### Chapter 2891

Even Lingtian arrow God, at this moment, can't help but sigh in my heart!

Today's Ye Chen, under the impact of the destruction Shinto, is extremely fragile, and can't stand this monster at all!

Is this the end of Ye Chen's legend?

But at this moment, originally lying quietly beside Ye Chen, the evil sword suddenly burst out a burst of terrifying evil spirit, piercing the eyes of blood, straight into the sky!

That beast mouth is wide open, sharp teeth are about to tear Ye Chen's body, in this breath, his eyes, suddenly emerged with a look of incomparable panic, its body, is also out of control and mercilessly fly away!

With a roar, the monster broke several big trees and stopped. It looked at the dark sword beside Ye Chen with great fear. The beast's intuition told him that if he approached Ye Chen again, he would probably die!

Although he was still full of longing for ye Chen's flesh and blood, after hesitating for a moment, he could not overcome his fear of Sha Jian and left bitterly

Seeing this, Lingtian arrow God exclaimed with great joy: "protect the Lord automatically!"

It seems that this ancient thing, after ye Chen successfully understood the way of destruction, really regarded Ye Chen as the master!

However, Ling Tian Jian's worries still remain. After all, although the Sha sword is an ancient thing with extremely terrifying power, it has been sealed after all. Now, it can only play a part of the power of the absolute weapon.

The ancient Jue ware is also very strong, but after all, it is limited. The monster that rushed to Ye Chen just now is a monster in chaos!

A monster that appears casually is chaos state. It can be imagined that the living creatures in this area are so terrible. If a stronger monster appears, can the evil sword force it back with its own power?

On the whole, ye Chen's condition is still extremely dangerous!

.....

Three days later, the valley, suddenly flashed two elegant figures, look carefully, but two beautiful women.

One of them is a little younger girl, her petite body is shrouded in white clothes, her face is extremely beautiful, her eyes are pure and smart, and her white and delicate face is full of clean breath, just like a fairy who does not eat fireworks among people and falls into the mortal world.

Another older woman, tall, with a pair of Danfeng eyes, slightly upward canthus and a high nose, looks beautiful, but some cold, some proud, beautiful eyes turn, seems to be quite disdainful of all things in the world.

However, when the woman looked at the girl in white, her eyes were soft.

The two men, a girl in white, were named Yue Rou, while the tall woman was Lin Siqi.

They are all disciples of the Taiyuan sword sect of the first Kingdom.

The Taiyuan sword sect is not among the first-class forces in the kingdom of the first God. Even many people have never heard of the name of the Taiyuan sword sect.

But! The strength of Taiyuan sword school can not be underestimated!

Why?

Because, these two women, Yue Rou seems to be just over 20 years old, and their accomplishments are already seven layers of chaos!

Although Lin Siqi is three or four years older than Yue Rou, her accomplishments are still a high level!

Even in the first Kingdom of God, even after the moon appeared in the jade ring, it was extremely terrible to have such disciples! What's more, they are still so young!

If you put it outside, you can crush countless talents into slag!

Can such a clan be terrifying?

But why, no one has heard of the name of Taiyuan sword sect?

This is because the Taiyuan sword sect is a hermit sect! One of the hidden forces belonging to the first Kingdom of God.

Many of the so-called hidden forces are inherited from the generation of reincarnation masters!

However, after the fall of the reincarnation master, the rules of the kingdom of God changed, and tiandaogong took charge of everything.

Some families who disdain the management of Tiandao palace choose to live in seclusion!

In the eyes of these people, they will not obey anyone!

What does the heavenly way palace calculate again!

They open up their own mountain gate and create their own training ground!

It's not rare to have anything to do with the outside world!

At this time, the two people in the valley through the speed, are not slow, but they look different.

Yue Rou looks left and right. It seems that she is full of novelty. She grew up in the family and seldom touched the outside world. This time, she got the opportunity to gather herbs with elder martial sister Lin. naturally, she wanted to have a good tour.

Lin Siqi, with a slight dignified look on her pretty face, urged yuerou: "rouer, hurry up, we are not out to play."

Yue Rou spat out her little tongue and said with a smile, "yes, elder martial sister."

Lin Siqi nods. She is not Yue Rou, a little girl who has never seen the world. Although the outside world is full of wonderful things, it is also dangerous!

This valley, in the whole first God Kingdom, belongs to a place of absolute danger. It is said that there are many powerful monsters in the valley! Where can they play here? They were walking through the forest, as if they were looking for something. Suddenly, Lin Siqi's beautiful eyes brightened. In front of her, it was a small flower with dark body and ordinary appearance!

Even, there is no special smell.

However, Lin Siqi knew that this was a wonderful medicine they would not hesitate to enter the dangerous valley!

In a word, she waved the medicine bag.

But at this time, Yue Rou, who was behind her, suddenly exclaimed, "look, what is that, elder martial sister?"

Lin Siqi is slightly stunned and turns her head. In the direction of Yue Rou's fingers, there is a man lying unconscious. It is Ye Chen!

"Cut off the adversity?" In Lin Siqi's beautiful eyes, a trace of disdain flashed and said to Yue Rou: "rouer, just a dead man, nothing to see. Now, the herbs have been found. Let's go!"

On Yue Rou's small face, full of concentration, she gazed at Ye Chen, shook her head and said, "no, elder martial sister, his breath seems to be absent, but obviously, he is not dead yet."

Lin Siqi said with a sneer: "it's not dead for now. What's the difference between this state of being in this valley and being devoured by monsters sooner or later? Hehe, not to mention that he has been seriously injured. It is almost impossible for him to walk out of this valley even if he is in good condition

It has to be said that ye Chen has not been engulfed. Lin Siqi feels that his luck is incredible.

During the conversation between the two women, a dark shadow suddenly appeared in the distant sky. At the same time, a terrible howl came into their ears!

Chapter 2892

Lin Siqi's face suddenly changed, and she said to Yue roujiao, "no! It's a bird eater! Jour, let's go

In this part of the Jedi, the adult bird eaters are extremely terrifying. They can't compete with each other at all. Fortunately, their Taiyuan sword sect's body method is extremely exquisite. Although

tianshiniao is a powerful demon bird, its speed is not its strong point. Depending on speed, they can get rid of this day's bird eater!

But yuerou didn't move!

On Yue Rou's small face, a resolute color suddenly appeared: "elder martial sister, let's save the man who fainted!"

"What are you talking about! Are you crazy? "

Lin Siqi was completely shocked by Yue Rou's words, and even a look of anger appeared on her pretty face!

No matter how naive, there should be a limit, right?

They are not related to this boy. Why should they care about him?

What's more, it's still a waste that cuts through the disaster area. If you die, you'll die!

What's more, the sky bird eater is coming. With such a burden, it's hard to say whether we can throw away the bird eater! It is necessary to risk one's life to save a very weak garbage that we have never met before?

Only Yue Rou, a silly girl who does not understand the cruelty of the martial arts world, can have this unreasonable idea!

If it wasn't for her feelings with Yue Rou and her status in the clan, Lin Siqi would like to leave her and run away!

She glanced at tianshiniao, who was not quite close to him. She repressed her anger and said to Yue softly: "rouer, don't be too naive. The world is not as simple as you think. What's the use of saving him now?"

This man, obviously, can only cut through the adversity, but his appearance in such a dangerous valley can only show that he is not only weak, but also has no self-knowledge. This kind of person is doomed to die! "

"Even if you save him once, can you save him a second time, a third time?"

"What's more, after the fall of the reincarnation master, all the seven gods have changed! Become extremely dark and bloodthirsty! The weakness of human nature is magnified to the extreme! It's not sure if this person is good or bad! "

"In other words, you save this person, for the world has no meaning! He is not the reincarnation master! You can't save the kingdom of God

"Let's go!"

