Chapter 2931

Deep in the ancient land, the exquisite pagoda is slowly blooming in the dark. On the top floor of the pagoda, all the 30 disciples participating in the final stage of ancestor worship are ready. Before leaving, the three ancestors of the Ye family are telling Ye Chen and ye Lingtian what they need to pay attention to.

"After leaving the pagoda, you need to use your own skills to go through the dark fog below and go to our ancestral land."

"In the ancestral land, there is a blood pool, which will be the key to your ancestor worship. When you get there, you will condense your purest blood essence, which contains your understanding of Tao and Dharma, and drop it into the spirit pool. "

"According to the ceremony of ancestor worship, we sincerely kowtow to the town's secret treasure, the reincarnation star stone, on which are inscribed the names of countless elite disciples of the Ye family who have sacrificed in their ancestral land for tens of thousands of years."

"I hope you can get the approval of the blood and spirit array left by your ancestors, lift the seal of the heaven stone, and bring it back. The victims inscribed on the stone will help the Ye family to build countless strong men in the shortest time!"

.....

"Whether glory can shine on the world, at one stroke, for ye Jiahe!"

"Roar!"

With Ye Ziming's last words, all the children of Ye's family roared in the whole Linglong tower. Under the roar, the sound was like thunder!

Lu's disciples, who are still standing at the top of the tower, are still standing in the shade.

No one knows whether it will succeed this time. Maybe many of them will appear in front of people for the last time.

"Go

As the chief, ye Lingtian shouts and rushes out of the Linglong pagoda first, followed by Ye Chen. The two people almost simultaneously escape into the darkness below.

The rest of the disciples rushed down with them, but it was Ye Sheng, ye Tan Zhu and ye nishang who left at last.

Before leaving, looking at the companion who is disappearing in the dark, Ye Sheng's eyes appear a ray of fierce color.

"The chief is robbed, but it doesn't mean that the final winner of the ancestral sacrifice is you, ye Lingtian, ye Chen, you wait!"

Not far away, ye Tan Zhu's face is also overcast.

As a famous generation of Ye family Tianjiao, he was unexpectedly defeated by Ye Chen in the previous competition. The outsider who said that he only had the eight levels of cultivation, but actually had the peak strength of chaos!

This is a great shame for ye Tanzhu. He doesn't think he really lost to Ye Chen, but it's just too careless!

"This time, I will let you know who is really the strongest young generation of Ye family!"

Among the three, only ye nishang was the most calm. She just gently closed her eyes, as if to become a statue, for a long time without any movement. Open that pair of enchanting eyes again, but the eyes are only firm.

Then

Jump, into a red shadow, into the dark.

.....

Out of the land of the rising leaves, several strong people set off together.

They have sensed that the Ye family has begun to act, and the last step of ancestor worship is coming. This process will not last long. The time has come for these great forces from all over the kingdom of God to wait.

No matter whether the ancestral worship of Ye family is successful or not, they will gnaw a bite of meat from ye family here.

It's nothing to do with good or evil or right or wrong. It's just the law of the jungle.

At the same time, in the dark fog, ye Chen and ye Lingtian, together with the rest of Ye's disciples, quickly walked through the thick black fog.

The only thing that can guide them is the blood of Ye family.

They can perceive the direction of their ancestral home through the blood force in their bodies, which is the advantage of the descendants of the Ye family in this area.

In other words, this black fog area is an invisible barrier to the ancestral land of Ye family. Even the strong at the peak of chaos can hardly pass through this area without sufficient concentration of Ye family blood.

Once you lose your way and can't pass quickly, the black fog will not only corrode the body, but also accelerate the passage of strength. At that time, even if you find the direction, it will be difficult to go out again.

This is why before the ancestor worship, the Ye family had to choose the best disciple with strong ancestral blood to be the chief leader and lead the other disciples to carry out the ancestor worship.

However, in the process of traveling, ye Chen finds that although he is not a pure collateral Ye family, he also has a very special perception.

He was shocked to find that he could also perceive the direction of Ye's ancestral home!

And extremely strong!

"What's going on?"

Ye Chen is surprised. He is very sure that this kind of induction has nothing to do with blood, but similar to the original samsara poison tablet when the same strange perception. Is there something related to the reincarnation cemetery in the ancestral land of Ye family?

Is this a reincarnation star stone? Or something else?

After a short period of thinking, ye Chen suppressed his doubts. Anyway, the collateral Ye family was also a huge thing fighting with the reincarnation master. It should be normal to store some things related to the former reincarnation master in the ancestral land.

With the passage of time, no matter Ye Chen, ye Lingtian or other Ye family disciples, they seem to be unable to feel their bodies moving. It seems that they are completely forbidden around.

Until all of a sudden, everything was bright.

"Is it here?"

Ye Chen gazed at the picture in front of him, frowning slightly.

This is a small world about twenty or thirty miles around. There is a thin border around it, which completely separates the black fog from the outside. If there is no accident, people will cross through the boundary.

The whole border is like a half inverted hollow glass ball, which protects the ancestral land of Ye family, and also emits a light luster, which makes this ancestral land bright.

After a simple look, ye Chen and ye Lingtian looked at each other, "you go to find the blood vessel spirit pool, I'll go around to have a look, be careful of accidents."

Just turned around, the front foot has not stepped out, a strange voice sounded, "Beware of accidents? This is the ancestral land of my Ye family. What's the accident? I don't think you have any other ideas? "

The strange words immediately made all the Ye family's disciples look sideways and look at Ye Sheng one after another.

Many people think that Ye Sheng's doubt is quite reasonable.

This place is the ancestral land of Ye family at least, and it has been maintained for thousands of years. It has never been broken by foreigners. How could there be any accident.

For a moment, several disciples from the same branch of Ye Sheng also agreed, doubting Ye Chen's statement and motivation of "go around and look around, be careful of accidents."

Chapter 2932

"In the end, it's from the low level."

Don't wait for ye Chen to say the reason, another sneer spreads out in the crowd.

Ye Tan Zhu, who was defeated by Ye Chen before, also stood up with a slightly sarcastic look: "if there is an accident in the ancestral land of the Ye family, it must be related to you."

"That's to say, a mole ant with a low level of strength is good, but after all, it doesn't know much, so it's better not to run around."

"Our most important task is ancestor worship. We should find the blood and spirit pool as quickly as possible."

Seeing ye Tan Zhu's speech, several disciples from the same branch as ye Tanzhu immediately stepped forward.

Two of the three forces of the Ye family actually United at this time.

"Enough!"

Ye Lingtian rebuked in a deep voice: "what are you doing?"

"Hehe, ye Lingtian, don't take chicken feather as an arrow. Although you are the chief, we all know that you and ye Chen are together. If you want to stand up and help him, you are not qualified to scold us in this tone! " Ye Sheng said coldly.

He was not convinced that ye Lingtian had become the chief one. Now that he has caught the "opportunity", he will naturally be angry, even if it is only in words.

After saying this, Ye Sheng looked at Ye Chen again and said with a sneer: "Ye Chen, this ancestral sacrifice is of great importance. I advise you to be careful. If it interferes with the ancestor worship or if it fails, ye nishang covers her red lips and smiles a few times. Her eyebrows are full of smile, trying to ease the stiff atmosphere.

"Elder martial brother Ye Chen, why don't you step back and take action with us?" Ye nishang said.

Ye Chen's eyes narrowed slightly, and a strong voice was heard in the dark.

The same is the same as Ye Sheng, they hold the same mind, worried that they have other calculations, but this woman has been holding back, until this moment to say.

