Chapter 3321

The Sirius standing next to him is also like a frightened bird. His whole body is tense. If the emperor yuan palace wants to tear his face, the emperor's anger is not what the Tiandao palace can bear.

"Invite him in."

Xuanyuan Mo Xie's face was heavy, and he was outside the door. He could not refuse in any case. He could only act according to circumstances.

"Yes."

The disciple turned and went out. After a while, he brought in an old monk with a cassock and a staff in his hand. It was the great emperor of mourning Zen.

"It turned out to be the great master of Zen. I'm glad to meet you. I'm glad to meet you. I don't know why you're here?"

Xuanyuan moxie was surprised for a while. Naturally, he knew that the great emperor of BeiChan was revived by the emperor, and became the elder of the temple of emperor yuan. However, he did not expect that he would come to Tiandao palace. At the moment, he kept silent and tried quietly.

"Amitabha, Lord Xuanyuan, I'd like to come here without invitation. Excuse me."

With a smile on his face, he sat down in the guest chair with a calm face.

In the tomb of Zhaowu, he was seriously frustrated and even the most precious treasure of Hongmeng was taken away. It can be said that he was extremely embarrassed. However, in front of Xuanyuan moxie, he did not show any decadence.

Because, he is very clear, Xuan Yuan Mo Xie is not an ordinary person, this person ambition is very big, if he shows any flaw, I'm afraid it will be a dead end.

"It's said that Lord Xuanyuan wants to kill his teacher and testify the truth. I've heard from all over the hall of emperor yuan that I admire him very much."

The great emperor slowly pulled out a scroll of Dharma edict: "I came to Tiandao palace to observe the ceremony and the grand occasion of the killing of teachers meeting under the command of emperor Shitian."

"So the master wanted to watch the ceremony?"

Xuanyuan moxie chuckled and looked at the scroll of the Dharma edict. It really contained the great magic power. Obviously, it was issued by the emperor Shitian himself. There was no falsehood, and his heart suddenly jumped.

"Emperor Xuanyuan can't miss it

Without any trace, the great emperor of mourning Zen put away the scroll of Dharma Edict and did not dare to check it with Xuanyuan moxie.

His heart, too, was pounding, nervous to the extreme for fear of breaking.

In fact, the scroll of his law edict was indeed issued by Emperor Shitian, but the content in it was to ask him to look for the book of the moon, which had nothing to do with the assembly of killing masters.

In the kingdom of God, the assembly of killing division was very earth shaking, but outside the territory, it did not set off too much waves, and the palace of emperor yuan was not interested in observing rites at all.

When the great emperor of Zen said this, he just wanted to seek a place to shelter himself, and then with the help of the power of the heavenly way palace, he dealt with Ye Chen.

Watching ceremony is just an excuse. He can't tell the truth and say that he has no way out. Otherwise, he may be in danger.

With Xuanyuan Mo Xie's means, he even dares to kill the wild ancient emperor mandrills, but he doesn't care about him, a great emperor of Zen.

"Master, you really just want to watch the ceremony. Is there nothing else?"

Xuanyuan Mo Xie asked carefully.

"Yes."

The great emperor pitifully spat out a word.

Xuanyuan ink evil and Sirius heard, immediately scalp numbness, whole body stretch straight.

The great emperor of mourning Zen then said, "I am under the command of emperor Shitian, and I need to look for the book of heaven on the bright moon."

"Really..."

Xuanyuan ink evil smile a little ugly.

"However, this volume of Tianshu was stolen by the Taiyin jade rabbit, and I don't know where it fell. Lord Xuanyuan has great powers. Do you know any clues?"

With a long sigh, the great emperor of Zen laments that the world is boundless and hazy. It's really difficult to find the book of heaven. Unless we can get the six Yang divine fire mirror and break through the darkness, we can deduce and spy on it.

Xuanyuan moxie listened to the words of the great sad Zen emperor, and thought to himself, "this old bald donkey, it seems that he doesn't know that the moon Tianshu is in my Tiandao palace? Or did he try to test me

For a while, Xuanyuan Mo Xie did not dare to reveal the details, and said: "I don't know the whereabouts of the book of heaven. If the master wants to find out, I will do my best to help."

"Amitabha, thank you very much

The great emperor of mourning Chan sang a Buddhist name and folded his hands together.

"No harm."

Looking at his appearance, Xuanyuan moxie still did not dare to take it lightly. After all, the power of the emperor yuan hall was too terrible. If there was a slight difference, Tiandao palace would be in danger of being destroyed.

"Sirius, take the master Wai Chan out for a good treat."

At present, Xuanyuan Mo Xie ordered him to go on and observe for a period of time before making a decision.

"Yes."

Sirius Gongsheng promised, immediately with the great sad Zen left, another arrangement of accommodation.

"I will not allow anyone to make trouble in this killing meeting, not in the Diyuan hall!"

Xuanyuan Mo Xie made a decision in his heart. Originally, he thought that he would devote all his energy to dealing with Ye Chen and the hell hall. But now the emperor yuan palace appears, his strategic focus has to be shifted.

After all, the edge of the palace of emperor yuan is much more terrible than that of the hall of the underworld, so we must not be careless.

Although it is impossible for the emperor Shitian to come in person because of the restrictions of the rules, it is enough to make him headache just because of the great sad Zen emperor. At this time, the great sad Zen was taken by Sirius to a quiet place near Tiandao palace and stayed for a while.

"Pitiful Zen master, the place is simple, please don't blame."

Sirius did not dare to let the great emperor of Zen live in Tiandao palace, otherwise the secret of Xia Ruoxue would be exposed, and the consequences would be unimaginable.

"No problem, thank you for your hospitality."

The great emperor of mourning Chan did not seem to mind.

"I'm going to leave. Please help yourself, master."

The Sirius did not dare to stay too much, so as not to reveal his secret.

"Lord Sirius, walk slowly."

The great emperor of mourning Zen smiles and watches Sirius leave.

"Xuanyuan moxie seems to be on guard against me. If he finds out, I have no way out. I'm afraid it's not going to kill me."

After Sirius left, a trace of fear appeared on the face of the great emperor of mourning Zen. He lost his great sorrow purple gold bowl, and his strength was greatly reduced. If the heavenly way palace was planning something wrong, it was very difficult for him to resist.

Now what he needs most is time.

When the killing meeting starts, ye Chen will surely set foot on the Tiandao palace. At that time, he will be able to use the power of Tiandao palace to eradicate Ye Chen and take back the six Yang divine fire mirror, so as to find out the trace of the book of heaven in the moon.

"This period of time, I want to be careful, do not let Xuanyuan ink evil find flaws."

"Just in case, I still want to ask the emperor to give me a Fu Zhao to protect my life."

"You'd better give me an imperial edict to protect me against any loss."

Thinking of this, the great emperor of mourning Chan wrote a letter of flying sword and sent it back to the emperor yuan hall, asking the emperor to give him a Fu Zhao to protect himself.

Of course, the real reason, he did not dare to elaborate.

The defeat of Zhaowu tomb house is even more difficult to say.

It's just that we've got the whereabouts of Mingyue Tianshu. We need more strength.

What he needs most is Xiri Fuzhao!

The so-called Xiri Fuzhao is a Fu Zhao containing the supernatural power of Xiri Tianshu.

Xiri Tianshu is one of the four volumes of "sword, sun and moon", which is as famous as Mingyue Tianshu.

Chapter 3322

If it is explained that the book of the moon is the source of the moon, then the book of the sun is the source of the sun, symbolizing the power to shine on the heaven and the earth and never die.

As long as he gets the Xiri Fuzhao, the great emperor of Zen is confident to deal with all unexpected accidents.

.....

At the same time, ye Chen left the tomb of Zhaowu and returned to the Fumo hall.

In the Fumo hall, a powerful man, with a cute little girl, is waiting for him.

"Lord, you are back at last!"

The powerful man saw Ye Chen's return, and immediately his face was excited.

