Chapter 3151

"Die

Ye Chen suddenly drinks, his wrist turns over, and the evil sword appears in his hand. The body of the heavenly demon, the formula of burning blood, the formula of destroying heaven, and the power of breaking the sky are used without reservation. He cuts out the most powerful sword against Yu Sheng!

If there is any weakness in the blood body method, it is that it must rely on living things to give full play to Sun Ji's power. The living creatures in the forbidden soul state were killed by the powerful cold family at that time tens of thousands of years ago. As for ye Chen?

With his special constitution, I'm afraid that no one among the myriad realms of heaven can take away Ye Chen, even if he is strong enough!

Therefore, as long as Yu Sheng's body disappears, and quickly re seal the whole forbidden soul state, Sun Ji will be re imprisoned in this forbidden soul state!

A sword light, like a star river running through the universe, will instantly submerge Yu Sheng's body!

In the sword light, a scream resounded through the whole forbidden soul realm.

After an instant, the light dissipated. The place where Yu Sheng stood was empty, leaving only the broken void in the extreme sword light

Ye Chen felt a little relieved. He was about to seal the whole forbidden soul realm again. However, the voice of ancient Hanlin and xuanhanyu, who sealed the demon, was shouting in Ye Chen's mind: "Ye Chen, be careful! Sun Ji is not dead! "

When ye Chen heard the speech, his face sank and he suddenly turned around. Behind him, all kinds of blood were condensed. The "Yusheng" that should have been bombarded by his sword did not leave any residue. However, he reappeared in front of Ye Chen with a gentle smile on his face.

Yu Sheng at this time should be called Sun Ji.

Sun Ji's body is covered with Dao Dao sword marks. However, on the wound, the blood gas floats, which actually heals at a very fast speed.

Sun Ji glanced at his wound and looked at Ye Chen's eyes. With a trace of surprise, he said with a smile: "this young master, I really opened my eyes. At such an age, I have already understood the way of destruction?"? This destructive power is the thing that we fear most from the blood cultivation. "

Ye Chen stares at the gentle man in front of him, but his eyes are crazy and turbulent. He can't see through the strength of Sun Ji!

You know, ye Chen swallowed a lot of Zixiao stone, strength, has completely broken through a lot, even in the face of powerful demons, he is confident that he has the strength of a war!

But at this time, ye Chen could not see through Sun Ji's accomplishments?

How could that be possible?

This means that Sun Ji is by no means an ordinary existence, and it is likely to be stronger than Han Changsheng!

Ye Chen's heart, like sinking into a bottomless abyss, is madly falling

Even if he is more confident in his own strength, he is also very clear. In the face of the existence far beyond his own, with his strength, there is no possibility to defeat the other side

At this time, Sun Ji suddenly said with a smile: "young master, you may have some misunderstanding about me. I have no malice towards you. You don't have to be so fierce. How about we leave the forbidden soul state first?"

After hearing this, ye Chen was silent for a moment and then said, "brother sun, my name is Ye Chen. It's my faux pas. We'll leave from here. When we get outside, I'll invite brother sun to have a good drink."

Sun Ji said with a smile: "it's better to obey orders than respect."

After that, he turned around and headed for the layman of the forbidden soul realm.

I don't know what the best friend is!

Is it true that even ye Chen, facing such an invincible enemy as Sun Ji, has chosen to bow down after all?

At the moment Sun Ji turned around!

"Tianlong eight gods sound!"

The sound of muscles and bones, even the sword blade cutting the air, can burst out the ancient sound of Hongmeng.

Ho, Ba, Ni, Ba, baa, moo, woo, Bo!

There are eight characters in the sky.

Then, a sword light, which was connected to the sky and sent out the breath of destruction, appeared out of thin air. It was like a thunderbolt on Sun Ji's back. It was like a thunderbolt, and it was cut down crazily!

With a sword, the whole forbidden soul state has a faint sign of collapse!

The blood evil spirits between heaven and earth, all in the cold sword light, quickly dissipated and disappeared!

Ye Chen's eyes, cold light, which has the slightest bow meaning?

Perhaps, today's he is not Sun Ji's opponent, and even far behind, but!

There are times when people can't give in. In the face of Sun Ji, even if there is a big gap, ye Chen will never allow him to leave the forbidden soul state so easily!

Even if he died, he would try his best to keep Sun Ji!

But all of a sudden, Sun Ji's body was stopped.

Then, a strange scene appeared!

Sun Ji's head actually rotated at a very fast speed, 180 degrees, and his body did not move. But the whole head turned behind him. If he had been an ordinary warrior, he would have broken his neck and died?

Sun Ji, however, had no influence at all. Even the gentle smile on the corner of his mouth did not change. He looked at Ye Chen and said with a frightful and strange gesture, he said with a faint smile: "Mr. Ye, I regard you as a friend, but you suddenly attack me, which really makes sun feel cold." Ye Chen said with a full face: "cold? If you want to cultivate the blood path to the level of blood body, Dharma and body, you have to kill tens of billions of creatures and take their blood, then you can cultivate it? Do people like you feel cold? "

Sun Ji laughed, and his face gradually distorted. At the next moment, a blood light burst out of Sun Ji's body. With the blood light, a kind of ancient, dignified, just like that primitive and powerful God, filled the whole forbidden soul state!

Even with Ye Chen's heart of martial arts, he could not help looking pale

At least at the end of the celestial realm!

That is the breath of the later stage of the heaven God realm!

Sun Ji is really a strong man in the later period of the heaven God realm!

The sword light, which could cut the whole forbidden soul state to pieces, was completely suppressed by Sun Ji's blood light and turned into invisible!

Sun Ji looked at him with a look of interest, and complained with some dissatisfaction: "Mr. Ye, you have let me down. Are not normal people supposed to bow down and compromise because they are afraid of me?"

His face suddenly became extremely distorted, and he laughed wildly: "originally, I wanted you to watch me suck all the blood from your relatives and friends, and then enjoy your expression? How can you expose me so quickly

"In this case, am I not going to kill you now? Mr. Ye, you really let sun down? "

Ye Chen looks at Sun Ji, is shocked!

It's not that Sun Ji's temperament is so distorted and cruel that it is shocked by his ability to solve his own powerful blow!

That sword is the best ye Chen can achieve now!

Chapter 3152

However, in front of Sun Ji, ye Chen can't even touch his clothes

Is this the strength of the later stage of the celestial realm?

It's horrible!

Ye Chen took a deep breath, flashed a decisive color in his eyes, and said, "Xuanxian, lend me your strength!"

The two great powers of samsara cemetery only used their strength not long ago. If they use them again, they may dissipate!

Now the only thing he can use is the sword soul!

The power of xuanhanyu is Ye Chen's last card!

Although Xuanhan jade has untied the second seal, he will still fall into a deep sleep if he uses excessive force. Therefore, ye Chen tries not to use Xuanhan Jade's power unless he has to.

Can, face Sun Ji already can't manage so much!

Xuanhanyu sighed. She knew that even with her own strength, ye Chen could not defeat Sun Ji. The gap between the early chaotic state and the later stage of the celestial realm was unimaginable!

However, she did not stop, she has recognized Ye Chen as the main one. Since ye Chen wants to fight, Xuan Hanyu will never grudge any of her strength!

All of a sudden, there is an inexplicable breath rippling in the evil sword. This breath, vaguely, gives people a more frightening feeling than that of the strong in the later period of the heaven God realm, but it is too weak

Even Sun Ji, looking at the dark sword in Ye Chen's hand, turned into bloody eyes, also appeared a touch of surprise.

"I'm the only one in the sky. Butcher God breaks the sky. Cut me off!"

Ye Chen suddenly drinks, a sword cuts down!

This sword, regardless of its sharpness, speed and martial arts, has been improved in all aspects!

With the blessing of the sword soul, the power of this sword is 90% higher than that of the supreme sword cut by Ye Chen!

Well, it's almost double that!

This, is only to untie the second seal, can only play a silk xuanhanyu power!

You can imagine the strength of the sword soul!

Even Sun Ji, in the face of this sword, the twisted smile is solidified!

In the blood colored eyes and eyes, a creepy color appeared, and he yelled: "how can it be! You are just an existence who has just stepped into chaos. How can your strength be improved again? "

At the next moment, Sun Ji hits the sword light of Ye Chen with a palm. It looks like it can smash the sky!

