

## Physician 2921

### Chapter 2921

Ye Lingtian has been inherited by the Ye family's ancestors. He takes the revitalization of the Ye family as his own responsibility, and has no strong sense of belonging to the remaining forces of the Ye family.

"This man is upright and affectionate. If you can cut the overlord God to great success, he can become your general in the future." Ye Chen Mou son tiny MI, way.

There was no break in the first round of competition. Two hours later, nearly 100 strong people were left to continue the second competition.

After ye Lingtian came on the stage, he defeated the enemy with a move of destroying the withered and decaying forces. His strength was even more shocking.

Even Ye Sheng, ye Tan Zhu and ye nishang all pay attention to ye Lingtian.

At the beginning of the second game, Ye Sheng and other three people actually flew to ye Lingtian's side and turned a blind eye to Ye Chen.

"You are ye Lingtian? From the low level of Kunlun, how can you have such fighting power? "

Ye Sheng seems to be hostile to ye Lingtian, and his tone of voice is very high.

Ye Tan Zhu is unable to see through ye Lingtian's reality and reality. With a dignified expression, he arched his hand and said, "my name is ye Tanzhu. I come here to make a friend because you are so strong."

Ye nishang a pair of wonderful eyes swept over ye Lingtian, revealing a thrilling smile, nodded for ceremony, did not say anything.

Ye Ling world consciousness of a look at Ye Chen, ye Chen quietly, ye Lingtian will, not salty and three people to deal with.

"Younger martial brother Lingtian, it's very noisy here. You can go up with us. You don't have to participate in other competitions in the first round."

That Ye Sheng frowned and looked down on other Ye's descendants. Standing together, he was like a disgrace.

Ye Lingtian Mou son a cold, lenglengleng returned a sentence: "I and you are not the same way, can not climb up."

"Boy, don't be shameless. Don't think you can match me if you don't have a big gap with me. My strength is not what you can imagine!"

Ye Sheng's face makes ye Lingtian extremely disgusted. His eyes swept in the past, and Ye Sheng's face suddenly changed slightly.

Because ye Lingtian looked at him, he lost his mind in an instant, and even had an irresistible feeling!

This seems to be the suppression of blood!

But this feeling soon disappeared, making Ye Sheng feel that it was just an illusion, and then he was very angry.

"You don't think it's true that you're not practicing evil methods!"

Such arrogant figures are more domineering than those of the second generation of dandies with top power. Ye Lingtian's eyes are opened, and ye Chen on one side is even more disappointed with the present Ye family.

Ye Lingtian couldn't help it. He was about to start. At this time, ye Chen suddenly whispered to him: "patience for the time being. It's not time for us to make a move."

Ye Chen has a premonition that this time, he will not only resist the forces of tiandaogong and other forces, but also be involved in the internal strife of the Ye family. Moreover, he can not expect too much from the Ye family.

Ye Ling Tian Leng hum a, turn head, no longer pay attention to the three people.

"I don't know what's good or bad. Let's go. I don't need to pay attention to the collateral." Ye Sheng's cold voice.

"Elder martial brother Ye Sheng, talk about elder martial brother Zhu, you go first, I'll wait a moment." Ye nishang is still smiling, and the smoke wave is flowing. She is obsequious and does not conceal her interest in ye Lingtian.

That leaf rises suddenly, a few green veins appear on the forehead, and ye Tan bamboo is also very ugly.

"Ye Lingtian, I hope you can break into the top ten, and then I will teach you how to be a man on the martial arts stage." Ye Sheng has a deep look at ye Lingtian.

In the face of his threatening words, ye Lingtian remained unmoved.

In his eyes, anyone's words are meaningless!

Except for the temple master!

In addition, he kept his mind in mind that when he took over the power of the Ye family in the future, such disasters must be eliminated!

Ye Sheng and ye Tan Zhu fly up and leave here.

Half of Ye Chen's attention is focused on the ancestors of the Ye family. What happened here must not escape their eyes. But to his disappointment, they seem to be indifferent to Ye Sheng's behavior.

It seems that although the Ye family remains, it is not the Ye family for a long time.

In the last life, the fall of the reincarnation master also means the decline of the Ye family.

This place of rising leaves is just the last struggle of this group of people.

In the second game of the first round, ye Chen's opponent was a practitioner of four layers of chaos. This Ye's son practiced a magic power called "Scorpion King change". In the final form of the third change, he had the strength to defeat the enemy.

Ye Chen doesn't want to expose too much. He uses his extreme martial arts and Shenshan until he is exhausted, and then forces him out of the arena.

This "Scorpion King change" magic power is strong, weak point is obvious, can not fight the enemy for a long time, after the ultimate form, there will be a period of "weak period".

At the end of the first round, the remaining 40 players will be expelled from the corner in the second round.

In the first two rounds of competition, ye jiasanmai has ten people who are exempt from examination. These 30 people will enter the final. In the second round of competition, ye Chen's opponent was a nun, who practiced the "sunflower water enchanting mind skill", which was a charming skill.

The combat power of this special skill is much weaker than its own accomplishments. However, if the opponent can't resist the power of this skill, even if the cultivation is better than her, it will be slaughtered when the mind is introduced into the illusion.

Ye Chen's heart is firm as a rock, naturally unaffected by it, but pretends to be confused and attacks the opponent at the critical moment and easily defeats him.

Ye Chen's performance has attracted the attention of several elders.

"It's really strange that this son has made it to the final in spite of his hard work."

"He's kind of funny. He catches the weakness of his opponent in every fight. The ability to comprehend martial arts is beyond many people present. "

"I think that ye Chen's reluctance is a genius. Even if he has some tricks, he has the fighting power of six layers of chaos under his full strength."

Ye Chen hidden, and ye Lingtian although suppressed cultivation, but swept the opponent, has become the focus of attention in these games.

Before the final, it left Ye's descendants an hour of recovery time. At this time, an elder of Ye family found ye Lingtian and ye Chen.

"Ye Lingtian, ye Chen, I want to summon you and follow me."

Ye Chen and ye Lingtian look at each other, catch up with the Ye family elder and fly to the sky.

On the ninth floor of the Linglong pagoda, three Ye family ancestors sit cross legged, and their eyes are focused on the two people who enter the hall.

The three powerful mind waves directly fell on Ye Chen and ye Lingtian.

The three ancestors made no secret of their purpose and explored the two men. Even the gods tried to invade the two people's knowledge of the sea and read their memories.

Ye Chen subconsciously will use the intention of Zhenwu to cover up, but after a little hesitation, put this idea out.

How terrible are their own gods. Even if these three people are gods, they are not qualified to shake them.

However, ye Lingtian has chosen to block in front of Ye Chen!

Chapter 2922

to be sonorous!

A startling sound, accompanied by a strong chaotic atmosphere fluctuations, ye Lingtian takes out the abyss sin breaking gun, and the spear suddenly appears, defeating the three gods that probe into the sea.

"This, this is..."

"Abyss judge gun!"

"One of the most powerful magic weapons of Ye's ancestors, how did this gun fall into your hands?"

The three Ye family ancestors are all shocked and can't sit still. They look at ye Lingtian with a look of shock.

Everyone here knows what the abyss gun means!

This is the one who follows the reincarnation Lord to have it!

That's the most important person in the Ye family!

Is ye Lingtian the descendant of that one!

If so, why should he go to a low level?

Ye Lingtian Mou son a congealing, one hand holds abyss to break sin gun, direct way: "we don't like such divine idea inspection."

"If you want to know who I am!"

"This abyss gun is the best proof of this!"

Ye Lingtian is very clear that revealing his identity is beneficial to his trip to the palace master!

But he can reveal his identity. The Lord of the temple can't!

The secret of reincarnation must be kept!

The next moment, the three stand up, pupil shrinkage to the extreme!

If you really want to talk about seniority, ye Lingtian's identity may be higher than them!

Combined with ye Lingtian's performance, everything seems to be able to explain!

Three people just want to say what, ye Lingtian directly arched: "I and ye Chen still have things, don't disturb the three ancestors!"

The next moment, two people turn around and leave directly!

Only three lost ancestors are left!

.....

After they left, the three ancestors of the Ye family still looked at each other for a long time and were silent. They were still digesting the information they had just received from them.

"Brother Ziming, do you believe what ye Lingtian said? Ancestor inheritance, abyss judgment gun If they are all true, then he is a man approved by his ancestors Ye Zigeng opened his mouth first.

