate potential?

No matter how angry you are, you shouldn't have no reason, right?

Even on the battlefield of life and death, only those cannon fodder can fight in this way?

Gao Yin, obviously there is a problem!

However, it was only a slight shock. At the next moment, the evil sword in Ye Chen's hand flashed with blood!

The meaning of Zhenwu is surging between the heaven and the earth, rendering this place a little starry!

Starlight is cold, just like a handle invisible blade!

It's extremely violent. It's almost beyond the infinite power of the kingdom of God. It cuts the heavy sword with blood shining around it!

The sword light is rampant. It collides with the hot golden sun and bursts into pieces. The whole lifeless land tends to collapse!

In the void, large pieces of fragmentation spread, as if even space, are about to burst in general!

At this time, a bloody figure flew upside down and smashed a huge black stone mountain!

That figure is Gao Yin!

At this time, his chest, arms, thighs everywhere, are covered with ferocious scars, looks, extremely miserable!

On Ye Chen's arm, there was also a piece of blood red, the bones were broken, and the flesh and blood were all burnt in the Blazing Sword. However, compared with Gao Yin, such a wound was too slight. Besides, with Ye Chen's vitality, the recovery was only in an instant!

Tu LAN heart left, ye Chen no longer has scruples, can do his best!

This sword is the real power of Ye Chen!

One sword, suppress Gao Yin!

However, to Ye Chen's surprise, Gao Yin, who was cut off by a sword, burst into laughter and stood up in an instant from the soil and gravel. His injuries seemed to have no effect on him at all!

How could this happen?

Ye Chen's face was heavy, and Gao Yin somehow gave him a very strange feeling!

Gao Yin Mingming was cut off by Ye Chen with a sword, but in his mouth, he said with a smile: "what is the God of war, what is the genius to subdue the Seven Kingdoms? Is that all your strength? In this case, ye Chen, today's lifeless land is your grave

At the next moment, Gao Yin's flesh and blood were shriveled, his hair turned white, and he became old in an instant! But contrary to the old face, Gao Yin's breath was expanding and expanding again and again!

Faint, all gave Ye Chen, a kind of light pressure!

Ye Chen this time, is really surprised!

Gao Yin, unexpectedly, was frantically squeezing his own source and improving his strength with secret arts!

What is he doing?

Even if Gao Yin could win, there was no possibility that he could survive?

But there was no time to think about it. That Gao Yin had just been seriously injured. This time, he was extremely fierce and rushed directly towards Ye Chen. The light of the sword in his hand was more gorgeous, which almost covered the whole lifeless land with a layer of gold!

His sword light is blazing, and he is still the kind of desperate fighting method!

Is this man a lunatic?

You know, although Ye Chen can also use this kind of fighting method, it is based on its incomparable vitality!

What about Gao yin?

Now, the wound on his body has not healed yet!

His vitality, obviously, is far inferior to Ye Chen's!

But still, choose crazy attack, regardless of defense, fight, this is not a madman, what is it?

But he went straight to Yan Ye!

Fighting with him?

Well, it's like looking for death!

What he's afraid of the most is fighting with others! With a bang, two swords hit each other, burning potential. At this time, Gao Yin could barely keep up with Ye Chen's attack!

The sharp sword light is surging and the huge force is surging. The air of the whole world seems to be compressed at the moment when ye Chen wields his sword!

But Gao Yin's sword light was extremely hot, as if to burn the void into nothingness!

In a flash, the two have already played hundreds of times!

Under the influence of the two people's attack, one after another of the fire tornadoes, connected to the ground, extremely frightening!

Even with the strength of the martial law of the first Kingdom, there are cracks, vanishing breath overflowing, and the aura of heaven and earth has a trend of dissipation!

However, although Gao Yin's attack can keep up with Ye Chen's strength, but!

Its body is far from good!

At this time, Gao Yin's body was already dilapidated, and the whole person was too old to be old again, as if, at any time, he would die!

Can, he seems to have no pain, no fear, for his own situation, are unable to recognize, still in the laughter?

All of a sudden, just as Gao Yin was about to cut a sword towards Ye Chen, the blood was dripping and the bone was broken, which made people wonder why he could hold the hand of the long sword, and finally fell from Gao Yin's shoulder!

Gao Yin was slightly stunned. He changed his hand and grabbed at the sword on the ground. But at the moment when he bent down, his leg bone burst out with a cry, and the whole person fell to the ground!

But at this time, Gao Yin's eyes showed the color of confusion and thinking, as if he did not understand what had happened!

Why can't I take my sword? Why, can't you stand up?

He looked at Ye Chen not far away, why, that mole ant is still alive? Should not be killed by oneself?

But Gao Yin's breath, finally gradually weakened.

Ye Chen took a breath, and it seemed that Gao Yin was just a simple madman. At this time, he finally reached the limit!

He said with a cold smile to Gao Yin, "didn't you just say that this lifeless land is my graveyard? Why, now one foot into the grave, as if it were you? "

Chapter 2884

After that, ye Chen raised his hand and chopped down at Gao Yin with a sword!

Originally, he was going to question whether it had something to do with the demons. However, this guy really made him feel rather strange. In order to avoid extraneous things, it was better to kill him directly!

With a bang, Gao Yin's body was completely submerged by the sword light, and his life breath completely disappeared.

Ye Chen put Gao Yin's storage bag in his hand with a move. If Gao Yin really had something to do with the demon family, he might be able to find something in the bag.

Just then!

That was cut by Ye Chen dust flying place, unexpectedly, came out a burst of strange sound!

Ye Chen looks moving, a wave of the hand, dust dissipation.

His pupil, however, shrinks instantly!

In front of my eyes, there is a very strange scene!

Originally, Gao Yin, who should have been turned into dust and dissipated, at this time, his whole body was emitting bursts of black and purple light, guarding his body, so that his body was not broken.

