

## Physician 3251

### Chapter 3251

Five minutes later.

In the sky above a dense forest with countless dark trees, a shadow flashed rapidly and sped forward. Suddenly, the shadow slightly stopped, showing the figure of a man with a cool look, standing in the air.

It was Ye Chen.

"Xuanxianzi, the front is the place you said?"

A huge stone tablet, like a black beast, sits at the end of Ye Chen's line of sight. Even if it is so far away, the huge stone made of unknown dark black ore still looks extremely high!

Xuanhanyu's voice sounded in Ye Chen's mind: "yes, if I feel right, the northern edge of Jieyu city is that great chance!"

"if you want to fight against Xuanyuan ink evil, you must take this chance!"

Ye Chen gazed at the huge stone tablet, and in his eyes, he couldn't help flashing the light of excitement!

According to xuanhanyu, there is a secluded place in the deep of Jieyu City, which is opened only once every tens of thousands of years. It is full of deadly dark cold. The weak or weak martial artists enter into it, and even several breaths can't support it!

Among them, there are countless dangers!

Even those who are at the top of the heaven God realm may encounter a life and death crisis in this secluded place!

Therefore, although secluded place is a rare place, there are not many warriors willing to enter it.

But!

According to Xuan Hanyu, this secluded place is the seat of a strong man in ancient times. Among them, there is probably a heritage left by the strong one!

If the inheritance left by ordinary Zhiqiang, ye Chen will not care much. After all, what he lacks is no lack of inheritance!

However, the most powerful one, in ancient times, was known as the existence of the Lord of destruction!

Why is it called the Lord of destruction?

Because, like Ye Chen, the Supreme Master of the God of destruction!

The only difference is that he has been practicing the destruction Shinto for tens of thousands of years. Even though ye Chen's martial arts talent is extremely excellent, his understanding of the destruction Shinto is far from comparable to this one!

Therefore, under the guidance of xuanhanyu, ye Chen will go in that direction at the first time. If he gets the inheritance of the Lord of destruction, his control of the destructive power and his understanding of the God of destruction will be greatly improved!

When ye Chen is ready to go straight on his way, waiting for the secluded land to open, his look is slightly moved, with a slight eyebrow, and he looks at some place in the dark forest under his feet.

How many people are there?

Is it the same purpose as him?

.....

Below.

Leng Ping and others finally stop and take a long breath.

Lengping threw Yang Zixin on the ground.

Later, she said to Yang Zixin with a smile: "little baby, now, there is no one to disturb me!"

After that, he walked slowly towards Yang Zixin step by step.

Yang Zixin can only retreat in despair and fear.

Leng Ping is not worried. He approaches a little bit with fun and smile, as if he is playing with his prey.

But at this time, stone heart, stone meaning is a different voice with the same voice: "childe, this is still not safe, someone is staring at us!"

This time, Lengping is a little angry!

I'm so far away from myself. Why are people staring at me?

The edge of the boundary city is extremely dangerous. How can there be so many people!

He spread his spirit with anger and suddenly found the existence of Ye Chen!

But there was a smile on the corner of his mouth!

Because the other side is just four layers of chaos!

Ants!

He gave a cold smile: "stone heart, stone meaning, this son chaos state four layers of days, you can't come back without success again!"

"This time, I want absolute silence!"

"Yes." Stone heart, stone Yi Mou son a congealing, kill meaning to rise again!

The four layers of heaven in chaos is not the same thing as the man with giant sword who may surpass the peak of God just now!

They have absolute confidence!

.....

Soon, above the boundless forest, ye Chen stood in the same place with a look of indifference. Two black shadows flashed in front of him and turned into two middle-aged people with the same appearance.

It's the stone heart, the stone meaning.

Ye Chen light way: "two, something?"

Stone Heart Stone meaning to look at one eye, all saw the other side in the eyes of indifference!

This kid is really just a piece of garbage in chaos?

How can they still stand in front of them when they don't dare to see this kind of rubbish?

What's a chuckle in the west? Don't you know it's killing to look around? "Shi Yi said: "ha ha, what's up? We really have something to do. "

Ye Chen smelled the speech and laughed. He looked at the stone heart and the stone meaning, and his eyes never retreated. He said: "if you look at it randomly, whether you will die or not, I don't know. But if someone tries to die in front of me, I know that person will die!"

The sky of the whole boundless forest is suddenly dead!

Stone heart and stone meaning, both look at Ye Chen in disbelief.

What did the kid say?

A chaotic environment waste, even provoked them!

At the next moment, the violent breath in the later period of the heaven God realm burst out from their bodies. Their eyes were covered with blood, and their anger was beyond the limit. They were like two mad dogs who chose people to eat, staring at Ye Chen!

If you had changed your eyes to a sword, ye Chen would have been cut by thousands of swords at the moment!

They are servants of the cold family, or servants of high status!

Even if it's just separation, separation is still a part of the cold family!

Usually, except for the cold family, who dares to talk to them like this in the whole jieyucheng area?

Even the same level of martial arts, and even more powerful than them, they are treated with courtesy!

They were furious in a flash!

They turned their wrists and took out a big axe with the same style and strong evil spirit. Obviously, these two axes were stained with the blood of many people!

At the next moment, a bloody ghost Buddha's shadow appears behind them. The smell of blood is floating in the air. At the moment of the ghost Buddha's appearance, the blue veins and breath of the two human bodies appear. Both of them are more powerful!

The stone heart and the stone meaning are really angry. They use the blood Buddha secret method to deal with Ye Chen, who seems to have only the strength of chaos state!

The heart of stone and the meaning of stone show a ferocious smile on their faces. This secret method of blood Buddha has a very high level, which can be regarded as the most powerful card of the two people. The reason why they have to use this method to deal with a chaotic environment waste is that they want to let Ye Chen feel the ultimate fear before he dies!

That blood between the air, actually is to render this side of the world like hell in general!

Chapter 3252

Two people growled with one voice: "I don't know how to live or die. I want to crush you into slag!"

They are full of muscles, surging spiritual power, like a waterfall pouring into the hands of the axe, thick blood, winding on the edge of the axe, a fierce martial intention to stir up in the blood, domineering, cold axe idea, began to boil!

"Blood axe

With one axe cut out, the blood condenses and turns into two extremely ferocious. It seems that the axe like dragon that is going to tear the heaven and earth apart roars towards Ye Chen. The space is broken. Even the boundless forest under the foot has two extremely huge and deep cracks because of these two axes!

This is the reason why the boundary City, the space and the earth are extremely stable. If they are in the kingdom of God, these two axes will be enough to make the whole kingdom earthquake?

Moreover, Shi Xin and Shi Yi are twins. They have been interlinked since they were young. Their joint attack is almost seamless!

It's not as simple as one plus one!

These two axes, under the coordination, almost all the paths Ye Chen dodges are sealed!

If they meet the later warriors of Tianshen state, they may have the power of World War II!

In their eyes, Ye Chen is already a dead man!

Ye Chen faced the startling blood dragon, but his face remained unchanged. His wrist turned and a black sword fell into his hand!

After breaking through the four layers of chaos state, we just need someone to give him a sword test. What about the existence of the seven layers of heaven in the two Heaven God realms?

Give him a sword test, just right!

Hongmeng ancient method is not worthy of his use on these two people!

At the moment before the blood dragon will swallow Ye Chen, ye Chen hands!

The meaning of Zhenwu is surging and opening, and the seven blood lights are blooming. The extreme operation of the burning blood formula, the breaking force of the sky, expands in the muscles, and the evil sword in the hand moves. With a strong sword light overflowing in the cold, the mietian sword formula is displayed, and the breath of destruction gradually condenses on the edge of the sword. Along with the cold sword light, it roars out with the six sword ideas!

At this moment, time and space seem to be still!

The sword light shining in the sky above the boundless forest is like dividing the whole world into two!

At the moment, he had already stepped on Yang Zixin's purple skirt, and her face was full of hunger and thirst. Lengping, who was ready to attack Yang Zixin, could not help but look up and look at the sword in the sky. His eyes were full of wonder!

Even if it was so far away, he felt that the sword light contained extremely powerful destructive power!

