Chapter 3031

Burning snow smell speech, beautiful face, instant surge of infinite anger and killing!

For burning snow, ye Chen is not only the first genius of xuanyuezong, but also the Savior of their family!

It is because of Ye Chen's existence that they can walk out of the secret realm and have a foothold in Lingwu. Moreover, as early as the Wudao meeting, Huoxue was deeply attracted by Ye Chen's heroic posture of never falling down and suppressing the talents of all ethnic groups!

Ye Chen in the heart of burning snow is great, beautiful, is not allow anyone to insult the existence!

At the next moment, a snowstorm was set on fire, and the whole body flashed with thunder. It was like a nine heavenly goddess who manipulated the thunder. It was like a thunderbolt from the blue, which shocked everyone present!

How strong!

Burning snow is worthy of being the true disciple of xuanyuezong, whose strength can be called against the sky!

However, the flood scene is a light look, suddenly, a sense of terror, burst out from the body of the flood!

Originally is preparing to fire the snow, beautiful eyes a coagulation, this Hongjing is a chaotic layer of the strong!

Very strong!

However, even so, the burning snow still gnaws his teeth, his wrists move continuously, and the sword moves in an instant. The sword moves constantly. The surging sword Qi turns into rolling thunder, tearing the space and chopping down towards the Hongjing!

What about chaos?

No matter how strong the Hongjing is, as long as you offend Ye Chen, you will never let him go!

However, when Hong Jing faced this sword, a smile appeared in his mouth. On the sword in his hand, a burst of white light suddenly burst out. Among the white light, a sword holding shadow appeared behind Hong Jing. The next moment, the sword light flashed!

The virtual shadow moves with the action of Hongjing. With a sword, it meets the thunder and sword light of burning snow!

There was a big bang, and the seemingly powerful thunder disappeared in the white light!

As soon as his face changed, his sword danced wildly, chopping out thunders and retreating towards the rear. But even so, the white sword light of Hongjing seemed to treat the thunder as if it were nothing, and approached the burning snow quickly!

Burning snow a bite teeth, a big drink, the whole body thunder light Sheng, both hands holding the sword, mercilessly toward the white sword light cut!

The white sword light, finally dissipated, but the burning snow is also a few steps backward, half kneeling on the ground, a trace of blood spilled from the corner of the mouth, the whole body breathing disorder, has been injured!

It was a thrill to all of you!

This Hongjing, it seems, is not just a boast!

As a true disciple of xuan yue zong, Fen Xue was defeated by his casual sword?

Hong Jing said with a smile: "is this the true disciple of xuan yue zong? Hehe, it's too weak to describe. It's far worse than our Lingwang sect. So it's also called the first force of Lingwu?"

Now, more and more I doubt whether the so-called eternal evil Ye Chen is as terrible as the legend

"Shut up

The burning snow roared and stood up with a strong support. Her whole body was full of spiritual power. She was planning to continue fighting regardless of her own injury!

She knows that she is not Hong Jing's opponent, but let her let Hong Jing insult Ye Chen, it's better to let her die directly!

But at this time, a hand on the shoulder of burning snow.

Burning snow eyebrows a wrinkle, just want to scold, but turn the moment, this cold and beautiful woman is suddenly dull, pretty face, incredibly appeared a touch of red!

She even rubbed her eyes in disbelief. After confirming that the indifferent man in front of her eyes was real, she hugged him with great excitement and cheered, "brother-in-law, you are back!"

Burn snow but know ye Chen and elder sister's relation! There's no problem with that!

Ye Chen smiles and touches her head. She looks cool and mature. In fact, she is just a teenage girl. However, only in front of Ye Chen, can she reveal her most real side. At any other time, she is a true disciple of xuan yue zong who is just like an iceberg!

A moment later, ye Chen opened his mouth and said, "OK, burn the snow. There are still people watching."

Burning snow smell speech, this just pretty face blushes to loosen Ye Chen.

Hongjing stares at the young man who suddenly appears beside him. Somehow, the other party gives him a very strange feeling, but Hong Jing doesn't care too much.

After all, no matter how strange this man is, he is just a warrior who has not yet completely stepped into chaos.

Ye Chen looked at Hong Jing and said, "do you want to be the first one in Lingwu

Hong Jing sneered: "why, do you have something to say? It's good for you to look at the whole land of Lingwu. But, boy, I'd like to remind you that if you're a genius, you're really invincible. "

Ye Chen said, "I don't know if I'm invincible, but if you want to be the first one in Lingwu, you can't do it."

"No way?" Hong Jing seemed to hear a joke in general, playing: "you are talking about it, why not?"

Ye Chen said, "because, I don't allow it."

"If you say no, you can't?"

Hong Jing's smile, more and more ferocious!

"Who do you think you are?"

Ye Chen said faintly: "I am Ye Chen."

"Is that enough?"

With this sentence, the whole hotel, even the whole street, was quiet!

Eyes of all men are shaking!

Ye Chen, the legend of Lingwu land, is back!

Even Hongjing is a little stunned, and a trace of timidity is born in his heart. Even if he says it bluntly and doesn't care, the name Ye Chen is a kind of deterrence for the Lingwu people!

However, he soon calmed down and said with a sneer, "Mr. Ye, it seems that you are not doing well in the kingdom of God? How did you run back to our Lingwu land? What's more, it hasn't entered chaos completely?

Is it not to say that the martial road of the kingdom of God is countless times stronger than that of Lingwu? How come your accomplishments are not as high as I am? "

In Hongjing's eyes, a flash of excitement flashed. Now, ye Chen's cultivation is not as good as himself. Maybe, this is a good opportunity to defeat Ye Chen!

If he Hongjing defeated the legend of Lingwu land, he would become a new legend!

At the next moment, Hong Jing's breath soared to the sky. The sword in his hand flashed. The shadow of God and man reappeared behind it, and it was more condensed!

He thundered: "Ye Chen, you say, you don't allow it? If you are defeated by this young master, then there is no excuse for it? "

All of a sudden, the shadow behind Hong Jing matches his body shape. His whole breath is nearly doubled. Then a flash appears in front of Ye Chen. The sword in his hand stabs Ye Chen's chest at a dizzying speed!

Chapter 3032

With this sword, all the people in the hotel felt as if they were trapped in a world surrounded by a cold sword blade. They held their breath one after another, as if breathing in more air, they would be crushed by the cold sword spirit!

Is this the real strength of Hongjing?

I can't imagine it!

Ye Chen used to be strong, but he may not be the opponent of Hongjing now?

But suddenly, a strange scene appeared.

The sword of Hongjing can't be stabbed at the moment before ye Chen's body!

His eyes trembled and he looked at his trembling blade. What's the matter?

Standing in front of Ye Chen, why does he have a feeling that his body doesn't belong to him?

Ye Chen has no choice but to smile. The strength of Hongjing is too far away from him.

The instinct of martial arts makes Hongjing unable to fight ye Chen at all.

The next moment, a wisp of breath is released from ye Chen's body

It is this breath that tears the pride, arrogance and contempt on Hong Jing's face to pieces!

The rest, only fear!

Strong to the extreme of fear!

"Poof!" At the beginning of this chaotic situation, the strong man standing at the peak of Lingwu land suddenly spat out a mouthful of blood under the breath of Ye Chen, and his body shape flew upside down!

Hit the wall of the hotel, like a pool of mud, paralyzed on the ground

All of us are looking at this scene with dull faces, feeling that their souls are going to be shaken

They know ye chenqiang and ye Chen's rebellious nature, but they didn't expect that ye Chen's strength was so terrible!

Just by breath, kill the top strong people standing in the Lingwu continent?

This is not God, what is God!