But even so, Gao Yin's head was completely smashed by Ye Chen, and most of his face disappeared!

You should die no more!

But strangely, Gao Yin, who was dead to death, was crawling towards Ye Chen slowly!

The only eye he had left, dim and dull, was flashing with a very cold and chilling look. In his mouth, he kept whispering: "waste, kill I am the most powerful... "

This scene, incomparably frightening, weird, people all over, are uncomfortable!

Ye Chen's eyes, emerge a surprised color, clearly, has no breath of life, unexpectedly, not dead? This man is really weird!

However, he snorted coldly, the sword in his hand was raised again, and he was going to chop at Gao Yin. One sword, you are not dead, and two swords, can you still be dead?

If it's not dead, cut until you die!

All of a sudden, a purple and black insect came out of Gao Yin's broken head!

Ye Chen is slightly stunned, his face changes slightly, and the smell of insects

Actually, it was very similar to the ghost he had contacted in the Zhenshen tower!

At this moment, the voice of Lao Cang suddenly rings out in Ye Chen's mind: "Ye boy, be careful! This is a demon insect. This man has been planted with demons! "

"The devil? What is that? "

The old man said in a deep voice: "it's a way for the demons to breed their offspring. They gradually transform this person into a demon clan by planting their own original demons into other races."

"After the host is planted with the devil bug, the strength of the host may increase rapidly in a short time, but! At the same time, the brain and even the internal organs will be eaten away by the evil insects that day.

The boarders often become irrational, extremely violent and indulgent in their inner desires. At the same time, they also completely lose their sense of pain. They do things regardless of the consequences.
"

"In the end, it's also the most terrifying. Once the demon worm matures, it will completely devour the host's body, and truly change into the demon's rebirth!

Moreover, on the basis of its host and original strength, its power will soar after rebirth! "

Even after Lao Cang had finished speaking, he felt cold. Fortunately, only with his consent could he succeed in planting demons. Otherwise, in ancient times, the external demons could defeat human beings with bloodless methods!

This way of reproduction, too scary!

In this way, all kinds of abnormal behaviors before Gao Yin could be explained!

At the same time, this is also the best evidence of the collusion between Wanfa sect and the demon clan!

Sure enough, the next moment, that day, the devil began to devour Gao Yin's remnant, and the whole body was also expanding rapidly!

Ye Chen's face is also instantly ugly. This demon insect is clearly going to develop into a demon!

Gao Yin's state of using secret arts was almost equal to Ye Chen. If he turned into a demon and his strength soared again, even ye Chen would not be able to defeat the demon!

Immediately, ye Chen drank a lot, his whole body was surging wildly, facing the devil insect that day, and beheaded madly!

One sword, one sword and another, ye Chen is cutting wildly all the time. He must not let this demon insect turn into a demon and be born in the world!

After counting the swords, ye Chen was sweating and panting violently. The whole earth was cut into countless deep cracks by Ye Chen's sword awn. Originally, the position of the devil insect and Gao Yin had been completely transformed into a deep pit!

At this time, in the pit, a dead silence, a trace of movement, there is no appearance.

Ye Chen is standing at the edge of the pit, staring at the darkness in the pit, and his face is extremely deep.

Did the devil worm die that day?

Finally, in the moment before it turned into a demon, did you kill it?

Ye Chen stopped at the same place for half a quarter of an hour. At the bottom of the hole, he still did not make any movement. His expression slightly relaxed for a minute, but he did not mean to leave. He had to go into the bottom of the pit to make sure that the devil bug was really dead that day.

But at this time, a sudden change!

A black shadow, with a very fast speed, rushed out of the hole, at the same time, a hard blow, hit Ye Chen's face!

Ye Chen's face changed wildly, and his body flashed. While avoiding the fist, he slashed his sword at the other side!

There was a big bang. The speed of that punch was too fast. Even with Ye Chen's body method, it could not completely flash. Although the blow did not hit Ye Chen's face, it fell on the shoulder!

Ye Chen's muscles were stiff, and he was extremely frightened. Even, he was not under himself at all. With the rolling evil Qi, he rushed out. He directly bombarded Ye Chen's body and flew backward. The blood mist exploded!

Ye Chen's body, just like a shell, crashed several black stone mountains in succession, and then stopped flying upside down!

At this time, his shoulder, has been broken bone and flesh, countless blood all over!

He didn't even have time to activate the red dust pulse just now!

The key power is too terrible!

Ye Chen's face is startled. He is still in the state of the body of the heavenly demon. He was hit by the other side casually and was injured like this!

However, thanks to Ye Chen's extraordinary vitality, the injured shoulder is rapidly growing new bones, and the flesh and blood are also rapidly healing!

In the distance, a dark purple figure appeared in Ye Chen's vision. The monster was covered with black purple skin, and his body was slightly bent. His arm was very long, almost hanging on the ground. On the arm, there were sharp claws about the size of a human head!

The most strange thing is that there is a human face on his head, which is Gao Yin's face!

Chapter 2885

At this time, a very cold look appeared on Gao Yin's face. He looked down at his waist. There, a wound was cut by Ye Chen, like pus like purple black blood, rolling out.

At the moment, the wound is slowly creeping and healing!

Ye Chen pupil shrinks, so strong vitality!

It was a sword that he cut out. Although it was a sword made in a hurry, it could also have a great power of terror and a sword with a sense of terror! The other side resists it hard, actually or only caused this degree of damage? And it can heal!

Such vitality can be compared with ourselves?

Ye Chen's heart, almost sink to the bottom of the valley, this day the devil is too abnormal!

Now, his position with Gao Yin seems to be reversed. Now, relying on the body of the heavenly demon and the strengthening of the red dust God vein, he can still fight against the demon. But if he reaches the limit, when he can no longer use the body of the heavenly demon, he has not defeated the other side?

At that time, I'm afraid I will be killed by this demon!