"Brother Ye Chen, you can count it back."

The little girl also has a red eye.

"Ling Tian, this is..."

Ye Chen naturally does not know the identity of Taiyin jade rabbit, but he feels the breath of reincarnation star stone from Xiaobai's body!

Very familiar!

Ye Lingtian briefly introduced the origin of Xiaobai.

Ye Chen Mou son tiny MI, the head roars a sound, momentarily peeps at all sorts of causes and effects, also need not two people continue to speak, knew everything.

The powerful man is ye Lingtian, and this little girl, who was the little star spirit before, seized the jade rabbit of Taiyin and named it Xiaobai. She became Xia Ruoxue's pet animal.

The two men came here just for Xia Ruoxue's abduction.

"Hall master, Ruoxue girl, she..."

Ye Lingtian opens his mouth.

"I know it all. You don't have to panic."

Ye Chen waved his hand and his eyes were concise and said, "if snow is captured by Tiandao palace, I will set foot on Tiandao palace and save her when the assembly of killing division begins."

"Master, you know everything?"

Ye Lingtian looks at Ye Chen's eyes and shakes his heart.

He only felt that ye Chen's eyes were bright and penetrating. It seemed that all kinds of causes and effects could not escape his eyes.

Obviously, ye Chen's cultivation has been advancing by leaps and bounds, which is not what it used to be.

"Well, you don't have to worry about it. I will arrange everything. In the next time, you can follow me to practice in the hall of demon subduing and improve your strength as soon as possible."

Ye Chen's eyes are full of self-confidence. He gets the six Yang Shenhuo Jian, and then awakens the divine pulse of Yan Bei. He also understands the six ways of reincarnation in his previous life. With the power of Mo Xueming, he is confident to fight Xuanyuan moxie when the division killing meeting begins.

"Yes, Lord!"

Looking at Ye Chen's confident appearance, ye Lingtian is also completely at ease.

"Brother Ye Chen, can we fight the heavenly way palace?"

Xiaobai is a little worried. She knows the power of Tiandao palace.

"It's OK. When the killing meeting starts, my brother will take you to Tiandao palace and rescue your sister Xue."

Ye Chen touched Xiaobai's head and said with a smile.

"Well!"

Xiaobai listens to Ye Chen's warm tone, but he is also at ease and pinches his fist tightly.

At the moment, they came to Baolian hall alone.

Refining treasure hall is the place of refining pills and weapons and magic weapons in the hall of subduing demons.

A huge cauldron is placed in the center of the refining hall. There are many simple patterns carved on the tripod, which is quite mysterious.

Ye Chen closed the gate of the temple, played the forbidden atmosphere of Taoism, and then offered sacrifice to the corpse coffin of Zhaowu. After a while of silence, he bowed respectfully and saluted and murmured:

"master Zhaowu, the catastrophe is imminent. I just want to inherit your will to wipe out the demons and pass on your orthodoxy. It's not intentional offense. Please forgive me."

After that, ye Chen opens the coffin and throws the remains of emperor Zhaowu into the furnace cauldron.

He planned to refine the emperor Zhaowu, refine it into an ancient imperial pill, and give it to ye Lingtian to take, so that the latter can inherit the orthodoxy of emperor Zhaowu.

"Xuanyan, come out!"

"Purple sky cold flame, out!"

"Six Yang Shenhua Jian, rise!"

Ye Chen offered sacrifices to Xuanyan and Zixiao cold flame. The two sacred fires roared and burned the remains of emperor Zhaowu.

At the same time, ye Chen presented the six Yang divine fire mirror, which was hung high above the furnace cauldron. A brilliant mirror light like the sun came out continuously and fell on the remains of emperor Zhaowu.

Although he has not yet mastered the energy of the six Yang fire, it can be used initially, which is enough to refine the body of the God Emperor.

Under the burning of Xuanyan, Zixiao cold flame and Liuyang real fire, the remains of Zhaowu emperor were instantly refined into wisps of aural gold liquid, and these aura and gold liquid, constantly tossing, vaguely transformed into the prototype of a pill.

"Bagua Tiandan skill, imperial edict!"

Ye Chen kneaded a formula, and the eight trigrams heaven elixir was released to the extreme. The light of the eight trigrams was constantly tossing in the furnace cauldron.

Under the influence of Bagua Tiandan technique, the prototype of the pill gradually takes shape, with dense immortal Qi floating on it, and there is a subtle Taoist connotation emanating from it. In just half a day, the corpse of emperor Zhaowu was completely refined, and all the aura was condensed into a golden ancient imperial pill, and the brilliant golden light constantly burst out from the ancient imperial pill.

Boom!

There was a thundering vision above the demon hall.

With the ancient emperor Dan coming out of the furnace, a continuous stream of thunder, came down.

Nine days above, it seems that the emperor's shock roar, moving.

An empty shadow full of endless fighting spirit, mighty and heroic, actually fell from the sky and made a thunderous voice:

"my orthodoxy is passed down to you today, and it will comfort my soul if we exterminate the demons in the future!"

This shadow is the will of emperor Zhaowu in the world!

After the ancient emperor Dan was refined, the war spirit of Zhaowu was turbulent, and a final voice was issued to warn future generations.

In the Fumo palace, countless people saw the vision of the heaven and earth, and were immediately shocked.

Ye Chen, however, is still standing in the palace of refining treasures. He worships the ancient emperor Dan in the air and says in a low voice, "elder's last wish is something that I dare not forget."

After a pause: "close up!"

Take out a jade box and put away the ancient emperor Dan.

It would take an ordinary alchemist how long it would take for an ordinary alchemist to refine the body of the divine emperor. However, ye Chen mastered the eight trigrams heavenly alchemy, which took only half a day to complete.

The only thing that makes Ye Chen dignified is that he feels that the vision of ancient emperor Dan is too big, which is not a good thing.

.....

At the same time, extraterritorial.

A palace full of endless evil spirit.

There are countless statues of demons around the temple.

It's a race full of fighting and killing!

On the main hall, a man with amazing dignity suddenly opened his eyes.

He is the devil emperor of the demons!

Control the supreme power! The supreme existence of the demons!

At the moment, however, his majestic eyes were a little frightened.

Just now, he seemed to hear the voice of the ancient God Emperor!

Vaguely from the seventh kingdom of the demon hall!

At that time, the biggest nightmare of the demons was the ancient gods!

Chapter 3323

If not for those ancient gods, I am afraid the kingdom of God would have been their back garden!

Why do you have to go through another catastrophe!

What makes the magic emperor even more uneasy is that although there is no ancient God Emperor in the kingdom of God now!

But one more Ye Chen!

Ye Chen's appearance! The first wave of the demons' attack failed!

This is a shame to the demon!

The magic emperor no longer thought about it, but said to the void in front of him: "act now, take action against the seventh kingdom of God!"

"All threats must be wiped out this time!"

In the void, suddenly condenses a dark shadow.

The shadow half knelt down and said, "demon emperor, the first wave of attack has not passed, so soon we have to act?"

The devil emperor's cold voice sounded: "the disaster of extermination has not yet arrived, but I don't want to see a demon subduing hall in the world! Use the second force

"If ye Chen falls out of the Fumo hall this time, we will attack the remaining six kingdoms in advance and let the disaster of annihilation come. As for the rules, I don't care at all!"

However, the shadow finally said, "this time, I sent the magic yuan star from the holy ancestral realm to lead the team. His hand was enough to destroy the Fumo Hall of the seventh kingdom and ye Chen, the master of the Fumo hall."

.....

The kingdom of God, the house of demons.

Ye Chen exhaled a breath: "it's time to refine the remaining things like that."

All of a sudden, ye Chen's face moved, and his figure instantly appeared in the sky above the Fumo mountain. At this time, the sky was covered with clouds, and the thunder was rolling. A scene of the end of the world, a bigger space crack than the first invasion opened in front of everyone.

The second wave of invasion of the demons has begun!

It seems that the vision of refining the ancient imperial pill makes the demon unable to sit still!