"In any case, it is an indisputable fact that the abyss has judged him as the Lord. Maybe ye Lingtian will become the most important person in this ancestor worship." Ye Ziming sighed, as if relieved, as if lost.

For tens of thousands of years, the three veins of the Ye family have been taking the restoration of the Yejia Rongguang as their own responsibility. They have been looking for the "treasure" left by their ancestors or the opportunity to revive their ancestors in the universe.

But no one was really recognized by their ancestors.

I never thought that an unknown person who had risen from a low level of martial arts was so lucky.

This means that the chance of passing the test of the secret place is greatly increased this time, which is a good thing, but the key characters are probably not from the three veins of Ye family, which makes the three ancestors reluctant.

"These two people are very suspicious. Ye Lingtian interrupted our investigation. They must have concealed something."

Suddenly, ye Zigeng's eyes flashed and said.

"Such cultivation He is the most valuable weapon to control the abyss and convict gun. It's hard to force him to be the chief of Ye family's younger generation. " Ye Ziming said.

Ye Lingtian's real cultivation has been exposed, which is one of the reasons that shocked the three ancestors.

"Xueqing, what do you think of these two people?"

Ye Zigeng heard Ye Ziming's words in favor of Ye Chen and turned to another ancestor.

Ye Xueqing's hoarse voice said: "after the competition, there is still the blood test. What's more, there are three of us. They can't turn the waves."

Ye Zigeng didn't look good when he heard this, but he soon disappeared.

In the last stage of Zusi, it is necessary for ye family to open the secret place. However, there are few people who have the real blood of Ye Zi Geng.

Ye Tanzhu, whom ye Zigeng had high hopes for, is strong in strength and has a weak pedigree of the Ye family. But he is afraid that it is very difficult for him to pass the blood test.

This alone means that he will not be the chief of the younger generations of the Ye family.

The chief position is not only a symbol of identity. If the ancestor worship is successful, the chief will get the most benefits.

"Cough I don't think it's more mysterious than Lingye to see the sky first. "

"Even, have you found that ye Lingtian is more like the servant of Ye Chen?" Ye Xueqing frowned and said.

Hearing this, ye Ziming and ye Zigeng were both surprised.

"It's just a boy who cuts down the eight layers of heaven in the disaster area. Under our investigation, he can't hide his accomplishments. What's so special about this kid

"And how could ye Lingtian be the servant of this son? Have you ever seen a servant higher than the master? "

Ye Ziming asked suspiciously.

Among the three Ye family ancestors, ye Xueqing has a lot of means and is in charge of the power of destiny. She definitely will not shoot at random."Ye Chen is a son. I can't see his fate. Either, there is a transcendent existence to cover up the secrets of heaven in person; or, this son has more than all divine treasures

Ye Xueqing thinks, no matter what reason, the attention to Ye Chen should be raised to the same level as ye Lingtian.

In fact, her conjecture is not wrong. The inheritance of the reincarnation master is something that once shook the way of heaven, which makes the present heaven covet, and the value of divine treasure is incomparable.

"I hope that the appearance of these two people is a blessing rather than a disaster for our Ye family." Ye Ziming sighed again.

.....

"Temple master, what to do next?" On the way back, ye Lingtian asked.

He has now exposed his true accomplishments, even the bottom card of the abyss conviction gun. The original plan needs to be changed.

"Even if the three ancestors of the Ye family have doubts about us, in this case, they should monitor us at most. Before the success of the ancestral worship, they still dare not act rashly. You should be clear

about me and act boldly. For example, if ye's younger generation dares to challenge, they don't have to worry about anything, and they will punish and frighten them. "

The two returned to the stands next to the fighting stage, when the final was about to begin.

The first three out of the 30 will choose a chief disciple after passing the blood test. Under the leadership of the chief disciple, 30 descendants of the Ye family will enter the secret realm for trial.

To the surprise of Ye Chen and ye Lingtian, the talented children called Ye nishang have not left yet. When they come back, they walk to the front with a smile.

"It's really gratifying that the two younger martial brothers are favored by their ancestors. Nishang intends to make friends with you. Let's talk about it?" Ye nishang said to them.

This woman is good at dancing, it is difficult to make people malicious. Ye Chen sends the voice to ye Lingtian, so that he may as well have more contact with this woman.

Ye Lingtian and ye nishang politely said a few words. Both of them had the meaning of approaching each other. They soon got in touch with each other and began to talk as if no one else was around.

Ye Chen, a low-key player, has not attracted much attention. However, in the eyes of some younger generations of the Ye family, ye Chen's performance in the competition just now was excellent, and several people surrounded him.

Soon, ye Chen also integrated into the Ye family's younger generation circle, not showing mountains and dew.

Among these 30 people, ye Chen is the only one who can cut off adversity and has the lowest cultivation!

Chapter 2923

However, all the people did not regard Ye Chen as a place of disaster!

After all, martial arts world, strength is respected, not cultivation!

In the final, ye Chen's first opponent was a practitioner of six layers of chaos. His unique skill was a unique fingering technique of Ye family, named "Lingxi Yizhi".

In this battle, ye Chen only released a trace of true martial arts, and defeated the other party with one finger's power.

Suddenly, there was an uproar.

In the eyes of the public, there are not many people who can do this. In terms of comprehensive combat effectiveness, ye Chen has risen to one of the top 30.

This is still a tricky move, but in addition to jealousy and anger, Ye's children can only accept the reality.

Ye Lingtian didn't know whether it was due to luck or something else. The opponent he met in the first place in the final was actually a chaotic son of seven layers every day.

This man is the ancestor of Ye Ziming, named Ye Jing. Has been standing by Ye Sheng's side, seems to be Ye Sheng's followers.

"You dare to offend elder martial brother Ye Sheng. I will teach you how to be a man today."

Just on the stage, Ye Jing challenged ye Lingtian!

A cold light flashed through Ye Ling's eyes, his face was ancient, and he flew onto the fighting platform, and then he took out the abyss conviction gun.

In the sky, the three ancestors of Ye family suddenly changed their faces!

"Learn from each other, you must not engage in war with the same clan, hurt the harmony, and do not allow intentional killing!" Ye Ziming's voice suddenly rings, he is warning ye Lingtian.

However, Ye Jing was more arrogant with a sneer. He took a big step forward, and there appeared a Buddha's image of the Buddha.

Buddha chant, taboo magic!

"If the ancestor interferes and doesn't let me kill you, then I'll get you out of the sea of misery. From then on, you can serve me!" Ye Jing grinned grimly.

It is not created by Ye family, but it is an important unique skill in Ye family's magic Pavilion.

In the heyday of Ye family's ancestors, he subdued a great power of Buddhism. At that time, he was one of the founders of the world of Buddhists. He was a rare transcendent existence!

Buddha chanting is the unique skill of the Buddha. This magical power is extremely domineering. If it is transformed into Buddhism, even the soul will be controlled by the other party, losing self, and life is not like death.

Ye Jing displays this unique skill to ye Lingtian with evil intention.

Ye Ling snorted coldly, put away the abyss judgment gun, and decided to give the Ye family ancestor a face.

Ye Lingtian takes a look at the mysterious smile of Ye Chen in the distance. Seeing ye Chen nodding, he also no longer hesitates and closes his eyes!

The meaning of the ancient times rushes out of the body and plunges into the sky!

At the same time, seven stars loomed out of Yeling's celestial body, forming the shape of the Big Dipper, and then a silver starlight bombarded Ye Jing.

The Buddha's empty shadow, with his hands folded, his face showing sorrow, his mouth opened, and a word of Buddha spewed out from his mouth, accompanied by bursts of Buddhist Chanting and chanting, attacking ye Lingtian.

The silver starlight collides with the Buddha character, and the Buddha character is on the verge of collapse. The starlight, like lightning, continues to bombard Ye Jing.

At the side of the fighting stage, two Ye Jiaqiang, who are in a chaotic state of seven levels, suddenly changed their faces and made decisive moves. One of them took one hand to ye Lingtian, trying to stop his attack. The other one hit the magic power. The real martial intention converged and tried to defeat ye Lingtian's "Beidou Shenquan"!

Dazzled, I saw two figures were beaten, one is Ye Jing on the stage of martial arts, the other is the Ye Jiaqiang who attacks ye Lingtian.