All over the sky, the palm like a tornado roared out, rolling blood evil spirits, turned into a huge bloody palm, and that just like the destruction of the abyss of the sword, crash!

The aftereffect of the attack swept through the whole forbidden soul state, and everything seemed to turn into powder in the storm!

The whole forbidden soul state has become a place of great desolation in an instant!

The bloody palm and the destruction sword stand in a stalemate in the air. Suddenly, a crack appears on the palm. Then, there is a loud noise. Although the bloody palm print is very strong, it is still completely dissipated under the sword light of Ye Chen!

Just like destroying itself, the most terrifying sword light finally killed Sun Ji!

"No

Sun Ji screamed, protecting his body blood light, crazy explosion, but in front of Ye Chen's most extreme sword, the blood light, like glass, quickly broke up!

The cold light flashed, and a bloodstain appeared on Sun Ji's body surface. His body slowly separated and fell to both sides, and his internal organs scattered on the ground.

Ye Chen's sword actually cut Sun Ji into two sections!

This time, ye Chen was shocked. Even Xuan Hanyu couldn't believe it

Sun Ji, the strong man in the later period of the divine realm, died like this?

But anyway, he won, didn't he?

Ye Chen's face, floating a color of ecstasy!

But all of a sudden, Sun Ji's body, which was divided into two parts, suddenly stood up. Facing Ye Chen, he showed a terrible and playful smile and said, "Mr. Ye, did you think you really killed me just now?"

Two Sun Ji said with a faint smile: "it's a pity that I can't die so easily. How about it? Am I disappointed?"

He enjoyed Ye Chen's cold look, and seemed to enjoy it very much.

The next moment, the blood light flash, the two parts of the body, actually is to re merge into one, appeared in front of Ye Chen.

Before, Sun Ji that kind of nervous, invincible, I'm afraid, are pretending, just to see what kind of expression Ye Chen will have when he knows he's not dead.

"Damn it!" Ye Chen low scold a, even with the help of the sword soul power, can't really hurt Sun Ji?

This Sun Ji, too strong, too abnormal!

Sun Ji looked at Ye Chen, but he suddenly got cold and said, "Mr. Ye, I asked you to chop two swords. Now, is it my turn to do it?"

As soon as the voice fell, Sun Ji suddenly hit out with one hand!

This palm seems to be no different from the previous one. A bloody palm print appears out of thin air and goes towards Ye Chen. However, ye Chen's face becomes extremely pale and frightening! Even in the eyes of the dead, it is possible that even if you are killed in the palm of the town, it is possible that even if you are killed in the palm of the dead, it is possible that you will be killed in a moment!

This palm, compared with the previous one, is so terrible!

Such a terrible palm, or Sun Ji, extremely random play ah!

It's hard to imagine how powerful it is to exist in the later period and even the peak of the heaven God realm

Ye Chen is biting his teeth, and his mental power is running wildly. His whole body is bright with blood, his muscles are towering, and a flame is burning on his body surface. The formula of burning blood has run to the extreme, burning Ye Chen's essence and origin!

On the blade of Sha Jian, the destruction Shinto is even more concise!

In this desperate situation, ye Chen's strength has made some breakthroughs!

However, Sun Ji saw this, but there was only a disdainful smile on his face.

One sword!

This is Ye Chen's life, the most powerful sword!

Even Xuanhan jade, are secretly surprised, ye Chen's martial arts qualifications, too excellent!

This sword is so amazing!

In an instant, ye Chen's sword light hit the bloody giant palm!

Even though, ye Chen's sword is extremely amazing, but

The cold sword light, but in an instant, disappeared

Crushed by the bloody palm print

Ye Chen's body was engulfed by the bloody palm print in an instant!

The whole secret place collapsed under the palm of Sun Ji!

The fierce wind, blood and lightning interweave, two figures, fell at the entrance of forbidden soul realm.

Sun Ji looks down on the ground, his whole body tends to be broken, dying Ye Chen, his eyes flash slightly, ye Chen is not dead?

This time, Sun Ji is really moved by it!

Chapter 3153

In Sun Ji's memory, there is no existence under the heaven and God realm. Ye Chen is the first one who can resist his own attack without dying!

Sun Ji licked his lips and sighed helplessly: "Mr. Ye, your body is very attractive to me. Unfortunately, I don't know why I can't take you away."

In his eyes, suddenly flashed a greedy color and said: "in this case, I can only swallow up your blood, childe ye, do you know how delicious you are? Even if I have devoured the top of the heaven and God realm, the strong one is less than one tenth of yours

After all, Sun Ji can't wait!

Ye Chen's blood, in his eyes, is like the most luxurious banquet among the heaven and the world!

The corner of Ye Chen's mouth brings up a lonely smile. There is a big gap in strength. Even if he wants to blow himself up in front of Sun Ji, he has no chance?

Is he going to die?

I have come all the way, and finally, do you want to end here?

Ye Chen closed his eyes, this life experience, in his mind, constantly flashed, time, as if slow down.

"I'm sorry, Lan Xin, I didn't abide by our agreement to save the kingdom of God and Lingwu..."

"Sorry, Siqing, Ruoxue and Sun Yi can't join hands with you..."

"I'm sorry to disappoint you, Mr. Ren."

"I'm sorry, soldiers of the demon hall, I can't fight with you until the last moment..."

.....

At the same time, the samsara cemetery.

The atmosphere was dignified.

Gu Hanlin and Su Ruoxi look at each other.

For a long time.

Gu Hanlin just wanted to say something, Su Ruoxi interrupted: "don't go! We are trapped in the body, and the mind is not easy to get together. "

"You are very weak now, absolutely not!"

"If you dare to go, I will never recognize you as a man!"

Gu Hanlin showed a gratifying smile: "madam, don't you take good care of that boy?"

Su Ruoxi once again said in a loud voice: "take good care of yourself. I don't want to lose you now."

Gu Hanlin stretched out his hand and stroked Su Ruoxi's face: "this is a catastrophe, there is no choice."

"This boy is doomed not to die. Only when he is alive can you and I be saved."

"You can see from the observation these days that he is so important."

"Although I didn't take this boy as an apprentice, he was also angry with me."

"Of course, the most important thing is that the lady has never been wrong about people."

"I was said to be afraid of my wife all my life, but those vulgar people never know that my ancient Hanlin can make such achievements, and my wife has made great contributions."

"When I was down, it was my wife who believed in my worth."

"When I was besieged by demons, it was the lady who stood in front of me in spite of everything."

"When I was ridiculed by the world, it was my wife who gave me a warm embrace."

"Ma'am, love is really beautiful."

"The next way, I may be a step ahead."

Speaking of this, Gu Hanlin took down the ancient box behind him.

"Madam, the power of the great devil is sealed here. You should be able to open it alone."

Su Ruoxi's eyes are red, which seems to be a strong appearance. In fact, there is a girl's heart inside.

She depends on Koo Hanlin.

She is used to ancient Hanlin.

She also knew that Gu Hanlin's choice could not be changed.

The next moment, she rushed up and hugged Gu Hanlin.

Such as tens of thousands of years ago, when the two were surrounded by demons that warm embrace.

"We'll see you soon, ma'am."

"Trust me, and trust that boy."

.....

The screen rotates.

Ye Chen's heart, there are too many apologies, his body's responsibility, too heavy!

Suddenly, ye Chen opened his bloodshot eyes. He was staring at the Sun Ji in front of him, burning flames in his eyes!

Unwilling flame!

I Ye Chen, how can I die here!

My promise has not been realized, my comrades in arms are still fighting!!!

I can't die! Never die!!!

The smile on Sun Ji's face is more and more ferocious, rolling blood, turning towards Ye Chen!

At this moment, a voice, in Ye Chen's mind sounded.

The voice, he is very familiar with, that voice, is not just for their own hands of the ancient Hanlin?

In the laughable sound, always has some cynical taste.

That's the voice of ancient Hanlin.

Gu Hanlin said with a smile: "boy, there is only one God kingdom in the later period. How can I kill you?"

"You won't die, because my wife once said that." "You are destined to be the master of these days. Madame's eyes are always accurate and can't be wrong."

