

Physician 2911

Chapter 2911

The fallen Lord of samsara?

Ye Chen looks dignified.

The samsara master doesn't understand the relationship between samsara and him.

The former self also personally visited the so-called Holy Land!

Although there is a statue of reincarnation Lord in Taiyuan sword sect, it is just an ordinary stone statue without any faith power and energy fluctuation!

It should be made by Taiyuan sword school.

Even in the appearance of the statue, there is a big gap with the seventh shenguoquan magic mountain.

This is ignored by Ye Chen.

But now it seems that, as part of Ren's sword of falling dust and descending dragon, plus the holy land related to the Lord of reincarnation.

Some things are not that simple.

Even, in the dark, it is doomed to enter the Taiyuan sword school!

In other words, the Taiyuan sword school has been in seclusion for so many years. Are they waiting for themselves.

Is this the layout of the previous generation?

Across this span, layout?

How did you do it in the last life!

After all, there are too many variables!

If I didn't fight with the devil a few days ago, I'm afraid I would not have entered the Taiyuan sword sect by accident!

Ye Chen was serious: "leader Yue, I'm not from Taiyuan sword school. Are you sure you want me to enter such an important place?"

This is taboo for anyone!

What on earth is Yue Qingshan doing?

Yue Qingshan took a step and said very seriously: "in fact, there is another reason."

"The Taiyuan sword sect has a group of training. If there are people who are destined to arouse the God's mind stone, they can enter the holy land."

"I'm very sure now that Mr. Ye is the one who is destined."

"As for why, I can't guess."

"It's said that if you enter into it, it's very likely that you will get the sword technique inheritance in the holy land, or you may understand the super martial arts in the holy land. At the worst, it will also make it change qualitatively on the basis of kendo."

Ye Chen hears the speech, but in the eye is a surprise.

He doesn't care about Kendo!

He wants to know why he stepped into the so-called Holy Land!

"Then obedience is better than respect."

Ye Chen, led by Yue Qingshan, soon came to the edge of a cliff.

Under the cliff, is the incomparably deep darkness.

Unexpectedly, it is an abyss!

Ye Chen raised his eyebrows and said, "master Yue, the holy land you are talking about is this abyss?"

Yue Qingshan nodded, and his eyes appeared holy and reverent. He said, "at the beginning, the founder of Taiyuan sword school was in this abyss that I understood the meaning of Kaizong sword!"

With that, he took out a strange stone and poured it into the stone with all his spiritual power. Yue Qingshan handed the stone to Ye Chen and said, "childe ye, this strange stone is left by our ancestors. Only by using this stone can we enter the abyss. Otherwise, even those who are at the top of the heaven God realm will be rejected by this abyss Outside! And this strange stone can only be excited once. "

Ye Chen hears the speech, takes over that glittering white light stone, the body shape moves, then jumped into that abyss.

A little white light, falling in the dark!

I do not know how long, ye Chen, finally fell on the ground.

By the white light of the strange stone, he looked around, and saw the craggy rocks around him, vaguely filled with a strong sense of sword.

Ye Chen nods slightly, this strong sword meaning, really can let the person above the Martial Arts Road, has the progress!

But he did not immediately sit down to understand, but moved along the sword, walking in the abyss. All of a sudden, ye Chen's feet stopped, and a light sound came into his ears!

Ye Chen's face changes. Is there someone in this abyss?

However, he soon came to realize that the whisper was not in his ears, but directly in his mind!

At this time, Lingtian arrow God's voice, suddenly rang out: "boy, is the sword soul!"

"Sword soul? What is the sword soul

Ye Chen's eyes coagulate. Is it pure like the sword spirit?

Ling Tianjian said in a deep voice: "the soul of the sword is not the spirit of the sword, but a very powerful sword. After the death of the sword, its remnant soul, for some unknown reason, merged with the spirit of the sword and became a new existence!

Sword soul, but extremely rare ah, and, each, is incomparably powerful! If you can attach the sword soul to the evil sword, the power of your sword light will soar several times in an instant

Ye Chen smell speech, full face happy way: "that, how should I accept it?"

Lingtian arrow God said: "boy, with you now, I'm afraid that you have no strength to subdue it!"

"What?"

This time, it's Ye Chen's turn to be surprised. He's not boasting. Now with his strength, he can shake a lot of existence! Unexpectedly, it is better than a sword soul?

You can imagine the horror of the sword soul!

Ye Chen frowned: "then can I be in danger?"

Ling Tianjian said: "it should not be. The sword soul is bound by the abyss for some reason."

At this time, the voice of the sword soul sounded again in Ye Chen's mind: "boy, are you reincarnated in blood? Do you understand the God of destruction

This sound, sounds very strange, cold, just like the sound of gold and iron, can not distinguish men and women.

However, ye Chen's heart is shocked!

The soul of the sword saw him through at a glance? What's more, do you know the God of destruction?

The destruction of Shinto is one of the three original doctrines. It doesn't belong to the level of the kingdom of God. Even if you are the top strongman of the first Kingdom, don't even recognize it. You should have never heard of it?

Ye Chen is trying to communicate with the spirit of the sword, but the next moment, before ye Chen opens his mouth, a very concise sword light suddenly bursts out in the dark, just like a thunderbolt, and cuts towards Ye Chen in an instant!

This sword actually gives Ye Chen a feeling of incomparable danger!

I'm sweating like rain!

He didn't have time to think about what happened. He turned his wrist and held the evil sword. He was full of evil spirit and rose from the sky. The seven blood lights were shining, and the power of breaking the sky was turbulent!

With a sword cut out, the sword flash suddenly, and the meaning of true martial arts and the spirit of destruction gather on it!

This sword has reached the acme of Ye Chen!

If it's not all out, he feels impossible to block that sword!

Roar a huge sound, ye Chen's body, instantly fly out, mercilessly smash a huge stone behind him.

This all-out sword was suppressed by the sudden appearance of sword light!

At this time, ye Chen is covered with blood, and a big hole is blown out of his shoulder. His pupil shrinks extremely. He stares at the sword light. He is extremely nervous!

If there were more swords, even he would not be able to withstand it!

However, the sword light, although the ultimate sword of Ye Chen was suppressed, itself, but also slowly began to dissipate, revealing its essence.

Chapter 2912

The body is a rusty, almost decayed sword with a strong flavor of antiquity. I don't know how long it has existed.

The remnant sword trembled slightly. Suddenly, it collapsed completely and disappeared into dust.

Ling Tian's arrow God relaxed his breath: "fortunately, that remnant sword should be the body sword of the sword soul. It only has the power of one strike."

Ye Chen is also a loose complexion, but in the eyes, it is full of anger!

He didn't provoke the sword spirit, did he? The sword just now, however, may directly kill yourself!

At this time, a light white light suddenly appeared in front of Ye Chen.

Turned into a nearly transparent virtual shadow of a woman, that woman, a white skirt, is absolutely beautiful! However, her expression was extremely cold, like a doll without emotion. At the same time, she was also wrapped with several huge black chains.

This woman is obviously the soul of the sword!

And ye Chen, at this time, looked at the soul of the sword, but his eyes were cold.

The sword soul woman, seemingly indifferent, said: "you have passed the test and are qualified to become the master of the Lord. Since you have the spirit of destruction, you have the ability to cut off the chain. Let's go."

Ye Chen hears speech, but a cold smile way: "why do I want to move?"

The sword soul refused directly!

Test? Test a fart! Cut him a sword, now, want him to help you? What about dreams?

At the next moment, ye Chen cut directly at the sword soul with a sword, and said, "the way to eat the soul, open up!"

He not only refused, but also cut back!

On the Sha sword, there is a strong power to swallow the soul. However, the moment I touch the woman, it is like hitting the smoke and passing through her body surface.

Originally, the expressionless sword soul woman, at this time, on the pretty face, are flashing a color of surprise!

Dare to say that she has never been honored before?

But now, in front of this man, not only refused her, but also started to her.

Ye Chen could not help humming when he saw that the evil sword's soul eating method was invalid. This was also expected. After all, the sword soul itself did not belong to the soul body, and its actual strength was far superior to the ghost king song Ze.

