

Physician 3111

Chapter 3111

When people heard this, they were all silent!

Without the right weapons, the Terrans have little chance to win this battle

Suddenly, ye Chen stood up.

People do not understand to look at him, ask: "Ye Chen how?"

Ye Chen light way: "I want to go to the sea clan to get deep sea dark crystal iron!"

"What!"

All the people present gave a cry of surprise and looked at Ye Chen in disbelief!

Even the proud Qing emperor, who was born in the demon clan, could not help but persuade Ye Chen: "forget it, ye Chen. The Hai nationality is not weak and extremely exclusive. Moreover, their temper is hundreds of times worse than that of the demon clan!

Even if you are in a very deep sea, facing the siege of the sea people, I'm afraid it's dangerous! "

Ye Chen is a leading figure in fighting against the invasion of demons. It can even be said that the role of Ye Chen is countless times more important than that of tens of millions of magic weapons!

Therefore, ye Chen, there must be no accident!

Hearing the speech, the audience all nodded and agreed with the Qing emperor's point of view.

However, ye Chen shook his head and said: "you can rest assured that I will be OK. Now, everyone is working hard to defeat the demons, just to sprinkle blood on the battlefield!"

"In order to defeat the enemy and defend the country, they have put aside their lives. How can I not respond to their spirit?"

"Since I am the leader, at least I should create a fighting condition for the soldiers to give full play to their strength. Otherwise, I am not qualified to shoulder the trust of the people!"

Ye Chen's words deeply shocked all the people present!

They look at Ye Chen one by one, with respect from the heart in their eyes!

These ancient strong men were completely impressed by the man in his twenties!

In a word, commitment may be just

But for ye Chen, it is far from it!

He promised Tu Lanxin to save the kingdom of God, so he would do his best!

He ordered all the warriors to come to the hall of ambush the devil to kill the devil and become the leader. Then he should be worthy of his own identity!

Ye Chen, is such a man!

A man who really stands up to the sky!

How can they dissuade such a leader?

What they should do is support!

Xing qianhan handed a jade slip to Ye Chen and said, "this is where the sea people are and where the deep-sea dark crystal iron is produced. Therefore, even after such a long time, they should not have moved."

Ye Chen accepted the jade slips and nodded his head and said, "Qian Han, during my absence, you should first summon the forge masters you need to me in the demon subduing hall to teach them how to forge, and collect other necessary materials at the same time."

He said with a smile: "you can rest assured that before you are ready, I will definitely bring back the deep-sea dark crystal iron!"

Everyone hears the speech, all is double eye one bright!

They know that it is extremely difficult to obtain deep-sea dark crystal iron from the hands of the sea people. However, speaking from ye Chen's mouth, it is inexplicably believed!

"One more thing, help me to keep an eye on the nature of the pass."

"As soon as Tianji daoren goes out, let me know immediately!"

Ye Chen is still chanting Xiaohuang in his heart.

At present, Tianji Taoist didn't leave the pass, so he could only put the search for Xiaohuang on hold in advance.

Or it's a headless fly.

The next moment, ye Chen's body moves, then disappears from the original place, toward the place where the sea people are.

The sword king Situxin opened his mouth and said, "It's the blessing of the kingdom of God and the people that a Ye Chen has come out of the kingdom of God."

Other famous strong men all nodded at the same place. If Ye Chen had not existed, the foreign demons would have ravaged the whole kingdom of gods and the land of Lingwu?

.....

At the same time, over the dark sea.

On the border between the kingdom of God and the outside world.

Two figures are suspended in the sky, showing free and easy.

One of the men, dressed in black, had a slanting and sharp eyebrow. His dark eyes, which contained heaven and earth, were like an abyss.

He is tall and straight, carrying a sword with dragon pattern on his back. He is like an eagle in the night. He is aloof and lonely, but he is full of vigor and pressure. He is aloof and independent, and exudes the strength of being proud of the world.

If Ye Chen is here, he will surely find that he is the mysterious elder Ren!

And after Ren, he is an old man with silver hair.

Looking at the dark sea, the old man with silver hair looked dignified: "those guys, still don't give up."

"Last time, there was a reincarnation Lord in the kingdom of God. This time, there was Ye Chen in the kingdom of God."

"It happens to be a samsara."

"Perhaps through this life, ye Chen can understand the deep meaning of reincarnation that the previous life could not comprehend."

Ren looked down at everything, and his body exuded a light heart: "don't worry, the devil is just a small obstacle of that boy." "You should know better than me what ye Chen will face in the future."

"It's hard to deal with the emperor yuan hall and the upper boundary."

"In other words, the demons are just the chips for those who are in charge of delaying their time."

"Those people would never have imagined that on this land boundary, a seemingly small young man is transforming into a giant dragon, killing nine days and shaking the sky."

"If I guess correctly, this boy should go to the sea clan now."

"Many years ago, I seem to have been to the sea tribe. It seems that I killed a sea dragon emperor at the highest peak, took something and forged the falling dust dragon sword behind it."

"Now the falling dust and descending dragon sword is in the hands of this boy. Maybe, the trip of the sea people can make this boy have some wonderful chemical reaction with the falling dust and descending dragon sword."

The old man with silver hair was stunned and looked at the man in front of him curiously: "chemical reaction? Isn't this Chinese language? Have you ever been to China

Ren showed a smile, eyes to the sky, as if immersed in years of meditation, murmured for a long time: "I see my shadow from that boy, and I come from a special place."

"It's a place that even the laws of time and space can't explain."

"That place is called Lincheng."

For a long time, let Mou son a coagulate, no longer fall into contemplation, in front of the void tear.

A special space is revealed!

"Old man ye, give it to Ye Chen here."

"We should be there, too."

"Don't you really want to see your grandson face to face before you leave?"

The old man with silver hair thought of something in a moment and nodded: "it's gone. If you have a chance in the future, go."

"Well."

Two figures step into the void.

The void closes.

As if it never existed.

.....

At the same time, a man suddenly appeared in the sky of a sea area in Shenguo. He looked at the sea under his feet and said to himself, "is this the place?"

The next moment, the man without hesitation directly rushed into the waves, toward the deep sea.

His figure, quickly across the sea, will be around the fish, are scared to escape!

Chapter 3112

1000 meters, 10000 meters, 100000 meters!

Ye Chen's whole body, is already a stretch of hand can't see the darkness, even, even the breath of life has almost disappeared.

Even with Ye Chen's physique, when he reached the deep sea of 100000 meters, he felt a little uncomfortable, and he could not help but frown slightly.

The water pressure here is terrible!

I'm afraid that even with the green emperor's green dragon demon body, it may not be able to bear it here. After all, after all, the green dragon belongs to the dragon family living on the land and the sky, not the sea dragon.

Only when ye Chen's constitution reaches the limit, can he go deep into the sea with the body of a land race.

The sea people live in the city of the sea god, full of 10 million meters in the deep sea!

All of a sudden, ye Chen looked at the darkness. His wrist turned, and the evil sword suddenly appeared in his hand. He fiercely faced the seemingly dark place and cut out a sword!

Sword light in the sea water toss ceaselessly, will that incomparably heavy sea water cut open, a cry of pain, suddenly spread in the deep sea!

The cold sword light, shining out an ugly creature, looks like an octopus the size of a hill!

But this octopus's tentacle end, actually has a mouth which is full of tusks!

At this time, an tentacle of the octopus is extending to Ye Chen, as if to swallow Ye Chen directly!

Turbulent sword light, instantly cut the octopus body into pieces, purple black blood, diffuse in the sea water.

Ye Chen sees this, but he is slightly shocked

This thing is a demon beast with strength in the early days of Tianshen state. It is not strong. However, it is not the strength of this octopus that makes Ye Chen feel shocked!

But he discovered the existence of the octopus when he was about to touch himself?

It seems that, in this deep sea, the actual force and spirit induction are limited to a certain extent, and the monsters in the deep sea seem to be very good at hiding!

