

Physician 3191

Chapter 3191

After the blood dragon and the God of covering the sky, tens of thousands of demon dragons sang in unison, showing their supreme piety.

This is the highest standard welcome ceremony of Dragon Valley!

In order to meet the blood dragon, Dragon Valley has prepared the supreme respect.

"You Yue, the elder of Nanhu, greets emperor Zun, and wishes emperor Zun the unity of the world for generations to come."

A beautiful woman, dressed in a tight black cheongsam, with delicate curves all over her body, fell down from the clouds.

She held a jade plate in her hand. On the plate were articles such as emperor's scepter, flying cloud gold robe, carved gold jade crown, silk lotus cloud boots, etc., all of which were of golden splendor, showing incomparable magnificent quality.

"Please honor the emperor and ascend the great treasure, and inherit the traditional foundation of our Dragon Valley."

Ask the elder of youyue to present the jade plate with a modest attitude.

The blood dragon and the dark demon emperor looked at each other. The great fortune sent to the door could not be wasted.

At present, the blood Dragon nodded and changed into a human body. The precious light between his eyebrows was brilliant and holy, but it was the emperor's Dragon beads that were refined by him, and a magnificent and precious atmosphere appeared in his eyebrows.

He put all the utensils on the jade plate, put them all away, dressed properly, and the temperament of the whole person suddenly changed.

At this time, the blood dragon, holding the emperor's scepter, wearing a flying cloud gold robe, wearing a gold jade crown on his head, and his feet on silk lotus root cloud boots, his eyebrows glowed with pearls, and his whole body was covered with clouds and thunder. The whole human being became majestic and sacred, magnificent and solemn, like the emperor in the sky, with supreme supremacy.

Buzz!

The wisps of Ruixia's divine light also poured out from the whole body of the blood dragon.

This is a great honor!

"Blood dragon, if you have this nature, it can be said that you are completely transformed."

Seeing that the blood dragon had such a great transformation, Zha Tian Mo Di also nodded slightly.

After refining the emperor's Dragon beads, the blood of the blood dragon revived, and its strength soared to the eight layers of heaven and God realm. At this time, it inherited the orthodoxy of the Dragon Valley. With the help of the atmosphere, it was completely transformed. It was more powerful than before.

"Master devil, I have this fate, all depends on your protection."

The blood dragon slightly arched his hand, his eyes full of gratitude.

If it was not for the protection of the devil emperor, he would not be able to refine the emperor's Dragon beads and degenerate to such a state.

"This is that the one who covers the heaven and the devil in the legend of the kingdom of God

Youyue takes a look at the dark demon emperor, and feels the Warlord's beacon fire and smoke. Her face is shocked.

"Well, the devil emperor is my predecessor, and he will also be a friend of Dragon Valley in the future. Please come and visit me."

The blood dragon biography gave an order, and the tone was dignified.

"See the devil!"

You Yue immediately knelt on the ground, surrounded by tens of thousands of magic dragons, also kneel down to worship, the expression is extremely respectful.

With the help of the evil emperor covering the sky, the foundation of orthodoxy in the valley of the dragon will surely be stronger.

"Get up."

The dark emperor waved his hand and said faintly.

Crash.

You Yue and tens of thousands of magic dragons get up at the same time, their movements are neat and uniform, and their bearing is strict. Obviously, they are usually well-trained and their Dharma is very strict.

"My Lord, it seems that the cause and effect sin of the devil emperor's predecessors is not shallow. It's better to go to the eclosion palace for a temporary stay. With the help of innate eclosion, we can eliminate our own cause and effect and get rid of the sin and hardship."

You Yue looks at the dark moon and feels the evil spirit of cause and effect. It is very serious. It has already broken the foundation of martial arts.

"Eclosion palace? The legendary treasure of the thirty-three days

The dark emperor and the blood dragon looked at each other and were surprised.

They have also heard of the legend of eclosion in the palace of heaven. It is the most precious treasure of the thirty-three days. It ranks the eighth. It has a very strong inborn eclosion, which can eliminate people's cause and effect crimes and get rid of hardship.

The deeper the cause and effect is, the more difficult the practice is, and even there is the danger of being possessed by devils. Even if the key points are strict, even the foundation of martial arts and Taoism will be cut off and the possibility of progress will be lost.

For example, the evil emperor now has no chance to make progress because of the outbreak of sin and the end of martial arts.

But now, you Yue says that the legendary eclosion palace is in the valley of the dragon. As long as you live in it, you can eliminate cause and effect and get rid of sin and hardship.

"Yes, there are five palace magic weapons among the three hundred and thirty-three Heavenly Treasures. They are called" five treasures of the heavenly palace. "

"The most powerful piece, called the red lotus Purple Palace, is the gate of the emperor yuan hall."

"The second one, called the magic moon and star flame palace, is the heavenly palace of the empress of the upper world."

"The third is the eclosion palace, which is the residence of the emperor of Dragon Valley."

"There are also two, one called Chongguang Shenxia palace and the other called Shura Huaxue palace, both in the kingdom of God."

"My Lord, please follow me."

Youyue leads the way in front of you and goes towards the imperial palace of eclosion.

"Eclosion heaven palace I didn't expect that the chance of changing my life against heaven came so soon. "The dark emperor followed him, and his heart was in turmoil.

He had long expected that this time he stepped into the valley of the dragon, there must be a great fortune. But he didn't expect that such a big fate could directly make him change his life against the heaven.

His cause and effect crime broke out, and the foundation of martial arts was broken. His future was uncertain. However, he did not expect that the fog would be dispelled so soon.

Soon, they followed the moon and came to the lake in the middle of Dragon Valley.

This lake is called shuijinglong lake, which divides the whole valley into two parts: North and south.

In the water mirror Dragon Lake, a magnificent palace stands tall and upright, surrounded by the emergence of aura, fairy fog bursts, there are a wisp of clear fairy sound, constantly diffuse out, clean the mind.

Around the temple, there are many Hongmeng characters.

When they just stepped into the valley, the blood dragon and the Zha Tianmo emperor also saw the lake, but they were attracted by the Hongmeng characters and did not pay attention to the existence of the palace.

Now they are in the scene, and they suddenly realize that the atmosphere of the palace is too vast. The blue clouds are misty and the magic is dense. If you take a look at it, you will have a feeling that the whole body is comfortable and the cause and effect is dissipated.

"There are also two ancient methods of Hongmeng. The details of the valley of the dragon are incomparably profound."

Blood dragon clenched his fist and was able to control such a powerful force. He was also full of blood.

"Emperor Zun, devil emperor, the palace in the water mirror Dragon Lake is the imperial palace of eclosion."

"The two lakes are divided into two parts: the South Lake and the Dragon Lake."

"Emperor Zun, you are the supreme one of Nanhu. You can control all forces under Nanhu. However, the North Lake is not our territory. It is the territory of Mingyang Longzun."

"The South Lake and the North Lake duel once every 100 years. The winner can live in the eclosion palace, and the loser is not qualified to enter. In the recent 100 years, we, Nanhu, have won."

"Emperor Zun, you and the elder devil emperor can go into the palace to recuperate, but you should be careful of Mingyang Longzun. That man is the Supreme Master of the North Lake. He has always been at odds with us. Be careful that he deliberately creates difficulties."

You Yue lowered her eyebrows and lowered her hand, slowly saying some rules.

Chapter 3192

"South Lake Supreme..."

The blood dragon was stunned, but he didn't expect that the valley of the dragon was divided. He could not dominate all the territory, he could only rule the forces in the South Lake area.

As for the North Lake, it is the territory of Mingyang Longzun.

"Well, just go in."

The blood dragon shook his head and didn't think much about it. At the moment, he flew up with the emperor covering the sky, swept over the lake and stepped into the eclosion palace.

Welcome the emperor

At the gate of the yuhuatian palace, there are many magic dragon guards standing with their hands down. Their evil spirit is surging and their breath is gloomy. They are constantly interwoven with the immortal spirit of the Yuhua heavenly palace. They are actually a little bit of the combination of the immortal and the devil, and the wonderful implication of the road of heaven.

