

## Physician 3361

### Chapter 3361

"Yes, I order you to kill them immediately!"

Xuanyuan moxie yelled angrily, pointing to the Youying ghost weasel and the golden Luan Tianxi.

Hearing this, Jiuyou tiger's heart is shaking. Looking at the Youying ghost weasel and the golden Luan Tianxi, his eyes are filled with killing opportunities.

"Master, it's me. I'm a ghost weasel. Don't you recognize me?"

You Ying ghost weasel yells.

"Master, I'm Jinluan Tianxi. Don't kill me."

Gold Luan day rhinoceros eyes panic, with its simple mind, do not know the current changes.

"Noisy!"

Listening to the two people's quarrel, Jiuyou tiger was provoked ferocity instead. His eyes suddenly turned and turned into two black wheels. There were many gouyu patterns around, and two wisps of black fine awns came out bravely. It was very strange.

"Black prison breaks the sky pupil, kill!"

Nine you tiger roars, the pupil essence light shoots at two people.

At the moment, it's one of the secret techniques of Mengmeng black eye.

"Younger martial brother, be careful!"

You Ying ghost weasel exclaimed and stood up to resist.

Puff!

Its body, instantly by the black pupil essence awn through, the vitality unceasingly elapses.

And the golden Luan heavenly rhinoceros, under its protection, is not injured.

"Elder martial brother!"

Jin Luan Tian was flustered and his body trembled.

"Let's go. Take this magic weapon and my original blood essence back to the Lord! Maybe I'll see you again! "

The Youying ghost weasel shook off her hand and threw the picture of Biluo huangquan and the blood essence on Jin Luan Tianxi. She repeatedly urged: "go, master is confused for a while! The road of the yellow spring is terrible

As soon as he finished speaking, he took a sharp breath, and his vitality was completely broken.

Seeing this, Jinluan Tianxi felt that the sky was falling down. Looking at the fierce eyes of Jiuyou tiger, he felt cool all over his body. He didn't dare to stay, so he turned around and ran away in a hurry.

"Chase it, kill it! Take back my magic weapon

Xuanyuan ink evil to see the situation, a sharp voice to drink.

But Jiuyou tiger, looking at the blood of the Youying ghost weasel, was stunned and lost in his mind. He seemed to think of something.

The memory gradually revived.

"Forget it. Don't chase."

Xuanyuan moxie immediately changed his mouth. He was afraid that Jiuyou tiger would wake up and rebel and leave him.

at that time, he might even die in the mouth of Jiuyou tiger.

Now it can only be confused for a short time.

"Take me back to Chongguang Shenxia palace. I'm too injured and need to rest."

Although the picture of bilaohuangquan is important, it is not as important as his own life. He just wants to recover from the injury as soon as possible.

Jiuyou tiger hesitated for a few seconds, picked up his body, stepped forward, shuttled through the mountains and forests, and went straight to Chongguang Shenxia palace.

Xuanyuan moxie was held in the mouth of the tiger. He looked around and saw that the gate of tiandaogong was almost destroyed. Most of the buildings and landscapes were destroyed in the war. The only one that remained intact was Chongguang Shenxia palace.

"Ye Chen, Mo Xueming, when I recover, I will ask you to pay the price!"

Xuanyuan moxie clenched his teeth, and the foundation of Tiandao palace was almost destroyed. All these were caused by Mo Xueming and ye Chen, and he would not give up easily.

However, his injury is so serious that he needs to be recuperated as soon as possible.

As soon as he returned to Chongguang Shenxia palace, Xuanyuan moxie immediately opened the magic weapon array, completely blocked the mountain gate, and calmed down.

And nine you tiger looks at Xuan Yuan Mo Xie's eyes gradually change.

It's like the memory wakes up.

I don't know why, a tear falls from the pupil.

At the same time, Jin Luan Tianxi rushed back to Ye Chen's side with a picture of blue and yellow spring. His eyes were red and filled with tears, and he called, "Lord, i..."

"Hard work, I know all about it."

Ye Chen touches the head of Jinluan Tianxi. Under the insight of the sky eye, all the pictures are like the lines on the palm, which can be seen clearly.

He knew very well that Jiuyou tiger had been lost for a short time under the huangquan Road, which helped Xuanyuan moxie and Youying ghost weasel was also killed.

But with that drop of original blood essence, it can be reborn again.

"It seems that Xuanyuan ink evil really should not be cut off."

Ye Chen murmured to himself, put away the picture of blue and yellow spring, and looked at the gate of tiandaogong mountain.

A piece of divine light and auspicious Qi, condensed into a large array, firmly sealed off the whole Tiandao palace, Xuanyuan moxie obviously wanted to recuperate.

Ye Chen and his party are also physically and mentally exhausted, so they can't break through the mountain gate again.

"Let's go."

Ye Chen waves his hand and takes them away.

Today's killing meeting is treacherous and treacherous. In the end, even the upper bound and the emperor yuan hall all took action, which was beyond Ye Chen's expectation.

However, Xia Ruoxue and Tianji daoren have both been saved, and they have recovered their magic weapon in the past life. Finally, they are satisfactory. At the moment, they helped each other to leave, but suddenly, there was a sharp wave of sword Qi and the sound of tornado.

See a long butterfly wings, holding a long sword juelie woman, from the sky, it is the heart of Heaven Sword butterfly!

"Well? Is the gate closed? "

Tianxin jiandie looks at the mountain protection Xiacai of Tiandao palace. Her pretty face changes slightly. She waves her long sword and cuts out fiercely.

Bang!

However, her sword edge, cut in the mountain protection array, did not appear much fluctuation.

"It's the breath of Chongguang Shenxia palace! This guy has already refined Chongguang Shenxia palace

Tianxin jiandie's face suddenly changes. Due to the restrictions of the rules, she comes to Tiandao palace and can only exert the strength of the heaven in the holy ancestral realm. She has no way to deal with Chongguang guarding array.

"Damn it, it seems that the reincarnation master has not been exhausted yet."

Tianxin jiandie also thinks that Xuanyuan moxie is the master of reincarnation.

"Well, first catch the guilty woman of Naxia Ruoxue."

Her eyes turned, she caught the breath of Xia Ruoxue in an instant, and she went after her with her sword.

"Tianxin sword butterfly is the guardian spirit of the upper world!"

When ye Chen sees the figure of Tianxin sword butterfly, he immediately shrinks his eyes and holds tightly Xia Ruoxue's hand.

"Xia Ruoxue, fast ambush!"

The heavenly heart sword butterfly scolds, wields the sword to stab out, does not have the slightest fancy, flies in the air to break to kill.

Her sword is fierce. In addition to suppressing Xia Ruoxue, she also wants to kill Ye Chen and his party.

And ye Chen and others, or weak state, in the face of Tianxin sword butterfly attack, suddenly fell into despair.

"Go away, my Lord!"

Jin Luan Tian Xi rushed out and called, "my elder martial brother is dead, and I don't want to live."

It all the way crazy, hard toward the heart of Heaven Sword butterfly hit: "the devil disintegrates Dafa, explosion!"

One after another, the evil Qi continuously rages out from its body, and it explodes wildly and ferments wildly.

The death of the elder martial brother shocked him too much!

Maybe the only thing he can do for elder martial brother is this!

Ye Chen's face changed wildly, but he didn't expect Jin Luan Tian Xi to be so resolute.

"Let's go."

Ji Siqing has recovered a trace of aura at this time. Now he presents a red bird flying cloud hairpin and pinches a handprint. The jade hairpin turns into a flying boat and carries people to the sky.

"Stop!"

Tianxin jian die yells and wants to kill her, but Jinluan Tianxi has rushed to her and directly disintegrates and explodes.

Boom!

The towering huge rhinoceros body, in an instant burst, turned into a towering mushroom cloud, the earth and the earth roared and vibrated, a violent.

In the explosion of the air waves, Tianxin jian die was directly overturned, throat fishy sweet, spit out a mouthful of blood.

Although she has the strength of the holy ancestral realm, but in the self explosion of Jin Luan Tianxi, she is also a bit unable to withstand and is injured immediately.

Chapter 3362

And ye Chen and his party, have been sitting in a jade hairpin flying boat, far away from the heavenly way palace, fly to the demon hall.

