

Physician 3221

Chapter 3221

Ye Chen is dumbfounded. Since there is Qing Qiuyun here, he doesn't have to rush in. He says in a voice: "I have something very important that needs to be solved in the city. Please take me in with me."

"You want me to take you to town? Well, you take me as an apprentice, and I will listen to you

A smile of the stars.

"Miss Qing, I'll talk about it later. You'll take me to the city first."

Ye Chen did not easily agree, because if you accept her as an apprentice, it is bound to cause a section of cause and effect, it is not easy to cut off.

"No, you must promise me now!"

Green autumn cloud is a resolute face, is simply unswerving, the sea is dry and the rocks are rotten, we must worship ye Chen as a teacher.

The guard next to him said, "Miss Qing, it's getting dark. It's going to close the city gate. If you want to go in, go in quickly. Please don't embarrass us."

"Well, then I'll go in."

Green autumn cloud releases Ye Chen's arm, way: "master, goodbye."

With that, she did not look back.

Ye Chen sighed and called, "wait a minute!"

"Hee hee."

Qing Qiuyun turned around and took Ye Chen's arm. His eyes were shining brightly. He said, "master, how do you think about it?"

"Well, I promise you."

Looking for the beginning of blood, this fact is too important, can not tolerate any delay, ye Chen also had to agree, anyway, his own cause and effect, already enough, not bad qingqiuyun this section.

"Great, master. I will listen to you in the future."

Hear ye Chen agreed, green autumn cloud incomparably excited, face red one, still want to kneel down kowtow salute.

"Don't say it. Go to town."

Ye Chen stopped her in a hurry, unable to laugh or cry.

"OK, let's go."

Green autumn cloud pulls Ye Chen, strides into the city.

The bodyguards around, of course, did not dare to stop. Looking at the two people's distant figure, the bodyguards were still in doubt, unable to guess the identity of Ye Chen.

"Hello, didn't miss Qing get married? How to hook up with a strange man

"Yes, if it is seen by others, I'm afraid there will be some gossip."

"Hush, hush! We can also discuss Miss Qing's private affairs? "

The guards whispered, then fell silent and did not dare to talk.

.....

At the same time.

Lingwu land, endless sea.

The sea was full of clouds and clouds, like the end of the day.

And in the dark clouds, suddenly, a dragon with a faint light pierced out of the cloud and stepped into the endless sea!

The Dragon chants to the sky with the supreme power.

The sea is vast! It's like a tsunami!

In the endless sea, the Dragon turned into a delicate body!

This delicate body is no one else, it is yelo'er!

Ye luo'er successfully extricates himself from the battle of Ye Chen and Xuan Yuan Mo Xie.

She has been to the fumor hall, but ye Chen has been closed many times.

Not long ago, she went again, but the people in the demon hall told ye Luo'er that Ye Chen had left.

Although I didn't see Elder Brother Ye, for Ye Luo'er, Elder Brother Ye was safe enough.

She has a mission of her own.

When she no longer knew that Jiuer's secret was in Tianye temple.

When she saw the Supreme Dragon Emperor die in front of her, she knew that she would not be led by anyone in the next road.

She can only rely on herself, step by step.

For the source of fate or for their own future.

She had no choice.

Soon, Ye Luo'er came to a place full of blood evil spirits.

The place of blood evil spirit is full of skeletons and cold, the only difference is that there is a figure.

It looked like a middle-aged man with runes running around him, giving a sense of extreme danger.

What's more strange is that the cultivation of Longchengtian is even stronger than the last time!

He has absorbed the energy of the whole endless sea!

However, at the moment, he has become no man, no ghost.

Perhaps hearing the sound of footsteps, Longcheng Tianyan slowly opened his eyes. When he saw ye luo'er not far away, he didn't have any surprise.

With a smile, he said slowly, "lol, you're growing up."

"If I guess correctly, you should have been to the nine heaven dragon hall."

"You should know that."

There are tears rolling in ye luo'er's beautiful eyes.

Tears are hot.

A few days ago, she came to Longbu Get down on your knees!

"Dad, I know. I know all about it." "But Why me! Why

Ye luo'er is crying, and the Dragon scales are revealed on his body. He is obviously excited.

This time, she has been repressed for too long.

Her age, in China, is not even an adult.

She could not have thought of these things in the past, but when the supreme Dragon Emperor fell, her world seemed to collapse.

She wants to tell everything to Ye Chen, but ye Chen has been closed.

Even if she knew Ye Chen would be willing to go out for her, she didn't want to.

She's dragging brother Ye too much.

She wants to live a little stronger, and even can protect elder brother Ye.

Longchengtian reaches out his hand and caresses ye luo'er's hair like a loving father.

When ye luo'er cried enough and fell into silence, the genius of dragon city said slowly, "in this world, many things are beyond our choice."

"Our birth, our death."

"When your mother was pregnant with you, she was invited to the nine heaven dragon hall, and she had a premonition of something."

"In fact, she can refuse at the most critical moment."

"But she did not."

"She knows that you will resist, but it's more of a guardian."

"The power within you can protect you."

"Guard you against this doomsday disaster."

"Keep you alive in the worst of circumstances."

"There is no end point in the road of martial arts. If there is an end point, it must be on the land outside and on the upper boundary."

"The last time I met, I had a lot of things I didn't tell you. It's not that I don't want to, but it's not yet."

"Now, the time has come."

"Father will tell you something else."

Ye Luo'er was stunned, raised her head, and looked at the middle-aged man with blurred vision. She doubted: "what?"

Longcheng Tiansong leaves Luo'er, walking in a direction.

Ten steps.

His steps suddenly stopped!

There is a flame between the five fingers!

This flame is nothing else. It's just Taigu Shiyan!

The flaming Taigu Sha flame envelops the whole body of the dragon city sky!

In an instant, a startling dragon chant rang through the entire endless sea!

Dragon city turned into Dragon God!

He can't be trapped here!

Now the dragon city sky is a red flame evil dragon which is superior to the heaven and earth!

This red flame evil dragon lives high, and stares at ye Luo'er, with a huge mouth!

A bright seven color dragon ball suddenly spit out!

Chapter 3222

Seven color Dragon Ball slowly fell in front of Ye Luo'er!

Gaze at ye Luo'er as if there were life!

"I seem to have seen you."

Ye Luo'er reaches out his hand and touches the dragon ball!

The seven color flames around the dragon ball are extremely mild.

And the dragon ball also some cheers, unceasingly drifts in Ye Luo Er's left and right!

All of a sudden, there was a cut in ye Luo'er's hand!

A drop of blood essence gathered!

Completely absorbed by the dragon ball!

The whole endless sea, sea water concussion, Lingwu mainland seems to usher in an earthquake!

But ye Luo Er's eyebrow heart unexpectedly appeared a special mark.

This mark seems to symbolize some kind of nobility.

Ye Luo Er feels endless memory fragment to rush into her mind!

She can't even tell the real from the unreal!

At this time, the red flame Sha dragon came to ye lu'o'er's side, and the sound of dragon chanting sounded: "luo'er, turn into dragon body, follow me!"

Although ye lu'o'er did not know why, and how her father could leave here, she still chose to believe in her father and become a dragon!

Soon, the sea of the endless sea became more and more turbulent! Two huge whirlpools appear in the middle!

Suddenly, a dragon with holy light and that red flame dragon rushed out of the whole endless sea!

The whole endless sea, as if boiling!

Above the sky, like two meteors straight into the sky! With the thundering of the dragon!

It was like a song of fate!

.....

The screen rotates.

At the moment, ye Chen and Qing Qiu Yun enter the city. Night falls, the moon is bright and the stars are rare. The city is full of lights and the sound of Phoenix and flute is moving. It is a lively scene.

Suddenly, two extreme lights crossed the sky.

Ye Chen Mou son tiny MI, looking at that light and the light dragon chant, look dignified.

It's a familiar feeling.

Is there any change in Lingwu?

"What's wrong with master?" Green autumn cloud curiously way.

Ye Chen doesn't pay attention to it. The elixir power is running!

"Open your eyes to the devil's cave

Wisps of evil Qi, condensed on Ye Chen's forehead, turned into a black vertical pupil.

The pupil of this eye pierced through the dense fog in an instant, constantly peeping into various causes and effects.

Soon, ye Chen's expression is a little strange!

He penetrates everything and sees Ye Luo Er and long Cheng Tian!

Ye Luo Er actually went to the endless sea?

Why don't you tell yourself?