In the hotel, people look at Ye Chen with deep awe. They know that the legend of Lingwu land is really back.

At this time, all the people of the Lingwang sect, who were originally invincible, were scared to death. They knelt down in front of Ye Chen without hesitation and apologized:

"Mr. Ye, we are wrong, this All these are the meaning of Hongjing, and have nothing to do with our Lingwang sect! "

Ye Chen didn't look at them. For him, there was no difference between these people and mole ants. He turned to burn the snow and said, "these people, take them down and deal with them according to the rules of xuan Yue city."

"Yes

At this time, the burning snow, red face, beautiful eyes, as if flashing a small star general, looking at Ye Chen, incomparably excited, where there is half a minute, gaolengmeiyan xuanyuezhong true disciple appearance?

Has completely incarnated as ye Chen's little fan sister!

After taking away several people from the Lingwang sect, Huoxue asked Ye Chen, "brother-in-law, do you have anything to do this time?"

Ye Chen's eyes, with a trace of heavy way: "I come back this time, because xuanyuezhong is likely to be in danger!"

Soon, ye Chen and burning snow, they came to the hall of xuanyuezhong.

At night, Bai Zhentang, Yin Che, long Yitian and others have already been waiting here.

They are all looking back at Ye Chen with a smile on their faces.

Ye Chen saw these people, respectfully saluted: "I have seen the master, the patriarch, the two supreme elders."

Although the accomplishments of cangye and others have been greatly improved, Bai Zhentang and the other three Taishang elders have entered the chaotic state, and cangye has the cultivation of chaotic five layers of heaven. However, ye Chen's strength has far exceeded them. It can even be said that the sky is different from each other!

However, ye Chen's attitude towards them has not changed at all. He is still as respectful as ever.

Cangye and others are extremely gratified to see ye Chen today. Ye Chen's strength is simply stronger than themselves, and they should be happy!

Ye Chen asked Cangye, "headmaster, it seems that there are many martial artists in Lingwu land who have gathered here in Xuanyue city recently? What happened? "

The dark night nodded his head and said: "near Xuanyuezong, a cliff gives off a very strange breath. Even the celestial phenomena have changed for it. Even those who are in chaos state have a feeling of panic when they approach there.

Everyone said that there will be exotic treasures coming out. Recently, the aura of heaven and earth in Lingwu land has been soaring because of the strange phenomena of the moon ring. There are indeed many foreign treasures reappeared in the world. Many people are very enthusiastic about the so-called "exotic treasure" under the cliff.

For a while, the whole Lingwu continent, as long as they have some confidence in their own strength, almost all gathered in our Xuanyue city. "

Ye Chen looked somber and said, "master, immediately order that all disciples of Xuanyuezong should not approach that cliff!"

Cangye and others, smell speech is a Leng, ye Chen how?

Originally, they Xuanyuezong took advantage of the land and wanted to send out a large number of disciples to rob the treasure which was about to come into the world. Ye Chen continued: "there is no treasure under that cliff! Yes, there is only one extraterritorial demon that can bring destruction to the land of Lingwu

Ye Chen came to Xuanyuezong and had a thorough perception of the familiarity of the breath.

It's an alien demon!

The position of Xuanyuezong was spread in ancient times, so it is not impossible to suppress the domain devil!

"What!"

Dark night and others, are a cry of surprise.

Ordinary some lower demons, it has been very terrible, and foreign demons, that is the legend of the existence of terror monsters!

Under the cliff near feifeng mountain, there is an exotic demon? It sounds like it's incredible!

However, cangye and others have no doubt about ye Chen. They immediately nodded and said, "I'm going to give an order."

At this time, an inexplicable breath suddenly rose from a direction near xuanyuezhong. The sky was accompanied by this breath and changed its color. The clouds rolled, the lightning flashed and thunder thundered, just like the end of the world!

A roar of ecstatic cheers, from the xuanyue city inside the road: "foreign treasures will appear!"

The next moment, countless road escape light, startled the sky, toward the direction of the breath, quickly swept away!

Ye Chen's pupil shrinks and his figure flashes, and he soon appears over the cliff!

At this time, there have been a large number of martial arts practitioners here.

Ye Chen looked at the people around him, and suddenly his eyes flashed. He saw several old acquaintances.

A strong bald young man and a handsome man with natural temperament, these two people are the Lingwu mainland genius Xing Zitang and Ji Xuan, whom ye Chen met in the Shenglong contest!

In addition, there is a young man with noble temperament, cold and proud face, holding a long sword. Standing with them, ye Chen is no stranger.

He once had a chance with the royal family!

And xingzitang three people, now all have the strength to cut the peak of adversity!

Chapter 3033

Besides, beside the three, there were also some students from Shenhua academy, as well as Royal offerings.

The next moment, ye Chen body shape a flash, then with a smile to appear in front of them.

Xingzitang, Jixuan and Sikong Feixing were all slightly stunned at the sight. Then, on the faces of xingzitang and Jixuan, there was a look of great joy!

"Ye Chen, it's you! You're back

They and ye Chen can be said to have a life of friendship, each other is a true friend!

Sikong Feixing also nods to Ye Chen.

Ye Chen said with a smile: "long time no see, Zi Tang, Ji Xuan, are you here to fight for the foreign treasure?"

Xing Zi Tang nodded: "yes, this time, many forces have paid great attention to this exotic treasure, and so do our Shenhua academy and the royal family."

Ye Chen looked at several people, and said solemnly: "Zi Tang, Prince Sikong, you will leave with the Shenhua academy and the royal family immediately!"

Leave?

Xing Zi Tang, Ji Xuan, and Si Kong Fei Xing looked at each other with astonishment.

However, the three people did not say much, and nodded at the same place!

They believe in Ye Chen unconditionally!

However, some people are not!

Behind Xing Zitang, a man with sharp eyes and a look of emaciation suddenly said with a sneer: "leave? How many other colleges do you mean to avoid fire?"

Hehe, is this the spirit of Ye Chen, who once suppressed Lingwu land and created countless miracles in Shenhua academy? What an eye opener? "

This man, named Zhaokai, was a genius after ye Chen and enrolled in Shenhua college. It seems that he is in his twenties and already has the cultivation of cutting through the eight layers of adversity!

In Lingwu land, it is also a monster.

Zhao Kai was proud of himself. He was not satisfied with Ye Chen, who had been handed down to him. Now, he saw that the so-called first person of all ages has not yet completely stepped into chaos?

And let them leave without shame?

Why do you listen to his command when you are a demon?

However, at the moment of Zhaokai's opening, two extremely strong breath suddenly roared out!

Crush towards Zhaokai fiercely!

Zhao Kai's face changed and stepped back several times. He looked at the two people in front of him in horror.

Both Xing Zi Tang and Ji Xuan were staring at Zhao Kai coldly with anger in their eyes!

Ji Xuan said coldly, "Zhao Kai, if you dare to disrespect ye Xuechang next time, even if he doesn't kill you, you will die in the hands of Xing Zitang and me. Do you understand? Now come and apologize to ye Xuechang! "

Zhaokai's face turned pale in an instant!

Although he is proud, he also knows that he is not the opponent of xingzitang and Jixuan!

Xingzitang and Jixuan are the two most powerful talents in today's Shenhua Academy. They are also qualified to stand at the top even if they look at the spiritual land!

Moreover, they are praised as the most promising warriors!

Therefore, these two people are even more proud than his Zhaokai!

Originally, he thought that xingzitang and Jixuan, who were so evil and proud, would be more angry and disdainful to hear ye Chen let them leave as if they were ordered to do so!

However, now it seems that Xing Zi Tang and Ji Xuan, not to mention anger and disdain, are actually obedient to Ye Chen?