On Ye Chen's face, a wry smile appears. It seems that it is not easy to go to the sea god city where the sea people are located, let alone the sea people?

Just now I changed to a warrior in the early days of the heaven God realm. I'm afraid that by surprise, all of them would be hurt by the octopus.

When ye Chen was ready to move on, his face changed slightly!

Vaguely, he actually felt the existence of several powerful terror surrounded him!

He took a look at the broken place of the octopus body. It seemed that these monsters were attracted by the smell of blood. After arriving here, he found the breath of Ye Chen and launched an attack without hesitation!

After all, ye Chen's flesh and blood for these guys, but incomparable delicious ah!

Ye Chen's eyes, suddenly burst out a burst of gold, eyes through the dark, only to see in his body, there are three deep-sea monsters.

One, like a shark, but on the skin, there are pieces of green scales that look very hard. On the top of the head, there is a single horn!

At the other end, it looks like a giant turtle, but it has a head like a dragon, and its shell is fiery red.

The last one, the most bizarre, is a humanoid creature. On the surface of the body, it has rich white hair. There are sharp claws on the hands and a fish head on the neck. It looks very strange!

Ye Chen snorted coldly, and his whole body was full of spiritual power.

And the three monsters, looking at each other, actually launched an attack at the same time!

It seems that they have found the power of Ye Chen, and they want to join hands to solve Ye Chen and then fight for food!

The one horned shark, the one-sided light on the top of his head, split out a thunderbolt. The red tortoise, on top of the turtle shell, was full of Red Mansions. For a moment, the deep sea water tended to boil!

The next moment, the shell of the fire broke out, shooting out a concise column of fire!

And that fish man with white hair, actually with extremely fast speed, swam to Ye Chen's side, it seems that he wants to fight with Ye Chen closely!

Looking at the attack of the three, ye Chen's mouth raised a cold smile. Since he has made a move to himself, he has no intention to let go of these guys!

In his hands, a burst of bloody light burst out in his hand. The sword's meaning was overwhelming and the power of destruction was concentrated on it. When the sword light turned, the shark with green scales all over his body and looked extremely defensive turned into a burst of blood mist in a moment!

The red tortoise saw this. In a pair of small eyes of mung bean, he appeared extremely frightened. He actually swayed his head and tail and wanted to run towards the distance, but he could not even turn around. A head fell directly from the neck that stretched out of its shell

In the blink of an eye, ye Chen actually killed these two deep-sea monsters!

That bully close Ye Chen body side, a pair of claws, just raised the white haired fish man, at the moment, but fear to the whole body blood, tend to solidify ah!

How could that have happened?

It knows that ye Chen is a human from the kingdom of God. Occasionally, some human beings enter the deep sea. He has seenBut in its impression, human beings are incomparably weak race!

But in front of this human, how can there be any weakness?

It's so terrifying and powerful that I can't describe it!

At the moment, facing Ye Chen, the mind will tend to collapse!

Ye Chen coldly smiles, unexpectedly is will Sha sword to put up, raises a fist, toward that fish man to boom!

In the face of Ye Chen's fist, the fish man's gills trembled wildly, his blood almost burned, and his white hair instantly turned into blood red!

This fish man is a kind of deep-sea monster. Once this kind of monster is desperate for life, his whole body will turn white hair, and it will turn into blood red, and burst out several times the strength!

After the fish man's strength soared, he seemed to be more stable. He roared in his mouth, and his blood flashed on his two claws. He met Ye Chen's fist!

Its fish eyes, flashing ferocious color, as if to say, damned human, I will let you for your light enemy, pay the price!

On the double claws of the white fur sea beast, there is poison!

As long as it is contaminated with some, the strong God state can not bear it!

The white haired sea beast looks at Ye Chen's fist with great resentment. As long as you cut the skin on Ye Chen's fist, you will win!

At that time, it must be a mouthful, slowly Ye Chen's flesh and blood, viscera are eaten clean!

At the next moment, the two claws of the white haired sea beast collided with Ye Chen's fist!

This monster's fish eye, suddenly burst out the color of ecstasy, it clearly see ye Chen's fist, by its claws, draw a wound!

But, very quickly, the joy in its eyes, then solidified!

On Ye Chen's ordinary fist, a mountain like force swept out, and instantly penetrated into the body of the white haired sea beast, crushing its flesh and bones!

The white haired sea animal did not even scream. It turned into a blood mist and dissipated in the sea water.

And ye Chen hand that wound, also quickly healed up.

Chapter 3113

He has a light complexion. With his constitution, he is not afraid of the toxin of the white haired sea animal?

What he is afraid of most is poison!

After eliminating the three monsters, ye Chen moved and continued to dive into the deep sea.

I don't know if it's because of the death of these three deep-sea monsters that frighten the creatures on the sea floor. On the way after that, ye Chen did not encounter any trouble.

Finally, a few hours later, ye Chen's eyes lit up. He looked down at a huge, magnificent city under his feet, which was covered by countless pearls floating in the sea bottom. His eyes could not help but light up!

This is the sea god city?

The sea god city is the place where the sea people live. In fact, it can be said that it is the territory of the whole sea people.

Although the individual strength of the sea people is not weak, but the overall number is not too much, all live in the sea god city.

The architecture of Haishen city is made of a kind of blue crystal like ice crystal. It is very exquisite and gorgeous. The building stretches very wide, and even can't see the end at a glance.

The whole sea god city is covered by a light blue light curtain, which must be a large protective City array arranged by the sea people.

With Ye Chen's strength, he can break into the battle directly, but after all, he came to ask the Hai people for help, so he didn't intend to be so abrupt.

With a glance, he found the entrance of the city gate. After a movement, he swam towards the gate.

At this time, at the gate of the city, there are two male sea people with pale blue skin and dark green hair, whose looks are similar to those of human beings.

These two sea people, dressed in armor and holding long daggers, are the guards of the sea god city.

The tall one on the left is named Shuiyuan, and the thinner one on the right is shuihuan.

Shuiyuan and shuihuan are both bored and yawning.

Since ancient times, their sea people have traversed the whole sea area. How can this monster in the deep sea dare to offend the sea god city?

I don't know why. The city Lord has to send someone to guard here. Isn't it unnecessary?

Is there really something that doesn't grow eyes and comes to their sea god city to die?

At this time, both Shuiyuan and shuihuan looked at each other and saw a figure slowly swimming to their eyes.

Two people look at the figure, are can't help but a Leng, almost can't believe their own eyes!

There's really something coming!

Immediately, Shuiyuan and Shuihuan both had a burst of excited color. They held a long dagger to drink, and directly crossed the array and killed Ye Chen!

In their opinion, in the deep sea, except for their sea people, there are some monsters who only know how to kill. What kind of intelligent race is there?

Since they came to the sea god City, of course, they killed them directly!

The most important thing is that they are boring to defend the city. Naturally, they want to have some fun!

Originally, Ye Chen, who was about to report to the city, frowned at the two Hai people who had killed them. Without saying a word, they killed them directly?

His face sank and he murmured, "stop

When the two sea people heard the speech, they were all suspicious of their ears. How could this strange looking guy use the language of their sea people?

This, but those monsters can't do it!

When Xing Qianhan gave Ye Chen the map of the sea god City, he also gave Ye Chen the jade slips which recorded the language of the Hai nationality. With Ye Chen's strong divinity, he could easily grasp it.

Ye Chen looked at the two sea people in front of him, and his eyes flashed slightly. The two sea people guarding the city gate were not weak.

That is to say, in the city, there must be more powerful sea clan, and even among the sea clan, there may be top strong!

It's normal to think about it. Since ancient times, the Hai people have not participated in the war between men and demons. There has never been a fault in the inheritance of their martial arts.

Therefore, the overall strength of the sea clan is far above the Terran and demon clans, which is why the Qing emperor and others at first prevented Ye Chen from coming to the sea god city.