The blood Dragon nodded and stepped into the palace.

Whoa.

Whoa.

Whoa.

Inside the palace, wisps of inborn eclosion are rolling like the sea tide, and the aura is almost strong enough to condense into water drops.

"If I practice here, I will be able to eliminate cause and effect and change my life against heaven!"

He felt the aura around him, and his eyebrows were also full of joy.

He sat down on his knees and immediately began to breathe. The aura around him poured into his body, like a piece of glowing rays, continuously nourishing his meridians.

"Master devil, if you can get rid of the misery of sin, that would be great."

The blood dragon is also happy. The emperor of covering the heaven and the devil is for him, so he is reduced to such a situation. However, he feels a little guilty.

If the devil could change his life against the heaven, it would be better.

The blood dragon guards the side of Zha Tianmo emperor, protecting the Dharma for him, and looks at the palace.

The interior of the eclosic palace is very luxurious, with large sorghum columns, carved dragons and Phoenix, and painted with relief totems.

And these decorations, without artificial traces, are completely made of heaven and earth, showing a supreme flavor.

The only trace of artificial carving is the two inscriptions on the wall.

"These two inscriptions..."

The blood dragon was slightly surprised and looked closer. It turned out that these two inscriptions recorded the two ancient methods of Hongmeng in the valley of the dragon. In addition to practicing the pithy formula, there were many secret histories of the valley of the dragon.

In a very remote time, the valley of the dragon was originally a desolate place. But one day, the town of Yuxing tianhuanggong fell down, nourishing the earth's veins and nurturing a wonderful mountain and water. Later, it was discovered by the ancestor of the magic dragon nationality and moved in by the Ju clan.

Relying on the aura of eclosion in the heavenly palace, the magic dragon clan has been growing and growing. Because of the innate eclosic spirit, there is no need to worry about the outbreak of evil spirits and the promotion of the level of the disciples in the family, and there is no danger of causing disaster.

The powerful, the powerful, the powerful, the powerful and the powerful.

He once killed the upper bound, from the empress xuanjiyue's hand, snatched a Hongmeng ancient method, called Tianshang Xingchen sand.

Later, he killed the Yuan Temple of God. Under the eyes of emperor Shitian, he also robbed a Hongmeng ancient Dharma, called five dragon Youtian Dao.

In the two battles, both of them were illustrious and fruitful.

The demon Dragon Emperor was so excited that he thought he could really punch the upper realm and step on the emperor yuan hall. Later, the upper bound and the emperor yuan hall joined hands to kill him directly in the Dragon Valley.

If it had not been for the protection of the imperial palace of eclosion, the demons would have been exterminated.

The two original jade slips of Hongmeng ancient method were destroyed in the war, leaving only floating on the surface of the lake and inscriptions on the walls of the palace.

If you want to practice, you need to spend your hard work. You can't rely on the primitive heaven to realize it quickly.

"It turns out that there is still this history."

The blood dragon looked at the inscriptions on the wall, but was dumbfounded.

In ancient times, the emperor of magic dragon was absolutely lucky to be able to kill the most powerful soldiers.

At that time, xuanjiyue and Diyuan hall in the upper world were plotting to kill the reincarnation Lord, but they had no mind to deal with other matters.

In ancient times, the emperor of the magic dragon, by mistake, took advantage of the distraction of the two rebellious great men, and actually seized two ancient methods of Hongmeng, which was also a mistake.

But in fact, the details of the valley of the dragon, compared with the upper realm and the palace of emperor yuan, is still too far away, and there is almost no possibility of fighting.

However, the war achievements of the ancient times make the fighting spirit of the magic dragon clan surging.

They let the blood dragon inherit the orthodoxy in order to reappear the glory of ancient times and trample on the upper boundary and the palace of emperor yuan.

This wild hope is really out of line!

"I alone can't challenge the majesty of the upper world and the palace of emperor yuan."

"Unless you can join hands with the host..."

The blood dragon's eyes twinkled and thought of Ye Chen in his heart.

He is very clear about ye Chen's potential. Only by relying on Ye Chen can he have a chance to break the upper boundary and crush the emperor yuan palace.

At this time, in a palace in the North Lake.

A man in a royal robe, wearing a jade ring, with black dragon horns on his head and a sullen breath, was sitting on a big chair, listening to the report of his disciples."Lord Mingyang, this is what happened. The new emperor of Nanhu ascended to the throne and brought in the presence of a so-called God covering demon emperor. It seems that he wants to revive the banner, smash the foreign countries, crush the edge of the abyss hall, and kill the upper kingdom to fight with the Empress."

A North Lake disciple knelt on the ground and said respectfully.

The man sitting on the big chair is the supreme of the North Lake, the dragon of the Ming Yang.

"Arrogant!"

In a rage, the Dragon Zun of Mingyang stood up and said, "the edge of the palace of emperor yuan and the upper boundary is shining forever. How brilliant is our family? In ancient times, Wu Xun was all luck. Only by taking a rest and waiting for the current situation to change is the best way to do it. If Nanhu wants to rush out, it's just looking for death! "

Words like thunder, concussion in the hall.

The disciple didn't dare to be quiet and kept his head down.

Within the melong people, they became Nanhu school and Beihu sect.

The Nanhu school advocated the birth of the world and took the initiative to attack. The purpose was to smash the outside world, crush the palace of emperor yuan, and revive the glory of ancient times.

The Beihu faction advocated seclusion, and waited for the opportunity to take action when the outside world was in turmoil.

The two factions are at odds and have been fighting each other for years.

"Lord Mingyang, what should we do now? In the recent hundred years of competition, the Nanhu school has won. All the pills, weapons, magic weapons and talismans in the Imperial Palace are under their control. If they want to be born, we can't stop them. " The disciple was helpless.

"I will never let the foundation of the melong people be destroyed. Go to the eclosion palace with me!"

"An outsider of the dark devil emperor, practicing in the eclosion palace, just gives us an excuse to the North Lake sect."

"I want to take advantage of the dark devil emperor to hold the Centennial contest ahead of time and regain the power of the master of the eclosion palace!"

Mingyang dragon Zun waved, took a few of his men, and strode out.

Every step brings the supreme dragon power.

Long Wei concussion, let this piece of lake water rise billows.

The blood dragon didn't know that if he swallowed up the foreign magic dragon, he would be on the top of the world, but he was also involved in a power storm!

Chapter 3193

Soon, they came to shuijinglong lake.

"Why did you come here

Youyue, the elder of Nanhu, is gazing near the Longhu Lake of Shuijing. When he sees the Dragon Zun of Mingyang, he is on guard.

"Hum, I heard that you have brought an outsider in, called Zha Tianmo Di, right? The eclosion palace is the holy land of our Dragon Valley. How can it be defiled by outsiders

Mingyang dragon Zun snorted and strode to the imperial palace of eclosion.

"Stop, you North Lake sect, you are not qualified to enter the eclosion palace!"

You moon eyes a cold, suddenly intercept in front.

"Ha ha, there is an outsider who has defiled our national fortune. I must drive him out!"

With a cold smile and a brush of his sleeve robe, Mingyang dragon Zun beat back the moon and strode into the eclosion palace.

The bodyguards outside the palace dare not stop them.

"What's going on?"

Hearing the commotion outside, the blood dragon frowned.

"Hum."

With a gloomy face, Mingyang Longzun strode in. He looked up and down at the blood dragon with his hands on his back, and his eyes suddenly moved.

"You really refined the dragon ball."

Mingyang Longzun bit his teeth, but he was a little jealous.

Emperor Dragon bead is the source of dragon Qi in the sky. If the blood dragon is refined, it is really qualified to ascend the emperor's throne.

"Are you the Dragon King of the Ming Yang?"

The blood dragon frowned and looked at him. The breath of the latter was extremely frightening, which was not the existence he could fight against.

And he has just refined the emperor's dragon ball, and his breath is not stable. If he fights, he will be defeated at all.

"That's right. You refined the dragon pearl and took charge of the ancestral source of dragon spirit. I don't mind if you are the emperor of Nanhu sect. But you brought an outsider to defile the aura of the eclosion palace. What do you mean?"

