

## Physician 321

### Chapter 321

The vibration of the reincarnation cemetery is more and more intense, and ye Chen's breath is short.

Those red lights seemed to break through the sky, gorgeous.

He also felt the spirit of the reincarnation cemetery to the extreme, far beyond the power of the jade pendant!

Even Kunlun Xu can't compare with the aura here!

"This is..."

Ye Chen just wanted to ask the old man in black robe, and saw that the latter yelled and pointed at the foreign spirit stone above the sky!

The foreign spirit stone directly disintegrates, innumerable pieces are surging in all directions!

Ye Chen is surprised to find that the interior of the foreign spirit stone is actually a red bead.

The whole body of the bead is red, and there is a faint flame around it. It is extremely mysterious.

The black robed old man said, "this pearl is called yuxinzhu, which contains foreign aura. It falls on the earth once every thousand years. The last time, this bead falls, which leads to an ancient war. Nearly a thousand strong people died!

You should be glad that the spirit of China is scarce. The cultivators are not as good as before. Most of them even regress to practice ancient martial arts. Otherwise, it is more difficult for you to obtain this pearl from the hands of others than to ascend to heaven.

What's more, if this pearl falls on Kunlun void, you can't get it. "

Ye Chen looks at that peerless domain heart bead, can clearly feel the blood vessels of the body are boiling.

"Boy, I'm going to leave completely in three days, but with this bead, I can help you for at least ten days.

Ten days later, I may really be dissipated. I don't know if you and I can meet again

Hearing this, ye Chen took a deep look at the old man in Black: "master, although you don't let me call you master, I Ye Chen always admits that you are one of my masters."

When the old man in black heard this, his eyes twinkled with a trace of solemnity.

After a few seconds, he opened his mouth and said, "boy, the more you get to the back, the stronger your strength is, the deeper you touch the things you touch. You will gradually find that we are taking advantage of you. The burden on you is too heavy and heavy. It is very difficult for you to break through the strange and unpredictable situation of the world by yourself. "

"At the moment when the tomb of reincarnation opened, the fate of our hundred people was completely bound up with you. You are our salvation and the only hope of our hundred people. You will find that the world is full of evil and darkness. There are some people standing on the cloud who control the life and death of all people. They control everything and make the world what they want... "

"The enemy you have to face is tens of thousands of times stronger than you think."

"The key is that you control the matter of the samsara cemetery. I don't know how long you can hide. If those people find out your existence, they don't have to start, they can crush you to death with one finger in the air."

"What we can do is to turn you into a strong opponent of this existence, just because you are our turning man."

There is a serious meaning between Ye Chen's eyebrows and Yu: "master, what kind of people are you talking about? And what happened then, and why are you in the samsara cemetery? "

The old man in Black opened his mouth and tried to say something, but he swallowed again: "forget it, the last few will tell you. With your current ability, it's no use knowing it. Instead, it will have an impact on your Tao mind. "

"In these ten days, I will try my best to help you understand the real way of killing."

Language down, the black robed old man pointed at Ye Chen's eyebrow.

Then, five fingers in the void a grasp, the domain of heart beads will appear in his palm.

He explained to Ye Chen: "we have absorbed most of the power of this bead. If you take this bead, it will have great effect on your body and cultivation, and strive to break through the realm."

"What's more, after solving the affairs of Hui'an Province, I'll go back to Jiangnan province immediately. I don't have much time left. You must shut up completely once!"

"Yes, master!"

Soon, ye Chen returned to reality.

He found that Zhu Ya had fallen asleep by the side of the bed. In order to make Zhu Ya sleep well, ye Chen pointed to one of Zhu Ya's acupoints.

Then he stood up and hugged Zhu Ya on the bed and covered the quilt.

But he quietly came to the hall and sat cross legged. He took down the bead in his hand. In an instant, his whole body was filled with a colorful light!

The light is more and more prosperous. The blood dragon shadow of his body seems to have found something. The Dragon roars and comes out!

The blood dragon is circling around Ye Chen, as if protecting Dharma for him.

Today, he will break through two realms!

"Boom

The black stone flies out of Ye Chen's pocket.

Directly above his head! And then a column of light came up!

"Broken!"

The elixir field is broken, and then it condenses again, and countless auras fill the whole body!

A broader field of elixir was born!

If the previous Dantian was a pond, now it is a lake!

At this moment, he found that his injuries had disappeared. It's like being reborn.

Ye Chen opened his eyes and found that he had made a breakthrough in his cultivation. The blood dragon's virtual shadow also grew up a little bit.

The spirit of killing is getting stronger and stronger. It seems that the blood dragon can swallow everything in one bite.

I thought I could break through the next level, but I don't know why. I stopped at the last minute.

It's like there's a force in the way.

"The more difficult it is to break through the prison this time, the more difficult it is to get out of the prison, the more difficult it will be to get out of the prison."

Ye Chen clenched his fist and stood up.

Maybe she felt something. She opened her eyes and changed her face when she found herself lying in bed.

She suddenly sat up: "Mr. Ye, I'm sorry I don't know why I fell asleep. Here's the bed... "

She just wanted to get up, but was pressed by Ye Chen: "bed for you, cultivator, heaven and earth are beds, I really don't need them."

Chapter 322

"But Mr. Ye..." Zhu Yagang wanted to talk, and was surprised to find that ye Chen's injuries had disappeared. Not only that, but also his momentum was strong. He felt like a strong man conquering the world.

"Mr. Ye, did you break through?"

Ye Chen nodded and ordered: "now at four o'clock in the morning, you can sleep for a while. Tomorrow morning we will leave qianjue mountain. The slap of Anshu mountain should be returned to him."

.....

Seven in the morning.

The door was knocked.

Don't guess, ye Chen knows it's master Jingdao.

Ye Chen opens the door. Master Jingdao at the door holds a jade bottle in his hand. He takes a look at Ye Chen and shakes it slightly: "this is the liquid I made for you yesterday. It should speed up the recovery of your body, and..."

Before he finished speaking, his voice suddenly stopped!

The expression became extremely strange and frightening.

Because he was shocked to find that ye Chen's injury completely disappeared!

Master Jingdao's eyes are filled with a trace of horror. He knows better than anyone that the injury has not lasted for a week and can't be repaired at all!

But what is the ghost in front of you?

As an expert of a generation, he soon suppressed the shock in his heart and said with a smile: "it seems that I still underestimate you. If you can recover in such a short time, you also have many secrets."

Ye CHENGONG arched his hand and said again, "thank you for your help. If there was no master yesterday, maybe I would have fallen here."

Master Jingdao put away the jade bottle in his hand and said with a smile: "that's not true. Although I have been inside before, I know clearly what happened outside. It's not common for you to suppress so many powerful people in Hui'an province by yourself. As for the person who wants to kill you, it should not be so easy.

Even if I don't, I believe you can get away with it. "

"By the way, I have ordered people to send a message to the martial arts circles in Hui'an province this morning. I have deprived you of the extraterritorial property you got last night, so that you will face fewer problems in the future.

Those gangsters will only bully the soft and fear the hard. In the face of me, they don't even have the right to speak! That's the only thing I can do for you now

At this moment, ye Chen is a little confused.

They are not relatives. Why should master Jingdao help himself?

The key is from the mouth of those powerful people in Hui'an province that the current strength of master Jingdao is very likely to enter the top five of the list of Chinese masters.

How can such a legendary character manage a younger generation?

All this is too strange, even let Ye Chen have to doubt each other's motives.

As if aware of Ye Chen's doubts, master Jingdao took out a jade pendant from his pocket.

