

## Physician 341

### Chapter 341

The threat from the woman on the other end of the phone was freezing.

It's as if Xiang Chengdong of the drug alliance is not in the eye at all.

Then, without waiting for anyone to react, he hung up the phone directly, leaving only Ye Chen and Xiang Chengdong looking at each other.

"Mr. Ye, the back of the ghost prison is not as simple as you think. To be exact, it does not belong to the martial arts circle of China. This is the reason why I advise you not to break into it."

"You also heard the tone of the other party just now. Although the medicine alliance has some strength in the Chinese martial arts circle, it is nothing in the eyes of the other party."

Ye Chen ignored Xiang Chengdong, opened the door directly and got out of the car: "at 12 o'clock the day after tomorrow, Yunhe lake, north of Beijing Normal University, I'm waiting for this day!"

Xiang Chengdong looks at Ye Chen's far away figure through the window, and remembers the picture in danfang.

It's a terrible thing.

Although the ghost prison is powerful and mysterious, Mr. Ye is not weak either.

If the day after tomorrow can break out in the Dan room strength and momentum, eat shriveled may be ghost prison.

"President, do you want to drive?"

Xiang Chengdong thought for a moment, his eyes narrowed slightly, and suddenly said, "well, I'll get off and walk back to the hotel. It's not far away. You'll guard at the door these days. If Mr. Ye needs a car, you should pay attention to it. Remember, don't offend Mr. Ye."

"Yes." The driver nodded. He took a look at Xiang Chengdong in the rearview mirror.

It is the first time that he has been following Xiang Chengdong for so many years that he is so afraid of others.

The key is still such a young man.

Soon, Xiang Chengdong got out of the car and disappeared in Beijing Normal University.

.....

Ye Chen returned to the teacher's apartment, just ready to practice, a knock on the door rang.

He frowned, got up to open the door, and found Wei Ying standing outside.

Wei Ying changed clothes, chiffon dress like a lady, a long and elegant curly hair draped over her shoulders. Her eyes were shining with eyes, which made men crazy.

He really didn't understand what Wei Ying did when she changed into this dress at home.

"Something?"

Ye Chen light way.

Wei Ying chuckled, raised her mobile phone in her hand and said, "Professor Ye, several teachers and professors in our school spontaneously organized a welcome ceremony. You are welcome to join the big family of Beijing Normal University. You must appreciate it."

Wei Ying looked forward to it. She thought that ye Chen would agree to the invitation of a beautiful woman. However, ye Chen did not even think about it. She refused directly: "no, I like quiet."

Wei Ying was stunned, and immediately her face was a little ugly.

"Professor Ye, in fact, just have a meal, which can't waste Professor Ye's time. Moreover, we have reserved all the boxes. If Mr. Ye doesn't go, we'll be embarrassed. After all, the protagonist of this kind of activity is you."

Ye Chen takes a look at Wei Ying and thinks of something. He already knows the voice of the man who is hiding in the dark in the ghost prison. He is likely to be a teacher or a professor. It is not a bad thing to see everyone.

"In that case, I have to go." Ye Chen Dao.

Wei Ying gets Ye Chen's reply and quickly operates on her mobile phone, apparently replying to other teachers' wechat.

A few seconds later, Wei Ying said to Ye Chen, "Professor Ye, would you like to change your clothes, and then we will go down together. They are just at the school gate."

"No, let's go."

"Good."

Wei Ying and ye Chen went directly to the gate of the school. Along the way, they attracted a lot of attention, which shows Wei Ying's popularity in Beijing Normal University.

After a while, they arrived at the school gate.

There are about eight people at the gate, four men and four women. The men are about 30 to 40 years old. The four girls are older than Wei Ying, but they can't be seen because of the good maintenance.

"Wei Ying, here it is!"

Several female teachers waved to Wei Ying and Ye Chen. They were very enthusiastic, and their eyes were more curious.

Wei Ying quickly took Ye Chen and introduced him to eight people: "this is what I said to you in the group just now. Professor Ye, the president has flattered a lot before."

One of the fat female teachers looked like a ghost and exclaimed, "Wei Ying, is he really the professor in the president's mouth? How can I feel like I'm about the same age as those students. "

Wei Ying laughed and explained, "sister Qiu, do you think I'm lying to you? He can live in the room opposite the door to me, but the headmaster personally supervised the cleaning, saying that it was reserved for the new professor. "

This word a, pour is to let everybody believe Ye Chen's identity.

Another teacher with glasses and Lady fan stretched out her hand and said to Ye Chen, "Professor Ye, my name is Zheng Rui. I'm a teacher in the French department. I didn't expect you to be so young and promising. By the way, what university did you graduate from?"Hearing this question, ye Chen thought of the content of the information that should be given to him, and said, "Stanford."

This word a, immediately let Ye Chen become the topic center of several women.

But has not spoken four men, the expression actually some gloomy.

Their eyes stare at Ye Chen, envy, jealousy, even with a trace of hate.

The reason why the four people took part in the so-called dinner party was not interested in Ye Chen at all, but because Wei Ying would go!

As the dream lover of countless students and teachers in Beijing Normal University, Wei Ying seldom attends parties. This time, for a new professor, she is so active. How can they not envy her!

Key principal is to Wei Ying opposite the teacher's apartment to this ye Chen!

With Wei Ying so close, who knows what will happen!

If ye Chen pursues Wei Ying, he must be ahead of them!

Four people have been single, one of them divorced his wife two months ago, hoping to have an opportunity!

They asked Wei Ying to have dinner alone for countless times, but they were refused!

But why is this guy invited when he's just here?

By what!

Is it because you are young? It's useless to be young!

In the academic field, it's about qualifications and abilities!

Compared with Ye Chen, the four of them are more than one grade higher!

Ye Chen naturally realized the hostility of the four male teachers. If their eyes could turn into swords, they would have died.

He helplessly shook his head, to all humanity: "go, go to dinner, I still have something to do in the evening."

He didn't pay attention to the threat of these people.

How can fireflies compete with the bright moon?

One of the male teachers in a white shirt thought of something. He took out the key of the Mercedes Benz in his hand and said, "Professor Ye, I don't know where your car is."

Even in schools and among teachers, it's normal to compare economically.

As soon as this word comes out, all people's sight falls on Ye Chen's body in an instant.

If ye Chen is talented and rich in gold, it is really perfect.

Unexpectedly, ye Chen shrugged his shoulders and said, "I don't have a car."

.....

Chapter 342

.....

"I don't have a car."

This is a true answer for ye Chen. Although he controls Tianzheng Group and his bank card is not sure how many digits it is, now he has no desire to buy a car.

The cultivator pursues flying immortals instead of riding by car.

When he was in Jiangnan Province, there was always Xiao Deng. He was used to driving for him. He didn't like to operate this kind of cold thing except under special circumstances.

In Ye Chen's opinion, it is casual words, but in the eyes of the others, it has changed.

In addition to Wei Ying, the other girls seem to lose interest in Ye Chen.

In her eyes, ye Chen can't even afford a car and doesn't wear any brand of clothing. This kind of person is estimated to be the existence of reading blindly.

What about genius? What about professors?

All roads lead to Rome, some people were born in Rome, and ye Chen in front of him had already lost to others at the starting line, and he had to talk about his achievements.

The other four girls lost more or less interest in Ye Chen, but Wei Ying.

The male teacher in the white shirt, with a smile, seemed to find some self-esteem. He said to Ye Chen, "Professor Ye, if you work hard, you will have everything. Your salary will not be too high at the beginning, but there should be no big problem to buy a car after saving for several years. Come on.

By the way, my name is Wu fan, an associate professor in the Department of civil engineering. "

Wu fan wanted to pat Ye Chen on the shoulder, but he avoided it directly.

"Let's go."

.....

After a while, the four male teachers each drove a car and appeared at the school gate.

A Mercedes Benz, a BMW, and the other two are Japanese cars. The brand is also good.

There are ten people in the party, and four cars are enough.

The other four teachers, according to the degree of relationship, went directly to the three cars, but Wu fan's car was still empty.

Wu fan rolled down the window, outlined a confident smile on the corner of his mouth, and said to Wei Ying, a long skirt: "Mr. Wei, take my car. I just have some oral problems to discuss with you. I will go abroad on behalf of the school in a few days. I don't want to lose face."