What's more, longchengtian can come out?

The point is, where are they going?

Ye Chen has countless doubts in his mind, but since he has come to Jieyu City, he must try to get the beginning of blood!

This is not only very important for Xiao Huang! It's also critical to yourself!

Ear again came to the voice of green autumn cloud, ye Chen no longer think, shake his head: "it's OK, let's go."

.....

"Miss Qing."

"Hello, Miss Qing."

"Yes, Miss Qing."

Two people walk in the street, many pedestrians see Qing Qiuyun, are very polite to say hello.

Ye Chen is secretly curious. He doesn't know what identity qingqiuyun is, but he doesn't ask. Anyway, if qingqiuyun wants to say it, he doesn't need to ask. If she doesn't want to say it, it's useless for him to ask.

"Miss Qing, since you are a native of Jieyu City, I have something to ask you about."

Ye Chen is thinking about the beginning of blood.

"Master, since you have promised to accept me as an apprentice, you should not call me a girl or a girl. You should call me a disciple, or you can call me qinger or Qiuyun."

Qing Qiuyun turned his lips and said.

"Good, good disciple, I want to ask you, have you ever heard of the beginning of blood?"

Ye Chen is dumbfounded to laugh, immediately changed a name, ask her the thing of blood beginning.

"I haven't heard of the beginning of blood."

Green autumn clouds show a frown.

"Have you not heard of it? I have received news that the beginning of this blood line has appeared in Jieyu City, which seems to have become the prize of Dan Zun assembly. "

Ye Chen is full of doubts. He opens the eye of Tianmo cave, and has a clear insight into many natural mysteries. He knows that the beginning of blood relationship has countless ties with danzun assembly.

But now, Qing Qiuyun said that she had not heard any news about the beginning of her blood.

"Dan Zun assembly? There are many prizes for this grand event. There is even the legendary thirty-three Tianhong Mongolian method, but there is no blood. Where did you hear this news, master? "

Green autumn cloud side head looking at Ye Chen, she really didn't hear what blood vessel beginning.

"Is it?"

Ye Chen is even more confused. He has a deep insight into heaven and can't make mistakes. The beginning of this blood vessel is definitely related to the danzun assembly."Let me ask my father. My father is well-informed. He may know where the beginning of blood is."

Green autumn cloud road.

"Good!"

Ye Chen saw the hope and immediately nodded. He urgently needed to know the news of the beginning of blood. If Qing Qiuyun's father could find out, it would be better.

"Master, let's go. I'll take you to my house."

Qingqiuyun took Ye Chen's arm and walked along the street.

"Master, since you promised to take me as a disciple, I will not hide it from you. In fact, my family is a noble family with noble status in ancient times."

"The ancestor of our Qing family, known as Taigu danzun, enjoys a high reputation in the kingdom of God. Later, in order to avoid the invasion of demons, the whole family moved to Jieyu city."

"In Jieyu City, our Qing family is honored. After all, my family is proficient in alchemy, and all sects in the city ask for us."

"It's a pity that since the fall of our ancestor Taigu danzun, our family's family has been in decline, far from being able to compete with the underworld palace and Tiandao palace in the kingdom of God. We can only stay away from here and can't return to the kingdom of God."

"But although my family is a family of elites, I prefer medicine to alchemy."

"My greatest interest is to travel in the kingdom of God and learn the best medicine in the kingdom of God."

As they walked, Qing Qiuyun talked about the secret history of the Qing family.

"It turns out that your family is a noble family."

Ye Chen is clear about the identity of green autumn cloud, suddenly suddenly suddenly, no wonder the bodyguard guarding the city is so respectful to Qing Qiuyun.

"Boy, Taigu danzun, the ancestor of the Qing family, is not simple."

In the samsara cemetery, Su Ruoxi's voice came out, saying: "this archaic danzun is one of the hundred great powers in your reincarnation cemetery. Like me, your real body is also imprisoned in Tiandao palace."

"Taigu danzun, the great power in the samsara cemetery?"

Smell speech, ye Chen immediately pupil shrinks, the vision is incomparably surprised, unexpectedly still have such a paragraph of origin behind the matter.

The ancestor of the Qing family was actually one of the hundred great powers, which was beyond his expectation.

No wonder he can meet with the green autumn cloud again, it turns out that there is a line that connects them together.

Soon, ye Chen followed Qing Qiuyun to a grand mansion.

On the mansion, there is a plaque with the words "Qingfu" written on it. The handwriting is vigorous and powerful, showing extraordinary momentum. There are two stone lions in front of the door, which are majestic and dignified.

Chapter 3223

"Miss, you are back."

The two gatekeepers, seeing Qing Qiuyun back, immediately saluted him.

What about me

Qing Qiuyun loosened the arm arm arm of Ye Chen and kept a reserved distance. In front of the family disciples, she knew how to behave.

"The patriarch is in it. He has been waiting for you for a long time." The gatekeeper said.

"Is Dad waiting for me Qing Qiuyun asked.

"You'll find out when you go in." The gatekeeper said.

"All right."

At that time, qingqiuyun and ye Chen stepped into the mansion. A middle-aged man came out of the hall. He was wearing a royal robe and was dignified.

"Dad

As soon as Qing Qiuyun saw this middle-aged man, he welcomed him with a smile.

"Hehe, qinger, you are back."

The middle-aged man was pleased to smile, with a pet in his eyes.

"This is..."

Then, the middle-aged man looked at Ye Chen, and immediately frowned.

"His name is Ye Chen. He is my master."

Qingqiuyun is natural and generous, introduces directly, and then introduces to Ye Chen: "master, this is my father, taboo on the shock of loyalty."

"Ye Chen, younger generation, I've met you."

Ye Chen arched his hand.

"You are ye Chen?"

Qing Zhenzhong is surprised. Ye Chen is the first genius of the kingdom of God and the master of the demon hall. He has a great reputation. He has also heard of fame in Jieyu city.

"Exactly."

Ye Chen looks quite polite.

"You Are you the master of the little girl

Qing Zhenzhong's eyes sank and his face was a little ugly.

He has a rich family of noble virtues. His daughter, Qing Qiuyun, is also gifted. In his eyes, ye Chen is not qualified to be his daughter's master.

What's more, ye Chen wants to fight against the demons. If qingqiuyun and yechen are contaminated too much, qingqiuyun is absolutely dangerous!

"Cough, the elder is joking. I'm just an ordinary friend of Qiu Yun."

Ye Chen coughed. In front of Qing Zhenzhong, he did not dare to pretend to be a master.

"Master!"

Qing Qiuyun stamped his feet and looked at Ye Chen with a little anger.

Ye Chen gave her a wink, two people in private master apprentice match, but there is no problem, but in front of outsiders, or so called, it is greatly inappropriate.

"Qing'er, don't monkey around and go back with me."

Qing Zhenzhong's face sank and he felt something was wrong.

"Dad, are there any guests here today?"

Qing Qiuyun looks at the hall and finds that there are many banquets in the hall, full of delicious food, and many strange faces, which seem to be entertaining guests.

"Well, there is an alchemist outside the country, known as the Dan emperor Yang lie. I invited him to come to our house today. You can go in with me to treat you well. Don't neglect others."

Qingzhenzhong takes qingqiuyun to go inside, pauses, looks at Ye Chen and says: "Ye Xiaoyou, please come in and have a meal together."

He was not very friendly to Ye Chen, but out of politeness, he invited Ye Chen to the party.

Thank you very much

Ye Chen arched his hand and went in with him.

"Dad, I want to ask you something. Have you ever heard of the beginning of blood?"

Qing Qiuyun is still thinking about ye Chen's affairs, and asks quickly.

"The beginning of blood?"

Qing Zhenzhong shook his head and said, "I haven't heard of it. What's this?"

Qing Qiuyun said: "I don't know, so I want to ask you, the prize of this Dan Zun meeting, is there such a spiritual thing as the beginning of blood?"

Qing Zhenzhong said: "there are 33 Tianhong Mongolian skills, top-notch magic weapons, and precious natural materials and foreign treasures. But I have never heard of the origin of the blood vessels. There is absolutely no prize in the prize."

"Is it?"

Green autumn cloud suddenly disappointed, looked at Ye Chen one eye.

Ye Chen frowned tightly and thought, "what's going on? The beginning of blood vessel has nothing to do with danzun assembly? Can I see through the eyes of heaven and see it wrong? "

He didn't expect to find the hard news.

As they spoke, the three entered the hall.

