Chapter 3091

Bai Er heard Wei Ying's words, although there are many opinions in his heart, but obviously dare not say anything.

She knew that the palace master, a woman holding the supreme secret of the kingdom of God, could ignore her own life and death.

But to that young man, it is to pay too much.

The key is that she doesn't understand why Wei Ying doesn't let Ye Chen know her identity.

Clearly two people know each other, but always want to block a layer of veil.

This feeling, unable to speak.

At the moment of Wei Ying holding the broken sword, thunder and lightning full of terrible energy fell down on the sky.

Obviously, the broken sword does not belong to the kingdom of God! Even touched the way of God!

Wei Ying looked at the thunder and lightning with killing intention and snorted: "are you not satisfied with my move? Trying to get in my way? sorry! I don't like Wei Ying! Out

The next second, Wei Ying's body was suspended with countless ice stones.

This ice stone is ancient and mysterious, each one is flashing a different light!

In a flash, the icestone burst out! Turn into a shield to cover the sky and go towards the thunder and lightning!

"Bang!"

Two extreme forces collide!

Something strange happened!

The shield reflects strange runes and absorbs the thunder and lightning!

With a wave of Wei Yingxiu's hand, those ice stones inhaled into her palm!

She gently picked her eyebrows, and her beautiful face was full of coldness. She pointed out that the thunder and lightning just now turned into a sword of huge thunder!

Cut the space in front of you!

The hard space is tearing!

We can see its power!

One side of the white son is also a little shocked, surprised: "palace master, you learned that move?"

Wei Ying did not speak. She closed her eyes and released her other hand.

The broken sword was suspended.

Her red lips moved, and the golden words spewed out, just like Sanskrit.

"In my name, open the forbidden technique, trace the sun and the moon, the shape of the Imperial Palace, and the meaning of the heaven!"

The next moment, the broken sword turned rapidly, and finally stopped suddenly, pointing to a direction! And fly in that direction!

"Pooh

Wei Ying instantly spits out a mouthful of red blood. Although she is strong in cultivation, starting this forbidden technique will cause great loss to her.

If it was not for ye Chen, she would not have used this method!

"Palace master!"

Bai'er wants to go forward, but is stopped by Wei Ying. She looks at the broken sword which is getting farther and farther away. She says to Bai'er, "Bai'er, I may leave for a while. As for ye Chen, please pay attention to me. If you have anything, please inform me at the first time."

Finish not waiting for Bai Er to react, the black flame converges, like lightning rushed up!

Obviously, the direction of the broken sword is Xiao Huang's whereabouts!

The world is controlled by Taoists. There are exceptions. A broken Cang sword.

This is one of the secrets of juechan palace!

.....

Nine days god dragon hall, prison Dragon Peak bottom.

The three people's eyes are full of surprise.

Ye Chen thought of countless possibilities to see the blood dragon and the devil emperor, but also did not expect to meet in this situation.

Key, isn't blood dragon and demon emperor in that abyss?

How could it be here?

"Ye Chen, you are..." Once again, the emperor is shocked.

Ye Chen had no choice but to smile bitterly. He suppressed his surprise and shrugged his shoulders: "in order to avoid the pursuit of the dragon, I escaped here."

He opened the array of the heavenly way palace and released the green candle dragon. He almost killed himself and said it briefly.

As for the matter of not destroying the Dragon Emperor, he did not say.

Because, this is his cause and effect, there is no need to involve the dark devil emperor and the blood dragon.

"Has the Dragon been released?"

The evil emperor's eyes shrank. Naturally, he had heard the fierce name of qingzhulong, which was a great evil in ancient times. Even he should be afraid of it.

"Master, in order to kill you, Tiandao palace actually released the green candle dragon?"

Blood dragon is also a burst of shock, green candle dragon was born, I do not know what will cause a terrible change.

"Well, Xuanyuan moxie is crazy. One day, I will kill him with my own hands!"

Ye Chen clenched his fist, and his eyes flickered with intent to kill.

"Master, let's try to get out of here first."

The blood dragon had no choice but to smile. He and the God covering demon were trapped here for some time, but they couldn't think of a way out.

"Leave?"

Ye Chen's heart is in a state of disbelief. What's so strange about this place that it can be trapped in the dark demon emperor and the blood dragon?

He looked around him. There were hundreds of altars in this underground space, each with strange foreign runes floating on them. Between the altars, there are chains connected, and the ground is dripping with dark red blood. After ages, it has not dried up, but still emits a fishy smell.

What's more, the atmosphere here is completely isolated from the outside world.

Ye Chen can't feel a trace of aura, even the breath in the body can not be mobilized.

"Where on earth is this? How did you get here? "

Ye Chen is surprised.

"I and the blood dragon came in along the secret path of the abyss..."

With a deep voice, he tells Ye Chen about the murals and mysterious space they found in the blood dragon abyss.

At that time, he and the blood dragon came to this place along the mysterious space.

The underground altar, isolated from all aura, they can not use their strength, directly trapped here.

"This place may be a forbidden area arranged by emperor yuan hall!"

A jade card appeared with the palm of Zha Tianmo emperor moving.

Ye Chen clearly saw that there were three big characters printed on the jade plate:

emperor yuan hall!

"Emperor yuan Hall..."

Suddenly, ye Chen's face was dignified.

At the beginning, Lin Juelong mentioned the name of emperor yuan hall before he died.

There is no doubt that this is an ancient force.

At that time, the great power of Ye family even opened up Kunlun Xu in order to fight against emperor yuan palace!

His previous life, the fall of the reincarnation Lord, may also have something to do with the palace of emperor yuan.

This underground altar may really be a forbidden area opened by emperor yuan hall!

Ye Chen's eyes twinkle, and he feels that he is getting closer to the truth behind the scenes!

The upper realm, the palace of the emperor yuan, has already appeared.

The day when he uncovers the fog, awakens from reincarnation and sees the sun again may not be far away.

"Demon emperor, blood dragon, it's not suitable to stay here for a long time. Let's go out first."

Ye Chen said in a deep voice.

This place is related to the palace of emperor yuan. Heaven knows what danger is hidden. It's better to leave as soon as possible.

Moreover, the real body of the Immortal Dragon Emperor is not out of danger. Ye Chen just wants to go out to rescue as soon as possible.

"I'd like to leave, but I can't find an exit."

The emperor shook his head and was trapped for many days. He had no clue and could not find the exit to leave.

"Export? There's one over there

Ye Chen turns and points to him. He has just escaped from the prison Dragon Peak abyss. Now he returns along the original road, which is no problem.

As for the green candle dragon, there are the dark devil emperor and the blood dragon here. The three of them join hands, absolutely have the power of the first World War.

Chapter 3092

But the next moment, ye Chen is stunned.

Because he found that the exit of the original road had disappeared!

He wanted to go back the same way, but he couldn't.

"This What's going on? "

Ye Chen was shocked.

"The place, the space and the entrance are all moving. It's weird."

The dark emperor frowned and sighed.

"Is it?"

Ye Chen was stunned, but he didn't expect that the world of the underground altar was so strange.

What is the intention of emperor yuan palace to decorate such a world?

Ye Chen's eyes twinkled, coagulating voice way: "since there is no exit, then we directly hard break out!"

He came to the edge of the altar world, which was a smooth carved wall with many forbidden runes on it.

These forbidden runes cut off the aura of the outside world and suppress the breath of the human body, making people unable to use spiritual power and completely lose their power.

In addition, the forbidden runes also cast a layer of iron wall. I'm afraid it's not so easy to break through the iron wall.

"Master, in this ghost place, we can't use spiritual power. It's impossible to break through the wall and escape by relying on the strength of the body."

Blood dragon shook his head, but also helpless.

If he can use spiritual power, he can break the prohibition and kill the birth day with any claw.

Unfortunately, the cause and effect of emperor yuan hall is hidden here. It is very strange. The breath is isolated and the spiritual power stops. He has no way.

"The power of the body? Maybe I can try. "

Ye Chen's eyes are sharp and fierce. Although the spirit power can't be used here, the pure physical strength is not affected.

Suck!

Ye Chen took a deep breath, clenched his right hand, and his arm was full of blue veins, and his strength was accumulating.

He has reincarnation blood, and awakened the red dust God pulse and Ling wind god vein. In this way, his body has gone through many times of tempering, and he is simply strong to the contrary.

