Chapter 3051

"I know that there is a deep-sea ice core in the Jiutian Shenlong hall, which may be able to dissolve the fire poison of reincarnation star flame."

The Immortal Dragon Emperor spoke slowly.

"What deep sea ice heart, can you really dissolve the fire poison in your body?"

Ye Chen is surprised to hear that he has a way.

"Deep sea ice heart, that is the nine heaven god dragon hall, dragon blood deep sea spirit."

"It's cold and cold. It's full of energy. It's bound to dissolve the fire poison of the star fire."

"However, in the deep sea of dragon blood, there are many dragon bones buried. It is very dangerous in that place. If you want to capture the ice core of the deep sea, it is not so easy."

Don't destroy the Dragon Emperor.

In the endless years, he lived in the nine heaven dragon hall.

Naturally, no one in the world is more familiar with the nine heaven dragon hall than he is.

"It's important to save people. No matter how dangerous it is, I'll go and see it."

Ye Chen's eyes are firm, low eyes look at Ji Siqing, but see the fire poison attack, her whole body is flushed, breathing again, the situation is not good.

"Siqing, bear with me. I've found a way to save you."

Ye Chen gently stroked Ji Siqing's forehead and said in a soft voice.

"Well..."

Ji Siqing nodded gently, but did not say much.

She knew that the fire poison was so strong that she was bound to her elixir field. If she wanted to resolve it, it would be more difficult than to ascend to heaven.

"Go, I'll carry you."

Ye Chen, carrying Ji Siqing on his back, strode out of the cave and headed for the nine Heavenly Dragon hall.

"Ye Xiaoyou, where are you going to take your grandfather?"

Outside, Qu Xueyong saw that they were going to leave. He was surprised and asked.

"Master Qu, I'm going to take Siqing to a place for treatment. Please go back first and I'll contact you later."

Ye Chen left a word, with Ji Siqing for a short time to tear the void, straight to the nine days dragon hall.

.....

At the same time, the nine heaven dragon hall, the forbidden area abyss.

The deepest.

No one thought that there was still a hidden space on the mountain wall behind the foreign magic dragon trapped in the abyss!

The blood dragon and the devil emperor have stepped into it.

At the moment, they stare at each other, eyes with a towering horror.

During this period of research, they found that no force can be used here!

There is no aura here!

Here, as if under the abyss, the real abyss of death.

The location of the blood dragon and the devil emperor is a huge altar.

There are thousands of such altars in this space.

Each altar is connected by an ancient chain.

Between the altars, there was a long river of blood gathering.

"Devil, what have you found?"

Blood dragon's heavy mouth makes him uncomfortable here.

The demon emperor stood on the altar, and his whole body's evil Qi had disappeared. He was extremely dignified and his hands were behind him.

After a long silence, he finally said, "the history of this place should be at the same time as the reincarnation Lord."

"And, I'm sure, even when the reincarnation Lord rises, this place already exists."

"These runes on the altar seem It doesn't belong to the kingdom of God. It's more like it comes from abroad. "

"I have been to foreign countries through special channels. Although it is a marginal place, I am familiar with the runes outside the territory."

"These words are very obscure. I'm afraid all auras are cut off here. We can't use our power. It's these runes that cause them."

Covering the sky evil emperor stretched out his hand, touched the words on the wall, there was a light streamer, incomparably magical.

"Blood dragon, now our top priority is to find the exit here."

"After we entered, the entrance disappeared. If I guess correctly, the entrance and exit of this place are extremely unstable and constantly moving."

"If we can use our accomplishments, we can leave in an instant, but now everything is limited. There are only two ways."

"One, fortunately, we may meet the exit. 2、 If we're not lucky, we'll be stuck here forever. "

"There is a third way, of course, to crack the secret of this power."

"I have a hunch that this place has a great connection with the upper world, even with the death of the reincarnation Lord."

The blood dragon nods, suddenly his mouth congeals, toward a direction to shoot quickly: "cover the sky evil emperor, come to see."

When the dark emperor came to the position of the blood dragon, his eyes suddenly shrank, and a jade card appeared in his hand.

Jade card with holy light, even if there is no aura here, there is a trace of starlight flow!

More importantly, there are three big characters on the jade plate!

Emperor yuan hall!

"Blood dragon, it seems that this place was arranged by a power called emperor yuan hall in ancient times."

"Why do they do that? Why are so many altars prepared for existence? ""Or is it the beginning of some kind of ceremony under the abyss of Jiutian Shenlong temple?"

For the first time, the dark emperor felt that things were difficult.

It was as if there was a black hole in front of him.

An endless black hole that will be swallowed up if it gets close.

Blood dragon longan closed, want to communicate with Ye Chen, but found that the effect of isolation here is too strong!

But fortunately, he vaguely perceived the close relationship with Ye Chen!

This shows that ye Chen is coming to the nine heaven dragon hall!

"Demon emperor, the master should know..."

"I'm afraid these altars are really related to the fall of the reincarnation Lord."

"Xuanji moon, the palace of the emperor yuan, the Lord of reincarnation, the Ye family, the upper world, and the kingdom of God seem to be connected by a thread."

"And the end of the line, I'm afraid, is a big secret."

"This secret may be the key to the choice of the reincarnation master of the previous life."

"Let's keep looking. I think there's a clue here."

"Then I'll try again if I can communicate with the host."

.....

At this time, ye Chen is carrying Ji Siqing to the Jiutian Shenlong palace.

Whoa.

The void is torn, and the figures of Ye Chen and Ji Siqing appear before the prohibition of the nine heaven dragon hall.

Looking at everything familiar in front of you, ye Chen's heart beats slightly.

The nine heaven god dragon hall is really too big. Although he has been here, he has not peeped into all the mysteries inside.

I don't know what happened to the blood dragon and the devil emperor.

"Elder Dragon Emperor, where is the deep sea ice heart?"

Ye Chen asks secretly, just want to get the spiritual object to cure Ji Siqing's fire poison quickly.

"You go in and talk about it."

Do not destroy the Dragon Emperor.

This nine day dragon hall, with a huge layer of rules, if there is no dragon blood, it is almost impossible to step in.

Although Ye Chen is able to step in, Ji Siqing, it is absolutely impossible.

"Siqing, I'll take you in."

Ye Chen's voice is soft, but Ji Siqing, who is in a coma, has a serious attack of fire poison. His soft and delicate body sticks tightly to Ye Chen's back.

Ye Chen converges his mind and strides toward the nine day dragon hall.

Hum!

As soon as he got close to the nine heaven dragon hall, a huge layer of rules and regulations, like an iron wall, firmly blocked his steps.

"Break it for me!"

Ye Chen sinks to drink a sound, mercilessly a fist to swing out.

Chapter 3052

His whole body spirit power, all infuses above the fist.

This blow, with the momentum of breaking and killing mountains and rivers, hit hard.

Bang!

The fist bumps into the forbidden iron wall, and the prohibition does not move.

Ye Chen, however, was shocked back more than ten steps, his chest and abdomen Qi and blood churning, almost injured.

"Damn it."

Ye Chen gnaws his teeth and knows that the prohibition of the nine day dragon hall is strong and fierce. He didn't expect to be so strong.

With a full blow, he couldn't shake it at all. Instead, he was shocked.

"Ye Chen..."

Ji Siqing is also awakened by the shock. Her jade arm embraces Ye Chen's neck, and her beautiful eyes open slightly, looking at the towering and mysterious entrance ahead.

"Siqing, it's OK. You can have a rest."

Ye Chen's eyes congealed, five fingers clasped together, and clenched his fist again.

Hum!

On the front of his fist, a strange black breath bloomed, forming a series of mysterious law runes.

This is the unique corrosion law of the upper world!

Ye Chen is ready to use the law of the upper bound to shake the prohibition of the nine heaven god dragon hall!

"Roar!"

At this time, a huge beast, from the samsara cemetery rushed out.

The beast was covered with red and blue light, just like a special cloak.

Awe inspiring to the extreme!

"Xiao Huang!"

Ye Chen called out, this giant beast is Xiao Huang.

Xiao Huang's two pupils, one blue and one red, flowed with bright Rune light, and the mighty breath rolled out. It was earth shaking.

"Broken!"

Xiaohuang stares at the front, and the red pupil runes are suddenly flourishing, and a series of rule runes are strung into a divine chain, and they are pounding forward with momentum that runs through the star river.

Boom!

The forbidden iron wall of the nine heaven god dragon hall was burst open in an instant.

