

Physician 2991

Chapter 2991

After some understanding, ye Chen still did not get the answer he wanted and could only return to reality temporarily.

He opened his eyes, although he did not break through the chaos, but the God Emperor Qingguo still gave him many benefits!

"The green fruit of the God Emperor is worthy of being a divine object containing the spiritual power of the God Emperor."

Ye Chen sighed.

At the moment of Ye Chen, thoroughly the bottom of the transformation!

"A fruit, let me be reborn. How many treasures are hidden in Chongguang tomb mansion?"

Ye Chen licked his lips and looked forward to it.

"Help me..."

"Lord of samsara, help me out..."

At this time, the familiar call came again from the waterfall in the distance.

It's Chongguang emperor!

"Don't panic. I'll be right there."

Ye Chen smile, last time did not enter thoroughly, this time also should enter.

His eyes kept flashing.

Before he heard the call of Chongguang emperor, he was still a little hesitant.

But now, having tasted the sweetness of God's green fruit, he did not hesitate, and immediately set off for the waterfall.

Soon, ye Chen came to the waterfall, just want to step in.

"Stop!"

Just at this time, an angry shout sounded in Ye Chen's mind.

Ye Shaoqiu's mind directly penetrates the void and reaches Ye Chen's ear.

"Stinky boy, what do you want to do?"

Ye Shaoqiu roared angrily.

"Ancestor..."

Ye Chen Leng Leng Leng, unexpectedly was discovered by Ye Shaoqiu.

His breath, very low-key convergence, was even detected.

Has ye Shaoqiu recovered his strength?

"Come back to me, you can't go to this place!"

Ye Shaoqiu roared loudly.

"Let me calm down. I'll go and return."

"You'd better try to solve Ye Xueqing."

When he comes back, ye Chen finds that ye Xueqing has not disappeared. Obviously, ye Shaoqiu is not sure whether there are any Tiandao palace people in the Ye family besides Ye Xueqing.

So I dare not act rashly.

Ye Chen directly cut off ye Shaoqiu's mind and resolutely walked through the waterfall and stepped into Chongguang tomb mansion.

I don't know how many treasures there are in Chongguang tomb mansion. Ye Chen doesn't want to miss it.

"Damn it, boy, you're looking for death!"

Outside the tomb house, in a courtyard, ye Shaoqiu's eyes are dignified and his face is full of anger.

At this time, his whole body was magnificent, brilliant as the sun and the moon, and the wrinkles on his face had disappeared, showing the appearance of crane hair and childish face.

The majestic aura emanated from him.

In the past, he was injured by the forbidden system of the tomb mansion, and his accomplishments fell.

But now after recuperation, it has recovered a lot.

"I don't dare to set foot in Chongguang tomb mansion any more. This boy is going to die before he is in chaos!"

Ye Shaoqiu's seven tips were full of smoke, and his thunder was like anger: "it's just it. Anyway, my life is almost exhausted. I'll fight to save you!"

After that, ye Shaoqiu offered a flying sword and swept towards the waterfall.

There is no end to life when one attains his state of cultivation, but there are always exceptions.

If there is the decline of heaven and man, life will be exhausted.

The five decline of heaven and man is a disaster to the gods.

If there are too many causes and effects and too many evils, there will be five decline of heaven and man, exhaustion of the whole body, and the original endless life will suddenly end and die of old age.

In ancient times, there was a traitor in the Ye family.

This traitor led to the outbreak of ancient havoc.

Life lost!

Hundreds of millions of miles!

Ye's family is also infected with a huge cause and effect.

Ye Shaoqiu, as the ancestor of the Ye family, is entangled with cause and effect, and the five decline of heaven and man broke out.

He knew that he would die, so he risked his life to enter Chongguang tomb mansion to seek adventure and change his life against heaven.

Unfortunately, it is not so easy to reverse.

Now ye Shaoqiu has come to the end of his life.

"Mo Xueming, you traitor, if I see you, I will tear you to pieces!"

Ye Shaoqiu's heart, deep resentment.

Ye family out of such a traitor, contaminated with such a large cause and effect, his inner resentment, you can imagine.

Now, his life will end, it is impossible to kill Mo Xueming.

The only hope is Ye Chen!

"Little guy, don't die. My Ye family gets rid of causality and my hatred. It's up to you!"

Ye Shaoqiu's eyes are full of vicissitudes.

"Where are the ancestors going?"

"My God, what is that smell?"

"It turns out that the strength of our ancestors is so strong." On the ground, one by one Ye's family members were shocked to see the light of flying swords cutting through the sky.

Not long ago, ye Shaoqiu was still a bad old man.

But now that he has recovered some of his strength, he has burst into the majesty of the gods.

Vast and vast, shining on the sky.

Plop.

Plop.

Plop.

One by one, Ye's family members could not help but kneel down.

"Wait, there's something wrong with the smell of our ancestors."

Ye Ziming and ye Zigeng, two ancestors of the Ye family, are standing under a big tree, gazing at ye Shaoqiu's far away figure.

They clearly feel that ye Shaoqiu has a sense of decadence.

This is the evil gas that the human body sends out at the end of life.

"The five decline of heaven and man, the ancestor actually appeared the five decline of heaven and man."

Ye Zigeng let out a groan, even if it is them, life has reached endless, do not be afraid of old death.

But now, ye Shaoqiu is dying of old age.

Because, he appeared on the five decline of heaven and man!

"The five decline of heaven and man, that is a very huge cause and effect sin that will appear. How could the old ancestors break out the five decline of heaven and man?"

Ye Ziming was also shocked. If ye Shaoqiu died of old age, the Ye family lost its backbone. If they wanted to rise in the future, it would be hard to compare with the heaven.

None of them knew anything about ancient times.

Because in ancient times, it was so far away that all the stories became legends.

However, ye Ziming and ye Zigeng are still feeling, and their eyes are paying attention to Ye Xueqing, who has never spoken.

At the moment, ye Xueqing is wearing a faint smile.

I'm afraid the other party hopes so.

If ye Shaoqiu really has an accident, even if their foundation is damaged, they will completely solve Ye Xueqing, a traitor!

.....

At this time ye Chen, through the waterfall, arrived at the cave.

At the sight of his figure, the bat hanging on the cave was frightened and squeaked and flew into the distance.

Last time ye Chen killed the whole audience, leaving an indelible shadow on them.

Ye Chen smiles slightly, pulls out the evil sword, cautiously goes to the cave deep place.

Finally, he came to the end of the cave.

In front of us is a huge bronze door.

It is majestic and simple, shaking the mind.

"Save Save me. "

A call came from behind the gate.

Ye Chen's heart is shocked, Chongguang emperor is calling him again.

Obviously, the real location of Chongguang tomb mansion is behind this huge bronze gate!

Ye Chen, on guard, reaches out to push open the bronze gate.

Boom!

The heavy sound of pushing the door vibrated in the tomb mansion.

Behind the bronze gate is a labyrinth of tomb world, dark and deep, with no end.

Ye Chen is on guard against the spirit and steps carefully into the tomb mansion.

Chapter 2992

Crack!

However, after he stepped into the tomb mansion, the bronze gate closed automatically.

The world in front of me was suddenly dark.

There was a strange smell, lingering all over the body.

Suddenly, ye Chen found that his contact with the reincarnation cemetery has become very weak.

At this time, if you summon the great power in the cemetery, the combat effectiveness he can rely on is only half of what he usually has.

"Oh, it's interesting."

Ye Chen's eyes are cold. The Chongguang tomb mansion is indeed a little strange.

If his contact with the samsara cemetery is completely cut off, he will not hesitate to escape.

After all, no matter how important nature adventure is, it is not as important as your own life.

Ye Chen is not a rash man.

But now, it is enough to play half of the combat effectiveness.

Ye Chen calmed his mind and walked lightly along the tomb hall corridor.

Although it is dark all around, night vision is not a problem with Ye Chen's cultivation.

He clearly saw that on the walls of the tomb mansion were carved many forbidden runes, but most of them were damaged.

Obviously, when ye Shaoqiu broke into the tomb mansion before, he had a fight with the force of the forbidden force here.

This is convenient for ye Chen. He will be more relaxed if there is no forbidden killing.

Hum!

All of a sudden, there was a crystal awn in front of me.

One by one forbidden runes are in full bloom.

The prohibition here is obviously intact and undamaged.

Whoosh! Whoosh!

The forbidden crystal awn, condensed into a crossbow arrow, with the vast destruction of Shinto, crazy to kill Ye Chen.

The seemingly simple prohibitive Rune actually has a powerful destruction Shinto.

"The martial spirit of Lingxiao, the butcher God breaks the sky! Lei Huang Ba star sword! Cut

Ye Chen is not careless. He wields his sword and shows his strong sense of true martial arts.