Ye Jing fell to the ground, his face was like gold paper, the corners of his mouth overflowed with blood, he was unconscious, and his breath was like gossamer. He was still alive, but he was doomed to be a waste man in the future.

The Ye family referee also spilled blood from the corners of his mouth, and looked at ye Lingtian in horror. His whole body trembled slightly, but after a fight, he realized that he was far from ye Lingtian's opponent!

He even felt the suppression of blood at the moment of fighting!

This moment!

The whole place was quiet, the silent silence in which a needle could be heard when it fell to the ground.

Ye Lingtian only defeated Ye Jing, which is still reasonable, but what just happened?

Ye Lingtian beat the referee!

The judge is a strong man in the seven layers of chaos!

The silence lasted for dozens of breaths, and then there was a breath of cold air, and a lot of discussion exploded.

"Sure enough, you hide your strength. The gun just now seems to be the best treasure of the Ye family mentioned by my ancestors. It's the abyss gun! This ancestral sacrifice has alerted some of Ye's hidden successors, and my chance is coming! "

Ye Nishang, who has just made friends with Ye Lingtian, says secretly in her heart.

Ye Sheng and Ye Tan Zhu are shocked and sluggish. Then, they suddenly burst out in a cold sweat!

More than an hour ago, they still remember the scene of humiliating Ye Lingtian. If Ye Lingtian was powerful at that time

Even if they use the cards prepared by their ancestors, the consequences will be very miserable!" Late chaos! He hides his accomplishments. Who is he? I don't believe he's under a thousand years old now! " Ye Sheng looks ferocious and whispers.

"Damn it, this man pretends to be a pig and eats a tiger. He is a ruthless man! Elder martial brother Ye Sheng, I'm afraid we can't fight him together. Ancestors It seems to have recognized him! "

Ye Tanzhu can see clearly that Ye Lingtian was summoned by his ancestor just now, which means that Ye Lingtian has passed the pass of Laozu.

The two referees looked at the direction of several ancestors in the sky. In the face of such an accident, they did not know what to do.

"Ye Ling Tian Sheng! The competition continues. " Ye Xueqing's ancestor's voice rang out.

The referee read out the list of the two sides in the next match, until four or five times later, the two players came on the stage, because the people's minds had been on ye Lingtian's body just now, and had not recovered.

Ye Chen is still low-key, the whole process even deliberately appears to be somewhat laborious.

He knows very well, this time, he can't be too amazing!

There are more people hiding behind!

In the second game of the final, ye Lingtian's opponent directly admitted defeat. In the third game, ye Lingtian's opponent was a practitioner of seven layers of chaos, and he was defeated in only one round.

The reason why he came on the stage was not to win, but to try. After the war, the younger brother of Ye family pinched out the only fluke left in his heart.

They have confirmed that ye Lingtian is a hidden genius. Undoubtedly, in fact, it makes them despair!

It is strange that Ye Sheng, ye Zigeng and ye nishang did not meet ye Lingtian and ye Chen in the first two games, and they did not match each other.

Ye Chen in the heart of this mirror like, the game seems fair, in fact, there is a black box operation.

His "good luck" seems to be the wish of Ye's senior management. In several competitions, he was staggered with the seeded players.

In fact, this is because the three ancestors also attached great importance to him and did not dare to test him easily.

Chapter 2924

In the second game, 15 people were divided into eight groups, one of them was promoted directly in empty space; the third was eight to four, which ended Ye Chen's good fortune.

There are only three places reserved for the players.

"The next fight, two against eighty-eight!" On the stage, the referee announced.

This is the third game of Ye Chen, his opponent No.2, is ye Tanzhu!

"Talk about bamboo, you should be careful, this ye Chen is not simple, if not, directly admit defeat!"

Before going on the stage, ye Tan Zhu suddenly got the voice of his ancestor ye Zigeng.

Ye Tan Zhu, who had never put Ye Chen in his heart, suddenly stopped walking

Ye Lingtian is just that. Ye Chen, the "weak man" who cuts down the eight layers of heaven in adversity, is also pretending to be a pig eating a tiger?

The two barbarians with low level of martial arts are so "against the sky". Ye Tanzhu can't believe it.

But Laozu specially reminded him, which means that he was not the opponent of Ye Chen, who cut the eight layers of heaven in the bad land.

This scene, a little weird to the extreme.

On the fighting stage, ye Chen stands with Ye Tan bamboo.

The audience was surprisingly quiet!

Because in their opinion, the gap of strength is too big!

Ye Chen has no chance of winning at all!

"Younger martial brother Ye Chen, just exchange views with each other. You can stop at that point, don't you think?" Ye Tan Zhu arched his hand to Ye Chen, forced out a smile and said.

This made the Ye family almost shocked. When did ye Tanzhu, the most favored son of chaos, treat his peers so politely?

Ye Chen faintly smiles and nods, and the next second is to sacrifice the evil sword!

Sha sword, ye Chen's gentle face turned into indifference, faintly spit out a few words: "you exert all your strength!"

The sword light did not move, but the blood light was surging and the great power was surging. The meaning of Zhenwu came out!

Just momentum makes Ye Tan Zhu's face change dramatically!

It's not the eight levels of heaven! It's more ferocious than the later chaos!

Ye Tanzhu did not dare to be careless. The next second, the blood essence was sacrificed and a Warcraft was summoned.

Even the blood in the body has the smell of Warcraft!

This is his greatest dependence.

This beast has three heads, which are full of evil spirit and force people.

It is the product of the combination of foreign Warcraft and Shenguo spirit beast!!

Hellhound!

Hell devil dog out, three heads at the same time issued a roar, driven by Ye Tan bamboo, rushed to Ye Chen.

At the same time, ye Tan's true martial intention broke out, and endless chaotic spiritual power gathered in his hand, and a sword was chopped toward Ye Chen!

The combination of the two forces makes the terror to the extreme!

It's almost a dead end!

No one thought Ye Tan Zhu would do this!

This is too mean!

Ye Chen, holding the evil sword in his hand, looks indifferent. He is trying to stimulate the true martial spirit to suppress Ye Tan Zhu's realm. Suddenly, he senses a strange breath fluctuation hidden under his fist.

The other side even killed him.

Ye chenmu's fierce color flashed. Instead of using the evil sword, he gathered the spiritual power and activated the red dust God pulse! A stroke of cangyan mieling palm.

In his opinion, the other side is not qualified to let him use the evil sword!

When the swords and palms collide, a smart explosion rings through the sky. The array power around the combat platform is stimulated, and the battle aftereffect is suppressed by force.

A black thin light like ox hair flew out of the fist shadow and shot at Ye Chen.

Soul killing needle! Ye Tanzhu's evil weapon was used to injure the spirit. His sword was just a feint. His real purpose was to defeat Ye Chen's spirit with this soul destroying needle.

How mean!

But no matter how despicable, in the face of absolute strength, it is also in vain!

Ye Chen naturally felt it, so he played the "cangyan mieling palm", but he also left his hand, if he gave a full blow. Ye Tan bamboo is bound to be killed with one hand and all spirits will be destroyed!

"Ah

Endless force surging! Rolling dust, as if ten thousand feet!

In the dust, a scream sounded, and ye Tan bamboo flew like a broken kite. After landing, there was no movement.

He followed Ye Jing's example and didn't die, but I'm afraid this lesson will be unforgettable for all his life.

High above, ye Zigeng saw this scene and suddenly got up. His breath was even more uncontrollable. His eyes glared at Ye Chen.

"What do you want to do, younger martial brother Zigeng?" Ye Ziming's breath locks him in. If ye Zigeng dares to attack Ye Chen, he will stop him.

Ye Xueqing also looked at ye Zigeng, showing a trace of helplessness: "the good apprentice you taught, you use that kind of means to lose face in full view of the public."

Ye Tan Zhu was just asking for trouble. Seeing that the other two ancestors did not support him, ye Zigeng stopped being impulsive. He snorted coldly and sat down again."After all, they are outsiders. Now I suspect that ye Lingtian and ye Chen are spies sent by Tiandao palace."

Ye Zigeng suddenly said in a cold voice.

"Even if they are spies, it's up to them to act before they can be used."

Ye Xueqing's mind is unpredictable, and even stands on the side of Ye Chen two people more actively than ye Ziming.