Other than that, the chaos star tree that he refined before made him completely transformed and made rapid progress.

"Break it for me!"

Ye Chen has a big drink, and his fist blows out.

The chaotic atmosphere of fury raged on his fist.

His fist, mixed with the vast waves of the chaotic world, seems to be able to crush the planet and suppress the heavens, reaching the extreme.

"This is it!"

"What a powerful momentum!"

Seeing this scene, the dark emperor and the blood dragon were deeply shocked.

Did not expect a period of time did not see, ye Chen unexpectedly promoted chaotic situation!

Moreover, ye Chen's chaotic power, I do not know how much stronger than ordinary people, is simply lawless.

There is a feeling that if you go outside, he will compete with Ye Chen, and when all the cards are given out, it is absolutely very difficult for him to defeat him!

"It's just chaos. It's so tough. This guy is going against the weather."

In the heart of Zha Tianmo Di, he was astonished and only felt fantastic.

If he had not seen it with his own eyes, he did not believe that ye Chen would have grown to this point.

Boom!

Under the bombardment of Ye Chen's fist, the whole forbidden iron wall vibrates, countless foreign runes are worn out, the earth trembles wildly and rumbles, as if to collapse.

There is a crack in the extremely strong forbidden iron wall, which seems to burst at any time.

"Is it really broken?"

Zha Tianmo Di and Xuelong were surprised.

But their surprise lasted only a moment.

Whoa!

A terrible scene appeared. The crack in the forbidden iron wall was repaired automatically. The rune that had just been worn out was born again.

"Damn it!"

Ye Chen bit his teeth, staggered back a few steps, and fell on an altar.

His fists, already bleeding, were dripping on the altar.

Just after bombarding the forbidden iron wall, he also received a huge shock.

Originally, because of his physical strength and the power of his fist, this forbidden iron wall can be completely blown away.

But I didn't expect that this prohibition was very strange. If it could not be broken in a moment, it would be automatically repaired, and even the runes that had been worn out would be re evolved.

"Is this the method of emperor yuan hall?"

Ye Chen is deeply afraid of this emperor yuan hall. It is a forbidden area with simple arrangement, which makes him extremely difficult.

"Master..."

Blood dragon deep voice calls, looking at Ye Chen's face dignified appearance, it seems that the situation is not very good.

"I'll try again."

Ye Chen bit his teeth, his muscles and bones vibrated, his throat opened, and he wanted to burst out the eight gods of Tianlong.

Tianlong eight gods sound, with the strength of flesh, muscles and bones, can also be used!

He would like to see how powerful the forbidden iron wall is and whether it can block the impact of Tianlong eight gods sound. Whoa!

But at this time, the altar at the foot of Ye Chen absorbed his blood, but it vibrated violently and burst out a dark mist.

"Well?"

Ye Chen was surprised and jumped off the altar. When he was calm, he saw an illusory figure floating out of the altar like a cloud of smoke.

This figure seems to be sealed in the altar!

Absorbed Ye Chen's blood, only then thoroughly recovers!

"It's weird!"

Looking at it, he was surprised. Unexpectedly, there was a soul sealed in the altar.

This is an old man with decadent breath. His brows are full of vicissitudes.

As soon as the old man appeared, he looked around blankly, as if he could not think of his own recovery.

He took a look at the dark devil and the blood dragon.

Finally, his eyes, tightly fell on Ye Chen.

In the eyes, suddenly emerged a huge shock.

"Ye Tiancan, the servant of sin, will visit the Lord of reincarnation!"

The old man knelt down respectfully and bowed down to worship.

"Who are you?"

Ye Chen is suddenly surprised. Unexpectedly, the old man knows him, and his surname is ye.

"The villain is a servant of the Ye family. In the war, because of his poor strength, he was captured by the emperor yuan palace, and his body was destroyed. The remnant soul was sealed here. He suffered from

oppression forever. Today, thanks to the Lord of reincarnation's mercy and blood saving, the villain can escape!"

Ye Tiancan bowed his head and said respectfully.

"Are you a servant of the Ye family in ancient times?"

Ye Chen is surprised and pinches his fingers. He suddenly feels that the heaven coincides. This ye Tiancan did not lie. It is indeed the Ye family in ancient times, not the chess pieces deliberately ambushed by emperor yuan hall.

"Yes, thank you for your help."

Ye Tiancan's tone of gratitude, soul and body continue to fade down, is about to transcend the heaven, get rid of the pain of repression.

"Wait, do you know how to get out of here?"

Ye Chen asks in a hurry.

Hearing the speech, ye Tiancan's eyes twinkle, as if in memory of the ancient secret.

"Return to the Lord of samsara. The world of the underground altar is actually a place of sacrifice in the palace of emperor yuan."

Finally, ye Tiancan opened his mouth.

"Under every altar, there is an unjust soul sealed. In ancient times, how many people died under the emperor yuan palace?"

Chapter 3093

"These dead souls are either taken to blood sacrifice magic weapons and refining pills, or they are sealed and suppressed to serve as sacrificial materials."

Ye Tiancan's tone is always sad.

Ye Chen, Zha Tian Mo Di and Xue long heard this, and they were all thrilled.

If you simply sacrifice the soul and refine the treasure, it's nothing. After all, the dark devil is also the master of the evil way, and I don't know how many wronged souls have been refined.

However, sealing the soul, suppressing, sacrificing to the heaven, making people immortal can not escape, this method is too cruel, even if the devil emperor can not do it.

It can be seen that the method of emperor yuan hall is so cruel.

"Reincarnation Lord, if you want to leave, villains can help you."

Ye Tiancan's eyes suddenly break down, and his soul and body burn up and burst out a continuous golden light.

Buzz!

The forbidden runes on the surrounding mountain walls are buzzing, and the breath is in disorder.

"The villain has been suppressed for many years. He has always wanted to escape. He has also studied the rules of these runes. Although he is not proficient, it is easy to shake the Qi of runes."

Between ye Tiancan's words, his soul burns more fiercely, his whole body glows with gold, and the forbidden runes around him are in complete disorder.

"Good chance!"

"Now the forbidden Rune has been shaken. The three of us may be able to break it out!"

"Yes

The blood dragon also nodded. This is a once-in-a-lifetime opportunity to escape. No loss is allowed.

"Master Tiancan..."

Ye Chen stares at ye Tiancan, and his mind is shocked. The latter, at the cost of burning his soul, has won them a chance to escape.

"Reincarnation Lord, thank you for your help. The villain can be relieved and detached."

Ye Tiancan's eyes are kind, and the golden flame on his body cries out. His soul body is instantly extinguished, and the golden light spreads wildly, impacting the forbidden runes around him.

The wave of forbidden runes is becoming more and more intense.

"Do it!"

Zha Tianmo emperor took the lead to kill with a finger, and the strength of his whole body was gathered on his fingertips.

"Good!"

With a roar, the blood dragon waved its claws and bombarded the forbidden iron wall.

“.....”

Ye Chen sees ye Tiancan dissipate and loses his mind slightly, but his eyes soon resume deep training, takes a deep breath and smashes it with a wild fist.

"Oh!"

Ye Chen's muscles and bones vibrate all over his body, and an ancient syllable bursts out from the gap between his bones.

It's not from the throat, but from the bones!

In an instant, ye Chen's fist explodes with golden light, and the golden light turns into an ancient character, which is exactly a "唵" character!

"Thirty three Tianhong Mongolian law! When did you learn the 33 Tianhong Mongolian method

Seeing this scene, the emperor was completely shocked.

At the moment, ye Chen is full of the breath of heaven and earth, which is to cover the world and shake people's soul.

He didn't expect that ye Chen had practiced 33 Tianhong Mongolian Dharma, and his cultivation was very powerful. He had practiced the pronunciation of muscles and bones, and he could integrate the ancient sounds of Hong and Meng into his physical fists. It was fantastic.

Boom!

Ye Chen, a great fist of Hongmeng, a big finger of the God covering demon emperor, and the claws of the blood dragon with endless blood awns bombard the forbidden iron wall.

Suddenly, the iron wall is forbidden to be broken.

All runes, instantly erased.

Click!

The whole mountain wall is also completely broken, smoke and dust rolling, earth and stone flying.

"Master, we succeeded!"

The blood dragon was so surprised that he finally broke through the iron wall. The spirit of the outside world poured in one after another, and his breath recovered.

