

Physician 331

Chapter 331

Beijing Capital International Airport.

The flow of people is extremely large. After getting off the plane, ye Chen goes towards the exit. Seeing the endless stream of people, ye Chen is at a loss.

He took a look at the sign in the direction of the taxi and walked quickly to a place.

At this time, two figures in a hurry to catch up.

"Wait, sir."

It was Du Yunyan's mother and daughter who made the sound.

Ye Chen hears the voice, the footstep stops, swept two people, frown way: "what?"

Du Yunyan's mother went to Ye Chen and apologized: "Sir, I'm really sorry about what happened on the plane just now. I apologize to you."

"Besides, thank you for your help this time. Without you, I might have been in trouble."

The attitude was extremely respectful.

Ye Chen shook his head and said directly, "I'm not saving you. If you have an accident, it will disturb my rest. Moreover, I don't want to make a forced landing, which will delay my time."

Ye Chen's tone is so decisive.

Mother and daughter's expression is a little strange, who could have thought that the other side's hand is to not delay time, but they also know that the master has no temper is good.

Du Yunyan's mother thought of something and said, "Sir, you should be the first time to come to the capital. Where are you going this time? Yunyan and I are both from Beijing. We should be able to help you. Moreover, our car is parked under the terminal building and can take you there."

Ye Chen wanted to refuse, but after thinking about it, he was not familiar with his place of life. It was a good thing for him to deal with some things.

So he said directly, "take me to the best hotel near Beijing Normal University."

"Are you really going to Beijing Normal University?" Du Yunyan, who has never spoken, has a wonderful way.

Don't know why, she looks at Ye Chen's eyes some inexplicable fear.

Du Yunyan's mother laughed: "Sir, it's just that Yunyan is a student of Beijing Normal University. However, there are no good hotels near the school. They are all cheap and fast hotels. Because Beijing Normal University has built a new campus, some of the surrounding buildings have not yet arrived, and many buildings are still under construction."

"How about that? We have a villa two kilometers away from Beijing Normal University. My husband will make it for one night tonight. Tomorrow I'll ask if there is a room for rent in the teacher's apartment?"

Ye Chen also does not affectation, nod head way: "good."

.....

Half an hour later, a BMW X5 drove into a villa area.

The environment is very quiet.

The villa should have just been delivered. It looks new.

They led Ye Chen into the villa. A middle-aged man was reading a newspaper. When he heard the news, he did not raise his head and said, "Yunyan, how was your play in Jiangnan province? Are you happy? "

It was Du Zhenguo, Du Yunyan's father.

In his early years, Du Zhenguo was a member of the Chinese system. In 1997, he went into business and engaged in the pharmaceutical industry. His wealth grew explosively. There was a listed company with a rich family background. He was also regarded as an upper class figure in Beijing.

Then, he put down the newspaper. When he saw a strange man also appeared in the living room, he frowned slightly and asked, "this little brother is..."

Du Mu quickly explained: "Zhenguo, this is Mr. Ye. Thanks to Mr. Ye on the plane today, otherwise you won't see me. Mr. Ye is going to Beijing Normal University this time, because I arranged for Mr. Ye to stay in our house for one night when I first came to Beijing. Anyway, there are many vacant rooms."

Later, he said the things on the plane again, and the more mysterious Du Zhenguo heard.

He's in the pharmaceutical industry, and he's seen more than two women.

He didn't believe in such strange things.

What disease does his wife have? He is the most clear. He provides all the medicine!

How can other people just point to it casually?

His first reaction was that two women had been cheated.

After all, women's hair is long, knowledge is short, and their personalities are very simple.

The key is that the strange boy actually went to Beijing Normal University. Maybe the medicine is missing. It is all arranged by the other party, just to get his daughter's favor and some property.

He has seen a lot of such people.

It's not enterprising, it's crooked.

Thinking about everything, Du Zhenguo said, "I'm going to have a few guests at home tonight. The rooms may be full. Otherwise, I'll ask Xiao Yang to book a hotel for this little brother, presidential suite."

Du Yunyan and Du Mu are stunned, and their expressions are very ugly.

Du Mu's tone was a little displeased and said, "Zhenguo, I have already agreed to Mr. Ye here, or do you want those friends to stay in the hotel?"

Du Yunyan also said, "Dad, I'm on my way with Mr. Ye tomorrow. I've agreed to take him to Beijing Normal University by car..."

Hearing two women speak for an outsider, Du Zhenguo snorted coldly: "I am the master of this family, that's it." Immediately he dialed the phone in his hand: "Xiao Yang, help me book a presidential suite at the Wells Hotel, and then drive to me to pick up a person."

From beginning to end, Ye Chen has been watching coldly.

The distrust and indifference in Du Zhenguo's eyes, he watched.

He thought it was funny.

Du Zhenguo hung up the phone, stood up, took out a bank card, and handed it to Ye Chen: "little brother, in about 20 minutes, there will be a car to pick you up. Also, since you have saved my wife, please take this card. It's only 500000, and the password is six zeros. Don't send it."

Although it sounds polite, the meaning of expulsion is obvious.

Ye Chen snorted coldly and clapped the card on the ground.

At the same time, Du Zhenguo felt an air wave coming. He wanted to step back five or six steps and almost fell on the ground. He was very uncomfortable.

"I don't think much of this money. I'll leave you alone."

Finish saying, ye Chen goes toward outside, the gate closes directly.

"Dad, you've gone too far!" Du Yunyan's breath was raw and he chased out.

But open the door, where there is the shadow of Ye Chen!

Du's mother took a look at Du Zhenguo and sighed: "Zhenguo, I'm really blind this time! Mr. Ye was here just now. I didn't tell you something clearly! You're driving away an ordinary person. Do you know that?"

"

Du Zhenguo sneered: "you two girls will see a fart? I don't know when I was cheated! I've been in the mall for so many years. What's the purpose of the other party's coming here? I know clearly. I was polite to that boy just now

"If I get the evidence and know that this guy is the mastermind of all these things, I'm sure I'll kill the boy in the hell!"

When her father and her mother were in a coma, she found out that her father and her mother had not changed their attitude towards each other when she was in a coma.

I saw two words in the certificate

"Which two words?" Both were curious.

Du Yunyan slowly vomited out with a trembling voice: "major general..."

Chapter 332

Hearing the words of major general, not only Du Zhenguo was confused, but also Du's mother.

The expression of the two people is strange to the extreme.

The whole villa hall was in a dead silence.

Major general of the Republic?

You're kidding!

How can China have such a young major general!

"Ha ha!"

All of a sudden, Du Zhenguo laughed, a little crazy.

"Yunyan, I don't mean you. You are also a college student. Do you really believe it? This is a fake certificate! There is no such young major general. "

"Fortunately, the boy runs fast. Otherwise, it would be a death penalty to forge such a false certificate."

Du Zhenguo also knows something about the affairs of the Chinese military region, because he has a friend working in it!

At a dinner party, he learned from his friends that the youngest major general in China seemed to be He Dong, who was 39 years old.

As for the youth who had just been expelled by him, how could he be a major general!

He Dong, who is 39 years old, is even more impossible!

I don't believe him.

If the front of the matter, let Du Yunyan just guess, now hear this major general's matter, he has determined that ye Chen is a real liar!

Fortunately, the swindler drove him away in advance, otherwise, he would know what consequences it would have if he stayed for the night.

Du Zhenguo said that, Du Yunyan and her mother were hesitant.

After all, ye Chen is too young, full of weird and mysterious.

