

Physician 2941

Chapter 2941

At the same time, Yandi peak.

The atmosphere was dignified.

Yan Kun looked at the eternal holy king who was calculating in front of him, and said eagerly, "yonglao, according to that man, the divine alliance and the ten thousand Dharma sect are not clean?"

"Now, will big brother be in danger?"

"The alliance of gods covers the seven kingdoms, and the strength of Wanfa sect can not be ignored!"

"Should I go to my brother right now! Big brother may need my help

The eternal King's eyes narrowed slightly and his face was dignified: "it's a little strange."

"As for ye Chen, I can't figure out whether it's a disaster or a robbery."

"The alliance of gods betrayed the kingdom of God. It seems that with the fall of the reincarnation Lord, those forces in the kingdom of God have long been in full of holes."

"That disaster is coming. Maybe the kingdom of God is really in danger."

Yan Kun looked a little angry: "since the alliance is full of holes, then I will uproot the alliance!"

There are ten thousand ways! As long as you wipe out all dangers, there will be no danger for big brother! "

However, the eternal King shook his head helplessly: "things are not so easy. Let alone the antiques behind the alliance of gods and the ten thousand Dharma sect, you are not their opponent, and the mysterious demon."

"I'm afraid this demon has been brewing for a long time, and its strength is extremely terrible!"

"Even if the other party wants to, you can't stand still."

Yan Kun clenched his fist, and his killing intention surged: "yonglao, I want to go to the last test! Only in this way can we become stronger! Only then can guard big brother

The eternal holy king looked at the sky and murmured: "things are not too bad. Tiandao palace ordered to hunt down Ye family members and use various forces. I'm afraid there will be major events in the place where leaves are rising. In a short time, Shenmeng and Wanfa Zong should not attack Ye Chen!"

"But maybe in a few days."

"And I feel that the boy is in the land of the rising leaves."

"This time, there are wolves in front of him and tigers in the back. He even has a pair of eyes staring at his back."

"the more he goes, the more difficult it is to walk."

Speaking of this, the eternal holy King's eyes fell on Yan Kun's body and sighed: "fortunately, this is not his fight alone."

"And you."

At this moment, Yan Kun's body was covered with Ancient Runes. He looked serious and did not hesitate to jump directly into the rolling magma!

"Forever old, today, I will use my body of heaven and earth to absorb and dry the rolling magma! I want to tell the world that whoever dares to touch my elder brother will bear the burning anger of Pangu emperor! "

Magma surging! In an instant!

And the figure under the ten thousand feet seems to represent an attitude!

Fearless attitude!

This is the protoss! Heaven and earth!

.....

At the same time, the nine heaven dragon hall.

More than a dozen elders of Tiandao palace and the Dragon God of Yan Tian are suspended above the abyss.

All eyes closed, as if brewing something!

A surging array!

There seemed to be a startling sword hanging over the abyss.

The shadow of the sword seems to be able to destroy the world!

The Dragon God in the hot sky is a giant mouth, and an ancient stone tablet is floating out.

The stone tablet is full of mysterious atmosphere!

If ye Chen is here, he will surely find that this is the xuanbei of reincarnation!

This time, the Dragon God should use the power of reincarnation xuanbei!

In principle, non samsara blood is not qualified to use the power of reincarnation xuanbei!

But Tiandao palace was once the master of Ye family!

After tens of thousands of years, an old ancestor of Tiandao palace has developed a set of techniques, which can be used as part of the power of the reincarnation xuanbei!

Although this technique needs to use very strong energy!

But it helps Tiandao palace wipe out many great threats!

And if you look carefully, you will find that there are ancient characters on the stone tablet of reincarnation!

At the same time, the shadow of the doomsday sword was covered with an extremely dark energy!

Countless strange lightning around!

It seems to be able to swallow everything.

The Dragon God laughed and looked down at the darkness in the abyss.

A failure may be understandable.

But two failures are absolutely beyond his permission.

He opened his mouth and said: "blood dragon, your existence displeased the people in the upper world. I must kill you before that one arrives. You should feel proud when you die under the xuanbei of reincarnation."

The next second, the shadow of the sword full of extremely dark power broke out!

Linked thousands of thunder arcs, like a giant beast toward the abyss crazy rush!

At this moment, the earth shakes!

An extreme earthquake broke out in the whole nine day dragon hall!

The blood dragon in the abyss naturally felt this power! This power is so many days, for the first time let him feel dangerous!

He rose from the abyss and wanted to swallow the sword shadow with one bite!

But! The blood dragon found that the sword shadow brought a strong suppression!

No longer hesitating, the blood dragon spits out a blazing flame!

Holy fire!

Extremely high level fire!

Ye Chen's fire!

Blood dragon can share resources with Ye Chen!

He has to!

"Touch!"

The flame turns into a startling sword, and the shadow of the dark sword will collide in an instant!

Two extreme forces seem to destroy everything!

Nine days god dragon hall again ushered in a big earthquake!

The earthquake made the lake and sea roll!

The earthquake left cracks in the ground!

Countless dragons wail!

Their territory seems to be deprived by a mysterious force!

At the same time, under a bloody lake, a girl opened her eyes.

She felt the changes around, asked the reincarnation xuanbei behind her: "Xingling, what happened outside?"

The star spirit felt slightly and then said: "I'm not sure, sister Ruoxue, you must refine this flame as soon as possible. I feel that next, the nine day dragon hall will usher in a catastrophe ahead of time! You have to do it as soon as possible! "

Summer if snow beautiful eyes close, surging strength convergence!

There is still some blood in the corner of her mouth.

Obviously, this extremely powerful flame before refining has paid a great price!

"Reincarnation star flame, I summer if snow don't believe, I can't conquer you!"

.....

At the same time, the rising leaves.

In the face of Ye Sheng and ye's many children, ye Chen's face is more and more gloomy.

He just wanted to say something, suddenly, he found his elixir field was drained!

Even the dark flame and other powerful fire blocked by the Dantian were evacuated!

This feeling is very familiar!

Blood dragon is in trouble!

And ye Chen's mind instantly emerged a picture!

It was a collision of two ultimate swords!

Blood dragon's eyes are full of stubbornness!

On the abyss, there are more than ten elders of Tiandao palace, and a dragon with strong breath!

Suddenly, ye Chen Mou son shrinks!

There is a stone tablet in front of the dragon!

This is not something else, but a stele of reincarnation!

Another reincarnation xuanbei has come out!

Is this the piece controlled by Xuanyuan ink evil!

This moment, ye Chen is not calm!

Chapter 2942

The picture in Ye Chen's mind is more and more clear.

He felt vaguely that the attribute of this reincarnation stele controlled by Tiandao palace was somewhat strange.

Wind stele, dust stele, poison stele, spirit stele, these are all very easy to understand.

And the temple of heaven is full of dark attributes.

It's more like a dark property.

As for the specific name, ye Chen is not clear.

At this time, ye Chen's mind sounded a voice!

This is the sound of blood dragon!

"I'm really sorry, master. I can only ask you for help now."

"These people are more powerful than I thought, but I can handle it."

"Believe me."

"Besides, it would be good for me if they broke the ban completely!"

Ye Chen communicated with Xuelong and said solemnly, "why did Tiandao palace suddenly find the abyss? And the Dragon God comes out in person? It's too expensive. "

The blood dragon pondered for a moment and said, "master, I suspect someone has found me. This person does not belong to us."

"By the way, miss ruoshue is near the nine day dragon hall."

"Among them, I still have a lot of questions, but I feel vaguely that the sudden attack of the heavenly way palace is just beginning."

"They are determined to kill me this time."

"Be careful, too."

Language down, the picture in Ye Chen's mind completely dissipated.

He recovered a little from his injury, but his face was still pale.