The bright star awn exploded from his sword. With the rolling thunder, the space around him seemed to collapse.

Ye Chen's sword is like splashing ink, the light of the sword is starlight, the sword's spirit is thunderous, and he collides with the crystal light of crossbow and arrow, and makes a sound like sword collision.

Woo Hoo Hoo!

One after another, the crystal awn of crossbow arrows was broken and turned into streamer to dissipate.

And ye Chen, also by the power of prohibition, Shengsheng forced back three steps.

Whew! Whew!

In the next moment, before he could breathe, a series of forbidden runes and ningguanghua swords had evolved into hundreds of flying swords.

.....

At the same time, a dark place near the cave.

There was a very strange smell.

A magic light rune, a strange song, from the black hole emitted.

The whole cave, all blood bats are silent, shivering.

Against the background of endless evil gas, two black robed figures slowly walk out of the black hole.

They all carry a terrible steel fork in their hands.

Endless evil spirit, constantly emanating from them.

Between the black gas, is a very ferocious face, black fangs, like the legendary devil.

Their skin is also hard bone, covered with pieces of scales, spine with a row of bone thorns, pierced the black robe, exposed to the air, showing a strange smell.

"Jie Jie, I didn't expect that I would come back here again if I annihilated the demons."

"I don't know how many years, we were exiled to lost time and space, floating in the infinite universe, almost lost ourselves."

"In this land of God, there is another smell of demons."

"Interesting."

A man in black sighed, his eyes full of vicissitudes.

"Fortunately, Mo Xueming left a secret note, pointing out the coordinates for us."

Another man in black laughed.

"What is this place? I seem to feel the breath of Chongguang emperor! "

"Let me deduce Well, Chongguang tomb house, it turns out that this is Chongguang tomb mansion! "

"But there are lots of luck in Chongguang's tomb

"Hey, there is the secret. It seems that it is in the hands of a boy. We will kill him together."

Two black robed people are talking and striding toward the direction of Ye Chen.

The black hole behind them faded away.

Broken space, also quickly restored the original appearance.

But small pieces of black space crystals remained on the ground, proving that they had come.

If ye Shaoqiu was here, he would certainly recognize that these two black robed men were the legendary annihilation demons!

.....

The screen rotates.

Ye Chen looks at the road crisis in front of him. His eyes are cold, and he retreats again and again. He raises his hand and waves his sword. However, he doesn't touch him. Accompanied by a series of intensive collisions, ye chendang opened many flying swords, but there were still many forbidden flying swords, which were cut on his body and pulled out many ferocious wounds.

"This prohibition is not easy to deal with."

Ye Chen bit his teeth. It's just a simple prohibition. It's so troublesome. If we go deeper, I'm afraid that I'll be torn to pieces.

It is no wonder that ye Shaoqiu was also banned and injured.

The prohibition in this tomb mansion is really powerful.

Ye Chen's eyes turn, thinking about the countermeasures.

"The Lord of reincarnation..."

"This spell can break the ban..."

The familiar call sound, rings again in the ear, a period of obscure and mysterious incantation, convey to Ye Chen's ear.

"Are you emperor Chongguang?"

Ye Chen's eyes congealed and asked.

"It's me Help me... "

Emperor Chongguang's voice was weak.

"How do you know me?"

Ye Chen is a little curious. Emperor Chongguang knows that he is the master of reincarnation.

"Ji xuanyue..."

Chongguang emperor gently spit out three words, even if the voice is very weak, but also with great awe and shock.

This Ji xuanyue seems to have the divine power of startling the sky.

When it comes to the name of Ji xuanyue, the experts at Chongguang's level will tremble.

"Who is Ji xuanyue?"

Ye Chen's heart beat, inexplicably there is a kind of familiar feeling, it seems that he and this Ji xuanyue, have countless ties, but he can't remember.

“.....”

Emperor Chongguang was silent. He seemed very weak and could not say a word.

"Bear with me. I'll save you right away."

Ye Chen strides forward.

He is not a good man, to save Chongguang emperor, just for great interests.

After all, Chongguang emperor is one of the seven God emperors in the past. If you can seize his secret collection, ye Chen will have great benefits.

This is also his key to fight against the underworld temple and the heavenly way palace!

"Eliminate the disaster, annihilate everything, the beginning of all things, open up!"

Ye Chen says something in his mouth. The forbidden Rune in front of him stops the attack immediately.

This is the mantra that Chongguang Emperor just taught him.

At the moment, it has been put into practice, and it has received remarkable effect.

"This guy, what are you doing with so many prohibitions?"

Ye Chen abdominal Fei a, stride toward the direction of the main tomb.

"Humble creatures, go back quickly."

Suddenly, a deep roar came from the depths of the earth.

Brush!

Ye Chen stops at once and holds the sword and spear tightly. He is fully alert.

This roar is very familiar.

As soon as he entered the cave, he heard the sound when he was shaking back the bats. It was full of savagery like a great wilderness.

"You wake me up. It's not easy for me to read your accomplishments. I'll spare your life and go back quickly."

Deep voice, rolling in the tomb room, shocking people.

Chapter 2993

"Ha ha, the monsters who play tricks will show up in the first World War."

Ye Chen sneers, and is too lazy to talk nonsense. He strides forward directly.

"Stubborn!"

The voice suddenly became angry. With a cry, the walls on both sides of the tomb suddenly split. A throwing knife carrying the meaning of endless real martial arts was cut out crazily to crush Ye Chen into pieces.

"Want to kill me?"

Ye Chen has been on guard for a long time. He holds the Sha sword in his right hand and the Zhutian magic gun in his left hand. The sword and spear attack each other to resist the killing of the flying knife.

Ding Ding Ding!

A throwing knife is shot down to the ground by Ye Chen.

"Well, it's a bit of a way."

The voice was slightly surprised.

"It seems that the mechanism in the tomb can't hurt you."

"In that case, I have to do it myself."

"You can be proud to die under this seat."

Boom!

The void roared and the ground cracked.

The shock of terror occurred underground. It seemed that there was a huge creature waking up from the deep sleep and trying to break out.

Click!

An extremely huge, extremely ferocious, extremely sharp claw, mercilessly broke out from the bottom of the ground, and there was still bloody blood on it!

Hiss!

The huge claw cuts through the void, boldly grasps to Ye Chen's head, wants to hit the head.

"What a terrible smell!"

Ye Chen's eyes slightly shrink. The breath attached to this giant claw may have reached the level of Dragon God in the hot sky.

However, ye Chen is not afraid, but a sword, seven times of blood light burst out, endless evil spirit wrapped, in the hands of the evil sword mercilessly split in the claws.

Zheng!

The sword light explodes.

The animal's claw was cut by Ye Chen with a deep scar, and the scales were splashed with blood.

Even in the past, ye Chen had the power to fight against the masters of this realm.

But now, he is close to chaos. One step away, his strength is improved, and facing this kind of enemy, he naturally has no fear.

"Well? How can it be! "

"You have not stepped into chaos, why can you have such fighting power?"

The roar of the beast was heard with a great shock.

Boom!

A blood red, tall and fierce beast in the form of human, ran through the floor and appeared in front of Ye Chen.

This fierce man-shaped beast is seven or eight meters high. The tomb can not hold it. It can only bend down and bow its head. There is a single horn on its forehead. Its skin is red with blood and covered with scales. It has a strong smell.

Its arms are as long as an ape, almost falling to the ground. Its eyes are red, and its teeth are like sword halberd. Its face is very ferocious.

"What fierce beast is this?"

Ye Chen's heart is shocked. He has never seen such a strange fierce beast. He is actually in the shape of a human, and his body has a faint foreign evil spirit!

He pinched his fingers and continued to calculate, trying to figure out the details of the fierce beast in human form, but the natural mechanism was too long for him to calculate anything.

"Be careful, this is one of the ten ancient killers, the one horned drunkard!"

The voice of the ancient medical God was conveyed to Ye Chen's mind.

"In ancient times, there were ten fierce men with only one character

Ye Chen's eyes shrunk.

"The ten fierce beasts in ancient times were one of the ferocious beasts of the extraterritorial demons in ancient times. Each head had a divine power against the heaven, and its strength was comparable to that of the God Emperor at the peak of the heaven God state!"

"Comparable to the gods?"

Ye Chen was shocked.

The ancient ten murderers were so powerful that they could compete with the God Emperor.

But now, looking at the breath of the one horned draught, he only has one or two layers of heaven in the heaven God realm, and is on the same level as the injured dragon god of the hot sky, without the majesty of the God Emperor at all.

