

## Physician 2971

### Chapter 2971

In an instant, the whole nine day dragon hall was followed by a strange vibration.

The abyss was filled with a breath of perfection.

This Tiandao Zhujie array can burst out the energy of the thunder to roll the thunder and annihilate all living beings in the sky.

It's so powerful that it's just earth shaking.

At this moment, endless wind, thunder, fire, snow disaster, whistling to kill the blood dragon.

The prohibition of the abyss can block the living, but it can't block the killing of the heaven.

"You want to kill me? A fool dreams. "

The blood dragon looked at the sky full of natural disasters, but his eyes were awe inspiring.

Even if it is dead, it is impossible to bow to the heavenly palace.

"Roar!"

The blood dragon raised his head to the sky and uttered a sound of chanting and roaring. The ancient breath of the old was rolling and diffused. A layer of white sound killed the waves and swept wildly.

Chuckle!

Yinsha waves burst out and collided with the natural disasters all over the sky. Suddenly, the huge sound broke out, and the whole abyss shook.

Puff!

The blood dragon spurs out a mouthful of blood. The power of the heaven's way of killing and robbing array is too strong. Even if it tries its best, it is hard to resist it.

This is the most powerful blow of the Dragon God in the hot sky and many powerful people in Tiandao palace!

If the general celestial realm later stage, I'm afraid all have fallen!

The Dragon God and the twelve elders in the hot sky were also hit by the huge sound wave. Their bodies were shaking and the array was fluctuating. It seemed that they would collapse at any time.

"The blood dragon burst out such a strong breath."

"How long has it been? How could he have grown so fast?"

"If I and the blood dragon face again, it is not doomed to be crushed?"

In the hot weather, the Dragon God was afraid to look into the blood dragon's eyes.

He was very upset by the repression from blood.

This blood dragon, obviously has a very powerful blood, is not as simple as it seems.

Just that roar of the dragon, the Dragon God even heard the ancient breath!

"You can't drag it any longer. Kill it with the secret method of burning blood!"

On the hot day, the Dragon God glanced around coldly and issued an order to shout.

"The secret of burning blood!"

The twelve elders in the hall suddenly showed a look of shock.

The secret method of burning blood is a forbidden mantra of the heavenly way palace. It can temporarily improve the combat effectiveness at the cost of burning the essence blood of the original spiritual power.

The side effects of this forbidden spell are very big.

If they do, they must lose their Qi and blood, and their accomplishments will fall.

At present, their strength is the heaven God realm, and if they use the secret method of burning blood, their cultivation will fall to at least half a step of God.

Although there is only a half step difference between the half step God and the real God, there is no doubt that the gap between the two is the sky soil cloud mud.

Once you fall, it's hard to become a God again.

"Lord dragon, this..."

The old faces looked at each other with reluctance.

"Why, you want to disobey my orders?"

In the hot days, the Dragon God's voice was cold, and he wore a python robe, showing great dignity.

He is the No.2 figure in Tiandao palace. Xuanyuan moxie has a complicated relationship with him, and his status in Tiandao palace is also very high.

Although these elders are also high-level figures in Tiandao palace, they are obviously not comparable to the Dragon God in the hot sky.

"Yes, my Lord!"

The people did not dare to disobey, so they insisted.

"Burn my body, burn my blood, keep the holy fire, and extinguish the heavens!"

The twelve elders raised their hands together as if they were praying.

They were burning with fire.

The dazzling fire lights up the night sky.

Their breath is also soaring.

In the blink of an eye, they actually climbed two small realms!

This blood burning secret method, in a short period of time, actually abruptly raised their strength by two levels!

What is the concept of the twelve strong celestial realms? With such a strong combat power, it is possible to destroy countless boundaries.

In order to kill the blood dragon, the Dragon God is fighting.

The Dragon God knows that before Xuanji comes, this blood dragon must die!

Boom!

With the improvement of the strength of the elders, the power of the Tiandao Zhujie array also soared in an instant.

Magnificent light, rolling diffuse out, countless natural disaster energy, crazy rush into the abyss.

"Am I really doomed today?"

The blood dragon looks dignified. Although he is powerful, these celestial realms are so crazy that he falls into this abyss and cannot exert his full strength.

The crisis is unimaginable.

At the next moment, thunder, tornadoes, fires, ice, frost and snow fell on its body. The huge dragon body is full of blood.

"It's over at last."

The Dragon God of Yan Tian breathed a sigh of relief. In his eyes, with such a strike, the blood dragon would surely die!

In order to kill the blood dragon, he also paid a heavy price.

Twelve high-level elders have all used the secret method of burning blood. Their accomplishments must fall out of the heaven and God realm.

This is a great loss to the heavenly way palace.

But it can kill the blood dragon and solve a hidden danger.

It is obviously worth the effort.

"Well?"

Just when the Dragon God just relaxed in the hot sky, in vain, he felt a trace of ancient breath.

This breath, incomparable vicissitudes, incomparable remoteness, with the immemorial vastness.

The blood dragon in the abyss is now in full bloom.

Its dragon scales, as if filled with blood, are purple and bright red, and even form a layer of armor like cuticle, firmly covering the body.

"What kind of blood is this! Demons No This is an extraterritorial existence... "

The Dragon God stares at the blood dragon in the hot sky, and sends out a startling cry.

"No way! How can you have that foreign blood! "

In the hot sky, the Dragon God's eyes widened, unable to believe the scene in front of him.

At this time, the blood dragon, with its ancient breath, makes the Dragon God very familiar and awed.

This is the blood gas of the imprisoned foreign magic dragon!

Even more powerful!

"Is it Did the blood dragon really devour the foreign magic dragon sealed here! How could that be possible! "

That foreign magic dragon can be said to be one of the purest and most powerful beings in the blood of foreign dragons.

Compared with the foreign magic dragon, the Dragon God is just like a bug, and the blood quality is too different.

"Heaven does not die me, break and then stand, wonderful, wonderful."

The blood dragon opened his eyes and saw the sun and moon sink in the depth of his eyes. The mighty breath roared out, and the natural disasters and storms around him disappeared.

At the critical moment of life and death, it broke down and then stood up. It completely integrated the power of the foreign magic dragon that devoured it, and suddenly burst out a startling divine power.

"You wait for the ants, it's just smoke and ashes!"

The blood dragon roars with his head raised and sends out a huge sound wave, which severely impacts on the array boundary.

Boom!

The whole Tiandao Zhujie array suddenly collapsed and dispersed.

## Chapter 2972

"Puff!"

Twelve elders of Tiandao palace, Qi Qi spit out blood, scattered and fell in confusion.

"Damn it!"

The Dragon God bit his teeth and fell to the ground in a hurry.

Looking at the abyss, covered with bloody cuticle, like a blood dragon in blood armor, his look became very ugly.

Now, the blood of the dragon is not able to resist the awakening.

"Go

The Dragon God was filled with anger and fear, but he had no choice but to order his retreat.

A group of elders looked at each other. They thought that they could win the victory and kill the blood dragon.

I didn't expect that at the last moment, the blood dragon broke and then stood up and made great progress.

This time, the heavenly way palace has lost its blood.

All the twelve elders of heaven and God fell into cultivation.

This loss, even if it is the Dragon God, can not bear.

Fortunately, because of the prohibition, the blood dragon could not leave the abyss.

It gives them a chance to escape.

Although very embarrassed, but at least can leave alive, finally did not arrive at the worst situation.

"Let's go!"

The Dragon God once again called out and took the lead to fly away.

Twelve elders all over the body breath convergence, appearance instant aging, I do not know how many years.

"Roar!"

Suddenly, the loud and clear roar of the Dragon shook the whole world.

But see the blood dragon as if crazy, crazy impact of the abyss of the prohibition, want to break out.

"Does the blood dragon want to fight hard?"

The Dragon God and many elders shrank their eyes and thought that the blood dragon would pursue them at all costs.

However, they did not know that in the heart of the blood dragon, there was a beautiful figure.

That's Xia Ruoxue's figure!

He felt that Xia Ruoxue, who refined the reincarnation star flame, had an accident!

Xia Ruoshue is not facing the general strong! But from the upper world, the existence of extreme terror!

"If snow girl, don't have an accident!"

The blood dragon roars inside.

The relationship between Xia Ruoxue and his master Ye Chen is clearer than anyone else!

He can die, but Xia Ruoxue can never have an accident!

From China's Jiangcheng to Jiangnan Province, then to the capital city, Kunlun Xu, Lingwu continent and even the kingdom of God!