Ye Chen takes a look at ye Lingtian behind him. He is very clear that he must hold Ye Ling's talent right now.

Ye Sheng seems to feel the decline of Ye Chen's breath. Looking at the corpses and blood on the ground, he smiles coldly:

"Ye Chen, ye Chen, do you think they are the heaven God realm? You can't tell me what you want to say

As soon as he said this, even some of the Ye family's disciples standing over Ye Sheng couldn't help frowning.

Ye Tan Zhu naturally found that ye Chen's state was not right. He stood two steps forward and temporarily blocked Ye Sheng in front of him. And he looked at Ye Chen coldly, "it's no use trying to use your words. This is the ancestral land of the Ye family, but there are foreigners who break in. Although the ancestor worship is successful, it has to be prevented."

"Have to defend? What are you defending against? Me? Or to prevent ye Lingtian? "

Ye Chen walked towards these ye family disciples step by step. His eyes were filled with three points of anger and seven points of killing intention: "if I didn't help you to buy time, or even let myself be seriously injured to cover you to accept the examination of the inheritance ceremony, would you be so smooth?

Without ye Lingtian, can you pass through the inheritance ceremony? Can you untie the seal? When you are halfway through the assessment, you are suddenly interrupted. What is the reason for that

The naked words made many disciples of the Ye family lower their heads. Some of them did not dare to look at Ye Chen's eyes.

Ye Tan Zhu's face is also very ugly.

During the family competition, he was unexpectedly defeated by Ye Chen, and he was not convinced. Many people in the family doubted whether he had a false name.

As a result, ye Chen even called him "waste" in front of so many people. Even if ye Chen scolded all the people present in one breath, ye Tanzhu was still very angry.

But ye Tanzhu is not Ye Sheng. He is not so easily angered.

Especially now, the situation is still under control. Ye Lingtian is unable to take care of him, even unable to move.

And ye Chen is seriously injured, and how much strength can he play?

In ye Tanzhu's opinion, ye Chen has dragged down the two masters of the heaven and God realm with his own strength before, and he also killed these two people. I think he also used some taboo means.

Ye Chen is absolutely in the stage of incomparable weakness at this time, and there is no threat at all!

However, ye Chen tried his best to kill two masters of the heaven God realm, which was quite shocking.

It is also because of this that ye Tan Zhu has strengthened his mind. No matter what, we can't leave Ye Chen and ye Lingtian.

These two men are so powerful that they are suffocating.

How can we miss such an opportunity!

Ye Tan Zhu took a deep breath. He said firmly: "the body is not afraid of the shadow slanting. We are not aiming at you two, just for the family."

For the family

Ye Chen laughs, the remaining side of the Ye family has declined so far, it is really no wonder that others.

Does this person think that if they just encouraged the rest of the disciples, they would not notice that they were healing at a distance of tens of Zhang?

Ye Chen's anger was burning between his eyebrows, just like the sound of the Ninth Heaven: "for the sake of the family, it is even more necessary to act in accordance with the family regulations!

Before coming, Ye's ancestor also said that after the ancestor worship was successful and passed the inheritance ceremony, the chief disciple would automatically be recognized as the owner of the blood spirit seal beads, and would enjoy the gift of the heavenly stone first. This ancestor worship rule is the same as the Ye family for thousands of years! "Speaking of this, ye Chen's eyes suddenly became sharp, and asked in a loud voice: "how? Do you not even obey the rules of the family? "

Ye Chen's voice makes those ye family disciples who have been hesitant about this even more wavering.

After all, they are all young people, and they still have some sense of shame. Even if ye Sheng and ye Tan Zhu talk about breaking the sky, they are still not authentic after all.

Their previous standing in line, on the one hand, is because of the power behind ye Tanzhu and Ye Sheng, on the other hand, it is driven by interests.

At the moment, ye Tanzhu's look is rather cold, and his handsome face has a lot of chill. Instead of being frightened by Ye Chen's family rules, he sneers: "who says we're going to break the rules? We just want to temporarily prevent ye Lingtian from getting the gift of family stone.

After all, the heaven stone has just opened its seal. No one knows how many ye family disciples can give to the Enlightenment of the road left by the former sages. Can't I wait here to divide them up?

If there is something wrong, how can we account to the family? "

Ye Chen showed a playful smile: "if you're not polite, now the reincarnation star stone can be unsealed, it's all the credit of Ye Lingtian and me. What's Ye talking about bamboo? It's good to think about the family

"Give you a word, go away!"

Sharp words, once again merciless words, Rao is Ye Tan Zhu's heart is good, but also completely sunk face, "Ye Chen, you don't want to be wild, do you really think you can beat me?"

Ye Tan Zhu is very clear, with Ye Chen's present state, simply impossible!

"I can beat you once, I can win you a second time." Ye Chen is leering at this person, both hands bear behind, light way.

It is a permanent disgrace to Ye Tan Zhu that his cultivation of chaotic nine layers of heaven is defeated by Ye Chen, who cut down the eight layers of heaven.

Ye Chen emphasizes this, and ye Tanzhu's eyes immediately erupt anger, but soon sneers, "if it's normal, I may still believe you, but now I have to say, you have a lot of guts

Chapter 2943

At this time, ye Chen's hands are carried behind him, and his body stands upright, with a firm and uplifting posture.

But that full of pale face, but betrayed Ye Chen's physical condition.

This situation is not only Ye Tan Zhu, but also the rest of Ye family's disciples, who almost feel that ye Chen is holding on and barely maintaining it.

"Mr. Ye, talk about elder martial brother Zhu. Are you from the same root, or Give way. "

Ye nishang, who had been watching the opera for a long time, finally said: "Mr. Ye, the matter of reincarnation of Xingshi is related to the great undertaking of the family. We can't belittle it. Talking about bamboo is just a little nervous. Don't take it to heart."

It is a pity that these words have no effect.

Ye Tanzhu is still indifferent, and directly orders Ye Sheng: "I stare at him, you go to stop ye Lingtian!"

"I see who dares!"

Ye Chen's eyebrow flashed, and the evil sword flew out. With a strong voice of breaking the sky, he crossed the heads of Ye Sheng and others. With a thump, he inserted it on the ground between them and ye Lingtian.

Endless pressure surging! The ultimate blood light is amazing!

The ground is produced a crack, such as a spider's web in general to spread in all directions.

See ye Chen first show weapons, ye Tan bamboo eyes show a joy, this is not to give him an excuse to start?

However, it was soon covered up by him and turned into "anger".

"You dare to fight against the same people and fight for death!"

Ye Tan bamboo angrily rebukes, the body is floating, like a startling Hong, like a ghost, suddenly approached Ye Chen, raised his hand and patted Ye Chen.

This is to want to directly shock Ye Chen, not to give any chance to refute!

When ye Tanzhu's palm is taken, the palm first has a purple light, and immediately the whole palm is covered with a layer of purple awn. As he paddles, a dull sound of breaking the air rings out.

Perhaps it is too fast, the palm of the hand where the void actually like melting, there is a burning hazy feeling of flame.

"Boom

As if the God's thunder fell, the thunder exploded, and a deafening roar came out. People only had time to see ye Chen raise his hand on Ye Tan Zhu at the last moment. Then, a group of terrible dust broke up in the field!

When the energy sweeps up, the purple light shines on the void, and the burning brilliance is like aurora and tulle, constantly floating in the void.

Some of them spread in all directions like water veins, and some of them soared up into the sky, forming a frightening light column, which made the boundary of the whole small world bright several times.

Above the boundary of the dome, dense patterns of array light up in the void, counteracting this force.

"Elder martial brother ye Tanzhu is so powerful. How many people in the same rank can take over the power of this palm?"