A white light, suddenly from ye Chen's body, burst out, that gushing to Ye Chen's rolling blood evil spirit, in this white light, just like the spring snow, quickly dissipated!

Sun Ji was stunned. Then, as if he had met a nemesis, he was surrounded by blue smoke, and his body melted quickly in the white light!

Sun Ji screamed, quickly retreated, staring at Ye Chen in horror.

I saw, a man virtual shadow, emerged in front of Ye Chen.

The whole heaven and earth, at the moment when the shadow appears, seems to be quiet down, as if, even the heaven and earth are subject to it!

That is the figure of ancient Hanlin!

It's different from just showing up.

At the moment, the ancient Hanlin even burned everything, the breath is incomparably strong!

Like the peak of the past!

Even as if gradually entity!

This is the image of samsara cemetery that he has never seen before!

And at this time appeared, his face, but very young, and very handsome!

At this time, Gu Hanlin looked back at Ye Chen, his eyes were full of love, as if parents were looking at their children.

On his handsome face, there was a smile of relief.

Suddenly, he turned his eyes to the evil sword beside Ye Chen and said with great sincerity: "xuandao friend, from now on, this boy will ask you."

"My wife is still in it. You should guard it together."

Sha sword, a slightly cold woman's voice sounded: "don't worry, I will."

Ye Chen looks at this scene dully, some can't believe his eyes, the ancient Hanlin can manifest again?

And it seems to be an entity.

It's just incredible!

What's more, what did Gu Hanlin say to the sword soul just now?

Vaguely, ye Chen heart, a very ominous premonition!

He couldn't help but say, "elder master, you have little strength left in the first battle of Han Changsheng? Why... "

Gu Hanlin said with a faint smile: "boy, I am a fiend. There are so many why in the world."

"If you feel guilty, you should rescue my husband and wife's noumenon as soon as possible! My wife is afraid to suffer

Having said that, the ancient Hanlin did not give ye Chen any more opportunities to speak. Instead, he turned to Sun Ji, who was already full of fear. His eyes narrowed slightly and said in a cold voice, "evil block, do you think you can do whatever you want after practicing the blood body method? Today, I will drive you out of your wits. From now on, you will be completely destroyed in this world

Chapter 3154

A towering momentum, suddenly from the ancient Hanlin body, burst out, in the sky, thunder flash, as if in response to the anger of the ancient Hanlin!

"You, who are you! How can such a terrible existence exist in this small kingdom of God

Sun Ji, I'm really afraid!

In ancient Hanlin, the power that erupted out, even if it was the later existence of God state like him, should tremble for it!

Don't say it's the kingdom of God. Even if he didn't experience this kind of pressure outside the territory, did he?

The ancient Hanlin looked pale, staring at Sun Ji, and said, "my Lord, I am the one who is granted the devil! Hundreds of millions of demons will be subject to it

The four characters of the fiend are just like the supreme edict!

These four words, the world, as if for its command!

The thunderous thunder turned into a chain, which locked Sun Ji and the force of thousands of miles of mountains and rivers, obeyed the instructions and suppressed Sun Ji!

The martial law of the whole kingdom of God was changed under the name of ancient Hanlin!

The ancient Hanlin suddenly brushed his sleeve, pointed to Sun Ji, and whispered: "seal the devil, arrest the spirit!"

In an instant, Sun Ji, who was still so angry and astonishing, was so stiff that he could not even move his fingers!

A silver chain, wrapped around Sun Ji, he sent out a shrill scream, his body quickly melted again!

Sun Ji's eyes were bloodshot, and his whole body turned into bloody water. He looked at the ancient Hanlin bitterly and growled: "damn old thing, you are just a God's mind. Even if you have been strong, how can you get me! Give me a break

The most dazzling blood light burst out from Sun Ji's body, pounding the silver chain on his body madly!

But, useless!!!

In that extremely unwilling and painful scream, Sun Ji, who devoured hundreds of millions of creatures and achieved the supreme blood, turned into wisps of smoke and disappeared from the world!

Gu Hanlin sneered and said, "remnant soul? To kill you is enough! "

This handsome man's virtual shadow, standing proud with his negative hand, seems to reproduce the endless demeanor of that year's vertical and horizontal nine days!

"Husband..."

But at this time, a slightly choking voice sounded behind him.

Tears, instant gush out of the eyes, Su Ruoxi out of the reincarnation cemetery, eyes, is endless sadness!

She wanted to embrace Koo Hanlin.

But it's empty.

She knows, this result is inevitable!

But she can't accept it!

Ye Chen instantly understood what.

In Ye Chen's eyes, the figure of the ancient Hanlin has faded rapidly!

Is it so easy to kill the late existence of God realm?

Even the ancient Hanlin, in order to kill Sun Ji thoroughly, has exhausted the strength!

Exhausted power, for the mind, it means dissipation, complete dissipation!

Ever since the encounter of the martial arts, as well as the tears of his eyes, can be more and more thin, as well as the tears in front of him!

Ye Chen can't help but blush in her eyes!

He, how hate!

He hated his weakness!

If it is not because of their own weakness, in the face of Sun Ji, why should the ancient Hanlin exhaust its strength?

If it is not because of their own weak, the ancient Hanlin will not disappear!

Guhannin and himself have only met once! Would like to pay so much for him!

He Ye Chen He De how can!

At this time, the ancient Hanlin is full of indifferent color, he stretched out his hand to touch Su Ruoxi's face, but brush past.

"Madame, it's ugly to cry."

"You are a famous anti devil Feng Zun. How can you do this in front of this boy?"

Speaking of this, he looked at Ye Chen and said with a cynical smile: "boy, although I confiscate you as an apprentice, you are also my only apprentice. Don't let me and your teacher's mother down. The road in the future depends on you and go on."

He suddenly raised his head, looked at the sky, flashed the color of reminiscence in his eyes, and said faintly: "the feeling of the existence of divine thoughts is not long, but it's long enough. It's time to meet those old friends."

Ye Chen lowered his head and after a moment's silence, he suddenly lowered himself and knelt down in front of the ancient Hanlin.

He raised his head, looked at the ancient Hanlin fiercely, and said in a deep voice: "master is on! Ye Chen, a disciple, swore with his life that he would step on the Tiandao palace and rescue you and Shiniang at the end of the Ninth Heaven

Hearing this, the ancient Hanlin was stunned and then burst out a burst of laughter and said: "what a smashing Tiandao palace, at the end of the Ninth Heaven, boy, with your words, I will die without regret!"

But, at this moment, a sudden change!

Originally, the evil sword beside Ye Chen suddenly burst out a burst of blood light, towards the ancient Hanlin, swept away!The ancient Hanlin saw that the blood light rolled up, the pupil shrank, that was the soul biting power of Sha sword! In addition to the sword, the only one who can drive the ghost is the sword?

However, he did not resist. Instead, he was calm. Instead, he was refined by the evil sword rather than dissipate in the world.

In this way, it can be regarded as the last strength for ye Chen, isn't it?

The judgment of the soul of the sword is not wrong, and even completely conforms to the wishes of ancient Hanlin.

However, soon his mouth, then with a bitter smile, slightly shook his head.

Only hope, ye Chen this child, don't do anything stupid because of this.

In a flash, the figure of the ancient Hanlin disappeared completely in the blood light.

Ye Chen looks at this scene blankly.

Just now, what happened?

Gu Hanlin, his master, was devoured by the evil sword!

The next moment, ye Chen's eyes, suddenly burst out of the ultimate intention of killing, and said: "xuanhanyu, what have you done to the master?"

At this time, in the evil sword, xuanhanyu is shocked by Ye Chen's sharp drink. This mysterious woman has a look of grievance on her pretty face.

But soon, she returned to her usual coolness and hummed weakly, "hum, what are you doing? This is your attitude when you saved your master's life with such great efforts? "

Ye Chen hears the speech, but is surprised, immediately grasps the evil sword, the double eye one closes, such as the sea god idea, rushes into it.

The next moment, ye Chen's face, suddenly burst out a burst of ecstasy color!

The spirit of the ancient Hanlin, which was about to disappear, actually appeared in the evil sword, and remained in a state that was about to disappear, but not really dissipated!

This is obviously the result of xuanhanyu's hand!

He laughed awkwardly and said apologetically to Jianhun: "sorry, Xuanxian. I was rude just now."