"This outsider, must drive away!"

Mingyang Longzun's tone is aggressive and merciless.

The emperor was closing his eyes and practising. When he heard the words of the emperor, his brows suddenly wrinkled. Unexpectedly, someone wanted to drive himself away, and his attitude was still so tough.

He is solving the cause and effect and eliminating the sin, but he can't stop it easily. Otherwise, the consequences will be extremely serious.

"You want to drive my friend away?"

The blood dragon's face changed. In order to protect him, he paid a huge price. His heart was very grateful and guilty. Now Mingyang Longzun wanted to drive away the demon emperor, and his eyes were suddenly angry.

"He is an outsider and can't stay here!"

Mingyang Longzun's tone is tough. He is the supreme of Beihu sect and has great power in his hand. If Xuelong insists on keeping the demon emperor, he may find an excuse to instigate a rebellion!

"Don't deceive people too much

At this time, you Yue came in.

"Wrong, I have to clear the door?"

Mingyang Longzun sneered.

The blood dragon's eyes were gloomy and thought for a while, and then he said, "Mingyang Longzun, I don't want to talk nonsense with you. One person will step back. My friend will stay. When his cause and effect dissipate, he will leave immediately. As compensation, I will send you a batch of precious pills from North Lake."

He just took over the throne, but he didn't want to be too stiff.

"If you want him to stay, the Centennial contest will be held ahead of time. If you defeat me, I will listen to whatever you say. But if you fail, you must get out! And you, also want to get out of the eclosion palace! The eclosion palace belongs to my North Lake

Ming Yang Longzun's words are sharp, like the sword's edge, and the sound reverberates in the hall.

"What, do you want to hold the Centennial contest ahead of schedule?"

Hearing the speech, you Yue was shocked.

The South Lake school and the North Lake school hold a competition once a hundred years. The winner can dominate the eclosion palace and master the treasures in the palace. In the last hundred years, the South Lake school won. There are still many decades to go before the next big competition.

Now, Mingyang Longzun wants to hold the Centennial contest ahead of schedule. It is obvious that he bullies the blood dragon and has just ascended to heaven. He is not familiar with the martial arts and the battle spirit. He has just refined the emperor's Dragon beads, and his breath is not stable.

What cover the sky devil emperor, what outsiders, are just excuses.

He wants to take power. That's the truth.

There is a murderous look in the eyes of Mingyang Longzun. He can see the weakness of the blood dragon. If a big match is held, he will even have the opportunity to kill the blood dragon, unify the dragon family and take over the supreme power.

When Xuelong heard the words of Mingyang Longzun, he immediately understood everything. It was just an excuse to drive away outsiders. He just wanted to usurp power.

Once the throne is successfully captured by the Ming Yang dragon master, the demon dragon clan will not have a chance to kill out again. They must be a shrinking turtle and hide in the Dragon Valley and dare not go out.

Although the ambition of the Nanhu sect is a bit out of line, they even want to crush the imperial palace. But the blood dragon is not alone in the battle. There is Ye Chen behind him!

As long as ye Chen comes to the outside world, the two of them will definitely have the opportunity to break through the foreign countries and challenge the edge of the emperor yuan palace with the help of many treasures in the eclosion palace. As long as ye Chen comes in person, the wild hope of Nanhu school is absolutely possible!

However, if Mingyang Longzun succeeds in seizing power, all the fighting intention will be eliminated. The North Lake sect will not dare to go out and wander, and will only shrink in the valley and become a shrinking turtle.

"You want to challenge me?"

The blood dragon gazed at Mingyang dragon Zun, and his eyes fell into meditation.

If he accepts the challenge of the Dragon Master of the Ming Yang, he will be in danger of falling down.

But if you don't accept it, the Dragon Master of the Ming Yang will definitely drive away the evil emperor.

"Yes, dare you? If you don't dare to throw this man out, I'll think nothing happened

"Of course, as a dragon master, I will not bully others. I will suppress my accomplishments to the same level as you."

"How about fairness?"

Mingyang dragon Zun pointed to the way of covering the heaven and the devil.

"Well, I'll take your challenge!"

The blood dragon hesitated for a few seconds and agreed directly. The cause and effect sin of the dark emperor was too deep. Only relying on the eclosion of the heavenly palace could it be solved.

If the demon emperor is driven away, the blood dragon does not know how to face it.

"Emperor Zun..."

Hearing that the blood dragon agreed, you Yue was surprised.

In terms of strength, blood dragon is not the enemy of Mingyang Longzun, even if the latter suppresses the state!

If the war is defeated, the power of the demon dragon clan will fall into the hands of Mingyang Longzun, and the eclosion palace will also be in his charge.

"Good. Tomorrow noon, I'll wait for you at Finglei terrace."

In his eyes, the blood dragon is already a corpse.

Although he suppressed his own strength, the blood dragon had just stepped into the eight layers of heaven and God realm, and he had been immersed in martial arts for many years.

On the understanding of cultivation, he is much more advanced than the blood dragon.

"I'd like to see how powerful you can be when you refine the Dragon beads."

Mingyang dragon Zun snorted and strode to leave.

He doesn't intend to keep his hand in tomorrow's duel. As long as he can kill the blood dragon and rob the emperor's Dragon beads, he will have enough strength to unify the whole demon dragon clan.

Chapter 3194

"Blood dragon, why?"

When the dark Yang dragon Zun left, the dark evil emperor sent out a wisp of sound, which reached the ears of the blood dragon.

He is practicing breathing, his eyes are closed, like a sculpture, the voice is sent by the mind.

Although he was practicing with his eyes closed, he knew everything in front of him.

In order to protect him, the blood dragon actually agreed to the challenge of Mingyang Longzun. This is a very dangerous thing. Once defeated, there is definitely a danger of falling.

"Master devil, it's my turn to repay you. If the master is here, he will agree. Take your time off and I'll take care of tomorrow

At present, there is no sound of the enemy.

"Emperor Zun, tomorrow's duel is very dangerous. I suggest that you first take a look at the pithy formula of five dragon Youtian Dao. If you can understand it, it will be good for tomorrow's duel." You Yue said.

"Wu long you Tian Dao..."

The blood dragon's eyes were concise and looked at the inscriptions on the wall.

On the inscription, there are two ancient methods of Hongmeng, one called Tianshang xingchensha and the other called wulongyoutian Dao.

The power of these two ancient methods is not much different, but their cultivation methods are quite different.

Tianshang star dust sand needs to collect the essence of the stars, and then mix it with evil Qi and water to refine it into sand dust. It has the magical effect of shielding the sky and burying people's soul. It does not require high qualification of cultivation, but it needs a lot of painstaking efforts to collect materials.

The five dragon Youtian Dao is an upright martial art.

The human body is composed of heart, liver, spleen, lung, kidney and five zang organs. The heart belongs to fire, the liver belongs to wood, the spleen belongs to soil, the lung belongs to gold, the kidney belongs to water, the five zang organs and five elements, the natural circulation, and the Qi mechanism do not stop.

Five Dragon Youtian Dao is a secret method of cultivating five zang organs. It can refine the essence of five zang organs into five elements Dao Qi. It can kill enemies and kill people. It is very powerful.

In a short period of time, it is impossible for blood dragon to collect enough star resources. Therefore, Tianshang star dust sand can not be practiced. It is the five dragon Youtian Dao that has a chance to practice.

If you can practice the five dragon Youtian Dao, you may have a chance to defeat the Ming Yang dragon Zun.

But now, the original jade slips of wulongyoutian Dao have long been destroyed during the wars in ancient times. Without the tianwu of the original jade slips, it is almost impossible to cultivate them by themselves and try to make them in one day.

"I'll try."

The blood dragon sat on his knees and gazed at the pithy formula of Wulong Youtian Dao. Although he knew that the chance was slim, he also wanted to try it.

"Emperor, I wish you a prosperous future."

The moon sighed and turned out in silence.

There's no hope for tomorrow's Dabi.