"It seems that ye Tan Zhu was careless when he lost to Ye Chen in the contest. With such an outbreak and ye Chen's serious injury, the end has been decided."

All the other disciples of the Ye family couldn't help but sigh with emotion when the power burst out from the confrontation of one hand, which even touched the whole self-protection array of the border.

As the smoke and dust slowly dispersed and the situation in the field was gradually clear and bright, many disciples were stunned. Even ye nishang could not help gaping, her red lips were slightly open, and her beautiful eyes were full of horror.

In the center, ye Chen stands with his hands on his back, his clothes fluttering. Although his face is still a little pale, he still maintains his standing posture.

However, Yetan bamboo has changed greatly. Half of his arm is bloody and fleshy. The white bone breaks directly from the joint and penetrates through the flesh and blood. It is extremely tragic.

In front of Ye Tan Zhu, there is a full three feet of retrogression trace, blood also sprinkled this place.

There is no doubt that in this fight, ye Tan Zhu lost again!

A dozen of Ye family's disciples were all in a daze. Didn't they say ye Chen was seriously injured?

Pale as that, you can still play such a strength!

"Elder martial brother, he Are you careless again? "

There was a murmur in the crowd.

Maybe he was stimulated by this scene. He didn't lower his voice so much that many people heard this sentence and showed a strange look.

One word after another contains so many meanings.

There is no choice, more is the tone of that a little sour meaning.

You should know that ye Chen fought half his life to win enough time for the rest of Ye family's disciples to carry out the inheritance ceremony under the attack of two masters from heaven and God realm alone.

Under the condition of serious injury, after a short breath adjustment, he will fight with ye Tanzhu, who is in the right state.

As a result, ye Tanzhu was defeated like a martial arts contest in the Linglong tower, and was severely damaged. This has to be surprising.

Many disciples began to reexamine Ye Chen, especially ye nishang and Ye Sheng. Their eyes were even more fixed on him, as if they wanted to see him through thoroughly.

It's a pity that ye Chen's attitude of "holding on" is still the same. It's quite like pretending to be firm and strong in the outside world, but the facts are in front of us, which makes people totally unable to see and guess. If we say who has the most direct sensitivity to Ye Chen, it is undoubtedly Ye Tan Zhu.

Half kneeling on the ground, the broken part of his arm was numb, and he only kept "human like". In fact, there was no difference between whether the arm was there or not.

Just now, before the real collision with Ye Chen, ye Tanzhu is confident that he can win.

This time, he did not use the invisible means, this time, he has gathered enough strength to play this palm.

He firmly believed that he could kill Ye Chen with one hand, especially when he saw that ye Chen didn't hide or dodge. He even almost laughed when he raised his hand to resist at the last moment.

What's the difference between this and looking for death?

However, reality gave him a big slap in the face.

After that slap, it was just like clapping on an impregnable mountain which was pounded violently. In a moment, the right shoulder lost consciousness. It was only after several breaths that the pain and numbness came.

When I open my eyes to see clearly, I don't know when I have regressed several feet.

It was a complete defeat.

"You..."

Ye Tanzhu opened his mouth with difficulty, and only uttered a word. When he looked at Ye Chen, his eyes were shocked, and his face was pale.

He wanted to say "you're not hurt." but ye Chen's face, which was also not very good, made him suspect again.

Is this person injured or not? Is he playing the role of pig and eating tiger?

He's not sure.

At this time, ye Chen did not talk about bamboo to ye any more, but looked down at him from a commanding position, "if you want to kill me, it seems that it is not enough. Dogs, after all, are just dogs."
"

Ye Tan Zhu's expression was stiff and his whole body was shaking with anger.

After all, the dog is just a dog, which means it can't be clearer. Ye Chen said that he didn't have a dog to bully him.

Chapter 2944

"Roar!"

Ye Tanzhu clenched his teeth. With a roar, his left hand crudely pressed back the broken bone and joint of his right arm. He immediately ran wild inside his body and took two pills to accelerate recovery.

In an instant, the right arm recovered at the speed of the naked eye.

In the final analysis, no matter how weak he is, he is also a generation of heroes in the nine layers of chaos state. The practitioners of chaos state, not to mention the broken arm, can recover quickly as long as the spirit and soul are still there.

This is his inside story.

A few of Ye Tan Zhu, who recovered from breathing, roared and attacked Ye Chen again. This time, his secret method was more powerful and his method was more powerful.

Unfortunately, ye Chen is like a peak that he can never shake. With this blow, he failed again.

Most of his body was broken, and the Xuanyan of Ye Chen's sacrifice burned his wound to a bloody blur, as if he had fallen into the inner part of the molten slurry and then came out again. He could not see his appearance clearly.

Ye Tanzhu, who had been flying back dozens of Zhang, struggled to get up from the ground. His throat was hoarse and he called to other disciples: "what are you waiting for? Don't you want to wait for me to die, and wait for ye Lingtian to absorb the gift of Tianshi and then hand it out! "

Yelling out such words proves that ye Tan Zhu has given up in a sense.

He has no chance of winning a fair fight on his own.

After recovering, ye Tan Zhu opens his mouth and spits out, which is the half hanging God map. The mountains and rivers flow among them, and the spirit of six samsara floats.

The picture scroll was rattling and suspended behind its head, and the rules of thousands of rules were dropped down to protect it like a curtain of water.

"Ye Zigeng's six diagrams of Tianhe river!" Several disciples exclaimed, their eyes were staring out.

Ye Tanzhu actually took out such a relic, which is not much weaker than the blood spirit seal beads.

"Ye Chen, I can't beat you, but you don't want to kill me easily. I will let you watch your own people die under their siege!"

Ye Tan bamboo roared wildly. In his eyes, there was light floating, and two magic weapons flew out one after another.

The left eye for a lotus platform, colorful God lotus.

The right eye is an ancient jade bead, named dingshui Lingzhu, which is a rare defensive magic weapon.

He has put on all his capital, completely armed himself, only to be able to drag Ye Chen.

Two sacred objects, one antique.

Such a combination does not make ye Chen afraid, but what makes him change color is Ye Tan Zhu's intention.

With the protection of these three things, I may not be able to take this person completely in a short period of time. But in this case, what should ye Lingtian do?

He is absorbing the Enlightenment of the law of the road left by the Ye family in the reincarnation star stone, which is of great benefit to him. However, his body is unable to move, and he has even fallen into the state of enlightenment. He can not even feel what is happening in the outside world.

Ye Tanzhu has been running into it like crazy.

Hum!

In the void, the strong and powerful pressure swept over, and many cracks were cracked in the ground where ye Tan bamboo passed.

Three rare things, driven by this person regardless of the cost, the effect is not just superposition. He is like a moving mountain. The powerful power makes the air around Ye Chen thick and heavy.

"Ancestors! Why do you come to Ye Chen when you talk about bamboo

In the fury, ye Tan bamboo, crying and laughing on his face, is a broken pot fighting method.

He rushed to Ye Chen with a long smile Ye Chen, you have broken my heart of Tao successfully, but what about this? No matter how hard I am in my life, you can't win me easily

However, what ye Tanzhu doesn't know is that his high-profile attack did not form an effective cover. The rest of the Ye family's disciples, even Ye Sheng, didn't even attack ye Lingtian at the first time. Instead, they kept a close eye on him.

Some people do not want to be involved in the original, do not want to fight ye Lingtian.

In part, they want to see the final result between Ye Chen and ye Tan Zhu. At this moment, even Ye Sheng, the core disciple who firmly opposes Ye Chen and ye Lingtian, is hesitant.

Rashly start, in case Ye Chen is really pretending to be a pig and eating a tiger, then, can these people escape?

In this way, ye Tan's "madness" has completely lost its significance.

