### Chapter 3281

Destruction Shinto, originally, is to destroy in order to really burst out the power of the road, master the destruction of Shinto, regardless of strength, the power of its self explosion, is incomparable!!!

This is just the self explosion of the spirit beast.

If ye Chen really intends to blow himself up, let alone Li Ci, it is the real supreme realm and has the opportunity to die with him!

At the moment, Li Ci can only stare at the ordinary mountain wall with unwilling and indignant eyes!

Under such a situation, ye Chen ran away!

"Damn it! damn!! Damn boy

Li Temple sent out a roar, which scared the tens of thousands of warriors from the kingdom of God, the outside world and the boundary City, one by one, afraid that Li temple would not be happy and take them to vent their anger.

Li temple's eyes were red with blood and his breath was surging. He suddenly faced the mountain wall and cut out a sword!

The sea of blood reappeared, the sword Qi was surging, and the boundless sword evil spirit suddenly exploded on the mountain wall.

All of a sudden, the mountain wall, emitting a burst of blue light!

In the light of the light, the ancient breath is surging and countless runes are surging. It turns into a light curtain and blocks the bloody sword spirit of Li temple!

It seems that the sword that can destroy the sky and the earth is suppressed in the blue light!

There is not even a crack on the light curtain!!!

Li Temple pupil shrinks!

It is worthy of the tomb seal of the ancient Daneng. Even after tens of thousands of years, the seal still has such power!

His face was gloomy. It seems that it is not a simple thing to break the seal!

However, Li Ci's face suddenly showed a sneer, and it was not impossible to look at all the warriors in front of the hills.

They were originally intended to be used by Li Ci to find the tomb. Now they should be used!

Those who are in heaven's state of martial arts can't help but feel cold when they see Li Ci's eyes on them!

All of a sudden, Li Ci's hands moved, and several array instruments flew out and fell around the mountain wall, turning into a magic array!

In the array, there is a breath of repulsion from the blue light curtain!

Li Ci's eyes twinkle, he also has a very high cultivation in the array!

Before this temple is sealed down, can you give me a cold seal? Do you understand that the seal can not be broken by all the people

When people heard this, their faces were ugly

How strong is the seal? They saw it very clearly just now!

Even if Li temple can suppress most of the power of seal, it will take a lot of time to break through the heaven God realm?

Can Li temple, but let them in the seal is broken, can not have a bit of relaxation, rest?

This is to kill them!

Even if the farmers drive the livestock to farm, they are not so cruel?

Li CI looked at the faces of the people, and his eyes flashed fiercely. He said darkly: "if anyone dares to slack off, be lazy, do not exert all his strength, or move slowly, ha ha, I will let you understand what is the taste of life is not like death!"

When they heard the speech, they were all shivering and sweating, and their clothes were wet in an instant!

They know that it is ten thousand times better to die tired than to be tortured to death by Li CI!

At that moment, countless warriors were shouting: "we will do our best."

"Don't worry, my Lord."

"Never let go of it!"

Although these martial artists hate Li Ci very much and wish that they were killed by Ye Chen, they had to bow down to save their lives

Not everyone has Ye Chen's arrogance and disposition!

Li Ci nodded his head with satisfaction, and then said with a faint smile: "however, you can rest assured that our cold family members are always clear about rewards and punishments..."

With that, he took out a jade bottle, slightly opened the lid of the bottle, and there was a very strong medicinal force, which filled the whole hill!

The countless warriors, smelling the tempting fragrance of medicine, could not help but feel refreshed, and the aura in their bodies became active!

Can the fragrance of medicine affect the existence of heaven and God?

It can be seen that the level of this pill is so high!

Everyone looked at the jade bottle in Li Ci's hands, and they all showed a fiery look!

Li Ci raised his mouth and said: "this bottle of elixir, named Yulu Ning Sui Dan, is a holy ancestor level divine medicine. It is not only helpful for the martial arts to improve their accomplishments and break through the realm, but more importantly, it is also a top-notch healing pill!

As long as there is a breath in, take this jade dew Ning marrow pill, can greatly alleviate the injury!

What does it mean, don't you have to say more? "Everyone hears the speech, all is the eye one bright!

This, in many cases, is almost equivalent to one more life!

Li Ci continued: "among the jade bottles, there are enough tens of thousands of jade dew Ning pith pills. After the event, each of you can get one! Of course, the greater the contribution, the more you will get!

Even if you do well, I can give you a chance to join the foreign cold family. "

Wu, then excited!

Not only is it Yulu Ning Sui Dan, but also the opportunity to join foreign cold family?

This is the dream of countless people!

Many martial artists are eager to have a try!

Li Ci smiles. He is in the cold family. As a deacon, he has to drive people to do things.

The simplest way to resist the emperor is to add sugar to the stick!

Li Ci looked at the blue seal, and his fierce color flashed through his eyes and said, "Ye Chen, even if you enter the tomb, how about it? However, it's only two more days to live. Soon, you will still die in the hands of the emperor!"

At the next moment, Li Ci's whole body was full of aura, just like a waterfall, pouring into the array. A breath of pure Yang burst out from the array, guarding the blue seal on the mountain wall. It was really gloomy!

Li Ci gave a big drink and said, "do it

All the martial artists in the heaven God realm were shouting. For a moment, all kinds of fists, swords, palms, swords and guns were all over the air. Countless lights flashed and weapons were dancing. Tens of thousands of martial arts men launched a powerful attack on the blue seal!

Boom, bursts of loud noise, so many gods of the existence of a joint strike, how can we underestimate?

Although not as powerful as Li ancestral temple, but also powerful, will the entire secluded place, all blow slightly turbulent!

Chapter 3282

After the light dissipated, Li Ci's eyes narrowed and looked at the blue light curtain. There was a tiny crack on the light curtain!

It's a crack, it's just a black spot, it seems, even a millimeter, are less than it?

But Li Ci is laughing!

As long as there are cracks, it means that the seal can be broken, isn't it?

.....

At the same time, the boundless forest is not far away.

Du Qingfeng, who is guarding the Chenyan hall with his back against the giant sword, opens his eyes.

He looked at the huge black hole not far away in horror.

It's shocking.

His mind was so vast that nature sensed what was happening there.

But it's not very clear.

But one thing can be sure, ye Chen is in it!

More importantly, ye Chen blew himself up!

At this moment, his heart is a little lonely.

Although he felt that the reincarnation master was an eyesore, Qu Chenyan was killed in the previous life.

But he always felt that the biggest reason for Qu Chenyan's death was xuanjiyue.

But now he has no ability to fight against xuanjiyue!

Can only once anger vent on Ye Chen's body!

He gazed at the black hole and sighed, "maybe this is destiny."

"Ye Chen, although you are dead, you can rest assured that I will guard Ji Siqing well."

At the moment, Ji Siqing, Ji Lin and Wei Ying are all in the closed door.

Ji Siqing is madly absorbing his own power!

She wants to wake up stronger!

She knew that the battle between her and xuanjiyue was inevitable!

Wei Ying's face was pale, and she lost too much in the first World War not long ago.

She has no time to care about anything else. She has to get back to her peak as soon as possible!

Among the three women, only Ji Lin opened her eyes. Her eyes were filled with a trace of fear and panic.

Even tears.

"How did I dream that ye forced Wang to fall? Pooh, Pooh The dream is contrary

.....

In the cold pool, ye Chen hugged Yang Zixin tightly and dived quickly toward the bottom of the cold pool.

Soon, ye Chen's eyes brightened, and he saw a dark hole at the bottom of the pool.

Ye Chen body shape move, then quickly drilled into that hole.

Vaguely, ye Chen felt as if he had passed through a layer of transparent film. At the next moment, his body was empty, and he fell in front of a hall.