And this time, three more massive warships have sailed out of the cracks!

At the bow of each warship, there was a tall figure, which was full of monstrous power!

Well, they are three extraterritorial demons at the top of the celestial realm!

Ye Chen's eyes swept over the three demons, and he laughed.

A grim smile.

This time, the demons on each warship are almost three times as many as those on the previous one!

That is to say, this wave of invasion, the number of extraterritorial demons is quite a lot!!!

Moreover, the overall quality has also been greatly improved, especially the demons in the heaven God realm!

Ye Chen said coldly: "the one behind the demons has really given us the face of the seventh God? This second wave of invasion has poured most of our troops into the seventh kingdom of God

The three demon generals standing in the bow of the boat, with a movement of their bodies, appeared in the sky of the demon house, overlooking the countless human beings under them, and exuding an extremely strong breath!

The whole body of the three demons is dark purple. One is covered with sharp barbs, the other appears virtual shadow behind his back, and the other has sharp long horns.

The demon clan full of barbs is the top of the nine layers of heaven and God realm.

The demon family with virtual shadow is the top of the nine layers of heaven and God realm.

And the demon clan with two horns, the most terrifying strength, is to reach the half step holy ancestral realm!

The strength of these three demons is far above the magic nine red!

The demon with two horns said in a cold voice: "I am the general of this campaign, humble human. Do you know what kind of mistakes you have made?"

If you are in the first invasion of our family, bow down and submit, there is still a chance to survive, but! Now, no more, your majesty has been completely angry, you all have to die!!! There is no other possibility! Who is your word? Come out to me and lead to death

Ye Chen body shape a flash, appeared in front of three demon clan generals, light way: "what's your name?"

"My name is magic yuan star."

"My name is magic and Qi Li."

"My name is magic flying feather."

Then, the magic yuan star in the eyes, full of cold to look at Ye Chen way: "you are ye Chen?"

The name Ye Chen is very famous abroad recently.

After all, before the death of the 300000 demons who invaded the first wave, most of the disappearances were "be careful Ye Chen"!

Ye Chen nodded his head and said, "yes, this time, in order to invade my seventh God Kingdom, have you really laid down the blood cost? The time limit for the disaster of extermination has not yet come. Will the general attack be launched in advance so soon? Don't you fear the whole army will be

destroyed in my seventh kingdom? Not only did the seventh kingdom not win, but also the opportunity to attack the other six Kingdoms? "

He knew that even if it was a family of extraterritorial demons, the magic yuan star and others could be called the top combat power!

However, they have not yet reached the top level.

"The disaster of extermination? General attack After hearing this, Mo Yuan Xing sneered and said, "Ye Chen, you look up to yourself too much. You think that if you win the first battle, you people will really be able to resist our demons?Ha ha, it's ridiculous. We demons are more powerful than ancient times. What about your people? But it is constantly weakening. This battle is destined to be our victory! "

"As for the general attack? If you don't know the power of the devil, you can't even imagine it. Don't you know what you can do?

You're such a waste, you can't wait for our demons to launch a general attack. You and Terrans don't deserve our general attack, understand? Because today, all of you lowly rubbish will die here and be devoured by my family

The words echoed in the ears of many warriors, which made their hearts extremely heavy. The same words, spoken from different populations, had different effects.

Moyuanxing, the most powerful man in the half step holy ancestral realm, can influence the heaven and earth road by his words and deeds. He said that all the soldiers of the Terran and demon clan would die, and the people would really feel that the shadow of death was approaching!

Fortunately, after the tempering of the last battle, the hearts of these soldiers can be said to be incomparably calm and have not wavered at all!

Ye Chen's eyes swept from the faces of the crowd, and a touch of relief appeared in his eyes. The soldiers did not let him down!

But at this time, ye Chen's face is rather dignified!

The three people of Moyuan star look at Ye Chen's look and look at each other, and they are even more proud. This little waste is undoubtedly afraid. How can they be afraid of the three most powerful people at the top of the celestial realm?

"Little bastard, do you know you are afraid now? Ha ha, it's too late. However, if you can defeat the demon Jiuchi, your qualification is pretty good. If you are willing to kill all the Terrans and demon clans in person, I will give you a chance to join the demon clan. What do you think?

This is your only chance to survive, boy. You're wrong once, but you can't do it again? "

Chapter 3324

When the soldiers heard the speech, their pupils shrank and looked at Ye Chen.

Although they believe in Ye Chen very much, they still subconsciously want to know ye Chen's reaction

Can this look, all people's heart is can't help but sink!!!

At this time ye Chen, silent, and, full of dignified color!

It seems that you are really thinking about the proposal of Moyuan star!

How could this happen?

Many soldiers are excited, eyes burning with anger, full of blood, staring at Ye Chen!

If not for them, for ye Chen incomparably respected, at this time, I'm afraid all can't help bursting out, abusing ah!

Is Ye Chen really afraid, began to consider taking refuge in the demon clan?

They are laughing and waiting for the stars.

The Terran, from ancient times to the present, has always been weak, afraid of death, easy to shake, isn't it?

The air around the mount Voldemort is a hundred thousand times heavier in an instant!

All people's eyes are focused on Ye Chen's body! Waiting for him to respond!

Why doesn't Ye Chen speak?

Is he really afraid?

Of course not.

To be honest, the three magic yuan stars did not give him much pressure, he was worried about the cold family!

Originally, he thought the cold family would send someone to come this time, but he was wrong.

Leng's family did not show up, which gave him a sense of uneasiness.

Therefore, he was thinking, thinking about the reason why Leng's family didn't show up, so that, for a time, he ignored what magic Yuan Xing said!

But at this moment, in the evil sword, suddenly came a cold female voice: "boy, are you worried about cold home?"

Ye Chen hears speech to reply: "good."

Xuanhanyu, the soul of the sword, said: "boy, you don't have to be like this. The cold family will not come to you for a while."

"Oh?" Ye Chen's eyes flashed: "how does Xuanxian know?"

Xuanhanyu said faintly: "the cold family member who killed last time has a trace of Yuan spirit breath. At this time, if I have not guessed wrong, it should be the time to collect the seeds of Yuanling every year. The senior leaders of Leng family are all focused on this matter. Therefore, we should not send people to deal with you."

When ye Chen heard the speech, he couldn't help but feel a little loose in his heart. However, he asked curiously, "what is the yuan spirit breath and Yuan spirit seed?"

Xuanhanyu said: "among the heavens, there is a kind of spirit, named yuanlingshan. It is a kind of Lingshan with extremely high intelligence. Yuanlingshan can produce the spirit of Yuanling and the seeds of Yuanling. Specifically, you don't have to know too clearly. You just need to know that these are extremely useful things for martial arts people. That's enough!"

At this moment, ye Chen finally regained his indifference and looked at the magic yuan star.

Magic yuan star smile way: "Ye Chen, how to consider?"

"Think about it?" Ye Chen light way: "consider what?"

Mo Yuan Xing frowned, and in her purple eyes, a trace of anger flashed through her eyes and said, "what are you thinking about? Just now, I gave you the chance to kill these Terran and demon warriors, and then I could recommend you to join the demon clan. Did you forget? "

Mo Yuan Xing is not happy. Is Ye Chen shameless?

"Oh." Ye Chen should a, and then the wrist flip, holding the Sha sword.

A group of martial arts, eyes shaking!

One by one, they all look at Ye Chen in disbelief. In their eyes, they are incomparably cold hearted!

Did ye Chen take out his weapon?

Is it true to listen to the proposal of the demons? Betray them?

Magic yuan star three people, also laughed, looking at those panic stricken Terran, ridiculed smile!

But the next moment, ye Chen's cold voice sounded in the ear of magic Yuan Xing and others.

"Mo Yuan Xing, can you point your face? Join the demons? This garbage race, what can we join? Based on your status as a waste demon, what can we compare with my Shenguo warriors? Let me use the life of a warrior for the chance to join the demon clan? Ha ha..."