Aware that those people did not have the first time to ye Lingtian, ye Chen guessed some reasons, his eyes a coagulation, began to be serious.

I saw his whole body law quickly lit up, no longer left hands.

He pointed to it as a sword. He breathed in the sun and the moon, and the endless sword spirit began to condense in the void. A breath of destruction diffused in this small world, and there was a faint voice of thunder on the sky.

Attack is always the best way to resist the enemy!

Seeing ye Tan bamboo about to hit, ye Chen is finally out. Boom!!

A sword, thunder! The lotus is broken!

Keng!

With a sword, the nine sky god will fall three thousand feet. It will be hard to shake and destroy the Shinto!

Stab!

With one sword, the edge is as bright as a golden rainbow. The sword Qi is cold and cold in 19 states. The Tianhe River collapses, and the six smashes are smashed. The divine map dissipates!

This is a thrilling scene!

Ye Chen didn't use powerful weapons. He just used his own understanding and mastery of Kendo and Zhenwu, supplemented by his powerful spiritual power.

In this way, he broke three good magic weapons in one breath, which was destroyed by his blazing and sharp sword like paper paste.

Ye Tanzhu is like a kite with a broken line. Even in this suppressed flying land, he was instantly knocked out, his body exploded and his blood was all over the place.

Even if he can't kill him, ye Tanzhu is still afraid!

He was covered with blood, quite embarrassed to get up, and then turned his head and rushed in the direction of the border.

Such an opponent is the tragedy of his life. Even if he breaks the heart of Tao voluntarily and attacks with suicide style and bottom card playing mode, he can't shake his opponent half a point. How can he play?

The strong sense of frustration left him in a state of despair. He could no longer afford to fight. Now he just wanted to run for his life.

Everyone is like this. After the failure of a desperate attack with courage, it is difficult to rise such a fearless and crazy spirit. This time, ye Chen completely interrupted the backbone of the so-called Ye family's young generation's most outstanding genius!

"This is the result."

"One of the three most recognized geniuses, who was defeated so thoroughly, has chosen to flee."

"Elder martial brother Ye Chen, is he really seriously injured? How can it be so powerful. "

Chapter 2945

.....

Not far away, the rest of the Ye family's disciples were shocked.

The so-called genius is so vulnerable.

Seeing ye Tan Zhu want to leave this small world, ye Chen naturally won't stop. It is always a disaster to keep such a person.

He didn't catch up with him, but he condensed a sword meaning with his mind, locked the Qi machine on Ye Tan bamboo and chased him.

"If you can survive this sword, I will spare you from death!"

After playing that sword with the intention of destroying Shinto, ye Chen stood in place and watched the result coldly. No matter how fast Ye Tan Zhu is, can he surpass the sword meaning which is not restricted by the law here?

He had to stop to fight back, otherwise, the pursuit of locking the air machine would quickly catch up with him and pierce his head.

Ye Tanzhu, who ran for his life in panic, naturally knew this situation. Even if he stopped for a while, he turned around and tried hard to run the skill to resist the sword.

At the same time, ye nishang and Ye Sheng, who have finally reacted to the situation, have also made a move.

Although the three forces of the Ye family are competing with each other, they can not watch ye Tanzhu be killed like this.

"Mr. Ye, be merciful

Ye nishang Jiao drinks and joins hands with Ye Sheng to stop the attack.

"Chi!"

Unfortunately, this evil sword meaning not only contains the destruction Shinto, but also the effect of the laws of space and time. The speed is too fast.

At that moment, time and space seemed to be stagnant. Only a wisp of cold light crossed the vacuum and passed through Yetan bamboo's divine body. Ye Chen's finger was connected behind it. No matter how ye Tan Zhu resisted, it had no effect.

Poof!

The body full of panic eyes exploded completely, and before the red and white objects even had time to splash, they had been broken by the killing and destroying divinities released by the sword.

As for the spirit of Ye Tan bamboo, let alone the chance to escape.

A generation of outstanding people, this fall.

The rest of the corpse, also under the erosion of the destruction Shinto, quickly broke down, beyond recognition.

"Ye Chen!"

Ye Sheng sees this, is furious, fiercely looks back at Ye Chen.

He was so wild that he killed Ye Tan Zhu in front of his face. What is it!

Does he think that he has been able to surpass the whole Ye family?

Ye nishang pulls forward and reaches out to play a colorful glow, trying to wrap Ye Tan Zhu's body. No matter what, it's always a clan. Ye Tanzhu is still a descendant of one of the Ye family's ancestors. If he can't even bring back the corpse, how can he explain it?

But just as she had just touched Yetan bamboo's tattered body, the corpse was smashed and turned into a pile of flesh and white bones. It was quickly annihilated and completely "purified" by the destruction Shinto. Nothing was left but a foul smell spread.

Ye nishang frowned and her eyes flashed a ray of anger. However, she quickly covered it up and said, "Mr. Ye, how can you explain to some of your ancestors if you are so merciless to your fellow children?"

"Account? Did I do it first? Who ignored the family rules first? If you want to explain it, I can't come. " Ye Chen stands with his hands down, and his words are not even finished.

As the reincarnation master, even if he destroyed the whole Ye family, why should he account to the Ye family?

The huge Ye family is inferior to each other. With the solid foundation laid by the ancestors of the Ye family in the past, they have survived and survived until now.

Finally, with the hope of rising again, these so-called outstanding disciples of the Ye family should attack themselves first and think only of themselves. What's the use of keeping such people?

Facing ye nishang, the children of the Ye family, after killing ye Tanzhu, ye Chen has no guilt, and even does not want to give these people a good face.

Ye Chen's arrogance makes Ye Sheng, who was once fainted by public Qi and vomit blood, completely gloomy: "Ye Chen, do you really think my Ye family is deserted? Do you want to be the enemy of the whole Ye family if you are so unscrupulous in killing people in our ancestral land of Ye family? "

"I am unscrupulous?"

Ye Chen angrily responded with a smile: "I just want to stop you from interfering with ye Lingtian's acceptance of the gift of Tianshi, and ye Tanzhu is killing me!"

"We just want to temporarily prevent ye Lingtian from accepting such a baptism, not to deprive ye Lingtian of the reward of being a meritorious official in this ancestral sacrifice. We can accept such baptism and gift after returning to the family after the elder arranges it."

Ye Sheng's face was upright and eloquent, as if everything was considered from the family's point of view, without any selfishness.

He said in a loud voice: "although ye Tanzhu has been killing you, he has not killed you or even hurt you. Do you understand the reason why you have to forgive others? Just now this scene, we all see in the eye, clearly is you arrogant bloodthirsty! ""Yes, elder martial brother ye Tanzhu's crime is not fatal."

"The left and right are members of the same clan. There is no need to kill them like this."

Several of Ye Tan Zhu's disciples also followed. The most outstanding person in his family died. After returning, the ancestor must punish him.

"Before that, when he wanted to fight against me and ye Lingtian, how could you not only not stop him, but also follow him?" Ye Chen sneered, "since you are so clear and righteous, what ye Lingtian now gets is the reward he should get. Why do you want to stop it? Don't tell me he's arrogant, too. "

"Sophistry is useless. Justice is in the heart of the people." Ye Sheng's face is cold and hostile in his eyes is very obvious. "No matter what, it is a fact that you killed Ye Tan Zhu, and everyone saw it!"

"Oh."

Ye Chen smile, shoulder gently a shrug, full face does not care.

Seeing him so light and teasing, Ye Sheng and a cadre of Ye family disciples are a little angry, but they open their mouth and find that they don't know how to take this.

If you think about it carefully, are they the ones who come to ask questions on their own initiative?

After ye Chen killed people, he did not intend to defend himself at all. He did not deny that he had killed Ye Tan Zhu.