Xia Ruoxue's importance to Ye Chen can't be described in words!

"There is a superior family, came to the nine days dragon hall, want to kill Xia Ruoxue!"

The blood dragon instantly deduces the cause and effect. After awakening a trace of foreign blood, the ability to deduce the auspicious and evil omens of heaven is greatly improved.

In its mind, even appeared the reincarnation star stone fighting to protect the Lord, Xia Ruoxue was about to be killed by a sword.

"If snow girl, you can't die!"

Blood dragon eyes stained with blood, crazy impact on the abyss of the prohibition, just want to break out immediately.

"Bang!"

"Bang!"

Under his impact, the abyssal prohibition issued a series of powerful forces, countless lightning and thunder were blasted out.

His head is bleeding!

Shocking blood!

But it doesn't stop him!

"Break it for me!"

The blood dragon suddenly drank, and changed into a giant giant man wearing blood dragon Teng armor and holding a dragon axe.

This is the appearance of the blood dragon as a human being!

Bang!

The blood dragon wields his Tomahawk, like the creation of heaven and earth, and fiercely cleaves on the forbidden energy shield.

Whoa!

The whole abyss was forbidden and split by him in an instant.

"Ah

The blood dragon uttered a cry of pain, and the thunder light of his right arm leaped. He was instantly bombarded and blackened.

Although he broke the prohibition, he was also severely damaged by the prohibition law. His whole right arm was abandoned. If he wanted to recover, he did not know how long it would take.

"What a powerful breath!"

In the distance, the Dragon God and many elders witnessed the figure of the blood dragon Wei'an, which was deeply shocked.

Although the blood dragon was severely damaged by the prohibition, it was just like it was going to split the chaos and swallow the mountains and rivers, which was frightening.

"It's over. We're dead."

An elder sends out a cry of despair. The blood dragon is so powerful. How can they resist it?

But unexpectedly, the blood dragon coldly looked at them and said coldly, "good luck for you. Next time you meet me, you will be killed."

Whoa!

The blood dragon shakes its body and recovers its appearance. A claw in front of it is completely blackened. Under serious injury, it is difficult to maintain the human shape.

Whew!

The huge dragon body, passing through the void, quickly rushed to the blood lake.

Xia Ruoxue is in danger, and the blood dragon has no time to entangle with the Dragon God.

"My Lord, we can go." All the elders breathed a sigh of relief and said happily.

"Wait a minute."

The Dragon God's eyes twinkled in the hot sky, thinking of the claw that had just been seriously injured by the blood dragon.

"Let's not go back in a hurry and stay and investigate something."

Yan Tian Long Shen light way.

"What!"

The eldest one of the elders was shocked. They had already fallen out of the heaven God realm and needed to return to the palace for recuperation. Otherwise, the cultivation would continue to fall.

But now, the Dragon God told them to stay, which is absolutely unacceptable.

In the eyes of all the elders, there was anger.

"My Lord, what are you staying for?" All the elders said angrily.

"Ha ha, the blood dragon risked serious injury and also wanted to break through the prohibition. I don't know what plan it has. We must investigate clearly."

The Dragon God of Yan Tian flicked his finger and his eyes kept flashing.

"He has awakened the mysterious power of the outside world, my Lord. If we stay, we will die." The old way.

However, the Dragon God regained his composure and said: "the evil animal is seriously injured. As long as we are careful, there will be no accident. Don't worry. After the event, I will report to the palace master and reward each of you with an excellent pill to help you recover your accomplishments."

The existence of the blood dragon made the Dragon God deeply afraid.

Especially now, the blood dragon also awakened the foreign power and devoured the ancient seal of the magic dragon.

This is a huge hidden danger for the heavenly way palace.

Therefore, the Dragon God does not want to give up easily.

If he wants to today, he will kill the blood dragon.

The elders exchanged eyes with each other, and immediately showed a burning look.

If they can get that kind of elixir, their lost accomplishments can be fully recovered, and even their Qi and blood will degenerate, and they will have a chance to go to a higher level in the future.

"Stop talking nonsense and keep up."

The Dragon God flies to chase the blood dragon.

"Yes, my Lord!"

When the elders heard of the reward, they immediately followed.

At this time, the blood dragon flash light, break open space, rushed to the blood lake.

It just saw that Xuanji, holding a sword, wanted to kill Xia Ruoxue!

"Stop it!"

The blood dragon roars in the sky, holds its head up and breathes the sun and the moon. When he opens his mouth, he bursts out a terrifying beam of energy and kills Xuanji.

"This is The smell of foreign countries

"How can the nine heaven dragon hall have a foreign flavor?"

Xuanji is shocked and retreats in a hurry to avoid the attack of the blood dragon.

Boom!

The column of terror, exploded to the ground, instantly penetrated the earth.

The lava from the bottom of the earth rolled out.

Chapter 2973

Xuanji's beautiful eyes shrunk. Fortunately, she dodges quickly. Otherwise, she will be hit by this energy beam and will be seriously injured.

"Miss ruoshue, are you ok?"

The voice of the blood dragon is bleak, and flies to the vicinity of Xia Ruoxue.

Huge body, closely guarding her.

"Blood Dragon You... "

Xia Ruoxue saw the blood dragon coming, and immediately showed her joy.

"Sister snow, we are saved."

A little starlight floated out of the mud pit, and the reincarnation star stone rose again.

When the star spirit saw the blood dragon coming, he was also full of joy.

With the protection of the blood dragon, she and Xia Ruoxue at least relieved the immediate danger.

"Oh, don't be too early."

Xuanji gave a cold smile and looked at the blood Dragon:

"so you are the blood dragon. If the empress has an order, you will die."

Click!

Holding the sword tightly, Xuanji is beautiful and her eyes are cold.

Endless killing is intended to break out at this moment!

"You are from the upper world, that woman, your Lord?"

The voice of the blood dragon is bleak, and the image of the earth shaking Queen appears in his mind.

He devoured the foreign magic dragon, naturally got part of the memory!

That figure is too lofty and powerful.

Even if it is, it does not dare to call its name, otherwise it will be punished by God.

Only when the strength is fully recovered can the blood dragon dare to say the name of the Queen:

xuanjiyue!

The supreme moon, the supreme emperor of heaven!

If anyone in the world can be as famous as the reincarnation Lord!

Then only xuanjiyue!

"Hehe, since you know my Lord, please kneel down and lead me to death, so as not to waste my time."

Xuanji sneered.

"Pooh!"

The blood dragon's eyes a horizontal: "that vicious woman, one day, this seat will kill to the upper bound, let her understand, what is dragon anger!"

After the words fall, the blood dragon body swings and kills Xuanji fiercely. Endless killing will rise to the sky!

"Beyond our means."

Xuanji snorted coldly, and waved his sword, which blew up the sky green awn, and cut the body of the blood dragon.

If the blood dragon wasn't hurt, she might have to be afraid.

But now, she clearly found that one of the blood dragon's paws, completely burnt black, was obviously seriously injured.

"The great famine broke the moon!"

Xuanji drinks a lot. She won't miss such a good opportunity.

The edge of the sword was broken. She cut her sword furiously. The whole sword was full of the breath of the old moon. It was cold and cold, and it was miserable.

Woo Hoo Hoo!

The sword flies across the void. If you want to cut open the moon, you can kill it with the vast sword spirit.

"Devil's blood claw!"

With a low voice, the blood dragon fiercely explodes out of his left paw.

Hazy blood light, Lingering between its claws, turned into a blood crystal like existence, firmly covering the whole claw.

Its claws, too, seem to be transparent.

Vaguely, you can see the strong keel inside, full of power.

Hiss!

With one claw, the blood dragon seems to crush the planet and cut through the void. It collides with Xuanji's sword.

Bang!

The sword and claws collided, and suddenly there was a huge noise.

The body of the blood dragon is still, and Xuanji is as stable as Mount Tai.

This confrontation is even and equal.

"Damn it."

Xuanji bit his teeth, but he didn't expect that the blood dragon would still have such a powerful force.

If all the recovery, the consequences are unimaginable!

The power of the dragon people in foreign countries can not be underestimated.

Her beautiful eyes twinkle, and Xuanji's eyes are full of poisonous snakes. She doesn't know what kind of plot he is planning.

"Kill the emperor's sword instantly!"

All of a sudden, she gave a tender drink and burst out with a sword.

The body was in a flash, actually moved in an instant, killed in front of Xia Ruoxue.