The hall looks very simple, but it has an ancient charm. It seems that the emperor of destruction is a man who does not like luxury.

But in front of Ye Chen, is a gate, a whole body black gate.

Ye Chen puts Yang Zixin down from her arms. At this time, this beautiful woman from abroad, with a bloodstain on her mouth, has passed out in a coma.

This cold pool is cold. For ye Chen, although it is nothing, even if he is seriously injured, he is basically not affected, but Yang Zixin is not like this.

Although Yang Zixin has the most precious body protection, whether it is strength or physical fitness, there is no comparison with Ye Chen.

If ye Chen's blood vessels had not protected Yang Zixin's four limbs and hundreds of skeletons, Yang Zixin would have been a lifeless ice sculpture.

After putting down Yang Zixin, ye Chen himself also sits down with his knees crossed. He puts hundreds of healing pills from the samsara cemetery into his mouth, chewing and swallowing them like beans.

Ordinary martial arts people, if they take so many healing pills, I'm afraid they can't bear the strength of the medicine and aggravate their injuries

For ye Chen, this can only be regarded as a simple auxiliary means.

Although Ye Chen is extremely eager for the inheritance of the destroyer behind the door, he can not guarantee that there will be no risk in the process of accepting the inheritance. Therefore, before he intends to enter the dark gate, he needs to recover some of his injuries.

To tell you the truth, ye Chen is in a bad state at the moment and is on the verge of death. However, for him, as long as he has a breath, there is no injury that cannot be recovered.

Half an hour later, ye Chen's body, which originally looked extremely frightening, had recovered his flesh and blood, but his face looked pale.

Ye Chen opens his eyes and smiles. His injury has recovered to 89%.

At this time, Yang Zixin issued a whining exhortation and opened her beautiful eyes.

Ye Chen said with a smile, "you wake up."

Yang Zixin saw Ye Chen beside her and the palace she was in. In her beautiful eyes, she saw a very strong color of joy.

"Are we still alive?"

Ye Chen, with a wry smile on his face, nodded his head and said, "it's OK."

Yang Zixin looked around and said, "Ye Chen, is this the tomb of the emperor of destruction?"

Ye Chen's eyes flashed a little blazing light and said, "yes, after that gate, I feel the spirit of destruction Shinto. OK, let's get into it." Said, ye Chen then took Yang Zixin, came to the front door, he drank a low, broken the day in the muscle surging, suddenly pushed toward the door!

However, the next moment, ye Chen can't help but shrink his pupils. The dark gate, under its great power, is actually motionless?

At this time, xuanhanyu's voice sounded in Ye Chen's mind: "this door is not opened like this. Ye Chen, with the destruction Shinto, attack the gate with all his strength!"

Ye Chen smelled the speech, his eyes flashed, and said to Yang Zixin, "Zixin, you should step back."

The evil sword appeared in his hands, and the eight gods of Tianlong gathered in his arms. The magic formula of mietian sword was put into practice, and the power of destruction was surging out. The light of the sword was extremely strong, shining the whole underground palace!

There was a huge bang. The gate, which did not move a minute under the great power of Ye Chen, was actually blasted into powder by this sword!

Behind the door, there was darkness, and there was nothing in the darkness!

Ye Chen frowns slightly, how can this happen?

At this time, a voice appeared in the mind of Ye Chen and Yang Zixin!

"Are you the inheritor of this emperor? After waiting for countless years, it finally appeared. "

There was a flash of white light in front of them. In the dark, there was an invisible shadow, which suddenly appeared in front of them.

The whole body of this virtual shadow actually exudes a strong breath of destruction!

The empty shadow looked at Ye Chen, and said softly, "eh? What a young boy, he has mastered the God of destruction? "

Yang Zixin and ye Chen smell speech, look at each other, are to see the color of shock in each other's eyes!

Is it not a man that the God of destruction in this legend? It's a woman!

What's more, although she can't see her face clearly, the voice of the virtual shadow is extremely soft!

That empty shadow is to two people's look, see if not see, light way: "boy, what's your name? But do you want to inherit your own inheritance? "

Ye Chen was extremely respectful to the empty shadow and said: "younger Ye Chen, this time, it is for the inheritance of the predecessors."

Chapter 3283

Xu Ying nodded his head and said, "with your qualification, the awakened pulse of God is enough to inherit the mantle of the Lord. However, I still want to remind you that although it is an adverse chance

to get the inheritance of God, it is also extremely dangerous. You are likely to die, that is to say, are you willing to do so?"

"A flash in the eyes of a way:" flash

Extremely dangerous?

He almost died in order to enter the tomb. Now, how can he shrink back?

The shadow seemed to smile and say, "well, in this case, let's start!"

But at this time, ye Chen suddenly said: "master, please wait a moment."

"Why, repentance?" The tone of empty shadow, a little discontented.

Ye Chen said with a smile: "of course not, just..."

He looked at Yang Zixin beside him and said, "can you send the younger generation's companion out of this secluded place first?"

Xu Ying said: "naturally, female child, this emperor's inheritance, you can't get, leave."

Say, want to hand, send Yang Zixin out of secluded place.

But at this time, Yang Zixin suddenly drank a voice: "master, please stop! The younger generation will stay! "

Ye Chen's face changed slightly when he heard the words. This virtual shadow should be a divine thought left by the emperor of destruction before his death. But even so, it has unimaginable power!

It's not a good thing to confront each other rashly!

Yang Zixin is full of resolute color: "master, I really want to stay!"

If she had to leave, she would have left!

Empty shadow smell speech, pour also didn't say what more, turn head to Ye Chen way: "since so, then begin to pass on, ready?"

Ye Chen looked at Yang Zixin with some helplessness and said to Xu Ying, "please let me go!"

At the next moment, a sense of terror suddenly burst out of the body of the virtual shadow. At the moment when the rhyme appeared, ye Chen and Yang Zixin were both shocked!

Ye Chen, in particular, only those who understand the destruction of Shinto will understand how powerful the meaning of virtual shadow bursts out at this time!

Xuanhan Yu said with a smile: "Ye Chen, this is the destruction of Shinto. When you practice to a very high level, how do you feel?"

Ye Chen's eyes twinkled with the light of incomparable excitement and Expectation: "very strong! I think my vision is very high, but the real destruction of Daoyun is still beyond my imagination

If it is normal practice, ye Chen is confident that he will come to this step in the future, even further!

But that would take a long, long time, maybe, hundreds of years!

For hundreds of years, the destruction Shinto has been comprehended to the extreme level. This speed has been enough to make the warriors in all the worlds crazy and tremble for it!

But for ye Chen, it is still too slow and too slow. He has no time to wait so long!

However, with the inheritance of the Lord of destruction, everything has changed!

With the experience of predecessors, ye Chen's speed of practice on the destruction Shinto can be increased by a thousand times!!!

Empty shadow light a smile a way: "boy, this is my God accumulated tens of thousands of years of hard work, cheap you."

Ye Chen said sincerely: "thank you for your kindness. I will never forget it all my life."

Empty shadow sighs, it seems quite lonely, but soon, this sense of loneliness will be swept away, empty shadow murmured: "melt!"

In an instant, a force against the heaven suddenly broke out from the shadow!

The moment the power appeared, the boundless darkness behind it began to rush towards Ye Chen!

The invisible darkness was strangely dragged by the shadow!

Ye Chen's face flashed the color of surprise, even the darkness can drag, this is not the power of ghosts and gods?

However, Xu Ying suddenly murmured: "boy, the darkness is the entity of my life's cultivation and the meaning of destruction. Don't think about it, gather your mind and be ready to bear the boundless darkness after the extinction of all things."