The explosion of mushroom cloud, as well as Jin Luan Tianxi's dying roar, is the last scene that people can see and hear.

After the explosion stopped, Tianxin jian die wanted to catch up with her, but the gap of the boundary wall was closing. She had no choice but to return to the upper bound in a gray way.

On the jade hairpin flying boat, ye Chen stands alone on the deck, overlooking the mushroom cloud gradually dispersed in the distance, with deep and dignified eyes.

This killing meeting successfully rescued Tianji Taoist and Xia Ruoxue, and even recaptured the magic weapon of the previous life. It can be said that the harvest is huge.

But the price he paid was not small.

Fortunately, the price is very heavy.

In particular, the Tiandao palace, almost the entire mountain gate was destroyed, the Sirius and the Dragon God died, Xuanyuan moxie was seriously injured and his vitality was greatly damaged. What's more, he was misunderstood by the upper world and the emperor yuan hall, thinking that he was the reincarnation master.

The next time, ye Chen can take a breath, at least, he will not be exposed for the time being.

But this war, let Ye Chen understand, he must be strong as soon as possible!

.....

At the same time, Huaxia.

The top of Mount Tai.

The mountains here are straight into the sky, and there is a aura that practitioners can feel.

The aura is extremely rich.

However, if you feel it carefully, you can find that the aura has extremely strong strength and blood.

Once absorbed too much, it will do great harm to ordinary people and even practitioners.

On a huge stone on the top of the mountain, a little girl sat cross legged. It was very quiet.

Suddenly, the little girl opened her eyes, looked dignified and murmured, "the change of aura is getting bigger and bigger."

"If it goes on like this, I'm afraid something will happen to this land."

"In order to reincarnate, the reincarnation lord left me a piece of reincarnation xuanbei to guard Huaxia, and gave me some inexplicable tasks. I really don't understand why I should stay in this land of lack of aura. The kingdom of God and the upper world are my home."

"How long have I not been home?"

The little girl frowned to express her displeasure.

Suddenly, the little girl noticed something, raised her head, and her eyes fell on a corner.

She shook her head and said, "jinlengyan, are you not afraid of mosquitoes?"

There was a long rustle in the bushes in the corner.

Finally, a woman in camouflage came out of it.

It's the leader of the dragon soul, Jin Lengyan!

Jinlengyan's dragon soul has been tracking the mysterious little girl for more than ten days and nights!

Just one day ago, the dragon soul got the accurate information!

The little girl was on the top of Mount Tai in China and kept a posture for a long time!

Jinlengyan smelled the strangeness and went out in person. It was a man who disguised himself and watched for 25 hours!

She tried to cover all her breath with aura, and even used the shield spirit pill of Kunlun Xudan League!

But it was discovered!

Jin Lengyan looked at the little girl in front of her, took a deep breath and said: "when did you discover me?"

The little girl stretched out her waist and began to say, "twenty five hours, eighteen minutes and twenty-one seconds."

"It's twenty-three seconds."

Jin Lengyan is stunned!

What kind of monster is this little girl?

So precise!

She even determined that the little girl's strength far exceeded her!

Now if the other party wants to erase themselves, it's just a matter of a moment!

"I have another question. How do you know my name?"

This is what Jin Lengyan doubts.

There's never been a meeting!

The little girl stood up and put her hands behind her. After a long time, she turned around and said, "I know from the beginning."

"Remember the auction where you met Ye Chen?"

"I was there."

"But I'm on top of all of you, and none of you practitioners have found it."

"Auction some junk things, like seeing treasure, do you understand this kind of boring?"

"That's one of the reasons I don't like it here."

"There are no challenges."

"It's hard to find anything interesting recently, but you dragon spirit and the old man chasing me every day. It's really annoying."

"Aren't you curious about the reason for the change of aura?"

Jin Lengyan looks serious at the moment when he hears that sentence!

This is something she's worried about recently!

Aura changes. Once something happens, it will affect a huge number!

She must take it seriously!"Hello, I really need to know why. Please let me know."

Jin Lengyan said word by word.

The little girl took a look at the direction of Kunlun Mountain and sighed: "it's just cause and effect. Some people want to destroy something."

"Those who stand at the top of Wudao will choose to strangle the threat in the cradle."

"At that level, you can't be contacted by a little dragon soul captain."

"Only one person can solve this problem."

Although Jin Lengyan had a guess in his heart, he still subconsciously said, "who?"

Little girl Mou son a coagulate, light way: "Ye Chen."

Just when Jin Lengyan is going to ask the next question, the little girl obviously found something again!

The void behind me suddenly tears!

In a flash, the little girl disappeared in front of the golden goose!

The void is closed!

Everything returned to calm.

And just after the little girl disappeared, an old figure appeared again!

This old man is no one else. He is the part of the eternal king who has been staying in China!

Guo Haiyun!

Guo Haiyun felt the empty wave in front of him, some dignified: "let this little girl run!"

"If it was my body that came, maybe it would not be so embarrassed."

With that, Guo Haiyun's eyes fell on the golden goose in a camouflage suit: "what did she say to you?"

As the leader of the dragon soul, Jin Lengyan does not know the identity of the old man, but he also knows that his strength is far from his imagination!

And a year ago, there was a special event in Huaxia, with the help of this old man!

This mysterious old man definitely has the same purpose with her! At least not the enemy!

She arched her hand and said, "master, the little girl told me that the aura has changed, and there is someone pushing behind."

"The other side is not my level to compete with!"

"The only chance is to find Mr. Ye."

Guo Haiyun's eyes narrowed slightly and fell into deep meditation. After a long time, he said, "sure enough, those guys still started here."

"Ye Chen was born in China, and he is the source of this cause and effect."

"If he wants to return to the reincarnation Lord, he still has to be here."

"Some people, I'm afraid, can break through the heaven and destroy everything of Ye Chen."

"If you want to get rid of the bell, you have to tie the bell. Maybe Ye Chen is the only one who breaks the game."

Chapter 3363

One side of the golden goose beautiful eyes are full of doubts.

What reincarnation Lord?

What is the causal source?

What does it have to do with this land?

However, she quickly responded and said seriously, "senior, does that mean that we need to inform Ye Chen immediately?"

Guo Haiyun nodded: "originally, I could have personally brought a message to my real body and let it Tell ye Chen. But considering that I have to deal with xuanbei and special circumstances, I can't use that power any more. I still need you to find a way to solve it."

"That's it. I'm going to look for the little girl."

At the next moment, the old man stepped on his feet and walked in the air!

Finally disappeared in the sight of jinlengyan!

Jin Lengyan shocked, then no longer think, quickly toward the mountain down!

She even took out her walkie talkie in her hand and said faintly: "hold a special meeting to invite all the members of the S-Series and the strong martial arts players!"

There was a long pause on the walkie talkie, and finally he said, "yes! Captain

The other party is very clear, can let Jin Lengyan say this sentence, it represents that the matter has developed to a serious situation!

What is a member of S-Series?

It's the man who has something to do with him!

And that man is Ye Chen naturally!

.....

Kunlun Mountains.

Rich Aura!

An underground building, countless high-tech machines implanted in it!

Not only that, the aura of the earth is even stronger than that of the outside world!

Obviously, this is the result of the combination of technology and martial arts!

In the base, a huge conference hall!

There are many people sitting!

Jin Lengyan stands in the front, with the layout of Kunlun Xuling city on the big screen!

And around the conference table, in addition to some of the rising martial arts masters in China and Kunlun, there are even a few beautiful scenery!

Graceful figure, amazing appearance!

Hua Dan, one of the top stars in China!

This includes Lu Hanshuang, who was once the blood plum hall!

Bai Li Xiong's daughter Bai Li Bing!

Zhu ya, leader of Zhu family in Jiangnan province!

Jin Lengyan pointed to the big screen and said, "senior, it's not convenient for the dragon soul to disclose some things, but it is really necessary for someone to take a risk to go to Lingwu land to look for Mr. Ye."

"You only need to bring one message. The task is not complicated."

"A few years after Mr. Ye left, with the help of the resources left by Mr. Ye, everyone has broken through many realms!"

"Even Mr. Ye's efforts have changed the whole martial arts world and Kunlun Xu!"