Speaking this, Wu fan looked forward to it.

He didn't kick ye Chen in his words, and he didn't mean to invite Ye Chen at all. He didn't know why. He just wanted Ye Chen to ask him.

Ye Chen's embarrassment made him feel inexplicably happy.

Wei Ying naturally knows Wu fan's thoughts. He takes a look at Ye Chen, and his eyes feel remorse for fear of hurting Ye Chen's self-esteem.

Originally thought to be very happy dinner, directly by the other several teachers' comparison makes very unhappy.

"Professor Wu, let me take a taxi with Professor Ye. Anyway, we know the location of the restaurant."

Hearing this, Wu fan's face was a little livid, but he could only say, "Mr. Wei, if you don't have a ready-made car, what kind of car should you take? In this way, you and Professor Ye can come up together. You can take the co pilot and Professor Ye can sit in the back."

Wei Ying glanced at Ye Chen and asked for advice: "Professor Ye, how do you feel about this?"

Ye Chen Mou son is indifferent, refuse way: "need not, I solve by myself."

He doesn't want to find the blame. When the time comes, Wu fan will show off something. It's boring.

As soon as Wu fan heard Ye Chen's refusal, he was angry: "Professor Ye, what do you mean by solving it yourself? You are also too glass heart, I just say you just, you are so? Are you going to the restaurant? It's six kilometers away from here. Besides, even if you don't think about yourself, you should also consider it for Mr. Wei. "

He just sat in the car and said, with a trace of pride and displeasure.

One is in the car, the other is standing outside. It seems that there is a great difference between the two in their identities.

The gap is huge.

Ye Chen shakes his head, helpless way: "you misunderstand, your car space is too small, I don't like it."

Seeing that there was no movement, Zheng Rui opened the car door and walked down. He said, "Professor Ye, can you stop procrastinating? Small space? Professor Ye, although you are professor turtle, I respect you, but is it so difficult to admit that others are better than you?"

Professor Wu earned the Mercedes Benz on his own strength. For one of his papers, the prize was 800000! "

"Professor Ye, I know you are young and jealous. But we welcome you to dinner this time. Can you be more mature? Don't make trouble

Then he looked at Wei Ying and said, "Mr. Wei, since Professor Ye is determined to go ahead, you can get on our car."

People are warm and cold.

When Zheng Rui, who was originally enthusiastic, knew that ye Chen didn't have a car, his attitude completely reversed.

In the eyes of outsiders, ye Chen is undoubtedly the most embarrassing and embarrassing existence at the moment.

Wei Ying stood in front of Ye Chen and said to Zheng Rui, "Mr. Zheng, that's too much for you to say. You can get on by yourself. I'll take a taxi with Professor Ye later." There was a chill in her voice.

This group of people is too much!

Wu fan looked at the time, a little impatient, and said to Ye Chen: "forget it, since Professor Ye doesn't know how to look, then we don't need to have a hot face and cold buttocks. In this way, I invite you to eat in the new Weixuan restaurant in Beijing. As for Professor Ye, he is such a proud person, he probably doesn't need to eat."

All of a sudden, the scene almost lost control.

Although no one said a dirty word, but ye Chen is undoubtedly targeted!

Originally, the host of this dinner was forced out!

How ridiculous it is!

Wu fan and Zheng Rui hardly plan to give ye Chen a step down.

Wei Ying's expression changed from bright to dark. One hand directly grasped Ye Chen's hand and glared at several people. Then she said to Ye Chen, "Professor Ye, I haven't thank you for the elevator today. In this case, how about inviting you to a restaurant nearby?"

She was completely angry!

At this moment, she saw these people thoroughly!

It's fair and respectable!

"All right."

Ye Chen takes a look at her hand and feels the anger in Wei Ying's heart.

He also had a good feeling for Wei Ying's character.

No, it's in the distance.

The driver who had just taken a nap woke up and took a look around him. He found Ye Chen at the gate of the school for the first time.

At meal time, Mr. Ye appeared at the door. He immediately understood what Xiang Chengdong had told him. He did not hesitate any more. He opened the door and walked quickly towards Ye Chen.

"Mr. Ye, do you want a car?"

Ye Chen a Zheng, this just reacts to come over, looked at not far away Maybach, nodded.

Then she patted Wei Ying on the shoulder and said, "let's go. There's a car now."

Ye Chen came to the door of Maybach. The driver bent down to open the door for him. He said respectfully, "Mr. Ye, please."

Ye Chen does not have a trace of fluctuation, strides the thigh to enter the car directly.

After sitting down, she said to Wei Ying, "get in the car."

At this moment, the whole world seems to be quiet.

Wu fan and Zheng Rui are completely confused!

Originally ferocious expression as if to see a ghost general.

Even Wei Ying was stiff and motionless. In her beautiful eyes, she looked at Ye Chen deeply. Her beautiful face was full of surprise, surprise and shock She wants to see through Ye Chen.

Countless eyes on Maybach! Looking at the whole university city, Maybach is considered to be the top luxury car brand!

At least 10 million!

The key is that this Maybach is an extended version!

What's more, the license plate of this Maybach is actually a white license plate with black characters and red characters!

It means that this is the special official license plate of Beijing!

Chapter 343

"Gollum."

After a long silence, all of them could not help swallowing.

Wu fan and Zheng Rui feel hot cheek, very uncomfortable.

Their eyes were even afraid.

In their opinion, Professor Ye does not have a car!

But he's got a fuckin 'drive!

He wants a fart car!

And it's a top class car and license plate!

Will such people have low status?

Lose on the starting line? Study hard? How is that possible?

Wu fan's body is covered with sweat. Even though the air conditioner is on in the car, his white shirt is already wet.

He is just a university professor, which belongs to the upstream circle in the eyes of ordinary people, but in the eyes of Ye Chen, he is not even a fart!

He even thought that if he offended Professor Ye, he would not even protect his identity?

The headmaster treats a person so carefully, it is obvious that the other party's identity is not low!

He should have thought of it!

At this moment, the atmosphere is so weird.

The first reaction in everyone's mind is what kind of identity is this new Professor Ye?

Ye Chen in the car is not interested in dealing with these people. He takes a look at Wei Ying who is in a daze and says, "do you want to get on the bus or not?"

"Ah? Good... "

Wei Ying reluctantly responds. She gets on the bus and looks at Ye Chen with fear. She is not free to sit in the car.

The driver was just about to close the door when a figure rushed over.

"Professor Ye, I'm really sorry just now. I'm just talking a lot. Otherwise, I'll get in the car and apologize to you."

Zheng Rui smiles and prepares to get on the bus.

The skin is thick to the extreme.

"Go away!"

Ye Chen's expression suddenly cold idea, glanced at each other, spit out a word.

After a word fell, Zheng Rui felt stiff all over his body, like a cave in the ice.

The driver is also an observer. He immediately understood what Mr. Ye meant. Without hesitation, he grabbed the other party's collar directly, regardless of whether the other party was a woman!

Then, the driver closed the door gently and got into the driver's seat. Maybach drove to the main road.

As a matter of fact, the security guards at the gate of the school have long been aware of the conflict, but when they see the sign of the car, they shrink into the security room and pretend not to see it.

A farce, lost the hero, naturally has no meaning.

But in the eyes of Zheng Rui and Wu fan, even if ye Chen leaves, the deep fear still can't be dispelled.

.....

On Maybach.

Wei Ying looked around, blushing slightly. She wanted to ask something, but she still swallowed it in her mouth.

She only felt that the new Professor Ye was mysterious, as mysterious as a black hole.

I should be rich enough to drive this kind of car.

She even wondered why Ye Chen only invited her, would it be interesting to her?

She was a little confident about her appearance. When more people invited her to dinner, she refused one by one, mainly because she didn't want to be ungrateful.

But now, it is she who invited Ye Chen to dinner. How can she refuse.

Wei Ying, sitting in the car, felt a little restless.

"Where to eat?" Ye Chen opened his mouth and broke the peace.

Wei Ying's voice was very light: "I I don't know... "

Ye Chen doesn't know the capital, but just now he heard Wu fan say that Weixuan restaurant is not bad. He said, "I'll make the decision. Go to Weixuan restaurant."