The eight layers of heaven and God are far away from the cold level of the battlefield, not to mention the stone heart and stone meaning!

At the moment, the cruelty and bloodthirsty color on their faces had already disappeared, leaving only the fear from bone marrow! In the face of Ye Chen's sword of destruction, his dark face suddenly turned pale and bloodless!

Even breathing, all stopped!

Even behind them, the blood Buddha's empty shadow, which seems to be the evil god, is in the breath of Ye Chen's sword, and begins to blur and dissipate!

In a flash, the two fierce and incomparable blood dragons quickly melted in the light of the sword, like snow melting in the spring!

Even a breath, did not support to!

Stone heart and stone meaning, at the moment, really afraid of ah!

Fear to the point of heartbreak!

At the same time, there are doubts, which are so huge that their martial arts thinking and world outlook collapse!

How could this happen?

How can a chaotic existence cut this sword out of the hand of a demon!?

They were burning their blood essence and countless body protecting magic weapons, which were shot out at a high speed and surrounded the two people's bodies. They showed their secret skills and turned into a blood shadow, and then they flew away at a very fast speed towards the distance!

Ye Chen looked at the appearance of two people's desperate escape, but in his eyes, there was a flash of killing intention. He said faintly: "I said, if you want to die in front of me, you will die. Do you still think you can escape?"

In a flash, on the edge of that terrible sword, the cold light will turn into an extinct meteorite. It will be divided into two parts, toward the stone heart and the stone meaning, and go quickly!

The two thunders, like the thunder from the nine day God, broke out over the boundless forest!

In the loud sound, there were two extremely shrill screams!

At the next moment, the light dissipated, and the two late strongmen of the celestial realm, who had been in the vicinity of jiejucheng for a long time, disappeared from the world without leaving any trace.

Leng Ping stood in the same place, stupid

How can he not feel that the stone heart and the stone meaning have been killed?

Originally thought, just met a bad luck ghost who appeared in the wrong place at the wrong time, but now it seems that he is kicking the iron plate!

A sword to kill stone heart and stone meaning? I'm afraid this strength is comparable to your own?

At this time, the void in the wave together, ye Chen will appear in front of Lengping. He looks slightly cold to look at Leng Ping way: "is you ask them to come to kill me?"

Leng Ping is obviously the master of the two men, no matter from his bearing or cultivation. Without Leng Ping's command, how dare they act at will?

When Leng Ping saw clearly Ye Chen's accomplishments, he was even more shocked!

How can this kid be in chaos?

In his opinion, the other party is at least eight layers of genius, right?

He can see that ye Chen did not suppress cultivation!

As for what is hidden in the strong side of Ye Chen, more impossible, now what is the need to hide? It's time to come out. It's early.

Can appear Ye Chen like this, more strange ah!

For a moment, the cold and flat brain, fast running, that pair of slender eyes, suddenly a light!

Is this boy, with what powerful backhand?

Ha ha, if so, it will be easy to do!

In fact, although Ye Chen seconds killed stone heart and stone meaning, let Leng Ping incomparably shocked, but also not too afraid.

After all, ye Chen's sword did not give him the feeling that he could not match. After his cultivation entered the heaven God realm, every level of small realm was just like the abyss of heaven!

And ye Chen, if rely on external forces, rather than their own strength to do, that is better to deal with!

Originally, because of the unexpected appearance of the man, Yang Zixin is full of expectation in her beautiful eyes. At this time, her eyes are dim again, and she appears disappointed.

Obviously, her idea is similar to Leng Ping.

Lengping looked at Ye Chen calmly and said, "Oh? What are you talking about, Mr. Ben, but you don't know at all. "

Ye Chen smell speech, cold smile, look to fall in the ground Yang Zixin way: "he said is true?"

Lengping's eyes sank and said, "why, don't you believe what I said? Even if this woman says I did it, it will prove what she said, really? "

Ye Chen scorned a smile and said: "believe it? If both of you are willing to swear with the heart of the word, I will believe what you say

Chapter 3253

As soon as this speech comes out, Leng Ping's look is completely gloomy, and his eyes are full of killing intention!

This kid, don't you want your face?

Do you really think that if you kill two servants, you will be invincible, and you will be able to go against the sky?

On the ground, Yang Zixin, who was already desperate, is also looking at Ye Chen with her eyebrows slightly frowning. Her eyes are constantly flashing. Ye Chen's attitude really makes her feel extremely strange. Does it seem that she is just a warrior in a chaotic situation, even in the face of Lengping, she has confidence to fight?

At the thought of this, Yang Zixin's beautiful eyes twinkled in a flash, just like a drowning man grabbing a straw to save his life. Without hesitation, he said, "I, Yang Zixin, swear with the heart of Tao that this man ordered the two servants to pursue you!"

Ye Chen looked at Lengping's gradually ugly face and said with a smile: "well, now it's time for you. If you also swear with the heart of Tao, this matter will be so settled, how about it?"

Cold face, completely cold down!

Swear by the heart of Tao?

At the level of the eight levels of heaven, Daoxin swore, it's not a joke!

Once possessed by the devil, or by the heart demon, the consequences are unimaginable!

With Lengping's cautious and life sparing character, how dare you bet?

Ye Chen looks at Leng Ping's face and looks at him. If he can't see who is telling the truth and who is lying, he would have been playing dead. Even if Leng Ping really swore with his heart, ye Chen would not let him go.

Of course, he knew that Leng Ping did not dare!

Leng Ping looked at Ye Chen fiercely and suddenly said, "boy, do you know who this childe is?"

Don't wait for ye Chen to open his mouth, Leng Ping, then drink a voice: "this childe, the name is Leng Ping, is this boundary city cold family person! It's also a cold home person from abroad! Do you dare to provoke me as a trash? Now, when I give you a chance, I'll get out of here, you know? "

"You are a cold family!" Ye Chen hears speech, but can't help but exclaim!

Cold home!

The cold family that is not together with him ye Chen!

Looking at Ye Chen's shocking appearance, Leng Ping smiles with satisfaction.

Yang Zixin, who was originally bright with her beautiful eyes, was once again faced with despair. Yes, even if this guy is mysterious, even if he has extraordinary strength, how about it?

How many people dare to offend the cold family?

In particular, it belongs to the cold family in this area!

Just when they both thought Ye Chen was going to retreat!

A startling killing intention, but suddenly from ye Chen's body, burst out!

At this moment, ye Chen's back is like a mountain of corpses. Under the mountain, there is an endless sea of blood!

That terrible momentum, so that the heaven and earth for it, really like the God of war from hell in general!

Originally, ye Chen experienced the ancient war in the Zhenshen tower, and he has already developed the incomparable momentum of killing. Now, he has killed many demons!

It is conceivable that the murderous spirit has reached what level!

For a while, Yang Zixin and Leng Ping were both awed by it!

How many people do you have to kill? It's still quite a powerful existence to condense the evil spirit and kill intention!

What's more, the most important thing is that ye Chen hears the name of Leng's family and dare to break out such a killing intention?

I've seen people who are not afraid of death. I haven't seen those who want to die on their own initiative!

At the next moment, a kind of supernatural evil spirit surged from ye Chen, and the spirit of God and demon reincarnation was in extreme operation. Even the inexplicable breath was rippling on the evil sword, and even the power of the sword soul was used!

Ye Chen, the intention of killing has been decided!

Since there is a person who must be killed in front of you, there is no need to keep your hand at all. Try your best to crush it into dust!

Leng Ping didn't know that he didn't say his identity was OK. If he said it, it was even possible to live on, and there was no more!

Cut it out with one sword!

The most terrifying sword, endless sword will completely lock this place, destroy the breath, whistling in the cold sword light. In an instant, the boundless forest, under Ye Chen's sword, seems to have turned into an abyss of destruction!

In the face of this sword, the cold plane color changes wildly. This sword makes it feel the taste of life and death!

A pale gold long sword appears in his hand. On the sword, there are countless golden runes, and the sword is extremely strong. It is a Dao tool!

As soon as he bit his teeth, his whole body was boiling with blood essence, and he said in a loud voice: "Ning Tian Jian!"