"Now the situation is so serious that someone has to take the risk to go there!"

However, at this time, an old man with strong spiritual power fluctuation all over his body said: "Captain Jin, since you don't disclose the specific things."

"And why should we take risks?"

"Last time, ye Lingtian and Sun Yi went to Lingwu land, and there is no news up to now!"

"Is there something wrong with the teleport array of the spirit city?"

"Or did they both fall on the land of Lingwu?"

"In other words, ye Chen hasn't come back for so many years? No information! Will... "

Before the old man's words were finished, Jin Lengyan fiercely patted the table: "Mr. Yuan, you can eat rice at random, and you can't talk nonsense!"

"If you insist on that, get out of this room!"

Jin Lengyan's voice has a trace of chill.

From the day of the collapse of the Jin family, from the moment of joining the dragon spirit.

Her faith is Ye Chen!

And this old man is named Yuanfeng road! Ten years ago, he accidentally broke into a secret place in Kunlun.

Disappeared for ten years.

Then he came back unexpectedly.

The strength can be said to be universal, even surpassing Han Yun.

A year ago, Han Yun and Yuan Fengdao fought, Han Yun was defeated by this man!

Yuan Fengdao's reputation is very high!

Yuan Fengdao is aloof and arrogant. He doesn't belong to the palace of light in Kunlun, but he also has an extremely powerful force!

There is a hidden risk that Kunlun will be controlled.

Even in these years, there is no news of Ye Chen in Huaxia and Kunlun, and the strong in the middle and lower classes of the hall of light are extremely shaken!

Even the high-level people in the hall of light have made the worst plan.

In people's eyes, ye Chen is indeed the most evil, and no one can shake it in China and Kunlun!

But that is Lingwu land!

The level of martial arts and Kunlun virtual gap like a natural moat!

There is also a risk of falling down in the presence of demons!

If ye Chen is still alive, why not bring back a message these years?

Gradually, most of the people in Kunlun Xu lost their faith.

Only part of them are trying to stick to this belief. Jinlengyan is one of them.

At this moment, with the yelling of golden geese, the atmosphere suddenly became dignified.

Jin Lengyan is really a strong man in the younger generation, but if he faces yuan Daofeng, he will die!

"Pa!"

Yuan Daofeng stood up fiercely and his momentum was released!

The chair behind you turns into powder in an instant!

A violent air wave swept through!

This is the ultimate of Kunlun Xuwu road!

Some people with relatively low accomplishments even spilled a trace of blood from the corners of their mouths!

"Jinlengyan, you have a big voice!"

"I come to dragon soul, but sell that face!"

"No one has ever dared me to get out of here!"

"Besides, you should know better than me whether ye Chen is alive or not."

"If your faith really falls! When the blood spirit family comes again, only I yuan Daofeng can protect you

"I won't kill you today, but next time if you dare to use this tone again! I swear, you will die

With that, yuan Daofeng waved his sleeve and left the conference room directly!

Just as he was about to step out of the door of the conference room, yuan Daofeng stopped fiercely and said faintly: "it's time for you to choose next!"

"Choose me or the boy who fell on the land of Lingwu!"

"Is it really important to believe in this thing?"

"Strength is the key to the road of martial arts."

"The aura has begun to change. At the time of life and death, the only one you can rely on in this land is yuan Daofeng."

With that, yuan Daofeng left!

The atmosphere of the whole conference room was extremely strange.

All of a sudden, a middle-aged and burly man stood up. He arched towards the golden goose and chose to leave!

There is the first, there is the second!

Soon, half of the room was gone!

These people are very important in Kunlun and even in China!

Jin Lengyan suppressed the anger in his heart, looked at all the people present, and then said, "it should not have chosen to leave again."

"One thing we all know is that if we want to set foot on the Lingwu continent, we must rely on the transmission array of Kunlun Xuling city."

"But there's something wrong with the transport array."

"The only possibility of temporary activation is to release what ye Chen left behind."

"There's only a five percent success rate. If you fail, it's even worse. You can only send one person, and that person can be torn apart by powerful forces."

"Although I want to find Ye Chen in person, the dragon soul needs me to sit down..."

Chapter 3364

Before Jin Lengyan finished speaking, the three figures stood up.

A full of heroic spirit, wearing a capable horsetail, with a hot figure of beauty, full of people's eyes.

Baili ice.

A firm and murderous eyes, black combat uniform seems to have a cold heart.

Lu Hanshuang.

A caressing and seductive, even with a trace of the noble temperament of the superior!

Juya.

The three stood up without hesitation.

The fate of the three of them has been changed for a long time. In recent years, even though they have tried hard to practice, they always feel that there is something missing in the world.

Or wake up every day.

The reason behind the loss is that the youth is not there.

The three girls looked at each other with a rare smile.

Dimples are like flowers.

Jin Lengyan hesitated for a few seconds, or said: "this time only one person to go, bailibeng, you can not go, your father told me, to ensure your safety."

"Lu Hanshuang, you can't go either. You can also see yuan Daofeng's attitude. The hall of light and the hall of darkness are turbulent. You and your father need to sit down and stabilize people's hearts."

Finally, Jin Lengyan's eyes fell on Zhu Ya's body: "Zhu ya, are you sure you want to try?"

"The teleportation array of the spirit city and the master Duan of the medical God gate can not guarantee that you must prepare for the worst."

Everyone looked at Juya, and they thought the latter would hesitate!

However, Zhu Ya's beautiful eyes were slightly coagulated, and her red lips outlined: "I remember that Mr. Ye said a word to me, which is still fresh in my memory."

"He said that a man must have a purpose and value in his life. At that time, Mr. Ye's aim was revenge, and he realized his own value."

"And I, I am just a small master of Zhu family in Jiangnan province."

"These years, I don't know why, I always dream back to that hot summer in Jiangcheng."

"During that time, I really lived my own value

"Now, what about taking risks for this value?"

Jin Lengyan's beautiful eyes were a little surprised, and finally nodded: "good."

.....

Kunlun Xu, Lingcheng.

The former brilliant spirit city has been in ruins since the appearance of Lin Juelong.

The only energy of the transmission array is also used to transmit Sun Yi and ye Lingtian.

At the moment, the huge teleportation array of the spirit city is full of cracks.

Even faint blood stains, as if to tell the tragic.

A girl stands on top of the teleportation array.

The girl is elegant and refined. She has a gentle air. Under the moonlight, she looks like a crescent moon and a snow tree.

I can't tell you how gentle you are.

Since ye Chen left, Zhu Ya practiced in Kunlun for a year. After that, she began to travel throughout China.

Witnessed a lot of scenery, but also saw the world's various states.

Their own temperament is a kind of sublimation.

At the moment, she looked at everything around her, with a trace of rosy on her white face.

Her heart was pounding.

It was the first time in years that she was excited.

Although it is said that ye Chen has fallen in Lingwu.

But she always believed that ye Chen was still alive!

Not only live, but even have the ability to shake the world!

Even if today's teleportation array has only a 5% chance, Zhu Ya will not regret it!

Jin Lengyan took a look at Zhu ya, and finally said, "Zhu ya, it's too late for you to regret now."

Duan Huai'an on one side also said: "Miss Zhu, when the spirit city was destroyed, the transmission array had long lost its spiritual power, and the failure rate was extremely high. Although looking for ye Chen is also the most important thing, we should think twice."

"If something happens to you, I can't explain it to my disciples."

JUA's eyelashes tremble and breathe deeply.

Then suddenly closed his eyes and said, "I'm ready. Let's go."

Duan Huaian sighs. The next second, he pinches the formula, and a jade pendant is suspended in the air.

A Chinese character is engraved in the jade pendant! Chen!

Ye Chen gave it to Duan Huai'an.

Despite the rise of the medical God gate, ye Chen is very clear that if he has any accident in Lingwu mainland, the medical God gate will eventually decline.

And this jade pendant contains a drop of his blood essence and supernatural power!

Can guard the door of medical God and master at least once!

At the moment, Duan Huaian decided to change this guard for another chance!

"Disciple, I hope we can succeed this time."

The next moment, Duan Huaian shot a gold needle! Like a meteor in the night!

When the gold needle touches the jade pendant, the ultimate energy surges!