"After the ancient war, almost all the ten fierce beasts were suppressed. After countless years of vicissitudes, their strength has been greatly weakened, but after all, they are ferocious. Don't be careless!"

The ancient medical God said cautiously.

It turns out that this one horned draught is a fierce beast suppressed in Chongguang burial ground.

Each of the seven burial sites in the kingdom of God suppressed a big murderer.

There were also three fierce beasts, who had fled to nowhere after the defeat.

Hiss!

Between the words of the ancient medical God, the one horn of the Dryad shot his hand, and hit Ye Chen's heart with the ancient magic power.

"Whatever you are, you are now a mole ant!"

Ye Chen hummed, but he was not afraid at all. He chopped out with his sword.

After endless years of repression, the ancient majestic majesty has been completely occupied.

Now this one horned drunkard has only the strength of the early days of the celestial realm.

With Ye Chen's fighting power, he is not afraid of this fierce beast.

Puff!

Ye Chen cut down with a sword, the sword light shining, suddenly cut off a part of the one horn drought. Chuckle!

The blood spilled out, sending out an extremely fierce smell of disaster. The rocks around became a piece of scorched earth, emitting wisps of black smoke.

One horned draught beetle, this kind of big fierce beast, has the terrible natural disaster on its body.

In ancient times, the land was dry, the vegetation was not growing, and the rocks were burning fire. There were droughts and natural disasters everywhere. It was very terrible.

Years of vicissitudes, eternal suppression, to today, the lone horn drought has lost the dignity of ancient times, only a trace of natural disaster.

The disaster of this point, of course, does not affect Ye Chen.

"Boy, do you dare to hurt me?"

The one horned drunkard cried out miserably, and the wound was bleeding continuously.

In ancient times, it was the existence of crushing the kingdom of God, and its ferocious power traversed the world. But today, it is cut and wounded by a boy who has not yet completely stepped into chaos. This is a great humiliation!

"Ha ha, I should have great merit if I kill an ancient murderer?"

Ye Chen sneers coldly, but in vain, with a sword of endless evil intention, he cuts hard to the head of one horn drought.

"Oh!"

All of a sudden, the one horned draught opened his throat and made a very sharp, penetrating sound.

A layer of terrible black sound wave, burst out in an instant.

The prohibition around the tomb was suddenly destroyed by the black sound wave. The whole tomb roared, and it seemed that it would collapse at any time, and the surrounding space was constantly collapsing and tearing.

"The giant elephant comes down, suppresses the heaven and earth, the giant elephant suppresses the heavenly strength, breaks!"

The eyes of the one horned drunkard are red, and the violent sound waves are roaring out one after another.

Roar!

In the void, there was the roar of the giant elephant.

An extremely towering and magnificent figure of Hongmeng giant elephant appears on the top of the head of the one horned drunkard, showing the divine power of suppressing heaven and earth.

All of a sudden, ye Chen's eardrum trembled and his heart and lungs were ready to crack.

Under the shock of this sound wave, he had illusions in his mind, such as sword dancing, demons flying, Shura roaring, fire sea Purgatory and so on. His whole meridians were torn by evil Qi, which was very painful.

"Thirty three Tianhong Mongolian law is actually the thirty-three Tianhong Mongolian law!"

Ye Chen was deeply shocked.

The giant image on the top of the one horned draught beetle has a towering aura of Hongmeng.

Ye Chen is very familiar with it, because he also has this kind of breath when he displays the sound of the eight gods of Tianlong.

Obviously, the giant elephant Zhentian power exerted by the one horned draught is the legendary 33 Tianhong Mongolian method!

Chapter 2994

"Boy, I told you to be careful!"

The ancient medical God was shocked.

After all, this one horned drunkard, after all, was one of the top ten demons in ancient times, and led the existence of a million demons.

Even if it has been suppressed and suffered the trauma of endless years, it is also a great evil in ancient times, which can not be underestimated.

"Damn it."

Ye Chen bit his teeth, but he didn't expect that this one horned drunkard would be a great master of ancient methods.

If we say that his music of the eight gods of the Heavenly Dragon is the singing of the heavenly Buddha, then this giant elephant is the sound of hell.

Between them, there is a complete opposition.

"You can be proud to be able to force this seat to such an extent."

But the echo of the giant elephant Zhen Tian Jin is still shaking, and there is no sign of stopping.

A touch of sadness, from the corner of the eyes of drought out.

In ancient times, how fierce it is, its strength is comparable to the God Emperor. To kill a boy who has not yet entered the chaos, one look is enough.

But now, this is not what it used to be. It has to use the Mongolian law of 33 Tianhong to shake Ye Chen.

"My Lord, the times are different."

A kind of sound, if not, was conveyed to the ear of one horn drought.

"Mo Xueming, it's you!"

On hearing this sound, one horn of drought suddenly surprised.

Mo Xueming is a traitor of the Ye family in ancient times!

At that time, it was relying on Mo Xueming that extraterritorial demons could break through the limits of the space wall and enter the kingdom of God.

However, he didn't expect that he just woke up and heard the voice of Mo Xueming.

Outside the tomb house, in front of the waterfall.

A red robed man stood with his hands down, gazing at the waterfall. It was mo Xueming.

Relying on the secret coordinates of the reincarnation star stone, he knew that ye Chenren was buried in Chongguang, so he came from the void.

However, Chongguang burial ground is very secret.

Even if he knew the coordinates, it took him a lot of hard work to get there until now.

"This is not the age of your demons, my Lord. If you don't want to die, leave quickly."

Mo Xueming looks with divine power and senses all kinds of things happening in the tomb mansion.

His voice was transmitted across the air, but his people, standing outside the waterfall, did not step in, as if worrying about something.

"You don't have to talk nonsense!"

"When you wake up today, you will be able to return to the peak in the future, and lead a million demons to crush the kingdom of God, and create an eternal overlord!"

"You, a traitor and a thief, are not worthy of death!"

The voice of one horned draught is still with great pride.

"Ha ha."

Mo Xueming smiles but does not speak, the eyes with a trace of compassion, as if looking at a stubborn antique.

The one horned draught is astringent, with fierce light in his eyes and claws hard to dig into Ye Chen's heart.

It felt that ye Chen's blood was very pure and his breath was very strong.

If you can devour Ye Chen and turn it into nourishment, its strength will definitely recover quickly!

At this time, ye Chen was crushed by the giant elephant zhentianjin, his seven orifices were bleeding, his meridians were injured, his soul was shaking, and he was in danger.

"Blood soul seal God bead!"

At the critical moment, ye Chen burst out a drink and sacrificed the blood soul seal God bead.

This bead, containing a strong law of life, is an ancient treasure of the Ye family.

Buzz!

As soon as the blood spirit seal God bead comes out, suddenly, the mighty blood light rolls out and escapes into Ye Chen's body.

All of a sudden, ye Chen's wound healed quickly.

Even the shaken spirit of the sea, also quickly restored peace.

This blood soul sealing pearl is not only a simple way to treat wounds, but also has the effect of calming the mind. It is very wonderful.

This sacrifice comes out, ye Chen immediately feels comfortable all over, the physique spirit all recovers.

Puff!

Ye Chen opened his eyes and saw the sharp claw attack of the one horned drunkard. He immediately wielded his sword and stabbed it through his palm.

Endless years of vicissitudes, the devil's flesh and bones, also become a lot of fragile.

With a sword, ye Chen pierced its huge palm without any effort.

"Foreign demons can only be rampant in ancient times. In today's world, you can't be arrogant."

Ye Chen takes back the sword body, a sneer, heart a firm.

Now the kingdom of God is no longer arrogant, and the times have changed.

Push! Push!

The one horned drunkard retreated three steps in horror, and his heart was filled with disappointment.

Even a boy of such a realm can easily hit it, and the times have really changed.

"The giant elephant comes, suppresses..."

The one horned draught was sinking into the elixir field, and he wanted to exhale and open his voice to exert the power of the giant elephant. Now the only way to rely on it is the hongmongolian law.

He wants to find his dignity.

"Lingxiao martial arts, butcher God to break the sky, Lei Huang dominates the star sword!"

Ye Chen once suffered a loss, knowing that the power of the giant elephant town is powerful, he will not be stupid enough to give it a second chance.

When the sword is wielded, ye Chen directly cuts the one horned draught.

If he ate another set of giant elephant Zhentian Jin, he would certainly not be able to bear it. His meridians and spirits had just recovered. If he was hurt again, the blood and soul sealing beads would not work.

The eyes of the one horned draught bird shrunk and retreated in a hurry.

"Damn it, what's the origin of this boy?"

The one horned drunkard bit his teeth, full of sadness, and bent down to escape under the ground.