Xuanhanyu pursed her lips and said faintly: "this handle almost surpasses the ancient Dao tool, and has the power of soul swallowing. Is it just as simple as swallowing the soul?"

"The way to eat the soul can also keep the soul in a certain state, but your cultivation in the soul path is not enough to display, but...."

Chapter 3155

Ye Chen hears speech, in the heart one tight, asks in a hurry: "but what?"

Xuanhan Yu said in a deep voice: "however, most of the power of this tool is sealed, and the soul of the ancient Hanlin will slowly dissipate. Ye Chen, if you want to really save him, you still have to go to Tiandao palace."

Ye Chen's eyes suddenly burst out a burst of dazzling light: "heavenly way palace! I feel like I'll be on it soon! "

Xuanhanyu said: "yes, in fact, with your growth now, you may be qualified within a few months."

Ye Chen gazed at the sky, as if his sight had penetrated through everything. He directed at Tiandao palace, his fists suddenly clenched and whispered: "Tiandao palace, Xuanyuan moxie, you wait!"

Xuanhanyu smiles and goes on: "OK, boy, you can go out and solve the rest of your affairs. The huge sword at the bottom of the sea has the power of reincarnation, which has many benefits for you. Don't forget."

Ye Chen nods and leaves the secret place directly!

.....

Dark sea, forbidden soul island.

After the end of the war, most of the islands were destroyed into ruins. Only the marginal areas remained intact.

Ye Chen recovered from the disappearance of the ancient Hanlin.

He has to be strong!

"Sword

Ye Chen is not in a hurry, a shout, a big hand a move.

Boom!

Deep sea, the sound of concussion.

A huge stone sword rose from the bottom of the sea.

It's the meteorite sword he used in his previous life.

This meteorite sword is made of ordinary meteorite. However, the reincarnation breath contained in it is very important.

He's on the sword. He's on the sword. He's breathing.

"Suck!"

Ye Chen took a deep breath and directly absorbed the breath of samsara on the sword.

A trace of ancient Qi, into his body.

Suddenly, his reincarnation blood, instant resonance, energy and a trace of recovery.

The spiritual power in his elixir field is also growing. All kinds of chaotic atmosphere are constantly rolling, and in an instant, he reaches the second level of chaos.

"It's such a breakthrough..."

"But my cultivation has stayed on the first floor for too long."

"I don't know whether the reincarnation is good or bad. If you want to break through, you need too much of yourself."

Ye Chen is overjoyed. This breath of reincarnation greatly nourishes his muscles and bones and is of great benefit to his cultivation.

Click.

Click.

Click.

The star meteorite sword, lost the support of the samsara breath, immediately disintegrated and smashed into countless pieces of meteorite, which fell into the sea and aroused waves.

And this countless pieces of meteorite, actually piled up into a small island.

On the island, sit on the plane of the meteorite.

The smell of Xiaohuang is nearby.

He was more anxious than anyone else and wanted to rush to meet him.

"Xiao Huang, wait for me!"

Ye Chen bit his teeth, calmed his mind and kept warming his Qi.

Just absorbed a trace of samsara breath, just nourish meridians, it is estimated that in the evening, he will be able to recover completely.

However, Han Changsheng and Sun Ji have already died and dissipated completely. There is no danger around for the time being, so there is no need to worry about accidents.

"Master, where is the master?"

On the other side of the island, in the cave, Xiao Huang suddenly opened her eyes and looked around in fear.

He found that ye Chen's breath suddenly disappeared!

Ye Chen's breath is gone, is he dead?

Xiao Huang is extremely afraid, only worried about ye Chen's accident, but he didn't expect Ye Chen to adjust his breath. His Qi was restrained and didn't release his breath, so he couldn't feel it.

"Don't worry, he won't die."

Outside the cave, Wei Ying stood up slowly and looked into the distance.

Although the island was large and blocked by mountains and seas, she could see nothing.

However, after the end of the war, the surrounding calm, she did not see a trace of disaster.

Obviously, ye Chen did not have an accident.

The final winner is definitely Ye Chen.

"There was a stronger fluctuation just now. What is it? Did ye Chen have another terrible battle just now? "

Wei Ying is in a state of disbelief, unable to guess the details of Ye Chen.

Even if it is her, encounter cold Changsheng and Sun Ji such masters, all want to fear incomparably.

"And the ghost killing banner, how can it appear here?"

"And who called away this precious treasure?"

Wei Yingxiu frowned and felt that things were becoming more and more difficult.

"Well, either the empress of the upper kingdom or the palace of the emperor yuan, the cause and effect behind them can not escape."

Now that she knew the final enemy, Wei Ying calmed down and said in a clear voice:"Wumang, you take good care of Xiao Huang. I'll go out."

Wu mang Gongsheng replied: "yes, palace master."

Wei Ying nodded, her steps moved gently and left slowly.

The battle between Ye Chen and Han Changsheng was earth shaking. The land on the island was overturned and the sea bottom was shaking.

however, Wei Ying found that not far from the cave, there was a spirit lake, which was stimulated by the submarine volcano and turned into a hot spring.

The rich Guishui essence and the intense Lihuo essence blend with each other to form a unique aura.

This hot spring of Linghu lake is suitable for her healing.

Soon, Wei Ying came to Linghu hot spring, wisps of warm water vapor, constantly diffuse out.

Her whole person, shrouded in mist, misty, ethereal, like a fairy in the clouds.

The forbidden soul island has no vegetation, but with the end of the fierce battle, many algae, many corals, many reefs and many fish in the sea bottom were blown up and landed around the Spirit Lake, which turned into a rather unique picture.

Wei Ying took off her clothes, and her body was as white as snow, looming in the mist.

Yuzu light, Ling Lake filled with a circle of ripples, around the quiet to the extreme.

Whoa.

Wei Ying gently walked into the Linghu lake. The lake covered her body, revealing only half of the snow white. Three thousand green silk like waterfalls, stained with water vapor, looked like a dream.

She was immersed in the water, like a beautiful celestial being. Unfortunately, there was no one around her. However, no one could appreciate this unique picture.

.....

Dark sea, a deserted island.

"Why did two terrible waves of fighting break out in forbidden soul island just now?"

"The second way I can't detect, but the first one..."

"Brother Han, dead?"

"Elder martial brother Han, who killed you?"

An old man was hoarse and roaring up to the sky. He was so excited that he almost vomited blood.

"High priest, take care of yourself."

A demon disciple said in a hurry.

This old man, who is the high priest of the demon family, is the king of Jidu.

His injury has not yet healed, but in the dark, he felt two terrible breath of disaster.

His lifelong enemy, his senior brother, his own brother, unexpectedly fell down!

Although, he wanted to kill Han Changsheng in his dreams.

But now, cold long life and death, he did not have the slightest joy, on the contrary, was terrified.

Because he didn't kill Han Changsheng.

Cold long life and death in the hands of others!

Chapter 3156

He and Han Changsheng have a very big cause and effect entanglement.

If he wants to solve the cause and effect, he must do it himself.

If Han Chang's life and death are in the hands of others, he will never be able to cut off the cause and effect in his life, and the magic barrier in his heart can not be eliminated.

In the future, there is a danger of being possessed by the devil at any time.

But his martial arts realm, this life also does not want to break through.

"Who on earth killed you?"

Jidu demon Jun roared and his eyes almost bled.

"High priest, do you want us to send someone to see the island?"

Asked the demon disciple.

"Go, send out all the 800 demons I have raised!"

"Someone killed my elder martial brother, disintegrated the Dharma with demons and killed him for me!"

Jidu demon Jun was angry and roared, and he was furious.

"Demons, all sent out?"

That day, the demon disciple was shocked.

Jidu demon king raised 800 demons in the depths of the sea, and each of them became a great method for the disintegration of demons. Once all of them exploded, even the peak of the heaven God realm could be killed. It was very terrible.

These 800 demon dead men are the absolute cards of Jidu demon king. I don't know how much effort, resources and years have been spent to cultivate them. Now they have to be sent out, which shows how angry he is.

.....

Night falls, a trace of cold moonlight, sprinkled on the forbidden soul Island, around a quiet, no sound.

"Hoo..."

Ye Chen opens his eyes and breathes a long sigh of relief, and slowly walks down from the forbidden soul island.

