Chapter 3301

Yuanshu is a legendary technique which contains the mysteries of Yuandao and represents the ultimate meaning of Wudao. According to the level, it can be divided into small source technique, big source technique and supreme source technique.

The legendary supreme source technique is even more powerful than the 33 Tianhong Mongolian method!

Thirty three Tianhong Mongolian law is made by heaven and earth.

Yuanshu is a kind of technique created by the ancients in ancient times by observing the sky and the sky, perceiving the universe and myriad realms. It is ingenious and contains the principle that man can conquer nature.

If the ancient method of Hongmeng represents the road of heaven and earth, then Yuanshu represents the emperor's respect for the way, and the glory of man and the momentum of crushing the sky.

Every source skill has unimaginable value.

If you can understand it, you can see the mystery of the source road, which is of great benefit to cultivation.

If a martial artist in the early days of the heaven God realm understands the source skill, relying on the aura of the source road, he can even make a rapid progress and change step by step, and become a Legendary God Emperor master, saving countless hard work of cultivation, which is simply against the heaven.

It can be imagined that the value of Yuan Shu is so terrible.

"The Taiyin jade rabbit, after stealing the source skill, seems to have escaped back to the kingdom of God. Shall we send someone to investigate it?"

Although there was no one around him, he was afraid to be known.

After all, it's about source art.

And it is the source of the palace of emperor yuan!

Xuanyuan moxie's heart is beating wildly. Even the whole Tiandao palace does not have Yuanshu. If he can seize Yuanshu, his cultivation will definitely advance by leaps and bounds, and even can greatly eliminate the sin of practicing against Hongmeng.

However, this source technique is the thing of the emperor yuan hall. If it is captured, it will be known by the emperor yuan hall, and there will be endless disasters.

"Forget it."

After weighing it over and over again, Xuanyuan moxie bit his teeth and said, "if Yuanshu is lost, Emperor Shitian will send someone to look for it. If we rob him, we will offend him, and the consequences will be unimaginable."

Although he also wanted Yuanshu very much, he knew that he had only one head. If he offended the emperor Shitian, he was afraid that ten heads were not enough to cut off.

"I understand."

The Dragon God of Yan Tian had a little pity and sighed. If he could seize Yuan Shu, what Ming Temple and ye Chen would be native chickens and dogs, vulnerable to a single blow.

But Xuanyuan ink evil, is very cautious, in a short period of time, do not want to touch the edge of the palace of emperor yuan.

"You don't have to worry about Yuanshu for the time being. Take people to Chongguang burial ground and catch Na Xia Ruoxue for me!"

Xuanyuan ink evil fingers a little, using the "Chongguang watching shadow art", the whole palace air rolling, a continuous glow of the clouds filled, forming a painting volume.

On the scroll, the location of Chongguang burial ground is shown. Although the sky is shrouded with smoke and hazy, he can not see the internal environment of Chongguang burial ground, but the specific coordinates are deduced.

Moreover, he clearly sensed that the smell of Xia Ruoxue was in Chongguang burial ground!

"Yes, I will do it at once!"

The Dragon God answered and wanted to turn around and leave.

"Wait a minute."

Xuanyuan moxie stopped him. With a wave of his hand, a flying sword roared out. It was condensed and merged into a piece of Fu Zhao, flashing the star emperor's light, and his Qi was very strong.

"Take my Xingdi sword Rune with you, just in case."

This Fu Zhao is a combination of Xuanyuan ink evil's star emperor's magnanimous spirit, as well as the magic method of killing heaven's divine sword. Once released, it can explode 100000 Xingdi flying swords and kill everything. It's powerful enough to kill the God Emperor masters in the nine layers of heaven.

Such a rebellious Fu Zhao, Xuanyuan Mo Xie could not get out before.

But now, at the end of his trip to the upper world, he changed his mind and practiced Hongmeng ancient Dharma against his will, and his accomplishments were greatly improved.

"Yes, I'm leaving."

In the hot weather, the Dragon God's palm trembled slightly. He carefully collected the Fu Zhao and turned to leave.

He was very clear that the Xingdi sword talisman was the blood essence of Xuanyuan moxie. It was better not to use it if it could be used. Otherwise, once it was burned, the latter would be subject to reverse attack.

If it is before, he may be qualified to become the future card of Xuanyuan Mo Xie.

But now, the Dragon God knows that he is not qualified at all.

Now Xuanyuan ink evil will become the fear of countless people in the kingdom of God!

Perhaps in the future, this fear still belongs to the outside world and the upper world!

"Well."

Xuanyuan Mo Xie nodded slightly, xuanjiyue's advice, he would not forget.

Xia Ruoxue, a guilty woman, must be seized and taken to heaven to be handed over to her for interrogation.

At this time, Chongguang was buried.

In the morning, the fog did not disperse.

The whole Chongguang burial ground is shrouded in a light haze, and its aura is floating.

Many of the Ye family's disciples began their morning exercises in the morning.

Their movements, strong and powerful, strong and strong, show the extraordinary quality.

"You need to step up your cultivation, in order to revitalize our Ye family." A voice of wild pride, rolling in the morning exercise field.

The speaker, it is Yelingtian, who is directing the cultivation of Ye family disciples.

"Yes, patriarch!"

Many Ye family disciples, hearing his words, were more powerful in their boxing and feet dancing.

At this time, Ye Lingtian has become the head of Ye family completely, and its position is very strong.

Looking at the vigorous appearance of Ye family disciples around, Ye Lingtian nodded, walked slowly, and looked at the distance unconsciously. On the mountain in the distance, a snow-white shadow sat on his knees, holding a jade rabbit in his arms, and the moonlight was filled with wisps of moonlight.

"I don't know the book of the moon, if Snow Girl understands how."

Ye Lingtian frowns tightly, thinking silently.

That snow white shadow, it is Summer Ruoxue.

Since she was separated from ye Chen, she went back to Chongguang burial ground to cultivate, only to become stronger as soon as possible.

After this period of cultivation, with the help of the powerful energy inside the reincarnation star flame and belonging to the upper realm, she has been promoted to the middle of the heaven God realm, with quite good strength, but it is far from the real realm of master.

If you want to become a real expert, you must have a great chance.

"This volume of the book of the moon is my chance. I must understand it!"

On the top of the mountain, summer snow and blue silk flutter in the wind, with firm eyes.

In front of her, there was a volume of ancient books, on the cover of which was printed with four words "the book of the moon and the sky". When she turned over, the page inside was blank and there was no text.

It was a volume of wordless books!

A silk of mysterious source gas, vaguely from the wordless sky filled out.

This is a source of art!

"Snow sister, how do you understand?"

A sweet, sweet, waxy, tender voice like a little girl, from the mouth of jade rabbit held in the bosom of summer Ruoxue, it is softly issued.

"Xiaobai, I have already vaguely understood, but it is the last step, across a layer of window paper, how can not be pierced."

Xia Ruoxue was helpless to shake his head, the source of the opposite sky, in front of her, seemed to be accessible, but she just couldn't touch.

Chapter 3302

"Don't worry, sister Xue. We can practice slowly."

Jade rabbit arched the chest of summer snow, a face of gentle appearance.

If the people of Tiandao Palace are here, they will be very surprised, because this jade rabbit is the most powerful one in the legend of ancient times. It was suppressed in the tomb of the great emperor of mourning Zen!

It turned out that after being captured by the emperor yuan hall, Taiyin jade rabbit stole a small source skill, escaped, and fled back to the kingdom of God. Under the accidental collision, it escaped to Chongguang burial ground!

Emperor yuan hall lost xiaoyuanshu and sent countless strong men to chase and kill him. Although Taiyin Yutu escaped by chance, she was seriously injured. When she fled to Chongguang burial site, she was dying and lost her fighting power.

Xia Ruoxue used the reincarnation star flame, effortlessly refined the fierce spirit of the Taiyin jade rabbit, and let the star spirit of the reincarnation star stone live in the sea of knowledge of the Taiyin jade rabbit, and directly seize it!

The once ferocious Taiyin jade rabbit fell completely.

Now Xia Ruoxue is holding her in her arms. In fact, she used to be a little sister of Xingling. She took away the body of Taiyin jade rabbit and renamed it "Xiaobai".

The ancient ferocity of the past has become the pet of Xia Ruoxue.

She's so powerful by chance.

But the more adverse chance is still ahead!

Don't forget, Taiyin jade rabbit stole a small source skill from the storehouse of emperor yuan hall!