At the next moment, he turned around, ignoring the shocked woman behind him. He wanted to stand up and leave the abyss.

The benefit of the abyss comes from the sword soul. Now, he has fallen out with the sword soul, and he can't get anything more.

After seeing ye Chen want to leave, a trace of anxiety flashed in her eyes and said, "wait, don't leave!"

Can understand the destruction of Shinto, take it out of the abyss, and wait for tens of thousands of years, will not be one?

See ye Chen is not moved, that sword soul woman, urgent way: "boy, why are you angry?"

Ye Chen suddenly turned his head and glared at her fiercely: "Why are you angry? You almost killed me with a sword and asked me why I was angry

He is a little speechless. Is there something wrong with the sword soul?

The sword soul woman, a little stupidly said, "that sword was not cut by me, but a test left by my body sword spirit. When a warrior suitable for my master appears, it will automatically start..."

Ye Chen smell speech, slightly a Leng, still have this kind of test?

In case the so-called master is killed, what about the sword soul?

What ye Chen doesn't know is that half of the soul of the sword is the spirit of the sword. For the spirit of the sword, it is better to sleep in the abyss forever than to serve an unqualified master.

But even if you shake your head, you still can't trust him

This sword soul, a remnant sword, almost killed him. If he really released it, the other side would be bad for himself. What should he do?

No matter how good the sword soul is, he can not control it with his current strength.

Moreover, even if the sword soul is true, it won't remind itself in advance? Ye Chen's heart, or not happy.

Now, the soul of the sword is really anxious!

She said quickly, "your use of the destructive Shinto is not correct. I can teach you the true usage of the destructive Shinto."

"Oh?"

When ye Chen hears the speech, he can't help blinking his eyes.

The sword soul, which belongs to the half of the soul, is really in the abyss. I'm scared

Seeing ye Chen, she seemed to be moved by herself. The woman continued: "if you don't trust me, you can just cut off the link between the abyss and the abyss. In this way, I will take this chain with me. What do you think?"

Ye Chen heard the speech and asked Lingtian arrow God, "is this OK?"

Ling Tianjian said: "yes, in the future, when you have enough strength, you can completely cut off the chain. After all, this sword soul is extremely rare. It's a pity to miss it."Ye Chen nodded his head and said, "OK, but you should teach me the usage of destroying Shinto first."

On hearing this, the woman seemed to relax a little. Her face became cold again. Looking at Ye Chen, she looked down at Ye Chen and said, "your talent is not bad. At this age, you can understand the destruction of Shinto. But it is too crude. It is a miracle that you use the power of destroying Shinto like you have not died.

Now, in a short time, you can only use the destructive power to chop out a sword, but can't attack continuously? "

She shook her head and said, "it's just outrageous."

When ye Chen hears the speech, he looks ugly for a while. Indeed, if he continues to use the destructive power, he will be eaten back.

This sword soul woman, suddenly stretched out a finger, on the fingertip, emerged a wisp of extremely thin silk thread, floating slightly in the abyss.

She said to Ye Chen, "this is the silk thread of my life's sword spirit. Only the destructive power can kill it. Now, what you have to do is to use the destructive power to cut off the silk thread without completely destroying it!"

Ye Chen smell speech, slightly a Leng, this sword soul is in play with him?

Why is it hard to control the destructive power? If we want to cut off the silk thread of sword Qi, we can only do it by condensing and condensing the destructive power to be as thin as the silk thread!

Otherwise, it will only destroy the whole silk thread

The sword soul woman saw Ye Chen in a daze and frowned slightly: "what are you waiting for? Come on

Ye Chen takes a deep breath and presses down the impulse to turn around and leave directly. This woman's attitude really makes him uncomfortable.

However, in order to enhance the strength, he tolerated!

At the next moment, ye Chen and his sword finger, a breath of destruction, bloomed from its fingertips, towards the silk thread in the woman's hand, and chopped away!

Chapter 2913

Powerful destructive power, the entire silk thread, into nothingness in an instant.

The sword soul woman shook her head, looking very disappointed.

Ye Chen gritted his teeth, and he lifted up a destructive power. He tried his best to compress and condense

One day later, ye Chen was lying on the ground, gasping violently. This day, he did not know how many thousand destructive powers he had cut out. Although he did not use all his strength, he would not be as strong as he had in the previous war with the devil.

But, even so, it is also the meridian, torture extremely painful!

However, ye Chen's face is full of thick joy.

He stretched out a finger, on the fingertip, there was a faint black breath like silk thread. It was the power of destruction!

He made it!

Looking at Ye Chen lying on the ground, the sword soul is also quite shocked. He is shocked by Ye Chen's martial arts cultivation ability!

Originally, she thought, ye Chen needs at least a month to do it.

But ye Chen, than she estimated time, fast enough ten times!

She said, "now, you can try to make a sword. This time, turn the destructive power into silk thread and gather it on the edge of the sword."

Ye Chen stood up slowly, his wrist turned over and held the evil sword. His eyes fell on the chain that bound the soul of the sword. The chain was connecting the deep of the abyss.

The next moment, ye Chen suddenly hands, toward the abyss, a sword cut out!

The light of the sword is surging and the cold light explodes. On the edge of the sword, the black silk thread of the sword, condensing on it, is the destructive power!

This sword cuts out, on Ye Chen's face, actually appeared the inconceivable color!

How relaxed!

At present, he has cut dozens of swords and hundreds of swords. Can he bear them?

What's more, the most important thing is that its strength has not declined at all!

Before, ye Chen used the destructive power, most of which were wasted. At the same time, he caused a great burden on his body!

In fact, the power can only be concentrated on a point, even if the output of destructive power is reduced, the same effect can be achieved!

There was a big bang, deep in the abyss, there was a crack!

The sword soul's pretty face flashed a happy color, the next moment, it directly turned into a light, into Ye Chen's evil sword.

Ye Chen slowly exhaled a breath. This time, he got the instruction of the sword soul. Invisibly, his strength has soared several times!

The harvest is not small!

Now, it's time to leave Taiyuan sword sect.

Ye Chen looked at the evil sword in his hand and said to the female channel of the sword soul: "there is one more thing I want to confirm."

"What." The soul of the sword is a wonderful woman.

"Why are you here?"

The sword soul woman fell into a short pause and seemed to be thinking about something. Then, she said with great difficulty: "I don't remember. What seems to have been erased from my memory. There is a great war, countless corpses and blood all over the place..."

"Also, it seems that someone told me to wait for a master who has both the spirit of destruction and reincarnation."

"If you wait, he will take me away."

"Although I have a lot of memory loss, I'm sure that it's you who makes me wait."

Sword soul woman's voice stops, ye Chen fell into meditation.

Sure enough, it was prepared by myself in the last life.

It can even be said that he left the sword soul woman here intentionally.

I'm afraid the origin of the sword soul woman is extremely terrible.

Is this one of the layouts?

Ye Chen faintly feels what, but cannot be sure.

If he has a chance, he must go to the Ye family of the first Kingdom.

When ye Chen is ready to turn around and leave, the woman suddenly opens her mouth again!

"Wait, as if the voice said, if the man appears, let him stare at the north wall for a few seconds."

Ye Chen a Zheng, immediately a few steps out, then came to the empty north stone wall.

Stone wall and general no difference, ye Chen staring at also did not find any clues.

When ye Chen plans to communicate with Lingtian arrow God, the stone wall suddenly changes!

The countless stones gathered into a figure!

A very similar figure with myself!

But the master of the figure, it seems, has more experience than him!

With a trace of godlessness! With a trace of vicissitudes!

Ye Chen is sure that this is the Lord of reincarnation!

Last life's self!

"Ye Chen?"

A dragon, like a dragon above the nine days, fell slowly.

The whole world seemed to be in silence.

Ye Chen Mou son a congealing: "I am."

"Have you ever hated me?" The voice of the Lord of samsara rings again. Ye Chen doesn't know whether to shake his head or nod.

He once hated the reincarnation Lord, this layout across the ages, changed his life!