With a roar, the darkness collides with Ye Chen and rushes into Ye Chen's eyebrows crazily. Ye Chen's consciousness of the sea suddenly shakes. In an instant, ye Chen seems to be no longer in the underground palace, but has fallen into a very deep darkness!

Ye Chen looks a Lin, this boundless darkness, with its Tao heart, are feeling a inexplicable fear!

He tried to call for the spirit of the sword, Yang Zixin, and even the great power of the reincarnation cemetery, but in the dark, he did not get any response at all.

Ye Chen took a deep breath, it seems that the inheritance of the Lord of destruction is in the darkness!

His body moved, wandering in the dark, suddenly, a ray of light, in the dark flash!

Ye Chen sees this, suddenly the mind is shocked!

In that light, there is a surging sense of destruction!

In Ye Chen's eyes, God's awn flashed wildly and destroyed. Didn't it make all things return to nothingness?

Why, there will be light? In an instant, all kinds of enlightenment, then surge into Ye Chen's mind!

Subconsciously, ye Chen closed his eyes in the dark and fell into enlightenment.

In the underground palace, the virtual shadow of the destroyer said with a slight surprise: "how quickly did you begin to understand? The boy's aptitude is much more adverse to heaven than I am... "

Yang Zixin is full of nervous color to guard in one side.

Time, minute by second, as more and more darkness poured into Ye Chen's consciousness sea, the breath of virtual shadow gradually weakened. Obviously, it is not an easy thing to pull the boundless darkness into Ye Chen's consciousness sea!

If you want to pour the whole darkness into Ye Chen's consciousness sea, I'm afraid that it will exhaust all the power of the shadow.

However, the shadow is calm about this. Originally, the significance of its existence is to entrust the mantle of destruction to the right person.

.....

Three days later, at this moment, in the hills of the secluded land, Li Ci looked at the seal which was full of cracks in front of him, and his face was full of joy!

However, all of them were pale, their bodies trembled slightly, their breath was unstable, their breath was disordered, and they looked like they were over consumed.

But even so, they still dare not stop the attack!

This is not only because of the desire for the drug, but also because of fear!

In the past three days, Li Ci has killed hundreds of warriors in order to force them to do their best!

Right now, success is around the corner, and no one wants to be the next one!

Li Ci gave a big drink: "give me more strength! The seal will soon be broken! "

After three days, tens of thousands of people bombarded day and night, even this extremely powerful ancient seal, also came to the brink of collapse!

Thinking of the possible harvest in the tomb and the reward after handing it to Leng's family, Li Ci's heart was inflamed!

Chapter 3284

The tens of thousands of martial arts people even burned their blood essence after biting their teeth!

They want to take advantage of the last opportunity to show a good performance, maybe they can really join the cold family?

In the underground palace, Yang Zixin felt the shock of the whole body, but she was full of melancholy.

Over the past three days, ye Chen's destructive spirit and martial arts ideas have benefited Yang Zixin a lot, but she is not happy at all!

With the destruction of the seal, the shock caused by the attack of a group of warriors began to be transmitted to the underground palace. Now, the vibration is getting stronger and stronger!

This means that the seal is likely to be broken soon!

She looked at Ye Chen anxiously. At the moment, ye Chen was still immersed in the understanding of the inheritance of the honor of destruction, without any sign of awakening.

At this time, if Li Ci broke in, what should I do?

Yang Zixin is to think about it, can't help but Jiao's body trembling slightly!

The fear brought by Li Ci's sword is still fresh in my memory!

She took a deep breath, her eyes gradually firmed up!

If so, she vowed to guard Ye Chen to the last moment!

Even if, pay the price of life, also at all costs!

Her life was saved by Ye Chen!

Give it back to Ye Chen!

Finally, with a loud bang, the blue light curtain in front of the mountain wall finally turned into a little bit of fluorescence, and floated in the secluded land. Li temple's eyes brightened and were extremely happy!

Finally, let him wait for this moment!

The seal is broken!

At the same time, broken, and seal after the mountain wall, that cold pool, again appeared in front of everyone!

Countless warriors looked at the cold pool, but they could not help swallowing a mouthful of saliva, and their eyes showed a look of incomparable desire!

It was hidden in the secluded place for some time, but it still attracted the cold family, and ye Chen even risked his life to enter the cold pool. Although they did not know the specific origin of the cold pool, how could they not know that there was a big chance in this cold pool that was hard to imagine?

Say no eye heat, it's fake!

But what about eye heat?

In front of Li temple, who dares to enter?

Li Temple glanced at the crowd, and with a wave of his hand, a jade bottle appeared in the air. Among the jade bottles, the fragrance of medicine was floating, and tens of thousands of pills were fired at those martial artists.

The tens of thousands of heaven God realm martial arts got this jade dew Ning pith pill, and they all showed great joy!

This is what they earned by working hard day and night for three days!

After the distribution of ningsui pills, they were happy, and they were drowned again without a breath and a terrible pressure!

Li Temple looked down at the crowd and said coldly, "Ning Sui Dan, you have already got it. If you get the benefit, you should be more peaceful. Don't have any improper thoughts. Understand? If anyone dares to enter this cold pool, I promise, the end will be very miserable, so miserable that you regret that you were born in this world. "

Those who heard the words in the heaven God realm were awe stricken in their hearts!

Those who had moved some crooked thoughts also gave up the idea completely

Some of them had humble status in the outer world and the upper world. After all, they only had junior high school cultivation in the heaven God realm. They did not hesitate to spend everything to come to Jieyu city from the outer world and the upper world just for chance.

But in the end, it happened.

I'm really sorry.

The next moment, Li ancestral temple then took the cold family to divide the person, the body shape moves then entered that cold pool!

In the underground palace, Yang Zixin holds a long sword and bites her silver teeth. She tries to restrain the impulse of shaking her wrist. Her beautiful eyes stare at the entrance of the cold pool into the underground palace.

At this moment, several figures flash, Li temple and others, then appeared in front of Yang Zixin!

Li Ci immediately locked in, at the moment, the whole body was wrapped by a layer of light black shadow, it seems to be understanding what ye Chen!

"Damn it!"

Li Ci scolded, the benefits of the tomb, will not have been obtained by this boy?

Fortunately, it seems that the boy is not completely successful. He must be stopped!

Li Ci's face flashed with a sharp look, and he yelled: "kill me!"

Then, Li temple and the cold family of people, then directly toward Ye Chen!

As for Yang Zixin, who stands in front of Ye Chen, is ignored by Li Ci directly!

What to do? What should I do? What should I do?

Yang Zixin's beautiful eyes are full of panic. In the face of the existence of the holy ancestral realm, even if she wants to fight to stop, there is no chance!

Even if it is self explosion, with the power of self explosion, I'm afraid it can't stop the pace of Li Ci for a second?

The cold Valley beside Li temple is smiling, cruel and happy!

He recognized Yang Zixin, the daughter of the Yang family!

It's because of this bitch that his son died!Hehe, now, his opportunity to revenge!

Lenggu's face appeared a twisted smile. It's too cheap to kill this woman directly. It's a pity that she must be punished well to get rid of her hatred, isn't it?

Li Ci didn't even look at Yang Zixin. When her body flashed, she had to pass by her side directly. At the moment, Ye Chen in her comprehension had no resistance. In order to ensure the greatest damage to Ye Chen, Li Ci would go directly to Ye Chen's body and attack him!

Yang Zixin, however, has no time to react!

Too fast!

But at this time, Li Ci suddenly stopped, and at the same time, his face changed!

Not only did he stop, but he even retreated directly!

Why?

Because, a strange virtual shadow, sending out even the existence of the holy ancestral realm are scared of breath, suddenly appeared, in front of Li temple!