"Be careful!"

The blood dragon is shocked and kills out in a hurry to stop Xuanji's attack.

Xuanji's move is a very powerful sword technique in the upper world. It's called instant killing Huangdao sword. It combines the powerful laws of space. It moves in an instant and kills the enemy in front of him. It's beyond defense.

Fortunately, Xuelong is always on guard. When he sees Xuanji's attack, he responds immediately.

Bang!

It hits out with one paw and collides with Xuanji's sword.

But the feeling of collision, very weak, no strength.

"No, it's a trick!"

Blood Dragon Spirit changed greatly.

Xuanji's sword is a virtual move. He doesn't use his strength at all.

"Ha ha, evil animal, die for me!" Xuanji sneers and suddenly comes out and kills on the top of the blood tap.

She is very clever, using Xia Ruoxue as bait to lure blood dragon.

If it is in peacetime, with the strength of blood dragon, it will not be confused by empty moves.

But now care is chaotic, it is the way.

"Kill the emperor's sword instantly!"

Xuanji drinks up to the sky and the real killer is killed.

It is magnificent and magnificent, with the sword spirit of the upper realm emperor's way, and mercilessly cuts down on the blood dragon's body.

Puff!

All of a sudden, a ferocious wound appeared on the blood dragon, blood dripping, throat issued a dull cry.

"Blood dragon!"

Xia Ruoxue was frightened and wanted to crack, and her eyes were red. If it was not for protecting her, the blood dragon could not be so embarrassed.

"Damn it."

The blood dragon bit his teeth and felt a sharp pain.

"You haven't recovered to the peak yet. When you fully awaken that blood vessel, it may be me who will die.

The queen told me that strangling threats is the way to survive in the upper world. Now, I'll send you on your way. "

Xuanji's sword was successful, and he was suddenly in high spirits. He took the sword and killed him in front of Xia Ruoxue.

This time, it's not an empty move.

It's an upright, extremely fierce sword.

Xia Ruoxue's eyes shrunk and she quickly withdrew.

"If snow girl, you go quickly!"

The blood dragon's eyes and canthus were cracked, dragging the seriously injured body in front of her.

"I can't go. Besides, I'm a woman of Ye Chen. How can I live a life of idleness?"

Xia Ruoxue's beautiful eyes were cold, staring at Xuan Ji: "just, blood dragon, today we join hands and fight with her."

"Go! Even if there is only a chance left! I feel the breath of Tiandao palace! There are still enemies to kill!  
"

The blood dragon picked out a piece of scale and, with a crash, turned into a dragon scale flying boat.

"Xingling, you should take ruoshue girl away."

With a wave of the claws of the blood dragon, the reincarnation star stone and Xia Ruoxue were sent to the flying boat.

If Xuanji is the only enemy, he will lose both sides and save Xia Ruoxue.

But now, the Dragon God and the twelve elders are approaching with breath.

Once they get there, the blood dragon has no way.

Therefore, it must send Xia Ruoxue away immediately!

Whoosh!

The blood dragon waved its huge claws and took a gust of vigorous wind. The whole dragon scale flying boat quickly swept through the void and flew out of the hall.

"Blood dragon!"

Summer if snow calls a voice, bit teeth, beautiful eyes with a trace of sadness.

"Sister Xue, let's go quickly. Don't let down the sacrifice of Xuelong."

Starling whispered.

"Where can I run?"

Xuanji looks cold, and suddenly uses the sword of instant killing emperor. He wants to break through the void and chase Xia Ruoxue.

## Chapter 2974

"Stay, I am your enemy."

The blood dragon snorted coldly. Bearing the pain of the serious injury, the dragon claw swung out, exploded thousands of golden lights, and stopped Xuanji.

"Damn it."

Xuanji fell to the ground and looked at the bleeding dragon in front of him. He said coldly:

"You evil animal, you're all hurt like this. If you want to stop me, are you afraid of death?"

"Ha ha, even if you die, you have to pay the price."

The blood dragon roared up to the sky, fearless and fearless, and suddenly erupted with a trace of extraterritorial magic power in his body, blooming with thousands of auspicious Qi and a heavy haze.

The wound on the body can stop bleeding instantly.

Bang!

The Giant Claw swings out, crushing the void and hitting Xuanji's head.

At this moment, Xuelong is crazy about overdrafting his life, regardless of the consequences, Xuanji has to pay the price.

Xuanji's eyes shrank, and he held up his sword case in a hurry.

Bang!

The sword claws collided, but she was shocked back three steps.

"Dying."

Xuanji's face was very angry. Although Xuelong's attack was fierce, it was the end of its strength. After being seriously injured, the oil ran out and the lamp dried up, which could not last long.

She was not afraid at all. She killed the dragon with her sword.

"Here it is."

At this time, the Dragon God of Yan Tian and twelve elders of Tiandao palace came flying together. They just saw Xuan Ji slashing his sword and slashing a huge wound on the dragon.

"Lord Xuanji, it's you."

The Dragon God saw Xuanji's figure in the hot sky, and immediately issued a voice.

"Hehe, are you here too?"

Xuanji draws the sword and retreats. She injures the blood dragon with another sword. The blood dragon snorts and sinks directly on the ground. The wound is obviously very serious.

"Lord Xuanji is worthy of being a noble family in the upper world. You have made this evil animal obedient."

The Dragon God looked at the blood dragon's embarrassed appearance in the hot sky, and was very happy in his heart.

The blood dragon, which made him extremely afraid and fearless, is now sinking in Pingyang and is severely damaged by Xuanji.

There is no doubt that even if it is the Dragon God, its strength is not comparable to Xuanji.

"You go after Xia Ruoxue, and I will deal with the blood dragon."

Xuanji looks at the distance coldly. The dragon scale flying boat has turned into a black spot and is about to escape.

"This..."

The Dragon God in the hot sky was slightly stunned. He stepped into the nine heaven god dragon hall to kill the blood dragon.

Now the blood dragon is seriously injured, which is his chance to kill him.

He doesn't want to miss it!

"What are you doing! Go on! If Xia Ruoxue runs away, you can bear it

Xuanji said in a deep voice.

"The queen of the upper world..."

In the hot weather, the Dragon God shivered and his eyes were dignified.

The supreme queen of the upper world is not something he can offend.

Once the Queen's supreme affairs are delayed, the consequences are unimaginable.

"Good! Lord Xuanji, I'm going to set out at once. Please kill this evil dragon. Be sure to break it into pieces and frustrate the bones and ashes. Otherwise, the dragon's blood will wake up and there will be a catastrophe. "

The Dragon God bit his teeth. Although he wanted to kill the blood dragon himself, the situation was critical, so he had to go after Xia Ruoxue.

"I do things without your command."

Xuanji looks cold and arrogant and tightens his sword.

"Bah! What's arrogant, Dame. "

The Dragon God cursed in his heart and said: "wait for the Xuanyuan ink evil to break through the heaven man Road, kill the upper world with one sword, whatever you are superior to the upper world, the Queen's supreme, all will be destroyed in smoke and ashes!"

On the surface, the Dragon God did not dare to expose a trace of disobedience. He looked back at the twelve elders and said:

"all elders, there is absolutely something wrong with the blood dragon guarding that woman. We will just take her back to the palace and go

All the elders said, "yes, please."

At present, the Dragon God with a group of elders, along the track left by the boat, quickly chase and kill.

When the blood dragon saw this scene, his eyes cracked and his heart roared and called:

"master! Come on

.....

At the same time, Chongguang Tibet.

Whoa!

His body, directly through the waterfall, came to the cave inside.

"It's really a different world."

Ye Chen was very happy, but he saw a stone plaque at the entrance of the cave, which was engraved with the words "Chongguang tomb mansion". On both sides were a pair of couplets:

Chongguang palace, shuilian cave!

As soon as ye Chen is near the entrance, he is full of auspicious Qi and auspicious aura.

There must be a great fortune waiting for him in Chongguang tomb mansion.

"Even if it's a tiger's den, I'm going to make a breakthrough!"

Ye Chen sacrificed his weapons, holding the Sha sword in his right hand and the Zhutian magic gun in his left hand. He was alert and strode into the tomb. Chongguang tomb, at the end of the cave.

This cave is just an entrance.

Ye Chen into the cave, immediately feel the water vapor, a damp, Ding Dong sound of water, endless ears.

The world inside the cave is grotesque.