After breaking through the forbidden iron wall, Xiao Huang turned into a streamer and went back to the reincarnation cemetery.

"It was so easy. It broke through the prohibition."

Ye Chen saw this scene, immediately greatly shocked, did not expect the strength of Xiao Huang, incredibly strong to this point.

"This fierce beast is not simple."

"I even felt that the prohibition of the nine heaven dragon hall just now seemed to be afraid of this fierce beast."

The emperor of the dragon was also shocked.

Even if he can't make the nine dragon temple, he can't do it.

But now, Xiao Huang broke through the barrier of prohibition with one look in her eyes. It was just terrible.

"Boy, get in."

The Immortal Dragon Emperor urged.

As long as the core is not damaged, even if the surface is broken, it will be quickly repaired.

"Well!"

Ye Chen nodded, immediately carrying Ji Siqing, quickly stepped into the Dragon hall.

At the moment when he just stepped in, the prohibition behind him would be restored as before. If he was a little later, he would not be able to enter.

"Go, go to the deep sea of dragon blood. The spirit is in the bottom of the sea."

The Immortal Dragon Emperor points out a direction to Ye Chen.

Ye Chen nods slightly, immediately raises the step to go.

He came to an abyss.

This abyss is where the blood dragon is imprisoned.

But now, the abyss is empty, but there is no sign of the blood dragon.

"Where is the blood dragon?"

Ye Chen is a little confused. Xuelong had been trapped in the abyss before, but now it has disappeared.

What's going on behind this?

Ye Chen frowns, but now Ji Siqing is in danger, and he can't control so much for the time being. Now he continues to move on to the dragon blood deep sea.

Gollum, Gollum, Gollum.

Moving forward in the dark, suddenly, ye Chen found that there was a blood light in front of him, and he also heard the sound of the tumbling water, so he flew up in a hurry.

Ahead is a desolate scarlet sea lake.

There was no vegetation, no life and no human trace around. There was only a sea lake filled with rotten blood. There were many dragon shaped skeletons floating in the lake. There were bubbles coming out constantly, which exploded again and again with a bang, and a stronger blood mist came out.

Vaguely, it turned into a variety of ferocious faces.

And the surrounding void, also through a hole, a little bit of starlight flow out.

"Here, is the dragon blood deep sea!"

The voice of bumie Dragon Emperor came out: "the evil spirit of this place is very deep. It has accumulated blood resentment of dragon corpses for tens of thousands of years, and there are many monsters. They are very dangerous. You should be careful."

Gulu Gulu

Inside the lake, there are many strange creatures, fish, shrimp, jellyfish and so on. Their appearance is ugly and ferocious, which is quite different from the outside world.

When the emperor bumielong spoke, a big shark came out of the lake and killed a carp with black scales all over his body and chewed it into the water. Ye Chen saw this scene, secretly frightened.

This dragon blood deep sea, as expected, is full of danger.

If he was alone, he would not be afraid. But now he is carrying Ji Siqing and needs to be distracted, he can not be careless.

If you can, ye Chen wants to leave Ji Siqing on the shore and dive into the deep sea to find the ice heart spirit.

But the problem is that there are too many monsters in the lake. If Ji Siqing is left behind, the monster in the sea will climb onto the shore and tear her up alive.

"Siqing, let's go down."

Ye Chen decided to continue to carry her and dive into the sea.

"Well..."

Ji Siqing, half asleep and half awake, made a confused voice.

"Red dust God pulse, open!"

"Burning stele, open!"

Ye Chen drinks deeply in his heart, and immediately opens the pulse of red dust God to protect himself.

At the same time, he urged the burning stele to guard Ji Siqing, so as not to hurt her.

After protection, ye Chen took a deep breath and resolutely stepped into the deep sea of dragon blood.

Whoa!

As soon as he entered the lake, all the monsters around him, including crocodile, shark, ghost jellyfish, iron crab and demon shrimp, all fled with alarm.

It's very difficult to get close to the spirit leaves, so I don't dare to feel them.

"Well..."

As soon as he stepped into the deep sea of dragon blood, ye Chen felt the endless resentment and evil spirit, and came madly.

In this deep sea, there are many skeletons buried in the deep sea, accumulating tremendous evil spirit.

As soon as ye Chen stepped in, he was crushed by the evil spirit, and his spirit was constantly shaking, showing a painful expression.

If he was alone, he would be able to deal with it, but now it is not so easy to take care of Ji Siqing.

Fortunately, his blood was very strong. With the help of the red dust God pulse, he managed to block the impact of the evil spirit without being hurt.

Whoa.

Whoa.

Whoa.

Ye Chen continued to dive to the bottom of the sea, and built a protective cover all over his body to prevent the impact of the current.

The more he dives, the more pressure.

Ye Chen gritted his teeth and held it in vain. Bursts of loud dragon roar resounded in his ears, mixed with huge resentment.

In the blood and water around, countless virtual shadows of ancient dragons appeared.

Each of them is full of terrible dragon power and evil spirit.

Chapter 3053

In ancient times, there was obviously a great war here. Countless dragon people were killed and buried and fell here, accumulating endless resentment.

Ancient resentment, turned into a dragon shadow, fiercely rushed to Ye Chen, as if to devour mountains and rivers.

"Break it for me!"

Ye Chen's eyes are sharp, sacrifice out the evil sword, hold tightly in the palm of the hand, wildly cut out a sword.

"Thunder wasteland dominates star sword!"

The mighty thunder light, mixed with a little star awn, turned into an incomparable sword Qi, and killed it mercilessly.

The surrounding dragon shadow, crushed by the sword spirit, suddenly faded away.

"Hoo..."

And ye Chen, also spent a lot of energy.

Around the evil spirit dragon resentment, take advantage of the opportunity to enter, such as a huge hammer, hard hit in Ye Chen knowledge sea.

Puff!

Suddenly, ye Chen vomited out a mouthful of blood, injured on the body.

But Ji Siqing is safe and sound.

Ye Chen always protects her, even if he is injured, she will not be hurt.

"Ye Chen..."

Ji Siqing opened his eyes slightly and saw what ye Chen had done for himself. He was deeply moved.

"Don't talk. Rest assured."

"When I entered Kunlun Xu, you have been guarding me, this time I changed."

"It feels good."

Ye Chen bit his teeth, holding the evil sword, breaking the water to open the road, all the way down.

Fortunately, the shadow of the ancient dragon has now retreated, and he has not been stopped.

Finally, ye Chen came to the bottom of the sea!

I saw a huge stone pillar standing on the bottom of the sea, towering and straight, like a giant pillar connecting the sky, which cannot be climbed up.

On the stone pillars, there are many complex runes, which are full of ancient flavor.

In front of the pillar is a huge altar!

Above the altar, suspended a bright crystal, the whole body of ice and snow frost white, sending out wisps of cold air.

"That crystal is the deep sea ice heart."

The voice of Bu Mie long Di came out.

"Deep sea ice heart!"

Ye Chen's heart beat and widened his eyes.

Even far away, he could feel the cold breath of the crystal.

This thing, perhaps can really defuse the fire poison!

Ye Chen strides forward, click, a bone, broken at his feet.

Around the altar, there are layers of keels. I don't know how many dragon people once fell here and were buried in the deep sea.

Endless breath of stillness, sent out madly.

In the four sides of the altar, there is no shadow of living things, not even small fish and shrimps, or even the leaves of seaweed. It is a desolate area, absolutely dead land.

Ye Chen clenched the evil sword and was on guard.

This place, full of dangerous breath, must be hiding something magical.

"Boy, there seems to be something wrong. You should get out first."

"I feel that there seems to be some danger here," the emperor said in a deep voice

"Deep sea ice heart is in front of me, how can I go back empty handed?"

Ye Chen's eyes are firm, not moved, stride on the ground of corpses, toward the altar.

Click.

Click.

Click.

A keel, constantly crushed at the foot of Ye Chen, fierce evil spirit diffused out, frantically squeezing Ye Chen.

Ye Chen keeps his mind and spirit, and at the same time protects Ji Siqing. He is not moved and advances step by step.

"Oh? Such a strong body, such a strong blood is rare! "

An ancient and desolate dragon song suddenly resounds.

Innumerable corpse concussion, blood churning, a touch of terrifying majesty, emanating from the bottom of the sea.

"Not good!"

Ye Chen's eyes shrink, knowing that something has happened. He immediately flies over and reaches out to capture the ice core crystal.

Bang!

However, a huge dragon claw, but broke through the ground, hard to kill him.

Ye Chen's face sank, with the potential of the current, turning around in the air, carrying Ji Siqing and falling on the ground.