Ye Chen opened his mouth to the two sea people and said, "my name is Ye Chen. I come from the kingdom of God. This time, I want to meet the Lord of the sea god city."

When Shuiyuan and shuihuan heard the words, the cold meaning flashed in their eyes immediately, the human race? What race is that? Hehe, however, no matter what race Ye Chen is, as soon as he comes up, he wants to see their city Lord?

Is this funny?

All the sea people are extremely proud. They have ruled the deep sea for countless years. They have already regarded their own people as the rulers of the world. How can they regard other races in their eyes?

At this time, water Huan's eyes suddenly flashed a glimmer of sudden color, and said, "Terran? I've heard of it. It's said that this race is extremely weak, but it likes to play tricks and tricks, which is despised by our sea people. "

Say, two people look to Ye Chen, the color of sarcasm in the eye is more thick.

Shuiyuan also said with a cold smile: "Oh? In ancient times, the people who were almost destroyed by the demons? Ha ha, I heard that the weak Terran can't enter the deep sea at all? Boy, are you here to make fun of me? Ye Chen could not help but look gloomy when he heard the two sea people abusing the people, but he still said, "this is not the case with my family, and I really have something to see the city Lord. Every sentence is true."

If he can, he does not want to have conflicts with the sea people. He is here not only for the sake of deep-sea xuanjing iron, but also for the help of the sea people to jointly deal with extraterritorial demons!

If it is successful, it will undoubtedly add a strong support to the Terran!

But Shuiyuan and shuihuan smell words, but they laugh and look at Ye Chen contemptuously and say: "what's wrong? You're a human race. What can I do for you? If you are told to go back, you will go back!"

Ye Chen frowned, but there was no big change in his look. He continued: "since the city master is not here, can you let me wait in the city for a while?"

Two sea people smell speech, look at each other, eyes are flashing a trace of anger!

How can this boy be so ungrateful? They asked him to go back, but they still insisted on the sea god city?

The Terran is as shameless as the legend!

Naturally, this kind of garbage race is not allowed to enter their sea god City, otherwise, the sea god city is not polluted by it?

Shuiyuan looked at Ye Chen with cold eyes and said, "boy, are you deaf? I told you to go back, didn't you hear me? Get out of here before we get angry

After that, his face gradually became ferocious, and his bones clattered: "or do you want me to invite you back in person?"

Ye Chen looked at Shuiyuan without expression and said faintly, "if you don't want to die, open the gate and let me in."

This war has nothing to do with the sea people. Ye Chen came to the sea god city to ask for something, so he treated him with courtesy!

However, there is a limit to everything!

If the face does not want to face, then, is to rob, ye Chen also want to this deep-sea dark crystal iron, get the hands!!!

This Xuan crystal iron is related to the life and death of countless creatures in the kingdom of God. What if he robbed it?

Chapter 3114

But when the two sea people heard the words, they were furious in an instant!

Especially Shuiyuan!

As a garrison of the sea people, he has a certain status in the whole sea people. Now, a human being who is so rubbish that he can no longer garbage is threatening himself?

How can Shuiyuan tolerate this?

Immediately, Shuiyuan's whole body spiritual power, such as rough waves, roared at Ye Chen: "damn human, since you are looking for death again and again, then I will send you on the road!"

He danced a long Dage in his hand, which was full of sharpness and strong martial arts. It fluctuated in the water. It was actually in line with the water waves around him. In a moment, ye Chen only felt that with the change of Shuiyuan's long Dage, the whole deep sea seemed to have become his enemy!

Ye Chen's pupil shrinks. The martial arts of the sea people are really extraordinary. A small garrison of the sea clan's moves have reached the point where they can arouse the deep sea?

However, this is compared with the martial arts of the human race.

For ye Chen, this quick cut to a Ge, also full of flaws! Even there is no need to dodge.

While Shuiyuan looks at Ye Chen, who is motionless and does not move, sneers at him. The waste is indeed waste. In front of his attack, his body is stiff, right?

Ha ha, but now regret, it is too late!

The next moment, Long Ge points to Ye Chen's neck. Shuiyuan's attack is extremely cruel. He wants to cut off Ye Chen's head directly!

At the moment when the Long Ge is about to hit Ye Chen, ye Chen finally moves.

He seemed to raise his hand and punch at will, and then he went towards the long sword!

The color of disdain on the face of Shuiyuan and shuihuan is more intense.

With this ordinary punch, you want to block his attack?

It's a dream!

Ye Chen's fist, hit the handle of the Long Ge, the whole deep sea, in this moment, as if, were frozen for it!

Shuiyuan's face, that sarcastic color, instantaneous solidification, and then, broken!

The thick broken into fear!

There was a big bang, and it was shaking in the deep sea. The strong sound waves even shook the big light curtain of the city of Neptune. A blue figure flew backward like a shell and hit the light curtain behind him.

That figure is Shuiyuan!

At this time, all his bones and internal organs were completely smashed under the great power of Ye Chen. The armor on his body had already melted into a little light and dust, and his whole body slowly slipped down from the light curtain, like a pool of mud.

Ye Chen's fist contains a trace of destruction. Although he has not killed Shuiyuan for the time being, it is almost impossible for him to recover.

But had already done well to see ye Chen beheaded water Huan, at this time, is full of dull color to look at Ye Chen, do not understand, what happened just now!

How could this happen?

Isn't it that Terrans are extremely weak?

Isn't it that Terrans can only play tricks and can't even enter the deep sea?

But in front of this celebrity man, is a fist directly killed Shuiyuan second ah!!!

Where are these weak people?

It was so strong that he trembled!

Ye Chen glanced at the water Huan one eye, light way: "now, can I enter the city?"

In the deep sea, ye Chen's strength has indeed been suppressed. Can we use strength to deal with their existence?

Water Huan under Ye Chen's eyes, which still has the slightest flame?

The whole person, like a trembling goldfish, nodded hastily: "but Yes, I'll tell you about it! "

When he turned around, his eyes were filled with resentment. Damned human beings, you seriously injured the sea people, but you still want to enter our sea god city?

Ha ha, it's easy to get in, but not so easy to come out!

Soon, ye Chen under the leadership of water Huan, entered the sea god City, came to a huge, beautiful palace before.

Water Huan some reluctantly squeezed out a smile: "Ye childe, this is the city Lord's house, please stay in it, wait a little, the city Lord will come soon."

Ye Chen looked at the water Huan one eye, did not say much, walked into the hall, sat down at will.

A maid of the sea nationality came forward and brought a kind of special fruit in the deep sea. She looked at Ye Chen curiously.

After a while, the door will ring bursts of footsteps, to the people, obviously more than one!

These footsteps, surrounding the palace, actually surrounded the palace completely!

However, ye Chen's look did not change at all, quietly eating the fruit in his hand.

A beautiful, fair looking woman with body and skin different from ordinary sea people came in with shuihuan.

This beautiful woman, different from Shuihuan, was actually wearing a robe. She looked at Ye Chen with her eyes slightly narrowed, and said, "you mean him?"

Shuihuan nodded: "good! Miss long, it's him who wounded Shuiyuan and forced his way into the sea god city. When Miss long heard the speech, she glanced at Shuihuan without expression and said, "you two can't stop the existence of a chaotic state in the early stage. What's the use of you?"

Hearing this, Shuihuan bowed his head in fear and said, "Dragon Miss long doesn't know. This boy is very strange. He's very powerful. He's terrible! "

"Strength?"

This Miss long hears speech, but with a cold smile, she walks towards Ye Chen.

Ye Chen looked at the beautiful woman and said, "are you the Lord of the sea god city?"

Miss long sat down on the main seat, shook her head and said, "I'm not. However, the city Lord is my father. I'm in the third place. My name is Longxiyuan. Your name is Ye Chen? What's the matter when you come to our Haizu

The water Huan in the hall looks at Longxiyuan, who is the third lady of the dragon family. She is known for her cruel and willful temperament. How could she talk to this boy?