At this time, the old Cang and the old maniac of the samsara cemetery listen to their conversation, but in their hearts they are extremely nervous! If these two women don't make a move, ye Chen is likely to really die!

In the past few days, Sha Jian has resisted many demons for ye Chen, and even forced back several monsters in the later stage of chaos state. However, the power of Sha Jian is almost consumed!

There is no strength to repel this day's bird eater!

He secretly hoped that the two women would save Ye Chen. This is the only chance for ye Chen to survive!

Although they want to do it, their strength is built on Ye Chen!

Now ye Chen is in a coma. They are chicken ribs!

At this time, Yue Rou also looked at the bird eater that day. The strong evil spirit of the bird made her delicate body tremble slightly. However, her face was still firm. She said without any concession: "elder martial sister, you may be right, but this day bird eater is so terrible. If we let him go, he will surely die. I can't see it Wounded, helpless people, die in front of me, and don't care

Hearing this, Lin Siqi is completely angry. Is Yue Rou spoiled?

At this time, how could you be self willed? She is so willful, but she may lose their lives!

Her spiritual strength is gathering in the dark. Looking at Ye Chen's eyes, she is getting colder and colder. Now, I'm afraid, the only way to make yuerou die is to kill the boy completely. Anyway, he can't escape the fate of being devoured by birds of prey, isn't he?

But just before Lin Siqi was ready to make a move, Yue Rou's body suddenly moved and quickly swept towards Ye Chen!

Lin Siqi secretly scolded a damned, this silly girl actually did not hesitate to rescue people?

Yue Rou holds Ye Chen's body, and the evil sword in Ye Chen's hand seems to have a sense, and it turns into a light and melts into Ye Chen's body.

Otherwise, Yue Rou could not take away the weight of the Sha sword.

The next moment, it was just a black spot. Its body shape has covered the sky above the heads of the two girls. It is a blue gray feather, like an eagle falcon, a bright red beak, but it is a huge bird!

Lin Siqi's pretty face completely sank down. Now, there's no way. She can only take this boy and run away together!

Yuerou has hugged the boy. If she does it to Ye Chen again, will yuerou stop him at all costs? Once entangled, they will definitely die under the claws of the bird eater!

"Let's go!"

Lin Siqi gave a loud drink, raised her plain hand, and shot out a round ball, which broke in front of the bird and turned into a rolling white fog, covering the bird's sight! But the two girls were moving, moving in a certain direction, and running away at full speed. At this time, Yue Rou's small face was obviously with a trace of hardship, and her speed was nearly a fifth slower than that of Lin Siqi!

Originally, although Yue Rou and Lin Siqi have some differences in their accomplishments, their martial arts talent is even higher than that of Lin Siqi. They have cultivated the body method of the Taiyuan sword school to a level close to perfection. There is not much difference between their real speed.

The reason why Yue Rou's speed is so slow now is that she takes Ye Chen with her!

Although it's just a person's weight, it's very different to display the Taiyuan sword sect's body method!

On that day, the bird eater seemed to be infuriated by the white fog released by Lin Siqi. When her wings spread, a strong wind swept through her. In an instant, the white fog around her body was blown away. At the same time, her body flew up and ran towards Lin Siqi and Yue rou!

Lin Siqi looks back at Yue rou. She is surprised. Because she is burdened by Ye Chen, her speed is much slower. If she goes on like this, she will be caught up by tianshiniao soon!

She couldn't help but shout at Yue Rou again: "rouer! Elder martial sister orders you, lose that boy to me quickly! Otherwise, you will be chased by the birds of prey! Otherwise, even if you save the boy, the elder martial sister will kill him! "

Yue Rou, who is always clever and obedient, seems to have not heard Lin Siqi's anger. Her face is covered with sweat, but she still holds Ye Chen tightly without any intention of letting go!

"Damn it!"

Chapter 2893

Lin Siqi is really angry! In the eyes, flashed the thick hatred!

What she doesn't like most is being dragged down!

Because of her feelings with Yue Rou and her background, she can't hate Yue Rou, so she hates Ye Chen!

The distance between Lin Siqi and Yue Rou is getting bigger and bigger. At this time, on that day, bird eaters almost catch up with Yue rou. The blood red beak of the bird opens wide and makes a scream. A strong suction comes out of the beak and sucks everything around into the beak!

At this moment, yuerou's delicate body, as if frozen, could not move at all. Just resisting the attraction of terror, she almost exhausted her whole body's strength, while the sky eating bird was approaching her at a very fast speed!

"No!"

Yue Rou looked back and saw that one side of the huge beak was red with blood, emitting a strong smell of smell and decay. If she and ye Chen were inhaled into it, I'm afraid it would turn into a pool of blood in an instant?

In her beautiful eyes, there is a strong color of fear, her face is pale, but her hands still do not mean to relax, but more and more tight! Even if she is afraid, Yue Rou doesn't want to be a man who can't help others!

Yue Rou took a deep breath. Although she was still shaking, she calmed down a little. Her eyes flashed a decisive color. A sword light shot out of Yue Rou's body. She killed the bird that day. Since she couldn't escape, there was only one battle!

Lin Siqi in the distance, seeing this scene, hesitated for a moment, still gritted her teeth, moved her hands, and grasped a long sword. On the sword, the light of the sword was surging, just like a thunderbolt, sweeping toward the bird eater that day!

If Yue Rou had an accident, she would not be safe and sound if she returned to her clan. After all, it is taboo of Taiyuan sword sect to abandon her classmates!

If you are an ordinary disciple, you will abandon it if you abandon it. The world of martial arts is extremely cruel. No one will really care about this. But Yue Rou is not an ordinary disciple!

That day, when bird eaters were faced with the swords cut by the two girls, there was an anthropomorphic sarcasm in his green gray eyes. These two sword lights, in its view, could not pose any threat at all!

Although it is attracted by Ye Chen's blood, these two human women are obviously rare delicacies!

Just when the two swords were about to cut the birds in the sky, a long cry and a wave of blood red waves came out from their big mouth. In the sound of blood red sound, the sword light of the two women turned to be smashed in an instant!

Yue Rou and Lin Siqi, on their pretty faces, are extremely shocked!

They are both swordsmen! The two girls are always confident in their attack power. However, in the face of this day's bird eater, their joint attack, not to mention injuring it, did not even touch each other's feathers!

How terrible!

This can only be said that the strength gap between the two people and tianshiniao is too big!

The hearts of Lin Siqi and Yue Rou are completely sunk!

On that day, the bird eater's eyes flashed the color of extreme ecstasy, so we should swallow Yue Rou and ye Chen directly into the mouth. If we refine the flesh and blood of these two human beings, especially the man, their strength may be able to break through again?

But at this moment, in the void, waves together!

A whole body of purple light shining snake, suddenly emerged, a mouth, spit out a purple thunder, mercilessly toward the bird eating that day!

There was a big bang. That day, the bird screamed. In his big mouth, he was cut black!

"It's a purple snake!"

Yue Rou sees this, and her pretty face shows the color of ecstasy after the disaster. The bird eater is one of the natural enemies of the purple thunder snake. She often catches the purple thunder snake for food. However, the purple thunder snake often devours the eggs of the bird eating bird!

These two kinds of monsters are extremely powerful when they grow up. Because of the hatred accumulated from generation to generation, when they meet each other, they will fight to the death!

Originally, this purple thunder snake is also attracted by Ye Chen's blood. Unfortunately, it happened to collide with the bird eater on this day! For a moment, the purple thunder snake even ye Chen didn't care about it, and directly attacked the sky eating bird!

Yuerou naturally won't let go of this good opportunity. Taking advantage of the battle between the two monsters, she takes Ye Chen and flies towards Lin Siqi!