"Just a demon, give me the soldiers of the demon hall, no qualification to lick shoes!"

As soon as this speech was said, the whole mount Voldemort fell into a brief silence!

Magic yuan star and others, that originally ironic smile, instantly broken, surprised and angry to look at Ye Chen!

After a brief silence, the soldiers cheered!

Cheers of war!

Ye Chen, their faith has not let them down!

This words, the pride in the hearts of the soldiers, as well as that hidden in the heart of the war, thoroughly ignited!

Demons, give them no qualification to lick shoes!

Mo Yuan Xing, Mo Qi Li, and Mo Fei Yu all drank violently and said: "you don't know how to live or die, you will regret it!"

At the next moment, the three people were all over the body, and the evil spirit was surging wildly!

It is actually a hand together, besiege Ye Chen! Along with the three people's hand, dozens of demons in the later stage of the heaven God realm, as well as the demon army, also launched a charge against the people on the mount Fumo!

Ye Chen said with a big drink: "Dragon City Lord, those powerful demons, give it to you, and subdue the devil array to me! Soldiers, listen! Give me these humble demons, kill all of them, one will not stay! "

"Yes

In an instant, the two armies were at the same place!

Long Tianfei's face is dignified. Although he is a warrior in the heaven God realm, he has little experience in fighting. Facing dozens of strong men, the ferocious demons who survived countless battles were completely suppressed for a time!

Although the overall strength of the Terran, demon and sea troops is much stronger than that of the first wave of invasion, it is still not the opponent of this demon clan!

In the last battle, the Terrans paid a great price and won hard.

This time, the difficulty directly increased ten times!

But even so, there is still no one to shrink back. At this time, the Terran, demon clan, and even the sea clan are fierce as demons!

One by one, brave and fearless, one by one, fighting with all strength!

For a time, although suppressed by the demon clan. But the front did not collapse!

That's enough!

Enough for chenye!

At this moment, in the air, the speed of the magic flying feather is amazing. The whole body is boiling with fierce and fierce martial spirit. The shadow behind him moves. The whole person is like a purple thunder, sweeping towards Ye Chen!

Its body method, can be called frightful!

But it's not just his body method!

In the hand of demon Feiyu, it's a sword, a thin sword!

It seems that the thin sword is lighter than feathers. In a flash, the sword shakes tens of thousands of times in the hands of magic Feiyu. With the strong body speed and the blessing of the demon martial arts, it turns into a sword storm and kills Ye Chen!

Not only fast body method, but also extremely fast!

What's more, the magic flying feather is the feather magic sword among the top ten martial arts skills of the demon clan. This sword technique can make the speed of the hand and body method, and the power of the sword technique complement each other!

Chapter 3325

It's really terrifying to use the magic feather!

It can be said that this feather magic sword has been brought into full play!

The sword wind is violent. In an instant, it cuts countless spaces into powder!

But!

Such a terrible blow is only the beginning!

With the magic flying feather, magic Qi Li and magic yuan star, also broke out!

Magic from a roar, the whole body on the barbed, purple light, a barbed, are emitting a breath of extinction, like a terrorist bomb in general, into purple light rain, toward Ye Chen sprinkled!

This light rain is not released casually. It is a sword light storm with magic flying feather. It covers each other and blocks Ye Chen's escape route, forcing Ye Chen to defend in front!

And the final kill, by the magic yuan star!

"Die

At this time, the magic yuan star, with his eyes bloodshot, roars at Ye Chen. In his hand is a heavy hammer, a heavy hammer!

If you just hold it, you will collapse the space and form a hammer around the hammer head!

This heavy hammer may even surpass Sha Jian in weight!

And, obviously, there are countless runes attached to the blessing of gravity!

Moyuanxing has a very high-level horned demon blood among the demons. The Horned Demons, even in the heavenly demons, are famous for their physical strength!

What's more, moyuanxing is still the top three of the top ten martial arts skills of the demon clan, the holy body magic formula!

Its, the most good at, is to crush everything with strength!

In terms of power, in addition to the magic emperor, there are no other demons that can be compared with the magic yuan star!

The whole body of Moyuan star is full of blood. With 10000% of its strength, it breaks through the limit of potential. It blows to Ye Chen to the extreme!

This hammering out made people feel that although the hammer did not fall completely, the whole kingdom of God and even the land of Lingwu were crushed by the terrible gravity!

It is conceivable that ye Chen, who is facing this hammer, is under what kind of pressure!!!

At this time, ye Chen stood in the shadow of these attacks, but he was holding a Sha sword, motionless, as if the whole person were stiff in general.

Tu Lanxin, long Jingyan, Chu Ying, and Yu Zhenzi, who are in the process of fighting, see this scene. They are all ready to crack their eyes. They can't even care about fighting for a moment. They yell at Ye Chen in a hoarse voice: "Ye Chen! Hide! Hide away

If you are hit, even ye Chen can't bear it?

Can ye Chen, but as if did not hear general, do not move!

People, anxious to be possessed by the devil!!

Magic yuan star's mouth, raised a trace of cold smile, hide?

Where to hide?

The attack power of Moyuan star is in the upper class of the whole demon clan. The only defect is that the speed of the hand is not fast enough and it is easy to be dodged. But now, this defect is perfectly solved under the control of magic flying feather and magic strange separation!

Magic flying feather, has the extremely fast attack speed, the magic Qi Li has the extremely wide attack range, even if ye Chen wants to fight for the injury, dodges own this hammer, is extremely difficult to achieve!

What's more, even if they do, they are bound to get hurt. They are trapped by magic flying feather and magic Qi Li. Then, they can't escape their next attack!

What does that mean?

It means that ye Chen doesn't want to hide, but can't hide at all!

What can he do now?

Just waiting to die!

, therefore, as like as two peas were laughing, the three evil men laughed, and ye Chen's performance was exactly the same as they expected.

In their opinion, ye Chen must be extremely regretful at this moment. Did he just refuse the proposal of Moyuan star?

But at this time, an extreme sense of destruction suddenly erupted!

"I wanted to use hongmenggu method on you

"Now I've changed my mind!"

"You are not worthy of my exertion, such as the sound of the eight gods of heaven, the eight trigrams and the heavenly elixir of Dharma."

"Demons respect martial arts and strength. Today, I'll show you my martial arts."

"Let you understand what is the acme of martial arts!"

"To destroy Shinto, the Dragon inflames the divine pulse, to the dark divine pulse! Ancient poison pulse, Lingfeng pulse! Red dust God pulse! Open it for me

In an instant, ye Chen felt the aura quickly passing away!

Then, with a sword!

Sword light is like wind, electricity, light, and the abyss of destruction. It is necessary to submerge the heaven and earth and devour all things!!!

Magic yuan star three people, in the eye flashed a trace of shock, but, soon recovered.

They did not expect that ye Chen would dare to resist?

But I'm not worried.

Ye Chen's resistance in their eyes is just a dying struggle, nothing can be changed! This is the self-confidence of the strong. The three demons have the confidence to face all the strong in the world!

At the next moment, the extreme sword light directly ignored the sword light storm of magic flying feather and the stab bombing of magic Qi Li, and directly chopped at the magic yuan star in the sky!

The magic yuan star sneered and yelled: "good come!"

The light on the huge hammer in his hand is more rich and heavy. It blows towards the sword light of Ye Chen!

The idea of Moyuan star is to crush Ye Chen's sword light, and then kill Ye Chen, who has just finished and completely lost the chance to dodge!

Gradually, magic yuan star's face has emerged a victory smile, in his view, this battle, the demons have won!

It's a good idea, but it's a pity

The next moment, the smile on the face of Moyuan star suddenly solidified!

Then, in an instant, collapse

Into incomparable fear!

This collapse is not only the collapse of expression and heart, but also the collapse of the whole body and face!

The light of Moyuan star was in the light of Ye Chen's sword. He didn't hold on to a breath. In an instant, he was completely scattered!

