

Physician 3121

Chapter 3121

He kept dodging, relying on the ingenious body method, actually delayed a stick of incense time.

Jinjing Manniu held his breath and was very angry. He looked at the boy.

"The test passed."

Xiaodao childish voice announced the result, but it was very fair.

When they saw the scene, they were immediately happy.

Although the golden eye bull is fierce, it also has weaknesses. Its body method is not flexible enough. As long as you can avoid his attack by skillful body method and delay the incense burning time, you can pass the test.

"I'll do it!"

Now that they saw the hope, they didn't hesitate. Now a big man rushed to the stage with a knife.

Jinjing Manniu held back his resentment and directly swung his axe.

The big man opened his body and avoided driving, but he didn't touch him.

"Still want to be a mouse? Pooh

Golden Eye bull was angry and furious. When he stepped on the ground, his muscles and bones vibrated, his throat opened and he made a strong voice:

"when the giant elephant comes, the sky will be fixed, and the sky will be strong, open!"

A circle of terrible sound waves, with a towering evil spirit, from his throat filled with madness.

The shadow of a towering colossus suddenly condensed on him, and the endless breath of magic power came out.

Full of purgatory, the devil, the Shura, evil spirits and other weather waves, like waves swept out.

Heaven and earth, suddenly concussion.

The whole stone platform vibrates wildly, and one guard Rune suddenly lights up.

If it had not been for the protection of runes, the stone platform would have burst under the impact of the magic sound of jinjingmanniu.

The sound of terror spread out, and everyone under the stage felt the eardrum tingling, and the mind was struck by the magic sound. All of a sudden, there were illusions like the sea of swords, mountains and fires, Purgatory and so on. They almost vomited blood.

The clouds in the sky were torn to pieces by the magic sound, and the rolling magic gas exploded. The sky was just blue and suddenly became a dark one.

"What magic is this?"

"What a mighty momentum

"Oh, my head is bursting."

All of them covered their ears tightly, and they were so shocked that they almost fainted.

"Thirty three Tianhong Mongolian law, giant elephant town Tianjin..."

Ye Chen's eyes shrunk, not too surprised.

No one could recognize the origin of the power, but he did.

This is the giant elephant Zhentian power in the Mongolian Dharma of 33 Tianhong, which was used in ancient times. It can be regarded as the magic power of ten fierce beasts.

On the stone platform, the big man was crushed by the giant elephant zhentianjin. He was bleeding from his seven orifices, and his muscles and bones were broken. He was shocked to death. Even his weapons were shattered to pieces.

In the thirty-three Tianhong Mongolian method, Juxiang town Tianjin ranks the lowest. However, it is not easy to crush an ordinary warrior.

People saw this scene, and suddenly a burst of horror.

Jinjingmanniu grinned and kicked away the body of the big man and said, "if you are afraid, roll back as soon as possible!"

"Barbarian, don't be rude!"

The little boy yelled and scolded, but the golden eyed bull snorted, but did not yield.

Xiaodaotong had no choice but to say, "I'm sorry, this barbarian had sex and even used the Mongolian method of 33 days. Please go back, so as not to lose your life in vain."

After all, the golden eye bull is a fierce beast in ancient times, and it is hard to tame its wild nature. No one can tame it except heaven's chance Taoist.

"Thirty three Tianhong Mongolian law?"

"It turns out that the voice kills the supernatural power. It's actually the thirty-three Tianhong Mongolian method!"

"Hongmeng's ancient method, its destructive power is against the sky, who can resist it?"

The people looked at each other in astonishment.

If it's an ordinary battle, they still have a chance to support a stick of incense for a long time. But now, jinjingmanniu is fierce and directly uses the 33tianhong Mongolian method, which is not comparable to them.

Anyone who dares to go up will be shocked to death.

"I want to try."

A voice of indifference rang out.

I saw a man wearing a robe and a hat, walking slowly to the stage.

"Who is this man?"

"It's such a brave man that he is not afraid of the Mongolian law of thirty-three days."

"Is he not afraid of death?"

The crowd looked at the man in the robe and was surprised.

"Please slow down, sir!"

"This barbarian has lost his temper and needs the master to intervene. Please come back."

"No harm."

The man in the robe smiles faintly, he is Ye Chen naturally.

Other people are afraid of the golden eyed bull, but he is not afraid at all.

It's just a giant elephant. He doesn't pay any attention to it.

"Well, who is this man? It's so familiar."

The disciple of qingshenzong stood under the stage and looked at Ye Chen's figure. He felt vaguely familiar, but he could not remember who it was for a moment. Ye Chen pulled a bamboo hat and did not expose his appearance. If he was exposed, he would be killed in an instant.

"Good boy, since you want to die, I will send you on the road!"

The golden eyed bull snorted coldly, and stepped on the stone platform with a fierce step. His body was crushed like a mountain. The huge axe was fiercely killed, and his muscles and bones were shaken. The axe tore the air and sent out a magic sound. A giant elephant phantom emerged.

"The beast, the giant elephant, has been trained to such a level!"

Under the stage, many people exclaimed.

The magic power of the golden eyes is really powerful. The giant elephant Zhentian strength has absolutely reached the level of perfection. It can blend with weapons at will, and the axe sends magic sound. It is extremely powerful.

Ye Chen looks at the golden eyes of a bull, and his face is flat as water, but he is not afraid at all.

He slowly raised his hand, palm filled with a faint golden light, after the first, a palm hard imprinted on the chest of the golden eyes.

"Oh!"

Ye Chen arm muscles and bones concussion, an ancient syllable, from his palm, rushed into the body of jinjingmanniu.

This syllable is directly exploded in the body of Jinjing cattle.

The outsider can't hear any sound, but the golden eye is a bull, but his head reverberates with the roaring sound.

The ancient Hongmeng syllables exploded in his mind like thunder.

The fury of Hongmeng breath, like thunder and lightning, spread to every part of his body.

Click!

Click!

Click!

Under the crushing of Hongmeng ancient sound, his muscles and bones were broken, and the sound of breaking was terrible.

His two eyes suddenly burst out and almost burst out. His throat spewed out a bunch of blood with some internal organs. He was obviously seriously injured by Ye Chen Zhen.

"This is Tianlong... "

Jinjingmanau's big eyes are full of horror and recognize Ye Chen's means.

Tianlong eight gods sound!

This is the legend of the heaven dragon eight gods sound, which is specially used to restrain the evil way and crush all the evil spirits!

Just a simple syllable, jinjingmanniu was directly shocked into a serious injury.

Bang Dang.

His axe also fell to the ground. The whole person staggered back and fell to the ground in confusion. His muscles and bones were seriously injured, and his whole body kept twitching, but he could not even say a word.

"Hiss..."

Seeing this, the whole audience took a breath.

"This How could that be possible! "

"One move, actually with one move, defeated golden eye bull!"

"Who the hell is this guy? Look at his breath, it seems that there is only chaos!"

"It's absolutely impossible to defeat the golden eye bulls in a chaotic situation!"

Chapter 3122

Everyone was shocked and couldn't believe their eyes.

The scene in front of me is really terrible.

Jinjingmanniu is a fierce man in ancient times. Its strength is absolutely powerful. It has five layers of heaven and God realm. Moreover, he has mastered the Mongolian law of thirty-three Tianhong.

But such a powerful existence, under Ye Chen's hand, one move failed!

All people are shocked, constantly guessing the identity of Ye Chen.

"Besides Ye Chen, who has this strength in the kingdom of God?"

"Is it alien?"

"I can hear that not long ago, extraterritorial demons almost arrived."

"But this son doesn't have a foreign flavor. Can he be a superior clan! The ancient laws of Hongmeng are not what ordinary people are qualified to master. "

"It's really possible that he is a master of the upper world. Otherwise, in the kingdom of God, I can't imagine who can be so rebellious."

People even speculated that ye Chen was a superior clan in the upper world. Otherwise, how could he be so powerful that he beat Jinjing manag with one move? It was just incredible.

Ye Chen takes back his hand and looks indifferent.

He didn't want to expose his identity, so he directly used Tianlong eight gods sound to defeat Jinjing manaiiu.

With his current strength, it is enough to kill four layers of heaven in the divine realm.

If you encounter five layers of heaven, you need to go through a battle.

But this golden eyed bull is a fierce beast in ancient times. His giant elephant Zhentian strength is just restrained by Ye Chen.

Therefore, relying on the suppression of Tianlong eight gods sound, ye Chen won directly with one move.

"The test passed."

Looking at Ye Chen, Xiaodao Tong is also full of shock and announces the result.