For a time, all of them were quiet, leaving only the slight sound of Ye Lingtian on the other side of the reincarnation star stone when he was baptized by the road.

"Alas..."

With a faint sigh, ye nishang and others walk out. The jade feet are white and delicate, and their beautiful faces are full of helplessness.

"Ladies and gentlemen, you'd better not argue. The dead is dead. We'd better think about it and send the stone back to the family as soon as possible."

After that, ye nishang walked to Ye Chen, ignoring the surprised eyes of the other Ye family disciples, and tilted slightly toward Ye Chen, with a little grievance and pleading in her voice:

"Mr. Ye, just look at the face of my younger sister. Let's all step back. In the end, we should take the family first. I apologize to you on behalf of them. I can wait for elder martial brother ye Lingtian to finish his baptism. But you have to help us escort Tianshi back to Ye's house, OK? "

Chapter 2946

Ye nishang's words made Ye Sheng and other disciples angry.

"Ye nishang, what do you want to do? You don't represent us! " Ye Sheng denounces.

Ye Chen looked at the low browed woman in front of her, and then looked at Ye Sheng, who was furious there. She couldn't help but stir up a trace of fun: "you see, they say you can't represent them, and they don't want to accept me at all."

Ye nishang can't help but sigh, seems to be deeply powerless. After looking back at Ye Sheng's people, she bows to Ye Chen again!

All of a sudden, an extreme sense of killing surging!

Ye nishang has changed!

"Well, since they are ungrateful, I will I have to do it myself! "

Before the words fell, a strong breath burst out of Ye nishang's body. The jade hand suddenly reached out and formed claw shape. The force of terror swept toward Ye Chen.

Kill the sky!

At the same time, at Ye Sheng's side, several disciples from the same vein as ye nishang burst out and immediately started to attack the rest of Ye family's disciples. Of course, the target was mainly the people of Ye Sheng's vein and the other two disciples from small branches.

As for ye Tan bamboo, none of them suffered.

All of a sudden, completely shocked all the survivors, including Ye Sheng, even some downtime, for a long time did not respond.

"You You... "

Ye Sheng stares in horror and points to ye nishang and those disciples around him whose hands are still stained with blood. They are speechless.

"Cluck Elder martial brother Ye Sheng, what's wrong with us? Aren't we together? "

Ye nishang's one finger has already pointed at Ye Chen's eyebrows, and there is a frightening force between his fingers.

It seems that as long as ye Chen moves, he will surely die!

And ye Chen is still smiling.

Fox, did you show your tail at last?

"Elder martial brother Ye Sheng, the opportunity is right in front of you. Let's kill the guy who is baptizing on the road. Then the advantage of the reincarnation star stone is that you share equally with our family, OK? I still care a lot about you, don't you? "

Ye nishang's eyes and eyebrows are surrounded by a touch of seductive meaning, the voice is light and charming.

"Tut Tut, I didn't guess wrong. You are really not simple."

Ye Chen showed a sigh of regret that he was about to succeed, as if he had accepted his fate.

"Mr. Ye also gave little sister a big surprise." Ye nishang cherry lips light pursed smile way.

"You're not from the Ye family, are you?" Ye Chen suddenly asked.

"Is it important to be or not?" Ye nishang asked, "Mr. Ye is not a member of Ye family, is he? In fact, you and I have the same purpose. They are all to deal with the Ye family and try to seize the opportunity of the Ye family. I really want to cooperate with you. "

Ye Chen could not help laughing and said, "are you cooperating with me like this?"

"I can't help it. Who makes Mr. Ye too powerful? I have to limit the factors of uneasiness first. Don't worry, elder martial brother. I won't kill you."

The success of holding Ye Chen's ye nishang is almost a complete change of a person, the original spirit of the spirit of the body completely disappeared, replaced by a charming and enchanting state.

The flaming red lips cling to Ye Chen's ears. Between the opening and closing of lips and teeth, a wisp of fragrance spreads out on Ye Chen's ears, which is extremely provocative.

When he spoke, his manner was full of enchantment. He did not know when there were three scarlet symbols on his eyebrows. Although there were banter and smile in the eyes of Danfeng, who was still like a black widow, she was still cold.

"The Ye family is full of holes."

Ye Chen can't help sighing that even the most core disciples are the undercover of others. It's really not easy for the Ye family to persist to this day.

Fortunately, he has not revealed the identity of reincarnation Lord.

Otherwise, the consequences would be unimaginable.

Ye Nishang said that he would not be killed, which is obviously impossible.

This woman is not moving, she is astonishing, and she suddenly bursts. In addition, with her disciples who are in the same vein, the situation in this ancestral land has changed completely.

"I'm really curious. Since you have already started, why do you want to keep Ye Sheng and some disciples of Ye Tanzhu? Don't tell me you're thinking about the Ye family." Ye Chen asked with a smile.

"Why not? The younger sister is also a member of the Ye family."

"You? The Ye family?" Ye Chen sneered, "not as it is, all like this, still intend to use the identity of Ye family? People in the heavenly way palace always value their own identity."

"Cluck, cluck..." Ye nishang chuckled, and they were almost face to face. "I was not sure you were the mysterious youth, but now I am sure that the palace master has suffered from you repeatedly. Now, it seems that you are not so good. Those old Tiandao palace elders are really useless."

Ye Chen Mou son tiny Mi: "it seems that the heavenly way palace is intended in this ancestor worship, will ye family all net." "Ha ha ha..."

When the woman saw Ye Chen's manner, she couldn't help laughing. "You are very smart. You guessed my identity. However, Mr. Ye, don't you think it's too late to find out now?"

"Probably." Ye Chen does not agree, "I'm afraid that at this time in the Linglong pagoda, Ye's family has become a complete mess. Tiandao palace is really a big hand. After planning for so many years, it costs a lot?"

"If you take the Ye family, these costs are nothing. Isn't the threat to be destroyed?" Ye nishang said with a sneer.

"That's true." Ye Chen nodded thoughtfully, "but if you want to take the Ye family, what's the use of controlling me? Shouldn't we finish the Ye family's disciples first? "

"You say them?"

Ye nishang looks at Ye Sheng and the rest of the Ye family's disciples. A trace of contempt appears in the corner of his mouth: "Ye Sheng is alone, and the rest of his disciples are leaderless. Do you think they are a threat to me?"

"Oh That's not true. " Ye Chen said meaningfully, "you may be undercover for too long and forget a thing."

"What?" Ye nishang picks her eyebrows lightly.

Boom!

Just after the words fall, when ye Sheng and ye Tan Zhu's disciples walk towards ye Lingtian and prepare to stop ye Lingtian, the battle suddenly breaks out.

After Ye Sheng had gathered a powerful enough seal, he flashed at ye nishang's men in the opposite direction. Without any defense, two disciples were beaten to death on the spot.

If ye Sheng's rebellion has already surprised ye nishang, then the picture that ye Tanzhu's four surviving disciples are also fighting back in an instant will completely stun her.

In a moment, ye nishang became a "loner." all the branch disciples who came with her died.

Before that, including Ye Chen and ye Lingtian, 21 Ye family disciples survived in their ancestral land after the seal of reincarnation star stone was removed. The other nine disciples have died in the process of inheritance assessment.

Chapter 2947

Among the 21 survivors, except for two disciples from the lower branches of the Ye family and ye Chen and ye Lingtian, the rest are disciples of the three major forces.

There are seven people in Ye Sheng's vein. They are the most powerful disciples of Ye family.

Ye Tanzhu and ye nishang included themselves, each with five people. Now, after a series of felling, ye Tanzhu is dead, two disciples of the bottom branch are dead, and six of Ye Sheng's disciples are dead.

In just a counter attack, leaf nishang this vein also left her alone.