This dragon claw, full of spider web like scars, I don't know how many wounds, it looks ferocious and desolate.

The next moment, the Dragon claws out.

A huge black dragon, breaking through the earth, suddenly appeared in front of Ye Chen.

This black dragon is full of black scales and full of evil Qi. It is not a phantom shadow, but a living body, full of incomparably powerful fluctuations of Qi and blood.

Inexhaustible evil Qi emanates from the black dragon.

The blood and water around them vibrated violently, forming a whirlpool one by one. Countless corpses were crushed by the whirlpool, and the surrounding was in a mess.

Ye Chen calms down and looks at the black dragon in front of him with a little surprise.

This black dragon is covered with scars. I don't know how many wars and injuries it has experienced. To Ye Chen's surprise, the black dragon is very similar to the foreign magic dragon!

"Boy, your flesh and blood are good. It's the perfect body given to us by God!"

The black dragon's eyes were dense, and his eyes were full of fierce light.

The huge dragon claws are coming from the air to kill Ye Chen.

"Want to take it?"

Ye Chen's face sank, immediately saw through the black dragon's thought, immediately waved the sword to resist.

Obviously, this black dragon, like the foreign magic dragon, also experienced ancient wars.

However, it was injured in the foreign war, and the injury was very serious, and the body will soon fall.

It has been hidden, and not as exposed as the foreign magic dragon, it has always covered its own breath, waiting for the chance of rebirth.

Now, it's finally here!

As long as Ye Chen is taken away and his body snatched, it can get rid of the shackles and return to the outside world.

Bang!

Huge dragon claws, hard to shoot.

Ye Chenju sword case block, only feel huge force such as mountain, mercilessly suppress down.

His footstep, can't help but sink deeply in the sea sand, almost fall.

But ye Chen knows that he can't fall with Ji Siqing on his back.

"Broken!"

Ye Chen Li drinks, Lingxiao martial intention and destruction Shinto release, just shake open the black dragon's claws.

The black dragon, though scarred all over, is very powerful.

Even in his heyday, ye Chen should be cautious in dealing with such masters.

But now, he was hit by the dragon's resentment in the deep-sea blood. He had been hurt a little, and the situation was not optimistic.

"Oh, it's interesting."

Black dragon feels Ye Chen's martial arts charm, squints his eyes and nods.

If it is an ordinary person, I'm afraid it would have been crushed by one of its claws, but ye Chen was able to resist, which shows how deep the strength is.

This kind of body makes it salivate.

"Unfortunately, it's a mole ant that hasn't completely stepped into chaos after all. Let's face it."

The black dragon's eyes were murderous, and his claws were wielded again to suppress him.

It has seen through Ye Chen's cultivation, it has enough self-confidence, the other side is absolutely not their opponent.

As long as you defeat Ye Chen, it will be able to seize Ye Chen's body with endless potential.

Boom!

The fierce dragon claw, forcefully tore open the blood, with the rolling god dragon power, fiercely killed Ye Chen.

The Rune of the law of Taoism, which erupts from the claws of the black dragon.

Chapter 3054

Deep sea concussion, void whine.

It seems that there are endless dragon power and evil Qi concussion in the eight barren days, which makes people suffocate.

Ye Chen's face sank, holding the Sha sword tightly. He was trying to meet him, but in vain, the sword exploded a canopy of crystal awn, and gave birth to a strange change, madly absorbing the spirit of the Dragon evil spirit around him.

In the deep sea, I don't know how many dragons have fallen.

Every Dragon corpse has a frightening evil spirit and resentment.

At this time, the evil sword in Ye Chen's hand has changed.

The spirit of dragon evil spirit contained in the blood and water is gathering madly towards the body of the sword.

The original blood hazy sea water, actually quickly turned into the blue color.

The smell of blood that lingered in the nose also quickly dissipated.

Now ye Chen is breathing a cool and cool breath.

The pressure on him quickly disappeared.

A lot of Longsha resentment was absorbed by Sha sword.

Hum!

Sha sword swallows up the spirit of the dragon spirit, and immediately explodes endless black fog and endless magic power.

The black fog turns into a series of earth shaking runes, revealing an ancient and sad atmosphere.

Under the impact of Longsha Qi, the hidden energy of Sha sword is also constantly emitting.

This sword is very sharp and black.

"What!"

Seeing this, the black dragon was shocked.

I can't imagine that ye Chen can absorb the resentment of the Dragon evil spirit around him.

"What a powerful breath!"

Ye Chen's eyes open wide, but also shocked.

The origin of this evil sword is not ordinary. It is strong originally. Now it absorbs such strong evil spirit. Some of the sword power hidden in ancient times suddenly surges out.

"Jiwu: Shenshan!"

Ye Chen took the sword and rushed to the blood dragon.

"Mietian Jian Yue!"

Ye Chen suddenly drinks a sound and cuts down with a sword.

The sharp and sharp sword aroused thousands of killing intention, and the fierce breath roared out.

Endless thunder, exploding in the deep sea, there are endless bright stars, such as meteor shower rolling down.

Ye Chen's sword is a terror.

The majestic and evil spirit of Sha Jian and the meaning of mietian Jian Yue are all integrated together. With the momentum throughout the universe, they want to cut the Black Dragon into pieces.

The black dragon's eyes widened, completely shocked.

If it's a common formula for killing the sky sword, it may not be able to hurt it.

But now, ye Chen Sha sword variation, broke out the towering evil spirit.

This sword, with rolling dragon spirit, seems to suppress heaven and earth, and severely cover and cut down.

Hiss!

The sword Qi of Jing Tian was cut on the black dragon.

Suddenly, it was covered with scars of the body, again appeared a deep sword wound, blood dripping.

"Ah, boy, a little bit of skill!"

Black dragon hurt eat pain, immediately issued a pain call, quite a bit embarrassed back to drive.

Ye Chen fell to the ground with his sword, his eyes still fixed on the black dragon, holding the hilt tightly.

He knew that the black dragon had thick skin, thick flesh and powerful Qi and blood. He could not kill it with a sword, and he had to fight again.

"It's a pity that there is a big gap in strength between you and me. You'd better accept your fate."

The black dragon licked his lips, and his body sent out countless talisman runes, one after another, intertwined on its wound, instantly relieving pain and stopping bleeding.

Its eyes, more and more full of interest.

Ye Chen is just a boy who has not completely stepped into chaos. He has just burst out such a powerful sword. It is not only relying on the power of weapons, but also his martial arts knowledge must be very solid.

If ye Chen can be captured and returned to foreign countries, in time, it may be able to break through the peak and surpass the glory of the past.

"Suppressed by this seat!"

The black dragon's huge claw is waved out, this time, it has no more hands.

The majestic God was majestic and roared out.

Around the sea water, violent boiling up, seabed sand turbulent, turbid.

A dragon scale, from the body of the black dragon, turned into a startling purple gold hammer, with the divine power of smashing the heaven and earth, hard hit Ye Chen's head.

Just now, the black dragon did not dare to use all his strength, for fear of destroying Ye Chen's body, leading to the failure of taking the house.

But now, it saw that ye Chen's inside story was so deep that there was nothing left for him to hold, and he directly made the strongest blow.

The purple gold hammer, with its mysterious flame, thunderbolt, endless storm and so on, overturned the river and sea, suppressed everything, and smashed it in the air.

Such a terrible hammer blow, if hit, even if not dead, but also seriously injured.

The strength of the black dragon is really terrible.

At this time, ye Chen has not entered the last step of chaos, and the gap is too big.

"Ye Chen..."Under the majesty of Zijin hammer, Ji Siqing also woke up.

She calls Ye Chen gently, with a trace of solemnity in her beautiful eyes.

Xuanjiyue's depravity and self-cultivation are just the four layers of heaven and God realm.

This black dragon has the same strength as xuanjiyue. You can imagine how powerful it is.

Ji Siqing wanted to help, but she couldn't help anything because she was in danger of fire and poison.

Ye Chen clenches his teeth, so he won't wait to die.

Qi Shen Dantian, throat clear throat, ye Chen body filled with a trace of Hongmeng breath, is desperate to display Tianlong eight gods sound.

However, the blue of his body was suddenly red.

A beast, with the breath of famine, is extremely towering and rushes out from ye Chen's body.

One red and one blue eye pupil, the flow of countless mysterious ancient runes.

The breath of antiquity is constantly emanating from it.

It's Xiao Huang!

"Roar!"