It is the spirit incarnation left by the Lord of destruction!

That empty shadow coldly to Li temple a few humanity: "give me, get out."

Li ancestral temple, cold valley several people, facial complexion suddenly ugly up!

The God incarnation in the tomb wants to help the boy?

What can I do?

But soon, Li Ci's eyes flashed and he said with a sneer, "ha ha, why should you be so bluffing? You don't have much power left? "

Yang Zixin hears the speech, in the heart can't help but cluttered for a moment!

Li Ci discovered it so soon?

But at this time, an ancient atmosphere suddenly filled the whole underground palace!

Just strong pressure fell on Li Ci's body. His face turned pale and bloodless all of a sudden. He gritted his teeth to support him. He didn't kneel down under the pressure!

What a terrible pressure!

He was so oppressed that he couldn't move!

Is it just a god incarnation, and it is also a god incarnation with little power left, that Li Ci, a strong man in the early days of the holy ancestral realm, was suppressed by mere coercion?

Chapter 3285

Cold Valley and the cold family of a group of worship, look at one eye, the eyes are the color of horror!

They step back slightly, even want to run for their lives!

Even Li ancestral temple can only resist the pressure of the spirit separation body so reluctantly. If they were to be replaced, wouldn't they die in an instant?

But at this time, Li ancestral temple is suddenly big drink a way: "don't be afraid! This incarnation of the mind, the rest of the power is only enough to release the pressure, and just to release the pressure on me, you have done your best, otherwise, you are dead now!

You several, kill that woman for me, attack Ye Chen! If I'm right, the boy is accepting the inheritance of the owner of the tomb. If the inheritance is interrupted, he will be directly eaten back and his spirit will burst? Ha ha... "

As long as ye Chen does not succeed in inheriting, then Leng family still has a chance!

Even if it doesn't work this time, there's another time, isn't it?

Ten thousand years, cold home, can afford to wait!

Lenggu and others looked at each other, and then looked at Yang Zixin with a ferocious smile.

In Yang Zixin's beautiful eyes, a resolute color flashed through her body. Her jade sword in her hand suddenly burst out a burst of cold light, and the sword idea was vertical and horizontal!

With her jade hands moving, she cut a sword at Li temple!

She knew that with the remaining strength of the shadow, she could not hold on for long. She also knew that although she had no lack of treasures, it was impossible to defeat several gods.

So, what she can do is to make Li Ci hurt as much as possible before she dies. This may increase Ye Chen's chance to defeat Li Ci, right?

But, this sword awn, was blocked, was blocked by cold valley.

Lenggu looks at Yang Zixin. His eyes are full of sarcasm and hatred. With his strength, he blocks Yang Zixin's sword. It's too easy.

He sneered: "you killed my son Lengping, right?"

Yang Zixin heard the speech, but her eyes were cold and said: "Lengping? That beast, you deserve to die! I wish I could cut a thousand swords

Lenggu's face glows with anger. Does this bitch dare to insult his son?

His body flash, the moment appeared in front of Yang Zixin, and then raised his hand, a slap, and then toward Yang Zixin's pretty face!

Yang Zixin's face changed slightly, and she quickly retreated back. At the same time, she slashed toward Lenggu with her sword.

However, Lenggu this slap, but not casually shot, which contains a very strong palm!

Yang Zixin's sword light, in that surging palm power, instantly, it was broken!

Seeing this slap, we have to take a solid shot on Yang Zixin's pretty face. Lenggu's smile is gradually cruel. If this Ba is hit, the woman will be completely disfigured even if she does not die?

For a woman like Yang Zixin who is born with a unique appearance, is that more desperate and painful than killing her directly?

But at this moment, Yang Zixin wrist above a jade bracelet, suddenly burst out a burst of green, cold Valley this palm block!

However, even so, Yang Zixin is still in shape, with a trace of blood spilled from the corner of her mouth and was slightly injured. The jade bracelet on her wrist also snapped and broke into pieces!

Lenggu snorted: "I'd like to see how many body protecting tools you have on your body."

The next moment, his whole body surging spiritual power, crazy operation, vast palm mind, howling in the underground palace, palm meaning, with a kind of momentum, a palm can break thousands of mountains!

Cold valley low drink a way: "broken mountain god palm!"

He waved his hands, and in an instant, he waved dozens of palms!

Dozens of powerful palm prints, which contain thousands of mountains and thousands of pieces of power, are bombarding Yang Zixin!

Yang Zixin was afraid of the dozens of fingerprints that formed the iron wall! And it's more than that!

Even those few cold family's offering, the same hand!

For a time, the sword, fist, whip shadow and so on, were all facing Yang Zixin and suppressed!

She felt the shadow of death, gradually approaching herself

But even so, Yang Zixin is still dead in front of Ye Chen's body, not even a step back!

Yang Zixin clenched her teeth and frantically produced the sword. The light of the sword flashed and smashed on the dozens of palm prints, the whip shadow, the fierce sword spirit and the domineering fist seal. The sword light was constantly broken, and Yang Zixin's face became more and more pale, but it never stopped!

Finally, the dozens of fingerprints, to Yang Zixin's body, instantly submerged it!

All kinds of brilliance have sprung up all over Yang Zixin. They are high-grade body protecting magic weapons!

Unfortunately, Yang Zixin's cultivation can not fully play its power!

Therefore, these body protecting magic weapons can only explode enough strength to protect their masters in the way of self damage and destruction.

Boom, boom, boom

A loud noise reverberated in the underground palace. Finally, the dozens of fingerprints disappeared. Yang Zixin, relying on a magic weapon, resisted the attacks of these martial artists in the heaven God realm!

However, at this time, Yang Zixin is also half kneeling on the ground, her pretty face has no blood color, and the blood stains on the corners of her mouth become more and more bright and dazzling.

Although she has blocked dozens of palm prints of Lenggu as well as the attack of a group of worshippers, she also suffered a lot of internal injuries

The most important thing is that all her body protecting magic weapons have been used up!

She's been cornered!

Cold valley with a sneer, step by step toward Yang Zixin, he looked down on Yang Zixin, eyes full of joy!

Son, my father will avenge you at last!

Lenggu murmured, his whole body was working with spiritual power, his blood was majestic, his palm was turbulent, and he took a hard palm towards Yang Zixin's shoulder!

This palm will not kill Yang Zixin. Lenggu doesn't want to let Yang Zixin die so soon.

But is it enough to break Yang Zixin's whole body bones and meridians?

In this way, Yang Zixin can't hinder them, to Ye Chen's hand!

Yang Zixin closed her eyes and accepted the fate of death. However, on her pretty face, she was safe.

She does not regret, if let her choose again, she will still make the same choice!

In this moment, a pair of eyes suddenly opened!

Your cold eyes, opened at the same time, has locked the cold Valley!

Cold Valley by that pair of eyes staring at the moment, clothes, will be rushed out of the cold sweat wet!

If you are staring at yourself, it's a terrifying Warcraft that has lost all the world!

That's Ye Chen's eyes!

A roar, a strong breath, from ye Chen's body, soar to the sky!

This breath - Ye Chen unexpectedly broke through!

Originally, Yang Zixin was ready to accept death, but Lenggu's palm did not fall.

She can't help but open her eyes, see, a man's figure, into their own eyes!

Chapter 3286

Yang Zixin's beautiful eyes, suddenly bright, the light, as if enough to illuminate the whole world!

"Ye Chen!" she exclaimed with joy

Ye Chen, it is in this critical moment to wake up!

It also means that he succeeded!

Got the inheritance of the ancient strong!

Even the virtual shadow, are issued a happy smile.

Her mission is done.

Others, however, are extremely ugly!

The whole underground palace is in a dead silence!