In Shuihuan's mind, Longxiyuan should directly break Ye Chen's limbs and put him in prison

Ye Chen gazed at Longxiyuan and said, "Miss long, do you know that foreign demons are about to invade the kingdom of God and the land of Lingwu?"

Longxiyuan nodded her head and said, "well, I've heard about it, but it has nothing to do with our sea people, right?"

Ye Chen shook his head and said: "it can't be said that the last time the demons didn't attack the sea clan, it was because there were Terrans fighting with them. But if this time, the extraterritorial demons successfully invaded and defeated the Terrans? Miss long can guarantee that the sea people will be spared? "

Hearing this, long Xiyuan said with a smile: "you don't need to worry about this. We, the sea people, have absolute confidence in the battle in the deep sea. Mr. ye came here to ask our sea people to help the Terrans fight against extraterritorial demons?"

After a moment's silence, ye Chen continued: "this is only one of them. More importantly, in order to fight against extraterritorial demons, we need deep-sea xuanjing iron forging weapons."

"Deep sea dark crystal iron?"

Long Xiyuan's pupils contracted slightly and said, "do you know that this deep-sea dark crystal iron is a sacred thing of our sea people? It's not for anyone who wants it

"Are you sure you are qualified?"

Chapter 3115

"Are you sure you are qualified?"

Hearing the other party's words, ye Chen waved his hand and several jade boxes appeared in front of long Xiyuan. He said faintly: "I can use the resources in my hand to exchange with Miss long. I believe these resources are not available in the deep sea. Miss long can have a look first."

On hearing the speech, long Xiyuan picked up one of the jade boxes and opened it. At the next moment, a sound of a phoenix sounded through the sea god city. In the jade box, there was a colorful flower. On the flower, there was a flame of five colors. The flame kept flashing, just like a phoenix in flight!

As soon as the jade box is opened, the sea water in the palace seems to be boiling for it!

Originally, Long Xiyuan, who was still indifferent, looked at the strange flowers in the jade box, but she was ecstatic. She exclaimed, "ten thousand year old phoenix flowers are actually ten thousand year old phoenix flowers!"

This Phoenix flower, however, is really what she needs, and generally only grows on the land!

Long Xiyuan quietly looked at several jade boxes one by one, and her eyes became more and more happy.

A moment later, she put away several jade boxes without any politeness, and said with a smile to Ye Chen: "yes, very good. Is there any other treasure in the hands of Mr. Ye?"

Ye Chen frowned, but he didn't say much. He nodded and said, "I still have a lot of things, but miss Long, I should also show me the deep-sea dark crystal iron?"

He killed many of the most powerful beings, even the ancient guardians of the heaven and God realm. There are many treasures on this land in Ye Chen's hands.

Long Xiyuan smiled speech, ha ha a smile way: "pour is I abrupt, leaf child come with me."

After that, he really led Ye Chen out.

Standing in the palace of water Huan, silly looking at the two people's back, Long Xiyuan actually really want to take Ye Chen to get that deep sea dark crystal iron?

Soon, under the leadership of Long Xiyuan, Ye Chen came to the bottom of the sea god City, which was completely dry and isolated from the sea water.

They walked along a long corridor and came to a huge dark door.

Long Xiyuan said with a smile to Ye Chen, "here is where we store dark crystal iron."

After that, she took out a token and kneaded it in her hand. Under its urging, the heavy dark door opened slowly.

Long Xiyuan reached out and said, "Mr. Ye, please."

Ye Chen looked at long Xiyuan, her eyes flickered slightly, but she still stepped into it.

Behind this gate is a very spacious hall, and in the hall, there is a ladder leading to the deeper underground.

Ye Chen walked down the stairs, and soon reached the bottom of the stairs. Here is the bottom of the earth, and its gravity is more terrible than that of the deep sea!

A step into here, ye Chen's pupil, is a burst of contraction!

What appeared in front of him was a skeleton!

A huge skeleton!

The shape of the corpse, it seems, is somewhat similar to that of human beings, but there are a pair of extremely long tusks on the skull!

It looks like the skeleton of a giant ape!

And on this pale skeleton, there are several blood red chains around it!

Ye Chen turned around and looked at the smiling dragon Xiyuan behind him and said, "Miss long, it seems that this is not the place of the deep sea dark crystal iron?"

Long Xiyuan said with a faint smile: "it's really not, but it's a very suitable place for you to stay. Ha ha, do you know how this giant ape died here?"

"Ten thousand years ago, this giant ape, like you, came to our sea people to ask for deep-sea dark crystal iron. At that time, it stirred up the sea god City, and it turned the earth upside down."

"But? This giant ape, however, is a bit stupid. It was introduced into the earth by our sea people and trapped here! At the bottom of the earth is the cage where our family imprisons an evil dragon, and the chain on the skeleton is the rope used to bind the dragon! "

Speaking of this, long Xiyuan's voice suddenly became overcast and said: "this binding dragon rope is a sacred object forged by our ancestors of the Hai nationality. As long as it is in this underground place, it can greatly limit the power of the bound. Ha ha, it is said that the Terrans like to play tricks?"

Mr. Ye, how do I think you are more stupid than that great ape in those years? "

As soon as her voice fell, she decided to make a decision. The chains on the giant ape skeleton, with blood shining in an instant, suddenly appeared on Ye Chen's body and bound it firmly!

The moment the chain appears on his body, ye Chen's eyes are heavy, and the strength in his body is limited by 80%!

Seeing this, long Xiyuan completely tore up her disguise and looked at Ye Chen with contempt and said, "a mole ant in the kingdom of God dares to ask for deep-sea dark crystal iron from our sea people?"

What is the relationship between the life and death of human beings and our sea people?

Boy, now I will take the initiative to hand over all your treasures. I can also consider that you can die more easily. Don't be tortured by us for thousands of years just like that giant ape! "Ye Chen looks at the chain on the body and is silent.

Seeing this, longxiyuan became more proud and said, "boy, aren't you crazy outside the city gate? Isn't it a direct injury to invade our sea god city? Keep going crazy? Why don't you talk? "

Ye Chen slowly raised his head, looked at long Xiyuan and said: "deep sea xuanjing iron, I'm sure I can get it. If necessary, I can kill the sea god city up and down for it!"

As soon as this speech was said, it was like a storm blowing from the nether world, which rolled wildly in longxiyuan's heart. Her original words to her mouth were choked in her throat!

Ye Chen's look is very plain, and even his eyes are extremely clear, without the slightest intention to kill.

Yes!

I don't know why, but longxiyuan's intuition tells her that ye Chen is not pretending!

He really has the intention to kill all the sea god cities for the sake of deep sea xuanjing iron!

Long Xiyuan has always been known for her arrogance and domineering in the city of Poseidon. But now, faced with this indifferent looking man, she is afraid from the bottom of her heart

Just because of Ye Chen's words!

Longxiyuan was subconsciously, step back!

When she reacts, her white face burns with anger!

She is the third young lady of the master of Haishen City, who is scared away by Ye Chen's words?

This, for the proud long Xiyuan, is simply a great insult!

Long Xiyuan's wrist turned over, and an ice blue sword appeared in her hand. On the long sword, the divine edge flowed, and the surrounding space was broken by itself under the light of the sword. It can be seen how sharp this long sword is!

At the same time, on the long sword, there is a strong chill!

Chapter 3116

Ye Chen looks at the sword in long Xiyuan's hand, and his eyes are bright. The sword is a weapon beyond Tao. Moreover, ye Chen feels a strange wave from the sword.

Presumably, this sword is made of deep sea dark crystal iron!