Yuanshu contains the ultimate mystery of martial arts. Even if it is a small source skill, there are also some wonderful methods against the heaven. Compared with the ordinary martial arts skills, I don't know how much more powerful.

If you can understand, the source of heaven and earth can be added to the body, the cultivation will definitely advance by leaps and bounds, and even become the Legendary God Emperor.

This is the power of source!

Once understood, enough to make people completely transformed, instant against the sky.

The xiaoyuanshu stolen by Taiyin Yutu is called Mingyue Tianshu, which is one of the four volumes of wordless Tianshu of "sword, sun and moon". It contains the origin secret of the moon and is the source of moonlight.

These days, Xia Ruoxue has been practicing "Mingyue Tianshu".

"Mingyue Tianshu", one of the four volumes of Tianshu, is very complicated. Even if ye Chen comes, I'm afraid he can't understand it.

But Xia Ruoxue's pet animal, which happens to be Taiyin jade rabbit, has a very strong flavor of Taiqing Yuehua in his blood.

With the help of the Taiyin jade rabbit, Xia Ruoxue also initially felt the threshold of Mingyue Tianshu, only one layer of window paper was needed to make a thorough breakthrough.

Once she understands the book, she will definitely step up to heaven and become the legendary ancient God Emperor!

Boom!

At this time, from the distant sky, there was a loud noise, a strong breath, fierce roaring.

"What's going on?"

On the morning exercise ground, ye Lingtian felt the strong breath, and his face suddenly changed.

The Ye family's disciples present were also shocked.

The location of Chongguang burial ground is very secret. Almost no one knows. How could an enemy intrude?

"Heaven and God realm, eight layers of heaven!"

And Xia ruoshue also caught a breath of terror.

The enemy who broke into Chongguang's burial ground, the most powerful one reached the eight levels of heaven and God!

"Are they from the palace of emperor yuan?"

Xia Ruoxue's pretty face sank. She got the Taiyin jade rabbit and the book of the bright moon. It can be said that she was lucky against the sky, and the chance was infinite. But behind the chance, there was a great danger.

After all, "Mingyue Tianshu" is one of the four volumes of "sword, sun and moon". It is the source of legend. Even for the emperor yuan hall, it is also a very precious existence.

If the emperor yuan hall knew that the book of heaven was in her hands, she would send someone to hunt down and rob.

"Where is Xia Ruoxue? Get out and die

A loud and clear song of the Dragon came from the sky.

I saw a mighty dragon, with more than a dozen strong men in the clothes of Tiandao palace, whistling and flying.

"It's not the emperor yuan hall, it's the people of the heavenly way palace!"

Summer if snow beautiful eyes a surprise, that powerful dragon, it is the Dragon God of hot days!

Long time no see, she didn't expect the Dragon God to break through to the eight layers of heaven, it seems that there is another adventure.

"Patriarch, what should we do if someone comes to Tiandao palace?"

Ye's disciples, looking at the magnificent body of the Dragon God, suddenly showed a look of fear.

There are eight layers of heaven and God. The breath is so terrible that it is simply invincible.

"Withdraw, hide in the Linglong pagoda!"

In the early days, he had broken through the sky, but it was hard to see whether he had reached the sky.

At the critical moment, he only thought of one way, that is to temporarily hide in the Linglong pagoda, and then think of a way to inform Ye Chen and wait for rescue.

Although the Ye family's ancient and exquisite pagoda is not the most precious treasure of Hongmeng, it is also a first-class magic weapon of high quality, which can temporarily resist the edge of Tiandao palace. But if you want to get out of trouble, unless Ye Chen comes back, there is no chance.

Listening to his words, the disciples of the Ye family around them fled to the Linglong Pagoda in a hurry.

In the picture of Xia's flying away, he is standing at the bottom of the sky and looking at the sky.

"No, if snow girl is in danger!"

Ye Lingtian's face changed, and he immediately went to the mountain in the distance. Although he was not the enemy of the Dragon God, it was absolutely impossible for him to watch Xia Ruoxue's accident.

After all, Xia Ruoxue is Ye Chen's woman. If she has an accident, he really doesn't know how to Tell ye Chen.

"Snow sister, be careful!"

When Xiaobai saw the Dragon God coming, his round eyes also showed a look of panic. He jumped down from Xia Ruoxue's arms, and released a series of moonlight, which turned into crescent blades and ran out bravely.

"Why, Taiyin jade rabbit, how could this fierce man be here?"

When the Dragon God saw this scene, he was shocked. With a wave of the dragon's claw, he broke the crescent blade, and immediately changed himself into a human form. He brought people down and surrounded Xia Ruoxue like an iron bucket.

"Ah, and the book of heaven on the moon! You are the master of this art

When he saw Xia Ruoxue's hand, there was also a volume of Tianshu, which was vaguely filled with mysterious source gas, and then he was shocked.

"I can't believe it. I can't believe that you took the Tianshu which was stolen from the emperor yuan hall!"

The Dragon God "Qiang" sound, pull out the white tiger broken soul knife, eyes still with a shock look.

Before leaving, he discussed with Xuanyuan moxie about Taiyin jade rabbit and stealing the Yuanshu of emperor yuan palace.

However, he did not expect that the Taiyin jade rabbit actually escaped to Chongguang burial ground. The book source skill of emperor yuan hall that day also fell into Xia Ruoxue's hands.

"I can't find a place to go without any trouble. If I catch you, the book of heaven will be my heavenly way palace."

Chapter 3303

The Dragon God's eyes are dense in the hot sky. He stares at Xia Ruoxue's book of the bright moon. With a sudden wave of his knife, he kills him fiercely.

If we can seize the book of heaven, the heavenly way palace will have the absolute initiative.

Whether it is to practice in secret or return to emperor yuan hall, it can be dominated by Xuanyuan Mo Xie.

"Sister snow, I'll protect you."

Xiaobai saw that Xia Ruoxue was in danger and rushed out immediately.

On the surface, she is a fierce ancient person, but her soul is actually a small star spirit before. Naturally, she is fighting for death to protect her master. After taking away the jade rabbit of Taiyin, her body and soul gradually merge. At present, she has the strength of six layers of heaven and God realm.

Although compared with the Dragon God in the hot sky, it is still two layers worse, but she has a fierce blood, but she can fight.

She was transformed into a little girl in a pale white flower skirt and a pair of ponytail. She was extremely charming and lovely. In her clear and pure eyes, she suddenly showed a charming light.

In contact with her eyes, Yan Tianlong's mind swayed suddenly, and her head was dizzy. She was a little unstable.

Taking advantage of this opportunity, Xiaobai pinches the formula and turns the blade into a sword. He cuts a sharp moon blade in the void. With a hissing sound, he splits forward.

"Damn it!"

The Dragon God was caught off guard in the hot sky, and the knife in his chest broke a fierce wound, dripping with blood.

"Damned girl."

The flaming Dragon God was suddenly angry. Just now he was careless, he was hit by Xiaobai's enchantment technique, and almost capsized in the ditch. Fortunately, he refined the body of gouchen emperor, and his flesh was extremely strong. Otherwise, he would have been cut off.

"Sister Xue, this man's body is so strong, my talent moon blade can't kill him."

Xiaobai pretty face slightly pale, back to xiaruoxue side.

As one of the most powerful of the ten evils in ancient times, she has learned a lot of natural skills since she was born. Enchantment and moon blade are both gifted magical powers, and their power is quite extraordinary. If she is a strong person in the eight layers of heaven, she will not die without her skin.

However, the Dragon God has long refined the remains of gouchen emperor. His body is extremely strong. Even if he is attacked, he is only slightly injured, which is not a big obstacle.

"The white tiger cuts its soul!"

In his fury, the Dragon God slashed it out in the hot weather, and the Dragon Power broke out all over his body, but the blade exploded with a white tiger shadow.

This knife, the dragon and the tiger meet, has a myriad of looks, and the power is very fierce.

"Xiaobai, get out of the way!"

Xia Ruoxue hurriedly pulls Xiaobai and pulls her behind her. With a wave of her hand, the flames of starlight roar out, forming a flame iron wall.

Bang!

In the hot sky, the Dragon God cut off, and the iron wall of the flame suddenly split, and countless flowing fire scattered.

The iron wall of this flame is melted by the flame of samsara.

During this period of practice, Xia Ruoxue has thoroughly mastered the magic method of reincarnation star flame, and can operate it easily.

Unfortunately, her reincarnation star flame is only residual fire after all, the body is in xuanjiyue's hand, a little residual fire, the power is very limited.