Ye Chen wakes up, and the whole person seems to have undergone transformation. As soon as he stands there, there is a burst of darkness in people's minds. That is, the darkness of inexplicable fear after all things disappear!

Even everyone at the scene ignored Ye Chen's breakthrough to the chaotic state of five layers of heaven!

It's not long since the last time we broke through chaos!

Such a breakthrough speed, or under the suppression of reincarnation blood!

Ye Chen, it can be said that he is the first person of all ages!

At this moment, Lenggu is scared silly by Ye Chen!

At the moment, where can I pay attention to the orders of Li temple?

The whole body essence blood burns, mad general, toward that cold pool entrance, flees away!

Ye Chen's eyes, an instant cold down, hurt Yang Zixin also want to go?

At the next moment, he took up his sword and pointed to the cold Valley, which was about to drill into the cold pool!

A golden light turned into a sword, just like lightning. In a flash, it killed the cold Valley in the escape!

In the golden light, an extremely powerful breath of destruction, just like a bomb, exploded in the minds of Li temple and other cold families!

Ye Chen's random strike, or the one that he didn't even use weapons, contains a god of destruction, which is more powerful and pure than before!

It's horrible!

The cold Valley is issued a shrill cry, then in the golden light, into dust floating, the spirit and body are destroyed!

Silence

It's like the silence in the pure darkness after all things have died down!

The few worshippers of the cold family are scared to leave the body!

Is it a random strike or a blow that doesn't even use weapons to kill a warrior in the heaven God realm?

Or, completely crush the kind of killing ah!

It's horrible!

At the moment, they are more afraid of Ye Chen than Li Ci!

But now they dare not even escape!

Didn't you see the end of cold Valley?

And Li Ci's look at the moment is equally ugly!

He is still suppressed by the shadow!

If ye Chen now, to his full hand, in this case, he can block it?

But at this time, the shadow is becoming more and more thin, almost, will disappear completely

This shadow, after all, is only an incarnation of the spirit, not even a remnant soul. Once the power left by the destroyer is exhausted, she will be completely dissipated.

The empty shadow looked at Ye Chen and said faintly, "boy, in the future, never insult the name of my father."

"I am the Lord of destruction. When you go to the upper world and beyond, you will know the horror of my Lord."

Ye Chen respectfully saluted the empty shadow and said, "yes!"

He didn't say much, but he was extremely sincere!

The shadow of destruction nodded and disappeared.

After suppressing Li ancestral temple for so long, the only remaining energy was consumed.

Li Ci's face was full of joy. He looked at Ye Chen with a sharp look on his face and said with a sneer, "Ye Chen, your luck is really bad. Can you kill me just a little bit? Ha ha, it seems that I have offended the cold family, and even the heaven is not on your side? "

Ye Chen hears the speech, but laughs!

His eyes are burning with a sense of war. At the moment, ye Chen doesn't care about Li Ci at all. What he says is fighting!

The inheritance of the Lord of destruction, the harvest is too big!

It can be said that he completely changed his understanding of the destruction Shinto, directly let Ye Chen's understanding of the destruction Shinto, cross to another level!

It's not only destroying Shinto, but also ye Chen's martial art!

This is different from Hongmeng ancient method, which was created by others.

But the understanding of martial arts is Ye Chen's own!

Now ye Chen, one heart just want to test their own income!

Holy ancestral land?

It's a good match!

Bad luck? Ha ha, ye Chen feels that his luck is too good!

At the next moment, ye Chen's wrist turned, and a dark sword fell into his hand. The formula of mietian sword was put into practice. In an instant, on the edge of the Sha sword, the ultimate destruction was as if it could turn all things into nothingness! Burning blood formula, the body of heaven demon, the power of breaking the sky, all exert!

Cut it out with one sword!

The sword light is rampant, and the void trembles. The cold sword, like the cold star, is shooting towards Li temple!

Li Ci's pupil, crazy contraction, looking at Ye Chen, face full of incredible color!

This kid's God of destruction is so powerful?

The feeling of extreme frightful, spread along the back, ye Chen's sword, give him a sense of oppression, are comparable to the previous self explosion ah!

Although the shadow dissipated, it was full of destruction.

Still had a part of suppression to his strength!

He felt that he could only exert his power at the top of the celestial realm.

Ye Chen, however, is constantly climbing with the help of the destructive atmosphere here!

Time and place!

In the face of Ye Chen's self explosion, Li Ci can hide, but in the face of this thunderbolt like sword, he can't hide!

Li Temple mouth, issued a non-human roar, the whole body emerged a dark blood vessels, he actually began to burn blood essence!

The sky is full of blood and evil spirit, just like a flood. If this underground palace was not built with extremely strong ancient materials, I'm afraid it would collapse directly when they started?

In a flash, the bloody sword Qi collides with the sword light cut by Ye Chen!

Li Ci's face suddenly sank. This time, his sword spirit did not crush Ye Chen's sword light!

In the light of the sword, the strong destructive power was like a fierce beast that devoured the heaven and the earth. It was tearing wildly, and the bloody sword spirit of Li Temple disappeared with a loud noise. The sword spirit of Li temple and the sword light of Ye Chen dissipated at the same time!

A cold offering standing behind Li Ci temple, his eyes trembled, and he looked at Ye Chen in horror. He murmured, "Ping, Ping?"

Draw!

Three days ago, ye Chen, who had a huge gap with Li Ci, had the strength to compete with the strong one in the holy ancestral realm in just three days!

Even if they also feel the destructive atmosphere of this place, it suppresses Li temple and them, and has a bonus effect on Ye Chen!

But it's still too scary!

This, if spread out, no one can believe it!

But it happened in front of everyone!

Chapter 3287

At the moment, the energy fluctuation after the battle still makes people unable to calm down.

Even if Li Ci was suppressed to the top of the nine layers of heaven, it could not be the result of a tie!

However, the other worshiper's face was full of shock. He held out a trembling finger and said to his companion, "it's not a draw You see. "

People follow the direction of the finger, cast their eyes, but have shown a look of shock, face also instantly pale up!

What did they see?

It's footprints!

Li Ci retreated from the fight just now!

What about ye Chen? Stand in the same place with a look of indifference!

In other words, Li Ci, a warrior with terror power, was suppressed by Ye Chen, the five layers of chaos!

But this is just the beginning!

Ye Chen Sen ran and said with a smile, "now, do you still think I'm lucky?"

Go to the temple and move quickly!

He also has a great deal of ancient methods!

"Tianlong eight gods sound, give me coagulation!"

A series of hongmongolian sounds gather all over the body!

Oh! Boom! How about it! Come on! Baa! Moo! Oh! Boo!

Eight startling characters floating around.

At the next moment, ye Chen appeared in front of Li temple. He danced the evil sword in his hand and chopped off his head!

Ye Chen knows that the suppression of the destructive atmosphere around will not last long.

Although his strength has been improved, he is not enough to fight against the holy ancestral realm.

Once Li Ci gets rid of this repression, he is also in danger!

Now is his strong period, he must wipe it out as soon as possible!

"Damn boy, die for me! Die for me

Li Ci angrily drank, and the weapon in his hand was full of blood. He carried the rolling blood evil spirits and turned into a startling blood rainbow to meet the attacking Ye Chen!

There's a big bang, swords intersect. This time, it's still Li temple that retreats!

At the same time, the weapons in Li Ci's hands made a crack sound!

This is extremely precious even in foreign countries. Unexpectedly, it will be broken under Ye Chen's two swords!

What sword is this?

What evil is this?

Li Ci's eyes, at this moment, finally emerged the color of fear!

How can this boy become so strong in just three days!

On the edge of the sword, his soul would tremble with the power of destruction!