After half a day's recuperation, he has recovered to the peak, and the whole person is full of vigor and vitality.

"Xiao Huang, I'm coming!"

Ye Chen's eyes are concise, sensing the breath of Xiao Huang, and his heart is full of excitement. He immediately steps to the place.

Tick, tick, tick.

Is marching, ye Chen heard the sound of water.

When you look forward, you can see that there is a hot spring in front of you, with wisps of water vapor, which is constantly suffused with transpiration. In the moonlight, it is like a fairyland.

A snow-white girl figure, naked, soaking in the lake.

Like a waterfall of green silk, falling on the waist, the whole body of ice and snow flawless, exquisite and convex, in the moonlight and water mist, floating out of the dust, beautiful, just like a fairy who does not eat fireworks.

"This This is... "

Ye Chen stares big eyes, immediately pour a breath of cool air.

He fixed his eyes on the girl's face.

But the smoke and water around, the girl's facial features, hazy, not really see.

In the dark, ye Chen felt that he and the girl had countless causal connections.

He may have seen this girl before, but he can't see her face clearly or know who it is.

At this time, the moonlight was bright, penetrating the heavy water mist, shining on the girl's face.

Ye Chen's heart was pounding, and he was about to see clearly. But suddenly, the girl scolded:

"who is it?" But he was discovered.

Between the electric light and flint, the girl condenses the atomization yarn, a wisp of smoke and water mist, condenses into a veil, gently covering her beautiful face. The white dress is exposed and covers the whole body.

Hiss!

In the next moment, the girl offered an ice sword and killed Ye Chen fiercely.

"Girl

Ye Chen called out and dodged sideways. The ice sword fell in front of him and almost split him in two.

"It's you!"

The girl's beautiful eyes coagulate, see ye Chen's appearance clearly, a burst of surprise, immediately take back the ice sword.

This girl, of course, is Wei Ying.

She healed here, all over the clothes faded, but ye Chen saw a Jingguang.

It was her subconscious action that just killed Yu Jian, but she didn't really hate Ye Chen.

Thinking that she had been looked at by Ye Chen, Wei Ying suddenly blushed and embarrassed. Fortunately, she was wearing a veil, and ye Chen could not see her appearance.

"Girl, I don't mean to be abrupt. Excuse me, excuse me."

Ye Chen turned his back and apologized.

Look at the girl's sword. It's very powerful.

Obviously, the maiden is the master of juechan palace.

Ye Chen also knows that the girl and Xiao Huang are together, and Xiaohuang is able to get out of trouble, thanks to her help.

"It's OK."

Wei Ying's silver teeth clenched, her face still flushed, but she also knew that ye Chen didn't mean to offend her, so there was no need to be too angry.

"How is Xiao Huang now?"

Ye Chen just wants to know what Xiaohuang is doing now.

"He's healing in the cave over there. Go and have a look."

Wei Ying pointed to the direction of the cave. Now that ye Chen is here, she is relieved. Thank you very much

Ye Chen thanks one, hurriedly leaves this awkward place, the line of sight always falls elsewhere.

Looking at Ye Chen's far away back, Wei Ying feels a little lost. She doesn't know what's going on. She seems a little empty.

"Well, what's wrong with me..."

With a sigh, Wei Ying got up and tidied up her clothes. The bright moonlight shone on her beautiful face. Her temperament was as cold as the moonlight.

Soon, ye Chen came to the cave.

A huge beast with weak breath, gasping throat, eyes closed, unable to lie on the ground, apparently seriously injured, it was Xiao Huang.

"Xiao Huang..."

Ye Chen saw the appearance of Xiaohuang so weak that she felt extremely distressed.

"Master..."

Xiaohuang is aware of the breath of Ye Chen, and suddenly opens her eyes. As expected, she sees Ye Chen's figure in front of her eyes, and then calls out: "master!"

The voice was full of excitement, joy and unbelievable meaning.

He did not expect that ye Chen really broke through all difficulties and found here.

"Xiao Huang, you suffer."

Ye Chen stroked Xiaohuang's body. On the surface, he could not see any wound. However, he felt that the Qi and blood in the corpus luteum was very weak and there were injuries everywhere. I don't know how serious the internal injuries are.

"It's OK, master. I made it."

Xiao Huang raised her claws slightly, and her eyes were full of Brilliance: "I stopped the conspiracy of the empress of the upper kingdom. The white bone relic has been refined by me. She can't receive any news. I succeeded!"

"Good, you did well."

Ye Chen is grateful and grabs Xiao Huang's claws, pauses and says, "you are injured too much. Now have a good rest and I will heal for you."

Ye Chen takes out a handful of pills from the samsara cemetery and melts them into a wisp of pure medicinal gas and pours them into the corpus luteum.

At the same time, he also urged his own spiritual power, crazy perfusion into the small corpus luteum, for his treatment of injury.

"Master, I can't do it. Don't waste your effort."

Xiao Huang shook his head and said weakly.

First of all, he suffered a serious impact because of refining the white bone relic.

Later, the white bone relic exploded, and he was wounded again.

Finally, in the hand of Jidu devil, he was tortured by Tianda.

If it had not been for his blood, he would have died.

Can support up to now, is a miracle, but the internal injury is too serious, there is no hope to save.

Ye Chen's face was dignified, all kinds of panacea, and his large amount of spiritual power were infused into the corpus luteum, but Xiao Huang's injury did not improve, and the situation was not optimistic.

"Boy, you are a nightmare with two pupils. You are injured too much. If you want to save him, you can only gather a drop of blood."

All of a sudden, the voice of Su Ruoxi, the evil Phoenix, sounded in the reincarnation cemetery.

Chapter 3157

Ye Chen's divine thoughts projected into the samsara cemetery, and saw Su Ruoxi sitting cross legged, breathing.

"The beginning of blood."

Ye Chen's eyes brightened, and there were three drops at the beginning of the blood vessel. Now Xiaohuang has one drop, but where are the remaining two drops is unknown.

At the beginning of this blood vessel, it has a magnificent breath. If Xiaohuang can absorb it, no matter how serious the injury is, it can be cured.

Ye Chen also knows this.

But the problem is, he doesn't know where the second drop started.

"Shiniang, I don't know where the second drop of blood started?"

Ye Chen asks in a hurry.

Su Ruoxi said: "the beginning of Shuangtong nightmare's blood is not a simple thing, its value is far beyond everything."

"In the early years, Hanlin and I went abroad and heard some secret stories about the beginning of blood vessels."

"But I can't be sure of the final whereabouts."

"But it's not impossible."

"You go back to the kingdom of God. It's too dangerous here."

At this time, Wei Ying also returned to the cave.

"There's a lot of demons coming. Let's go."

Wei Ying's eyes are dignified. After half a day's recuperation, she has recovered a lot, but she is still a little weak. If she encounters a large number of demons, she is still in danger.

"Is there a demon coming?"

Ye Chen eyebrows a pick, focus on induction, as expected to detect a trace of gloomy breath, is rapidly approaching.

"Let's go."

"We don't have much time left. As the border of the kingdom of God, the protection of the rules of the kingdom is the least, which is extremely unfavorable to us."

"If you just stay here, you'll just burn yourself."

Wei Ying turned out of the cave and rode away directly.

"Xiao Huang, let's go."

Ye Chen palm a move, put away Xiao Huang, temporarily received reincarnation cemetery.

"Shiniang, thank you very much for taking care of Xiao Huang."

Ye Chen's divine thoughts spread to the samsara cemetery. Now Xiao Huang's injury is so serious that he is in danger of falling down at any time. Only when Su Ruoxi is asked to protect Xiaohuang for some time, can he survive.

Su Ruoxi showed a smile: "I will."

"I thought this nightmare could only appear in the legend."

"I'd like to see it today."

Ye Chen looked at Su Ruoxi so decisively and said, "thank you, Shiniang. In the future, I will set foot on the heavenly way palace and save the real bodies of the two elders. It should be a reward."

Su Ruoxi said: "it's almost the same. You have a little conscience, but you're a war pet. The foundation of your injury is too serious. I can only hang my life for him temporarily. If you want to save him, you have to find a way to find the beginning of the second drop of blood."