He is doomed to be unable to enjoy peace in this life!

He must hold the weapon in his hand and go down step by step. Even if he is bleeding, he should also remove everything hidden behind him!

He even put people around him in endless danger again and again!

How can he not hate!

But full ten seconds later, ye Chen is to reply: "do not hate."

Because ye Chen is very clear that the layout of reincarnation is not selfish.

But for the whole world, for millions of people.

The reincarnation master showed a smile: "I have not doubted my choice, nor have I doubted that I have chosen you."

"Maybe, in the end, we can all win."

"But the next road will be extremely difficult, and you will face the existence that you can't reach."

"The suppression of reincarnation on you, making breakthrough extremely difficult, is the protection mechanism of blood."

"Because that's the only way those guys won't notice you."

"This time difference is your opportunity to grow."

"When they react, maybe you're in front of them."

"Ye Chen, remember, you are never a chess player, but a chess player."

"Everyone thinks I've laid out everything, but in fact, this bureau is created by you, broken by you, and made by you."

"Reincarnation" is a very mysterious existence. I hope you can understand it one day

At this point, the shadow disappears.

The stone wall was restored to its original state.

It seems that it has never changed.

Ye Chen savors the last sentence carefully, sits cross legged, has the understanding.

Do not know how long, ye Chen suddenly opened his eyes!

A series of ideas soared to the sky!

"It seems that this chess game will be very interesting next time."

"I'm curious about the people behind this."

Think of here, ye Chen body shape move, then appear directly in the cliff above the abyss, Yue Qingshan is still waiting there.

See ye Chen, smile way: "Ye childe, can have what gain?"

Ye Chen smelled the speech and said in a somewhat embarrassed way: "that In fact, there is a sword soul hidden in the abyss Now, the sword soul has decided to follow me and leave the abyss... "

Chapter 2914

Although it can't be regarded as ye Chen's intention to do it, in terms of the result, ye Chen took away the whole holy land of the Taiyuan sword sect directly!

Yue Qingshan, the whole person, is stupid!

Originally, he just wanted to show his sincerity, let Ye Chen enter the holy land, gain some benefits, and repay Ye Chen for his sword meaning

But now, it is equivalent to giving the whole holy land to Ye Chen!

"This This... "

For a moment, Yue Qingshan was speechless.

Ye Chen smiles helplessly. Now the sword soul is out of difficulty. Even if he wants to keep the sword soul, I'm afraid he can't do it

Yue Qingshan sighed and said with a wry smile: "congratulations to Mr. Ye."

Ye Chen said solemnly: "master Yue, don't worry. I owe you a big favor from Taiyuan sword sect when I got the sword soul this time. Ye won't forget it. Now, I have something else to do. I'm going to leave first."

Yue Qingshan's eyes flashed a happy color, a holy land is not necessarily, compared with Ye Chen's human feelings!

The key to their daughter and ye Chen have this layer of relationship in!

Ye Chen will definitely win the summit of the whole kingdom in the future!

It may even surpass the heaven!

When ye Chen really made a great success, the benefits he got from yueqingshan and zongmen were unimaginable!

The next moment, ye Chen body shape move, then toward the distant sky, flying away.

.....

In the distance, a graceful figure, Yang chin, looking at the figure of Ye Chen far away, some lost.

Yue Rou knows that ye Chen has left completely.

It's hard even to see you again in the future.

She did not expect to have anything with Ye Chen.

She knows that ye Chen only regards her as her sister and is more likely to be a lifesaver.

Two people are like two parallel lines, destined to be unable to intersect.

But she still had some illusions in her mind.

Dare to ask the world, which girl does not cherish spring? Which girl has no sweetheart?

However, Yue Rou did not dare to say that she was shy and could only hide this feeling in her heart.

She hopes to stand in front of elder brother ye one day.

I even hope elder brother ye can see himself more.

She can only place her yearning for elder brother ye in the spirit stone containing Ye Chen's Lingxiao sword meaning.

She began to practice madly every day.

Just for it's not that far from the man.

.....

At the same time, Tiandao palace.

Xuanyuan ink evil again came to the prison of the Immortal Dragon Emperor.

With his hands behind him, he looked at his cross legged seat, and his breath weakened a little bit. The Immortal Dragon Emperor said, "master bumielong, is this feeling comfortable?"

"How are you thinking?"

"Once you promise, I'll give you freedom, and then you won't have to enjoy the pain any more?"

"You and I win, isn't it better?"

Bu Mie long Di opened his eyes and glanced at Xuan Yuan Mo Xie. He said faintly: "the feeling of this bead is similar to tickling for me."

"Boring."

"Can you add another one?"

The next second, Xuanyuan ink evil Mou son a sink, sleeve a wave: "I hope you can talk to me so quietly in the next period of time!"

Subsequently, Xuanyuan Mo Xie returned to the main hall.

On the main hall, there are already several old men with immortal character.

These old people, any one of them, are extremely respected in Tiandao palace!

One of the elders saw Xuan Yuan Mo Xie and stepped out, arched his hand and said, "Lord, everything is well prepared."

Xuanyuan Mo Xie nodded and sat back to his position and said, "this time, the two forces of Tiandao Palace are parallel. According to various signs, the blood dragon has some relationship with the mysterious youth! I don't want this guy to make trouble when we deal with the blood dragon. "

"But it's such a coincidence that I almost forget that today happens to be that day."

"Interesting, really interesting."

"Since the nightmare has come, let the surviving Ye family feel the fear of heaven."

.....

Ye Chen left the Taiyuan sword school and went to the direction of the first Shenguo Shenmeng!

Tianmo colludes with Wanfa sect, which is not a big deal!

He must get back as soon as possible!

In the sky, like a thunderbolt!

Ye Chen stopped suddenly.

He found the void around him shaking!

A sense of familiarity appears!

As if It's ye Lingtian!

Ye Lingtian is not the God Jizong in the seventh kingdom, how can he appear here!

When ye Chen doubts, two lights and shadows flash by quickly!

Then stop around Ye Chen!

Let Ye Chen surprise is, not only ye Lingtian, but also the eternal holy king! At this moment, ye Chen is confused!

How did they break through the barriers of the first and seventh Kingdoms!

"Stinky boy! Fortunately, I have the secret of eternal clan! Otherwise, I can't find you

The eternal King sat down on a rock, took a sip of wine, and complained.

Ye Lingtian also went to Ye Chen's side, some excited, knelt down on one knee: "Ling Tian has seen the master of the hall!"

Ye Chen quickly let ye Lingtian get up and said curiously, "Ling Tian, how did you come here?"

If Tu Lanxin was not the guardian and had special rights, he Ye Chen could not have entered!

Not to mention ye Lingtian!

Ye Lingtian took out a jade card and seriously said, "an elder gave me this, and I came in, but I met some troubles on the way in, and it has been solved."

Ye Chen takes the jade pendant with a strange expression. He finds that there is some kind of energy like the guardian.

This jade pendant is definitely not ordinary. How can it be given to ye Lingtian casually?

Ye Chen just wanted to ask what, the eternal king then said: "I know who gave this jade pendant, Qu family."

"The Qu family has an important position in the Tiandao palace and controls many rights, even a few families that have survived from ancient times. It's funny if there is no such details."

Why do you want to wrinkle your eyebrows

The eternal King blew his beard: "boy, you think I'm a know it all. If you ask me, who do I ask, maybe the musician will change his mind? After all, although the Qu family betrayed the Lord of reincarnation, it is also an inevitable betrayal. In the kingdom of God, it is human nature. "

Ye Chen thought, suddenly, his eyes fell on the eternal King: "that eternal, why can you go in and out freely?"

The next moment, the eternal king stood up and said angrily, "Stinky boy, what do you mean! I am an eternal family! Don't talk about this kind of barrier. Even the barrier of the kingdom of God and the upper world is nothing to me

"If it wasn't for the command of the eternal race, I would..."

The voice of the eternal king suddenly stopped.

The pupil shrinks, looks extremely dignified.

Not only the eternal king, but ye Chen and ye Lingtian are all wrong!