"Good..."

Wei Ying didn't know what to say.

Ye Chen glanced at the mysterious stone on Wei Ying's neck. He thought of something and said curiously, "Mr. Wei, I don't know if you know. How did your parents get this necklace? This question is a little abrupt. You can not answer it. I'm just curious. "

Wei Ying was relieved. She found Ye Chen interested in the things on her necklace.

She has always felt that this thing is not worth money. Now it seems that it is very important to Ye Chen?

She hesitated for a few seconds and said with a smile, "Professor Ye, I don't know. But if you like this necklace, I'll go home and ask my mother to have a look. It seems that someone gave it to my mother."

"Mr. Wei, what I care about is not your necklace, but the bright crystal on the necklace."

Ye Chen explains.

Wei Ying looked down at it, and then she realized with a smile: "Professor Ye, you didn't say that this necklace was given by others, but I remember that there is a large piece of this crystal stone in my family. A few years ago, my mother specially made a small piece for the jewelry store people to inlay."

"What!"

Ye Chen couldn't keep calm any longer, and even had a little shortness of breath.

He never thought that Wei Ying's family would have more of them! This is Zhibao!

"Miss Wei, I don't know where your home is? That spar is extremely important to me. I'd like to trade everything for it! How about today? "

Ye Chen is more excited to seize Wei Ying's hand.

It's too important for him!

Not only does reincarnation need it, he also needs it!

You can't wait a day!

Wei Ying took a look at Ye Chen and shook her head helplessly. She found that the behavior of Professor Ye was more and more strange, but she didn't think much about it. She said, "well, don't go to Weixuan restaurant today. Just go to my house and have a meal. My house is on Yunhai street, the Fifth Ring Road in Beijing. You let the driver drive in that direction. It's just half a month since I went back."

"Good."

Ye Chen doesn't care if it's a little abrupt, even if it's brazen to take it down!

It's worth it.

"To Yunhai street." Ye Chen says to the driver.

"Yes, Mr. Ye."

The driver turned his head and headed for Yunhai street.

.....

Yunhai garden.

Half an hour later, Maybach stopped at the gate of Jiayuan community in Yunhai.

Ye Chen and Wei Ying get out of the car and go directly to a building in the middle.

Judging from the construction of the community, Wei Ying's family situation is not solid.

The environment in the old community is not good. Ye Chen decides that if Wei Ying's family really has extra land, he is willing to give Wei Ying a set of luxurious villa in the center of the city in addition to their conditions.

Because there was no elevator in the old community, they could only climb the stairs to the fifth floor.

Wei Ying ready to knock on the door, this just thought, she and ye Chen only know each other for a day, their own this brings the door, can some abrupt?

What if parents misunderstand?

"Creak."

At this time, the iron door opened, a thin, elegant middle-aged man wanted to go out. When he saw the two people in front of him, his body directly petrified, and his expression became extremely strange.

After a few seconds, she was surprised and said, "Xiaoying, how did you come back?"

Although this sentence is to Wei Ying, but the middle-aged man's eyes are dead staring at Ye Chen.

He is Wei Ying's father, Wei Yongming.

This look is like the eyes of the father-in-law interrogating his son-in-law, which makes Ye Chen a little uncomfortable.

Chapter 344

Wei Yongming knows very well that his daughter has never brought her boyfriend home. He doesn't even know what the situation of Wei Ying is at school. She arranged several blind dates for her and was rejected. This time, she took the man home directly?

"Dad, can't I go home?" Wei yingbai glanced at Wei Yongming, then introduced Ye Chen and said, "Dad, let me introduce you to you. This is the new professor of our school, Professor Ye Chen and ye. Now he is also my neighbor."

Ye Chen also said politely, "good uncle."

Wei Yongming nodded and murmured: "such a young professor has a bright future."

"By the way, Ying'er, when did you get ready?"

Wei Ying made a big red face and quickly explained: "Dad, we are colleagues. Don't think about it blindly. By the way, mom, I have something to look for her."

"Professor Ye, come in, don't change your shoes."

Three people came to the living room, ye Chen looked around, the decoration is very simple, but the full wall photos are warm and full.

He was suddenly homesick.

But two days later, the ghost prison is open, and it's time for the family to reunite.

Suddenly, ye Chen noticed countless trophies, awards and group photos in a corner of the wall.

In the group photo, there is a heroic woman who looks like Wei Ying. She should be her mother.

These honors, one by one, are frightening.

"Champion of the second traditional martial arts competition in Beijing!"

"Champion of Jingcheng Wudao competition!"

"The second runner up of Chinese traditional martial arts competition!"

"The first person of the eight trigrams in China!"

Ye Chen sees each title, Mou son is to come a trace of interest, it seems that this Wei Ying mother is not simple.

Although the strength and their own no comparability, but in the eyes of ordinary people and those ancient warriors, absolutely not weak!

Wei Yongming paid attention to Ye Chen from the beginning to the end. He made a cup of tea for ye Chen and asked, "Professor Ye, where are you from? I don't think your accent is from Beijing."

"Jiangnan province."

"Jiangnan province is good, where there are outstanding people and good air..."

For a moment, Wei Yongming asked enthusiastically. Although his daughter said Ye Chen was his colleague, he didn't believe it.

In Beijing Normal University for such a long time, he has not seen his daughter with any opposite sex back, the relationship between the two is absolutely not simple.

Wei Ying interrupts and sits between Ye Chen and her father, for fear that her father will continue to ask.

"Dad, you haven't told me when mom will be back?"

Wei yingdao.

Wei Yongming sighed: "your mother is not building that martial arts school. She has invested one or two million yuan. It is still a bottomless pit. In order to promote the eight trigrams, there is no need to do so! It's better to do public welfare! I've asked her to change her house several times, but I won't change it. Ying'er, please tell me about your mother. She hasn't come back yet. I've cooked all my meals these days. "

Wei Ying's expression is somewhat helpless. Her mother has been like this since she can remember. She has pursued martial arts to the extreme.

Since her work, she has put more emphasis on the promotion of gossip.

What else can their family do? They can only support it.

Wei Ying looked at Ye Chen and said, "Professor Ye, why don't you do this? I'll go to the kitchen to make some dishes, and we'll have some to eat. Some other day, I'll make sure my mother is at home, and then I'll look for you? My mother kept it, and neither my father nor I knew it

Ye Chen nodded and just wanted to talk, Wei Yongming's mobile phone rang. He took it out and glanced at it. He sneered and said, "look, your mother is calling. It's estimated that I want to send rice."

He pressed the answer button and was about to speak when a man's voice came from the other end of the phone.

"Uncle Wei, it's bad. Something happened to the master! Come to the martial arts school, and the ambulance will be here soon! "

Although there is no hands-free, but it is incomparably clear.

Wei Ying and Wei Yongming stood up one after another.

Wei Yongming shook his hands and asked, "what happened?"

"Uncle Wei, I can't tell you clearly on the phone. Someone's coming to challenge the school. Just come quickly..."

The phone will hang up.

Wei Yongming put on a suit and went directly to the outside.

Wei Ying was flustered and said to Ye Chen, "Professor Ye, you should go back to school first. I'm really sorry. I wanted to invite you to dinner today. I have something to deal with."

"I'll go with you." Ye Chen opened his mouth.

Wei Ying wanted to refuse, but now that her mother's life is at stake, she is too lazy to say anything to Ye Chen: "OK."

Not long, three people came to a blue Roewe car in the community.

Wei Yongming was in a hurry. He stepped on the accelerator and rushed out directly.

Ye Chen originally wanted Wei Yongming and Wei Ying to go to Maybach, but he thought it over.

Wei Yongming ran three or four red lights. Ten minutes later, the car stopped in front of a more remote martial arts school.

On a plaque of the martial arts school, there are three powerful characters - Bagua gate! Wei Yongming and Wei Ying opened the door and rushed out! Ye Chen naturally followed up!

When I enter the martial arts school, I feel a sense of coolness in an instant.

A middle-aged man stood on the challenge arena, his strength was outstretched, his hands were behind him, just like a master.

Ye Chen discovers that the opponent is an ancient warrior.