In the hall, the lights were bright and delicious food was full of banquets.

In the chief position, there was an old man in a robe with clear eyebrows. On his robe, there was a pattern of medicinal herb Dan Ding on his left breast. He was obviously an alchemist.

Next to the old man sat a young man with a similar appearance, apparently his son.

As soon as the young man saw the green autumn cloud coming in, he immediately showed his burning eyes and kept aiming at the graceful posture of qingqiuyun, with a look of salivation.

In the vicinity of the two, there were also many people in Dan robes, who were obviously alchemists outside the territory or in the boundary city."Qinger, let me introduce you to you. This is Yang lie, the famous Dan emperor in foreign countries. This is his tiger son Yang Teng. And all of you here are famous alchemists from abroad."

Qing Zhenzhong, with a smile on his face, introduced to Qing Qiuyun one by one.

"Little girl Qiu Yun, I've met the senior Dan emperor and all the masters."

Qing Qiuyun was very cultured and said hello to the emperor of Dan Yang lie and many alchemists. But when he saw Yang Teng's salivating eyes, Xiumei could not help frowning and was quite displeased.

"Qing'er, the master of Dan Huang, is the elder of the seven killing evil sect in foreign countries. He used countless medicinal materials to open up a Danhuang pool for the seven killing demon sect by means of against the heaven."

"The aura of the Danhuang pool is enough to let all the masters in the later stage of the celestial realm enter a new level. It's very powerful. If you can learn master Danhuang's skills, you will benefit a lot in your life."

With a smile on his face, Qing Zhenzhong tells the story of Yang lie's methods.

"Where and where, I am a little bit of subtle means, let the head of the Qing clan laugh."

Yang lie, the emperor of Dan, stroked his beard with a smile and was polite and modest.

"This Dan emperor Yang lie has the cause and effect of the devil emperor's predecessors!"

Ye Chen's eyes congealed, looked at the appearance of the Dan emperor Yang lie, and then listened to Qing Zhenzhong's words, he immediately saw countless causes and effects, and insight into the natural mechanism behind.

It turns out that all the aura of the Danhuang pool opened up by the emperor Yang lie was snatched by the emperor Zha Tianmo, who made a breakthrough and stepped into the eight layers of heaven.

Therefore, in the body of the Dan emperor Yang lie, ye Chen sees the causal breath of covering the heaven and the devil.

In addition to covering up the heaven and the devil, he also saw the cause and effect of the dragon.

"It turned out that qingfanzhulong was the protector of the seven killing demons, and the Danhuang pool opened by the emperor of Dan Yang lie was prepared for him, but it was finally captured by the elder devil emperor."

For a moment, ye Chen has a deep insight into the cause and effect and sees through many mists. The seemingly unrelated characters are connected at once.

As long as he hears a little intelligence and sees the relevant characters, he can automatically run through the cause and effect behind him and know everything.

This feeling is mysterious and mysterious.

Chapter 3224

When he sees the devil hole and reaches the peak, he may be able to see through all the secrets of heaven and penetrate all the mists.

At that time, there is nothing in the universe that can hide from his ears and eyes.

"Master Dan Huang, you are a master of alchemy. Please don't despise my daughter's dullness and accept her as an apprentice."

Qing Zhenzhong pulled qingqiuyun over and said, "Qing'er, kneel down to worship your master. This master of Dan Huang is the master I found for you. You should study from the emperor Dan in the future. You should concentrate on learning skills and reproduce the ancient glory of our Qing family."

"Do you want me to become a teacher?"

Listening to Qing Zhenzhong's words, Qing Qiuyun was stunned. Today's banquet can be said to be a teacher worship banquet!

"Kowtow quickly!" Qing Zhenzhong called.

Green autumn cloud Leng in situ, did not expect this Dan Huang Yang lie, originally is the teacher that Father seeks for her.

"Ha ha, chieftain Qing has made the bones of thousands of gold clear and beautiful. It's not a problem for me to accept her as an apprentice. It's my son's marriage to her..."

Yang lie looks at his son Yang Teng and Qing Zhenzhong.

Qing Zhenzhong said in a hurry: "this marriage, of course, is no problem. The little girl is also at the age of marriage. After she has become a teacher, she will marry your son as his wife."

"That's good."

Hearing Qing Zhenzhong's words, Dan Huang Yang lie is also satisfied with a smile.

Yang Teng, beside him, was full of excitement. He kept aiming at the white face and graceful figure of Qingqiuyun. There seemed to be a fire burning in his eyes.

"Dad, you want me to become a teacher and betroth me to someone else?"

Hearing the speech, the green autumn cloud was like being struck by lightning and trembled violently.

"Qing'er, kowtow quickly. It's your good fortune to worship master Dan Huang as your teacher. Moreover, you and master Dan's son, a gifted and beautiful couple, will be able to spread a good story in the future."

Qing Zhenzhong pulls the sleeve of Qing Qiuyun and signals her to kneel down to worship her teacher.

Yang lie, the emperor of Dan, is very famous on the foreign border. I don't know how many people want to worship him. Qing Zhenzhong also took great pains to invite him here.

But the Dan emperor Yang lie, also intends to accept apprentices, only one condition, is to let Qing Qiuyun marry his son.

In Qing Zhenzhong's eyes, this condition is not excessive at all. On the contrary, it is an excellent opportunity to enhance feelings.

As long as the two families get married, plus the relationship between masters and apprentices, the Qing family and the Danhuang family will join forces, and there is also the power of the seven killing demon sect behind them. His Qing family is expected to revive the ancient style!

As for the idea of Qing Qiuyun, Qing Zhenzhong didn't care. Anyway, Yang lie, the emperor of Dan, was famous and his son, Yang Teng, was also a good-looking talent, so she agreed.

"Dad, I can't be a teacher!"

Qing Qiuyun's face was very cold. He stood in the same place and did not kneel down.

"What do you say?"

Hearing her words, Qing Zhenzhong was stunned.

"I have a master!"

Green autumn cloud a face angry, big voice way.

Her voice dropped, just lively hall, suddenly quiet down.

"Do you have a master?"

Zhong's face was blue.

"Well!"

Green autumn cloud suddenly nods.

All the guests were stunned.

Why don't all of you kneel down to master Qiu Qing?

Under the gaze of many guests, Yang lie, the emperor of Dan, could not hold his old face, and said in a deep voice, "chief Qing, what's the matter? Since she has a master, why do you still ask her to worship me as a teacher?"

"Master Dan Huang, please stop your anger. I'm just talking nonsense."

Qing Zhenzhong quickly made amends and glared at Qing Qiuyun and said, "Qing'er, don't be angry. Get down on your knees and worship your teacher!"

"Good, master, please accept the disciple's worship!"

Qing Qiuyun walked quickly to Ye Chen and knelt down on one knee with a respectful attitude.

She did kneel down, but the person who knelt down was not the Dan emperor Yang lie, but ye Chen!

Suddenly, the whole hall was silent.

Everyone looked stunned.

Dan Huang Yang lie is also full of confusion, there is a feeling of being teased.

Next to Yang Teng, looking at Ye Chen's eyes, with a huge anger and jealousy.

This kid?

Is it Qiu Qing?

What a joke!

Green autumn cloud toward Ye Chen squeezed an eye, a little playful and proud of the appearance.

Ye Chen is also stunned, did not expect that in full view of the public, green autumn cloud will kneel in front of him, this is really jump into the Yellow River also can not be washed, he immediately became the center of the vortex.

What's more, he has promised to take qingqiuyun as his apprentice, so he kneels down and calls for his master. He can't refuse at all.

"My master's name is Ye Chen. He is both a master of medicine and martial arts. He is the kingdom of God. No, he is the first genius of all ages. He has taken me as a disciple. I can't learn from him any more." At the time when people are shocked, green autumn cloud said the identity of Ye Chen.

"Master Dan Huang, I can't worship you any more. Please don't blame me."

After a pause, Qing Qiuyun apologizes to Yang lie, the emperor of Dan. The courtesy is very considerate, but her attitude is also very clear. She will never be a teacher again.

Yang lie's face was red and his eyes were very angry. In full view of the public, he was completely played by the Qing family, but he was not easy to attack.

"So he is Ye Chen."

"I have heard of the first day of the kingdom of God."

"But how can he compare with master Dan Huang?"

When the guests heard qingqiuyun's words, they also talked about it one after another.

Of course, they have heard of Ye Chen's name, but they don't think ye Chen is qualified to be the master of Qing Qiuyun.