In the whole Ye family ancestral land, there were thirty talented practitioners of Ye's family, but now there are only eight left.

Ye Chen, ye Lingtian, Ye Sheng, ye nishang, as well as four disciples from ye Tan Zhu.

From ye nishang's sudden outburst, his disciples began to kill the disciples of Ye Sheng's vein in cold blood and decisively, and now Ye Sheng and the survivors of Ye Tan Zhu's vein have joined hands to fight against each other. The situation here is full of twists and turns.

One wave is not even, another is rising again. Among all the twists and turns, the most inferior But still Ye Chen and ye Lingtian.

One is being held, the other is being baptized by the road and has no resistance.

"Look, I'll tell you that you've been undercover for too long. You've been fighting with each other all day, and you've forgotten one of the most important things."

Ye Chen seemed to have expected the changes just now, and sighed: "no matter how they fight internally, it is also the fight between the boss and the second. Whoever wins or loses is for the Ye family.

But you are not the same. You go up and down the killers, and all of them are the disciples with the strongest blood of the Ye family. Is that ok?

Ye Sheng, although they are a little silly, they are not so stupid that they can not see your plan. You are going to uproot their roots.

Although they are not disciples of the same branch, they should unite to clear up the foreign forces first. Is there any need to discuss?

It's just a matter of eyes! "

"Shut up

Ye nishang is covered with frost, and she is indeed a leak, but this round is not to Ye Chen a prisoner to blame. Her voice was cold, with strong antipathy, "don't forget, even if they kill my people, you can't live!"

"Then you are wrong."

"Well?" Ye nishang felt something was wrong.

"You know what? Actually, I was surprised. From the experience that you have been lurking in the Ye family for so many years without being discovered, or even becoming the core disciple, you should not be so stupid. "

Ye Chen looks at ye nishang, four eyes relative, he suddenly strange smile.

"But I really can't imagine why you think that if you control me and threaten me directly, you can take me. Didn't your palace master tell you that I'm not an ordinary opponent?"

Before the words fall, ye nishang's mind suddenly shakes, and his eyes suddenly become confused

She touched Ye Chen's eyebrows and suddenly flashed a light from Jiuyou!

Like the devil's eyes, in this moment, open!

Devil's pupil!!

Momentary absence of mind is fatal to high-level practitioners.

When ye nishang quickly adjusted to restore her pure mind, ye Chen, who was held by her, was already out of trouble. She stood two or three feet away, looking at her with a smile of fun.

"I thought at first that you were worried about my pupil when you hid behind me. But I didn't expect that when you were about to succeed, you were so careless and conceited. It seems that you are similar to those elders of Tiandao palace in your mouth. "

These words fall into ye nishang's ears, which is nothing but humiliation.

Not long ago, when she had just got it, she laughed and mocked. She almost said that even the palace master of Tiandao palace looked up to Ye Chen. Those colleagues who had dealt with Ye Chen in the past were useless.

The result did not expect in a twinkling of an eye, the form straight turns down, this word, unexpectedly was sent back by Ye Chen.

"I regret not killing you directly!"

Ye nishang clenched her teeth, and her whole body was tense. At this time, regardless of Ye Sheng those people, or Ye Chen, all eyes are locked on her body.

"Let me give you a flaw. You really think you are very good." Ye Chen's hands were negative behind her, and her expression was indifferent, "you don't really think that when you approach me, suddenly burst out, you have the opportunity to directly kill me, right?"

"You What do you mean Ye nishang looks crimson, which is angry. She seems to have thought of something, and her pretty face is full of disbelief. "You guessed that I am not a disciple of Ye family in the early days?"

"That's not so sure. It's just a little suspicious."

Ye Chen shrugged his shoulders and said, "from the first time I met you and ye Tan Zhu Yesheng, I was deeply impressed by your good long sleeve dance.

at that time, Yasheng and ye Tan bamboo dispute, is your mediation in the middle; later, Ye Sheng wanted to win over Ye Lingtian, because he failed to succeed, some angry, you also mediate mediation. Is there any contradiction in your image of taking care of other people's face, being good at mediating and being smooth and friendly, but in front of Ye Sheng and ye Tan Zhu, do you draw ye Lingtian?

When you deal with his image, you are not consistent with Ye

"That's why you suspect me?" The willow eyebrows of Ye nishang are locked.

"Just doubts, not doubts."

Ye Chen patted the dust on his clothes, and Shi Shi ran walked half a circle around ye nishang.

At this time, there is no need to worry. The situation in the ancestral land has basically stabilized. Ye Sheng and the four disciples of Ye Tan Zhu Yimai, as long as they are not stupid, can't fight him or ye Lingtian any more.

We now have a common "foreign enemy."

He said calmly, "when I really let you be on guard, it was when I defeated ye Tanzhu. At that time, everyone was curious about my identity. You were not only not curious, but also a very pure compliment.

Later, you took the initiative to find us and told us about ancestor worship. Reward, chief and so on. If I guess well, you have been testing ye Lingtian and me since then.

Unfortunately, what you don't know is that this kind of temptation will only expose you more quickly.

When you finally decide you have a problem, it's during the blood test. You and your master quietly guide the thinking of other people. Using Ye Sheng's "disgust" and "jealousy" towards us, let me also go up and test our blood.

Others may not notice, but remember that I was a spectator at the time of the blood test

Chapter 2948

"Those who are in the game are confused, and the onlookers are clear. It seems that your master Ye Xueqing's words are just following Ye Sheng's request, but that's exactly what makes it more problematic.

No matter how you say, it's also the ancestor of a clan, and the blood spirit seal beads are in your master's hands. This shows that ye Ziming agreed before she announced ye Lingtian as the chief disciple.

But why do you want me to test my blood according to Ye Sheng's meaning?

It's just a trial.

You tried me, your master also tried me, and even guessed the relationship between me and ye Lingtian. Why? Because you have been paying attention to me all the time. In this world, I can't think of anything else except the heavenly way palace.

What's more, Tiandao palace is also very targeted at the Ye family. You don't want any amazing talents in the Ye family to appear, so you pay such attention. It's not in the open, it's in private. "

"So, from the beginning, you suspected me, and after entering here, you have been on guard against me. Even after deliberately letting me come to you and giving me a chance to do something, you calculated it!"

Ye nishang's eyes nearly burst into flames, and a strong sense of shame enveloped her mind.

For so many years, they have been lurking in the Ye family. No one has ever found out the problem. However, they did not expect that the means they were proud of were discovered by this man in a few days.

"In that case, why don't you remind them? This time, even if you survive, you will definitely lose a lot. " Ye nishang took a deep breath and tried to calm down her mood.

She had to hold on and give herself enough time to think of a way out.

"Ha ha, before these things happened, how much weight did I have to speak as an" outsider "? Besides, I don't know how many people like you are in the Ye family. It's better for you to jump out on your own rather than be alert in advance and keep lurking. "

Speaking of this, ye Chen glanced at Ye Sheng opposite. "I came to Ye's house with hope, but this hope is gone. Anyway, the Ye family has been rotten to the bone. It is worth doing a thorough osteotomy for the Ye family with the death of those who like to fight inside."

"You're taking advantage of me!" Ye nishang shrieked, and her body trembled with anger, and the plump place was constantly fluctuating.

It is magnificent.

"Well? Why are you so angry? We are enemies. Isn't it normal for them to use each other? Just like before, don't you use Ye Sheng and ye to talk about bamboo to kill me with their hands? I can even guess your plan. First let his subordinates kill Ye Sheng's disciples, leave ye Tanzhu's followers, and then drive them to kill ye Lingtian. Finally, they all blame Ye Sheng and ye Tanzhu.