It thought that the endless years passed, the outside world was full of experts like Ye Chen, and his heart was deeply panicked.

But it does not know, ye Chen this kind of evil spirit, cannot guess with common sense.

If you are a practitioner of ordinary chaos, you will still be ants in front of it.

After all, the God is strong, the divine power is towering.

Only Ye Chen, such a monster, has such a terrible strength that he can cut the gods by sword.

"Want to run?"

Ye Chen's eyes are cold, and the seven blood lights are more and more intense. The power of destroying Shinto is poured into the sword.

Hiss!

His sword broke through the void in an instant, and was cut on the neck of the one horned draught.

Puff!

Under the blade of Ye Chen's sword, the body of one horned draught is as crisp as a piece of paper.

A sword cut down, it's head, fell to the ground, neck fracture spurt out of the sky of blood.

And its face, however, is still stunned, lost, resentment, resentment, helpless look, desperate to die.

If it's a battle death, there may be no resentment.

But now the times have changed, its strength has been greatly weakened, and it has been killed by a boy who has not yet stepped into chaos. This is a great humiliation.

If spread to the outside world, enough to make all the demons kneel and howl.

Hoo Hoo Hoo Hoo!

Ye Chen offered a ray of flame, and burned the body of the one horned draught into ashes.

Hum!

A wisp of blazing plasma floated in the air.

this is the body spirit of Unicorn, which contains strong magic and essence.

Although it has been suppressed by endless years, it is a great evil in ancient times. Its residual blood essence has an incomparably powerful breath, which is a great tonic!

"It's good, but it's not suitable for me. I don't know how Xiaohuang is in the demon clan."

"Hoo..."

Ye Chenshu took back his sword and looked at the road in front of the tomb, slowly moving forward.

Chapter 2995

This time, nothing stopped him.

While ye Chen is stepping, there are many golden lotus flowers under his feet.

One after another, the vast amount of auspicious lottery was constantly emanating from him.

"This is..."

"Great merit, great fortune!"

Ye Chen's eyes shrunk, and suddenly revealed the joy of Jing Tian.

Merit and good fortune determine one's experience.

If you have good luck, you can easily encounter adventure.

The secular Dynasty offered sacrifices to heaven, but also prayed for heaven's protection and obtaining Qi.

The theory of merit and Qi is illusory, and no one can see it clearly. It is not like the realm of cultivation.

However, if you have great merit and good fortune, you will show all kinds of strange things, such as extravagance, flowing Golden Lotus and so on.

Now, ye Chen is growing lotus step by step, and he has a thousand auspicious Qi on him. This is the weather of great merit and atmospheric transportation!

"I think it's me who killed the one horned drunkard and got great fortune out of thin air."

Ye Chen's face is full of joy and his fortune is soaring. He will have endless adventures in the future!

"You boy, you are so lucky!"

A familiar old voice came.

Ye Shaoqiu's figure, out of the dark.

"Master, you Why are you here? "

Ye Chen coughed.

Looking at ye Shaoqiu's breath, it is obvious that he has recovered a lot of strength.

"I'll come and collect your body!"

Ye Shaoqiu snorted. Worried about ye Chen's safety, he came to Chongguang tomb mansion.

But unexpectedly, ye Chenyuan exceeded his expectation and broke through the forbidden system of the tomb house. He also killed the one horned dry boar by himself, and won the air transport reward from nothing.

"How did you break through the prohibition of the tomb mansion?"

Ye Shaoqiu is a little curious. All the prohibitions around the tomb house have subsided, and there is no sign of attack.

You know, these prohibitions are terrible, even if he was in the past, he would be seriously injured.

Ye Chen touched his nose, but did not speak with a smile.

Naturally, it is impossible for him to Tell ye Shaoqiu about his contact with Chongguang emperor.

"Well, I don't care about you. You've got the air transport reward out of thin air. It's almost enough. Come back with me!"

Ye Shaoqiu takes Ye Chen's arm and is about to leave.

Now ye Chen's harvest is very huge.

He is a fierce man in ancient times, and his guilt and resentment are very deep.

The one who can kill will be rewarded with great luck.

In ancient times, even the God Emperor could not be killed, but could only be suppressed.

Now, after endless years of repression, the lone horn drought devil has become such a existence from the towering demon king. His strength is greatly weakened, and the ancient method of Hongmeng is more powerful, but he is killed by Ye Chen's sword.

It can be said that ye Chen picked up a big bargain!

In the future, he will have endless adventures and even break through the limit of the boundary wall and rush to the outer and upper world!

It should be satisfied to get such a big benefit with such ease.

Therefore, ye Shaoqiu just wants to take ye Chen away quickly, so as not to have any accident.

"Well, I'll go with you."

Ye Chen laughs bitterly. Now ye Shaoqiu has committed suicide, and he can't go.

Today's plan, can only leave, wait a few days, and then find a way to step in.

"That's good. You're a good boy."

Chongqiu's tomb is full of danger. He doesn't know what's dangerous about Chongqiu's tomb. He doesn't know what's dangerous about Chongqiu's tomb.

The old and the young walked side by side toward the tomb house.

"Still want to leave?"

In vain, a shout, such as the Hong Zhong Da Lu, sounded in the tomb.

This voice is very familiar.

When ye Chen heard it, he knew it was the voice of Chongguang emperor.

But there was no trace of weakness.

Full of domineering, arrogant, arrogant.

A man wearing a black dragon robe and a crown and a wolf's eagle nose suddenly tore the void and appeared in front of Ye Chen and ye Shaoqiu.

Incomparable majesty and unmatched domineering power emanate from the man in Dragon Robe, and dark runes of law are constantly swirling around.

At the sight of this figure, ye Chen is inexplicable, thinking of the first emperor of Qin in China.

No offense!

"You are Chongguang emperor?"

Ye Chen was surprised.

"No, he is the evil corpse of Chongguang emperor!"

Ye Shaoqiu was shocked and almost jumped up.

"Go, go! If we don't go, we'll die! "

Ye Shaoqiu's eyes are flustered. He has always been a steady temperament. But when he saw the figure of the man in the Dragon Robe, he was immediately flustered. A cold sweat appeared on his forehead. He hurriedly pulled Ye Chen's arm and fled quickly. It can be imagined that the man in Dragon Robe has a strong breath.

Even ye Shaoqiu was completely flustered.

"The evil corpse of Chongguang emperor?"

Ye Chen was shocked.

The so-called evil corpse is a mixture of the negative things in one's life, such as causal sin, greedy evil mood, dark idea and so on.

The evil corpse is the burden of human beings. Only by killing the evil corpse can we get rid of the burden and rush to the upper world to obtain eternal freedom.

Under normal circumstances, the evil corpse is hidden in people's subconscious, and will not come out to make trouble. It is a reflection of the dark side of the human heart.

But now, the real body of Chongguang emperor is buried and his breath is exhausted. His evil corpse has escaped!

The evil corpse has the strength of the original owner. This worships the evil corpse, and the breath is very terrible!

Danger!

Great danger!

Ye Chen's whole body hair inverted, and ye Shaoqiu quickly escape.

"The son of Heaven Sword out, kill mountains and rivers!"

The emperor Chongguang's eyes were like electricity. He drank violently. He pulled out the sword he was wearing on his waist. Like the son of heaven came, the divine power came out of his sheath.

Hiss!

A vast sword light, such as the star river of the universe, cuts Ye Chen and ye Shaoqiu straight.

"Be careful!"

Ye Shaoqiu's hair flutters, offering a flying sword, and Chongguang emperor's son of Heaven Sword, mercilessly collide with each other.

Bang!

A violent collision air wave burst out in an instant, countless divinity law runes scurrying, the space cracked, and the road seemed to collapse.

Ferocious gas force, hard hit Ye Chen body.

Ye Chen's feet swayed and almost fell. He quickly pulled out the evil sword and could hold his figure.

If it had been in the past, the collision of sword Qi alone would have dealt him a heavy blow.

But now, he's just rocking.

After his strength was improved, he was completely transformed and got a great transformation.

In the face of Ye Shaoqiu and Chongguang emperor's evil corpse, he did not fall.

"Ye Shaoqiu, how brave you were to sneak into the tomb mansion and steal my Tianlong eight gods sound."

Chongguang emperor's eyes Sen Han: "today, I will kill you!"

Hiss!

The sword is shining.

Emperor Chongguang once again wielded his sword and killed him with a fierce sword spirit.

His swordsmanship is not in the least fancy or even moves.

It is a simple cut, but filled with towering imperial power, suffocating.

"Clouds move thunder! Fall

Chapter 2996

Seeing the emperor Chongguang kill him with his sword, ye Shaoqiu's face changed. He immediately raised his left hand, and a golden white ray of thunder came from his palm.