If you are against it, you will be self defeating.

After all, he didn't really want to say goodbye.

The reason why he wanted to look around first was that he guessed that people who were not of Ye's blood could also perceive the location of their ancestral land.

Just like the original samsara poison tablet, he can perceive the appearance of the poison tablet through the traction of the reincarnation graveyard, and Ji Lin, who has the inborn poison body, can also perceive it.

There are always several people in the world who can find the same thing in different ways.

In addition to the fact that ye's family is in such a mess, even if the ancestral land has not been broken for tens of thousands of years, it can not be prevented.

Helpless, ye Chen can only nod and agree with ye nishang's meaning.

However, to be on the safe side, he suggested: "it's OK to act together, but we should spread out a little bit. On the one hand, we should expand our search area to find the location of the blood vessel spirit pool as soon as possible. On the other hand, in case of any accident, we won't be caught all at once."

"To add insult to injury!"

The heart is unwilling Ye Tan bamboo low voice cold hum a, this is naturally can not escape other people's ears, just see ye Chen did not respond to this, the public also as did not hear.

A group of people scattered around the front and back, drawing a distance of nearly half a mile, searching for the location of the spirit pool in this small world in a fan shape.

Because there are many high and low stone forests in this small world, there are also some rocky mountains. In addition, it is impossible to fly in the sky due to the suppression of strange laws. Therefore, if you want to find the blood spirit pool, you can only search slowly in this way.

Fortunately, everyone's luck seemed to be good. About half a quarter of an hour later, someone found the location of the spirit pool.

is as like as two peas before the departure. The hexagonal pool, which is one foot square, is half a foot deep, and is made of marble. The whole is integrated without any cracks. It seems that it was made by the most top sculptors, and it is quite ingenious.

The small pool is placed on a stone platform. The outside of the pool wall is carved with chaotic scenes. Auspicious clouds float and traces of Tao manifest themselves in the void.

With the passage of time, the walls around the spirit pool are covered with a thick layer of ash, but the water in the pool is clear and bright, with rich aura and life essence.

There is no doubt that such a pool of precious liquid, if taken outside, is absolutely priceless.

Chapter 2933

"That's right. It's here."

When they saw the spirit pool, all the Ye family disciples were very excited. They all sat down around and began to use the skills to refine blood. No one even thought about taking some of the precious liquid from the spirit pool first.

After all, this is a good thing which is of great benefit to the cultivator.

Seeing that these people are so conscious, Rao Shi Ye Chen can't help but look up at them. Unexpectedly, these ye family disciples don't seem to be successful in their previous conduct. At the moment, they don't have any different ideas.

While the people are still refining this drop of extremely special blood essence, ye Chen looks at the opposite side of the blood vessel spirit pool, which is only a few feet away from the low mountain.

If my perception is not wrong, the wave that led me to Ye's ancestral land is from there.

What the hell is it?

Is it the reincarnation star stone of Ye family?

There is nothing special about that low mountain. Even if you look at the whole small world, you can find many similar hills. Ye Chen stares at there carefully for a long time, until ye Lingtian and they continue to get up and drop the condensed blood essence into the spirit pool.

"Hum..."

With the drop after drop of blood essence into the pool, the liquid in the pool is rapidly turning red, and dense veins begin to appear on the wall of the pool, and the red silk thread continues to spread to the outside world.

When the red silk thread, like a spider's web, keeps spreading and touching the low mountain, the whole small world vibrates gently.

On the low mountain, the dust shakes off and the sand flies, revealing a crystal with strange light.

"That's..." Ye Nishang's beautiful eyes are wide open, and a happy color appears on her face,
"reincarnation star stone!"

"Quick, visit the ancestral stone immediately, open the ancestral sacrifice, and untie the final seal!"

At this moment, whether ye Lingtian or Ye Sheng, ye Tanzhu and others, their eyes showed a touch of fanaticism and excitement.

Everyone knows that they may make history and become the heroes of the Ye family from generation to generation!

A group of people quickly across the pool, toward the direction of the low mountain run a few steps, began the final ceremony.

Ye Chen also followed the past, eyes in more dignified.

The breath of this reincarnation star stone is stronger than any reincarnation star stone he has ever seen!

Even the reincarnation star stone possessed by Mo Xueming is incomparable!

Even inside exudes the extremely strong reincarnation power!

This is not to make ye Chen dignified!

What makes Ye Chen dignified is that he finds that it is not this reincarnation star stone that can change the samsara cemetery!

There are others!

Here, there must be more important than this reincarnation star stone!

Ye Chen no longer hesitates, just ready to go to the land behind!

But soon, he stopped!

"Eh?"

All of a sudden, ye Chen sensed another breath from the direction of the extraterrestrial stone. It was very weak. If he didn't feel familiar with it, he might even ignore it.

"It seems that The breath of Mo Xueming

The breath is so similar!

That rich blood gas!

It was the same feeling when he stepped into the temple of the underworld!

Ye Chen's heart leaps, and a bad feeling surges into his heart. Is it true that his previous worries have come true? There are other strong people who do not belong to Ye family's blood to enter here?

He subconsciously walked around, trying to get to the other side of the low mountain, because he sensed that the breath was coming from behind the low mountain.

Soon, he saw the situation on the other side of the low mountain. Two men in black robes were at the foot of the low mountain, paying homage to the reincarnation star stone inside the mountain.

No, it's not going to worship, but kneeling!!

Look at the two people's looks very serious, not half blasphemous, worship attitude is also very devout, immediately let Ye Chen feel confused.

How could this happen?

These two people clearly have the breath of Mo Xueming in the Ming Temple. How could they worship ye family's "ancestral stone" so devoutly?

"What are you doing there, elder martial brother Ye Chen?"

Ye nishang's voice came from behind, which not only attracted the attention of the rest of the Ye family's disciples, but also the two black robed men who had just finished their "visit" also looked over coldly.

"Oh? These little guys finally found us. "

Mo Lang grinned and said, that one mouth of snow-white teeth, unexpectedly let a person have a cold feeling.

"Who's talking over there?" Ye nishang and others looked at each other, full of surprise.

"Other people have come into the ancestral land too!" Ye Chen's eyes coagulated and said, "you must finish the ancestral worship and start the final inheritance assessment!"

"What!"

Hearing Ye Chen's words, everyone's face changed greatly. Ye Lingtian was even more sonorous. He took out the abyssal conviction gun and raised his feet to come towards Ye Chen. Other people were no exception. Seeing ye Lingtian's actions, ye Chen quickly raised his hand and made a stop action. He said in a cold voice, "don't all come here. The people with the highest accomplishments should go to pass the inheritance examination, and the rest of the people will take charge of fighting for time with me."

"But, master of the temple..."

Brush!

Before ye Lingtian finished speaking, the whole low mountain suddenly had a strong attraction. Ye Lingtian, Ye Sheng, ye Tanzhu and other Ye family disciples were all absorbed in and disappeared into the sight.

Seeing this, ye Chen's face was shocked and immediately understood that this was the beginning of the Ye family's final inheritance assessment.

All the disciples with the blood of the Ye family were sucked into the magic array space left by the Ye family's ancestors to participate in the legendary extremely harsh inheritance ceremony, and there was no time for people to respond.

All of a sudden, ye Chen became a lonely man. He could not help but smile bitterly on his face

The people of the temple of the underworld appeared in the ancestral land of Ye family. Even though he had suspected that other people might enter here before, ye Chen still had some headache after seeing him.