Long Xiyuan, holding a long sword, roared at Ye Chen: "damn waste, how dare you bluff at such a time? I have to say, your acting skills are very good. I almost cheated Miss Ben. To be on the safe side, Miss Ben is going to send you to die. Are you satisfied? "

At the next moment, a sword like storm sweeps across the ground, and the void is frantically broken. But what is even more shocking is that although there is no water in the underground place, ye Chen has a faint feeling of suffocation at the moment when the sword idea emerges!

As if, in front of him is not a sword, but in the face of a rough sea, at any time can engulf the whole world in general!

Very strong!

Although long Xiyuan is only a warrior in the heaven God realm, the power of his sword can even be compared with Yu Sheng's attack!

Yu Sheng is a warrior from outside and in the upper world!

It can be seen that long Xiyuan's sword technique has reached a terrible level!

However, in the face of this sword, ye Chen's look is still so indifferent.

"Send me to death?"

Ye Chen looked at long Xiyuan, who had been chopped by a sword, and said faintly, "do you deserve it?"

In his hand, there appeared a long black sword, which was the evil sword!

The meaning of Zhenwu is surging out!

Originally, that covered the whole earth, the ocean like sword idea, was instantly suppressed by Ye Chen's martial intention and dissipated!

On the evil sword, the blood is in full bloom, and the breath of destroying the Shinto rises like a shadow from hell.

Ye Chen gazed at long Xiyuan, his face full of cold and said, "who told you that my strongest strength is?"

This sword, extremely fast, even faster than the change on long Xiyuan's face!

At this time, facing Ye Chen's sword, she seemed to see the God of death. Her face turned pale in an instant. Her eyes were filled with indescribable fear. Even the sword began to be unstable!

The more powerful the warrior is, the more he can feel the terrible power of Ye Chen's sword!

Long Xiyuan's sword like a sea was broken in the light of Ye Chen's sword. She didn't even have time to scream, so she would be completely swallowed up by Ye Chen's sword light!

She knew that if it was true, only death was waiting for her!

But at this time, out of the void, came a big shout: "leave people under the sword!"

A figure, inexplicably appeared in front of long Xiyuan. Facing the sword of Ye Chen, the man's face was frozen, but he did not retreat. Holding a long sword with countless purple inscriptions in his hand, he got up with all his mental power and stabbed at the terrible sword!

Purple light through the ground, the sound of dragon singing!

Accompanied by this sword, a purple sword dragon, whistling out, and ye Chen cut out of the sword, fierce collision!

This collision, however, did not make any sound. The swords of Ziguang Jianlong and ye Chen disappeared each other. Finally, both of them turned into nothingness and dissipated in the air.

This seemingly silent blow actually shattered the void under the ground. The dungeon that had existed since ancient times and was used to bind the evil dragon collapsed completely with one blow from both sides!

And long Xiyuan is in the fight between the two sides under the residual power, all over the broken flesh, crazy backward, fell to the ground, dying!

In front of long Xiyuan is a middle-aged man of sea nationality. His skin color is more profound than other sea people. His ice blue eyes are bright and his whole body is like an abyss, which makes people dare not look directly at him!

This middle-aged man of Hai nationality is a middle-term existence of God realm!

But at this time, the middle-aged man looked at Ye Chen's eyes, but it was incomparably dignified!

The sword just now made him feel dangerous!

This is still under the condition of Ye Chen's power limitation!

If ye Chen's sword is in the peak state, even he is not sure that he can completely follow it!

"Leaving people under the sword?"

Ye Chen coldly smiles, casually cuts his body's binding dragon rope, cuts in order to smash, destroys the Shinto, this is all fetters' nemesis!

"Are you entitled to let me stay?"

Ye Chen returned this sentence to the other party!

Once the rope was broken, ye Chen directly rushed at the middle-aged man and long Xiyuan. The extremely strong evil spirit was surging out of his body. The body of the heavenly demon was launched, and seven blood lights appeared on the body surface. It was like the God coming, and the force of breaking the heaven was surging wildly in the blood vessels!

Stay?

Ye Chen has already felt that there is a strong man in the sea god City, and he has noticed himself from the beginning. But from the beginning to the end, whether it is the sea clan guarding the city or long Xiyuan leading himself to the deep underground, can this middle-aged man stop him?

You want him to stay now? Really when he Ye Chen is a soft persimmon, who can knead it?

He Ye Chen is never a good man!

He is not bloodthirsty, but he is not a saint. If we must kill the sea god city to save hundreds of millions of people in the land of Lingwu and the kingdom of God, he will do it without hesitation!

Ye Chen is a chaotic state, but now he has the strength of the heaven God state. What is the God?

God, the emperor of heaven and earth, the God of the kingdom of God!

The extreme God's anger, let alone a sea god City, is to exterminate all living creatures in one direction, which is nothing!

The anger of the strong is so terrible that it needs so much blood to wash away!

When the formula of mietian sword is applied, the destructive power is condensed on the blade. With the extremely powerful power of the six swords and the amazing power that can move mountains and fill the sea, the most powerful sword is to cut off the middle-aged man in front of him!

"Damn it!"

The middle-aged man looked ugly. He waved his purple sword and tried to resist it. At the same time, he said: "wait a minute. I'm the Lord of the sea god City, long Tianfei. I'll give you the deep-sea dark crystal iron you want. I'll give you as much as you want. Young man, don't be too impulsive. Have you forgotten the purpose of your coming here?"

"Deep sea dark crystal iron?"

Ye Chen's face flashed a vicious smile and said, "I didn't say that if we slaughtered the sea god city completely, can I also get it?"

"You

Long Tianfei heard the words, his hair and beard were Zhang, and he was really angry!

As a strong God, when did he lower his head to people?

At present, he has promised Ye Chen to hand over the deep-sea xuanjing iron, ye Chen should continue to pursue it?

Ye Chen is too crazy and fierce!

Long Tianfei thundered: "boy, to be a man, you should know how to advance and retreat. If you want to see something good, you can get it?"

Chapter 3117

At the next moment, ye Chen's dark sword and long Tianfei's Purple Jade sword collide with each other, and they can't help but step back!

Can, ye Chen's face still with that evil smile, killing intention does not reduce, and long Tianfei?

At this time, long Tianfei was biting his teeth. His hand holding the sword was twisted to a very afraid direction!

His hand was completely broken by the great force of Ye Chen's sword!

Long Tianfei looks at Ye Chen's eyes and trembles wildly. What's more, angry?

Only deep fear!

He can't believe it. Is this a young Mole ant in the kingdom of God?

Is it true that the legendary deep-sea beast has no such terrible power as ye Chen?

But ye Chen looks at long Tianfei, but he shakes his head. Although he has the strength in the middle period of Tianshen state, he can actually fight, but he is disappointed!

The sea people, living in this isolated sea god City, have few conflicts of interest due to their small number of races and deep-sea overlords, sitting on all the martial arts resources.

However, because of this, the number of real life and death battles of the sea people is too few!

Even long Tianfei, the Lord of the sea god City, is so!

The sea people have been at ease for countless times, resulting in their empty strength, fighting level, mood and so on. Compared with the Terrans, they are not as good as others!

Although Ye Chen's strength should be above long Tianfei, it does not mean that long Tianfei does not have the strength to fight a war. However, ye Chen can see that long Tianfei has been shaken.

It's a taboo of a warrior to be timid before fighting!

Ye Chen is confident that he will be able to kill the first strongman of the sea god city at no cost!

He said with a cold smile to long Tianfei: "you mean you want to kill me, but you don't succeed. Then you say that if you don't investigate, I won't pursue it?"

Ye Chen's eyes were quiet and said: "Lord of dragon city, we in the kingdom of gods are not so good to talk about."

Ye Chen's character is like this. When you don't provoke him, everything is easy to say. But if there is something that touches the bottom line of Ye Chen, it's not easy to forget it!

Since long Xiyuan wants to kill him, he wants to kill long Xiyuan. What's the problem?

There is no problem at all, then no one can stop him!