Xiao Huang's two pupils burst out a startling light, such as a flying sword piercing through, killing the black dragon fiercely.

"Remains of archaic times, double pupil nightmare?"

"How can it appear in the nine heaven dragon Hall of the kingdom of God?"

The black dragon was shocked and said the origin of Xiao Huang at the first time!

And the expression is extremely frightened!

It's like hell!

It is in a hurry to swing the body to avoid Xiaohuang's killing.

It never thought that there was such a terrible beast hidden in Ye Chen's body.

Shuangtong nightmare, which is a legacy of archaic times, has tremendous power. Once the blood of Archean is restored, you can crush the Star River with your claws raised. It is very powerful.

Bang!

With a wave of his claws, Xiaohuang smashed the purple gold hammer, and immediately killed his body. He opened his mouth and revealed his halberd like teeth and bit hard at the black dragon.

Black dragon's eyes are deep and practice, and dare not neglect.

As soon as the giant claw is lifted, dark runes of law emerge, twining and connecting, forming a wall of air.

Boom!

Xiao Huang's sharp claw strike, powerful, a moment to break the law of the gas wall.

"It is worthy of being an Archaean relic."

The black dragon retreated again and again, looking at Xiao Huang's fierce appearance, he could not help licking his lips.

Compared with Ye Chen, it wants to take away Xiaohuang more!

Because, Xiaohuang is a kind of archaic relic, after all, is a fierce beast. Compared with Ye Chen, breath and blood vessels are more suitable for it.

"Give you a word, get out of here!"

Chapter 3055

Xiao Huang stood like a mountain, full of evil spirit, staring at the black dragon coldly, did not start again.

The rules of the nine heaven dragon hall are very huge.

Even though it was absorbed by Ye Chen Sha sword, the altar was still gushing out, and the blue sea water gradually recovered its blood color.

Under the influence of rules and the influence of long Sha Qi, Xiao Huang's strength was also suppressed.

Otherwise, it would have killed the black dragon.

"Your strength seems to be suppressed."

The black dragon licked his lips and saw through Xiao Huang's weakness.

"In that case, your body belongs to me!"

The black dragon drank violently, his eyes were in vain, and a huge black flame exploded on his body.

Among the rolling flames, its dragon soul is constantly burning, sending out a majestic momentum.

"Burning your soul? Look for death

Seeing this, Xiao Huang's eyes shrunk, and his two claws beat out fiercely, hitting the black dragon's head.

"Burn my soul, bury the heavens!"

The black dragon's throat made an ancient sound, and its paws made a series of dark seals.

At this time, it is burning its own soul, I do not know what magic power to display.

Once the soul burns out, it will run out of oil and die of light.

"This beast, I'll do my best."

Ye Chen's eyes are cold, also see the determination of black dragon.

In order to take Xiaohuang away, the black dragon is just out of his way. He even burns his soul. At the cost of this, he is ready to release an amazing magic power!

Boom!

The dragon soul is burning, and the black flame is blazing.

Around the sea water, all have been evaporated away, the moment appeared a white fog Teng Teng space.

While the black dragon, perched in the void, exudes the atmosphere of great destruction, great destruction and disaster, which is extremely terrifying and shocking.

"Hongmeng ancient Dharma, eternal night big devil sky!"

In vain, the black dragon looked up to the sky and chanted.

The infinite breath of Hongmeng erupted from its body. The laws of heaven and the Runes of Hongmeng were mixed into countless black fog, which was like the tentacles of demons.

Whoa!

The whole dragon blood deep sea, instantly become a dark, there is no trace of light.

Ye Chen's eyes, immediately into the dark, nothing can see.

"Be careful, it's the 33 Tianhong Mongolian law!"

Xiao Huang exclaimed.

The magic power of the black dragon is actually one of the legendary 33 Tianhong Mongolian methods, which is the eternal night magic sky!

If we want to carry out the hongmongolian law, we need to pay a great price.

However, the black dragon, at the risk of burning his soul and risking his death, also wanted to use the hongmongolian method. Obviously, he wanted to kill Xiao Huang and ye Chen and take away his property and be reborn.

In the thirty-three Tianhong Mongolian Dharma, the power of the eternal night devil can not be underestimated.

If you can learn this method, you can also see how noble the black dragon is!

Dormant here for so long, just for today!

What a trick!

As soon as this method comes out, heaven and earth, heaven and earth, mountains and rivers, sun and moon, will fall into darkness and never see light.

In the endless night, people's spirit and soul will be greatly impacted, resulting in a variety of fear and shock emotions, and be scared to death.

Even if the night is born, it will not be affected by the fear.

The whole dragon blood deep sea, suddenly became the eternal night boundary.

The black dragon is the master of this border!

Ye Chen's heart is shaking, only feel endless fear, darkness, despair and other emotions, like a tsunami of mountains rolling.

He quickly calmed his mind and resisted the invasion of the dark breath.

"Ye Chen, I'm so scared..."

However, Ji Siqing, under the shadow of the dark atmosphere, was completely trapped in fear, and he no longer had the momentum of the female martial god who had shocked the earth in the past.

If Ji Siqing was in full swing, he would be fearless.

But at this moment, Ji Siqing is the weakest time!

She even used spiritual power is a luxury!

She is a woman after all! There will also be fear!

"It's OK. Don't be afraid. I'll protect you."

Ye Chen put her down, put on the ground, tightly hugged her delicate body, gently comforted her.

At the same time, the burning stele was activated to suppress the fire poison in her elixir field.

The light of the burning stele, in the endless night, can not see the slightest light.

The world around is completely dark.

"Break it for me!"

In vain, a startling animal roar, suddenly vibrated.

A red and a blue two crystal mansions, with the spirit of running through the mountains and rivers, mercilessly pierced the darkness and killed the black dragon.

"It's kind of interesting. It can shake the boundary of eternal night." Black dragon grinned.

It is the master of this world after displaying the eternal night demon, but now, Xiao Huang has shaken its rules.

As a result, it has a tremendous power.

If this archaic heritage thoroughly activate blood, condense three drops of blood, absolutely terrible!

"Eternal night big devil sky, I am the demon lord, give me suppress!"

However, the black eye of the black eye will not be broken.

Eternal night big devil sky, Hongmeng ancient method, the power is not a kid's play!

In this enchantment, the black dragon is the demon lord, and the combat effectiveness is greatly improved.

"Eternal night beast, sweeping the world!"

The black dragon hit the road seal Jue, suddenly, countless strange Eudemons, all over the world burst out, mercilessly toward Xiao Huang.

"Damn it!"

Xiao Huang's eyes are awe inspiring. The black dragon is desperate to take it away. Even his soul is burned. This ancient method of Hongmeng, which is mixed with the spirit of the dragon, has a lethal effect.

Chuckle!

Xiao Huang's breath floats, offering a series of runes to protect himself.

In the next moment, countless wild animals came to kill them, smashing the rune guard and pounding them.

"Roar!"

All of a sudden, Xiao Huang gave out a dull roar, his body was torn, and there were scars and blood dripping.

Even if it is an archaic relic, it will be injured by Eudemons under the suppression of the eternal night.

"Xiao Huang, what's the matter with you?"

Ye Chen feels bad. It's dark all around. He can't see anything, but he hears Xiao Huang's roar. Obviously, the situation is unfavorable.

"Good chance!"

Black dragon's eyes are happy. Now Xiao Huang is injured. It's a good time for him to take the house.

It can't be delayed any more. Its dragon spirit is almost burnt out. It's time for the oil to run out and the lamp to run out.

If you don't take it away, its soul power will be exhausted, and it will fall without other people's hands.

What's more, Xiaohuang is an archaic relic. Heaven knows how many powerful means she has. If she is attacked by it, it will be troublesome.

Almost at the moment of Xiaohuang's injury, a wisp of old dragon soul drifts out of the black dragon's body and penetrates into Xiaohuang's body.

Suddenly, Xiao Huang felt a sharp pain in her head.

The soul of the black dragon has forced its way into its mind, and it will occupy the nest of the magpie and take the house by force.

"Just a humble foreign beast, do you want to take me away? Daydreaming

Xiao Huang snorted coldly, his whole body was full of blood and energy, and broke out madly.

That red pupil actually sends out an extremely bright light!

Chapter 3056

As a double pupil nightmare, who in the world is qualified to take possession of it!

This is Xiao Huang's pride!

Boom!

A vast stream of blood, constantly rushed to Xiao Huang's knowledge of the sea, blocking the black dragon's capture.

"Ah, how could it be!"

Black dragon exclaimed, it thought that under the injury of Xiao Huang, he could easily win the house.