The long sword in my hand dances in a flash. I move it thousands of times in an instant, and the swords interweave into a strong sword array. In the sword array, the void is broken, and everything is cut into nothingness. The cold sword spirit is surging, just like, even the sky should be condensed for it!

Lengping's sword is not weak at all!

Even, in this extreme state, burning blood essence and consuming aura at the expense of consequences, you have to go beyond your own limit!

Yang Zixin can't help but get nervous. Although Ye Chen's sword is extremely terrifying, it seems that ye Chen's strength has not exceeded the eight levels of heaven and God realm from the first battle just now! In the face of Leng Ping's sword, the outcome is not certain!

The cold surface looks ferocious. This indefatigable thing really thinks that this young master is afraid of you?

Although, the loss of a little source, Shou yuan and so on, but, compared with the killing Ye Chen, it is nothing!

How can a demon in his twenties, who has the strength of the later stage of the heaven and God realm, master the destruction Shinto, and hate the cold family, how can he live?

At the next moment, the golden shining sword array collided with the sword awn cut by Ye Chen!

Heaven and earth, for its solidification!

In the light of Ye Chen's sword, the array of Ning Tian sword was broken soundlessly!

No resistance, broken like glass!

Cold and flat face, like a storm of the sea in general, instant crazy change!

He looked at the sword which was suppressed towards him in great terror, and screamed bitterly: "how can this happen! How can this sword be so strong? "

This sword is better than ye Chen's sword to kill Shi Xin Shi Yi. It's more than a thousand times!!!

Lengping where to know, ye Chen in the face of stone heart stone meaning, did not use all his strength?

Whether it is the body of the heavenly demon or the power of the sword soul Xuanhan jade, they are not used!

Lengping's heart and spirit are going to be torn. In front of the extremely terrible sword light, Dao's heart will be crushed. Like a pig about to be slaughtered, he screamed in despair: "you can't kill me! I'm a cold family! You can't kill me

Ye Chen light way: "others I can not kill, cold family, I must kill it!"

In a flash, the sword flash, will this cold family division of the legitimate son, thoroughly into nothingness, even the spirit, also be devoured by the evil sword!

Chapter 3254

Ye Chen waved his hand and put Lengping's storage bag in his hand. Then, he turned his head and looked at Yang Zixin on the ground.

At the moment, Yang Zixin is still immersed in the shock of Ye Chen's sword killing Leng Ping, but it has not recovered.

Ye Chen opens a way: "are you ok?"

When Yang Zixin heard this, she came back to her senses. Her nose was sour and her pretty face flashed a very aggrieved look. At the next moment, she was crying!

Ye Chen can't help being stunned

He looked at Yang Zixin strangely. Did the woman cry?

In the world of martial arts, men and women, most of them are hardy minded. Ye Chen has not seen anyone in front of him for a long time. He is crying like this

Yang Zixin was raised in the boudoir by the Yang family since she was a child. She is like a flower in a greenhouse. Her mind is very simple and beautiful. She has hardly touched the cruelty and filth of the martial arts world. But this time, she sneaks out of the house and wants to have a good tour. Who would have thought that, as soon as she came up, she was cold and flat, and almost lost her innocence to the hands of the villains.

This almost let Yang Zixin, who has never been wronged, collapse!

Before, she forced herself to concentrate in order to survive. Now, Lengping is killed by Ye Chen. Once she relaxes, her tears can't stop!

Ye Chen shook his head. He had no resistance to women's tears. He couldn't help but say: "it's OK. You seem to be poisoned. You'd better detoxify it first."

Yang Zixin heard the speech, the cry just converged a minute, slightly sobbed, and was about to stand up from the ground, but its delicate body, but a burst of weakness, Yuzu a soft, fell again on the ground.

Ye Chen sees the situation and reaches out to help Yang Zixin up from the ground. He looks at this beautiful woman who looks so pure and unimaginable. His eyes flash slightly.

From ye Chen's point of view, we can see that Yang Zixin's identity is very unusual. Otherwise, because of her accomplishments, she has been in the hands of Leng Ping and others for so long. If she had not been poisoned in the beginning, all three of Leng Ping would not have been able to leave her.

Ye Chen pulled Yang Zixin up, put one hand on his pulse, and his spiritual power surged to remove the toxin. On the other hand, he could not help asking, "my name is Ye Chen. What's your name? Why do you get entangled by the cold family? "

Yang Zixin hesitated for a moment, but still turned her wrist. She took out a green gray token with mottled surface, simple style and boundless breath. She said, "my name is Yang Zixin. It's because of this mysterious order that my name is Yang Zixin."

Just at the moment when Yang Zixin took out the cangxuan order, the sword soul Xuan Hanyu sounded in Ye Chen's mind, and said in a very happy voice: "boy, your luck is really against the sky. With this cangxuan order, you can get the inheritance of the respect of destruction. Basically, it's a sure thing!

Originally, I also prepared some other methods, but now with this cangxuan order, they are not needed! This dark order is the key to enter the tomb of the destroyer

Ye Chen hears the speech, the vision is bright!

Yang Zixin said: "the cangxuan order was stolen from my home. It is said that it has something to do with the secluded place near Jieyu City, which is about to be opened. Originally, I wanted to go to this secluded place and see what I can get. But when I arrived at the boundary City, Lengping came to talk to me. I just wanted to know about the secluded place, so I didn't drive it away

During the conversation, he knew the secluded place very well. At the beginning, he didn't show any bad thoughts. I gradually let go of my guard. Unconsciously, I said something about my own mysterious order

But who knows, this Lengping is actually a mean person! Not only do you want to rob me of cangxuan order, but also want to treat me If my father hadn't given me many treasures to protect my life, and Mr. Ye helped me, I'm afraid I would have... "

Speaking of this, Yang Zixin is crying again

Ye Chen said faintly: "well, Lengping, isn't it dead? No one will hurt you

Yang Zixin said, and he expected, basically the same, is a story of a young lady, cheated by evil people with ulterior motives.

Soon, ye Chen took back his hand. With his strength, he eliminated Yang Zixin's poison without much effort. In his body, Yang Zixin had a treasure to resist the toxin. Otherwise, it would not have lasted so long before the poison broke out.

All of a sudden, Yang Zixin handed the cangxuan order in his hand to Ye Chen. His eyes were extremely sincere and said: "Mr. Ye, thank you for saving me. I don't know how to repay you. If you don't dislike it, I'll give it to you! According to my father, this mysterious order is related to an adverse chance in the secluded land

Ye Chen smell speech, is a Leng, he originally, has not thought how to open mouth with Yang Zixin, Yang Zixin this will cangxuan order, give himself?

However, on Yang Zixin's pretty face, a touch of cunning suddenly appeared and said with a smile: "however, I have one condition: when you enter this secluded place, you should take me with you!"

Although Yang Zixin is simple, she is not stupid! Ye Chen doesn't know Leng Ping. Obviously, he is not a person of Jieyu city. At this time, most of the strong people who come to Jieyu city come for the secluded place.

The most important thing is that ye Chen obviously mastered the God of destruction!

According to my father, the chance in this secluded land is probably related to the destruction of Shinto!

In this way, it is basically certain that ye Chen came for the secluded place!

Ye Chen chuckled: "to tell you the truth, I really want to enter the secluded land, and I also need this cangxuan order very much. However, you have suffered a loss once, but do you want to follow me into it? I'm not afraid. Am I also a bad person? The reason why I killed Leng Ping is mainly because I have a feud with Leng family, not to save you. "

Yang Zixin, however, said with a smile: "if you were a bad man, you would have dealt with me. I believe in Mr. Ye!"

Ye Chen smile, did not say much, light way: "take you into the secluded place, can, I will also try to ensure your safety, this cangxuan order, you take first, then lend me a use."

Yang Zixin was overjoyed at the speech and nodded like a chicken pecking rice!

If this time she came out, she would never let her go out by herself if she did not say that she was wronged and had no harvest at all.

Ye Chen said: "go, it's not suitable to stay here for a long time. I have something important to do."

On Yang Zixin's pretty face, however, a touch of melancholy appeared: "I heard that this boundary city is the territory of the cold family. If we go in, will there be any danger?"