Long Tianfei really trembled. Ye Chen's obsession and killing intention was something he had never seen in the sea of sea god. It was the temperament polished in the sea of blood. He suddenly took a deep breath and said in a deep voice:

"if I said, in the war between man and demon, can we help

Ye Chen hears the speech, the vision finally a flash, stopped the pace.

If long Tianfei, want to take out what benefits and so on, buy him ye Chen, he will never agree.

But the aid in war is different!

The assistance of the sea people is likely to reverse the whole war situation!

Ye Chen promised Tu Lanxin that he would shoulder the responsibility of saving the land of Lingwu and the land of Lingwu. Then, the overall situation would be the most important thing.

He gazed at long Tianfei and said, "you should know what you promised, and you should also know what will happen if you cheat me."

Long Tianfei was the peak of the heaven God realm in those years. Because of a battle, he fell to the fifth tier sky in the middle of the heaven God realm. He has been the Lord of the sea god city for tens of thousands of years. Naturally, he is not a fool.

He said with deep eyes: "the reason why I promise you is not only because of the girl's life."

He said and glanced at long Xiyuan, her eyes full of hate iron is not steel color, this girl should be frightened by Ye Chen, should retreat ah, even want to fight ye Chen?

Ye Chen said, "go on."

Long Tianfei said: "first, as you said, although the last invasion of the demons did not affect the sea clan, if the Terran is really destroyed, we can't guarantee that the extraterritorial demons will not attack the sea clan. In this case, of course, it is better for the Terrans to win!"

Ye Chen nods. It's very difficult to fight in the deep sea because of the Terran's constitution. It's a threat to the sea people, but the extraterritorial demons are different.

Its constitution is also extremely strong. Although it will be suppressed in the deep sea, who can guarantee that they will not attack the sea god city at any cost with the ferocity and ruthlessness of the demons?

Compared with the demons, Terrans are obviously better partners

Long Tianfei then said, "second, as you can see..."

As he said this, he couldn't help laughing bitterly and said, "we, the sea people, have not experienced the baptism of the war of life and death for too long. We are too comfortable. If we go on like this, we will only weaken our whole race. Therefore, we need the baptism of war!"

This reason seems far fetched, but ye Chen knows that it is extremely important in the world of martial arts!

Here, it is a world of no advance or retreat. There is no difference between ease and chronic death!The whole sea people really need to be baptized by the war in order to make their heart of martial arts and Taoism firm again!

Ye Chen looked at the long Xiyuan who had been seriously injured and said: "if so, I can let her live temporarily, but if you have any intention to cheat me."

He looked at long Tianfei's eyes and said in a cold voice, "I swear that no matter whether the Terrans win in the end, ye Chen will let the whole sea god city be repaid with blood!"

Long Tianfei's heart trembled, and even said, "please don't worry, Mr. Ye. I can tell the weight."

In a sense, long Tianfei would rather provoke an army of demons from other countries than to arouse Ye Chen's anger

This is an evil star who can kill the whole city with his own power!

The key is that he vaguely sensed that the young man's card was unfathomable!

If you sacrifice all your strength, I'm afraid the top of the gods can't obstruct this person!

Then, long Tianfei took out a storage bag and handed it to Ye Chen and said, "Mr. Ye, this is 3000 Jin deep-sea dark crystal iron. Do you think that's enough?"

Ye Chen took over the storage bag, the spirit swept, and nodded: "enough."

Deep sea dark crystal iron is only the auxiliary material in the forging method of the Ares. 3000 kg is enough. He knows that the deep-sea dark crystal iron is extremely rare even in the deep sea. The sea people do not have too much in stock. He is sincere enough to take out 3000 kg.

After that, ye Chen raised his hand and several jade boxes fell in front of long Tianfei.

Long Tianfei was stunned and said, "is this

Ye Chen said: "since we are a cooperative relationship, I will not take your things for nothing. These are the natural materials and earth treasures on the land. As an exchange of deep-sea dark crystal iron, it should be enough."

Long Tianfei heard the speech, but he was overjoyed. He took the jade box and arched his hand and said, "thank you, Mr. Ye."

Chapter 3118

Ye Chen knows that even if he doesn't give anything, long Tianfei will not say anything, but he thinks more in his heart.

If the relationship between the sea clan and the Terran can be improved, the two clans can get rid of their feuds and exchange what they have. In the long run, they can even drive the martial arts of the seven kingdoms to flourish!

In doing so, he built a bridge between the Terrans and the sea people.

After all, in the future, even in the not too distant future, ye Chen will go to the outer world and the upper world, and can no longer continue to guard Lingwu and the kingdom of God all the time.

Can ye Chen already regard here as his second home, so naturally he wants to make his home strong!

Long Tianfei suddenly grabbed a pair of half dead longxiyuan on the ground and said to Ye Chen, "childe ye, this girl has offended you. Although Mr. Ye has spared her life, it can't be so calculated. I'll punish her to be your mount. What's Ye Gongzi's intention?"

Ye Chen smell speech, but slightly a Leng, look to long Tianfei look, some strange up.

Long Tianfei is indeed a very smart man. Taking long Xiyuan as his mount can eliminate the suspicion between himself and long Xiyuan. Secondly, it is also the guarantee of the commitment of the sea people, which makes Ye Chen more at ease. Thirdly, long Xiyuan said that he was a mount. In fact, it could be regarded as following Ye Chen. Would it be beneficial to follow a terrorist existence who could overcome the heaven God state?

However, although long Xiyuan is not a human, it is not suitable to be the mount of Ye Chen?

Imagining himself riding longxiyuan to travel, ye Chen can't help but his forehead is covered with black lines.

Long Tianfei seemed to see through Ye Chen's thoughts and said with a smile: "Mr. Ye, you misunderstand that our sea family, although not a monster, also has two forms."

After that, he coldly put a pill into long Xiyuan's mouth, and said, "don't give it to Mr. Ye quickly. Change your body and have a look!"

Long Xiyuan heard the speech, and her pretty face was full of amazement and said, "Dad, what do you say? You You want me to ride him

She can't believe that she is a very proud sea people. How can she be a mount for human beings?

What's more, dad has always loved himself the most. This damned human has hurt himself. Even if he didn't revenge himself, he even wanted to be a mount himself. In a flash, long Xiyuan's face showed a look of incomparable injustice.

Long Tianfei saw this but his face sank and said, "if you change, you will change. Do you want to help your father?"

When long Xiyuan saw the look of long Tianfei, she bit her lips, mobilized her inner spiritual power and transformed herself.

She was very obedient to her father though she was rude and cruel.

Soon, a burst of white light wrapped long Xiyuan's body. At the next moment, it turned into a pure white jade dragon and appeared in front of Ye Chen!

Ye Chen looked at the beautiful jade dragon, and could not help being slightly surprised.

Although the appearance of the jade dragon is similar to that of the dragon people, it is not a real dragon clan from the perspective of breath!

Long Tianfei said with a smile: "most of the high sea people were born from the intermarriage with the deep-sea dragon people in ancient times. Therefore, we are born with two forms of sea people and dragon shape."

Looking at the shape of the jade dragon, ye Chen said with a smile: "OK, then I will take it as a mount."

After that, she rode directly on long Xiyuan's body. Long Xiyuan was angry, but she could only bear it. She couldn't beat Ye Chen. She didn't dare to disobey her father, so she had to give in.

Ye Chen directly patted a pair of glittering dragon horns on long Xiyuan's head and said, "now, take this young master back to the sea!"

Long Xiyuan sent out a discontented Longyin, but she still moved. She went back to the deep sea from the ground and swam away towards the sea.

It has to be said that in terms of swimming speed in the sea, as a marine nationality, longxiyuan is even faster than ye Chen!

As a mount, it's just right.

But when ye Chen left, ye Chen felt some change in the reincarnation cemetery!

He looks a little changed!

This change actually comes from Ren's falling dust and subduing dragon sword!

And the falling dust and subduing dragon sword obviously means to stop Ye Chen.