The jade pendant explodes in an instant, just like a bright fireworks blooming in the night sky!At the same time, there are cracks in the void above the transmission array!

It's like the whirlpool of a storm!

And the transmission array that has lost its energy has burst into purple light!

Jin Lengyan clenches his fist, and the success or failure lies in one fell swoop.

The scene before us can at least show that this is a success!

At the moment, Zhu Ya is wrapped in a special light!

Just when the light was about to connect with the sky, a dark sword flew out of thin air!

"Who!"

Guard in the corner of Han Yun Mou son a coagulation, quickly toward a direction and go!

"Bang!"

Two forces suddenly collide!

Han Yun, with all his strength, has stepped back ten steps!

And the figure in the dark actually retreated!

People's eyes fell on the black flying sword!

The direction of flying sword is zhuya!

But people want to stop, it is too late!

At the critical moment, Zhu Ya's body completely dissipated!

Along with her dissipation, there is the black sword!

"Master Duan, did you succeed?" Jin Lengyan asked for the first time.

Duan Huaian nodded and shook his head, and finally looked at Han Yun: "old Han, are you injured?"

Han Yun shakes his head, but his face is a little pale, his turbid eyes are full of anger at this moment!

"The whole Kunlun is empty. Few people can have such strength!"

"It must be yuan Daofeng!"

"In the past, I tolerated him. He insulted the temple master many times, and even more, he made the hall of light shake more and more!"

"This time it's a vain attempt to destroy Miss Zhu's transmission! I can't bear it! "

"I will go to him now! Even if I die, I want yuan Daofeng to pay the price! "

Just as Han Yun was ready to leave, Duan Huai'an said, "Mr. Han, if you go now, you are in the trap of yuan Daofeng."

"Ye Chen has been away these years, and he has long coveted Kunlun."

"As one of the hall masters of the Guangming hall, if you attack yuan Daofeng at this time, yuan Daofeng has a reason to make empty moves against Kunlun."

"At that time, not only the threat of aura change has not been lifted, but also the whole Kunlun empty space will fall into the water heat."

Han Yun stopped and his eyes were still angry: "headmaster Duan, what should I do next?"

"The flying sword just now disappeared with Miss Zhu! If Miss Zhu was injured in the current of void, the consequences would be unimaginable! "

Duan Huai'an looked dignified and looked at the empty transmission array. After a long time, he said, "this is only for Miss Zhu's life."

"But Miss Zhu has something to do with my apprentice's fate, so she should not die so young."

"It's just that it's not so smooth to bring news to my disciple."

"The only thing we can do is wait!"

"Once Ye Chen comes back, let alone Yuan Daofeng, it will not shake the land even if the aura changes!"

Chapter 3365

.....

At the same time, in the turbulence of the void.

Zhu Ya only felt as if her body was about to tear.

Her cultivation is really good in China, but now she is going to Lingwu land!

The strength to bear is not what she can imagine!

She tried to open her eyes and see everything around her.

There is a light between them!

Juya knows, just go through that light!

You can find Ye Chen!

She must find Ye Chen!

Although the tearing strength to devour her body, but she still step by step toward the front!

Close to the light!

Such as the man in Jiangnan province who would turn into a dragon once he met the storm!

However, as she tried to get close to the void exit!

A sudden change!

A black flying sword came from behind!

The extreme killing intention even makes Zhu Ya's delicate body tremble!

She can't bear the force!

She didn't even have the qualification to turn back!

Feeling all around, Zhu Ya's firm eyes suddenly dim.

"Can't I even enter the land of Lingwu?"

"Can't I even see Mr. Ye's last face?"

When the flying sword is about to penetrate Zhu Ya's body!

A few ordinary stones in the palm of Juya's hand make a strange and ugly necklace with a ripple!

Then, a golden barrier suddenly flashed on Zhu Ya's body!

The speed of the flying sword was slowed down a lot!

This is the bracelet that ye Chen gave to Zhu ya.

Spirit stone combined with rune, even contains a drop of blood essence.

Although Ye Chen's accomplishments were not too high at that time, the power that this life Rune combined with blood essence can produce is not what ordinary people can fight against!

Even so, the flying sword deflected slightly and penetrated into Zhu Ya's back.

Instant penetration!

If ordinary people were attacked by yuan Daofeng, they would turn into dust in an instant!

But ye Chen's refined Bracelet saved Zhu Ya's life!

Juya's body thus fell on the channel of void turbulence.

White clothes, instant blood.

Like a bud of plum blossom.

Juya's vision gradually blurred, but she was still staring at the light.

She tried to climb towards the end with her hands!

She has never felt so helpless in her life!

But she knew that she had to see ye Chen!

She believes Ye Chen is still alive!

Ye Chen may be the hope of China!

It may also be the biggest reliance to change the current pattern!

"Poof!"

Zhu Ya spat out a mouthful of red blood.

She stopped a meter from the light.

She had no strength.

If you give her enough time, she may be able to recover!

But the surrounding space turbulence is constantly sweeping towards zhuya!

In her state, if touched, it must be mercilessly torn!

Juya's vision is completely blurred.

There was even an illusion.

A young man with his hands behind her in casual clothes stood in front of her.

This sense of familiarity surprised Zhu ya!

"Ye Chen!"

She tried her best to touch the figure!

But after all, everything is a mirror.

The phantom youth spoke.

"Juya, no one dares to move you with me, ye Chen."

"But now, you have to take the last step."

"It was a struggle against the shackles of fate."

"Do you understand?"

Zhu ya a Zheng, immediately that dim eyes unexpectedly appeared a trace of firmness!

She tried to prop herself up and stand up!

This is the support of will!

She took a step!

Towards the light.

All the turbulence in the space behind me dissipates!

And Zhu Ya's body is also swallowed by the light!

Her blood stained and startling body fell from the sky in this way!

such a high distance is definitely a death place for a seriously injured girl.

Fortunately, the location of zhuya transmission happens to be a huge lake.

"Crash!"

Water splashes everywhere!

So Juya's body sank to the bottom of the lake.

Countless sea animals at the bottom of the lake actually swept in this direction!

Life and death are only in a thought!

Zhu ya, however, felt a compulsive sense of suffocation, and her eyes opened!

If there is no suffocation! She can't wake up at all!The next second, she finger pinches Jue, a pill mixed with sea water to feed into the body.

The weak body eased a little bit!

She kept going up to the shore.

In a few minutes.

A wet and delicate body climbed up the Bank of the lake.

Zhu Ya bows and looks at everything in front of her.

Barren, Sha Yi, in addition to rich aura, there is a huge gap between her ideal land of Lingwu!

"This is Lingwu land?"

"How can I find Ye Chen?"

"My injury is so serious, there are rules here, I can't be as comfortable as in Kunlun Xu."

"Well, first heal! If it had not been for ye Chen's amulet, I would have died a long time ago. "

"I'm afraid it's yuan Daofeng! How mean

"If I bring the news, it will be your death!"

When Zhu Ya disappeared in the spirit City, she faintly saw the figure of her hand.

She also watched the battle between Han Yun and Yuan Daofeng!

That aura and the sense of familiarity of power, can not be wrong!

No longer thinking about it, Zhu Ya sat cross legged and began to work the skill.

She must recover as soon as possible!

Otherwise, in this unknown land, may not see ye Chen, fall in the mouth of those monsters!

.....

The palace of emperor yuan.

A quiet place.

A man with white hair, holding a chess piece, is thinking hard.

For a long time, he showed a evil smile and left a son.

And when he dropped a piece, the pieces on the opposite side were all destroyed.

Obviously, he won.

The two fingers of the white haired man held up the pieces in front of him and murmured: "after so many days of research, Chinese chess has finally grasped the essence."

"Interesting, very interesting."

All of a sudden, he raised his head, his eyes fell into the darkness, and said in a cold voice, "what's the matter with Xuan Yuan Mo Xie?"

However, the shadow replied: "the heavenly way palace has been closed, Xuan Yuan Mo Xie hides in it."

White haired man's eyes slightly narrowed: "when does the reincarnation master become this kind of shrinking head turtle?"

The shadow continued: "do you need to use that power to forcibly erase Xuanyuan ink evil?"