Soon, the two women's bodies, then disappeared in the sky, completely left the dangerous valley!

Until then, Lin Siqi's face softened slightly. However, she was still very angry and said to Yue Rou: "rouer! You know, you almost killed yourself just now! Is it worth it just for this waste? "

Yuerou spat out her tongue and said, "elder martial sister, am I wrong? But you see, aren't we all ok now? Moreover, I don't think this man is as simple as it seems

"I feel his breath and I'm familiar with it."

"It's a bit like the stone statue that we often worship in the temple." "Ha ha." Lin Siqi glanced at Ye Chen and said with a sneer, "what's not so simple about a waste of chopping down the disaster area?"

Isn't it easy? It's so disgusting to see it!

Yue Rou said seriously: "elder martial sister, did you forget? Three days ago, before we came out to collect herbs, we felt a strong fluctuation that even the strong people in the clan were thrilled by? "

When Lin Siqi heard the words, her pretty face changed slightly. The Taiyuan sword sect was not too far away from the valley. That terrible wave came from the direction of the valley. Up to now, she was still a little chilly.

She nodded and said, "it may have been caused by some kind of existential battle close to the celestial realm. It's unimaginable. What's the matter?"

Yue Rou suddenly looked excited and said, "this young man, who seems to be seriously injured, has something to do with the super war a few days ago? Maybe he's a formidable terror we can't imagine? "

Said, a pair of incomparably clear big eyes, glittering, looking at Ye Chen's eyes, just like seeing a baby!

But Lin Siqi, however, laughed scornfully!

She said coldly, "rouer, don't dream. Do you think the strong people of that level are all over the street? This waste, not to mention participating in the battle at that level, is just a wisp of aftershocks in the battle, can it be extinguished? "

Yue Rou feels her head with embarrassment. Ye Chen is just a cultivation of cutting off adversity. It is really impossible to trigger the battle wave at the peak of chaos state

Chapter 2894

However, Yue Rou is more curious about ye Chen. How did he fall into this dangerous valley? And when she rescued Ye Chen, the dark sword that directly integrated into Ye Chen's body gave her a feeling of panic!

In the dark, Yue Rou has a kind of intuition, that is, the man saved by her is absolutely not simple!

Ling Tianjian listened to the conversation between the two girls, but she couldn't laugh or cry. The woman named Yue Rou was really fantastic.

But she was right!

At the same time, he is also a little lucky. A kind and simple woman like Yue Rou is almost endangered in the world of martial arts. He may not get one for ten thousand years, but he happens to be hit by Ye Chen!

Thanks to yuerou's kindness, ye Chen has recovered a life!

This luck can be called against the weather!

At this time, Yue Rou suddenly said again: "elder martial sister, I want this young man to join our Taiyuan sword sect."

"What?" Lin Siqi looked at Yue judo strangely from the corner of her eye. "Rouer, what are you thinking? Our Taiyuan sword sect, as a hermit sect, has such strict requirements that it can't be imagined. Even in their twenties, they are just people who have cut through adversity. What qualifications do we have to join our Taiyuan sword sect? Don't be so wayward

Let Ye Chen this mole ant and oneself become the same door? Think about it, let Lin Siqi feel sick!

As a disciple of Taiyuan sword sect, she is extremely proud! How can you let any cat and dog become a disciple of the Taiyuan sword sect? Isn't that lowering her identity?

To put it bluntly, she just looks down on Ye Chen, a man of inferior cultivation, who is worthy to be a man even if he is a waste like this? What's more, the boy died in the wilderness and nobody was in charge of it. I guess he has no background, right?

Like this kind of mole ants with no strength and background, 10000 and 100 million die a day. Maybe she will be too few!

Yue Rou pouted and pursed: "now, it doesn't mean that it has always been a bad situation? Elder martial brother Li Kun didn't suddenly rise until he was 20 years old, and his cultivation made great progress... "

Lin Siqi suddenly got cold and said, "yuerou, what do you say? This kind of person deserves to be compared with elder martial brother Li? "

Listening to Lin Siqi's tone, Yue Rou shut her mouth in fear.

Li Kun is the first person of the younger generation of Taiyuan sword school. His strength can be described as terrifying. In addition to his cultivation against the heaven in the nine layers of chaos, his understanding of Kendo is terrifying enough, which is beyond description!

Li Kun, who is only 31 years old this year, has made such achievements. What's more, he has created countless miracles in the Taiyuan sword sect. It's not too much to call him an eternal evil!

However, Li Kun's cultivation of martial arts was not smooth. Before he was 20 years old, he was just an ordinary disciple of the Taiyuan sword sect. Until he was 20, he was still in a crazy rise!

Yue Rou also knows that Li Kun has always liked Lin Siqi very much, and Lin Siqi is also full of affection for Li Kun. They can establish a relationship only by one layer of window paper.

Although Lin Siqi has not agreed to Li Kun's pursuit out of her reserve, she can be pursued by such a talented person. For a vain woman like Lin Siqi, she will undoubtedly bring great satisfaction. Consciously or unconsciously, Lin Siqi has regarded Li Kun as her own man.

Is a man like Ye Chen who can be compared?

In terms of Lin Siqi's vanity, comparing Ye Chen with Li Kun is an insult to Li Kun and her Lin Siqi!

At this time, ye Chen's eyelashes suddenly shook for a while!

Lao Cang's heart a joy, ye Chen came over! The destructive breath in Ye Chen's body, under the suppression of various powerful blood vessels, finally began to converge!

Yue Rou and Lin Siqi both have a look.

However, Yue Rou is happy, and Lin Siqi is speechless!

Ye Chen slowly opened his eyes, looking at the two women around him, slightly a Leng.

He asked in his heart: "Lingtian arrow God, laocang, laokuang, what happened? How can I be here? "

Immediately, lingtianjian God will ye Chen forcibly kill the fleeing demons, all told him.

Including the mysterious transparent whirlpool, purple light group, and Yue Rou's rescue of him.

A glimmer of color flashed in Ye Chen's eyes, and his heart was shocked. If there were people from the upper boundary to intervene in the disaster, it would be troublesome!

At the same time, he is also very curious about the purple crystal stone in the Sha sword!

If you have time, maybe you should also refine the broken sword of Ren.

Seeing ye Chen awake, Yue Rou smiles and says to Ye Chen, "Hello, my name is Yue rou. This is my elder martial sister, Lin Siqi. Both of us are disciples of the Taiyuan sword sect. I found you lying in the valley before, and I brought you out."

Lin Siqi, on the other side, was speechless: "I didn't wake up when I was chased by tianshiniao. As soon as I got out of the danger, I heard that I could join the Taiyuan sword sect. Did you wake up? Are you really good at timing? "

This is no doubt that ye Chen was pretending to be dead just now!Ye Chen nodded and sincerely said to Yue Rou, "my name is Ye Chen. Thank you for your help."

Although his words are short, he will never forget this kindness!

As for Lin Siqi, he completely ignored it and didn't take a second look.

However, compared with Ziyang, Ziyang, ruoyan, how can she be more interested?

The most important thing is that Lin Siqi is a woman with such a character. No matter how beautiful she is, ye Chen will only be disgusted!

When Lin Siqi sees Ye Chen as the air, she looks at Ye Chen's eyes, and even more disgusts him!

How dare these ants ignore me?

Thank you to Yue judo only?

Although, she is not interested in Ye Chen at all, she can't stand ye Chen's attitude towards her!

Even the genius of Li Kun, who is polite and caring for himself, shows such indifference in front of himself?

Like Ye Chen, this kind of man, should not put a low profile, extremely humble kneeling and licking himself, just in order to exchange for a little bit of his good will, or say a word with himself?

