### Chapter 3421

These days, Zhu Ya is in a daze, can see a little girl to send things for her.

Survival instinct can support her to live, but it can't be the present state!

All this benefits from the female servant disciple!

Several times ago, the female disciple of the factotum sent some water and pills, which were not enough to make Zhu Ya awake.

This time, Zhu Ya was awakened by the precious spirit liquid.

She looked at the girl in front of her, a smile of relief and doubt: "thank you."

"Who are you and why are you helping me?"

The girl scratched her head and showed a pure smile: "sister, I'm just a small servant of yujianzong. Just call me Zhong Zhen. A few days ago, I saw elder martial brother Wang and they brought you here. I was a little curious."

"All along, the blood sacrifice people are prisoners and villains, but this is the first time I have seen such accomplishments as you..."

Juya then said, "what a disgraceful cultivation like me?"

Zhong Zhen said with a smile: "no, I'm at the bottom of yujianzong. In my eyes, martial arts cultivates the heart, and strength can't prove anything."

"Just like my idol, he can always face all kinds of demons and kill enemies by leaps and bounds! The myth of invincibility

"If I had seen him in my life, I would have died without regret."

Zhong Zhen said, with stars in her eyes.

As bright as stars.

Juya was slightly stunned. Even if the environment was bad, she joked, "do you still pursue stars? I wonder who your idol is? "

Zhong Zhen obviously couldn't understand Zhu Ya's words and said in doubt: "chasing the stars? I can't catch up with the fashion, but My idol can do it! "

"By the way, sister, I don't know your name yet. Where do you come from? Why did the elder martial brother take you to the sword Pavilion as a blood sacrifice?"

Zhu Ya then said what happened these days. As for ye Chen, she did not disclose it.

With the previous lesson, she knew that people in Lingwu would not believe what they said.

After hearing Zhu Ya's words, Zhong Zhen was so angry that she clenched her fist: "Wang Jiuxu, that bastard! This kind of person is not worthy of being my senior brother at all

"Sister JUA, I'm going to take you away!"

"If you stay here any longer, the things I give you will not be enough to support you to live!"

"Go now!"

However, Zhu Ya shook her head and refused: "Xiaozen, I can't drag you down. When I came, I observed that yujianzong was heavily guarded, and I was injured. It was impossible to step out of the gate. It would only hurt you."

"If you really want to help me, I hope you can help me bring this to someone."

With that, Zhu Ya handed a photo to Zhong Zhen.

The picture of Zhu Ya is gentle and generous, a cheongsam, showing her figure incisively and vividly.

Beauty cannot be described.

But in the picture, Zhu Ya's line of sight is staring at a young man's back.

Beautiful eyes are full of affection.

Although it was just a figure of the back, the young man, with his hands behind him, gazed at a sword. His temperament was cool and he was like a God coming down to earth.

"Sister Zhu, the painting is so lifelike. Your clothes are so beautiful. What's this called? I want to wear But I'm not in your shape... "

Zhong Zhen took a look at her undeveloped chest, a little depressed.

"These are clothes from my hometown. If I have a chance, I'll give you one or even take you to have a look."

"Now, if possible, you can send this picture to the Fumo hall and give it to a person named ye Lingtian and Sun Yi."

Zhu Ya is very clear, she said to give ye Chen, this girl will not necessarily believe, rather than explain, it is better to give ye Lingtian and Sun Yi.

Lingwu mainland does not have China's photography technology. When they see it, they will understand it and tell Ye Chen more.

As for whether Sun Yi and ye Lingtian are together with Ye Chen, there is no doubt about this.

According to the information she came to Lingwu, ye Chen has become the existence at the top of the food chain!

And a long time ago, ye Lingtian and Sun Yi, who came to look for ye Chen, were absolutely safe!

He's gambling!

"Fu Mo hall?"

Zhong Zhen was a little absent-minded and even blushed.

This place, she did not want to go.

After all, her idol is there.

"Is there a problem? Xiaozhen, if it's hard, forget it..." Juya didn't want to embarrass the kind girl.