But unexpectedly, Xiao Huang's Qi and blood was so powerful that it stopped its attack in an instant.

Ye Chen can't see anything, but he also feels that black dragon wants to take Xiaohuang.

"This evil animal, I'm afraid I don't know the strength of ancient blood."

Ye Chen smiles and doesn't worry.

Xiao Huang's blood is very strong. Even if he is seriously injured, he can't be taken away by the black dragon.

Black dragon's plan is doomed to fail.

"Damn it!"

The black dragon bit his teeth. Under the impact of Xiaohuang's Qi and blood, the black dragon retreated to the edge of Xiaohuang Zhihai.

Its blood quality, and small yellow gap is too big, simply not qualified to give up.

Unless, Xiaohuang is willing to give up the defense of blood and accept it actively, it will be possible for it to succeed.

"Get out of here?"

Yelled Xiao Huang angrily.

It felt that the soul of the black dragon remained in its mind, like a nail, which made it very uncomfortable.

"Give up the defense and accept the seizure of this seat!"

The Black Dragon said coldly.

"Ha ha, joke, what qualification do you have to take away from me?"

Xiao Huang sneers, the whole body blood breath is rolling, wants to force out the soul of black dragon.

"If you don't give up, I'll kill him!"

Black dragon's eyes are sharp, cold eyes at Ye Chen.

It can not deal with Xiaohuang, but want to take ye Chen as a hostage and threaten Xiaohuang.

"You have no right to threaten me. If you don't go out, I will kill you!"

With the anger of the small dragon, he would like to kill the black head in his body.

"Lord of eternal night, suppress heaven and earth, kill!"

The black dragon was fearless. Inspired by his mind, countless Eudemons came out of the darkness and killed Ye Chen fiercely.

It does not attack Xiaohuang, but to kill Ye Chen, which is the strategy of encircling Wei to save Zhao.

In an instant, a series of intensive animal roars sounded wildly.

Ye Chen Mou son one congeals, feels the crisis, but he also can't see anything, hears the startling beast roar to spread, knew the matter is not good.

"Master, be careful!"

Xiao Huang exclaimed, unexpectedly, the black dragon got into its head and could control the Eudemons outside.

Ye Chen's heart sank. Before the Eudemons were killed, he felt great pressure, such as the top of Mount Tai.

Even if he has only one person, he should be cautious in the face of such pressure.

Now, he has to take care of Ji Siqing, and the situation is even worse.

"Oh! Come on! How about it! Boom! Baa! Moo! Oh! Boo

Between the electric light and the flint, ye Chen's Qi sank into the elixir field. Every bone in his body was shaking, and every Qi and blood was burning. All of a sudden, the ancient and thick syllables burst out of his throat.

Boom!

The bright golden light explodes in Ye Chen's body and turns into eight towering golden dragons. With the momentum of crushing the stars and destroying the void, they explode fiercely.

A layer of ferocious sound killing air waves, with the Golden Dragon Tianwei, like waves diffuse to remove. The magic animals killed around

were shattered instantly and turned into bubbles.

And the originally dark void was illuminated by the golden light.

In the light of Ye Chen's tianfo, the dark devil's sky is annihilated like flying ash.

"What, it's Tianlong eight gods sound!"

The black dragon uttered a cry of fear. Unexpectedly, ye Chen also mastered the thirty-three Tianhong Mongolian Dharma. It was also the legendary heavenly Buddha chanting and Tianlong eight gods' sound. It had a very strong and powerful majesty, which just controlled it.

All of a sudden, the whole night boundary, completely disappeared.

In front of Ye Chen's eyes, he saw the light again.

Plop!

But ye Chen's body, but collapsed on the ground, and Ji Siqing entangled together.

Tianlong's eight gods sound consumes too much breath. Even though he broke the boundary of eternal night, he almost exhausted his strength.

In the distance, a dragon body full of scars and withered Qi and blood floats in the sea water.

It's the body of the black dragon!

It's soul drilling into Xiaohuang's body, this body, lost the support of the soul, suddenly became an empty shell.

Boom!

All of a sudden, the body of the dragon was broken, turned into pieces of debris, and fell to the bottom of the sea.

It turned out that Ye Chen had just cast the sound of the eight gods of the Heavenly Dragon, and killed the power with the supreme sound, and tore the dragon's body. This is the killer.

"Oh, my flesh!"

Black dragon issued a cry of despair, but unexpectedly his body was crushed by Ye Chen.

This time, it suddenly became a lonely soul.

If you can't take away Xiaohuang, it will lose the sustenance of the body, and it will soon go out of her wits.

"Evil animal! Don't you get out of here? "

Xiao Huang yelled furiously, his whole body was like a landslide tsunami, sweeping the soul of the black dragon.

Hiss!

The black dragon did not dare to stay and rushed out of Xiaohuang's body.

Ye Chen takes a close look at the soul of the black dragon, just like a wisp of gray mist, containing a fierce dragon spirit.

"Well, I'd better take the boy away."

The black dragon's eyes are fierce. He stares at Ye Chen. The dragon's soul darts out like a flying sword and lightning. He is drilling hard at Ye Chen's body.

It has lost its body, and now only a wisp of remnant soul is left. If it is not taken away, it will be completely annihilated.

"Not good!"

Ye Chen's eyes shrink. He has just used the eight gods of Tianlong. His strength is just exhausted. He can't resist the black dragon's capture.

"Master

Xiao Huang yelled, but he didn't expect such a change, and his heart was filled with regret.

As long as I knew, it would fight for the danger of injury and kill the black dragon directly, so that it would not continue to wreak havoc.

Oh!

See a wisp of gray light, directly hit Ye Chen eyebrows, fast as lightning, Xiaohuang has no time to resist.

"Boy, get out of the way!"

If ye Chen is taken away, he will be finished.

Ye Chen's eyes are wide open, trying to mobilize the spiritual power in his body. However, he has just used the eight spirits of Tianlong. His energy consumption is too great. He can't move at all.

Life and death, in vain, a Qianying stand up, block in front of Ye Chen.

It's Ji Siqing!

She came forward!

She will sacrifice herself to protect Ye Chen!

"Siqing!"

Ye Chen shouts out loud. He never expected Ji Siqing to stand up suddenly.

Hiss!

The soul of the black dragon suddenly penetrated into Ji Siqing's delicate body.

Ye Chen looks terrible, only feel that the sky has fallen down.

Ji Siqing looked back at him with a determined smile.

But the next moment, an amazing scene appeared, only to hear the black dragon scream, and from Ji Siqing's body to drill out.

"Ah, fire poison! What a terrible fire poison

The black dragon kept shouting, suffering unbearably, and the remnant soul hissed.

Chapter 3057

It turned out that Ji Siqing's body had the fire poison of reincarnation star flame. As soon as it got into the body, it was immediately roasted by the fire poison, and it was almost extinguished.

Ji Siqing's delicate body shakes for a moment and falls in the arms of Ye Chen. She has just stood up and has exhausted all her strength.

"Siqing."

Ye Chen hugs her tightly, in the heart bursts of fear.

If Jisi is really robbed, he really doesn't know what to do.

"Ye Chen..."

Ji Siqing gently hugs Ye Chen's neck with a bitter and sweet smile.

She also wanted to sacrifice herself to protect Ye Chen, but she didn't expect that the fire poison that she suffered so much was actually saved at this time.

In the distance, Xiaohuang is also a sigh of relief, in the heart a burst of fear.

"Good luck with you."

The black dragon was roasted by fire poison, and his whole body was in great pain. He did not dare to stay there any longer. As soon as his soul floated, he wanted to drill into the ground.

"Beast, stop for me!"

Just at this moment, a burst of Jiao Jiao's voice rang out.

I saw a pretty woman, with a man who was full of dragon power, and swept across the sky.

It is ye luo'er and the supreme Dragon Emperor!

"Luo Er..."

Ye Chen sees ye luo'er and is slightly surprised. Unexpectedly, ye luo'er is also in the nine day dragon hall.

He had gone to Lingwu before, and wanted to see ye luo'er.

After all, ye luo'er was brought back from Kunlun Xu, so he can't ignore it.

But how can it be here now?

Who's around her?

Ye Chen faintly feels that what should happen to ye luo'er during this period of time.

Ye luo'er looks at the remnant soul of the black dragon. Her beautiful eyes are cold and her delicate body shakes. She turns into a divine dragon. Her whole body is covered with golden scales. It is brilliant and breathless.

"This is..."