Even let him apologize for his speech and ye Chen?

This is totally beyond Zhaokai's expectation!

How terrible is it to let Xing Zi Tang and Ji Xuan, such obedient people?

Just think about it, Zhaokai's cold sweat is coming out!

Seeing Zhaokai standing in a daze, Xing Zi Tang suddenly yelled: "Why are you still in a daze?"

After hearing the speech, Zhaokai woke up from the shock. He bit his teeth and walked to Ye Chen unwillingly. He bowed his head and said, "ye Xuechang, I was rude just now."

Ji Xuan coldly hums a way: "what attitude should apology be, need me to teach you?"

Ye Chen, however, waved his hand and said, "well, you'd better leave here as far as possible. There is no foreign treasure here. If I expected it well, this place will become extremely dangerous."

He is too lazy to care about anything with such mole ants as Zhaokai.

Xing Zi Tang and Ji Xuan nodded and immediately took the people of Shenhua academy and left without hesitation.

Although some of the students of Shenhua college are reluctant to do so, Xing Zi Tang and Ji Xuan are both the leaders and the most powerful members of the college. Naturally, they dare not really disobey them.

Although Zhaokai didn't say anything, he snorted in his heart: "ha ha, it's dangerous? You just pretend. Do you think you can monopolize the foreign treasures in this way? Not everyone will be as stupid as xingzitang and they will be fooled away by you. "At this time, Sikong Feixing also worshipped the royal family and said, "let's go."

Although those Royal worshippers knew Ye Chen was powerful, they hesitated. After all, what ye Chen said was groundless.

Si Kong Fei Xing's face sank and said, "do you want to fight against life?"

A group of worshippers quickly bowed down and said, "I dare not!"

Si Kong Fei Xing arched his hand to Ye Chen and said, "thank you very much."

Then he took them away.

Although he had only seen Ye Chen once, ye Chen's many deeds had already convinced the proud prince!

Ye Chen turned around and looked at all the soldiers present. He suddenly said, "gentlemen, please leave here immediately. There are no foreign treasures here, and there may be great danger."

As soon as this saying goes out, many warriors under the cliff are "Shua" and focus their attention on Ye Chen.

Originally some noisy cliff, fell into a brief silence.

And then there was laughter.

No one takes Ye Chen's warning as one thing!

Even a lot of humanity: "isn't this Mr. Ye who went to the kingdom of God? How come we haven't stepped into chaos yet? "

"Would you warn us if there was any danger? When we are fools? "

"Can't you get along in the kingdom of God?"

"Hehe, do you want to use your reputation to scare us off and monopolize our treasures? Unexpectedly, Mr. Ye also began to play tricks? "

"The strength is not good, can only be used to cheat?"

At this time, a dignified man in white robes came to Ye Chen. He was the second prince of the kamikaze Empire and one of the top talents of the kamikaze empire.

The second prince looked at Ye Chen with interest and said, "Mr. Ye, what basis do you think there is danger here?"

Ye Chen glanced at him one eye, light way: "intuition."

The voice fell, the whole cliff, are burst out a burst of laughter!

Chapter 3034

Intuition?

How about teasing them? Just rely on your intuition, you can make people give up the foreign treasure and be willing to leave?

When they were all three years old?

The second prince shook his head and did not speak, but the meaning of disbelief was almost written on his face.

Ye Chen is not satisfied.

If these people want to treat gentlemen's belly with the heart of villains, then let them be. What they should warn themselves has been warned that they have no obligation to save these people.

His life is in his own hands. Since these people don't want to believe him, what does it matter to him if he dies?

At this moment, the ground under the people's feet suddenly burst out a strong purple light, a breath from ancient times, pouring out!

Here it is! Foreign treasure is coming to the world!

All of them were happy, and they were all ready to fight for foreign treasures!

But all of a sudden, a non-human roar, but in the ears of everyone!

The earth cracked, showing an incomparably deep crack. A purple black figure of the size of a hill rose slowly from the crack. People looked at the purple black figure, and their pupils shrank one after another, and their faces showed a frightening color!

This figure has a human like face, exaggerated muscles, arms are very long, almost vertical to the ground, a pair of sharp claws, flashing frightening edge!

What a terrible monster!

But what really scares them is the smell of the monster!

Just that breath, it will make their souls tend to collapse!

What is this monster? Why do they feel like a demon who wants to destroy heaven and earth?

Suddenly, everyone remembered what ye Chen said

At the same time, the legend of extraterritorial demons also appears in my mind!

The tens of thousands of martial arts people looked very frightened!

But not waiting for them to do something, the next moment, that day, the devil suddenly opened his mouth, spit out a burst of purple smoke, at the bottom of the cliff, instantly diffuse.

That many powerful warriors, at the moment of touching the smoke, actually screamed, and their flesh and blood melted in the smoke, and were absorbed by the devil that day!

The rest of the good luck, standing far away from the devil, has not been submerged by purple smoke, is pale, crazy, generally running towards the distance!

At this time, people who survived are full of regret!

Regret not to believe Ye Chen's words!

What ye Chen said is true!

If only they believed in Ye Chen at that time, rather than ridiculed with self righteousness!

What's the use of regret?

Many things, even if how regret, are no chance to recover.

The spreading speed of the purple poisonous fog was far faster than that of the warriors. Most of them were soon caught up by the poisonous fog and melted in the scream.

There are few people who have managed to escape from the fog.

However, the second prince, who was still extremely disdainful to Ye Chen, was full of panic. A large bloody shield, emitting a rolling blood light, covered his whole body and reluctantly resisted the erosion of the poisonous fog. Obviously, the big shield was used by the second prince to protect his life, with a very high grade!

But the bloody shield was smashed in the poisonous fog like sand and stone! Look, even a few breathing time, can not support.

The second prince was completely in despair. In front of the shadow of death, the whole person was drowned in fear, almost suffocating!

He looked to one side of Ye Chen and cried hysterically, "help me! I'm wrong, Mr. Ye. Help me

Ye Chen brows a frown, do not wait for him to make a reaction, that blood color big shield, then thoroughly dissipate, and then dissipate, and the body of the second prince.

There was only a shrill cry, echoing in the purple fog.

Slaughter, real slaughter!

The demon killed tens of thousands of warriors in an instant!

What's more, almost all of them are in Lingwu land, which can be called the existence of the strong!

It's too terrible to imagine!

This demon moves too fast. I'm afraid that when he is under the ground, he is ready. It is Ye Chen who has no time to stop it.

Glad to see the Royal Academy in the distance!

Fortunately, they listened to Ye Chen's warning!

Otherwise, they will die now!

Ye Chen a word, saved their lives!

Originally, Zhao Kai, who had planned to see ye Chen make a fool of himself, now opened his mouth and saw the horror of the body melting of countless warriors, and his whole body was shaking.

All his speculations and suspicions about ye Chen are so ridiculous now

At this moment, he suddenly understood the reason why Ye Chen was called a legend, and what kind of gap he had with Ye Chen!Ye Chen stands in the poisonous fog and stares at the demon in front of him. His eyes sink. The purple fog has no influence on him. What he cares about is the strength of the demon!

The rank of the demon seems to be lower than Gao Yin and Kong Chi, but the strength is not weak at all!

Even better than the hole pool!

The next moment, a strong evil spirit, rising from the sky, in the face of this ancient time, has been the existence of the ancient demons, ye Chen does not intend to have the slightest hand!

On the evil sword, the blood rune, the light explodes, ye Chen's powerful and incomparable spiritual power is poured into it wildly. The sword flash, with the momentum of splitting the sky, accompanied by nearly 400 million dragon's tremendous power, is beheaded towards the devil that day!