If the blood dragon is defeated and the power of the demon dragon clan falls into the hands of the Beihu sect, she will be determined by her death.

Anyway, even if she died, she didn't want to be a shrinking turtle.

Fight or die, shrink back, dare not be born, what kind of hero?

Looking at the pithy formula of five dragons Youtian Dao, the blood dragon only felt very complicated. After only looking at it for a while, his head was in severe pain and almost fainted.

"Thirty three Tianhong Mongolian law is too complicated!"

The blood dragon couldn't help sighing. After refining the emperor's Dragon beads, his blood vessels recovered a lot. If he wants to practice the ancient method of Hongmeng, his qualification is enough.

But the problem is, without the original jade slips, it would be too difficult to understand by ourselves.

"If only the master was here, he would be able to learn."

Blood dragon thinks of Ye Chen.

Ye Chen is intelligent and has practiced two ancient methods of Hongmeng. He has a very deep foundation. If he is here, he will be able to understand the secret of five dragon Youtian Dao.

.....

At the same time, the first Kingdom, samsara valley.

Qu Xueyong paced around the rune cylinder.

It's been a long time since my ancestors came into it.

There has been no movement.

During this time, he thought about countless possibilities, for fear that one might become a reality.

Laozu is the future of Qu family.

According to the current development of the kingdom of God, the disaster of extermination will eventually come.

Even if there is a connection between the qujia and Tiandao palace, Tiandao palace will not do anything about this disaster.

Although Xuanyuan moxie is powerful, he is destined to be a chess piece from the moment he sits in the palace master of Tiandao palace.

The musicians can only rely on themselves.

His wrinkled old face was full of anxiety, and he even gazed at the rune cylinder and prayed to himself, "grandfather, you must come back safely."

And in a space within the runic cylinder.

A vast air covers the world, and the underground blood flows into a river, as if to become a vast ocean.

Countless bodies piled up.

No one knows what's going on here.

This is destined to be a nightmare!

And in the middle of the nightmare, if you look carefully, you will surely find a girl's figure!

The girl's clothes turn red!

The face is extremely pale!

It's scarred!

She supported herself with the sword with great reluctance! If she doesn't support, she will fall down!

This belongs to Ji Siqing's stubbornness.

Ji Siqing slowly raised his head, blood blurred vision, she vaguely found a Weian figure constantly approaching.

The figure stopped and gazed at Ji Siqing, with a cold smile: "Qu Chenyan, do you still want to continue to accept this ceremony?"

"Your injury has no right to fight back."

"I can give you a good time when I read the past affection."

"But the rules are the rules. If the ceremony fails, they will stay here forever as a sacrifice."

Ji Siqing suddenly laughed. He pulled out the sword supporting his body. Shaking his hands, he pointed the blade of the sword to the figure not far away. He said word by word: "in the previous life, Qu Chenyan never compromised and was afraid. In this life, Ji Siqing is still like this!"

"Red bird sword in blazing sky, chop!"

Ji Siqing's eyes and eyes were burning with fighting spirit. He drank it and waved his sword in his hand, which instantly blew up the breath of Hongmeng.

It is even older than ancient times, and more mysterious than ancient times. The breath of Hongmeng constantly erupts from her sword.

Ji Siqing's sword suddenly exploded into a blazing fire.

The fire turned into a towering figure of rosefinch, with its head raised and its voice shocked the whole world.

This sword, martial arts, as if to tear this piece of heaven and earth!

Countless bodies have been reduced to powder.

This is Ji Siqing's way as a female martial god!

Ji Siqing knows very well that after this sword, she will fall!

But now she has no choice!

Chapter 3195

The rosefinch went towards the figure of the great bank.

However, the other side is shaking his head: "Ji Siqing or Qu Chenyan, your strength is too low, less than one thousandth of your previous life, this power is too small."

The next second, Wei'an figure waved his hand, and the rosefinch was torn!

But think how terrible the strength of the other side.

Ji Siqing looked at the rosefinch dissipated, her eyes dim a bit, her vision blurred, slowly fell down.

She knew that the ceremony had failed.

Is it really over?

If you sacrifice here, the price is too high.

Wei An's figure shakes his head, five fingers grip, a group of runes appear.

"It's time to end."

"After absorbing the soul of Qu Chenyan, I'm afraid the seal will loosen a little bit."

"Reincarnation?"

"This time, there is no reincarnation."

The rune moves slowly towards Ji Siqing's body.

Once it falls, the soul dies.

There is no time to think clearly.

.....

Outside the rune cylinder.

When Qu Xueyong was melancholy, suddenly, a fog accompanied by countless black gas appeared!

Vaguely, Qu Xueyong felt a flash of light in front of him!

But too fast, he didn't realize what it was!

He looked around the fog dissipated, eyes a coagulation, toward the column to go!

Cylinder, the door of void, was opened again!

However, the ancestor stressed that the general force of this seal could not be broken!

What's going on now!

Who's in there!

.....

The screen rotates.

The rune will fall on Ji Siqing!

Suddenly, a huge and ancient stone tablet appeared!

The stone tablet is constantly enlarging, but it is blocked in front of Ji Siqing's body!

Even with the coming Rune!

Runes shatter on the spot!

Wei An man's eyes fiercely shrink, a premonition surging.

"Who is it?"

The cold voice resounds!

After a short silence, suddenly a young and firm voice resounded in the sky!

"Your aunt Jilin is here to warn you not to move my sister."

Endless gas spread.

A little girl in a skirt appeared beside Ji Siqing.

The little girl had a special weapon in her hand.

The shape of the ring has no edge.

However, the circulation of the text above the ring is everywhere extraordinary.

Ji Zhenglin!

Wei An man's eyes fall on Ji Lin's body, suddenly a contraction!

Rare congenital poison in the world!

No!

This is not a normal inborn poison!

It's an advanced deep poison!

Congenital poisons are rare in the world, but they can be found everywhere.

But there is a kind of extreme existence in the congenital poison body!

That's Shen Yuan poison!

Once the deep poison body breaks out, it can make countless warriors feel like they are in the abyss!

Even if God is afraid!

This only appears in the eternal legend of things, unexpectedly appeared!

At that moment, the man's eyes closed and his eyes closed!

Countless runes around your fingertips!

"The spirit of poison stele, the shape of dragon!"

The next moment, that ancient stone tablet turned into a poisonous dragon!

Floating in the sky of Jilin!

Spreading, a land of poison!

Without any hesitation, the Dragon rushed to Wei'an man!

At the same time, Ji Lin holds Ji Siqing's body with difficulty, and goes quickly in a direction.

Ji Lin's eyes, only surging a light.

It's no longer the light of the little girl who's holding back.

"Hold on, sister. We'll be here soon."

"The ceremony will not fail."

"Sister, you have been guarding me."

"Jilin knew that I had been very ungrateful."

"I'm stupid."

"But I'm growing up now."

"I can protect you."

"Yonglao said that I have awakened the hidden attribute of the innate poison, and said that my achievements can surpass everything, even in the upper world and in the outside world

"But I don't care about these. I have only one identity in my life, that is your sister Ji Siqing."

"Elder sister, you must insist. We will see ye Baowang, who has carried the flag of the kingdom of God against demons. But in front of us, we must go to kunlunxu and Huaxia together." "There are a lot of delicious food in Huaxia. Sister, I will take you to every snack street."

"No, let ye force Wang to take us. We'll buy it. He'll pay for it and kill him severely."

"Sister Don't fall asleep It will be here soon... "

The light in Ji Lin's eyes is dotted.

It's also tears.

.....

Outside, a mysterious void, the deepest of the emperor yuan hall.

A humble cottage.

A white haired emperor Shi Tian is staring at the chessboard in front of him.

Oddly enough, this chessboard is not another chess piece, but belongs to Chinese chess!

It is engraved with a special text.

The emperor Shitian hesitated for a long time. He pushed his son forward and said to himself, "the end is the end, or it's not right."

"It seems that I don't understand enough."

"Chess, very interesting."

I don't know how long it took him to realize that the servants around him opened his mouth and said, "did you just say ye Chen of the palace of subduing demons in the kingdom of God killed the emissaries of the demons?"