On the body of the demon emperor, the rolling evil spirit reappears. His body stands at will, crushing the sky and destroying the mountains and rivers.

Ye Chen's eyebrows are full of joy.

The key to breaking the ban this time is his strength.

The ancient sound of Hongmeng is so destructive that even if it is performed only by the strength of muscles and bones, it has a towering divine power. The forbidden runes laid down by the emperor yuan hall are directly worn out and dissipated without flying ash under the influence of his Hongmeng ancient sound.

Of course, ye Tiancan't be ignored for his sacrifice and the help of the dark devil emperor and the blood dragon.

Boom!

Behind Ye Chen, the earth vibrates.

Without the protection of the forbidden rune, the whole underground altar world collapsed.

One after another, the altars roared and collapsed, and under the ground sealed the suffering spirits, one after another floated out to the sky and ascended to heaven.

Ye Chen, Zha Tian Mo Di, and Xue long all have a golden glow.

This is the light of luck.

The three destroyed the world of the underground altar and directly rescued many wronged souls. It was also a small merit and could increase their own vitality. "Come on, let's go out."

The light of the day, however, turned to be a brief joy.

Because the real body of the Immortal Dragon Emperor has not been rescued.

It's not time to celebrate.

He immediately took the dark devil emperor and the blood dragon, left here, and went straight to the prison Dragon Peak.

At this time, the foreign world, a magnificent temple, filled with a trace of if not black gas.

This is the smell of disaster!

In the sky above the temple, there is a stone tablet with three golden characters on it:

Diyuan palace!

It turns out that this place is the gate of emperor yuan hall!

A faint breath of disaster haunts the whole palace.

In the temple, an old man's mind vibrated violently.

"The altar in the kingdom of God was set up in the yuan palace of our emperor, but it was destroyed!"

The old man's eyes were full of horror. If the altar was destroyed, he would not be so shocked.

But the problem is, now the whole palace of emperor yuan is full of disaster!

Although it is only a faint trace, it covers the whole gate of emperor yuan hall!

That is to say, the identity of the person who destroyed the altar must be very terrible, which is fatal to the palace of emperor yuan!

His small move, which simply destroyed an altar, caused disaster.

This man is absolutely the enemy of emperor yuan hall!

"Who, in the end, destroyed the altar of my emperor yuan temple?"

The old man's thin fingers were constantly changing, trying to deduce the cause and effect behind the performance, but he was surprised to find that there seemed to be some strong man hidden in the kingdom of God, which actually covered up the mystery of heaven and blocked his calculation.

"It's weird!"

The old man's eyes twinkled and he was deeply worried.

"Your honor, the queen of the upper world is waiting for Xuanfei to see you."

A disciple bowed his head and came in and reported.

"Xuanfei, what is she doing here? Let her in. "

The old man's eyes are deep. The palace of emperor yuan and the empress of the upper Kingdom have many causal relations. Although they are not antagonistic, they can never be said to be friends.

I don't know what the Queen's purpose is.

Soon, a woman in black with a big sword on her back slowly stepped into the hall.

Chapter 3094

If ye Chen was here, he would be very surprised, because Xuanfei's appearance is very similar to Xuanji.

"Master, the kingdom of God has changed."

Xuanfei opened her lips and bowed her head slightly. Her tone was quite polite. After all, the status of the old man in front of her in the palace of emperor yuan was absolutely not inferior. Even if she was a servant of the empress, she did not dare to neglect her.

"Why, do you want to go to the kingdom of God?"

The old man asked without trace that he wanted to know about xuanjiyue's plan.

The kingdom of God must be the battlefield of the future. He wants to try to find out the bottom line of xuanjiyue and how much she is willing to pay for the decisive battle in the future.

Xuanfei shook her head and said, "Her Majesty wants to investigate the cause and effect of the kingdom of God, but she has been frustrated for many times, so it is not convenient to send any more people."

She didn't hide it. She told xuanjiyue about her repeated losses.

Now Xuanji Yue's dirty land has been destroyed and her real body has been bitten back. She needs to be healed in seclusion. Many forces in the upper world are coveting her power.

At this juncture, it was impossible for her to send any more people to investigate the kingdom of God.

"Hehe, is xuanjiyue frustrated? I thought she was really invincible in the world when she was promoted to the queen and threatened all over the world

The old man laughed. Xuanjiyue suffered a loss in the kingdom of God. He was very happy to see it.

If there's a riot in the upper world and there's going to be a rebellion, the play will be even better.

Xuanfei bit her teeth, but she could not refute it. She said, "master, the queen is unable to deal with the causal variables of the kingdom of God for the time being. She hopes that you emperor yuan temple can help solve the problem."

"Why? Why should I help you? "

The old man stood with his hands down and looked down at Xuan Fei.

Xuanfei straightened up her waist and said with a smile, "it's a pity that the elder is so gifted that he has become an elder. If he wants to become the leader of the Imperial Palace, her majesty may be able to help us. As long as the elder is willing to help us solve the cause and effect of the kingdom of God for us this time."

Hearing this, the old man was shocked violently and his eyes became extremely cold. He said coldly:

"if you are heard by the Lord of the palace, he will surely tear you into pieces."

Xuanfei looked up with a smile and said, "master, I know you are a smart man. You can think about this deal slowly."

"Ha ha..."

The old man narrowed his eyes, palmed in his sleeve robe, and looked into the distance, wondering what he was thinking.

.....

The temple of heaven, deep.

Xuanyuan ink evil walk between, send out bursts of disaster breath, a trace of disaster gas such as black fog, lingering around him for a long time.

"Failed?"

Feel the whole body of disaster breath, Xuanyuan ink evil eyes shake.

In order to lure and kill Ye Chen, he sent two penalty elders of the fourth heaven of the heaven God realm to go out, and sent the Dragon Yan of the fifth heaven of the heaven God realm to help him out.

With the strength of the three people, it is not difficult to kill a young man who has not yet fully grown up.

But now, there is a smell of disaster in him.

It's a bad omen!

There is no doubt that the entrapment plan is a complete failure!

Xuanyuan Mo Xie was shocked and kept pinching his fingers to calculate. He knew that Luo Teng, Du Zhong and Long Yan were dead completely.

"No way!"

"Did that boy kill three powerful gods alone? It's impossible! "

"I've even released the green dragon. Is he still alive?"

Xuanyuan moxie was restless and deeply worried.

Qinglongzhulong was born, he naturally felt the breath.

There is no doubt that his last move was eventually used.

Since you use this move, ye Chen will surely die.

But now, he did not feel the slightest luck of heaven's chance, lingering in front of him, only endless ominous omens, endless disasters.

He even had a feeling that it was inevitable that ye Chen could not be killed this time!

He is really going to be crushed by Ye Chen!

"Do not destroy the Dragon Emperor, we must bring back the real body of the Immortal Dragon Emperor!"

Xuanyuan moxie bit his teeth and did not destroy the real body of the Dragon Emperor, which was very important to him. If he was robbed by Ye Chen, he would lose a lot.

Now that the plan has failed, the top priority is to bring back the Immortal Dragon Emperor and stop the loss in time!

As long as the Immortal Dragon Emperor is brought back, his loss is not too heavy, and he can plan slowly in the future. After all, the Tiandao palace is extremely rich, and a failure will not hurt his muscles and bones.

But if you lose the Immortal Dragon Emperor, it will really hurt your muscles and bones. Many causes and effects behind it will be exposed in advance. Xuanyuan moxie can't bear it.

"Give me an order that all the hands in the nine heaven god dragon hall should go to prison the Dragon Peak and rob the real body of the Immortal Dragon Emperor!"

Xuanyuan moxie immediately called around and issued a flying sword order to the nine heaven dragon hall. Previously, he sent many people out to investigate the disappearance of the Dragon God.

Therefore, in the nine heaven dragon hall, there are many disciples of Tiandao palace.

Now that the dragon is born, it is almost impossible to seize the real body of the emperor.

But Xuanyuan Mo Xie didn't worry too much, because he had already sent Sirius out. Sirius was proficient in stealth and was fully capable of snatching food from the tiger's mouth.

The trace of the Dragon God can not be found in the hot days, and the trap and kill plan fails again. Xuanyuan moxie is a little tired, but he is a man who does great things. He has seen so many big waves. Small setbacks can not shake his spirit.