The sword light, directly cut into the body of Moyuan star, after that, it was broken down

The whole mobutra, it's broken.

On the battlefield, it was as if frozen.

All people, only feel their soul, are going to dissipate, smoke

What's up?

The ultimate hammer, it's broken?

Half step of the holy ancestral realm of Moyuan star so dead?

Can't be?

What kind of magic is this?

People, do not understand

Ye Chen's power is beyond the scope of their understanding!

The same is true of magic flying feather and magic strange separation!

However, as the generals of the demons and the strong ones in the heaven and God realm, they are more calm than ordinary demons.

Although Ye Chen cut out the most powerful sword, he himself was also submerged by the attack of magic flying feather and magic Qi Li!

Chapter 3326

Mo Feiyu cried out: "keep fighting for me! Ap Jie Lop! This boy, who is attacked by me and magic Qi Li, will not be safe and sound. The victory still belongs to our extraterritorial demons! "

Finally, all the demons wake up!

They are still roaring, desperate to fight!

The death of Moyuan star, the main general of this invasion, seems to have no effect on these demon warriors!

Why?

Not only because of the magic flying feather's encouragement, but more importantly, because of the magic emperor's orders!

Not only these resistance Terrans, they still have to die!

What's more, he died in the hands of the demon emperor!

Therefore, no matter whether the magic yuan star is dead or alive, the only vitality of these demons is to win in the war!

Therefore, the master died, but stimulated them to fight harder!

But at this time, the sword light storm, and countless purple barbed explosion light, suddenly sounded a cold man's voice.

The man's voice was not big, but it was very strange. He suppressed the sound of explosion and the sound of the roaring wind into the ears of those present.

"Who said that if you attacked me, you could not be safe and sound?"

It's scary!

All the demons, including the magic flying feather and the magic strange away, are thrilling!

At this time, the explosion and the sword light storm have all subsided, and ye Chen's figure appears in the air.

Ye Chen, who displays the body of the heavenly demon, stands in the air. On his body, there are countless sword marks, sword marks that cut his clothes, and countless blood holes, blood holes that blow up bones!

It's miserable!

It seems that it is too serious to be seriously injured again!

Yes!

What makes these demons, even Terrans, demon clans and sea clans, unimaginable!

These wounds are healing at a very fast speed!

One breath, two breaths, three breaths

That terrible wound, then completely disappeared from ye Chen's body.

Ye Chen's face, with a faint smile, breath, incomparably stable.

It's not safe. What's safe?

Ye Chen, it is actually hard to bear the magic flying feather and magic strange from, the two Heaven God realm peak strong person's all-out attack!

Not to mention the magic flying feather, that startling sword light storm is magic Qi Li. Every thorn on his body has been accumulated for tens of thousands of years, in order to display this amazing blow!

Its power is stronger than that of the magic flying feather's sword!

Can, even so, two people's attack, still to Ye Chen, cannot cause the slightest injury?

Too terrible!!!

Ye Chen coldly smiles, this time, his strength has been promoted to six layers of chaos, which is not only a promotion, but also an all-round one!

In particular, the God pulse of burning stele improves the combat power!

Whether it is vitality, power, spiritual power, spirit, etc., all have been improved!

However, ye Chen also feels that his own strength has reached a bottleneck. If he wants to continue to improve, I am afraid that the opportunity needed will be different!

This time, Mo Fei Yu and Mo Qi Li really don't have any idea to continue fighting with Ye Chen. Their spirit has been completely destroyed by Ye Chen's strength. With their strength, they can feel Ye Chen's power more than other demons on the scene!

The next moment, magic flying feather and magic Qi from a turn without hesitation, toward two directions, run away!

That thousands of demons, are stunned, magic flying feather and magic strange escape?

Disobeying the orders of the demon emperor and escaping?

Is it true that ye Chen is more terrifying than his majesty?

Mo Qi Li and Mo Fei Yu know that they have escaped. When the devil emperor comes, 99% of them will die!

But now, if you stay on the battlefield and face Ye Chen, ten thousand percent of you will die!

It's better to run!

If you run away, even if you die in the end, you can live a little longer, don't you?

Can you escape?

Ye Chen's eyes, instantly locked the magic flying feather.

The speed of magic flying feather is really excellent. He is the feather demon family among the foreign demons. He is also the top level blood. He is no worse than the corner demon family. The feather demon family is good at speed!

Magic flying feather is not only a feather demon family, but also a genius in the feather demon family!

Speed is supreme, few can surpass magic flying feather

Therefore, Mo Feiyu is confident about running away.

Unfortunately, he met Ye Chen

Ye Chen, the ascension after the opening of the divine pulse is an all-round promotion, which naturally includes speed

Ye chenmu in the cold light flash, light way: "extremely martial: God flash!"

The next moment, its body shape, disappeared from the original place, in an instant, it appeared behind the magic flying feather!A little click

A long sword pierces the heart of magic flying feather

Magic Feiyu looked at the blade on his chest in disbelief, vomited blood and murmured: "you Your speed How could... "

Ye Chen light way: "you, really very fast, but compared to me, also inferior a silk."

After that, the destruction Shinto erupts from the blade, and instantly turns the magic flying feather into blood mist.

Then, he turned around and chased the devil away!

Compared with the magic flying feather, the speed of magic Qi Li is too common.

Seeing that even the magic flying feather died in Ye Chen's hands, magic Qi Li, actually a bite of teeth, stopped the body, gave up running!

All of a sudden, magic from the whole body, emerged a myriad of strange protuberances, unexpectedly is to grow a root barbed general!

He yelled at Ye Chen: "Ye Chen! Stop it

Ye Chen looked at magic Qi Li and said faintly: "how? And attack? "

Magic Qi Li, the face suddenly grim down: "attack? Hehe, even my stab that I have nurtured for tens of thousands of years can't hurt you, not to mention the temporary generation? "

Ye Chen two eyes one narrow way: "you pour is very self-knowledge."

"But..." Magic Qi left Yin pity with a smile: "can't hurt you, but, those Terrans, demon clan, sea clan?"

When ye Chen heard the speech, his face suddenly changed. He frowned and said, "if you attack the battlefield below, what will happen? Not only our soldiers, but also your soldiers of the demon clan, will be killed and wounded

Magic Qi from a ferocious smile: "so what? Anyway, after you kill me, you will kill all the soldiers of the demon clan? "

Ye Chen looks gloomy. This magic Qi Li is very smart

What to do?

Do you really want to let magic leave?

Mo Qili's stab attack not only has a very wide range, but also can be launched very quickly. Although Ye Chen is confident that he can kill Mo Qili with one blow, he dare not say that he can stop all the stabs of Mo Qili

As long as there are a few barbed thorns, the battlefield below will cause incalculable losses to the tens of millions of soldiers!

Chapter 3327

Magic Qi Li, but a strong man in the nine layers of heaven!

Two people, just standing in the air, facing each other

Magic away from the face with a sneer, this seemingly invincible Terran boy, is not completely without weaknesses?

In the eyes of magic Qi Li, ye Chen is too soft hearted!

At this time, if it is a demon clan, it will not worry so much like Ye Chen!

Ye Chen's look is more and more ugly. Time is not on his side!

Every minute, every second passes, a large number of Terran, demon and sea warriors die, and long Tianfei, who fights with dozens of demon clans in the heaven God realm, is about to lose its support!

Ye Chen finally said: "magic away, you can go, but you can only return to foreign countries, can not stay in the kingdom of God, or the land of Lingwu!"

If you stay here, you will do immeasurable damage to the kingdom of God and Lingwu!

This is what ye Chen will never allow. The reason why these soldiers fight here regardless of life and death is not to prevent the demons from getting into the kingdom of God and Lingwu?

Magic Qi Li sneered and nodded: "yes."

He got an important intelligence about ye Chen's weakness. Even if he returned to foreign countries, he could save his life even if he disobeyed orders?