Thinking of this, ye Chen fiercely bit his teeth and moved his body. He stood up directly, regardless of the fact that his shoulder had not been completely recovered. He roared and rushed towards the devil that day!

Can't drag!

No matter how much we pay, we must kill the demon before we can't maintain the body of the demon!

At this time, "Gao Yin" contemptuously glanced at Ye Chen, but in this terrible posture, he vomited and said: "ha ha, why do you have to work hard? Isn't it that I have stepped into the graveyard with one foot? "

Ye Chen's look changed. Isn't Gao Yin dead yet? And it looks as if you're completely sane!

Old Cang said again: "boy, don't be confused by him. The devil can inherit the memory of its host. He is just camouflage human beings."

Ye Chen nodded, whether the monster in front of him, was Gao yin or the devil, there was no difference to him. What he wanted to do was to kill it completely and thoroughly!

But when ye Chen was about to rush to the demon body that day, the other party's curved feet, which were like animals, turned out to be a drum of muscles and exerted force. His body was facing the rear and flying away!

Ye Chen saw this and was surprised again!

This monster, how to avoid fighting!

This time, ye Chen's face color, completely sink down!

This demon, too cunning, too clever!

"Gao Yin" sneered at Ye Chen and said, "ha ha, you can't maintain that state for a long time? I don't know. After you return to your original state, there is still a little possibility of killing this young master? "

Ye Chen gave a violent drink and chopped his sword toward "Gao Yin". The sword was raging like lightning. Almost in a short time, he arrived in front of the newly born demon.

That day, when the devil's eyes were deep purple, his wrist turned over, and a golden sword appeared in his hand. In a moment, the golden sword was corrupted into black color!

"The next moment, Yan Mang's sword went up and hit Yan Ye hard!

A dark sun rises in the lifeless land!

With a roar of explosion, there were scars on the monstrous body of the demon, and the purple and black blood flowed violently. However, the sneer at the corner of his mouth became more intense.

This degree of injury, he can bear it!

That is to say, if such consumption goes on, ye Chen must be the first to be unable to maintain the body of the heavenly demon!

At that time, the Terran waste will not even have the possibility of turning the plate, will it?

In the eyes of this demon, ye Chen can be said to be the only hope to prevent foreign demons from invading the kingdom of God. As long as ye Chen dies, the kingdom of God is their bag!

Although the demons are cruel and cruel creatures, what is more terrible is that the evil creatures, at the same time, are extremely cunning and intelligent!

In the face of Ye Chen, he will not give each other any chance, so he will never face to face with Ye Chen!

"Damn it!"

Ye Chen angrily scolds a, gradually anxious up!

With this demon's physical strength, only close combat, give full play to their own strength, will have the chance to kill him!

Now, what to do?

With the passage of time, ye Chen can feel that his body of heavenly demon is more and more difficult to maintain!

The spiritual power of Dantian is also rapidly passing away!

Ye Chen's brain was running at full speed, attacking "Gao Yin" one after another while thinking about countermeasures!

What should we do to defeat the demon?

This demon is absolutely impeccable!

Not only vitality, strength and other aspects, greatly improved, even Gao Yin's martial arts, and even martial arts artistic conception, are incomparably perfect inheritance.

Not only Gao Yin's martial arts, but gradually, ye Chen found that with more and more shots, even the shadow of the demon family's martial arts, which had been fighting with Ye Chen in the Zhenshen tower, appeared on this demon! He's constantly evolving and becoming stronger!

Ye Chen originally wanted to defeat him with the intention of Zhenwu. After all, no matter how strong the demon is, it should be equivalent to a newborn in martial arts

However, ye Chen, think wrong!

That day, the devil always has a killing smile on his face. He has plenty of time, isn't he? Now, anxious, it is Ye Chen who is right!

All of a sudden, ye Chen's eyes flashed and asked Lao Cang, "Lao Cang, if I use the sword that I use to deal with Wantong, can I hurt this demon?"

Lao Cang shook his head: "I don't study martial arts much, but there is one person in the samsara cemetery who should be able to answer your questions."

Ye Chen's eyes fell on Lingtian arrow God.

The old Cang and the old maniac are on the verge of dissipation.

At present, the strongest reincarnation cemetery should be Lingtian Jianshen.

"Master..." What did ye Chengang want to say.

The stone tablet of Lingtian arrow God gushes out a virtual shadow.

After a moment's silence, Xu Ying said solemnly, "it's not enough! But you are in the right direction! "

Ye Chen two eyes a bright way: "how to say?"

Ling Tianjian said: "last time, when you used the sword that broke through the acme, I vaguely felt that your killing Road, destruction Shinto, and the meaning of Zhenwu had a trend of integration. Do you know what is the result of the integration of the three?"

Ye Chen's heart is shocked, killing the road, destroying Shinto and Zhenwu's meaning, unexpectedly fused?

In his eyes, the color of ecstasy and expectation emerged. Although he did not know what the combination of the three could produce, he knew that it was an extremely powerful force!

In particular, in this crisis, this is undoubtedly the breakthrough.

Lingtian arrow God continued: "if I guess well, the combination of the three will produce the so-called Shinto - the destruction Shinto."

Chapter 2886

Among them, there are three gods! What is the primitive Shinto? The original Shinto is the origin of all kinds of Shinto! These three kinds of Shinto are the destruction Shinto, the creation Shinto and the time Shinto

"If you have a chance, you may be able to evolve into a time God. Unfortunately, you are not qualified now."

"If you can really master this God of destruction, even if it is just a little bit of fur, your attack is enough to make the demon unable to recover!

After all, if you want to touch the original Shinto, the first condition is to understand the meaning of Zhenwu! However, you are extremely reluctant to do so in the realm of true martial arts. You can imagine how terrible this primitive Shinto is

In Ye Chen's eyes, the divine light explodes. His true martial intention has already surpassed the level of the divine kingdom. In other words, the destruction of Shinto also belongs to the power beyond the present plane!