Ye Chen just killed Leng Ping, although no one saw it, but Yang Zixin, still some uneasy.

Ye Chen coldly smile a way: "only a cold family cent just, not calculate what."

With his current strength and the Zixiao stone energy accumulated in his body, he is not afraid of a separation.

Key, ye Chen also wants to find a place for Xiaohuang to refine his blood!

Xiaohuang is more important than the inheritance of the destroyer!

Chapter 3255

.....

At the same time, the land of the upper world.

However, Xuanfei came to the upper world with Xuanyuan Mo Xie.

It was the first time for Xuanyuan moxie to set foot on the upper world and look around. However, he saw that the sky was clear and the earth was clear and the spirit was dense. There was no trace of earthliness in the mountains, rocks, plants and trees. Even a small grass on the road was full of supreme aura.

Straight peaks can be seen everywhere. Among the continuous peaks, white clouds float, flying cranes, Sky Dragons and unicorns, Shoulou, Tianhu and other celestial animals are constantly shining with divine light.

Above the sky, there are elegant and delicate islands. On the hanging islands, you can see the sky and man flying, and sometimes there are sword lights rolling and cutting clouds. This is the great magic power of the Heavenly Sword, showing the supreme majesty.

A piece of palace, a block of pavilions, interwoven into a magnificent atmosphere of the city, the city, heaven and man shuttle, Baoguang air flying, spirit beast running, people can't see.

"This is the weather of the upper world!"

Xuanyuan ink evil heart slightly shakes, only feel the spirit of the upper world, very rich, even contains the ancient Hongmeng breath, a breath, can improve the cultivation.

If you can practice here, I don't know how much faster than the outside world.

"Xuanyuan palace master, is it your first time to come to Shangjie?"

Xuanfei asked with a smile.

"Yes, the atmosphere of the upper world is not comparable to that of the kingdom of God."

Xuanyuan ink evil praise way.

"Ha ha, Xuanyuan palace master, when you are successful, you will be able to fly to the upper world and get the supreme detachment."

Xuanfei said with a smile.

"Is it so easy to look up to heaven and man? Mr. Xuanfei is joking

Xuanyuan moxie shook his head and knew that it was not easy to ascend to the upper world. If he wanted to fly to the upper world, he first had to solve Ye Chen, cut off all the causes and effects, and then deal with the doomsday catastrophe. Only when he accumulated enough merits and virtues could he rise to the upper world.

"Follow me. I'll take you to the Queen's palace."

Xuanfei beckons and flies forward with Xuanyuan moxie.

They just fly against the wind, and they don't tear the void, move and shuttle. Because the space law of the upper bound is much stronger than that of the outside world. If you want to tear it, you don't know how much effort it will take, but they can't do it.

The two men were like arrows, shuttling between the clouds. The strong wind was blowing and the black evil face of Xuanyuan was painful.

"The power of the law of the upper world is indeed terrible."

Xuanyuan moxie was frightened. How strong his body was, even if the stars burst out, it might not be able to shake, but flying in the upper bound was just a little cloud and strong wind, just like a sword, which made him feel pain.

The law of the upper bound is more powerful than that of the outside world.

While they were flying, suddenly, the space ahead was broken, and a figure appeared tearing the void.

This figure, as misty as smoke and cloud, shows a very profound and profound breath, which is actually a mysterious Ren!

"I came just in time."

Ren stands with his hands down, squints his eyes and stares at Xuanfei and Xuanyuan moxie.

"Who is this man?"

Xuanfei and Xuanyuan moxie looked at each other, and immediately stopped. Their eyes were full of shock.

They can't shake the rules of space in the upper bound.

But this mysterious young man actually crushed the void and fell in front of them in an instant.

Xuanfei and Xuanyuan moxie are shocked. The space in the upper world can be easily crushed by this person. What is the strength of this person.

"Xuan Yuan Mo Xie, are you going to the Queen's palace?"

Ren's face, with a faint smile.

The leader of Tiandao palace, a strong man in heaven, seems not to be paying attention to it.

"Who is your excellency?"

Xuanyuan ink evil all over the star burst, out of incomparably magnificent star emperor Haoran gas.

In front of him, he felt tremendous pressure.

He even has a feeling that any finger can crush him!

Such a terrible gap in the realm, let him incomparably moved, even produced a trace of unreal illusion.

In this world, is there really such a strong man against the weather?

Such a deep breath, I am afraid, is Xuanji moon, can not be compared.

Buzz!

Xuanyuan moxie was surrounded by stars, and the stars condensed into a ball of light, lingering in him. Under great pressure, he fully released the spirit of the star emperor.

At this moment, he is the master of the sky, holding the power of the stars in the sky, showing a brilliant breath.

"You want to do it?"

Ren Xiao, compared with Xuanyuan ink evil, he did not have the slightest awe inspiring domineering spirit of the whole world, only ancient ethereal, as light and natural as smoke cloud.

"No, but I don't know what you want."

Xuanyuan ink evil step back, eyes deep fear.

Although such a mysterious young man is not a bit domineering, he is very clear that if the other side hands, it is not much more difficult to kill him than to crush an ant. But he Xuanyuan moxie is a great master of a generation, and he is proud and awe inspiring. Even if the gap between the two realms is as big as the sky, he doesn't mean to kowtow. If he starts to fight, even if he dies, he will leave a little mark on the other side!

What's more, the ancient sage said that he would die in the evening. If he could fight with such a master against heaven and see the highest level of martial arts, he would have no regrets even if he died.

"I came here with only one request. You can go to the Queen's palace, but don't disclose Ye Chen's affairs."

Looking at Xuan Yuan Mo Xie, he seems to see his own shadow in the past. He is also so proud and fearless. He only hopes that the catastrophe will come in the future, and this man will not become a dog of his own family.

"Who is your excellency?"

Xuanyuan ink evil Leng Leng, but did not expect this mysterious youth, will mention Ye Chen's name.

Is this person the guardian behind Ye Chen?

If so, how can you solve Ye Chen?

Think of here, Xuanyuan ink evil creeps, only feel scalp numbness.

"You don't care who I am. I will not meddle in your plans, but my chess game will not allow you to destroy it."

"Xuanji's call on you to heaven has already broken the rules. You should go to the Queen's palace. Don't say ye Chen has any cause or effect. Otherwise, I will let you never return to Tiandao palace in your lifetime."

Ren's tone suddenly showed a sharp edge.

The sharp edge between the words was just like a flying sword, which broke out fiercely. Under the suppression of Ren's sharp edge, the star emperor's magnanimous spirit on Xuanyuan Mo Xie's body broke up in an instant.

"What a strong strength!"

Xuanyuan ink evil eyes wide, eyes incomparably shocked.

"Come on! What a daring man to do to my queen

Listening to Ren's words, xuanfeidun got angry and yelled at him.

Although Ren's strength is extremely strong, she is far from an opponent, but this is the upper boundary, which is the Queen's territory. No one is qualified to make trouble. Even if the emperor Shitian comes, he should bow down.

"Come on, there's an enemy coming. Kill them quickly!"

Xuanfei's eyes were sharp, and with a flick of her fingers, Xuanfei popped up a small flying sword with a thickness of thumb.

The flying sword shot into the air, exploded, and burst into full bloom.

Boom!

There was an endless wave of terror.

Countless strong breath, is crazy to kill.

"Noisy."

Ren frowned. As soon as his eyes congealed, a wisp of golden light came out. He sang with a trace of tianfo. In an instant, he broke through the void and hit Xuanfei.

Puff!

Xuan's heart runs through.

"This Wushangyuan, you You are... "

Xuanfei stares at Ren in horror. She seems to have guessed something.

Oh!

The wind of the day, her body, like smoke and dust, completely disappeared.

Chapter 3256

Xuanfei fell into the world in an instant.

Xuanyuan ink evil looks at this scene, whole body violent concussion.

Ren casually read, killed Xuan Fei, let the latter degenerate into powder.

This method is against the weather.

It's easy to kill people, but it's not easy to crush them into powder.

Moreover, Xuanfei is a close servant to the queen. Killing her is tantamount to offending the majesty of the queen, but he does not have the slightest scruple.