"This younger generation knows, when I return to a safe place, I will discuss it in detail. Thank you very much."

Ye Chen thanks again, God comes out from the samsara cemetery, and sees the mysterious girl, who has gone away by the dark awn, and he quickly follows.

Soon, they were out of the island.

Wei Ying pauses slightly. With a move of slender hands and a figure, she is sucked up from the bottom of the sea.

It was Bai er.

"Cough..."

Bai Er coughed violently and vomited out the sea water mixed with blood. His face was pale.

"Thank you for your help."

Looking at Wei Ying's figure, she saluted in a hurry.

Before that, she was shocked by the momentum of Han Changsheng, directly injured, fell into the deep sea, and almost died.

Ye Chen thought that she had fallen and was still alive.

"It's not suitable to stay here for a long time. Let's go."

Wei Ying waved her hand and took Bai'er to her side and left quickly.

Ye Chen looked at her back and became more familiar with it. He wondered in his heart: "this mysterious girl, do I know her? Why do I know her figure so well? "

Unfortunately, the girl was wearing a veil, and he could not see her.

"There's a demonic smell ahead. Let's go this way."

Wei Ying bit her teeth. Under the moonlight, she could see the sky in the distance. There were many dark shadows and countless fierce evil spirits rolling and roaring.

Obviously, there are a large number of demons killed, if you meet, I am afraid there will be great trouble.

After all, Wei Ying hasn't recovered completely, and ye Chen, although he has recovered to the peak, is hard to gather Hongmeng breath in a short time. He has temporarily lost a strong card and has no chance of winning against the devil.

Now Wei Ying turned her direction and fled quickly.

Ye Chen also closely followed, do not want to do unnecessary fighting.

Two people in front of the escape, dense demons, crazy pursuit in the back.

Ye Chen looked back and saw that under the moonlight, demons were like black tide locusts, and Gaga monsters were roaring and killing, with a total number of 800.

These demons, wearing armor and with a black mark on their eyebrows, have a more ferocious and cruel breath than ordinary demons. Especially in their eyes, they have no mercy at all, only full of murderous spirit and determination. Ye Chen has no doubt that these demons will be reckless, even if they are burning jade and stone, they also want to leave themselves.

Fortunately, he and Wei Ying had already noticed that they were running at a high speed like lightning. They thought that the demons could not catch up with them.

Under the moon and night, the waves roll.

The distance between the two sides has never been narrowed.

"Damn it."

The look of those demons became a little impatient.

"Do not let go of the high priest's orders and leave them behind!"

A dozen demons looked at each other, and their eyes suddenly became fierce.

Then they flew up into the sky, and the demons around them, as if aware of the danger, went into the bottom of the sea.

"What are they doing?"

Bai Er saw the abnormal movement of the devil, and immediately had some doubts.

"Demons disintegrate, Dafa, explode!"

The more than a dozen demons, with their hands sealed and their movements neat and uniform, cried out in the sky.

Boom!

Boom!

Boom!

The next moment, their bodies, suddenly exploded.

Countless demon flesh and blood, in the sky exploded into a red fireworks, in the moonlight, actually a little bit beautiful appearance.

But behind this aestheticism, there is a tremendous opportunity to kill.

With the disintegration of the demons, more than a dozen explosive waves were surging out of the air in an instant.

Boom!

The sea water churns and stirs waves.

Night sky concussion, countless clouds were torn.

The explosion of terror swept the waves for 30 Li.

Within a radius of 30 miles, they all suffered a huge impact. Countless sea creatures were killed and their blood was boiling.

"Not good!"

Ye Chen's face changed greatly. The move of the demon was beyond his expectation. He didn't expect it at all.

In an instant, he and Wei Ying were both shocked by the explosion, and their heads were buzzing.

Although far away, he and Wei Ying were not injured by the explosion, but under the impact of the huge explosion, their feet also stopped.

Whoa!

Whoa!

Whoa!

A series of demons burst out from the bottom of the sea. Taking advantage of Ye Chen and Wei Ying's pause, they quickly pursue and kill them.

Chapter 3158

"Death! These demons are dead men

Ye Chen's eyes vibrate, looking at the dense figure of demons in front of her eyes, and suddenly sees the cause and effect behind her.

It turns out that these demons are the dead men trained by Jidu demon king.

He killed Han Changsheng and angered Jidu demon Jun.

Jidu demon Jun sent 800 demons to crush him completely!

Each of these 800 demons has become the method of disintegrating demons. If he wants to work hard, he can't fight for it.

Among the thirty-three Tianhong Mongolian laws, the great Dharma of the disintegration of demons is a very special existence, which can be practiced without too high qualification.

But this method disintegrates and explodes itself. While killing the enemy, it will also explode and destroy itself. It is extremely vicious and extremely cool.

Wei Ying's pretty face also changed color. Just after a dozen demons exploded, it caused a shocking impact. If 800 demons exploded, I'm afraid that the experts of the eight layers of heaven in the heaven God realm would be seriously injured.

She and ye Chen, once crushed by the explosion, even slag will not be left.

Whew! Whew!

The dark figure of the devil is coming.

Once surrounded by demons, ye Chen and others will surely die.

Ye Chen bit his teeth. Although he recovered, he used the ancient method of Hongmeng too many times during the day. Now, it is difficult to mobilize Hongmeng's breath.

In the face of the crushing of the sky devil, he immediately fell into crisis.

"Boy, the magic power of the combination of the two swords is for you. Hurry out!"

In the samsara cemetery, Su Ruoxi is also aware of the danger. With a flick of her slender hand, two pieces of jade slips fall in front of Ye Chen.

A piece of jade slips, thunder light surging, printed "nine days thunder" four words.

Another piece of jade slips, Fairy Spirit ethereal, printed on the "flying immortal Jue dance.".

It turns out that these two pieces of jade slips are the magic power created by Gu Hanlin and Su Ruoxi. They are the nine day flying sword!

As long as the two swords are combined, the destructive power can be comparable to the 33 Tianhong Mongolian method!

"I can't escape. I'll fight."

Wei Ying's face was dignified, and she saw that the demons, like locusts, came in an instant. They were surrounded by iron barrels and trapped her and ye Chen.

Clang.

When Wei Ying pulled out his sword, a trace of ancient Hongmeng flavor emerged, and faintly there was a mighty emperor light.

She is ready to use Jue Han Tian Di to kill the bleeding road.

"Don't be impulsive."

Ye Chen quickly stops her.

He could see that the girl's injury was not completely cured. If hongmenggu method was used, serious sequelae would surely be left in the future.

"We have a good combination of two swords, and we can still get out."

Ye Chen throws out a jade slip and throws it in front of the girl.

"This is..."

"Go against the devil Phoenix, respect Su Ruoxi's magic power, and fly the immortal to dance!"

"How could it be in your hands?"

Wei Ying was shocked. She had heard of Su Ruoxi's reputation. It was in ancient times that she killed countless powerful demons.

She did not expect that ye Chen had Su Ruoxi's magic power.

"Don't say, practice quickly. I'll practice 'nine days thunder' and you'll practice 'flying immortal Jue dance'. You'll be invincible in the world because of the combination of two swords."

Ye Chen didn't talk nonsense, and his mind directly glanced at the jade slips, and all the wonderful methods of nine days thunder passed in front of his eyes.

Wei Ying didn't dare to delay, so she fell down and practiced the magic power recorded in the jade slips.

In ancient times, Gu Hanlin and Su Ruoxi were dedicated to restraining the existence of demons.

The supernatural powers they created were also extremely restrained and killed in the treatment of demons.

If we simply deal with the demons, the nine days thunder and flying immortal Jue dance are better than the 33 Tianhong Mongolian method.

Crackling!

In an instant, ye Chen's body was filled with lightning.

The mystery of nine days' thunder was deeply imprinted on his mind.

And Wei Ying, her body also filled with a wisp of fairy gas, countless fairy breath, condensed into a butterfly like runes, haunting her spinning and flying.

"Eh, it's the ancient Hanlin, and the magic power of Su Ruoxi

Around the death of the demons, see the breath of two people, suddenly shocked.

In ancient times, the ancient Hanlin couple, I do not know how many demons have been slaughtered, has become the existence of legend, they are also lingering fear.

Now we can see the magical breath of the two ancient venerable, and they are deeply shocked.