As long as you return to the Ye family with the blood spirit seal beads and reincarnation star stone, no matter what you say, no one doubts, because you bring back the hope of rejuvenation to the Ye family.

After that, you and your master will quickly become the most important figures in the Ye family. With the reincarnation star stone in hand, the Ye family will certainly gather all the Ye's disciples scattered outside to gather in a certain place.

And this is the place chosen for you

Listening to Ye Chen's analysis and guess, ye nishang couldn't help but shiver. In her beautiful eyes of Danfeng, she was full of horror.

He He had completely guessed the plan of their master and apprentice!

In the cognition of tiandaogong, that mysterious youth is a arrogant and boundless boy! Now it seems that under the arrogance of Ye Chen, there is still a careful heart!

On the other side, Ye Sheng and several of them were also shocked.

If it's really like what ye Chen said, then the Ye family

Thinking of this, these people can't help but feel lucky that they have not lost their heads. At least they know how to put down the internal fight at the critical time. Otherwise, if they are defeated by each other and go on according to ye nishang's plan, the Ye family will be really finished.

"Ye nishang, how much resources have ye family poured out to your teachers and disciples these years? It's really blind!" Ye Sheng clenched his teeth and said, "ten thousand years ago, ye Tan Shizu entrusted his blood soul to your master and apprentice. Do you deserve Shizu's sincerity?"

"Ha ha We are not from the Ye family Ye nishang looked at Ye Sheng with a sneer at her mouth. "It's so far. I'm not afraid to tell you that the bloody Fengshen bead was just snatched by my master after she killed the seriously injured Ye tan."

"What!" Ye Sheng glared, "you killed Ye Tan Shizu."

"Otherwise? Do you think it's the blood of the Ye family that runs through us? " Ye nishang sneers.

Ye Shengman couldn't believe it, "it's impossible! So many blood tests, you clearly are! "

"It's impossible. Don't you know that in ancient times, there were many forces studying blood vessels? They have even worked out how to deprive others of their blood. It's easier to disguise blood! The heavenly way palace has mastered a lot of secrets. "

Ye nishang looks at Ye Chen and teases her lips, "childe ye, are you right? You should know something about a particular experiment"As for you, you should not be the Ye family in a sense."

"It's a pity that I haven't brought your identity back to the palace master this time. Otherwise, he must be very excited."

"By the way, let me tell you another interesting thing. The palace master has been to Kunlun Xu."

Ye Chen's mind congeals, he knows Ye Ni Shang said is who!

Lin Juelong!

He never thought that the heavenly way palace controlled so much information! Even the existence of Lin Jue long has known!

Wait!

What did ye nishang say just now! Has Xuanyuan moxie been to Kunlun?

One is the supreme palace master of the kingdom of God. How could he face Kunlun Xu at a low martial position?

What did he go there looking for!

Now Xuanyuan moxie can't leave Tiandao palace. Was it before he became the palace leader?

All sorts of mysteries flash through Ye Chen's mind!

Chapter 2949

At the moment, ye Chen felt into a huge whirlpool.

The truth of the vortex is complicated and confusing. The only thing that can be confirmed is that it confirms the particularity of Kunlun Xu.

As for the reason why the Xuanyuan Mo Xie of Tiandao palace went to Kunlun Xu, this can only be known by seeing Xuanyuan Mo Xie.

Is Xuanyuan's stone tablet of reincarnation from Kunlun?

It seems that when yonglao confirms the information of the xuanbei tablet of Chinese reincarnation, he should also go there.

Ye Chen shakes his head, no longer think.

On the other side, Ye Sheng catches the key point of Ye Chen's and ye nishang's words, and suddenly looks at Ye Chen, and her breath is tight. "Is what she said true? Are you... "

Seeing this scene, ye Chen can't help but look at ye nishang and shake her head, a face of helplessness.

This woman, ah, it's time to sow dissension.

Blood counterfeiting is OK, but The array with the seal of reincarnation star stone can't be fake. Without the blood of Ye family, that array is not recognized. In other words, it will not be taken into it for inheritance assessment.

Before that, ye nishang and other people were all absorbed by the array and took part in the inheritance assessment.

Up to now, ye nishang has not understood that they are all chess pieces of Tiandao palace. They have the blood of Ye family. They were adopted by Tiandao palace since childhood and instilled by the people of Tiandao palace that "you are not ye family, you are just undercover".

But at this time, it's no use saying that.

Do you tell ye nishang that you are ye's family, but were abducted by Tiandao palace and used as chess pieces to cultivate them. Will they believe it? Can Ye Sheng, the real Ye family, not be investigated?

Therefore, ye Chen did not point out this matter, but rather pitifully looked at ye nishang, and immediately told Ye Sheng about the false blood. Of course, he admitted it himself.

"Are you really not the Ye family? But what you have done is clearly... "

Ye Sheng glances at the corpses on the ground around him. If ye Chen is not the Ye family, why does he want to help the Ye family?

"Just because I'm not ye's family doesn't mean he's not."

Ye Chen's eyes swept ye Lingtian, who was baptizing on the road, and said in a cold voice: "on him, there is the abyss conviction gun used by your Ye family's ancestor, and the absolutely pure Ye family blood. Now I know why I don't let you interfere with him?"

The abyss judge gun.

Maybe he didn't recognize the name as a stranger.

Thinking of the things he had done before, and looking at the present, Ye Sheng can't help but feel very upset.

Not to mention the internal fight, but also deliberately targeted at a descendant who was recognized by his ancestors' weapons. He was almost provoked by spies, which led to a big mistake

If ye Chen is not here today, I'm afraid they will wake up when they are dying.

Ye Sheng took a breath and bowed to Ye Chen, looking very serious: "Ye Chen, don't interfere in this matter. I will kill this woman myself. Since ye Lingtian has been recognized by his ancestor's weapons,

since then, our Ye family will regard ye Lingtian as the head of our family. Before the battle is over, please take care of Ye Lingtian. "

"That's the best."

It's always more comfortable to laugh at yourself than to laugh at Chen.

Ye Sheng, at least not to the point of no remedy, the key to know what is light or heavy.

"Brothers, ye Tanzhu's death should be counted on the head of this witch. Those who want revenge should follow me."

Ye Sheng finished saying that he was the first to kill ye nishang.

Martial arts from heaven!

Although he was one level lower than ye nishang in his cultivation, he had the strength to fight as long as there was not too much difference between them.

What's more, at the moment, he's still burning his blood essence secretly!

As the most outstanding disciple of Ye family's main vein, Ye Sheng's strength can't be underestimated. He didn't fall behind ye nishang when he broke out with all his strength.

The two of you come and go, the means they use are all the skills and secrets of Ye family. After several times of fighting, both sides use the same kind of secret arts. Such a battle, for ye Chen, is obviously very interesting.

As the battle continued, all the four surviving disciples of Ye Tanzhu joined the battle, and five of them besieged ye nishang.

To deal with a Ye Sheng, ye nishang can be calm, but he can deal with five opponents of the same level at one breath, which is a bit of a struggle.

Ye Sheng and other people are angry. Ye nishang cheated the whole Ye family and even destroyed it. Therefore, they did not keep their hands at all. All of them were killing moves. Every attack was aimed at taking ye nishang's life.

The meaning of sword and even Zhenwu spread to the whole small world, and even made a crack in the barrier.

Ye Chen knows that they are washing their own shame.

Only by killing ye nishang, can we make them raise their heads reluctantly and not be labeled as "weak and stupid". In the face of such a fierce attack, ye nishang was obviously unable to resist. She even had only the power to block, and it was difficult to take out half of the gap to fight back.

"I'd like to see how long you can hold on. When it's time, do you want to hide?" Ye Chen, who is holding hands to watch the opera, has been holding several deep smiles in his mouth. His eyes have never left ye nishang for a moment.