He did not expect that ye Chen would be so powerful, directly hit jinjingmanniu, this is simply incredible.

"Xiaodaotong, jinjingmanniu is seriously injured. Don't we have to take the exam?"

Someone said.

"Yes, he's seriously injured. There's no need to take the exam again."

The crowd echoed.

"This..."

The little boy hesitated for a while and said, "OK, you don't have to take the exam. Come with me."

Hearing the speech, all of them were overjoyed.

The first test ended like a drama.

Ye Chen smiles slightly and does not agree.

The first test is so difficult, and the last two tests will be even more difficult. It is not so easy for these people to meet Tianji Taoist.

At that time, they followed xiaodaotong to the second assessment site.

And the qingshenzong disciple, following Ye Chen, looks at Ye Chen's figure, the more he sees, the more familiar he is.

Qingshenzong is one of the first forces in the seventh kingdom. Under the moon ring vision, several ancient deities have been awakened, and their strength can not be underestimated.

Not long ago, many disciples joined the Fu Mo hall, and even met Ye Chen.

In the eyes of many qingshenzong disciples, ye Chen has become the only idol in their hearts.

Unfortunately, ye Chen covered his face, breath convergence, but he did not find.

After a while, the boy led the crowd to a courtyard.

It is clear that it is broad day, but in the courtyard, the ghost is dense and the wind is blowing, which makes people shudder.

"This second examination will test your martial arts."

As he spoke, he clapped his hands.

Listen to the "Hua La" sound, the courtyard falls into the lake, a figure breaks the water and comes out.

This figure, without the breath of a living person, has empty eyes and is actually a corpse puppet!

The corpse puppet was wearing an emperor's robe and carrying a long sword in his hand. On his skin, countless imperial Qi condensed and evolved into strands of dark gold runes, faintly revealing the domineering majesty of the God.

"Tiandu emperor, this is Tiandu emperor!"

At the sight of the corpse puppet, some people exclaimed and even knelt down and worshipped.

This corpse puppet is the legendary emperor of Tiandu! One of the seven ancient gods!

In the ancient war, the seven great gods fell down, built burial houses and suppressed the murderers. After endless years, all the great emperors lost their souls. Only emperor Chongguang condensed a trace of ancient Hongmeng spirit because he practiced the ancient method of Hongmeng and fortunately preserved his soul.

Once the spirit of the emperor, in this puppet body diffuse out, vast, shocking.

"You think too much. This is not the corpse puppet of Tiandu emperor, but it's almost the same."

"Master, through some techniques, let this corpse puppet be contaminated with the breath of Tiandu emperor and even martial arts."

"The master's method is universal, and you can't understand it."

"Of course, since you want to go through this test, you can regard it as the emperor of heaven."

The voice dropped, and the eyes were shocked.

Even ye Chen was shocked.

Tianji Taoist is really unfathomable. He can let this corpse puppet infect Tiandu emperor's cause and effect and some martial arts. This method is against the weather.

"What we need to assess now is your martial arts. As long as you support a stick of incense within the boundary of Tiandu emperor's martial arts, you will be deemed to have passed."

With that, the boy walked far away to the side.

In the courtyard, only Ye Chen and others are left to face Tiandu emperor alone.

Tiandu emperor's eyes were empty. He threw out his long sword and dropped his sword into an array. Bursts of startling martial arts emperor's intention formed a bright border of emperor's light, which spread out in an instant and covered the whole courtyard.

Ye Chen and other more than 30 people, suddenly fell into the Tiandu great emperor's martial arts border.

Whoa!

Whoa!

Whoa!

Countless emperor's lights were blooming, and the towering divine power crushed the whole audience. The sword like white rainbow broke out from the sky and the earth everywhere, and they would be killed when they saw people.

All of a sudden, everyone felt great pressure.

Under the influence of emperor Wudao of Tiandu, everyone is like Mount Tai, almost suffocating.

What's more terrible is that thousands of flying swords, which are condensed by Emperor's spirit, are constantly beheaded vertically and horizontally.

In an instant, more than a dozen people were seriously wounded by the sword Qi, and they fled out of the border in confusion, declaring that they had failed in the examination.

"The great emperor of ancient times is really strong

The eye son leaves a tiny shrink.

On this day, the great emperor had already lost his soul, but his body still had the flavor of ancient times. After being made into a puppet, he could still break out of martial arts and crush heaven and earth. It was very powerful.

Ye Chen feels that the corpse puppet made by Tiandu Emperor may be stronger than the first test.

Fortunately, now, Tiandu emperor did not use all his strength, just released a simple martial road border.

It's just a simple martial arts border, and people feel great pressure.

Ye Chen looked around, many people have released their own martial intention, crazy resistance.

This level is mainly a test of martial arts, not the power of killing.

The emperor of Tiandu stood still, his fingers pinched the formula, and his fierce sword spirit constantly burst out, mixed with the great Martial Emperor's intention, and constantly impacted the people.

Ye Chen also felt a burst of pressure, he wanted to release Lingxiao martial intention.

As long as Lingxiao's martial spirit comes out, he can easily resist the oppression of Tiandu emperor, and even directly break the martial road barrier in front of him.

"No, I can't be exposed!"

Chapter 3123

Ye Chen's eyes twinkle. If he releases the martial spirit of Lingxiao, his identity will be exposed in an instant. His breath will be captured by Tiandao palace in an instant. There is no possibility of escape.

Whew! Whew!

The sword spirit of the emperor's will is constantly coming.

Ye Chen clenched his teeth and directly blocked Tiandu emperor's martial power with his body. Looking at the flying sword spirit, he held his fingers together and chopped the sword Qi one by one.

Fortunately, he was physically strong and barely blocked. If he was someone else, he would have been injured under such a powerful martial law.

"Why, it's just the physical body that blocks the imperial power of Tiandu."

"Who is this man in the end? Is he really a noble family in the upper world?"

"It's unbelievable that such a strong body can even block the power of the emperor!"

People around, looking at Ye Chen actually did not release martial intention, all of a sudden were shocked.

Even the little boy outside was shocked and murmured: "this young man is so powerful. Why is his face covered? Is his identity really special?"

No one can guess Ye Chen's identity. After all, in a chaotic situation, he defeated the golden eye bull with one move. Now he has blocked the divine emperor's power by virtue of his physical strength. I'm afraid that such a rebellious means is not a person in the kingdom of God, but a noble family in the upper world.

Finally, a stick of incense time passed.

There were only 123 people who could support it. The others couldn't bear it. Under the influence of emperor Wudao of Tiandu, they were defeated early and quit.

Many of them were cut by the emperor Qi flying sword, and their bodies were dripping with blood. Even ye Chen suffered some skin injuries.

"Congratulations on passing the second test."

The little boy came up and arched his hand.

When they heard that the test had passed, there was no joy in them.

Because now they are injured. Some of them are even seriously injured to the point where their bones can be seen. It is very difficult for them to pass the final test with this appearance.

"There is one final test."

Xiaodaotong seemed to see the public's worries and said: "you don't have to worry. The last test is the strength of spirits. Even if you are injured, it will not affect the results."

"Test the spirit? I'll be relieved. "

When they heard what the boy said, they immediately felt relieved.

Physical injury will not affect the spirit. Since it is a test of spirit strength, even if people are injured, it doesn't matter.

"Follow me, gentlemen."

The little boy led the way in front of him. After a brief treatment of the injury, they followed him.

Ye Chen mixed in the crowd and followed him. Looking back, the corpse puppet of Du Dadi that day was standing in the same place, like a sculpture of wood.

"In the past, the great emperors had such power in the cause and effect. How terrible was their original experience?"

Ye Chen felt a little bit sad, but soon he restrained his mind and abandoned his thoughts to prepare for the third test.

Soon, they followed the boy to the top of the mountain.

The peak of the mountain, overlooking the earth, the scenery is very beautiful, the morning wind blowing, let people cool, everyone is a spiritual vibration.

On the top of the mountain, however, there is an ancient Taoist temple.

The gate of Taoist temple is closed, and there is no breath, which makes it mysterious.

"Tianji Taoist must live in it."

Ye Chen looks at the Taoist temple in front of him and thinks secretly in his heart. He can't help feeling a little excited.

Among the people's eyes, there is also excitement.

As long as you pass the final examination, you can step into the Taoist temple, meet with the Taoist, ask about the fate of various causes and effects, and even change your life against the heaven.

"I don't know the last test. What is the specific test?"

Someone asked.

With a wave of his hand, the boy presented a mirror of eight trigrams.