The white haired man pondered for a moment and said, "Xuanyuan ink evil is the Lord of reincarnation. Although there are various signs on the surface, I always feel a little strange."

"I know this man. His martial arts seem to have nothing to do with reincarnation."

"Moreover, I know the nature of the reincarnation Lord. His heart is so good that he wants to protect the people of God."

"In that case, you might as well let some of the guys get to the bottom of it."

"How is the war situation of the demons? Have you conquered the kingdom of God

The shadow replied truthfully, "Your Highness, both failed."

The white haired man was stunned, his eyes were bloodstained, and there was a rune flowing in his pupils.

"Give me a reason?"

The shadow continued: "it is said that it is because of a man named Ye Chen."

"According to the survey, this son is from China."

Chapter 3366

"Also, the mysterious man who appeared in the upper world has something to do with it."

The white haired man's eyes coagulated, and suddenly, the pieces in his hands instantly turned into powder.

"They should not have noticed the underground changes in China."

"I don't like the one named Ye Chen. I don't have much patience."

"Tell the cold family and the devil emperor that the kingdom of God must be destroyed. I can't wait so long."

"I hope that he will act as soon as possible."

"Send the strongest men to root it out!"

"By the way, take a look at Xuanyuan moxie's attitude this time!"

The black shadow was stunned. If it was forced to destroy the world ahead of time, it would be a big event to break the rules.

Before he could react, the cold voice sounded again.

"The longer the time goes on, the more unfavorable it will be for us. If we fail again this time, we will not have much use value."

"If the devil emperor is afraid of the rule of extermination, let him, this time, let the inheritor of his amazing demon clan take action."

"Let them go at once, regardless of the consequences!"

"I want to know when Xuanyuan moxie, as the reincarnation master, can endure it!"

.....

Outside, the palace of the devil emperor.

The magic emperor sat at the top of the hall, cross legged.

Suddenly, his eyes open!

"Who are you?"

A faint shadow appeared.

The shadow is covered by the black robe, and you can't see any face!

The devil emperor's face changed slightly, stood up, arched his hands and said, "it's the emperor yuan hall, I don't know..."

Before the magic emperor's words were finished, a low voice came from the shadow under the black robe: "the master of the temple is extremely dissatisfied with your two moves."

"Send your best men to settle the kingdom of God and ye Chen

The demon emperor is stunned!

What happened to this sudden order?

"But it's not the end of the world. Now, will you..."

I was interrupted again before I finished speaking!

"You don't have to do it! Send out the strongest people around you. "

"You should have an answer in mind."

The devil emperor's face changed greatly, but he finally nodded and said, "I will send the most gifted man from the demon."

"His talent is inherited from me, and he is my only heir by blood."

"Just give him another hundred years, enough to surpass my strength."

"I was going to let him join me in the destruction of the kingdom of God."

"I think it's time for him to prove himself."

.....

At the same time, ye Chen and his party returned to the Fumo hall. After the war, everyone felt tired and rested.

Ye Chen receives Xiao Huang to the tomb of samsara and practices in seclusion alone.

Ye Chen sits cross legged in the simple training room. In front of him, there is a picture of an ancient scroll. It is the magic weapon of his previous life, the painting of blue and yellow spring!

He felt that there was a close connection between his blood and the blue and white spring diagram, and there was no need to sacrifice and refine it. The chart of the yellow spring had become his magic weapon of his own life, as if it were a natural organ.

Whoa, whoa!

In this moment, he recovered rapidly, and the state of the whole person quickly recovered to the peak!

"What a powerful breath

Ye Chen is extremely surprised. This picture is worthy of being the number one treasure of Hongmeng. His aura is too strong. A little breath nourishes him, which saves him a lot of trouble in recuperation.

Moreover, under the shock of the chart of the yellow spring, the cause and effect fog of the previous life is opened layer by layer, and ye Chen vaguely sees more secrets.

It turns out that his previous life was nurtured by the sun's essence and the moon, his innocence and his noble spirit. He was born with a picture of blue and Yellow Springs and the six ways of reincarnation. It can be said that he was born according to heaven and was destined to create reincarnation and subdue the existence of the heaven.

Therefore, the chart of the yellow spring is his born magic weapon. He doesn't need sacrifice at all. Now that things are returned to their original owners, he is naturally the master of the chart.

"Go in and have a look."

In the picture of the yellow spring, there is a world of mountains and rivers, mountains, mountains, sky and earth, and waterfalls. Ye Chen immediately shakes his body and enters the world of the yellow spring map.

This world is a good place to practice. The most striking thing is a long river flowing in the distance. The river is surging, the sound is deafening, and a trace of ancient yellow light is constantly diffused out.

"Is this the huangquan river?"

As soon as ye Chen's eyes brightened, he went to the riverside, only to feel that the aura of huangquan river was very strong. It seemed that he could wash away all the karma and several sins.

"Up

He raised his hand and tried to mobilize the power of the huangquan river. However, he was surprised to find that every drop of water in the yellow spring was heavier than the meteorite of the planet. With his strength, he could not mobilize it."A drop of water is even heavier than ten thousand tons of meteorite?"

Ye Chen step back, full of surprise, only feel fantastic.

It's no wonder that Mo Xueming was hit by the water of the yellow spring and was injured instantly. Such a heavy drop of water can crush a person by weight alone.

And Xuanyuan ink evil, but can summon a long river of yellow spring water, we can imagine how terrible his strength is.

At least now ye Chen can't even use a drop of yellow spring water. The gap between Ye Chen and Xuanyuan moxie is that one is a drop of dew and the other is the Yangtze River.

In particular, Xuanyuan moxie cultivates Xingdi Haoran Qi. With the star sky Dafa on his body, his power is even more powerful and terrifying. He is already infinitely close to the upper world, and is not comparable to Ye Chen.

"I want to practice as soon as possible and become stronger as soon as possible!"

Ye Chen clenched his fist. The war also made him feel a lot. He just wanted to practice and become stronger as soon as possible to prepare for the coming Holocaust.

With the painting of blue and blue, his blood and breath in his previous life will be greatly revived, and his cultivation will be much simpler, and he will soon be promoted.

At present, ye Chen is sitting cross legged and practicing silently in the world of the yellow spring map. The aura here is stronger than that of the outside world, and the gain from practicing here is greater than that of the outside world.

A trace of aura is constantly gathering on Ye Chen. During his practice, ye Chen suddenly feels a change in the tomb of samsara. When he looks at it, he sees three stone tablets, which are constantly shaking.

"New big energy is coming out?"

Ye Chen's eyes widened, listening to the "boom" sound, three stone tablets shake violently, three majestic figures, flying from the reincarnation cemetery.

These three figures, one carrying a long sword, one surrounded by runes, one with a strong air, all of which are magnificent and powerful.

"Huangquan sword ancestor, huangquan skill ancestor, huangquan Daozu!"

Ye Chenyi sees these three people, and under the insight of the sky eye, layers of causal fog open, and instantly glimpse the identity of the three people.

It turns out that these three great powers, namely, the sword ancestor of huangquan, the martial ancestor of huangquan, and the Taoist ancestor of huangquan, are collectively called the "three ancestors of huangquan". They were born in the kingdom of God, preached Taoism, drank the water of the yellow spring, and cultivated the way of the yellow spring. Before they were trapped, they were all in the middle of the holy ancestral realm. They were very strong. They were the masters of swordsmanship, martial arts and Taoism. In ancient times, they also made great achievements.

Chapter 3367

"This This is a picture of the blue and the dead! It's a picture of the old and the blue! "

"Holy river of huangquan, holy river of huangquan is in front of us!"

"Ha ha ha, heaven never stops me. With this holy river of the yellow spring, it's easy for our three brothers to change their lives against the heaven."

As soon as the three great powers appeared, they looked at the huangquan River, showing a look of ecstasy and blazing. They completely ignored Ye Chen, and flew toward the huangquan river.

Under Ye Chen's insight, nature has seen many causes and effects.

It turns out that in his previous life, in order to subdue the heaven, he opened up the huangquan River and canal in many sinful places to wash away evil spirits and evil spirits and establish his own rule.

There are countless practitioners who rely on the water of the yellow spring for a living. These three ancestors of the yellow spring are the outstanding ones who absorbed the energy of the huangquan River and broke through against the heaven.