There were colorful stones everywhere, and the ground was covered with strange flowers and plants he did not know. On the top of the cave, there was a bat with blood jade color. A trace of aura condensed into mist and floated around.

"What is this?"

In vain, ye Chen saw a green fruit growing on a big tree on the wall of the cave.

This fruit is as green as jade. It is full of Fairy Spirit. It turns into a dragon, a Phoenix, a unicorn, a fox, a fire wind and so on.

Endless aura, emanating from the fruit.

"Ah, this is the green fruit of the God Emperor. It is made by absorbing the spirit power of the God Emperor. It has a lot of spiritual power. If you refine it, you will have great benefits."

The ancient medical God exclaimed.

Rao is well-known, but saw this God Emperor green fruit, also can't help but shake.

"Green fruit of God Emperor?"

Ye Chen's eyes shrunk. The Chongguang tomb is full of adventures. A fruit on the tree on the wall of the cave is actually a divine object.

Immediately Ye Chen did not hesitate to jump on the tree and reach out to pick the fruit.

Squeak!

In vain, the blood bat on the top of the cave, angry and shouting.

Immediately, a blood bat, dense, overwhelming, eyes flashing murderous fierce, fluttering wings, mercilessly kill to Ye Chen.

Obviously, this green fruit of God Emperor is their guardian.

Ye Chen wants to start picking, it is to rob their lifeblood.

Chuckle!

Ye Chen immediately killed with his sword and danced into a sword wall to resist the attack of blood bats.

Puff!

Puff!

Puff!

A blood bat, do not like life hit his blade, reduced to meat mud.

"What a fierce bat!"

Ye Chen is frightened. Each of these bats has powerful power and sharp claws. It seems that they can tear everything apart.

If you are a monk in the ordinary chaotic state, if you encounter so many bats attacking and killing, I'm afraid it will turn into white bones in an instant.

Even ye Chen is under great pressure.

There are so many bats that you can't kill them.

Chapter 2975

Ye Chen waved his sword and chopped a bat into meat mud, but more bats came from all directions and attacked him crazily.

Gradually, ye Chen felt weak. If he continued to do so, he would be exhausted to death.

"Xuanyan! Open it

Between the electric light and the flint, ye Chen put away his weapons and sank into the elixir field. At this moment, the terrible dark flame of Dantian erupted, sending out the sound of shaking the heaven and earth.

The power of divine fire, with the power of surging the void and soaking the sun and the moon, came out with a fierce explosion.

Ye Chen's whole body explodes, as if condenses into a fire dragon, entangles each other, turns into a dragon column, rushes out.

Hum!

The powerful power of fire swept around in an instant.

The blood bats around were stunned by the shock.

The bats in the outer layer screamed one after another and flew back into the cave.

Boom!

The whole cave, shaking violently.

A piece of stone, constantly falling, aroused the towering dust.

Fortunately, the Chongguang tomb house itself is strictly prohibited. Otherwise, it may have collapsed long ago.

"Hoo..."

Ye Chen spits out a mouthful of turbid Qi, takes out a pill to take, slightly recuperate breath.

On the ground, covered with a thick layer of mud, is the body of a bat just killed by him, and there is a bat that is stunned, struggling in the mud.

Ye Chen is too lazy to take care of it. He reaches out to pick the green fruit of God Emperor. This time, there is nothing to stop him.

The whole green fruit of God Emperor is like a warm jade.

Ye Chen took it in his hand, and his whole body was comfortable, and his aura came to his face, but he couldn't stop it.

"If I eat this fruit, my cultivation will surely be improved!"

Ye Chen's eyes show joy, just want to swallow God Emperor green fruit, suddenly, he spit out a mouthful of blood!

The power of Dantian was pulled away!

Not only that, but also a picture appeared in his mind!

From the picture of the nine heaven dragon hall!

Summer like snow! Blood dragon! Crisis!

No more delay!

"There's something wrong with Jiutian Shenlong hall!"

Ye Chen is burning with anger. He wanted to continue to go deep into Chongguang tomb mansion, but it is obviously not right now!

He no longer hesitated and went directly to the periphery!

Suddenly came to ye Lingtian in front of!

"Master of the temple!" Ye Lingtian Mou son a congealing, he feels the hall Lord is not right!

And ye Chen looked serious, leaving only one sentence: "Ling Tian, two things! First, solve the problem of Ye Xueqing, a traitor who is planted in the Ye family in Tiandao palace! Second, help me Tell ye Shaoqiu that I will leave for a while! There's something wrong with Jiutian Shenlong hall! "

Ye Lingtian didn't react, ye Chen disappeared instantly!

The next moment, ye Lingtian's eyes are dignified and disappear in the house!

He knew that there was going to be a big event in the whole Ye family!

High level traitor, how serious!

But he has to deal with it as soon as possible! Step on the nine heaven dragon hall together!

.....

Screen rotation!

Xuanji looked at Xuelong's struggling eyes and said with a sneer: "what are you struggling about? Do you think someone will come to rescue you at this time?"

Hiss!

Xuanji no longer talks nonsense. Holding the sword handle tightly, Xuanji flashes her body in the same place. In an instant, she sweeps across the void and cuts the head of the blood dragon with a fierce sword.

"How can the war of such a prosperous age be without me?"

"I cover the heaven and the devil, and I also want to challenge the people in the upper world today!"

All of a sudden, an earth shaking drink runs through the void.

All of a sudden, the moon faded and the clouds surged.

The sky was covered with evil spirit.

Over the nine days, there are countless gods singing and shaking the sky.

Earth mud abyss, also exploded endless black fog, it seems that hundreds of millions of creatures are crying.

Nine born, as if evolved into a world of demons.

A huge eye, imprinted on the sky, filled with the fierce evil spirit of ancient times.

"Devil's eye!"

Xuanji's face changed greatly.

Rolling evil Qi, condensed into a very powerful, extremely arrogant, incomparably great figure,

is the devil emperor covering the sky!

"Master devil It's coming. "

Blood dragon eyes slightly shrink, with a trace of surprise.

It did not expect that ye Chen did not come, but the dark devil emperor came.

"I seem to have heard your call. Is everything ok?"

His body is covered with a long black robe.

On the robe, embroidered with swords, mountains and fires, Purgatory and Shura, etc.

He strides boldly and comes down from the sky and falls beside the blood dragon. He looks at Xuan Ji in front of him coldly.

"The foreign breath is so magical. It seems that I underestimate the kingdom of God!" Xuanji's eyes shrunk, and his hair suddenly fell to the ground, and there was a crisis.

She felt that the magic emperor's power was very strong, reaching the seven levels of heaven and God realm! Maybe even higher!

She is not afraid of her peak state, but there is still some distance between her present state and the devil emperor!

If she fights, she has no chance of winning.

The most powerful blow from the cover of heaven was enough to destroy her.

"Leave quickly. The blood dragon is my friend. I don't want anyone to hurt it."

The voice of the demon emperor was very cold.

Extreme bloodthirsty!

Cold to bone marrow!

While speaking, countless demons were surging and blowing up a series of rule runes, which condensed into chains and made a sound in the void.

If Xuanji dares to say "no", he will fight against the heaven! Challenge the upper bound!

His rebirth is entirely due to Ye Chen!

He is willing to offend everything for ye Chen!

What is the emperor, the emperor is not respected, but in the heart of righteousness!

"I am a noble family in the upper world. Dare you kill me?"

Xuan Ji bit his teeth and said, "this evil dragon has violated the empress. It must die today. Cover the devil emperor. In the face of the empress, please don't stop."

"Don't talk nonsense. Give you three breaths."

"Go away!"

"Or, die!"

He was extremely proud and did not flinch.

The queen of the upper world is the most horizontal existence in the upper world.

Even if it's him, he has to be terrified.

But now, this is the kingdom of God.

The hand of the upper bound can't be extended.

Therefore, he is fearless. If Xuanji dares to talk nonsense, he will kill him even if he is blasphemous.

This is the arrogance of the devil emperor!

Fear nothing!

Crush everything!

What about the upper world and the empress? The God of the dark has never been afraid.

"Demon emperor, please think carefully. Once you offend the upper world, the Queen's supreme anger is not what you can bear."

Xuanji was on guard, stepped back slightly and said again.

"It's time."

"Well, since you don't go away."

"I'll see you on the road!"

The words of the dark emperor are like thunder, and the magic power is towering.

No nonsense.

With a wave of the big hand, the demons of all the heaven are condensed into a long sword.

It seems that it is going to kill all the people and explode from the sword.