Out of their strong confidence in their own strength, the three ancestors reached an agreement and waited for a while.

.....

"What just happened? This ye Chen beat Tan Zhu's elder martial brother on the head? "

"He and ye Lingtian are companions. Both of them have hidden their strength. It's hard to imagine how they did it!"

"In this way, the three veins of Ye family ancestor worship have become a joke? I'm afraid that the two outsiders, all of us together, are no match for them! "

Ye Chen's low-key can only come to an end. After returning to the grandstand, the younger generations of Ye family who had a few words with Ye Chen just changed their attitude, and hurriedly left Ye Chen and held him at a respectful distance.

If ye Chen is only a little better than them, but when he finds out that the strength of each other is greatly different, he will have a xenophobic mentality. He is afraid of Ye Chen and no longer has good intentions.

And ye Chen is close eyes, as if to all around do not care at all!

The leaf nishang went against the way, just wanted to take the initiative to find Ye Chen, but was blocked by Ye Lingtian: "Hall My friend needs a rest, and I hope nishang won't disturb me. "

Ye nishang turns her eyes and doesn't know what she is thinking. Then she lightly touches her head and leaves directly.

The whole fighting field, under Ye nishang's leaving, has fallen into an extremely strange atmosphere.

.....

At the same time, the nine heaven dragon hall.

Above the abyss of taboo.

A dragon full of fire was suspended in the sky.

It's the Dragon God!

His whole body stands a dozen breath terror existence!

Everyone is the existence of Tiandao palace that can't be ignored!

Everyone's eyes are full of seriousness!

Because in their opinion, this time, they want to kill the blood dragon which is very dangerous to the heavenly way palace!

The key to the strength of this blood dragon, they do not know!

On the abyss, the strange energy stirs. The Dragon God knows that it is the prohibition of the abyss.

The Dragon God looked down at the abyss and suddenly said, "have you brought everything? The only possibility for this blood dragon is to hide here. Now the abyss is full of blood. I am so familiar with this breath! Today, no matter what, this blood dragon can't leave the abyss alive! "

The next moment, the Dragon God's mouth opened, a huge black Ding appeared!

Black cauldron pouring!

"Do it!"

More than a dozen elders of Tiandao palace forced blood essence to gather on the black tripod!

In a flash, the black cauldron in the outflow of magma!

The magma is flowing in and out of the world!

The heavenly way palace, unexpectedly wants to turn this abyss into a lake of magma!

At that time, no living creature can survive at the bottom of the lake!

Blood dragon, danger!

Chapter 2925

Rolling magma from the sky in an instant!

Like a dragon rushing into the abyss!

It's obvious that there are some forbidden symbols in the abyss!

However, this prohibition can only block living things, and the extremely dense and hot magma can not stop it at all.

Key, this magma is not ordinary magma!

This is the blood of a fallen emperor of Yanlong in ancient times!

When you meet everything, you can burn it out instantly.

The Dragon God showed a smile: "blood dragon, you can't fly today!"

The last time I was defeated by the blood dragon, it almost became the nightmare of the Dragon God.

Of course, under the moon ring vision, the Dragon God's strength is advancing by leaps and bounds!

But he knew that if he met the blood dragon again, it was still dangerous!

Even, he doesn't know what strength the blood dragon has at present!

The other side is mysterious like a boundary that cannot be crossed!

And when the magma rolled down, in the abyss, a bloody dragon, which was devouring the body of the demon dragon, suddenly opened its eyes.

His eyes reflected the hot magma.

There is no fear.

There was no retreat.

Yes, I don't care.

The next moment, he gave up swallowing!

The strange red eyes of red eyes!

The rune circulates, his whole body is covered with thick blood gas!

The next moment, the big mouth of the blood dragon was opened, and the rolling magma with the breath of extinction was swallowed by him!

He chewed it carefully.

There is even a trace of pleasure in the eyes.

"It's delicious. The magma has some effect on my flame."

"It's a pity, too few."

The next moment, a thundering dragon resounds!

The Dragon chant, the dragon eyes of the whole nine days god dragon hall are full of horror!

This is a repression from the blood!

Thorough suppression!

And above the abyss, the black cauldron pouring magma seems to be touched by a mysterious force!

Then, go straight to the abyss!

The Dragon God's face changed greatly in the hot sky. He just wanted to take back the black tripod, but he found that his strength could not be taken back at all!

This is not the most important, the important thing is that he felt a threat from the soul!

Under the abyss!

Is it the blood dragon!

The black tripod disappeared, and more than a dozen elders with Dragon Spirit spat out a mouthful of blood one after another!

Their faces were a little pale and their breath faded.

Everyone looked at the Dragon God and said, "master Dragon God, what should we do next?"

The Dragon God Mou son of the hot day coagulates, the anger burns: "from the immediate view, that blood dragon seems to be unable to rush out of this abyss prohibition."

"This is our chance."

"Since he is so crazy, let's let him feel what the law of heaven does to rob him!"

"Line up!"

.....

At the same time, Jiutian Shenlong temple and the first Shenguo border.

The land of rising leaves.

The third game of the final was soon over, and the top four were ye Chen, ye Lingtian, Ye Sheng and ye nishang.

Ye Sheng is also a genius. He has achieved eight levels of cultivation in chaos state, but he definitely has the fighting power at the peak of chaos state. Moreover, after several games, he did not reveal any cards.

Ye nishang's performance in several contests was not so amazing that people could not see the depth.

According to the rules, the four men will be divided into two groups, two in two. The winner will fight again, and the loser will decide the third place. The first three people will be given the next round of blood test, and a chief will be selected according to the comprehensive consideration of blood strength and talent.

But to everyone's surprise, ye Chen stood up at this time.

"I still have a little injury, and I'm willing to give up. I don't have to play in the last two games."

Ye Chen's eyes are calm, as if he doesn't care about all this.

There is no need to test reincarnation.

If his identity is exposed, his previous efforts are in vain.

The crowd was stunned. The referee and several Ye family leaders could not make decisions. They could only look at the three Ye family ancestors.

The three Ye ancestors who have been paying close attention to this place passed down the word "Ke" after discussion.

The blood test was arranged in the early morning of the next day. The competition ended and the crowd dispersed.

But this night, for the vast majority of the Ye family, is destined to be a sleepless night.

The names of Ye Chen and ye Lingtian soon spread throughout the Ye family. The ancestor worship had just begun, and there was already a sense of the rain coming.

At night, someone knocked on the door of Ye Chen and ye Lingtian.

This is an old acquaintance. It was he who took them into the Linglong pagoda and arranged the residence."Two nephews, please don't be surprised if you have been slighted before. It's not appropriate for you to live here again as you are now in the Ye family. It has been taken care of by the authorities to give you another place to rest."

Facing Ye Chen and ye Lingtian, the elder has different attitudes and respectful tone.

Ye Chen thinks a little and then understands how to return a responsibility.

When ancestor worship is around the corner and foreign enemies are likely to appear at any time, the Ye family's senior officials still have the mind to "take care" of their treatment?

This is just a pretext. In fact, it must be that the senior members of the Ye family are not at ease about the two people. In order to monitor them more conveniently, they can also respond in time if there is an accident.

Ye Chen doesn't care about this. If they insist, ye family doesn't dare to ask for it.

Ye Chen nodded, and the elder took them to the seventh floor of Linglong pagoda.

The more upward this exquisite pagoda is, the more important it is. The more powerful the pagoda's array magic power is.

The seventh floor is the place where ye's high-level people live. Most of them are the strong ones above the chaos state and even the heaven God state.

Welcome Ye Chen and ye Lingtian two people, is a line of inspection of the eyes.

As soon as they entered a house arranged for them, someone came to the house. It was ye nishang.

This time, ye nishang is quite sexy.

The clavicle is exposed, and a trace of white on the chest is looming.

It's a fantastic idea.

However, ye Lingtian's eyes were momentarily dignified. After a look at Ye Chen, he saw Ye Chen nodding and said, "nishang girl, please come in!"

Ye nishang smiles and takes her seat. Her beautiful eyes are like water. She directly asks Ye Chen, "Mr. Ye, do you give up voluntarily and don't care about the chief position? You know, this ancestor worship is not the same as in the past. As long as you get the chief position, even if you fail in the final secret place trial, the chief can also get the same treasure left by the ancestors... "

This topic, the success aroused Ye Chen and ye Lingtian's interest.