After all, when it comes to Dan Dao, Yang lie, the emperor of Dan, is the real anti heaven orthodox. Even the sub forces of the emperor yuan hall once invited him to be the elder of Dan Hall, but he was rejected.

In their eyes, pure to Dan, ye Chen is absolutely not better than the Dan emperor Yang lie.

Maybe Ye Chen's medical skills are very exquisite, but the alchemy is absolutely impossible to compare with Yang lie.

"It's all right. Now that you have a master, you can't be a teacher again."

Yang lie touched his beard, looked at Ye Chen coldly, and said, "Ye Xiaoyou, I can't believe that you are young and become a master. It's really a great skill! I've heard that you are proficient in medicine and martial arts, but I don't know that you are also proficient in Dan. I'm not talented. I want to let the dog fight with Ye Xiaoyou. What do you think? "

Between the words, he looked at Yang Teng.

Relying on his identity, he didn't want to fight Dan in person, so he called his son Yang Teng to do it.

As long as Yang Teng can defeat Ye Chen, he can prove that his alchemy is far above Ye Chen. Qing Qiuyun's refusal to worship him as a teacher is the loss of the Qing family, not the incompetence of his Danhuang family.

"Brother ye, please."

Yang Teng stood up and looked at Ye Chen with strict eyes.

Qing Qiuyun is so respectful and intimate to Ye Chen that he is very angry. If he does not frustrate Ye Chen's spirit, it is difficult to vent his hatred.

Chapter 3225

"Doudan?"

Ye Chen touched his nose and said with a smile: "in the next Dan Road is flat, I really dare not compare with the Dan emperor's predecessors. This Dou Dan need not be compared. I admit defeat."

Ye Chen only wants to find the beginning of the second drop of blood, and does not want to cause more trouble.

But his words, Yang lie and Yang Teng two father and son heard, but feel incomparably harsh, as if they were despised and insulted.

Yang Teng said, "brother ye, you don't even dare to fight with me. What qualifications do you have to be the master of the young girl?"

Ye Chen said with a smile: "I have no qualifications, don't worry about brother Yang. She has her own decision."

"Master, you can compare with him, let him see your means!"

The green autumn cloud looks at Yang Teng step by step pressing appearance, in the heart gas but.

She wants Ye Chen to show her edge and prove to everyone that she did not worship her master wrong. Ye Chen is a real genius!

"It's no use fighting. I have something important to deal with."

Ye Chen shakes his head, do not want to have more trouble.

"Master!"

Green autumn cloud suddenly discouraged, in the heart is very disappointed, did not expect Ye Chen to be so low-key, in order to find the beginning of what blood, was trampled on the head can also endure?

"Ha ha, I don't know what brother Ye has to do. Maybe I can help you."

Yang Teng asked with a sneer. He thought Ye Chen was flinching and looking for an excuse to avoid fighting.

"I'm looking for a spirit called the beginning of blood. If brother Yang can provide any clues and what you want to fight, I will accompany you at any time."

Ye Chen also does not conceal, said own goal.

"The beginning of blood?"

Yang Teng Leng Leng Leng, he has not heard of this kind of spirit thing, turn head to look at Dan Huang Yang lie: "father, have you heard of it?"

"At the beginning of blood, isn't this another name for jade jade jade?"

Yang lie, the emperor of Dan, frowned and said, "this jade jade jade golden dew is one of the prizes of the danzun meeting. It has a lot of energy. If you take it, it can greatly improve the quality of blood vessels. However, this kind of spirit is not suitable for human body to take, only suitable for pet animals to swallow. I wonder what ye Xiaoyou is looking for?"

"The beginning of the blood, called Jade jade jade golden dew, is the prize of Dan Zun assembly?"

Hear Dan Huang Yang lie's words, ye Chen immediately incomparably shocked.

He did not expect that at the beginning of the blood, there was also an alias called yuqiongjinlu, which was one of the prizes of the danzun meeting.

"Sure enough, the beginning of blood has something to do with Dan Zun assembly! I know that I can't read wrong because of my deep insight

Ye Chen thought in his heart and looked at Yang lie of the Dan emperor and said, "master Dan Huang, as long as I attend the danzun meeting and win in the end, I can get this jade jade golden dew?"

"Ha ha, ye Xiaoyou want to attend danzun meeting?"

Dan Huang Yang lie smiles.

"If I can really get jade jade jade and gold dew, I will definitely attend the Dan Zun meeting."

Finally know the exact news of the beginning of blood, ye Chen heart is also hot.

"Hum, you think this danzun meeting is held by your family. You can go to any kind of cat and dog. Without my danta's approval, you are not qualified to participate!"

One side of the green Zhenzhong, incomparably angry looking at Ye Chen.

Qing Qiuyun recognizes Ye Chen as a master. He is absolutely against it!

Even if ye Chen really medical wugaishi, Dan Tao towering, he will not agree.

Because ye Chen is so young!

If ye Chen became the master of Qing Qiuyun, he would be equal to him in terms of seniority. This is simply unacceptable!

Looking at qingzhenzhong so angry appearance, ye Chen suddenly helpless, white green autumn cloud one eye.

You girl!

If I keep a low profile, I won't be so hard to be a man!

"Ye Xiaoyou, you haven't passed danta's examination, have you?"

Dan Huang Yang lie's eyes narrowed slightly and asked.

"I don't know what the assessment of the danta is, but I don't know when I first came here."

Ye Chen came back to God and shook his head.

"Ha ha, danta is a alchemy organization in jieyucheng, which is dominated by the Qing family and composed of many noble Dan families. Unless you have a special quota, if you want to participate in danzun meeting, you must pass the examination of danta first."

"You don't even have the courage to fight with Gouzi. If you don't take the test, you are not qualified to compete."

Dan Huang Yang lie slightly sneered, with a trace of disdain in his eyes.

"Brother ye, danta assessment was closed a month ago. Three days later, it's the day of danzun meeting. It's too late for you to compete. Ha ha, it seems that you can't get hold of the jade jade jade golden dew. It's a pity."

Yang Teng also laughed. He was very happy to see that ye Chen wanted to participate in the danzun meeting, but he couldn't participate.

Ye Chen listens to these two father son's words, facial expression suddenly very ugly.

"Ye Chen, it's not impossible for you to compete."

All of a sudden, Qing Zhenzhong's words changed. "Senior youth allowed me to compete?"

Ye Chen heard his words, eyes suddenly a bright.

Qing Zhenzhong is not only the head of the Qing family, but also the head of danta. If he is willing to open his mouth, ye Chen will naturally be able to break the rules.

"Ha ha, I can give you a special place to attend the danzun meeting, but only if you leave my daughter and terminate the relationship between master and apprentice."

Qingzhenzhong is cold.

"Dad

Green autumn cloud hears Qing Zhen Zhong's words, immediately anxious to call up.

"Break the master apprentice relationship?"

Ye Chen's eyes are cold, but he didn't expect that Qing Zhenzhong would put forward this request.

"This Qing Zhenzhong is capable of being a man."

Yang lie, the emperor of Dan, touched his beard and nodded silently.

He is forced to take care of Yan Zhenqing.

"Brother ye, Miss Qing is a good talent and beautiful jade. Don't delay others. You can break the relationship between master and apprentice and let Miss Qing transfer to the seat of the Dan emperor family."

Yang Teng persuades, eyes quietly looking at the green autumn cloud, full of excitement and blazing color.

As long as Qing Qiuyun leaves Ye Chen and worships his father, he can marry her and enjoy the happiness of beauty.

Ye Chen was silent and did not speak.

"Master..."

Green autumn cloud silver teeth biting red lips, beautiful eyes staring at Ye Chen, afraid that he really open his mouth, said to lift the relationship.

"Sorry, I refuse."

Ye Chen shook his head, looked at Qing Zhenzhong and said, "elder Qing, since I have promised to harvest cloud as a disciple, I can't leave her at will. Please forgive me."

Although Ye Chen doesn't want to be the master of Qing Qiuyun, since he has agreed, and the fetters of causality have been established, how can someone else say something and cut it off completely?

Their own cause and effect can only be solved by themselves. Ye Chen will never be threatened by others.

"You

Qing Zhenzhong looked at Ye Chen's resolute appearance, and his face suddenly showed anger and said, "you don't want to attend the danzun meeting, and you don't want jade Qiong Jinlu?"

"I want to participate, and I want to, but my husband is upright and upright. I won't leave Qiu Yun behind."