This time, when they saw the source of the yellow spring water, they were so excited that they flew away.

However, when they approached the huangquan River, a terrible light of prohibition suddenly lit up and killed the three people.

"Not good!"

The three men's faces changed greatly, and they retreated in a hurry. The forbidden essence ran through the void and hit a mountain in the distance, which destroyed the whole mountain immediately.

It turns out that only Ye Chen can use the holy river of Huangquan, and outsiders can't use it. Once close to it, the prohibition of Huangquan will break out automatically to protect the purity of Huangquan water.

"Three elders, are you ok?"

Ye Chen stands up and feels the breath of the three ancestors of Huangquan, which is very powerful. They are all in the middle of the holy ancestral realm. If the three people join hands, they will be able to fight against Xuanyuan ink evil one or two.

If these three great powers recover as early as possible, Ye Chen will not be so embarrassed in the battle of division killing Congress.

However, if it was not for the recapture of the picture of blue and yellow spring, and with the breath of the Yellow Spring River, the three great powers would not have recovered.

"Boy, you are..."

"Reincarnation of the Lord of reincarnation?"

"Why is cultivation so weak?"

Looking at Ye Chen, the three ancestors of Huangquan knew that Ye Chen was the master of this place and the reincarnation of the Lord of reincarnation.

In ancient times, they relied on the water of the netherworld to cultivate and treat the reincarnation Lord as respectful as the people in heaven.

But now, when they see Ye Chen's accomplishments, they only have six layers of chaos. They suddenly frown. They can't imagine that the reincarnation master who once dominated the heaven and earth in the past has fallen to this level.

"The junior martial arts are so low that the three elders are laughing at me."

Ye Chen smiles bitterly. His cultivation level is really too low. Now he just wants to become stronger as soon as possible.

"Well, I have a premonition that the doomsday will come. At that time, your cultivation will not be enough. At that time, we will still ask the three of us to help."

Huang Quan Daozu pinched his fingers and immediately saw the cause and effect of the great calamity. He was proficient in Taoism, but his deduction method was quite powerful.

"Boy, untie the prohibition of the holy river of huangquan and let our brothers practice."

They drink the water of the netherworld and cultivate the way of the netherworld. If they can step into the holy river of huangquan to practice, they will definitely advance by leaps and bounds.

"I'm sorry, three elders, but I can't get rid of the prohibition."

Ye Chen laughs bitterly and shakes his head. Although he is the master of the painting, his own cultivation level is not enough, and he can not use the power of the diagram at all. Naturally, the prohibition of the holy river of huangquan cannot be opened.

It is estimated that he will not be able to use the blue and yellow spring map until the heaven God realm. Before this, he can not even get a drop of yellow spring water, let alone open the prohibition.

"You can't even break the ban?"

The third ancestor of huangquan glared, but he was a little surprised, and his tone could not help but take a trace of disdain.

"It seems that the reincarnation master who once traversed the world has fallen completely today."

"Well, the three of us are following you. I'm afraid our future is not bright."

"Well, you do it yourself. We're going. Don't call us out until you have enough strength to open the prohibition of the holy river of the yellow spring!"

The words of the three great powers, full of the taste of hating iron but not steel, return to the samsara cemetery one after another.

"Wait!"

However, Da Neng, who is called Huangquan Jianzu, suddenly turns around and stares at the evil sword on Ye Chen's waist.

"Eh, this sword..."

Huangquan Jianzu opened his eyes and said, "boy, lend me a look."

Hearing this, Ye Chen hesitated for a few seconds, but he untied the evil sword and handed it to Huangquan Jianzu.

Huangquan sword ancestor bent his finger and flicked it on the body of the sword. A burst of Qingyue sword chant was immediately sent out, inspiring people's soul.

"You are a legendary sword! Although the product level can't be seen through, it is somewhat like the supreme source soldier... "

Huangquan sword ancestor stroked the body of the sword, showing surprise.

"Supreme source soldiers? Master, what is the supreme source soldier

Ye Chen is puzzled.

Huangquan sword ancestor said: "Yuanbing is a weapon cast by Yuanshu. It has the power to kill heaven and earth. It is only for fighting. According to its quality, it can be divided into small source soldiers, big source soldiers and supreme source soldiers. However, your sword contains the supreme source gas. Unfortunately, the sword source is damaged and its quality is greatly reduced. It seems that there are restraint shackles. Its power is far less than when it was at its peak." "Source soldiers, weapons cast by source techniques!"

Ye Chen heart a shock, immediately saw a lot of cause and effect.

The original soldiers are the most powerful weapons in the world.

Different from the Trident Hongmeng treasure, Hongmeng treasure is a magic weapon made by heaven and earth. However, the original weapon is not a magic weapon, but a pure weapon. It is born only for fighting. Once it is cast, it is doomed to destroy the world and destroy everything. It represents the ultimate martial arts and fighting spirit.

It can be said that the original soldiers are pure existence. They only have the intention of fighting and are only used to kill people. They are not as colorful as the Trident Hongmeng treasure.

However, ye Chen did not expect that his evil sword was actually the legendary supreme source soldier. It was specially made for killing and cutting. Unfortunately, the damage was so serious that it could not exert its peak power.

The words of Huangquan sword ancestor let Ye Chen break through the dense fog and see many mysteries of ultimate cultivation.

Among the three, Yuanshu, Yuanbing and Yuandan, Yuandan has the lowest value. Because pills are foreign objects, they can only gain assistance and can't shake the root. The top experts all climb out of the sea of corpses and blood, and they don't pile them up with pills.

But the source skill and the source soldier, is extremely precious, one main inside, one outside.

Source skill is the foundation of internal skill, and source soldier is external killing.

The source skill is the body, and the source soldier is the use.

Only Hongmeng is the most precious treasure. If there is no source soldiers, the cutting spirit is not enough, and it is difficult to suppress the world's morale.

In the previous life, ye Chen suffered from the loss of the original soldiers. He did not have enough powerful source soldiers on hand. He could not keep the reincarnation foundation, and was finally killed by xuanjiyue.

But without the protection of the original soldiers, his hands have no sharp tools, and his sharp edge will naturally decline and fall.

This is why it is easy to fight and hard to defend.

However, in this life, he is an active soldier, and he is still the supreme source soldier. Once he recovers his edge, he will never repeat the tragedy of his previous life!

Chapter 3368

"Boy, I'm just guessing. Maybe even this sword may surpass the original soldier. By the way, I want to integrate into the evil sword to testify the truth and become the soul of the evil sword. What do you think?"

Huangquan sword ancestor showed his burning eyes. This evil sword is the supreme source of soldiers. Once the edge is restored, he can also gain great merits as a sword soul, which has unimaginable benefits.

"Master, this..."

I've asked for the sword, but xuanchen has already asked for it.

He immediately shook his head and said, "I'm sorry, master, there is already a soul in this sword. Please forgive me for not agreeing."

"Who is the soul of the sword? Tell her to come out, and I'll have a competition with her to see who is powerful!"

Huang Quan Jianzu blows his nose and stares, and looks unconvinced.

This day's big chance, placed in front of him, he did not want to miss.

As long as he becomes the soul of the evil sword and the source of the sword is restored in the future, he does not know how much good it will be.

"Master, as I said, this sword already has its soul. Please don't make it difficult for me to do it."

Ye Chen's face sank, but his eyes were resolute.

The sword ancestor of huangquan was awe stricken, but he saw the sharp edge of the reincarnation master of the past life. He did not dare to speak any more. He returned the evil sword to Ye Chen and said, "forget it, I won't argue with you. When you are strong enough to open the prohibition of the Holy River in huangquan, please call us out again!"

After that, the sword ancestor of huangquan also returned to the reincarnation cemetery.

Ye Chen's eyes were dignified and thought, "these three are very capable and eccentric. In case of danger in the future, it is not easy to ask them to help me."

Listening to the tone of the three ancestors of huangquan, it is obvious that they disdain Ye Chen's cultivation. If ye Chen is not able to open the prohibition of the Holy River in huangquan, they are not even willing to move their hands.

"It seems that we should break through the cultivation as soon as possible."

Ye Chen calmed his mind and immediately sat down on his knees and continued to practice.