Wisps of clear light came from the Bagua mirror.

"This congenital Bagua mirror has a great influence on the spirit. As long as you support a stick of incense under the breath of the congenital Bagua mirror, you will be considered to have passed the examination."

When the little Taoist boy spoke, he waved his hand, and the congenital Bagua mirror whirled around and floated into the air. It turned into an extremely huge mirror. The mysterious atmosphere of the nine

palace eight trigrams, innate fate, geomantic calamity, luck and fortune, etc., were constantly revealed in the floating of the mirror light.

"This Bagua mirror has a foreign flavor!"

Ye Chen's mind suddenly shakes. He faintly feels a trace of foreign flavor from this congenital Bagua mirror.

This is the magic weapon of foreign countries!

Tianji Taoist must have been abroad!

Whoa.

The vast mirror light, like the tide, diffused out, shrouded in the people.

All of a sudden, all of them felt a tremendous pressure of spirit.

This mirror light seems to have the effect of suppressing spirits and shaking moving spirits. "Well?"

Ye Chen slightly shocked, also felt the impact of mirror light, like a huge hammer, constantly beating his head.

He quickly calmed down and sat down cross legged, resisting the crush of the mirror light.

The martial arts around them also sit cross legged and use their own skills to resist and release their own magic weapons.

Puff!

However, the impact of the spirit of the congenital Bagua mirror was too strong. Some people vomited blood on the spot and almost fainted. They had no choice but to retreat.

"Be careful, everyone. This congenital Bagua mirror, also known as the Qinglong soul fixing mirror, is one of the four symbols' secret treasures. It has a great impact on the spirit."

The little boy walked slowly.

As he spoke, the mirror light floated, and it turned into a green dragon. It kept rolling and roaring, releasing a more terrifying spirit.

Puff!

Puff!

Puff!

In an instant, there are several people spit blood, embarrassed to retreat.

"Four elephant treasures? I don't know what it is. "

Ye Chen is puzzled.

"Four elephant treasures, these are the four magic weapons of special envoys, such as green dragon soul fixing mirror, white tiger soul breaking knife, rosefinch flying haze hairpin, and Xuanwu axe. Each of them has the divine power against the heaven. You should be careful."

Surprisingly, the voice of Xuanxian, the soul of the sword, came from the evil sword.

"Oh? This mirror is indeed a foreign thing

"I'm afraid that Taoist Tianji is more than just going abroad."

"No wonder Xuanyuan Mo Xie is so respected."

Ye Chen was shocked. No wonder he caught the breath of foreign countries. It turns out that the soul fixing mirror of green dragon is really a magic weapon from abroad.

Boom!

Rolling mirror light, more and more intense, even broke out the sound of thunder, rolling down.

Ye Chen's body shakes, and the Spirit bears a huge impact, and is almost stunned.

Whoa.

At the critical moment, his eyebrows are blooming, and the world evolved from the chaotic star tree constantly releases the breath of heaven, guarding his spirit and withstanding the impact of the Qinglong soul fixing mirror.

"Well?"

In the Taoist temple, there was a voice of doubt. The Taoist priest who lived in seclusion seemed to have noticed something.

Chapter 3124

Boom!

The mirror light is surging, and the green dragon is tumbling.

The majestic spirit is under constant pressure.

Finally, in addition to Ye Chen, all the people could not bear it, and they withdrew in a mess.

Only Ye Chen, the body is still towering, resisting the impact of mirror light.

"This guy again!"

"Who is he?"

"He has passed the three tests of strength, martial arts and spirit. He has just stepped into chaos. He is so powerful. I don't know where it is."

All of them looked at Ye Chen with astonishment and more and more curious about his identity.

Now they are all defeated, only Ye Chen is still holding on, and looking at Ye Chen's appearance, this spirit test, obviously will not defeat him.

Boom!

The mirror light continuously impacts, suddenly, ye Chen feels the spirit pressure is huge, but still can withstand.

After the impact of the spirit, he will be weak for a period of time.

"Qinglong soul fixing mirror, what a powerful magic weapon!"

Ye Chen bit his teeth. The power of the spirit of the Qinglong soul fixing mirror is very huge. If you were a normal person, you would have been unable to bear it.

Even he, after the end of the spirit test, is expected to fall into weakness.

Whoa!

All of a sudden, ye Chen's body is filled with a trace of fine awn, with a strong rolling breath, and actually the surrounding mirror light, all crushed out.

"It's mielongzhu!"

Ye Chen is surprised for a while, and finds out that the Dragon Ball protects the owner automatically, releasing a wisp of aura, which disintegrates the impact of the mirror light.

The soul fixing mirror of the green dragon, which has sacrificed the spirits of many foreign demons, is a magic weapon with the flavor of dragon.

And kill the Dragon bead, just to restrain the dragon clan, naturally can also restrain this magic weapon.

Under the impact of mielongzhu, the light of the mirror disappeared quickly. The blue dragon whined and turned into nothingness. The whole mirror also turned into a streamer and flew to the depths of the Taoist temple.

"Pass the examination!"

Seeing this scene, xiaodaotong is also very surprised. He doesn't know what kind of magic power ye Chen has made. He actually knocks back Qinglong's soul fixing mirror.

"I can't believe that there is such a magic effect of mielongzhu."

Ye Chen is secretly happy. He thought he would be weak for a period of time after the test, but now he has the protection of mielongzhu, but he has passed the test easily.

And the people around, see ye Chen passed the examination, the face showed the color of envy.

At present, only Ye Chen has passed these three tests.

That is to say, only he is qualified to meet the Taoist priest.

"Everybody, the examination is over. Please come back."

The little boy looked at the crowd and said slowly.

On hearing this, people looked at each other with helpless faces. Although they wanted to meet the Taoist priest, they failed in the examination and naturally were not qualified to stay here again. They turned around and left one after another.

Only Ye Chen was left alone.

Ye Chen looked at the Taoist temple in front of her eyes. Her eyes coagulated and her eyes filled with excited color: "Xiao Huang, wait for me!"

Finally, he can see the Taoist of Tianji. He only hopes to find out Xiao Huang's whereabouts as soon as possible.

"You come with me."

With Ye Chen, the Taoist priest opened the gate of Taoist temple with a squeak.

All of a sudden, the auspicious atmosphere and the endless rays of sunlight were diffused out of the Taoist temple. It was so lucky that people were shocked.

Ye Chen opened his eyes wide. This is the luck of the Taoist!

He was so lucky that he condensed into a beautiful glow, which never dispersed.

Obviously, Tianji Taoist went to Tiandu to bury, took in jinjingmanniu, and went to the burial place of Tiandu emperor, and was rewarded with Tianda's luck.

Moreover, he has been abroad and captured Qinglong's soul fixing mirror. He must have killed countless demons by some means, which makes his merits more profound.

Ye Chen followed the boy through the corridor and came to the deep of the Taoist temple, where there were many arrays. There were all kinds of array symbols flowing in the sky and the ground. There was a trace of mysterious and mysterious atmosphere.

In a huge Taoist temple, the ground is printed with patterns of yin and Yang and eight trigrams. Every array pattern symbol around it carries with it the vicissitudes of the ages. Countless mysterious fates cause and effect weather are constantly flowing.

An old man in a sky blue Taoist robe, with an immortal character, is sitting on the Taoist temple.

A mirror full of blue light and dragon spirit is lingering around him. He is constantly rotating, and wisps of boundless celestial spirit are diffused out, shaking people's mind.

"Ye Chen, younger generation, I have seen Tianji master."

Ye Chen quickly arched his hands and saluted.

This old man of fairytale and moral character is the Taoist of Tianji.

Ye Chen met him once in Tianji Pavilion.

Many days have not seen, at this time the Tianji Taoist, breath is more abundant, especially on his body of Qi Yun, is simply shaking the sky and earth, I do not know how powerful.

Ye Chen didn't hide his identity, because there was an array to protect him. The heavenly way palace couldn't catch the breath, and he didn't have to worry about exposure. Tianji Taoist opened his eyes and gazed at Ye Chen. When he realized the chaotic breath on Ye Chen, he was shocked.

"Have you thoroughly refined the chaos star tree?"

Tianji Taoist clearly feel that ye Chen has the breath of chaotic star tree!

"Exactly."

Ye Chen nods. As far as he knows, in ancient times, the little Taoist of chaos star tree was the martial uncle of Tianji Taoist. He refined the chaotic star tree by himself. I don't know how Tianji Taoist would react.