This open-minded self-confidence, regardless of all the mind, is the truly terrible existence.

"Who dares to make trouble in the territory of the Queen's palace?"

"How dare you

"Leave your life!"

At this time, in all directions, one after another burst out.

I saw a strong man who respected heaven and man, riding the wind to resist the sword, and roared like lightning.

"Remember what I said."

Allow to see Xuanyuan ink evil a look, in many strong has not come, then tear the void, natural and unrestrained leave.

He said he didn't want people to mess up his board, but he didn't interfere too much.

"Who on earth is this man..."

Xuanyuan ink evil looks at the figure that lets go, Leng in situ, Zheng Zheng is in a trance.

Today, he is totally open-minded.

It turns out that in this world, there is such a strong man against the weather.

Ren's strength has absolutely reached the peak of martial arts and surpassed the holy ancestral realm.

This kind of master is really carefree to yearn for.

But at the moment, bring Xuanyuan Mo Xie more fear.

He had never been so threatened in his life!

.....

The upper bound is a peak with strong evil spirit.

Tun Tian Feng.

Huge chessboard, standing in the air.

A misty and misty man, with the power of emperor, fell slowly with his chess pieces in his hand.

"Ye Lao, ye Chen's cause and effect, I have been contaminated too much, can not intervene too much."

This man, elegant and free and easy, is the mysterious Ren.

An old man, sitting opposite him, was Ye Chen's grandfather.

"Did you really go to see Xuanyuan moxie?"

The old leaf brow slightly wrinkled, the finger moves, falls a piece on the chessboard.

"Well."

He nodded his head and said, "someone wants to destroy the game secretly. I just want to let the game go on steadily."

Ye Lao sighed and said, "my grandson, who is not in a climate, seems to have surpassed this game of chess, even related to your fate."

"It's OK. As long as the chess game doesn't collapse, my fate will still be dominated by me."

Any holding a chess piece, a sound of falling, crisp sound.

.....

At this time, in the middle of the upper boundary, a continuous palace deep.

Here stands an incomparably splendid temple, surrounded by the breath of the moon and stars, the sky and the night seem to be in the arch, and between them, there are wisps of ancient fire from the depths of the hall.

Here, is the core of the Queen's palace holy land, magic Moon Star flame palace!

The magic moon and star flame palace, the most precious treasure of the thirty-three days, is also one of the five treasures of the heavenly palace. Among the five treasures of the heavenly palace, it is second only to the red lotus and purple gold palace of the emperor yuan palace.

This magic Moon Star flame palace, the original breath and the reincarnation star flame are interlinked, is also the source gas of heaven and earth Hongmeng.

In the huge palace of illusory moon and star flame, xuanjiyue, dressed in a golden robe, is as brilliant as the sun and the moon, sitting on a high seat.

Her whole body, a succession of reincarnation star flame breath rolling, and fantasy Moon Star flame palace source gas, formed a unique resonance rhythm.

Under the high steps, Xuan Yuan Mo Xie stood with his hands down and held his head tightly.

He would like to look up and have a look at the legendary appearance of the empress of the upper kingdom. However, the rules of the Imperial Palace are strict. In his capacity, he is not qualified to raise his head. If he dares to peep at the empress's Fengwei, it is equivalent to offending and blaspheming, which is a great disrespectful death penalty!

"Xuanfei was killed?"

Xuanjiyue stares at Xuanyuan moxie coldly and asks deeply.

She was extremely angry and surprised to learn that Xuanfei had fallen.

This is the upper boundary. It is the territory of her queen's palace. Even if the emperor Shitian comes, she doesn't dare to kill people indiscriminately.

But now, someone was so bold that she killed her bodyguard.

"Yes."

Xuanyuan Mo Xie nodded. He was the only witness at that time.

"Who killed her?"

Xuanjiyue wants to know who is the one who has the courage to kill her.

"I don't know. The man didn't give his name. If he wasn't a master under the Queen's command, he would have died if he arrived in time."

Xuanyuan ink evil recollects Ren's terror, but has a little palpitation.

"What does that man look like and how does he smell?"Xuan Jiyue frowned deeply and continued to ask.

"The man..."

Xuanyuan Mo Xie wanted to answer, but suddenly, he felt the overwhelming pressure, and he could not disclose any news.

Ren's breath and appearance is actually a taboo. No one can elaborate on it.

Xuanyuan ink evil aware of this scene, immediately incomparable fear.

The name of xuanjiyue also belongs to taboo. Ordinary people can't say it clearly, otherwise there will be the danger of natural disasters.

However, Ren's momentum is even more powerful than xuanjiyue. Not only the name can't be clearly stated, but also the breath and appearance are all natural taboos. No one can deduce, predict or tell.

"Well, it should be my enemy who wants to kill Xuanfei and threaten me."

Xuanjiyue saw the appearance of Xuanyuan ink evil and knew that there was a problem behind it.

The person who made the move must be very powerful, even surpassing her.

"I don't know what enemy can threaten the empress?"

Xuanyuan Mo Xie asked in a low voice and also wanted to know more information about Ren.

"Xuanfei's fall, I will trace it. Don't worry about Xuanyuan palace master."

Xuanji said coldly, but she didn't want to say anything more.

"Yes."

Xuanyuan moxie's forehead was slightly sweating. In the kingdom of God, although he could call on the wind and rain, he could only bow his head in front of the queen of the upper kingdom.

"One day, I'm going to kill you in the upper world and let out a bad breath."

Xuanyuan moxie secretly vowed in his heart. Although xuanjiyue was powerful, he did not fear anything, because with his talent, he still had a chance to surpass.

However, the mysterious young Ren could not see the possibility of surpassing him. He could not even look up. The martial arts level of the other side was so high that he could hardly believe that there was such a terrible strong man in this world.

"Xuanyuan palace master, I entrusted you to investigate the cause and effect. How is the investigation going?"

Xuanji asked.

If she can find out some cause and effect and deduce the background, she can be prepared in advance.

Now her biggest trouble is that she has too little information and has a lot of supernatural powers. She doesn't know where to use it.

Once the resources are mismatched, the time is delayed and the consequences are unimaginable.

So, she needs detailed information.

"Report back to the empress, all the causal information is here."

Xuanyuan ink evil presents a jade slip, which records many things about the kingdom of God.

## Chapter 3257

However, because of Ren's appearance, before he came to the Imperial Palace, he had secretly moved his hands and feet to erase all traces of Ye Chen.

He clearly remembers Ren's request, and he must not reveal any news about ye Chen, otherwise he will not be able to return to Tiandao palace alive!

"Well."

Xuanjiyue nodded, took a picture of the jade slips, and scanned the information inside.

"On the empress's honor, the guilty woman named Xia Ruoxue has refined your reincarnation star flame, and her strength has improved by leaps and bounds."

"And Lord Xuanji, it seems that he was killed by a man named Zha Tianmo di."

Xuanyuan Mo evil Gong Sheng reported that he did not mention Ye Chen's matter, only said the cause and effect of Xia Ruoxue.

"Is it?"

Xuanjiyue frowned and found that the information in the jade slips was very few and there was nothing valuable. There seemed to be a fracture between the information and the information. It seemed that some original contents had been erased.

"Have you ever tampered with the information in the jade slips?"

Xuanjiyue's eyes are cold, staring at Xuanyuan ink evil.

"No, no, I don't dare to tamper with the information the queen ordered me to investigate."

Xuanyuan moxie listened to xuanjiyue's words, his face was not red and out of breath. His face was light and light, without any clue.

Before stepping into the Queen's palace, he had a premonition that he would reveal his secret, so he was ready for it.

At the moment xuanjiyue asked, he immediately refused, without any appearance of panic.

"Xuan Yuan Mo Xie, who do you think I am? If I can't see your little hands and feet, I don't deserve to sit in this position!"

"Say, is that man who told you to conceal information and deliberately deceive me?"

Xuanjiyue "pa" a sound, the jade slips on the ground, eyes incomparably cold.

"The empress, please don't be impatient. If you don't believe me, I can take care of the guilty woman of Na Xia Ruo Xue and bring it to you. You can know the cause and effect behind her as long as you interrogate her in person."