Ye Chen immediately let long Xiyuan stop!

The next moment, the sword of falling dust and falling dragon will rush out of the tomb of samsara!

It was suspended on a huge stone with dragon pattern.

The huge stone stands in the center, looks strange, ye Chen thought it was a decoration, but did not care.

Ye Chen came down from long Xiyuan's body and stood beside the falling dust and falling dragon sword. He said curiously, "do you want this thing?"

Then, the falling dust and falling Dragon Sword actually sent out a sword chant.

"Are you interested in this? Can this repair you? "

Ye Chen asked.

The falling dust and falling Dragon Sword still came the sword chant.

Ye Chen Mou son a congeals, look to long Tianfei, direct way: "this stone I also take away, can?"

However, the next moment, let Ye Chen surprise is that long Feitian actually kneels down!Kneel down to the falling dust and dragon sword!

A strong man kneels a sword?

Ye Chen instantly thought about and Ren elder, and said, "do you know this sword?"

Long Tianfei looks dignified, quite surprised to see ye Chen, way: "recognize."

"If I hadn't seen this sword, I might have been rebellious."

"But seeing this sword, the sea people will always cooperate with the Terrans."

"I had guessed your relationship with that man."

Ye Chen Mou son tiny Mi: "what happened then?"

However, long Tianfei did not go on, but said: "Mr. Ye, this is a secret of the sea people, and can not be told."

Ye Chen hesitated for a few seconds and came to longxiyuan's body: "since I can't tell you, even if it's OK, I'll always know."

"Go

Long Tianfei looks at Ye Chen's far away figure and murmurs: "that man is the nightmare of Hai nationality."

"Now, someone came back with that man's sword."

"This may be the fate of the sea people."

.....

Soon, ye Chen returned to the sea again, riding in longxiyuan's body toward the demon hall.

Although long Xiyuan has not been tempered by the battle of life and death, her mood is not strong, but her strength is solid, which is of great help to meet the demons and even improve the strength of the whole Terran and demon clan!

Soon after, ye Chen and long Xiyuan went back to the Fumo hall. They all felt sluggish when they saw Ye Chen riding a jade dragon from the sky.

Especially, after feeling the breath of the jade dragon!

Qingdi and others are completely stupid

Ye Chen, didn't you say that you went to the sea people to get deep-sea dark crystal iron?

How come now, with a strong breath of jade dragon back?

They feel that their brains are not enough

Ye Chen and the Dragon Xiyuan fall on the ground. Immediately, long Xiyuan turns into the form of the sea people. Her pretty face is full of shame and indignation. If she can, she doesn't want to be a dragon in this life!

Chapter 3119

Ye Chen gave a faint smile and pointed to long Xiyuan and said, "she is the daughter of the sea people. From today on, she is my mount and servant. Her accomplishments are OK. I will let her speak martial arts on Mount Fumo. If you have any questions about martial arts, you can ask her."

Long Xiyuan was born in the Hai nationality. Although the Hai nationality had at least a war, her understanding of martial arts was not necessarily weaker than that of Yu Yu. It was more than enough for her to speak martial arts for today's Terrans and demon clans.

Ye Chen looked at long Xiyuan and said, "well, if you let me find that you are slack or deliberately wrong, I will let you live in the animal circle and live with the wild animals that are used to eat. Do you understand?"

Long Xiyuan a pair of quick cry out of the appearance, gnash teeth way: "know!"

She is really afraid of Ye Chen!

Soon, the Fumo mountain, a school of heyday weather, these chaos above the Terran and demon clan, strength, are in rapid progress!

And on the fifth day, ye Chen got a message!

Tianji Taoist, we are out of the customs!

At the next moment, he turned into a light and disappeared in Mount Voldemort!

For him, Xiao Huang's whereabouts are not known for a day, and he will not be able to sit still!

.....

In the morning of the next day, mount LiuYao.

Hazy sunshine, shrouded in the mountain, the pine, cypress, exotic flowers and plants, are filled with the light of green, a fox longevity deer, unicorn ape, running in the mountains, white crane flying in the sky, showing a trace of ancient fairy spirit.

The whole LiuYao mountain is full of aura, which shows the wonderful implication of the nine palaces and eight trigrams. When people enter the mountain, it seems that they can see the track of their destiny, which is very wonderful.

In fact, LiuYao mountain is just a very common one among numerous mountains near Tiandao palace.

But because the Taoist priest lived here, the whole mountain suddenly filled with immortal spirit. Many spirit animals came and even the earth's veins were transformed.

The Qi and fortune of Taoist Tianji is so grand. His existence is enough to change the pulse against the sky and transform the earth vein into a fairy mountain.

Even if it is Xuanyuan Mo Xie, he should be courteous to Tianji Taoist. We can see how powerful his identity is.

At the moment, at the foot of LiuYao mountain, there are black heads.

It turns out that the news that Tianji Taoist went out of the pass in LiuYao mountain has been spread out and many people know it.

The name of Tianji Taoist is really too big.

Hearing the news, countless people came to seek the opportunity of heaven and Taoism to help deduce the destiny.

After all, everyone wants to know the trend of the future.

A few children stood at the pass, barely keeping order and not allowing people to rush up the mountain.

"Don't crowd."

"The master said that there were too many people entering the mountain. He could not let them all in."

"If you leave a gift, the master will let whoever gives you a rich gift."

A childish voice of the path was ringing in the crowd.

In fact, if people want to break in, they can't stop them.

However, people did not dare to offend the majesty of Tianji Taoist priest. Without permission, no one dared to set foot rashly. They all crowded in the mountain pass and waited for the opportunity.

"Gift? I happened to bring a batch of spirit stones

"I have some magic weapons here to express my feelings. I also hope that you can put me in for convenience."

"What gift do you want? Can I use this weapon?"

When they heard that the condition for entering the mountain was to leave a gift, they immediately became boiling.

At present, many people took out pills, magic weapons, weapons, martial arts secrets and other things, and handed them to the children.

A few of the children couldn't take it and put them all on the ground.

All of a sudden, a large number of weapons, magic weapons, pills, spirit stones and so on, piled up into a hill, bright and attractive.

However, no one dares to move his mind. After all, it is a gift for the Taoist of Tianji, and no one dares to rob it.

"You have a lot of gifts. You can go in."

"You don't have enough gifts."

"You can take more. That's not enough."

Several street children light their gifts and decide not to let people into the mountain according to the value of the number.

After a while, more than a dozen people entered the mountain smoothly, but many more were turned away.

Those who can enter the mountain are naturally elated, thinking that they can see through the fate of cause and effect, and see the secret of fate through the hand of heaven and Taoism.

Those who were rejected sighed and turned away.

"Is my batch of pills enough?"

There was a rather low voice.

I saw a man wearing a loose robe and a hat. His breath was astringent and his face was almost invisible. He came up slowly.

As soon as he put out his hand, he took out a pile of pills, which turned into a hill on the ground.

"Enough, enough, come in, come in!" Seeing this, several children nodded and respectfully released the robe man into the mountain.

"Who is this man?"

"It's so big to take out so many pills."

"It must be an alchemist!"

The crowd murmured at the scene.

The man in the robe pulled the bamboo hat and stepped into the mountain with a smile.

"Finally came in."

The man in the robe was relieved and looked up at the sky.

This man in robe is Ye Chen.

When he heard the news of Tianji Taoist going out of the pass, he came to LiuYao mountain alone.

His dress is very low-key, and his breath is completely restrained.

Because this place is too close to the gate of tiandaogong, ye Chen doesn't dare to be careless.

After all, he had saved the real body of the Immortal Dragon Emperor and suffered great losses to the Tiandao palace. If the heavenly way palace knew that he was in LiuYao mountain, he would be sent to kill him by countless strong men.

In a short time, several street boys finished collecting the gifts and put more than 50 people into the mountain.

"You come with me."

A path of childish voice, childish speech, in front of the road.