At present, Xia Ruoxue and Xiaobai were shaken back a few steps, blood and blood between the chest and abdomen were tumbling, almost falling.

"Catch them!"

At the command of the Dragon God, more than a dozen strong men in Tiandao palace around him immediately carried weapons and went out in a fierce way.

"Dare you

In vain, a burst of shouts rang out.

I saw a heroic figure, holding the abyss sin breaking gun, like the God of war.

It's ye Lingtian!

Xiao -

Ye Lingtian waved his long spear and swept out a burst of fierce light, forcing the disciples of Tiandao palace around him back.

"If snow girl, you go quickly, hide in the Linglong pagoda first, I'll stop them!"

Ye Lingtian has sharp eyes, guarding Xia Ruoxue and Xiaobai.

"Oh, it's up to you?"

The Dragon God glanced at ye Lingtian and saw that his cultivation was just the beginning of the heaven God realm, so he didn't pay attention to it.

"I don't want to talk nonsense with you. White tiger will die. Kill!"

With a wave of the long sword, the murderous spirit of incomparable sharpness suddenly startled the sky.

In the hot sky, the Dragon God grasped the handle of the sword and exerted the momentum of the white tiger soul breaking Sabre to the extreme. He saw a proud white tiger, standing in the air, as if to suppress the mountains and rivers, showing incomparable hegemony.

Roar!

The loud and clear roar of the tiger shakes the Xiaoyu. The shadow of the white tiger, with infinite Sabre Qi, falls directly from the sky and cuts down Xia Ruoxue three people mercilessly.

Xia Ruoxue's pretty face suddenly pales. The Dragon God's sword is the legendary treasure of Hongmeng. Although Hongmeng's breath no longer exists, the long Dao itself also has a striking edge. Once hit, it will definitely be seriously injured.

Xiaobai stares at the Dragon God in the hot sky. His eyes are filled with anger and cries: "dare to hurt sister Xue. I'll fight with you!"

After that, she swept her feet and bent her waist like a rabbit. She threw herself into a frenzy and blew up wisps of moon blade Qi in her hands, killing the Dragon God fiercely. "How dare you show off in front of me? Die to me

Seeing this, the God of the flaming dragon hummed. The hand holding the knife suddenly waved, and the blade cut Xiaobai.

Roar!

A ferocious knife awn, with the roar of a tiger, instantly chopped in Xiaobai Jiao's body.

All of a sudden, Xiaobai Jiao's blood splashed, and she was killed by the sharp blade. She flew out directly and fell on the ground. She was seriously injured and dying.

"Xiaobai!"

Xia Ruoxue saw Xiaobai's miserable appearance, and was heartbroken.

Boom!

At this time, when she was aware of the shock of the sea and her grief, all kinds of wonderful methods of Mingyue Tianshu were suddenly understood.

Die and live!

In a desperate situation, she realized all kinds of supernatural powers in Mingyue Tianshu.

Hum!

The book of heaven rises in the bright moon, the book is opened, and there is a blank page in it. At the moment, there are many ancient words.

Each text contains the ultimate source flavor.

"This This is... "

The Dragon God was stunned when he saw this scene.

"Sword, sword, sun and moon" four wordless Tianshu all contain the origin of whether there is mutual generation. If you want to understand it, it's hard to compare it to heaven.

Once you understand it, you can see the word from no word, prove the source of Tao from no Tao, and make great progress in cultivation.

This time, the original blank book of heaven, but emerged the text.

Obviously, Xia Ruoxue has understood.

From no words to see words, from no way to prove the source of Tao!

Whoa!

A succession of majestic, vast source gas, whistling from the eight wasteland of heaven and earth, poured into Xia Ruoxue's body.

At this moment, Xia Ruoxue's accomplishments soared wildly.

Wisps of moonlight, diffuse from her body, she seems to have become the embodiment of the moon, clothes fluttering, the whole body bright, every hair has a supreme source of gas.

"She's going to testify. Stop her!"

In the hot weather, the Dragon God roared repeatedly and looked very frightened. He slashed at Xia Ruoxue with a knife.

And the disciples of Tiandao palace around him were also in a panic. They quickly raised their weapons and joined hands to kill.

Chapter 3304

At this time, Xia Ruoxue has thoroughly understood the mystery of Mingyue Tianshu, and is absorbing the source gas between heaven and earth. As long as she absorbs it, she can thoroughly testify to the truth and gradually transform herself into a Legendary God Emperor!

At that time, she will kill people, just like cutting grass. All the people in Tiandao palace will turn into fly ash.

"Don't hurt miss ruoshue!"

Ye Lingtian shouts and waves a gun to break the sin in the abyss. His body is as proud as a mountain, guarding Xia Ruoxue.

"Get out of here!"

In the hot weather, the Dragon God was furious and cut out with a knife.

Ye Lingtian bit his teeth and held up his spear. He ignored life and death and fought against it.

Bang!

The knife and the gun.

Unexpectedly, ye Lingtian didn't feel too much pressure and easily blocked the Dragon God's attack.

The Dragon God was also stunned. He was in a state of eight layers. It was easy to kill ye Lingtian. But now, he can't even shake the body of the latter.

Wisps of moonlight, from ye Lingtian's body diffuse out, with the vast Yuehua source gas, directly shock back the Dragon God.

"It's over..."

The Dragon God of Yan Tian is completely flustered. This is not the breath of Ye Lingtian, but the source of Xia Ruoxue!

Source, representing the ultimate martial arts, is the ultimate breath, magnificent, power unimaginable.

Ye Lingtian stands beside Xia Ruoxue, and gets a trace of source gas, which easily blocks the Dragon God.

It's just a trace of source gas, which blocks the full attack of the eight layer heaven masters in the heaven God realm. You can imagine how powerful and terrible the source gas is.

All the disciples of Tiandao palace were completely stunned.

They have also heard of the mystery of the source. It is the source of all kinds of heaven and all kinds of things. It is the ultimate cultivation of martial arts.

However, they did not expect that they were lucky to see the breath of "source" in their life.

Xia Ruoxue's eyes are closed, her whole body is full of Qi, and the moon is constantly overflowing. She is holy and pure, just like the goddess in the legend.

Including the Dragon God, everyone was stunned and did not dare to disturb her, as if for fear of blasphemy.

In the shadow of source gas, all people have a feeling of insignificance, as if they are ants, and summer is like snow, is the sky high bright moon!

Finally, all source gas, all introverted.

Mingyue Tianshu turns into a streamer and escapes back to Xia Ruoxue's body.

Xia Ruoxue opens her eyes. Her eyes are like the moon, bright and pure.

At this moment, she absorbed all the source Qi and completely preached successfully!

Woo Hoo Hoo!

Gusts of wind, blowing between the sky and the earth.

The bright sky in the morning suddenly turned into night.

A bright moon appeared in the sky.

The cold moonlight, constantly diffuse and down, faint and summer like snow breath, formed a unique rhythm.

At this time, Xia Ruoxue has a bright moonlight on her body, as if she is the source of moonlight, showing an incomparably brilliant atmosphere.

"Flying mirror under the moon, cloud born sea Tower!"

"I will kill all the enemies for the source of the moon!"

Xia Ruoxue's eyes are cold and her hands are lifted. A full moon appears in her palm. In the floating shadow of the moon, you can clearly see a tree and a palace on the full moon. The complicated runes are mixed.

She shakes the full moon out. The whole round of moon is bright and brilliant. There is even a sound of Phoenix from the palace inside. The tree is shaking with hundreds of branches, casting endless light.

All kinds of huge weather, in this moment.

This does not seem to be the full moon formed by spiritual power, because it is too real, as if the precious moon in the sky really fell in her hands, the aura is pressing.

There are also circles of bright emperor light, constantly rolling out of the full moon.

Ancient God Emperor!

In the hot weather, the Dragon God uttered a groan in his throat and almost fell to his knees.

At this time, Xia Ruoxue actually stepped into the nine layers of heaven, reaching the realm of the ancient God Emperor.

If he had not seen it with his own eyes, he would never have believed that the man who had just been in the early days of the heaven God realm had suddenly transformed himself into an ancient god after he had understood the mystery of the source road.

The source of the breath, is too vast, too terrible, too powerful.

Understanding the source of Tao is equivalent to turning a silkworm into a butterfly and a fish leaping over the dragon's gate. It is a complete transformation and transcendence. It is an incredible breakthrough.

If Xia Ruoxue wants to kill him, it will be no more difficult than crushing an ant.

Zheng!

And the moon, the sound of the metal fluttering.

Puff!

Puff!

Puff!