In fact, they did not know much about the ancestral worship of Ye family. Ye Lingtian was inherited by his ancestors, but they knew the core secret of Ye family and the ultimate purpose of ancestor worship.

However, the specific process of "ancestor worship" is determined by the three branches of the Ye family, and ye Lingtian does not know the details.

This is also the reason why ye Lingtian did not reject ye nishang's intentional approach before ye Chen. Ask for information.

Chapter 2926

"After the blood test, the chief will get the temporary control of the" blood soul seal god pearl ". If the ancestral sacrifice is successful, this treasure will recognize the Lord. If it is not successful, in order to deal with the Ye family catastrophe afterwards, the chief who controls this treasure will be able to obtain a great fortune. If he has this treasure to protect his life, his chances of escaping from the robbery will be greatly increased ..."

Ye nishang tells her that she is not secretive at all. She shares information with Ye Chen and ye Lingtian.

Ye Lingtian suddenly looked different, and suddenly thought of something. He said excitedly: "is it really the blood spirit seal God bead? It is said that this treasure has been lost for a long time. There are even rumors that it was destroyed when the ancestors fell. How did the Ye family find it? "

In the inheritance memory left by the ancestors to ye Lingtian, there is indeed the existence of the "blood soul seal God bead", which is a treasure beyond the ancient artifacts!

"It was found by my master." Ye nishang turned her beautiful eyes and said with a smile.

According to her, more than 10000 years ago, ye Xueqing, who was the second generation of high-ranking Ye family, established her prestige in the family and gradually took charge of it, and finally became one of the three great ancestors.

It is said that this pearl is made by sacrificing the power of the earth in the kingdom of God. This bead is the manifestation of the "law of life", which contains the meaning of endless life and is closer to the power of reincarnation.

The cultivator who controls it is equivalent to mastering a surprising card, and even has infinite life span and Qi and blood.

This treasure was created by the chief weapon refiner under the reincarnation master. When refining, it left behind prohibitions and special means. Only those with the blood of the Ye family had a chance to let them recognize the master and then use it.

According to ye nishang, this treasure will belong to the chief hand selected by the ancestral sacrifice. This is a great temptation for all ye's children, even ye Chen is moved.

He knows the terrible power of reincarnation!

And this power is close to the power of reincarnation!

If there is such a thing, his strength can rise to a higher level!

"Temple master, I have the abyssal sin breaking spear, which is enough. If I can get the chief position, I will give it to you." Ye Lingtian speaks to Ye Chen.

Ye Chen doesn't say anything. Whether it's ye Lingtian's use or his possession, there's nothing to worry about. However, ye Chen is sure to get the blood soul pearl, so Ye Sheng or ye nishang can't pick it up.

Ye Sheng is domineering. Ye nishang is unpredictable. Ye Chen distrusts both of them. Only Ye Ling is capable of carrying out the important task of revitalizing the Ye family.

"Elder martial brother Lingtian, what is the relationship between you and this young master ye?" Ye nishang suddenly asked another question.

Ye Lingtian is surprised, can she see it?

Ye Chen seems to smile rather than smile. He takes a deep look at ye nishang and doesn't respond.

This daughter's intelligence is very rare. She was just courting before, but when she came to visit this evening, there were many temptations in her words.

It must have a deeper intention to mention the treasure of "blood soul snatching soul bead".

Seeing ye Chen's expression, ye nishang looks at ye Lingtian again. Ye Lingtian also looks indifferent. She covers her mouth and laughs a few times to resolve the embarrassment.

"Two senior brothers, it's already late. I'm leaving now."

When the door closed, ye nishang showed a playful smile: "interesting two people, I'm afraid this leaf Chen behind a lot of head."

.....

The place where the leaves rise is chaotic and dark all the year round, and there is no change in the four seasons day and night. However, the exquisite pagoda has its own space. This magic weapon simulates the movement of the sun and the moon and changes the sky, which is quite miraculous.

The next morning, after the bell rang, the Ye family members either took the initiative or were guided to the first floor of the pagoda.

The two Ye Jiaqiang, who are at the peak of chaos, accompany Ye Chen and ye Lingtian. They are not only keeping away from the troubles of Ye's descendants who are not open-minded, but also in order to prevent them from making trouble on their own initiative.

In short, the attitude of Ye family towards Ye Chen and ye Lingtian is very subtle.

The style of the first floor of Linglong pagoda is quite different from that of other floors. A huge altar of 100 Zhang in diameter stands in the middle. The buildings surrounding the altar are various statues.

Human sculpture, weapons sculpture such as swords, spears, swords and halberds, even towering mountains, flowing rivers and other natural scenery.

This place is full of the atmosphere of ancient simplicity and vicissitudes. After the Ye family entered it, their looks became solemn and solemn.

The first floor is the base of the Linglong pagoda array. The altar here is built for the ancestors of the Ye family. For thousands of years, all the descendants of the Ye family have dreamed that one day the spirit of the ancestors will be revived on the altar!

Under the altar, in front of a stone tablet, the children of the Ye family gathered here.

Yun Hun stele, which has no grade or grade, is only used to detect the richness of Ye's blood and the comprehensive potential of Ye's children.

This is also the work of Ye family's ancestors. Although it can't be used for fighting, it is a treasure comparable to the Ye family.

The three ancestors of the Ye family walked in front of the altar, kneeling and kowtowing in front of the altar, reciting the incantations used for praying and sacrificing, which had a sense of ritual.

The tedious rituals lasted for an hour, and the blood test began. Ye Lingtian, Ye Sheng and Ye Nishang, three of them, went up in turn and pressed their hands on the stone tablet of Yun Hun. Two beams of light, one left and one right, almost fell at the same time.

The color of the light column increases in order of red, orange, yellow, green, blue and purple.

If the blood column can stimulate the light, it means that there is the blood of Ye family in the body, but it is very weak. The highest level of purple, only the direct lineal veins of Ye family ancestors can have.

The other pillar of potential is based on the examiners' age, accomplishments, combat power and details. Red is the lowest level, and purple is the highest.

Ye Sheng was the first to go forward, and his test results were: one green, one green.

In other words, his blood is rich and his potential is green.

The second one to be tested was Ye Nishang, whose test results were astonishing and gratifying to several Ye family ancestors.

One green, one blue!

The blood rich degree is only one grade lower than that of Ye, but the potential is two levels higher than that of Ye.

When the two pillars of light on the Yun Hun stele burst into light, Ye Sheng's face suddenly turned pale!

But at this time, he paid little attention to his eyes, because Ye Lingtian, the last one to play, is the focus of attention!

In terms of combat power, few of Ye's younger generation are his opponents; now some people with ulterior motives can only hope that ye Lingtian's blood is not strong enough, so that he can have an excuse to prevent him from becoming "chief".

Ye Lingtian Mou son a congealing, looked at Ye Chen behind one eye.

Ye Chen showed a smile and nodded slightly.

In his opinion, ye Lingtian's achievements are definitely not weak!

The wild ancient divine pulse is one of the blood vessels of Ye family!

And is second only to the existence of reincarnation blood!

How can it be weak!

Chapter 2927

However, ye Chen is also curious about ye Lingtian's achievements.

Ye Lingtian see ye Chen allow, turn head, eyes full of perseverance!

As the right and left hand of the reincarnation master, he must not lose face in this item!

One of his palms was placed on the stone tablet, and Qi and blood flowed into the tablet, and immediately he got a special kind of power, which swam around his body.

And then

The color of the two columns of light is bright. At first, it is red, and then it quickly transits to yellow. Then, the color of the blood column is fixed to blue, and even a touch of purple light flashes!

The color of the other light column is directly formed, which is the same grade as ye nishang.

Blue and purple! Pure purple!

What does that mean?

Ye Lingtian's blood is more intense than others. He even pursues three generations of his ancestors. It is even very likely that ye Lingtian is the direct descendant of his ancestors. It is only because after many generations, his blood is a little thin. Otherwise, how to explain the last flash of purple?

Not to mention the potential, purple is the legendary level, which is the highest level that can only be achieved if one can compete with Ye's ancestors in talent. It's hard to get out of it for ten thousand years, and it's rare in all the heaven and earth!

At this moment, everyone is dull!

I'm short of breath!

All the Ye family members had a lot of discussion, not only the younger generation, but also the high-level members of the Ye family.