Boom!

In an instant, the thunder light condensed and turned into an extremely dazzling and terrifying column of thunder light. It roared out fiercely and directly exploded at Chongguang emperor.

"Ye family's ancient magic power, cloud moving sky thunder, a little interesting."

Chongguang emperor's mouth raised a trace of smile, not in a hurry, left hand to play a rule of law, into a layer of rule iron wall, firmly in front of his body.

Boom!

Ye Shaoqiu's cloud moves the sky thunder, fiercely explodes in the law iron wall, but cannot blow through the iron wall.

"Well Cough... "

Seeing this scene, ye Shaoqiu gasped violently and his face turned red. Obviously, he spent a lot of energy.

And the exhaustion of his body, also with the heave up, the face grew wrinkles again.

Buzz!

Ye Chen's eardrum vibrates, a burst of dizziness.

This cloud moving sky thunder is a very powerful ancient magic power with great power.

However, the exertion of this magic power costs a lot of spiritual power.

Looking at ye Shaoqiu's embarrassed appearance, it is obviously very uncomfortable.

Even his exhaustion was on the rise.

His body, has long appeared the heaven and man five decline, the life is near the end, now the heaven and man five decline attack, the breath consumption is more severe.

However, with such a powerful blow, he could not shake Chongguang emperor fenhao.

It is conceivable that the strength of Chongguang emperor's evil corpse is so terrible.

"Heaven and man decline five times. Do you still have the five decline of heaven and man?"

Emperor Chongguang looked at ye Shaoqiu's fading breath and shook his head pitifully.

"Well, instead of letting you die of exhaustion of life, it's better for me to give you a happy life and lead to death."

Emperor Chongguang cried out and stepped on his feet. His body was like electricity. He quickly passed through the void and chopped ye Shaoqiu and ye Chen with his sword.

"Boy, get out of here

Ye Shaoqiu a violent drink, endless waves suddenly pushed to Ye Chen, and pushed him out.

"Master!"

Ye Chen yelled, whirling to the ground in the air, and had reached the outside of the battle circle.

Ye Shaoqiu, alone, killed Chongguang emperor's sword.

"Burn my body, burn my blood, keep the holy fire, and extinguish the heavens!"

At the critical moment of life and death, ye Shaoqiu looks up to the sky and drinks violently. His hands are printed, and his blood burns wildly.

"Blood burning method!"

Ye Chen shrunk his eyes and recognized it at a glance. This is a blood burning method, which can improve the combat effectiveness for a short time at the cost of blood essence. It is very fierce.

Unexpectedly, ye Shaoqiu also mastered this secret method.

As soon as the secret method of burning blood was put into practice, ye Shaoqiu's body suddenly became extremely shriveled and his blood was burning wildly. His face was covered with thick wrinkles and became incomparably old.

In addition, the breath of the five decline of heaven and man on him directly burst out, forming a layer of terrible gray mist all over him.

Anyone who comes into contact with the fog will fall into exhaustion and die of old age.

"Madman, what do you want to do?"

Emperor Chongguang looked at ye Shaoqiu's appearance and was shocked.

It's hard to imagine how terrifying the fighting power of a master in the heaven God realm can produce when he tries his whole body's Qi and blood.

Just like Xuanji at the beginning, after using the secret method of burning blood, the world has lost its color. If Ren Feifan hadn't done it, ye Chen would have died many times.

Now, ye Shaoqiu has to sacrifice himself and fight for his life to kill Chongguang emperor and strive for vitality for ye Chen.

"Master, never!"

Ye Chen shouts.

"Clouds move thunder!"

Ye Shaoqiu's eyes are full of determination. Instead of looking back, he raises his hand.

Crackling!

Reckless emptiness, endless eight wasteland, nine days and ten places, endless thunder breath, crazily condensed to his palm.

The vast thunder reflects the world.

Ye Shaoqiu's body, completely bathed in the thunder light, is open and upright, showing the majestic demeanor of God.

"Madman, madman!"

Chongguang emperor was so angry that he swore loudly and ran away in a hurry.

Ye Shaoqiu wants to work hard. He doesn't want to lose both.

He is just an evil corpse. He is not easy to get rid of the bondage of Chongguang emperor's real body. His freedom is extremely precious, and he does not want to be destroyed by Ye Shaoqiu.

"Want to run? You and I will go to the netherworld together

"Kill!"

With a roar, ye Shaoqiu's thunder light condensed in his hands instantly turned into a light column penetrating the heaven and earth, killing the emperor Chongguang fiercely.

His eyes, incomparably determined.

In any case, he has suffered from the decline of heaven and man, and his time is running out. If you die today, it's worth saving Ye Chen.

Emperor Chongguang wanted to escape, but his speed was not as fast as thunder.

Boom!

The violent thunder light gun, the fierce explosion in his body.

"Ah

Emperor Chongguang screamed and his body was blown to pieces.

Endless thunder, in his body burst through, constantly tearing.

He was a man, almost torn to pieces.

Even the emperor Chongguang could not bear the fierce attack of burning the whole body essence and blood, sacrificing all Shouyuan and frantically fighting.

The whole tomb house was also shaken violently.

Stone by stone, falling down.

A small half of the forbidden Rune was literally wiped out.

These forbidden runes all bear the imperial power of emperor Chongguang, but they are also directly annihilated by Ye Shaoqiu's cloud moving thunder.

It's so terrible, so divine.

Fortunately, there are enough forbidden runes in the tomb mansion, which are strong enough. Otherwise, the tomb mansion will collapse in an instant under the bombing of thunder.

Whoa

The smoke stopped and the thunder went away.

Emperor Chongguang was standing in his place. Now his Dragon Robe has been completely broken and his crown has fallen to the ground.

His body and flesh were blown away, leaving only a rickety skeleton.

Dignified face, flesh and blood, two eyes lost the support of flesh and blood, soft hanging down, it seems very terrible.

Broken runes of God's law kept turning around him.

His elixir field was also blasted to pieces, and the infinite breath of Diwei and the energy of God were constantly released.

"I'm alive, I'm alive!"

"Ben Di, I haven't fallen yet!"

Chongguang emperor's voice was hoarse and his eyes were filled with great ecstasy.

Although his injury is very terrible, as long as he is still alive, with his cultivation in the realm of heaven and God, he can recover after a period of time!

"Ah, hongmenggufa, I was defeated..."

Ye Shaoqiu looked at the figure of Chongguang emperor and sighed.

In Chongguang emperor, in addition to the aura of emperor Wei, the energy of gods, and the principle of Shinto, there is also a faint trace of Hongmeng ancient gas!

This wisp of hongmenggu Qi supported his life and prevented him from falling.

Chapter 2997

"Tianlong eight gods sound!"

Outside the battle circle, ye Chen's mind was in a violent shock.

There is no doubt that Chongguang emperor must have cultivated the sound of the eight gods of the Heavenly Dragon and reached a state of great perfection. He condensed the ancient spirit of Hong Meng in his body, which played a role in life and death and saved his life.

Thirty three Tianhong Mongolian method is very precious. It is the top secret method in the kingdom of God. It is not only simple to kill and kill the enemy. If you can cultivate the ancient spirit of Hongmeng, it will nourish the muscles, bones and blood vessels. It can save lives at a critical time!

Ye Shaoqiu tried his best to kill Chongguang emperor.

I didn't expect that the great emperor of Chongguang was able to survive with a breath of ancient noble spirit.

For the mountain nine Ren, failure!

Not willing!

Fierce unwilling!

Ye Shaoqiu's eyes widened, his whole body trembled, his breath was short, and he looked back at Ye Chen. His face was very complicated.

"Woo..."

At last, there was a deep whine in his throat. His fingers opened and he tried to catch something, but in the end he couldn't catch anything and fell to the ground.

Die in peace!

"Master!"

Ye Chen cried out and his eyes were cracked.

"Good luck, boy."

Emperor Chongguang was stunned and turned away.

If it was the heyday, he could kill Ye Chen.

But now, he was seriously injured by Ye Shaoqiu's life and soul. He didn't want to fight meaninglessly. He just wanted to close up and recuperate quickly.

"Stop for me!"

Ye Chen looks up to the sky and drinks violently, and his eyes almost bleed.

Hiss!

He wielded his sword with all his powers, destroyed the Shinto, and all kinds of laws. All of them poured into the body of the sword and killed Chongguang emperor.

"Hum, even if the emperor is injured, you can't fight against it."

Emperor Chongguang snorted coldly and watched Ye Chen kill him with his sword, but he was not in a hurry. His bloody and even naked palm was lifted in vain to repair the broken Shinto law rune. He killed him with one hand and attacked fiercely.