The style of work is not what he should have at his age.

"Is all this false?" Du Yunyan murmured.

Just then, there was a knock on the door.

Du Zhenguo snorted coldly, thinking that ye Chen was back again, he got up in anger and went to open the door.

"Stinky boy, are you finished! Believe it or not, I'll report you to the police... "

The door opened and the sound suddenly stopped.

Because at the moment in front of Du Zhenguo is not the expelled Ye Chen, but two young men in military uniform.

There is a military vehicle outside the key door!

"Gollum."

Du Zhenguo swallowed and salivated, completely frightened by this scene.

Du Yunyan and her mother noticed something was wrong and looked at the door.

The next second, two people stare big eyes, like sculpture, silly Leng in place!

Du Yunyan even thought, could ye Chen's false evidence be found?

It's too efficient.

Du Zhenguo responded, glanced at the rank on their shoulders, laughed and even said, "two officers, you are..."

One of the soldiers paid a salute and said seriously, "Hello, we are here to meet the chief."

Chief?

As soon as the words came out, they directly set off a storm in the hearts of the three Du family members.

Is that boy really a major general!

No way!

The certificate can be false, but the soldiers and military vehicles in front of them can't be fake!

Du Zhenguo took a cold breath and said curiously, "the chief executive you said won't be named ye..."

"Yes

This word a, Du Zhenguo's feet a soft, almost fell on the ground!

At the thought of his tone to Ye Chen just now, he would like to slap himself in the face!

If ye Chen had been left behind and performed better, maybe his group would have risen to the top!

Even if he has a good relationship with the other party, he can eat it in Beijing!

But not only did these things go away, but also offended the youngest major general of the Republic!

Sleeping trough!

"Is the chief in there?"

One of them frowned.

Du Zhenguo's back was completely wet. He reacted from shock and said in a trembling voice: "he He just left... "

Two people Mou son a congealing, direct toward the military vehicle and go.

The next second, the military vehicle drove straight away.

It's vigorous and vigorous.

The headquarters of the dragon soul is not in the capital.

Although it is not convenient for the dragon soul to make a move in the capital, it does not mean that the dragon soul has no strength in the capital!

Lei Shuwei arranged for the dragon soul personnel in the capital city to meet Ye Chen outside the airport. However, he never thought that ye Chen was picked up in advance.

According to the monitoring data, longhun's personnel arrived here at the first time, but it was still late.

Key Ye Chen's phone has been off since the plane, can't contact at all!

.....

The main entrance of Beijing Normal University.

Ye Chen looks at the huge stone at the door, which is engraved with these bronzing words.

The distance between here and the villa is not too far. It takes about 10 minutes to walk normally.

"Is this the entrance to the ghost prison? How do I feel like it? "

Ye Chen murmured a few words and went directly to the inside. Along the way, he has been paying attention to the decoration and layout of the whole school, trying to see that there is a certain array hidden in the school, and the eye of the array is the entrance of the ghost prison.

But when he visited the whole school, he found nothing.

"Xiang Chengdong should not be able to cheat me, is it because a month has not yet arrived? Forget it. Wait until the day when the ghost prison opens. "

Ye Chen shakes his head and prepares to go outside the school.

Not to mention, Du Yunyan and her mother are right. This place is too remote. Apart from a few cheap hotels, there is really no place.

However, many buildings are under construction, and it is estimated that in five years' time, the place will develop very well.

Ye Chen was just about to leave when he noticed a girl by the lake.

The girl has a face of melon seeds. Her eyebrows are slender and her skin is white. Her horse tail can't cover her. Her posture is beautiful and her face is bright.

Ye Chen frowns slightly, attention is not on the other side's face, but on the other side's breath!

The key is not weak.

When the ghost prison was opened, Xiang Chengdong said that there was a guide. Could the guide be in Beijing Normal University?

At least the ponytail woman not far away is suspicious.

Double horsetail woman is also aware of something, raised her head, toward the direction of Ye Chen, and then stood up, directly came to Ye Chen, a bad face.

"Which department are you from and why are you staring at me all the time? And why I've never seen you at school. "

The woman with double horsetail said coldly.

Ye Chen Mou son tiny MI, try a way: "I am looking for a prison."

"It's not a ghost prison, is it?" The woman doubts a way, the tone is a little uncertain.

Hearing that the woman even knew the ghost prison, ye Chen breathed a little bit quickly and said, "tell me where the ghost prison is!"

His tone is more like an order!

With a frown on her eyebrows, the woman with double horsetail said in surprise, "you ask me, who do I ask? Today, you are the second person to ask me what kind of prison! Just now, an uncle also asked me about the ghost prison... "

Ye Chen clasped a woman's wrist, extremely serious way: "just asked your person where, leave how long?"

The woman's face was stunned. She wanted to fight back, but she found that in front of the man, her ancient martial arts had no possibility of release.

She held out her hand, pointed to a direction and said, "two minutes ago, an uncle in a robe came to ask me about the ghost prison. He just walked out of the school. If you chase me now, maybe..."

Before she finished speaking, a strong wind surged in front of her!

Ye Chen has disappeared!

Chapter 333

Now.

At the foot of Ye Chen, the true Qi converges, and the speed is extremely fast!

He didn't expect that besides himself, someone would come to ask about the ghost prison!

This is bound to be a breakthrough point.

Find each other, is the key now!

The whole Beijing Normal University swept up the road of the wind, ye Chen instantly rushed out of the school gate!

Soon, ye Chen noticed a man wearing a robe 100 meters away!

"That's him!"

The road of 100 meters is very easy for ye Chen, who runs Canglong's magic body!

Just as he was about to come behind the robed man, a cold light flashed by!

The man actually shot out a throwing knife in his hand. Then, his feet burst out and went over a wall beside him and disappeared!

"Looking for death!"

Ye Chen's five fingers open, the true Qi condenses, and holds the flying knife directly.

At the same time, the knee burst, directly jumped a full several meters high! Jump over the fence and go!

This scene scared the passers-by around.

They have never seen such a method. Passers-by wanted to take photos, but found that they were completely lost.

Outside the wall is a construction site, which is under construction. The workers should go to have dinner. It is sparsely populated.

The robed man wanted to continue to run away, but he found that there was a cold and proud youth standing in front of him!

It was Ye Chen.

"Where are you going?" Ye Chen's indifferent voice falls, and the opportunity to kill is released.

The man in the robe frowned and asked, "there should be no grudges between us. Why do you want to block my way?"

"There is no grudge between you and me, but I want to know what kind of resentment you have with the ghost prison!"

The robe man heard Ye Chen's words, his expression changed completely, and his body was also covered with a layer of killing intention.

"You know too much. In that case, I can only kill you."

The man's gloomy voice suddenly rang out.

The next second, the hand again shot a throwing knife!

The air is torn by the flying knife, wrapped in a layer of light air flow! Straight take ye Chen key! It was even more terrible than the blow just now! Even surging a huge wave toward Ye Chen!

It's obviously killing!

He has great confidence in his own Throwing Knife, and even the strong can't even stop him!

Under a knife, there must be a dead soul!

"So fond of throwing knives?"

Ye Chen outlines a smile at the corner of his mouth. The next second, the flying knife that he grabs directly is also shot out!

"Break it for me!"

A roar, like a rainbow.

"Boom!"

The strong wind, like a giant tiger, rushes into the huge waves, raging madly!

"Sonorous!"

In an instant, the clear roar exploded one after another.