Thinking of this, ye Chen is a little uneasy, just afraid of the blame of heaven.

But the next scene, the most shocking thing happened!

"Younger generation xuantianji, see martial uncle!"

Tianji Taoist suddenly stood up and bowed his head to Ye Chen.

This is heaven's chance!

The supreme one respected by the world!

Now I'm so polite to a young man!

If it is seen by outsiders, it will surely shake the seven kingdoms of God!

"Master Tianji, what are you doing?"

Ye Chen is suddenly shocked. Unexpectedly, the Taoist priest will salute him suddenly.

"Ye Xiaoyou, since you have thoroughly refined the chaos star tree and got my martial uncle's inheritance, you will naturally become my martial uncle."

"I couldn't admit it before. Now it's time to identify myself."

"The last time I helped you in Tianji Pavilion, it was because of this reason."

The Taoist priest lowered his eyebrows and lowered his hand, and his tone became more respectful.

"This..."

Ye Chen suddenly lost his smile. In his eyes, the Taoist priest who was as high as the sun and the moon and as big as the heaven and earth, bowed his head and bowed his hands to him, calling him "martial uncle". It was really incredible.

"What's your order, martial uncle?"

Tianji Taoist asked.

He felt that ye Chen had a very strong aura.

Obviously, ye Chen is in great danger when he sets foot on LiuYao mountain this time. He does not hesitate to come here for something important.

Although he can break the will of others, ye Chen's particularity makes him unable to survey ahead of time.

Chapter 3125

Now Tianji Taoist has recognized Ye Chen as his martial uncle. No matter what ye Chen has to say, he will go through fire and water, and will not refuse.

"Master Tianji."

Ye Chen's mind cleared up and said, "I want to find the whereabouts of a friend. I hope that the elder can help me to deduce the traces of heaven behind me."

He didn't talk nonsense. He just wanted to find out Xiao Huang's whereabouts as soon as possible.

"Friend?"

Hearing this, the Taoist priest closed his eyes and held a strange jade pendant in one hand. The other one forced a drop of blood essence. He pinched his finger and counted it for a few seconds! His eyes suddenly opened! His face changed slightly and he said, "is this an Archaean relic?"

"Exactly

Ye Chen is surprised.

The Taoist of heaven's chance is really powerful. If you pinch your fingers, you will find out the cause and effect behind it.

"Don't be impatient, martial uncle. I'll share your worries."

The Taoist priest pinched his fingers, and the golden light floated between his fingers and condensed into lotus flowers, which constantly floated out. The weather of countless immortal machine's fate rolled like the spring thunder, which shocked people's mind.

Ye Chen was overjoyed. The divination and magic power of Tianji Taoist priest was indeed powerful. With a finger formula, it could arouse the astronomical phenomena. It was just incredible.

However, after ten seconds, the Golden Lotus disappeared together!

As if broken by an external force!

"Martial uncle, the archaic heritage has covered up the mystery of heaven. I can't find it easily. Maybe we have to use Taiyan Tianxing technique."

The Taoist priest frowned tightly, and the lotus flower disappeared between his fingers.

"What is Taiyan Tianxing?"

Ye Chen's face is also dignified. He knows that Xiaohuang is determined to sacrifice himself and does not want to drag him down. Therefore, he has covered up the mystery of heaven and put an end to outsiders' investigation. Even the Taoist of Tianji can not easily see the cause and effect.

"Taiyan tianxingshu is one of the thirty-three Tianhong Mongolian methods. Although it can't kill an ant, it has the effect of divination against the heaven. It can deduce the destiny of all the heaven and observe all the cause and effect."

Tianji Taoist's eyes twinkled: "although it takes a lot of breath to put the 33 Tianhong Mongolian law into practice, in order to share the worries of martial uncle, the younger generation will not hesitate to do so!"

After that, the Taoist priest of Tianji sat down on his knees and offered a green dragon soul fixing mirror. The bright mirror light of Taoism haunted him all over his body. All kinds of magic methods of cause and effect of divination images flowed like dreams and illusions.

"Taiyan does not stop, heaven and earth, heaven and earth have great virtue, cause and effect destiny, as urgent as laws and decrees!"

Heaven's chance, the Taoist priest drank a lot of wine, and played the magic formula of Taoism with both hands.

All of a sudden, his old body, burst out bursts of towering Hongmeng breath.

Countless Hongmeng breath converges on the soul fixing mirror of Qinglong.

One after another, the blue light rose to the sky and turned into hundreds of green dragons. The vast breath rolled out, and even the surrounding guard array could not be blocked.

Ye Chen watched nervously, and suddenly found that there was an image on the mirror of Qinglong's soul fixing mirror!

It was a dark and endless ocean, countless thunder roaring, countless storms sweeping, rough waves, shaking the world.

However, in the endless sea area, there is a huge animal's figure lurking, the red light and blue color flow on the body, and countless Archaean runes explode.

"Xiao Huang!"

Ye Chen stares big eyes, looks at the reflection in the mirror, immediately cries out.

The giant beast in the image is Xiao Huang!

Finally saw the trace of Xiaohuang, ye Chen's mind suddenly surged, the whole person was excited.

Puff!

The next moment, Tianji Taoist spewed out a mouthful of blood, his face turned white.

It's too much for him to use the 33 Tianhong Mongolian method. Even he can't bear it.

Fortunately, with the help of the green dragon soul fixing mirror, he will not have a great impact on his body. He can take a rest for a while.

"Master Tianji, where is Xiaohuang

Ye Chen asked in a hurry.

He now sees the image of Xiao Huang, but he doesn't know where she is.

That endless sea area, exactly where is it.

"Martial uncle, that archaic relic species, in the border of the kingdom of God and foreign countries, a place called Youming sea area."

"In fact, in a sense, the dark sea area is close to Fumo mountain, but there is a special barrier, which makes you can't cross even if it is close."

"There is only one special entrance to enter the dark sea."

The Taoist of heaven kneaded the formula in his palm, and the mirror light flickered. The coordinates of the entrance of the dark sea area appeared in front of Ye Chen.

"The dark sea area?"

Ye Chen a burst of surprise, no wonder Xiao Huang's trace is so difficult to find, originally he hid in the dark sea area.

Since this place is at the border between the kingdom of God and the outside world, the aura must be extremely violent. Naturally, it is not easy to push the mystery behind the performance.

"If you go to the dark sea to look for Xiao Huang, I wonder if you will meet people from other countries?"

Ye Chen pondered.

The dark sea area is connected with the outside world. If he goes to take risks, he will probably encounter the demons from other countries! However, in order to find Xiaohuang, even if there is no greater danger, ye Chen will not be afraid.

Tianji Taoist shook his head and nodded again, explaining: "there is still a big difference between the dark sea area and the real foreign area."

"After all, it's the border between the kingdom of God and the outside world. It's a mixture of good and bad people."

"There may be demons, but not too strong."

"It's better to be careful."

.....

At this time, the heavenly way palace.

Dark clouds are hanging over the heavenly palace.

The outside sky is blue, but in the heavenly way palace, it is dark.

This is a disaster!

"Why!"

Xuanyuan moxie looked up at the sky, and his eyes were extremely angry.

The disaster of the heavenly way palace did not weaken at all, but intensified.

There are so many things that make him angry recently!

The plan to capture the real body of the Immortal Dragon Emperor is a complete failure!

He has already felt that the connection between the Immortal Dragon Emperor and the heavenly way palace has disappeared completely today.

Qing loves candle dragon, and he is born again. Once he kills, the sin will be counted on the head of Xuanyuan Mo Xie!

"Where did Sirius go? Why didn't he come back for such a long time! Did he have an accident? "

Xuanyuan moxie bit his teeth. Not long ago, all the hands he arranged in the nine heaven dragon hall were destroyed, and the Sirius never showed up.

Where did Sirius go?

If there were Sirius, the end would not be so miserable.

Boom!

All of a sudden, the nine temples are in the sky.

"Well?"

Xuanyuan moxie was slightly surprised and glanced at the past, but he saw an empty shadow projected from the map of nine gods.

"It's from the palace of emperor yuan!"

Xuanyuan ink evil eyes shrink, this empty shadow, is an old man with white beard and hair, but is the elder of emperor yuan hall.

Emperor yuan hall, the upper boundary, outside the territory, the three forces fight openly and secretly.

Xuanyuan ink evil has been low-key planning, want to fish in troubled waters, get benefits.

Now seeing the elder of emperor yuan temple, he dare not neglect.

Chapter 3126

"My Lord, what can I do for you

Xuanyuan Mo Xie arched his hand with respect.