Zhong Zhen hesitated for a long time, but she still said, "sister Zhu, the headquarters of the demon hall is in the kingdom of God. I can't go..."

"However, I know that there is a branch of Fumo hall in Lingwu land. I can take a chance..."

"But, are there really people named ye Lingtian and Sun Yi in the Fu demon Hall If I don't recognize it, I may miss the best chance to save you when I come back... "

Juya's eyes were firm and she nodded: "there will be. As long as I try, I won't regret it." "When I came to Lingwu, I planned for the worst!"

Zhong Zhen no longer talks nonsense, her mouth has spilled a trace of blood!

Even though she took a pill to resist evil spirits before she came, she still couldn't bear it. She had to leave immediately!

She took out a few small jade bottles from the storage ring and gave them to Juya: "sister, these spirits are all I can steal."

"Although the stealing behavior is not good, but jade sword sect let me down too, I don't care about these."

"These days, on my way to Fumo hall, you must rely on this to survive."

"Sister, we must hold on to it."

With that, Zhong Zhen stood up.

She had never heard of a man named ye Lingtian in the Fumo hall. She was just a servant of the Lingwu mainland sect.

But she will try her best!

Although she hopes to get ahead with the help of martial arts, she has found that the people around her have made breakthroughs one by one during her years in yujianzong!

And she's been wandering.

She hesitated, she hesitated.

She felt that she might not be suitable for martial arts. She began to cultivate her mind.

Others cultivate a fearless heart, but she only wants to cultivate a kind heart.

The night before she worshipped yujianzong, her father told her that martial arts was not the only way. In this life, she only wanted to be worthy of her heart.

This is Zhong Zhen's motto.

Maybe she can't come to the end of martial arts like others!

However, she believes that her small behavior will change the world a little bit!

Zhong Zhen opened the door of the sword Pavilion and walked out with her head down.

Actually, the factotum disciple can't leave the sect at will, but she has been popular in yujianzong these years, so she naturally knows some shortcut.

Juya looked at Zhong Zhen's back and laughed.

Maybe that's the charm of the world.

The world, perhaps, is cruel, the jungle.

But there will also be people who stubbornly guard the inner things.

They may be insignificant to those at the end of the martial road.

But it was this group that gave her hope.

This is the light that belongs to this world.

Chapter 3422

Yujianzong.

On a cliff.

A girl in a braid and dressed in the clothes of jade sword clan suddenly appeared.

She looked around to make sure there was no one, and she gazed into the abyss beneath the cliff.

As a servant disciple, the only shortcut to leave yujianzong is here.

Under the cliff, there is a narrow space leading to the outside world.

At that time, she and several disciples happened to be cleaning here and found the entrance by accident.

However, at that time, an elder took them down. Now it is dangerous for her to go down from such a high place.

The girl plucked up her courage and just wanted to jump down!

All of a sudden, there was a cold voice behind her!

"Stop!"

The next second, she's stiff!

She hard to turn around, is to see a few figures!

It is Wang Jiuxu and others!

"A servant disciple, who allowed you to come here?" Jiang Lichun said.

Liu meihan stepped forward quickly and gathered the spiritual power in his hands, which was to throw zhen'er to the ground.

Zhen'er forced herself to calm down. Looking at Wang Jiuxu and others, she said, "elder martial brother, elder martial sister, you Why should I do this to me? I cleaned here before, but I lost a jade pendant that my father gave me. I just want to find the only sustenance here... "

Liu meihan held her chest in her hands and looked down at zhen'er. She sneered and said, "you are Zhong Zhen. I have seen you several times. It seems that all the people in the service house call you zhen'er."

"You're not old enough to lie."

"Just now, someone saw you come out of the sword Pavilion."

"I want to know, what kind of sword pavilion are you going to, a servant disciple?"

When zhen'er heard Liu meihan's words, it was like a bolt from the blue!

She came out quite carefully, but she was found out!

Wang Jiuxu and others undoubtedly heard the news, and they came to pursue themselves!

If you can't leave safely, you will not only be unable to arrive at the fumor hall before sister Zhu's accident, but also die here!