However, he asked suspiciously, "master, in this case, why didn't you tell me earlier?"

Lingtian arrow God seemed to hesitate for a moment and sighed: "is it so easy to understand the destruction Shinto? Do you know, even in the outer world and in the upper world, how many amazing warriors died because of their understanding of primitive Shinto?"

The destruction of Shinto is even more dangerous. "

"Let me tell you, those who understand the meaning of true martial arts and control similar roads are qualified to understand the original Shinto, and among them, one in ten thousand can succeed! And the one who successfully realizes the destruction of Shinto has a lower probability. One bad thing is death

"So I'm not going to tell you for a while that even if you are much better than you are, countless of them are dying in the process of enlightenment. However, if you want to defeat this demon, there seems to be no better choice!

Boy, I'll ask you for the last time. Are you sure you want to understand the God of destruction

In fact, although Lingtian arrow God didn't make a clear statement, he and ye Chen both knew that if they wanted to survive, they had other choices!

That is, run away!

Ye Chen, although unable to kill the demon, but relying on the body of the demon, if you want to escape, you can still save your life!

Can ye Chen choose to escape?

If, it is really the last resort, he will, but as long as there is a glimmer of the possibility of winning, ye Chen will never escape!

This is Ye Chen's martial art! Only my martial arts way in the sky! Even if the heaven, in front of him, he will also cut it and break it!

Moreover, if he escaped this time, ye Chen could not be sure whether he had a chance to kill the demon again.

Ye Chen took a deep breath and flashed a resolute color in his eyes and said, "I'm sure!"

Suddenly, the devil stopped attacking him.

The devil in the distance, the purple eyes twinkle slightly, how can this mole ant not continue to fight? In the process of resisting Ye Chen's attack, he is also constantly absorbing the demonic martial arts inherited from his blood.

On the face of Gao Yin, there was a cold smile. The boy is not afraid, is he?

The two men, in this lifeless land, looked at each other.

At this time, the voice of Lingtian arrow God sounded again in Ye Chen's mind: "to understand this destructive Shinto, you must strive for time. Therefore, the first step you have to do is to run away!

Of course, it's not really to run away with all one's strength, but to understand the God of destruction while escaping! "

"Most of your mind will be placed on the understanding, and the speed of escape will be reduced. Moreover, you will continue to bear the attack of the demon. Originally, it is extremely dangerous to

understand and destroy the Shinto. In this way, the risk is greatly increased. If you are ready, I will teach you the enlightenment method of destroying Shinto."

To tell you the truth, Lingtian arrow God doesn't approve of Ye Chen's doing this. It's already a hell's difficulty, but ye Chen still takes the initiative to increase the difficulty?

Even if Lingtian arrow God watched Ye Chen come all the way and witnessed countless miracles, he felt that it was a bit of death to do so!

Ye Chen said, "let's go!"

The next moment, he directly put away the evil sword in his hand, and murmured: "Jiwu: Shenshan!"

Its body shape a flash, then toward the rear, flying away at a high speed!

The demon standing in place was slightly stunned, then burst out a burst of laughter!

"Ha ha ha ha ha, this boy, is he really afraid? Isn't it invincible? Why, like a dog, he ran away from me with his tail between his legs? "

However, he didn't mean to let Ye Chen off at all!

That pair of slightly curved animal feet suddenly force, will the foot of the earth, step out of the road cracks, toward Ye Chen, fast track away!

Ye Chen, while fleeing, gathers his mind and spirit according to the enlightenment method taught by Lingtian arrow God. He integrates the killing Road, the destruction road and the true martial arts idea with each other!

His mind, immersed in the artistic conception of martial arts, seems to have returned to the blue sky, in which countless stars shine, guarding the earth under his feet. All of a sudden, a golden hand stretched out from the sky. It seemed that the big hand contained infinite power and could hold up the whole sky!

The big hand stretched out at the same time, a bloody flame, burning all over the sky, that is the flame of killing!

And the sky in the countless stars, actually is under the burning of the flame, began to melt up!

At this time, Lao Cang was extremely nervous. If he failed to understand, even if he did not die, ye Chen's true martial arts meaning, the road of destruction and the road of killing would collapse, and his spirit would be greatly injured and his strength would drop suddenly!

In this case, what's the difference between being hurt and dying?

At this time, a dark sword light, suddenly cut from the back of Ye Chen, in an instant, it penetrated Ye Chen's chest!

Poop, ye Chen spits out a mouthful of blood, but his look, but there is no change in his face, as if he did not notice that he was injured at all, he still ran away, and the blood hole in his chest began to quickly close up!

Lingtian arrow God sees this and laughs bitterly. He runs away, understands and takes attack. Only Ye Chen can do it?

After ye Chen's death, the devil laughed contemptuously that day and said, "boy, how can you even fight back? Just run away

In this demon's view, ye Chen is obviously about to reach the limit, so, can only fight to escape!

Soon, the demon, then close to Ye Chen behind!

On his face, there is a cruel color, and his whole body is full of evil Qi. On the dark sword, the sword light explodes and flashes, and a Blazing Sword meaning roars out!

Chapter 2887

But at this time, ye Chen's eyes suddenly regained the color of pure brightness. Unexpectedly, he retreated from the understanding. He suddenly turned around. In his eyes, his killing intention was boiling. Seven times of blood light, his body surface burst out, and his whole body was surging with great force. With a fierce sword, he beheaded the devil that day!

Originally, the demon who thought Ye Chen should reach the limit was frightened by the unexpected sword. The sword was a little messy!

With a bang, the two swords hit each other. I felt the tremendous power of Ye Chen's sword. The devil's face changed suddenly that day!

His power was suppressed by Ye Chen!