"No way! This must not be your real strength! "

Li ancestral hall roared, and the sword's meaning was agitated and the blood was crazy. Countless dead souls who died under the sword sent out a sad and shrill cry. The turbulent spirits and swords danced wildly. They turned into bloody shadows and hanged towards Ye Chen!

In an instant, the whole underground stone palace seems to have fallen into the world of blood!

Even the casting underground palace, extremely strong ancient materials, are in this extremely strong sword evil spirit, there are countless cracks!

This sword is so powerful that it's frightening!

Li Ci is also a real fight. He burns and burns all over his body. Even before he takes out his sword, he swallows a purple red pill into his mouth. In an instant, on his body surface, he is stained with a layer of purple and gold lines, and his breath rises rapidly!

This pill is obviously a kind of elixir with high level and potential. The breath of Li Ci is beyond!

Its blood evil spirit's prestige, also suddenly one prosperous reached the extreme!

In an instant, the world seems to be drowned by the boundless sea of blood, and the void is all in this sea of blood, quickly breaking up!

In the blink of an eye, that rolling evil spirit then came to Ye Chen's eyes!

Yang Zixin stands behind Ye Chen, her pretty face is full of nervous color. Her beautiful eyes stare at Ye Chen without blinking!

Although she knew that ye Chen was very strong, she should be more terrifying after she got the supreme inheritance of the emperor of destruction. However, facing such a terrifying sword, she could not help worrying about ye Chen. Her heart was beating wildly, and she almost had to jump out of her chest!

Ye Chen is also incomparably dignified at the moment.

He has to fight!

At this time, xuanhanyu, the soul of the sword, said, "I asked you to come here. Naturally, I won't let you get hurt."

"I will give you some strength, and then you will fuse the feeling of the Lord of destruction and kill it!"

"Only one chance!"

Ye Chen Mou son a congealing.

However, he did not have the slightest fear when facing this sword. Li Ci's sword is indeed several times stronger than when he fought with him before. However, ye Chen at this time is completely different from that three days ago!

Plus the power of the sword soul, he won't lose!

He believes in sword spirit!

What's more, he got the inheritance of the Lord of destruction, and his harvest was too great!

Although for a time, this heritage has not been fully digested, but it is also hard to imagine the improvement of Ye Chen's strength!

Facing this extreme sword, ye Chen does not have the slightest intention of dodging and defending. Facing the bloody sword evil spirit, a sword comes out horizontally! Face to face!

The sword is cold and fierce. In the palace covered with blood, a little cold star suddenly erupts. The light of this cold star is spreading rapidly. It is against the bloody sword evil spirit!

For a moment, in the underground palace, it seems to be two worlds!

On the other side, the blood evil spirit is tumbling, wailing incessantly, and the fierce power is rolling, just like human purgatory!

On the other side, the cold light is dazzling, the martial spirit is surging, and the destructive power is sweeping, just like an extinction abyss that devours all things!

Boom, the whole underground palace is in the two people's attack, tend to collapse!

Even the extremely strong material is unbearable!

Ye Chen's figure flashed back and swept back. He held Yang Zixin's slender waist in one hand. A flash, he crossed the cold pool and appeared in the sky over the hills.

At the moment, the underground palace has been completely reduced to ruins!

What's more, the whole secluded land seems to be breaking apart, countless huge mountains have collapsed, the earth is full of deep cracks, even on the sky, there are dark cracks!

Before the hills, there were many warriors wandering here, but they did not leave. At this time, they suddenly saw a figure, appeared in the sky, and subconsciously looked at the man.

But at this time, everyone was in a daze!

In the sky, there was a man with a cool look, holding a beautiful woman in one hand. There were several scars on his body that were cut by the fierce sword spirit.

This person, not ye Chen, who else can there be?

But!

How come out of Ye Chen!

And, at the moment, although Ye Chen with some injuries, can be compared to before entering the cold pool, too much better!

In their opinion, ye Chen should be on the brink of death. He was killed at will by the Li temple in the cold pool?

This result was greatly unexpected!

I can't breathe in shock!

At this time, under the ground, a roar, a bloody sword evil spirit, rose from the cold pool!

At this moment, Li Ci, which is still in charge of heaven and earth before?

The whole person, dishevelled, covered with ferocious wounds, and, in the wound, blood rolling, it is not the appearance of healing at all!

Chapter 3288

It seems that it is extremely embarrassed! More miserable than ye Chen!

Li Ci looks very ugly at the moment. He has taken several top healing pills. But even so, the wound on his body shows no sign of recovery. Instead, a destructive force is raging in his meridians. Even with his accomplishments, they are just barely suppressed!

If he goes on like this, he will die even if he is a warrior in the holy ancestral realm!

He looks at Ye Chen not far away, the fear in his eyes is more and more strong, what kind of monster is this boy?

Even if you get the inheritance in the underground palace, you can't improve your strength so fast, right?

The power just now seems to contain another horrible existence!

Inexplicably, the legend about the Supreme God in Li Ci's mind reappears

Ye Chen coldly looks at the ever-changing Li temple. With a movement of his body, he takes the initiative to pounce on Li ancestral hall. The sword in his hand is dancing, and the overwhelming force is pouring out. With the power of destruction, the sword light of breaking Tianjian Jue is like cutting the whole secluded place into two sections!

Li Ci's face changed. The sword formula was used, and the blood evil spirit broke out. The spirit power in his body was running to the extreme. Even, he broke through the limit that his body could bear, and he gave his hand completely regardless of the consequences!

If not, Li Ci has no confidence to face Ye Chen's sword!

Boom!

There was another loud noise. The sky was breaking more and more. Even the blue sun was covered with black cracks. This secret place existed in ancient times, as if it was going to be completely broken in the next second!

Ice cold sword light, and blood evil sword spirit, impact each other, everyone is incredible to watch this scene!

The most shocking, filled my heart!

They have a premonition that a miracle is really coming

At the next moment, the sword like a sea of blood dried up

Under the sword light of Ye Chen, it is broken!

The boundless force surging in the sword light, carrying the destructive power, bombarded the Li temple!

With a click, the weapon in Li Ci's hand is completely broken!

And his whole person also flies out in an instant. The horror of the destruction of Shinto is constantly destroying his body. His extremely strong pain swept over his whole body, even the spirit existing in the holy ancestral state could not bear it.

Li temple in the mouth, issued a very shrill scream!

His eyes were completely filled with horror, and there was no longer the scorn, anger, ridicule, and exaltation that he had before!

Li Ci suddenly felt that in front of Ye Chen, he was very small!

This is not an opponent he can beat!

He wants to escape. He is the deacon of the cold family. He is a strong man in the holy ancestral realm. His position in the cold family will also rise and his future is boundless!

How could he die here!

Half of Li temple's body was completely melted in the destructive power of Ye Chen's sword. At the moment, he was like a beast chased by a hunter and had broken his legs. His face was pale and his mind was confused, and he was running away desperately towards the distance!

But at this time, a figure, but toward the Li temple, quickly flash from!

At the moment, ye Chen was covered with blood, and a terrible sword wound ran through his chest. The whole chest was almost smashed!

However, even so, ye Chen is staring at Li Ci, his eyes are turbulent to kill, Li Ci did not miss the meaning!

Cold home people, all must die!!!

The next moment, ye Chen appeared in front of Li temple, his eyes were extremely cold. He held a long sword, just like a Shura who had been punished by God for the world!

Li temple is suffocating!

The boundless fear crushed the spirit into pieces, and the steady heart of the warrior in the holy ancestral realm began to collapse!

Ye Chen light way: "do cold home dog, want to pay a price."