Now as long as we take back the real body of the Immortal Dragon Emperor, we can plan slowly in the future.

As for the personnel sent to the nine heaven dragon hall, they may all be killed by the green candle dragon.

The cost is huge.

But a strong man is broken. This is the spirit of the atmosphere. For the foundation of the heavenly way palace, it can only be so.

As long as Sirius doesn't die, that's OK.

Unfortunately, Xuanyuan moxie did not know that the Sirius at this time had been caught by Mo Xueming and imprisoned in the depth of the tomb of the hell hall.

Without Sirius, it is almost impossible for ordinary people in Tiandao palace to snatch food from the mouth of qingzhulongkou.

Soon, the order of flying sword from Tiandao palace was conveyed to the nine heaven dragon hall.

In the nine heaven dragon hall, more than 20 disciples who are hiding in the dark and secretly investigate the traces of the Dragon God of Yan Tian have received orders.

"You want to imprison the Dragon Peak and seize the real body of the Immortal Dragon Emperor? How could that be possible! "

"The green candle dragon, which was suppressed at the bottom of the prison Dragon Peak, has been born now. If you want to rob people under its nose, it is afraid that it can only be done with the help of the powerful God Emperor!"

"We are all bait, to act as cannon fodder, to fight for opportunities for Sirius."

When they received the order, they suddenly burst into grief.

They are very clear that they are dead today and must be killed by the green candle dragon.

And their death is to create opportunities for Sirius to rob people.

Chapter 3095

Only the special existence of Sirius, relying on the sneak operation against the sky, has the opportunity to snatch food from the tiger's mouth.

All of them were sad and went to prison Dragon Peak one after another.

They know that if they dare to fight, the end will be more terrible than death.

Unfortunately, they did not know that Sirius had already left!

The trace of the Dragon God, Sirius did not tell anyone, he wanted to report to Xuanyuan Mo evil face-to-face, exclusive credit!

His greed for meritorious service is beyond reproach.

After all, no one would have thought that there would be such a fatal situation today.

Maybe there are some causality disasters, which have been doomed for a long time, but can't be avoided.

At this time, ye Chen, Zha Tianmo Di and Xuelong made a detour to the foot of the prison Dragon Peak.

"Master devil, the blood dragon and the green candle dragon are too powerful. I can only compete with you. I have to ask you for help."

Ye Chen smiles bitterly. He wants to capture the real body of the Immortal Dragon Emperor. He can't do it by himself.

Therefore, he is to ask for the help of the dark devil emperor and the blood dragon.

As long as the three people join hands, even if they can't kill the green dragon, it's not difficult to snatch food from the mouth of the tiger.

"Boy, don't talk nonsense."

Zha Tianmo Di flicked his finger, and his whole body was full of evil Qi. He didn't talk much nonsense.

He and ye Chen have a lot of relationship, ye Chen's request, he must have agreed.

What's more, he also wanted to see how powerful the legendary ancient ferocity was.

If you can kill qingzhulong, it is definitely a great merit. The evil cause and effect of his body may be eliminated at one stroke, and there will be great benefits in future cultivation.

Such a good thing, even if ye Chen doesn't open his mouth, he wants to solve the problem by himself.

"Master, we have to be careful."

Blood dragon coagulates the heavy road.

"Well, this move is only for seizing the real body of the Elder Dragon Emperor. As long as we seize the hand, we will leave immediately. Don't be obsessed with war."

Ye Chen admonished.

The pressure of the blue candle dragon is too terrible. Ye Chen is very afraid. He really doesn't want to get entangled.

"I see."

The dark emperor of the sky answered lightly, but his eyes twinkled with a turbulent sense of war. It is absolutely a pleasure to fight against such ancient ferocity, even though he died without regret.

When they came to the foot of the mountain, they stood at the entrance of the abyss.

Standing here, I can already feel the strong crushing of ferocity.

The low roar came out of the abyss.

The fury of the blue candle dragon is constantly emitting and shocking.

The void of the surrounding world has changed, and the weather of snow, storm, scorching sun, rosy clouds, sand dust and so on has been evolving.

Candle dragon, this is the legendary existence that controls the weather.

Now, the smell of blue candle dragon has been diffused out, and even the weather of heaven and earth has changed. It is conceivable that this momentum is so magnificent.

Ye Chen three people look at each other, just want to step into the abyss, suddenly feel there are more than 20 breath, one after another.

"Well?"

Ye Chen looked back and saw these figures, all dressed in the clothes of Tiandao palace. They were obviously disciples of Tiandao palace.

Tiandao palace people see ye Chen three people, is also greatly surprised.

They are ordered by Xuan Yuan Mo Xie to rob the real body of the Immortal Dragon Emperor. Unexpectedly, they meet Ye Chen and them.

"Ha ha, the mole ants of Tiandao Palace are coming."

He stood with his hands down and looked down on the disciples of Tiandao palace as if he were overlooking a group of mole ants.

These disciples of Tiandao palace all have the strength of heaven and God realm. It's not weak to be outside, but in front of him, they are like ants.

"Boy, I'm too lazy to do it. Come on."

Zhang Tianmo Di looks at Ye Chen. He is shocked by the momentum shown by Ye Chen just at the underground altar.

Now, he wants to see ye Chen's real strength against the enemy.

"Master, I will."

"I can gather my body now. Although my power is not controlled enough, it is not as powerful as the dragon body, but I also want to try it."

Before the words fall, is the blood dragon and blood covered? The rune circulation has changed into a man holding a Tomahawk and wearing dragon pattern blood armor.

Endless pressure surging, momentum amazing.

He stood beside Ye Chen, as if guarding the emperor's God of war.

Ye Chen is a little surprised. Unexpectedly, the blood dragon has swallowed the foreign magic dragon and can transform into a shape!

The key is similar to yourself!

He can even feel the connection.

Ye Chen did not speak, blood dragon grinned, showing a very fierce expression.

When the disciples of Tiandao palace saw it, they all felt cold and stepped back slightly.

"Well, these people will make you familiar with yourself!"

Ye Chen nodded and fought with the common gods, which was of no benefit to his cultivation. He was too lazy to do it. It was best to give it to the blood dragon."Good!"

With a cold smile, the blood dragon's ferocity became more and more intense. The soles of his feet trampled on the ground, and his body flew out. His axe, like a thunderbolt, was going to cut the sky and the earth.

At that time, the Dragon God, with twelve elders, set up an array to attack and kill him. He did not know how much suffering he had suffered, and his heart was filled with resentment.

Now that he has completely devoured the ancient magic dragon, and has revived part of the energy of the ancient foreign blood, it is time for revenge.

Puff!

It's a heavy ax. It's hard to chop it.

A disciple of Tiandao palace was suddenly split in two.

"Hiss..."

When they saw this, they took a breath.

"Let's go!"

I don't know who is running away.

In fact, if they work together, they still have a chance to leave.

But ye Chen and Zha Tian Mo Di, all standing behind, where do they dare to love war?

"Where can I run?"

The blood dragon grinned fiercely and chased it with a huge axe. Blood fog broke out!

Several mutilated bodies were lying on the ground, and the smell of blood was spreading.

"Lord Sirius, let's go

"Lord Sirius, help

Several disciples of Tiandao palace yelled, and they thought that Sirius was hiding in the dark.

Unfortunately, they did not know that Sirius had been trapped in the temple of the underworld.

Sometimes, stealth is too clever, but it's not a good thing.

Because, even if you're missing, people think you're hiding your breath and hiding nearby.

"Is Sirius here, too?"

Ye Chen pulls out the evil sword, and her eyebrows are cold.

Sirius killed Chongguang emperor. He felt guilty and wanted revenge all the time.

If face-to-face, he can kill Sirius with one sword.

Unfortunately, this guy, furtive, has been hiding his body, he can not catch the trace.

He concentrated around, and did not find the existence of Sirius.

Naturally, he would not have guessed that the Sirius was caught by Mo Xueming and thought that this guy was hiding in the dark.

If Sirius dares to show up, ye Chen will definitely tear him to pieces and comfort Chongguang emperor's spirit in heaven.

Puff!

Puff!

Puff!

One body after another, bursting.

Chapter 3096

The blood dragon's hand was fierce. He waved his axe like an open sky. In an instant, he killed the whole court, leaving no one alive.

All the disciples of Tiandao Palace are dead.

And Sirius, still did not appear.