Hehe, ye Chen, your women's kindness will not only kill you, but also kill all the people in Lingwu land and Shenguo

Before turning around, he will leave the magic space with a strange smile.

But at this moment, in that space crack, unexpectedly is suddenly cut out a sword light!

This sword light, incomparably cold, and with the momentum of breaking all kinds of methods!

Magic away from the face of a big change, he dreams, also did not expect that at this time will be attacked by others!

Moreover, this is not an ordinary sneak attack, but a single attack can threaten his sneak attack!

"Damn it!" Magic Qi Li suddenly surprised, can threaten him at least is a warrior in the middle and later period of the heaven God realm!

Where does this person come from?

Magic away from no time to think, the hand suddenly more than a Mitsubishi thorn, block to the fast to cut a sword!

There was a loud bang. The sword was blocked by magic Qi Li. In the void, there was a wave. A figure stepped back several steps, and a wisp of blood spilled from the corner of his mouth.

Obviously, although this person is also a martial arts person in the heaven God realm, in fact, there is a big gap between him and magic Qi!

Magic Qi Li gazed at the human man and said in a cold voice, "damn bastard, how dare you attack me!? Die for me

In front of this human man, the strength is not too strong, magic Qi from the confidence, a hand, will its second kill!

His whole body evil Qi together, Mitsubishi stab, burst out a cold awn, is about to shoot at the human man!

However, this move, but never have a chance, really played

Because a sword light flashed by, the head of magic Qi Li had already separated from his neck

Magic Qi Li's head fell, spinning in the air, staring at his headless corpse gushing blood. At this moment, he suddenly remembered

Ye Chen, still standing behind him!!!

Because he resisted the attack of the human man for a moment, less than one tenth of a breath of Kung Fu, let Ye Chen have a chance to make a move!!!

With a roar, the breath of destruction Shinto erupts, and the body and head of magic Qi Li disappear in blood mist.

Ye Chen looked at the man in front of him faintly. He waved his hand and threw a pill made by himself to the man and said, "thank you."

This man is the ultimate genius of the first Kingdom, Zhong Qixuan!

At this time, Zhong Qixuan's cultivation was promoted so much!

Although Ye Chen's tone is insipid, his feelings are extremely sincere. Zhong Qixuan's ability to make a move is actually a risk. Because of his moves, ye Chen can easily avoid the soldiers in the lower battlefield from being hurt by magic Qi Li.

Zhong Qixuan took the pill, but with a wry smile on his face. Originally, he thought that he had stepped into the present state and the gap between Ye Chen and him should be narrowed down.

But

One blow can kill one's own supernatural realm's peak. When facing Ye Chen, he is like a mole ant, crushing him to death at will

This, where to narrow even a silk gap?

On the contrary, it has expanded countless times!

Zhong Qixuan, completely despair, ye Chen, is not a mortal can compare, even if it is the eternal genius, compare himself with Ye Chen, that is, he can't find happiness

At this time, ye Chen's arrival to Zhong Qixuan was not unexpected. With his powerful spirit, he had already felt Zhong Qixuan's approach. The reason why he delayed the magic Qi's departure so long is also why!

Ironically, magic Qi Li thought he had found the weakness of Ye Chen.

I don't know. I'm in Ye Chen's calculation!The arrival of Zhong Qixuan, ye Chen is not just sensing it. It can be said that the reason why he appears here is completely because of Ye Chen's arrangement!

Not only he, soon, Zhong Qixuan behind, space fluctuations, one after another!

A line of figures, in the sky above the mount Voldemort, have emerged!

Among them, there are many old acquaintances of Ye Chen!

Yuerou of Taiyuan sword school, ouyangxi of xueyuanzong, song Jinyi of the first Shenguo Shenmeng, and so on. Of course, not only are they, but also they bring many disciples and subordinates!

Enough, there are tens of thousands of them, and they are all elites!

Yue Rou and others, looking at the demon army, are dumbfounded, shocked, can't believe

This military force is several times stronger than the most powerful one of the Seven Kingdoms!!!

The first Kingdom, the second wave of demon attack, only a small number, such a number of people, in terms of the first shenuo details, is nothing.

But now, they know that the main reason why they can resist the second wave attack of the demons so easily is that the demons have concentrated their forces on the seventh God kingdom!!!

It should have been the weakest of the seven kingdoms, and it has not been defeated. For the people of the first Kingdom, it is a miracle even more than a miracle!

Even if it was the first Kingdom, it would have been defeated by now, right?

All the people look at Ye Chen. They know that the reason why the seventh kingdom is so tenacious and able to face three million demons for such a long time is because of the existence of this man in front of them!!!

A man who saved the whole world by his own efforts!

Ye Chen, however, had a light look. He nodded at the crowd, and the sword pointed to the battlefield below and said, "everyone, kill!"

With this command, the army, in an instant, towards the battlefield, fighting away!

Among them, rush in the front, the most powerful momentum, nature is Ye Chen!

Many demons on the battlefield, looking at all the supernatural soldiers, are dumbfounded, completely stupid!

Chapter 3328

When he felt the coming of the demons, ye Chen contacted Yue Rou, Ouyang Xi, Zhong Qixuan, song Jinyi, etc!

He had long expected that in the second wave of attack, the magic emperor would concentrate most of his forces on the seventh kingdom. In other words, this would inevitably weaken the offensive against other major kingdoms.

The corner of Ye Chen's mouth raised a sneer. In the past, all the major deities basically fought on their own and had no time to care about the survival of other gods. Presumably, the magic emperor did not expect that the seventh and the first gods would join hands?

He looked at the demon army, his eyes became more and more cold, so many demons, he killed alone, even if the speed is faster, it will take some time, this little time, may cause the death of countless Shenguo soldiers!

But now, with the help of the elites of the first Kingdom, the situation is very different!

As soon as Zhong Qixuan flashed out, he appeared beside long Tianfei, smiling at him, and then his sword came out. Under the joint efforts of the two powerful gods, the attack of dozens of powerful demons was instantly melted!

And when Zhong Qixuan and long Tianfei killed dozens of demons, the battle on the mount Fumo was over.

Ye Chen led the reinforcements of the first Shenguo, instantly reaped the lives of every demon clan present!

At this time, ye Chen stands on the top of Mount Fumo, and his whole body has been dyed purple with the blood of the demons. A ray of sunlight breaks through the lock of the dark clouds and falls on Ye Chen.

Countless soldiers, the strong, looked at the young man standing on the top of the mountain with a look of indifference.

This war, Shenguo Lingwu side, won again! What's more, it's a total victory!

Although, even so, it also sacrificed a part of the people of the kingdom of God, but it is with such a small number that the birth and death of so many individual strength is far stronger than their own side of the overseas demons ah!!!

And all these, the reason why can realize, all because of his existence.

From then on, there was a legend in the seven kingdoms.

A legend about the God of war.

The name of the God of war is Ye Chen.

Ye Chen is in the hall of subduing demons. He sits cross legged. In front of him, he is a long black sword, a Sha sword.

All of a sudden, there was a flash of light and countless purple lights on the shajian, just like the stars in the sky, revolving around Ye Chen!

That, unexpectedly is a purple cloud stone!

Even when ye Chen saw this scene, he couldn't help but see a flash of joy in his eyes. This is more than 80000 Zixiao stones!

At the same time, the quality of the whole demons has also been greatly improved. Therefore, after annihilating the demons, ye Chen has fully harvested more than 80000 Zixiao stones!

Even ye Chen, some can't imagine, will these Zixiao stone thoroughly absorb, what will happen!

But at the moment, ye Chen hesitated

It is risky to absorb so much zixiaoshi at one time

What are the risks?

With so many Zixiao stones, it's possible that ye Chen directly broke through the realm. However, when he was shut down, ye Chen might not be able to guarantee that he would leave the pass in time before the third time of the demons!

At this time, from the evil sword, Xuan Hanyu's voice said: "Ye Chen, absorb it. The devil emperor of foreign demons may be more powerful than you think. Only by breaking through can you ensure the power of World War I!"