"I know you will doubt, then I will not hide it. Ye Chen, do you know this jade?"

Ye Chen's eyes fell on the jade pendant, and his face changed!

Because this jade pendant belongs to his mother!

"How could this jade be on you?"

His tone was extremely serious.

Master Jingdao went to a direction: "you come with me."

The two came to a courtyard of the temple. There was a pavilion in the center, with a couplet on both sides of the pavilion.

Perhaps after years of traces, couplets are still dilapidated, but vaguely can see the handwriting.

Ye Chen expression more and more strange, this word is also mother's.

"Ye Chen, I have known your mother for more than 30 years. At that time, I didn't enter the list of Chinese masters. At that time, I was just a humble warrior. I offended a very strong force in the capital, and the situation was worse than you yesterday. Just when I was on the verge of death, your mother rescued me.

Not only that, she does not like cultivation, but occupies the largest cultivation resources of the Jiang family. She secretly gave me some cultivation resources, which also made me today.

I help you now, just to return the love of that year. Your mother is really a very kind person

"Seven years ago, your parents came here to see me. At that time, I had already made some reputation in China. They gave me this Lingyu, probably considering that there would be an accident in the Ye family. They hoped that if there was an accident in the Ye family one day, you could survive.

And I want me to help you, not to set foot on the road to martial arts, at least let you have the ability to protect yourself. "

"After the accident of Yunhu villa, I went to Dongqian Lake to look for you, but I didn't find out. Later, I wanted to avenge the Ye family, but when I came across something in Yunhu villa, I gave up and had to shut up quietly to make myself stronger. That was the first time in ten years that I felt small."

"Now, my strength is enough to be your master, and I firmly believe that no one in Huaxia is more suitable to be your master than me! I will give you all I have learned in my whole life. Do you really want to be a close disciple of Jingdao? "

Everything is clear, and ye Chen finally understands why the other side will make a move.

It turns out that parents have already prepared everything for themselves. Just when master Jingdao thought Ye Chen would promise, ye Chen said, "master, I know your kindness. I have a master."

He refused without hesitation.

Master Jingdao was stunned. His face was frightened and surprised. After a few seconds, he calmed down and nodded: "in this case, I don't ask for it. No matter what happens in the future, I'll do it again for you."

"Master, I have only one question now. Do you know the whereabouts of Lin Juelong?" Ye Chen was extremely serious.

Hearing these three words, master Jingdao's expression is extremely strange. He can't imagine that ye Chen has touched the real identity of that person!

He knows Ye Chen wants revenge, but now with his strength, how to repay? Even if he knows, speaking out is equivalent to harming Ye Chen.

He finally shook his head: "I only know that the Lin family controls half of the martial arts circle in the capital, and even a very strong force in the dark of Huaxia is also controlled by the Lin family behind the scenes. Ye Chen, I know you are eager for revenge, but don't go to the capital before you enter the top 10 of the list of Chinese masters. This is not a warning, you can understand it as a threat."

Ye Chen knew that he could not ask anything more from master Jingdao, so he arched his hands and prepared to say goodbye: "master, I still have something to do, but I'm just bothering you a lot. I'll come to thank you some other day."

Finish saying, then called Zhu Ya in the room, let her take good thing to come out.

Before leaving, ye Chen thought of something, took out a delicate small box from his pocket, handed it to master Jingdao, and said, "this gift should be thank for master Jingdao's help yesterday."

Master Jingdao didn't think much about it. He took a complex look at Ye Chen and took it over directly.

"Ye Chen, I take over the things, but I hope you will listen to my advice, really don't go to the capital city, where the fish and dragons are mixed and the forces are intertwined. Many strong people step into it and they can't come out alive."

Chapter 323

Ye Chen waved his hand and went directly to the foot of the mountain. The black robed old man who was reincarnated in the cemetery had little time left. After solving the affairs of Hui'an Province, he had to go back to Jiangnan province.

Then, shut up for ten days! Completely inherit the killing way of the black robed old man!

Ten days later, after the killing, it was time for him to set foot on the capital.

Master Jingdao looks at Ye Chen's far away figure and shakes his head helplessly. The gate closes again.

This time I don't know how long it will take.

If you want to open it again, it should be for ye Chen.

He returned to the training room and put the box that ye Chen gave him on the table. Originally, he was going to continue to practice. Suddenly, he did not know why, he was interested in Ye Chen's box.

"This son won't send any ginseng to himself."

No more thought, five fingers a grip, the box fell on the palm of his hand.

He opened the box, and a strong smell of medicine poured out.

Six pills lie quietly in it!

The key is the smell of the pill Too strong!

At this moment, however, his ancient mind set off a storm!

"Four kinds of pills with seven patterns! How can it be! "

He exclaimed, and his voice trembled!

I'm totally out of shape!

China has been many years, there is no such level of pills!

According to the above lines, the refining time of this pill is within a month.

The top alchemists come out?

"What did this kid go through..."

.....

At the same time, Hui'an province settled down.

Ansu mountain was restless and hardly fell asleep all night.

Because the boy is not dead, with his character, it is very difficult to settle down!

On that day, so many powerful people could not kill this son. How could he settle down!

As a result, he early in the morning informed several forces that had united to encircle and suppress Ye Chen, and discussed the decision together.

"I think the biggest problem right now is master Jingdao. We can't do anything to protect that kid."

An old man with some baldness said.

"In fact, there's no need to worry so much about it. It's not sure that the boy can survive after being seriously injured! Even if they survive, they will become disabled people... "

Hui'an Province Liu's home owner said.

"No doubt, the best way for us to be at the foot of the mountain is to defend the strong man at the foot of the mountain! If you don't kill this son, it will be a great disaster! "

The representative of the cold family also stood up and said, his voice was shaking. After all, the boy's bloodthirsty beheading was really terrible!

At this time, an Ruoying, who had been silent beside her, said: "Dad, in fact, you just have to apologize to Mr. Ye. With the relationship between me and Zhu ya, Mr. ye should be merciful..."

As soon as this was said, the whole conference room was quiet.

"Pa!"

An Su Shan clapped his hand on the table and angrily rebuked, "I only let you listen in, I didn't let you speak! Besides, you can't ask us to apologize! "

His eyes twinkled with a trace of cold, and said: "I support Leng clan leader! This son must not stay, in the next few days, our first task is to attract all kinds of strong! I will also contact the people in the blood plum hall to make a move. Even with the sky high price, I can't let that ye Chen leave qianjue mountain alive! "

At this time, Leng family leader again said: "an clan chief, what about the woman around the boy?"

Hearing this, an Ruoying's face changed greatly and even said, "Dad, Juya is my good friend. You also know that. She and ye Chen just got to know each other. There is no need to involve her in it."

An Ruoying is a hand to grasp the hand of ansu mountain, pleading.

"Hum!"

Unexpectedly, an Su Shan threw his daughter away directly. His eyes narrowed slightly and said in a cold voice, "that woman's identity is also special. She belongs to the Zhu family in Jiangnan Province, and has a wide range of contacts. If she is released back to Jiangnan Province, it will be bad for us. Moreover, the relationship between this girl and the boy is not general. Maybe she will do something crazy.

In that case, kill them together

Cold murders spread throughout the conference room.

Just then, a loud noise came!

The iron door of the conference room was pierced directly by a pair of fists! Release the powerful energy!

Five fingers open!

"Tear

The next second, the iron gate was torn directly!

This scene is extremely weird!

This iron gate is made of special material to prevent ancient warriors from breaking open!

But I was torn open like paper!

"Bang!"

Tear two half of the door, the momentum burst, carrying the rolling air, hit them!The speed of the first two people is not too fast!