He took out some elixirs from the samsara cemetery and threw them into the holy river of huangquan.

Whoa, whoa, whoa.

The holy river of huangquan was turbulent, and the water flowed continuously, and the impurities of several pills were completely eliminated.

Huangquan water has the supreme power of purification. It can clean all evils and dirt. Throwing pills into the holy river of huangquan can purify all impurities and greatly improve the quality of pills.

According to Ye Chen's current cultivation, although he can't take out a drop of yellow spring water, it's OK to wash the pills with water.

At present, he took out the elixir which had been washed by the yellow spring water. He saw that the surface of the pill was full of precious light and aura, and its quality was obviously greatly improved.

"It's good. It works."

Ye Chen nodded with satisfaction and immediately took the elixir to assist in cultivation.

In this killing meeting, Xuanyuan moxie and Mo Xueming, two masters, played dark and dark. Ye Chen saw the peak battle, and he also had a lot of feelings.

The picture of the battle at the peak is recalled in Ye Chen's mind.

A trace of aura, mixed with the smell of pills, flowed in his channels.

There is also the aura of the blue and yellow spring, which also touches the breath of his blood in the past.

But at the moment, he did not know that the Fumo mountain outside was going to change!

.....

Half an hour later, Mount Voldemort.

In the clear sky, the clouds were dark and the wind was blowing. Countless warriors and demons were looking at the suddenly changed sky. They understood what it meant

The invasion of extraterritorial demons, even once again!

How could that be possible!

How long is the interval?

Did the disaster of extermination come ahead of time?

The great victory of the last battle should have made their morale high and their fighting spirit bear. But at this time, in everyone's eyes, they were extremely depressed!

Why?

Because, this time, the legendary foreign magic emperor is likely to come!

At the peak of Fumo mountain, Qingdi, longtianfei, yuzhenzi and others are standing here. Their looks are even more dignified than the countless soldiers!

Ye Chen, up to now, has not been out of the customs!

However, extraterritorial demons have come

At this time, a black warship, tearing up the space, appeared above the mount Voldemort.

This extremely huge warship will almost cover the whole sky, and the huge shadow will almost cover the whole mount Voldemort!

But, this is not the most amazing.

The most amazing thing is that on the warship, there is a huge evil spirit. The fierce evil spirit spreads in all directions like the sea wave. In an instant, countless warriors of the seventh kingdom, even those of the spirit and martial arts, are stagnant all over their bodies!

That boundless evil spirit actually submerged the seventh kingdom and the land of Lingwu!

It's just incredible!The soldiers on the mount Voldemort are unbelievable. You know, the strength of the evil spirit is almost equal to the strength of the demon army!

Even if it is the second wave of attack, the evil spirit sent out by the demon army can not be compared with this one. It can be imagined how terrible the demons in the third wave attack are!

At this time, a blood red figure, reflected in the eyes of all!

That is not the most terrible devil emperor in the legend, but it is the son of the devil emperor, Mo Lingchuan!

The first day of demons!

If the kingdom of God is occupied by demons, the demon Lingchuan is the possessor! Master!

In recent years, Mo Lingchuan seldom appears and cultivates with one heart!

How did the devil emperor and the devil Wutian send him out!

No one doubts his identity!

Why?

Because, all people, at the moment of seeing the magic Lingchuan, they can't help but feel a tremor!

Even those soldiers who have survived two bloody battles and are extremely resolute in mind and exude a sense of killing all over their bodies have a feeling of near collapse after just a look at this evil Lingchuan!

They one by one, eyes turbulence, unable to breathe, blood coagulation!

Originally, they thought that ye Chen was the most powerful in the world and the limit of power

However, when they saw Mo Lingchuan, they had an idea that even ye Chen couldn't fight against it at all!

The son of the foreign devil emperor is a gifted one. It's terrible!

Malingchuan coldly overlooks the army of Terrans, demon clans and sea people, and looks at their extremely ugly looks. His mouth is filled with a smile of disdain.

With these mole ants, also dare to resist the invasion of my demon clan?

Mo Lingchuan flashed a bloody look in his eyes. He sneered at the soldiers and said, "such a number of garbage Terrans, as the first meal of our invasion, can be called rich."

"I really don't understand why my father asked me to leave the customs ahead of time and deal with you rubbish."

When people heard this, they couldn't help changing their faces!

The seventh kingdom and the land of Lingwu, so many warriors, in the eyes of the extraterritorial demons, are just food?

Chapter 3369

In the face of such insults from malingchuan, the soldiers were furious in their eyes, but

But no one dares to retort!

They are not afraid of death, but even so, in front of Mo Lingchuan, they still can't open their mouths!

Mo Lingchuan, just standing in the air, has already exerted such a strong influence on the people. The hearts of the people on Fumo mountain can't help sinking to the bottom

Seeing the public's reaction, malingchuan was more sarcastic. At the same time, his eyes flashed with disappointment.

Originally, when he came out of the pass, he knew that the demon army had failed in two invasions. He also had some interest in the seventh kingdom.

After all, the demons are all fighting maniacs, eager to defeat the strong, and as the son of the demon emperor, malingchuan is even more so.

But now, in his view, the armies of the seventh kingdom are nothing but a bunch of rubbish.

He suddenly flashed his eyes and said, "your faith is called Ye Chen? My highness is very curious to be able to lead you this group of rubbish to defeat my demon clan. Now, call ye Chen to come out to see me! "

As soon as morlingchuan's voice fell, the whole mountain range was quiet.

Everyone looked at the green emperor and others on the top of the mountain.

Not only malingchuan, the countless soldiers are also looking forward to the appearance of Ye Chen!

At this time, however, they were full of dignified color.

Situ Xin frowned: "how to do?"

They all know that ye Chen is the key to this battle. If their disturbance affects Ye Chen's seclusion, it may bring a devastating blow

After hearing the speech, the Qing emperor thought for a moment, and then a certain color flashed in his eyes, and he said in a coagulative voice: "we can't wait any longer. This son of the devil emperor is too strong. We can't be his opponent at all! Even, even a stick of incense time, can not support!

Now, go and ask Ye Chen to go out! Otherwise, after a stick of incense, our army will be defeated! "

Situ Xin nodded and disappeared from the spot.

The soldiers on the mount Fumo were all slightly relieved. They knew that situ Xin was going to wake Ye Chen to join the war.

In people's eyes, there is a shining light. As long as ye Chen is there, there is hope!

For a time, countless people are staring at the top of Mount Fumo, looking forward to seeing the familiar figure of the man!

However, a moment later, situ Xin was the only one who reappeared at the top of the mountain

Green emperor and others slightly a Leng, asked: "Ye Chen?"

"Ye Chen Not in the room... "

Not in the room?

These four words, for the Qing emperor and others, is nothing more than a bolt from the blue!

Ye Chen Not in the room?

In their hearts, they thought coldly, did ye Chen feel that the son of the demon emperor was too powerful, so he left ahead of time?

Although, they do not want to believe, but the fact seems to be so!

Otherwise, the war is coming, where can ye Chen go? What's more important than stopping the invasion of demons?

Not only they, but also the countless soldiers of Fumo mountain, after seeing situ Xin return alone, their faces changed greatly. In many people's eyes, they were burning with anger. Even though they had great respect and believed in Ye Chen, they could not help doubting

Ye Chen really ran away!

In the sky, Malingchuan looked at the faces of the people and couldn't help laughing, and said with extreme irony: "What? Not coming out? It seems that Ye Chen, who has been passed on as a supernatural being, is a coward fleeing from the battlefield? I guess I've been scared by my highness, right?"

However, this is very clever, because facing his highness directly, he will surely die. Only by escaping can he have a chance to survive, right?"

What Mo Lingchuan said was like a heavy hammer, which hit the hearts of all the people. The momentum of the army of Fumo Mountain suddenly fell to the bottom of the valley!

There was a sinister look in Mo Lingchuan's eyes. He said so much in order to attack the people in Fumo Mountain. Although these people are just mole ants in his eyes, they can easily kill them. Why not?

Just a few more words.

With a big wave of his hand, he roared at the countless elite demons behind him: "Kill! Kill me

"I should give my father a gift when I go out of the customs!"