I saw the sky dark clouds surging, an extreme breath filled with the first God!

Extremely depressed!

Chapter 2915

There is a thick blood light on the sky.

What a vision! Almost beyond the moon ring vision!

Ye Chen even found that above the sky, Sanskrit bursts, an ancient "Ye" character text emerged.

Even the appearance of this word, let Ye Chen extremely uncomfortable!

The eternal King's expression was dignified to the extreme: "Damn it! How can I forget this day

Ye Chen was shocked: "forever old? What day? "

The eternal holy King took a look at Ye Chen and ye Lingtian, shook his head and said, "this is a sign of heavenly punishment, which means that anyone with the surname ye will be despised by heaven!"

"Boy, this event will recur every ten thousand years. Calculate the time. This is the time for Ye's character writing to appear in the world..."

When ye Chen heard this, he was indignant and interrupted the eternal King's words directly. He said, "who made this so-called ten thousand years of life?"? Why should ye's family suffer from this disaster?"

Ye Lingtian is more angry, and the gun of the abyss judgment rises from the ground.

"Hall master, no matter who it is, Ling Tian is willing to step on the nine days with you to kill the beast who has set this omen!"

The eternal King sighed: "Ye Chen Ah, it's very complicated. I can't tell you clearly. Ling Tian, do you know the war of the Ye family, the secret hidden in the place of Ye's sacrifice? "

The eternal king turned to ye Lingtian.

On the way, the eternal king has learned that ye Lingtian has revived some of the ancestors' memories.

However, ye Lingtian shook his head. Obviously, this part of the memory did not recover, but he looked solemn and even a little excited. "Yonglao, please tell me the details. Ling Tian is very grateful..."

Eternal King: "ah, details, can not reveal too much, but I can still say part of..."

Then he looked at Ye Chen and said, "Ye Chen, the Ye family mentioned here has nothing to do with the Ye family behind you."

"Tiandao palace is aimed at Ye family, but it is aimed at ye Lingtian's collateral family. As for the real Ye family in ancient times, it has long disappeared. Even if it disappeared, Tiandao palace would not dare to target the Ye family in ancient times."

"Xuanyuan moxie didn't dare to send too many people into the first God kingdom from the very beginning. A large part of the reason is that the first God kingdom is located in the Ye family's ruins."

"Although the fall, Yu Wei is still there."

"But those members of the Ye family, like ye Lingtian's ancestors, and their remaining blood, suffered."

Next, the eternal King described in detail this matter about the Ye family.

In the kingdom of gods, the heavenly way palace is superior to all forces at present.

Even though Xuanyuan moxie has hardly entered the first God kingdom for tens of thousands of years!

But it can't change the authority!

The heavenly way palace is the worthy master of the kingdom of God!

After the fall of the Ye family in ancient times, the collateral system of the Ye family was listed as "the damned by heaven" as early as ten thousand years ago. Every ten thousand years, the heavenly way descends the runes and decrees against the Ye family.

Anyone who strangles the Ye family or forces will be favored and rewarded by the law of heaven.

Every time ye character text comes into the world, many forces in the kingdom of God surge, and the remaining Ye family and related forces will also face the disaster of extinction!

Ye family has a place of sacrifice. When there is a disaster, the relatives and forces related to Ye family will gather here and launch a game with Tiandao palace.

"The land of rising leaves!" Ye Lingtian thought of what, say a few words.

Ye Lingtian, who has been inherited by his ancestors, knows part of the secrets related to the Ye family. The reason why his family survived in the disaster of extermination and continued blood supply played a crucial role in the sacrifice place of the Ye family.

The place where ye's sacrificial rites are located is the place where the leaves rise.

A special area near the first Kingdom and the nine Heavenly Dragon hall.

It is said that the place of rising leaves is the place where gods fall down. It is extremely terrifying. Even those who are at the top of chaos dare not set foot in it.

Hearing ye Lingtian's words, the eternal King nodded, silent, waiting for ye Chen and ye Lingtian's reaction.

And ye Chen looked at the word ye in the sky and thought for a long time, and finally said, "I'm very curious about the things of that era. Since it's once every ten thousand years, I'd like to see it."

The eternal King took a sip of wine and asked, "Ye Chen, are you sure?"

"It's not a good thing that your strength is now in contact with the land of the rising leaves."

However, ye Chen's eyes are full of firmness.

He wants to know what happened at that time!

Why did he die in the hands of a mysterious woman?

Even he vaguely felt that this was his own intention in the previous life.

There are too many doubts in his heart, which must be solved.

The place of rising leaves may be the key to open the door of doubt.

"By the way, yonglao, can you go to the alliance and help me to tell the top level of the alliance that Wanfa Zong, a first-class force in the kingdom of God, colludes with the demons."

"It's important." Ye Chen said earnestly.

The eternal king has a strange expression. Although he came to the first Kingdom soon, he still knows everything about the kingdom.

The first-class forces collude with evil demons, which is not allowed by nature!

However, he also rushed to Yankun, so he would not go there in person. He said, "Ye Chen, it's not convenient for me to come out, but I have an informant in the first Kingdom of God. You put the quotation in the burning stone, and I will send that person to send it!"

Ye Chen nodded, and soon he handed a stone with light light light to the eternal King: "eternal old, trouble."

"No problem. Ye Chen, before I leave, I can tell you two messages. First, there is a special samsara star stone in the land of rising leaves. "

"Second, the place of rising leaves is very dangerous, not only the heavenly way palace will be involved in it, but also many forces in the land of God, and even Mo Xueming. For Mo Xueming, you should be careful. This man was extremely dangerous in that era Finally, you should hold this jade pendant. If you want to go to the land of leaves, you should rely on this person to guide you. "

"The man's surname is Huang, and he knows the place well."

The next moment, the space fluctuates, and the eternal King disappears in front of them.

Ye Chen looked at the word ye in the sky and clenched his fist: "maybe, for the matter of Tiandao palace, we must advance it."

"Temple master, the heavenly way palace is powerful. Now we are far from the enemy. Let's wait a little longer."

Ye Ling Tian Xin is unwilling, but he knows the weight, and says to Ye Chen.

Ye Chen is indifferent smile, "the next time is ten thousand years later, ten thousand years is too long, seize the day.". Although the heavenly way palace is strong, it is limited now. If the plan is right, it is not sure who will win if he loses.

Ling Tian, about the place where ye family ancestor worshipped, you and I will tell you in detail. Tiandao palace wants to completely exterminate the Ye family, but we don't know that this is also the best time for us to counterattack! "

Ye Lingtian's spirit was uplifted, and his eyes were full of excitement!

After being chased and killed by Tiandao palace, ye Chen understood a truth: if you are passive, you will be beaten!

Chapter 2916

Those top forces in the kingdom of God are too powerful. Even though ye Chen's cultivation progress is fast, it is difficult for them to grow up to the point of fighting them with their own strength in a short time.

Moreover, those transcendental beings will not let Ye Chen grow all the way. When they feel a greater threat, ye Chen's crisis will come again.

Ye Chen, the Lord of reincarnation, and other forces such as tiandaogong are the enemies of fate. They have no way to escape, and ye Chen does not want to escape!

In this case, it is better to turn passivity into initiative and seek every opportunity to attack the enemy.

The remaining people related to the Ye family are a force that ye Chen must support and help. In the future, this will be a great help to him.

What's more, ye Lingtian will surely rush to live and die with the Ye family, and ye Chen can't stand idly by.

From ye Lingtian here, after learning some information about the ancestral worship of Ye family, ye Chen pondered for a moment and then plotted with ye Lingtian.

After listening to Ye Chen's plan, ye Lingtian was anxious: "Hall master, you personally involved in danger, this can not be used!"

One of the important purposes of each ancestral worship is to select the clansmen from the Ye family's heritage, trying to open a secret place left by the Ye family's ancestors, so as to obtain the extraterritorial heavenly stones.

This is the only chance for the Ye family to rise. Every time the Ye family ancestor worships, the Tiandao palace will send a large number of powerful people to encircle and suppress them, causing heavy casualties to the Ye family's adherents, but the Ye family has never given up.