"Where did ye Lingtian come from? This is really It's so powerful that you can't help it! "

"Is he the chief? Elder martial brother Ye Sheng and elder martial sister nishang can't match him. What should we do... "

The younger generations of the Ye family are not willing to do so, and the elders and other high-level people communicate with each other, and they don't know what to do.

"There is no mistake in the inspection of Yun Hun stele. This son must be a member of the Ye family and a direct descendant of our ancestors, but He doesn't come from three main veins. He doesn't have a strong sense of belonging to the Ye family. He is full of ulterior motives. We'll all lose! "

"Yes, the chief Ye family can only be produced from our three schools. At this very moment, we have to do ordinary things."

Even if ye Lingtian's test results crush all the descendants of the Ye family, his "origin" makes the Ye family unable to have a sense of identity with him.

Of course, the Ye family remains, but it is mixed with interests!

Where there are people, there are rivers and lakes!

What's more, because these are related to the reincarnation Lord, born arrogant existence!

They don't allow their own interests to be tainted by others!

Especially the people they can't control!

The three ancestors of the Ye family are also deliberating on the countermeasures. As a result, they have long predicted and made psychological preparations, but

"You can't give it to him! The heavenly way palace has been watching for a long time. Maybe now it has locked the exquisite pagoda, and the disaster will come at any time. How can we waste those treasures in vain

Ye Zigeng had a clear attitude and said directly.

However, ye Ziming is in a dilemma. On the major issues of right and wrong, he always has a lot of scruples. He has a selfish mind and a concern for the overall situation, which makes him appear somewhat indecisive.

"Younger martial sister Xueqing, you brought the blood soul snatching Pearl back to Ye's house. Your opinion on this is very important. In your opinion, do you want to give it to him now?"

Ye Ziming asks Ye Xueqing, an old woman to one side.

"Give it to him. This son may play a decisive role in the success or failure of ancestor worship. Don't make a big loss because of a small one." Ye Xueqing thought deeply for a long time, then said.

Ye Ziming nodded his head and passed on the voice to the Ye family's senior officials. Ye Zigeng's face was uncertain, and he didn't know what he was thinking.

A high-level Ye family, who is half a step away from the heaven, goes out to ye Lingtian, Ye Sheng and ye nishang.

Among the three, Ye Sheng looks dejected. Although ye nishang can see a little loss from her look, she is still in a stable mood and is still laughing with ye Lingtian.

"The three ancestors have made up their minds. Now I declare that the third generation chief of the Ye family is..." Speaking of this, the elder deliberately pauses for a few moments and then says the name.

"Ye Lingtian!"

Boom!

The Ye family surrounded by the altar suddenly exclaimed!

Ye Sheng is even more staggering backward a few big steps, although understand that strength is inferior to people, potential also can't compare with each other, but he has always been the favored son of the Ye family, in the face of such setbacks, still can not accept.

"No, no, he can't be the chief. I'm against it!" Ye Sheng loses his state and roars.

Driven by him, his followers immediately yelled, and the other two descendants of maiye family also made a voice, and the crowd was excited.

"We must not allow outsiders to take control of the chief position."

"This son comes from the low level of martial arts. We don't understand it at all. In case it is related to Tiandao palace! What to do then

Ye Chen saw this scene, showing a sneer.

With these goods, how can ye family defeat Tiandao palace?

It is often said that we should be prepared for danger in times of peace, not to mention the Ye family, which may come to its doom at any time. When the heritage of the Ye family's ancestors has been exhausted, and the younger generations of the Ye family are inferior to each other, what is waiting for them will be destruction.

Moreover, there will be no resurgence.

At this time, a vast aura of terror swept through the audience, and ye Ziming's voice rang out: "don't be noisy on the side of the altar. Disturb the spirit of our ancestors, we are ashamed of our ancestors

The charge was too big to bear, and soon everyone was quiet.

"Ye Sheng, what reason do you have against it?" Ye Ziming asked again.

Ye Sheng is his descendant. His blood relationship with his uncle and nephew shows more affection for his master and apprentice. To him, ye Ziming places great hopes on him and cares from his heart. Seeing Ye Sheng open his mouth, ye Ziming comes forward at this time, which is actually selfish.

"I..." Ye Sheng opened his mouth to speak, but his words got stuck in his mouth. What he wanted to say could not be said publicly at this time.

Query ye Lingtian's blood? Not satisfied with his strength? These are all in vain.

All of a sudden, Ye Sheng thinks of another person. His eyes are bright and his finger points to Ye Chen.

"Laozu, this man is with ye Lingtian. I suspect that he is a spy of Tiandao palace. If he has problems, ye Lingtian can not escape from the relationship. He can't be made the chief of Ye family, or disaster will come!"

Ye Ziming frowns, ye Chen has "problems" this point has been recognized by the three ancestors, but out of fear, he did not want to "move" him for the time being, and was about to open his mouth to refute Ye Sheng when another ancestor made a voice.

"What is the evidence?"

Ye Ziming is surprised by Ye Xueqing's attitude of supporting ye Lingtian to become the chief and giving him the blood soul snatching pearl.

"In the big match, ye Chen voluntarily abstained. He must have a ghost in his heart and dare not accept the blood test!" Ye Sheng's words are chiseled.

This immediately made a lot of people have a sense of identity, because if they had been in the "top four" at that time, they would not have chosen to abstain.

If ye Chen is wise enough to think that he is not the opponent of the other three, this reason is not tenable, because ye Chen has defeated ye Tanzhu head-on.

Chapter 2928

Ye Chen didn't expect to see such twists and turns. How could he be pulled to his body.

Everyone's eyes are on Ye Chen.

Angry!

Doubt!

Not happy!

If the eyes can turn into swords! That ye Chen is already full of holes!

"Ye Chen, go to the blood test and verify your identity." Ye Xueqing said.

Ye Ziming suddenly knows that ye Xueqing's real purpose is the same.

But after he thought about it, he couldn't guess Ye Xueqing's mind.

Ye Zigeng had questioned Ye Chen's identity before, but ye Xueqing had a quiet view of the change. Now he comes forward to ask Ye Chen to go to yunhun stele.

If ye Chen really does not have the blood of Ye family, is Ye Xueqing's purpose contradictory?

Ye Chen looks at Ye Xueqing calmly and calmly, then jumps up and falls in front of Yun Hun stele.

I can't hide.

He entered the samsara cemetery and said to Canggu doctor: "Lao Cang, do you know about this stone tablet containing soul?"

"Will my reincarnation be detected?"

Lao Cang was lost in thought, and then raised his head after a few seconds: "you only activate the Lingfeng and the red dust God veins now. You don't have a complete reincarnation blood vessel. It should be OK."

"But there is something special about this stele, and I can't be sure."

"If you are really worried, as the Lord of reincarnation, you can control the monument with a little force."

Ye Chen felt relieved a little, and glanced at Ye Xueqing, who was in the heaven state. He said in his heart, "Ye Xueqing, ye nishang What's the idea for master and apprentice? Doubt, test Maybe the heavenly way palace has noticed my existence

Ye Chen no longer hesitates. He sticks his palm on the stone tablet of Yun Hun. Before inputting a wisp of Qi and blood into it, he thinks of Lao Cang's words to prevent "accidents". He uses a trace of strength of reincarnation.

Red orange, yellow, green, blue and purple, seven colors of light flicker, color changes, ups and downs!

Everyone's breathing is short!

Does Ye Chen's blood and potential have reached the limit of this tablet detection!!!

Otherwise, how could there be seven flashes of light!

Even if the reincarnation Lord comes in person, it is impossible to do so.

Ye Chen Mou son one shrinks, he even feels this Yun Hun stele seems to be unable to bear his strength, want to break!

That is to say, the stone tablet can not detect its own limit!

Whether it's blood or potential!

Right, too!

Reincarnation is the real taboo of Ye family!

What is the qualification test of the spirit tablet!

Ye Chen's heart and mind coagulates one, injects the blood force, the instant feeling and the Yun soul tablet obtained the contact!

In that case, he can control it!

Everyone was in a panic! Just when they thought that the mysterious Ye Chen was going to create a miracle, a sudden change appeared! The two beams of light dimmed at the same time, and finally there was no movement.

"This What is this? It can trigger the blood column of light, but it has no order. Does he have the blood of the Ye family

"It seems that this situation has never happened before. Is it that the stone tablet containing soul is broken?"