In the endless red light and huge waves, ye Chen's throwing knife is full of a red awn. He even breaks the air wave with the power of destroying the withered and decaying, and forces the robed man to leave.

"How could..."

Seeing ye Chen's Throwing Knife break through the huge waves and kill him, the smile on his face disappears.

His throwing knife, instead of killing the ants, was easily destroyed by the other side.

He did not care what, the body quickly retreated, avoided the blow of the Throwing Knife!

Just then, a dark shadow appeared in front of him!

"Not good!"

The man's face changed a lot, and his subconscious blow out a palm. His strength was overwhelming!

"The reaction ability is too poor."

A cold voice sounded faintly. In a flash, the five fingers like steel clasped his wrist directly!

"Click!" One sound, straight break!

At the same time, ye Chen's other hand, is to seize each other's neck, fiercely raised, and then press down!

"Bang!"

The other side's body was so mercilessly hit on the ground, in a mess.

It seems that a young man in his twenties has the power to fight!

Complete crushing!

Ye Chen a foot on the chest of the man in the robe, slowly took out a pack of cigarettes from his pocket, a shaking arm, a cigarette bounced out, directly in his mouth.

A ring finger, fingers actually appeared between a weak flame.

If not, the smoke of the ghost will come down to me

It's like a death sentence for a robed man.

He was cold as hell!

His eyes shrunk and his figure trembled and said, "my lord Don't kill me I just heard that ghost prison will be opened in this area, so I want to see it in advance..."

"Click, click, click!" Ye Chen at the foot of the force, robe man's ribs broken most!

"I don't want to hear what you're looking for. I just want to be honest. People's heart rate is the easiest way to distinguish lies."

The man's expression in the robe became a little creepy. He thought of something and said, "this adult, I say, I say everything. It was master Lin who asked me to guard here. If the ghost prison has any tendency to open, I will report to him It's absolutely true. If you cheat, the sky will strike with thunder

Ye Chen Mou son tiny MI, put out the smoke in the hand.

Master Lin?

He raised his eyebrows and asked, "is master Lin Juelong in your mouth?"

The man in the robe shook his head fiercely: "it's not Lin Juelong. How can a person of my level know Lin Juelong? He's another Lin family member in the capital city, who should be Lin Juelong's slave..."

Normally, he didn't dare to call Lin Juelong's name, but he just found that at the moment he said master Lin, the devil's eyes flashed a killing intention, so he had to do it!

"What else do you know about ghost prison?" Ye Chen asked.

The robed man's head whirled quickly. Suddenly, he thought of something. He even said, "Dear Sir, there is one more thing. The slave of Lin Juelong once mentioned one thing. A key to the ghost prison was in the hands of a woman. So I asked the girl of Beijing Normal University. I thought it was her, but it was obviously wrong..."

Ye Chen Mou son tiny MI, again way: "I ask you one more thing, where is Lin Juelong now?"

The man in robe looked more and more ugly, and said with a wry smile: "my Lord, the residences of those top families in the capital are extremely hidden, and there are also arrays. Ordinary strong people can't find them. How can a servant like me know where the Lin family is?"

Ye Chen knows that the other party is not lying, nods and goes toward the outside.

The man in the robe sees Ye Chen leave, exhale a breath, then Mou son changed gloomy cold rise.

He knew that this man was not only interested in ghost prison, but also in Lin Juelong.

If you tell the Lin family about it, maybe he will get some chance.

Just as he was about to leave, a stone shot at him!

He changed his face and tried to avoid it, but found it impossible!

"Chi!" A red dot appeared in his eyebrows, then he fell down and died in a pool of blood.

Chapter 334

.....

Finish all this, ye Chen will go out of the construction site, ready to take a taxi to leave, first find a hotel nearby to stay.

But a few steps later, a long Maybach slowly stopped.

Ye Chen brows a wrinkle, soon, Maybach's window opened, a familiar face exposed!

No. 9 in the list of Chinese masters, Jiang Jianfeng!

Jiang Jianfeng's eyes are extremely complicated. He took a look at Ye Chen and said faintly, "get on the bus."

Ye Chen nods. He can feel that Jiang Jianfeng's hostility to himself has completely disappeared, replaced by a touch of complexity, and even mixed with a trace of pity.

Ye Chen opens the door and gets on the car.

The car is spacious and has everything.

When ye Chen sat down, Jiang Jianfeng's eyes fell on Ye Chen's body and sighed: "you shouldn't have come to the capital. You really shouldn't have."

"You appear near the Capital Normal University. It seems that you already know about the ghost prison. If I didn't send someone to keep an eye on you, I would still be in the dark."

Ye Chen sneered: "what's the relationship between me and you? If it's difficult, I'll report it to you! "

Although Jiang Jianfeng didn't like Ye Chen's cold and arrogant tone, he didn't criticize him. Instead, he continued: "Ye Chen, you have been growing up in Jiangcheng. Even if you are the first person in Jiangnan Province, now is not the time for you to step into the capital.

There is no comparison between Jiangnan province and the capital city. The capital city is the capital of China, and it is also the core place of Chinese martial arts and Taoism. The forces here are complicated. The strong one, Lin Yun, once you are found by some people, you will surely die! "

"Zheng renjue of the General Administration of martial arts in China has always wanted to kill you. It is estimated that you will get your news soon. Even if you have passed Jianglong, it will be useless!"

Ye Chen Mou son a congealed, don't want to talk nonsense with Jiang Jianfeng directly: "you should know where Lin Jue long is."

Jiang Jianfeng was stunned. His expression became frightful. He stared at Ye Chen and said, "do you want to kill Lin Jue long?"

"Ridiculous! Ignorance! crazy! Even I am not qualified to kill Lin Jue long. How much chance do you think you have to win? "

"Ye Chen, after stepping on the capital, please take back your pride in the past. You have no idea what kind of world you are facing! In this world, you even want to live! "

In Jiang Jianfeng's eyes, even if ye Chen is included in his eyes, and even has a strong talent for growth, but in the capital, if you don't know convergence, you can't live for three days!

The first time he came to find Ye Chen, he just wanted to give a reminder to the other party, but he never thought that this boy would kill Lin Juelong!

What did he kill with? With his strength now?

Jiang Jianfeng feels ridiculous indeed!

Even feel Ye Chen ignorant!

Ye Chen's eyes shrunk and said calmly: "Jiang Jianfeng, this time I come to Beijing, I want to calculate the previous accounts. I not only need to rescue my parents, Lin Juelong and your Jiang family from the ghost prison. I will personally recover the accounts of those years!"

Jiang Jianfeng was completely helpless.

This time, ye Chen didn't even intend to let go of Jiang's family!

One man against two top Chinese families?

It is estimated that in the whole of China, only Ye Chen dares to speak so boldly.

At this moment, he was a little disappointed with Ye Chen.

Ye Chen can say such words, can only show that his vision is too low, he does not know what the Jiang family and the Lin family mean in the Chinese martial arts circle.

After hesitating for a long time, Jiang Jianfeng opened his mouth and said, "I'm going to challenge the strong one in the list of Chinese masters these days. You can do it yourself."

"The capital is now a pool of stagnant water. It's not as you can imagine. The capital is the storm center of the martial arts circle in China. Too many people died here. I don't want to meet in a few days. You and I are separated by Yin and Yang."

"Finally, let me tell you one more thing. Five years ago, Lin Juelong was ranked the second in the list of Chinese masters. He has never broken this number. In fact, he has the strength to become the first person. The strong men in the martial arts circles in the capital all admit that he and that person are tied for the first place."