The black dragon looked at ye luo'er, and was shocked.

It only felt that ye luo'er had a very noble foreign blood, I don't know how many times higher than it.

The atmosphere of honor and majestic majesty show the absolute identity.

Compared with ye Luo'er, it is just the fluorescence of rotten grass, while ye Luo'er is the bright moon in the sky!

"Brother ye, borrow the sword."

Ye Luo'er's voice is cold, and the dragon's claw grabs Ye Chen's evil sword. As soon as he spits out his strength, the evil sword cuts at the black dragon with a touch of fine light.

She felt that the black dragon had a very majestic dragon spirit, which could greatly nourish Ye Chen's Sha sword.

Therefore, she did not directly crush the black dragon, but used the sword of Ye Chen to kill it.

"Ah, who are you?"

"Your blood, so vast, must be the supreme in foreign countries."

"Who the hell are you?"

The black dragon roared and watched the evil sword cut. It didn't even dodge.

At this time, it is completely in shock.

She was shocked by the breath of her blood.

But ye Luo Er, did not answer.

Puff!

The evil sword cut down fiercely, and the remnant soul of the black dragon was suddenly broken.

Whoa!

The endless spirit of the Dragon Spirit diffuses from the broken soul of the dragon, and the madness is absorbed by the Sha sword.

The whole evil sword broke out with a towering edge. The sharp edge of the sword seemed to kill the stars, destroy the moon and destroy the mountains and rivers.

Whew!

The body of the sword turns.

Sha Jian returns to Ye Chen's hand again.

A trace of sword Qi, like a warm and moistening pill, rushes into Ye Chen's meridians.

Ye Chen loses a lot of spiritual power, and suddenly recovers some. He stands up unsteadily and looks at ye Luo'er.

"Brother ye..."

Ye Luo'er recovers the human form, also stares at him, looked at Ji Siqing again.

At this time, Ji Siqing has a weak breath.

Ye Luo Er can't help but think.

Just now, Ji Siqing stepped forward to guard Ye Chen. She also saw this scene. She didn't know why. She was a little strange.

"How can you be here, lol?"

Ye Chen asked.

"Brother ye, I have something to deal with in Jiutian Shenlong hall. I just feel the breath of ancient magic dragon waking up in this area, so I hurry to check it out, but you are also here."

It turns out that ye lu'er and the supreme Dragon Emperor are interrogating the Dragon God in the hot sky, forcing him to hand over the xuanbei of reincarnation.

But all of a sudden, the two men sensed the breath of the ancient magic dragon's awakening, and rushed to investigate, but did not expect that the battle had come to an end.

"What about you, brother ye? What are you doing here?"

Chloe was a little curious.

"Siqing is injured. I want to save her."

Ye Chen holds Ji Siqing in his arms and does not explain too much.

Because the relationship between Ji Siqing and xuanjiyue is too complicated. He doesn't know how to explain it to ye lu'er. Then ye Chen went to the altar and took the ice core crystal.

Starting with the ice core crystal, suddenly, a cool and cool breath is flowing in the meridians.

Ye Chen suddenly has a kind of comfortable feeling.

With this thing, it can cure Ji Siqing's fire poison.

Boom!

After ye Chen took away the ice core crystal, the whole altar collapsed, and the keel around it broke instantly. A large amount of dragon spirit was released from the sea bottom, and all of them penetrated into Ye Chen's Sha sword.

Ye Chen's Sha Jian is sharper and sharper. There is a hazy grey light on the surface. It is full of ancient and desolate atmosphere of killing and cutting, which makes people tremble.

This ice core crystal is actually a spiritual object to suppress the spirit of dragon evil spirit.

Now, Bingxin crystal is taken away by Ye Chen, and the spirit of Longsha is also completely broken out.

However, the breath of explosion was absorbed by Ye Chen's evil sword.

Moreover, the biggest source of evil spirit is the black dragon.

Now the black dragon is gone, the dragon blood deep sea, there will be no evil spirit in the future, completely restore calm.

Naturally, we can't stay here.

"Brother ye, next, where are you going

Yelor stepped forward and asked curiously.

"Luo'er, Siqing's injury is very serious. I want to treat her as soon as possible. I wanted to talk to you about the past, so I have to leave for the time being. I will come to you after I have dealt with everything."

Ye Chen is a little apologetic. The most urgent thing is to treat Ji Siqing. He can't manage so much.

Then ye Chen hugs Ji Siqing and turns away. Xiao Huang turns into a streamer and returns to the reincarnation cemetery.

"Brother Ye!"

Ye Luo Er looks at his far away figure, in the heart is very reluctant to give up.

Ye Chen listens to ye Luo'er's call and pauses for a moment, but he doesn't turn back and leaves far away.

Ye Luo'er is stupefied in the spot, a face is not garrulous appearance.

"Forget it. You don't have to indulge in it too much because it affects cultivation."

The supreme emperor of the Dragon whispered his voice.

Ye Luo Er Bei teeth clenched lips tightly, but the eyes were slightly flushed.

.....

Ten minutes later, ye Chen and Ji Siqing came to a secluded place in the deep sea of dragon blood, surrounded by coral reefs. There are colorful fish schools passing by. The picture is very beautiful.

When the pressure of the Dragon disappeared, the pressure disappeared.

He urged the burning stele to open up a space to isolate the water flow and put Ji Siqing on a flat big Bluestone.

Chapter 3058

"Siqing, I'm going to heal you."

Ye chenrou said in a soft voice.

"Well..."

Ji Siqing nodded gently.

Ye Chen takes a deep breath and sacrifices the ice core crystal stone. Taoist spiritual power infuses it. All of a sudden, the ice core crystal releases a wisp of cold air, and the empty space around becomes cold.

In the cold air, ye Chen couldn't help shivering, but Ji Siqing was still hot all over his body, and even his forehead was permeated with sweat, which shows how powerful the fire poison is.

Ye Chen takes out the gold needle, pauses, and then gently fades Ji Siqing's clothes and prepares to apply needles all over her body.

Now the fire poison is rampant and has spread to Ji Siqing's whole meridians. It is necessary to inject needles in her body to save her.

The clothes fade away, Ji Siqing's beautiful body appears in front of Ye Chen without reservation.

Ye Chen immediately took a breath. Although he had seen it for a long time, at this time, in the deep sea, the blue sea water is around, and the fish swarm gently skims, and then the beautiful coral reefs around it are added.

Ji Siqing's appearance and figure suddenly appeared incomparably amazing.

Such as the Moon Palace fairy, such as the sea dragon girl, skin such as clotting fat, sacred clean, not stained with dust.

Such a holy woman is now naked and completely exposed in front of her eyes.

Ye Chen said that not heart rate is false, but he also knows that now is not the time for wishful thinking.

He took another deep breath to hold his mind.

A gold needle fell on the Tanzhong acupoint between Ji Siqing's chest.

This acupoint is the key to the whole body airflow.

As long as you stabilize this acupoint, you can adjust Ji Siqing's breath.

Whoa!

When the gold needle falls, Ji Siqing's body is full of fire poison, which breaks out a violent flame and wants to melt the gold needle.

"Dare!"

Ye Chen's eyes congealed, he had been prepared, aware of the fire poison rampant, immediately urged the ice heart crystal, released a wisp of cold.

Hiss!

Under the severe cold shock, the raging fire poison was suppressed immediately.

"It works."

Ye Chen saw this scene and was immediately overjoyed.

Bingxin crystal, as expected, has played an effect. He can successfully apply the needle.

Then a gold needle fell on Ji Siqing's acupoints.

These gold needles, not only with the breath of Ye Chen itself, but also with the cold air of ice core crystal, can greatly disintegrate the poison of fire poison.

Chuckle!

Ye Chen's gold needles, one by one, become red.

It is because the fire poison in Ji Siqing's body has been led out.

Ji Siqing's chest is constantly fluctuating, breathing is very short.

When the gold needle pierced into her skin, she only felt itchy all over her body, and the fire poison churned, which made her burning and unbearable.

"Ye Chen..."

Ji Siqing was half faint and half awake, and his throat groaned faintly.

"It's OK. Bear with it. It's over soon."

Ye Chen gently soothes, repeatedly urges the energy of ice heart crystal, and with his gold needle therapy, he constantly dissolves the fire poison in Ji Siqing's body.

Finally, the original backlog of Deep Fire poison, has been gradually disintegrated.

Ji Siqing's skin has been restored to a white and smooth appearance.

Ye Chen touched her forehead, began to warm, body temperature is normal, not as hot as before.