One by one, chains of black fog burst out the Runes of Tao's law and wound around the body of the sword.

"Chop!"

The emperor of covering the sky drinks violently and slashes with his sword.

With a sword, the sky, the earth, the sun and the moon seem to collapse.

The universe seems to be under the power of this sword.

Infinite evil Qi, endless majesty, rolling out.

Chapter 2976

"This guy is so arrogant."

Seeing the fierce appearance of the dark demon emperor, the blood Dragon nodded his approval.

We should be afraid of the noble family in the upper world, the supreme emperor of the empress, and the heavenly way palace.

But he was not afraid.

The people of the upper kingdom will kill if they say so.

It's a sword of seven layers of heaven. It's powerful enough to crush endless.

This sword can not be resisted by Xuanji now.

Xuanji's eyes were shocked and deeply frightened.

I didn't expect that the devil emperor would dare to violate the majesty of heaven and disobey the empress and kill her.

"Zhentian imperial city sword!"

At the critical moment of life and death, Xuanji raised his slender hand and presented nine flying swords with the thickness of little thumbs.

The nine small flying swords, as soon as they appeared, burst into a towering yellow light. In an instant, they became huge like carved dragon beams and pillars. They thundered down on the ground and surrounded Xuanji tightly.

A vast amount of Wutu essence is circling around the flying sword.

Bang!

With a sword, the dark devil emperor cut into the huge sword column and blew up the waves.

The nine sword pillars were smashed and smashed in an instant. They were beaten back to their original shape and turned into nine small flying swords.

The sword broke and fell into scrap iron.

"It turns out that you still have the imperial sword."

The dark emperor nodded.

This town's emperor city sword is a flying sword refined by the upper bound weapon refiner. It's made of pure earth essence. It's not a sword for killing, but a sword for guarding. It can surround the sword and build a city, forming nine sword pillars to protect life.

"Damn it, you are so strong?"

"Where on earth have you been abroad?"

Xuanji bit his teeth and was completely flustered.

The flying sword given to her by the queen was chopped in an instant.

The strength of this dark demon emperor is not weak in the upper world.

In time, he stepped into the supreme realm, killed to the upper bound, I do not know how earth shaking.

"If you take my sword, I'll see how many cards you have left."

With a solitary and arrogant vision, he waved his hand again and cut out the sword.

The sword is like a mountain and a prison.

Puff!

This time, without any protection, Xuanji was directly shocked back by a sword, and his blood gushed wildly. Her body hit a broken wall in the ruins at the bottom of the lake, and then fell down with the blood.

"Well, not dead yet?"

The eyes of the demon emperor shrank slightly.

He felt that Xuanji's vitality was not broken. Although he was seriously injured, he did not die.

It's impossible.

The other side was injured a few points because of the suppression of the blood dragon and the rules of the divine kingdom.

He took advantage of it. He should have the qualification to kill him!

But it didn't work out!

Now, she's still alive.

"Cough..."

Xuanji coughed blood, staggered to his feet, and paid a distant homage to the empress mural on the far wall: "thank you for your help."

On her body, the divine light blooms.

A trace of the mighty Tianwei, constantly rolling.

The whole night sky was illuminated in an instant.

Her light, as if to run through the universe, powerful and boundless.

"Damn it, it's the Queen's majesty!"

The devil emperor's face changed slightly.

From Xuanji, he felt a sense of dignity that shook everything.

This is not Xuanji's breath.

This is the imperious power of the immortal queen!

"The queen, even at the risk of offending the rules, has dropped a mark of imperial power

He stepped back a little, and his face was very dignified.

Xuanji has a mark on his body.

It is the imperial power mark of the empress of the upper world. It has the divine power to crush all living beings. It is enough to make the road crumble and the world lose its color.

The upper world and the kingdom of God are totally different worlds.

If you cross the boundary wall and leave a mark on the species, it will cause a huge reverse phagocytosis.

But now, the empress of the upper kingdom is actually taking the risk of backfiring and offending the rules. She has dropped a mark of imperial power and planted it on Xuanji.

Xuanji's eyebrows are condensed into an ancient totem, just like the sun and the moon.

This pattern of sun and moon is the mark of Diwei.

Relying on the power of the mark, she withstood the sword cut of the demon emperor.

Even, the body's injury, also in the rapid recovery.

"That woman is crazy. Let's go."

Without hesitation, he waved his hands, rolled up a gust of vigorous wind, and flew away quickly with the huge body of the blood dragon.

Proud as he is, he is definitely not a rash man.

Now that the queen of the upper world has made a move, he will not be foolhardy. In any case, the emperor's imprint can't last too long.

Otherwise, the rules will break out, and the queen will be devoured without him!

Now, as long as you delay a little time and wait for Diwei's mark to disappear, he can kill Xuanji at any time. There is no need to take the risk now.

"Cover up the devil emperor, blaspheme the queen, you also want to die."

"Leave it all for me."

Xuanji soared up, his divine light was blooming, and his imperial power filled the sky and earth. The sun and moon imprinted on his brow covered all ages, as if to shine on the universe.

Boom!

With a wave of her slender hand, like the emperor of heaven, the endless breath diffused out.

All of a sudden, the void around was sealed off.

With the blood dragon, he is about to tear the void away.

But now, the void between heaven and earth, covered by Xuanji's imperial power, is locked in an instant, and it is impossible to tear it apart and escape.

"Damn it."

If he is trapped in this void, he will face Xuanji directly.

Although, he is not afraid of fighting.

However, this kind of battle has no value. It is just a waste of effort, spiritual power and evil spirit.

What's the point of fighting with a mark.

"Kill the emperor's sword instantly!"

Xuanjijiao drinks, with the help of the power of Diwei's mark, fiercely cuts out with a sword.

Boom!

The huge body of the sword swept through the void in an instant and exploded into the sky.

Under the infusion of Diwei, her sword moves have greatly improved their lethality.

"Magic light shield, eternal protection!"

The demon emperor of the covering heaven drank violently and waved his hand. The evil Qi was condensed and turned into a huge shield, which was erected between heaven and earth.

Bang!

Xuanji's sword stands on the shield.

Whoa!

The shield's light shatters and disappears.

However, Xuanji's sword power is also eliminated.

"This guy can block the sword of Diwei."

Xuanji was deeply shocked.

She was accompanied by Diwei's sword killing moves. Her lethality was amazing enough to cut through the stars, the sun and the moon. But now, she was dispelled by an air shield of the demon emperor.

We can imagine the strength of the dark emperor.

What happened to the kingdom of God?

How could such a monster be born!

"Devil, it's meaningless to fight with this woman. Let's go!"

The blood dragon's eyes twinkled and his body recovered a lot.

After awakening its blood vessels outside the territory, its physical recovery ability is very amazing. The wound just injured by Xuan Ji has now healed, and the internal injury is also recovering rapidly.

Now it needs time to rest. There is no need to entangle Xuanji.

Chapter 2977

This Xuanji is just a dog fighting against others.

If the mark of Diwei disappears, he will unite with the devil, and he will surely die.

"The space here is blocked. Where can we go?"

"The nine heaven dragon hall is your domain. Do you know where we can rest for a while?"

He doesn't want Xuanji to get entangled. Instead of wasting his energy, he might as well wait for the opportunity.

As long as the mark of Diwei disappears, all pressure threats will disappear.

"I know a place. Come with me."

The blood dragon's voice was low, and his body swayed away in a direction.

"Oh?"

Cover the sky evil emperor to resist the wind to float, the evil spirit is rolling! Follow quickly.

"Stop for me!"

Xuanji shouts and comes after him with his sword.

"The evil spirit moves the sky, the dead spirit attacks, opens!"

When the emperor of Zha Tianmo drank up to the sky and brushed his sleeves and robes, the evil spirit gushed out. The skeletons, ghosts, shuras, Yasha and other demons were killed out of the fog, forming a demon army, and resolutely killed Xuanji.

"Emperor Wei, sun and moon, drive away demons and evil spirits!"

Xuanji waves his hand, and the sun and moon mark in the center of his eyebrows explodes.

The divine light of the sky, like the judgment of heaven, kills like a crossbow of locusts, and kills a head of demon.

But in the world, the evil spirit is endless.

Innumerable demons, rolling and rushing out, can not be killed.

The whole sky presents a magnificent picture.

On the other side, there are monstrous demons and empty army of dead spirits.

On the other side, the divine light is vast, as if there is a god singing. Countless weapons and arrows condensed by the divine light are cutting and killing crazily.