"He also disappeared for a few years. It is said that he went to a mysterious place. It is said that the place is hell for the strong men of Chinese martial arts and Taoism. Ye Chen, that's all I have to say. You can weigh the rest. Here is Chris five star hotel in Beijing. Get off the bus. "

Ye Chen gets out of the car, lengthening Maybach gradually goes away.

Looking at the endless stream of cars, ye Chen fell into meditation. For a long time, he sneered: "Lin Jue long returns from hell? So what

"When I save my parents, I will cut his head myself!"

Language down, ye Chen then toward Chris five-star hotel, swipe card to book a presidential suite.

The service standard of Chris hotel is good. A well built waiter directly takes Ye Chen to the presidential suite on the 16th floor.

Sending Ye Chen to the door, the beautiful waiter winked at Ye Chen: "Sir, if you need special service, you can dial the man-made line of the landline."With that, the maid walked away.

Ye Chen shook his head helplessly and closed the door directly.

Then he came to the sofa, closed his eyes and began to practice.

He was surrounded by genuine Qi, and the blood dragon burst out. The sound insulation of the hotel room was good, and it could not be heard outside.

At the same time, Huaxia Wudao General Administration.

Zheng renjue's eyes fell on the big screen of the office.

On the screen, there is a picture, which was taken when ye Chen got off the plane.

"Are you sure this is Ye Chen? Is there any reply from Jiangnan province? "

Zheng Ren decided to say in a calm voice.

"I'd like to report to Mr. Zheng that our people didn't find Ye Chen in Jiangnan Province, and someone witnessed that Xia Ruoxue and Sun Yi drove to Jiangnan International Airport today. The man who appeared in the capital should be ye Chen."

An old man in cloth replied.

Zheng renjue nodded, his hands behind him, his eyes extremely cold.

For a long time, his mouth outlined a cruel smile: "Ye Chen, you are in Jiangnan Province, I may not be able to deal with you, but this time you broke into the territory of our Chinese martial arts Bureau, I should also treat the guests well. If you hurt my son and kill the strong man of Wudao Bureau, I will let you live or die

After that, his eyes fell on the cloth clothes old man's body: "next, you help me to determine all the information of Ye Chen, I want to know where he went, who he contacted, where he lived! It's not easy to come to Beijing at this time! Wait until we have a thorough grasp of this boy's information, and then it's not too late!

Since some dogs are crazy biting people, break their teeth and let them swallow them alive

At this moment, Zheng renjue's whole body released a strong chill, just like the ice of a thousand years!

Chapter 335

The next morning at eight.

Ye Chen wakes up from practice and exhales a breath of turbid Qi. The blood dragon on the top of his head penetrates into the body.

One night's practice not only increased his cultivation, but also made him understand the meaning of breaking Heaven Sword left by the old man in black robe.

The meaning of breaking Sky Sword is extremely mysterious. With its own blood dragon, it can produce extremely strong power.

At present, Dan Tian's only real sword.

He is satisfied.

Burning the sky palm, bloodthirsty chopping, and breaking the sky sword, these three skills are enough to deal with most of the problems in front of us.

At present, the only thing he has to do is wait for Xiang Chengdong to call.

Just thought of here, a cell phone number of Jiangnan province entered his mobile phone.

Press the answer button, a slightly respectful voice sounded: "Mr. Ye, I'm Xiang Chengdong, this is my mobile phone, I'm ready to get on the plane, about an hour and a half to the capital, you give me an address, I'll come to you."

"OK, I'll send you the hotel address."

Hang up the phone, ye Chen will be the coordinates of the hotel sent in the past.

Later, he planned to go to the fifth floor of the hotel for breakfast. Just as he was about to open the door, a doorbell rang.

Ye Chen Mou son sweeps, slightly a Zheng, the man outside the door is actually wearing casual clothes should Qing.

Open the door, ye Chen will Ying Qing welcome in, curious way: "how did you come to the capital? Didn't Lei Shuwei ask you to carry out the task? "

Ying Qing smiles and hands the document to Ye Chen. He says, "Mr. Ye, I know that you have been paying attention to Beijing Normal University recently. Here, dragon soul has arranged a most suitable identity for you to move in."

Ye Chen opened the document with a little curiosity and found it was a letter of appointment.

It says Professor of Beijing Normal University.

There's a bunch of keys under the offer.

Ying Qing explained: "the address that longhun arranged for Mr. Ye last time is not very convenient, so this time we have arranged a teacher's apartment with three bedrooms and one hall, which is close to the central campus and overlooks the whole Beijing Normal University."

These two things are very useful to Ye Chen. Ye Chen accepted them with satisfaction.

Then Ying Qing said: "Mr. Ye, I will stay in the capital Dragon Spirit during this period. Mr. Ye can call me if he has anything. Although the strength of the dragon soul in the capital is not comparable to that of the General Administration of martial arts in China, most of the problems can be solved.

Even if the dragon spirit can't be solved, the head of the Republic will not sit idly by. "

Hearing this sentence, ye Chen is a bit surprised. At the moment, he is at the foot of the emperor. The so-called "emperor" in China should protect him?

"In this case, I don't want to disturb Mr. Ye. Mr. Ye remembers going to the headmaster of Beijing Normal University these days. The military has already negotiated with the headmaster."

After leaving something, Yingqing disappears in the hotel corridor.

Ye Chen finished breakfast in the hotel, checked out of the room, and then went to Beijing Normal University again. Since he had this level of identity, many things were easy to handle.

Yesterday, the meaning of the man in the robe was very obvious. The key to opening the ghost prison was in the hands of a woman, who must be closely related to Beijing Normal University.

Check out the room, the next few days, ye Chen plans to temporarily live in the teacher's apartment.

Ten minutes later, ye Chen appeared in Beijing Normal University again. The flow of people today is dozens of times more than that of yesterday. It should be the return day.

The whole university is almost the same sports car or famous car, handsome men and beautiful women, but because it is the normal university, there are more girls, and even some girls' figure and appearance are as high as 9 points.

Ye Chen took the files in his hand and went directly to the headmaster's office.

At this time, two beautiful images appeared at the school gate.

The appearance of the two girls seemed to stop the time at the gate of the school. The boys outside stopped one after another and talked about it one after another.

Only because they are the flowers of Beijing Normal University.

If ye Chen turns his head, he will surely recognize these two people.

The girl with a white dress is Du Yunyan. The other one is wearing a blue T-shirt and slim sports pants. The tall girl with double horsetail is Qian Yingying.

what make complaints about money?

"Yunyan, I met two dead perverts yesterday. As soon as I saw them, I talked about prison affairs. Not only that, but those two perverts didn't know what was going on, and they even made me unable to resist. I planned to use some means. Fortunately, the two perverts ran fast, which made me angry."

"If I see those two men again, I will never let them go!" Qian Yingying said angrily, "by the way, Yunyan, how are you playing in Jiangnan province? I heard that there are beautiful women and handsome men in that place. Do you have an exciting sexual encounter?"

Du Yunyan shook his head, a little uneasy.

Yesterday's scene is still in the mind, that Mr. Ye's identity is complicated, as if a group of fog, people are very uncomfortable. "Yunyan, did you listen to me? How do you feel you're in a bad state of mind? If it wasn't for the two perverts..."

All of a sudden, her voice stopped, and then she was staring at a straight figure in the distance.

An invisible anger was burning in her heart.

"Lie trough, that dead pervert unexpectedly appeared again!"