Xuan Yuan Mo Xie is indifferent to smile, has already prepared the speech.

"Oh?"

Xuanjiyue listened to Xuanyuan Mo Xie's words, and suddenly her heart moved.

It is not easy to force Xuanyuan Mo Xie to spit out the truth. But if Xia Ruoxue can be caught and interrogated in person, she does not believe that there is any secret that can be concealed.

Under her means, Xia Ruoxue's bones can't be supported even though they are hard.

Xuanyuan moxie is calm and self-contained. If she catches Xia Ruoxue and gives it to xuanjiyue for interrogation, then ye Chen's cause and effect will be revealed. It is also Xia Ruoxue's problem, which has nothing to do with him.

That mysterious young Ren, if you want to blame xuanjiyue, you can't blame him.

However, the other side said that he would not interfere in other people's chess games, and it seemed that he was afraid of some rules behind his back. He was keenly aware of this, so he played a little careful thinking. He neither offended the other side nor xuanjiyue, which can be said to be a good choice.

As for the matter, xuanjiyue knows that he has really tampered with the intelligence and may be punished, but he will never kill so seriously, which is still within his scope.

What's more, if he killed his teacher and proved the truth successfully, and his merits were complete and his strength was improved by leaps and bounds, he might have been qualified to challenge Xuan Jiyue's edge, and he would not be afraid of her punishment.

"Well, according to what you said, when you go back, capture the guilty woman of Naxia ruoshue for me and bring it to the upper kingdom. I will reward you heavily."

Xuanjiyue ordered him to go on. Xuanyuan moxie was too cunning. His unilateral intelligence was not enough to believe everything. Only by corroborating with other information can we have a satisfactory result.

If Xia Ruoxue can be caught, she can get additional information.

At that time, she will be able to see the cause and effect behind it, so that she can be prepared in advance.

"Yes, my majesty. I'm leaving."

Xuanyuan Mo Xie arched his hand and turned away.

He did not dare to stay in the Imperial Palace, otherwise xuanjiyue would change her mind and he might not be able to go back to Tiandao palace alive.

Although xuanjiyue's strength is not as terrible as that mysterious youth Ren, it is difficult for the other party to fight with his current strength.

Get stronger!

Be strong as soon as possible!

Xuanyuan ink evil heart, felt incomparable pressure.

This trip to the upper world was a subversion to his mood.

.....

At the same time, a huge and magnificent mansion in the deep of Jieyu city suddenly burst into a rage and said, "who is it! Who killed my son! I will tear it to pieces

Here is the cold house of Jieyu city.

The Qing family can be ranked first in the Dan Road of Jieyu City, but there is a gap between the Qing family and many families in terms of martial arts.

Especially the deeper cold home.

The man who spoke was a middle-aged man with a slightly fat figure, a seven point look similar to Leng Ping, with three wisps of long beards, a luxurious robe, and full of authority. This person is the contemporary owner of the cold family, Lenggu!

Lenggu's face is red at the moment, and his whole body is full of strong breath. He is rampant and manic. All the tables, chairs and furniture in the hall are shocked to powder. His whole body is green and his muscles are beating wildly. Obviously, he is extremely angry!

Leng Ping, but his favorite little son!

Now, I was killed!

His anger, will ignite the blood!

And the servant kneeling in front of Lenggu, who came to report that Lengping's life had been extinguished in the mansion, was now silent, shivering and terrified.

Lenggu roared at the servant: "when Dan Zun assembly, someone dares to be so rampant! Check! Give me all the means of the family, spare no effort to check! No matter what the cost, find out who did it for me! If I can't find out, I will sacrifice my son with your blood

The servant was so scared that he could not say a word? "Yes, sir," he said

Having said that, he retired and went to investigate Leng Ping's death with sweat on his head.

After the servant left, Lenggu's eyes flashed with fierce light and gnawed his teeth. Now if anyone dares to provoke the overlord in the jieyucheng area, the end will be extremely miserable!

All of a sudden, outside the courtyard in front of the hall, a figure flashed. A man walked into the courtyard at will and walked towards the hall where Lenggu was.

While walking, the man said, "Lenggu, is your son dead?"

Cold Valley smell speech, face angry together, aura boiling, the whole person is in the edge of explosion!

Who is so bold? How dare you call him by his first name and directly mention his son's death at this time?

He was ready to open his mouth to scold and kill the man directly. But when he saw the face of the man clearly, he was suddenly excited. His almost burst brain immediately calmed down.

On the contrary, Li Gu's face is not only angry, but also angry

His attitude is extremely respectful!

Chapter 3258

If you let other people in this city see you, I'm afraid your jaw will fall off?

Someone has violated the scale of cold Valley, cold Valley even smile to greet?

The sun is coming out in the West!

I don't know. I thought Lengggu was just a servant of Leng family!

Entering the hall, the man, dressed in black, looked like he was thirty or forty years old, younger than Lengggu, but his real age was also tens of thousands of years old.

Although he is no longer young, he exudes a kind of inexplicable momentum. The most important thing is that this man, who is called deacon Li, is just like a mortal without any breath. But I don't know why his actions and actions seem to coincide with the heaven and earth road!

No wonder Lenggu is so respectful to this mysterious man.

Because, this person is called Li Ci, is a deacon of the cold family! Moreover, the deacons who rank very high still have a high position in the cold family!

He Lenggu is just a small household owner. Where can he compare with his senior deacon?

Lenggu consciously stood up and offered the only seat in the room to Li Ci. At the same time, he said in a loud voice: "come on, take a pair of good tables and chairs, put them in the hall, and make a pot of gourmet spirit tea!"

After a while, a few servants set up tables and chairs and presented spiritual tea.

Li Ci took a sip of tea, glanced at Lenggu and said, "if you find the killer of your son, I can do it for you once."

Cold Valley smell speech, slightly a Leng, then, is the face is flattered!

He saluted Li Ci excitedly and said, "deacon Li, is that true! Ha ha ha, Leng is really grateful! The great kindness of Deacon Li, Leng Mou, will be remembered in his whole life! "

His eyes, suddenly cold down, said: "the dog that killed my son, will die very miserably."

It's just a matter for the family

Li Temple eyes flash, cold home to him is heaven, is God, and his Li temple is the most loyal believer!

Offend the dignity of cold family, the result is only one, that is death!

Li Ci put down his teacup, looked at Lenggü, and said with a look: "this time, I have been ordered by the master of the house."

Cold Valley smell speech, the face appears the color of horror!

The owner?

In Lenggü's heart, the orders of my master are the oracle that can't be violated!

Lenggü quickly responded: "deacon Li, please say that I will try my best to cooperate with you, and I will never fail to live up to the expectations of the owner of the house."

Li Ci nodded and said, "good, I'm here for the secluded place! Now you go down to organize the strongest warriors under your command, the more the better. When the secluded land is opened, these people will join me in it

.....

Night fell on a lonely mountain.

The top of the mountain.

Ye Chen has arranged Yang Zixin in the inn owned by the Qing family.

As for Qing Qiuyun, he left behind many ancient medical gods, and let him stay in the Qing family.

Now the secluded land has not yet appeared. He has more important things to do!

At the moment, he sat cross legged, the wisps of moonlight fell on his body, a quiet.

Beside him, standing with his hands down, stood a man with a hairy body and a face like a Weasel, which was the Youying ghost weasel.

There is no one here except Youying ghost weasel.

He left a wisp of cold flame in the purple sky in the ancestral land of the Qing family. If there is an accident in the Qing family, he will feel it and fulfill his promise of protection.

But if the Qing family is safe and sound, he doesn't want to entangle too much. After all, if he continues to entangle, the relationship between him and Qing Qiuyun will be unclear.

"My Lord, you don't let young girl follow you. Is it true that you are so heartless? She was crying to tears

"What's more, Miss Qing suspects that you have something to do with the girl named Yang Zixin if you don't go to Qingjia..."

You Ying ghost weasel whispered.

"It doesn't matter. If you have a chance, you will have a chance to see you later. You don't have to say much. Just protect the Dharma for me."

Ye Chen said slowly.

"Yes."

The Youying ghost weasel no longer said anything more, and flew down the mountain to be on guard against foreign enemies.