"Good. The fire poison is almost finished."

Ye Chen nodded and his heart was full of joy.

Now Ji Siqing's body fire poison has almost been dissolved. As long as she has a few more days to rest, she can completely recover.

"Siqing, in a few days, you will be completely cured."

Ye Chen caresses her hair gently, way.

"Really?"

Ji Siqing has stars in his eyes, but he can't believe it.

"When did I cheat you?"

Ye Chen smiles.

"That's great. When I recover from my injury..."

Ji Siqing's eyes broke out in vain: "I must kill xuanjiyue!"

Smell speech, ye Chen is dumbfounded to laugh.

This girl, worthy of being a goddess of ancient martial arts, was always boiling with a sense of war in her heart.

Now the injury has just improved, I want to go out and kill people.

The next time, ye Chen accompanied Ji Siqing, waiting for her recovery.

The only thing that makes Ye Chen feel a little uncomfortable is that Ji Siqing still has to take off his coat for the convenience of acupuncture and moxibustion. Looking at such a beautiful body and lying beside him, ye Chen is almost crazy, hoping that her injury can be cured as soon as possible.

Fortunately, this embarrassing situation did not last long.

After two days, Ji Siqing has almost recovered.

Now, she doesn't need acupuncture, nor does she need ice crystal. She can get rid of the remaining fire poison by her own breath. It is estimated that in another night, she will be fully recovered.

That night, ye Chen and Ji Siqing practiced with their backs on their backs.

Ji Siqing is dispelling the residual breath of fire poison, while ye Chen is thoroughly attacking the chaotic environment!

Ye Chen found that ice core spar has a lot of energy, if you can use it, you may be able to break through the chaos.

After all, this ice core crystal is a spiritual object to suppress the Dragon evil spirit on the sea floor. Its energy is very powerful enough to disintegrate the fire poison of the reincarnation star flame. If it can be absorbed, it will benefit him immensely.

Hum!

The whole ice core crystal, suspended on top of Ye Chen's head, continuously released bursts of magnificent energy and poured it into his body.

In Ye Chen's body, a star tree sends out endless starlight aura and endless chaotic breath.

It's the chaotic star tree!

His chaotic situation is different from others, and it is not so easy to break through.

And if he can break through, his power will be far beyond ordinary people.

This chaotic star tree is the key to break through chaos!

Ye Chen breathes and breathes, constantly refining the chaotic star tree.

The whole chaotic star tree, blooming bright starlight, has been constantly absorbing the energy of ice core crystal!

"As long as I can refine this chaotic star tree, I can step into chaos!"

Ye Chen calms his mind and keeps breathing. He has tried many times before, but he has not completely refined.

Now, with the help of the energy of ice core crystal, perhaps we can refine the chaotic star tree at one stroke and make rapid progress!

Chaotic star tree is a seed germinating and growing at the beginning of chaos, which has a powerful atmosphere of chaos.

This chaotic atmosphere is extremely powerful. Even if ye Chen wants to refine, it is very difficult.

But now, with the help of the cold air of the ice core crystal, ye Chen obviously feels that the chaotic atmosphere of incomparable hegemony has become much more docile.

"Good, good!"

"Refined for me!"

Ye Chen's eyes are bright, and now the breath of chaos star tree is not so overbearing, which is a great opportunity for him to refine!

Boom!

Without hesitation, ye Chen immediately opened his meridians and madly absorbed the aura of chaos star tree.

The whole chaotic star tree, constantly shrinking, finally become only the size of a dust, imprinted in the center of Ye Chen's eyebrows.

Whoa!

Ye Chen's eyebrow heart, blooming out of thousands of rays, the whole body of auspicious gas rolling, bones and muscles crackling, making a burst, the whole body strength crazy soaring.

Chapter 3059

"What a mighty force

Ye Chen clenched his fist and felt the soaring power in his body, and his face suddenly showed joy.

In the chaos of the star tree under the temper, his whole person is in the transformation.

Looking inside, ye Chen can see clearly that there is a huge world hidden in the chaotic star tree dust!

In the middle of the world, there is a big tree connecting the sky.

Every leaf is as big as a planet.

The vast atmosphere of chaos is rolling in the whole world.

Endless energy, crazy diffuse out, seems to be able to evolve into the universe, all creatures.

Magnificent, majestic, profound and broad, this is the only great force of the beginning of chaos!

It's so shocking!

"It turns out that this is the world in the chaos star tree. The original Taoist priest was not ordinary. If I could refine this world, I should be able to step into chaos completely."

Ye Chen looks surprised.

This world is actually a chaotic star tree.

At the beginning of chaos, the chaotic star tree had evolved into a huge world, and then it collapsed after the disaster.

The chaotic star tree that once supported the world has degenerated into a seed. I don't know how many years it has been covered with dust.

Until now, the seed has sprouted again, forming a unique small world.

Ye Chen breathes and breathes constantly, absorbing the law energy of this world. The ancient runes that can be seen by the naked eye continue to emanate from his brow and cover his skin.

In an instant, ye Chen's whole skin was covered with layers of Ancient Runes. The whole person was shining brightly, reflecting the surrounding sea water with golden color.

And these runes, however, have a very domineering chaotic power, such as layers of fire, burning Ye Chen all over the pain.

"Hiss..."

Ye Chen can't help but take a breath of cool air.

Now he looks a bit like Ji Siqing, who is suffering from the burning heat.

"Bingxin crystal, Yu!"

Ye Chen hastily pinched a formula, constantly absorbing the cold air in the ice core crystal to relieve the burning pain of the body.

Chuck!e!

A wisp of cold air fell on Ye Chen.

His whole body suddenly burst out white smoke and mist, the burning pain on his body, also quickly dissipated away.

"Fortunately, I have this ice core crystal, otherwise I want to refine the chaos star tree completely, I really don't know what to wait for."

Ye Chen breathed a sigh of relief. The energy of the chaotic star tree is too fierce and domineering. It has an ancient chaotic atmosphere, which is enough to create heaven and earth and open up the existence of heaven and earth!

At the moment, with the help of Bingxin crystal, ye Chen is finally absorbed smoothly.

After a full night, to the next morning, the world law of chaos star tree was finally refined by Ye Chen!

PATA.

And ice core crystal, also completely consumed aura, fell to the ground, reduced to stone slag.

Ye Chen opened his eyes, his eyes, flashing countless ancient chaos runes, the power of despotism pervaded.

He looked out with one eye. Suddenly, his fierce strength was like a sword, and in an instant, he pierced through the heavy sea water and crushed a volcano in the distance!

"Very well, my cultivation has officially entered into chaos! But the last step is needed! "

Ye Chen is very surprised. Now the whole chaotic star tree has been completely refined by him. The chaotic world between his eyebrows is boundless, which provides him with infinite energy. He can collapse mountains and destroy the sea with one look. It is invincible.

However, ye Chen at this time is still one step away.

Thunder robbery!

At the beginning of the bitter crossing of erlei, ye Chen was still frightened.

He didn't know how much he had paid in order to survive the robbery. Now he wants to be promoted to chaos. He is afraid that the thunder robbery will be even more terrifying.

Boom!

Ye Chen heart read Fu move, ear on the edge of the earth's thunder.

"Chaos thunder robbery, coming!"

Ye Chen's face changed slightly. Although he had made psychological preparations, he heard the thunder, and his heart still couldn't help beating violently.

At this moment, the sky above the nine heaven dragon hall.

In the early morning, the blue sky turned into a terrible dark red, and countless thunder clouds covered the sky completely.

Boom!

Thunder, lightning, constantly jumping between the clouds, as if dancing like dragons and snakes, shocking.

The fierce thunder and heavenly power, raging in the whole sky, seems to kill the world.

The land of thousands of miles is completely covered by thunder clouds and haze, as if the end of the world is coming, and the atmosphere is oppressive.

A head of birds and animals, exclaimed, ran around, fled back to the nest, it seems that also aware of the natural disaster, thunder change, dare not come out to die.

And the whole nine heaven dragon hall, under the shadow of dark red thunder clouds, looks ancient and desolate. "Ye Chen, what's going on?"

Dragon blood deep sea bottom, Ji Siqing has awakened.

At this time, she completely dispelled the fire poison, the breath recovered to the perfection, the whole person's spirit was zhanran, such as the Dragon Palace fairy, holy and inviolable.

"Thunder robbery is coming, my doomsday is coming!"

Ye Chen sits with his knees crossed and his eyes sharp.

He knew that this chaotic thunder robbery was unprecedented!