Li Ci looked at Ye Chen almost imploringly and exclaimed, "I'm wrong! Mr. Ye, I will quit the cold house from today! This despicable family, damn it! I can tell you all the secrets of Leng family. As long as you spare me, please forgive me

Ye Chen smiles contemptuously at the corner of his mouth. He thought Li Ci was loyal and a good dog. It seems that he overestimated him

He can't even do a dog well. Is this the real face of Leng's family?

The next moment, the sword flash, like the God of destruction thunder general, fell on the top of Li temple!

"No

Li Ci gave out a desperate scream, which soon subsided.

With a roar, this cold family deacon, who once suppressed tens of thousands of martial artists in the heaven God realm, turned into a blood mist and dissipated in the cold wind of this secluded place.

On the hill, all the warriors looked up to the gods. Looking at the man standing with his sword and soaked in blood in the sky, his eyes were not even admired, but devout and worshipped!

Miracle, really appeared!

Is it possible for ordinary people to kill the one who is strong in the heaven in the holy ancestral realm by cultivating the five layers of heaven in the chaotic state? It's not a miracle. What is it?

This is a miracle that can only be realized by natural God and man!

They witnessed the birth of God!

The God who brings destruction to this world!

Ye Chen's body, slightly shakes, on the face, appeared the thick tired color

In this war, he finally won

Miracle?

Hehe, if ye Chen knows these people's ideas, he will be unable to help but laugh.

Only he knew what kind of danger he had experienced and what efforts he had made in order to defeat Li CI!

If one is not good, it is doomed!

If there is no sword soul, if there is no destroyer, he will die.

This is not a miracle, but ye Chen's victory with all his strength and life!

With the inheritance of the Lord of destruction, ye Chen's destruction Shinto has become more and more powerful, but the consumption has also become great!

If the battle continues to drag on, he is really not sure that he can kill Li ci

All of a sudden, ye Chen's face changed, and he felt powerless. He gushed out of all his limbs. He could hardly keep his figure in the air. He was about to fall down!

At this time, a figure flash, appeared at his side, holding the body of Ye Chen about to fall.

It was a beautiful woman in a purple dress.

Ye Chen looked at Yang Zixin, in the eyes, with an apology: "with your cangxuan order, I did not achieve their commitment, let you hurt."

In Yang Zixin's beautiful eyes, the wave light flickered and said with a smile, "fool."

When you are seriously injured and over consumed, do you still care about others?

What is her injury compared with Ye Chen?

She and ye Chenping meet, even the identity gap is huge.

As a young lady of the Yang family, she naturally did not look up to the people of the kingdom of God.

Chapter 3289

But, do not know why, this kind of disposition of Ye Chen, actually attracted Yang Zixin deeply.

Ye Chen, supported by Yang Zixin, fell on a nearby mountain, recovering from his injury.

Although at the moment, ye Chen seems to be seriously injured, and, apart from anything else, ye Chen has got the Li temple's storage bag, and the treasure in his hand will not be less!

However, none of the nearby warriors dare to give birth to even a trace of the idea of Ye Chen

Who dares to fight God?

But at this time, in the sky, suddenly appeared a space crack, faintly, showed a figure!

The moment the figure appeared, the whole secluded land seemed to shake for a moment!

Appeared in the sky, is a man wearing a black robe embroidered with dragon patterns, towering man!

The man not only occupies the upper position for a long time, but also can cover up the momentum of the sky by waving his hand. His fierce eyes look at each other, which makes people involuntarily produce a heart of submission!

Even the heaven and earth are dumping for it!

But at the moment, on his face, it is a frost that can freeze people's blood!

As soon as the man came to this secluded place, his body was in a flash and appeared above a high mountain.

That mountain, it is Ye Chen when healing, fall place!

Ye Chen's eyes opened, and suddenly stood up, holding the evil sword, protecting Yang Zixin behind him, staring at the young man in the sky, his eyes full of dignified color!

Xuanhanyu's voice suddenly rang out in Ye Chen's mind: "Ye Chen, don't be impulsive. Now you, even if you have the energy of Zixiao stone in your body and have been passed on by the emperor of destruction, even if you are in full bloom, you are far from the opponent of this person!"

Su Ruoxi also said: "Ye Chen, even if you activate the ancient chest and release the nine you tiger, you may not be able to fight against this person!"

Ye Chen heard the speech, but said nothing. He knew that the black robed youth in the sky was very strong!

Strong light is standing there, let Ye Chen feel the strong to the extreme breath of life and death!

Strong to Ye Chen's current strength, actually can not see through each other's martial arts realm!

This man is far more powerful than Li Ci, and his cultivation has even surpassed the holy ancestral realm!

Ye Chen does not know who he is, but at this time, who can appear in this secluded land?

His look, instantly cold down, if this man is cold, then, no matter how strong this person is, he has only one battle!

The man, looking down at Ye Chen, also flashed a killing opportunity in his eyes!

Between the two, a pair of fierce momentum, standing behind Ye Chen, Yang Zixin, looking at the man, his pretty face, but full of joy, sweetly called out: "Dad

On the high mountain, suddenly quiet down.

Dad?

Ye Chen looks at the young man in black robe, and then looks back at Yang Zixin behind him. On his face, he is dull

Even Xuanhan jade is a little silly

This man is Yang Zixin's father!

Yang tianwu, the master of the Yang family!

After hearing his daughter's call, the man's expression softened in an instant. However, he deliberately stiffened his face and reprimanded:

"girl, you are more and more bold now, and even ran out without permission!"

"The city is in chaos

Yang Zixin blinked her big eyes. She looked at Yang tianwu innocently and said, "Dad, I'm wrong, but shouldn't dad be in the extreme spirit sea outside the country? How can you come to the secluded place of this boundary city? "

Yang tianwu snorted coldly: "hum, my father sensed that your body protecting magic weapons were all broken. I knew that you had an accident. Immediately, he put down all the things and rushed over.

The chance in the extreme spirit sea is very important to my Yang family, but what can be compared with you

After that, Yang tianwu suddenly turned his head and looked at Ye Chen. He broke out in terror and said coldly, "what hurt you is this boy?"

Yang Zixin quickly blocked in front of Ye Chen, looking at Yang tianwu angrily, "Dad, what are you doing! Ye Chen is my Savior. If it had not been for him, my daughter would have died! "

Yang tianwu could not help but turn pale. His daughter, for an outsider, scolded him for being a father!

Little Zixin, has always been the most obedient ah, how can this happen!

Yang tianwu, as if in the thunder, was frozen in the air.

Ye Chen shook his head, with a wry smile on his face, and saluted Yang tianwu: "younger Ye Chen, I have seen the master of the Yang family."

Yang tianwu came back to his senses and looked at Ye Chen with a complicated look. But he still said, "boy, you saved my daughter's life, and you are the benefactor of my Yang family. If you have anything to do in the future, come to the Yang family and look for me."

With a wave of his hand, he threw a jade pendant engraved with Yang characters to Ye Chen. Then he looked at Yang Zixin and said, "girl, it's time to go home. What kind of hurry should your mother become?"

"But..."

Yang Zixin smell speech, beautiful Mou is full of the color that does not give up to see to Ye Chen.

Yang tianwu frowns and waves his hand directly. Yang Zixin's body can't help but fly to him. A space crack opens. Before Yang Zixin reacts, he disappears in the crack.

Before Yang tianwu enters the space crack, he looks back slightly and takes a look at Ye Chen. He says faintly: "boy, although you are the benefactor of my Yang family, you'd better not have any indecent thoughts about Zixin. You are not a person of the world."

"A mole ant in the chaotic state of the divine kingdom is not qualified to climb up to the outer and upper families!"

"There are classes that you and others can never cross."

After that, his body moved and disappeared in the sky.

"Not a man of the world?" Ye Chen repeated Yang tianwu's words with a faint smile.