Ye Chen still shakes his head.

Chapter 3226

"Master!"

Qingqiu Yunda is grateful, and her tears are almost falling out. She goes to Ye Chen and holds his arm tightly.

Looking at their intimate appearance, Qing Zhenzhong, Dan Huang Yang lie and Yang Teng are extremely angry and extremely angry.

The guests present, however, looked like watching a good play.

Looking at the appearance of Ye Chen and Qing Qiuyun, it is obvious that the relationship between master and apprentice is not so simple. There may be another cause and effect behind it.

At this thought, people looked at Yang Teng, and his expression became more strange.

"Qing Zhenzhong, your daughter has found a good master. It seems that I have nothing to do with me."

Dan Huang Yang lie's face twitches and is very embarrassed. He is considering whether to end the cooperation with the Qing family.

"Master Dan Huang, it's all misunderstandings, misunderstandings, little girl willful, I'll discipline well later."

Qing Zhenzhong constantly apologized, and his sweat came out.

His Qing family is the master of danta. In terms of power, he is no weaker than the Danhuang Yang lie. However, the problem is that if he wants to revive the power of the ancient ancestors and return to the kingdom of God, it is impossible to rely on the Qing family alone. He must have the support of Dan emperor Yang lie and other sects.

If you offend the emperor Yang lie, Qing Zhenzhong's plan to revitalize his family will be a complete failure.

"Dad, my master is a great emperor. With his help, we will be able to revitalize our youth family. Why rely on outsiders?"

Green autumn cloud with tears, looking at Green Zhenzhong road.

"Shut up

Qing Zhenzhong is extremely angry. When he raises his hand, he will slap him. But he is reluctant to give up. His hand is shaking in the air.

Having heard Ye Chen's deeds, he naturally knows that ye Chen is brilliant and has tremendous potential.

But the problem is that ye Chen offended Tiandao palace and was killed by Xuanyuan Mo Xie.

In case of failure, you will have endless troubles!

Why did Taigu danzun leave the kingdom of God and come to this special boundary city to have a peaceful life!

Even the ancestors have nothing to do with the demons, not to mention a mere Ye Chen!

Once the green autumn cloud worships under the Ye Chen seat, then the heavenly way palace and the demon will descend to anger, I am afraid that the whole green family will be destroyed.

Yang lie and Yang Teng, the emperor of Dan, heard Qing Qiuyun's words, especially the word "outsider", only felt very harsh. Their faces were very ugly.

"Master, if you want to attend the danzun meeting, my quota can be given to you."

Qing Qiuyun, however, ignores the eyes of outsiders, takes out a token from his arms and hands it to Ye Chen.

The token is engraved with the word "Dan", which is a keepsake of danta. Anyone holding this token can participate in the danzun meeting unconditionally.

Ye Chen takes the token and is stunned. Unexpectedly, Qing Qiuyun is bold enough to transfer the quota to him.

"Dare you

Qing Zhenzhong looks at the action of Qing Qiuyun and is extremely angry.

"What kind of overpowering drug did this boy give her to make her so obedient and obedient."

Yang Teng looks at this scene, is also very jealous, in the heart incomparably hates.

Dan Huang Yang lie did not speak, but his face became more and more ugly.

"Forget it. I can't take your place."

Ye Chen doesn't want to see qingqiuyun father and daughter break up, and returns the token.

"Ye Chen, you are not welcome here. Get out of here!"

Qing Zhenzhong angrily sends Chongxiao, but regardless of everything, wants to expel Ye Chen.

"Young master, offended."

Ye Chen smiles bitterly. Since the other party has ordered him to leave, he naturally has no such thick skin. He will stay here again and leave immediately.

"Master, I'll go with you!"

Qing Qiuyun stamped his feet, but also angry, left with Ye Chen.

"Qinger, come back to me!"

Qingzhenzhong shouts, but qingqiuyun turns a deaf ear and follows Ye Chen out.

Seeing this, the whole hall was quiet and dead.

"The little girl is capricious, which makes you laugh."

Qing Zhenzhong arched his hand, only to feel dishonored and shameless.

"Master Dan Huang's alchemy is unique in the world, so that thousands of gold refuse to learn from their masters, but recognize a little boy as a master. This is a blind eye!"

"Chieftain Qing, you should teach her well."

"Ha ha, it's hard to control the girl's temper. When she's angry, the chief of the Qing clan will talk to her slowly, and she can come back."

All the guests, you talk and I talk.

"Sure, sure."

With a stiff smile, Qing Zhenzhong arched his hand to Yang lie, the emperor of Dan. He said, "master Dan Huang, the little girl has offended me. She is young and ignorant. She still looks forward to Haihan."

"Hum, tenger, let's go."

Dan Huang Yang lie cold hum, did not say anything more, took Yang Teng to leave.

"Dad, ye Chen's boy, we'll lose face tonight. Can't we just let it go?" Yang Teng asked quietly, with a trace of murder in his voice.

"Hum, how can the dignity of our Danhuang family be humiliated by outsiders? Three days later, at the danzun meeting, the boy will definitely come to attend. At the meeting, we will severely frustrate his spirit

In the old eyes of Yang lie, the emperor of Dan, was also murderous: "when the meeting is over, we will get the reward, practice FA Hua to extinguish the sky, master the supreme power of heaven, and it is not difficult to kill that boy."

Fahua is one of the prizes of danzun.

This time, the prizes are very rich, among which the most coveted are two.

A prize, called Jade jade jade golden dew, has incomparably rich aura, which is of great benefit to pet animals. When taken, it can transform mole ants into tigers and crows into Phoenix. It has almost the power of nature against heaven.

The other prize is a supernatural power called fahua jimietian. It is one of the thirty-three Tianhong Mongolian dharmas. It has wonderful lotus blossom, great power and Heavenly Dragon. It can subdue all enemies, and it has great lethality.

If you can practice FA Hua to extinguish the sky, the Dan emperor Yang lie is sure to kill Ye Chen.

"Dad, I heard that ye Chen is such a powerful son that he can't even despise the heavenly way palace of the kingdom of God. Even if we practice Dharma to kill heaven, we may not be able to kill him."

Yang Teng Meiyu worried, in a strong jealousy mood, he just want to tear Ye Chen into pieces.

But he also knows that ye Chen's fighting capacity is very terrible, absolutely not so easy to kill.

"No matter what, we still have the support of Lord candle dragon behind our family. As long as you get jade jade dew and let Lord candle dragon recover all his strength, it's easy to kill that boy."

Yang lie, the emperor of Dan, was smiling. He was the chief elder of the seven killing demon sect. Although he did not have much real power, he only enjoyed the reputation of the emperor Dan, but behind him, there was the support of the green candle dragon.

Qingzhulong is a fierce man in ancient times. As long as he gets Yuqiong Jinlu and allows him to recover his full strength, he will be able to kill Ye Chen without any accident.

Chapter 3227

"That's great. As long as we win the victory of danzun assembly, ye Chen will die."

Yang Teng was very excited. If he could win in the danzun meeting and get the prize of Yuqiong Jinlu and fahua jimietian, even if they could not kill Ye Chen, they could ask qingxianglonglong to kill him. There was no need to worry about it.

At this time, ye Chen, after leaving the Qing family residence, came to a barren mountain.

"Master!"

Green autumn cloud eyes with tears, ran behind Ye Chen, pulled the corner of Ye Chen's clothes.

The night is like water, the moon is bright and the stars are rare. The lonely mountain is lonely, but there is a trace of desolate scene.

"I don't need it."

Ye Chen shakes his head and feels the pull of qingqiuyun, but he doesn't want to be nostalgic. He gently breaks away from qingqiuyun, but doesn't want to cause more causality.

"Master, other people don't believe you, but I know that your ability, your alchemy ability, will never lose to anyone!"

Qing Qiuyun took out the token again and put it into Ye Chen's hand: "take this token. Three days later, when you go to the danzun meeting, you must prove to everyone that you are qualified to win the championship and to be my master of qingqiuyun!"

"Cough, apprentice, you think highly of me."

Ye Chen is dumbfounded. If it is a competition of medical skills, he will not be afraid of anyone, but if he is pure alchemy, he may not be the enemy of Yang lie, the emperor of Dan.

Although he was also proficient in alchemy, he had not tried it for a long time, and his skill was a little unfamiliar.

And Yang lie, the emperor of Dan, is famous in foreign countries. He doesn't know how powerful he is in refining alchemy. If he really competes, he is not sure.