Gods and Demons attack each other fiercely.

The Emperor didn't care about the result.

With the attack of the demon army, the dark emperor and the blood dragon finally got rid of Xuanji's pursuit and flew to a very terrible abyss.

This abyss, filled with a broken force of restraint, is the same abyss that used to imprison the blood dragon.

"Come on, let's go down."

The blood dragon swayed its body first and dived to the bottom of the abyss.

The place of rest it said was this abyss.

"It's wonderful, wonderful."

The dark emperor was also a wise man. He immediately understood the intention of the blood dragon, and his eyes were bright.

One person, one dragon, instantly dive into the abyss.

The prohibition in the abyss has been broken by the blood dragon and has no protection.

The blood dragon claw swings, plays a magic formula, and starts the seal prohibition again.

Whoa.

All of a sudden, a layer of forbidden shield flowing with supernatural brilliance covered the abyss again.

"This prohibition is quite huge, and I have never heard of it abroad."

The emperor looked up at the forbidden light, his eyes slightly condensed.

Even he, in the face of this terrible prohibition, is extremely afraid. If he tries to break through, he doesn't know how much he has to pay.

However, he did not panic. Since the blood dragon reopened its seal, there was naturally a way to escape.

"Don't worry. I have broken this seal once. We know the way to leave. We will not be trapped."

Blood dragon light way.

Now what it needs most is time.

When the waiting time passes, the power of Diwei's mark disappears, and there is no danger for them.

Now Xuanji also has the power of the empress of the upper kingdom. It's really hard to deal with it. There's no need for them to take risks.

"In this way, I am at ease."

When the devil nods his head, he will sit in the bottom of his heart.

Boom!

God light like electricity, crushing everything.

Xuanji's majesty broke out, and countless swords and swords penetrated the void, killing all the demon troops in front of him.

Heaven and earth, the sun and the moon, the restoration of Qingming.

"Damn it."

Xuanji bit his teeth. Although he won the battle, he was not a bit pleased.

Because she has been delayed by the dark devil.

The demon emperor and the blood dragon must have been hiding.

"The mark of Diwei won't last long. I must kill them as soon as possible, or else it will delay the great event of the empress, and I will never be able to atone for my death."

Xuanji closed his eyes, and the sun and moon imprint between his eyebrows filled his eyes. In a flash, he caught the breath of the dark god and the blood dragon.

Hiss!

With her sword in her hand, she tore through the void. In the next moment, she appeared in the sky above the abyss.

The mighty light came from her.

Her whole person, as if a round of scorching sun, will be around the dark abyss earth, reflected incomparably bright."Annoying flies, haunted."

He smacked his lips and felt a little annoyed.

When nadiwei's mark disappears, he must break Xuanji into pieces to vent his anger.

"You two think you can escape the Queen's trial by hiding in the abyss?"

Xuanji looks at a man and a dragon in the abyss, and a chill rises on his pretty face.

Hiss!

With her big hand in hand, her radiance condenses and turns into a big bow with one person's height.

Later, she took the saber as a bow and shot it out.

Boom!

The big sword is like a sharp arrow, which is mixed with the mighty power, and it is hard to kill.

She wants to kill two birds with one stone and kill Zha Tianmo Di and Xuelong.

Bang!

Strike the sword into the abyss.

A strong layer of prohibition emerged in an instant.

Xuanji's sword hit the forbidden shield.

All of a sudden, the divine light of the sky and the ancient breath of prohibition collided with each other and exploded a terrible wave.

When the storm was over, the forbidden shield did not move at all, and there was no sign of damage.

"No way!"

Xuanji was deeply shocked.

Her sword, with the majesty of the emperor.

However, it can not destroy the prohibition.

How strong is this prohibition.

Xuanji took a deep breath and felt the breath of ancient times.

I don't know who set up this prohibition here.

Even the power of Diwei's mark can't break it.

"How can you get out of this prohibition when you want to die

Xuanji bit his teeth and looked at the dark emperor and the blood dragon.

"No trouble."

The voice of the blood dragon is full of dignity and anger!

"Xuanji, I don't think your strength will last long."

With a faint smile, Zha Tian Mo Di is aware of the imprint on Xuanji's eyebrows. His breath is weakening, and he is expected to disperse soon.

If not the strength of the enemy's hand.

"Damn it."

Xuanji stamped his foot. Helpless, he had to tear up the void and flee quickly.

She can't break this prohibition at all.

That is to say, she can't kill zhetime and Xuelong.

If you don't run again and wait until the mark disappears, it will be her death.

Xuan Ji ran away.

"Evil emperor, if snow girl is not out of danger, we quickly go to save people."

The blood dragon's eyes sank into practice. Just now it clearly saw that the Dragon God and the elders of Tiandao palace had gone to hunt down Xia Ruoxue.

If you don't help, Xia Ruoxue may be in danger.

You know, the Dragon God and many elders of Tiandao Palace are very powerful.

The lineup is very strong.

It's absolutely not that Xia Ruoxue can resist it.

"Don't worry, I feel Ye Chen that boy's breath."

"The boy is coming, the woman should not be in trouble."

Chapter 2978

In the depth of Tiandao palace, Xuanyuan moxie stood with his hands on his hands, his black hair was floating in the wind, and there were wisps of mist, even showing many law runes.

Obviously, his cultivation is more advanced than before, and I don't know how profound it is.

He closed his eyes as if feeling everything.

For a long time, his eyes opened.

"The land of rising leaves failed, and the nine heaven dragon hall was also in danger."

"Since when did the heavenly way palace become so passive?"

"Will the heavenly way palace be broken down as it was then?"

"And I will fall under the sword like the previous palace master."

The next moment, Xuanyuan ink evil eyes a coagulation, eyes become extremely bloodthirsty!

"It's all about that kid!"

"If that boy grows up to the heaven God realm, I will die in Tiandao palace!"

The finger of Xuan Yuan is pressing the evil omen constantly.

Must kill the mysterious youth and the blood dragon!

Otherwise, it will be inevitable.

But now, he can feel the connection between his mind and the Dragon God is weak!

What's more, divination for the Dragon God in the hot sky just now, it's a very fierce situation!

He can't let the Dragon God go wrong!

.....

At the same time, Xia Ruoxue is sitting in a dragon scale flying boat, and the star spirit to escape.

She sat cross legged on the boat deck, quietly refining the body's reincarnation star flame.

The sky is slightly bright, a trace of morning sun, scattered on her body.

Her whole person, such as the green silk waterfall, face like the morning glow, like a goddess, holy can not square things.

"Sister Xue is so beautiful."

The star spirit made a voice of adoration.

After a night's rest, Xia Ruoxue's injury has recovered a lot. Now refining the reincarnation star flame can almost succeed.

"After all night, I finally catch up with you!"

All of a sudden, a bleak laugh rang out from behind.

Xia Ruoxue's face changed. When she looked back, she saw that the Dragon God, with twelve murderous and seriously injured elders, stormed fiercely.

Although these people have fallen to the level of the gods and even the peak of chaos!

But it is not the summer snow can shake now!

"Damn it."

Summer if snow beautiful eyes a shrink, but did not expect to be pursued by the people of the heavenly way palace.

"Sister snow, I'll stop them. You can refine the reincarnation star flame quickly!"

Xingling step forward, now is the last moment, as long as delay a moment, Xia Ruoxue can successfully refine.

"We can't participate in the battle situation of Lord Xuanji, but we can solve it right now! Now, I've changed my mind. If people kill me, the samsara star stone will be snatched. "

In the summer, the Dragon God stopped drinking, and with twelve elders, he immediately killed the boat and rushed to Xia Ruoxue.

He is well aware of Xia Ruoxue's reincarnation star flame. If Xia Ruoxue is successful in refining, it is almost impossible for him to kill him again.

Even, they may be killed!

After all, the reincarnation star flame is a kind of divine fire between heaven and earth, containing endless power.

If Xia Ruoxue can be refined smoothly, her strength will definitely advance by leaps and bounds.

When you want to run, it will be easier!

Whew! Whew!

The twelve elders of the heavenly way palace roared and started to fight with endless pressure. They wanted to crush Xia Ruoxue with the power of thunder.

"Snow sister, be careful!"

The spirit of the stars made a voice, and the whole samsara star stone floated up and blocked in front of the faces of the Tiandao palace.

Last night, she made the decision to sacrifice her protector.

In the face of a strong enemy today, she will not flinch.

Boom!