A cold voice fell, Qian Yingying whole body strength package, directly toward the document with Ye Chen and go!

In the blink of an eye, he appeared behind Ye Chen. The show hand stretched out and turned into a way of hand. A cold arc leaped out and directly cleaved towards Ye Chen's neck!

This skill is enough to make a warrior lose his combat ability!

Seeing is about to touch Ye Chen. Ye Chen's eyes congealed. He didn't even have the intention to turn around. He shook his shoulder directly, and the air waves were rolling!

"Bang!"

Qian Yingying's body was directly hit and flew out!

At the moment of flying out, ye Chen turns around and grabs each other's wrist with his right hand. He pulls it fiercely and pulls Qian Yingying back directly!

It's smashing towards a part of the lawn!

Not only that, "pa!" A clear voice fell, ye Chen actually a palm clapped on Qian Yingying's buttocks!

Buttocks tremble, almost perfect feel!

Qian Yingying in the moment of landing, arm a support, a flip, stabilized the body, and then breathed: "you pervert, know who I am! Yesterday and today's account together! "

At this time, a beautiful shadow appears directly in front of Ye Chen, it is Du Yunyan!

Du Yunyan looked at Ye Chen in front of him. His voice was so excited that he said with a trace of awe: "Mr. Ye, you How could it be here! "

This attitude, not only Qian Yingying is confused.

Those who have been paying attention to this situation of Beijing Normal University students are also confused.

All the people are in the same place, dead as silence, so staring at Ye Chen, staring at death.

Chapter 336

Du Yunyan is not only one of the flowers of Beijing Normal University, but also the president of the student union in the University.

High on the top.

In the University, all of them exist in the counting room.

She doesn't know how many men are the goddess.

But because of perfection, few boys are close to Du Yunyan.

Some rich children, even if close, will also be mercilessly rejected by Du Yunyan.

Du Yunyan and Qian Yingying are close friends, and they have a good relationship. Both of them have not fallen in love. For a time, people feel that they are lilies and don't like men at all.

But in front of the moment, really let everyone can not calm down.

Du Yunyan was so polite to a strange man!

This attitude and attitude is undoubtedly the lowest!

How could it be!

Qian Yingying was the first to react. She looked at Ye Chen with hostility and asked Du Yunfeng:
"Yunyan, what are you doing? You know this pervert? "

Du Yunyan's expression changed, but she knew Ye Chen's identity, so she quickly put out her hand to cover Qian Yingying's lips, and even more explained to Ye Chen: "Mr. Ye, my friend has identified the wrong person. I'm really sorry. By the way, where did you go yesterday? Our family are looking for you. I want to invite you to dinner and apologize."

"In fact, my father is not very clear about the whole thing. He wants to invite you to dinner in person and apologize."

As soon as she said this, Qian Yingying was a little confused.

What is Yunyan's father's identity? She is very clear. Such a figure should apologize to this guy?

You're kidding!

What's more, how did Yunyan recognize this abnormal person?

"No need."

Let everyone unexpected things happen, ye Chen directly refused!

Not even hesitating.

After that, he didn't even look at them and went directly to the headmaster's office.

As if two beauties of Beijing Normal University in his eyes, such as pink skeletons, such as rouge powder, more like air!

"Mr. Ye."

Du Yunyan didn't have the slightest anger. After all, yesterday's father did too much. They finally took Ye Chen home. As a result, they forced him out of the house. They would not forgive him!

What's more, ye Chen is still a major general of the Republic!

There must be pride in the major general!

"Mr. Ye, may I ask my father to make amends to you in person?"

Words have not finished, ye Chen has disappeared in the corner.

He won't stay for that family or anyone.

It's not worth it.

.....

Ye Chen comes to the eighth floor of the administration building, the principal's office.

There was no response at all.

He frowned and wanted to leave, only to find a woman's voice and a rustling voice coming from inside.

Not long after, the door opened, a 30-year-old woman in a shirt and a Western skirt came out, her hair was a little messy, her face was slightly red, she took a look at Ye Chen, lowered her head and left with the teaching plan.

"Come in."

Then, a voice full of air and with a trace of dignity sounded.

Even in a tone of displeasure.

Ye Chen into the room, the first time to notice a slightly fat bald, with black frame glasses of the middle-aged man.

Naturally, he is the president of Normal University.

"Which department are you studying in..."

The voice suddenly stopped. The impatient headmaster stood up and took the initiative to come to Ye Chen. He held out his hand and said excitedly: "this should be Mr. Ye. The military has already explained everything to me. It is really an honor for us to be a professor of our school."

"Oh, Mr. Ye is really beautiful. I really admire him."

Ye Chen directly avoided the other party's outstretched hand and handed over the file bag in his hand.

God knows what's on this guy's hand.

"Here are some of my documents."

The principal laughed awkwardly, took over the materials, and then explained, "Mr. Ye, although today is the school day, everything is ready for the school. Please wait for me and I'll get something."

After a while, the headmaster took a relatively thick document and carefully handed it to Ye Chen. He said, "Mr. Ye, there are all the things you want, including the resources that the school can provide you, salary card, meal card, welfare treatment, timetable and the early planning and construction map of the school."

Ye Chen brows a frown: "do I still have a class?"

He's only been here for a few days, but he's not willing to teach a group of students.

He is a dragon soul instructor, but he teaches very little, let alone become a professor.

"Don't get me wrong, Mr. Ye, because you have a special identity. Just take a class at will. In this way, the school and the education bureau can put on record..." "I see."

Ye Chen nodded, took the document, said goodbye to the principal, and went directly to the outside.

He came to the top floor of a teaching building and directly opened the plan in his hand, overlooking the whole capital Normal University.

All of a sudden, he found something. His eyes shrunk: "no wonder I can't find it all the time. The layout of this school is actually the nine palaces and eight trigrams array!"

The nine palaces and eight trigrams array is an extremely mysterious large array, which can only be detected from a certain angle, and can not be detected in the array.

Combined with the construction drawings in hand and the situation overlooking the whole university.

From fountains, boulders at the gate, even the playground, and then to the ring-shaped artificial lake, they are all composed of large arrays!

The whole school formed a stream of backtracking!

This person does not break the array at all!

Even extremely easy to hide!

He finally understood why the gate of the ghost prison would be opened here. At the beginning of next month, it would be a good time, a good place and a good people!

But there is also an extremely important thing, that is, the nine palaces and eight trigrams array is a forbidden skill in the array!

Once turned on, it takes a lot of energy!

And the source of this energy must be the Yang of the students!

Into the Yin to Yin!

The people behind the ghost prison actually want to burn some of the students' life and luck to open the ghost prison!

How vicious this is!

At that time, the students of Beijing Normal University will have bad luck, even weak breath, and it will last at least a whole year to slow down!

This is the lightest, serious case, there will be someone to pay for life!

Ye Chen looked down at everything and fell into meditation.

He is not a savior. The lives of these people have nothing to do with him, but this battle is too much. The people who perform the array don't know what kind of mentality they should be.

Ye Chen thought for a few seconds, or decided to move.

If this array is not destroyed, parents born in ghost prison will also pay a great price.

Because when the array is opened, people in the ghost prison will be shocked.

Parents don't have much practice, so they have to suffer a lot.

"I'll break the evil formation. It's estimated that the people behind the ghost prison will come to see me in person."

Chapter 337

Ye Chen, who is standing on the roof, has several spirit stones in his hand, and then he jumps down from the roof.