"Crash!" One, two men with great power in Hui'an province turned into a pool of meat mud directly!

Blood splashes! It's the ultimate horror!

In this scene, anshu mountain and other people all reacted to this scene and took out their weapons in a hurry and stood by!

They stare at the smoke and dust, vaguely see two figures!

"Who dares to come to my house and die?" Ansu mountain exclaimed!

But soon, his ferocious face changed completely! Get scared!

Because the smoke disappeared, the two figures were completely exposed in front of us!

Ye Chen and Zhu ya, the evil spirits of yesterday!

"How could he have recovered in just one night?"

Ansu mountain consciousness back a few steps! An invisible fear enveloped the audience!

From ye Chen!

Everyone in the conference room was shivering and cold!

"All of you, kneel down and die!"

Ye Chen a angry drink, such as rolling thunder broke the hearts of most people!

The blood dragon of his body is gushing out directly! Around him!

Ferocious and killing.

"Plop!"

A few people with low strength knelt down directly, and came to Ye Chen with his knees, flattering him:  
"master ye, what happened that day..."

Words have not finished, ye Chen hands condensed out a few wind blades, blood accumulation move,  
three heads fall together!

One even rolled to the foot of ansu mountain!

An Sushan and Leng clan chief Mou Zi shrunk, knowing that the matter had become serious, he quickly  
said to several people around him: "since this son has already come to our door, it is inevitable that the  
matter will not end well. All of us should go together and not leave our hands! Today, either this son  
dies or we die! "

Language down, seven or eight figures directly toward Ye Chen!

Ye Chen at the moment is still yesterday's Ye Chen!

Across two realms, the body is a domain of heart beads, who can stop!

He didn't even use the sword to cut the dragon. He rushed into the crowd directly!

In a flash, the flesh and blood are flying, and the strong strength directly tears the whole court!

In the deafening sound, the ground is covered with blood!

All people can't even stop Ye Chen's attack!

At this moment, ye Chen is the God of killing. Wherever he goes, there is only blood and incomplete  
flesh!

Leng family leader no longer hesitates, condenses the whole body's strength, in the hand long sword splits directly! I thought I could hurt Ye Chen seriously, but I didn't expect the sword was directly held by Ye Chen!

The powerful sword Qi disappears directly in Ye Chen's palm!

"Click!" With a sound, the long sword was broken. Ye Chen held the half of the broken sword. When his arm shook, he shot it directly. The broken sword pierced the cold clan leader's heart and died on the spot!

And only Ansu Mountain is left!

Ye Chen didn't do it, instead, he stepped on it. The cold family seemed to usher in an earthquake. The ground was divided into four parts with Ye Chen's feet as the center! Spread like a spider web!

"Ansu Mountain, kneel down for me!"

Ye Chen's endless pressure burst out! The blood dragon goes directly to Ansu Mountain!

"Click!"

Ansu Mountain knee fracture, kneeling directly on the ground!

Chapter 324

At this moment, An Su Shan's expression was extremely frightened.

His shoulders seemed to bear a huge mountain!

Key in front of a blood dragon virtual shadow is staring at him!

This blood dragon, he seems to have known each other before!

At the beginning, he thought he was dazzled at the top of qianjue mountain, but now it seems that he is not!

Ye Chen really has a blood dragon shadow!

His whole body was wrapped in a sense of death!

He knew very well that the evil spirit had broken into his home. This time, he would not escape!

He did not beg for mercy, a word did not say, that unyielding eyes staring at Ye Chen.

All of a sudden, he found Ye Chen broke through! Is the strength different from before?

In the first battle of qianjueshan, he didn't get hurt, but became stronger?

What evil is this?

"You owe my friend a slap."

Ye Chen's faint voice fell, as if death's verdict.

"Do it, Juya. He dare not resist. "

Zhu Ya hears Ye Chen's order, wants to start, but still can't under the hand.

An Su Shan is an Ruoying's father. Although he has seen him less often, he has received him.

Slapping her best friend's father, she really can't.

"Anya, you didn't want to let go of this man just now."

Ye Chen said coldly.

If Zhu Ya doesn't slap him today, he will be very disappointed. At least, he won't have too much intersection with Zhu Ya in the future.

People who are too soft hearted will only bring trouble to themselves.

Zhu Ya naturally felt the chill in Ye Chen's tone, her eyes coagulated, no longer hesitated, slapped directly out!

"Pa!"

Incomparably crisp!

A red palm print leaped up.

Ansu mountain's eyes were full of blood, and his deep voice roared: "you stinky bitch, you dare to fan me. If I don't die, I will..."

Before she finished speaking, Zhu Ya slapped out again!

Her cold voice fell directly: "the slap was for me, and this slap was for Mr. Ye! You shouldn't offend him for your own benefit, really not. "

"Grass!" Ansu mountain is angry to the extreme, full of anger, trying to kill Juya, but found it impossible!

In the first World War of qianjueshan, he has not recovered from his injuries. Now, facing Ye Chen at his peak, how to stop him!

After all this, Zhu Ya went back to Ye Chen's back and said in a soft voice, "Mr. Ye, I'm ready. I'll give it to you next."

Ye Chen nodded and grasped it with five fingers. A long sword on the ground fell directly into his palm.

He put the long sword on the neck of ansu mountain and sneered: "I might have taken care of you to settle down, but it's a pity that you miscalculated and died -"

in words, the sword directly cut the neck of ansu mountain.

At this time, a beautiful shadow rushed over and held Ye Chen's feet directly.

It is an Ruoying!

An Ruoying doesn't want to have an accident with his father, or the house will be completely ruined!

At the end of her voice, she begged Ye Chen, "Mr. Ye, please let my father go, even if you look at me and Zhu Ya's face."

Although she was moved, she said, "Mr. Ye, don't look at my face. He deserves to die."

If ansu mountain does not die today, it will surely find another opportunity to revenge. At that time, I'm afraid it will involve the Zhu family.

Seeing that this method is useless, an Ruoying asks for mercy: "Mr. Ye, I'm willing to be a cow and a horse for you. I just hope you let my father go! Please

"Leave your father alone?" Ye Chen opens a way, the tone is very calm.

Hearing Ye Chen's reaction, not only an Ruoying is extremely excited, but even ansu mountain also feels a way to live!

"Yes, yes, yes." Ann Ruoying nods fiercely.

The next second, ye Chen's sword moved, and his strength broke out, and a cold light flickered.

The head of ansu mountain fell directly.

A cold and extremely cold voice resounded throughout the room: "you are just a pink skeleton. Why should I listen to you? I let go of ansu mountain today. Who will let me go of Ye Chen in the future? "

"It's my greatest kindness not to kill you."

"Juya, let's go."

Words fall, ye Chen toward the outside.

He didn't hate an Ruoying too much, but the martial road was so cruel.

Kindness to the enemy is cruelty to yourself.

Juya took a look at an Ruoying and said, "Ruoying, you and I are still sisters. If you can't make it in Hui'an Province, come to Jiangnan Province, I will protect you all your life. This is the only thing I can do for you."

Leaving this sentence, she followed.

Outside, Juya said curiously, "Mr. Ye, where are we going next?" Ye Chen gazed into the distance and said in a cold voice, "those forces who surrounded and suppressed me yesterday will go to the door one by one."

Throughout the morning, Hui'an province seemed to be shrouded in a shadow.

Death's sickle has touched the neck of countless strong men!

The heads of several big families in Hui'an province were all decapitated!

In just four hours, all the forces in Hui'an Province, large and small, were destroyed by a mysterious man!

Where does the mysterious man come from!

I only know that his sword is so fast that everyone can't react.