Under the pressure of the full moon, all the disciples of Tiandao palace died in an instant, and their bodies fell to the ground. As soon as the moon shone and the wind blew, they were turned into fly ash and completely annihilated. They did not even leave any residue. Terror!

It's an indescribable horror!

Xia Ruoxue's divine power has reached the point of lawlessness.

Looking at the whole kingdom of God, she is the first person ever to understand the source of Tao!

Ye Lingtian also completely froze, completely can't believe the picture in front of him.

"This is the breath of the ancient God Emperor!"

"Miss Ruoxue has become the moon god book?"

"My God, didn't she master the source?"

"Even if Chongguang is resurrected, I'm afraid it's not her opponent, is it?"

In the Linglong pagoda, many ye family disciples feel the moonlight rolling between heaven and earth. They are very surprised.

Xia Ruoxue, who has mastered the source of Tao, has reached the level of ancient God Emperor. Relying on the power of Tianshu, even the ancient God Emperor is not her opponent.

Under the rolling of the full moon in the source road, the Dragon God was extremely frightened and retreated.

He has lost all his fighting spirit. He knows very well that if he fights, Xia Ruoxue will be able to tear him into pieces and he will not have any chance to win.

At the critical moment, the Dragon God pulled out a piece of Fu Zhao.

On this Fu Zhao, there are wisps of star emperor's majestic spirit, which is given to him by Xuanyuan moxie.

Looking at Xia Ruoxue's bright edge, the Dragon God held the Fu Zhao tightly, but did not dare to release it.

Because, Xia Ruoxue's breath is really too strong, relying on a Fu Zhao alone, he has no assurance of victory.

Even if it was Xuanyuan ink evil, he didn't expect Xia Ruoxue to become so powerful that he could not even master the mystery of the source road.

If you want to defeat Xia Ruoxue, no one in Tiandao palace can do it unless Xuanyuan moxie comes.

"Today's plan is a complete failure..."

The Dragon God looked at the corpses all over the ground. He was very desperate. He tightly grasped the star emperor sword Rune and turned and ran.

He knew very well that even if he released the Xingdi sword talisman, he could not defeat Xia Ruoxue.

Xia Ruoxue, who has already obtained the truth and understood the mystery of the source road, will not be able to shake the edge of her in the whole kingdom of God unless Xuanyuan moxie makes a move.

"Hurt someone, still want to run?"

Xia Ruoxue snorted coldly and waved his slender hand. The full moon was like a wheel, which broke through the air and was cut out.

Chapter 3305

If the Dragon God fled back to Tiandao palace, she would definitely leak out the things about her practicing Mingyue Tianshu. Once the emperor Yuandian knew about it, the consequences would be unimaginable.

Ye Chen has enough enemies.

Xia Ruoxue doesn't want to drag Ye Chen because of herself.

Therefore, she must not let the Dragon God leave alive.

Chuckle!

The edge of the round moon wheel is like a blade. It cuts the air and makes a sharp sound. It is heartbreaking.

"Not good!"

Seeing this, the Dragon God of Yan Tian was completely flustered. He didn't expect that Xia Ruoxue's speed was so fast that he could not resist the round moon.

"Star emperor flying sword, kill!"

At the critical moment, the Dragon God couldn't control so much. He hastily offered the star emperor's sword talisman and kneaded a formula to stimulate the energy in the Fuzhao.

Boom!

All of a sudden, a series of powerful Hongmeng energy, wildly rolling out, turned into a flying sword, displayed in the air.

There are hundreds of thousands of flying swords hovering in the sky.

Every flying sword is filled with the light of the star emperor, and the breath is very sharp.

"The star emperor is so angry that he can kill heaven! If snow girl, be careful

Ye Lingtian saw this scene, and his face was shocked.

The imperial edict of the Dragon God in the hot sky contains the breath of the star emperor's magnanimous spirit and the spirit of killing the Heaven Sword. The combination of the two evolved into the flying sword of the star emperor.

One hundred thousand flying swords are hovering in the sky. The sky blowing sword is almost killing everything. Under the strong sword spirit, the heaven and earth of mountains and rivers are shaking.

"No matter what, just a Fuzhao can't hurt me. Unless Xuanyuan moxie comes in person, no one in Tiandao palace is my opponent!"

Xia Ruoxue looks at the flying sword all over the sky, but does not have the appearance of a little flustered, still calm and calm.

She is very clear about the power of Mingyue Tianshu. She has got the essence of the book of heaven. She has mastered the mystery of the source road. Her strength has reached an unimaginable level. No one can hurt her except Xuanyuan moxie and Tiandao palace.

Boom!

One hundred thousand flying swords of the star emperor, which are fierce and explosive, directly cut Xia Ruoxue.

The terrifying sword Qi shakes the night sky into day. The sky is full of wild sword light. The wind and clouds are surging and the heaven and earth are shaking. The picture is very spectacular.

"Run away!"

However, after the Dragon God released Fuzhao, he ran away in confusion and did not mean to fight again.

He was very clear that Xia Ruoxue was invincible, and even her hair could not be hurt by a piece of Fuzhao.

The heavenly power of Yuandao is too powerful.

He just wants to rely on the star emperor sword Rune to delay time and fight for the chance to escape for himself.

She fled back to Tiandao palace and reported to Xuanyuan moxie that Xia Ruoxue had already got the certificate. If she wanted to catch her, she had to come to Xuanyuan's body or ask the emperor yuan hall to take action. There was no other way.

"Want to run? Can you run? "

Xia Ruoxue snorted coldly, waved his hand, swept out a piece of moonlight, swept through the void, and landed on the Dragon God in the hot sky.

"Ah

The Dragon God uttered a scream in the hot sky. Under the cover of the moonlight, he was in severe pain, as if he had been cut by the needle awn sword, which was very painful.

Boom!

At this time, one hundred thousand star emperor flying swords also killed Xia Ruoxue.

Xia Ruoxue is calm and free, with a flick of her fingers, she pops up a wisp of reincarnation star flame.

Whoa!

The next flame, a flash of fire.

Chuckle!

One by one star emperor flying sword, drilling into the sea of reincarnation star flame fire, instantly burned into nothingness, not even a trace left.

"What!"

Looking at this scene, the Dragon God vomited blood on the spot and couldn't believe his eyes.

Although he knew that Xia Ruoxue was invincible after he understood the source road, he did not expect that Xia Ruoxue was invincible to this extent.

A hundred thousand flying swords of the star emperor were all buried in her flame.

"Impossible, your reincarnation star flame is not residual fire, how can it be so powerful?"

The Dragon God can't believe it.

The origin of reincarnation star flame, in the hands of empress xuanjiyue, Xia Ruoxue is only a wisp of residual fire.

But now, this wisp of residual fire, but burst out the power of startling the sky, instantly buried the flying sword all over the sky.

"Hum, can you understand my realm?"

Xia Ruoxue looks at the Dragon God coldly. After she practices the Mingyue Tianshu, the source of heaven and earth is added to her body, and even the reincarnation star flame is transformed.

This reincarnation star flame, also contaminated with the breath of the source road, greatly enhance the lethality, annihilate the sky sword, it is easy.

"Sister Xue is so powerful."

At this time, Xiaobai also staggers to stand up, covering her chest, bearing the pain of her body, looking at Xia Ruoxue's high appearance, her eyes are full of worship and love, and even tears flow out."Xiaobai, are you ok?"

Xia Ruoxue looks at her, but in the heart is a burst of love.

In order to protect her, Xiaobai was cut into a serious injury by the Dragon God. Fortunately, his blood was strong and he didn't die. He still had a breath. As long as he was calm and recuperated, he still had a chance to recover.

"Sister Xue, I'm fine. You don't have to worry."

Xiaobai's feet stumble, heading for Xia Ruoxue's direction.

Xia Ruoxue is very distressed and runs towards her.

"Good chance! This little girl can be used as a hostage

The Dragon God looked at Xiaobai's tender appearance, and his eyes suddenly showed fierce light.

Bang!

When the spirit turns, the Dragon God of Yan Tian draws his sword in his hand, and his feet are swept violently. In an instant, he kills Xiaobai behind him and holds her tightly. The blade of the sword is on her neck.

"Asshole, what are you doing?"

Xia Ruoxue saw this scene, immediately scared out of her wits and yelled at her.

"Sister Xue..."

Xiaobai's pretty face is also very white. The hair on her neck is erect one by one, and her scalp is numb. As long as the blade of Dragon God is slightly pressed in the hot sky, she will die in a strange place.

"Hum."