To the west of the teaching building is the place where students stop their bicycles. Most of the students in Beijing Normal University are rich or expensive, and almost all of them drive. Therefore, few people stop their bicycles here, and there are no people around. Jumping off will have no effect.

The moment of landing, the ground slightly split, and then ye Chen went to the southeast.

There are six eyes in the nine palace eight trigrams array, one of which is a rockery behind the school.

According to the plan, the rockery was arranged later.

Regardless of the location and material are extremely tricky.

If you are not standing at that special point, maybe at the beginning of the month, everything will really happen.

Before coming to the rockery, ye Chen pinches out his fingers, and the spirit stone shoots out directly, with a faint light shining.

Then the spirit stone burst out suddenly, and produced a bright flame!

When the fire was bright, the surface of the rockery actually formed an array pattern.

"So it is."

Ye Chen sneered and saw the dragon sword in his hand.

The sword utters a soft chant, and cuts from top to bottom.

A bloody light formed a strong sense of sword and exploded.

The blood color of the sword is like the Milky way. It flies three thousand feet, and its momentum is amazing.

At the moment of touching the array, the sword shadow is divided into two and two into four. In a twinkling of an eye, the sword shadow is overwhelming!

Under the sun, the dense shadow of the sword is like a torrential rain.

"Bang!"

The array on the rockery is shaking violently!

Could have been able to hold on for a few seconds, to the end, completely unable to bear, direct collapse fragmentation!

The sound of percussion came one after another, and countless sparks burst out!

The wind of the sword sweeps across the sky, making people dazzled.

It is a loud noise, rockery is hard to split by Ye Chen, rolling smoke and dust!

Maybe it's because there's too much noise. Several security guards from Beijing Normal University come here in a hurry. But when they arrive, ye Chen will be there. If ye Chen doesn't know the array, ordinary people can't find out.

There is no comparability between some Chinese arrays and Kunlun empty arrays.

It's like the entry level and the master level.

Ye Chen broke the array again with the spirit stone. He just wanted to cut it off with a sword. A figure unexpectedly rushed towards him!

Not only that, but also with a startling roar!

"Looking for death!"

The words fell, and the sharp voice of breaking the air came.

The blue light like a meteor cuts through the sky and tears the heaven and earth!

Cut directly to Ye Chen!

Under the incomparable speed, the cold air sweeps around in an instant.

For a moment, ye Chen seemed to be trapped in the ice and snow.

When the figure approaches, ye Chen discovers who the other party is!

It turns out to be one of the security guards on patrol!

How could the security guard be filled with such a terrible smell of ancient martial arts?

There's only one possibility. The other is from the ghost prison!

It seems that destroying this array is really the best way to lead to ghost prison!

"You shouldn't destroy this array. I've got orders. You must die. The people I want to kill are not qualified to live! "

The man's eyes were cold and cold, and he was proud to the extreme under a sword!

It seems to have decided Ye Chen's life and death.

Ye Chen sneered and held the Dragon Sword tightly in his hand. He said faintly, "just a mole ant, dare to compete with the sun and the moon. I'll show you what is the real sword meaning!"

With a long cry, ye Chen stepped on the old magic formula, and his body suddenly jumped out.

The sword of chopping dragon in the hand shakes, the blood color light covers the sky and the earth, and the cold air sweeps across all directions in an instant.

"Hum!"

The sound of the sword is roaring. Under a sword, the air seems to be tearing!

Under the absolute speed, ye Chen's sword is even sharper and more domineering!

Boom

In a twinkling of an eye, the two swords collided with each other, making a deafening roar.

Endless wind, sweeping!

"Boom!"

In the light of the sky, the earth trembled and a crack appeared!

"Hum..."

A sad voice came, the man's look changed, the sword in his hand, the light was instantly swallowed up!

Even broken!

His eyes were full of horror.

Obviously, he did not expect Ye Chen to display such a powerful sword technique!

"Who are you?" His figure trembled.

Ye Chen stepped out of the room, the sword meaning was surging, the cold voice rang through the audience: "you have no qualification to know!"

Chapter 338

"Bang!"

Under a blow, the man in the ghost prison retreated more than ten steps!

Finally, he stabilized himself. His blood was surging up and he could not help spitting out a mouthful of blood!

The man's name is Sun Zhen. He is a strong man in the ghost prison in Beijing Normal University.

He and another adult jointly monitor the formation of Beijing Normal University.

After all, this battle is very important for the energy of ghost prison.

When he found that ye Chen was the culprit, he was furious. He wanted to cut off Ye Chen's head with a sword, and then took his head to the ghost prison, but he didn't expect that ye Chen's fighting power was so terrible.

"When did Beijing Normal University have such strong players?"

Sun Zhen paid attention to many people during this period of time. Although there are some martial arts experts in Beijing Normal University, there is a big gap between them in terms of realm or strength, which is not enough to fear!

And the young man in front of him seemed to emerge out of thin air.

Key means to the sky!

He suffered a great loss from the confrontation. It even made him feel unbelievable.

In particular, the sword moves displayed by the other side were too terrifying, which made Sun Zhen set off a huge wave in his heart.

"Boy, I don't know why you want to destroy this array. You can't offend some forces! Otherwise, you will only ask for trouble Sun's Qi and blood on the cold shock.

Ye Chen is not in a hurry to kill people. His eyes narrowed slightly and said, "tell me where the entrance of the ghost prison is. I can give you a whole corpse."

Sun Zhen's expression slightly surprised, he did not think that the other party destroyed this array was actually to go to the ghost prison?

Is it worth it!

He thought for a few seconds and said, "you don't have the right to know about the things in the ghost prison!"

Language down, Sun Zhen opened his mouth, a white light even shot out of his mouth!

There is a black air flow above the white light!

Toxic!

Ye Chen Mou son a cold, cut dragon sword a turn, in front of the air draw a forest cold radian!

Under the cold light, the sword fell, as if tearing the heaven and earth!

The powerful sword spirit directly breaks through the white light!

It's a direct flame. It's burning fast.

"How could it be!"

Sun Zhen was shocked. Such a strike was unexpected, and ordinary experts could not detect it.

But the other party not only noticed, even easily broke open?

With a cry, he quickly resisted.

Because the sword intended to tear the hidden weapon, it came to him without reservation.

Dodge?

It's too late!

The sword in his hand had been broken for a long time, but he could only retreat towards the rear!

But not a few steps back, the sword has fallen!

A low voice sounded, the sword of the Dragon came into the world like a long river, and went straight to him!

"Crash!" One sound!

Blood bloom, blood accumulation move, his chest even appeared a huge opening, shocking!

"Ah

A heart rending sound resounds around!

The powerful sword spirit made him stagger backward and nearly fall to the ground.

The first reaction in his mind was to run!

Such a strong man, he does not even have the right to block.

Looking at the scream of Sun Zhen, ye Chen eyes a congealed, two steps out, the sharp sound of breaking the air came, the arm suddenly waved out!

"Wait a minute --"

before Sun Zhen finished his words, a cold light flashed through his eyes, and his eyes were filled with panic.

Where did Beijing Normal University come from!

Even if you look at the whole capital, you can't find a few!

At the moment, Sun Zhen felt that he was extremely small, completely disordered!

"Crash!"

Another burst of piercing sound came, accompanied by blood sprinkling into the sky, the shrieking sound resounded, and Sun Zhen flew backward.

There is another hole in his body, even a trace of white bone can be seen!

Seeing ye Chen approaching him step by step, he was soaked with sweat and shivered constantly!