In particular, the reincarnation star stone of Ye family suddenly opened the inheritance ceremony and sucked ye Lingtian and others into the seal array. When he could not support him, he was even more helpless.

At this time, the two strong men from the temple of the underworld no longer suppress their own cultivation fluctuations. The powerful pressure strikes, and immediately makes Ye Chen feel dignified.

"You are ye Chen?"

Mo Lang, who comes from the temple of the underworld, stares at Ye Chen. There is a chance to kill him. He even says, "did you kill Qu tan'er?"

"What are you talking about? Is Qu Tan Er dead? "

Ye Chen is surprised, he did not expect that the first thing these two people asked themselves was actually about Qu tan'er.

Ye Chen still has some impressions of the woman who once had a brief meeting and was expelled by herself, but

She died.

"It seems that he doesn't know about Qu tan'er's death yet." Mo Lang side of Mo Han Dong said.

"I don't believe it has nothing to do with him. Maybe that mysterious woman is from this school!" Mo Lang looks gloomy.

That was his ban, but he died inexplicably. Even on his way, Mo Han Dong had said such words as "red pink skeleton" many times on his way, but he still could not get rid of the hatred in his heart.

Ye Chen's eyes are slightly coagulated.

The mysterious woman killed Qu tan'er? Who is this woman? Is it the woman who helped herself countless times?

Or the disappearing summer snow? Ji Siqing?

Ye Chen faintly feels something wrong.

What's more, Mo Xueming has already possessed the reincarnation star stone. Why even the Ye family doesn't let it go?

What is he brewing?

Chapter 2934

Ye Chen is vaguely aware that Mo Xueming may not be as simple as imagined.

At that time, the other party even had the ability to kill himself, but easily let go of himself. The complexity contained in this was unimaginable.

It's not easy for someone who has been in the kingdom of God for so many years.

Mo Lang saw Ye Chen speechless, his eyes coagulated, and his cold and cold voice sounded:

"boy surnamed ye, tell me the things between you and Qu tan'er one by one!"

Ye Chen doesn't think about it any more. Qu tan'er has problems. The mysterious woman killed Qu tan'er for her own good.

He stepped out one step and said faintly, "are you here for Qu tan'er?"

"I just want to say that I don't know anything about Qu tan'er!"

"How can you not know? When I sent her out of the temple of hell, I was aiming at you

"Oh?"

Ye Chen smell speech, immediately showed a trace of sneer, "toward me, that want to say so, she died, it is normal. Mo Xueming sent her to approach me and tried to use a beauty trick on me, which was a wrong calculation.

Unfortunately, I didn't know her origin, otherwise I would have killed her myself

"You want to die!"

Mo Lang became angry and became a shadow. Even if there are special rules here, they can't fly in the air, but their speed on the ground is not limited. They are as fast as ever!

In the blink of an eye, he appeared in front of Ye Chen less than ten Zhang away. He turned his hand and clapped it out. In the void, a huge handprint appeared and hit Ye Chen.

The dark fingerprints are surrounded by the black fog, and appear instantly from the empty sky. Even when the terrible pressure appears, there is a huge footprint on the ground.

Ye Chen's face changed. The strength of the other side was even stronger than he imagined. He didn't dare to trust him.

He waved his right hand, the palm of his hand was shining, and a sword with bloody runes appeared in his hand.

Evil sword!

It's a pity that the sword soul woman entered the evil sword and was in a deep sleep.

Otherwise, his strength can rise a little.

At the same time, his spirit power surging in his body, fully aroused the evil sword in his hand, and his whole body was full of evil spirit, which made him soar to the sky with seven times of blood shining, and the power of breaking the heaven was turbulent! The sword's meaning is clanging.

"Keng!"

Just hearing a sharp trill, ye Chen stood where all the gravel and dust floated up, and the blood light gathered on the Sha sword. The next breath, a sword stabbed out, facing the dark palm print.

The ultimate meaning of Zhenwu seems to break through this small world!

When the Sha sword stabbed out, eighteen sword Qi suddenly emerged from ye Chen's body, and flew to Mo Lang's palm print with the Sha sword.

"Broken!"

A dragon chant moves nine secluded, and the hidden dragon winds around and cuts the sky!

Sword in the sky!

Boom!!

When the black fingerprints collide with the sword, a great collapse occurs. The energy explodes in an instant and spreads in all directions, forming a powerful shock wave. All the surrounding mountains and stone forests turn into dust.

Where the reincarnation star stone is located, the mountain range has been cut off.

Shocking!

All the rocks and soil on the surface were scattered, revealing a complete body of reincarnation star stone.

"Sure enough, there are some ways that the ants who just cut the enemy's realm can block this attack!"

Mo Lang's eyes flashed a ray of surprise, eyes burning to fall on Ye Chen.

Ye Chen can block this blow, greatly beyond his and Mo Han Dong's expectation.

"Cough..."

Smoke dispersed, ye Chen gently coughed twice, he looked at the two traces drawn in front of his body, some dignified in his heart.

God realm!!

The temple of the underworld even sent such a strong master, but also looked up to himself.

Although Mo Lang resisted this blow, it was not very good. Just looking at the foot mark that forced him to slide backward, he could see one or two.

"It's no wonder that the adoptive father gave us a name and asked us to pay attention to you. It's really special."

Mo Han Dong also came near. The man, with his hands on his back, looked down at Ye Chen with a condescending attitude. His expression was more arrogant: "I believe that people like you will not lie. Since Qu tan'er's death has nothing to do with you, I advise you to leave here.

We come here only for the sake of this reincarnation star stone, and we don't want to kill innocent people. "

Reincarnation star stone?

Ye Chen looked at the star stone of Ye family's reincarnation which had been fully revealed. He felt it carefully and suddenly realized it.

It's no wonder that the people in the netherworld hall are here, because there is a samsara star stone in the temple of the underworld. Based on their understanding of the samsara star stone, they want to capture the special wave of the samsara star stone and then enter it through the black fog, which is not a problem.

It's just

How does Mo Xueming know that the most precious treasure of Ye family is reincarnation star stone? There is no such rumor in the outside world. "If I don't go, I'd like to leave, but my friend is still here to accept the inheritance ceremony. If I leave, will I not sell my friends for glory?"

For Mo Han Dong revealed the meaning, ye Chen spread out his hands, said there was no way.

"Heaven has a way, you don't go, hell has no door, you want to come!" Mo Lang said coldly.

Mo Han Dong's expression is also a bit chilly: "Ye Chen, today we come for the star stone, hands should not be stained with blood, give you another chance, hurry up!"

Should not be stained with blood? Don't want to kill innocent people?

Ye Chen smiles coldly.

He had already guessed why the two men didn't kill him. Last time when they ventured to the underworld hall, they were blocked by Mo Xueming when they left. At that time, Mo Xueming let him go strangely!

Although I don't know the reason, ye Chen is sure that these two people must have obtained the special explanation of Mo Xueming and can't kill themselves.

Otherwise, with the temper of these people in the temple of the underworld, they would have been killed for a long time!

It's OK. Anyway, I'm at a disadvantage now. I have to fight for time to let ye Lingtian pass the inheritance ceremony. These two people dare not really kill themselves. They can also make him deal with it calmly.

The ancient doctor saved Mo Xueming, but since then, because of this man's self styled medical skills, he no longer hung a pot to help the world.

Last time, Mo Xueming's real body came, raised his hand and sealed Ye Chen, so that he had no resistance at all, and he could not even commit suicide. This shows how powerful this man is.