"Exactly." The servant was quite respectful.

Emperor Shi Tian nodded slightly, and immediately thought of something. He said curiously, "I'm afraid the demon family is very angry. How long will the barrier of the kingdom of God be broken?"

"It's the hometown of the reincarnation Lord. I don't like it very much."

The next man's eyes congealed and said, "it's about half a year before the disaster of the kingdom of God is coming. If you don't like the kingdom of God, I'll send someone to erase it directly... "

However, Emperor Shitian shook his head: "you don't have to do it. I made rules with those guys in those years. Naturally, I can't destroy them."

"But..."

"Half a year is too long. Before that, I don't want the kingdom of God to be at peace."

"You take this thing, let the cold family break a part of the space, I believe the day demon clan will understand how to do."

"Before the destruction of the world, the kingdom of God does not deserve peace and respite."

The servant was stunned and immediately nodded: "yes, I will tell the cold family."

.....

A few hours later, ye Chen in the chamber of Secrets opened his eyes and burst out a burst of piercing divine light.

After defeating the evil night sky, he entered a short period of seclusion. In addition to absorbing the purple cloud stone of the evil night sky, he also understood the formula of the mietian sword more thoroughly!

In terms of strength, we have made great progress!

The cultivation has stepped into the three levels of chaos!

He stood up and walked outside the mount Voldemort. At this time, countless warriors had been waiting there, and they all looked at death as if they were returning home!

Ye Chen looks at these people and his eyes flash. Among the soldiers who take part in the war, there are many people he knows.

At the call of Ye Chen, all the disciples, elders and even the patriarch yuzhenzi of shenjizong came to the Fumo hall.

The situation of xuanyuezong is similar. All those who have achieved chaos in their cultivation have come to mount Fumo without exception.

Even his woman, his friend!

Chapter 3196

Ye Chen took a deep breath and clenched his fist secretly. In the final analysis, it is up to him to decide whether or not to win the disaster of extermination a few months later!

The strength of the overseas demons is far more than that of the Terrans. These warriors seem to be a powerful force, but ye Chen knows that in the face of a stronger existence, the number of people is meaningless!

All these warriors, demon clans, can do is rely on the Fumo mountain to prevent the weaker demons from breaking through the defense line, breaking into the Lingwu continent, and supporting Ye Chen to fight against the demons.

But even so, it is extremely dangerous for them!

But on the battlefield, even ye Chen can't cover everything and take them into consideration. All he can do is to defeat the opponent with faster speed and end the battle!

I hope there will be no accident in the kingdom of God in half a year!

At this time, the sky, suddenly burst out a burst of purple thunder, the whole sky, as if broken in general, a space crack, in the eyes of the public, slowly opened!

Clouds, lightning and thunder, wind howling, this Fu Magic Mountain around, a doomsday scene!

Ye Chen Mou son a congealing, looking at that crack, incomparably shocked!

Isn't there still half a year left!

Why suddenly tear!

Although not completely torn, but for the kingdom of God is also unprepared!

However, he Ye Chen will stop everything!

This time, the strong men sent by the demon clan should not be the main force, otherwise they would not have such strength.

It is estimated that the more purpose is to find a place for the dead emissary.

All of them looked heavy and whispered in their hearts, "here we are!"

I saw a black warship with a faint light shining all over the body, and drove out from the crack. The warship was extremely huge. On the warship, there were dense, purple and black extraterritorial demons!

These demons, looking at the soldiers on the mount Voldemort, one by one, are cruel, eyes, flashing the color of greed, as if, as if to see what delicious food in general!

Ye Chen looked at the black warship, his eyes more and more heavy up!

Now it's too late to close the void rift!

Fortunately, not all the demons are against the kingdom of God!

Even if it's part of the nightmare!

Why?

Because, these demons, completely by the chaos above the demons constitute!

Moreover, there are many demons with the strength of the heaven God realm alone!

Even, there are several breath extremely terrible existence!

What about Terrans?

Even though, during this period of time, the warriors who came to participate in the war tried their best to cultivate, and the land of Lingwu and Shenguo devoted all their martial arts resources to them, but they only increased the number of heaven God realms to a part

This gap is fatal!

A warrior in heaven and God can be equal to ten thousand chaotic strong men

This, or in the case of not considering the smell of terror demon clan

The situation is grim!

At this time, a tall, purple skin, flashing inscriptions, eyes, purple light such as electricity, with a face full of restlessness, impatient color, body movement, jumped out of the warship.

He appeared in the sky of Mount Voldemort, looked down at the people at his feet, and said with great contempt: "to our surprise, some of the barriers in the kingdom of God and other countries have suddenly broken up for some special reason! Only in this way can we pass a part, even a part of it, and God will help us!

I am the general of the demons family. The devil Jiuchi is just a group of you who killed the evil night sky? Now, I command you, if you start to kill the devil dusky day, give it all to me, stand up! "

The magic nine red, seems to speak at will, can be rolling sound waves, from its mouth, but like countless bombs explosion general, will shake the world shaking up!

The void is broken, and countless warriors and demon clans, who are still burning in their eyes, are extremely frightened at this time!

They look at the magic nine red in the air, full of pain, incredible color!

At this time, all of them are dead in their own minds!

At this time, a burst of five colors of light suddenly broke out on the Fumo mountain, which turned into a little light rain and flowed down into the people's bodies.

Mount Voldemort subdues the power of demons. It takes effect.

People's complexion, this just eased a minute, but, they looked at the devil nine red eyes, but one after another took on the color of palpitation!

In a word, it frightens countless warriors in the kingdom of God!

Just talking, there is such a terrible power. Where is it or what kind of devil?

Simply, it is the legendary god of doom possessed, the ability to penetrate the earth?

And the evil nine naked, emitting a very repressive, just like the deep breath, is to make these warriors, produce a kind of fear from the soul!As if, the magic nine red, is the master of the universe, born emperor general

Is this the legendary foreign power?

At the time when the minds of the people tend to collapse, a figure is reflected in their eyes.

That is Ye Chen's figure.

Ye Chen step by step, step on the sky and go to the body of the devil nine red.

Compared with the demons, the Terran's body seems a little small. But when the countless warriors of the kingdom of God saw Ye Chen standing in front of the devil Jiuchi, his gray eyes brightened up again!

A devil nine red, more than make them so afraid?

They also have ye Chen!

Ye Chen, like the God of war!

As long as ye Chen hasn't fallen down, they believe that Terran and demon clan will not be defeated!!!

"Red leaf demon is to kill you at night

He was a little surprised. At first, he thought that the devil dusky day was dead in the hands of the Qing emperor and long Xiyuan.

But when he saw Ye Chen, he did not doubt it.

Because, although Ye Chen only has the chaotic state cultivation, but faintly has given him a trace of pressure!

Ye Chen nodded: "yes, it's me! What, are you going to avenge him? "

"Although I don't know why this barrier suddenly tears part of it, I will erase the accident caused by this part."

"If you leave now, I will let you go."

The evil nine red hears the speech, but the face appears ferocious color, ha ha ha ha, a waste that died in the hands of such a inferior race as you, is it worth my Lord to revenge for him

But at the next moment, the voice of Mo Jiuchi suddenly got cold and said: "but, because you killed the waste, I was sent to the seventh God kingdom of rubbish in the first wave of attack. This is an insult to me!

Boy, I will let you pay for it

Chapter 3197

Originally, with the strength and identity of magic nine red, basically, the first battle, is not to go to war, now, he should still be in his palace, enjoying the delicious food, the beauty is right!

But because of the garbage in front of the human, killed the demon dusk day, angered the demon emperor, led to their own, had to fight!

This is the reason why magic nine red is most unhappy!

Ye Chen looked pale: "pay the price? You can't

"No way?" Magic nine red smell speech a Leng, the next moment, full face Sen cold way: "you say, what not?"

This lowly human, even said he was evil nine red can not?