Yue Rou smiles at Ye Chen and says, "Ye Chen, we are going back to the Taiyuan sword sect now. Do you want to go back with us?"

Ye Chen smelled the speech, nodded his head and said, "it's better to obey orders than respect."

His injury is not completely healed. He needs to find a place to recover quietly. There are countless powerful monsters around here, which can be said to be in danger. Only the Taiyuan sword sect can make him rest in peace.

But at this time, ye Chen's eyes flashed, but she frowned at Yue Rou and said, "Miss Yue, someone seems to be spying on me!"

Chapter 2895

"Ah?" Yue Rou exclaimed. She immediately let out her mind and swept around, but she got nothing!

Lin Siqi, on the other side, looked at Ye Chen with a scornful look and said with a sneer, "are you ready to pretend? We are two chaotic states. We don't feel anything. You, who cut down the enemy territory, can still detect that someone is spying on us?"

Ha ha, is it just to attract our attention? It's ridiculous. A man with no strength can only play this trick! "

Yue Rou pulled the sleeve of Lin Siqi and said, "elder martial sister, it's too much for you to say so."

She is a little strange, although the usual elder martial sister's temper is not very good, but also not so? Why is Ye Chen so annoying?

She took a look at Ye Chen and saw that there was no change in his look. She felt relieved. She wanted Ye Chen to join the Taiyuan sword sect, but she didn't want to let Lin Siqi run away.

And Lin Siqi, in the eyes of the cold is more rich, was said, even a retort, do not dare?

However, it's also a waste insight. Otherwise, if you find an opportunity, you must teach him a lesson!

Although Yue Rou doesn't think ye Chen is trying to attract attention, she still says, "Ye Chen, do you feel wrong?"

After all, it is almost impossible for ye Chen to surpass them both in spirit and spirit.

Ye Chen said: "is it wrong? Go to have a look and you will know. Wait for me here for a while."

Hearing the words, Lin Siqi's eyes sank again and said, "we saved you and brought you back to the ancestral gate. Are you going to kick your nose and face now? Want us to wait for you? Rouer, don't wait for him! If he wants to see it, let him see enough! "

Yue Rou pulled Lin Siqi and said with a smile to Ye Chen, "well, you go and have a look. We are waiting for you."

Here, we are out of the most dangerous area in the valley. There are basically no monsters above the chaotic state nearby. Wait a minute. It's no big deal.

Ye Chen nodded his head and said, "it won't take too long. I'll come back when I have at most a stick of incense."

After that, he flashed into the void.

After a few flashes, ye Chen stopped his body and looked at some void: "come out."

In the void, a young man in a bloody robe appears in front of Ye Chen.

The young man, looking about twenty-seven years old, had delicate facial features, but his complexion was abnormal. There was blood floating in the depth of his eyes.

At this time, the young man, with a surprised look at Ye Chen, did not expect to be found!

Ye Chen's eyes squint, the man in front of him is very strong, chaotic state of eight layers of heaven, and, the strength is also similar to the blood league's first killer blood thorn Wantong!

However, there was no fluctuation in his heart!

Although Ye Chen is now injured, in poor condition and damaged in strength, the lean camel is bigger than the horse. Even with his current strength, he can still defeat the blood robed man!

It's just that if you force him, it may aggravate his injury and make him need more time to recover.

Ye Chen to that blood robe man, light asks a way: "why peep at me."

The man in the blood robe heard the speech, but he said with a smile: "the blood on you is too rich, and I happen to be a blood Xiu. I am attracted by your blood, so I should have a good look."

A flash of cold light in Ye Chen's eyes?

So, this man is trying to plunder his own blood?

He said with a cold smile: "my blood is really very strong. If you get it, it must have great benefits. How, do you want to plunder my blood?"

Ye Chen's spiritual power surges in his blood, and he is ready to fight. But at this time, to his surprise, the man in the blood robe shook his head and said, "No

"No?" Ye Chen eyebrow tip a pick, "why?"

The blood in the man's eyes suddenly filled with blood, as if he wanted to see through Ye Chen. He looked at Ye Chen carefully for a while and said, "because I feel that if I put my hand on you, I will die! You give me the feeling, very dangerous! Even the super monster at the top of chaos has not given me such pressure! "

He immediately is a smile way: "I this person, but cherish life very much."

Ye Chen slightly a Leng, immediately also smile, this person's eye is good, the eye is good, generally will not be short-lived.

The man in the blood robe arched his hand at Ye Chen and said, "my name is Ouyang Xi. From the first God Kingdom, xueyuanzong, can you get to know him?"

Ye Chen said faintly: "Ye Chen."

Ouyang Xi's eyes suddenly flashed a trace of fanaticism and said, "brother ye, can you compete with me?"

He is a genius of xueyuanzong. It can even be said that he is a good figure in the whole first Shenguo. Ouyang Xi is confident. In terms of martial arts talent, he is absolutely qualified to be in the top 20 among the younger generation of the first shenuo!

But now, he was shocked by a martial arts practitioner who was younger than him and only cut through adversity? If you don't want to challenge Ye Chen, it's impossible!

Ye Chen shakes his head: "no time!"

Then he turned and left!

But at this time, Ouyang Xi stopped Ye Chen and offered a cage: "the reason why I stare at you is that this spirit animal. If I guess correctly, you also have a spirit animal."

"If you promise me, I will give it to you."

Ye Chen's heart congeals, in the heart shakes incomparably!

His connection with the blood dragon is intermittent, because the spirit animal is not strong enough. If we merge another spirit animal!

Perhaps, he and the blood dragon's connection, can be very strong!

You can even share each other's strength!

He suppressed the excitement and nodded, "OK."

It's just a fight, not a fight.

Moreover, refusing Ouyang Xi now may cause some troubles.

At this moment, Ouyang Xi suddenly had a bloody sword in his hand. A bloody smell filled the whole world. The whole world was almost submerged. The river of blood was swirling around the whole body of Ouyang Xi. It turned into a bloody dragon and poured into the sword in his hand!

"The blood dragon danced wildly!" he said

A bloody dragon, accompanied by the extremely fierce sword meaning of tearing up everything, suddenly cut the space around the two people into pieces. The sharp breath of the blood dragon soared rapidly. In a short time, the blood dragon's body surface showed the dark light. The sharp sword idea actually cut the crack and belt of the martial law. No breath!

This sword is very terrible!

It can be said that the martial arts level of the first Kingdom is impeccable, whether it is the intention of real martial arts, the understanding of the sword, and the control of blood!

This sword, no doubt, can shake the later stage of chaos!

Even in Ye Chen's eyes, there is a glimmer of appreciation.

However, it is just appreciation. His martial arts level has already gone beyond the level of the kingdom of God at the moment of understanding the destruction Shinto.

Now, this sword has become no threat to him. Even ye Chen stands in the same place with no movement!

Chapter 2896

Ye Chen has no plans to move.

You can see this scene of Ouyang Xi, but in the eyes of blood flash, showing a trace of disappointment.

Ouyang Xi is very aware of the power of his sword. Although he only competed with each other, he has some reservations. However, this sword can not be resisted without moving. In Ouyang Xi's opinion, as long as ye Chen's martial arts understanding is not weaker than his own, he will dodge, temporarily avoid the first edge of the blood dragon's crazy sword dance, and then attack the thin edge of the sword Weak points.

However, ye Chen's performance is still.

This is the most wrong judgment in the face of blood dragon dancing sword. No matter Ye Chen is tuoda or his understanding of martial arts is too poor, it is a disappointment for Ouyang Xi!

Even he felt that he had lost sight of himself?

Ye Chen, in fact, is nothing remarkable?

However, although Ouyang Xi is not a good man, he also has his own principles. He said that if he would not attack Ye Chen, he would not attack Ye Chen. Even if ye Chen failed to defeat him, Ouyang Xi did not mean to turn back.