However, it was such an executioner who slaughtered countless creatures in the kingdom of God, who could be called a butcher, but after knowing Ye Chen had broken into the realm of the underworld, he still did not attack him. Instead, he reminded him not to go to the hell hall.

Lucky to escape a robbery, before not having enough strength, ye Chen naturally won't play the idea of the Ming Temple.

But the problem is that he deliberately released his Mo Xueming and sent Qu tan'er to hide his identity to approach Ye Chen. If it wasn't for Mo Lang and Mo Han Dong, the two masters of the underworld hall, ye Chen would not even know that Qu tan'er was a member of the underworld hall and had already died.

Then there are many problems.

Why did you send Qu tan'er to get close to him? If the person wants to get what he has, there's no need to make a fuss.

Chapter 2935

Obviously, Qu tan'er's task was to get close to Ye Chen and gain enough trust. In a sense, he didn't kill Ye Chen.

What does Mo Xueming want from his body?

Besides, how did Qu tan'er die? Who gave her the hand?

Ye Chen feels invisible as if there is a big net hanging over him, but he can't even feel the idea behind the scenes. His eyes are black.

He took a deep breath. In any case, it is not the time to consider these issues. The priority is to consider how to hold the two people in front of him.

"I'm very curious. What method does Mo Xueming send you to capture the reincarnation star stone of Ye's family? Ye's clansmen try every ten thousand years in this place of rising leaves, but they can't untie the seal left by their ancestors. How can you take it away? "

Ye Chen glanced at the shining "samsara star stone" and asked the two of them, "can Mo Xueming figure out that this time the ancestral worship of the Ye family will succeed?"

"You don't have to worry about it." Mo Han Dong's voice was slightly cold, "I'll give you a chance to leave here, or Die

The strong of the heaven and God realm, the sound is with the Dharma, the death word is obvious, the whole small world is rumbling.

Mori Han's killing machine diffuses, with Mo Han Dong as the center, and countless stones nearby are quietly shaken into powder by this killing machine.

"You don't dare to kill me."

Ye Chen smile, heart read a move, the next second, is to display the extremely martial god flash!

The blood light of Sha Jian is rich to the extreme! With a sword cut out, the sword flash suddenly, and the meaning of true martial arts and the spirit of destruction gather on it!

This sword has reached the acme of Ye Chen!

For the strong God realm, he must give all his strength!

However, a huge bang, ye Chen's body, instant fly out, mercilessly will be behind a boulder to smash.

But far away Mo Han Dong and Mo Lang, but there is no damage!

Is this the difference between the heaven and the God?

Ye Chen originally thought that stepping into the eighth level of chopping adversity could at least counter the early days of the heaven God realm!

Now it seems that the gap between heaven and chaos is like a natural moat!

Sure enough! The more behind, the more difficult it is to fight!

He must find a way to break through the chaos as soon as possible!

"Are you sure you won't go now?" Mo Lang's indifferent voice rings in Ye Chen's ear.

Ye Chen Mou son a congeals, kill the meaning to surge: "the body of the day demon, open!"

"Red dust God pulse, open!"

At this time, Lingtian arrow God of samsara cemetery suddenly said: "boy, don't use a sword. If you use a gun, I can help you!"

Ye Chen one Zheng, next second, Sha sword takes back!

A long spear full of dark awns is exposed!

Zhutian magic gun!

Ye Chengang wants to ask Lingtian arrow God how to help himself! It is found that a faint light around the zhutianshen magic gun!

At this moment, Zhutian God's magic gun is similar to Lingtian arrow's!

"I gather on your spear with a little power of mind. At least you have the capital to fight against them!"

The next moment!

Waves of trace waves spread out, let Mo Han Dong and Mo Lang two people can't help but look at each other, some surprised.

The little mole ants, who cut the enemy's realm, offered a weapon to make them lose their mind for a moment.

There are not many such weapons, even in the hands of the great forces in the kingdom of God.

"I have to say that you really surprised us. But you probably think too much. The adoptive father did not let me kill you, but he did not say that he could not do anything to you

As soon as the voice fell, Mo Han Dong raised his hand from a distance of more than ten Zhangs to form the Dharma world. A big hand directly grasped Ye Chen.

The strike of the strong one in the celestial realm, once it falls, is enough to turn most of the small world into fly ash. Even if Mo Han Dong intentionally controlled the power, this simple one can still make the land around Ye Chen within the range of dozens of Zhang turn into scorched earth.

Such an attack is obviously extremely contemptuous of Ye Chen, and the other party does not think ye Chen is qualified to resist.

It's like an adult in the face of a three-year-old child, directly raised his hand to catch, do not think you can escape.

"Chi!"

Ye Chen brandishes the spear, seven blood light suddenly erupts!

The other party uses the palm of his hand to turn the cage into a cage, while he wants to break the "heaven" with absolute sharpness!

The spear of Zhutian God and demon vibrates gently, and when the tassels reach, the void is constantly splitting. The cracks show nine colors. The traces are washed out like water waves. With one strike, the strength of this gun is not weaker than that of the strong one in the heaven God realm!

Boom!

The front of the gun collided with the palm of the hand, and the whole small world shook up!

A deafening loud noise came out, the void in the center collapsed, and the terrible God light burned and melted the nearby space! When the force exploded, the surrounding stone forest, sand and debris suffered the most violent impact in an instant, and disappeared as if it had never existed.

Even the nearby mountains are rapidly melting and vaporizing. Except for the reincarnation star stone, everything no longer exists.

"Poof!"

Ye Chen staggers backward, open mouth spit out a mouthful of purplish blood, face a few minutes more tide color.

He held his body on the ground with a magic gun. Although this blow was resolved by him, and he himself was not seriously injured, he consumed a lot of spiritual power in his body.

After all, the gap is too big, and it has crossed a big realm.

He has to do his best to resist any attack, but it can't solve the problem.

Of course, ye Chen's shot is not without results.

Opposite Mo Han Dong, at the moment is frowning at his palm.

A cross wound in the palm is bleeding. There are traces of the law made by Ye Chen. The killing machine erodes the flesh and blood and blocks the recovery of the wound.

A small gap, for Mo Han Dong, such a strong God state, naturally is nothing.

He just grasped it gently and operated the skill a little, then he solved the killing mechanism and residual law of the wound. The wound healed at the speed visible to the naked eye, and recovered to normal in an instant.

But in Mo Han Dong's view, such a wound, has been a shame on him.

Tianshenjing, suppress a mole ant who cuts the eight layers of heaven, is actually injured. Even if it is just a small wound, it is not acceptable.

Mo Han Dong's eyes narrowed slightly, and Sen Han's killing opportunity was locked on Ye Chen's body. He said coldly: "you are very excellent. With all your strength, you can break out the power beyond the peak of chaos.

Since ancient times, few people have been able to do this.

But

Not enough is not enough.

The gap between you and me is just like heaven and earth. To me, you are the pathetic one who grows a pair of sharper pliers among the ants.

Your pincers hurt me, and I will give it back to you ten times and a hundred times.

After all, dung and soil are dung soil. Do ants dare to regret heaven?

Courage is but the sad self comfort of the weak. Now, prepare for my anger

Chapter 2936

"I'm going to kill you as easy as crushing a local chicken and a dog!"

Mo Han Dong's voice was cold, and the ground was flattened around by a layer of ice.

He did it again, without any fancy action. He just pointed out to Ye Chen. In an instant, a fine golden awn flew out of the fingertip. After it disappeared, it suddenly appeared in front of Ye Chen.

Ye Chen killed the idea surging, just want to move, ear rang again Lingtian arrow God's voice!