Ye Chen wants to start from here, conceal his identity, mix into the secret realm, and give the other party a surprise attack when the strong one of the heavenly way palace comes.

"What's the danger? Didn't you just say that the vast majority of the participants in this ceremony are new children of the Ye family within ten thousand years. Do you have no confidence in me when competing with such younger generation?" Ye Chen asked with a smile.

Ye Lingtian even dare not, he is just worried about what ye Chen should do in case of any accident. In ye Lingtian's mind, ye Chen is ten thousand times more important than the whole collateral Ye family.

.....

At the same time, the character "Ye" appeared in the world, and an imperial edict was issued in Tiandao palace to punish the Ye family's adherents from the seven divine kingdoms. Anyone who hanged the Ye family's adherents would receive a great reward from Tiandao palace.

Many forces in the kingdom of God are ready to move, but none of them are the big ones.

Because of the particularity of "the land of rising leaves", those who are outside the blood of the Ye family and those who are under the strong chaotic environment will be regarded as terrifying after they enter it.

First of all, the alliance of the gods of the kingdom of God and the ten thousand Dharma sect naturally received news, and they were also surprised.

Tiandao palace seldom gets involved in the affairs of the first God Kingdom, but this day is an accident.

Above the hall of the alliance.

Ge Shan drank the spirit tea and said with great interest: "Ye Chen is really lucky. We all planned to start the reincarnation pursuit order. Ye Chen will surely die."

"But now the sudden order from the heavenly way palace has disturbed our position."

"I'm afraid the pursuit of Ye Chen will be delayed."

"However, you and my God alliance can not be taken lightly. Our two forces are in the same boat."

"If ye Chen is alive, you should know more than me how serious it is."

Tian Feiming also took a sip of tea and seriously said, "that's nature."

"I have used all the strength of the ten thousand Dharma sect, and there may be news soon!"

"But I have an interesting mistake. Ye Chen's surname is ye."

"If ye Chen also has some connection with the Ye family, isn't the reincarnation order stronger?"

Ge Shan eyebrow a pick: "although I also hope so, but obviously impossible."

"For now, let's do it on our own."

.....

The temple of the underworld.

The atmosphere is full of blood.

Mo Xueming is sitting on the hall, looking at the old man kneeling in front of him, looking at his eyes.

But the old man was shaking.

For a long time, Mo Xueming said: "in other words, you have not found the woman who killed Qu tan'er."

"I understand that, don't I?"

The old man was drenched and kowtowed constantly, and his forehead was covered with blood: "Hall master, that woman is a little strange. The only thing that can be determined is to cultivate cold system skills. Her strength has grown tremendously!"

"I've lived for thousands of years, and I haven't seen such a monster."

Mo Xueming stood up and showed a smile: "demon? There are so many demons in the world. "

"Some words are just excuses for rubbish."

"And I don't raise waste, understand?"

With that, Mo Xueming patted the old man on the shoulder!

It seems to be comfort!

However, when the palm touched the moment, the old man turned into a blood mist!

Rolling blood fog, but also into the body of Mo Xueming!

It's extremely weird.

Mo Xueming recovered, as if nothing had happened. He sat back in his position. Then, a spirit spread out. Soon, two powerful figures appeared in front of him."Mo Han Dong, meet my adoptive father

"Mo Lang, meet my adoptive father

This is two men, see Mo blood ghost immediately kneel down, line kowtow ceremony.

Mohandong has white hair and a young face. His whole body is full of pale and dead breath. His cultivation is extremely terrible!

Mo Lang is dressed in black. Different from ordinary people, he has a tattoo on his eyebrows, just like the third eye!

The tattoo between the opening and closing of the divine power, people palpitation, his breath than Mo Han Dong more than a few points!!

These two men are mo Xueming's Secret talents. Compared with Naqu tan'er, Mo Han Dong and Mo Lang are more valued by him.

"Mo Han Dong, Mo Lang, you wait for the two people to finish the closed door, go to the place where the leaves rise, and get back one thing."

In Mo Xueming's palm, a strange shape stone shadow appears, and a trace of special breath wave is imitated.

"This is Reincarnation star stone? "

Mo Han Dong and Mo Lang look at each other, surprised.

The reincarnation star stone in the forbidden area of the temple of the underworld is the treasure of the temple of the underworld. It is also the reason why Mo Han Dong and Mo Lang promoted their terror.

as like as two peas, the stone is not the forbidden piece, but the breath is just like the star of the samsara. Even stronger!

"Yes, it is not. People in the Ye family are more used to calling "it" extraterrestrial

Referring to Ye family, Mo Xueming's eyes flashed and made waves.

"I want you to take it."

The three masters and apprentices chatted for a moment. Mo Xueming's attitude towards Mo Han Dong and Mo Lang was obviously different, which showed that he attached great importance to them.

"After going out this time, you two will act in the name of the temple of the underworld. There is a person who can pay more attention to. The man's name is Ye Chen. I think you will meet him in the place of rising leaves."

Mo Xue Ming Dao.

"Adoptive father, we are going to enter the world at last!" Mo Han Dong and Mo Lang asked in surprise.

The temple of the underworld is located in a corner, where it has been dormant for many years. The people who have made great achievements in the temple have long had the idea of sweeping everything in the kingdom of God.

But Mo Xueming always said that the time had not come.

Chapter 2917

"Soon, soon..." Mo Xueming turns and walks away, deep and incomparable.

Mo Lang suddenly thought of something and asked, "by the way, where is tan'er? Why didn't you show up for a long time? "

Mo Xueming looked indifferent: "it fell."

What!

Mo Han Dong and Mo Lang pupil shrink to the extreme! Terrified!

"You can start as soon as possible. This operation can only succeed, not fail."

.....

Half a day later, Mo Han Dong and Mo Lang flew out of the temple of the underworld.

"Damn it! That Qu tan'er is my forbidden fish! I have said for a long time that this girl will be included in my harem, but she died Mo Lang was very angry.

Although the cultivation of Mo Lang is a little higher than that of Mo Han Dong, the leader of them is mo Han Dong.

"It's just a pink skeleton. Younger martial brother Mo Lang, calm down."

Mo Han Dong turned to say: "Qu tan'er's death, I asked some people in the hall, and probably guessed some. It's probably related to the Ye Chen that our adoptive father asked us to pay attention to. Ha ha I'm very curious about ye Chen. His adoptive father seems to attach great importance to him. "

Mo Xueming told two people to deal with Ye Chen, but not to kill him.

"Hum, the man who is thought of by his adoptive father will surely end up miserable even if he doesn't die now. Life is not like death!"

Even Mo Lang, who is close to him, shudders and fears when he thinks of all kinds of terrors of Mo Xueming.

.....

The place of rising leaves is located in the contact place between the first God Kingdom and the nine heaven god dragon hall. Ye Chen and others keep on going at full speed, and it will take some time to get there.

On the boat, ye Chen also saw the mysterious elder Huang who the eternal holy king asked him to contact with his jade pendant.

Elder Huang has a crane hair and a childlike face, and his words are quite a lot.

Although the breath of cultivation can not be detected, ye Chen knows that the eternal holy king knows nothing in general!

After some introduction, ye Chen found that elder Huang had long live and had experienced the last punishment.

However, he talked with the old man who had lived for ten thousand years from time to time that the journey was not lonely, and ye Chen also felt that he had gained a lot.

Soon, the two began to talk about the way of elixir.

"Elder Huang, you really admire ye for your skill of elixir. It also benefits me a lot. Thank you for your advice." Ye Chen said to elder Huang.

Elder Huang is indeed an "old antique" who has lived for thousands of years. He has been involved in alchemy and refining tools. His attainments in Dantao can be rated as top-notch. What Ye Chen admires from his heart is that he has unique views on Dantao. Ye Chen has never even heard of ancient secret pills and some pills with special effects.

Ye Chen's Dan Dao was passed down by Lao Cang. Although it is not Lao Cang's strong point, it should not be underestimated.