The next moment, the demon's big hand like a sharp claw burst out in an instant, and his whole person was also cut by Ye Chen's sword, and he flew back and forth!

Bang, hit on the earth, the earth, hit a deep hole!

That day, the devil immediately climbed out of the cave and looked up at Ye Chen, who was suspended in the sky. His face was incredible!

The sword just now made him tremble and feel the breath of incomparable danger!

His face color, a burst of change, cloudy and sunny, staring at Ye Chen, purple eyes, flashing a thick color of resentment!

I've been cheated!

This kid, pretending to run away to attract himself to him?

At this time, ye Chen in the sky is facing the devil that day, showing a strange smile, turning around and fleeing towards the distance again!

That day, the devil's eyes twinkled and hesitated for a moment, but this time, he did not get close to Ye Chen, but followed him far away.

The devil's mouth, with a trace of sneer: "waste, you run away, when you can't maintain this state, is the moment of your death!"

He will not be close to Ye Chen, give ye Chen any chance to threaten himself!

Just now, the moment Ye Chen withdrew from enlightenment, the heart of Lao Cang and Lao Kuang was raised!

Ye Chen, too bold!

From the understanding of the destruction of Shinto, take the initiative, this is almost suicidal behavior!

If it is so easy to quit, how many people will die because of enlightenment?

But ye Chen did it!

What's more, it works!

That day, the devil was awed by Ye Chen's just sword. At this time, he did not dare to get too close and followed Ye Chen far behind!

Lingtian arrow God pondered for a moment, and suddenly said thoughtfully: "maybe, this boy can really do it, but not necessarily?"

After all, ye Chen's life experience can't be seen clearly by the old man. Moreover, ye Chen was able to withdraw from the understanding of the destruction Shinto just now. Is it possible that the fall of the reincarnation Lord of the last life is related to this destruction Shinto?

At this time, in the artistic conception of martial arts, the stars in the sky have been completely melted by the fire of killing, and turned into a river of starlight and poured into the sky!

There, gathered into the shape of a sword!

Among the golden hands, there was a golden hammer, beating against the sword formed by the star river!

Beating, burning, beating, as if to kill for fire, using martial arts as tools, forging with great force

In this process, the relationship between the meaning of Zhenwu, the road of destruction and the road of killing has become more and more close!

Ye Chen and that day demon, a chase a escape, in a twinkling of an eye, has passed nearly half an hour!

Lingtian arrow God is also more and more anxious, he knows that ye Chen's body and the red dust God vein are about to be unable to maintain!

All of a sudden, the evil spirit of Ye Chen's whole body suddenly began to weaken!

Heaven demon body and red dust God pulse, finally to the limit!

After ye Chen's death, the demons appeared ecstatic on his face. However, his purple eyes flashed, but he was careful not to get close to him immediately. He had to wait until ye Chen could not maintain the body of the heavenly demon and the blood vessel of the red dust God!

Finally, ye Chen's whole body evil spirit, completely dissipated, its body shape also restored to the original state!

Even the breath has been weakened for several minutes. After all, the body of the heavenly demon and the red dust God pulse consume too much, and ye Chen is almost in the state of exhaustion of oil and light!

That day, the devil gave out a roar of joy. His body suddenly moved and turned into a dark purple shadow. In a twinkling, he appeared in front of Ye Chen. The sword was full of magic Qi, and it was endless.

A round of extremely hot dark sun condensed on the blade. On that day, the devil's black and purple body poured out with incomparable terrifying power. This terrifying sword was beheaded towards Ye Chen!

"Die! Punk, don't you like calculation and counterattack? Then calculate, then fight back? Let me see, you, what cards have not been played?"

A mole ant, a garbage human, even want to defeat my child? Don't worry. I will not only kill you, but also send the woman named Tu Lanxin and all the people you want to protect to see you soon! "

On that day, a twisted smile appeared on the face of the devil, and he roared at Ye Chen with great arrogance! He can see that ye Chen is not pretending to be. Now he can't maintain the body of the demon that day!

In other words, ye Chen has been forced to the end!

This feeling, too cool!

At this moment, ye Chen's pair of originally dim eyes suddenly flashed out a divine light!

He looked at the long sword which contained terrible power and the black sun which seemed to burn all things down. The sword was very terrible. Even if ye Chen's vitality was cut by this sword without the blessing of the heavenly demon, would he be seriously injured?

But at this time, ye Chen's look is still indifferent!

In his sea of knowledge, there is a long sword, which is shining with the brilliance of stars. It is simple and heavy, and it is full of palpitating charm!

The next moment, ye Chen moved!

He turned his wrist, and a dark sword with countless blood colored runes appeared in his hand. It was the evil sword!

At the moment of Sha Jian's appearance, the blood Rune on the sword had a strange resonance with Ye Chen. It seemed to have come alive. It was from the long sword that he swam to Ye Chen's arm!

At this moment, the evil sword seems to merge with Ye Chen!

Ye Chen's eyes flashed. At this time, the evil sword had a sense of blood connection with it!

A smile rose from the corner of his mouth.

This ancient thing, until this moment, really recognized Ye Chen as its master?

That day, the devil's purple eyes suddenly shrank, vaguely, his heart, actually emerged a very unknown premonition!

However, he still smiles grimly: "mole ant! To now, still want to struggle, not to give up? Ha ha, the limit of one's own strength has been reached! In a moment, you will know what real despair is

Chapter 2888

He doesn't believe in Ye Chen now. Can he turn it over? What a joke! If ye Chen really has any means, where, need to wait until now?

Ye Chen, however, was silent and speechless. His sword arm moved slowly and quickly!

All of a sudden, the blood Rune on Ye Chen's arm flashed, and the shadow of the sword in the sea seemed to echo with the blood light, and the stars overflowed!

The long sword is like a dragon, tossing the sea of clouds and chopping out with one sword!