The Dragon God looked at the two people's deep feelings, and felt a sudden joy in his heart. He said, "Xia Ruoxue, stop and don't move, otherwise I don't blame my blade for having no eyes."

"Let go of Xiaobai!"

Xia Ruoxue is extremely angry. He didn't expect that the Dragon God would take Xiaobai as a hostage.

At this time, the Dragon God has wounds all over his body, and his blood is constantly flowing. He has just been attacked by Xia Ruoxue, who has been seriously injured.

But his physical strength, even if seriously injured, can also support, not to mention Xiaobai's injury, more serious than he, he controls Xiaobai, Xiaobai has no resistance.

"I'll let her go. You'll go back to heaven with me."

The Dragon God looks at the summer snow coldly, word by word.

"Go back to Tiandao palace with you..."

Xia Ruoxue's body trembles. Once she goes to Tiandao palace, I'm afraid she will never come out again.

"Yes, as long as you are willing to go back with me, I'll let them go at once."

Yan Tian Long Shen tightened the blade, and a bloodstain appeared on Xiao Bai's neck.

Xia Ruoxue bit her teeth and stares at the Dragon God. Her hands shrink in her sleeves, looking for a chance to make a move.

Chapter 3306

"I warn you, it's better not to do anything, or I will definitely cut off her head before you kill me!"

Although he is not Xia Ruoxue's opponent, it is very easy for him to kill Xiaobai before he dies.

"Sister Xue..."

Xiaobai's eyes are red, and she wants to sacrifice herself and kill herself by hitting a knife. However, her Qi machine is made by the Dragon God in the hot sky, but her whole body is sour and soft, and she can't move at all.

"Xiaobai..."

Xia Ruoxue's body trembles. When Xuanji came, Xiaobai tried hard to protect her. She could never watch Xiaobai be killed.

"Brother ye Lingtian, kill me quickly. Don't let sister Xue do it hard!"

Xiaobai looks at ye Lingtian and shouts.

Smell speech, leaf Lingtian suddenly concussion, the hand that holds gun quivers.

Now the Dragon God has been seriously injured. If he wants to start, he can't stop him.

If you kill Xiaobai, you can solve Xia Ruoxue's worries, and you won't be in danger of being used by Tiandao palace.

But the problem is, he and Xiaobai get along so many days, also have feelings, where willing to kill.

Moreover, Xiaobai takes away Taiyin jade rabbit and gets the body of the ancient fierce. It is just when he is about to change his life against the heaven that he dare not do it.

"Lord, if you were here, how would you decide?"

Ye Lingtian is in a trance and thinks of Ye Chen.

If ye Chen is here, facing this dilemma, I don't know how he will make a decision.

"Ye Lingtian, don't hurt Xiaobai, or I can't spare you!"

Xia Ruoxue looked at ye Lingtian and seemed to have shaken appearance, and immediately drank sternly.

"Come on, don't be so wordy. I'll count three. Either you surrender or you kill me, but I'll kill this girl before I die!"

The Dragon God is also a little anxious in the hot weather. I'm afraid that if we delay it, there will be changes.

"One!"

He immediately began to count, and his heart was pounding.

Once three times, Xia Ruoxue did not surrender, then he was finished.

"Two!"

Listening to the count voice of the Dragon God, Xia ruoshuebei clenched her lower lip, and her mind was in a mess. I didn't know what to do.

"If snow girl, you decide."

Ye Lingtian sighs a long sigh, this dilemma, can only let Xia Ruoxue personally decide, he can't do anything more.

.....

At the same time, boundary city.

Smoke hall, eyes closed Ye Chen suddenly opened his eyes!

There was a sense of crisis in his heart!

It seems to be about summer snow.

The next moment, he no longer hesitates to show his bright eyes in the demon cave, but there is only a bloody mist in front of him!

It's obviously covered by some kind of force!

Xia Ruoxue used the source technique, so Hongmeng ancient method can't be checked!

Ji Siqing was obviously aware of something and said, "Ye Chen, what's the matter?"

Ye Chen Mou son tiny MI, just want to say what, outside then spread a cold voice!

"Ye Chen, someone is looking for you!"

It's clear that we're talking about the breeze!

Although Du Qingfeng hates Ye Chen infinitely, Ji Siqing can't say anything!

Ye Chen stands up, some doubts.

Few people know that he is in the boundary city. Who is looking for himself?

Ye Luo Er?

It should not be possible. Ye Luo'er lost his memory and was very strange to himself. He could not find himself.

Is it green autumn cloud?

Ye Chen with doubt toward the outside!

Soon, an old man appeared in front of him!

The old man was dressed in white, with a gourd wine pot hanging around his waist, leaning against a giant tree in the boundless forest with his eyes closed.

It looks very comfortable!

Eternal king!

Ye Chen is a little surprised. As far as he knows, the eternal king has been training with Yan Kun.

Now it suddenly appears. Is Yankun's experience over?

Ye Chen immediately appeared in front of the eternal king, arched his hands and said: "forever old, long time no see."

However, the eyes of the eternal King opened at this moment.

No comfort, no safety, only seriousness!

This is the first time that the eternal king is so serious in front of Ye Chen.

Ye Chen has a bad feeling.

Just as ye Chen was about to open his mouth, the eternal holy king had already said: "ye Xiaozi, during this period of time, I seem to find the clue of the existence of the reincarnation xuanbei in China."

"It may not be long before the exact location is determined!"

"Once confirmed, you may have to put aside the kingdom of God and rush to China!"

"I'm here to tell you in advance." "What's more, it seems that the underground dragon veins in China are not normal recently."

.....

At the same time, China, Kunlun Mountains, a huge underground base.

This is the most mysterious research base in China.

Back to Kunlun Xu.

Sitting in the Chinese heaven and earth, the spirit is strong.

This is also the base of the dragon soul commando team reorganized a few years ago.

A few years after ye Chen stepped into the Lingwu continent, Huaxia and Kunlun virtual united, and the resources of the Guangming hall and the dark hall vaguely protected the tranquility of this land.

At the moment, in the base, in the huge display screen, a red dot is beating fast.

The red dot is brilliant, as if it is some kind of ultimate energy.

A graceful and graceful girl in colorful combat uniform is staring at the big screen in front of her.

Her eyebrows and slight frowns are full of doubts.

This is Jin Lengyan, the leader of the dragon soul commando!

At that time, Jin Lengyan was only a member of Jiangcheng Wudao family. After meeting Ye Chen, his fate changed completely!

Jin family destroyed, Jin Lengyan was invited by Ye Chen to join the dragon soul commando!

After ye Chen disappeared, she tried her best to cultivate. She became not only a brilliant flower in the dragon soul commando team, but also the first strong one of the dragon spirit!

She controls the soul of the dragon, freely enters and exits Kunlun void, and the road of martial arts is straight to the sky!

She wanted to leave Kunlun Xu and go to Lingwu land to find Ye Chen!

But the responsibility told her that she had to stay!

Huaxia needs her!

She believes Ye Chen will come back!

The only thing she has to do is to help Ye Chen protect the land, the family and everything related to Ye Chen!

She gazed at the red dot, which was moving faster and faster, and said to her assistant, "how long have you found this situation?"

"Is this red dot really not a practitioner we put on record?"

The assistant shook her head. "It shouldn't be."

"The key is such a speed, even some of the strong Kunlun Xu can't do it."

"Captain Jin, I have an ominous premonition that the global aura change will cause great damage to the human body. Ordinary people can't adapt to the changing aura. Although there is a big array set up by Mr. Ye in Huaxia, there are some cracks in the array. I don't know how long it will last."

"What shall we do then?"

"We carry out special cases, but we can't protect countless ordinary citizens."

Chapter 3307

"I think we should pay more attention to how to strengthen Mr. Ye's array, rather than trace back to the mysterious energy red dot..."

Jin Lengyan did not speak. She grasped it with five fingers, and a transparent flat plate appeared in her hand.

She verified the iris and fingerprints, instantly entered the dragon net!

Dragon net is the unique network of dragon soul, connecting the whole information system of China.

She is skilled in operation, touching the screen and asking: "the first time the red dot appears, sure it is near Ye's home in Jiangcheng?"

"Yes." The assistant said seriously.

"Take all the monitoring during that period, the whole Jiangcheng monitoring! Don't let go of any second, let all technicians put down their work and investigate this matter! " Jin Lengyan's tone is extremely serious.

"But it's about the Chinese array..." The assistant stopped talking.

Jin Lengyan's eyes narrowed slightly: "if I'm not wrong, the threat caused by the global aura change may be related to that red dot..."