"It's very unlikely that you want to hit the other side with your present strength!"

"Teach me how to cross the sea! Kill everything

Ye Chen Mou son Congdong: "thank you, master!"

Next second!

Mo Han Dong's brilliant fingers burst into a flash of endless killing intention. The vacuum suddenly smashed. Even if ye Chen had reacted extremely fast and moved a hundred feet away in the shortest time, he was still affected.

The blood on his body dyed the land under his feet.

If he had not had an extremely strong physical body and amazing resilience, I am afraid that this would have cost him half his life.

The spirit power transpiration, the injured body quickly regenerates and recovers.

Ye Chen's expression is also quite dignified. The two powerful men in front of him are obviously different from those he met before in the temple of the underworld. He is definitely one of the most powerful people in the hall of the underworld except Mo Xueming.

The seemingly simple finger has the power to kill.

"The body method is good, but how many times do you think you can avoid being locked by this air machine in this small world?" The east of Mohan is cold and sneers.

Even if he can't fly in the land of Ye Jiazhu, it is not a real restriction for a strong man like him.

Step out, then suddenly appeared in the leaf Chen's body side, raised the hand then held Ye Chen's neck.

Boom!

However, unexpectedly, ye Chen's body suddenly erupted, and a terrible light rose in the sky. Countless laws and orders burst out in the void, forming the most lethal attack!

Rao is mo Han Dong, who is strong in cultivation, still suffers from a lot of injuries. The whole person snorts, and his black robe completely turns into pieces, revealing the black clothes inside, and dozens of bloody scars appear on his body.

Obviously, what is held by Mo Han Dong is the illusion of Ye Chen, not the real body.

Ye Chen as bait, bold calculation of Mo Han Dong!

The strong man of the heaven God realm suddenly turned back and looked at a certain direction. There, ye Chen was standing pale on his face!

Such as a proud man standing upright between heaven and earth, and even a faint smile hanging from the corner of his mouth looked at him.

"It's a pity that I've taken such a risk, and I haven't been able to hurt you."

Half of this is sarcasm, and the other is real regret.

After all, he is the strong one in the heaven and God realm. Even though he used some secret methods, he almost died at the same time, but he only suffered some injuries and failed to kill him.

Ye Chen's heart is quiet a sigh, this is just a few moves, but the strength in his body is almost exhausted.

It's not human's business to fight with heaven and God.

"Mo Han Dong, are you playing cat and mouse, or are you really a waste? I've been hurt by such a mole ant twice and again. I'm afraid that people in the whole hell hall will have a new look at you. "

Mo Lang's voice sounded not far away. He was also surprised at Ye Chen's fighting power, but he didn't think it could turn up any waves.

So he is in a good mood now. Although the relationship between them is good, it does not prevent him from making fun of his companion at this time.

"Open a mole ant and shut up a mole ant. Are all the people in the temple of the underworld all have the cultivation of chaos since they were born?" Ye Chen sneered.

Mo Lang glanced at him with a look of contempt: "Ye Chen, what do you think you are? Do the weak want respect? "

"Ha ha ha..."

Ye Chen's cold killing intention surges and soars to the sky!

"Indeed, I am not a strong man, but it is not so easy for you to kill me. I also want to see how much time it will take you, the big tree, to kill me?

Don't let me shake the treetops in the end, and you will lose face. "

"What if you shake the tree? What's the difference between you and a lamb to be slaughtered Mo Lang Mou son tiny MI, light way.

With that, his eyebrows twinkled, and a small stove flew out, and then enlarged continuously. In an instant, it became a giant.

The gray stove is called tianjueming furnace, which is the ancient one beyond Jue ware.

It can be seen how deep the secret of the temple of the underworld is!

However, in Mo Lang's hands, the power of this ancient artifact is not the same as that of the gun for killing the gods and demons.

From the moment it appeared, this ancient artifact flew to the top of Ye Chen's head. Then, endless pressure and laws instantly confined the space under the God's stove, making Ye Chen's whole body limited and hard to move. This is to suppress him in the most direct way!

"Now, can you still struggle?"

Mo Lang a sneer, raised his hand gently downward pressure, the pressure will be increased several times, ye Chen knee came to the staggered sound, the grain silk did not move!

If it had not been for the magic gun, he would have failed.

Poof!

Stand is to stop, but the body's internal organs have been the most direct impact, the corner of the mouth of Ye Chen is constantly overflowing with blood.

When Mo Lang and Mo Han Dong saw this, they all laughed and joked, especially Mo Han Dong, who seemed to be taking revenge by turning their hands and clapping in the air! However, something strange happened!

A golden light covers Ye Chen!

The power of that hand has completely dissipated!

But in their eyes, it's just a secret, it's nothing!

They're in charge of the end, aren't they?

"Ha ha, mole ants are mole ants after all, and dare to challenge me!"

"What about the extraordinary talent in a tough situation? Before growing up, it's still rubbish. "

"Don't worry, I won't kill you soon. Aren't you a genius? Want to shake the big tree? Well, shake my fire first

After Mo Lang finished, the pressure released by the God's stove was more powerful. With a click, ye Chen felt that his bones had been cracked.

His teeth were clenched, and his forehead was full of blue veins.

However, ye Chen still raised his head firmly and looked at Mo Lang and Mo Han Dong. He spat blood foam and said, "it's not easy to shake the broken stove. I can do it!"

"Lingxiao martial arts! Butcher God breaks the sky! Destroy Shinto, open

Chapter 2937

Ye Chen roared, and his Qi and blood were burning like a fire. His spirit was full of vitality and transpiration. A strong sense of destruction filled the whole small world! The strength is constantly climbing. Seeing that he is almost unable to support, he slowly stands up again, and his hands slowly hold up the killing God magic gun in his hands.

"This is Destroy the Shinto? "

"How is it possible to master the God of destruction when you are in trouble?"

"No, it's not just the destruction of the Shinto, it's weird."

However, as soon as the voice fell, Mo Lang and Mo Han Dong's faces Suddenly froze, and their eyes instantly fixed on the bead floating out of Ye Chen's eyebrows.

Blood soul seal God bead!!

Ancient things containing endless life represent the treasure of the law of life!

Although Mo Lang and Mo Han Dong didn't recognize it, they could perceive its extraordinary features from the wave and trace rule released from the ancient pearl.

Ye Chen's blood gas, which had been dried up because of his blood burning formula, was immediately replenished after this treasure was urged. In an instant, a continuous stream of blood gas poured into Ye Chen's body under the birth of the law of life, and then evolved into a powerful force by the taboo method of burning blood formula.

Even! Destruction Shinto and endless life begin to blend! Fusion!

Layer by layer superposition, continuous.

Finally, with Ye Chen's roar, Zhutian magic gun breathed out the most brilliant edge. The sonorous sound shook the whole world, even through the surrounding border, making the outside black fog roll up.

Dang!

The sound of metal trembling came, and the tianjueming stove trembled, and the whole furnace flew high.

It's not just shaking, but flying completely!

"Poof!"

God furnace and Mo Lang's mind and spirit come to understand. Ye Chen's attack not only made the furnace fly, but also made Mo Lang's mind suffer a heavy blow. His face was pale, and he opened his mouth and spat out a mouthful of red blood.

Shocking!

Ye Chen's cold eyes stare at the two people not far away, and light way: "the mayfly shakes the big tree, but it is so."

"You've succeeded in making me angry!"

Mo Lang suddenly raised his head and stared at Ye Chen with cold eyes. Before his voice fell, his figure flashed to Ye Chen!