At the moment of the sword, the shadow of a long sword appeared behind Ye Chen. With Ye Chen's action, the shadow was beheaded towards the demon of that day!

Time, as if there is a moment of stillness!

The whole kingdom of the first God seems to be distorted at the same time of the appearance of the shadow!

Martial law, actually began to collapse crazily!

Why collapse?

Because the power contained in the shadow is so terrible that even the martial law of the first Kingdom is unbearable!

That is the power of ultimate destruction!

Far more than once Ye Chen used the road of destruction! Not a million times, but a hundred billion times!

Ye Chen, success!

At this time, he had already understood the destruction Shinto, one of the primitive shintoids. Even if it was only a trace of fur, it was enough to surpass the kingdom of God!

A second ago, the devil was still ridiculed crazily. The twisted and ferocious smile on his face solidified instantly. In his purple eyes, there appeared incomparable fear!

What sword did he see?

It's death, real death!

The sword in Ye Chen's hand collides with the dark sun soundlessly

There is no explosion, impact, only destruction

Endless destruction!

The powerful black flame, with the intention of destroying the sword, dissipated like paper paste in an instant, without even a spark left behind!

"No way! It's impossible

That day, the devil screamed in horror. How could ye Chen cut out such a terrible sword?

In front of this sword, he was just like a mole ant. Even the idea of resistance was completely extinguished. He turned into a purple black shadow of a sword and quickly swept back. He ran away recklessly!

The reaction of the demon is extremely fast, and its speed is just like lightning!

But, still, fast but ye Chen's sword!

The blade of the evil sword crossed the body of the demon!

Just, just across, the next moment, that contains the terror vitality, incomparably powerful black purple devil body, actually is an instant, burst out, turned into a burst of black purple blood fog!

However, ye Chen, staring at the dark purple blood mist, ye Chen suddenly pupil a contraction!

At this time, a dark shadow, flying out of the blood mist, with a very fast speed, towards the distance to flee away!

It seems that it is a head, a very broken, almost can not see the original shape of the head!

"Damn it!"

Ye Chen murmured, this sword did not kill the demon completely. He took a deep breath, condensed the last spiritual power in his body, and then cut a sword at the head that fled quickly!

But at this time, ye Chen's brain, but rang Ling Tian arrow God's voice: "boy! Stop it. You haven't mastered it completely. Your body can't bear it! "

When ye Chen heard the speech, his face changed slightly. But, at the next moment, his eyes suddenly burst out a strong killing intention. He remembered what the devil had said to him that day.

He said, to kill all the people he wanted to protect?

Well, now, ye Chen will never let this demon go alive!

He does not allow, there is anything in the world that can threaten his love!

"Destroy Shinto, open!"

At the next moment, it was a sword of extreme destruction. It was cut towards the head of the devil that day. The light of the sword almost moved in a flash. It devoured the devil. That day, the devil's head could not even scream, so it completely disappeared from the world!

But at the same time, there is a sword crack, a deep crack, on the shadow of the sword behind Ye Chen!

Ye Chen's face suddenly changed violently. A breath of destruction broke out in his body uncontrollably!

With a loud bang, ye Chen's meridians, flesh and blood, under the ravage of the destructive force, are constantly broken. The whole person, in an instant, tends to be dying, and his consciousness is blurred. His body shape, a shake, will directly fall from the high altitude and fall down!

At stake!

At the moment, ye Chen didn't notice that there was a new tombstone shining in the samsara cemetery!

More and more light!

On the tombstone is a carved dragon pattern.

Extremely powerful!

.....

At the same time, Tiandao palace.

Xuanyuan moxie has been sitting on the temple thinking for a long time. He was still weighing the words of the Dragon God.

Is it possible to bribe the strong at that level?

The Immortal Dragon Emperor was a famous strong man in Jiutian Shenlong temple.

The arrogance of the strong is doomed to be unable to be changed by interests.

"This time, Xuanji appeared. I'm afraid the blood dragon really threatened that one."

"Well, just give it a try."

Later, Xuanyuan ink evil came to a mural before, five fingers touched the mural.

A light blue flash.

The mural is open!

It was a dark world, without a trace of spiritual power fluctuations, quiet like purgatory.

Xuanyuan moxie passes through a corridor full of runes.

The corridor was covered with runes.

The symbols on the runes do not belong to Lingwu land, let alone the kingdom of gods.

Extremely obscure!

All over the prison!

Even among them is the God of Lingtian arrow.

However, Xuanyuan moxie did not stay in front of Lingtian arrow God's prison!

But came to a special golden cage.

The chains are all over the cage, and the chains are full of taboo power, which is oppressive!

Even Xuanyuan ink evil is also slightly frown.

Soon, Xuanyuan Mo Xie stopped.

His eyes fell on a man through the prison and chains.

The man was naked, and his whole body was covered with extremely bloody and dignified Dragon Tattoos.

Dragon pattern is a man's armor!

But the dragon pattern that fills the whole body actually sends out the light purple awn.

Xuanyuan Mo Xie smiles and says, "don't destroy the Dragon Emperor, how about a deal?"

"Chips, your freedom!"

The next moment, the Dragon Tattoo all over the man's body flows!

A faint dragon chant came from his body!

This is the anger of the Dragon King!

The man opened his eyes!

That look, as if can drink blood! It's as if you can eat your bones!

He thus lightly swept a glance at Xuan Yuan Mo Xie and said: "I am not exterminating the Dragon Emperor! Never trade with garbage forever. "

"Understand or not!"

Hearing this, Xuan Yuan Mo Xie's face was completely black.

Chapter 2889

Xuanyuan moxie is the Supreme Master of Tiandao palace.

Hold the control of the seven great powers of the kingdom of God!

Under one person, above ten thousand people!

Today, it is insulted as garbage!

If you change to anyone, you may have fallen into the world!

But he knew very well that the person in front of him could never die!

These imprisoned ancient or ancient powers have their own value of existence!