As the Lord of reincarnation, although he was in the kingdom of God at that time, he was invincible in the outer world and in the upper world!

How to control reincarnation!

What is the master!

He is!

Who can't stand up?

Moreover, he had no love for Yang Zixin. He was just a friend crossing the dangerous situation together.

However, ye Chen does not like to explain.

When he stepped into the outer world and the upper world, Yang tianwu would naturally regret what he said today.

.....

At the same time.

The dark underground palace is full of mysterious and strange atmosphere.

The two figures are moving forward!

It's longchengtian and longluo'er!

Dragon city day with ye luo'er, in the underground palace, slowly forward.

Finally, they came to the center of the underground palace.

Here, there are countless dragon statues, filled with solemn atmosphere.

These dragon statues, sitting between each other, seem to form a unique array, what ceremony can be opened.

Chapter 3290

"Lol, that's the truth I've been hiding for years, and I don't want to lose you."

"You can be here to receive special rituals and awaken all memories from abroad."

Longchengtian sighs softly, with a touch of sadness on his face.

"Wake up to everything outside the country?"

Ye Luo Er beautiful eyes a shrink, this sentence, to her has the great temptation.

What she has been searching for is all the truth behind it.

If she accepted the ceremony, she could awaken everything, and she could not get it.

"Dad, since there is such a good ceremony, why don't you bring me here earlier?"

Ye Luo'er looks at the dragon city day sad absolute appearance, in the heart is a little strange.

"Well, Luo'er, I tell you the truth, if you accept this awakening ceremony, you will be closed to the seven emotions and six desires. Although you can awaken everything outside the country, you will not remember me again, nor will you remember Ye Chen."

Longchengtian still sighs and tells the truth to Ye Luo'er.

Although he didn't want to lose her, he didn't want to hide her all his life.

Now, it's time for her to choose.

In the end, at the cost of losing lust, accept the ceremony, wake up everything, or keep the status quo, forever confused.

"What!"

Ye Luo'er hears the words of the dragon city sky, immediately incomparably astonished.

She didn't expect the ceremony to be so expensive.

Close her passion, let her forget Longchengtian, forget Ye Chen, what is the meaning of being a man?

"No, I refuse! I can't accept this ceremony! "

Almost instantaneously, elor gave the answer.

She can't accept this ritual as a walking corpse.

"If you don't accept it, you'll be confused all your life. Do you want to?" Dragon city sky light voice road.

"Even if I'm confused all my life, I don't want to be a walking corpse!"

Ye Luo'er bit her teeth and looked very firm: "Dad, I don't want to forget you, and I don't want to Forget Ye Chen. "

"Alas."

Longchengtian stood with his hands down and sighed.

In the underground palace, suddenly fell into silence.

Ye Luo'er and Longchengtian did not speak. There was a statue of a dragon standing quietly around. The atmosphere was mysterious and oppressive, a bit weird.

Boom!

Just then, an amazing wave came from the outside.

"According to the imperial edict of emperor Fengdi, kill the criminals in the forbidden area!"

A mighty voice, rolling ring.

A man in the robe of the emperor came to see him.

Behind him, there are so many figures and figures, and I don't know how many powerful people of emperor yuan Temple follow.

If ye Chen is here, he can certainly recognize that this man is Si Kong lie!

At this time, Sikong lie did not have the slightest benevolent appearance, only full of Teng Teng murderous spirit, the eight layers of heaven and God state of momentum, revealed to the extreme.

It turned out that after he bid farewell to Ye Chen, he was ordered by the emperor to rush to this place to kill the outsiders who broke into the underground palace.

Ye Luo'er and Long Cheng Tian.

"Damn it, the people from the palace of emperor yuan are coming!"

Longcheng day's face suddenly changed. Ye Luo'er's real life experience has a great deal to do with emperor yuan hall!

He knew that this day would come, but he never thought, so fast!

"Do it, kill them!"

Sikong fierce drink a big hand, behind a lot of strong, whistling out.

In an instant, ye Luo'er and Long Cheng Tian both fell into the heavy encirclement.

"Be careful!"

The dragon city day cries out, incarnate Jackie Chan, the dragon claw kills, mercilessly toward the strong person of emperor yuan palace around.

The fierce energy, suddenly roared, set off a lot of waves.

However, the strong men of the imperial yuan hall around them formed a formation with a continuous breath. They were not afraid of the attack of the dragon city sky. They drew out their weapons one after another, chopped the void and cracked it easily.

"Dad, I'm here to help you, Jiulong fire cover, come down!"

Ye Luo'er scolded, waved his slender hand, and the endless flame was galloping. A huge hood roared out, just like a golden bell. There were nine fire dragons in the whole body, which were extremely murderous and ferocious.

Boom!

As soon as the dragon fire was covered, several powerful people in the imperial palace were suppressed, and their bodies were burned to ashes by endless fire.

"Lol, you've awakened to the fire shield of Kowloon."

Seeing this, Longchengtian is surprised. This Jiulong divine fire cover is related to the secret behind Ye Luo'er. It is one of the most precious treasures of the 33rd heaven. It has a very strong lethality and can burn down the enemy by the supreme sky fire. Moreover, the fire shield itself is a very powerful defense magic weapon, which can be said to be both offensive and defensive.

"Dad, come here."

Ye Luo'er controls the fire shield of Jiulong. As long as she has this magic weapon to protect her body, she and Longchengtian will not have an accident. "Good!"

Longchengtian is close to ye Luo'er. They are sheltered by the fire shield of Jiulong, so they are free from worries. At present, they join hands to kill each other. When the Dragon claws are waving, the fierce spirit of the way is broken. At present, several powerful emperors of the Imperial Palace fall.

"Hum, I knew you had the fire cover of Jiulong. The emperor Yuan gave me the edict to suppress it!"

Seeing this scene, Sikong Lie was not in a hurry. He offered the scroll of the Dharma edict. After a while, there were many golden lights released from the scroll of the Dharma edict, which turned into a huge hammer of golden light and fell down in the air.

"It's the breath of heaven released by the emperor!"

Longchengtian's face suddenly changed. From the scroll of the Dharma edict, he actually captured the breath of the emperor's interpretation of heaven. It was grand and vast, like the starry sky in the universe, which could not be looked up to.

Dang!

The golden hammer fell down hard and hit the top of the fire cover of Jiulong. The hammer struck the bell and made a huge sound, which almost broke the eardrum.

Puff!

In the huge shock, ye Luo'er and Long Cheng Tian both vomited blood and suffered internal injuries.

And Jiulong divine fire cover, also whine, turned into streamer, fled back to ye Luo'er's body.

The Dharma edict spirit of emperor Shitian is too strong. Ye Luo'er's cultivation is still very weak. Under the influence of emperor Shitian's breath, he can no longer release the Jiulong divine fire shield.

"What else do you have?"

Sikong lie sneered. The golden light of the Dharma edict was blazing, and the huge hammer smashed them into meat paste.

Ye Luo'er and Longchengtian are in a hurry to dodge, but they are in a mess.

Boom!

The golden hammer fell to the ground, shaking the whole underground palace.

Both Ye Luo'er and Long Cheng Tian felt difficult to breathe and their Qi was stagnant.

Originally, Ye Luo'er still had the means of heaven punishment five Jue array, but at the moment, he was unable to use it.

The majesty of Emperor Shitian is really terrible. It's easy to kill them.

"Lol, run, I'll deal with them!"

The sky of the Dragon City roared and the Dragon claws kneaded the formula. A wisp of black gas came out of his body, howling and rolling. It seemed that it would explode at any time.

"Demons disintegrate Dafa? Dare you

Seeing this scene, Sikong lie's smile became stiff, and he began to shout furiously.