A very cold sword appeared in his hand!

He used all his strength!

As for Mo Xueming's account, he left them behind!

He wants Ye Chen to die!

The next second, a violent power comes, ye Chen does not care about the injury! Blood is surging, the body of the demon is released! Endless Demon power gathering!

The meaning of Zhenwu is surging out. On the spear, the blood light is generous and the sword light is rolling. It is like the stars falling from the sky and heading towards the other side!

Among the spears, there is a breath of destruction!

Even with a startling roar!

In a flash, ye Chen's gun collided with Mo Lang's sword!

The next moment, Mo Lang back ten steps!

And ye Chen is hard hit on the ground!

A huge pit is revealed!

.....

"No, this man has a heart to kill. Now he really wants to kill Ye Chen." In the samsara cemetery, the ancient doctor looked at Ye Chen's injury, as anxious as an ant on a hot pot.

"I can't directly control his body now. His state can't bear the backfire of my martial arts. I bestow my strength on his spear, considering the prohibition of this small world! Damn it

Lingtian arrow God frowned and wanted to help, but he didn't dare to move.

"Ye Chen, quick, seal the spirit bead with blood spirit, quickly recover the blood, at least recover the injury, otherwise master Lingtian can't do it." The ancient doctor cried out in a hurry.

At this time ye Chen, the mind is a little confused.

Mo Lang, who has cultivated in the heaven and God realm, can't resist the attack with all his strength!

Mo Lang can be trained by Mo Xueming! Natural talent is extremely evil!

Combined with cultivation, it means terror!

Now, ye Chen is too injured!

However, the call of the ancient doctor still had some effect.

At the same time, the spirit of the whole body to attack the spirit of the leaf again.

Boom!

And there is a flash of light in the direction of the cyclone.

Smoke and dust filled the four sides, covering all the sight, even the mind was also isolated.

Mo Lang and Mo Han Dong looked at each other: "dead?"

"You have to pray that his life will be harder. His adoptive father has told him that he can't die for the time being." Mo Han Dong frowned slightly.

Just now, Mo Lang was so quick that he didn't have time to stop him. If he disobeyed his adoptive father's explanation, he would feel a little frightened when he thought of the front car signs in the hall of the underworld. With the smoke and dust dispersed, when the two people saw the situation in the field, they all changed their faces.

I saw Ye Chen standing there undamaged. Although his clothes looked shabby, the horror of that body was totally different from that before!

In the end, it is an ancient thing. At the critical time, the blood spirit seal spirit bead completes the recovery of Ye Chen's injury, and also gives Lingtian arrow God the opportunity to attach himself.

Although Mo Lang is strong, it is nothing in front of Lingtian arrow God.

"What's the matter? What do I think, he seems to have changed? " Mo Lang frowned.

"The breath is totally different, and even, it makes me feel a little palpitation." Mo Han Dong also said.

On the other side, ye Chen's eyes opened slowly. In his eyes, it was as deep as two black holes. There was a scene of disillusionment of stars.

"I'm not happy with the fact that two ants are oppressing people with their cultivation! Why don't you try again? See if I can shake you

A little hoarse voice came. When ye Chen spoke, he suddenly burst out a fighting spirit in the sky from top to bottom. His high spirited breath was constantly enhanced, and his momentum was rising rapidly.

"Play tricks!"

Mo Lang cold hum, the old technique again, break through to Ye Chen's front again, hands made a piece of terror road pattern.

However, to his dismay, this time, ye Chen was not broken as he had imagined. On the contrary, he accepted the blow easily, even without injury!

"You..." Mo Lang's face changed slightly, and he was about to say something. Ye Chen said, "although my weapons are bows and guns, you are not worthy of my use!"

The words fall, an extreme sense of war, and the idea of real martial arts beyond the kingdom of God broke out in an instant, completely crushing Mo Lang's strength.

Poof!

Mo Lang's body was bombarded with a fist close at hand. He had no chance to avoid it. The whole body exploded on the spot and turned into a blood mist!

The mind is smashed directly, even hum, it is the spirit and soul are destroyed!

Even ye Chen was shocked!

He never thought that the strength of Lingtian arrow God was so terrible!

Chapter 2938

However, on second thought, Lingtian arrow God killed countless demons in foreign countries in those years. How could his strength not be strong!

"Mo Lang!"

Mo Han Dong's eyes widened and his face was full of fright. Unexpectedly, ye Chen suddenly changed into a person at this juncture, and directly broke the Mo Lang in the heaven God realm!

At present, without saying a word, he turned and flew away towards the border, not daring to think about it.

If the other party can kill Mo Lang so easily, he is not an opponent.

"Want to go? You think you can walk away if you are locked by my gas engine? "

When the voice behind him came, Mo Han Dong could not help feeling a sense of familiarity, which was similar to his previous taunting Ye Chen.

But of course, he still wants to go!

Even if the mission fails!

Even if the obligation heavy punishment!

He has practiced for so many years, but he doesn't want to give up all his achievements!

Fortunately, Mo Han Dong practiced the secret method and came to the border in an instant!

Such a distance, that ye Chen should not be able to catch up with himself!

However, Mo Han Dong did not notice that at the other end, a giant bow appeared in a young man's hand!

The giant bow opens, the eyes of youth are full of indifference!

At this moment, he seems to be completely integrated into the giant bow!

The bow string opens, and a long gun's shadow becomes instantly!

There are extremely Ancient Runes flowing on it!

"Ling Tian's arrow, the string moves, the God falls! Open it

In a flash, the whole secret place sounded this word!

Bow string release!

A streamer seems to break the world!

And at the end of Mo Han Dong's body is stiff! At this moment, he felt locked by death!

A ray of fiery red light flew from behind Mo Han Dong!

Mo Han Dong is worthy of being a strong God. He immediately offered a jade card of the nether temple!

A huge Rune shield appears behind the jade plate!

"Touch!"

A big bang!

On the spot, the shield of Fu was broken!

And then! Puff, light shuttle! An arrow will break his body into two sections, the next breath, the shadow of Ye Chen with a string of shadows, a few flashes between came to him.

Mo Han Dong's face was pale and his pupils were full of panic.

How could this happen!

It is clear that he is just a cultivator who cuts down the eight layers of heaven in a bad situation. How can he suddenly have such a strong strength?

He felt that he was not facing a young man, but an arrow God who ignored everything!

"You Who the hell are you? "

Ye Chen indifferently glanced at Mo Han Dong and shook his head: "boring."

After sighing, Lingtian arrow God no longer wastes time. He points at the center of Mo Han Dong's eyebrows, and the blood hole with the thickness of his thumb bursts out, and penetrates directly from the center of his eyebrow to the earth behind him. Along with Mo Han Dong's mind, his soul is shattered at this moment.

As one of the most outstanding disciples of the underworld hall, Mo Han Dong didn't think he would die when he came out to carry out the mission.

More importantly, he did not think he would die in the hands of Ye Chen.

How can you threaten him if you just cut off the eight layers of heaven?

The adoptive father even specially asked to pay more attention to this person, and he could do it, but he could not kill him.

What's the secret about this man?

Such an idea, even before Mo Lang was killed, Mo Han Dong also thought so.

But at the moment when Ling Tianjian finally killed him with a finger, Mo Han Dong found that he seemed to understand. Perhaps the reason why Mo Xueming specially admonished him was that he was so different before and after?

Does the adoptive father know that this person has some special cards, that we can't play, so that's why?

Unfortunately, such an idea just flashed by, and then dissipated with the shattered spirit and soul. To his death, Mo Han Dong did not know whether he was right or wrong.