In another corner, a woman in her forties was lying on the ground, and several disciples in the training room were dressing her up.

"Mom

Wei Ying directly rushed into the crowd. When she saw her mother's weak appearance, she was extremely distressed, and her tears were pattering down.

At the moment, one hand of Wei's mother was almost twisted and fractured, her face was bruised, and her mouth was constantly overflowing with blood.

Pale face full of heartache and powerlessness.

When Wei Yongming saw his wife like this, he was furious: "Damn, who did it! How could she be like this

"Why hasn't the ambulance come yet?"

As soon as this word comes out, innumerable eyes look at the middle-aged man on the stage.

"Uncle Wei, I don't know why. The ambulance should be here, but there's no movement. I just called another one, but it's still useless."

Wei Yongming said in a congealed, determined way: "can't wait, carry her to my car, I personally send a hospital!"

Hearing this, the young man even said, "Uncle Wei, it's not good. If we could send it ourselves, we would have sent it. As soon as the master lifted it up, she would vomit blood."

Language down, some comatose Wei mother again spit out a mouthful of blood.

It's shocking.

Wei Ying was scared: "Mom, don't scare me. Please don't scare me. I'll go outside to find a doctor..."

Just then, a cold voice sounded from the stage!

It was the middle-aged man who had never spoken!

"Well, it's no use who comes today! This kind of rubbish warrior dare to defile the gossip gate! What's the use of her being alive! "

Chapter 345

Wei Ying was completely frightened.

Wei Yongming also reacted, took a look at the middle-aged man and said, "who is he?"

The young man in the training room hesitated for a few seconds, trembling and saying, "he He is the one who kicked the school and hurt the master... "

As soon as this word comes out, Wei Yongming is completely angry!

His wife was beaten like this, even if it was a challenge, it would not be so!

He quickly stood up, took out a stick and rushed to the arena!

"Damn it, move my wife, I'll fight with you!"

Wei Yongming, who never said swearing words, was angry to the extreme and broke his mouth directly!

The other martial arts school disciples saw this, their faces changed greatly, and six or seven people directly caught Wei Yongming.

"Uncle Wei, don't do it. That man is so powerful that the master doesn't hold on to a move in the other party's hand!"

The middle-aged man on the challenge arena glanced at Wei Yongming indifferently and said with a sneer: "what qualifications do you have to challenge me! I come here with only one word. Tomorrow, I don't want to see the martial arts school still exist. That woman can't represent the gossip gate! She's not qualified!"

But she may not survive tonight! "

Wei Yongming roared angrily: "do you know that you're killing people! I'll call the police then. You can't escape it! "

The middle-aged man laughed: "call the police? Ha ha, funny! You may go to the newspaper, but I want to know if the police dare to touch people in the martial arts circle of China! "

"Don't you wonder why the ambulance hasn't arrived yet? Hum, I might as well tell you that I arranged for her to die, and no one is qualified to let her live! A person who has not even entered the ancient martial arts has no qualification to set up the eight trigrams on his own

"You --"

Wei Yongming was very angry.

At this time, ye Chen drilled into the crowd.

Wei Ying's mother's situation is not optimistic, if he does not act, the consequences will be very serious.

As for the person behind me, I will talk about it later. After all, I don't know the whole story of this matter, and it's not easy to make a move.

All people see ye Chen unexpectedly rushed in and stopped.

Wei Ying was more surprised: "Professor Ye, what are you doing?"

"Boy, Shifu needs fresh air now. What are you going to do?"

Ye Chen took out a bag of silver needles from his pocket and said directly, "I want to save her."

Hearing this, not only those disciples were surprised, but Wei Yongming and Wei Ying were stunned.

Is this guy a doctor?

Wei Yongming looked at Wei Ying and asked, "is Ye Chen a professor in the Department of medicine? Doctor? "

Wei Ying was stunned for a long time, and then replied, "there is no medical department in our normal university..."

At this moment, ye Chen has already begun to use needles.

The silver needle keeps shooting, shaking to the extreme!

Every stitch has a trace of true spirit!

After a few stitches, Wei Ying's mother's blood stopped. Her face was even ruddy, at least not pale!

Then, ye Chen took out a herb, in order not to expose the pill, he directly wrapped the pill with the leaves of the herb, and fed it directly.

After a few seconds, a cough sounds!

Wei Ying's mother suddenly opened her eyes and woke up!

This scene scared everyone!

"Cough, cough, cough." The woman looked at Ye Chen and thought of what, "you saved me?"

Ye Chen opens a way: "you have not recovered now, cannot move."

The conversation between the two instantly silenced the martial arts school.

All the people present, including Wei Yongming and Wei Ying, were staring at each other, as if to hell!

One second more than blood, breath weak, the next second even live?

The miracle doctor is not so exaggerated.

"Yinger, he is he really a professor in your school Wei Yongming excited way.

"I don't know."

Wei Ying really did not know, she also did not care about what, directly rushed in, crying: "Mom, how do you feel, are you ok?"

The woman looked at Wei Ying, a little surprised, and immediately said with a smile, "I can have anything, thanks to the doctor."

In her opinion, ye Chen is obviously a doctor.

At this moment, the crowd completely fried.

"Damn it, master. Is everything ok?"

"How could it be that he only pricked a few needles and fed something..."

"My God, this young man is really a miracle doctor!"

"It's amazing. I'm open-minded."

Those disciples talked, looking at Ye Chen's eyes, where there is a little contempt, clearly like to see a living immortal, full of worship and shock.

All of a sudden, a voice of reprimand sounded from behind: "you dare to destroy my business! Look for death

Hearing this, everyone's faces changed greatly. Wei Ying's mother forced herself to stand up and said to the man on the challenge arena: "although I don't know who you are, you are too much. You want me to close the martial arts school, OK! You can't hurt innocent people! ""Mom, this martial arts school is your hard work." Wei Ying said excitedly.

The woman ignored the pressure, but said word by word: "I set up the Baguamen martial arts school just to promote the Kung Fu of the Bagua sect. There is no profit. Why should you be aggressive?"

Tang Pengfei stepped out one step and his strength was surging: "no one in the whole capital dares to use the three words of eight trigrams gate. Your martial arts are just a form. In my opinion, it's a shame! You're not preaching gossip, you're smearing it! "

"I've just promised that you can't live, and no one can save you. Since this boy disobeys my meaning, I'll erase it."

The next second, a black light flickers, directly toward Ye Chen.

Ye Chen stood like this, motionless, without a trace of waves.

"Be careful."

Wei Ying's mother excitedly said, originally wanted to help, but found that she did not have the strength to stand up to help each other!

The other party was kind enough to save her, but she died! She regrets it!

At the moment when the black light shines into Ye Chen's heart, ye Chen's five fingers open and the true Qi surges.

Black light was in his hand.

It's a dart.

Seeing this scene, Wei Ying's mother and Tang Pengfei on the challenge arena have their eyes shrunk!

The first reaction is the master!

Looking at Wei Ying's mother, ye Chen said, "I'll help you solve this problem and keep your martial arts school safe. How about something for me?"

The woman hesitated for a few seconds. Although she didn't know what was in Ye Chen's mouth, she still nodded: "good."

Language down, ye Chen at the foot of the real gas condensation, body leaping, step on the challenge arena!

Tang Pengfei did not expect that ye Chen not only knew medical skills, but also ancient martial arts!

His eyes pan cold, angry voice: "this is the business of gossip gate, you are not qualified to intervene!"

Words have not finished, ye Chen moved!

His body suddenly sends out the terror momentum, let Tang Pengfei can't help but stare big eyes!

Tang Pengfei doesn't care about everything. He throws his fist subconsciously! Rolling!

Ye Chen sneers, same punch!

But there is a big gap between the momentum of the two fists!

One side is the tiger down the mountain, the other side is gas swallow thousands of miles!

"Bang!"

The two forces are directly against each other!

Earth shaking and mountain shaking!

The whole challenge arena was shocked severely. It seemed that it might collapse at any time!

"How could..."

Tang Pengfei's eyes are full of horror! The moment of confrontation, his expression was frozen!

He felt like a huge mountain in front of him, unable to move forward!

"Get out of here!"

Ye Chen's arm strength explodes!

"Click, click..."