"Kill now

Ye Chen and Wei Ying look at each other. Both of them are gifted. In a short time, they have a preliminary understanding of the two magic tricks.

"Nine days thunder!"

Ye Chen raises his head to the sky and drinks violently.

Boom!

Nine days above, thunder concussion.

The thunder and lightning exploded on his sword. The dark night sky was illuminated in an instant.

The vast thunder sword power, crazy diffuse out.

"Flying Fairy Dance!"

Wei Ying also dances the long sword, graceful and flexible, like a fairy in the clouds, without the slightest murderous spirit, only the ethereal spirit.

Her sword power, faintly between, and ye Chen fusion together.

One is soft and the other is hard.

In this moment, the two swords light connected, breath interlinked, eyes between each other, suddenly heart has a sharp, produced a burst of unique resonance.

Thunder sword power, flying immortal sword Qi, suddenly fused together.

Two swords!

"No! Kill them

The surrounding demons immediately gave out a cry of panic. Without any hesitation, they concluded their fingerprints one after another, looked up to the sky and yelled:

"the demons disintegrate Dafa, explode!"

In an instant, 800 demons exploded at the same time.

The evil spirit of terror rolled out madly.

Bang bang bang!

A demon body exploded into a fireworks in the sky.

Magic blood and evil spirit rushed up into the sky, instantly obscuring the moonlight, and the dark between the heaven and the earth, nothing could be seen.

Unimaginable, indescribable explosion wave, hard impact out.

Boom!

The sea area below, which stirs up huge waves, directly rolls up into the sky, as if to submerge the stars in the universe.

And the whole sky, also hard to burst, there are countless space cracks, as if to collapse at any time.

Ye Chen and Wei Ying, who are in the center of the explosion, spit blood directly and shake their muscles and bones.

Crazy explosion wave, continue to rage, to tear two people's bodies.

But the eyes of the two men are firm, and their body's spiritual power is flowing, and their sword power is still deep.

"Nine days fly fairy sword!"

Finally, the two people's sword power, interwoven to the peak.

The combination of the two swords has reached the peak!

The endless thunder sword power and the endless spirit of the immortal sword completely merge into a sword pillar.

This sword pillar has the arrogance of the thunder of nine days and the charm of celestial beings dancing. Countless sword Qi spins and strangles and cuts forward fiercely.

Hiss!

The terrible explosion of demons, hard to be penetrated by two people.

The two swords were combined, and they came out directly.

Wumang, carrying Xiaobai, also ran away in a hurry.

Under the resistance of Ye Chen and Wei Ying, they did not get too much impact.

Puff!

Puff!

However, ye Chen and Wei Ying both vomited blood and were greatly shocked.

"Escaped."

Wei Ying gasped, and her pretty face was pale.

Chapter 3159

Eight hundred demons exploded, and the pressure was so terrible that it could severely damage the eight layer heaven master in the heaven God realm. She and ye Chen were almost killed by the explosion.

Fortunately, the two swords combined, and they finally rushed out.

Fortunately, Gu Hanlin and Su Ruoxi's supernatural powers are specially used to restrain the demons, and the nine heavenly flying immortal swords are no exception. They have a strong suppression effect on the demons.

Thanks to this, they were lucky to break their birthdays.

"Let's go."

Ye Chen breathed a sigh of relief and immediately turned around and left quickly.

Behind him, the aftereffect of the demon explosion has not stopped.

In the sky, dark clouds cover, drops of black rain.

On the sea, the tsunami was raging and the waves were surging.

All the traces of cause and effect left here were completely dissipated in the huge explosion of demons.

No one will know that he has been here.

Wei Ying, riding the awn, fled with her.

"Boy, are you and that girl a couple? It's a good match. It's like Hanlin and me. "

In the reincarnation cemetery, Su Ruoxi actually made a joke.

When ye Chen and Wei Ying joined hands for the first time, they reached the state of combining two swords. This cooperation can be said to be very good.

Even if she and Gu Hanlin, it took three days to match.

Ye Chen and Wei Ying, I don't know whether they are gifted against heaven, or they have a tacit agreement.

"Please don't laugh. I don't even know her name. The cooperation just now is just a tacit understanding between life and death."

Ye Chen had no choice but to shake his head. He always wanted to know the identity of the girl. Unfortunately, she refused to show her face.

He vaguely felt that he and the girl were inextricably linked, but he could not detect the cause and effect behind it.

Soon, ye Chen and Wei Ying came to the exit of the dark sea and both returned to the kingdom of God.

And the two men's state, also completely restored to the peak.

.....

Nine days dragon hall, a secret temple.

Countless chains, locked a dragon.

This dragon has a very weak breath and is covered with scars.

He is the Dragon God.

Ye Luo'er and the supreme Dragon Emperor stand in front of the Dragon God.

Since ye Chen left, they tortured the Dragon God with various kinds of torture every day, forcing him to hand over the reincarnation xuanbei.

But unfortunately, the Dragon God's bones are very hard in the hot weather. After being punished for many days, he still refuses to yield.

"Your bones are very hard, but I don't know, is it your bones or the chains of punishment these days?"

Ye Luo'er's beautiful eyes were cold, and all of a sudden, there were chains floating on each chain.

"Heaven punishment chain? Where did you get it? "

When the Dragon God saw these chains, he immediately took a breath of cool air, and his eyes were terrified.

"Ha ha, these chains were found on the prison Dragon Peak. I have thoroughly refined them."

Ye Luo Er's tone is indifferent.

On that day, the heavenly way Palace used the Immortal Dragon Emperor's real body to lure and kill Ye Chen, and even let out a green candle dragon, which caused a huge shock. Ye Luo'er naturally felt it.

She went to prison Dragon Peak to investigate and found these chains.

As qingxianglonglong gets out of trouble, these chains also lose the breath of causality and can be refined by her.

She refined all the chains of heaven and punishment into her own magic weapon. At the moment, she sacrificed them, and suddenly the Dragon God was scared.

This kind of punishment has a terrible taste every day.

"Again, would you like to hand over the stone tablet of reincarnation?"

Yelor said coldly.

The Dragon God bit his teeth and finally closed his eyes and said, "well, kill me, I will not give you the reincarnation xuanbei even if I die."

He knew the importance of the xuanbei of reincarnation. If it fell to ye lu'er, Tiandao palace would lose an arm. The loss was too serious. He didn't know how to face Xuanyuan moxie.

"Good, backbone."

Ye lu'er doesn't talk nonsense. With a wave of his slender hand, one by one, the chains of Tianxing are broken and killed, and they are wrapped around the Dragon God in the hot sky.

"Ah

The Dragon God screamed.

On the chain of punishment, countless strange and dark punishment runes appeared, one by one, came out of the chain and stabbed into his skin, making him suffer unbearable pain.

In the scorching sky, the Dragon leaves do not speak.

She might not have been able to do that to others before.

But her days in the Dragon Hall of the nine days have grown up completely.

She knew that if she was kind to her enemies, she was cruel to herself.

The key to this hot day, the Dragon God again and again to brother Ye!

"Why struggle in the hot weather." Looking at his miserable appearance, the supreme emperor of the Dragon advised him: "give me the xuanbei of reincarnation, and we can spare you a life."

"Pooh!"

The Dragon God opened his eyes, but he would not give in to death.

"Tianxing Wujue array, huojue natural disaster, have been suppressed by me!"

Ye Luo'er's eyes were suddenly cold, and with a rebuke, a series of natural disasters and fires suddenly exploded from the chain.

The extremely intense breath, with the terrible disaster disaster, severely roasted the body of the Dragon God in the hot sky, and the air instantly filled with the smell of scorching smell.

"Ah, heaven punishes five Jue array, how can you?"

The Dragon God's eyes widened in the hot sky. I can't believe it.

Under the torture of the natural disaster and fire, he only felt intense pain.

The torture he had suffered so many days before is not worth mentioning compared with the present one.

This is sky fire.

Natural disaster and fire!

It contains a very terrible disaster punishment, just like the punishment of heaven, which can not be resisted.

"Master, did you understand the five Jue array

The supreme Dragon Emperor was also shocked.

This day's five Jue array is the legendary Mongolian law of thirty-three Tianhong. Its lethality is enough to rank among the top five. It is very terrible.