Although the other side is just a shadow!

But he knew how terrible the identity was!

If the other party is angry, the heavenly way palace may be destroyed!

The empty shadow of elder Diyuan came to him and stood with his hands on his back, but there was no nonsense. He opened the door to see the mountain road:

"Xuanyuan ink evil, I want to investigate some causes and effects, I wonder if you can help me?"

This elder emperor yuan, of course, was the one who made a deal with xuanjiyue, the empress of the upper world.

He was entrusted by xuanjiyue to investigate the cause and effect of the kingdom of God.

In return, xuanjiyue will help him win the throne of emperor yuan hall!

It was a supreme temptation, and he could not refuse.

However, the affairs of the kingdom of God are too complicated. It is very difficult for him to investigate clearly. It is the best choice to entrust Xuanyuan moxie.

"What do you want to investigate?"

Xuanyuan Mo Xie asked.

The elder of the emperor yuan bent his finger and shot a piece of jade slips.

Xuanyuan moxie pinched the jade slips and was shocked.

"The Seven Sacred kingdoms, the nine heaven dragon hall, the Queen's body in the upper world, the fall of Xuanji, the trace of the female martial god, and the arranger behind..."

A pile of causality, a piece of secret, constantly flash past.

What elder Han wants to investigate is very complicated and trivial. Even Xuanyuan moxie is shocked.

"These things are entrusted to me by xuanjiyue, the queen of the upper kingdom. I will give you one month. Within one month, you will investigate all the causes and effects, and then I will report to the upper kingdom in person. Can you do that?"

Cold elder stares at him, cold voice asks a way.

"One month is enough. Elder, do you want to report to the upper kingdom in person?"

Xuanyuan Mo Xie was surprised for a while. It seems that these causes and effects are very important. Elder Han actually wants to go to the upper world in person.

"Well."

Elder Han nodded his head and said, "well, I'll trouble you this month. When the great calamity comes, I'll definitely protect your Tiandao palace and help you get through the disaster. Your merits and virtues will be perfect and you will rise to the upper world."

"Thank you very much, elder Han."

Xuanyuan ink evil slightly arch hand, did not show too much emotion.

He is very clear that the help of outsiders is not real after all.

Only their own strength, is the eternal and reliable existence!

Oh!

The wind whimpered, and the body of elder Han gradually faded away.

"Empress of the upper world, emperor yuan hall, one day, I Xuanyuan moxie, will trample on you!"

Xuanyuan moxie looks at the figure of elder Han's disappearance, and his eyes are constantly flashing. He has great ambition and never wants to be trapped in the kingdom of God all his life.

It's time for Xuanyuan to keep a low profile.

"Newspaper!"

Suddenly, an elder rushed in.

"What's the matter?"

Xuan Yuan Mo Xie frowned.

"Report back to the palace master and find out the breath of the dragon ball."

The old way.

"Mielongzhu?"

Xuanyuan ink evil slightly a Leng.

Mielongzhu is a top-level magic weapon that can suppress the blood of the dragon clan. It was used to suppress the Immortal Dragon Emperor.

After Bu Mie long Di got out of trouble, Mie Longzhu was also lost, either captured by Bu Mie long di or taken by Ye Chen.

Now the discovery of the breath of mielongzhu means that we have found the trace of the Immortal Dragon Emperor or Ye Chen!

"Where did you find it?"

Xuanyuan Mo Xie quickly asked, if he knew the whereabouts of Ye Chen and bu Mie long Di, he would never let go!

"In It's in LiuYao mountain. "

The elder hesitated for a moment and said.

"LiuYao mountain?"

Xuanyuan moxie opened his eyes and thought he had heard something wrong.

LiuYao mountain, located near Tiandao palace, is currently the residence of Tianji Taoist.

Xuanyuan moxie is also very courteous to the Taoist priest Tianji.

After all, Tianji daoren is extremely important to Tiandao palace and even the whole kingdom of gods!

He was one of his former teachers!

Tianji Taoist said that he wanted to live idle in LiuYao mountain, and he naturally agreed.

Now, there is a breath of killing the Dragon beads in LiuYao mountain. Are ye Chen and bu mielong emperor so bold that they dare to enter the boundary of Tiandao palace?

You know, the LiuYao mountain is very close to Tiandao palace. If ye Chen steps here, he will challenge the majesty of Tiandao palace. He is looking for death!

"Palace master, would you like to send someone to check it?"

Asked the elder, lowering his hand.

“.....”

Xuanyuan moxie is silent. LiuYao mountain, after all, is the place where Taoist Tianji lives in seclusion. If you rush to disturb me, I'm afraid it will be rude to him. But if you don't check it out, once you miss a good opportunity, you will regret it.

When he hesitated, the sound of the Dragon chanting suddenly spread to the palace of heaven.

From the direction of Tiandao palace, you can clearly see that not far away from LiuYao mountain, the blue light is floating, the dragon is roaring, bursts of Hongmeng atmosphere are filled, it is very spectacular.

It turns out that with the help of the Qinglong soul fixing mirror, the Taoist priest used the Taiyan Tianxing technique to investigate Xiaohuang's whereabouts. This abnormal phenomenon caused by divination against the heaven also spread to the Tiandao palace.

"Thirty three Tianhong Mongolian law!"

Seeing the vision in the sky, Xuanyuan moxie suddenly changed his face: "Tianji Taoist used 33 Tianhong Mongolian method. Who is he divining for? What kind of identity is that man that makes him willing to pay such a high price. "

In the twinkling of his mind, Xuanyuan moxie made a decision and said:

"white tiger, go out and check it for me! Be sure to find out! "

Whoa.

Xuanyuan ink evil voice fell, space distortion, a white robe figure emerged.

This figure, floating with endless murderous spirit, countless evil demons resentment, constantly emanates from him.

His eyes, not like a living man, but like a fierce tiger, the fine light flashing, shocking people.

He didn't wear weapons, but every hair, every inch of skin, every muscle and bone seemed to be filled with rolling Dao Qi. Standing at the same place at random, there was infinite Dao Qi lingering around him. It seemed that he would be killed at any time to destroy the sky.

"Palace master, you You sent Lord white tiger to show up. This This is too much... "

When the elder saw the white tiger, he suddenly lost color.

It's an ordinary tiger chopper, not a white tiger!

Among the four treasures of tianwai, the Qinglong soul fixing mirror, the white tiger soul breaking knife, the rosefinch flying haze hairpin, and the Xuanwu sky breaking axe, only the white tiger soul breaking knife was born.

This spirit is the condensation of countless killing intentions and resentments. Its strength is comparable to that of the seven layers of heaven and God!

These figures can be regarded as one of the core personnel of the heavenly way palace!

Once they do so, they will carry out very important tasks, involving the cause and effect of the upper world, the palace of emperor yuan, and the extraterritorial catastrophe, and will not be used easily.

But now, in order to investigate the source of mielongzhu's breath, Xuanyuan moxie wants to send white tiger out. In the eyes of the elder, it is undoubtedly a storm in a teacup.

"I do things without your nonsense."

Xuanyuan Mo evil eyes such as electricity, cold looking at the elder.

Chapter 3127

The elder felt a sharp pain in his eyes, as if he had been stabbed by a sharp knife. He felt cold sweat all over his body and knelt down on his knees. He did not dare to make a sound again.

"White tiger, you go. If you find the trace of the Immortal Dragon Emperor or the boy, you can kill me directly."

Xuanyuan ink evil eyes cold, sent the white tiger out, the upper bound, the emperor yuan hall that side of the task, manpower is not enough.

However, in order to deal with Ye Chen, Xuanyuan Mo Xie can't control so much. If ye Chen develops further, his threat may be even more serious than that of foreign demons.

With the help of white tiger, Xuanyuan moxie believed that if the mysterious youth was really in LiuYao mountain, he would soon become a corpse.

The strength of white tiger is full of seven layers of heaven!

"I don't believe that you can't be killed by the seven layers of heaven."

Xuanyuan ink evil plan, watching white tiger leave.

White tiger alone, tearing the void, came to LiuYao mountain.

"Hello, you are..."

The little boy guarding the mountain saw his figure and wanted to ask, but the white tiger, like lightning, shuttled through the void in an instant and went straight to the top of the mountain.

The top of the mountain, deep in the Taoist temple.

"No, the people from Tiandao Palace are coming!"

Tianji Taoist's face changed greatly.

He has just calculated the trace of Xiao Huang, which has caused a bit of strange phenomena in the world. But divination and divination are normal, which is nothing strange.