After today, Anhui Province wudaojie is bound to usher in a big earthquake!

Stable situation for many years, completely disturbed by that mysterious man!

At the same time, there was another big event in Hui'an province. News flowed out. Last night, Qianjue mountain had a strange vision. There were lots of foreign treasures, and countless powerful people competed for it. Finally, this foreign treasure fell into the hands of master Jingdao!

For a moment, the whole Chinese martial arts world set off a wave!

The strong man who once dominated the world of Chinese martial arts and Taoism came out!

.....

2 p.m., Baiyun Airport, Jiangnan province.

Ye Chen got off the plane and went straight to Mingcui villa.

Sun Yi and Xia Ruoxue have called several times. After all, there are news reports about Hui'an province.

It's extremely dangerous to say it's a serial killer.

Although contrary to the truth, but also panic.

The second daughter was worried about ye Chen's safety and asked him to go back quickly.

During this period, Lei Shuwei also called. The purpose was very clear. He wanted to know whether ye Chen had anything to do with it.

When he heard Ye Chen's reply, Lei Shuwei sighed.

Ye Chen is right. If there is another monster born in Huian Province, the dragon soul will have trouble to deal with.

Because these people are extremely dangerous.

Lei Shuwei knows Ye Chen. Although he is very dangerous, he is not the kind of person who is heinous. On the contrary, looking at the whole world of martial arts and Taoism, ye Chen can be called sentimental and righteous.

Lei Shuwei tells Ye Chen that the Dragon Spirit will suppress this matter, and he also tells Ye Chen good news that someone inside Huaxia Wudao Bureau has stolen important information. Now the whole

Huaxia Wudao Bureau has shifted all its focus to finding the information, and there is no time to deal with Ye Chen again.

That's what he wants.

He needs ten days without being disturbed.

Chapter 325

Ye Chen returns to Mingcui villa and is surprised to find that the second daughter is actually practicing.

In just a day or so, they broke through again.

Xia Ruoxue opened her eyes, looked at Ye Chen, vomited out a turbid breath, and said seriously: "if you don't come back, we may really want to go to Hui'an province to find you. By the way, I now find that my body is very light. Just now I tried to jump, and it was two meters, which was too frightening.

Will the skills you gave us fly when we practice them at the end? Why do I feel totally different from those skills in martial arts

Ye Chen smiles and says the concept of cultivator and ancient warrior once more, and Xia Ruoxue nods his head vaguely.

Although I don't understand, it doesn't matter to her at all, as long as she can protect herself.

She has been practicing hard recently, just don't want to hold back Ye Chen at the critical moment.

Not long after, Sun Yi also woke up from the practice, she directly asked Ye Chenhui about Ansheng.

Ye Chen in order not to let two women worry, then made up an excuse, although two female heart some doubt, but also did not debunk.

They are all smart women, in fact, many things are known in the heart, can be hidden in the heart.

Ye Chen drank a glass of water, thought of what, seriously said: "by the way, I may be closed for ten days, these ten days, I will stay in the room on the third floor, I will let the people of LuoCha and dark hall guard at the door, if you two go out, you must be accompanied by experts."

"The closure is very important to me and my only chance."

"Of course, if you have anything important to do, you can come to me, and I will force myself out."

Xia Ruoxue and Sun Yi nodded and said in the same voice: "don't worry, we will try our best to do our own things in these ten days, and will not disturb you."

After that, Sun Yi said again: "after the last storm, Tianzheng Group has a blessing in disguise. It has completely opened up the market, and its turnover has broken records almost every time. Yesterday, Shen Haihua called me and asked about the expansion of the market. He also asked me to ask you: how much monopoly do we have in the southeast market? Should we gradually lay down the national and international markets?"

Ye Chen pondered for a few seconds and looked at Sun Yi and Xia Ruoxue: "I'll leave this matter to you two. You can make up your mind."

Summer if snow beautiful eyes flow: "you don't want to know your own value? It's really scary"

Ye Chen shakes his head: "I can hardly use too much money now, enough is enough."

Finish saying, ye Chen then prepares to go upstairs.

Just then, the doorbell of the villa was rang.

Xia Ruoxue gets up to open the door. It is ye Lingtian, the king of Nanjiang, who has not been seen for a long time!

"Master of the temple!"

Ye Chen frowned, surprised: "how did you come?"

"Report to the Lord of the palace, you have asked me to keep an eye on the Dragon Lord in the capital, that is, Lin Juelong. I have just heard from you!"

Ye Chen Mou son shrinks, a step strides out, came to ye Lingtian directly in front of, cold voice way: "where is he?"

"Temple master, half an hour ago, Lin Juelong appeared at Beijing International Airport!"

With that, ye Lingtian also handed out a photo!

The picture shows a burly middle-aged man.

A black windbreaker, cold eyes, a strong breath seems to overflow from the photo!

A man with a broad mind is hard to beat.

A single photo, even let life out of a trace of fear.

It can be seen how terrible Lin Juelong's real strength is.

Looking at the person in the photo, ye Chen curls up all over his body, and a blood dragon roars in his heart.

Although the parents are still alive, but the pain of extermination that day is unforgettable!

It has become the only motivation for him to live in Kunlun for five years!

Revenge!

After coming out from Kunlun, he didn't have the first time to revenge, because there was no news from Lin Jue long!

And now, Lin Juelong appears!

As if to herald him to set foot on the capital! Cut off everything!

No one can escape this battle!

"Are your people still staring at Lin Juelong?" Ye Chen Dao.

Ye Lingtian nodded: "my people dare not too close, almost all in a few hundred meters away to pay attention, it is estimated that there will be new news coming soon."

As soon as the words fell, his cell phone rang.

Ye Lingtian looked at the caller ID and handed the mobile phone to Ye Chen: "the hall master is him."

Ye Chen is shocked. He puts down the answer button on his mobile phone. He wants to talk, and a deep and magnetic voice rings first:

"I hate being followed by mole ants. I don't care who you are. If you want to die, you are welcome at any time."

The phone hung up.

The voice of Lin Jue long!

Ye Chen is very clear, those several dark hall strong must all have an accident.

He looked at ye Lingtian and ordered, "from today on, you don't need to monitor Lin Jue long." "Lord, why?"

Ye Chen Mou son twinkles a cold light: "because - ten days later, I will go to the capital city to look for him!"

He and ye Lingtian explained some arrangements for ten days. Then, he went upstairs, closed the door and took out the black stone!

Aura overflowing, directly to the samsara cemetery!

The old man in black is already waiting for him.

"Boy, for the next ten days, you just have to do one thing and kill me."

The voice of the old man in black sounded.

"If you can't kill me, I'll make you feel what hell is."

The old man in black has a strong killing spirit all over his body. His body is even more rushed out, killing the sky!

.....

At the same time, the capital is a magnificent and mysterious temple.

A middle-aged man is sitting on the top, carefully wiping a long sword!

The whole body of this sword is red and full of aura. It is obviously a peerless sword!

Even with Ye Chen's dragon sword!

The middle-aged man's expression is extremely cold, even if there is no release breath, but it makes people feel a little dangerous.

He is Lin Juelong!

Lin Juelong points at the sword, and the sound of the sword sounds.

An air wave appeared in the air.

Kneeling below was an old man with gray hair, whose eyes were full of fear.

"Mr. Lin, what you asked me to investigate has come to a conclusion. The people who are following me today are from Jiangnan province. As for the specific origin, it is not clear that the background of these people is almost blank."