The air shakes and the sun fades.

Twelve injured elders joined hands to strike. How majestic was the momentum, and the whole void was turbulent.

"Xingling, get out of the way!"

Xia Ruoxue's red lips are slightly open. If this blow falls on the reincarnation star stone, the star spirit must have an accident, and there is no possibility of survival.

But the spirit of the stars did not flinch.

Her eyes determined: "snow sister, thank you for taking care of me during this period."

"At the beginning, my memory is fuzzy and my mind is not complete. You have never despised me."

"I've done a lot of wrong things, and you never blame me."

"I don't know what will happen to my sister Xuexue in the future."

"The queen of the upper kingdom will be defeated by you."

The next moment, reincarnation star stone actually blooms out bursts of star awn, want to resist everything for Xia Ruoxue!

Summer if snow, red eyes, delicate body trembling!

Are they really unable to leave safely today?She even saw the ferocious face of an elder!

As if killing prey is a pleasure!

After all, in the blood dragon that frustrated, now strangling such a small woman, it is not a kind of self comfort!

However, the next moment, the void vibrates!

A surge of extreme pressure!

Then, a voice like from above nine days resounded through the sky!

"My Ye Chen's woman, who dares to move!"

Incomparably sonorous, incomparably domineering voice, burst out from the heaven and earth.

The void is broken, a tall and straight figure flies out in an instant.

It's Ye Chen!

"Ye Chen!"

Xia Ruoxue can hardly believe his eyes when he sees Ye Chen coming.

She has not seen Ye Chen for a long time.

Since she left shenjizong to practice alone, she has lost all news of Ye Chen.

Many times, she will think of the scenes of China.

At that time ye Chen, gave her a surprise.

It's like a man with magic!

Even let her cold heart, deep fall.

"Brother Ye Chen, you are here."

Star spirit convergence, is also great joy, all the pressure, suddenly disappeared, only full of stability.

Although Ye Chen at this time only cut down the nine layers of heaven, and the hot sky, the Dragon God and many elders, the apparent strength gap is very large.

But Xia Ruoxue and Xingling are deeply convinced that as long as ye Chen comes, they will certainly destroy the enemy and there will be no danger.

Bang bang bang!

One after another vast attack, severely hit Ye Chen.

"Red dust God pulse, open!"

"Ling Feng Shen Mai, open up!"

Ye Chen's body is as stable as Mount Tai. He directly opens up two divine veins and resists the joint attack of twelve elders.

The golden light in the sky exploded from him.

His whole person, like the ancient god of war, is invincible.

"What!"

Not far away, the Dragon God saw this scene and was deeply shocked.

"No way! You little boy, you just cut down the nine layers of heaven in the land of adversity, and you actually blocked the attack of the elders

The Dragon God couldn't believe his eyes.

Although, the twelve elders, all of them have fallen, only half step of the strength of God.

But twelve and a half step gods, how terrible the strength is.

Just a monk who cut down the nine layers of heaven in the disaster area, under the bombardment of twelve and a half steps of the gods, should be crushed like debris and died like flying ash.

But now, ye Chen is undamaged!

His constitution, his blood, how strong he is, actually blocked twelve and a half steps of the God's attack.

Chapter 2979

"Die for me!"

Ye Chen roared and waved his right hand, and the evil sword appeared.

Violent evil spirit, as if to sweep the world.

The void around him is full of his sword sense.

Hiss!

Ye Chen fiercely splits out a sword and cuts toward an elder.

His martial arts charm, instantly condensed into a field, the foot of the brilliant bloom, this sword's lethality, is also earth shaking.

Under the boat, countless mountains and forests, a head of birds and animals, panic.

Under the sword spirit of Ye Chen, all the creatures in thousands of miles are shocked, and I don't know how huge waves are caused.

Hiss!

The sword fell, the blood splattered.

An elder was caught off guard and was cut off an arm by Ye Chen's sword, which splashed blood.

"Ah

The elder was in deep pain and screamed.

"Damn boy, how dare you be arrogant even if you just cut down the nine layers of heaven in the disaster area?"

The Dragon God snorted coldly in the hot sky, and said, "if you go up together, if you can't beat the mole ants who cut the bad situation, you can do it yourself."

"Yes

All the elders agreed in unison and offered sacrifices to such things as Jue ware. They killed Ye Chen fiercely.

There was an elder who had his arm cut off just now. Although they were panicked, they did not despair. They only thought that they were careless and belittled the enemy.

As long as you keep your mind steady and rely on the power of the twelve and a half steps of the gods, it is easy to crush a practitioner who cuts down the nine layers of heaven.

"Red dust God pulse, the power of breaking the sky, burning blood formula, breaking everything!"

Ye Chen fearless, directly opened the red dust God pulse.

Hum!

All of a sudden, the magnificent Gengjin spirit burst out of his body.

His whole person, golden, as if wearing a set of diamond armor, incomparable, like the God of war in heaven.

Many weapons and magic weapons offered by the elders, one by one, are sacred weapons, which attack Ye Chen severely.

However, ye Chen relies on the defensive power of the red dust God pulse, but he is not at all flustered, and fiercely confronts.

Chuckle!

Ye Chen wields his sword like a splash ink landscape, with thousands of sword lights, and with the momentum of penetrating the stars and the moon, he kills many elders in front of him.

And all the elder's magic weapons also fell on him.

But because of the red dust God pulse defense, ye Chen did not receive too much damage.

Sword light rolling, ye Chen will be forced back.

In this round, he had a slight upper hand.

"This boy, the defense is so strong. What kind of blood is this?"

The eldest brother of all the elders was shocked. Under their overwhelming attack, ye Chen did not have the appearance of defeat at all, but had the upper hand.

"Thunder wasteland dominates star sword!"

Ye Chen a violent drink, since snatched the fighter plane, he can not easily miss.

At the moment when the elders are in a trance, ye Chensha's sword is slashed wildly, with stars, thunder and heavenly power mixed, and then he is killed.

The whole heaven and earth, as if it had become a wasteland thunder prison, endless thunder breath, and towering starlight sword spirit, condensed into an incomparable sword Gang giant pillar, and fiercely rushed forward.

Puff!

Jiangang runs through, and an elder in front of him is killed by Jiangang. A hole is punched in his chest. His mouth spits blood. In an instant, his body and spirit are destroyed and he falls from the boat.

There is no whole body.

"What!"

All the elders were deeply shocked. Unexpectedly, ye Chen's sword spirit was so powerful that he killed a half step God state master with one sword.

After using this sword, ye Chen steps back slightly and gasps slightly.

Although these people have fallen to the half step God, but before this can be the existence of the early days of the God realm!

There are even some of the previous three levels of heaven and God!

Even if you are seriously injured, you must not despise it!

"You can't underestimate this boy."

Looking at this scene, the Dragon God is also extremely afraid.

At this time, ye Chen just cut the nine layers of heaven in the disaster area, and he had the power to kill the half step God.

If he reaches the level of God, what will he do.

At that time, I'm afraid the whole heavenly way palace will be destroyed.

Fortunately, looking at Ye Chen's panting appearance, the Dragon God's heart is also calm a lot.

It seems that it is not so easy to cross the boundary.

Now, he has eleven elders under him, enough to kill Ye Chen.

"Heaven has a way, you don't go, hell has no door, but you come."

The Dragon God sneered at him. He just wanted to kill Xia Ruoxue. He didn't know where the boy was hiding.

But now, ye Chen personally delivered to the door, but saved him a lot of energy.

As long as you kill Ye Chen here, you can solve the great hidden danger of Tiandao palace."Kill this son!"

"Avenge elder Qiu!"

The remaining eleven elders also saw the weakness of Ye Chen's breath. They were all angry and rushed out to tear up Ye Chen.

Ye Chen looks at zhuchanglao's killing, but he doesn't panic at all. Instead, he takes a deep breath and recovers his strength. Then he shouts loudly:

"Lingxiao martial spirit, butcher God breaks the sky! Open it

Extremely arrogant, incomparably magnificent martial arts charm, instantly burst out of Ye Chen's body.

His whole person, momentum soared, as if to swallow up mountains and rivers.

The evil sword is in hand. With a fierce sword, the sword light with Lingxiao's martial intention is to roar at many elders.

"What a powerful momentum!"

The elders were shocked.

Ye Chen's sword contains a very sharp meaning. If they are cut, they will be destroyed even if they are in the heaven and God realm.

"No back! Give it to me

The Dragon God's eyes were sharp in the hot sky, and he was furious.