But now, Tiandao palace sent someone to investigate. I don't know what I want to do.

Naturally, he was very clear that ye Chen and Tiandao palace had a very big grudge. If ye Chen's trace was exposed, the consequences would be unimaginable.

"What a strong breath!"

Ye Chen is also shocked. He feels that the breath of people from Tiandao palace is very strong, and it is the same level as the emperor of covering the heaven. The murderous spirit is very terrible.

"Am I exposed?"

Ye Chen is deeply disturbed. He remembers that during the third test, when the spirit was tested, mielongzhu released a wisp of breath, which is likely to be captured by Tiandao palace.

Once exposed, the consequences are unimaginable.

After all, LiuYao mountain is the boundary of Tiandao palace. Ye Chen has little chance to win the battle against Tiandao palace here.

"Uncle, you leave quickly!"

The Taoist priest was worried, and immediately bit his fingertips. A drop of blood flowed out and kept burning. The void around him was instantly torn and a door of emptiness appeared.

This door of emptiness is very mysterious. The trace of the natural mechanism has been completely erased. If you leave along this door, no one can see any trace.

Whoa!

However, the splendor of the Taoist priest's body has been gradually weakened.

In order to build the door of emptiness, he not only spent his blood essence, but also burned his Qi, which can be described as painstaking.

"Master Tianji..."

Ye Chen is Leng in situ.

"Let's go, uncle. It's too late! I try my best to transmit you to the dark sea! But I was injured before. Maybe I don't have enough skill. If I send it to other places, martial uncle, please rush to it by yourself

Tianji Taoist hurriedly urged.

The breath of people from Tiandao palace is as close as lightning. If you don't go, it will be too late.

Ye Chen woke up like a dream and said, "thank you for your kindness. Goodbye!"

After that, ye Chen stepped into the gate of emptiness and quickly fled away.

In the moment of escape, he looked back, as if to see a white tiger with endless killing intention, is roaring.

Oh.

The door of void closes.

There is no trace left in the whole Taoist temple.

At this time, a murderous figure, also quickly swept to, is the white tiger!

"White tiger, see the old man."

The white tiger arched his hand, but his eyes were murderous and his tone was cold, but he didn't show any respect.

"You don't have to be a white tiger."

The Taoist of heaven managed to calm his mind and say slowly.

At first, he used the Mongolian method of 33 Tianhong, and then sent Ye Chen away at the cost of burning blood essence and Qi. His body consumption was very huge. Now his face was pale and his mouth was bloody. He looked very decadent.

In this scene, the white tiger naturally saw it.

"Tianlao, the white tiger was ordered by the palace master to investigate some causes and effects. I don't know where the diviner is?"

The white tiger looks around. There are only the Taoist of heaven, but there is no one who asks for divination.

"Oh, he's gone down the mountain. He's a man in a robe and a hat. You can go down the mountain to find him."

The Taoist did not change his face and followed his finger in a direction.

"I don't know who the man's name is and what he looks like."

The white tiger asked, feeling around secretly, but there was no trace of tearing the void. He thought to himself, "did you really go down the mountain?"

"He deliberately conceals his appearance. I don't know what he looks like or his name." Tianji Taoist looks ordinary.

"Since I don't know his name or appearance, Tianlao has taken great pains to do divination for him?"

The white tiger's eyes were concise and asked.

"According to the rules of Taoist Tianji, whoever has passed the three tests, I will do divination for the one who has passed the three tests. Alas, I just can't think of that person who would ask about the cause and effect of the future demonic catastrophe. I worked hard and nearly lost an old life, ha ha..."

Tianji Taoist touched his beard and laughed at himself, as if something had happened.

"Is it?"

The white tiger's eyes kept flashing, and he always felt that the Taoist priest was hiding something.

"What about the dragon ball? Tianlao, our Tiandao palace has captured the breath of killing the dragon ball. Behind it, there are two powerful enemies. I don't know where the owner of the dragon ball is now? "

The white tiger clenched its knuckles.

"Mielongzhu? I don't know. If you want to trace the white tiger, you can go down the mountain. I'm tired and need a rest. "

Heaven's chance, the Taoist priest was delirious and yawned: "come on, see off the guest."

When the voice dropped, there was a corpse puppet, and a Tauren came in. It was the emperor Tiandu and jinjingmanniu.

"Tiandao palace, don't disturb my master. Get out of here quickly!"

The golden eye bull is carrying an axe, but he looks impolite.

He has just been injured by Ye chenzhen, but now he has recovered his appearance of vigorous and vigorous vitality. The physical recovery ability of the ancient ferocious man is really amazing.

The corpse puppet of Tiandu emperor stood aside with his hands down and did not speak. However, his gloomy breath was very depressing and did not dare to underestimate it.

"Part of the breath of Tiandu emperor! It turns out that Tianlao really went to Tiandu to bury the land, and used some causal connection to refine it into a puppet! "

White tiger's face suddenly changed. If he continued to make difficulties, he would not be able to get any benefits in the face of the joint efforts of Tiandu emperor and jinjingmanniu.

"It's a small matter that makes the white tiger laugh."

Tianji Taoist said with a smile.

"Excuse me, old man. I'm going to leave first."

White tiger had no choice but to leave.

"Uncle, I hope you are OK..."

Tianji, the Taoist priest, breathed a sigh of relief and only remembered Ye Chen's safety.

When the white tiger left, he waved: "Tiandu, come here."

Click, click, click.

The corpse puppet of the emperor Tiandu came step by step, stiff and rigid, like a zombie. Every step was very heavy and seemed to crush the earth.

"Uncle Zhou, protect him with me."

Tianji Taoist ordered to go down.

Chapter 3128

"Yes..."

There was a hoarse voice in the throat of emperor Tiandu.

After he was made into a puppet, he gradually gave birth to simple wisdom.

However, it is impossible for him to recover the ancient emperor's soul.

Endless years of rolling, the ancient seven God emperors, almost all of them have lost their souls.

Only Chongguang the great emperor, because he practiced the 33 Tianhong Mongolian law, condensed the ancient spirit of Hongmeng and fortunately retained the emperor's soul.

But with the downfall of Chongguang emperor, the seven ancient gods were completely annihilated.

In this era, they will no longer have their edge.

The emperor of Tiandu, who once crossed the sky, is just a puppet.

.....

Shenguo and foreign border, dark sea.

Night, endless storm swept, stars and moon dark.

Layers of rough waves, constantly roaring and crushing.

A giant beast, dormant in the sea water, breath convergence, but a trace of released breath, or stirred the waves, causing waves.

This giant beast is a nightmare with two pupils, Xiao Huang.

His body, full of scars, a continuous stream of blood out, dyed red sea water.

"At last

Suddenly, Xiao Huang's eyes were sharp, and she vomited out a white bone relic.

This white bone relic is the origin of Xuanji's separation from the moon!

At the moment, the memory trace on the white bone relic has been completely erased and lost all its value.

It turns out that after Xiaohuang devoured the white bone relic, she fled to the dark sea area, and tried to refine the memory traces on the white bone relic with the energy of her own blood.

He knew that the white bone relic was a bone of xuanjiyue, which was so terrible that even he could not smash it.

Therefore, what he refined was not the white bone relic itself, but the memory retained above.

Hum!

The white bone relic vibrated and made a whine like sound.

Its memory trace, completely obliterated, became a waste bone, lost all value.

Xiao Huang gasped and refined the memory of the white bone relic. It also paid a great price. His muscles, bones and meridians were seriously impacted and seriously injured. I don't know how long it will take to rest before he can recover completely.

Buzz!

The concussion of the white bone relic became more and more intense. It seemed to have spirituality. It knew that it was reduced to waste bone, and was completely trapped in despair and rage.

Now it can fly back to the upper world, and there is no force to stop it. But the problem is that all memory traces are erased. Even if it flies back to the upper bound, it will not play any role.

Click!

Click!

Click!

A thread of crack is constantly emerging from the surface of the white bone relic.

"No, the white bone relic will blow itself up!"

Seeing this scene, Xiao Huang's eyes were startled.

He himself has been seriously injured. If he is affected by the explosion again, he may be in danger of falling.

Whoosh!

In an instant, Xiao Huang resisted the wind and waves and fled away quickly.

The white bone relic is in full bloom, just like a sun, completely illuminating the dark sea.

Boom!

A blast.

The whole white bone relic suddenly exploded, as if the sun in the sky burst out and suddenly filled with fierce air waves.

Hoo Hoo Hoo Hoo!