Can let Ye Chen have some understanding, elder Huang is already very great.

"Ye Chen, you are so modest. This gift can never be used, it can't be used!"

Elder Huang quickly saluted Ye Chen, praising him again and again. They cherished each other's hearts and felt that they shared the same ideals.

"Ye Chen little friend, your Dan Dao seems to have got the true biography of a great man who is a doctor and a God. Do you have anything to do with the ancient people in the Danhuang holy land?"

Elder Huang asked suddenly.

The hundred powerful people in the reincarnation cemetery are all taboo figures. Elder Huang did not directly say Lao Cang, but the one who said that "medical ethics can communicate with God" must be Lao Cang.

Ye Chen nodded to admit the elder Huang's conjecture, and then asked in surprise, "the ancient home of the holy land of Dan emperor?"

He has never heard of the holy land of the Dan emperor, but in the words of the ancient family, Lao Cang's surname is Gu, isn't it

Is that the heritage of Lao Cang? And the ancient family, the old man and his blood?

Lao Cang has never mentioned these things to him. To be exact, Lao Cang seldom mentions things related to him in front of Ye Chen. When ye Chen is curious, Lao Cang always keeps a secret and looks frustrated.

"Hum, talk a lot!"

Lao Cang's voice rings out in Ye Chen's mind.

Ye Chen moved in his heart, directly cut off the old man's perception of the outside world, and temporarily sealed the connection between the reincarnation cemetery and him.

In the samsara cemetery, the old man blew his beard and glared. After calming down, he said to himself, "the holy land of Dan Emperor The heavenly way palace has not exterminated my orthodoxy, and the ancient family, my descendants, are there any people alive? "

Ye Chen is very interested in Lao Cang's affairs. That dark hall Mo blood Ming temporarily Ye Chen can't deal with, can't help old Cang to solve happy knot, lift heart demon.

In this regard, ye Chen felt guilty and always wanted to do something for Lao Cang.

"Mr. Huang, to tell you the truth, the ancient god of medicine is my master. This matter involves some secrets that can not be easily said. Please forgive me for not saying more. Can you tell me more about the sacred land of Dan emperor and the ancient family? "

After being shocked, elder Huang knows nothing about ye Chen.

After a full hour, elder Huang finished his account. Ye Chen solemnly thanks him. Seeing that he has a lot of thoughts, elder Huang leaves and goes back to his room. It's time for Lao Chen to think about these things.

The existence of Danhuang holy land is also a taboo in the kingdom of God. Therefore, it is not known by ordinary people. Elder Huang's identity is not ordinary, so he knows more about it.

It is likely that there are still descendants of laocang alive, but the situation concerning the sacred land and ancient home of the Dan emperor is complicated.

Even, according to the news from elder Huang, ye Chen infers that when Lao Cang was trapped, some of his descendants and disciples might have participated in it

If laocang doesn't know the truth, ye Chen said it, I'm afraid he will be hit.

"Well, let's not talk about it for the time being. After you have been to the land of Juye, you can find a chance to enter the holy land of the Dan emperor. After you have made a thorough investigation, you can think about it again..." Ye Chen said in his heart.

Outside the land of leaves, various flying instruments have appeared frequently in recent days, and many powerful and powerful mind waves are watching here.

A Linglong tower escaped from the void, and then passed away in a flash, directly shuttling into the land of leaves.

The Linglong tower has its own space. It has nine floors, each of which is ten thousand feet in size. This tower can accommodate a large-scale ancestral gate, and it has the ability to shuttle through space. It can also isolate the inside and outside. Even those who are strong in the celestial realm can't see the interior.

The breath that it spreads out is extremely terrifying!

This treasure is extremely rare, and its value is almost inestimable.

On the Linglong tower, a big word "Ye" looms. What's more, thousands of practitioners in the tower are people who have survived from ancient times to the present!

The only common feature of these people is that their ancestors helped the reincarnation Lord!

They even have a very weak blood of the Ye family!

They are like ye Lingtian!

Although the ancient Ye family was destroyed and the reincarnation master fell, this group of people survived in the endless years of chasing and killing!

They live, the only belief is - revenge for the Lord of reincarnation!

Chapter 2918

The blood of the collateral Ye family has never been cut off, and this tower has played a crucial role.

On the Ninth level, more than ten practitioners with strong breath gathered together. Among these people, the weakest cultivation was the heaven God realm, and most of them were the strong ones in the early days of the heaven God state.

Among them, the strongest three are the powerful ones in the middle of the heaven God realm!

This is the remaining details of the Ye family. Tens of thousands of years ago, the number of the strong members of the Ye family was more than 100 times more than that. Now, the strength of the Ye family is no more than one in ten. But without the pursuit of Tiandao palace, this force in the outside world is still comparable to the top power in the kingdom of God!

There is no one

but after the fall of the reincarnation master, these remaining forces know that they can only hide in the dark all the time.

If one day, find the right opportunity, will launch a counterattack against the heavenly way palace!

"All branches of the Ye family must spare no effort in this ancestral sacrifice. We can only succeed this time, not fail!"

An old ancestor of the Ye family, a collateral family, said excitedly.

"We can't fail any more. If we don't succeed this time, we are afraid that we will never have a chance to restore the glory of the Ye family, or even destroy it all!"

"At that time, you may never be able to avenge the Lord of samsara."

An old woman bent her body, but her breath was extremely terrible.

"Have all the talented children from all branches of the family come together this time?"

A dignified middle-aged strong man glanced across the hall and asked solemnly.

These three are the three great powers of the Ye family in the middle of the heaven God realm, and they are also the core masters of the branches of the Ye family.

Nowadays, the Ye family has dozens of branches and hundreds of collateral families. With these three powerful persons as the core, they are divided into three major forces.

Ye Ziming, the descendants of Ye family are closely related to their ancestors and control the Linglong pagoda.

Ye Zigeng, the descendant of the Ye family's vassal forces, was the adoptive sons and daughters of the Ye family's ancestors at that time. They were also listed as the "god damned ones" and all of them were descendants of the Ye family.

The other force is composed of other powerful people who are separated from the former two. The first one is an old woman named Ye Xueqing.

They represent the Ye family, and they are one of the strongest surviving figures in the Ye family.

All of you have discussed with Ye family leaders, and the focus is on the talented children.

This is because if you want to open the secret place left by Ye's ancestors and get the alien stone, you have to go through the rigorous inheritance ceremony.

Only those under the age of 1000 are eligible for the ceremony.

According to the Convention, ten people from each of the three factions selected a seed player. These three people were highly expected by them, and they were also the people who most hoped to open the secret place through the ceremony.

"Ye Sheng!"

Ye Ziming has chosen one person. This descendant of Ye family has amazing talent. He is only over 800 years old. He has cultivated eight layers of heaven in the chaotic state. Moreover, he has strong blood power. He can even replace Ye Ziming and control exquisite pagodas.

"Ye Tan bamboo, more than nine hundred years old, chaotic environment nine layers of heaven." Ye Zigeng did not introduce the seeded player more than anything else.

The old woman Ye Xueqing chose her own disciple.

"Ye nishang, seven hundred and eighty years old, has nine layers of heaven in chaos."

Hearing this, even ye Ziming and ye Zigeng are both dignified and surprised.

"Good, good! Many evil geniuses have sprung up among the descendants of the Ye family this time. This is the good fortune of the Ye family

All ye's senior officials were excited and full of confidence in this trip.

"What about ye Lingtian? Why didn't he come? " At this time, ye Ziming suddenly mentioned a person.

Ye Lingtian came from a special collateral force many years ago. This clan disappeared in the kingdom of God. I don't know where to go.

When ye Lingtian woke up in the memory of shenjizong, he left shenjizong to find a member of Ye's family, only to prove one thing.

Because ye Lingtian's ancestors are extremely low-key, most people in Linglong tower don't know who ye Lingtian's ancestors are.

We only know that ye Lingtian's blood vessels are hidden in his body and come from a low level.

It belongs to one of them.