Faintly, everyone clearly heard the bone fracture sound!

The next second, Tang Pengfei, who was extremely powerful, even drew a parabola directly and smashed down the challenge arena!

There's no power at all!

Chapter 346

When Tang Pengfei fell off the ring!

Everyone was in a daze.

The visual impact was almost frightening.

Wei Ying's mother and those apprentices know Tang Pengfei's strength!

She doesn't have the power to strike at each other!

But who knows, this inexplicable appearance doctor unexpectedly has this kind of strength?

What a joke!

Wei Ying's mother looked at everyone and asked, "what's the origin of this man?"

Her apprentices shook their heads, and their expressions of surprise were the same.

Only Wei Yongming and Wei Ying have strange expressions to the extreme!

After a few seconds, Wei Ying said, "Mom, she is my colleague..."

Wei's mother was stunned and exclaimed, "is he your colleague? Martial arts teacher? "

Wei Ying shook his head and said, "he is a new professor of Beijing Normal University."

As soon as the words came out, not only Wei Ying, but all the people present took a cold breath!

Shouldn't all university professors be polite?

How did you turn around and become a martial arts expert?

The key is still such a terrible strong!

At the time of everyone's surprise, Tang Pengfei under the challenge arena stepped back to the challenge arena!

At the moment, his eyes are scarlet, full of blood! Ferocious to the extreme!

One of his arms, full of blood, was appalling.

He stares at Ye Chen, word by word: "you offend me, equal to offend a clan! Is it worth it for that mole ant? With your strength, it is estimated that you should be in the top 30 of the list of Chinese masters. It is not good for you to make too many enemies in this kind of existence. "

"You talk too much."

Ye Chen's faint voice rings out.

"But when you break a hand, I'll let you have one, and then I'll close my eyes. If you can beat me back, I won't interfere in it."

Ye Chen put a hand behind him and closed his eyes at the same time. His breath was misty.

"Arrogance and ignorance! I'm still trying to be brave when I die! "

Looking at Ye Chen unexpectedly closed his eyes at this time, Tang Pengfei looks ferocious.

This kid, is he looking down on himself now?

Close your eyes and fight him with one hand!

This is an insult!

The next second, a broken sword appeared in his hand!

"Die for me!"

No longer waiting, a roar, towards Ye Chen!

Legs force, thunder like footsteps, Tang Pengfei the whole human into a tiger down the mountain!

Very fast!

In the blink of an eye appeared in front of Ye Chen!

The horror of the sword all burst out, this moment of Tang Pengfei, full of dangerous breath!

In that terrible momentum, the whole arena, faintly vibrated.

Soon, the sword idea has come to Ye Chen's face!

Cold light tears the air, as if to let Ye Chen bleed gradually on the spot!

"Hiss..."

Looking at the powerful sword, all the people could not help but take a breath of cold air.

Wei Ying held her breath in terror!

Ye Chen is too big.

Close your eyes and let others kill you?

What's the difference between this and looking for death!

Even in his eyes, Ye Chen's motionless appearance seems to be scared silly.

On the challenge arena, Tang Pengfei's smile was more and more prosperous: "fool!"

At the moment when the sword is about to break open Ye Chen's body, ye Chen reaches out his hand, and the air is imprisoned!

The sword idea seems to be blocked by a terrible force!

"Ding."

The broken sword fell on Ye Chen's palm!

No blood!

No bones!

Tang Pengfei's frightful expression!

"This How could... "

At this time, ye Chen's five fingers closed, and the broken sword was crushed directly by Ye Chen!

"I wanted to save your life, but now I regret it!"

The faint voice of Ye Chen falls.

The next second, five fingers stretched out, the true Qi condensed, and directly buckled on Tang Pengfei's neck!

"You can't kill me!"

Tang Pengfei was frightened and his eyes were full of fear!

"People in the world can't be killed without me!"

"Click!" A sound, Tang Pengfei's neck is directly twisted by Ye Chen.

Then it was thrown on the ground like a dead dog.

Defeat!

A fight, ye Chen wins!

Silence!

This moment, the scene is quiet to the extreme.

Such a quiet, even people feel suffocated!

Whoa

Until a cool wind blows, all the people just hit a spirit of excitement, come back to God."Wow

The next moment, the scene was boiling.

"That guy lost. He's about our age. How can he be so strong?"

"Not dead."

"It should not be possible. Killing people in China is going to jail..."

"Is he really a university professor? When are university professors so horrible? "

Ye Chen takes a look at Tang Pengfei's body and makes a phone call to Ying Qing and asks him to handle it for him.

After that, he stepped down the challenge arena and came to Wei Ying's mother and asked, "how do you feel? After five minutes, your body should be able to move."

Wei's mother was stunned and immediately tried to stand up. She found that all the pain on her body disappeared.

"Thank you for your help."

Wei mother's attitude is respectful to the extreme! She is different from others!

She is a warrior, in her eyes, as long as the stronger than her, are all the predecessors!

And ye Chen is qualified!

Ye Chen shakes his head: "this is a trade, you have what I want in your hand."

"Master, I don't know what you want

At this time, Wei Ying interposed: "Mom, it's the crystal on my necklace."

She can't bear to be called the same generation as her mother, even more can't bear to be the same generation as her mother.

As soon as Wei's face changed, she immediately said to herself, "I should have guessed that. Since I promised my elder, I'd like to go home with me."

"Good."

Ye Chen can't get it.

"Hey, hey, hey, don't you care about the people in the challenge arena? He won't die, Professor Ye. It's illegal to kill people. What should we do..."

Wei Ying suddenly interjects.

she doesn't want Ye Chen to go to prison for her family affairs.

Although her mother was a warrior, she was an ordinary person. She had never seen anyone die before her eyes.

At the moment, she was in a panic!

Ye Chen took a look at Wei Ying and could only comfort him by saying, "you think too much. He's not dead. He's just fainted."

"What should that guy do? Call the police? "

As soon as Wei Ying's words fell, a group of men in military uniform rushed in.

One of them is Ying Qing.

Ying Qing blinked and came to Ye Chen. He pretended to show his ID card: "Hello, I just received a report from the masses. A dangerous fugitive came here. I don't know..."

Before he finished speaking, ye Chen looked at the challenge arena: "over there."

"Thank you for your cooperation."

Several people stepped on the challenge arena, determined Tang Pengfei's identity, and directly carried away with a stretcher.

The whole process was only a minute, and there was no question about anything.

Weird to the extreme.

Wei Ying reluctantly responded, surprised: "this group of law enforcement officers so perfunctory?"

Wei's mother took a look at Ye Chen and gently nodded her head. She didn't say much. He knew that these people were brought by Ye Chen.

This performance is just to protect his daughter's last trace of pure land.

With the help of Wei Yongming, she whispered to the disciples behind her: "today, the martial arts school is closed for one day. Everyone go home and have a rest."

Then he said to Ye Chen, "master, please follow me."

Chapter 347

They were worried that there were other problems with Wei's health, so they insisted on going to the hospital for an examination.

But the strange thing appeared, after checking, the data of Wei mother was actually normal!

In addition to a few bones also some dislocation, platelet some low, almost no condition!

Wei Ying and Wei Yongming are scared directly. They plan to take a film and check again. Finally, they are kicked out by the doctor!

Along the way, the two people's expression to how strange, even have been staring at Ye Chen, as if he had flowers on his face.

Wei's mother is a little indifferent, a family of three, she knows more things.

She was sure that ye Chen was the legendary existence. Although she didn't know why he went to Beijing Normal University as a professor, it was no longer important. Such a strong man should not only not offend him, but also serve him well!

Wei Ying has ten thousand doubts in her heart. She often wants to ask Ye Chen the reason for all this, but she is stopped by her mother's eyes.

"Don't ask what you shouldn't ask."

When she got to the place where she lived, she knew that ye Chen had not eaten yet, so she directly ordered, "Lao Wei, and Ying'er, you should do something to eat. I have something to talk to the elder."

Wei yingbai glanced at Wei's mother: "Mom, he is my colleague at least. What can you talk about with him? Just say no here?"

"When it comes to adults, children should not interrupt." Wei's mother blamed the strange way.