Several Ye family ancestors also frowned.

Finally, the color of the column of blood was gone. Even the "column of potential" also had this kind of abnormality, which made them puzzled.

Ye Sheng saw this scene, but he was ecstatic. He pointed to the no moving Yun Hun stele and yelled: "he doesn't have the blood of Ye family. See? You all see it! He is a spy, a member of Tiandao palace, and ye Lingtian, who colludes with the enemy and is a thief in Ye's family, which is even more hateful! "

Ye Chen shakes his head, but ye Ziming has cultivated this kind of apprentice. He is really blind.

There are more and more people who question Ye Chen and ye Lingtian, and even several Ye family leaders surround them quietly.

At this time, ye Chen's palms were pasted on the stele of Yun soul again.

Just now he just tried his own control over the stone tablet of containing soul!

Now he's familiar with it, and he can control it!

Next second!

Two columns of light come on and two colors appear.

One yellow, one purple.

The third level of blood is rich, which is the blood level of most of the Ye family's children. It is ordinary and not outstanding, but it is enough to prove the identity of Ye's children.

The potential level is the sixth level, the same level as ye Lingtian. Although this potential is enviable, envious and hateful, it is also reasonable that ye Chen's exposed strength is beyond doubt.

At the moment, Ye Sheng's ferocious face turns into fright completely!

He didn't even know what to say!

Because it's impossible to cheat people with the stele of containing soul!

Ye Sheng's mood is up and down today. Seeing that the opportunity to drive ye Lingtian into the abyss has appeared, he is likely to get the position of chief, but ye Chen slaps him in the face with "facts". Ye Sheng's face is ferocious, and his eyes look around. Many people avoid his eyes, and others sneer at him.

"Pooh

Suddenly, Qi and blood were rising and falling.

Obviously, this turned into a demon in his heart, which had an impact on his martial arts foundation.

Many of the ways of martial arts are in a single thought.

Today, his Ye Sheng is like a clown, and his dignity and face are greatly damaged among the descendants of the Ye family.

The arrival of Ye Chen and ye Lingtian makes Ye's family feel threatened. In a day, ye Tan Zhu and Ye Sheng, two gifted figures, lost their feet and sank into sand.

Ye Ziming sighed and waved. They went forward and lifted Ye Sheng away.

The more advanced a practitioner is, the more he needs a relatively strong mind. Otherwise, even if he is stronger, he will easily be caught by the flaw in his mind and be defeated.

Such as Ye Sheng, his mind is unstable, he can't control the fluctuation of his emotions, and he even vomites blood with anger. In serious cases, Daoxin will be damaged.

Ye Tanzhu is defeated by Ye Chen. Although Ye Sheng has never been defeated, he is seriously injured by Ye Lingtian and ye Chen, which is no different from defeat in the war.

In this way, only ye Lingtian and ye nishang are qualified to compete for the position of chief.

But whether it is blood potential and concentration, or their own strength, ye Lingtian completely crush ye nishang, the chief flower house, no longer need to doubt.

As the contemporary master of the Linglong pagoda, he is also one of the most important masters of the Ye family. Ye Ziming, the great power of the heaven God realm, reiterated his decision on the spot.

"The chief disciple of this ancestor worship is ye Lingtian!"

After a word fell, the divine voice spread all over the exquisite pagoda, and many Ye's disciples showed different colors one after another.

Not everyone knows ye Lingtian, even in the previous competition, ye Lingtian has shown absolute strength.

Even if many people know, they don't think ye Lingtian can get the chief position, because he is not a member of the three major forces of the Ye family in the kingdom of God, but a collateral branch rising from a low military position, just like rootless duckweed.

He is a disciple of the Ye family who has no "background" in his family.

Chapter 2929

Unexpectedly, the ancestor of the Ye family actually decided to choose ye Lingtian as the head of the ancestor worship disciple. This is very surprising.

You know, the chief disciple will get the temporary control of the family's most precious treasure, the blood spirit seal Pearl!

It is a treasure beyond the ancient artifacts, carrying the "law of life" and containing the supreme power of life. To control this treasure is to control a mysterious power and gain infinite longevity and blood.

Is it really handed over to an outsider?

Until ye Xueqing, the ancestor of the blood spirit seal pearl, handed this treasure to ye Lingtian, many people still felt like a dream. However, with Ye Sheng's warning, this time, no one has jumped out to oppose.

Only a very small number of people are relieved. After all, the Ye family has reached this point. What's the use of caring so much?

Once the ancestral sacrifice is not successful and the once-in-a-thousand-year catastrophe comes, it is still unknown whether the Ye family, which is the enemy of the whole world, can preserve the blood inheritance.

In that case, it's better to fight together.

On the top floor of Linglong tower, ye Lingtian's expression was not much excited when he took the blood soul seal pearl from ye Xueqing's hand. Although his eyes had been on this treasure, he was only appreciating and curious.

In his heart, he kept this thing for the time being.

Everything here should belong to the Lord.

It's a pity that before the master of the hall has not completely grown up, he must not reveal his identity.

A small ancient pearl, the whole body if blood diamond carving, crystal clear. The lingering light red haze makes it a bit more dreamy. Even if you just look at it like this, you can feel the endless life Qi and blood contained in it.

Holding it, it seems to have a long life.

"During the period of ancestral worship, it will be under your control and kept in good health. It is related to the future of the Ye family." Ye Xueqing said solemnly.

"I should bear in mind."

Ye Lingtian palms a turn, will be the blood soul God beads collected, and then both hands boxing toward Ye Xueqing salute answer.

"After three days of rest, the 30 final disciples, led by Ye Lingtian, enter the depths of the land of Juye and officially open the ancestral worship!"

Ye Ziming announced in a loud voice that he had used the divine voice to drink. The rumbling sound spread through the whole Linglong pagoda again, and all ye family disciples heard it.

After the announcement, people slowly disperse, ye Chen and ye Lingtian also intend to return to their own residence, but at this time, ye nishang is coming.

This beautiful woman, with her jade feet moving, flutters gently in her plumed clothes, which makes her look like an immortal.

"Congratulations to elder martial brother Lingtian for becoming the chief disciple of Zusi. Once Zusi is successful, he will benefit immensely."

Light voice came, the red lips and flame, bright eyes and white teeth, very swaying heart Jing.

"You also said that we need ancestor worship to succeed." Ye Lingtian said lightly.

"Elder martial brother has no confidence in this ancestor worship?" Ye nishang was surprised.

Ye Lingtian shook his head, "what didn't happen, no one can say clearly. It's better to prepare some means to avoid being caught off guard after an accident."

When ye nishang heard the speech, she felt thoughtful.

She suddenly looked at the silent Ye Chen beside her and asked, "what about you, Mr. Ye?"

Ye Chen Mou son extremely indifferent, smile small: "I what? Do your best and listen to the destiny. "

"I'm afraid this is not true. If we had listened to the mandate of heaven, we would have been dead."

Ye nishang beautiful eyes flow Shenxia, eyes burning at Ye Chen, she can not believe Ye Chen this perfunctory ghost.

Ye Chen scoffed: "the destiny in my mouth is not Tiandao palace. Tiandao palace is what destiny is."

"In my hometown, Huaxia, there is a word called," man can conquer nature! "

"Cluck, sure enough, I knew that elder martial brother Ye Chen was a man of great spirit. Three days later, I hope the two elder martial brothers can take care of their younger sister. " Ye nishang red lips light pursed smile, Gu pan Shenghui said.

"Not to mention that miss nishang's master is a figure like Xueqing, who has the strength of nine layers of chaos. Just because of this beautiful appearance, there are countless flower protectors among the disciples in the family. Do you still need us to protect them? " Ye Chen said with a smile.

"More is better." Ye nishang said with a light smile.

.....

This conversation did not last long. After a while, ye nishang said goodbye to them and turned away from the top floor of the Linglong tower.

Looking at the direction of this woman's departure, ye Chen's eyes float a wisp of doubt color.

So far, ye nishang's performance has not been able to find any flaws, nor can we guess the plans of Ye nishang and ye Xueqing.

But intuition tells Ye Chen that this ye nishang is not as simple as it seems.

"Three days later, we should pay more attention to the Ye family." Ye Chen whispers to ye Lingtian. "Is the master worried?"