Before he died, the last thing that appeared in Mo Han Dong's mind was actually the fat apple, the big tree and the mole ant. The irony of these words is that, in the end, they are just ants who are easily "pressed" to death with one finger.

.....

Lingtian arrow God left Ye Chen's body and returned to the reincarnation cemetery.

"Ye Chen, I need a period of time to recover, these days, try not to look for me."

"Besides, you are very weak now."

Lingjianchen returns to the tombstone.

But just took back the control of their own body, a heavy sense of fatigue attacked the heart, ye Chen a stagger, almost fell on the ground.

He opened his eyes with difficulty and looked at Mo Han Dong, who was dead in front of him. He was angry and said: "death Died under Ling Tian arrow God, you No It's a loss. "

Ye Chen sits on the ground with a buttock, and tries to adjust the breath in his body. After this war, ye Chen's body was empty. All his strength was exhausted, and nothing was left. The good thing was that he had a blood spirit seal bead, which could replenish his blood in time. Otherwise, he would not wake up without two or three days' work.

While conditioning his body, ye Chen can't help but look at the reincarnation star stone side, in his heart said: "I don't know how the inheritance assessment is going."

The people of the underworld hall came here to capture the reincarnation star stone, which shows that there are other ways to take this stone, not just the Ye family.

Hope ye Lingtian they can be faster, continue to drag down, no one can guarantee whether night long dream.

"Brush!"

At this time, there was a flash of light in the void over the reincarnation star stone, and more than a dozen shadows fell out of the sky. It was ye Lingtian and Ye Sheng.

"What's the matter? Failed? "

"I'm still in the process of assessment, is that over?"

Ye Sheng and ye Tanzhu and others look at each other in awe. Ye nishang and other Ye family disciples are all hesitant. However, they soon find that there are not enough people here, and more than a dozen of Ye family disciples have not yet appeared.

Only ye Lingtian holds a long gun in his hand and stares at the reincarnation star stone. Although his face is pale, he still gasps for breath, but there is a faint excitement in his eyes.

He even has some injuries, which shows that he has just experienced a difficult battle.

"Brother Lingtian?" Ye nishang gently called out, but did not get ye Lingtian's response.

"My God, what's going on here?"

At this time, several other Ye family disciples finally found out the surrounding situation and completely changed their appearance before they entered the inheritance examination!!

The stone forest disappeared, the mountains were moved flat, and the surrounding area was desolate. There was a faint smell of blood in the air.

People looked around, immediately found two bodies on the ground, also saw sitting on the ground conditioning the breath of Ye Chen.

"Mr. Ye!" See ye Chen whole body bloodstain appearance, leaf Ni Shang exclaimed.

She subconsciously wanted to come over and have a look, but someone was faster than her. A dark shadow sprang out. In a blink of an eye, she came to Ye Chen, and half knelt down. Her expression was quite nervous, "master, are you ok?"

Chapter 2939

"Nothing for the moment." Ye Chen said softly.

Care is chaotic, ye Lingtian's words, immediately let ye nishang's feet stop, a wisp of color flashed in the beautiful eyes, the hall master?

It's called

All the other disciples of the Ye family were suspicious, especially ye Tanzhu and Ye Sheng.

"Hall master, ha ha, it seems that our chief has concealed a lot of things." Ye Sheng sneered in a low voice.

"Ye Lingtian didn't show much respect when facing several ancestors. Instead, he held a servant ceremony to Ye Chen. If there was nothing fishy in it, who would believe it?"

Ye Tanzhu also said in a strange way.

Ye Sheng then said: "it seems that our ancestor worship failed this time. As the chief, we failed in the inheritance assessment. We didn't care about the survival of the family, but we first cared about an unimportant person. Ha ha..."

"Hum!"

As if there is perception in the world, Ye Sheng has just finished saying this, and there is a cold voice in the void around!

Along with these sounds, dense patterns began to appear in the void around the samsara star stone. The bright veins are complex and mysterious. These array patterns were originally designed to protect and seal the reincarnation star stone, but at this moment, the array patterns are slowly disappearing.

"This is..."

All the disciples were shocked. They widened their eyes and looked at the dense array patterns in disbelief, watching them shrink from all directions Disappear.

"Do you mean Someone passed the inheritance ceremony! " Ye Sheng and ye Tanzhu looked at each other, and both saw shock from each other's eyes.

With the disappearance of the last pattern, the whole samsara star stone suddenly diffuses a strong wave, just like the sudden release of emotions that have been suppressed for countless years. The terrifying energy forms a shock wave, which instantly overturns everyone to the ground.

For the Ye family, it can't be clearer what it means for the sealed array to dissipate automatically.

For endless years, every ten thousand years, the Ye family has sent dozens of elite disciples to this ancestral land, trying to get the approval of their ancestors through the inheritance ceremony and reuse the reincarnation star stone.

But every time it's a failure.

Failure after failure, so that the family from top to bottom almost lost confidence.

It's just like Ye Sheng, ye Tanzhu and others suddenly interrupted from the examination. When they appear in this small world, their first reaction is that the assessment has failed, not that someone has succeeded.

But now, when this dream like scene appears in front of us, everyone is stunned and can't react for a long time.

Until ye Lingtian was suddenly absorbed by the reincarnation star stone, and the visible law was wrapped around ye Lingtian's body, and there were countless traces shuttling through his body.

Ye Tanzhu and others changed their color one after another. This is the "reincarnation star stone" presenting to the successor who passed the inheritance ceremony!

If there is no accident, once the baptism of such a road is completed, ye Lingtian can at least go up two small steps!

At the same time, the blood spirit seal beads that were originally kept on Ye Chen also flew out automatically, and rushed to ye Lingtian's side with a whoosh.

Like a happy child, Ye Ling's Qi and blood are as vigorous as a furnace!

The family treasure, recognize the Lord!

This means that the person who successfully passed the inheritance ceremony is not others, but ye Lingtian!

Looking at this scene, Ye Sheng suddenly thought of what he had just said.

Inheritance failure?

Indifference?

In front of all this, like a loud slap in the face, hit him dizzy, do not know how to describe the mood at the moment.

Happy? Or should you be sad?

Ye Tanzhu's mood is also very complicated. As a disciple of the Ye family, he hopes that the ancestral sacrifice of the Ye family can succeed, but what he does not want to see is that ye Lingtian is recognized.

Even if it is Ye Sheng or ye nishang's competitors for many years, he is willing to.

With the final gift ceremony going on, some of Ye's disciples were beaming with joy and clenched their fists with great excitement. With the success of Zusi, ye jiadang embarked on the road of rising from their generation.

They will become the most brilliant and brilliant generation of Ye family for thousands of years.

Even now they are only witnesses, but they firmly believe that there will be opportunities for meritorious service in the future.

On the road to rise, there will be no lack of fighting.

The other part of the people are similar to Ye Tan Zhu and Ye Sheng, and their mood is complicated.

"You guys, are you going to do this?"

Suddenly, a faint voice rings in Ye Sheng's and ye Tan's minds. They look at each other subconsciously, and their eyes show a lot of consternation.

"His own accomplishments are extremely high. Now he has been recognized by the most precious treasure and given by the heaven stone. Once the ceremony is over and his state is restored to its peak, it will be too late to regret it." After all, the reincarnation star stone does not need the chief to take away.

You think, over the years, how many of our families have sacrificed for this day? How much did it cost? Is this how to let outsiders pick peaches

The continuous transmission makes Ye Sheng and ye Tan bamboo look ferocious and gloomy.