Ye Ziming is not in favor of him. He just thinks that he came from a low level of martial arts and could come to the kingdom of God in a few years. Maybe there is something unusual about this great event of Ye's ancestor's worship. If he is allowed to participate in this event, he may be surprised.

"Laozu, there is a flying boat blocking the way outside. They call themselves descendants of the Ye family. They ask to join the ancestor worship!"

At this time, an elder of the Ye family came in to report.

"Who are the two men?"

"Strange faces, have never heard of them, one is ye Lingtian, the other is Ye Chen!"

Outside the Linglong pagoda, ye Chen and ye Lingtian are standing in the air. In front of them are two children of the Ye family who are on guard.

Ye Lingtian has been inherited by his ancestors. He has strong blood power. He has an amazing feeling to the Linglong pagoda, the treasure of yejiazhen. He found here by the mysterious induction.

Ye Chen's plan is that he conceals his identity, join Ye family with ye Lingtian in a grand way, mix in with ancestral sacrifice, and then observe its change, and be sure to get the reincarnation star stone. A minute later, the children of Ye family who went in to report the news went out and called Ye Chen and ye Lingtian to go in.

Along the way, there are many questions about their identities. Ye Chen is silent, very low-key, like ye Lingtian's attendant; ye Lingtian is always answering questions.

"It's really not easy for you and me to fly up to the kingdom of God all the way in a barren land with low martial arts level. It's commendable that you still remember that you are members of the Ye family. I'm looking forward to your performance in this ancestral sacrifice."

The power of Ye's children in chaos state is six layers of heaven. Seeing that ye Chen only cuts down the eight layers of heaven in adversity, he can't see through the strength of Ye Lingtian, but he doesn't pay attention to it and teaches it in the voice of an elder.

Next, Ye Ling asked, "master ye tianxie? Will you take us to our ancestors? "

In the Ye family, only those who are above the realm of heaven and God, and have a high level of seniority, can be called "Laozu".

This Ye's parents are old, but the corners of his mouth, thinking that you are what identity, Laozu also want to see can see.

"The ancestors are discussing major issues. Please follow me to verify your identity. If there is no problem, I will arrange your place to live."

There are many crises in the land of rising leaves. Most of the time, the people of Ye family will stay in this exquisite pagoda.

The way to verify the identity is very simple. After confirming the blood of the Ye family in the body through special magic tools, we can simply register the origin of the name and create an identity jade card, which can be used in the huge space of the pagoda.

After that, the elder of Ye family took them to the third floor of the pagoda, designated two rooms, left a few simple instructions, and a volume of Ye family rules, and then drifted away.

"So easy to get in? It seems that the Ye family is now full of holes! " Ye Chen is helpless.

In the past tens of thousands of years, the children of the Ye family's descendants have drifted to all sides. In addition to several major branches that can be held together, there are also a large number of orphans such as Xiaozhi Xiaomai and he ye Lingtian. It is justifiable for the Ye family to adopt this loose management mode.

But Blood can be forged.

Chapter 2919

Those big forces who have ulterior motives towards the Ye family want to get involved in it. Judging from this situation, it can't be simpler.

Ye Lingtian clenched his fist, and he felt sad when he thought that the Ye family had fallen to this place.

The two men went into the room to rest, meditated and practiced separately, and waited for the ancestor worship to begin.

On the ninth floor of the pagoda, all the high-level members of the Ye family have left. Only Ye Ziming, ye Zigeng and ye Xueqing, the helmsmen of the three factions, have offered to sit on the futon.

"Brother Ziming, since you are so concerned about the Ye family's younger generation who has risen from the low level of martial arts, why don't you call him up? Let's see him? If it is a young child, we Ye family can also greatly cultivate it. " Ye Zigeng asked casually.

The old woman, ye Xueqing, had no words.

"Well, we have already arrived at the place of rising leaves. Even if there is a lot of crisis, the power of Daogong may come at any time on that day. How can we care about these young people?" Ye Ziming sighed wearily.

He did not directly say that, if ye Jiajie is not sad, even if ye Lingtian is the favored son of heaven, which has the future?

This son appeared at the wrong time. Ye Ziming felt that even if ye Lingtian was a genius, he could not compare with Ye Sheng, ye Tan Zhu and ye nishang.

As for ye Chen, he was only a small person who followed ye Lingtian.

The next day and night, the road was calm.

Linglong Pagoda in the leaves of the land speed through, to the depths.

However, the arrival of Ye Chen and ye Lingtian did not cause any disturbance. Only a few children of the Ye family, who were adjacent to each other, came to visit and made little communication.

When the Linglong pagoda goes deep into a dark place, a bell rings and ye Chen's eyes coagulate. Sensing the vibration of the identity jade card, he quickly walks out of the room.

Outside the room, a series of bodies appeared, and then flew to the top of the pagoda. The elders and deacons maintained order and urged them.

"What are you two doing? The competition is about to start. Go to the sixth floor quickly. Even if you don't sign up, you can enjoy watching the battle on the side! "

An elder called to Ye Chen and ye Lingtian.

Ye Chen spirit of a shock, is it finally coming?

The two men also flew up and mingled with the children of the Ye family.

On the sixth floor of the pagoda, a large number of Ye's children gathered here fell down in a martial arts arena. There were thousands of putuans around the arena, and in the center was a fighting platform covered by array.

Most of them have been sitting on the high-level platform, and most of them have been sitting on the platform of the senior high-level family, and most of them have been sitting on the stage of the elder.

Ye Chen and ye Lingtian follow the current and come to the place where they sign up for martial arts. They report their names and accomplishments.

"Ye Lingtian, the four layers of chaos."

Ye Chen gives ye Lingtian the same magic weapon to suppress cultivation and cover up the breath, disguised as the four layers of chaos.

In fact, ye Lingtian's strength has improved by leaps and bounds under the power of the moon ring vision and the belief of ancestors, and even has crossed to the six layers of chaos!

Fantastic to the extreme!

However, ye Chen is not sure whether there are any problems with the remaining members of the Ye family. It is better to let ye Lingtian hide his accomplishments.

The cultivation of the six layers of heaven in the chaotic state is really a little shocking. If it is reported, I'm afraid that before the competition, there will be a big stir, which may increase the variables.

Rao is so. The elder who accepted the registration could not help but take a breath of cool air and directly explore his divine sense.

"There is a black horse in kunlunxu Good boy, you have the right to go directly to that stand. You don't need to play in the first few rounds of competition, and you can directly enter the final

The elder was excited and said to ye Lingtian.

In the stands he referred to, there are now dozens of Ye's children, all of whom are "talented people", the backbone of the younger generations of the Ye family.

Ye Lingtian is shaking his head to refuse, where ye Chen is, he will go.

"Ye Chen, cut down the eight layers of heaven in adversity." Ye Chen chuckled and reported his true cultivation.

The elder frowned and glanced at Ye Chen. He wrote down his name on the paper and gave him a number plate with "88" written on it.

Most of those who dare to sign up for the competition are those who have done something above the top of the mountain. Naturally, ye Chen should not pay attention to this.

They found two buns in a corner and sat down.

Half an hour later, the registration was closed, and all the Ye family ancestors finally came on the stage to encourage and encourage the Ye family's children. After that, the contest was announced to begin.

This competition is not only to select the younger generation of the Ye family to participate in the later secret land trial, but also a convention for the Ye family once every ten thousand years. It is a competition among the major branches of the Ye family, which is related to the distribution proportion of the remaining resources of the Ye family in the next ten thousand years.

The Ye family is already a camel dying of thin bones, but it still retains some of the style of conduct of the top forces. The first step in the competition is to select 30 outstanding people from more than 200 descendants of the Ye family under the age of 1000.

This level is purely a contest of strength, a round of elimination system.

Ye Chen and ye Lingtian, like a lion, mingle with the sheep and wait for the rabbit to be the finch behind the mantis.

Ye's family is indeed a transcendent force beyond the comparison of the heavenly way palace. Among the younger generation's children, there are many talented people standing on a high stand. Even ye Chen can't help but look at some of them.

In the sky above the martial arts stage, on one of the stands, there are few beautiful men and women with less than ten people, but they are the focus of attention.