Boom!

A sword, a palm, a violent collision.

All of a sudden, ye Chen felt a burst of great power, and the majesty of the gods. He could not help but step back three steps.

The emperor Chongguang just stepped back a little.

Under his serious injury, he fought with Ye Chen, and could barely get the upper hand.

It can be imagined that the master of the heaven God realm is so terrible.

"I want you to be buried with me and die for me!"

Ye Chen takes a look at ye Shaoqiu's body, gnashing his teeth, exploding all over his body, and then he kills him with his sword again.

"Jiwu: Shenshan!"

Ye Chen's body swept across the void, body and sword in one, instantly killed in front of Chongguang emperor.

With the help of Jiwu Shenshan, this sword is quite powerful.

"It's kind of interesting."

Emperor Chongguang smiles, looks indifferent, and raises his palm. His thick palms, like layers of iron walls, disintegrate Ye Chen's sword power.

At this time, his weapon has been blown off, but with his two palms, he still has a fight with Ye Chen. It can be imagined that his strength is strong.

"The martial spirit of Lingxiao, the butcher God breaks the sky!"

Ye Chen looks up to the sky and shouts, and his fierce fighting spirit is released crazily.

He also knew the power of Chongguang emperor, so he didn't keep his hand. Lingxiao's martial spirit was brought into full play. His eyes were sharp and his hair was flying. Ye Shaoqiu died. His anger was also integrated into Lingxiao's martial spirit.

Whoa!

Ye Chen's sword spirit is crazy, like a god like a devil. Countless runes of the law explode and fly like a butterfly, lingering around his sword body and dancing.

Strange is, at this moment, ye Chen's anger, unexpectedly let Ling Feng's pulse power condense to the extreme!

Release it completely!

He stabbed at the emperor Chongguang with a powerful sword.

"What!"

However, Chongwu emperor's face has not changed.

"Back!"

Chongguang emperor is a little flustered. Now he is seriously injured. Facing Ye Chen, who has opened up Lingxiao martial arts in an all-round way, he is obviously not an enemy.

Whoosh! Whoosh!

His body swept back like the wind and kept retreating to avoid the killing of Ye Chen's sword moves.

Of course, I was hurt a little bit!

Ye Chen's face is happy and his sword is waved. The dark flame in his body explodes. Ling Feng's divine pulse is activated to the extreme. The whole sword is wrapped in a layer of fire light, which explodes a violent flame breath.

Puff!

Ye Chen cuts out with a sword, which directly penetrates the body of Chongguang emperor.

Kill with one sword!

The fury of Ling Feng's pulse is revealed at this moment!

And ye Chen's breath also declined to the extreme."Master, you can close your eyes."

Ye Chen takes back the evil sword, exhales a breath, and looks at ye Shaoqiu's corpse. He flicks his sleeve robe slightly, and a gust of breeze passes by, closing his eyes for ye Shaoqiu.

"Also, there is one thing that has been hiding from you. I am actually the Lord of reincarnation."

"I hope that this time, you can step into reincarnation and be reborn again."

After that, ye Chen flicks his fingers and pops up a wisp of flame, cremate ye Shaoqiu and carefully collect the ashes.

Ye Shaoqiu's death is a great loss to the Ye family.

Fortunately, ye Lingtian has become the master of the family, and ye Chen can rest assured that ye Lingtian is in charge of family affairs.

.....

At the same time, the two black robes naturally felt the fluctuation here.

Under the black robe, there are bursts of evil Qi and blood.

They stopped suddenly.

"It seems that the evil corpse of emperor Chongguang is dead. How did the boy shake it?"

"Well, it doesn't matter. We just got the kid."

Just then, another man in black looked dignified and suddenly said, "wait, no! Let's go and get out of here. "

What!

The man in black was confused before.

They're strong enough to shake that kid.

Why leave?

They are demons. It's ridiculous to leave like this!

The dignified black robed man closed his eyes and suddenly opened: "go, it's too late to walk any more! I feel a very strong breath coming here

If it's true, we must die

"All our plans are lost!"

As soon as he said this, the face of the man in black beside him changed.

He knows what the other side's words mean!

The other party's alertness takes him out of danger again and again!

Since the perception of this danger, it must be serious!

"Well, let that boy go for the time being! Let's go and make peace with the one in the kingdom of God first

"He has been in the kingdom of God for such a long time, he must know better than us!"

The next moment, the two evil Qi tore the void and completely disappeared in this piece of heaven and earth.

.....

At this time, after the destruction of Chongguang emperor's evil corpse, wisps of black magic gas were floating out.

In the evil spirit, there is a lot of terrible resentment and endless negative emotions, just like a purgatory.

But in addition to purgatory like resentment, there is an incomparably magnificent aura of Diwei. Dark runes of God's law are constantly flashing and even linked into chains of laws, interweaving and shuttling in the void.

If you can refine this magic Qi, ye Chen will surely have a great harvest!

Chapter 2998

"Spell it."

Ye Chen bit his teeth, a big hand, the group of evil gas to absorb, directly swallow down.

In this evil spirit, there is a majestic atmosphere of the God and the power of numerous divine laws. He doesn't want to miss it.

Boom!

However, the resentment contained in the evil Qi is very intense.

Ye Chen a swallow down, feel the head burst, it seems that a volcano erupted.

Woo Hoo Hoo!

The sharp magic sound vibrated in his ears.

Wisps of evil Qi, like ghosts and maggots, scurrying in the meridians, bursts of pain with rotten breath.

"Suppressed by me!"

Ye Chen's mind is calm, and immediately runs the samsara blood vessel.

His reincarnation blood, energy is very strong, even if Chongguang emperor evil corpse's evil Qi, also can't shake.

It is because of this that ye Chen has the courage to swallow directly Chongguang emperor's evil spirit.

If you were someone else, I'm afraid that under such a strong stimulation of evil Qi, you would have already destroyed both the body and the spirit.

Chuckle!

Under the washing of reincarnation, the evil Qi in Ye Chen's body is instantly cleaned up.

His meridians were restored to their smooth and tough appearance.

Chongguang emperor's evil corpse resentment, such as the snow under the sun, instantly melted.

What remains in Ye Chen's body is the pure and vast spirit of heaven.

One law of energy, constantly into Ye Chen's Dantian.

Boom!

In a flash, ye Chen had the feeling of enlightenment.

As if in a flash, I realized.

Under the influence of Chongguang emperor, ye Chen's spirit of destruction was transformed!

His power of destruction has been increased by at least twice!

If now he, again to face the early days of God realm, at least not so embarrassed!

"Destruction Shinto, my destruction Shinto has been upgraded!"

Ye Chen was overjoyed, refining Chongguang emperor's evil corpse energy, and he also gained the benefits of Tianda.

There is also a golden light, also from his body.

Vaguely, it has turned into eight golden dragons.

This is the atmosphere of Hongmeng ancient method and Tianlong eight gods sound!

The sound of Tianlong eight gods is the magic power of Chongguang emperor. Ye Chen refined his evil corpse energy. All kinds of magic methods of Tianlong eight gods sound also poured into his mind.

"Good, very good. In the future, when I use the sound of Tianlong eight gods, the restriction will not be so strong."

Ye Chen is pleasantly surprised. Tianlong eight gods sound has great lethality, but there are many restrictions on its application. If it is separated from the place where the leaves rise, it is very difficult for him to use it again.

But now, relying on the power of Chongguang emperor's evil corpse, he has a deep understanding of this magic power. It will be easier to use it in the future.

Of course, it's not easy to use.

The only pity is that, after his downfall, the Hongmeng ancient spirit of Chongguang emperor's evil corpse also dissipated.

Otherwise, ye Chen's harvest will be even greater if he merges Hongmeng ancient Qi.

After refining, ye Chen strides forward to the direction of the main tomb chamber.

At the same time, at the waterfall outside the tomb mansion, Mo Xueming's eyes twinkled, his mouth grinned and he murmured, "ye Shaoqiu is dead. Ha ha ha, it's my turn to do it."

After that, he flew into the waterfall and entered the tomb mansion.

Just now, he had been waiting outside the waterfall, waiting for ye Shaoqiu and Chongguang emperor to die.

After all, ye Shaoqiu and Chongguang are both alive. Mo Xueming is not easy to do.

If you look at the tragic situation of Chongguang emperor's evil corpse, you can see how terrifying ye Shaoqiu's power is to fight for his old life.

"Boy, I wanted to cooperate with you! Now I've changed my mind. "

Mo Xueming's eyes are sharp to kill. He wants to kill Ye Chen and snatch reincarnation star stone!

At this time, ye Chen has come to the main tomb.

The decoration of the main tomb chamber is very luxurious.