Ye Chen hears speech, in the eye essence light a flash, nodded.

Immediately, ye Chen no longer wastes time. Once his eyes are closed, he starts to operate the skill.

It's not far from the time when the third demon invasion and division killing meeting will be held. He should seize every minute and second to enhance his strength!

The devil emperor is by no means an enemy that can be easily dealt with!

A purple cloud stone, like a moth to a fire, is integrated into Ye Chen's body, and ye Chen's breath is also constantly enhancing

.....

Outside the magic palace, a tall and majestic demon clan, is standing in front of the hall, and at this moment, he is the only one standing!

One after another purple figure, no matter how strong or weak the breath, knelt down in front of this demon clan, bow down, and look, extremely respectful!

Outside the whole territory, only the devil emperor can make the rebellious demons bow down!

The appearance of this demon emperor is quite different from that of ordinary demons!

Ordinary demons, are purple skin, and magic emperor, is the whole body blood red!

Not only that, there are a pair of long horns on the top of the devil emperor's head. Behind him, there is a shadow on his back. At the same time, on his shoulder and back, there are root barbs!

This demon emperor, actually is all sorts of demon clan high-level blood, gathers in one body!

One hundred million years, it's rare to see the blood of the emperor!

However, it is not only the blood of the demon emperor, but also the blood color of his body that really makes these extraterritorial demons submit from the heart! Why?

Because, in the legend of the demon clan, that is the only feature that can be possessed only by breaking through the extreme of the extraterritorial demons and becoming the Wuji real devil in the legend!

At the same time, it also means that this demon clan has successfully broken through the supreme realm!

The devil Wutian held his arms in his hands, looked down coldly at the demons in front of him, and said, "a group of rubbish, if the next time, it is still such a defeat, I will kill you with my own hands!"

When the demons heard this, they could not help shaking their bodies!

The devil has no heaven. He always says what he says and does what he says. If he says death, he will surely kill him!

There are few exceptions!

But the demons on the scene, this is all the remaining fighting power of the demons. The remaining demons are either too low in blood, or too poor in realm and poor in strength. They even have no qualification to participate in the war!

But according to the news from those demon soldiers who died before, there are not so many resistance forces led by the Terran Ye Chen?

How to win?

The only way is to completely defeat the Resistance Army and carry out a massacre in the invading kingdom of God!

Therefore, in the next war, they must win, and in a short time, win!

All of a sudden, all of a sudden the purple eyes of blood rush!

At this time, a demon, different from other demons, with pure black eyes and no white eyes, asked the devil wudian, "Your Majesty, when is this attack? How do we distribute our combat power?"

"Wait for the best time! I believe that ye Chen's enemy is not only us. When time is ripe, all of us will attack the seventh kingdom of God with all our strength

When the demons heard this, they were all stunned!

Your majesty, this is to destroy the seventh kingdom of God, will not give up!!!

Why do the demons invade the seven kingdoms at the same time, instead of concentrating on one of them?

This is because we do not give the great kingdom the opportunity to repair the foreign seal!

Chapter 3329

Every time the demons invade, they will be at the junction of the foreign countries and the major deities. The fierce fighting between the two clans here will make the seal outside the territory constantly damaged and hard to repair!

But it's not the same if you focus on attacking the seventh kingdom.

If, during their invasion of the seventh and Lingwu continents, the other several kingdoms completely cut off the contact with the seventh Shenguo, banish the seventh Shenguo and Lingwu continent, and seal the foreign countries, and successfully repair them, then it will be extremely difficult for them to invade the other major theocracies again!

At that time, we had to spend countless time to kill the foreign seal before we had the chance to invade again

Of course, if the great kingdoms really do this, it is tantamount to sacrificing countless living creatures in the seventh kingdom and Lingwu land in exchange for the security of the other major deities

At the moment, there was thunder and lightning in the blood red sky outside the territory. The devil took a look at the sky and yelled: "all roll down, I want to shut up for a while!"

The thousands of demons heard the speech and said in succession: "yes

.....

First, the kingdom of God.

At this time, there are several figures sitting in the main hall of the alliance. These people are the most powerful, guardians and alliance leaders of the major divine kingdoms.

They seem to be discussing something.

Looking at the faces of the people, song Jinyi said: "according to Ye Chen's estimation, the next invasion of the demons is likely to pour all the troops into the seventh kingdom of God."

All the people in the great kingdom of God were stunned when they heard the speech.

After that, Li Mingyan, who replaced Feng Shaoyu and became the most powerful second Shenguo, said with flashing eyes: "brother song, how did ye know about this? He can't know how the demons use their troops, right? Now, everything is about evidence. "

All of them nodded. Yes, ye Chen is powerful. They have heard about it. Can it be strong or not? Can we not predict it?

Song Jinyi said with a smile: "don't you think that the attacks of the demons are too weak and easy to resist?"

All of these powerful deities could not help but look at each other. Indeed, these attacks by the demons were totally different from those reported.

Song Jin Yi said: "this is because the demons concentrated their forces on the attack of the seventh God Kingdom, so they neglected to attack the other six kingdoms."

On hearing this, Li Mingyan sneered contemptuously: "concentrate our troops on the seventh kingdom of God? Brother song, don't be kidding. In that case, the seventh kingdom would have been occupied by the demons?

I know ye Chen is very strong, but fighting against demons is not a one-off fight. The overall strength of the seventh kingdom can not be compared with that of us. How can we survive the concentrated attack of demons? "

Song Jinyi looked at Li Mingyan's eyes and said, "brother Li, do you know what the seventh kingdom was facing in the last demon invasion?"

Hearing the speech, Li Mingyan looked stagnant, shook his head and said, "how can I know?"

Song Jinyi said: "but I know that the last time we went to the seventh kingdom as reinforcements, you must have heard about it..."

He stopped for a moment and said in a deep voice, "the number is dozens or even hundreds of times of ours, and there are three top demon generals in the heaven God realm!"

As soon as song Jinyi's voice fell, the whole hall fell into a dead silence. Even the most powerful of these countries were thrilled by it!

How could that be possible!?

The seventh kingdom of God, even under such a terrible attack, persisted?

I can't believe it!

Song Jinyi said lightly: "indeed, the overall strength of the seventh kingdom is not as good as ours. The battlefield situation is often not controlled by one person, but!"

"There are always exceptions, don't they? Ye Chen is such an exception! He is a man who can turn the whole situation around with his own strength

People, completely dull

This is not the God of war. What is the God of war?

As for song Jinyi's lies?

That's impossible. Song Jinyi is also the Lord of the first Shenguo alliance at any rate. How could he lie about such a thing?

Li Mingyan felt his face lost. He changed the topic and said, "brother song, you have said so much. What's the matter with you calling me to come here this time?"

Song Jinyi said solemnly: "if the third wave of invasion begins, as ye Chen said, none of our countries have been attacked by the demons. I hope that we can lead the elite of all countries to help the seventh kingdom of God and jointly resist the attack of the demons from other countries!"

"What?"

Hearing the speech, Li Mingyan stood up directly and looked at Song and Jin Yi and said: "impossible! Absolutely impossible! If, as you said, the seventh kingdom has been targeted by foreign demons, its destruction is certain. We should take this opportunity to completely banish the seventh kingdom and repair the foreign seal! "

The most powerful of the other deities also said, "yes! Seventh, since the kingdom of God is doomed to perish, why should we be dragged into the water? ""I agree with brother Li."

"This is the life of the seventh kingdom. I'll wait for it, and I'll just die..."

At this time, Zhong Qixuan, who had been silent, burst out laughing and attracted everyone's attention.

Zhong Qixuan looked at these warriors who were standing at the top of each country and said, "every time, the demons invade each big Kingdom, we fight our own way. What are the consequences of this?"

In his voice, with a trace of sadness, he said: "every time, there will be a kingdom of gods, occupied by the demons and exiled by the rest of the countries. Do you know what this means?"