"I vaguely feel that the things behind the red dot are not ordinary..."

"By the way, I want to go to the medical God gate of Kunlun deficiency. If you have any discovery, please contact me as soon as possible."

The next moment, the golden goose disappeared.

.....

Kunlun deficiency, the door of medical God.

At the moment, the door of medical God is no longer in decline. Of course, medical skills are not as powerful as martial arts, but they have become the first sect of Kunlun deficiency.

Of course, the biggest reason for this first sect is because of a mysterious man.

In the center of the door of medical God, there is a huge statue!

And this statue, known as the master of Kunlun, ye Chen!

Jin Lengyan gazed at the statue for a long time and murmured: "Mr. Ye, you have been away for several years."

"Don't you ever want to come back and have a look?"

"To tell you the truth, although I am powerful now, I always feel powerless."

"If you were there, we might not have been in such a mess."

"For some reason, the underground dragon veins of the whole world have changed, and there are problems with the aura around the world. Once human beings absorb this aura, there will be great problems. Your array will not be able to guard for long."

"All of a sudden, I miss the years of Jiangcheng. That summer, I saw the legendary dragon and Phoenix for the first time."

"That young man is the most dazzling star in the world."

"The young man stepped on the water and was above heaven and earth."

"This scene, these years I will appear in a dream."

"I don't think I'm worthy of you, but I don't know why I don't look up to anyone in the world after I know you."

"I don't know if I can see Mr. Ye in this life."

Before the words fall, an old man in a Taoist robe appears beside Jin Lengyan.

If ye Chen is here, he will surely find that this old man is his first master Duan Huai'an!

"Captain King, it's been a month since we last met."

Duan Huai'an arch hand road.

Jin Lengyan nodded and handed over the document in his hand: "this is the current situation. There is really no way for the medical Shenmen to change the global underground dragon veins?"

Duan Huaian took a look at Ye Chen's statue and shook his head: "these days, I have contacted many powerful people in Guangming hall and Kunlun Xu. After several meetings, I still can't work out a suitable pill."

"The root of this problem lies in the underground dragon veins, which have not changed for thousands of years. Why did the abnormal trend appear a year ago? That's strange. "

"I have discussed with the strong men of the hall of light, and we have come to a conclusion that there are some forces not belonging to China that have affected the underground dragon veins."

"But we can't be sure where the root cause is."

"According to my intuition, that root should not come from this land."

Jin Lengyan's eyes are dignified. She thought Duan Huai'an had a way.

Now it seems unlikely.

She showed a reluctant smile: "Mr. Duan, in this case, Leng Yan is leaving."

Just as Jin Lengyan was about to leave, Duan Huaian suddenly said, "have you contacted Sun Yi and ye Lingtian, who finally set foot on Lingwu land?"

Jin Lengyan shook his head: "for the time being, we can't get in touch with each other. We don't know why the transmission array of Lingcheng has been destroyed. We can't send someone to Lingwu land."

"Unless..."

Duan Huai'an also thought of what, and then said: "unless ye Chen left that thing all released, briefly activate the transmission array?"

"This is the only way, but only 5% of the success rate, once failure, the situation is even worse, and only one person can be transmitted, that person may be torn by a strong force."

Duan Huai'an thought about it, or conservative way: "wait a second, ye Chen set up a guard to play a big array should be able to support for a period of time."

"If it's really time to have no choice, we'll have to take this plan.""Well."

Jin Lengyan left.

.....

Soon, Jin Lengyan returned to the dragon soul base.

Just as she was about to ask her assistant about the results of the investigation.

Her face changed slightly, for she found a strange atmosphere in the whole base.

She came to her assistant and whispered, "what's the matter?"

The assistant took a long time to react, pointed to the big screen, and said, "Captain, I have found something, but this discovery is extremely wrong..."

"And it seems that Mr. Ye has something to do with it."

Jin Lengyan is stunned and stares at the screen. She finds that the screen is the monitoring of Yunhu villa many years ago.

During the monitoring, there are Ye Tianzheng, Jiang Peirong and Lin Juelong.

This monitoring was destroyed, but it was restored after a month's hard work by Huaxia technicians.

Jin Lengyan also saw this monitoring many times, and did not find anything abnormal.

However, every time she saw Ye Chen pushed into the lake by her mother, Jiang Peirong, she couldn't help feeling deeply.

This push has changed the fate of the whole China.

At that time, who could have thought that the notorious waste of Jiangcheng would become the invincible God of war in China?

"I've seen this surveillance a few times, nothing special." Jinlengyan random way.

However, the assistant shook his head violently, operated the tablet in his hand, and the monitoring picture was zoomed in.

The whole LED screen is a little girl's face.

Such a big event, the little girl should be panic stricken, but at the moment it is extremely calm.

There was even a smile on the corner of his mouth.

That's weird!

Jin Lengyan felt that something was wrong, but still expressed his opinion: "this is not surprising. Maybe there is something wrong with this little girl?"

Assistant continues to shake his head, continue to operate the screen, in a moment, the screen frame screen reduced, and the other three pictures appeared!

At this moment, Jin Lengyan's expression solidified!

Because these three pictures are also the faces of little girls!

It's not weird!

Weird is the time in the four pictures!

Ten minutes away from each other!

Ten minutes at the same time in four places in Southeast and Northwest China?

Even practitioners can't do it!

What's more, a girl who has no strength to bind a chicken!

Chapter 3308

The assistant continued to operate the tablet, and soon a pair of track map appeared on the LED screen.

"According to the files of Yunhu villa, this little girl is the key to the Ye family tragedy in Yunhu villa."

"What's more, the little girl's trajectories over the years are all around the underground dragon veins."

"And the red dot of energy roughly matches the little girl's surveillance track."

"Captain King, your suspicions are not wrong."

"However, there is no conclusive evidence that the Dragon pulse and aura are related to the little girl."

"But the key now is to find this mysterious little girl."

At this moment, the golden goose is a little chilly.

Over the years, she has also been exposed to some supernatural events, but such a supernatural event has never appeared.

China has rules and regulations, so it is impossible to tear up the void.

But how did they do it?

The key trajectory is consistent with the dragon vein.

But she still doesn't believe it's about the little girl.

The woman's intuition tells her that the little girl also seems to be investigating the matter.

And it's already there.

Thinking for a few seconds, Jin Lengyan said directly, "start all the resources and investigate this little girl."

"Even if we dig three feet, we should find her out!"

"What's more, this little girl has become the SSS target of Huaxia. Once found, report it immediately and don't disturb her!"

"She could be extremely dangerous!"

The assistant and even the whole dragon soul were dignified.

As if a fear spread!

The last time this fear was years ago.

That is Ye Chen and Lin Jue long!

.....

China, Kunlun Mountain, on the top of the mountain.

Clouds and fog surround it.

There is a log swing hanging from top to bottom on a giant tree about tens of meters long.

The swing swings.

There was a little girl lying on it.

The little girl was holding a box of cherries in her arms, lying leisurely on the swing, and even kept spitting out cherries.

And in this comfortable time, the little girl's expression suddenly changed, fierce sat up! Gaze at a direction!

"How did the old man catch up again?"

"Is it over?"

"China's aura has changed. I don't care about myself. I always investigate me. What's wrong?"

With that, the shadow of an ancient stone tablet floated out of the little girl's back!

There are extremely obscure words on the stone tablet!

If ye Chen is here, he will surely find that this is the xuanbei of reincarnation!

And in the moment when the shadow of xuanbei appears, the void behind the little girl suddenly tears!

Countless Sanskrit twists around the little girl!

In a flash, the little girl disappeared!

And that box of cherries is also free fall, fell on the ground, scattered away.

Just seconds after the little girl disappeared, an old man in a Taoist robe appeared near the giant tree.

The face of the old man is like the eternal king.

He is naturally a part of the eternal king in China.

Before ye Chen stepped into the land of Lingwu, he had a lot of intersection with Ye Chen!

The eternal king named it Guo Haiyun!

Guo Haiyun looked at the empty around, suddenly, eyes a coagulation, vision fell on the ground on the cherry.

He looks dignified, fingers pinch Jue, the golden words in the air flow!

But it soon dissipated!

Guo Haiyun sighed and murmured: "this little girl, as the xuanbei of reincarnation, is too deep for me to check my skills."

"I'm afraid that among the ten reincarnation steles, this girl is the most refined one."

"It's hard to trace the essence of human beings, not to mention the mysterious stele of reincarnation."