If he can get through it, he will be promoted to chaos, and his cultivation will advance by leaps and bounds.

However, if the robbery fails, his body and soul will be completely destroyed by the thunder, and there will be no possibility of rebirth.

Gollum! Gollum!

Before the thunder disaster, the sea water around has been violently agitated.

A group of fish, in a hurry to hide in the stone crevice, but dare not come out again.

"Chaos thunder robbery! Are you going to be promoted to chaos? "

Ji Si's beautiful eyes shrunk, but also found a vision.

Ye Chen's chaotic state is quite different from that of ordinary people. I don't know how overbearing his power is. If he can break through, he can easily have the power to shake the gods!

At this time, Ji Siqing is a master of the gods, which is a big level higher than chaos.

But if ye Chen can break through chaos, she is not sure to win.

Because, ye Chen's inside story is really too terrible, a step of transformation, are against the sky!

"I will protect the Dharma for you!"

Ji Siqing's pretty face is solemn. She knows the horror of Ye Chen's chaos and thunder robbery. It's hard to get through it alone.

She is a master of the gods of heaven. She is reincarnated as a female martial god in ancient times. She also masters the Mongolian law of thirty-three Tianhong. If the thunder disaster comes, she may be able to crack it.

"No! This thunder robbery is my own robbery

Ye Chen bit his teeth: "if I rely on you to help me, even if I get through the disaster by fluke, I won't make any progress in the future."

"....."

Hearing the speech, Ji Siqing was silent.

It's true that the most important thing to practice is one's own perception.

If you rely on others to help you, you will not be able to make a great success.

The strong men in the world are all alone against the heaven to testify the truth. Relying on outsiders and things, they can't make great achievements.

Chapter 3060

However, Ji Siqing couldn't do it if she watched Ye Chen suffer alone.

She clenched her silver teeth, not knowing what to do.

.....

The outside world, the kingdom of God, countless sectarian forces, all felt the boiling thunder.

"Where are the masters going through the robbery? Or are you refining some magic weapon against heaven

"What a powerful momentum!"

"What thunder robbery is this! How could it be so powerful? "

Countless eyes, deeply shocked.

Some people think that a breakthrough in the cultivation of powerful giants has brought disaster to heaven.

Some people think that some people are refining magic weapons against the sky, which leads to thunder robbery.

Countless eyes guess, but can not see the cause and effect behind.

No one knows, in fact, it is Ye Chen who is crossing the robbery!

A warrior who cut through the nine layers of heaven in the disaster area broke through into the chaos state and caused such a strong thunder robbery. It was shocking to the world.

If it's spread out, it's enough to stir up the whole kingdom of God.

.....

The temple of heaven, deep.

Xuanyuan Mo Xie's eyes were concise and penetrating through the void. He saw the thunder cloud above the nine day dragon hall, and his face suddenly changed slightly.

"What kind of thunder robbery is this? It's a bit horrible."

Xuanyuan ink evil eyes are constantly flashing, vaguely a little uneasy.

He sent Sirius to the nine heaven god dragon hall. Now the thunder robbery came into the world. I don't know what crisis is hidden behind it.

If the Sirius falls, or the Dragon God is in trouble, it will be an absolute loss to Tiandao palace, and it is hard for him to bear it.

.....

Temple of the underworld, deep, in the barren mountain.

A beautiful figure, naked and soaked in the pool.

The mist of the morning, shrouded in her snow-white skin, set off the atmosphere of her dust-free.

Above her head, there is a reincarnation star stone, and a little star light falls on her body, showing a more sacred breath.

This girl is xuanjiyue!

She hid in the temple of the underworld and healed with the help of samsara star stone.

At this time, her breath has been completely restored!

"Well?"

All of a sudden, Xuanji moon beauty eyes a shock, looking up at the distant sky.

Her eyes, through the fog.

In an instant, she found that there was a thunderbolt in the sky above the nine sky dragon hall!

"The thunder robbery, what a terrible wave!"

Xuanji Yuejiao body a shock, almost in the moment of discovery of thunder robbery, she felt the crisis.

The delicate hand pinches a finger to calculate, she is aware of, the breath of crisis is very strong!

This thunder robbery, actually related to her life and death!

"Someone is crossing the robbery! Is it Ji Siqing that bitch? If she succeeds in robbing me, she will fully recover the power of the ancient female warrior God, and I will die without a burial place! "

Xuanjiyue guessed, and her heart suddenly burst into panic.

The thunder robbery, though not caused by her, is also her robbery!

There are countless causes and effects between her and her. Although she can't see through, she also deeply feels the danger.

Once she is robbed by that man, she will die!

"No, I'll stop it!"

Xuanjiyue's face was dignified, with a crash, and her delicate body came out of the water. In the sunlight, her whole body was beautiful and white.

With a wave of her slender hand, the morning mist turned into a dress, covering her body. A veil as thin as a cicada's wings covered her face.

Hiss!

The void is torn, and xuanjiyue is about to leave.

She can't wait to die. She has to stop the enemy!

"Hold on!"

In vain, a shout sounded, only to see a red robed man, flying from the palace far away, it is mo Xueming.

"Xuanqingyue, do you want to go to the nine heaven dragon hall? What do you want to do? "

Mo Xueming's eyes are cold, staring at Xuanji moon.

He also discovered the existence of thunder robbery.

There is no doubt that the thunder robbery has a lot of causal entanglement with xuanqingyue!

Therefore, xuanqingyue wants to investigate and solve the cause and effect.

However, Mo Xueming can't let her leave at will.

Because, his reincarnation star stone, still in Xuanqing moon hand!

"I'm xuanqingyue. I don't have to explain it to you. Get out of my way!"

Xuanjiyue looks at Mo Xueming coldly.

"Ha ha, if you want to go to the nine heaven dragon hall, you can return it to me first."

Mo Xueming sneered.

He didn't care about the cause and effect of Xuanqing moon.

It's just a trading relationship.

Xuanqingyue wants to go to Jiutian Shenlong hall. Mo Xueming will not stop him.

But the premise is that the reincarnation star stone must be returned to him first!

Otherwise, in case of any accident, the reincarnation star stone will be lost, and Mo Xueming can't bear the loss."Well, didn't you? The star will be returned to me for a few days

Xuanji moon cold way.

The hidden crisis behind the thunder robbery is too deep.

If you go empty handed, xuanjiyue is not sure.

Only with the reincarnation star stone, with the help of the energy of the star stone, and with the reincarnation star flame, can she have enough assurance to solve the cause and effect crisis!

"I lent it to you just to heal you, but I didn't promise you to take it out."

Mo Xueming looks deep. Xuanjiyue wants to take away the reincarnation star stone. He can't agree.

"I don't want to talk nonsense with you. You have to borrow it or not. Get out of here!"

Xuanji moon beautiful eyes Sen cold, a wave of slender hand, a vast force to attack Mo Xueming, at the same time tear the void, to escape.

"Presumptuous, do you dare to fight with me?"

Mo Xueming was completely angry. With a flick of his finger, he broke xuanjiyue's strength and blocked the void with one hand. Immediately, his palm was as powerful as Mount Taishan, and he severely suppressed xuanjiyue.

Although xuanqingyue is a woman in the upper world, at this juncture, Mo Xueming also manages so much. This reincarnation star stone is his lifeblood, and it is absolutely impossible for people to take it out.

He can't give in unless it's the queen of the upper world.

This time, Mo Xueming is actually moving a killer, to shoot xuanjiyue with one hand!

Xuanji's beautiful eyes shrink. She has a terrible strength. Even if she is four layers of heaven, she can't block a move.

If she is suppressed by Mo Xueming's palm, she will be separated from the dirty soil, and there is no possibility of survival at all.

"You want to kill me? Do you know who I am? "

At the critical moment of life and death, xuanjiyue didn't panic, and her eyes were filled with rage.

Boom!

The majestic imperial power, rolling out from her body, such as heaven and earth, sun and moon, shining forever.

"This breath, you You are... "

Mo Xueming stares at the big eyes, the palm stays in the air, completely shaken.

Such a terrible Diwei made him think of a person --

the queen of the upper world!

Only the legendary queen has such terrible majesty that he can shake his mind.

"Your name is not xuanqingyue, your name is..."

Moxue meditation calls for the Queen's name, but he can't even shout out the taboo.

"Yes, it's my seat."

Xuanjiyue restrained her breath. Before that, she disguised herself as a woman in the upper world without revealing her identity as a queen.

But now, in the face of Mo Xueming's step-by-step pressure, she does not talk nonsense, direct showdown.