"Master, you can do it!"

Qing Qiuyun's eyes are burning. If she dares to act against her father, she wants to recognize Ye Chen as a master. That is to say, she absolutely believes in Ye Chen's ability.

Ye Chen tightly clenched the token given to him by Qing Qiuyun. He felt extremely heavy weight and said, "don't worry, you entrust your competition destiny to me, and I won't let you down."

If he fails, after Qing Qiuyun, he will never be able to take a foothold in Jieyu city. He will be ridiculed by everyone.

For the beginning of blood, and for the future of Qing Qiuyun, he must not lose this meeting.

"Master, I believe you."

Green autumn cloud listen to Ye Chen's words, is also incomparably moved.

Ye Chen smiles and says, "there are still three days to go before the meeting of Dan Zun begins. In these three days, I want to practice well. You should not disturb me as much as possible."

Ye Chen thinks that in order to win in the danzun meeting, he decides to resume refining pills. It's time for Xuanyan to upgrade. As long as Xuanyan's energy is promoted, he can even better control the burning tablet and refine pills more easily.

Moreover, only by enhancing the power of Xuanyan, can he be sure to defeat the two father and son of the Dan emperor Yang lie.

"Well, master, practice well, I won't disturb you."

Green autumn cloud cleverly nodded and immediately turned to leave.

.....

At the same time, there is a strong evil spirit on the mountain.

A chessboard is suspended in the center.

A man full of Diwei stood proudly, holding a white piece in his hand, and directly fell on the chessboard.

Men's eyes seem to reflect the blood moon, the whole body covered with stars, mysterious.

"Ye Lao, you seem to lose!"

The man showed a smile, full of free and easy!

This man is no one else, it is the mysterious Ren!

The old man in front of him is naturally Ye Chen's grandfather.

The place name of the two people was tuntian Feng.

There are countless strong people in the upper world, but there are not more than a thousand people who can step into tuntian peak!

On the top of tuntian peak, terror is forbidden. Most people even want to breathe! Not to mention such indifferent chess!

Ye old white eyebrows wrinkled slightly, but still fell a black spot on the chessboard: "that may not be, the chessboard is not final, the victory or defeat is unknown."

Any Mou son tiny MI, pour is nodding: "really, this game of chess, some meaning, but, the wind of swallowing Tian Feng is bigger, it seems that the outside world wants to interfere with this chess?"

Between the words, on the top of tuntian peak, a round of blood moon hung high, covering the desolate meaning!

Hold the chess pieces in your hand and shoot them in one direction!

At the next moment, the chess piece seems to turn into a huge beast and rush into the dark place!

Soon, the beast comes back.

But it has an old man in its mouth!

The cultivation of the old man is not weak in the upper world, but now he is shaking all over!

Because the moment the great beast appeared, he felt that he would die!

What means is this!

A chess piece turns into a fierce beast which is more terrible than the monster of the upper world!

This means is unheard of!

As soon as the beast shook, he threw the old man to Ren's body!

Ren and ye Lao didn't have any expression, and they still played chess on their own. As if the old man had never appeared.

The old man could no longer resist the pressure. He knelt down directly with trembling body and handed out a jade slip with both hands: "two elders, I really didn't mean to disturb them playing chess, but the queen asked me to send an invitation letter..."

However, Ren and ye still ignored!

The old man can only hold it like this!

Key to tuntian Feng has a strong ban!

The old man has to bear tremendous pressure!

He even felt his arms crushed by the forbidden force!

Half an hour later!

The old man almost collapsed on the ground, but his hands were still held by will!

Under his feet is a piece of blood!

"Mr. Ye, I'm sorry. I won again."

"It's almost time to go back."

With a smile, he stood up and stretched.

"No problem."

Ye nodded and waved his arm gently. The forbidden and powerful tuntian peak had a void door!

Just when they were about to step into the gate of emptiness, the old man couldn't help it anymore:
"two elders Queen, please

Ren's feet stopped, five fingers a grip, jade Jane appeared in his hand.

The old man is happy, his mission is completed!

However, in the next moment, the jade slips turned into powder on the spot!

His ear sounded like a voice from nine days: "when I play chess, I don't like to be disturbed by outsiders."

"Next time, it will not be the jade slips in my hands that will be turned into powder, but the head of your queen."

"That's enough for you to do business."

Words fall and the door of void closes.

The two figures seem to have never appeared in the tuntian peak.

But the old man vomited out a mouthful of black blood.

The prohibition of Tun Tian Feng is terrible, but what is terrible is the breath of the man!

He finally understood why the queen wanted to risk herself here!

This person appears in the land of the upper world, more like a threat!

For the queen of the upper Kingdom, the threat to the noble family!

Even for a moment, he felt that he was not standing in front of a man, but a God above all things!

Who dares to defy the will of God!

Chapter 3228

In the upper world, a cloud shrouded, colorful palace.

Xuanjiyue looked at the old man full of blood in front of her, her eyes narrowed slightly, and her red lips moved: "did that guy do it to you?"

The old man shook his head fiercely: "report to the queen, no."

Xuanji moon slightly one Zheng: "then how is the injury on your body come from?"

"By the way, have you seen the man?"

The old man's eyes are full of awe, even if he has left tuntian peak!

But the feeling of fear still lingered and even destroyed his heart.

"I met the elder."

Xuan Ji Yue Mou son one Xi: "the invitation letter should not be on you."

"Not here." The old man hesitated for a few seconds.

At this moment, Xuanji moon's red lips outline.

Since the other party has accepted the invitation, it means that they are qualified to talk.

The other party appears in the upper bound without any reason, and there is no news of this person in the upper bound and even in the surrounding places.

And the strength of the other side is extremely strange, and even the martial arts are somewhat unpredictable.

Such people should not be enemies.

When she invited Ren, she wanted to tie him to a boat.

"In that case, your task is finished. Go down." Xuanji moon road.

However, the elderly did not retreat.

His body trembled, hard to raise his head, word by word: "queen, the invitation letter was destroyed by that elder."

"And the elder asked me to give you a message."

"What!" Xuanjiyue is angry. As the empress of the upper Kingdom, she is so kind that the other party refuses!

"What words!"

The old man hesitated for a few seconds, or the original narrative.

"He said he didn't like to be disturbed by outsiders when he played chess."

"Next time, the powder will not be the jade slips in his hands, but the head of the queen of the upper kingdom."

Words fall!

Xuanjiyue's whole body erupts extremely strong force!

The overwhelming pressure is just like this!

And the old man can't bear it any longer, and his body is blown away by an invisible force!

And then hard hit on a wall!

There is no interest at all.

Xuanji moon's golden sleeve robe vibrated slightly. She looked at the starry sky in the sky, and said word by word: "the land of my upper world is not for outsiders like you to be wild."

"Such a big voice!"

"I'd like to know where you come from!"

"Eyes of blood and moon, stars and veins, thousands of worlds, I don't believe I can't find out your identity!"

With this sentence, xuanjiyue looked into the darkness: "when did Xuanyuan ink evil come to the upper world?"

In the dark came a respectful voice: "already on the way."

"It's just that the boundary between the kingdom of God and the upper world has become complicated recently. If you want to rush back, it will take some time."

Xuanji moon Mou son tiny MI, thought of what: "by the way, give me a personal information, about Mo Xueming."

Not long ago, although xuanjiyue's body was destroyed and the message had not been conveyed to the upper world, there was a message that could be known without the help of the body.

That is mo Xueming and her causality. Ye Chen may have a chance to hide, but Mo Xueming can't escape the cause and effect!

This is why she and Xuanfei can know that Mo Xueming has learned her thirty-three Tianhong Mongolian method!

In xuanjiyue's opinion, Xuanyuan moxie can become her chess piece!

Of course, Mo Xueming can also be her chess piece!

She is the master of fate, that is to dominate the fate of anyone in the world!

.....

Boundary city.

After qingqiuyun left, ye Chen was moved and said in a low voice:

"Xuanyan, come out!"

Suddenly, a blazing flame, "boom" sound, from ye Chen body burst out, suspended in his eyes.

After many times of advancement, at this moment, the dark flame, endless flame billows, a continuous stream of hot breath, the fire around, there are many bright flame runes, constantly intertwined, showing a very brilliant atmosphere, such as a round of sun suspended in the air.

"Reincarnation star flame, come out!"

The next moment, ye Chen left hand a turn, wisps of bone white flame, with a little bit of starlight, rising from his palm, is the reincarnation star flame.