How can the people who are selected to be sent in to snatch the reincarnation star stone have such a state of mind? Such cultivation is not enough to support the whole plan.

If ye nishang's companions were not dead, it might be said that they had other plans, but all of them were killed. So it seems that the heavenly way palace must have high hopes for ye nishang.

Those people firmly believe that ye nishang can snatch the reincarnation star stone in her ancestral land by her own strength, and complete this plan, so

Therefore, ye nishang's strength is more than the present!

The real strength of this woman, who is less than 1000 years old, is absolutely crushing people like Ye Sheng and ye Tan Zhu. Otherwise, the heavenly way palace will not send her to the ancestral land to implement the most crucial link.

"Ye nishang, you will only die more miserably Ye Sheng drinks and shouts.

"Don't talk nonsense. You can't kill me."

Ye nishang makes a strong posture, while "in a hurry" to resist Ye Sheng's attack, while strongly rebuffed.

"Boom!"

Ye Sheng offered a box to sacrifice. As soon as the box made of the four gods' jade appeared, it sent out a bloody atmosphere.

The blood seems to represent evil! Represents the world's darkest!

"I used to keep this box to deal with Tiandao palace in the future, but it's not a loss to use it on you now." Ye Sheng's face was fierce, so he lifted his hand and knocked out the treasure box. At the same time, he joined hands with the other four people to inject spiritual power into ye nishang, so as to thoroughly refine ye nishang.

Chapter 2950

"Demon blood box!" Ye nishang's face changed slightly, and something happened again.

Ye Sheng actually has this kind of evil thing on him. The demon blood in this box can even be contaminated by ancient artifacts. Even those great powers in the half step heaven and God realm are not willing to be contaminated with this kind of thing. If they are not careful, they will be possessed by demons, and in serious cases, they will be directly contaminated with blood.

It is said that in those days, there were the top strong people who died in this artifact.

How could Ye Sheng have this thing?

It seems that the ancestor behind Ye Sheng is not as simple as he imagined!

The bloody evil spirit diffuses from the ancient Shenyu box, and the treasure box is urged by Ye Sheng and the four of them to form a huge attraction to completely take ye nishang in.

The red road marks are interwoven in the void. Like the flowers on the other side of the river Styx, they bloom in this space. They are extremely cold and sharp. They directly penetrate the body and constantly stimulate the spirit of Ye nishang.

Ye Chen, who is not far away from the battle, is also surprised by Ye Sheng's means. This guy is arrogant and aristocratic. He also hides such a ghost in private.

It's hard to say if it's cold.

"Keng! Bang

All of a sudden, seeing that ye nishang was about to fall into the land of eternal destruction, the change happened.

I saw the sound of metal collision constantly coming out of the woman's body, piece by piece of armor began to cover her protruding body, and the bright light cut off the surrounding bloody demons.

She seems to have put on a pair of immortal battle clothes, and the golden light illuminates the whole small world of ancestral land.

The white skin, like the white one, is just like the white one.

"Hum!"

The battle clothes protect ye nishang's body, so that she can ignore the erosion of these bloody demons, but she does not stop to break free. Instead, she uses her spiritual power to run against the demon blood box directly.

In a flash, the sky was full of light, and the endless blood on the sky was shaken off on the spot, and the terrible pressure swept around. Ye Sheng and the other four ye family disciples jointly urged the demon blood box to explode.

"Boom!"

The treasure box made of jade from the four directions was broken, and the red clouds suddenly scattered, covering the sky, sweeping the whole small world like a tornado storm.

The endless energy light surged wildly. Looking up, there were demonic blood mist everywhere. Even ye Chen had to activate the red dust God vein and hold up a curtain of light, so as not to get contaminated with the blood.

And Ye Sheng and several of them are flying out together. In the face of Ye nishang's power, even the demon blood hell box is so vulnerable. How can they resist just relying on them?

This is an extremely tragic picture. The breaking of the demon blood hell box forms a terrible law turbulence. Where it passes by, it destroys everything. Even the border formation is lit up. The dense runes weave the sky into a coarse cloth like picture.

"Poof!"

A handful of golden light rushed through the blood mist and caught a disciple of the Ye family who was flying upside down. Ye nishang's palm was like smashing a watermelon, killing him instantly.

The meaning of Zhenwu is extremely strong!

On the other side, Ye Sheng reluctantly stands up, with a wisp of blood spilling from the corner of his mouth. He stares at ye nishang's killing his companions in a certain direction. He is a bit out of his wits.

"How could it be so! The demon blood hell box must avoid even the power of the heaven and God realm. How can she not be affected? "

This is the method of leaf booster box bottom. If you take it out, you will have to kill.

But I didn't expect that even the treasure box was directly broken by Ye nishang, which was a huge impact for Ye Sheng. The whole person's spirit and spirit are in this moment of depression down.

What makes him even more horrified is that ye nishang, who has always been regarded as a competitor at the same level with ye Tanzhu, has already stepped into the realm of heaven and God, which is not the cultivation of the chaotic state previously seen.

She It has been hiding the true cultivation.

"Force me to reveal myself, all of you are going to die today!"

Ye nishang's sharp voice is full of endless killing opportunities.

Over a hundred Zhangs away, ye nishang evolves into the world of Dharma. A plain hand suddenly appears in the air, grabs the second disciple of the Ye family, and kills him like this.

With a puff, the blood mist burst open and the body and spirit were destroyed.

"Hehe, it's like if they don't force you, you'll let them go."

The next moment, ye Chen moved!

He Mou son a congeals, the wound already recovered a few minutes, red dust divine pulse opens!

Jiwu Shenshan explodes!

In a flash, they rushed in front of Ye nishang, blocking her attack to the third Ye family survivor.

Ye Chen holds the Sha sword in his hand. On the surface of his body, there is seven times of blood light. In the blood light, there is a faint golden thunder flash, and the soft hair is calm!

At the same time, ye Chen's eyebrows glowed like a golden lake and a round of sun. Cut out the evil sword!

The strong sword idea comes out through the body.

With the blessing of the laws of space and time, the sword breaks through the void and shoots out and stabs ye nishang.

"Amazing finger!"

Ye nishang drank delicately, and her eyebrows were erect, and her plain hands condensed her divine radiance. She pointed out at the sword.

The two light waves collide in mid air, and the dazzling brilliance blooms in the center, and the fragments of trace rule scatter everywhere, tearing up countless cracks in the space.

The most central position is a small black hole in the blink of an eye, and a space collapse will be formed in an instant. If it is not for the black hole formed by the violent breaking of the void, such a small collapse is likely to destroy the whole small world.

The strength of the two people's terror, the first collision, is enough to make Ye Sheng and others marvel.

"You can't stop me! This reincarnation star stone, I have to decide! " Ye nishang said coldly.

"Ha ha, if you can't stop it, you have to fight until you know it. If you are so sure, you won't forget what happened before?"

Ye Chen smiles and waves to let Ye Sheng and the remaining two Ye family disciples get out of the way. These three people have been scared to death by Ye nishang's suddenly rising strength. To let them fight again is like death.

"Zheng!"

The sword cuts across the void, and the momentum is magnificent!

"Bang!"

Plain hand painting of the moon, scallion white jade finger slightly, is the terrible scene of the reversal of the long river.

The battle between Ye Chen and ye nishang has completely overturned Ye Sheng's perception of the word "powerful". What is the battle of Tianjiao!

Ye nishang has been hidden for nearly a thousand years, but ye Chen has not been known.

The means and combat power of the two men were beyond their imagination.

"Boom

A record of the sky fingers hit, will be ye Chen out of the sword all broken, God sky swaying, jade hands crystal clear, the whole small world was shocked rumbling.