Ye Chen stares at the purple eyes of the double killing intention of the devil Jiuchi, and says with no expression: "I say that your strength is not good, do you want me to pay the price? If you are not qualified, you can't! "

In an instant, the whole mount Voldemort, as if frozen in general, the temperature, dropped to below freezing point!

All Terrans, demon clans, and even the extraterritorial demons on the black warship all looked at Ye Chen with shock.

At this time, ye Chen even provoked the evil nine red?

Challenge a real God realm later existence!!

People's nerves, feeling some can not bear!

And those extraterritorial demons, even more incredible than Terran and demon clan!

A ghost look!

They do not know how many years, have not seen anyone dare to speak in front of the magic nine red!

Even among the demons who are famous for their ferocity, mojiuchi is extremely cruel and irritable. When they move, they will devour the same clan. Now, the human who knows nothing about death dare to challenge him in front of him?

What's more, even don't beat around the Bush, just say that magic nine red can't do!

Soon, that group of demons, is the face of incomparable fun.

This human, is dead, moreover, certainly will die very miserably!!!

Too much for death!

At this time, the magic nine red is almost to be ignited by anger, his whole body is bulging purple black blood vessels, eyes burst out a burst of purple light, open the mouth full of fangs, issued a shocking roar!

In this roar, it seems that the Fumo mountain will collapse for it!

Magic nine red hands, appeared a big axe, to Ye Chen roared: "reincarnation of the Lord has long fallen! Now, you are lowly human beings, how dare you say I am a devil nine red waste? Ha ha, I will make you extremely regret every word you said just now

After that, his whole body is boundless, and the evil Qi is surging, so he has to fight directly!

People's heart, also accompanied by the magic nine red hand, and nervous up!

But all of a sudden, ye Chen's look, is a move, he suddenly opened his mouth to drink: "wait a minute!"

Ye Chen looked at some void not far away, in the eyes, the cold light flickered.

There, there are several figures hidden.

Hidden very well, even ye Chen almost ignored them.

These figures, the breath that sends out, and that Yu Sheng, some similar, but more powerful!

Cold family is here!

The corner of Ye Chen's mouth, raise a road Sen cold smile, this damned cold family! At last!

Leng's family, what kind of abacus does the emperor yuan temple have in mind?

Do you want to wait for the end of this war, sit and collect Zixiao stone?

They promoted the war between the demons and the Terrans, and then, regardless of the lives of thousands of creatures, just to get the purple cloud stone?

Whatever the reason, ye Chen will not let them do it!

He said to magic nine red: "magic nine red, give me a little time, I now, have something to do."

He should give priority to the cold family, and never let the cold family and the emperor yuan hall gain any benefits in this war!

Moreover, it is very dangerous to let the cold family lurk aside and watch him fight with the demons. Who can guarantee that the cold family won't attack?

In his induction, one of the cold family members is more powerful than the devil Jiuchi. Naturally, it is better to kill it first!

As for the magic nine red, although it is the late existence of the celestial realm, but the real strength is not too strong, in today's eyes of Ye Chen, is not an opponent.

But the magic nine red, as well as that 300000 demons smell speech, but burst out laughing!

Magic nine red dead stare at Ye Chen way: "how? After seeing my father's hand, did you know you were afraid? Want to back down? Do you think it's too beautiful? It's said that you people are rubbish. People like to pretend, but in fact, they are very cowardly and timid? Today, it's better to see than to hear! "

A group of people are pale. Are they really afraid of the God of war in Ye Chen's mind?

Indeed, just now, although the axe of magic nine red has not been completely cut off, it has sent out a kind of terrifying pressure that can split the whole land of Lingwu and the kingdom of God in two!

Don't say ye Chen, who is facing this axe directly, is that all the onlookers have an impulse to kneel down and beg for mercy under this axe!Ye Chen, I'm afraid it seems reasonable

Ye Chen smell speech, but face a cold!

Since the evil nine red, so want to die quickly, then, let him be!

At the next moment, ye Chen turns his wrist and holds a dark sword. He doesn't have the slightest sign. He shoots at the devil Jiuchi directly!

He murmured, "well, will you be satisfied if I kill you first?"

In an instant, on the way of cutting out the sword, the supernatural spirit erupted from ye Chen's body, seven times of blood light, reincarnation of blood, the power of divine fire, the power of breaking the heaven, and the atmosphere of destroying Shinto, interwoven into one!

The terrified power poured down on the evil sword, and the divine spirit filled the air. The burning blood formula brought the divine blood in the body into full play!

The sword in his hand is like the most primitive abyss of destruction. It has the ultimate power to turn everything in the world into nothingness!

That is the breakthrough of mietian sword formula and the performance of three days after stepping into chaos!

Since, ye Chen chose to fight with the devil nine red, then, a move, is full force!

He wants to kill magic nine red, does not give cold family any chance to intervene in the battle!

Originally, or the color of sarcasm of the devil nine red, this moment, the expression is completely collapsed!

Magic nine red looking at Ye Chen that sword, purple eyes crazy shake up!

As if, what appeared in front of him was not a sword, but destruction itself!!!

"Die for me!"

Magic nine red roared, and his whole body was full of evil Qi. The axe in his hand broke out an endless cold light. The powerful demon clan's martial arts skills were displayed. A kind of wild, primitive, but extremely powerful martial arts charm pervaded the world!

In the face of the destructive power that makes the spirits vanish, the ferocity of the demon clan is displayed incisively and vividly. Facing Ye Chen's sudden extreme sword, he can still stabilize his mind and exert his full strength!

Even, in this critical moment, 200% of the extraordinary play!

Chapter 3198

Ye Chen's eyes are slightly heavy. The extraterritorial demons are indeed a terrible race!

Magic nine red this axe, will undoubtedly show their own strength, if not for the existence of Ye Chen, I am afraid that this axe alone will directly crush the 30 million troops of Terrans and demon clans into pieces.

Even the existence of Qing emperor and long Xiyuan did not have a trace of resistance to this axe, did they?

But, even so, can not change the end of the magic nine red!

He is bound to win this sword!

A giant devil's virtual shadow appears behind the magic nine red. Every surge of the pure and incomparable evil Qi breaks the space of thousands of miles, and the void storm sweeps the heaven and

earth. The martial law of the divine kingdom is already overburdened, and is eroded by the martial spirit of Ye Chen and Mo Jiuchi!

At this moment, people only feel that they are not in the Fumo mountain, but have come to a foreign land!

A foreign land full of the atmosphere of destruction and ferocity!

The overwhelming evil Qi quickly condenses and turns into an unknown monstrous beast. With the axe of magic nine red, he roars towards Ye Chen!

Finally, the sword light of Ye Chen collided with the beast transformed by the evil Qi!

Time, as if there is a moment of stillness!

It seems that, with the power to destroy the world, the monster of evil Qi collapsed in one thousandth of a second!

Even the big axe in the hand of magic nine red is full of cracks at full speed!

The pupil of Mo Jiuchi suddenly shrinks. All his bravery is cut into nothingness in front of Ye Chen's sword. What is left is a strong fear!

It's horrible!

That is the terror that the magic nine red has never experienced since its birth!

Outside the territory, it is very dangerous, and even there are countless more terrible creatures than the foreign demons. This is why the extraterritorial demons want to invade other planes.

In his whole life, Mo Jiuchi has experienced the crisis of life and death.

But!

What he has experienced is not comparable with Ye Chen's sword!

That is a kind of awe from the martial road!

At the next moment, Mo Jiuchi instinctively and recklessly retreats. The demon was originally a race who liked to fight to the end. Even if he died, he would not lay down his weapons, but

Mo Jiuchi, unexpectedly, threw down his Tomahawk directly. His whole body was burning with purple blood. He used the secret method and turned into a blood light. He quickly retreated behind him. While retreating, he yelled at the demons who were in the half step heaven and God state: "block me, block this blow for me!"

At this time, the monster, even the Tomahawk, has been transformed into nothingness, and ye Chen's sword is still moving forward!

For a moment, all the demons were confused. Those powerful spirits subconsciously obeyed the orders of Mo Jiuchi and started to attack one after another. Either the whole body was full of evil Qi, and tens of thousands of tentacles came out at the same time. On each tentacle, there was a weapon to attack Ye Chen's sword.