"I have to guard against it. I just used a few tricks to get involved, and I became the core disciple to participate in the ancestral worship. If someone who has a mind is willing to make calculations, no one knows what will happen at that time." Ye Chen sighed.

But soon, his eyes also became firm and resolute, and his words were full of fighting spirit and murderous spirit: "it's good to take advantage of this opportunity to kill all these demons and monsters. At that time, it will be more convenient for you to take over the Ye family."

After returning to the residence, ye Lingtian gives Ye Chen the blood spirit seal pearl. Ye Chen has no good reason to refuse, so he takes it temporarily.

It might be useful to him.

However, ye Chen is worried about Tu Lanxin's whereabouts.

I don't know if the immortals have sent the news to the alliance.

Wanfazong colludes with the demons, which is not a trivial matter for the seven kingdoms.

I hope the alliance has taken action.

Otherwise, the consequences would be unimaginable.

.....

At the same time, the first Kingdom, the alliance.

On the main hall, two men are sitting opposite each other with dignified expressions.

A man with a fairyland, crane hair and childish face, dressed in black and white robes, is the leader of God alliance Ge Shan!

The other, with a strong breath and a Taoist robe, is Tian Feiming of Wanfa Zong!

And not far from them, stood a middle-aged man.

The middle-aged man does not have the slightest breath of cultivation, and his eyes are also indifferent.

He looked at them strangely and said, "I don't know you Who is the leader of the alliance

Ge Shan opened his mouth and said, "I am."

"I hear you have important information to offer?"

"About ye Chen?"

The middle-aged man nodded and carefully handed out the burning stone in his hand: "this burning stone records some words of Mr. Ye."

"It's about demons and Demons..."

Words have not finished, the middle-aged man's pupils shrink, because in just a moment, he felt from GE Shan side of the man's killing intention.

Chapter 2930

It's killing.

Ge Shan smiles and stands up: "it's a big deal about the demons. Please make it clear."

The middle-aged man's eyes fell on Tian Feiming's body, word by word: "this is..."

Ge Shan Mou son tiny MI, big hand a wave, unexpectedly appeared a ban on the door of the hall!

Block all prohibitions!

Tian Feiming stood up and walked towards the middle-aged man step by step: "I am Wan FA Zong, Tian Feiming!"

"Do you want to say that demons collude with Wanfa Zong?"

The middle-aged man's face changed greatly. The next moment, he took out a jade pendant.

Coagulation into the jade pendant, his whole body flashing a light!

The void is tearing around!

He's ready to run away!

Tian Feiming and Ge Shan looked at each other with a grim smile.

"You have something to do with Ye Chen. Now ye Chen is a sinner of the seven kingdoms of gods and a traitor of the demons. You are the remaining party! On behalf of the first Kingdom of God, we will hunt you down today

Middle aged man's face changed greatly!

When did ye Chen become a traitor to the kingdom of God!

Although he doesn't know ye Chen, he has more or less heard about ye Chen from yonglao!

How can such a person be a traitor!

The next second, two extreme forces let the whole hall vibrate, and the violent air wave instantly passes through the middle-aged man's body!

"Touch!"

Although the middle-aged man's cultivation is good, how can he compete with the two strong men!

Obviously, it's a dead end!

His body heavily hit a statue in the hall.

The statue was smashed, the dust was rolling, and a mouthful of red blood was gradually stained the hall.

Tian Feiming step by step toward the middle-aged man, face ferocious: "you should have contacted Ye Chen, this little beast, where is now?"

The middle-aged man did not speak, but closed his eyes, a trace of strange power broke through the sky!

As if in communication with something!

Tian Feiming frowns slightly, some bad premonition.

At the same time, Yandi peak is ten thousand miles away.

In the rolling magma, a burly man was completely immersed in it.

On the shore, an old man was drinking wine and leisurely.

All of a sudden, the eternal King opened his eyes and stood up fiercely. He gazed at some message on the sky with a dignified look: "he has an accident! Has the alliance changed? "

In an instant, the eternal King guessed what! He looked at Yan Kun: "Yan Kun, stop trying! I'll tear the void at all costs in a moment. You have only three seconds to bring that man back from the alliance

"Touch!"

Magma rolling, a whole body red, with a faint flame of a burly man came to the shore!

It's Yankun!

"Yes, forever!"

The next second, the eternal holy King pinches the formula with his fingers, and the blood essence in his body is forced out, and then an ancient jade plate appears.

There are two words on the jade plate! eternal!

This is the sacred thing of the eternal people! It's also the card of the eternal king!

Blood essence falls on the jade plate, the jade plate turns instantly!

At the same time, the void around is unstable!

Space seems to tear!

The eternal king is pale!

It is extremely difficult for him to cross such a distance and break the shackles of space!

But he can't let that man die for himself!

Even at the cost!

The door of the void is gathering!

The eternal holy King vomited out a mouthful of blood and fiercely said to Yan Kun: "Yan Kun! Come on!  
Go

The next second, Yan Kun no longer hesitates, directly step into the door of emptiness!

At the same time, the first Kingdom, the shrine of the alliance.

Step by step, Tian Feiming walked to the middle-aged man who was seriously injured.

"Since you don't choose to answer my question, I'll have to send you on the road."

"Anyway, the little beast will eventually fall into our hands."

"If it wasn't for the Tiandao palace, maybe the boy would have knelt down in front of us and begged for mercy."

"Don't you understand today! What is fear? "

The next second, Tian Feiming hits out!

This fist, actually let the whole hall temperature rise!

What's more strange is that this fist not only has the power of Wanfa sect! Even with a trace of extremely strange magic power!

See endless power is about to devour the middle-aged man!

The eyes of middle-aged men are also full of regret!

He knew he was going to die!

However, at the critical moment, the whole hall seems to be distorted!

In front of the middle-aged man, there is a door of emptiness!

Tian Feiming is slightly stunned!

This God alliance hall has the blessing of this anti heaven array. Who can tear the void into it?The next second, a red figure rushed out!

It's Yankun!

Yan Kun's cold eyes swept a glance at Tian Feiming, without hesitation, a blow out!

This fist, even contains a trace of the supremacy of heaven and earth!

"Touch!"

This is how the two great forces touch!

The wave of extermination broke out at this moment!

In an instant, the furniture of the whole room turned into powder!

Tian Feiming was shocked back ten steps!

But Yan Kun, the grain silk has not moved!

Because compare strength, Yan Kun is confident and invincible in the world!

One side of the Ge Shan are stunned!

He just wanted to hand, Yankun a hand directly lifted the middle-aged man on the ground!

And then in the eyes of the public toward the door of the void!

Ge Shan and Tian Feiming looked at each other, and offered their swords one after another!

However, the next moment, Yan Kun stopped!

"I am Pangu emperor. You dare to move once and die in the world!"

Threat!

A naked threat!

And the powerful Ge Shan and Tian Feiming, really dare not move!

Because of Yan Kun's breath and blood suppression, too mysterious!

When Yan Kun completely stepped into the door of the void, his mouth showed a smile: "no wonder big brother likes to pretend to be forced so much. It seems that the feeling of pretending to be forced is not bad."

"The name of Pangu emperor is really good. I'll use it in the future."

The door of void closes.

Yan Kun disappeared completely.

Only Ge Shan and Tian Feiming are left in the hall.

They couldn't see through the big man.

It's completely invisible.

If this person is related to that ye Chen, it will be troublesome.

Fortunately, this man seems to have saved the middle-aged man.

Maybe it has nothing to do with Ye Chen

Ge Shan dignified to the field Fei Ming way: "this person, how do you see."

Tian Feiming shook his head: "I can't see his accomplishments."

"What's more, this person only beat us back, not kill us. Maybe it's OK."

"Pangu Emperor I have never heard of such a domineering name. Is it from abroad? "

Ge Shan fell into silence: "I do not know, it seems that for ye Chen, we should take measures as soon as possible."

.....

Three days, for practitioners, is just a flash, and in these three days, more and more other forces have arrived at the place of Juye.

Due to the particularity of the place where the leaves are raised, it is very difficult for the practitioners of chaotic environment to survive in it without the blood of Ye family.

Therefore, in recent days, although many forces have come to the outside of the land of Liye, few people dare to enter it. Many powerful people just stand on their own flying magic weapons to peep at the deep situation in the land of Horiba with their divine thoughts.

Until the critical time, these people will not casually.