Ye Chen and his party, a little curious to follow up.

There are not many of them. I'm afraid it will take a lot of energy to meet all of them.

Soon, people came to the hillside, near a stone platform.

This stone platform, obviously built recently, has traces of swords, axes and chisels. It is very fresh.

On one side of the stone platform, there is a door built along the mountain. There is a deep and dark one inside. I don't know what is hidden.

Ye Chen faintly, there is a sense of fear, behind the door, it seems to hide some strange breath, let him a little familiar.

And the people around, are also curious to watch, I do not know the path boy brought them here, in the end want to do.

In vain, the boy pinched his lips and whistled.

Deep in the door, there was a great roar.

The next moment, a whole body of smoke around, evil spirit, golden eyes flame of giant cattle, from the door to kill.

Roar!

The giant cow roared up to the sky, and his hooves stepped on the stone platform, and a terrible shock broke out.

The infinite ferocity comes from it.

The monstrous spirit covered the sky in an instant.

Chapter 3120

Because of the appearance of the giant ox, LiuYao mountain, which was originally full of Fairy Spirit, suddenly turned into a devil like atmosphere, and countless immortal foxes and deer roared and ran around.

"What a powerful momentum!"

Ye Chen's eyes suddenly shrunk.

And the people around, is also thrilled, in the giant cow's awe, many people Cang queen retreat.

"This is Golden eyes

Some people cried out: "this is a fierce beast suppressed in Tiandu. How can it be here?"

Tiandu burial ground, burying the remains of the ancient Tiandu emperor.

In the past, Tiandu emperor was as famous as Chongguang emperor and one of the seven God emperors.

In his burial ground, he suppressed a fierce man named jinjingmanniu.

No one thought that the golden eye bull, which was suppressed in Tiandu, would appear here.

"What's going on?"

"Did Tianji Taoist go to Tiandu to bury the earth and capture the golden eye bull?"

"The coordinates of Tiandu's burial ground are very secret. No one knows where they are. Is it possible that the divine power of heaven's divination is so powerful that he can work out the coordinates of the burial place of heaven?"

There was a lot of discussion, some were surprised, some were excited, some were confused.

There is no doubt that Tianji Taoist went to Tiandu to bury the earth, and seized the golden eye of the bull, and collected it for his own use.

"It is against the heaven that the divination and divinity of the Taoist are really against the heaven."

Ye Chen saw this scene, but also secretly surprised.

Tiandu burial ground, like Chongguang burial ground, is a very secret place. No one knows where it is.

But now, Tianji Taoist actually pushed out the coordinates of Tiandu's burial ground and captured jinjingmanniu.

I'm afraid he has already reached the point of being against the heaven. Even the burial place of the God Emperor can also push the position of the performance.

Even if it is Xuanyuan ink evil, it is impossible to do so.

"Xiao Huang is saved."

Ye Chen secretly thinks that as long as the Taoist priest is willing to move, he will surely be able to push Xiao Huang's whereabouts.

After all, he can deduce the coordinates of his burial place, and it is easy to calculate the trace of Xiao Huang.

"Gentlemen."

Xiaodaotong stood on the stone platform and touched the head of jinjingmaoniu.

The golden eyed bull was full of evil spirit, but in the face of the little Taoist, he was submissive and had been tamed by the Taoist of Tianji.

When they heard the little boy talking, they were all quiet.

"Master said that you need to go through three tests if you want to find him to deduce the destiny of heaven."

"These three tests are to examine strength, martial arts and spirits respectively, which is a rule all along."

"Only those who have passed the test are qualified to see Master."

"This is the first test to examine your strength."

"The content of the test is very simple. As long as you fight against jinjingmanniu and support a stick of incense under it for a long time, the test will be deemed to pass."

The childish voice and childish words of the trail fell down, and the golden eyed bull was full of evil spirit and suddenly changed into a human form!

Bull head human body.

Holding a huge axe.

The body is towering and five meters high. The muscles are bulging like black iron casting. It shows the power of explosion. It's terrible.

"Who wants to see my master, fight with me first!"

The golden eyed bull opens its mouth, revealing two rows of sword halberd like teeth, huge eyes like lanterns, golden light everywhere, flaming light rolling, wisps of evil spirit lingering around, evolving all kinds of strange runes.

The breath of incomparable and majestic came from him.

"Heaven and God realm, five layers of heaven!"

Ye Chen's eyes slightly shrunk. The breath of the golden eyes and the cattle actually reached the five layers of heaven, which was very fierce.

After being suppressed for endless years, he could not have maintained such a strong strength. It must have been the Tianji Taoist who restored his strength with supreme magic power.

"Hiss..."

Looking at the fierce appearance of jinjingmanniu, everyone is taking a cold breath.

There are five layers of heaven, such a powerful existence, no one in the audience has a chance to overcome except ye Chen.

Fortunately, the standard of the test is not to defeat jinjingmanniu, but to support a stick of incense under him for a long time, and then he will pass.

"The test can begin now. Please help yourself."

The boy walked to the stone platform and lit a incense stick.

Everyone looked at each other, but no one dared to take the stage.

After all, there are five layers of heaven, and the breath pressure is too terrible. I'm afraid it's not easy to support a stick of incense.

"I'll come first!"

Finally, a young man with white robes stood up, grabbed the stone platform with his sword, arched his hands, and said, "Xiaosheng..."

He also wanted to be polite, but before he finished, the golden eyed bull roared, swung his axe, and hit him straight at his head. He was merciless and said hello to the dead. The young man in white clothes was shocked. Unexpectedly, the bull with golden eyes said that he would fight as soon as he could. He hastily raised his sword case to block him.

Bang!

The golden eyes are full of evil spirit. The giant axe is powerful in chopping the sky and earth. One axe cuts it down, and the white robed green bull kneels down on the ground, and it is difficult to breathe.

"If you fight, why do you talk so much nonsense?"

The golden eye bull snorted coldly, and two white gases came out of the ox nose. The axe's evil spirit exploded and split again.

White robed youth can't stop, and they roll to avoid.

Jinjingmanniu flew up and kicked him. With a click, he broke many ribs and kicked him to the stage.

The white robed youth vomited blood and fell to the ground in confusion, but he was seriously injured.

When the people saw this, they were shocked.

"The five layers of heaven are too powerful."

"I'm sure I can't stop it. Forget it. I'd better go."

"It's very difficult to meet the Taoist priest. The first test is so difficult. I'm afraid the threshold behind will be higher, so I'm gone."

The ferocity of jinjingmanniu deeply shocked everyone.

At present, more than a dozen people left dejected.

They are very clear that if they come to the stage, they will definitely not be able to hold on for a long time, and they may be chopped to death by an axe.

Looking at the action of jinjingmanniu, it is obvious that there is no hand left. If one is careless, he will be cut to death.

"Who else? If you want to see my master, ask my axe first"

The golden eyes of the bull swept the whole scene, just like overlooking a group of mole ants, with disdain on his face.

"Disciple of qingshenzong, please learn your skill!"

A disciple in green stepped onto the stage with a sword.

"Good."

Seeing someone on the stage, jinjingmanau didn't talk nonsense. He directly swung his axe and swept away. The fierce evil spirit broke out, such as the wind sweeping the world and swallowing thousands of Li.

The disciple of qingshenzong didn't dare to touch it, so he started his body method in a hurry, moved and dodged. He only avoided and never fought back.

The golden eyes are strong and strong, but they are more powerful than strong, and they are not flexible enough. They repeatedly wave their axes and chop wildly, but they are evaded by the qingshenzong disciples with clever body methods.

"What does it mean to stop and fight with me and run around?"

Jin Jing was angry when he was a Newton and couldn't help cursing.

"It's time for a stick of incense. Your magic power is extraordinary. I'm not an opponent. If you offend me, please forgive me."

The qingshenzong disciple retreated to the side of the court and arched his hands.