The meaning of Zhenwu is surging in the spirit of the sword, but at the edge of the sword, there are wisps of black air flying. If you take a look at it, you will have a feeling that the soul will die for it. That is the breath of destroying Shinto!

Originally, the demon, still intoxicated with the satisfaction of swallowing tens of thousands of warriors, suddenly burst into purple light in one eye, and looked at the sword light cut by Ye Chen with great surprise!

What's going on with this human being?

It seems that it is just a waste that has not yet stepped into chaos. Why can it not only bear the poisonous fog that he has brewed for thousands of years, but also be able to chop out such a terrible sword!

This sword, unexpectedly, gave this ancient demon, a threat of death!

That day, the devil's two claws sent out a dazzling purple light. They actually condensed into two purple lightsabers, which were cut towards Ye Chen. They were hard to block them!

Sword, purple light!

At the same time, the sky was shaking and a huge space crack was tearing.

A giant animal with colorful flames and auspicious clouds suddenly appeared.

On top of the beast sat a young girl dressed in white and full of cold air of nine days.

The girl's veil covered, the breeze floating, the veil rippling, even revealed a pair of cold eyes.

However, if you look carefully, the girl has some blood, and the breath is a little weak!

It seems to have just come through a big war.

But! Of course, the breath is weak! But there are six layers of heaven and God realm, the fantastic cultivation of heaven!

She is the Supreme Master of juechan emperor palace, Wei Ying!

Wei yinghan Mou looked at the fierce fight ye Chen and extraterritorial demons, exhaled a breath: "this guy was a step ahead of time."

"But..."

Wei Ying stretched out her hand and touched the glaring awn under her body. She murmured, "but this demon is my prey!"

Chapter 3035

A few seconds later, a white figure appeared in the torn void behind Wei Ying.

It was her servant girl Bai'er.

Bai Er held a sword in his hand, and there was blood dripping on it.

She came to Wei Ying's side panting and looked at Wei Ying with a little sadness: "palace master, you can't wait for me."

"Bai er's cultivation is not as good as the palace master."

"By the way, palace master, why did you let go of those wounded old things all of a sudden? They are all powerful people hidden in the kingdom of God. If they escape, the consequences will be unbearable... "

Words have not finished, Bai er's eyes then fell on the bottom of the fierce battle of Ye Chen and the demon.

She gave an instant inspiration and said to Wei Ying helplessly: "palace master, I should have guessed that you are here for this man again."

However, Wei Ying under the veil is showing a red lip smile: "this time you guess wrong, I am for the devil."

"Well?"

Bai Er slightly a Zheng, immediately thought of what, no longer words.

.....

Below, the war spirit rippling!

The sword light, which originated from the martial arts of the demon clan, is rough, fierce, bloody and cruel. It collides with the destruction sword cut by Ye Chen!

Ye Chen's eyes narrowed slightly. This time, the two purple swords were not destroyed in an instant!

But with Ye Chen's sword awn, after a moment of stalemate, vanishes together!

However, on that day, the devil withdrew from hundreds of steps, and the whole body was bombarded by the power of this sword, and the blood flowed straight!

But, even so, it is enough to make ye Chen scared. He only paid such a little price to block his sword of destroying Shinto?

However, ye Chen raised a cold smile, he also found the weakness of the demon!

That's speed!

The demon's attack, defense, vitality and so on are very strong, but in the fight just now, with Ye Chen's martial vision, we can see that the speed of the demon is its huge short board!

"Jiwu: Shenshan!"

Ye Chen murmured, and his body disappeared from the original place. He quickly bullied the demon's side and cut him towards the demon's waist with a fierce sword!

That day, the devil bit his teeth and wanted to dodge. He could not escape Ye Chen's sword at all!

This damned human being, has caught the weakness of the Lord so quickly?

At this time, the demon had to suppress the wound and condense the purple double swords again to block the dark sword cut by Ye Chen.

There was a big bang, the sky and the earth shook, and the space collapsed. The devil vomited out a large mouthful of purple blood. The breath was withered. The color of fear finally appeared in the purple eyes!

He looked at Ye Chen, his brain seemed to be swept by a storm, a mess!

He has never seen such a terrible man as ye Chen, who has not yet stepped into chaos!

When can the extraterritorial demons crush the same level Terrans without any pressure? When will they be beaten by a human who is far lower than himself?

Moreover, if we go on like this, we can't support the hundred swords in Ye Chen's hands with the vitality of extraterritorial demons?

Even if the demon tries to keep away from ye Chen and recover from the injury, how can ye Chen give him a chance to breathe?

He attacked the demon almost madly!

At this time, around the cliff, most of the survivors did not leave, but watched the war with great tension!

After all, if ye Chen is really defeated by extraterritorial demons here, the whole land of Lingwu will be destroyed by that day's demons, right?

It's no use running anywhere!

Originally, to see that extraterritorial demons, seconds killed tens of thousands of powerful Lingwu mainland, people's hearts are desperate!

This monster is totally beyond their imagination. Even if ye Chen was once brilliant, he is just a warrior close to chaos. If he goes against the sky and can fight beyond the level, he will not be the opponent of the demon, right?

But they never thought that ye Chen was actually pressing the devil to fight!

Shock, is ecstasy!

Lingwu mainland is saved, because ye Chen is here!

But at this time, the demon, who had been forced into a desperate situation, suddenly showed a strange, insidious and creepy smile, and said:

"human beings, you are really strong. Strong people like you are qualified to join our foreign demons, how about that? By the way, to remind you, if you refuse, I promise you will regret it! "

When people heard this, they felt awed. In the legend, the extraterritorial demons were the embodiment of disaster, bringing death to the whole Lingwu land and the kingdom of God. It was said that if there were extraterritorial demons, the Lingwu land would not be far away from extinction!

In this case, joining the demons is probably the best choice?

That day, the magic voice fell, ye Chen actually stopped the attack!

He gazed at the demons in front of him, and said faintly, "are you telling me the truth?" A group of survivors of martial arts, are pupil contraction, face angry color, ye Chen really want to agree!

"So soon, they are going to betray human beings?" they yelled

"What's the pride of Lingwu? Pooh

"It turns out that the so-called eternal demon is a villain who acts at the mercy of the wind."

"Ha ha, ye Chen is so disappointing!"

That day, a glimmer of joy flashed in the eyes of the devil, and nodded: "nature is true."

He suddenly opened his mouth, spit out a gray worm from his mouth, and said to Ye Chen, "as long as you swallow this demon insect, you can become a member of our heavenly demon clan. After that, it will be the most noble existence in this world."

This devil bug is only inferior. The grade of this ancient devil is not high, so it can't make the original devil bug.

But ye Chen looked at that inferior devil insect, but seemed to be really excited in general, his eyes flashed, as if he were thinking about it!

At this time, the devil's face suddenly became ferocious and roared: "devil, do it!"

In the void, waves together, a nearly transparent figure emerges out of thin air. In his hands, a purple chain flies out and twinkles around Ye Chen's body. In the flash of purple light, ye Chen is completely bound!

This inexplicably emerged figure, the whole body is black and purple, with a pair of curved corners on the head, which is another extraterritorial demon! And the same breath!

It's very difficult to deal with such a terrifying extraterritorial demon, let alone two? Moreover, this is known as the devil's family, is obviously very good at hiding and binding!

On the contrary, it is more difficult than the demons whose main ability is to fight!

At this time, the devil Xiao was looking at Ye Chen with sarcastic eyes, and said, "ha ha, a human family really thought that I would let you join our noble demon family?"