Lin Juelong raised his head and sneered: "for so many years, no one has ever dared to follow me. Do those wastes in Jiangnan province don't want to live? Let me continue to check. Once you find out who it is, all the people and forces involved will be wiped out. One will not be left, including children and the elderly. "

The old man nodded. Suddenly, he thought of something and said curiously, "Mr. Lin, why did you suddenly return to the capital this time?"

Lin Juelong put the sword in his hand and grasped it with five fingers. The old man's arm was torn directly!

Then, Lin Jue long faint voice sounded: "you are talkative, if not for you to serve me for many years, you have been a corpse."

Even the old man nodded his head! The whole body is wet!

Then, Lin Juelong stood up and came to the French window. Looking at the scenery around him, he heard his master's words:

"Jue long, I've worked out a divination for you. Your destiny will be broken in the capital. If we don't cut that threat ahead of time, the consequences will be unimaginable! "

Chapter 326

Then, Lin Jue long faint voice sounded: "you are talkative, if not for you to serve me for many years, you have been a corpse."

Even the old man nodded his head! The whole body is wet!

Then, Lin Juelong stood up and came to the French window. Looking at the scenery around him, he heard his master's words:

"Jue long, I've worked out a divination for you. Your destiny will be broken in the capital. If we don't cut that threat ahead of time, the consequences will be unimaginable! "

"When you go to the capital, you must find a way to root it out!"

Lin Juelong has not returned to the capital for many years.

If it was not for Shifu's divination, he would never have come back.

The key master's divination is very accurate!

From the day he knew the master, there was no mistake!

Fate in the capital?

This is the most ridiculous thing happened!

Looking at the whole of China, who is qualified to shake his position?

He Lin Jue long, or Lin family has almost stood at the peak of Chinese martial arts!

Overlooking the masses and thousands of ants!

He can't think of any force that will threaten him!

The key is where the threat lies, whether it is an individual or a force. The master can't even investigate it. He even spits out blood essence and is seriously injured because he forcibly breaks the destiny.

What he has to do now is to find the threat in the capital and kill it in its cradle.

Suddenly, he turned around and looked at the old man with white hair and said, "help me pay attention to the strong people who are going in and out of the capital recently, as well as the movements of those great forces. If there is any disturbance, tell me immediately!"

"What's more, if you send someone to Jiangnan province to check the identities of those people, even if they are still blank, there will still be some clues left behind. Although these guys are not strong enough, since the people behind me are watching me, they must have some purpose."

"If you do these things well, I will order someone to cure your broken arm. Do you understand?"

"I understand."

"Go away!" Lin Jue long light road.

Soon, the old man retired, leaving Lin Jue long alone in the hall.

He didn't think much about it any more. He sat cross legged and operated his skills. He even burst out a shadow of tiger in his body!

The fierce tiger's fangs are ferocious and frightening.

.....

Five days have passed.

Samsara cemetery.

Ye Chen has many wounds on his body. In the past five days, he almost used all his killing moves to deal with the black robed old man, but the result was the same almost every time, and he was almost killed by the black robed old man.

He thought that the old man in black would keep his hand, but the other side didn't have this plan at all!

Every time it seems to be between life and death.

He was all wet and sat on the floor panting.

"Master, you are a great power in ancient times. I have only been practicing for more than five years. The gap in strength is too wide. This is not fair at all."

Ye Chen Dao.

The old man in black snorted coldly, and the sword in his hand shot out directly!

Ye Chen is surprised, fierce side over body, long sword across his cheek, appeared a bloodstain.

"I've suppressed my strength and kept it in the true yuan realm." The old man in Black said coldly.

Ye Chen almost vomited out a mouthful of old blood!

At present, he has only been exposed to six cultivation realms.

There are six realms, namely, quenching state, Kaiyuan state, pneumatic state, separation and separation state, Zhenyuan state and Shenyou state. Each of these six states is divided into nine levels!

his present state is in the pneumatic state. As a result, the black robed old man even uses Zhenyuan state to deal with him!

It's a whole three goddamn realms!

How?

As if aware of Ye Chen's disheartened, the black robed old man shot out a sword shadow and took Ye Chen's head directly!

The black robed old man appeared in front of Ye Chen and said in a deep voice, "do you know why I want to deal with you by crushing your realm?"

I'll tell you!

The way of killing is on the edge of life and death, and the way of killing is to kill by leaps and bounds.

If you can persist in my hand, you will feel that the other side is actually very weak when you face someone stronger than you! Because you've already felt stronger!

If you have no fear, you will dare to kill others! To kill vertically and horizontally

"What's more, you have to make clear one thing. The road of martial arts is cruel in itself. No one will fight with you at the same level. You may face an enemy 10 times or 100 times stronger than you at any time!

At this time, only killing can stimulate the potential in your body! If you make good use of your blood dragon shadow, you will surely defeat me now. "

Ye Chen was stunned and took a look at the empty shadow of the blood dragon on the top of his head.

He was shocked to find that although he failed again and again these days, the blood dragon actually grew up a little bit.

No longer think about it, his eyes gradually covered with blood, a roar, holding the sword of cutting dragon in his hand, a sword tearing the aura around him, and taking the key of the black robed old man!"Not bad!"

Under a blow, ye Chen is still defeated.

But the old man in black is not so relaxed.

.....

After repeated this, five days have passed, and today is the last day of Ye Chen's seclusion.

For ten days, ye Chen seems to have experienced hell like training!

Not only martial arts, but also reaction, and even the strength of explosive growth!

The blood dragon on his head is more than three times bigger! There is already some prestige in the world!

The sound of a dragon song is even more shaking in all directions! We can see its power!

Ye Chen's state is getting stronger and stronger, but the shadow of the old man in black is weak to the extreme.

It's even a little transparent.

At this moment, ye Chen did not speak. Although he killed countless people, he did have feelings.

I don't know why, he has some loss and pain in his heart.

Luo Yuntian, Chen Qingcang and the old man in black in front of them all want to leave one by one.

He didn't like the feeling.

The old man in black laughed. This time, he took off his black robe and showed his long white hair, just like an immortal.

"Ye Chen, I never let you call me master because you are not qualified."

"But now, you can call me master, because you have this ability. All I can teach you is that. It's time to leave.

For such a long time, I have been satisfied. "

His voice was a little lonely.

"Master." Ye Chen is eager to speak but stops.

"Don't be so sad. We can't meet again. What's reincarnation? When you break the secret of this place, we may meet. On that day, our mission of 100 people should be completed. Maybe you have become the overlord of heaven and earth. Between waves, destroy a side of mountains and rivers and the world.  
"

"Disciple, you should remember that you are our turning man, and you should not fail to live up to our expectations."

The shadow of the old man in black is getting lighter and lighter. Suddenly, he grabs it with five fingers, and the sword of cutting dragon flies directly into his palm.

"In the last 20 seconds, I'll give you a martial arts skill, which is called breaking the sky sword! Watch it

The sword rises.

The whole samsara cemetery vibrates! Before the sword comes out, it's like tearing everything apart!

Chapter 327

Ye Chen clearly feels that the aura of the whole reincarnation cemetery is pouring into the dragon sword in the hands of the black robed old man!

The shadow of the old man in black is becoming more and more weak.

"Apprentice, there are all things in heaven and earth. There are 3000 roads and countless paths! I preach by killing, and I seek by sword! The sword is the king of all kinds of soldiers. You can attack and defend when you advance, and you can do nothing against it! There are three swords in total! Each sword is integrated with the law of the road. Once completed, with enough strength, the three swords will break the sky! That's why we call it "breaking the sky sword idea!"

The old man in black talks and dances his sword! The sword is extremely powerful and powerful!