On the dome, there are many precious stones and jades inlaid. Inside, there are wooden frames, which are full of precious weapons and magic weapons.

In the middle of the tomb is a huge crystal coffin.

The real body of Chongguang emperor is buried in this crystal coffin.

But now, the crystal coffin has been opened!

The lid of the coffin fell to one side!

The body of Chongguang emperor was hung up by chains and hung in the tomb!

His hands, hands, feet and feet were completely locked in chains, each chain flashing a strange rune, deeply breaking his skin and flesh, like a skeleton.

Chongguang emperor was suspended in the air.

"Lord of samsara, you You're here. "

Chongguang emperor's body, slightly opened his eyes, saw Ye Chen came, issued a weak call. "Well? Still alive? "

Ye Chen's scalp is numb. There is no doubt that Chongguang emperor is dead. At least, ye Chen doesn't feel the breath of a living person.

But now, Emperor Chongguang opened his eyes, his lips and throat moved.

It's unbelievable that a corpse should speak.

"Help me Get me out of here. "

Emperor Chongguang called out sadly.

"How can I save you?"

Ye Chen takes a step back, a little creepy.

"Cut these chains."

Emperor Chongguang bit his teeth. On these chains, strange runes constantly flicker. The fierce and sharp breath constantly shocks his soul, making him suffer from the suffering of daoshan purgatory all the time. It can be said that he is very miserable.

And this pain, from ancient times, has continued to the present, we can imagine how much he suffered.

"Well, I'll try."

Ye Chen pulls out the evil sword and sinks into the elixir field with one sword.

Zheng!

Sha sword was cut on the chain, which exploded a series of sparks, but could not destroy the chain.

Even, ye Chen himself was shocked by the Rune of the law on the chain, which made him retreat three steps.

"This chain, it's weird!"

Ye Chen's face suddenly changes. There is nothing strange about the material of these chains. Under normal circumstances, he can be cut off with one sword.

But the problem is that the Runes of law on the chain are very strange and have an unusual flavor.

Xuan seems to have felt this kind of breath in Ye Jichen.

"This is not the law of the kingdom of God, this is the Rune of the law of the upper world!"

Ye Chen's eyes shrunk and made a judgment in an instant.

The law of covering the chain is obviously derived from the upper bound. It is very complex and can not be broken by him.

"If you can't, destroy my body..."

Emperor Chongguang also noticed Ye Chen's difficulty and said slowly.

"Destroyed your body?"

Ye Chen's face trembled.

"Well..."

Emperor Chongguang nodded slightly.

"Good!"

Ye Chen clenched the handle of the sword, and probably guessed it.

This corpse is a shackle.

Shackled the soul of Chongguang emperor!

Only by destroying the body can Chongguang emperor be released!

"Six swords in one, destroy Shinto, break!"

Ye Chen takes a deep breath and suddenly kills with his sword.

Chongguang emperor is an expert of the God Emperor. His body must be very strong, and can't be destroyed by heaven's punishment and thunder.

So ye Chen did his best.

Chapter 2999

Boom!

Unexpectedly, ye Chen killed by a sword, such as thunder, easily destroyed Chongguang emperor's body, directly crushed into powder.

"This..."

This scene, but let Ye Chen a little surprised.

The body of God Emperor is definitely not so fragile.

The only explanation is that the Rune of the law, which originated from the upper world, has already dissipated the aura of Chongguang emperor's body, and has made the physique that used to shake the world and the whole world become a papery existence, which can be broken at a touch.

Upper bound, it's so horrible.

It is appalling that the Rune of the law of the upper world can destroy the body of the God Emperor.

Whoa!

A dazzling and bright brilliance floated from the ashes of Chongguang emperor.

It is a holy and glorious soul body. As soon as it appears, it blooms with magnificent splendor. Countless flying dragons, Phoenix, unicorns, cranes and other meteorology haunt the soul body and constantly float.

The Runes of the laws of the gods and gods are madly shining with brilliant splendor. The void is shaking violently. It seems that all the heaven and earth are subject to this mighty majesty.

"Chongguang emperor, this is the real Chongguang emperor!"

Ye Chen's eyes widened, staring at the soul in front of him.

this soul body as like as two peas of the emperor's sage, is also a black robe and Dai Guanmian.

However, there is no smell of evil thoughts in this soul.

Only pure imperial Qi, pure Diwei, light like the sun and moon, as vast as the universe stars.

There is no doubt that this soul body is the real soul of Chongguang emperor!

.....

The temple of heaven, deep.

"It's the old man's breath! No way

Xuanyuan ink evil face vibration, in the dark, feel a ray let him very afraid of the breath.

In the kingdom of God, many top forces and magnates also felt the abnormality between heaven and earth.

"The emperor's soul is born! There is an emperor's soul

"The ancient God Emperor, wake up today!"

"The kingdom of God, it's going to change!"

"Which of the seven ancient gods was born?"

Many magnates, mind shaking, constantly deduce the nature of the machine, but it is a pity that nothing can be seen through.

.....

The screen rotates.

"Lord of reincarnation, thank you for saving me."

In the tomb house, the soul of Chongguang emperor looks at Ye Chen with vicissitudes of life, and his voice is quite weak.

Although his Majesty was so vast that it directly shocked the whole kingdom of God, under the torture of endless years, his aura of spiritual power was very weak. If he fought, ye Chen would be able to kill him.

"You are Chongguang emperor? How long have you been buried here? "

Ye Chen is the first time to see a master at the level of God Emperor. He is indeed vast and startling. Even though his breath has been weakened to the extreme, his majesty is shining through the ages and crushing the sky, which makes people dare not despise.

He has too many questions and wants Chongguang emperor to answer them.

"Alas..."

Chongguang the great emperor sighed, did not say anything, just pop up a white light, shine on Ye Chen's head.

Boom!

In an instant, the endless flow of information, such as the Yangtze River and the sea, poured into Ye Chen's mind.

In Ye Chen's mind, there are pictures of ancient times.

The invasion of foreign demons, Mo Xueming defected, Xuanyuan moxie killed his teacher, and the seven God emperors fell

And one picture after another.

"Are you the master of Xuanyuan moxie?"

Ye Chen felt the picture in his mind and was shocked.

As the supreme palace master, Xuanyuan moxie had only three masters in his life!

And the most important one is Chongguang emperor!

At that time, he joined hands with other gods and powerful men to form an alliance to fight against the invasion of demons.

Even the gods and demons are hard to shake.

But at this time, Xuanyuan Mo evil back stabbed the division, causing Chongguang emperor to be seriously injured and attacked by the demons.

The reason why Xuanyuan Mo Xie killed his teacher was very simple. He wanted to prove the truth by killing him!

Xuanyuan moxie wants to imitate the ancient magnates to prove the truth by killing and surpassing the heaven.

He did not have the ability to kill the world, so he chose to kill the division, to cut off the cause and effect, accumulate the killing industry, and prove the Tao to be detached.

Unfortunately, Chongguang emperor's strength is very strong, even if he was seriously injured by Xuanyuan moxie back stab, he did not die.

Killing division failed, Xuanyuan Mo evil disappeared, no one knows where he fled.

After the end of the ancient catastrophe, he returned to the kingdom of God and took over the temple of heavenly way.

No one knows his past, no one knows that he once killed his division. All they know is that this man is very powerful, his strength is unfathomable, and his identity is not clear.

But now, ye Chen knows the secret of ancient times from Chongguang emperor!It turns out that this Xuanyuan Mo Xie, like Mo Xueming, is also a traitor!

Mo Xueming betrayed Ye's family and took refuge in the demons, resulting in a terrible disaster.

However, Xuanyuan Mo Xie was killed by the back stab, which caused Chongguang emperor to be seriously injured and killed by the demons.

Both of them are ancient sinners, and their bodies are contaminated with the great cause and effect.

.....

First, the kingdom of God.

God alliance.

In the huge hall, many high-rise people took seats.

Around the long table, sitting one by one, the old man with misty breath!

Only two people were standing.

A man with a fairyland, crane hair and childish face, dressed in black and white robes, is the leader of God alliance Ge Shan!

The other, with a strong breath and a Taoist robe, is Tian Feiming of Wanfa Zong!

This time, it was an emergency meeting of the two!

A dignified old man of the second divine Kingdom suddenly opened his mouth to Geshan: "Ge alliance leader, this meeting What is the theme? It seems serious? "

Ge Shan took a look at Tian Feiming of Wanfa Zong and nodded slightly. Then he shot his eyes at the questioner and said, "Mr. Qiu, what do you think is the most dangerous thing in the Seven Sacred kingdoms at present?"