They are the favored children of heaven. They are the most outstanding figures of the Ye family in the past thousand years. They are the weakest in their cultivation. They also have the mid-term accomplishments in the chaotic state!

The first round of competition below has already begun, and these ye family talents are at the top of the table, commenting on the battle below.

Three of them are surrounded by other people, standing aloof.

"Elder martial sister nishang, I haven't seen you for 200 years. I didn't expect you to break through the chaos state nine layers of heaven once you got out of the pass. I was really shocked by my jaw!"

Among the three, a handsome martial artist standing on the left side sighed to the young woman in the middle.

The woman was dressed in a golden dress with apricot eyes and peach cheeks.

"Elder martial brother Ye Sheng is joking. It's just a fluke for me to break through the nine layers of chaos. I can't compare with you. I'm not your opponent when it comes to fighting power."

Ye nishang covered her mouth with a delicate smile. Her words were very helpful to the elder martial brother Ye Sheng. She couldn't help showing her satisfaction.

"Talking about younger martial brother Zhu, you have broken through the ninth layer of chaos so quickly. The ancestor Zi Geng must have given you a lot of benefits? Maybe your family has been hollowed out now. In the opinion of elder martial brother, it's not wise to do so... "

Chapter 2920

Another direct response to bi Zhuo Sheng.

These three people are the seed players in the three veins of the Ye family. In this ancestral sacrifice, a "chief" will be selected from the descendants of the Ye family to lead others into the secret place.

Although Ye Sheng is the lowest among the three, he has a strong personality, and seems to have a good grasp and full of confidence.

"Ye Sheng, you even dare to criticize your ancestors. Don't you really think that the chief position belongs to you?" Ye Tan Zhu's face is not good-looking, cold voice sarcastic way.

"Two elder martial brothers, which one is stronger or weaker, we have to have a contest before we know. If we have a dispute now, don't we let other younger martial brothers and sisters see the joke? Look, this younger martial brother has good strength... "

Ye nishang plays round the court, both sides do not offend, appears to be good at dancing.

"These three people are good seedlings, but they have their own ideas. They are impetuous and shallow. They are just like the flowers in the greenhouse. They can't be used much."

Although the dialogue of the three people is isolated by array, ye Chen listens to it word by word. He says with emotion to ye Lingtian.

"The Ye family has been rotten for a long time. If it had not been for the enemy's current situation, I'm afraid it would have fallen apart."

Ye Lingtian, who wakes up part of his memory, knows more about the Ye family than ye Chen. After entering the kingdom of God, he inquired about Ye's family, which is not surprising.

"Ling Tian, you are the only one who has the responsibility to clean up the Ye family and restore its prestige! This ancestral sacrifice is your chance! " Ye Chen's eyes flashed and said.

As the Lord of reincarnation, he can not be exposed!

As the spokesman of the Ye family, ye Lingtian is undoubtedly the most suitable.

What's more, ye Chen is a little disappointed by the Ye family. If you want to make ye's family a great help to him, there is still a long way to go. Ye Chen already has an idea in mind.

"Twenty seventh, yes, eighty-eight. Two contestants, please come on stage

On the fighting stage, an elder announced.

Ye Chen shook his head helplessly, stepped out one step, and the endless air waves rolled. He was flying on the fighting platform. His opponent was a member of Ye's family who was in a chaotic situation. He was full of evil spirit.

This kind of cultivator, of course, has experienced countless battles and broke out of the sea of corpses and blood, with amazing combat power.

"To cut off the eight levels of heaven? You give up. I don't want to be infected with the blood of my own people. The practitioner of the chaotic state of heaven felt Ye Chen's state, frowned and was not happy.

The tone of telling the truth has no lofty attitude. Although the words are hard to hear, they are loyal words.

"You majored in the Ye family's Sabre technique" overlord God chop ". The more you kill the enemy, the stronger this Sabre skill will be. But unfortunately, your sword skill is incomplete."

Ye Chen has a good feeling for this, and points out.

On the Feizhou, ye Lingtian also demonstrates some Ye family skills. According to Ye Chen's understanding of martial arts, he can control them instantly.

Unfortunately, ye Lingtian's memory has never been able to awaken the martial arts of the reincarnation master of the previous life.

If ye Chen gets the martial arts skills of the previous life ahead of time, it is estimated that ye Chen is confident in fighting against tiandaogong.

"Ridiculous! Don't talk nonsense. If you don't admit defeat, don't blame me for being merciless under the knife if you are injured or disabled! "

He was holding a huge sword three Zhang long. The blood thread of the blade flowed, and the black evil spirit on the blade condensed into thousands of dead souls.

This man is aggressive and impulsive.

Ye Chen shook his head helplessly. With one hand behind him and five fingers holding, a huge blade condensed into shape, which was also a knife to knife. He said to the man who practiced in the chaos state: "do your best."

.....

"Why? This competition is interesting. Unfortunately, the boy who has cut the eight layers of adversity has met Ye Zhuang. "

In the stands, the children of the Ye family began to talk.

"Not only is his cultivation inferior to a small level, but the difference in combat effectiveness is even greater. Ye Zhuang's" overlord God chop "is extremely terrible. He can cross the border and defeat the enemy. His martial arts charm is extremely strong. Moreover, his playing method has always been crazy. If he is defeated, he will be dead or disabled..."

Ye Zhuang's magic sword is raised high, and a black competition appears in the sky. Suddenly, the strong wind suddenly rises, and the overcast wind diffuses. The murderous air makes people feel cold!

Black Dao mang to Ye Chen straight cut past!

Ye Chen's long sword, which is pure in martial arts, also directly cuts out a strike, just a wisp of reddish knife awn appears. But when he hits Ye Zhuang, the blade awn suddenly bursts into a startling force. A virtual shadow appears, holding the light red awn in his hand. Then, the same moves collide with the black awn

"The tyrant God cuts! This How could that be possible! "

That ye Zhuang suddenly gave out an incredible roar.

Ye Chen's Sabre technique is also the way to kill the overlord God!

What's more, although the vision of his hand was not comparable to that of him, it was more powerful than him.

The control of martial arts even surpasses his ancestors!

This shows that ye Chen's tyrannical God chopping is more powerful than his practice. If you think about what ye Chen said just now His overlord God chop is the complete Ye family Sabre skill, there is no incomplete!

If ye Zhuang knew that ye Chen had only seen ye Lingtian's demonstration again, he would have fainted.

Boom!

After the fight, ye Chen did not step back. He looked calm and did not crush his opponent directly. However, many observers were shocked by his performance!

"He He also used a tyrannical God to kill him! "

"What's the origin of the eighty-eight? He can escape the attack of Ye Zhuang. His fighting power Even if it is not the enemy of Ye Zhuang, it is no less difficult to let it go! "

"What a devil is it to cut off adversity and cross chaos?"

On the high-altitude stand, three Ye seed players also made a sound of surprise.

"It's a good seedling, but the cultivation is too weak." Ye Tanzhu shook his head.

"He's very familiar. It's the family blood left behind. If he had been trained by his family since he was a child, he would have been a figure even if he was not as good as us now. He has the value of getting in

touch, but now Step by step, step by step, you can't get into my eyes! " Ye Sheng just glanced at Ye Chen and stopped paying attention.

"I wonder, where did the tyrant learn to kill him?"

Ye nishang's focus is different.

Below, ye Zhuang did not play the second hit, but directly admit defeat to Ye Chen, and then rush to Ye Chen excitedly.

"Brother Ye Chen, please teach me how to kill the overlord God. If you have any conditions, please do not hesitate to mention it."

Ye Chen indifferent smile, this one, just a little show a hand to achieve the goal of winning without a fight, can be regarded as low-key?

Ye Zhuang, quite to Ye Chen's eye edge, did not mention conditions, directly taught him the complete sword technique of overlord God.

Ye Zhuang got the sword technique and left in a hurry after a big gift to Ye Chen.

"This guy is really a Wuchi. He doesn't understand the world, so he makes the hall master laugh."

Ye Lingtian said helplessly.