At the moment, she can only stubbornly say: "Sister Liu, I don't know what you are talking about!"

However, the words have not finished, Liu meihan hands a light fan, a cold sword with a red light fan on zhen'er's face!

Even if there is no sword spirit!

But Juli still left a mark on Jane's cheek!

How can zhen'er's accomplishments resist Liu meihan's sword!

In an instant, zhen'er only felt that her internal organs were rolling, and the endless air waves were like a giant beast devouring her interior.

Her mouth is gradually exuding a trace of red blood.

It's shocking.

"A factotum is not even a disciple. Do you think that saving that zhuya can change your fate?"

"Ridiculous!"

"Birds of a feather flock together, and only garbage can make friends with garbage!"

The next second, Liu meihan is another sword shot!

There's also a trace on the other side of Jane's cheek!

And at the moment, Jane's mouth is full of blood!

Liu meihan enjoys the feeling of tormenting her!

"Almost."

Wang Jiuxu opened his mouth.

Liu meihan had no choice but to take back his sword.

With a smile, Wang Jiuxu crouched down, staring at zhen'er, who was still stubborn in her eyes, and said, "you and the blood sacrifice people should not know each other. I was wondering why the wastes from the low martial world can survive in the environment of the sword Pavilion for so long..."

"Now it seems that it is entirely because of the traitor of yujianzong."

"You are humble, but you are in yujianzong. Why do you want to help others?"

"Say it

In an instant, Wang Jiuxu's mighty power broke out!

As one of the disciples of zhenzhuan, his strength is amazing! It is to kill countless monsters and strong!  
The evil spirit and dignity of the body are not what ordinary disciples can bear!

At the moment, zhen'er seems to be in the hell of Shura! Consciousness will run out!

This is torture!

One side of Liu meihan showed a smile, and her red lips were slightly open: "it's still the elder martial brother who has the means. For this traitor of jade sword sect, such means can make her unforgettable forever!"

After a dozen breaths!

Jane's in a coma!

I don't know life and death!

Wang Jiuxu stopped his work, stood up and said to the others: "although yujianzong has rules, it is not allowed to kill people in the clan at will, but if there is a minor servant in the clan, no one will find out."

"I just don't know what Zhu Ya and the servant disciple said, but it doesn't matter."

"What big waves can these ants make?"

The next second, Wang Jiuxu's step, the rolling air flow like a storm! Hard will be injured coma Zhen Er lift out!

Even falling off the cliff!

Disappeared!

Liu meihan frowned slightly and whispered to Wang Jiuxu: "elder martial brother, don't you erase this person directly? After all, on a few days every year, there will be servants of the Changlao sect going down to clean up In case they are found... "

Wang Jiuxu sneered: "this is the difference between me and you, sister Liu, your pattern is too small after all."

"Although the disappearance of a factotum disciple is not a big deal in the clan, it seems that zhen'er is well-known in the clan. If someone really brings the matter to the master, it will be troublesome for us."

"The next time the elder and the servant disciples go to the cliff, it should be a year later. By then, I'm afraid the girl will have turned into a pile of white bones."

"People only think that a servant disciple fell off the cliff..."

Liu meihan's eyes brightened. He took Wang Jiuxu's arm with both hands and flattered him: "elder martial brother is indeed the top genius of yujianzong You don't have enough time to go to the temple, as long as you can see me! "

However, as soon as his voice fell, Wang Jiuxu slapped Liu meihan in the face!

Liu meihan lost his mind and asked, "elder martial brother, why did you hit me?"

Wang Jiuxu's eyes were indifferent: "I can't surpass that man in my life! As for why I slap you, I hope you understand that I don't like such unrealistic flattery from others

"Go back to the temple."

.....

At the same time, Jane is falling fast under the cliff!

Endless wind in the ear whirring!

Jane opened her eyes with difficulty.

She realized the danger for the first time. She had to live!

The strong sense of survival makes Jane's brain very clear!

She took out only a few pills from the storage ring and took them all!

The silent power of Dantian seems to revive!