The deafening shouts of killing were heard from the warships, and purple figures, like purple clouds blocking the sky and the sun, were rushing towards the Fumo Mountain!

Originally, the soldiers of Fumo Mountain who were still burning with fighting spirit in their eyes, at the moment, their faces were gray. In their eyes, only the color of despair was left. Without Ye Chen, none of these soldiers could defeat the demons. How could they not despair?

Even, they stood sluggishly, facing the charge of the demons, they all planned to give up resistance.

Just at this moment, a violent drink blew up on the mount Voldemort!"Let's go

On the mountain of five elements, the five colors of light shine and turn into a big array, covering countless demons. The extraterritorial demons, originally coming at a high speed, seem to be stuck in a quagmire.

The crowd looked in the direction of the sound, and saw a man in a green robe standing in the air.

It's the Qing emperor!

The Qing emperor took a deep breath and drank to the people's Congress: "there is an order in the army, I will fight to the death!"

He knows that ye Chen is not here, and his responsibility is to stabilize the morale of the army!

As soon as the eight characters appeared, all the people on the mount Fumo were very pale!

Military order!

For soldiers, military orders have more weight than life or even personal thoughts!

A command in the army, then let the original, almost give up the people, can not help but concentrate!

And the reason why the orders of the Fumo hall can have such weight is because ye Chen's position in the hearts of all!

After all, the only one who can issue military orders is his own belief, that is Ye Chen!

Did ye Chen not escape?

The Qing emperor said in a deep voice: "Ye Chen, now we are in the critical moment of closing down. We have only one thing to do, insist! Keep going, we can't lose before ye Chen goes out of the pass!!! Kill me

He suddenly, with a smile on his face, said, "Ye Chen, we have never been disappointed, have we?"

All the people on Fumo mountain were shocked when they heard the words!

Yeah!

Ye Chen, what time did you disappoint them?

This is a man who fought until the oil ran out and the lamp ran out and refused to leave the battlefield

This is a man who has changed the whole situation of the war with his own strength

This is a man who saved Lingwu and the kingdom of God, hundreds of millions of creatures!

If not ye Chen, all the people present would have died already?

So, what reason do they have to suspect Ye Chen?

Chapter 3370

From the beginning to the end, all they can do is to believe in Ye Chen!

Sometimes, a sentence, a simple sentence, indeed, can change a lot!

On the faces of countless soldiers, there is a decisive color, staring at the demons in front of them!

An astonishing momentum burst out of the innumerable people!

Even the ferocious demons, under the impact of this power, can not help but look at the lower races which they regard as food.

Mo Lingchuan's eyes narrowed slightly, which was a kind of momentum of death!

"Kill

On the Fumo mountain, suddenly resounding through the sky, one by one soldiers, just like the incarnation of hell Shura, almost crazy, do not want to die in the direction of countless foreign demons, rushed away!

Their life was given by Ye Chen. Now, it is time for them to repay Ye Chen!

In all people's minds, there is only one idea, even if it is death, we should hold on to the moment when ye Chen appears!

This is their mission!

Can be at this time, the air of magic Lingchuan mouth is raised a twisted smile, blood eyes, is endless contempt!

As if, watching a group of ants, in the boiling hot water meaningless struggle in general!

The next moment, a very terrible pressure burst out of malingchuan in an instant!

Under this pressure, the emptiness of morlingchuan's whole body is broken in an instant, and the whole world is colored by it. At this moment, malingchuan seems to become the center of the world. In a moment, he can dominate the life and death of all things!

At the same time, there are also the five elements subduing demons array!

With a loud bang, the five elements Fu Mo mountain, unexpectedly, began to collapse under the pressure of malingchuan, and the Fu demon array broke down in response to the sound!

Countless soldiers of Fumo mountain are in a state of horror!

The pressure, like the swamp of death, will drag their body and mind into it!

What kind of terror is this?

People's spirits tend to burst!

They can't see through the strength of malingchuan, but even the weakest warrior can feel the gap between morlingchuan and those demons in the heaven God realm before!!!

That is a kind of essential gap, what insist, what die, in front of this red shadow, have become a joke!

The son of the devil emperor, he was at least one of the early days of the holy ancestral realm!

The peak of the heaven and God realm is equivalent to the legend in the hearts of these soldiers. However, there is an existence beyond the legend. How can we fight?

It's like a nest of ants facing a modern armed Army

Basically, there is no comparability

Don't mention these soldiers. Even Qingdi, long Tianfei, and even yuzhenzi are all in despair

Now, even if ye Chen returns, they don't have any chance, right?

Useless!

In the face of absolute strength, everything is useless!

"Puff, puff, puff, puff, puff, puff, puff!"

Countless martial artists, who spurt blood from their mouths and fly upside down, even melt into the blood mist to dissipate under the pressure of the holy ancestral land of malingchuan. The best is the bloody mouth, pale face

The battle, has not really started, malingchuan just rely on the pressure, will eliminate countless demon hall soldiers!

This time, originally some of the demons who were awed by the people's resolute momentum, all laughed!

A ferocious smile!

This battle is not a massacre. What is it?

Estimated a few breaths, the demon clan will be able to these remnant soldiers defeated, swallow up?

For a while, on the Fumo mountain, there were endless screams, countless deaths and injuries, countless warriors, demon families and sea people. In a flash, half of them were damaged

All the soldiers of the demon subduing hall are like walking corpses. It's over, the land of Lingwu is over, the kingdom of God is over, it's over

Before the doomsday came, the end came ahead of time.

You don't need the magic emperor!

One son of the devil is enough!

At this time, where is the heavenly palace that controls the kingdom of God?

Where is Xuanyuan ink evil?

Not at all!

The kingdom of God is over!

The green emperor was covered with blood. In vain, he danced his sword, whistling, and several magic weapons and long guns penetrated his body. He was a demon family in the heaven God realm, with a greedy face and a big mouth. He was about to swallow the green emperor!

Not only the Qing emperor, but also Tu Lan Xin.

Tu Lanxin is now a warrior in the later period of the heaven God realm. However, in such a tragic battlefield, he is still very difficult to protect himself!

At this time, Tu Lanxin's pretty face was pale, and his waist and abdomen were red with blood. He was biting his teeth to resist the siege of several demons. Every time he made a move, he was extremely dangerous. He walked on the edge of life and death. At the same time, on his delicate body, blood flowers were blooming, which constantly added to the ferocious wounds and his bloody face was extremely sad and beautiful. This is the result of long Xiyuan's constant help. Without her, I'm afraid Tu Lanxin would have been unable to hold on.

But Chu Ying, Sun Yi, Yin Ming and other women are all injured

They are all looking forward to Ye Chen's return, but until this time, ye Chen still did not appear

All of a sudden, there was a loud noise, and the world was in turmoil!

Manic energy, sweeping all directions, tearing up the surrounding extraterritorial demons, countless demons screamed back, but it's too late!

In that terrible energy tear, one after another into pieces!

Among them, there are even several top demons in the heaven God realm, and a demon clan in the half step holy ancestral realm!

All of them were shocked. They knew that someone had blown himself up!

But who blew himself up with such power?

"Dad All of a sudden, a woman's cry sounded, crying voice, with incomparable grief!

That's long Xiyuan's voice

The one who just blew himself up is the Lord of the sea god City, long Tianfei!

As one of the most powerful beings on the field, long Tianfei naturally became the target of numerous demons. In a flash, he was forced into a desperate situation. His only choice was to explode himself

For a moment, the whole battle field of Fumo mountain was filled with an extremely desolate atmosphere

Facing the huge mouth, the Qing emperor looked up at the sky and murmured, "is this the destiny?"

The destruction of the kingdom of God and Lingwu is almost a foregone conclusion

The fall of the reincarnation Lord is doomed to no one to guard this land.

When the reincarnation Lord was there, the status of the kingdom of God even kept pace with the upper world! No one can shake it!

And the disappearance of the reincarnation Lord! The kingdom of God is doomed!

The persistence of this period of time is just a drag!

If there is no reincarnation, there will be no kingdom! There is no land of Lingwu!

At this moment, it's like time and space!

In the kingdom of gods, the pillars connecting the upper world burst out suddenly, forming a huge and incomparable column of light, which went into the sky!