"What's the matter, boy? Is there anyone hiding around here?"

Seeing the appearance of Ye Chen's alert, Zha Tian Mo Di was a little curious.

His mind was released, and he did not find any hidden breath.

"Maybe there is. That guy is also a fierce man in ancient times. His name is three eyed Sirius. He took refuge in Xuanyuan moxie. He learned a Mongolian method called "hiding from heaven ". His hiding power is very powerful. If he really wants to hide, we may not be able to find out."

Ye Chen looks around, although can not see the trace of Sirius, but did not take it lightly.

"Hiding from the sky"

"If the other side can use this ancient method, it's really a little tricky."

Although even an ant can't be killed and a leaf can't be destroyed by the art of hiding from the sky, this kind of magic power is very good at hiding and hiding. It's really unpredictable, and the nature can't see through its existence.

"I have a magic power, which can restrain this hiding from the sky."

"Really?"

Smell speech, ye Chen eyes a bright.

He always couldn't see through the existence of Sirius, and he was always a little uneasy. He was afraid that he would be assassinated one day. But now, the king of zheten said that there was a magic power that could be restrained. That would be better.

Whoa.

With a wave of his hand, the Dark Jade slips float to Ye Chen's eyes.

A trace of magic Qi, with the ancient Hongmeng breath, constantly emanates from the jade slips.

"This Is this also the ancient method of Hongmeng? "

Ye Chen is shocked. The magic power in the jade slips is actually the 33 Tianhong Mongolian Dharma.

"Well."

The evil emperor nodded and said, "this ancient method is called the bright eye of the demon cave. It can detect the illusions and see through the reality. It has a very antagonistic insight effect. In fact, my devil's eye and demon's magic pupil are similar to the bright eye of the devil's cave."

"This is what I got abroad."

"If you want to practice the thirty-three Tianhong Mongolian law, you need to be very talented."

"My qualifications are barely enough to use, but there are too many causes and effects of evil spirits in me. If I practice the ancient method of Hongmeng, the evil spirits will surely break out, and the gain will not be worth the loss."

"Since you are qualified enough, I will give it to you."

Ye Chen is silent. He knows very well how precious the thirty-three Tianhong Mongolian method is.

It's a great favor for the emperor to present such valuable magic power directly to him.

"The kindness of the devil will be remembered forever!"

Ye Chen thinks secretly in the heart, but on the surface, did not say what.

Because of the relationship between him and the dark devil emperor, there is no need for language modification.

From the evil eye of Kunlun Xu to now!

They went through everything!

At present Ye Chen did not hesitate, but his mind was released and penetrated into the jade slips.

Whoa!

All of a sudden, the whole piece of jade slips, fired up the dark magic light, a black magic lines, constantly emitting.

"The magic spirit fills the eyes, and the hole opens up the world."

"Look up at the sky, down through the nether world."

"The mists of all worlds are broken one by one."

"I am Allah of the heavens, and have insight into the cause and effect of all worlds!"

A series of ancient and profound Dharma formulas are constantly pouring into Ye Chen's mind.

Boom!

In an instant, ye Chen's mind burst, and all kinds of magic methods of bright eyes in the demon cave were branded in his heart one by one.

At the center of his eyebrows, the evil spirit was constantly condensed and finally turned into a dark magic eye.

Compared with the devil's eye and the devil's magic pupil, this magic eye is more powerful than the devil's eye. It seems that it can penetrate the universe for hundreds of millions of miles and see through the mysteries of heaven!

This is the legend, the devil hole bright eye!

What the devil's eye, the devil's magic pupil, is actually evolved from the bright eye of the devil's cave. That day, the bright eye of the devil's cave is the real origin!

Suddenly, ye Chen felt the heaven and earth in front of him, and instantly became very clear. Every plant, tree, mountain, stone, the mystery of the natural operation of heaven and earth was like the pattern on his palm.

"How can you understand it so quickly?"

The evil emperor looked at Ye Chen's eyes on his forehead and was shocked.

Now in Ye Chen's body, there is no devil's eye, and there is no devil's magic pupil. To be exact, these two magic powers have evolved into the bright eye of the demon cave.

"You have more blood than I thought."

I don't know how much mental effort it takes to understand a thirty-three Tianhong Mongolian Dharma. But now, in a flash, ye Chen has realized it successfully. It can be seen how strong he is.

Ye Chen looks around, heaven and earth landscape, unprecedented clarity. He clearly found that Sirius was not nearby.

If Sirius were here, he could see it at a glance.

"Where did Sirius go?"

Ye Chen's eyes are concise, and the bright eyes of the demon cave flash, as if to penetrate the void.

In the dark, ye Chen captured a trace of heaven.

In fact, Sirius was caught!

Just, he didn't know, who was the man who caught Sirius.

"Where has Xiaohuang gone

Ye Chen is surprised. The Magic Cave is so powerful that he can spy on the nature. He immediately urges his spirit power to spy on Xiao Huang's whereabouts.

If he could find out his whereabouts, he would not have to venture to LiuYao mountain to seek the help of Tianji Taoist.

But unfortunately, the fog in front of him was too thick. His bright eye of the demon cave had just been trained. The heat was far from enough, and he could not see through at all.

Unless, after training to the realm of perfection, it is possible to see all the causal fates.

"What's the matter, master? Are there any hidden enemies around?"

The blood dragon held the bloody Tomahawk tightly.

"No more."

Ye Chen shook his head, immediately put away the magic eye, only feel that his eyes are slightly prickly.

After all, it is the 33 Tianhong Mongolian Dharma. If you use it, it will consume a lot of breath. Naturally, he can't use it all the time.

"Oh, really?"

The blood dragon is a little disappointed. It seems that he hasn't finished the fun yet.

"Stop talking nonsense. Let's go in."

Zha Tianmo Di flicked his finger, looked at the abyss, and took the lead in striding into it.

Ye Chen and Xuelong look at each other and follow him, striding into the abyss.

The whole abyss Grottoes have become ruins.

Green candle dragon was born, the strong breath crushed everything, the rocks collapsed, the earth cracked, the momentum was very terrible.

In the ruins of the grottoes, the two figures confront each other.

It is the green dragon and the Immortal Dragon Emperor!

The dragon has changed into a human figure, a man in a green robe, holding a sword, and two horns on his head. He is handsome, but his expression is very fierce.

In his body, although can not see the fierce beast appearance, but that ancient fierce breath, let Ye Chen three people have a look, know that he is a green candle dragon.

Chapter 3097

But not to destroy the Dragon Emperor, now also wake up, body like a mountain standing.

On his head, there is a dragon bead suspended, it is the dragon ball!

Mielongzhu constantly emits a bright light, which severely torments his body and soul, making him miserable.

But he gritted his teeth and did not fall.

"Why struggle."

Qing Longxiang Longzhu looked at the Immortal Dragon Emperor and shook his head coldly: "put down the magic weapon, this seat will give you a happy one."

The smell of the dragon ball made the green dragon afraid, but he didn't rush out.

The emperor did not destroy the dragon because he got rid of the shackles of Tiandao palace, and now he has got the control of mielongzhu.

He can put away the dragon ball at any time and get rid of the pain.

But if he does, he will be killed by the green candle dragon if he loses the protection of mielongzhu.

Now, bumie Dragon Emperor and green candle dragon confrontation, to see who can not hold up first.

The breath of mielongzhu made the Immortal Dragon Emperor miserable, but it also frightened the green candle dragon. If he stayed near mielongzhu for a long time, he would be injured.

Qingxianglonglong would like to leave here, but if he doesn't kill the Dragon Emperor, he will feel uneasy.

And two people confrontation, ye Chen three people suddenly arrived!

"Boy, it's you."

Green candle dragon eyes shrink, did not expect after ye Chen escaped, unexpectedly ran back, also took two helpers.

"This This is... "

The Immortal Dragon Emperor looked at Ye Chen, but he was also stunned.

He only felt that there were countless causal connections between himself and ye Chen, but for a time, he could not see through.

"Good chance!"

Green candle dragon's eyes suddenly sharp, a sword madly stabbed out.

At this time, the spirit of the Immortal Dragon Emperor swayed, and his breath fluctuated, which was a good time for him to make a move.

When the sword was stabbed, it suddenly exploded with fierce power. The air was filled with a terrifying smell. The ancient fierce Qi and blood were all infused into this sword. The momentum was amazing.