This time ye Chen won the championship, the two father and son of Dan Huang Yang lie will never give up. There are also two old men of heaven and earth. I'm afraid there will be some action.

What's more terrible is the killing intention from the upper world!

I don't know how dangerous it will be if the enemy of the upper bound invades.

"Come out, Xiao Huang."

On the top of the mountain, ye Chen calls softly and releases Xiao Huang from the samsara cemetery.

"Master."

Xiao Huang's huge body, perched on the ground, a little low tone, eyes also appear a little weak. After swallowing the essence of the white tiger, he recovered a lot, at least from the appearance, there was no scar.

However, his internal foundation has been damaged so much that his life is in danger. If he does not rescue him, his life will be in danger.

"The beginning of the blood, I got it."

Ye Chen smiles and touches Xiao Huang's head. Then he offers a jade vase and uncovers the lid. Suddenly, a golden glow comes out like the tide.

In the jade bottle, there is a drop of pure golden spirit liquid. This drop of spirit liquid, like the jade dew, has wisps of pure spirit released and let people smell it. It makes people feel cool and comfortable.

This drop of spirit liquid is just the jade jade jade golden dew, which is the beginning of blood vessels. It has extremely abundant blood source gas.

When Xiaohuang saw this drop of blood, her eyes were red and blue, and both of them were emitting abnormal light.

From the beginning of this drop of blood, he felt a very familiar and majestic breath. If he could devour refining, his damaged foundation and his injury could be completely cured!

"Take it."

Ye Chen bent his fingers and flicked the beginning of this drop of blood to Xiao Huang.

"Thank you, master

Xiaohuang was overjoyed, and immediately opened his mouth and swallowed the beginning of his blood.

Boom!

All of a sudden, wisps of golden light burst out of the corpus luteum, and the vast source gas like the sea was rolling.

"Master, protect the Dharma for me. I will recover at dawn tomorrow."

Xiao Huang closed her eyes and began to fuse blood vessels.

As long as we wait until dawn, he will be able to refine thoroughly.

At that time, not only is the injury recovery, even his strength, will also make rapid progress!

Even, he will be qualified to set foot on the heavenly way palace, to rescue the heaven machine Taoist!

"Well, you can make peace of mind. I will protect the Dharma for you."

Ye Chen nods and guards Xiaohuang to protect his safety.

If there is no accident now, Xiao Huang will be able to recover completely early tomorrow morning.

Chapter 3259

Hum!

With the deepening of the night, the golden light on Xiao Huang's body is more and more bright and strong. There are also wisps of yin and Yang that are constantly released from his blood.

The endless golden light and the Yin and Yang vitality are rolling and interweaving into pieces of runes, reflecting the night sky, which is spectacular.

The beginning of refining blood has reached the most important point.

Ye Chen is on guard. Fortunately, this barren mountain is remote enough. The vision on Xiao Huang's body has not attracted the attention of outsiders.

"It should be OK."

Ye Chen relaxed a little and took out a piece of jade slips.

On the jade slips, there are five words "fahua dies the sky".

This is the 33rd Tianhong Mongolian law, the original jade slips of fahua's annihilation!

It is also one of the prizes of danzun Conference!

In the thirty-three Tianhong Mongolian Dharma, his voice of Tianlong eight gods can rank eighth, while fahua extinguishes the sky, but it is the seventh existence, which is matched with the sound of Tianlong eight gods.

"Lianhua, Tianlong, I am the Buddha and suppress all demons

"The supreme silence, the supreme degree of transformation, Hongmeng Buddha's power, crush and kill all the evil enemies of heaven!"

Ye Chen clenched the jade slips tightly, concentrating on feeling.

All the secrets of fahua's extinction of heaven flashed through his mind.

The word "fahua" refers to the wonderful Dharma lotus flower, which represents the supreme mystery of Buddhism and can suppress and purify all demons.

The three words "die the heaven" are the annihilation of the boundary. Within the boundary, it can be incarnated as the Buddha and kill all kinds of evil spirits. It is very powerful.

The power of Tianlong's eight gods' sound will be increased several times when it is used in the boundary of annihilated heaven!

The combination of the two, the explosion of lethality, is simply terrible enough to compare with the third ranked star emperor Haoran gas.

"Very good. When I practice this dharma and set foot on the heavenly way palace to save the chance of heaven, I will be a little bit more successful!"

In my heart, when my heart is filled with joy, I begin to calm down.

.....

A few hours later, the morning is coming.

The sky before dawn is the darkest.

Ye Chen looks up at a dark sky and feels uneasy.

At this time, he had already realized that fahua was dead.

In his body, there are layers of golden light, constantly diffused out, and there are circles of Buddha light behind his head, showing a great atmosphere of incomparable solemnity and solemnity.

In addition, there are wisps of subtle implication of the eight trigrams, which appear from the depths of his eyes. A huge eight trigrams pattern is printed on the earth under his feet.

The eight star positions of Qiankun Kanli and zhenduxungen are all shining with incomparably bright light.

"Buddhism and Taoism go through! Boy, I'm afraid your fate is against the heaven

In the samsara cemetery, Taigu danzun made a voice of surprise.

It turns out that ye Chen practiced the magic method of eight trigrams heavenly alchemy after he became a dead day of Dharma. Taoism and Buddhism are well versed in the eight alchemy techniques. He has fully understood them!

"The law of heaven is broad and the law of earth is vast."

"The water is soft and the fire is blazing."

"The thunder is turbulent, the wind is vast."

Ye Chen's eyes are deep in thought, and the magic method of Bagua Tiandan technique flows through his mind.

As the saying goes, "stones from other mountains can be used to attack jade". His cultivation of Dharma, calming the sky and penetrating Buddhism, actually confirmed the mystery of the eight trigrams heavenly alchemy. The eight techniques of heaven, earth, water and fire, and Lei Zefeng mountain were all thoroughly understood, which was also an unexpected harvest.

Between indistinct, ye Chen's heart clearly realizes.

Taoism, Buddhism, evil way, evil way, martial art, divine way, all kinds of wonderful methods, all of which have the same origin.

Source is the most fundamental place of heaven and earth.

If you master the mystery of "source", you can understand all the secret methods, subdue all magic weapons, connect heaven and man, and get supreme detachment.

In the dark, ye Chen seems to see the ultimate of martial arts.

Boom!

However, a startling noise interrupted his understanding.

"Xiao Huang!"

Ye Chen returns to his mind and sees Xiao Huang standing up beside him. He does not know when to stand up, step on the ground with four feet, look up at the sky, and his eyes are interwoven with runes. The golden light on his body is blooming and the glow is intense, which releases the momentum of terror.

This momentum, into a straight column of light, broke through the sky, causing a huge vision.

On the ninth day, there was a faint thunder.

"Xiao Huang, are you well?"

Ye Chen is surprised.

At the moment, Xiaohuang, no longer a bit decadent and dejected appearance, only towering arrogance, towering domineering.

Obviously, his injury has been completely cured.

Blood base, also all recovered.

The nightmare breath of terror, emanating from him, is filled with terrifying majesty to the eight wastelands of heaven and earth.

"What a terrible smell!"

"This is The momentum of archaic remains! ""Is it the double pupil nightmare in the legend?"

In the boundary City, countless people captured this nightmare majesty, showing a look of horror.

The vast smell of nightmares made the world turbulent, and the vision even spread to the upper world.

The upper world, the Queen's palace, in the bedroom.

Seeing off Xuanyuan ink evil, xuanjiyue is a little tired and is ready to take a rest.

However, a terrible and nightmarish atmosphere suddenly came.

In the sky outside the palace, there appeared a strange thunder cloud.

This is a legacy of the birth of the world, so that the world turbulence!

"Are there any archaic remains?"

"Ah, and the breath of the beginning of blood!"

Xuanji was surprised when she put on her blouse.

She felt the breath of Archaean heritage and the fluctuation of the beginning of blood.

"The beginning of blood has appeared. I must seize it!"

Xuanjiyue came out of her bedroom. As the queen of the upper world, she mastered more secrets of martial arts than ordinary people.