Just before the bloody angry dragon was about to swallow Ye Chen completely, ye Chen moved!

A long black sword appears in Ye Chen's hand. It looks like a slow and solid sword to the blood dragon in front of him and cuts it down! He did not even use the body of the demon and reincarnation!

On the sword, there is a faint sense of destruction!

That is the power to destroy Shinto! However, ye Chen only used a thread.

This is enough!

The next moment, incomparably frightening scene, appeared!

There was no violent impact in the imagination, and the aftershocks scattered and thundered.

The blood dragon that Ouyang Xi cut out with the most extreme sword collapsed soundlessly!

Turned into a light blood mist, dissipated in the air!

At the last moment, Ouyang Xi, still full of disappointment, is completely dull at the moment!

Can't believe to look at Ye Chen!

Ye Chen, what did you do just now?

That sword, with his martial arts realm, can't even understand!

Shock to the soul began to shake!

His eyes flashed with blood, and his face was extremely embarrassed. Just now, he thought Ye Chen's martial arts level was not enough, and he thought he overestimated Ye Chen?

As a result, the next second, he was severely beaten in the face!

Not enough martial arts?

He could see that ye Chen seemed to be hurt. He didn't fully exert his strength. The reason why he was able to suppress his blood dragon's crazy sword dance so easily was because his martial arts level was far higher than his own!

He did look away, but he greatly underestimated Ye Chen!

To tell you the truth, Ouyang can see it. Don't compare it with yourself. In terms of martial arts realm, he doesn't even have the qualification to give ye Chen shoes

Yes, completely!

For the first time in his life, oupei Wu is extremely proud of himself!

If we say that he Ouyang Xi is a demon of all ages, ye Chen is a demon of God level who can change the history of the whole plane!

He laughed at Ye Chen and said, "what a terrible sword! Brother ye, today, I've really learned a lot! I'm convinced by the defeat

At the same time, he also secretly congratulated, fortunately, did not hand to Ye Chen!

Ye Chen smiles and says: "you are also good."

It's really good. If ye Chen didn't understand the destruction of Shinto, I'm afraid it would be quite difficult to face Ouyang Xi's sword.

With a wave of Ouyang's hand, the spirit animal in the cage will go towards Ye Chen!

Ye Chen is short of breath, and there are few things that can make him so excited. Maybe he can see the blood dragon when refining this spirit animal!

I don't know what happened to the blood dragon in the nine heaven god dragon hall.

Of course, Ouyang Xi also noticed this detail. He was a little strange. In fact, the spirit animal was not a good thing. Why did ye Chen care so much?

Is Ye Chen practicing separation?

Later, he did not think about it any more. He threw a jade card to Ye Chen and said, "this is my keepsake. It is also a jade card to contact. If you need help in the first Kingdom of God, you can ask me for help."

Ouyang Xi's identity is not simple. He knows that there is no harm in making friends with such amazing talents as ye Chen!

After that, he saluted Ye Chen again and said, "brother ye, originally, I should have invited you to get together with xueyuanzong. However, I still have something to do, so I have to make an appointment another day."

Ye Chen nodded his head and said, "I'll see you later."

Ouyang was just about to disappear, but he thought of something. He turned around and said to Ye Chen in a rather dignified way: "brother ye, please be careful of Mo Xueming. Recently, there are a lot of things about the first God kingdom. In addition to the demons, Mo Xueming, who has long shrouded the shadow of the kingdom of God, seems to have begun to act."

After that, Ouyang Xi's figure flashed and fell into the void. Ye Chen looks at the back of Ouyang and falls into meditation.

Does Mo Xueming touch the first Kingdom?

However, it is also right to think about it. Mo Xueming has existed for a long time. In the old age, he was terrified, not to mention now.

.....

The next moment, ye Chen returned to Yue Rou and Lin Siqu.

Yue Rou asked curiously, "Ye Chen, have you found anything?"

Ye Chen light way: "no, I feel wrong."

He didn't say anything about Ouyang Xi. There was no need for him to explain it in vain.

He never liked trouble.

Lin Siqi snorted coldly: "wasting our time just to make a fuss? Hehe, if we meet a monster because of you, I will make you pay the price! "

Ye Chen, however, seemed not to have heard Lin Siqi speak. He said to Yue judo, "go on."

As a matter of fact, he had already explored before he left. There were no powerful monsters around here for the time being.

Although Lin Siqi is not happy, but under Yue Rou's persuasion, she doesn't want to say anything more. The three continue to move towards the Taiyuan sword sect.

While walking, Yue Rou asked Ye Chen, "Ye Chen, are you interested in joining our Taiyuan sword sect? Although our Taiyuan sword sect is a hermit sect and is not very famous, I can guarantee that we will never be much worse than those first-class forces of Wanfa Zong! "

Speaking of zongmen, there is a trace of pride floating on Yue Rou's small face.

Ye Chen did not hesitate to shake his head and said, "I have already lived in the door."

"So?"

On hearing this, Yue Rou lowered her head somewhat. She did not know why. She hoped Ye Chen would join the Taiyuan sword sect.

Lin Siqi is happy. In her opinion, what kind of powerful clan can this waste come from?

It is estimated that they have never heard of the reputation of Taiyuan sword sect, and they have no idea of good or bad, so they refused?

Chapter 2897

This kind of no strength, no status, and even no insight of men, is absolutely impossible, there is a turn over that day.

Before long, the three came to a deep valley shrouded in clouds. The Taiyuan sword sect hid in the valley.

Several people passed through the clouds and entered the sect. Although the Taiyuan sword sect belongs to one of the most mysterious forces in the first Kingdom, its architecture is quite simple.

However, as soon as he stepped into the Taiyuan sword school, ye Chen's expression moved, because he felt a strong sense of sword!

This sword meaning, which exudes a strong ancient flavor, obviously does not come from today's era.

It seems that the inheritance of Taiyuan sword school is quite strong.

And ye Chen three people, walking in the sword school, but attracted a lot of people's attention!

Why?

Because, in the past, it is impossible for a man to appear beside yuerou and Lin Siqi!

Yue Rou has a special identity. She is as naive as a little girl. She knows nothing about love. Naturally, no man can attract her interest. If she has to say something, only Ye Chen is the only one.

But Lin Siqi, that's the woman Li Kun loves. Who dares to go too close to her? Isn't she looking for death?

At this time, a tall man with firm face, sharp lines and masculine atmosphere appeared in front of the three people and said with a smile: "rouer, Siqi, are you back?"

Said, his eyes slightly flash toward Ye Chen to see: "this is?"

Yue Rou grabs Lin Siqi's answer before she opens her mouth: "this is Ye Chen, we met when collecting herbs."

Yue Rou then said to Ye Chen, "this is Li Kun, senior brother Li. He is the first person of our Taiyuan sword sect."

Li Kun looks at Ye Chen, his eyes narrowed slightly, but there is no expression. He seems to disdain to know ye Chen. Lin Siqi, standing beside Li Kun, looks at Ye Chen with a funny face.

She thought, this mole ant does not know in front of elder martial brother Li, dare to pretend like that? She and Li Kun both think that it should be ye Chen who wants to know and greet each other. As for Li Kun?

Whether you will respond depends on your mood.

However, Li Kun's silence, in exchange for ye Chen's silence!

The atmosphere between the four, for a time, some embarrassment!

Li Kun and Lin Siqi looked at each other, and they were quite incredible. A warrior who cut through the adversity did not even greet him in front of him? Is it still waiting for Li Kun, the first genius of Taiyuan sword school, to take the initiative?

Crazy, not crazy to this point, right?

Ye Chen looks pale. Li Kun is not too old, but his accomplishments are chaotic. He may be a genius in the Taiyuan sword school, but he is nothing in his eyes.