Not enough!

Jane took out another golden Rune!

This is Yu Dun Fu!

It doesn't belong to yujianzong!

Because there are three big characters on it, shenjizong!

This Yu Dun Fu was given to her by zhen'er's father when she went to yujianzong!

My father asked that it should be used only when in danger!

She also knows the identity of her father!

My father was a disciple of shenjizong!

It's just because some things have been permanently expelled from God Jizong! The whole body is useless!

After his father returned to Lingwu, he married zhen'er's mother.

The reason why Jane regarded that man as an idol!

There is another reason, because that man is also from God Jizong!

Chapter 3423

She didn't know the value of the Yu Dun Fu!

But at the moment, the activation of Yu Dun Fu actually forms an air stream under her body!

When she was about to touch the ground, she actually held her!

Her body fell slowly and fell to the ground!

Of course, Jane couldn't help but spit out a mouthful of blood!

Her eyes were full of flames, her fists clenched, staring at the top of the cliff!

"Dad said," it's not too late for a gentleman to take revenge. Although I'm a woman, I'll give back what I've done today one day! "

With that, Jane limped in one direction.

She should have recovered from the injury, but she knows that time is life for her now!

She must find the sub Hall of the demon hall as soon as possible!

She held a picture tightly in her little hand!

The woman in the photo is gentle and generous, while the woman's eyes are tightly staring at the back of a young man.

At that moment, the youth seemed to be above the world!

.....

At the same time, boundary city underground, ancient battlefield.

Ren Feifan's eyes are deep, but the corners of his mouth gradually outline a radian. The closer this chess game is to the end, the more he understands the truth. However, ye Chen has to explore these by himself.

Hearing Ren extraordinary's words, ye Chen shrugged helplessly. He also knew that Ren extraordinary would not tell himself, but these secrets simply let people scratch their hearts and lungs.

Then, ye Chen looked at Ren extraordinary and then asked, "Ren, since you have been waiting for me here, you must have something to say with me?"

"Of course." Ren extraordinary indifferent looked at Ye Chen one eye, pointed to his behind.

Ye Chen looked back in surprise, but there was nothing else except the sword marks on the wall.

"Samsara cemetery." Ye Chen just turns around doubtfully, Ren extraordinary then opens a mouth to say.

"Reincarnation cemetery? What's the matter? " Ye Chen's face changed slightly.

"Let me give you a reminder. Or, you can understand it as an alarm bell. Don't rely too much on the power of the samsara cemetery. Those people are not simple. Some of the great powers that you are in contact with in Tiandao palace can only be called normal powers. Any of the dozens of powerful powers trapped in the upper world is extremely dangerous!

One of them, in particular, is a taboo. "

Mentioning the four words of Wanjie taboo, even Ren fan looks solemn and solemn. Obviously, this is an extremely strong existence.

How do you face up to re-election? Ye Chen is also surprised at the moment, the world taboo, just listen to these four words to know that the other side is absolutely strong.

"This person is different from other beings in the samsara cemetery. He is not in a state of mind. His real body is completely sealed in the samsara cemetery. If he wakes up and you don't have enough strength to conquer him, you are likely to be destroyed by him."

Ren extraordinary serious incomparable said.

"Are you even bothered by your predecessors?" Ye Chen can't help but ask a way, Ren especially he met the most powerful existence.

"Hehe, even I am not sure I can suppress him, so you should be careful." Ren Feifan smiles with deep meaning.

"I see." Knowing that there is such a terrible existence in the samsara cemetery, ye Chen is also cautious.

Indeed, as Ren Feifan said, ye Chen has always relied on the power of the reincarnation cemetery, which is not a good thing for him.

The existence that can stand on the top of the universe depends on its own strength, and with the help of external forces, it is empty after all.

Water can carry a boat and it can also capsize a boat. Ye Chen decides to use as little power as possible in the future.

If one day the existence of this world taboo is not careful to wake up, then it will be in trouble.