If a person falls, the anger of that person is not what he can bear!

Suddenly, Xuanyuan ink evil smile.

He laughed so loud.

"If you don't destroy the Dragon Emperor, you don't want to go to the nine heaven dragon palace?"

"Do you really want to be stuck here all your life?"

"A generation of Dragon Emperor, if it is sealed here forever, it is really a pity."

The Immortal Dragon Emperor's eyes were closed and the Dragon Tattoos were swimming.

The breath gradually calmed down.

It seems that I don't care about everything outside.

Xuanyuan ink evil did not leave, but took out a bead full of black evil spirit.

He let go of his hand and the bead was suspended in front of him.

As soon as the beads came out, the emperor bumie obviously found something. His eyes suddenly opened and exclaimed, "kill the Dragon beads!"

"Xuan Yuan Mo Xie, what do you mean?"

Xuanyuan ink evil showed a neat white teeth, outlined a brilliant smile: "it seems that you also have something to fear."

"I didn't want to take it out, but a blood dragon really touched the field he shouldn't touch."

"You have only two choices. First, help me kill the blood dragon. Second, enjoy the pain brought by the dragon ball."

"But I heard that dragon blood will be diluted for a long time."

"At that time, are you still the Immortal Dragon Emperor who is proud of the sky?"

At this moment, the Immortal Dragon Emperor hesitated!

He is most proud of his blood!

For the dragon people, the most unbearable behavior is to deprive blood!

So the dragon people are often afraid to destroy the dragon ball!

After a long time, the emperor bumielong said, "since you have mielong beads, why don't you use them to deal with the blood dragon?"

Xuanyuan moxie nodded and explained: "I naturally think so. It's a pity that the blood dragon is strange. In a sense, it doesn't belong to the dragon. It's more like a person Mielongzhu has no effect on him

"Well, would you like to enjoy the dragon ball or be free again?"

Bu Mie long Di smiles. The next second, he reaches out his hand and grabs it with five fingers. The mielongzhu is actually in prison!

In an instant, a breath of extreme repression filled!

Bu Mie Dragon Emperor's body blue veins suddenly burst out, and the dragon tattoo is extremely ferocious!

Not only that, but there are two dragon horns on the head of bumielong emperor!

A piece of scale covers the whole body!

Obviously, the Immortal Dragon Emperor is going to turn into a dragon!

The power of killing the dragon ball is terrible!

Even in such pain, the Immortal Dragon Emperor still raised his head with difficulty. His cold and unyielding eyes were staring at the Xuanyuan ink evil outside. He said word by word: "I haven't enjoyed the dragon ball. The existence of the dragon people's fear, I want to see what power it has!"

Obviously, under the threat of Xuanyuan ink evil, the Immortal Dragon Emperor still chose to refuse!

He chose the heart!

Xuanyuan ink evil eyes filled with endless anger, a wave of sleeves, directly dissipated in the most mysterious place of Tiandao palace!

Since the emperor did not destroy the dragon and chose to struggle, he could only take the sword to the side!

The blood dragon must die!

.....

At the same time, the first Kingdom.

Yandifeng.

According to legend, this is the existence of the first Shenguo named Taiwu Yandi, which was opened up with two fists.

Taiwu Yandi's blood flows from the top of the mountain to the foot of the mountain, gathering the wonders of this Yandi peak!

The whole mountain is extremely red, with extreme high temperature.

It's like rolling magma.

Looking at the first Kingdom of God, those who can climb the top of the mountain are proud people!

It's a pity that 3000 years ago, the spirit pulse of Yandi peak was taken away!

There is no value of cultivation here.

And the top of the mountain is filled with lava.

Not only is it not suitable for cultivation, it may also make the warrior fall.

There is no life on Yandi peak, even a weed!

At this time, all people did not expect that there were two people on the top of Yandi peak!

A man sits cross legged in the rolling lava, his muscles like rock, flowing with divine runes!

The magma is boiling, boiling enough to burn out everything!

But in this situation, the man has some enjoyment. And on the bank sat an old man who was drinking. The old man was leaning on a rocking chair made of bamboo and rattan. His face was slightly red and his body was full of wine!

Suddenly, the whole magma began to roll!

Men open their eyes and clap their hands on the magma!

The magma splashed a huge wave, quite covering the sky and the moon!

"Bang!"

And men also leap out of the magma and fall on the side of the old man!

"Yonglao, this is already the thirteenth place. During this period, you have taken me to so many places, covering the seventh, the third and the second, and now to the first Kingdom. When is the end of it?"

"The key is so boring."

Yan Kun exhaled a breath, and his eyes were filled with a faint flame.

It's the fire of heaven and earth.

The eternal King narrowed his eyes, took a sip of wine, and said, "the way to cultivate martial arts is boring. Don't waste your talent."

"I am not qualified to take you to foreign countries. This Yandi peak may be the penultimate stop. When you finish the last test, you will have a chance to step on the Tiandao palace with Ye Chen."

Yan Kun's eyes twinkled with determination and seriousness. He said word by word: "where is the last station?"

The eternal King took a sip of wine and was just about to say something. A jade card on his waist was shining with strange light!

Even a trace of strange blood.

"Not good!"

Eternal King's face changed!

He fiercely stood up, because of the fierce action, even he has been the most precious wine also sprinkled a lot!

Yan Kun frowned and felt something was wrong. He asked, "yonglao, what happened?"

Eternal King's breath is dignified, direct way: "that kid has an accident!"

"It seems that after all, the devil started to attack him first!"

"Damned beast!"

Yan Kun was a little worried. His whole body was running with runes and flames burning all over his body!

"Yonglao, let's go now. We should be able to save big brother!"

But the eternal king did not set out immediately. He took a tortoise shell and some copper coins from the storage ring.

"Now we can't make it there!"

"What's more, from the perspective of breath, it's dangerous for us to enter the place rashly."