Even, the feeling that Li Kun gives Ye Chen is worse than Ouyang Xi!

This feeling does not come from cultivation, but from the control of martial arts and Taoism.

If Li Kun and Ouyang Xi fight against each other, they are likely to lose!

Many times, the realm can not represent what! I am the best example!

Don't want to say hello to him?

That's right. Ye Chen is too lazy to speak.

This huge Taiyuan sword school may be regarded as a large number of sword techniques with a long history. But in Ye Chen's eyes, the only thing worthy of his attention is Yue Rou, the remaining genius or the strong, even the ancient sword meaning on the road is not worth mentioning!

Yue Rou looked around awkwardly and said, "elder martial brother Li, why do these disciples seem to be in a hurry? What happened? "

Li Kun looked at Ye Chen's eyes, more and more cold. Hearing Yue Rou's words, he turned his head, frowned slightly, and said with some solemnity: "xueyuanzong ouyangxi, come to worship the mountain!"

"What!" Yue Rou and Lin Siqi, smell speech is a change in face.

When it comes to xueyuanzong, like the Taiyuan sword sect, it is also a hidden force inherited from ancient times. Moreover, there have been some conflicts between the two sects, and they are competing with each other. However, in order to avoid the development into a death struggle, the two sects generally decide their status by worshipping mountains!

For a long time, the Taiyuan sword school has suppressed xueyuanzong. After all, although Xuexiu is hot and weird, the way of sword cultivation is quite restrained!

Until recently, however, the situation has changed, because xueyuanzong had an Ouyang night!

It is said that he created numerous legends in xueyuanzong, which is known as an amazing talent in 4000 years!

Ouyang Xi's strong rise has made Li Kun, who has always enjoyed unlimited scenery, been eclipsed in front of him!

Although Li Kun's realm is a few silk higher than ouyangxi, ouyangxi is a pervert who can fight beyond the level!

Now, Ouyang Xi has come to Taiyuan sword sect to worship the mountain!

Li Kun continued: "now, the headmaster and the elders are receiving Ouyang Xi, and the disciples have already gone to the fighting arena first."

Worshipping the mountain seems to be to greet and salute. To put it bluntly, it is to challenge the Taiyuan sword sect disciples. Lin Siqi asked anxiously, "senior brother Li, are you confident in this war?"

Since he is a disciple of the Taiyuan sword sect, Li Kun is naturally the one to challenge.

Other people, even with Ouyang Xi have no qualifications to fight, go up is just a disgrace.

Li Kun heard the speech, and a confident smile appeared on his face and said: "Si Qi, don't worry. Although Ouyang Xi is so wonderful, I don't think he is really much stronger than me. What's more, three days ago, I already understood the meaning of Taiyuan sword!"

"Taiyuan sword meaning!"

Lin Siqi exclaimed, looking at Li Kun's eyes, full of excitement, Li Kun is worthy of her man, too excellent!

Taiyuan sword meaning is the ancient sword meaning that ye Chen felt when he stepped into the Taiyuan sword sect. Even in his own school, let alone young disciples, even high-level people can understand it!

There are few disciples of all ages who can understand the meaning of Taiyuan sword!

At the age of 31, Li Kun was the first to understand the meaning of Taiyuan sword!

He set another record!

Looking at Li Kun, full of self-confidence, Lin Siqi suddenly disdains to glance at Ye Chen.

Li Kun such a man, is a man, strong, proud! What about ye Chen? Not to mention the strength, even the basic self-confidence, have no appearance, and Li Kun is simply not comparable!

Li Kun said to Yue Rou and Lin Siqi, "rouer, Siqi, let's go to the martial arts arena first."

The two girls nodded, and Yue Rou said to Ye Chen, "Ye Chen, come too."

At this time, Li Kun suddenly slowed down a little, blocked in front of Ye Chen's body, and said in a low voice: "boy, you'd better stay away from them two, some people, you can't get close to!"

Ye Chen glanced at Li Kun lightly, and then walked with Yue rou.

Chapter 2898

He had no interest in the contest, but now he has changed his mind.

Li Kun, threaten yourself?

Ha ha

Ye Chen's eyes flashed a trace of fun. Unexpectedly, Ouyang Xi came to worship the mountain by Taiyuan sword. In that case, he didn't intend to miss this wonderful play.

Immediately, several people, then toward the fighting field.

Soon, they entered the fighting field, at this time, a thin face, hands back, momentum of the middle-aged man, accompanied by a big man, appeared in front of them.

"Master! Elder

Li Kun three people, are to these two people salute way.

The middle-aged man is the leader of Taiyuan sword sect, Yue Qingshan!

At this time, Yue Qingshan and the elder were both heavy. He said to Li Kun, "Li Kun, don't be forced to fight for a while."

Li Kun was stunned at the speech.

Don't force it? What'd you mean by that?

Does the leader feel that he is not as good as Ouyang Xi?

His eyes were dim and he said, "yes!"

Can not see, the heart, what is thinking.

When Yue Rou saw Yue Qingshan, she was not as respectful as Li Kun and Lin Siqi. On the contrary, she seemed a little intimate and said, "Dad!"

She is the daughter of the leader of Taiyuan sword sect!

No wonder Lin Siqi was angry and dissatisfied with Yue Rou's behavior all the way, but she still did not dare to leave Yue Rou behind. She did not even say much heavy words.

Then, Yue Rou and Yue Qingshan introduce Ye Chen's situation. Although Yue Qingshan seems a little reluctant, he can't beat his precious daughter. Finally, he agrees to stay in the Taiyuan sword sect to heal his wounds.

Yue Rou and Lin Siqi sit together with the leader and the elder, while ye Chen is placed in the ranks of the disciples of the outer sect.

Around the people, all ye Chen cast a curious look, but ye Chen looks light, they always can't see what.

But after a while, there were more and more comments. All the disciples of Taiyuan sword school looked at Ye Chen with disgust!

In the distance, on the seat of zhenzhuan disciple, Lin Siqi, with a sneer on her face, is whispering with the people around her!

Obviously, from Lin Siqi there, what about ye Chen's bad remarks, spread!

Now, all the disciples of Taiyuan sword school regard Ye Chen as shameless. They die by dressing. They do not hesitate to drag Yue Rou and Lin Siqi into danger. They also want to lure Yue Rou, who is not deep in the world, ignorant and ignorant. They also rely on their clothes and sensationalism to attract attention!

This kind of man is also worthy of sitting in their Taiyuan sword sect?

If it wasn't for Ouyang Xi and Li Kun, they would have to drive Ye Chen out of the Taiyuan sword sect!

At this time, a young man in a blood robe slowly stepped into the fighting field. It was Ouyang Xi!

On his face, with a faint smile, he stood quietly in the field.

However, the invisible pressure from his body made the originally noisy fighting arena quiet down in an instant!

He just shot Ye Chen, but he didn't do his best!

Li Kun's body moved, then appeared in the opposite of Ouyang Xi.

Ouyang Xi said with a smile, "I heard that you understood the meaning of Taiyuan sword?"

Everyone was slightly stunned. Ouyang Xi even knew that Li Kun understood the meaning of Taiyuan sword?

They had expected Ouyang Xi to challenge him without knowing anything, and misjudged Li Kun's strength!

Li Kun said coldly, "yes, you dare to come?"

"Why not?"

Ouyang Xi's smile is more unrestrained.

"The meaning of Taiyuan sword is inherited from ancient times. It is said that it is the founder of Taiyuan sword school. One sword can cut through the abyss and understand it. It can be called an eternal sword. Its power is thrilling!