If you think you have some strength, you can change the fact that you are a lower race? Ha ha, human beings are really stupid. Originally, you might have a chance to kill me, but now I just seduced you a little, and then the devil could easily control you!

Don't you play well? Go ahead? Now, it's you who are going to die! "

Chapter 3036

Can, strange is, although Ye Chen is bound, control, but face is incomparably calm!

As if in a desperate situation, is not their own general!

The devil day is vain to look at Ye Chen, the eye sinks a way: "demon roar, hand now, use your strongest strength, kill this kid, this kid's appearance is very strange!"

Magic Xiao sneered: "strange? No matter how strange it is, I will die under the attack of my master. Touch of all demons, open

Suddenly, behind the magic roar, thousands of purple and black tentacles were stretched out. At the end of each hand, a purple lightsaber was wrapped around it!

With a roar of magic roar, his whole body was full of evil Qi, covering the earth, and his powerful breath made the whole land of Lingwu tremble. The extremely ferocious sword spirit swept through thousands of miles. Countless warriors, under the impact of the sword idea, turned their faces wildly and were extremely shocked!

Magic roar overlooks Ye Chen, eyes incomparably cruel.

It's time for you to pay the price for a long time under the pressure of a human waste!

Touch of ten thousand demons is the most powerful attack means of magic roar. Its power is extremely terrible. However, if this move is used, it needs to be prepared for too long. The speed is his weakness. If he is not good at hiding, the bound devil will cooperate in vain, and he can hardly hit the enemy!

But, on the contrary, once the enemy is bound, with the fragile vitality of human beings, it is impossible to survive in this move!

At the next moment, the devil roared: "the inferior race, die for me!"

The ten thousand purple sword lights, like countless stars that can destroy all things, fall towards Ye Chen with endless power!

Heaven and earth color change, void smash, martial law, crazy rupture.

Xing Zi Tang, Ji Xuan, Si Kong Fei Xing and others are very anxious!

This magic roar's ultimate strike, too terrible!

Even, they are so scared that they can destroy the whole land of Lingwu with a magic roar!

They know that ye Chen's vitality is very strong, but even if he is strong, he will fight against this move, but he will die in smoke and dust?

With a loud bang, the thousands of purple sword lights penetrated Ye Chen's body thoroughly, and the remaining power did not diminish. It hit the earth and toppled countless mountains.

The whole Lingwu continent, has had the highest level earthquake, above the ground, is bombarded out a deep hole!

Ye Chen's body has completely dissipated and disappeared.

Xing Zitang and others, see this scene, are pale, crazy eyes shaking!

"Ha ha ha ha ha ha!"

The devil roared with laughter. This boy should be the most powerful human in the land of Lingwu and even the kingdom of God?

If he is dead, then no one will be able to stop the invasion of foreign demons!

The devil is also slightly relieved, this strange human, give him a very uncomfortable feeling, now finally died!

But at this time, a white fog suddenly floated to the back of mordant, and a figure gathered in an instant. The blood light suddenly appeared, pooped, and a dark sword ran through his chest in an instant!

In front of this sword, the fierce body of the demons is just like tofu without any resistance!

I'm afraid that if you don't know where I am, I'm afraid that you can't make sure of my position

His mouth raised a vicious smile and said: "unfortunately, I didn't let you off, so I had to let you show up."

The devil day vain can't believe to look at the long sword at the chest, suddenly, a burst of destruction in his body!

"No

Even if there is the vitality of the demon family, it can't bear the destruction of Shinto in the body!

At the next moment, the devil's blood mist dissipated.

Seeing this scene, all the warriors were shocked

Even the original is still laughing devil Xiao, at this time is a pair of ghost look!

Ye Chen unexpectedly is to lead out the devil day to waste, deliberately show flaws, let the devil day in vain!

To this end, he even resisted the magic roar's must kill blow!

The most important thing is that ye Chen did not die after resisting the most powerful blow from the devil. In addition to his pale face, he did not even suffer from too much influence!

How terrible was his vitality?

The purple eyes of magic roar are full of fear!

Originally, he thought that he was an alien demon family, which was weird enough and frightening enough

But now, he found more terrible than himself, more strange, more like a monster ten thousand times!

Ye Chen looks at the expression of demon Xiao, a cold smile.

After absorbing two Zixiao stones, ye Chen's physique has been greatly improved.

Now he, in the body of the heavenly demon and the state of reincarnation, shows the magic power of atomization, which is almost immortal! On the sword in Ye Chen's hand, the blood light is full, facing the devil Xiao light way: "I remember, you just seemed to call me to hit you again?"

Hearing this, he shook his head wildly and said, "wait a minute, you have proved your value, human beings. This time, I sincerely invite you to join the demon family, and even introduce you to his majesty..."

Without waiting for the demon to finish, ye Chen's body appeared in front of his eyes. He cut down the sword in his hand, and the speed of his sword was twice as fast as that of analogy!

The pupil of demon Xiao shrinks, ye Chen didn't give all his strength just now? I'm afraid it's to prevent the second killing himself, let the devil escape in vain?

Mo Xiao gnaws his teeth, and the purple light is on the whole body. He crazily closes it and wants to defend Ye Chen's sword

Can, magic roar and ye Chen's speed, the gap is too big!

The next moment, the blood flash, the sword rampant, the destruction of the breath will completely devour the magic roar!

Sword light convergence, a breeze blowing, the purple blood mist, blowing into nothingness.

The people around me are completely dull

These two are enough to suppress the terror of the whole land of Lingwu, so they are killed by Ye Chen?

For a time, they are some indistinguishable, in front of the man is a person, or God ah!!!

He killed two ancient demons. Sure enough, the strange whirlpool reappeared. However, all the martial artists except ye Chen did not feel the whirlpool at all and turned a blind eye to it.

Ye Chen's eyes twinkled slightly, and the blood light flashed on the evil sword. He planned to put the two Zixiao stones into his hands again.

Maybe it's because these two demons, though ancient, are not of high grade. The two purple cloud stones, no matter in size or quality, are inferior to those obtained after killing Gao Yin and Kong Chi.

Ye Chen smile, even so, absorbed the two purple cloud stone, his strength can improve some.

But at this time, a sudden change suddenly appeared!

A strange force comes!

One of the Zixiao stones flew towards the sky!

Chapter 3037

Very fast!

Ye Chen's heart sinks, is there a demon not found?

If it is, this demon's power is absolutely terrible!

The next second, no longer hesitating, ye Chen toward that piece of purple sky stone flying to the sky to chase!

He didn't stop until he appeared in a broken void.

Because Zixiao stone fell into the slender fingers of a veil girl.

The girl was cold, and there was a giant beast with a majestic flame under her feet.

And the giant beast was obviously very excited when he saw Ye Chen, and his huge body was closer to Ye Chen!

"Awn!"

Ye Chen never expected to see wumang in Lingwu land!

As for the girl in wumang, she must be the mysterious woman.

The key is that the mysterious woman is not in the kingdom of God. Why did she appear in Lingwu?

"Girl, long time no see."

Ye Chen is quite polite.

Wei Ying is a little red under her veil. Although her heart is cold, she is more heartless.

But I don't know why, every time I see ye Chen, my heart is pounding, even her white face is covered with rosy clouds.

"Long time no see..."

A girl's voice was slightly lowered.

"Girl, what you have..."

Ye Chen Mou son a congealing, some surprised way.

Wei Ying noticed the Zixiao stone in her hand. She raised her Yang and said, "Ye Chen, Zixiao stone is useful to me."

"Can you give it up?"

Ye Chen hears this sentence, pour is to show a smile: "the girl has ventured many times to save me, if you need, my hand this purple cloud stone also can give you."

"I don't have to write down one."