In Zhong Qixuan's eyes, a flash of anger said: "we! This is to sacrifice their own compatriots, in exchange for their own chance to live! Is that your pride as a warrior and your dignity as a warrior? "

All the people present, hearing Zhong Qixuan's yelling, all moved their eyes away and did not dare to look at them.

Zhong Qixuan said coldly: "if this time, the seventh kingdom is lost, what about next time?"

He looked at the supreme warmth of the sixth Kingdom and said, "will it be the sixth kingdom?"

"And then, the fifth Kingdom, the fourth kingdom?"

Zhong Qixuan shook his head and said: "in this way, the extinction of the great gods is only a matter of time. You should know that the reincarnation master has fallen, and we have no one to protect it!

At the same time, you should be glad that we have ye Chen this time against the demons... "

In his eyes, a burst of light burst out and said, "this is perhaps the only time that the kingdom of God can really exterminate the extraterritorial demons, exterminate the demon emperor, and never have the chance to suffer from the future!"

.....

Chapter 3330

The hall of subduing demons.

Suddenly, the whole body breath of Ye Chen who absorbs Zixiao stone is disordered!

"Poof!" A mouthful of red blood directly spit out.

Refining too many Zixiao stones, even he can not bear.

Zixiao stone, even ye Chen, cannot carry too much energy.

At this time, the soul of the sword said, "the Zixiao stone you absorbed before has too much energy in your body, so you can't continue to absorb it now."

Ye Chen Mou son a congeals, nods, will many Zixiao stone to collect.

Suddenly, his eyes fell on the top of the stove not far away.

"At that time, I had planned to refine the great sorrow purple gold bowl. If it had not been for the appearance of demons, it might have ended long ago."

"Today, let's end the unfinished business. Ye Lingtian's strength is good for me."

In the furnace cauldron, the still burning flame mirror light, ye Chen's eyes slightly narrowed, offering a great sorrow purple gold bowl, and throwing it in.

An ancient imperial pill is not enough. Ye Chen plans to refine another weapon and give it to ye Lingtian.

Boom!

Under the infusion of magic power, the dark flame and purple sky cold flame in the furnace cauldron burst out more intense fire light, burning the purple gold bowl of great sorrow continuously, and the six Yang divine fire mirror also madly released a series of bright mirror light, shining on the purple gold bowl.

Ye Chen plans to recast the purple gold bowl and refine it into a gun.

However, the material of Dabei purple gold bowl is much more powerful than the body of the God Emperor. Under the triple burning of Xuanyan, Zixiao cold flame and Liuyang shenhuojian, there is no deformation at all.

"Hongmeng is the most precious treasure. It really deserves its reputation."

Ye Chen nodded, there was no surprise, everything was in his expectation.

"Long Yan Shen pulse, open!"

In the next moment, ye Chen drinks softly, directly opening the pulse of Longyan God.

Hum!

The burning stele is suspended behind Ye Chen's brain.

The flaming rays are constantly released from the burning stele. At last, the sound of "bang" turns into a red fire dragon with incomparable divine steeds.

"Roar!"

The fire dragon roared up to the sky, sending out the sound of shaking the nine clouds. A series of terrible flame breath diffused from the dragon body, and there was a faint samsara mysterious air, rolling constantly.

"Endless reincarnation, flying dragon in the sky, go!"

Ye Chen kneaded the handprint, and the Dragon circled in the air and landed in the furnace cauldron.

Boom!

In the cauldron, the energy of Xuanyan and Zixiao cold flame suddenly surges, and the fire light becomes more intense.

The Dragon flame pulse represents the supreme power of the fire in heaven and earth. When the fire dragon comes into the world, it can greatly enhance the power of all kinds of divine fire.

Under the cover of the fire dragon, Xuanyan and Zixiao cold flame seem to have degenerated. The fire is powerful and majestic, burning the purple gold bowl of great sorrow.

Under the stimulation of Longyan Shenhua pulse, Liuyang Shenhua Jian also breaks out more bright mirror light, which seems to run through everything.

In the fierce fire mirror light burning, Dabe purple gold bowl was burned red, gradually there are signs of melting.

"Reincarnation Xuanqi, open!"

Seeing this, ye Chen's heart was secretly pleased, and once again urged the energy of the Dragon burning divine pulse.

In his meridians, there is a wisp of ancient breath, which is the unique mysterious power of reincarnation blood. It is extremely powerful, extremely fierce, and extremely domineering.

Chuckle!

Under the repression of this samsara force, white smoke was emitted from the purple gold bowl of great sorrow, which gradually melted into a ball of molten iron and steel, suspended in the furnace.

Ye Chen is thinking of the next step, but in his mind, suddenly born out of the enlightenment, the reincarnation road of the previous life, constantly flashed by.

In the palm of his hand, a series of complex samsara patterns appeared again, and the void behind him vaguely emerged a virtual shadow of the circle of samsara.

"This This is... "

Ye Chen bit his teeth and felt a sharp pain in his head.

The reincarnation power of the past life has been reviving, and he even saw the mystery of the six reincarnation methods.

The last time he was in Zhaowu tomb mansion, he almost realized it, but he was interrupted.

This time, the samsara perception reappeared, and even fiercer than the last time!

Ye Chen's brain, almost to tear, very painful.

His whole body blood, also is boiling unceasingly, crazy rolling.

"I am the Lord of reincarnation. I control the heavens and set the boundaries."

"Ah, the heart demon curse sword! Emperor Shitian, you... "

"Ren, I have made up my mind."

"Xuanjiyue, do you dare to kill me?"

"The end of the earth, come and guard it

"I will not fall. When I am reborn, I will kill nine days and sacrifice my sword with your blood!"

One after another ancient voice, constantly sounded in Ye Chen's mind.

The pictures of his previous life emerged like a tide, constantly interweaving and shuttling, tearing his brain into pieces.

Severe pain, all over the body. Ye Chen's eyes are cracked, his eyes are almost bleeding with blood, and his hair is flying. The shadow of the circle of reincarnation behind him gradually becomes real.

Boom!

The huge disk of samsara finally takes shape, and the whole body emits a trace of mighty divine light. The edge of the roulette is slowly turning, as if to wipe out the roads of heaven, the whole universe, all kinds of things, it seems that they are subject to the majesty of reincarnation.

The breath of reincarnation of terror, sent out madly, even caused the terrible vision of heaven and earth.

Earth, mountains and rivers, there are countless ghosts howling, as if afraid of falling into reincarnation.

Above the sky, however, is bright and magnificent. There are countless gods of gold armor, silver armor, talismans, generals, flying generals, beating drums, playing trumpets, percussion gongs, and singing loudly, showing the majestic atmosphere.

In the four corners of the sky, there are more flying flowers and auspicious Qi rolling. There are graceful heavenly maidens who are laughing and dancing in a charming voice. They are full of immortal spirit.

"What's going on?"

"Has the legendary emperor Yiwen been born?"

"Such a big weather, may really be the birth of emperor Yiwen!"

Many people were shocked in the Fumo hall.

This magnificent weather, covering heaven, earth, mountains and rivers, is incomparably vast. They did not find it at all. The source of the weather is in the Fumo hall, and they thought it was outside.

In the kingdom of God, countless forces have also seen this amazing weather.

"The disaster of demons is coming, and the Qi of heaven and earth is moving. It is said that the great emperor Yiwen in ancient times was favored by heaven and earth. He wanted to revive the world and pacify the disaster again."

"Is it that emperor Yiwen caused the present magnificent weather?"

"The great emperor Yiwen was born. I'm afraid it's going to change."

People have guessed that all eyes are directed at emperor Yiwen.

Yiwen emperor, one of the seven ancient deities, has already fallen.

Different from the ordinary emperor, he was a man of both literature and martial arts. In the ancient times, he established morality and speech, educated the barbarians, inherited the sage Road, and established the supreme merit.

Therefore, although he has fallen, the great merit of sage education still exists between heaven and earth, and sooner or later there will be a chance of recovery.