The sea area of tens of miles around was instantly bombed, which caused a towering tsunami. Countless sea water evaporated. The white and blazing fog was rolling around. A mushroom cloud appeared in the air. It was very spectacular.

All the Warcraft in this sea area have been crushed to death and killed by explosion.

The blue sea water suddenly turned red.

"The power of terror!"

Xiao Huang's eyes shrunk. Although she dodged ahead of time, she was also hit by the explosion. Her body was overturned, and her mouth vomited blood. Her muscles and bones were about to crack. Under her serious injury, she couldn't even move her claws.

"It's time to count my majesty."

Xiao Huang's eyes closed and her body gradually sank to the bottom of the sea.

The pride in his blood is hard to maintain even under serious injury.

A trace of eternal awe, such as a magic barrier, constantly emanates from the bottom of my heart.

This is the awe of the upper world, the awe of the queen!

Empress Tianwei is too vast.

Xiao Huang lost his mind a little and was crushed.

He refined the memory of the white bone relic, which was equivalent to disobeying the queen and blaspheming the heavenly power.

At the moment, I was seriously injured by the explosion, and I was about to fall. This is the price of offence!

The explosion of the white bone relic startled countless dormant eyes.

Brush, brush!

More than a dozen evil spirits rolling around the void.

"What's going on?" "I feel the majesty of the queen!"

"Did the queen of the upper kingdom come here?"

The group looked at each other in astonishment.

The explosion of the white bone relic, a trace of Queen's breath, also diffused out, shocked everyone's mind.

"There seems to be a special existence."

A figure with sharp eyes, a big hand lifted, a violent atmosphere shrouded, abruptly tearing the sea water, will sink in the bottom of the sea Xiaohuang, instantly lifted up.

"It's so bad!"

"No, the smell of his face It's a rare Archaean relic in the world! How could it be here? "

"What's more, it's a legacy of ancient times. Although the blood is not pure and has not been fully developed, its value is amazing. Even if the pressure is great, it can't be so seriously injured."

"Behind this, there must be another cause and effect!"

A group of people were not sure, but they did not know that Xiao Huang had been injured for a long time. In the face of the explosion of the white bone relic, she had no resistance, so she was injured so seriously.

"Go, take him back and give it to the high priest."

The party took Xiao Huang and quickly ran away.

There are also a lot of figures, also came in succession, looking at the aftershock of the explosion of Tianwei breath, everyone is upset.

The smell of the explosion gradually dissipated, and the world was silent.

At this time, a woman in white, riding a black spirit beast, came here.

It's Wei Ying and Wu mang!

"No, it's Xiao Huang's breath!"

Wei Yingmei's eyes shrunk and she found the residual breath of Xiaohuang. She was immediately surprised and pleased.

"At last the cable is on."

Wei Ying pinched her fingers and closed her eyes. The Ancient Runes were suspended all over her body. Along the residual breath around her, she kept calculating.

She has no idea of nature and Taoism is proficient in it!

But as the inheritor of the supreme inheritance of juechan emperor palace, she naturally has the means to know something.

In an instant, Wei Ying's whole body of runes gathered into an ancient mark.

The light of the mark is flashing, and the negligence turns into a mirror image.

The mirror is mysterious, as if it is the most taboo picture in the world.

One glance, enough to burn everything.

Wei Ying's eyes are firm and her face is more and more pale!

This technique is also a great loss to her!

But she did not hesitate!

Because she saw the figure of Xiao Huang that she wanted to look for.

In the mirror image, what happened here just now!

Chapter 3129

Wei Ying looks at everything in the mirror image, and an invisible anger burns in her heart.

Xiao Huang was out of danger temporarily, but he never thought that the last link was wrong.

Those who should not have come are still here.

She also spent a lot of time in the nether sea area, and her power division in the dark sea area was much clearer.

Although this place is on the border between the kingdom of God and the outside world.

But it's not easy at all!

"Xiao Huang seems to have been taken away by the devil!"

"If I guess correctly, it should be the people under Jidu demon Jun, chase them quickly!"

Wei Ying's face suddenly changed, but she noticed the abnormality. She hurriedly rode wumang and ran after her.

Jidu demon king is a high priest of the demon family in this dark sea area. He has the cultivation of seven layers of heaven in the heaven God realm.

In addition to the means of the gods and demons, he also mastered some of the magical powers of the emperor yuan hall, which was very powerful.

Wei Ying has also heard the reputation of Jidu demon king in the dark sea. If Xiao Huang falls on his hand, I'm afraid it will not come to a good end.

The more than ten evil spirits rolling figure are all the disciples of Jidu demon king.

With Xiao Huang, they flew back to a channel.

On one side of the Strait stands a huge stone tablet with the words "Youmo gorge" printed on it.

This is a long Canyon, black gas rolling, very tortuous, surrounded by ferocious reefs, everywhere are dangerous beaches, like a natural maze, can not see the end.

Countless murderous and ferocious, ferocious, constantly steaming and pervading, frightening.

Here, it is a territory of the heaven demon clan. The Lord is Jidu demon king!

A dozen demon disciples, with Xiao Huang's body, flew into the canyon.

In the canyon, an old figure sat cross legged.

He was dressed in a black robe of hell, and the illusions of countless swords, mountains and fires, and Shura ghosts floated on his robe.

In his mind, however, there is a vast divine light, with the breath of the abyss of the emperor of heaven. It is magnificent and lofty, which makes people dare not look up to it.

The breath of this man reached the seven levels of the heaven God realm. With his eyes open and closed, the evil spirit of heaven and earth was rolling, and the Star River, sun and moon, had fallen, showing the supreme majesty.

What's more, the magic power in his body actually contains the breath of the devil's misfortune and the way of emperor yuan!

He is the high priest of the heaven demon clan, Jidu demon king.

"Elder martial brother, sooner or later, I will kill the temple of God's abyss. I will let you give back the shame of the past

Jidu demon Jun opened his eyes with a cold hatred.

If you look at it carefully, you will find that his appearance is actually similar to the cold elder in the palace of emperor yuan!

It turned out that he was actually the half brother of elder Han. Because he was a commoner, he was treated coldly and bullied all the time.

Finally, he defected from the palace of the emperor yuan, joined the demons, and made a great vow that one day he would kill the temple again and wash away the shame of the past.

Therefore, his magic power is very unique. The combination of the supernatural magic means and the emperor yuan road can shake the stars and the moon.

"Lord high priest, we have caught a strange beast, which seems to be an archaic relic."

At this time, the more than ten demon disciples, with Xiao Huang, came to Jidu demon king.

"Archaean remains?"

Jidu demon Jun eyebrows slightly wrinkled.

There are so few species left in the ancient world, how can they appear in the border areas?

He spent a lot of time in the dark sea area, but he never heard that this thing would appear in the dark sea area.

The next moment, his eyes congealed, instantly fell on the body of Xiao Huang!

Eyes like fire!

"It's really It's a legacy of ancient times

In an instant, Jidu demon Jun saw Xiao Huang, and was immediately shocked.

"It's not only an archaic relic, but also a double pupil nightmare. Where did you catch it?"

Jidu demon Jun's face is full of fright. He is a legacy of ancient times. His strength is not small. If he can accept it, he will fight against the emperor yuan palace and revenge. He will have a card.

But this Archaean relic needs a long time to grow.

He has the patience and the resources to pile up!

"Report back to the high priest, there was an explosion in the sea area. We went to check and found the giant beast and the breath of the queen of the upper kingdom. It seems that the giant beast violated the majesty of the empress and was crushed into serious injuries."

A disciple replied.

"Empress Tianwei of the upper world..."

Jidu demon Jun's eyes twinkled, and he guessed in his heart:

"is it that this double pupil nightmare is a pet animal under the Queen's command, and has been knocked down here because it offended Tianwei?"

At present, Jidu demon Jun pinched his fingers and tried to deduce the cause and effect behind the performance. However, he found that the mystery behind the performance was so complicated that he could not see through the cause and effect at all.

"Get out of here first."

Bogey all demon Jun deep voice way. "Yes."

All the disciples stepped back.

Jidu demon Jun stood up and walked to Xiao Huang. He pressed his palm on Xiao Huang's body and felt the surging vitality.

"It is worthy of being an Archaean relic. Even if it is on the verge of falling, it still has such a strong blood gas."

Jidu demon Jun sighed in secret. Naturally, he could see that Xiao Huang was seriously injured and had come to the point of falling down. But even so, the energy in his blood was still vast and shocking.

Stop!

Be sure to take it!