He forced out a drop of blood essence, trying to escape with the secret art of ghost prison!

He knew better than anyone that he would die if he didn't run now!

The ground is full of blood, life is rapidly passing away!

Ye Chen at the moment is the God of death in Sun Zhen's eyes. That terrible sword is the sickle of death.

The door of hell is completely opened, and the endless cold breath of death envelops him!

It's very cold!

He has just used his secret to escape, and the smoke is surging!

Seeing that his figure was about to disappear, a voice of exclamation rang out!

"Want to go? you must be dreaming! You have no way to escape today! "

Language down, smoke and dust, a pair of hands directly tear open! Through the smoke and dust, directly strangled Sun Zhen's neck!

With powerful power pouring down, Sun Zhen felt that he was pressed under the magnificent mountain and could not breathe.

This kind of pain, as if broken bone!

"You can't kill me. I come from the ghost prison. The powerful people in the ghost prison can crush you with one finger. If you kill me, they will investigate the Capital Normal University thoroughly. You will surely die at that time."

Completely trapped in a desperate situation, Sun Zhen looked pale and yelled.

He can only be so threatening!

But it doesn't work!

Because ye Chen is looking for people from the ghost prison!

A cold sword was placed directly on Sun Zhen's neck.

"You have only one choice, tell me the entrance of the ghost prison, or I will make you regret coming to this world!"

At this moment, Sun Zhen felt that his life was locked. The guy in front of him was just crazy!

Of course, he wants to say something about the ghost prison. Only in this way can he save himself, but once he says it, he will die!

But in front of him, the cold sword had already cut his neck, and the blood flowed out. It was extremely uncomfortable!

"I said, I said, the key to the ghost prison is in the hands of another adult! If you want to open the ghost prison again, you don't have to take a few days. In fact, you only need a drop of blood essence from the adult and the key in her hand! "

"Is that man a woman?" Ye Chen frowned.

"Yes, that adult is the daughter of an elder in the ghost prison. She is a girl of Beijing Normal University..."

Before Sun Zhen finished speaking, a strange force suddenly poured out of his body!

"Click!" A, Sun Zhen's neck unexpectedly oneself wriggles, entire 360 degrees!

His pupil enlarges, at this moment, the vitality is completely dead!

Dead!

Ye Chen's face changed. He didn't notice a powerful technique hidden in his body!

This technique can kill people thousands of miles away!

He looked around with endless cold, and found that several security guards were coming towards this side. He no longer hesitated. Under his feet, the black dragon decided to surge, his knees bent, and then burst out. His five fingers clung to each layer of wall, and the shadows came to the top of the building.

He stood on the edge of the roof, overlooking the whole land.

Although the only clue died, but the other party's last words are very clear, the adult in his mouth is in Beijing Normal University!

"Students? leader? Or any other position? "

At this moment, ye Chen's eyes are extremely serious.

Chapter 339

At this time, the mobile phone in Ye Chen's pocket rang. After a glance, he found that it was Xiang Chengdong.

He should have got off the plane.

"Mr. Ye, I have arrived at the hotel." At the other end of the phone came Xiang Chengdong's respectful voice.

Ye Chen Mou son a coagulate, the way: "you come to Beijing Normal University to see me."

"Good." Xiang Chengdong dare not say no.

Hang up.

Ye Chen doesn't think much, but goes directly to the two remaining array eyes. Anyway, this array must be broken.

The sound of explosions rang out.

...

Five minutes later, the faces of several old men in the stone chamber of ghost prison were hard to see the extreme, because the array of Beijing Normal University was completely broken.

A whole year of their work.

The old goat Beard Man also said in a low voice: "I'd like to report to some adults that Sun Zhen has an accident. Now there is only one person left outside."

The rest of the elders looked at each other, and all of them saw anger in their eyes.

Who on earth dare to kill them in the ghost prison!

Who in the end dare to break the foundation of their ghost prison!

It's just the anger of man and God!

One of the old men stood up: "this array of destruction, I suggest that the ghost prison be closed for a year! Otherwise, it will be extremely dangerous for us to open the ghost prison in a few days, even with great loss. "

Another old man quickly retorted: "I don't agree! The ghost prison must be opened in a few days. Several important prisoners in the ghost prison are in extremely dangerous condition. If no one from the drug alliance comes in, they will surely die! "

"Well, I'd like to ask you whether the lives of those people are important, or the safety of the ghost prison is important. If the man outside dares to break the battle, he must come for the ghost prison. Who can bear the cost if he kills in then?"

The old man's voice was so cold that he didn't like to be refuted.

At this time, another old man said: "don't argue, you two. The ghost prison must be opened. If those people die in the ghost prison, several Chinese forces and clans will certainly go mad. It will be extremely unfavorable for us at that time. Now the biggest problem is the people who break the battle.

Although we can't go out, we can still use the hand of an outsider to cut the man off! Once that person dies, there will be no problem. "

As soon as this was said, everyone nodded.

Seeing that his proposal was confirmed, the old man continued: "the rest of the people in the ghost prison should be the daughter of the second elder. I know her strength. There are so many techniques and methods that it is very easy to find out the person behind the scenes. As for the killing, she probably has the strength, but for the sake of safety, more people should be sent.

Aren't there some martial arts families in the capital that still owe us human feelings? With the strength of these people, can they still live for three days? "

"Well, that's the plan!"

At this moment, almost all the people in the ghost prison agreed.

.....

After ye Chen broke the array, he went to the teacher's apartment arranged by the dragon soul.

As for today's impact, the capital authorities and the Dragon Spirit will naturally come down. He does not have to worry.

He looked at the room number on the key and went straight to the elevator.

At the moment when the elevator door closed, a pair of slender hands directly extended from the outside, and the elevator door that was about to close opened again.

Then a woman in black stockings came in, looked at Ye Chen, laughed, and then squatted slightly and dragged a huge box in.

The woman is tall and has shoulder length hair.

The white skin is inlaid on the shoulders with beautiful bone feeling. The white shirt can't wrap the graceful and proud chest. The mountains and hills are undulating and graceful. With the delicate waist, the curve is balanced and the figure is good. With a pair of black thin and high heels, the whole person is charming and elegant, elegant and free from vulgarity.

This is the first time ye Chen saw such a high-quality beauty in Beijing. What's strange is that the other party is not a student at all, but seems to be a teacher?

Because the box is very heavy, the woman can only bend down and drag the box, and the angle of Ye Chen can see the snow white under the skirt.

He didn't see much and said, "I'll do it."

The woman was stunned and blushed slightly. She didn't know whether it was because of moving things or Ye Chen's inquiry.

"Good."

The woman's voice is very light and comfortable.

Then ye Chen stretched out his hand, two hands clasped the sides of the box, easily carried in.

"Thank you."

Ye Chen did not continue to pay attention.

The woman wanted to press the elevator, but when he saw the number on the elevator, he looked at Ye Chen in surprise: "are you the new professor of Beijing Normal University?"

Yesterday, the wechat group of teachers in Beijing Normal University exploded because the president informed the school that the university would introduce a professor who returned from overseas study. He was very young. The position of the whole teacher's apartment on her floor is the best. But yesterday, the headmaster personally supervised the person to clean the room opposite her. Obviously, this is the residence for the young professor.

In her eyes, the young professor mentioned in the president's speech should be about 40 years old, but who could have thought that the young people in front of her were only 20 years old!

Genius?