"If you continue to try, I will try to solve the problem of Ye Chen."

Finish saying, eternal holy king is finger pinches Jue, throw tortoise shell and copper coin into the sky!

Tortoise shell revolves, did not fall unexpectedly!

"Well? This fate It seems strange. "

"Is it not only that there is no danger, but also chance?"

Chapter 2890

.....

At the same time, in a dark deep sea, a pair of purple eyes suddenly opened, and the eyes were full of anger and fury. The sea water in the deep sea was stirred in an instant. The strange figure hidden in the dark gave out a loud cry: "how can it be! One of my three original demons has fallen

You know, it's not easy for any demon clan to reproduce and invade the body of a warrior. Only the high-ranking demons have such ability!

However, the demons cultivated by higher demons can be divided into primitive ones and inferior ones.

Although inferior demons can transform warriors into demons, the transformed demons are all extremely low-level and cannon fodder like existence, and their own strength can not be improved much.

But the original devil worm, is completely different!

The inferior demons can be cultivated almost infinitely, while the original ones are limited in number. Moreover, every time a primitive demon worm is cultivated, it needs countless efforts of the demons!

On the contrary, the original demons created by the demons will not be low in rank, and the strength of their hosts will be greatly improved!

In the eyes of foreign demons, only the demons created by the original demons can be called real people. The inferior demons are like slaves and cannon fodder!

It is not only the original demons and insects, which are extremely precious. The Terran warriors who can become the containers of original demons and insects are also rare. Generally speaking, the demons transformed in this way are extremely precious, especially in today's era!

And Gao Yin, this is the existence!

These three original demons, he thinks, have the hope that they can cultivate into three extremely strong and terrifying demons, help him realize his big plan, let the demons return to the world!

The ghost was sealed for tens of millions of years, and finally got out of the trap and got a new body. There were only three original demons in the body. How could it be that one fell so quickly?

It's like breaking an arm!

What's more, the original devil worm is equivalent to the biological offspring of the ancient demon clan!

How can he not be angry?

His eyes flashed wildly. In addition, there was a great secret hidden in the higher demons

"Ye Chen

An inhuman roar of rage shook the whole area of the sea, setting off rough waves. The monsters in the sea area, as well as the warriors nearby, either sent out bursts of lamentation or their faces changed wildly!

Although they could not hear the roar of the demon spirit, the change of the sea in front of them was like the anger of the evil god sleeping in the deep sea!

.....

The first Kingdom, somewhere in a valley near the land of no life.

A figure, falling from the sky, bathed in blood and eyes closed, is Ye Chen, who has lost consciousness because of the Revenge of the destruction of Shinto!

At this time, ye Chen didn't know that, in the place where the demon he killed died, his body was completely destroyed by the sword light of destruction. However, in its disappearance, there was a purple light group the size of a thumb. The purple light group had no consciousness, but was quietly suspended in the void.

And at the moment of the emergence of this light mass, in the void, a transparent whirlpool suddenly emerges, emitting an incomparable strong attraction, as if to absorb the purple light cluster!

But at this time, the falling Ye Chen, still holding the Sha sword tightly, suddenly burst into a great deal of blood. On the purple light, there appeared a bloody chain, pulling it to the place of the Sha sword!

The transparent whirlpool, slightly trembling, seems to sense that Sha Jian is competing with it for the purple light group. The attraction of it is magnified several times in an instant. Both of them start a stalemate while ye Chen falls!

With a roar, ye Chen's body smashed to the ground, leaving cracks on the ground. At this moment, the transparent whirlpool, which was deadlocked with Sha Jian, seemed to have reached its limit.

The whole space vibrated slightly, and a strange breaking sound sounded. The transparent whirlpool was finally defeated by the power of Sha Jian and collapsed completely. The purple light group fell on Ye Chen's side and turned into a tiny purple crystal stone like gravel. Later, it was inhaled by Sha Jian!

And Lingtian arrow God, who has been watching this incredible scene, is completely shocked!

At this time, just come back to God!

What was the vortex just now?

Ling Tianjian remembers the breath from the whirlpool

That kind of meaning is not a divine Kingdom at all, can appear!

Only the upper bound will have it!

He murmured in disbelief, "is it that the invasion of demons is not as simple as we think, and there is a shadow of the upper world behind it?"

And what's the purple mass? Even the existence of the upper bound is coveted by it?

All this, more and more complex! However, at this time, Lingtian arrow God is trying to suppress his mind. No matter what plot is behind it, the top priority now is Ye Chen's state!

At this time, ye Chen was in a very bad state. Even if Lingtian arrow God watched Ye Chen come along and witnessed countless miracles and his anti heaven vitality, he could not guarantee that ye Chen could survive!

The breath of destruction is destroying Ye Chen's body at an unimaginable speed, and ye Chen's divine blood, reincarnation blood, heavenly demon blood and other forces are running wildly, turning into rolling vitality, resisting the destruction of the breath of destruction!

In this case, ye Chen can still insist on it. Even if he is the peak of chaos and even the most powerful existence of the heaven God state, he will turn into nothingness in an instant!

What's more, what worries Ling Tian Jian most is that this is not a safe place!

This place has left the lifeless place, although it avoids the life force to be engulfed, but it also means that other creatures can survive here!

Ye Chen is now on the verge of life and death. Even a trace of external force can cause his death, a hungry monster, a vicious warrior and so on!

At this moment, a roar of animals sounded from afar. A monster shaped like a black bear with black and shiny fur and blood colored horns directly knocked down a large number of trees. He was extremely excited and ran furiously towards Ye Chen!

After all, ye Chen's blood is so rich that it's unimaginable. For these monsters, ye Chen is unique and extremely delicious!

The black bear monster with two horns rushed to Ye Chen's body in the blink of an eye, opened its mouth and directly attacked Ye Chen's body, biting it down!