"The first sword, Qianlong cuts the sky! If the cultivation reaches a great accomplishment, a sword will shake the spirits

With a light drink, the black robed old man, like a dragon, suddenly darted out, and the sword of cutting the dragon was turned into swords.

Break everything!

Suddenly, the old man in black shook his wrist and his first sword came out!

"Boom!"

The condensed aura explodes completely, and the sword light soars to the sky in an instant!

This sword swept out, fast to the extreme, like thunder across the sky!

Although Ye Chen stands far away, he still feels the blood boiling in his body!

The blood dragon on top of his head is roaring!

In a flash, the sky was full of sword Qi, and the cold was pressing!

The whirling wind, like the howling of evil spirits, takes people's heart and soul!

"Bang!"

A sword fell. The roar came suddenly.

On the samsara cemetery, there is a 100 meter crack!

Crack deep dozens of Zhang, smoke out, fear and infiltration!

Within tens of meters around, all the things disappeared at this moment.

Under a sword, with the old man in black as the center, a few meters around, no grass grows!

"It's too terrible. It's even stronger than the bloodthirsty chop that my master taught me." Ye Chen set off a storm in his heart.

At this time, the black robed old man moved again: "disciple, next is the second sword of breaking Heaven Sword, falling stars! If you are successful in cultivation, the mountains and rivers will change color with one sword, and the heaven and earth will break apart and be in all directions

The black robed old man's momentum is open, and his powerful Qi is surging all over his body. The dragon sword in his hand is crisscrossed, messy and complex, like spider webs, scattered everywhere, and slowly spreading outward.

The wind is blowing!

The sword of chopping dragon soars into the sky like killing gods. On the sky, it spreads the killing intention on the sword body and breaks out completely!

The sword is like a star!

Dense, nowhere to hide!

The surrounding ground is all broken, and every stone is evenly broken.

There is still a breath of killing in the air.

Very strong!

But the figure of the old man in black is getting weaker and weaker.

"The third sword, the sword cuts through the eight wastelands! This sword is the essence of breaking the sword of heaven, and it is also the most difficult way to practice. This move is cultivated to a great success. Under one sword, it integrates the profound meaning of heaven and earth. It contains thousands of changes, and it can't go against any disadvantage and break through without firmness! The eight barrens are shaking

Words fall, black robed old man's sword has formed a hundred long swords!

The sword wound around him!

The fierce blood light turns into a blood dragon in the sky, and the brilliant dragon power shines on the world.

At this moment, ye Chen's heart trembled, and felt a kind of prestige which was hard to erase.

"Split it for me!"

With the roar of the old man in black, he gathered all the swords and rushed away.

Dang Dang Dang!!

Hundreds of swords converge into a torrent and hit the earth!

The golden light and the sword flow hit each other, and a large number of mysterious ripples burst out. The ground directly split, and a hundred Zhang deep pit leaped up!

The whole samsara cemetery seems to have come to an end!

Seeing these three earthshaking swords, ye Chen is shocked.

If he has mastered the idea of breaking the sky sword, who can stop the whole China?

The blood was boiling inside him.

Of course, all this is just to think about. The strength of the black robed old man is there, and his sword is powerful and terrifying.

The second sword and the third sword, he will not think about it in a short time. It will be good if he can trigger the first sword.

The dust fell and the samsara cemetery was calm.

In Ye Chen's sight, the black robed old man is almost transparent.

But he could feel the other side looking at him like this.

Emotions are extremely complex.

"Ye Chen, the aura of Yu Xinzhu has broken two tombstones. As long as you are slightly inspired by your true Qi, the two great powers will make a move once. But remember, the move will cost them a lot. If you have to, don't use the bottom card of the reincarnation cemetery."

"Your card is not the reincarnation graveyard, but the way of killing and the blood dragon!"

Ye Chen nods: "Apprentice understands."

"I have never told you about my name. Today, I will tell you that in ancient times, everyone called me slaying Daojun! You are my apprentice who killed Daojun, and you are also the person who turned over when I killed Daojun! No one can despise you! ""I hope we can meet again soon!"

The rolling thunder echoes in the samsara cemetery, and the black robed old man turns into little dots and disappears completely.

Only Ye Chen is left in the whole samsara cemetery.

His eyes fell on the two tombstones, no name, but there is a ray of light condensation.

He must be inspired by his thoughts.

These two cards must stay in the last place, and then face the General Administration of martial arts in China, Lin Juelung, ghost prison, or Jiangjia in the capital city. These two cards are all very important.

The situation in the capital is so vast that it is difficult for him to break through the sky by himself.

Ye Chen thought a move, directly back to the room.

He took a look at the family photo on his desk, and a trace of warmth appeared in his cold eyes.

"Mom and Dad, I'll take you out of the ghost prison soon."

.....

Half an hour later, ye Chen took a bath, changed a clean suit and went downstairs.

He thought that the second daughter should be downstairs, but found no one.

A note was left on the table, and the two girls went to the provincial meeting.

Today, Shen Haihua came to Jiangnan province to hold the second staff meeting.

Open the villa door, ye Chen stretched a stretch, ye Lingtian and Luochoa came over: "see the hall master."

Ye Chen nodded, looked at two people, and asked: "this ten days, Mingcui villa this side did not have an accident."

Ye Lingtian replied, "Qi, there is nothing wrong with the villa. However, in recent days, we have found that there are a lot of foreign warriors in Jiangnan province. We are not sure about the motives of these people. However, I guess that these people may come from the capital, which should be Lin juelung's counterattack.

But don't worry about the hall master. The identities of those people are very clean, and they should not be found here. "

Ye Chen's eyes slightly narrowed, and immediately ordered: "next, I'm going to leave for the capital. You also arrange the people in the dark hall to go slowly towards the capital. It's not enough to be the underground force of Jiangnan Province alone."

Ye Lingtian clenched his fist and expressed his determination word by word: "Lord, although I know that there is no comparison between Jiangnan province and the capital city, I will try my best to make a world for him!"

Chapter 328

Ye Chen patted ye Lingtian on the shoulder and said, "it's not urgent. I'll go to the capital first. You and the people in the dark hall will come back later. At present, the most important thing for you is to improve your strength. It will be very difficult for dark palace to go to the capital city."

"Yes, Lord."

After saying goodbye to LuoCha and ye Lingtian, what did he think of and dialed Lei Shuwei's phone directly.

The dragon soul should have some strength in the capital. This time, let the dragon soul arrange it.

As soon as the phone was dialed, a business car parked outside the villa honked its horn. Ye Chen instantly understood what he was doing and walked towards the business car.

Sure enough, Lei Shuwei and Ying Qing are in the car.

Why are you here? Don't tell me you've been here for ten days. I don't believe it. " Ye Chen joked.

Lei Shuwei shook his head like a rattle drum and explained: "Mr. Ye, you don't know. The Dragon Spirit came to the villa several times a few days ago. But Miss Xia said that you were in the closed door and would not come out until 10 days later. This is not true. Today, Ying Qing and I are waiting here, and ye Xiansheng is welcome to leave."

"I'm not interested in anything. I'm supposed to have something to do with it. Say, what do you want me to do?" Ye Chen holds his hands in his chest and says with great interest.

Lei Shuwei chuckled awkwardly, and handed out a report: "Mr. Ye, during this period of time, the martial arts world has been shaken. There are more wars in the surrounding areas of China, and the tasks of the dragon soul have increased. Those pills have been completely empty. Several dragon soul soldiers have died because of no follow-up treatment.

This time, I'd like to ask if dragon soul can unilaterally ask Mr. Ye to buy some pills. "

Lei Shuwei finished and carefully looked at Ye Chen. What he said was true. Ye Chen's pills were simply a life-saving weapon for those wounded dragon soul soldiers!