With that, Wei Ying pulled her hand and turned her body toward the torn void.

She is now very hot, and even dare not look at Ye Chen's eyes. The sense of embarrassment makes her want to leave immediately.

But women are contradictory and complicated after all.

She wants to stay in her heart, even if she stays with Ye Chen for a while!

One side of the white son already see through everything, stare at Ye Chen, scold a "wood", also follow up.

At this moment, it's Ye Chen's turn to feel confused?

However, she gazed at Wei Ying's back, filled with a sense of inexplicable familiarity.

This figure reminds him of a girl who was once in Beijing Normal University.

I don't know what happened to that girl.

If we solve the problem, we should go back.

Suddenly, he thought of something and said, "girl, wait a minute."

Wei Yingjiao body a Zheng, directly stop, no words, seems to be waiting for ye Chen what.

Ye Chen hesitated for a few seconds, or a few steps forward, asked: "girl, you have saved many times, do not know how to call it?"

Wei Yingmei eyes blink, for a long time, that light cold voice slowly fell: "Wei."

With that, the girl disappeared into the void.

The void is closed, leaving only the dignified Ye Chen.

"Miss Wei? How does her back look like Wei Ying of Beijing Normal University? Even the last name? "

"It can't be Wei Ying..."

Thinking of this, ye Chen himself laughed.

Judging from the realm, I'm afraid the cultivation of this girl Wei has been in the middle and late period of the heaven God realm.

She is definitely not her opponent.

He has reincarnation cemetery to grow so fast, how can Wei Ying have such a thing against heaven and chance.

"Maybe it's a coincidence."

No longer thinking about it, he moved, and he was going to walk towards xingzitang and others.

.....

At this time, outside the territory.

In a magnificent hall, a middle-aged man dressed in a black robe with a dignified appearance looked at a young man with a low head and awe in front of him, and said coldly: "you say, zixiaoshi, this time it's inexplicably missing?"

When the young man heard the middle-aged man speak, his shoulder trembled and his body was soaked in cold sweat. He said nervously: "report back to deacon Li, the two purple cloud stones that should have been obtained this time have disappeared again. I'm afraid that some people in the Lingwu land and the kingdom of God have already known the existence of Zixiao stone..."

The middle-aged man looked at the young man in silence and tapped the handle of the chair with his fingers. The atmosphere in the hall was very dignified for a time!

The young man, biting his teeth, is going to be weak!

A few breaths, to him, is like millions of years!

Finally, the middle-aged man, once again said: "how to do, do not need me to teach you?"

When the young man heard the speech, he said to the middle-aged man excitedly: "yes! Thank you to deacon Lee for giving me this opportunity! No matter who that person is, I will make him disappear from the world completely. The middle-aged man nodded and said, "now, let's go."

Hearing the speech, the young man respectfully withdrew from the hall. At the moment of turning around, his face was completely gloomy!

This young man is called Yu Sheng.

Yu SHENGFELI quickly walked towards a place, and said in a low voice, "Damn it! Which waste has taken away Zixiao stone? Is this zixiaoshi a piece of rubbish that can have? "

It is no wonder that Yu Sheng is angry. If people from other countries and the upper world want to come to other places, they will be excluded by the law and limit their strength. Even if Yu Sheng has special means to break the law, his luck will inevitably be damaged!

The seemingly ethereal Qi Yun is very important for the martial arts practitioners!

When he comes there, his Qi will be damaged. Yu Sheng's road to martial arts will be extremely hard!

In other words, if Yu Sheng really came to Lingwu land and Shenguo this time, it would be very difficult for him to live a little longer!

But does he have the right to choose?

If you don't solve the problem of taking away Zixiao stone, Yu Sheng can't even live the next second!

Even if the future may not live long, it's better than dying now, isn't it?

But just because of this, Yu Sheng hated the man who took away Zixiao stone!

Soon, Yu Sheng came to a seemingly ordinary dry well. He gazed at the dark well, and his face became more and more ugly. Finally, he snorted coldly and jumped into the well.

At the same time, Lingwu mainland, who is preparing to go to Xingzitang and others, suddenly looks a little bit empty.

There, blooming out of a trace of if there is no space fluctuations, a nearly transparent vortex, slowly opened.

The next moment, a very powerful breath, from the whirlpool, bloom out!

Ye Chen's face changed instantly, and he said to the people in the distance, such as Xingzi Hall: "you go quickly!"

Although Xing Zitang and others don't know why, they don't have the slightest hesitation. This time, no one has the courage to disobey Ye Chen's warning!

At this time, a young man in gray clothes with a sinister face appeared in front of Ye Chen!

It's Yu Sheng!

Chapter 3038

Ye Chen stares at Yu Sheng, and his eyes are extremely dignified. Although Yu Sheng's breath is covered, ye Chen can feel that Yu Sheng's strength is far from that of the two foreign demons. It is a breath that makes Ye Chen feel extremely dangerous!

And, originally that from the whirlpool, if there is no strange breath, at this time, it is incomparably clear from Yu Sheng's body, send out!

Even, the strange breath and the original flavor of Lingwu continent repel each other, leading to Yu Sheng's body, and from time to time flash out a black light!

Ye Chen's pupil shrinks!

It is obvious that this surplus came directly from the outside world or the so-called upper world!

How could that be possible?

If people from other countries and the upper world could come at will, the Lingwu land would have been destroyed by those who were far beyond their strength.

At this time, Yu Sheng and the young man who was trembling in the hall were quite different!

His whole body was full of indescribable pride. His eyes opened and closed, and he looked down upon the world as if Yu Sheng was the God who dominated the world!

This is the pride of the warrior!

Yu Sheng looked at Ye Chen and ordered in a condescending tone: "is it you who took the Zixiao stone? Give me the Zixiao stone. I can make your death easier. "

He did not put Ye Chen in front of him at all.

It can even be said that he doesn't pay attention to anyone in this world!

For the sake of the purple cloud stone!!!

So, is there really a backstage behind the invasion of extraterritorial demons?

And this person, for the sake of this Zixiao stone, for their own interests, even if it is to cause a comprehensive fragmentation, hundreds of millions of lives, but also at all costs!

The anger in Ye Chen's eyes, more and more intense!

Although he has no conscience, he can't do some things!

If a person, for the sake of interests, even a little bottom line, this person may become very strong, but ye Chen does not want to become such a person!

Ye Chen said coldly: "die more easily? Ha ha, where do you have the confidence to kill me? "

Yu Sheng smell speech, slightly a Leng, full face unexpectedly looking at Ye Chen, immediately is laughing!

Almost crazy laugh, laugh tears will come out!

He Yu Sheng may be nothing in the outer world and the upper world, but here he is God! True God!

If an ant asks the God who dominates the world, where is the self-confidence to kill him?

However, at the next moment, Yu Sheng suddenly stopped laughing. A cold and murderous intention broke out in his eyes. The terrible breath of heaven and God roared out. The light made the space of Lingwu land begin to collapse crazily. Everything around him turned into nothingness and disappeared in the darkness!

Yu Sheng's spiritual power was like a dragon, and he said to Ye Chen, "waste, trampling on an ant, do you still need self-confidence? I'll show you what the real power is

Yu Sheng raised his hand, seemingly casually toward Ye Chen, and his palm print appeared out of thin air!

In an instant, the violent palm idea almost swept the whole Lingwu continent!

Countless warriors feel as if they have a palm like a huge mountain. When they press down, they even completely cover the sky!

This is heaven!

On the land of Lingwu, there was a very strange scene. Among the great empires, countless warriors knelt down inexplicably!

In their eyes, the palm meaning is the divine power and the miracle!

God has come!