"But, little girl, as long as you step on this land, I will be able to pursue you."

"It's just that it costs a lot."

"You have been in China since many years ago. There is absolutely your reason."

With these words, Guo Haiyun's whole body is turned into a golden light and swept away in a direction.

.....

Screen rotation, boundary City, outside the smoke hall.

Ye Chen seemed to hear the news of the explosion, and frowned slightly: "yonglao, do you say that the Chinese dragon pulse mutation? What does that mean? "

The eternal King shook his head: "my body has not returned to China. It's not clear. This is the news that Guo Haiyun, who is my part, brought back."

"As the cultivation center of aura, the Chinese dragon vein is also composed of the dragon vein, and the dragon vein is changed, which is not a good thing for the whole world."

"The kingdom of God will face the disaster of extermination, and there may be some big problems in China." "However, Guo Haiyun did not immediately let you and me start, which means that the matter is not serious."

"You may as well stay in the kingdom of God for the time being."

"The kingdom of God is tough enough."

"There are special people in Huaxia to deal with it. Jin Lengyan has become the leader of the dragon soul and has a great reputation. She is worthy of your trust in her work."

"If we meet next time, it may be time for you to leave for China."

"Well, it's almost time for me to leave. Yan Kun is still training. I need to keep an eye on him."

"By the way, I'd like to give you one last word of advice. Be careful when dealing with demons."

"The last war was just a snack."

Ye Chen was slightly stunned, and a beautiful figure appeared in his mind.

In Jiangcheng at the beginning, the family of Wudao who had the most contact with him was probably the Jin family.

Unfortunately, the Jin family was destroyed by that one. He wanted to cheer Jin Lengyan up, so he took her to join the Chinese mysterious organization dragon soul.

I thought Jin Lengyan would leave the team soon, but I didn't expect that after a few years, he became the leader of the dragon soul.

Maybe this is life.

Not only Jin Lengyan, ye Chen also appeared in the mind of many figures.

Zhu ya, Wei Ying, Bai Li Bing, an Ruoying, Wu Xinlan, Luo Yao, etc.

How are these people?

There are also their own parents and the door of the God of medicine, the hall of light.

Ye Chen didn't want to go back to China, but the destruction of the kingdom is in front of him. He is the backbone of the demon hall. If he leaves and the demons come, what should the countless people of the Kingdom do?

Ye Chen boasts that he is not a savior, but he wants to do something within his power for the people around him.

I'm afraid the reincarnation Lord thought so.

As for why he fell in the hand of Xuanji moon in his previous life, ye Chen always feels a little strange.

It is impossible for him not to guard against xuanjiyue, nor to be so easily arranged.

Unfortunately, he has not been able to awaken the memory of his previous life.

Otherwise, everything will be clear.

When ye Chen came back to God, he found that yonglao had disappeared.

He has long been used to immortality.

Although his current martial arts strength may be stronger than yonglao, but yonglao always gives him a feeling that he can't see through.

Maybe this is the terrible blood of the eternal people.

Thinking of this, ye Chen raised his head and looked at the sky and said, "I don't know if snow is going to happen. It's time to go back to the demon hall."

.....

Chapter 3309

.....

At the same time, Chongguang burial ground.

The atmosphere was dignified to the extreme.

This time, for Xia Ruoxue, Xiaobai is her best friend.

Xiaobai's appearance makes her cultivation career no longer boring!

Moreover, the value of Xiaobai is too important!

"Three!"

Yan Tianlong God count to the end, see Xia Ruoxue is still hesitating, holding the knife hand suddenly blue tendons burst, drink: "that's so, let's die together!"

It's going to wipe away Xiaobai's life!

"No!"

Xia Ruoxue yelled, tears dripping down, and said, "OK, I'll go back with you, don't hurt Xiaobai."

Hearing the speech, the Dragon God's tense nerves relaxed and said: "very good, Miss Xia, you attach great importance to love and righteousness. I admire you very much. Here is a sad crisp Gu pill. If you take it, I will take you back to Tiandao palace."

The Dragon God took out a pill and threw it to Xia Ruoxue.

This pill is dark blue and seems to be heavily poisoned. It's called pitiful Gu Dan. It's a side door pill obtained by stealing from the tomb of the great emperor gouchen in Tiandao palace. After taking it, it can temporarily block people's aura, making the whole body weak and unable to exert any strength.

Xia Ruoxue catches the pill and struggles with her eyes.

"Snow sister, don't, don't do it." Xiaobai cried out.

Xia Ruoxue bit her teeth, her eyes suddenly determined, and she took pills directly.

Whoa!

In an instant, the power of sad and crisp Gu Dan melted, and a strange blue light appeared all over her body. The source of spiritual power suddenly collapsed, and the moonlight between heaven and earth disappeared, and the brilliant sun shone on the earth again.

But Xia Ruoxue also felt paralyzed all over her meridians. Her bones were crisp. She couldn't even make any miracles. She almost fell down and even struggled to stand.

"Can we let Xiaobai go?"

Xia Ruoxue looks up at the Dragon God.

"No problem, Miss Xia is quick to talk. Naturally, I don't drag my feet. But ye Lingtian, brother, had better stay away from me, or I can't afford to have a sudden attack."

Looking at Ye Yan Tian's eyes.

He is seriously injured at this time. If ye Lingtian wants to start, he will surely die.

"Let's go

Ye Lingtian's eyes glared, worried about Xiaobai's life, had no choice but to retreat far away.

Soon enough, the two men opened enough distance.

Seeing this, the Dragon God of the burning sky breathed a sigh of relief and said, "the green mountains will not be changed, and the green water will flow forever. See you again in the river and lake." Immediately let go of Xiaobai, turn to catch Xia Ruoxue, turn into a dragon full of supreme flame, and run away.

"Snow sister!"

Xiaobai came back from the ghost gate, but there was no joy. She was full of grief and watched Xia Ruoxue captured by the Dragon God.

In order to save Xia, if it is not for the sake of saving her.

Ye Lingtian steps move, want to catch up, but after all, the distance is too far, also can not catch up.

What's more, even if they catch up, Xia Ruoxue is in the hands of the Dragon God. Once the latter works hard, Xia Ruoxue will die.

"Brother ye Lingtian, what should I do?"

Xiaobai is in a mess and doesn't know what to do.

"Go to the demon subduing hall, report to the master and ask him to make a decision."

Ye Lingtian's face sinks. Xia Ruoxue is captured by Tiandao palace. For today's plan, he can only report to Ye Chen and ask him to find a way to save people.

"Well, I hope brother Ye Chen has a way."

Xiaobai Ning nods her head, but she doesn't care about her injury. She leaves Chongguang burial ground with ye Lingtian and goes to the Fumo hall to Tell ye Chen everything.

.....

At this time, the Dragon God has already escorted Xia Ruoxue back to Tiandao palace.

Just arrived at the gate of tiandaogong, he found a familiar figure in front of him. It was Sirius!

Sirius is back!

Beside him, there was also a giant beast with a strong body and a hairy body, but a mandrill.

The Dragon God's heart leaped in the hot sky, motionless, and called, "Sirius, you are back."

"Oh, my Lord, you..."

Sirius looked back and looked at Xia Ruoxue beside the Dragon God. The latter was looking at the scenery around Tiandao palace.

"Ha ha, according to the imperial master's order, I arrested Xia Ruoxue, a guilty woman. Fortunately, she did not disgrace her life. Finally, she completed the task. This is next to you..."

Yan Tianlong looked at the mandrill beside the Sirius and frowned.

The mandrill, with a dejected look on his face, seemed to have suffered some fatal blow.

"Emperor Yan Tian, I'd like to introduce you to you. This is the guardian spirit of the empress of the upper kingdom. The ancient emperor mandrill was unfortunate and suffered serious setbacks before. Now he wants to join us in the heavenly way palace."

The Sirius gesticulated and introduced to the mandrill: "emperor mandrill, this is the core elder of Tiandao palace, the Lord of the dragon in the sky." "Nice to meet you. Nice to meet you."

In his tone, it is still difficult to hide the tired and lonely meaning.

"The old emperor's mandrill? It turns out that you are one of the four guardians of heaven, earth and earth under the command of the empress, and is known as the Supreme Master of martial arts

The Dragon God was shocked, and he had heard the legend of "the end of the earth".

"A little bit of notoriety has made the Chinese people laugh."

The old emperor's mandrill had a bitter smile on his face, and his face was full of helplessness.

It turned out to be in jiejucheng. It fought with Xiaohuang and was completely engulfed, but later it was reborn with blood and came back to life.