Ye Chen looked at each other, frowned, or nodded.

after ye Chen's reply, the woman was obviously more and more curious, extended her white hand, and quite generously said, "my name is Wei Ying, an English teacher of Beijing Normal University. I just came here in the first half of the year, and I live in the opposite door of you."

Ye Chen held the other party's hand and let it go as far as possible. He replied, "Ye Chen."

Just two words, no nonsense.

The atmosphere of the elevator was a little awkward for a moment.

fortunately, the elevator door was opened, and ye Chen directly carried the box with one hand and went to the outside.

"I'll take it in for you."

Wei Ying quickly out of the elevator, toward the left door and go, the door opened, ye Chen put things in the living room, then ready to leave.

"Professor Ye, wait, have a drink of water and have a rest."

Wei Ying takes a cup of water from the water dispenser and hands it to Ye Chen carefully.

Her waist is bent. Maybe because of the reason of moving things just now, a button of her shirt is broken, and her full volume is looming, which makes her heart ache.

Ye Chen did not receive the water, but stare at it!

Don't get me wrong. His sight didn't fall on Wei Ying's chest, but the necklace on her neck!

The necklace has a bright seven color stone, in the light of refraction, the light is dazzling.

The soul of the earth!

It turns out that this is the extremely precious rock of Kunlun!

At this moment, his breath was a little bit short.

Not only that, he could feel the black stone in his pocket shaking! It seems that you want to take this place as your own!

Chapter 340

Wei Ying saw Ye Chen didn't receive the water, her eyes were a little surprised, but when she saw the direction of Ye Chen's line of sight, she subconsciously glanced at her chest, and her face was red!

The first button and the second button of her shirt were open!

It happened that she was wearing a very thin bra today. The looming picture made her want to find a gap to get into.

She buttoned up her shirt in a hurry, and her mind was constantly circling.

She had thought that ye Chen was so young to become a professor, and he must be different from other male teachers in academic and moral character.

But now, never thought, this leaf Chen not only looked, is so unscrupulous!

As a professor, shouldn't you be a gentleman?

"Professor Ye, you are..."

She just wanted to talk, ye Chen said excitedly: "Mr. Wei, can you show me the necklace on your neck, and, dare to ask, where do you get this necklace? This is very important to me!"

Wei Ying was stunned and reached out to touch the necklace. She immediately realized that her face was even redder. She took the necklace down and handed it to Ye Chen. She explained, "my mother used to give it to me. She gave it to me when she was 18 years old. There are some congenital problems in my body. I need to wear this necklace to relieve it. Mr. Ye, you can only watch for a few seconds. "

Ye Chen nods and takes a look at the necklace in his hand. He has determined that the spirit stone in the middle is the soul stone!

This stone is extremely precious! Even in Kunlun, Xu is sky high!

He just wanted to ask Wei Ying to buy the necklace, but found that the whole house became extremely cold!

"This is..."

He suddenly raised his head and found that Wei Ying's face was pale and there were frost all around him!

Not only that, Wei Ying's body actually appeared a blood evil spirit!

This blood evil spirit is stronger than his body!

At least killing tens of thousands of people can unite such a bloody evil spirit!

The key is that they are all born with each other!

At the moment, the virtual shadow of the blood dragon in his body seemed to feel the threat, and the dragons roared, as if in anger!

Even going out of his body!

Ye Chen forcibly suppresses the blood dragon and stares at Wei Ying!

"Evil blood cold body!"

This makes him even more surprised, the heart seems to set off all kinds of waves! The evil blood cold body, which is rare in Kunlun, even appears here!

And it's on a girl.

He immediately understood why Wei Ying's neck was wearing this necklace. If there was no suppression from the Xuanshi, Wei Ying would get sick every minute! It's hard to save the big Luo Jinxian!

He put away the heart of peeping at the soul of the earth, and quickly returned the necklace to Wei Ying: "put it on quickly."

"Well."

Wei Ying put on the necklace, the temperature of the whole room fell.

The blood evil spirit also disappeared, everything returned to calm.

"Professor Ye, what did you just say about Sha Xue Han Ti?" Wei Ying said curiously.

Ye Chen shakes his head. Although the mysterious stone is precious, it is undoubtedly a life-saving thing for Wei Ying. The gentleman loves money and takes it in a proper way. He doesn't intend to pay attention to it, and orders: "Mr. Wei, remember that no matter who asks you to take this thing in the future, you can't pick it."

Although Wei Ying did not know why Ye Chen was suddenly so serious, she nodded: "Professor Ye, I understand."

"You have a good rest. If you need any help, you can knock on my door. I can help you solve most of the problems."

Ye Chen dropped a word and left directly.

Wei Ying looked at Ye Chen's far away figure, frowned and murmured: "this Professor Ye is really a strange person. He talks strangely and his personality is even more strange."

"But did he really just care about the necklace around my neck, not my body?"

Ye Chen to the room, the mind is the matter of that place soul Xuan stone!

What is the origin of Wei Ying?

Evil blood cold body is one of the worst things in the world. Once it is touched, it may be destroyed in this life.

It would be nice if Wei Ying was a practitioner, but she was just a mortal.

Once you lose that place, you will die.

"What a pity."

Ye Chen does not have the energy to manage each other now, the other side also has the spirit Xuan stone, these years at least need not worry.

Ten minutes later, the phone rang and Xiang Chengdong arrived at the school gate.

"Your car is waiting at the door. I'll come out."

Ye Chen hung up the phone and went outside.

Xiangchengdong's identity is special. If he comes to the teacher's apartment, he will only let the people in the dark of the ghost prison be aware of it. He might as well go to the school gate himself.

Two minutes later, ye Chen saw xiangchengdong in a business car.

"Have you been contacted from the ghost prison?"

Ye Chen light way.

"Mr. Ye, they only let me come to the capital city, but they haven't contacted me. This time, there was a problem. Before, I could bring an assistant of the pharmaceutical alliance into the capital. But this time, I don't know why. I'm only allowed to enter the ghost prison. It's a bit tricky here."Ye Chen Mou son a coagulate, sneer: "I didn't intend to mix in from the beginning, ghost prison has imprisoned some people who should not be imprisoned, I want them to pay a painful price."

His eyes were as cold as ice.

It's better that the parents are not hurt in it, otherwise he will be buried with the whole ghost prison!

Feeling Ye Chen's killing intention, Xiang Chengdong Mou son slightly shrinks: "Mr. Ye, you don't want to rush in hard?"

"Never! I've heard that there are many top leaders in ghost prison! It can be said that there is a huge net in it. If you try hard to break into it, you will surely die! "

Despite his persuasion, ye Chen still said: "you don't have to worry about my affairs. What you have to do is to inform me immediately once the ghost prison is opened!"

Ye Chen finished, just about to get off, Xiang Chengdong's phone rang.

Xiang Chengdong saw the familiar number and immediately called Ye Chen: "Mr. Ye, please wait a moment. The phone is coming. It's from the ghost prison."

Ye Chen a Zheng, sat back, only heard a cold female voice at the end of the phone: "Xiang Chengdong, have you brought everything?"

Xiang Chengdong took a look at Ye Chen and replied, "take it all. You can go to the ghost prison at any time."

The woman at the other end of the phone snorted: "this time, the situation has changed. We may not be able to wait until the beginning of the month. At 12 o'clock the day after tomorrow, Yunhe lake, north of Beijing Normal University, will take all your things and wait for me there. You can't be late. There's only one chance! "

"What's more, once you let me know that you let the news out, the drug alliance can't afford the consequences!"