Jidu demon king only has this idea in mind. He must subdue Xiao Huang. In this way, he can get a big trump card. It's no problem to change his life against the heaven.

Whoa!

His body is full of black light.

In the flash of black light, a black lotus platform floats, rolling demons' breath is filled, but behind them there is a supreme golden light like the emperor of heaven.

"Roar..."

Xiao Huang's throat gave out a weak roar. Under the treatment of Jidu demon Jun, his blood wound quickly recovered and came back from the ghost gate.

"Who are you?"

Xiao Huang opens her eyes and looks at the figure of Jidu demon Jun.

Now he has been out of danger, but the injury is still serious.

"Shuangtong nightmare, I am the high priest of the demon family guarding the dark sea area. I saved you."

Jidu demon Jun narrowed his eyes: "fortunately, I am good at magic and Diyuan Avenue. Even if you violate the empress Tianwei and are almost crushed and fallen, I can save you back. If you don't have me, you will die today."

"Ha ha, it turns out to be a member of the demon clan."

Xiao Huang stood up unsteadily, his lofty body was like a mountain, and his eyes were full of murderous spirit.

You don't have to try to save you

Naturally, he would not be naive to think that Jidu demon Jun would be so kind to save him.

"I don't have any plans. I just want to take you as a pet animal. In the future, when my merits and virtues are perfect, you can also get great benefits, revive the ancient blood and restore all the strength."

Chapter 3130

Jidu demon Jun smile, tone indifferent: "you and I together crush the sky, across the world, isn't it wonderful?"? As long as you follow me, I can protect you even if you offend the queen. "

"Bah! It's not enough to conspire against evil spirits

Xiaohuang snorted coldly and vomited a drop of blood essence:

"you saved my seat. This drop of blood essence should be the reward."

"I owe you nothing in my life."

"You and this seat of gratitude and resentment, write off, farewell!"

After that, Xiaohuang didn't stay and turned to leave.

"Want to go?"

Bogey all demon Jun eyes a cold, murderous gas rush.

"You don't want to give you face. It's just a beast. The seal of demons subduing dragons has been suppressed by me!"

Bogey all demon Jun violent drink a, suddenly a handprint, mercilessly toward Xiao Huang suppress.

All of a sudden, countless demons breath, mixed with the towering golden light, formed a huge fingerprint, burst out of the magnificent ancient atmosphere, and was enveloped by madness.

"Thirty three Tianhong Mongolian law, the seal of demons subduing dragons!"

Xiao Huang's eyes shrunk, and suddenly she was extremely dignified.

This move is actually the legendary 33 Tianhong Mongolian method, which is called the seal of demon subduing the dragon.

The power of this method is very terrible. It can suppress the heavens and subdue all living beings.

If it is hit by the seal of subduing the Dragon by demons, the mind will be suppressed and become a slave like existence, which can not be detached forever.

If you want to practice this method, you need to have a very rebellious qualification. You should not only have the breath of devil's road, but also have the magnificent and magnificent spirit.

He was born in the palace of emperor yuan. Later, he turned to the devil and repaired the two ways.

His aptitude is very unique enough to cultivate the seal of demons subduing dragons.

When the handprint was suppressed, the earth collapsed, revealing the incomparable hegemony.

"Want to suppress this seal? Dream

Xiao Huang roared, his eyes sharp, blood burst in his body, arrogant Qi and blood diffused out, forming a chain like law, firmly lingering in his body.

Bang!

Jidu demon Jun's fingerprints were crushed down, and a burst of great force made Xiao Huang's muscles and bones break and click.

But Xiaohuang's body, Archaean Qi and blood burst, a huge shock force, hard to convey.

Puff!

Suddenly, the fingerprints were broken.

Bogey all demon Jun opened his mouth to spit out blood, his face turned white, and he retreated again and again.

"Ancient blood, incredibly strong to this point!"

"You only have one drop of the blood of the nightmare with two pupils. If you gather three drops, the consequences will be unimaginable!"

Bogey all demon Jun eyes stare big, immediately pour to suck a cool breath.

He tried to suppress Xiao Huang with the 33 Tianhong Mongolian law, but unexpectedly, Xiao Huang's blood was so strong that he could not even suppress it.

Instead, he was injured by the earthquake.

And Xiaohuang, muscles and bones were also injured, mouth overflow a trace of blood, fell on the ground.

The injury of his meridians was very serious, but now he was crushed by the seal of demons subduing the dragon, and the injury was even more serious.

"Evil animal, will you submit to me

Jidu demon Jun wiped the blood from the corner of his mouth, and his eyes were gloomy.

"Bah! Even if you die, you will not conspire with the demons. "

Xiao Huang's eyes are fierce. Even if she is seriously injured, she doesn't mean to give in.

"Stubborn!"

Bogey all demon Jun rage, only angry seven tips smoke, but did not expect Xiao Huang so stubborn.

"Again, will you give in?"

Jidu demon Jun hands waving, a continuous array of lines diffuse out, landing cast into a dark star border.

"If you dare to say" no ", I will sacrifice you to heaven and refine it into a nine turn nightmare pill, so that you will live forever and can't escape from it!"

Jidu demon Jun's voice is cruel. He wants to subdue Xiaohuang, but Xiaohuang is so arrogant that he can't bow to him.

In this case, he had no choice but to sacrifice Xiaohuang to heaven and refine it into pills.

It's a kind of elixir from archaic times. It's made by worshiping heaven. It's very strong.

If he continues to eat, he will certainly be able to break through the realm of cultivation.

It's very difficult to break through the martial arts training to the heaven God realm, especially the Jidu demon king.

If you sacrifice the nightmare of Shuangtong, you can break through the cultivation, and it will be a great benefit.

"You want to refine this seat? Dream

Small yellow eyes canthus do crack, want to burst their own meridians, rather than sacrifice themselves, do not want to let Jidu demon Jun get benefits.

"Master, I have achieved great merits and virtues. Although I am dead today, I will see you in my next life."

At the last moment, Xiao Huang recalled the figure of Ye Chen, and his heart was filled with sadness.

Fortunately, at this time, he has refined the memory traces of the white bone relic, and successfully prevented the news from being reported, which is regarded as a complete merit. Even if he died, he would not leave too much regret. At the moment, Xiao Huang wanted to explode her channels and sacrifice herself, but unexpectedly, Jidu demon Jun had already noticed it.

"Well, you want to blow yourself up, have you asked me?"

Jidu demon Jun snorted coldly, and repeatedly pinched Jue with his palms. The Taoist seal fell on Xiao Huang's body, which abruptly cut off his blood contact and prevented him from exploding.

"Not good!"

Xiao Huang's looks changed, but she can't blow herself up any more.

"Evil animal, sacrifice to me!"

Jidu demon Jun drank violently, and the sky worship array gave out a vast magic light. A magic column fell from the night sky and shone on Xiao Huang.

Xiao Huang's Qi and blood are burning wildly, and they are about to be sacrificed to heaven.

"Stop it!"

But all of a sudden, there was a cry.

I saw a woman in white, riding a black spirit beast, flying like frost and snow, flying with a sword.

Her sword was also stained with blood.

Obviously, the demon disciples in this valley have been slaughtered by her.

But Jidu demon Jun did not hear the sound of the massacre. It can be seen that the white dress woman's means are so fierce and swift that they kill people like cutting grass. They don't even notice the news.

This woman in white is Wei Ying!

Wei Ying deduces the trace of Xiaohuang, and quickly pursues it. She just sees that Xiaohuang is going to be sacrificed to heaven.

"Girl..."

When Xiao Huang sees Wei Ying's figure, her eyes shrink slightly.

Wei Ying's breath has reached the level of six layers of heaven, even close to seven layers of heaven, which can be said to be very powerful.

But Jidu demon king, full of seven layers of heaven, than Wei Ying even higher.

In the heaven God realm, even if it is only a layer of difference, the gap is very huge, it is simply the sky and cloud.

Moreover, he avoided the double cultivation of the devil king, the emperor and the devil, and the magic power was the most ancient. Wei Ying could not compete with him.

Xiao Huang was deeply worried. He knew that Wei Ying was not the enemy of Jidu demon king. If he fought, he could hardly win.

Hiss!

Wei Ying flies and stabs with a sword.

The ultimate sword light kills heaven and earth.

Suddenly, the sky worship array is broken, and the evil spirit is destroyed.

Xiao Huang was not sacrificed to heaven, but his danger was not relieved.

Because, bogey all demon king, still stand here!

"Jue Han Di Gong, are you a disciple of Jue Han Di Gong?"