Seeing that her mother was going to get angry, Wei Ying could only spit out her tongue and go to the kitchen.

"Master, please follow me."

Wei mother with Ye Chen came to the study.

The study is antique, with a row of old books.

Ye Chen glances at it and finds that all the contents above are the data of eight trigrams.

As if aware of Ye Chen's eyes, Wei's mother explained: "more than ten years ago, I met a woman who changed my fate. She took me as a disciple, taught me martial arts, and let me step into the gate of eight trigrams."

"It's a pity that she left after teaching me for a month. What I learned in this month alone has brought me endless benefits. I have won numerous awards in traditional martial arts, and even I can handle some ancient martial arts. I thought I had touched the ceiling of Chinese martial arts and was eager to carry forward the martial arts of Bagua sect.

Now it seems that my idea is really naive. Today's strong player is far beyond my strength. What I have learned all my life has no resistance

"If it hadn't been for my predecessors, I would have died a long time ago."

All of a sudden, plop A sound, Wei mother directly knelt down!

"Just now Ying'er was here. I can't say a lot of words. I'm here again to thank you for your help."

Ye Chen shakes his head, a step, a wave of air condenses.

Wei Mu's body directly stood up, as if there was a force to hold her up.

"You don't have to kneel down. On the one hand, I do it because of Wei Ying, and on the other hand, it's for the sake of the spirit of the earth."

Ye Chen's faint voice rings out.

"The spirit of the earth?"

Wei's mother was stunned and immediately thought of something. She took all the books off the shelf.

There is a dark grid behind the bookshelf.

Open the dark grid, a brocade box was taken out by Wei's mother.

"Master, I don't know that this is called dihun Xuanshi. In fact, a few years ago, the elder who taught me the eight trigrams sect appeared again. She gave it to me, saying that my daughter needs to wear it to live, so I took part of it and made it into a necklace."

Ye Chen took the brocade box, nodded: "your daughter is evil blood cold body, this is extremely rare, once stained, will die."

"Your daughter couldn't have lived to be 18. If it hadn't been suppressed by this thing, she might have died."

Hearing this, Mrs. Wei's face changed greatly.

Although she doesn't know what the evil blood cold body is, but ye Chen's tone is so serious, enough to explain the problem.

"Master, what if the hell Xuan stone can't be suppressed, will my daughter have an accident..."

There was a tremor in her voice.

Ye Chen ignored, holding his breath, directly opened the brocade box.

A terrible aura overflows!

A gorgeous crystal stone lies quietly inside!

It's the spirit of the earth!

At this moment, even if ye Chen had psychological preparation, he could not control his inner excitement.

"Kunlun Xu is hard to get the treasure, I actually got it in China! I am so lucky

Ye Chen sighed with emotion. He held out his hand and held the black stone in his pocket. In a moment, he could feel the black stone in his pocket rushing out!

The reincarnation graveyard is even more shaking!

"Click! Click

Two clear voices ring out!

The surface of the two tombstones in the samsara cemetery is directly broken, revealing two lines of characters!

"Lingfu alliance, the sea is flat!""Wan Dao Jian Zun, Chen Tianli!"

Under Chen Tianli's name, there are a few lines of small text.

"I have a sword to crush the world!"

I have a sword that can cut down the world of mortals

Ye Chen can feel the breath of Chen Tianli's tombstone, which is extremely terrible!

Even around it, a sword shadow appeared!

Even the sword of chopping the dragon that was thrown in the tomb of samsara trembled, as if it were resonated by some force.

"Chen Tianli is estimated to be a little stronger than Canghaiping, but both of them are great powers in ancient times and can cope with the ghost prison the day after tomorrow."

Ye Chen no longer thinks much about it. He returns to the reality and looks at Wei's mother: "I can tell you very accurately that the Earth Spirit Xuan stone is extremely precious. Saving you alone is not enough to repay. You can ask me three requirements now. As long as it does not violate my principles, I will promise you."

Wei's mother was stunned and not affected. She knew that the value of the Xuanshi was terrible. She thought for a few seconds and said, "there are too many three requirements. I only have one requirement. I hope my daughter can live healthily and healthily without any interference."

As soon as Ye Chen's eyes congealed, he said, "Wei Ying has a good character. I don't want to see her die prematurely. I can only promise you that as long as I'm still alive, no one can move her, including the evil blood and cold body."

If I can't suppress her, I will try to save her.

There are still two conditions to be counted. "

Wei, as a prodigal mother, asked me not to shake my head

Ye Chen thought about it and took out a bank card from the samsara cemetery, and a key that the dragon soul had given him.

"I don't know how much money this bank card has, but it's enough for the rest of your family's life. The password is six eights."

"This key is a large house type in a community in the center of the capital city, with an address and door number on it."

"You can't refuse. If you don't, you can lose it. Anyway, I took a big advantage of this deal. "

Ye Chen's tone is full of no doubt!

Chapter 348

Wei's mother was stunned at the key and the bank card.

A house in the center of the capital, at least 20 million!

That bank card although do not know how much money, but absolutely not low!

Two things together at least 50 million!

If you add the conditions to protect Wei Ying, this transaction is almost sky high!

Is it so important?

"Master, I really can't take it."

Wei Mu refused.

"I said, you can't refuse." Ye Chen's indifferent voice rings out.

After hesitating for a few seconds, Wei's mother said, "in this case, I'll take these two things. If the elder wants to take them away, tell me."

Then, ye Chen looked at Wei's mother and thought of something. He said, "I see that you are determined to practice martial arts, so I will give you a chance."

The next second, ye Chen points out on the eyebrows of Wei's mother.

In an instant, a stream of information penetrated into Wei's mind.

When Wei's mother was aware of the information flow, her face changed completely. It was actually the ancient martial heart method and martial art!

Far more than everything she's got!

Even more powerful than what the woman taught her!

"Senior, you are too expensive. I really can't afford it."

Although Wei's mother longed for it, it was no more than a bank card and a house, which was far more valuable than everything!

It's priceless!

Wei's mother even planned to kneel again, but this time she was blocked by Ye Chen.

Ye Chen turned his back and said calmly, "the things in your mind are not in the stream to me. You take them."

Out of the stream?

Wei Mu takes a breath!

This kind of anti heaven skill is still not popular in Ye Chen's eyes?

How terrible his strength is!

"Well, eat out." Ye Chen ordered.

Wei mother did not move, but said: "Mr. Ye, I have one more thing to ask."

"Say it."

"Ying'er is my painstaking effort. I want to know what effect the evil blood cold body will have on my daughter..."

Ye Chen's eyes slightly coagulated, looked at Wei's mother, sighed: "now Wei Ying's evil blood cold body is still in its infancy, and the Earth Spirit Xuanshi can be suppressed, but after a few years, her evil blood cold body will break out completely, and the di spirit Xuanshi can't be suppressed at all! If she doesn't have the strength of martial arts, she may die.

However, there is not only one extreme of Sha Xue cold body, but also another. If she has the appropriate skills of ice cold attribute, she will practice faster than anyone else and even become the master of one side. "

Wei's mother was pale. She refused to let Wei Ying practice. She wanted to give her a pure land.

There are too many disputes and dangers in the world of Wudao. Just like today, she almost fell.

She really doesn't want Wei Ying to set foot on this road. How good is it to be a college English teacher?

Every day to work, as well as winter and summer vacation, fall in love, get married and have children, which is her plan for Wei Ying's life.

But now it looks like everything is broken.

However, Wei Ying has no choice.

Wei's mother suddenly looks at Ye Chen in front of her eyes, with a trace of deep meaning in her eyes.

No matter the appearance and figure of her daughter, she can be regarded as the best in the whole capital city!

If you let your daughter get along with this elder more, they may become a firewood.

If the daughter has this kind of strong guard, the whole life is really carefree.

However, her only worry is that her predecessors don't look up to her daughter. If she is so excellent and young, there will be a lack of women around her?

"Master, I don't want any of those things. I only have one request. I hope you can take a little girl as a disciple."

Ye Chen nodded: "I was originally intended to do so, but now accept her as a disciple, she is expected to be very repulsive, see later, at present, the spirit of the Xuanshi still pressure her evil blood cold body."

Thank you, master

They went back to the living room. Three dishes and one soup were ready.