Without those pills, the dragon soul would not know how many more people would die!

He thought Ye Chen would refuse, but he didn't expect Ye Chen to conjure up a black plastic bag.

"This is 200 pills. The level is not too high, but it should be enough for your dragon spirit."

Looking at the plastic bag handed over, Lei Shuwei took a breath!

He was just determined to try, but he didn't expect to succeed!

This time, another 200 pills! At least two hundred lives can be saved.

Ye Chen is not generous. With the improvement of his strength, the increase of strength brought by pills is less and less. Moreover, these pills are no longer suitable for him, so it is for the dragon soul.

Lei Shuwei's arm trembled. He opened the bag and glanced at it. His eyes were frightened!

After a few seconds, he raised his head and seriously said, "Mr. Ye, you can make a price for these pills. I can also report to the top."

"You can make up your mind. Besides, I just have to discuss something with you. I'm going to the capital tomorrow. You can arrange a plane for me."

Hearing that ye Chen was going to the capital, Lei Shuwei and Ying qingmou Zi shrunk and said, "Mr. Ye, you won't go to Lin Juelong. Recently, the situation in the capital is a little turbulent. I have received news that the dragon family in Beijing seems to have been paying attention to the ancient warriors who enter the capital.

It's not the right time to go. "

"What's more, the capital is the territory of Huaxia Wudao General Administration. Compared with the power of Huaxia Wudao General Bureau, there is still some gap between the strength of my dragon soul there and that of the General Administration of Chinese martial arts. If there is any trouble at that time, it may be more difficult to deal with it. Otherwise, Mr. Ye will stay in Jiangnan province for a month later?"

Ye Chen waved his hand and said directly, "I have decided to leave tomorrow. If you don't arrange the plane, I'll try my best."

Hearing that ye Chen's tone changed, Lei Shuwei pondered for a moment, and then he said, "well, since Mr. Ye has made up his mind, I will arrange a one-time identity for you. If you use this identity to take a plane for civil aviation, you should be able to avoid the inspection and surveillance of that group of people, and also save some trouble, that is, he may be wronged by Mr. Ye."

"Good." Ye Chen did not have much opinion on this decision.

This time I went to the capital, the most important thing was to go to the ghost prison to rescue my parents, followed by the killing of Lin Juelong. It was naturally best to avoid some troubles.

Two hours later, Ying Qing personally handed over a series of things, such as ID card, ticket, key, bank card, to Ye Chen's hand.

The one-time ID card is his one inch photo, but his name is Ye Cheng.

The ticket time is 9:50 tomorrow morning, flight kn5956 from Jiangnan International Airport, first class.

As for the key, it is a real estate with four bedrooms and one living room in the center of the capital. Ye Chen will not live there naturally.

The ghost prison will be opened near Beijing Normal University this time, and he will naturally live there.

The money in the bank card, ye Chen, did not care. He directly threw the bank card to the samsara cemetery.

.....

Four o'clock in the afternoon.

Sun Yi came back early. She and Xia Ruoxue naturally knew Ye Chen was going.

"Xiaochenzi, on the way back, I discussed with Ruoxue. We will come to the capital soon. What you have to do is to find a villa and keep a good room. Maybe we will come up one day. What's more, Shen Haihua has already made an agreement with the Beijing government. He will allocate a piece of land to build Tianzheng Group. Jiangcheng and Jiangnan province are not suitable for headquarters. Huaxia Pharmaceutical Group will eventually take Beijing as the base camp, and Tianzheng Group is no exception. "

Sun Yi said while finishing Ye Chen.

She leaned slightly, and the top button of her shirt had been undone, revealing a fullness.

In terms of chest circumference and chest shape, there are few in the south of the Yangtze River that can be compared with Sun Yi.

"Also, it's cold in Beijing. Remember to wear more clothes outside."

Sun Yi closes the suitcase and looks at Ye Chen, eyes like water.

In fact, she would like to go to the capital with Ye Chen, but Tianzheng Group still has several tasks to do in Jiangnan Province, so it is not appropriate to go to the capital now.

However, according to the development of Tianzheng Group, it is estimated that she will be sent to Beijing in one or two months.

Of course, now the traffic is developed. When you want to miss Ye Chen, you can take a plane directly. The distance is not too far.

Sun Yi curled her hands around Ye Chen and said with a smile, "will you miss me?"

"Yes."

Ye Chen said earnestly.

"Really?" Sun Yi Tao.

Ye Chen just wanted to talk, Sun Yi red lips directly blocked his mouth: "I don't want to hear any explanation now, I want to see you act."

The two people's tongue is intertwined, wet and warm.

Ye Chen a hand is across the shirt to hold the ball full, unable to control.

Sun Yi's hand is also very flexible, directly into Ye Chen's casual pants, a slight grip, teasing Ye Chen's nerves.

"Tear With a sound, the shirt is directly pulled by Ye Chen, and a pair of white rabbit like objects pop out, shaking people's heartstrings.

## Chapter 329

Sun Yi's eyes were blurred, but she thought of something. She said with a smile, "in fact, I know you and Ruoxue have done this kind of thing."

Ye Chen a Zheng, just want to say what, Sun Yi said: "in fact, if snow and I are not stupid, have known for a long time."

As she spoke, Sun Yi took hold of her fiery hand and began to move.

"I want to know, I and ruoshue, who do you prefer in this respect?"

Sun Yi looks at Ye Chen with a charming expression. When she finds Ye Chen hesitant, she laughs and says, "it's funny. In fact, this problem is very simple. When I persuade ruoshue, I'll have a try. I don't know if you can bear to live Hee hee... "

Ye Chen knows that Sun Yi is very open, but did not expect Sun Yi to open up to three people?

Sun Yi felt her body react. She hugged Ye Chen directly and came to the bed. Her Western skirt had not been taken off. She pouted her fat buttocks and put the most important things of Ye Chen into it. A battle of collision broke out.

The house is full of spring.

.....

The next morning, Jiangnan International Airport.

Sun Yi and Xia Ruoxue drive Ye Chen to the airport. After an explanation, ye Chen goes on flight kn5956.

This time, he did not take Luosha and ye Lingtian, who stayed in Jiangnan province temporarily to protect Xia Ruoxue and Sun Yi.

With his current strength, it is impossible for a strong man in China's martial arts circle to be difficult for him.

What's more, the current situation in Beijing is turbulent, and one person is free instead.

Ye Chen is wearing a cap, pull down, cover most of his face, shut eyes, ready to rest.

There are three seats in the first class row, which are very open.

Ye Chen is sitting on the most right side by the window, his left side, no accident, should be a mother and daughter.

Occasionally, they were chatting in a low voice, and seemed excited.

Her mother is dignified, rich or expensive. Her daughter is about eighteen or nine years old. Her eyes are very beautiful. But because she wears a black mask to cover her face, she can't see her face clearly. She should still be in college.

It is estimated that he came to Jiangnan province from the capital. This time, he is back in Beijing.

Seeing that the plane didn't take off, the girl gazed at Ye Chen with interest.

She has noticed Ye Chen since she got on the plane. This man has no belongings and has not said a word. She doesn't know why there is always a sense of mystery.

She is a school flower at least in school. Although she is wearing a mask, this guy doesn't even look at himself. It's too much.

Unable to resist her curiosity, she said, "Hello, I want to ask, are you from the south of the Yangtze River?"

Ye Chen opened his eyes and took a look at the girl. He didn't speak.

It's a little cold.