Or a big mouth, spit out a very condensed purple light, this purple light, seems to have the most powerful toxin and erosion force, the surrounding void, in the purple light, turned into black.

Or the hand pinches the method to decide, the whole body evil Qi is surging, the body sends out the extremely strong swallowing power, wants to swallow Ye Chen together with the sword awn which he cuts out!

The means of these demons are not strong!

Under the cooperation of seven people, on the momentum, even on the axe of magic nine red!

However, the scene that made the hearts of countless demons grow cold, appeared

The seven extreme attacks, into one, attack Ye Chen's sword, unexpectedly, without exception, have disappeared one after another!

Even, the strongest of the seven demons in this battle, all in the breath of shock, big mouth to spit blood!

Among them, three demons, unable to escape, were involved in the sword. They didn't even scream, so they turned into blood mist!

Silence, silence like death

The Terrans, demons and demons in heaven and earth are all looking at Ye Chen under the sky with a sword.

They had the same idea in their hearts.

Is this God?

Ye Chen, on the other hand, looked at the startled devil Jiuchi with a sneer and said: "just now, you didn't say that the Terrans love to pretend, but in fact, they are timid and cowardly? And now? How can I find out that it's not me that escaped, but you?"

The demons, who are famous for their ferocity, even throw down their weapons and run away. It's really better to see at first sight than to hear a lot of things? "

His eyes, suddenly cold down: "I said you are not qualified to let me pay the price, do you think there is a mistake?"

Magic nine red to bite teeth, dare not speak, and a group of demons, in the face of Ye Chen a person, for a time is no one dare to start!

On the contrary, they are Terrans and demon clans. In their eyes, the light is shining, and they are extremely excited and excited! Seeing that the most powerful demons, in front of Ye Chen, are like mole ants in general, these soldiers can not help but be determined!

At this moment, in Ye Chen's eyes, Han mang suddenly said: "everyone listen to the order, launch the ambush array, kill me! No one can retreat. Those who disobey the orders will die! "

Ye Chen was extremely decisive. He launched the general attack while the enemy's morale was shaking and our morale was high!

"Kill

For a moment, on the mount Fumo, there were shouts of killing, and the five FU Mo mountains sent out five colors of brilliance and condensed into a five element array. All the extraterritorial demons were trapped in the array. The 30 million soldiers, facing the 300000 demons, went to kill them!

And ye Chen is to lock in the magic nine red, as well as those several remaining powerful demon clan existence!

He didn't let Qingdi and longxiyuan deal with these demons. First of all, the Qing emperor was just advanced, and long Xiyuan was not experienced enough in fighting. Neither of them was the opponent of these demons, even surpassing the demons of the same rank.

Secondly, it is also the most important point. Although the number of Terrans is far more than that of foreign demons, there is a big gap in combat effectiveness. These gaps can only be made up by the Qing emperor and long Xiyuan!

For a moment, those brutal, ferocious demons, looking at those intrepid and fearless attack of the Shenguo army, was a little afraid!

The sword was rolling, the fist shadow was heavy, and the blood filled the five FU Mo mountains in an instant. In a flash, there were many casualties on both sides!

At this time, long Xiyuan was biting her teeth and her beautiful eyes trembled. Although she was arrogant and often hurt people when she was not happy, she did not kill many people. When did she see such a bloody scene?

But in the face of a head roaring to the demons, she can only be forced to stabilize the mind, constantly hand!

Blood, gradually dyed through his clothes, there is the blood of the human race, but also the blood of the demon clan!

She felt that she was going crazy, and she was eager to flee. Sometimes, it was a burden to kill people and other species!

Chapter 3199

Looking at her broken body and limbs and listening to the screams of demons and Terrans, long Xiyuan felt that her heart was unstable and she was going to be possessed!

Yes! She can only be calm!

Because, ye Chen gives her the task, is to protect Ye Chen's woman, teacher!

Originally, long Xiyuan still had some feelings of favoritism and insidiousness to Ye Chen's orders. But at this time, the sea girl, who had lived in the deep sea since childhood, was really moved by the man who had carried the whole world with her own strength!

Inexplicably, she didn't want to live up to Ye Chen's expectation for her. In that way, she was more unacceptable than death!

"Ah, ah! Death

Long Xiyuan's eyes coagulated, only to see Tu Lanxin. At this time, a demon in the middle of the heaven God state forced Tu Lanxin into a desperate situation. With a big mouth, she wanted to bite Tu Lanxin's upper body directly!

Tu Lanxin's breath was disordered, and her pretty face was pale. She had no resistance to the bite. She could only wait for her death. Her eyes were full of despair!

But all of a sudden, as if there is a suffocating wave roll, the original to bite off the demon, body shape, instant solidification!

Then, in the general sense of the big wave, a scream was sent out, and it was twisted to smash!

Long Xiyuan gasps and appears beside Tu Lanxin. Just now, she seems to be more afraid than Tu Lanxin himself!

Fear Tu Lan Xin die in the mouth of that demon!

Tu Lan Xin looks at long Xiyuan and doesn't say much. Instead, she immediately takes a blood red pill to heal her wound!

On the battlefield, there is no time to speak! All of us are fighting with all our might! There's a little bit of respite and it's all for recovery!

Only in this way can they persist on the battlefield a little longer!

And that pill, which is refined by Ye Chen, has healing ability and is extremely strong!

It can also be regarded as one of the bottom cards of the Terran and demon clans in this war. Otherwise, the two clans have no capital to fight against the extraterritorial demons with strong vitality!

At this time, the magic nine red looked at the leaf Chen that came to him at full speed, in the purple eyes, suddenly burst out a fierce and fierce color, and burst out: "you several, all give me over!"

Those wounded demons to the strong smell speech, slightly a Leng, but, or without hesitation toward the devil nine red and go.

After all, in the face of Ye Chen, the God of killing, depends on the magic nine red to have a trace of victory over it, isn't it?

Yes!

Just at the moment when those demons appeared beside him, he suddenly opened his mouth and burst out a strong swallowing power!

Take advantage of those demons have no guard, directly will them, all swallowed up!!!

The several demons, face crazy change, extremely despairing roar way: "damned devil nine red, you cheat us!"

"Ah, ah, I don't want to be swallowed up!"!!! Magic nine red, I am a ghost, and I will not let you go! "

"Stop it! Stop it

However, these roars soon died down. The several demons in the heaven God realm were completely swallowed by the magic nine red!

For a moment, the extremely strong evil Qi burst out from the body of magic nine red, and its breath actually broke through a level!

However, he suddenly swallowed several powerful beings. Even if he was a demon outside the territory, he could not eat it. The body of the demon Jiuchi expanded, as if he was about to be burst by the powerful forces in his body!

Ye Chen's eyes narrowed, and the cold light flashed: "do you think you can win me by swallowing the same clan? Hum, I devoured four demons in the heaven God realm at one time, can't bear it? In this state, it's easier to kill you! "

Ye Chen naturally would not let go of such an opportunity. He was full of spiritual power. He killed the Heaven Sword and butchered the God. He played to the extreme and was superior to the kingdom of God. He was killed by the devil Jiuchi!

But in the face of Ye Chen's sword, a strange smile appeared on his ferocious face and said: "the devil burning blood method, open it to me!"

All of a sudden, a high temperature from the body of magic nine red sent out, its whole body blood essence, it is fast burning up!

Originally, this secret method can only improve the potential for a short time. If it is overused, it will dry up the source and die. However, at this time, the magic nine red devoured the four celestial beings, and the energy in the body would have overflowed. At this time, the use of this day's magic burning blood method just reached a certain balance!

Of course, even so, the burden on the body is extremely huge, but at this time in the face of Ye Chen, where can the magic nine red still manage so much?

Feeling the surging power in his body, the magic nine red roared, and the shadow of the demon man appeared again, and another Tomahawk appeared in his hand. In an instant, the evil spirit was surging, and the phantom of the devil man, just like a great God in ancient times, burst out with a tremendous momentum!