All the disciples of the Taiyuan sword school who can understand the Taiyuan sword meaning have been the most amazing talents and the most powerful. However, in the past, the youngest comprehenders were only 3000 years old before they successfully understood the meaning of Taiyuan sword. In this way, they have been regarded as a rare sword talent of a generation! "

"And you, Li Kun, are 100 times faster than that Kendo wizard! In his thirties, he can understand the meaning of Taiyuan sword, which is the first person in the history of Taiyuan sword school

With the voice of Ouyang Xi, Li Kun's waist became more and more straight, and his face was full of pride. Meanwhile, many Taiyuan sword sect disciples were excited and excited!

Yes, Li Kun is the pride in their hearts, the idol they worship, and the first person in Taiyuan!

But the next moment, Ouyang Xi's eyes, suddenly flashed a trace of helpless color: "however, in my opinion, Taiyuan sword meaning, but so."

Silence!

The whole fighting field is dead silent!

Originally, one by one excited, blood boiling disciples, like the brain, was packed with 100000 tons of ice, instantly cooled down, expression, are stiff! Many people, the goal of this life is to understand the meaning of Taiyuan sword!

Now, Ouyang Xi even said that the meaning of Taiyuan sword is just like this?

Crazy!!!

"Hum!"

Li Kun looked at Ouyang Xi with a cold look. At the next moment, he pulled out his sword without warning!

"Is it just so? Wait for you to take this sword from my young master, and then we can talk about it again."

Facing Ouyang Xi, Li Kun didn't retreat at all. He was afraid of it, so he made a direct move!

In her beautiful eyes, Lin Siqi was radiant. She said with a little excited smile: "such a man is a man, confident, proud and arrogant! Only such a man can be worthy of the love of women in the world

With that, Lin Siqi looked at Yue judo and said, "rouer, remember what your sister said. Don't be fooled by casual boys. You will suffer."

She obviously refers to Ye Chen!

Yue Rou did not seem to understand the meaning of Lin Siqi's words, but said with a smile: "elder martial sister, you appreciate elder martial brother Li so much. When are you going to accept his pursuit?"

Lin Siqi's beautiful eyes fluctuated and said, "no matter whether it's winning or losing, after this competition, I'll promise him!"

At this time, the ice blue sword in Li Kun's hand suddenly rippled with blue light like water waves. In an instant, it permeated the whole fighting field, which was Li Kun's true martial arts meaning!

People feel the meaning of Zhenwu. They are excited. At the age of 30, they feel the meaning of Zhenwu. It's really thrilling!

But not only that, in the meaning of Zhenwu, suddenly burst out a dark sword, which contains a deep, heavy, full of unknown pressure of the sword!

As if a deep bottomless, inexplicable horror of the abyss, in front of the public, extended and opened!

That is Taiyuan sword meaning!

When a sword comes out, all things sink together. The meaning of Zhenwu is accompanied by that of Taiyuan sword. The sword seems to suppress the heaven and earth. The sword Qi is raging. On the protective light curtain of the fighting field, countless sword marks appear in an instant. On the arena made of ancient materials, countless cracks are cut by the sword Qi, and even the void is also frantically broken!

Under a sword, it's as if you are in the abyss!

Chapter 2899

The black sword, more and more profound, crazy devouring all around the world, it is true, in this fighting field, to cut out an abyss!

At this time, all the disciples of Taiyuan sword sect were shocked. As sword practitioners, they could understand how powerful and incredible Li Kun's sword was!

Even Yue Qingshan, the great elder and others were all in a state of surprise!

Li Kun's sword was beyond their expectation! At this age, they have never heard of it, and even can be recorded in history!

Is this sword enough to shake the existence in front of you?

Originally, they were not optimistic about Li Kun, because Ouyang Xi was also amazing. But when Li Kun came out of the sword, their hearts were dim and gave birth to a kind of expectation, a kind of hope!

With the power of this sword, maybe Li Kun really has a chance to suppress Ouyang Xi!

Ye Chen, however, did not have the slightest look change, the eyes, there is no trace of fluctuation!

This sword, in his opinion, is too weak! So weak that he couldn't raise a little interest!

Even Li Kun was a little bit worse than the Qing emperor.

Li Kun must have taken some short cuts when he was promoted to this level, but his foundation was not stable.

Strength is nothing but appearance.

Whether it's Li Kun's true martial arts or Taiyuan's sword, they can only be said that they have their own style. Reluctantly, they can be regarded as touching a silk edge. Even if they can be called as real touch, they are all ambivalent!

His true martial intention is to achieve the meaning of being free as water. He only pays attention to the change of water, but ignores the water. The real strength lies in the accumulation. How can a river become a sea without accumulating small streams?

What's the use of a stream, even if it changes and becomes free again? A vast ocean of a wisp of waves, it is more than a thousand times!

Li Kun's Taiyuan sword meaning is even more ridiculous. The ancient sword meaning on the road is not bad with the abyss of the abyss and the sharp meaning of breaking it! But what about Li Kun?

Fundamentally, putting the cart before the horse!

He actually put the emphasis on the profound and unpredictable meaning?

Maybe, it can be faster and more effective. The prestige of a sword will soar in an instant. But, what is the meaning of sword?

The essence of sword meaning lies in sword!

If you lose your sharpness and sharpness, why is it a sword? No matter how deep and unpredictable, it's just a paper tiger!

It's OK to deal with martial arts. However, once you meet a real master, you will be vulnerable!

Obviously, Li Kun was so conceited that he thought he had understood everything. In fact, from ye Chen's point of view, it was the mud, which couldn't help the wall!

He thinks that he has taken a shortcut and has excellent resources, but in fact, he just walked a long way needlessly.

Even if ye Chen didn't understand the destruction Shinto, he was confident that he could easily crush Li Kun with his own martial arts!

Of course, this is also because ye Chen's vision and standard are too high.

After all, how many martial arts practitioners can reach the level of Ye Chen? In my twenties, I touched the Shinto of destruction among the original three ways. This is a feat almost like a miracle!

Put in the world, will make countless strong shock, I can't believe it!

And Li Kun can touch the meaning of Zhenwu and Taiyuan sword, which is very good.

But!

Yes, but relatively speaking, ye Chen knows that Li Kun is not Ouyang Xi's opponent!

At this time, Ouyang Xi also moved!

The bloody sword in his hand is full of light. A river of blood swirls around the body and turns into an angry dragon. The sword's meaning condenses. The angry dragon roars and turns towards the dark abyss!

Ye Chen's eyes flash, which is also the meaning of Zhenwu. Ouyang Xi's idea of flying dragon in the sky and suppressing all things can be regarded as its charm. However, with the blood dragon's crazy sword dance, it is as fierce as a dragon, but it does not lose the edge of the sword at all. The balance between the two is almost perfect!

Very good!

This is the meaning of true martial arts, and this is the true meaning of sword!

At the next moment, the startling blood dragon collided with the dark and deep Taiyuan sword!

The void disappears, and the strong waves are overflowing. The protective light curtain looks like glass like cracks in the road. The fighting platform under the foot is like a heavy load, with large pieces of broken pieces. However, the sword like abyss, the meaning of sword and the meaning of real martial arts like water collapse endlessly under the roar of the angry dragon!

The darkness is gone, the abyss is broken, and the blood is floating!

Li Kun's face changed wildly, and he was pale in an instant. The whole person was flying back behind him. A wisp of blood overflowed from the corner of his mouth. His eyes were full of incredible color!

How could it be?

My own sword is broken like this?

His face was extremely gloomy and full of unwilling color. When he was ready to fight back, a bloody sword had already stood on his neck! Ouyang Xi gazed at Li Kun's eyes and said faintly, "you are defeated."

Li Kun gnawed his teeth and didn't want to admit it. But when he felt the cold air of the sword on his neck, he finally lowered his head and said in a dejected voice: "you won."