Before Xuanji came, he and Xia Ruoxue fought side by side, once absorbing a trace of reincarnation star flame. Later, he got a trace of the filthy separation from xuanjiyue.

At this moment, ye Chen did not retain all the energy of the reincarnation star flame in his body, all released, and integrated into the dark flame.

"Tai Gu Sha Yan, come out!"

Now that ye Chen has stepped into the three layers of chaos, it is much easier to control Taigu Sha Yan.

The fusion of fire and God is not a simple thing. It can easily lead to rejection and explosion.

However, ye Chen was not afraid. His palm turned over again, and once again he offered a flame full of endless evil spirit. It was the archaic evil flame presented to him by longchengtian. Whoa!

Ye Chen's palm waves, archaic Sha Yan floats to Xuan Yan, want to blend in.

If he wants to upgrade Xuanyan and win the danzun assembly, it is not enough to fuse the reincarnation star flame. He has to merge Taigu Sha Yan again to be qualified to defeat the two father and son of Dan emperor Yang lie.

Boom! Boom!

Reincarnation star flame and archaic evil flame, such as a white dragon, a red dragon, crazy impact on the dark flame, want to break through the exclusion between the divine fire, and completely blend together.

The shock energy of Daodao's terror is constantly shooting out, and the empty space around is suddenly boiling hot.

The intense heat diffused out, and the air hissed. All the rocks, plants and trees around it withered rapidly and became a world of fire and purgatory. The water vapor evaporated and turned into a pillar of smoke.

And ye Chen's forehead, also out of sweat, feel a huge pressure.

He held the secret formula in his hands, barely maintaining the stability of the three flames. Once the stability was out of control, it would cause a terrible explosion and tear his body into pieces.

"My God, what does master want to do?"

Far away in the woods, green autumn cloud saw this scene, suddenly incomparably surprised.

Originally her young girl mind, all in Ye Chen body, where willing to leave really?

She hid in the distant woods and watched Ye Chen in silence.

Now see ye Chen fusion Shenhua, she immediately incomparable shock.

Like the 33rd Tianhong Mongolian Dharma and the 33rd Tianhong Mongolian treasure, Shenhuo is also an existence created by heaven and earth, not created by human beings.

But different from Hongmeng ancient method and Hongmeng treasure, Shenhuo is pure energy, and refining is very difficult, let alone fusion.

But now, ye Chen actually wants to merge with Shenhuo, which is incredible.

But Qing Qiuyun doesn't know. Ye Chen has long had the experience of fusing Shenhuo. Now what he merges is just a remnant of reincarnation star flame, and part of the energy of archaic evil flame. Not all of them are under control.

Boom!

Boom!

Boom!

Ye Chen suppressed the power of the reincarnation star flame and archaic evil flame into the dark flame. However, the repulsive force between the divine fire was so strong that no matter how he compressed it, the two flames would not merge.

Chapter 3229

Moreover, with his suppression, the energy of the reincarnation star flame and archaic Sha flame became violent and made a series of thunder like explosions, which was frightening.

"It's going to explode. Master, don't you stop?"

Qing Qiuyun opened her eyes and listened to the continuous thunder. Her beautiful eyes were full of fear. She was afraid that the three magic fires would suddenly explode and lead to great disasters.

Boom!

It seems that the flame will be more and more intense, and the flame will be more and more intense.

"Oh!"

However, at this time, ye Chen's muscles and bones vibrated. An ancient syllable, transmitted along his bones, reached the palm of his hand, condensed into a golden note, rose slowly and poured into the flames above.

"Oh! Boom! How about it! Come on! Baa! Moo! Oh! Boo

Then, one by one ancient notes, with a towering aura of Hongmeng, kept flying from ye Chen's palm and poured into the flame.

All of a sudden, the whole flame group, wrapped by the golden light of the supreme Buddha, has countless mighty notes, constantly jumping around the flame mass.

In the next moment, the thunder of the flame group stopped completely, and the three sacred fires began to merge gradually.

Under the influence of Hongmeng ancient sound, the repulsive force between the gods and the fire was actually crushed. They no longer repel each other and began to fuse.

"Very well. It seems to be all right."

Ye Chen smiles slightly, he dares to merge the divine fire, naturally has the dependence.

He became more and more proficient in the music of the eight gods of heaven and dragon. Relying on the suppression of the sacred Buddha's singing, he was able to break the repulsive force between the gods and the fire and let him merge smoothly.

Boom!

Finally, the energy of reincarnation star flame and archaic evil flame is completely integrated into the dark flame.

The whole dark flame, suddenly brilliant, burst out a towering flame, as if condensed the fire of the sky, when the flame burns, like magma boiling, incomparably hot.

Behind the endless flame, the outer layer of the dark flame is also plated with a layer of golden light.

This is the light of Tianlong eight gods sound!

Under the infusion of the sound of the eight gods of Tianlong, Xuanyan gets a trace of Hongmeng breath, which is incomparably magnificent.

"Upgrade succeeded!"

Ye Chen is full of joy and nods with satisfaction.

At the moment, the Xuanyan is completely upgraded successfully. It not only absorbs the energy of reincarnation star flame and archaic Sha flame, but also is protected by a trace of Hongmeng Buddha spirit. The energy is so magnificent that it can be seen from all over the world.

Hiss!

Ye Chen bent his fingers and flicked, the dark flame turned into a golden red flowing awn, and suddenly flew out, dragging out a long tail of fire.

A mountain in the distance, under the rolling of Xuanyan, suddenly the mountain top was flattened.

The power of Xuanyan has reached the point of burning mountains and boiling sea.

"How wonderful!"

Green autumn cloud saw this scene, the delicate hand covers the mouth, incomparable shock.

Such a powerful fire, if you take it to refine pills, it will absolutely shake the earth.

Three days later at the danzun meeting, ye Chen will win!

"Come out, disciple."

Ye Chen put up Xuan Yan and smile slightly. He knew that Qing Qiu Yun was hiding in the dark.

"Master."

Green autumn cloud timidly walked out, did not expect that he had been found.

A ray of sunshine in the morning falls on the graceful and delicate body of the green autumn cloud. Her whole person seems to have a layer of halo, incomparably pure and beautiful.

I don't know the time of practice. It took a night for ye Chen to merge with flame and upgrade Xuanyan.

"If you don't go home, aren't you afraid your father will be angry?"

Ye Chen looks at the green autumn cloud and laughs.

"My father is angry. If I go back now, I'm afraid I won't be killed by him."

Qing Qiuyun spits out his tongue, but he looks a little afraid.

She took the risk of offending the Danhuang family and recognized Ye Chen as her master. In retrospect, she did not regret it. However, she felt a bit sorry to think that she had infuriated her father and had such a stiff relationship.

She did not dare to go home. For now, only when ye Chen won the championship and showed her strong enough strength to let Qing Zhenzhong change her mind, she would dare to go back.

Ye Chen shook his head and said, "you'd better go home quickly. I don't know how much gossip will be outside."

"Master, I don't care."

Qing Qiuyun stood up with a chest full of determination. He took Ye Chen's arm and said, "master, come with me. I'll show you something."

"What are you looking at?"

Ye Chen is a little confused.

"Just follow me."

Qingqiuyun pulls Ye Chen down the mountain and stealthily goes around a section of the road to the mulberry forest behind the house of the Qing family.

This mulberry forest has a very large area. You can't see the end at a glance. Every mulberry tree has a height of seven or eight meters, and its branches and leaves are well trimmed. A layer of prohibitions, if any, is hanging over the sky.

Qingqiuyun pinched his fingers, applied a formula, opened the ban, and walked in with Ye Chen.

In the morning, there is no trace of the woods.

"What did you bring me here for?"

Ye Chen looked at the mulberry forest, no one, desolate.

It's a lonely man and a little girl. It's not very good.

"Master, this place is the birthplace of our Qing family. After the fall of our ancestor Taigu danzun, there is a wisp of foreign fire called Zixiao cold flame, which may be useful to you."

Qingqiuyun pulls Ye Chen's arm and moves forward quietly.

"Purple sky cold flame."

Ye Chen eyes a bright, but did not expect in the Green family ancestral land, actually also hide a ray of flame.

"You want to give me the cold flame of Zixiao? No, it's your family stuff. I can't take it. '

Ye Chen shakes his head. Although the heaven and earth are extremely precious, and he wants it very much, the Zixiao cold flame is left by the ancestors of the Qing family, so he can't collect it casually.