"The devil cuts the earth axe!" cried the devil

With an axe, heaven and earth move. Even with the power to subdue demons, the extremely solid five element demon mountain seems unable to withstand the terrible power contained in the axe of mojiuchi. It constantly vibrates, and there are profound cracks on the mountain. It is one of the top 20 martial arts among the extraterritorial demons. It is extremely powerful. Even compared with some powerful skills in the upper world, it is not weak at all!

And the magic nine red is in the demon family in the sky above the axe to cut the earth, enough to row into the top 100 existence!

I don't know how many foreign monsters and demons who dare to challenge the magic nine red died under their axe, not to mention, today's magic nine red, after swallowing the same clan, uses the demons to burn blood method, and the power increases dramatically!

We can imagine how terrible this axe is!

In the face of this axe, even ye Chen looked gloomy.

Magic nine red see ye Chen's look, the joy in the eyes, more rich!

At the next moment, ye Chen's long black sword, which exudes the breath of destruction, finally collides with the axe in the hands of magic nine red!

With a huge bang, the void around both sides is broken. Facing this extremely strong axe, ye Chen is finally injured

On his arm, there was a bone deep scar, blood overflowing!

Magic nine red looking at Ye Chen's arm wound, smile, incomparably arrogantly, he is about to speak, ridicule Ye Chen, but all of a sudden, that smile, is solidified.

Why?

He looked down at his empty head!

The lower part of his body was completely cut into nothingness by Ye Chen's sword!

"How could that happen?"

Magic nine red sent out a frightened roar: "I devoured several gods and gods of the existence of the law, and the use of the devil burning blood method, strength has broken through, why, the defeat is still me!"

He can't believe it. He can't believe it!

At present, this celebrity youth is so strong!

Ye Chen coldly looks at the magic nine red, does not say a word, that ferocious wound on the arm, at this time, has tended to heal!

Can cut everything in half an axe, to Ye Chen also is to cause this kind of degree of injury just!

Ye Chen, why is it gloomy?

Because of time!

It's not because, after magic nine red cast secret method, ye Chen feels that he can't defeat him.

It's because this battle will take a little more time!

But with this delay, how many people will be killed?

Not to mention, after killing the magic nine red, there are still cold family need to solve!

Ye Chen, I can't afford it!

Chapter 3200

Ye Chen at this moment every minute, every second, listening to the reverberation of a dying cry, a cry of hurt, ye Chen's heart, are dripping blood!!!

The next moment, ye Chen body shape a flash, then appeared in front of the magic nine red body, a sword head to chop!

At this time, the magic nine red, the lower half of his body was completely chopped by the sword light with the breath of destruction. Even in terms of the vitality of the heaven demon clan, it was seriously injured and could not be seriously injured again!

He looked at Ye Chen, who appeared in front of him like a god killing God. He had no intention of resisting at all. His whole body was covered with purple blood. He left his subordinates who were still fighting, and turned into a purple light. He flew away from the five element demon subduing array!

Those demons who are still fighting are stunned. The voice of killing in their mouth stops for a time. Their purple eyes are shaking

The generals have fled. What else do they have to fight on?

In a flash, the demon army, which had gradually begun to occupy the advantage, fell to the bottom again because of the escape of the devil Jiuchi!

Even, many demons are rushing out of the five element demon subduing array!

Can you escape?

Ye Chen sneered: "want to escape? It's taken me too long

At the next moment, the sword light flashes, and the mietian sword Jue comes out!

In the distance, in the purple light which was about to break out, a scream was sent out. The powerful demon turned into a burst of blood mist and dissipated.

Sha sword above, blood light flash, then the magic nine red body purple cloud stone, into the hands.

Suddenly, ye Chen looked at the void in a certain direction and said, "have you seen enough? Yes, it should be out. "

Now, due to the escape of mojiuchi, there are many demons who want to escape in the battlefield. They die in the hands of Terrans and demon soldiers. The situation on the field is inclined towards the Terrans.

Ye Chen slightly relieved, in this way, he can also deal with the cold family more at ease.

After all, Leng's family is not the opponent he can fight with while destroying the demon soldiers. So, it is natural to solve the problem as soon as possible and settle down as soon as possible!

Otherwise, if ye Chen hands now to help the soldiers of Terran and demon clans attack the demons, in case one is accidentally attacked by the cold family, isn't it a ship capsized in the gutter?

What's more, this is only the first wave of the demons' attack. Today's foreign seal has been temporarily broken by what kind of existence.

However, it is still impossible to let too many and too powerful demons invade the major deities.

The really terrible battle is the attack after half a year!

Lingwu continent, as well as the seven kingdoms, want to live safely, relying on him alone is useless, we must rely on the joint efforts of all!

And this piece of land, want to be strong quickly, must undergo the baptism of blood!

Ye Chen can foresee that most of the soldiers and demons in the battle command will be killed or injured, but the overall strength of the demon subduing hall will change qualitatively!

Of course, blood baptism, of course, is important, but also in the case of not damaging the origin, if the army of the demon hall, people are almost dead, what is the use of baptism again?

However, the current form is the best opportunity to hone the public!

As soon as ye Chen's voice fell, there was a wave in the void, showing two figures: a handsome young man with a pale complexion, dressed in a gold robe, noble temperament, and a young woman with white hair and triangular eyes who looked rather gloomy!

The young man has good strength. He is less than 500 years old. He is already about six layers of heaven and God realm. Moreover, on his right hand, he holds a long sword with a beautiful ruby scabbard.

On the long sword, there are thrilling sharp breath. This sword is a very powerful weapon!

Moreover, the quality is very high.

It can even be compared with the Sha Jian which has already untied a small part of the seal now!

Of course, if all seals are untied, Sha Jian can definitely suppress this sword!

No, as long as one more seal is untied, the evil sword will be enough to suppress!

So ye Chen didn't care too much, but put his attention on the old woman in black!

The old woman in black gave him an extremely dangerous feeling!

His eyes flashed wildly. In front of him, the old woman was an existence of eight layers of heaven!

Today's Ye Chen, the bottom card out of the case, the strength is roughly equivalent to the heaven God realm six or seven layers of heaven, but there is a big gap!

Ye Chen's face, gradually gloomy, ugly, he miscalculated!

Cold family's strength, even stronger than its imagination!

Ye Chen takes a deep breath. If he has to, he has to fight everything, burn everything, and kill these two people!

As long as Leng's family is still alive, Lingwu land and Shenguo will never have a peaceful day!

The old woman's eyes flashed, and on her wrinkled face, she said with a sneer: "Ye Chen, don't you ask me to come out? Why, now, look a bit wrong, do you feel that you have miscalculated and regret it?" She one eye, then as if to see through Ye Chen's heart!

Ye Chen has suppressed very well, but that one silk mood fluctuation, has not escaped the old woman's eye.

Ye Chen said coldly: "are you cold family members? Or is it the dog of emperor yuan palace

On hearing this, the old woman straightened up a little and said with pride: "you'll regret saying that last sentence. I'm one of the deacons of the cold family, named Li xiu'e!

Of all the deacons in the cold family, I'm 37th. Do you know what this means

Ye Chen said with a faint smile: "I don't know, but it's not 38, but 37, which makes me a little surprised."

On hearing this, Li Xiue scowled angrily and said, "you son of a bitch, do you dare to be garrulous at this time? This means that Leng Jianguang is a deacon, there are 36 more powerful than the old man!

And above deacons? There are also offerings, and elders. As for the owner of our cold family, the ancestor is more than you can imagine

With that, her smile became sarcastic and said, "now, you should understand how stupid it is to fight against the cold family, right?"

He he, Yu Sheng described you as so rebellious, but? In the cold family, your strength is nothing at all. Even if you are among the deacons, the 37th veteran is enough to crush you

"Do you know why, it's just the old man who came here this time?"

leaf Chen lightly says: "because you are very idle?"

Li Xiue snorted coldly: "because, in the eyes of the Leng family, you don't even have the qualification to be the opponent of the cold family. It's just a bug that can be run over by a servant at will."