"Elder Dragon Emperor!"

Ye Chen turns pale with surprise. He can't imagine how fast the dragon is.

This is a fierce man in ancient times. His strength is too strong. His speed of sword is much faster than that of thunder and lightning. He can't see clearly. Ye Chen can't react at all.

"Oh!"

At the critical moment, ye Chen's muscles and bones vibrated, his throat opened, and an extremely fierce ancient syllable exploded.

In the room of electric light and flint, he has no time to make a move, and can only use Tianlong eight gods sound.

No matter how fast the sword is, it can't be faster than Hongmeng Guyin.

A large character of "Gu" was condensed out of thin air and burst into a vast golden light. It was suppressed against the dragon of green candle.

Now ye Chen's Tianlong eight gods sound has been used more and more skillfully, and has reached the point of condensing sounds and using ancient Hongmeng notes to kill people directly.

"Damn it!"

Green candle dragon bit teeth, ye Chen district a chaotic situation, he did not put in the eye.

But the thirty-three Tianhong Mongolian law is so powerful that even he has to fear it.

If left alone, he will be seriously injured.

Between Cang and busy, the green lust candle dragon frame sword to resist.

The huge ancient Fu with the character "Yi", such as the huge hammer of thunder, was severely suppressed.

Click!

The long sword in the hands of the green candle dragon burst in an instant, and a fragment of the broken sword fell to the ground.

"Damn boy, die for me!"

Qingxianglong was very angry. With a wave of his sword handle, countless Gengjin spirits gathered from the boundless void, and instantly condensed on his bare hilt, and turned into a long sword with exquisite light.

Blade straight cut Ye Chen!

He was so fierce in ancient times that he was actually cut off by Ye chenzhen. It was a great shame!

Ye Chen, who had just used the ancient sound of Hongmeng, was full of Qi turbulence and had not yet recovered from breathing.

The sword of green candle dragon can definitely kill him.

However, ye Chen is not alone in the fight!

"Have you ever asked me if you dare to hurt my friend of the devil emperor?"

With a big wave of his hand, the emperor pulled out his sword, and the evil spirit exploded and killed the dragon.

"The breath! You have been abroad! "

Green adoring candle dragon is frightened and retreats, but he recognizes the skill of Zha Tian Mo Di!.

"Evil animal, if you want to hurt my master, I want to die!"

One side of the blood dragon, thoroughly into the sound of the blood dragon, endless dragon chant resounding!

Being human is not his strongest state!

Now is the best!

.....

At the same time, the first Kingdom.

Step on the flame of the awn completely stopped.

The pupils of Umana's flowing Rune stare at a boulder in front of him.

The stone is 50 meters high. The center of the stone seems to be broken by a sword. There is a crack three meters wide. At the end of the crack was darkness, and nothing could be seen.

On the left side of the boulder are two inscriptions that do not seem to belong to the kingdom of God.

The nether world.

Wei Yingxiu eyebrows slightly wrinkled, she stroked wumang, red lips gently opened: "wumang, you found something wrong inside?"

"According to the instructions of duancang sword, I'm afraid that Xiaohuang disappeared among them."

And the next moment, wumang even opened his mouth: "palace master, the breath inside seems to be related to foreign countries."

"It's uncomfortable for me. I don't recommend going further."

Wei Ying's beautiful eyes are full of surprise: "foreign? This is the boundary of the first Kingdom. However, according to the maps of the seven kingdoms, it is indeed the edge, and even the map is not included in it. Does Xiao Huang enter the space turbulence and come here? "

"If that's the case, it's going to be tricky."

Although Wei Ying is confident of her own strength and opportunities, she is very clear that it is not a good thing to contact with foreign regions too early.

In ancient times, the kingdom of God once dominated the outer and upper realms, and the regions did not interfere with each other, but this balance was broken long after the fall of the reincarnation master.

Tiandao palace and even many hidden forces have the shadow of the outside world and the upper world.

Even if Xuanyuan ink evil, I am afraid also dare not disobey.

Wei Ying didn't know what she would meet across the crack, but she had no choice.

Through the mirror stone, she saw Ye Chen's helplessness and anger.

This deeply touched her heart.

I don't know why, she just wants to send Xiao Huang to Ye Chen by her own strength.

Maybe in love, this is selfless.

"Come on, wumang."

After a few seconds, Wei Ying made up her mind.

Wumang nature dare not disobey, eyes determined, toward the dark.

The darkness is like an abyss that can swallow everything.

I don't know if it's death or chance.

But in wumang and Wei Ying's figure disappeared in the dark, the void fluctuated, an old figure actually appeared on the boulder.

The old man looked down at the darkness below and looked dignified: "the breath of this girl Why are you so familiar and weird? "

"It seems that the cultivation method is the way respected by juechan emperor."

"No, juechan emperor Zun should have fallen long ago. Her secret has been turned into dust. How could it appear again after endless years?"

The wrinkles on the old man's face are full of vicissitudes and loneliness.

It seems to be a witness of the years.

For a long time, the old man sighed and shook his head: "maybe I was wrong."

"Otherwise, if the secret of juechan emperor reappears in the world, the upper world and the outside world will be in chaos."

"After all, some things are contaminated with too much evil and Yin Qi."

"They belong to the strong at the end of martial arts. They are born with the right to dominate hundreds of millions of creatures."

"What they want, no one can touch, no one."

The old man's words became lighter and lighter, and finally his figure turned into dust and disappeared..

Chapter 3098

Across the cracks.

Time seems to be still.

Wei Ying found the darkness in front of her.

You can even hear the sound of the water.

The flame at the foot of awn was completely extinguished.

As if there was only darkness in this space.

Wei Ying closed her beautiful eyes, her eyelashes trembled gently and felt everything around her.

But soon, her eyes opened, and the place covered her mind!

With her accomplishments and strength, there are not many places that can cover her divine consciousness.

"What the hell is this place?"

"Why did Xiao Huang come here?"

Wei Ying hesitated for a few seconds and offered a sword with endless cold in her hand.

No sword light.

But the chill on the sword made her feel at ease.

"Wumang, go in and have a look."

The awn let out a hiss and went towards the darkness.

Tick tock.

Tick tock.

Time seems to slow down.

And wumang suddenly stopped, an extreme sense of crisis hit!

The next second, Wei Ying step out, as if the body rushed to the sky, the ultimate cold sword cut off in the air!

This sword seems to cut the current in front of me in two! It's like splitting the void!

However, the next moment, Wei Ying's expression is dignified.

Because her sword seems to be hovering in mid air!

Blocked!

At the same time, a blood red light appeared on the sky!

With the blood shining on everything, Wei Ying's sight became clear!

Her sword stopped and was held by a demon.

The man's figure is incomparably huge, with black runes and tattoos all over his body, which is extremely strange.

There are some exotic customs.

His pupils are very similar to the demons awakened from the divine kingdom.

"Outsiders?"

"Or a woman?"

Man murmured a few words, plain eyes, kill together!

His five fingers suddenly burst into force!

Wei Ying's sword broke on the spot!

Wei Ying's face is pale, her feet are in the void, and her fingers are pinching. A cold sword Qi gathers and forms. It's sweeping the storm, and it's rushing wildly with killing intention!

"Bang!"

The man staggered a little and stepped back.

"I look down upon you!"

The next second, the man moved!

He blows out with a fist, as if tearing the void, with rolling evil Qi and blood!

This blow, as if it could suppress the world!

It seems that it can destroy heaven and earth!

Wei Ying looked at the blow with a dignified look.

This place is more dangerous than she thought.

The key is that Xiao Huang's life and death is unknown. If she meets the person in front of her, the consequences will be unimaginable.

Wei Ying no longer hesitated. She offered a piece of Rune in her hand. The rune burned, and ice and snow fell between heaven and earth.

Endless cold as if locked in everything.

In Wei Ying's eyes, men's speed suddenly slowed down!

"Now!"

Wei Ying's five fingers grip, that falling snowflake is actually attached to Wei Ying's body by a special suction!

Wei Ying at this moment is like a lonely plum in the cold winter.

Also like an invincible God of war in the battlefield of life and death!

Wei Ying's whole body is covered with a light shade of awn, a palm shot out!

"Bang!"

Two extreme forces detonate in an instant!

The man's mouth showed disdain smile, in his opinion, this woman will die!

However, soon, the man's smile solidified!