A majestic majesty came out like a tide, blocking the steps of the elders' retreat.

This is the majesty of the real God, which can not be compared with the half step God.

The Dragon God knows very well that ye Chen's sword is only one sword.

As long as you catch his sword and sacrifice an elder, the remaining ten people will be able to rush forward and frustrate Ye Chen!

Naturally, all the elders know this, but the problem is that no one wants to die. Everyone wants to die.

Unfortunately, now the Dragon God cut off their retreat, they can only be tough.

Whoosh! Whoosh!

A line of figures, facing the sword light of Ye Chen, rushed up.

Now, the eleven of them, who are killed by a sword, depend entirely on Ye Chen's mind.

As for ye Chen, after killing one person, facing the siege of the remaining ten people, I am afraid it is very dangerous.

"Ye Chen, be careful! Go back

Xia Ruoxue shouts anxiously, and she also knows that the situation is critical.

"Since all of them have come to die, I will send you on the road!"

Ye Chen looks up to the sky and drinks violently.

Originally, they wanted to defeat the elders one by one, but now they are rushing forward, and the situation has become very dangerous.

Ye Chen's clothes and robes are flying, and his body's spiritual power is broken. He no longer has any reservation. He directly brings his cultivation to the extreme.

In both eyes, killing intention boils, seven times blood light, the body surface explodes, the whole body huge force surges, mercilessly one sword!

Whoa.

The vast immortal golden light, rolling from his body, mixed with the ancient evil spirit, his whole person, God and devil are in one, and his eyes are filled with towering majesty.

Chapter 2980

"A sword to cut the sky!"

"Burning the sky with a sword!"

"Eternal thunder sword!"

"Sword for killing the devil!"

"The sword of the nine gods!"

"Spirit and devil kill Heaven Sword!"

"Destroy Shinto, open!"

Ye Chen clenched the hilt of the sword and threw it wildly. The light of the sword startled the sky. The endless evil spirit mixed with the ancient breath seemed to run through time and space and crush the universe.

At this moment, he directly displayed the six most extreme swords.

Six swords return to one!

The sword spirit of the wind is extremely terrible in the whole kingdom of God!

If combined with his Lingxiao martial arts, it will certainly shake the world!

In an instant, the six swords returned to one and evolved into a terrible sword Gang, which broke out the array rule energy and directly cut many elders in front.

The endless breath of law, like the Yangtze River and the sea, is turbulent in the sword gang.

Ye Chen's sword, with all his strength, is not only six swords returning to one, but also mixed with the power of destroying Shinto. The power is almost against the sky.

Boom!

Before the sword gang was killed, there was a sound of thunder rolling between heaven and earth. The clouds on the sky were crushed by the sword Qi. Even the sun in the East was shaken.

"No, back off!"

The eldest brother of Zhuchang was shocked. He didn't expect that Ye Chen could use such a powerful sword move to cut down the nine layers of heaven.

This sword is going to cut through the world.

Under the heaven God realm, touch it must die!

If it was in the past, they were still gods, maybe they could resist.

But now, their accomplishments have fallen to the level of half step gods.

In the face of such a powerful sword, there is no room for resistance at all.

"This boy, his sword skill is so powerful that he can't stand it."

Outside the battle circle, the Dragon God also showed a look of horror.

Ye Chen's sword is perfect in all kinds of ways and rules. The sword's power moves the sky. Even he must be afraid of it.

Puff!

The fierce and rebellious sword Gang roared out.

The elders could not escape, and were killed by the sword gang.

Blood splashing, visceral spilling!

All people, the body and spirit are destroyed, dead without a whole body!

"Ye Chen..."

Xia Ruoxue covered her mouth and witnessed the scene of startling the sky in front of her eyes and was deeply shocked.

She did not expect, a period of time did not see, ye Chen actually grew up to this point.

The power is far greater than in the past.

Obviously, during this period of time, ye Chen's cultivation was advancing by leaps and bounds, and his strength was much stronger than before.

"Brother Ye Chen is so powerful!"

The star spirit also cheered up.

It's impossible to kill a lot of experts even though you can cut down nine layers of heaven in the bad situation.

But this impossible miracle happened to Ye Chen.

"Little beast! What a cruel means

The Dragon God looked at the broken corpse on the ground, and the endless dragon chant resounded!

These twelve elders, all of whom are of high status in Tiandao palace, are now all killed by Ye Chen. This is undoubtedly a huge loss to Tiandao palace.

"A thousand pieces of corpses! I must tear you to pieces

The Dragon God roared in the hot sky, and his body swung, showing his real body and turning into a fierce and powerful fire dragon.

Hiss!

His eyes were ferocious. The Dragon God waved his huge claws and hit Ye Chen's head fiercely.

Sharp claws, tearing the void, as if to collapse the whole universe, powerful incomparable.

He wants to kill Ye Chen.

If you don't kill Ye Chen, such a great loss, after he goes back, there is no way to explain to Xuanyuan Mo Xie.

At this time ye Chen, slightly gasping, after all, all the way to come, he used a lot of means!

There is a huge consumption of the body itself!

He just tried his best to kill all the elders. Now he has not recovered his elixir power.

But the Dragon God's blow in the hot sky is roaring.

He is the master of Xuanyuan ink evil. He is a real God. His strength is much more powerful than the elders.

This claw, with the majesty of God, the surrounding space collapsed layer by layer, as if the whole world was about to be destroyed.

"Devil's pupil!"

Facing the blow of the Dragon God, ye Chen looks dignified.

He knew that he had not recovered his strength. If he tried hard, he would die.

Therefore, he was not flustered. His body stood upright, and the black light at the center of his eyebrows surged. Suddenly, a terrible pupil appeared.

It's the eye of the devil!

The fierce magic light burst out of Ye Chen's eye pupil, mixed with the magic pupil light of distorting space and the law of destruction, just like the ancient Aurora, penetrating the void and hitting the burning Dragon God.

The magic pupil of the devil can deeply shake the moving spirit and give birth to the idea of life and death. In essence, it is pupil technique. It consumes little spiritual power, but the most important consumption is soul energy. Therefore, even if ye Chen's spiritual power is seriously exhausted, he can still display the demon's magic pupil.

Danger!

Deep danger!

The Dragon God of the burning sky suddenly felt that the ray of the evil pupil was extremely cruel and murderous. If attacked, his mind would be lost and he would probably die.

Very weird!

If it was the peak, he would not be afraid of it. But if he fought with the blood dragon, he was not hurt lightly!

Whoa.

The flaming Dragon God's body swayed and retreated quickly. His claws made a series of seal secrets. The golden light condensed into a dragon scale ancient shield, which blocked the impact of the devil's eye.

Hiss!

Dark demon light column, hit on the dragon scale ancient shield.

All of a sudden, the golden dragon scale ancient shield, instantly turned into ink like black, filled with endless dead gas.

"How many cards do you have

The Dragon God in the hot sky is deeply afraid. He just saw Ye Chen kill all the elders. He thought he had already played all the cards. Unexpectedly, he still has such a powerful pupil skill.

"Well, is this dragon clan's reverence afraid of you, a waste who cuts through the disaster area?"

Yan Tianlong God hummed and his eyes regained their composure.

Under the absolute state of crushing, the supernatural power of Daofa can't be stopped.

Whew!

The dragon claw attacks, tears the void again, and kills Ye Chen fiercely.

This time, the Dragon God has made absolute protection and won't let Ye Chen have the chance to attack and overturn.

He will crush Ye Chen with absolute majesty.

Like a dragon in the sky, trample to death a mole ant!

Ye Chen's eyes are unyielding. Now he has recovered a trace of spiritual power. Looking at the Giant Claw of the Dragon God in the hot sky, he holds the Sha sword and fiercely cuts it out.

Even if it is a God, he will fight!

"Ye Chen, I'll help you!"

In vain, a cry of Jiao rang out.

I saw a beautiful figure flying with a sword.

It's summer snow!

Whoosh, whoosh.

Summer if snow Jiao body, lingering a wisp of vast flame.

These flames, with a little bit of bright starlight, and the ancient samsara breath.

"Reincarnation star flame! Have you succeeded in refining? "

Ye Chen is shocked.

The reincarnation star flame is a unique divine fire between heaven and earth, with incomparably terrible energy. Previously, Xia Ruoxue refined the reincarnation star flame at the bottom of the blood lake. Now, looking at the appearance of her body full of sky fire, is the refining successful?