What did the girl think of, she quickly took off her mask, showed a sweet smile, stretched out her hand and said, "sorry, I have a cold these days, so I just wear the mask. My name is Du Yunyan. I'll get to know you."

Ye Chen did not reach out, eyes still closed, as if asleep.

Du Yunyan's nose wrinkled and seemed to be angry. At this moment, her mother said, "Yunyan, don't disturb other people's rest. Your heart can be collected and you will return to school the day after tomorrow."

Du Yunyan glared at Ye Chen and said to her mother, "well, it's only a few days off. It's time to go back to normal university. Those boys in the university are so boring."

Hearing the words of Normal University, ye Chen, who had closed his eyes, suddenly opened.

"Beijing Normal University?"

He said curiously.

Du Yunyan a Zheng, beautiful eyes looked at Ye Chen, way: "you finally live."

"Yunyan, don't be rude!" The woman on the left immediately apologized to Ye Chen, "I'm really sorry, my daughter's temperament is relatively straight..."

Ye Chen shakes his head: "it's OK."

His sight falls on Du Yunyan. After arriving in the capital, he needs a person to guide him. If there is someone in Beijing Normal University, it would be better. At least he can notice the vision of ghost prison opening for the first time.

"Why, you are not a student of Beijing Normal University, are you?" Du Yunyan's tone was somewhat cold, even hostile.

Obviously, she remembered Ye Chen's attitude just now.

"I live near Beijing Normal University," Ye explained

"God believe you, the location of Beijing Normal University is very partial. There is no neighborhood nearby. Where do you live? It's a new area planned by the capital. You're lying too much. "

Du Yunyan finished and turned his head.

In her view, ye Chen is nothing more than seeing his own beauty, some regret, want to climb up to her.

She has seen a lot of men who want to go out with their students.

Even in school, many of her classmates were taken care of by rich businessmen outside.

She had a rich family, so she would not pay attention to such people.

Just because of a word, originally her curiosity to Ye Chen disappeared, instead of disgust and disgust.

Du Yunyan's mother also had a trace of doubt about Ye Chen's purpose. Since then, they have not said a word with Ye Chen. Ye Chen is quite helpless. He wanted Du Yunyan to take him to Beijing Normal University. Now it seems that it is impossible.

Forget it. You can take a taxi then.

Then, Ye Chen continued to close his eyes to rest.

But more than ten minutes later, he felt a trace of movement in his ear.

It was a heavy breath.

At the same time, there was a rustling sound in my ears.

Ye Chen opens his eyes and glances over his head. He finds that Du Yunyan has poured out the whole bag. His face is extremely flustered!

She flipped wildly, but the more she turned, the paler she looked!

"How could it be that I was still there in the morning Why is it missing! Will it fall in the hotel? damn! Come out of here! You're coming out of here

She didn't care. She took a look at her face and could hardly see it. With one hand, she grabbed her mother who could hardly breathe. She quickly called the stewardess: "please Help my mother... "

The stewardess realized that the situation was wrong and went to call the doctor on the plane.

Not long, a doctor came over and checked the young woman's physical condition. His face was not right. He said to Du Yunfeng: "what's your mother's disease?"

Du Yunyan was so flustered that he even said: "doctor, please help my mother. My mother has Hoddle's disease. She has been relying on drugs for many years. Today, I don't know why the medicine is not on me. Please, we must help my mother."

The doctor changed his face when he heard of holdel's disease!

He glared at Du Yunyan, accusing him: "this kind of serious disease, why do you still take your mother out? And, don't you know, this disease must be maintained by medicine, how can you lose the medicine?"

"I don't know..."

He said to the captain of the nearby city in a very serious tone! Otherwise, Dara Jinxian can't save her! "

Just as the stewardess was about to run towards the cab, a faint voice sounded:

"no need to land, I can help."

As soon as he said this, countless pairs of eyes looked at the young man who spoke!

Du Yunyan's expression is strange to the extreme.

She knew more than anyone how terrible holdel's disease was!

If there is no medicine and professional instruments, there is no way!

The doctor snorted coldly and ignored Ye Chen. Instead, he looked at the stewardess who stopped and said, "don't go quickly! Life matters to heaven

"I'm in a hurry. I don't have to land. Give me five seconds."

Ye Chen's faint voice rings out, and then points to Du Yunyan's mother's forehead.

Chapter 330

When ye Chen's fingers touch Du Yunyan's mother's forehead, there is a light pouring into the latter's body!

It seems that it is completely released.

The doctor on the plane was not happy with Ye Chen, as if his authority had been questioned.

"Boy, do you know what you're doing! You're killing people! If there is any delay in the passenger's condition, can you afford it! I warn you, let go of your hand, or you'll be in prison

Perhaps because of the stimulation of the doctor's words, the rest of the first-class passengers also criticized Ye Chen.

"Boy, are you a doctor or is he a doctor? If something happens to that woman, you will be an air policeman and a man in plain clothes, and your expression will become extremely frightening, because no one in Huaxia dares to cheat on this kind of certificate!

That's looking for death!

Behind a major general of China, there must be a military! Stand the whole Chinese armed forces!

What's more, the young man in front of him was so young that he was awarded the rank of major general!

What a terrible story behind it!

The other side is so indifferent, completely fearless!

"Bang."

The air marshal closes the certificate directly, hands it to Ye Chen, and his face is full of respect: "first Mr. Ye, please forgive me for the offence. "

Ye Chen then put the certificate into his pocket and took a look at the doctor who was talking nonsense all the time. He said, "that man disturbed my rest. You should know how to do it."

"Understand!"

The next second, the air police and the man in plain clothes went to the male doctor.

Male doctor eyes full of surprise, naturally know what to happen, he just wanted to talk, a light cough sound sounded!

That's because the lady in the coma of Hoddle's is awake!

Miraculously, I wake up.

"Mom, are you ok?"

Du Yunyan was excited to cry.

"Water, give me a glass of water, I want warm water..."

Hearing this, all people take a breath!

One after another the eyes toward Ye Chen shoot! As like as two peas in the peaked cap, the

said, "the woman is not awake."

A female stewardess with a concave and convex figure instantly responded, and quickly went to receive a cup of warm water and carefully handed it to Du Yunyan's mother.

"Gollum Gollum."

After a cup of warm water, Du Yunyan's mother completely eased over, and then the beautiful eyes looked at Ye Chen for the first time!

She wanted to thank Ye Chen, but when she saw Ye Chen resting, she did not say much. She looked at the crowd and whispered, "thanks to the accident of that little brother, I have nothing to do. Let's go."

That male doctor's expression is difficult to see the extreme, originally wanted to speak, was directly one of the plainclothes man covered his mouth, toward a place.

From a professional point of view, they should not do this, but in front of a major general of China, the military order can not be violated!

A storm has completely subsided.

When the plane has not landed, countless eyes in the first class cabin have been wandering on Ye Chen.

People who can fly first class are naturally of high status. They are good at controlling their contacts! Know value maximization!

And ye Chen's identity is absolutely the most noble existence in the whole first class.

In fact, they had noticed that ye Chen handed out the certificate, and the two air policemen changed color. They didn't feel anything at all, but the more they thought about it, the more weird they felt afterwards.

Many businessmen wanted to give ye Chen a business card, but he was sleeping during the whole process. They had no chance at all.

.....

More than an hour later, the plane finally landed and drove into the Capital International Airport!

When the plane stopped steadily, ye Chen finally opened his eyes, stood up and directly got off the plane.

The figure is extremely decisive.

He has long noticed that the eyes around him have been drifting around him. He doesn't like trouble and doesn't want to deal with the so-called interpersonal relationship. The first one to leave is undoubtedly the best choice.