However, he did not expect that ye lu'o'er could understand such magic powers.

"Well, on this day's punishment chain, there is the cause and effect of ancient Tianxing method. I have a preliminary understanding of it. I only learned the fire Jue secret method. I don't know how long it will be before the five Jue become one."

When ye lu'o'er talks, he is inspired by spiritual power, and the God of the dragon is baking wildly.

"Master, your talent is really against the heaven. You can trace back the breath and understand the wonderful ancient method of heaven punishment. I admire you."

The supreme Dragon Emperor was so surprised that he didn't follow the wrong person.

With her talent, over time, she will be able to reappear the glory of the foreign one.

"Enough, don't torture me!"

The Dragon God was hoarse and bowed his head and said, "I recognize it!"

In the tone, with incomparably sad helpless.

There is no doubt about his character.

Under the torture of Ye Luo'er and the supreme emperor of the dragon, it is amazing that he persisted to this day.

But now, Ye Luo Er uses the heaven punishment five Jue array, torments him with the natural disaster fire, he is impossible to endure.

Chapter 3160

He succumbed at the moment, Xuanyuan moxie would never blame him.

Because this natural disaster and fire are not what he will can bear.

Even if Xuanyuan Mo evil comes in person, it is impossible to hold on.

After all, no one can hold on to the pressure of punishment.

"Reincarnation xuanbei, I can give it to you. You can untie me first."

In the hot weather, the Dragon God was dejected, but said with gnashing teeth.

"Good, no problem!"

When Ye Luo'er heard that he was willing to hand over the Xuan stele of reincarnation, he was immediately overjoyed. He immediately put away his magic power, then all the chains and let him down.

However, ye Luo Er is not careless, the mind is still on guard.

The supreme Dragon Emperor beside him is also on guard. If there is any change in the God of flaming dragon, he and ye Luo'er can take him down instantly.

After all, the Dragon God at this moment has been tortured for many days and seriously injured. It is impossible to overturn any waves, let alone resist.

"This stone tablet of reincarnation is for you."

In the hot days, the Dragon God's tone was low, and an ancient stone tablet rushed out of his body.

On the stone tablet, there is a huge "dark" character.

Endless samsara breath, constantly diffuse out.

It is his hidden stele, which is also the secret treasure of the heavenly way palace. At the moment, he has to give it to others. His inner pain and resentment can be imagined.

"Sure enough, it's a stone tablet of reincarnation."

Ye Luo'er saw this dark stele. He was overjoyed. He waved his hand and took it in.

"In the summer, you know what you look like."

The supreme emperor of the dragon was relieved when he saw the dark stele.

The two men's vigilance relaxed at the same time.

The Dragon God's decadent eyes suddenly became fierce.

"Xuan Yuan Mo Xie, I'm here, help me out quickly!"

The Dragon God roared up to the sky, and the spirit was burning wildly. He even used the method of "transmitting the soul from thousands of miles" to send his own voice back to the heavenly way palace.

This skill of transmitting soul from thousands of miles will cause great trauma to the spirit, but in a critical moment, he can't control so much.

Some time ago, Sirius said that he would go back to report the news and ask Xuanyuan Mo cult people to rescue him. But for such a long time, there was no news.

The Dragon God knows that something must have happened.

If you want to get out of trouble, you have to rely on yourself.

Now he got rid of the shackles and directly spread his soul to call Xuanyuan Mo Xie.

.....

The temple of heaven, deep.

"It's the voice of the Dragon God!"

Xuanyuan ink evil eyes a shrink, immediately caught the voice of the Dragon God, but also captured the various causes and effects behind.

"The supreme Dragon Emperor, you are so cruel to the Dragon God in the hot sky!"

In an instant, Xuanyuan ink evil saw all kinds of natural causes behind it.

It turns out that these days, the Dragon God has been tortured by torture, and the days are extremely miserable.

It is self-evident that the Dragon God is of great importance to Xuanyuan ink evil.

Seeing the pain of the Dragon God, Xuanyuan's heart is dripping blood.

"White tiger, you take people to Jiutian Shenlong hall, kill that girl and the supreme Dragon Emperor, take back the reincarnation xuanbei, and save the Yantian!"

Xuanyuan moxie roared, and his voice was extremely angry. He just wanted to kill ye lu'er and the supreme Dragon Emperor immediately to save the Dragon God in the hot sky.

Now, the Dragon God handed over the reincarnation xuanbei, Xuanyuan Mo Xie didn't blame him.

Because, under the crushing of Tianxing Wujue array, no one can support it, even him.

The top priority is to kill the enemy, recapture the xuanbei and rescue people from difficulties.

In the void, white tiger's figure, slowly emerged.

"Yes, my Lord."

White tiger's voice, still incomparably cold, full of sharp murderous spirit.

Then he turned and left, took a dozen experts, tore the void, and went to the nine heaven dragon hall.

"The enemy understands the heaven punishment five Jue array. Be careful."

Before leaving, Xuanyuan Mo Xie told him again.

"Yes."

White tiger is not careless, listen respectfully.

Although his strength has reached the level of seven levels of heaven, and he has brought so many experts, it is not a problem to deal with ye lu'o'er and the supreme Dragon Emperor.

But be careful, it's right.

During this period, tiandaogong has been planted many times.

This time, it is related to the ownership of the reincarnation xuanbei and the life of the Dragon God in the hot sky. There is absolutely no loss.

.....

"Damn it!"

In the nine heaven dragon hall, the supreme Dragon Emperor was furious when he saw that the Dragon God had reported the news. He also blamed himself for his carelessness. He actually sent out the message.

"Damn it!"

Ye lu'o'er was also furious. With a wave of his slender hand, he bound the Dragon God again. The breath of countless natural disasters and fire exploded wildly. In an instant, the Dragon God was suffering a lot, but a smile appeared in the corner of his mouth and said:

"the supreme Dragon Emperor, as well as your girl, you'd better let me go now, and then return the reincarnation xuanbei to me. Maybe I can say something nice in front of the palace master to spare your life."

"Pooh!"

Ye Luo Er beautiful eyes Sen cold, want to move the killer, killed the Dragon God.

"Master, don't be impulsive."

The supreme Dragon Emperor stopped him in a hurry and said, "the master of Tiandao palace is about to kill you. Let's run quickly. If you kill someone and your hands are stained with blood and cause and effect, you can't escape."

Hearing this, ye luo'er bit his teeth and immediately tied up the Dragon God with ordinary chains, leaving a ray of natural disaster and fire to torment him.

"Then let's go. Anyway, the xuanbei of reincarnation has arrived." Then he took the supreme Dragon Emperor out.

"It seems too late."

The supreme Dragon Emperor's face suddenly changed. He only felt an extreme breath, which had come to the nine heaven god dragon hall.

That breath, full of seven layers of heaven, and cover the existence of the devil emperor level, is simply terrible.

"Activate the ancient dragon guard array, let's go."

Ye luo'er's face was dignified. He crushed a rune with his back hand and fled quickly with the supreme Dragon Emperor.

Whoa.

The spirit rune is broken, but the brilliant array light suddenly appears in the nine heaven god dragon hall.

An ancient array, suddenly opened at this moment.

Roar!

The loud and clear sound of the dragon's chant is earth shaking.

Wisps of light, condensed into a dragon shadow, constantly tossing.

This array, called the ancient dragon protection array, is a secret array in the Dragon Hall of the nine heavens. It can resist the invasion of the enemy. Its power is quite strong, but it can't last long.

Ye Luo'er didn't expect to kill the enemy either. She just wanted to delay time and let her and the supreme Dragon Emperor leave.

The white tiger, with more than a dozen experts in the heaven God realm, came to the nine heaven dragon hall, along the causal breath of the Dragon God in the hot sky, and kept moving forward.

Roar!

The sound of the dragon's chant vibrates, and the array light is turbulent.

A dragon shadow, with a fierce momentum, hard to kill them.

"Ha ha, you want to procrastinate

The white tiger's eyes are sharp, and the fierce murderous spirit is rolling. The two fists come out together. The incomparable fist awn shakes around and smashes the shadows of dragons.

He didn't wear weapons. He was a weapon himself. Every time he made a fist, he was extremely murderous and extremely fierce.

This ancient dragon guard array could not have trapped him.