The old man named Qiu was deep in his heart and thought a little. He said, "at present, the kingdom of God is in chaos. Crises are coming. I think the greatest danger is the devil."

Ge Shan nodded approvingly: "sure!"

"Demons have survived from ancient times, and now they have broken our Seven Kingdoms! It's time to kill! "

"The key is that we don't know what's brewing behind the demons!"

"Before that, natural vision, Tiandao palace ordered to kill the remaining evils of Ye family. We should have cooperated with each other. Naturally, we have no spare force to fight against the demons."

"But not long ago, the land of Juye failed, and the remaining evils of Ye's family have left. I don't know where to go! It should have nothing to do with our Seven Kingdoms! "

"Right now, we need to focus on fighting the demons!"

Qiu's eyes were puzzled. He thought for a few minutes and asked, "leader, the demon is powerful, and it's very deep. How can we fight against it?"

Ge Shan mouth showed a killing smile: "there is a thing, we should have done."

"The way of heaven has been postponed."

"Although we can't determine the whereabouts of the demons, Shenmeng and wanfazong have found a big secret! The seventh kingdom is in collusion with the God ye of the whole kingdom

"Such a man should be punished!"

When this was said, there was an uproar!

They are too familiar with Ye Chen!

This is one of the young talents in the rise of the kingdom of God, and the leader of the evil killing team!

Now how to stand on the side of the devil?

Ge Shan know the hesitation of people, a wave of big hand, a picture revealed!

This is the "evidence" obtained by the alliance

Any evidence is extremely disadvantageous to Ye Chen!

After an explanation, Ge Shan looked down at the crowd and said, "now, the alliance of gods proposes that the Seven Kingdoms jointly kill Ye Chen. Do you have any objection?"

"If ye Chen doesn't show up, we will fight against the God Jizong of the seventh kingdom of gods!"

"Ye Chen is not clean! The door behind him must not be clean! "

The Hall fell into a brief silence.

After a few seconds, I don't know who opened his mouth, and a cry came out: "act on behalf of heaven, eradicate evil!"

Then, the whole hall fell into an angry cry!

And this anger, straight to Ye Chen and God Jizong!

Chapter 3000

Chongguang tomb house.

Ye Chen is naturally unable to know about the first Kingdom of God. Now he is more concerned about Chongguang emperor.

"Because of some restrictions, I can only tell you that."

Emperor Chongguang gazed at Ye Chen with an endless desolation.

In ancient times, Emperor Chongguang was betrayed and assassinated by Xuanyuan moxie. Under serious injury, many alliances were killed by the demons. The whole land of God, white bones, thousands of miles, killed many people.

In order to expel some demons in the kingdom of gods, the seven gods decided to sacrifice themselves and suppress them with their own flesh and soul.

To give peace to the seven kingdoms.

Paid such a high price, the ancient demon catastrophe, is to calm down.

But Chongguang emperor, because he had practiced Hongmeng ancient Dharma, had a trace of Hongmeng ancient Qi in his body. Even if his body died bravely, his soul would never die.

The other six deities were all destroyed, but he was the only one who survived to the present day because he practiced the ancient method of Hongmeng.

But his life is not easy.

If it is completely destroyed, it is also a kind of relief.

The corpse grows, but it does not lead to evil!

The evil corpse crawled out of his head, hanged his body, and applied the law of upper corrosion, which constantly eroded his body and soul, causing him endless suffering.

With time, the soul of his emperor dissipated, and the evil corpse would be able to get rid of the shackles completely.

"I didn't expect Xuanyuan Mo Xie to be so insidious that he betrayed his master."

Ye Chen knows the whole story and is quite shocked.

"This traitor, one day, the emperor will kill him with his own hands!"

The breath of Chongguang emperor suddenly became fierce. His eyes were filled with anger and resentment, and his fists were tightly clenched.

Obviously, he hated Xuanyuan ink evil to the bone.

If it was not Xuanyuan Mo Xie, he would not have been reduced to this point.

"Master, I'm afraid it's not so easy for you to deal with Xuanyuan ink evil."

Ye Chen's face is dignified. Tiandao palace is the supreme power in the kingdom of God.

Judging from the matter of the nine heaven dragon hall, the elders of Tiandao Palace are not simple.

Almost across many realms.

And Xuanyuan ink evil, cultivation is more unfathomable, so many years passed, his strength, I am afraid, has surpassed the former Chongguang emperor, qualified to kill to the upper bound.

He did not go to the upper world, just because the cause and effect of his body had not been cut off. When he broke the limit of the hall of the heavenly way palace, he would dominate the kingdom of God and rush against the upper world!

If you want to deal with Xuanyuan ink evil, let alone the soul of Chongguang emperor. Even in his heyday, he may not be able to retreat completely.

Because, now Xuanyuan ink evil, exactly what strength, no one knows.

"I know, so, Lord of reincarnation, I'm afraid I have to ask you to do something about my revenge."

Emperor Chongguang smiles bitterly and knows that times have changed.

Today is not his time, but the time of Xuanyuan moxie!

It is almost impossible for him to avenge himself.

The only dependence is Ye Chen!

After all, ye Chen is the inheritor of the reincarnation master!

Only Ye Chen has enough potential to kill Tiandao palace and crush everything.

Chongguang looked at him with bright eyes and said: "Xuanyuan ink evil is my biggest enemy. You are the inheritor of the reincarnation Lord. At that time, I will try my best to do what you want."

Listening to Chongguang emperor's request, ye Chen did not immediately open his mouth.

If you can kill Xuanyuan moxie and control the power of Tiandao palace, he will go to the upper bound later and fight with xuanjiyue, the empress of xuanjiyue, he can also get one more card.

"I'm sorry, I can't just promise you."

Ye Chen thought for a moment, but shook his head.

I just talked to Chongguang.

He is not a bad man. If people say a few words casually, he will work hard. This is impossible.

Hearing the speech, Chongguang emperor was silent.

Indeed, he and ye Chen had just met, and it was a bit excessive to make such a huge request.

Although Ye Chen and Xuan Yuan Mo Xie are also mortal enemies, he will one day also kill the Tiandao palace and crush Xuanyuan Mo Xie.

But his killing was only for himself, not for revenge of Chongguang emperor.

In the end, the cause and effect ended and the merits and virtues were satisfactory. Chongguang emperor would not get any benefits.

"Unless..."

Ye Chen gazed at Chongguang emperor and said, "let me plant a mark in your emperor's soul. If you dare to break your promise, I will explode the mark, enough to kill you."

Ye Chen is not a cold headed green, Chongguang emperor of this level, do not know how smart, in case he helped revenge, Chongguang emperor turned his face and did not recognize people, he would be in trouble. Chen, only the absolute means of rolling will be retained.

"Plant your mark..."

Chongguang emperor's heart is shocked. If ye Chen is promised, his life will be completely pinched by Ye Chen.

As long as ye Chen moves to read, he will be out of his wits!

"Take your time."

Ye Chen did not force.

This is a transaction. Naturally, there must be means to guarantee the future. His demand is not excessive.

Chongguang emperor's eyes twinkled, weighing constantly.

If you refuse ye Chen, he alone, let alone revenge, even life is difficult.

His aura of Diwei has spread out, and Xuanyuan moxie must have known about it.

If he dares to leave Chongguang burial ground, he will be killed by Tiandao palace immediately.

And he, only a wisp of remnant soul, is obviously not the enemy of tiandaogong.

Only when ye Chen is promised, will he have the chance to revenge, clear the door and return to the peak!

"Well, I promise you!"

The emperor Chongguang bit his teeth and let bursts of light from his brow. However, he opened his own sea of knowledge and let Ye Chen deal with it.

Ye Chen nodded slightly. The Chongguang emperor was worthy of being a master of the God Emperor. His mind was determined to be fierce. In order to revenge, he was willing to pay such a big price.

"Master, offended."

Ye Chen arched his hand, and then released a wisp of soul power. At the same time, he urged the burning stele to release the reincarnation star stone obtained in the place where the leaves rose. Relying on the energy of the burning stele and the reincarnation star stone, ye Chen strengthened his soul power.

Boom!

Finally, ye Chen put his soul power into Chongguang emperor's consciousness sea and planted a soul seal.

This soul seal contains the breath of burning stele and reincarnation star stone. Once it explodes, Chongguang emperor will surely die.

"It's OK. I know what's going on with you."

Emperor Chongguang smiles bitterly, without any resistance, and completely accepts Ye Chen's soul seal.

Now his life is completely controlled by Ye Chen.

"Thank you for your understanding."

Ye Chen arched his hand again, just to put the burning stele and reincarnation star stone together.

"Wait!"

In vain, Chongguang emperor's eyes shrank, staring at Ye Chen's reincarnation star stone.