He was surprised to lower his head, unexpectedly found his body in the slow collapse, fragmentation!

A millionth of a second, his body turned into a blood mist!

Disappear!

"How could it be!"

There is only one shock left between heaven and earth, which reverberates for a long time.

And Wei Ying is also suddenly blown out, a mouth of red blood spit out, pale to the extreme!

She was badly hurt!

At the moment when Wei Ying was about to fall, a huge black beast flew over and stopped, holding Wei Ying.

"Wumang, thank you."

Wei Ying lies on top of wumang's body and takes out a special pill and takes it directly.

The next moment, her face was ruddy, but the breath did not recover!

She took a slightly cautious look around her, and found that she was in a vast island, and beyond the island was the sea area emitting the ghost breath, which was quite strange.

"There seems to be no such place in the kingdom of God."

"This place is full of evil spirit, and with the man just now, is this the boundary between the kingdom of God and the outside world?" Suddenly, the space nearby fluctuated a few times!

Wei Ying's heart startled, one person is so difficult to deal with. If there are more people, she will surely die. She no longer hesitates, and directly says: "wumang, the fastest speed, leave immediately!"

Wumang is also aware of the seriousness of the matter, a step, toward a direction of the extreme fly.

And just after wumang and Wei Ying left.

The surrounding void waves.

Several figures appeared.

Three men and an old man.

One of the old men's clothes was totally different from the other three men.

The old man was dressed in a gold robe and looked particularly luxurious.

What's more, there are three big characters on the gold robe!

Emperor yuan hall!

The old man in golden robe sniffed the blood mist and battle wave around him. His expression was calm and his turbid eyes could not see any reaction.

However, one of the men who was wrapped up in evil spirit frowned: "there have been fighting waves in this place. Our people should have fallen."

"There should not be many people who can defeat us with such power."

"Elder Han, what should I do next?"

Obviously, the center of the four is the elder in gold robe!

Elder Jin Pao Han raised his head and looked in a direction!

It was a startling light.

For a long time, the old voice came out of his mouth.

"Not long ago, there was dirt coming in."

"Now there are outsiders."

"I'm afraid the outsider is here to look for that dirty thing."

"There's no need for me to feel uncomfortable."

"Besides, you should know what this place means."

The three men's faces changed greatly. They said in the same voice: "elder Han, we will bring the intruder to you."

The words fall, the three people turned into three evil Qi and went towards the sky!

When the three left, elder Han carried his hands behind him and came to a place.

And this is where Wei Ying broke out.

He held out his hand, the light floating in the palm, countless particles gathered on the palm.

In the end, a rune has been burned!

Elder Han looked at this Rune and was surprised for the first time.

"Emperor cold blood talisman?"

"How could it be here?"

"It seems that after the fall of the reincarnation Lord, the kingdom of God is not as peaceful as it seems."

"It's a pity. After all, fireflies can never compete with the sun and the moon."

"Forever."

.....

At the same time!

Prison dragon peak!

The atmosphere is dignified to the extreme!

World War I triggers!

The evil spirit of the God covering devil is rolling. He wears a magic sword and cuts it down on the spot!

A sword with thunderbolt and vision of heaven and earth!

You can see the power of a sword!

At the same time, the blood of the blood dragon is rolling, and the power of heaven breaking out at this moment! To the dragon, to the dragon!

Chapter 3099

If you look carefully, there is a rune on the scale of the blood dragon!

Green candle dragon suddenly lost color. Although the strength of the blood dragon was not extremely threatening, the blood dragon's blood quality made him deeply afraid.

Obviously, this blood dragon is not as simple as it seems.

The green dragon retreated to avoid the evil emperor and the blood dragon.

"What do you two have to do with this boy? Why block this seat? "

Qing Longxiang was deeply afraid.

Ye Chen is just a boy in a chaotic state, but the blood dragon actually recognizes him as the master, and the devil emperor also makes friends with him. What kind of identity does he have?

"It's none of your business."

The dark and cold eyes of the demon emperor covered the sky, and his whole body was like hell rolling. He slashed his sword horizontally. His sword was as grand as the abyss of heaven and could not be resisted. He killed Xiang qingxiangzhulong.

Qinglonglongxiang holds the sword tightly, and is forced to retreat again and again.

In fact, if you calm your mind, he will never be defeated if you fight alone with the dark devil emperor.

But now the mind is scattered, but also to take into account the Ye Chen and blood dragon, everywhere subject, suddenly into a mess.

"Good luck for you. This seat has just come to life, and its strength has not yet recovered."

"The three of you, today, deceive the more and the less, are bold and shameless. In the future, when this seat is restored to perfection, you will surely pay back a hundred times."

Green candle dragon bit teeth, know to fight again, oneself can't take advantage of, at most also spell both lose.

At that time, he took up his sword and tore the void. He ran away and disappeared in an instant.

"This evil animal is also clever."

Seeing that the dragon was gone, he also put away his sword.

Naturally, he also saw that the green candle dragon had just recovered, and its breath had not yet recovered. Therefore, the three of them joined hands to gain the upper hand. Once the dragon was recovered, the three men would be hard to defeat.

"Elder Dragon Emperor!"

After driving away the dragon, ye Chen shouts and comes to the Immortal Dragon Emperor.

Plop!

The Immortal Dragon Emperor saw that the dragon was gone, and his tense spirit relaxed.

Life and death crisis.

With a bang, the dragon ball fell to the side.

It's eclipsed.

"Elder Dragon Emperor, your real injury seems to be very serious!"

Ye Chen's voice, conveyed back to the samsara cemetery.

The emperor Bu Mie long naturally saw this scene and said, "my real body was injured by mielongzhu, and I was still tortured in tianxingtai before. The injury is really serious. I'm afraid I have to trouble you for treatment."

"Well."

Ye Chen nodded, immediately released a wisp of spiritual power, poured into the Immortal Dragon Emperor's body, temporarily stabilized his injury.

"Ye Chen, how is your friend?"

Asked the emperor.

"It's OK. I'm hurt. I'll take a rest for a while."

Ye Chen looks at Bu Mie long Di's weak Qi and blood. He knows that his injury is very serious. He can't get well by taking a rest. He has to find another way.

From the samsara cemetery, he took out many excellent pills, which could not destroy the blood of the Dragon Emperor. However, the internal injury of the emperor was very serious, which could not be solved by ordinary pills.

But these causes and effects, of course, he would not tell the dark emperor.

He didn't want to trouble him any more because he had given him a lot of help.

"Since it's all right, I'm leaving."

The light way of covering heaven and evil emperor.

"Oh, master devil, where are you going?"

Ye Chen is in a state of disbelief. He seems to have something important to decide.

"I'm going to go abroad again."

"The underground altar seems to have something to do with the outside world. I have to go to the foreign country again and investigate clearly."

"Are you going abroad?"

Ye Chen was surprised.

"Well."

"If I get accurate information, I will contact you. Behind this, the conspiracy related to the emperor yuan hall seems to be as thorny as the upper bound. I have to go first. Goodbye."

"Devil, wait a minute."

The blood dragon suddenly opened his mouth and said in a deep voice, "I want to go abroad with you."

"What do you say?"

The dark devil emperor was surprised. Unexpectedly, the blood dragon had this request.

"Blood dragon, why do you want to go

Ye Chen is also a burst of surprise, foreign countries are very dangerous, if the blood dragon went, I do not know what kind of bad luck.

"I devoured the ancient foreign magic dragon and got some memories. There are some opportunities outside the territory. I want to capture them. This is the key to my strength."

"What's more, I have a connection with the master. If it's a critical moment, we can also guard from the sky!"

The memory of the Dragon seems to twinkle in memory."In the last war with Xuanji, I deeply felt my own insignificance. Compared with the upper world, I was too weak. I wanted to go abroad to try my luck and seize the chance of ancient times. Maybe only in this way can I completely transform myself!"

"If I am not strong again and the queen of the upper world comes to the kingdom of God, I am not qualified to protect the Lord!"

Smell speech, ye Chen is silent.

Indeed, now that he has broken through the chaos, he has also practiced two thirty-three Tianhong Mongolian methods. The whole person has made rapid progress and his strength has become more and more powerful.

But the blood dragon, there is no adverse chance.

It integrates all the magic dragon, and going abroad is also an opportunity for transformation.