In the eyes of ordinary people, the beginning of blood may be a drop of jade dew, but it is a foreign body with rich aura. Although precious, it is not so bad as heaven.

But in xuanjiyue's eyes, the beginning of blood contains an ancient flavor of origin.

The "source" is the source of all kinds of things.

If you master the mystery of "source", you will be able to climb to the top of martial arts and become the supreme supreme one.

Pure is the aura at the beginning of her blood. Xuanjiyue doesn't care, but the source behind it is what she has been searching for.

She had only one drop on her hand.

"The beginning of another drop of blood is in the boundary city?"

Xuanjiyue's eyes and eyes insight, suddenly found that this change, from the boundary city.

In ancient times, the Queen's palace left a magic weapon called Qiankun XuanHuo tower in Jieyu City, which was used to suppress the land and collect Qi.

Later, the Lord of reincarnation was killed. The upper world was in chaos, and the heaven and earth XuanHuo tower was also lost.

"Xuancang crane and Xuancang star, two sinners who offended me in ancient times, were punished by me to guard the tower in the boundary city. I don't know if they are still alive."

Xuanjiyue recalled the ancient memory, waving her slender hand, and the red and purple light diffused out one after another, rolling fatalistic atmosphere, shaking violently.

Chapter 3260

"Crape myrtle world, destiny runs through, imperial edict!"

A purple fateful talisman is condensed in the hands of Xuanji moon.

On the rune, there is a trace of ancient fatalism, which is constantly passing by.

"Ha ha, those two sinners are still alive."

"My heaven and earth XuanHuo tower has become a danta."

"Those two sinners have become the supreme elder of danta? It's kind of interesting. "

When Xuanji's beautiful eyes moved, she suddenly saw through the fate of Xuancang crane and Xuancang star.

Both of them were her subordinates, and their fate was dominated by her.

She uses the fatalism of *Lagerstroemia indica*, a little calculation, to see through the fate of the two experience.

"Xuancang crane, Xuancang star, listen to my command, investigate the cause and effect of the beginning of blood, and the source of the nightmare breath!"

"If I am satisfied, I will absolve you of your sins and return you to the upper world."

"But if there is any neglect, you will be broken to pieces!"

With a wave of her hand, xuanjiyue, with her will, passes through the void and lands to Jieyu city.

The danta in Jieyu city was once the magic weapon of the Queen's palace. It sealed her breath. With this breath, she could lower her will without worrying about the rules.

At this time, the whole boundary city was shrouded in a terrible nightmare.

Countless strong people tremble, many sleeping people are also awakened.

Danta, Qiankun and Qiankun stood with their hands down and looked at the startling light on the mountain top in the distance. Their faces changed dramatically.

"I don't know what kind of murderer was born with such a terrible smell."

"I feel the fluctuation of jade jade and golden dew. It must have something to do with Ye Chen!"

They guessed in secret.

Hum!

In vain, a purple talisman, with a rolling fatalism, fell from the sky.

"This This is the talisman of destiny

Looking at the rune, the two men suddenly showed a look of awe, astonishment and surprise.

"The Queen's will has come, and she has not forgotten us!"

They knelt down in a hurry and kowtowed again and again, as if to greet the Edict and welcome the coming of this fateful talisman.

Whoa.

Xuanjiyue's will to stay on the talisman was transformed into a series of fine awns and came out through.

"Her Majesty is so kind that she will give us a chance to do meritorious deeds?"

"If we can find out the cause and effect of Yuqiong Jinlu, we can go back to heaven?"

Feeling xuanjiyue's will, Qiankun and Qiankun immediately opened their eyes and were pleasantly surprised.

They stayed in Jieyu city to guard the tower. After many years of vicissitudes, they all wanted to go back to the upper world, but they never got the chance.

But now, the opportunity is in front of them. As long as they follow the orders of xuanjiyue and find out the cause and effect behind them, they will have a chance to return to the upper bound.

What is surprise? This is surprise!

"The two elders, master Dan Huang, are asking for a meeting."

Just then, a danta disciple came in to report.

"Let him in."

The two masters of heaven and earth settled down and carefully put away the talisman.

"Yes."

The disciple turned and went out. After a while, he brought three people in.

These three men, one is the emperor of Dan Yang lie, the other is his son Yang Teng, and the other is a man with dragon shaped horns and long robes, and his body is vaguely haunted by a series of warlike runes.

It's the green dragon!

"The two elders of heaven and earth, this is the Dharma protector of our seven kill demon sect, the Lord of the green candle dragon."

Yang lie, the emperor of the Red Emperor, made a gesture to introduce the identity of qingxianglonglong to the emperor Qiankun.

It turns out that after the end of today's danzun meeting, the Dan emperor Yang lie immediately sent a letter of flying sword, and returned to the seven killing demon sect to report the situation to the green dragon.

Green candle dragon knew all the causes and effects, and was naturally angry. He just wanted to kill Ye Chen immediately and recapture the beginning of his blood, so he came directly from abroad.

At this time, the green candle dragon, the whole body breath is towering, faintly has the imperial power to diffuse.

His cultivation, actually broke through, to reach the nine levels of heaven, the legendary realm of God!

"I've heard a lot about the reputation of the Lord candlelong. Today I see him, it's really extraordinary. I didn't expect that the Lord candle dragon stepped into the realm of God Emperor."

Xuancang crane felt the smell of green candle dragon, and was very moved, and quickly arched his hands.

"If you want to come to Ye Chen, you will die."

Xuancangxing is also smiling. He had heard that qingxiangzhulong was a master of the eight layers of heaven. But he didn't expect to see him today. The other party broke through to the nine layers of heaven and became the Legendary God Emperor.

The strength of the God Emperor is simply earth shaking. It must be easy to kill Ye Chen with the help of the emperor.

"Ha ha, I got the inheritance of the seven kill demon flame flag. If I am here, ye Chen will die." Green candle dragon, cold and arrogant eyes, the whole body emperor mang surge swing, invincible domineering.

"Seven kill magic flame flag? That's the core treasure of the seven kill demon sect, which was handed down to you by the ancestor of the seven kills

"Lord candle dragon got all the inheritance of the seven killing ancestors, and later took charge of the seven killing demon sect, and achieved immeasurable success!"

The two elders of heaven and earth were shocked when they heard the words of qingzhulong.

Seven kill magic flame flag, one of the most precious treasures of the thirty-three days, is the magic weapon of the seven kill demon sect.

Before that, the old patriarch of the seven killing demon sect, who had passed on the unique skill Tiangang Jue Ming Fu to qingxianglonglong, and now he has given the flag of seven killing magic flame. This is to completely entrust the foundation and impart the meaning of orthodoxy.

Green candle dragon got the inheritance of the seven kill magic flame flag, and made a breakthrough in his cultivation. He stepped into the nine layers of heaven and God realm. He proved the emperor against the heaven and completely transformed himself.

"Where is Ye Chen? I will tear him to pieces

Green candle dragon whole body murderous, just want to kill Ye Chen immediately, recapture the beginning of blood.

"Lord candle dragon, there is a nightmare outside. There is a big evil coming out, and there is a wave of jade Qiong Jin Lu. It must have something to do with Ye Chen. Let's go to investigate and we will surely catch the boy!"

"If he's not here, we'll go back and kill the Qing family. We can also force him to show up."

The two masters of heaven and earth planned that if the great evil was born, it would save them a lot of energy if it really had something to do with Ye Chen.

Because at the same time of killing Ye Chen, he can also finish xuanjiyue's order and return to the upper world, which is killing two birds with one stone.

Even if ye Chen is not there, it doesn't matter. Anyway, the Qing family has a lot to do with him. As long as you take the whole family as hostages, you won't be afraid that he won't appear.

"Well, let's go."

With a wave of his hand and without any nonsense, he immediately flew out and flew to the mountain in the distance.

Before dawn, the sky is extremely dark, but on the top of the mountain, there is a startling column of light rising into the sky, the weather is brilliant.

A trace of terror of fierce breath, constantly howling.

Qingxiangzhulong is slightly moved. This fierce breath is even more terrifying than his blood. I'm afraid it's not an archaic legacy in the legend.

It is better to wipe out the existence of such terror as soon as possible.