It doesn't matter what else, but the last sentence really stuck in their hearts.

As the three most important forces of the Ye family, Ye Sheng and ye Tan Zhu have paid countless resources and sacrifices for the revitalization of the Ye family in recent years.

As a result, in the end, the greatest benefit will fall into the hands of an "outsider". Even if he is the one who has passed the inheritance ceremony, it will not work!

Now that the inheritance ceremony has passed and the seal of the most precious treasure of the yejiazhen people has been lifted, the task of such an outsider should be almost over.

However, there is still a problem

As the speaker said, ye Lingtian's strength and blood are very strong. Can he win the battle after he starts?

What's more, the speaker is afraid that he has other thoughts. Otherwise, why should he agitate secretly instead of taking the lead in person?

In the face of their worries, the messenger chuckled and said, "it's because ye Lingtian's strength is very high, so we have to divide our forces. We can't all stand up against it all at once. By surprise, you should always understand that?"

"Then why don't we come to be the unexpected?" Ye talks about the deep voice of bamboo.

"With the relationship between you and ye Lingtian, will he not guard against you when things break out?" Said the man in the dark.

Ye Tanzhu and Ye Sheng are silent.

Chapter 2940

Seeing that they had no response, the man in secret could not help but remind him: "do you want to delay it? After the ceremony of accepting the gift, he will be stronger and more difficult to solve. "

Ye Tan Zhu and Ye Sheng looked at each other and nodded their heads secretly.

Immediately, ye Tan Zhu took the lead in standing out, "ladies and gentlemen, we can't let him get the chief gift alone!"

More than a dozen other disciples present looked at ye Tanzhu one after another. Some were stunned and others were surprised. They probably had guessed ye Tanzhu's idea.

Without waiting for someone to come forward to refute, Ye Sheng also raised his arms and exclaimed, "yes, ladies and gentlemen, how much has the Ye family sacrificed and paid over the years under the leadership of the three ancestors?"

Why did they finally have to fly up to a low military level, who did not make any contribution to the Ye family

"But After all, he is the one who has passed the inheritance ceremony. " A disciple hesitated.

"That's what he should do with the blood of the Ye family!" Ye Sheng said with a calm face, "all our Ye family disciples have the responsibility to do our best to untie the seal of the reincarnation star stone through the inheritance ceremony. This is not a credit, but a basic duty."

"Yes, our major branches have sacrificed countless predecessors and sages in the kingdom of God for tens of thousands of years, and have finally survived to this day. All the gifts of the Tianshi should be given to the Ye family, instead of letting him, an outsider without any merit, take the most part!"

Speaking of this, ye Tanzhu also deliberately took a big look at Ye Chen, who was sitting in a sitting posture not far away from his eyes, and said in a meaningful way: "don't forget what ye Lingtian called Ye Chen just now, and this is the birthplace of Ye family. How did the two people in black come in?"

Before this, countless times of ancestor worship, but no non Ye family members have come to this ancestral land! "

After the seal of reincarnation star stone was removed in the land of Ye Jiazhu, the names of countless ancestors of Ye family who died on the stone were revealed.

Ye Zhenghun, ye Chengfeng, ye Xiangyu, ye Zhidao, ye Taichu

Each name embodies the Taoist and Dharma insights left by the Ye family's geniuses in the past. You know, those who can come here are at least outstanding disciples in the early stage of chaos.

In countless ancestor worship, they failed to pass the inheritance ceremony and died in the process of seal array examination, but this does not mean that they are not good enough.

It's just that the demands left by Ye's ancestors are too harsh.

After all, it's a matter of great importance. Unless there are absolutely outstanding descendants, it would be better to seal this treasure in the ancestral land.

At this moment, after the seal of reincarnation star stone was lifted, it became the nutrient for ye family. The first beneficiary is ye Lingtian.

As the candidate who passed the inheritance ceremony, ye Lingtian first got the automatic recognition of the blood soul seal pearl, and put this ancient object into the bag. Now they are being baptized by the principles of the road left by the Ye family's predecessors. Once the work is finished, the cultivation will be improved.

How can ye Tan Zhu and Ye Sheng endure such a situation?

Perhaps, if ye Chen is not injured and in full swing, they will be hard to choose.

No matter what, ye Tanzhu was defeated by Ye Chen. If you do it rashly, ye Chen will cover it. They can't guarantee their success.

But now ye Chen is injured, has been sitting on the ground to heal, breath some disorder, obviously not in good condition.

At the instigation of those who had a heart, they chose to do it. Not only did they do it themselves, but also they had to bring along more than a dozen disciples of the Ye family. In this way, even if the elders of the Ye family wanted to investigate the problems, there would always be a saying that "the law does not blame the public."

"I suspect that ye Lingtian and ye Chen collude with other nations to plot the best treasure of Ye family. This matter is very serious. Therefore, ye Lingtian can not continue to accept the gift from Tianshi!"

After Ye Sheng finished speaking, he quickly arranged people to take pictures of Ye Lingtian's strength. These people did not dare to be careless, so they decided to attack ye Lingtian at the same time, and suppress ye Lingtian first.

"Do you really want to do it?" Among the 19 surviving disciples, not all of them are willing to follow Ye Sheng's and ye Tan Zhu's intentions. Some are hesitant and quietly communicate with their close companions.

"We are very small, they are the most powerful branches of the Ye family, alas..."

"No matter what, if ye Chen hadn't bought time for us just now, whether the seal of the stone could be untied or not would have been despicable."

The reincarnation star stone there, ye Lingtian, the whole person is wrapped up by the law of the road, like a cocoon clinging to this treasure, the internal smell of the cocoon is more and more powerful.

In the face of such a situation, Ye Sheng and others naturally do not want to delay any more. After they are told to do so, they will make a concerted effort to separate ye Lingtian from the reincarnation star stone. If they can't, they will simply kill them.

"Do it!" "Who dares!"

Two completely opposite shouts came, and everyone looked at each other. Ye Chen, who had originally offered to sit on the ground to recuperate and restore his divine power, actually did not know when to stand up.

Look at that, although the face is still a little pale, but has recovered a little.

Ye Sheng's eyes are slightly cold, staring at Ye Chen and saying, "when is it your turn to speak here? Don't forget that you are also the subject of our suspicion. "

"Doubt me?" Ye Chen couldn't help laughing and smiling, "then I'd like to ask, just as you said, I collude with outsiders to plot a miscarriage of justice. So far, what have I plotted?"

Where is the outsider that I collude with?

Don't mention the two people who died on the ground. If they were in collusion with me, they should not be lying on the ground now. "

The words directly asked Ye Sheng, especially Ye Chen's sarcastic tone, which made Ye Sheng's face turn red and stick his neck for a long time before he said stiffly: "no one can rule out whether this is a bitter meat scheme!"

"Ha ha ha..." Ye Chen laughs.

"What are you laughing at?" Ye Sheng was very angry.

"Yes, you're right. It's a bitter meat scheme!" Ye Chen repeatedly nodded his head and said, "isn't this a bitter meat scheme? Two powerful people from the heaven God realm came to cooperate with me to perform this bitter meat trick. You can all guess right. They are indeed the most outstanding disciples of the Ye family. "

Ye Chen deliberately bit the word "the most outstanding disciple" deeply and satirically.

Hearing the three words of heaven and God, everyone's eyes suddenly shrunk!

Ye Chen killed two gods? You're kidding!

Since ancient times, it's impossible to shake the heaven God realm by cutting the bad situation!