If they have the slightest disrespect, there is nothing more terrible than death waiting for them, that comes from the anger of God!

Yu Sheng looks at Ye Chen with a sneer. No matter how crazy he is, he is not afraid to die. If he really faces the power of this palm, he will collapse in an instant. Even before the palm print arrives, the boy can't help committing suicide, right?

But the next moment, Yu Sheng's smile solidified.

Why?

Because he saw Ye Chen's expression.

At this time ye Chen, don't say is collapse, committed suicide!

In the face of his extreme palm, he still kept calm?

How could that be possible?

In a moment, ye Chen is like the incarnation of the ancestor of many demons, and he seems to be the God of all the gods. He has the evil sword in his hand and the blood rune, just like burning!

Zhenwu's meaning roars, and the power to destroy Shinto is condensed on the blade.

In the face of this startling hand, ye Chen's eyes not only did not have the slightest timidity, on the contrary, the fighting spirit was surging!

What if this is heaven?

Even if the sky, in front of his Ye Chen, will be chopped and broken by him!

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

Ye Chen drinks a low, a sword cuts out! Sword light startles the sky, just like a meteor that penetrates the universe!

The turbulent sword light and the startling palm print collide with each other. The two forces of terror interweave endlessly in the air, as if two gods were fighting in the invisible!

After a few breaths, the two forces disappeared at the same time, and everything returned to calm

But at this time, Yu Sheng is completely dull!

A Lingwu continent has not yet stepped into the existence of chaos, blocking his hand enough to destroy the world?

He's not dreaming, is he?

Yu Sheng's pupil is constantly shaking, and his heart is obviously under tremendous impact!

Just now, he could not feel the real spirit of the sword from the outside world!

One of the original three ways of destruction Shinto!

Even in the outer world and the upper world, there are very few warriors who can understand the destruction of Shinto!

Moreover, every evil spirit who can understand the destruction of Shinto, regardless of his or her origin, will become the disciple that the top sects compete for and pursue!

Even in his dreams, he could not have imagined that there were people in this place who could understand the God of destruction!

However, this sword is only the beginning!

Ye Chen's body shape flickers, then appears behind Yu Sheng's back, in the hand long sword once more mercilessly cuts out!

Yu Sheng's pupil shrinks. After all, he comes from the upper world. He has rich experience in fighting. Soon he calms down, turns his wrist and holds a golden long gun. Finally, he no longer holds the big gun and wants to fight with weapons!

Today's Yu Sheng has already realized that the youth in front of him is a little strange!

The spear is full of gold and sharp. It almost tears the space. It is an ancient thing!

However, to be exact, this spear should be a tool!

The level of Dao ware is too high for Lingwu land!

Yu Sheng's body turns in a flash. When he draws a long gun in his hand, he blocks Ye Chen behind him. With a strong sense of gun, he roars out with the terrifying spiritual power that can almost topple the whole world!

Chapter 3039

There was a big bang. Under this fight, the two bodies actually stepped back out of thin air. Each step of retreat left a footprints that would crush the void!

But!

This time, Yu Sheng quit three steps, but ye Chen quit ten steps!

Yu Sheng gazed at Ye Chen and said with a smile: "boy, you are really strong, which surprised me. It's a pity that you are much worse than your own. Therefore, you are going to die here today! If I can kill a genius who has comprehended the destruction of Shinto, it's not in vain for me to come down this time!"

At this time, Yu Sheng had a sense of excitement in his eyes!

There is a kind of skill in the upper world, which is to refine the spirit of the enemy after killing the enemy. In this way, you will have a chance to understand the way of the enemy, the meaning of true martial arts, martial arts skills and so on!

If he is lucky enough to understand the destruction of the divine spirit after refining Ye Chen's spirit, it will be worth it even if he comes from the lower boundary at the cost of Qi luck!

At that time, Yu Sheng will turn over completely and become a genius snatched by foreign and upper world forces, and be fully protected by his school. At that time, what was a little bit of luck?

Ye Chen at this time, is also slightly frown.

The body of his heavenly demon is limited by time. He has already spent some time fighting those two demons. But now, with Yu Sheng's strength, he is not sure that he will kill the other party before the body of the demon cannot be maintained!

Even if he activated the red dust God pulse is not enough!

Ye Chen calls for the Immortal Dragon Emperor of the reincarnation cemetery, but the other party does not know why, but there is no sound.

Is it isolated by this man?

At this time, a cold female voice suddenly sounded in the evil sword.

"Boy, if you lift my seal now, I can help you to kill each other!"

Ye Chen smell speech, eyebrow tip a pick.

This voice comes from the sword soul he took away from Taiyuan sword sect!

The soul of the sword didn't make a sound for a long time. He almost forgot it, but now he opened his mouth.

His mind moved. He really lifted the seal of the sword soul. Should he be able to kill Yu Sheng in an instant?

After all, even the Sealed sword soul almost killed Ye Chen! He has no doubt that the sword soul has the strength above the heaven and God realm.

But

If the seal of the sword soul is lifted, ye Chen will not be able to control the sword soul.

Ye Chen, who has the spirit of destruction, will lose its value to the sword soul, let alone control it. Ye Chen can't guarantee that the sword soul will kill itself!

In the worst case, even if the soul of the sword wants to wash the land of Lingwu and the Seven Sacred kingdoms with blood, ye Chen has nothing to do with her

Ye Chen was silent for a moment and said, "master sword soul, this battle is also a training for me. I wonder if there is any way for me to defeat this person by my own strength?"

The soul of the sword heard the words and snorted coldly: "suspicious boy, are you worried that after I lift the seal, you can't control me, or even, I will do harm to you?"

Ye Chen's mind, is actually by its instantaneous see through!

Ye Chen didn't speak, which was a default.

We can't blame him for being suspicious. It's the strength of the sword soul that threatens us too much!

At this time, Yu Sheng is another shot!

On the spear, the rich golden awn erupts. In the golden awn, the Dragon sings and vibrates. A dragon soul emerges in the golden light and roars, as if still living in this world!

"Dragon King gun!"

Yu Sheng suddenly drinks, startles the sky gun idea, as if wants to pass through the entire Lingwu continent!

The next moment, the gun out like a dragon, with the soul of the dragon!

The sharpness of the spear and the fury of the dragon soul are almost integrated!

Yu Sheng's shot is very strong and tends to be perfect!

Ye Chen's eyes are constantly flashing, and his heart is shocked!

Is this the way of martial arts in the upper and outer world?

Much better than Xuanji!

With Ye Chen's vision, it is impossible to find the flaw in Yu Sheng's gun!

As soon as he clenched his teeth, the force of breaking the sky roared out. The red dust covered his whole body. The sword light was raging, and the breath of destruction was looming!

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

Since we can't find the flaw, let's break it!

Break ten thousand methods with one effort!

Cut the world with one sword!

The sword light in the sky, like a cold chain, is hanging to the dragon soul. The dark sword in Ye Chen's hand collides with Yu Sheng's gold gun!

The dragon soul uttered a sad cry and was crushed by the chain like sword light. However, the sword light seemed to have exhausted its power and dissipated at the same time.

But at this time, Yu Sheng's mouth is floating a grim smile.

This time, it seems that the two sides are evenly matched. In fact, it is Yu Sheng's victory!

A drop of blood, along the tip of Ye Chen's feet, drops to the earth, his clothes have been completely dyed red with blood! Yu Sheng's gun, in Ye Chen's chest, blasted out a huge blood hole!

His heart was almost broken by Yu Sheng!

Such a serious injury, even the strong in the heaven and God realm, can't bear it. Even if he doesn't die, he will lose his fighting power to a great extent?