Although simple, it is full of the flavor of home.

"Professor Ye, what are you talking to my mother for so long?" Wei Ying arranged the dishes and chopsticks and said with a smile.

"Just talk and eat."

"Well, Professor Ye ate my braised pork. I'm in good condition today. It's delicious."

Wei Ying seems to have let go a lot at home, and even gave Ye Chen a piece of meat.

A meal is enjoyable.

After dinner, Wei Ying intended to stay at home for a day, but unexpectedly, she was driven out directly by Wei's mother.

"Tomorrow you have to go to class. What are you going to sleep at home? You just go back to school with your predecessors." Wei Mu said sternly.

Hearing this, Wei Ying's expression becomes extremely strange. She can't resist her mother and can only go back to school with Ye Chen.

At the door of the teacher's apartment, Ye Chen held out his hand and said earnestly, "Mr. Wei, give me your mobile phone." Wei Ying frowned and handed out her mobile phone, saying, "Professor Ye, what are you going to do?"

The contact person's emergency number has been set in.

Since he had promised Wei's mother to protect Wei Ying, he naturally wanted to.

Now he can not be sure when Wei Ying's evil blood cold body broke through the spirit of Xuanshi and began to get sick, so he can only wait for Wei Ying to inform himself.

He returned the mobile phone to Wei Ying, and said word by word: "Wei Ying, remember, in the future, if your body feels extremely cold, or if you are in any trouble, call me, even higher than the alarm! Do you understand? "

Wei Ying's beautiful face flashed a little strange.

She really found the new Professor Ye more mysterious.

With a luxury car, it will be amazing medical skills, and even martial arts strength, his mother will call the elder. How can such a person want to be a professor in university?

"Do you hear me! It's not a joke! " Ye Chen is afraid that Wei Ying thinks he is joking, and intensifies his tone.

"Good I understand. " Wei Ying took her mobile phone and went to her room.

Door closed, leaving only a face of complex Ye Chen.

.....

At the same time, a quiet courtyard in the capital.

The power of the array is surging outside the courtyard. If you look inside from the outside of the array, you can't see anything.

Only when you step into the array can you find the clue.

On the door plaque above the courtyard, there are two vigorous and powerful characters - Jiangjia!

On the living room of Jiang family, an old man with strong breath is sitting on the chair.

He closed his eyes, and a sense of dignity emanated.

His whole body is full of strong breath, as if a thought can destroy a side of mountains and rivers.

Just at this time, a middle-aged man appeared in the Jiangjia hall. The old man opened his eyes and only disdained his turbid eyes.

As if to all disdain.

His lips opened and a faint voice rang out: "has the cause of death of Jiang biewang been investigated?"

The middle man nodded, his eyes hesitated.

"Come on, a man from my Jiang family died in Hui'an province. It's too big. I'm very curious about who dares to touch my Jiang family in China. "

The middle-aged man pondered for a moment and said: "master, there is something wrong with Wu Dao in Hui'an province

Chapter 349

"Which one?"

The old man Mou son a congeals, felt a silk not to be strong.

Although he guessed something in his heart, his feeling seemed to tell him that it was impossible.

The middle-aged man's expression is a little strange: "master, what kind of villain do we have in Jiang family..."

"The Ye family waste in Jiangcheng?" The old man said.

"Yes, sir."

Hearing this, the old man turned pale!

"Pa!"

One hand is clapped on the desk beside me!

The desk is broken like a spider web!

Antique teacups worth millions of dollars are also completely shattered.

Tea splashed all over the old man's clothes.

Middle aged men have long known that the elderly will be this kind of reaction, and their expression is somewhat helpless.

The old man stood up and was very angry and said in an angry voice, "that evil kind dare to kill the people of our Jiang family! You can't die! It seems that the foreign things are also in the hands of this guy

At this time, the middle-aged man interposed: "master, it's not like that. It seems that the thing is not in Ye Chen's hand, but in master Jingdao's hand."

The old man's brow twisted into a Sichuan character: "how did that guy get involved in it, hum! No one is qualified to move what we want from Jiang family. You send someone to contact that guy in person! If you don't hand it over, just erase it. "

Instead, the middle-aged man said in a low voice: "master, I haven't finished my speech. I have a guess in my heart that the matter is not so simple. Master Jingdao and miss Peirong have a different relationship. This man takes over everything in this situation, obviously to protect the evil species. Foreign things are likely to be in the hands of that evil species."

The old man's eyes twinkled with a trace of cold and anger. With a wave of his robe, he said in a cold voice: "in this case, you order someone to let that boy vomit out! There are some things that can't be moved by such rubbish as him

The middle-aged man sighed. The old man would never forgive Jiang Peirong's family.

Every time he mentioned this family, the calm Master seemed to be a lion who lost his mind.

Once Jiang Peirong was regarded as the apple of his eye, but now they seem to be enemies.

Even the couple were put in the ghost prison, and he did not go there.

No matter what kind of torture they're in.

This may be the cruelty of martial arts.

Those who have no use value to the Jiang family must be mercilessly discarded.

The Jiangcheng family is actually poor.

Of course, these things can only be thought of in his mind, he dare not say it.

Mr. Jiang's anger is not something that a servant can bear.

The old man saw that the middle-aged man was still standing, his eyes flashed a trace of anger, and said, "don't go down to work!"

"Sir, there is one more thing I have not told you."

The middle-aged man said respectfully.

"If you don't finish it all at once, you will be expelled from Jiang's house from now on!"

The old man's cold voice sounded, and the whole hall was covered with a trace of killing intention!

How can ordinary people bear the dignity of the peak master of China.

The middle-aged man felt that there was a huge mountain on his body, and he no longer hesitated. He even said, "master, that evil kind has come to the capital."

"What!"

The old man's eyes twinkled with a chill!

In his eyes, such as the general waste of evil species even qualified to step on the capital!

Even if he stepped into the road of martial arts! Just fan gen, no family training resources, he can only struggle at the bottom of his life!

Stepping into the capital city is also tantamount to seeking death!

Don't you need to kill the old man

Master Jiang snorted coldly and hesitated for a few seconds. Instead, he waved his hand and said, "kill that evil species? He doesn't deserve it! The blood on this man will only defile the sword of our Jiang family

"You send a strong man of the Jiang family to find this son and ask him to hand over the foreign things. If the other party refuses to take it out, interrupt the evil's hands and feet and abolish his cultivation, I don't want this boy to appear in front of me in my life!"

The middle-aged man's expression was stiff. He had no idea that the man who dominated China's martial arts Bureau would treat a younger generation like this.

No matter how to say, ye Chen also flows the blood of Jiang family.

However, when Jiang Peirong resisted marriage and chose an ordinary person to marry, she gave birth to a kind of evil without common roots, which almost brought shame to the Jiang family of Huaxia.

Even for more than ten years, the master did not attend the meetings of the martial arts circle.

Because he can't afford to lose his old face!

Countless patriarchs of the same rank ridiculed the master with his family affairs. Why wasn't he angry?

Oh.

For a moment, he even had some sympathy for ye Chen who stepped on the capital.

No longer think about it, he quickly nodded back: "yes, sir."

.....

Beijing Normal University, teachers' apartment. Ye Chen crosses legs and sits on the sofa, he runs nine days xuan yang jue, a black stone around his body rotation.

Black stone dead staring at the table that soul Xuan stone, as if want to swallow, but was stopped by Ye Chen.

"This stone, I need to use it for cultivation, and I can give you the rest."

The black stone seems to have some protest, the speed is faster and faster, ye Chen no longer hesitates, five fingers out, the true Qi condenses, directly holds the black stone in the palm of his hand, and then puts it into the pocket.

Although this stone carries the reincarnation cemetery, which is regarded as the top-level thing, he Ye Chen is the tomb owner of the samsara cemetery now. If you don't listen, you have to listen!

To some extent, he is even superior to the hundred great powers!

He is the turning man of the hundred!

Qie ye, release the evil spirit! In an instant, the blood dragon appeared in the room.

"Broken!"

A roar of anger, ye Chen points out on the ground spirit Xuan stone, which instantly splits into two parts, and the whole room is instantly covered by seven colors of light!

Full of seven kinds of Aura!