In the time of China, there was a reincarnation graveyard dayeng said that the blood dragon would be his biggest card!

It may even be the card to surpass the reincarnation graveyard!

"Well, if you want to go, I'm afraid the devil will not take you."

Ye Chen smiles slightly, let the blood dragon go abroad.

"I can't go out of the country, but there's no space for you and me to go out of the country."

He shrugged his shoulders and looked indifferent.

"That's great. Thank you very much."

"Go

The dark emperor nodded and left with the blood dragon.

.....

In the abyss cave, only Ye Chen and the Immortal Dragon Emperor are left.

"Master, I will treat your real injury first."

Ye Chen's voice returned to the tomb of samsara, and immediately took out a golden needle overflowing with aura and fell on the acupoint in the eyebrow of the Immortal Dragon Emperor.

"Well, please."

The Immortal Dragon Emperor nodded. Now he was seriously injured. Fortunately, ye Chen's medical skills were all over the world, and he should be able to cure him.

Ye Chen, a gold needle, is falling on the eyebrows of the Immortal Dragon Emperor. His fingers are constantly twisting, and the Taoist spirit is infused into it.

All of a sudden, he felt that the Qi and blood exhaustion of the real body of the emperor bumielong was too serious. If it was the damage of mielongzhu, he could still save it. But now, the real body of bumielong emperor has been crushed by the tianxingtai, and the situation is very difficult.

Even if it can be cured by his ability alone, it will take a long time.

If you want to recover quickly, you must cooperate with Bu Mie long Di's own recovery ability.

Chapter 3100

"Oh!"

Between the electric light and flint, ye Chenfu to the soul, suddenly thought of a wonderful method.

His arm muscles and bones vibrated, an ancient syllable, with a Hongmeng breath, immediately from his bones to convey.

All of a sudden, ye Chen's hand, also followed the vibration.

This ancient Hongmeng syllable, through the muscles and bones, rushed into the body of the Immortal Dragon Emperor!

Click!

Click!

Click!

The Immortal Dragon Emperor was struck by lightning and trembled violently.

Under the concussion of Hongmeng ancient sound, every bone in his body was shaking.

The exhausted Qi and blood were violently stirred up!

Every inch of muscles and bones, every drop of Qi and blood, every muscle, resonates with the ancient Hongmeng sound, resonates and enlivens thoroughly.

"Good boy, you treat my real body with Hongmeng ancient sound!"

The immortal soul of the Immortal Emperor of the dragon was surprised to see this scene.

Ye Chen's means at the moment are simply fantastic.

He actually used Tianlong eight gods sound, but not to kill, but to save people!

He used the concussion power of Hongmeng ancient sound to revive the Qi and blood of the Immortal Dragon Emperor.

It's like the thunder from the sky!

"Master, it's lucky that you didn't lose your life. Your real body should be OK."

Ye Chen breathed a sigh of relief and wiped the sweat on his forehead.

Now the real body of the Immortal Dragon Emperor has been revived, and the energy has been gradually restored.

Ye Chen uses the ancient sound of Hongmeng to cure the disease. This is the way to take the edge of the sword. He can bear the impact of Hongmeng ancient sound only because he has strong muscles and strong bones and deep foundation.

If you are an ordinary person, under the concussion of his Tianlong bashenyin, you will absolutely burst your muscles and bones, and there is no possibility of survival at all.

"Thank you, thank you so much."

The spirit of the Immortal Dragon Emperor rushed out of the tomb of reincarnation with joy on his face.

He looked at his real body. Although he was still sleeping, his Qi and blood had recovered and could accommodate his spirit.

At present, the emperor did not hesitate to destroy the dragon. The spirit of the emperor disappeared and turned into a streamer of light and penetrated into the real body.

Whoa!

The unity of body and soul.

In the twinkling of an eye, the Immortal Dragon Emperor's body bloomed with incomparably bright light, and the illusions of the heavenly dragons haunted him and kept circling.

The fierce breath of dragon power is constantly released.

Among thousands of mountains and valleys, the Dragon chants and roars, thunder bursts, showing a towering atmosphere.

In the next moment, the Immortal Dragon Emperor opened his eyes.

His eyes, with the eternal vicissitudes, just wake up confused, and hidden in the depths of the vast majesty.

At this moment, his spirit and body are completely integrated!

The memory of the real body, the memory of the spirit, blend with each other, such as water and water.

"Master..."

Ye Chen gave a gentle cry, his face was full of joy. Looking at the appearance of the Immortal Dragon Emperor, he obviously integrated perfectly,

"thank you very much, ye Chen!"

The Immortal Dragon Emperor held Ye Chen's hand tightly and said thanks.

At this time, his eyes are concise, all his memories are integrated, his eyes burst out with bright light, and his whole body is full of dragon light, showing extraordinary momentum.

It is because of Ye Chen's great help that he can get rid of the shackles of the heavenly way palace and regain his freedom!

"It's OK, master long di. I'm glad you can get out of trouble."

Ye Chen was overjoyed, and finally his merits and virtues were fulfilled. Finally, he took the risk to set foot on the prison Dragon Peak.

This time, Xuanyuan ink evil, it's a total loss of blood.

He wants to use the real body of the Immortal Dragon Emperor to lure and kill Ye Chen.

But did not expect, ye Chen is not dangerous, even green candle dragon can not kill him, smooth smile to the end.

Think of Xuanyuan ink evil after knowing this matter, angry appearance, ye Chen heart is very happy.

"But it's not time to celebrate yet."

The Immortal Dragon Emperor's eyes were suddenly dignified and said: "in the heavenly way palace, there are many great powers locked up. We want to rescue them all. I don't know how long it will take."

Ye Chen clenched his fist and said: "don't worry, master, one day, I will step on the Tiandao palace and kill xuanyuanmo evil, and rescue all the great powers of the trapped reincarnation cemetery!"

This successful rescue of the Dragon Emperor, ye Chen is simply high spirited, the heart is high spirited, really want to step on the Tiandao palace early, exterminate Xuanyuan ink evil.

"I'm very glad that you have this intention."

Bu Mie long Di narrowed his eyes, nodded and said, "but now, I need to go to the dragon blood spring to cure my wound. I can't accompany you for the moment."

"Dragon blood spring?"

"Well, I was injured too much. I was tortured by the Tianxing platform. My foundation was seriously damaged. This treatment only temporarily revived my Qi and blood, but the real internal injury has not been cured. I can only cultivate and recuperate myself."The Immortal Dragon Emperor sighed: "the dragon blood spring is a place full of aura inside the nine heaven god dragon hall. I intend to gather the peak state in it."

"Master, how long will it take you to heal?"

Ye Chen hears that the Immortal Dragon Emperor wants to leave, and his heart suddenly feels a little empty.

If the emperor is gone, there will be no power to help him in the samsara cemetery, unless it is to awaken a new one.

"I don't know. If you encounter any danger in the future, you can take out this dragon ball..."

The emperor bumielong took out the dragon ball and handed it to Ye Chen:

"I left a soul seal in this dragon ball. If you are in danger, you can detonate the soul seal, and I will go out of the pass to help you immediately!"

"And this dragon ball is a magic weapon to suppress the dragon clan. If you offend qingzhulonglong, you can use this bead to deal with him if you meet him later."

Thank you very much

Ye Chen takes out the dragon ball and carefully hides it.

At this time, the Immortal Dragon Emperor is in unity of body and soul. As long as he is healed, his strength will soar greatly.

With his help, ye Chen has a card to protect his life.

"Well, if you really want to go to LiuYao mountain, you must be careful."

The sound of the Immortal Dragon Emperor calls.

He also knew that ye Chen would go to LiuYao mountain to find Tianji Taoist in order to find Xiaohuang.

But it is very dangerous to go to Tianye.

"I see, master. Goodbye."

Ye Chen arched his hands, but he was very free and easy, and did not make his children's farewell appearance. He left immediately.

He knew very well that one day, he would meet with the Immortal Dragon Emperor. There was no need to be too sentimental.

To rescue the real body from Tiandao palace, bumielong emperor is the first, but not the last.

The Immortal Dragon Emperor looked at Ye Chen's far away figure, narrowed his eyes and murmured in a low voice: "I don't know if you will grow up again when I meet you one day."

.....

Ye Chen did not rush to LiuYao mountain for the first time.

Instead, they found a quiet place and began to shut down for a short time.

This time, let him feel a lot.