Ha ha

Ye Chen's sword meaning is to go to the extreme destruction of the road, the power is all concentrated on the attack, but Yu Sheng's gun idea is to change, attack and defense balance!

Therefore, under the condition that the destructive power of both sides is not much different, ye Chen will bear more damage naturally!

This kid, it's over!

But soon, the original face is still grim, proud of Yu Sheng, the face, on the solidification!

The wound on Ye Chen's chest was quickly healed. Even Yu Sheng could see that in the blood hole, a piece of meat was wriggling and recovered quickly!

What terrible vitality is this?

Yu Sheng looks at Ye Chen's eyes, completely changed!

It is because he comes from the outside world and the upper world that he knows how terrible Ye Chen's talent is!

With the pure power beyond imagination, and understanding the way of destruction, you will have the strength to match the martial arts of the heaven God realm in the situation of cutting adversity. At the same time, there is almost immortal vitality against the heaven!

Even in the outer world and in the upper world, this kind of talent is a genius among the talents!

The next moment, Yu Sheng's eyes are more gloomy and cold. The more adverse Ye Chen's talent is, the more he will kill Ye Chen!

Otherwise, if ye Chen flies to his own plane in the future, will he still have a way to live?

Ye Chen's face is more and more dignified. If it goes on like this, the body of the heavenly demon will be unable to maintain!

At that time, even with his vitality, he would not be able to support for too long even if he was injured by the same kind of damage.

At this time, a cold female voice sounded above the Sha sword.

It's the sound of the sword soul.

"Hum, it's just a warrior who has been suppressed from the eight layers of heaven to the four layers of heaven, which makes you so embarrassed? Boy, as my master, it's too shameful for me. Are you really not going to untie my seal? "

Chapter 3040

If Yu Sheng hears this sword soul, his chin may fall to the ground. Ye Chen's talent also makes this sword soul feel ashamed?

We can imagine how terrible the sword soul came from!

Ye Chen has a bitter smile on his face. If he really comes to the moment of life and death, he may only have to gamble on the power to liberate the sword soul.

But not now!

Just when ye Chen was ready to make a move again, the spirit of the sword said again: "boy, the next three swords, you attack his left hand, one sword, attack his front door, one sword, attack his right leg."

Although Ye Chen, you don't intend to untie her seal, but the sword soul can't really let Ye Chen die in Yu Sheng's hands.

How long will it take for a warrior to understand the destruction Shinto and be able to break its seal? Just because of Ye Chen's temperament and conduct, the sword soul has an inexplicable sense of familiarity

With this, she can never let Ye Chen die in front of herself!

The soul of the sword, who lives in the evil sword, looms a trace of reminiscence in his beautiful eyes. He murmurs: "this boy is more and more like that man then, isn't he?"

When he heard his words, he didn't know everything!

Since he knows the sword soul, he doesn't know it!

The next moment, the sword light whistling, sweeping all directions, a cold light, flashing in the void, blink of an eye, it fell towards Yu Sheng's left hand!

The first sword!

Yu Sheng's pupil shrinks. The angle of Ye Chen's sword makes him feel a little uncomfortable, but he doesn't mean to avoid it at all! Long spear in hand, golden light and generous, dragon soul flash!

Yu Sheng, don't want to let go of any chance to hurt Ye Chen!

Even if ye Chen's vitality is strong, it is not immortal, right?

Yu Sheng's eyes are really poisonous. He often causes damage to Ye Chen, which will shorten the duration of the heavenly demon's body.

In a flash, the Dragon chant rises again, the dragon soul gun intention, and ye Chen's sword light, entangle together again, will all around the void, disappear!

Ye Chen a bite teeth, this incomparably sharp gun meaning, instantly pierced his shoulder, almost will ye Chen's entire arm to unload!

However, this time, Yu Sheng's arm with a gun, the same flash of blood, was cut out of a wound by Ye Chen!

Ye Chen saw this, his eyes coagulated. He didn't care about his injury and cut off the second sword without hesitation!

Second sword, lock Yu Sheng's face!

Yu Sheng's eyes sank. How can this boy's attack make him more and more uncomfortable?

He danced his spear and turned his sharp edge to block the dark sword in Ye Chen's hand. Although Yu Sheng is a strong man in the heaven God realm, the upper world and the foreign martial arts are not comparable to the Lingwu mainland. In other words, Yu Sheng's strength is far more than that of the Lingwu mainland. His physical body is not so strong!

But, after all, he is not ye Chen. It is impossible for him to be completely unaffected by the injury. The sword wound on his arm makes Yu Sheng's movement slow down!

Can this lag be only a millionth of a second?

But!

This is one millionth of a second, which is likely to have a fatal impact on Yu Sheng and ye Chen!

Gold and iron, swords and spears!

The laws of martial arts and Taoism must collapse for it. The sky above them turns into blood color. The fierce wind rages, endless magma and flames gush out from the bottom of the ground, turning the land into scorched earth. The space is broken and the thunder falls like rain!

A figure, back a few steps, face slightly trembling!

This man is Yu Sheng!

He looked at Ye Chen strangely. How could this be possible?

He can clearly feel that ye Chen's destructive power has not been improved at all, but this sword has concealed himself?

Although, because of the arm injury, caused a bit of impact, but also not as good as, let oneself from the advantage moment into the disadvantage?

More let Yu Sheng, heart faint hair cold is, ye Chen's attack actually makes him feel more and more uncomfortable!

Even ye Chen himself was shocked!

How can he suppress Yu Sheng as soon as he moves according to the instructions of the sword soul?

With just a few words, he can reverse the situation of fighting with the warriors in the heaven God realm. Ye Chen's heart can't help but thump

The origin of the sword soul, I'm afraid, is more terrible than he imagined!

He stares at Yu Sheng, his eyes flash, the third sword, instantly cut out!

This time, aim at Yu Sheng's right leg!

Yu Sheng, facing the sword of Ye Chen, can't help but get nervous!

However, this time, ye Chen frowned slightly. Although he was not hurt, he did not take advantage of it.

Do you think wrong? The effect of the two swords in front of you is just a coincidence? Yu Sheng is relieved. If ye Chen continues to suppress him like this, he has no confidence that he can defeat Ye Chen and destroy the Shinto, which is far more terrifying than Yu Sheng imagined!

At this time, the voice of the sword soul came out again from the evil sword: "boy, haven't you found it yet?"

Ye Chen a Leng way: "discover what?"

In the tone of the sword soul, there seems to be a trace of dissatisfaction: "the three swords just now, the flaws in the opponent's martial arts and the loopholes in the artistic conception have all been revealed? The lack of defense, the weakness of attack and so on. Now, don't you know how to fight? "

Ye Chen hears the speech, the instant mind is shocked!

In the eyes, the essence of the flash, there is a sense of the top!

As if, have a new understanding of the battle!

"As long as you control the rhythm of the battle, you can easily crush the opponent and destroy the power of Shinto, which is beyond your imagination."

Ye Chen nodded, his face full of excitement, after the sword soul's point, his brain emerged countless ways of fighting, powerful spirit, crazy operation, deducing the possible development direction of the battle!

In the past, ye Chen's fight was either suppressed with absolute strength or forced to break through by means of fighting against the heaven's vitality. The rhythm of the battle was never considered!

In Ye Chen's eyes, it's hard to control the fighting rhythm, but it's the highest level of fighting!

It can be said that this is the art of fighting!

If ye Chen can master it, his strength will undoubtedly soar again!

Of course, there are limits to the layout. If you can't break through the other side's defense at all, then all the deduction is just on paper.

Why is the destruction Shinto more powerful than ye Chen imagined?

The reason why the destruction Shinto is powerful is that it is a breakthrough!