Gold, wood, water, fire, earth, Sha, Xuan!

Seven different kinds of light directly toward Ye Chen, but also into his field of elixir! A burning breath, swept by in an instant!

It's a wonderful feeling!

"I thought that my training speed would slow down when I came out of Kunlun, but I didn't expect that these opportunities could be worth more than ten years of practice in Kunlun!"

Ye Chen was overjoyed and even more excited: "give me all absorption!"

With the opening of pores around the body, ye Chen suddenly felt a strong and boundless energy pouring into his body.

Nine days xuanyang Jue operation, ye Chen as if the whole person is a black hole, endless phagocytosis!

At the moment, the energy inside the room is more than a thousand times stronger than the outside world! Terrible!

The more the energy of the diabolith devours, the breath of Ye Chen begins to rise. No matter what, the shadow of the blood dragon around him is also beneficial!

Under the strong energy impact, let Ye Chen can't help showing a look of pain.

A surge of energy, as if to tear Ye Chen's body, will burst his muscles! Blood dragon virtual shadow is also the essence of a few points! The body began to expand, the whole room came to bursts of dragon roar!

Chapter 350

Three in the morning.

Beijing Normal University, cold wind gusts.

There are few people in the school. Only one security guard patrols around with a flashlight. While patrolling, he is painting beautiful women live. He is always enjoying it.

All of a sudden, a strong wind appeared, and a dark shadow flashed behind the security guard. The speed was extremely fast.

The naked eye can't detect it.

He picked up the flashlight and scolded him: "what the hell is the evil wind! I can't stand the night shift now. "

The flashlight hasn't been clenched for a few seconds, and another rapid shadow appears!

"PATA!"

This time, the security guard's mobile phone and flashlight all fell to the ground, and his body fell to the ground.

At this moment, the security guard was a little flustered. He picked up the flashlight and looked around. There was no shadow.

When the cold wind hit, his back bristled with sweat.

It is said that there is a graveyard under the Capital Normal University. Is it haunted?

The security guard's body trembled and quickly walked towards the security room.

At the same time, the teacher's apartment, the figure that appeared later stopped.

This man is the middle-aged man who is talking with Mr. Jiang today.

Jiangzhenye!

He is also a strong man in the first echelon of the Jiang family. Although he has no place in the list of Chinese masters, his strength is enough to kill the one after the tenth place in the list of Chinese masters.

He wanted to send someone to deal with Ye Chen, but after careful consideration, he came over in person.

He was too curious about the villain of Jiang family.

To be able to take foreign things in the hands of many powerful people in Hui'an Province, the strength is absolutely not to be underestimated.

But that boy was a waste in Jiangcheng five years ago. Why did it change so much after five years?

This is the biggest doubt in his heart.

At the moment, he curiously looked at the dark shadow surging rapidly, his eyes slightly narrowed and murmured: "it seems that not only the Jiang family wants to deal with this boy, but also other forces do not want this boy to live."

"Judging from the speed of that figure, the strength can't be underestimated. I'm curious how the boy survived this time."

Language down, Jiang Zhenye is also catching up, the foot of the momentum surging, directly toward the teacher's apartment.

.....

At the moment, ye Chen naturally does not know that the crisis is slowly approaching.

His breath became more and more terrifying, and the blood dragon couldn't even hold the room.

He even felt the breath of breakthrough!

Just as he was about to break through, his eyes suddenly opened!

The breath dissipated, and the blood dragon also penetrated into his body, and his cold eyes shot in the direction of the window!

There's someone robbing me!

"Bang!" With a sound, the glass on the left side of Ye Chen suddenly breaks, and a black shadow directly rushes in.

Judging from his figure and age, he is probably a young man, wearing a half face mask and a leather coat. He holds a machete in his left hand and a photo in his right hand.

The young man took a look at the photo, and then looked at Ye Chen. The corner of his mouth showed a cold radian.

"Ye Chen, you dare to step into the capital. Don't you know that this is the headquarters of Xuemei hall?"

Ye Chen Mou son shrinks, the other party's identity already very clear.

Blood plum hall.

He also wondered before, he killed the so-called first killer of the blood plum hall, why the blood plum hall didn't find himself in trouble.

It's not rumored that the most terrible thing in Xuemei hall is the endless pursuit!

From the other party's breath, it is quite different from the first killer killed in Jiangnan province that day.

Stronger!

It seems that the so-called first killer he killed is not worthy of his name.

The young man moved his neck and said: "you killed a very important killer of Xuemei hall. The leader of Xuemei hall is very angry and the consequences are very serious. He even doesn't hesitate to transfer my overseas task back. I'd like to see what strength you have to step on the capital city!"

The cold light of the machete in the youth's hands twinkles, and the killing intention and pressure are pressing towards Ye Chen!

All of a sudden, the young man noticed something. His eyes were staring at the mysterious stone on the table!

He breathed a little bit quickly and said excitedly, "you have a mysterious stone! Ha ha, God help me too! Now it's mine

The words fall, he five fingers a grasp, a strong spirit toward the spirit of the rock and go, see will be the soul of the rock to absorb, a indifferent voice sounded: "you disturb my practice, let me very unhappy, the consequences are very serious."

"Bang!"

That power is directly broken by the rolling thunder of Ye Chen!

There was something wrong with the young man's face.

"Hum! How dare the ants resist! Then I'll kill you first, and then jump treasure

Boom

With a cold hum, the youth burst into a strong wave. Without reservation, one blow directly!

In his opinion, ye Chen is not qualified to let him out of the sword!

Boom

Move like Xuan thunder!

The blow came out and the whole room was shaking.

The terror of fists roared, as if turned into a beast, swallowing everything!

Some furniture even smashed directly, the sofa in the living room was torn instantly, and fluffy floes were flying in the air.

"Die!"

The strong fist wind swept over, straight to Ye Chen's heart.

Ye Chen's practice was interrupted suddenly, and his body was a little bit of a bite. He didn't care about everything, so he threw out the same fist!

This blow, the evil spirit blooms!

"Luosha fist, break all sides!"

Ye Chen's whole body is full of flesh and blood, and his whole body is full of genuine Qi!

Boom

Under one blow, the fist is roaring! Hit hard!

Between the fists and palms, a terrible air wave came out, and the thunder like roar exploded from the two people's confrontation!

Push the pedal

With this blow, the strong man of the blood plum hall retreated, and his body hit the wall.

And ye Chen, is also back two steps, blood gas surging in the body.

If he had known that the people of Xuemei hall would come at night, he would not have broken through.

The youth looked at Ye Chen, licked and licked his tongue, and sneered: "interesting, the strength is even stronger than me, you are worth my knife!"

"Blood chopping spirit knife!"

With a roar of youth, the smart and natural figure whirled around, and a knife wound around him. His whole body was filled with the shadow of the sword, blowing to Ye Chen like a tornado.

Hua Hua Hua... The sword is strong and fast.

A large number of sparks and the breath of tearing air surging, a series of air waves to make the whole house more messy.

Innumerable sword shadows even blocked Ye Chen's retreat!

"Die!"

Just when the shadow of the sword was about to fall completely, ye Chen's cold voice sounded: "why do you have to do it in the place where I live? Kill you, you are not qualified to let me use the sword

Words fall, ye Chen body shape strange a shake, disappeared in the fury of the pole of the sword shadow!

"What's going on?"

Ye Chen suddenly disappeared, which made the corner of the mouth of the young man's grim smile can not help but solidify, his body shape mercilessly.

"What a strange body

"When you die, I will go to the Xuemei hall in person!"

In the young people's surprised eyes, ye Chen's voice suddenly came.

"Not good!"

Hearing the sound, the young man's face was full of fear.

A huge crisis swept through.

He felt that the atmosphere around him seemed to be locked in. The situation was wrong. He subconsciously prepared to go towards the broken window!

But it's too late!

"Want to go? It's late

Ye Chen a step, blood dragon virtual shadow from the body drill out, as if entangled in the blood plum Hall of youth!

Waiting for the youth to escape, ye Chen has been pasted behind the youth.

"Bang!"

With one hand, the dull roar exploded in an instant.

"No way! The strength of this boy is not the same as the investigation! "

The youth's heart set off a storm! The eyes are scared to the extreme!