"Master, that purple sky cold flame breath is violent. No one in our family can refine it. It's better to give it to you than to destroy the nature. Besides, you are not an outsider. You are my master. We are a family now."

Qingqiuyun's eyes flashed, and he grasped Ye Chen's arm. His soft body approached the past: "the danzun meeting will start in two days. If you accept the purple sky cold flame, the chance of winning the championship will be greater!"

Listen to the words of green autumn cloud, ye Chen is silent.

Dan Zun meeting is very important to him. He must win the championship to maintain the dignity of Qing Qiuyun. Only when he wins the championship, can he get the reward of Yuqiong Jinlu, let Xiaohuang recover completely and have the strength to step on the Tiandao palace.

But Zixiao cold flame, after all, is the ancestral fire of the Qing family. If he collects it, the causal ties with qingqiuyun will be more profound, and I'm afraid it will be difficult to give up in the future.

"Roar!"

Just thinking, suddenly a deep animal roar sounded from the depths of the mulberry forest.

The next moment, a burst of monstrous waves, crazy diffuse out.

Chapter 3230

A human like beast, like a black lightning, rushed out of the mulberry forest and killed Ye Chen and Qing Qiuyun.

"This is In ancient times! You Ying ghost weasel

The green autumn cloud is shocked and pale. Unexpectedly, there is a strange animal lurking in the ancestral land.

This human like beast is extremely ferocious, as weird as a mouse. Its arms are extremely long, and almost fall to the ground. Its claws and nails are like knives, extremely sharp, and its skin is covered with weasel like fur. Around its body, there is a little bit of tombstone ghost fire like fluorescence. The strict spirit of demon and ghost is constantly rolling, which is shocking.

Qing Qiuyun recognized at a glance that this human shaped beast was actually one of the top ten fierce beasts in ancient times, Youying ghost weasel!

"Be careful!"

Ye Chen hugs qingqiuyun's thin waist and dodges the attack of Youying ghost weasel.

Bang!

The Youying ghost weasel hit the place where qingqiuyun had just stood. Suddenly, a terrible pit appeared on the ground. All the soil in the pit was corroded, and a little ghost fire flickered, which made people feel sad.

Qing Qiuyun's delicate body trembles. The strength of the Youying ghost weasel has reached the seven levels of heaven and God realm. If ye Chen hadn't rescued her, she would have been killed.

"Roar!"

The Youying ghost weasel couldn't hit the target, but when he stepped on it, his body broke up again, and his sharp claws were fierce.

"Evil animal, dare!"

Ye Chen's eyes were cold. He pulled out the evil sword, and the flame of the dark flame burst. The sword came out with a layer of fiery flame, even with a ray of heavenly Buddha's golden light, and the sword spirit was mercilessly cut out.

"Eh?"

Seeing the sword, the Youying ghost weasel uttered a cry of surprise. It was unexpected that ye Chen could use such a powerful sword even though he was only in chaos.

It was in a hurry to avoid and open, ye Chen a sword cut down, immediately cut the ground out of a slit.

"You Ying ghost weasel, isn't it suppressed in the tomb of emperor gouchen? How could it be in my ancestral home? "

Qing Qiuyun looks at the fierce appearance of the Youying ghost weasel. She is shocked and uncertain, and her chest fluctuates violently.

Youying ghost weasel is one of the fierce beasts in ancient times. In terms of blood quality and strength, it is enough to rank second. In ancient times, it made waves, and killed many experts.

After the war, Youying ghost weasel was suppressed by the great emperor gouchen.

The Liao was so powerful that the great emperor of gouchen could not completely suppress it. Finally, he used his own weapon, the white tiger soul breaking sabre, and relied on the heavenly power, which is the most precious treasure of Hongmeng in the past thirty-three days, to completely suppress this Liao.

"Gouchen tomb house was stolen by the Tiandao palace. This guy took the opportunity to escape and escaped to your ancestral land!"

Ye Chen's vision shrinks, under the sky eye insight, immediately saw through the heavy fog.

It turns out that the tomb of the great emperor gouchen has been hollowed out by Tiandao palace.

The remains of the great emperor gouchen, as well as the white tiger soul breaking sabre, were refined by the Dragon God of Yantian. Therefore, he was completely transformed and broke through against the heaven to become a master of the eight layers of heaven.

The Youying ghost weasel also took advantage of the chaos to escape and fled to the ancestral land of the Qing family. It absorbed a lot of aura of Zixiao cold flame, and its blood strength was greatly restored. At present, it has recovered to the level of seven layers of heaven in the heaven God realm.

Among the ten evils in ancient times, ye Chen saw that the most powerful one was qingxianglonglong, which ranked third.

At the beginning, he was almost killed by the green dragon.

And this Youying ghost weasel, the strength can be ranked second, even more powerful than the green candle dragon!

Fortunately, at this time, the Youying ghost weasel only recovered to the seven layers of heaven, and its strength could not be compared with that of the green candle dragon.

"Hey, you know the cause and effect behind it. It's interesting. Your blood breath is good. If I swallow you, I should be able to recover all my strength?"

The Youying ghost weasel showed a fierce look and grinned. It looked very ferocious.

"You Ying ghost fire, rotten corpse devouring the soul, suppressed by me!"

In the next moment, the Youying ghost weasel drank a lot, and the endless ghost fire condensed in his claws, and a continuous stream of horrible corrosive breath was emitted.

"Hiss" a sound, ghost claw cuts through void, straight stab Ye Chen's heart.

This Youying ghost weasel naturally understands the law of corrosion, and naturally condenses the Youying ghost fire. Once the ghost fire comes out, it has the power to corrode the rivers and mountains. It is extremely powerful.

"Master, what to do?"

Qing Qiuyun was flustered. The Youying ghost weasel had the strength of seven layers of heaven and God realm. Moreover, she and ye Chen were in danger because of the fierce Youying ghost fire.

"Don't panic. It's just a monster."

Ye Chen clenches the evil sword, the corner of the mouth picks up a smile, lets the green autumn cloud hide behind oneself.

If he was a master of the seven layers of heaven, ye Chen would be extremely afraid. However, the Youying ghost weasel was a great evil in ancient times. His evil spirit was too heavy, and he was just restrained by his Tianlong eight gods sound.

"Oh!"

As soon as ye Chen wields his sword, the blade cuts the air, and suddenly bursts out an incomparably powerful voice, like the singing of the gods and Buddhists.

His sword body, a continuous burst of fire, the breath of the dark flame also play to the extreme, a sword cut out, endless flame mixed with the pressure of Hongmeng ancient sound, mercilessly crushed toward the Youying ghost weasel. "This is..."

Hearing the ancient syllables, the Youying ghost weasel's head suddenly became extremely painful and almost cracked.

Ye Chen is clearly only the three layers of chaos, but this sword makes it extremely scared and flustered.

It hastily withdrew and retreated, but no matter how fast it was, it could not be faster than Hongmeng ancient sound.

A huge sound wave swept through, and a big word "噙", like a huge hammer, fell from the sky and hit the head of the Youying ghost weasel.

"Puff!"

The Youying ghost weasel vomited blood and turned pale instantly.

Ye Chen's sword Qi did not arrive, just a syllable killed, it was severely injured.

The power gap between the two is really huge.

Although Ye Chen had only three layers of heaven in chaos state, he practiced the sound of the eight gods of Tianlong. He was as strong as a Buddha. He had an absolute advantage in dealing with this ancient evil. He almost crushed him. The Youying ghost weasel was restrained to death, and there was no room for him to turn over.

Hiss!

After the Youying ghost weasel was wounded, ye Chen's sword Qi broke through the air, and came to him in a flash. He was going to kill him.

"My Lord, please don't kill me, don't kill me..."

The Youying ghost weasel was flustered and knelt on the ground.

"What else do you want to say?"

Ye Chen stands with a sword and his eyes are slightly narrowed. He is not afraid that Youying ghost weasel will play any tricks. Under the absolute power gap, all tricks are illusory and will not have any effect.

"The villain is willing to submit. Please forgive me."

The Youying ghost weasel bangs its head and wants to surrender.

"You want to be obedient to me?"

Ye Chen Leng Leng Leng, in ancient times, the fierce is unyielding existence, temper is very strong, even if it is dead, it is impossible to submit.

But now, Youying ghost weasel knelt down and kowtowed to him.

"It seems to be the effect of Tianlong eight gods sound."