At that time, the Lord of reincarnation and the Lord of destiny created four guardian spirits of "the end of heaven and the earth" with their own blood essence and marrow. Each guardian spirit had a divine power against heaven.

After endless years of cultivation, the ancient emperor has secretly understood the essence of blood and mastered the mystery of reincarnation.

The power of reincarnation, can let the dead Su Sheng, let the world eternal.

With this trace of reincarnation energy, even if it is killed and swallowed up, it does not fall completely. It directly drops blood to regenerate and restores its form.

After rebirth, the ancient emperor mandrill is still strong in blood, but its breath is greatly weakened. Any warrior in the middle of the heavenly spirit state can kill it.

Therefore, it wants to take refuge in the heavenly way palace, seek refuge, cultivate in peace of mind, and slowly restore the previous accomplishments.

"The emperor mandrill wants to join us in Tiandao palace. The Lord of the palace will welcome him. Ha ha, Sirius, please take the emperor mandrill to meet the palace master."

The Dragon God smiles in the hot sky. There is no trace in the depth of his eyes, showing a trace of murder.

Sirius has defected. This time he returns to the palace, and it will not come to a good end. However, unexpectedly, he brought back the old emperor mandrill, which is also the luck of Tiandao palace.

The hidden strength of the ancient emperor mandrill is very strong. As long as you give it a little time to recover its breath, it will certainly become the great help of the heavenly way palace!

"Well, my Lord, I will go first."

Sirius arched his hand, did not know that the danger had come, and now he took the old emperor mandrill into the mountain gate.

Chapter 3310

Yan Tian Long Shen smiles and nods. He is in a good mood. He also leaves with Xia Ruoxue.

Soon, he escorted Xia Ruoxue to the underground prison.

The atmosphere of the prison was gloomy and oppressive.

If ye Chen was here, he would be very surprised, because many of the great capable elders in his reincarnation cemetery were locked up here, their bodies were bound with chains and their breath was limited.

There are also Taoist Tianji, who is also imprisoned here. He looks down and down, and his body is covered with wounds of punishment. He has obviously suffered terrible torture.

Xia Ruoxue looks around, looking at a bit of great master, showing a trace of surprise in her beautiful eyes.

"These trapped powers are ye Chen's masters?"

"Behind them are the shadows of the palace of the emperor yuan and the upper kingdom?"

"The reason why Xuanyuan Mo Xie imprisoned them is to completely erase the reincarnation of the reincarnation Lord and cut off all causes and effects?"

"This is Tianji Taoist? Does Xuanyuan moxie want to kill his teacher and prove the truth? "

Xia Ruoxue's eyes flashed and she kept thinking.

She has mastered a trace of the source of the mystery, can pry into the ultimate cause and effect of heaven and earth.

Therefore, as soon as she saw these trapped powers, she put forward a lot of natural destiny, such as the lines on her palm.

We can imagine how terrible the breath of "source" is. Even the ultimate cause and effect of heaven and earth can be explored.

According to the legend, the top strong man who has mastered the supreme source gas has the birth and death of stars in his hand. He can see the final end of the universe at a glance, and the realm is beyond imagination.

However, Xia Ruoxue only mastered a trace of source gas, and I don't know how far away it is from the top.

"Get in! Wait for the imperial master to come down! "

The Dragon God opened an empty cell and pushed Xia Ruoxue in. With a wave of his hand, she was bound by chains and completely imprisoned.

After all this, the Dragon God turned to leave.

Take Xuanyuan Mo and finish the task.

At this time, in the depth of Tiandao palace, Chongguang Shenxia palace is the main hall.

"I'm the mandrill of the ancient emperor of waste. See the emperor Xuanyuan."

The old emperor's mandrill knelt on the ground with respectful attitude.

"Don't be too polite."

On Luan hall, Xuanyuan ink evil is sitting with a smile in his eyes.

His face was a little pale. The star emperor sword Rune taken away by the Dragon God was shot down, and he suffered a lot of damage. Fortunately, from the mouth of Sirius, he had already known that Xia Ruoxue had committed an ambush, and the result was satisfactory. The loss of spiritual power was not a problem.

"Thank you, Lord Xuanyuan."

After all, this is the territory of Tiandao palace, not the upper boundary.

And Xuanyuan moxie's wolf ambition, it is also heard, even the queen xuanjiyue must be on guard against three points, it naturally dare not be careless, if it is not really desperate, it will never go to Tiandao palace.

"Emperor mandrill, you were killed by Ye Chen and his pet beast. Now you are reborn with blood dripping and your breath is weak. Do you want to take advantage of the protection of Tiandao palace and have a peaceful breathing practice?"

Xuanyuan Mo Xie squints his eyes, and no one can see what he is planning.

"Yes, I hope you can complete it."

Huang GuDi said sincerely.

"Ha ha, I don't know the empress, do you know that the emperor mandrill has been resurrected?"

Xuan Yuan Mo Xie asked quietly.

Huang GuDi's heart leaped and remained silent for a while, saying, "empress She has already known that she has ordered me to seek refuge with the Lord for the time being. "

In fact, xuanjiyue didn't know about it.

Because even xuanjiyue didn't expect that the wild old emperor mandrill was so powerful that he had secretly mastered the mystery of reincarnation.

However, Huang GuDi didn't dare to reveal the truth. Once Xuanyuan Mo Xie knew that he had no one to rely on and had no way out, he would certainly cause a great disaster.

Therefore, it raised the name of xuanjiyue, hoping to shock Xuanyuan moxie, so that he would not act rashly.

"Ha ha, Emperor mandrill, why do you want to talk nonsense? I can see at a glance that you are at a loss. Why frighten me with the name of queen?"

Xuanyuan moxie smiles and looks at the mandrill of the ancient emperor, as if to see a lamb to be slaughtered.

"Lord Xuanyuan..."

The mandrill of the ancient emperor was shocked all over his body, his back was bristling, and his scalp was numb.

"Hum, the queen has bullied and oppressed me repeatedly by virtue of the heavenly power of the upper world. You dare to turn to me. This is the road of self seeking death!"

Xuanyuan moxie's eyes suddenly changed. With a wave of his hand, dozens of sharp flying swords were smashed and killed fiercely. They made a hissing noise and fell on the body of the ancient emperor mandrill, forming a sword prison, and instantly trapped it.

"Xuan Yuan Mo Xie, what do you want to do?"

The old emperor's face changed greatly. "Hum, you are so rich in blood and essence. If I put you into a pill furnace and make it into a pill, I will be able to improve your cultivation and greatly nourish your body."

Xuanyuan ink evil palm movement, that a flying sword, immediately released the sharp sword spirit, mercilessly cut the wild ancient emperor mandrill, cut out a series of ferocious wounds.

"Ah

In the sword prison, the ancient emperor of the wasteland hissed and yelled: "Xuanyuan, you must not die! If you dare to deal with me like this, you will not be afraid to be known by her majesty? "

"Ha ha, what can she know about that bitch named Xuan? I will kill her in the sky sooner or later and break her into pieces when I practice Hongmeng against her and succeed in preaching! "

Xuanyuan ink evil tone is strong, and when the palm is waved, the sword spirit is more fierce, cutting the wild ancient emperor mandrill all over with injuries and blood dripping.

"Lord, calm down."

Sirius saw this scene and hurriedly reminded him.

After all, the mandrill of the ancient emperor is the guardian spirit of xuanjiyue. Once Xuanyuan moxie is so cruel and tormented, once xuanjiyue knows about it, the consequences will be unimaginable.

"Well, you traitor, shut up

Xuanyuan moxie glared at Sirius, his eyes full of anger.

Hearing the word "traitor", Sirius was shocked and his head was buzzing. He was stunned at the spot.

"Don't think I don't know. You have already taken refuge in Mo Xueming, and you want to trap me and die with a disordered and reversed Hongmeng ancient method!"

Xuanyuan ink evil words severe, a flick, a ray of star emperor sword out, straight cut Sirius.

Looking at the sword, Sirius sighed. Standing in the same place, he did not distinguish, nor did he avoid. He looked at him with a resolute look and waited for his death in silence.

Hiss!

The sword spirit killed him in front of him, but suddenly stopped.

Xuanyuan Mo Xie stopped, frowned at him and said, "why don't you hide? Don't you want to explain what?"

The Palace should shake one's head and say, "the Lord of heaven is no longer guilty."

At this time, Xuanyuan ink evil, Yintang with blood light, this is the evil fruit of reverse practice Hongmeng, has appeared the omen of great evil.