The whole douwutai, a dead silence!

At the last moment, they were still full of confidence in Li Kun. At this moment, they were all dull and stiff!

Li Kun's incomparable sword was crushed by Ouyang Xi?

Or no suspense, thoroughly crushing?

How abnormal is Ouyang Xi!

Before, they all thought that the legend about Ouyang Xi was just exaggeration. Now it seems that they are modest and restrained?

In the whole fighting field, people of Taiyuan sword sect were all pale. A famous disciple, looking at Ouyang Xi's eyes, became more and more awed and frightened.

Even Yue Qingshan sighed: "the future era belongs to xueyuanzong, because xueyuanzong has developed a martial art to control such evil ouyangxi. Maybe in a thousand years, even I will not be his opponent."

Lin Siqi, on her pretty face, is also extremely gloomy.

Everyone was silent. Although Li Kun was also very surprised, he could not compare with Ouyang Xi.

Ouyang Xi, with a smile on his face, swept his eyes from the faces of the disciples of the Taiyuan sword sect and enjoyed their awe. Over the years, the Taiyuan sword sect has been suppressing xueyuanzong. Finally, it has been changed by him!

But all of a sudden, Ouyang Xi's smile solidified. His face was very complicated. He saw a familiar face.

Not ye Chen, who else?

People see this, are slightly a Leng, Ouyang Xi is looking at who?

They followed Ouyang Xi's line of sight and saw that there was a young man with a cool face.

Chapter 2900

Is it the rubbish who cheated Yue Rou and approached women by means of means with incomparable strength?

The disciples of the Taiyuan sword sect all look schadenfreude on their faces. Although they don't know the reason, in their opinion, Ouyang Xi's eye on Ye Chen must be looking for ye Chen's trouble.

After all, who would believe that such a genius as Ouyang Xi has friendship with such a waste as ye Chen?

Let alone, ye Chen beat Ouyang Xi!

Among them, Lin Siqi is the happiest and the most proud. Originally, because Li Kun was defeated by the second, some regret that he would agree to his pursuit and suppress the mood, because Ouyang Xi stares at Ye Chen, and relaxed!

Waste, you deserve to be unlucky. You have been watched by Ouyang Xi. No one can protect you!

Although Li Kun can't compare with Ouyang Xi, he is also the unique genius of Taiyuan sword school. Even Ouyang Xi can't knead it at will. Compared with this waste, we can imagine the gap!

Yue Rou is nervous and worried. If Ouyang Xi really wants to target Ye Chen, she must ask her father to rescue Ye Chen!

However, at the next moment, Ouyang Xi, who was originally proud and confident, was smiling bitterly. With a flash of body, he appeared in front of Ye Chen and bowed his hand at Ye Chen and said, "brother ye, you are a disciple of the Taiyuan sword sect? If I had known you were in the Taiyuan sword sect, I would not have come to worship the mountain. But why not challenge you? If I had, I would have given up. "

Quiet!

Extremely strange silence!

People smell speech, is to can't believe ground to look toward Ye Chen, they just did not appear illusory hear?

Ouyang Xi, you really know ye Chen?

What's more, if ye Chen is on the stage, he will directly admit defeat?

Throw in the crap? What a joke?

Ye Chen stood up and said faintly: "Ouyang childe, I'm not from Taiyuan sword school."

When Ouyang Xi heard the speech, a glimmer of joy flashed in his eyes. He was relieved. If ye Chen really came from the Taiyuan sword sect, I'm afraid that xueyuanzong would not have a chance to surpass the Taiyuan sword sect in his life.

He said with a smile to Ye Chen: "so it is. Brother Ye thinks, how about the competition just now?"

Ye Chen said: "the gap is too big, and the gap will be even greater in the future."

Ye Chen tells the truth, there is no need to hide, take care of Li Kun's face? He had no interest in taking care of the face of a man who had threatened him.

Ouyang Xi, I'm glad to hear your speech!

What ye Chen said, he believed 200 percent!

It seems that Li Kun has no chance to surpass himself.

But the Taiyuan sword sect's people heard the words, but their faces were completely gloomy!

Ye Chen said the gap is big, obviously, refers to Li Kun, simply can not compare with Ouyang Xi!

This boy is picked up by Yue rou. He doesn't know how to be grateful, but he still talks to others?

Now, they all have a feeling of being bitten by their own dogs!

However, they forget their disgust to Ye Chen just now!

Ouyang Xi was in a good mood and said with a smile, "since the competition is over, brother ye, why don't you go to my xueyuanzong?" If you can win Ye Chen into xueyuanzong, it is naturally the best!

Ye Chen shook his head and said, "another day."

He doesn't have time and there's a lot to do after he recovers.

Ouyang Xi did not force, some regret said: "brother ye, what's going on in the future, don't be polite to your brother."

But at this time, a roar, almost hysterical, sounded in the arena!

"You two! What is playing in our Taiyuan sword school? Are you trying to make fun of me? Is it to say that our talented disciple of Taiyuan sword sect is not as good as a trash? Is it a waste, can judge the future at will? "

The beauty of the eyes, the beauty of hatred, stands up!

She was upset because Li Kun was defeated by the second. Now, when she heard the conversation between Ye Chen and Ouyang Xi, she felt extremely harsh!

Especially for ye Chen!

She stares at Ye Chen, and directly shouts: "Ye Chen, rouer and I fought to save you and take you back to the sect, even giving you the opportunity to join the Taiyuan sword sect. Now, you are uniting with Ouyang Xi to ridicule and insult the Taiyuan sword sect?"

"I wonder, how could you refuse rouer's invitation and suddenly say something that someone is peeping at? Rouer and I didn't feel anything. Did you? It's only possible that someone contacted you voluntarily, right? I'm afraid it was at that time that Ouyang Xi found you and prepared to play this wonderful play with you? "

"Do you think you look down on the Taiyuan sword sect when you climb the big tree of Ouyang Xi? I don't see. You are so resourceful. You are such a dog with a heart! "

This words, as if a fuse general, instantly, ignited the entire powder keg! All the disciples of Taiyuan sword sect were extremely angry and resented saying, "the strength is not good, but the means are endless!" "If you have a dog, you can't have a dog that bites its owner!"

"Eat the inside out!"

"What a good actor. They say that bitches are merciless and actors are unjust. Today, I have seen it."

"That's how you repay younger martial sister Yue?"

But at this moment, another woman stood up and yelled, "that's enough for you."

This woman is Yue Rou!

As soon as everyone is in a daze, yuerou still has to help the boy?

Yue Rou is angry, she never gets angry, but this time, she is really angry!

"Elder martial sister, you are too much!"

Yue Rou, with a pair of big clear eyes, looks at Lin Siqi: "before, you have been sneering at Ye Chen. Ye Chen has not said anything. Now, how can you directly slander Ye Chen?"

She didn't understand why everyone should think so bad of others, but she knew that if she was stigmatized by people, she would be very aggrieved!

No evidence, no evidence. Why do you say ye Chen?

"Slander?"

Lin Siqi sneered and looked at Ye Chen and said, "let's ask this young master Ye whether he went to see Ouyang Xi at that time."

When Yue Rou hears the speech, she also looks at Ye Chen with her beautiful eyes. For a moment, the eyes of all the disciples of the Taiyuan sword sect all focus on Ye Chen!

Ouyang Xi, it's a little silly!

Originally, Lin Siqi said that when ye Chen was saved by Yue Rou, he was still a little worried that ye Chen would join the Taiyuan sword sect because of this. Now, he is completely relieved!

Are these people cerebral palsy?

Are eyes blind? How dare Ye Chen, such a god demon level genius, say such a nonsense to ridicule? Don't you see that you are all polite to Ye Chen?

This is not death. What is death?

The strong cannot be humiliated!