But at this time, Ren Fan said again: "Ye Chen, you should be clear that you are in a very dangerous situation. Before you have the disaster of the devil emperor, after that, there are Xuanyuan Mo Xie and Mo Xueming. The emperor yuan temple and the upper world empress are also covetous! Once you discover your true identity, you will die!

I can't interfere too much.

You want to do the things in your mind, you have a tight time, you need to be strong as soon as possible

Ren extraordinary's eyes seem to be able to see through people's hearts, see ye Chen's innermost thoughts, see the appearance of Ye Chen, and slowly nod his head.

Although Ye Chen's state of ascension has been fast enough, and no one can even compete with Ye Chen, it is still not enough, and it needs to be faster.

The devil emperor has disappeared. Maybe he is on the way to deal with himself. There is Xuanyuan Mo Xie. The most important thing is that Mo Xueming, who has already known the identity of his reincarnation master, is on the way to deal with him.

These people's threats are too big, ye Chen's strength is not enough now, must be stronger, strong enough to kill them, erase these threats.

"You know, since you are here, I should also give you a gift. It was my famous work when I was young." Ren Feifan looks at Ye Chen and suddenly reaches out his hand. An illusion flies out of Ye Chen's body and falls into Ren extraordinary's hand. Ye Chen's eyes coagulate. This sword is the falling dust and dragon subduing sword left by Ren Feifan in the tomb of Ye Chen's reincarnation. When the sword comes back to Ren Feifan's palm, it's buzzing and trembling, revealing a kind meaning.

"Ha ha, I haven't seen you for a long time, old friend."

Ren extraordinary indifferent smile, invincible momentum suddenly burst out, a sword stabbed to Ye Chen.

This sword, like the earth and the earth, seemed to see the destruction of all the heavens and worlds. The nine rounds of blood moon rose slowly from the ruins, enveloped with endless blood moonlight, like the strongest and sharpest sword light in the world.

The power of this sword is so terrible that it is almost invincible. Ye Chen even forgot to breathe and avoid, and stood in the same place.

"Bang!" A loud noise rings behind Ye Chen. Ye Chen's eyes coagulate and looks behind him. There is a sword mark on the wall behind him, which is the same as other sword marks.

"This is the blood moon butchering the sky, sword moving, blood moon moving, can cut through heaven and earth!" Looking at the extraordinary leaves.

When talking normally, although Ren extraordinary momentum is extraordinary, it can also be regarded as approachable. However, if you move your hand, your invincible momentum will be displayed incisively and vividly, which makes people feel shocked.

"The blood moon slaughters the sky and cuts through the heaven and earth. It is invincible." Ye Chen looks at the sword mark, and the sword meaning on it still makes him feel palpitation. It can be seen that this move is so powerful.

"The blood moon butchers the sky to cut a total of nine. You can only use this sword, because part of my blood moon power is sealed in the falling dust and descending dragon sword." Ren Feifan holds the falling dust and subdues the dragon sword, aiming at the wall and cuts it out.

The invincible momentum erupted, and a sword Qi flew out as if to break through the heaven and earth. A blood moon appeared in Ye Chen's eyes, and there was a sword mark behind him.

"The blood moon slaughters the sky and rises one month. When September is on the same day, it is the meaning of the nine Epee sword, which also represents the perfection of cultivation."

Chapter 3424

Ren Feifan, as he spoke, once again took out his sword. The move of blood moon butchering the sky was like art, which contained infinite mystery, and also sent out a breath of source.

Ye Chen is infatuated and deeply immersed in it. With Ren extraordinary's hand, every time the sword comes out, the blood moon will be more than one round.

One blood moon, two blood moons, and nine blood moons come out at the same time. At this moment, heaven and earth are torn apart, and endless void emerges. September is invincible. No one can stop the nine swords intention of killing heaven by blood moon.

"Have you learned it?" A big drink suddenly rings, will ye Chen wake up, but his head is still Ren extraordinary just show the sword move, can't spread.

"Learned some." Ye Chen's honest answer is that this is any extraordinary move, which contains the power of the source. Even ye Chen can't learn it instantly.

"I'm afraid you can't even use the first Epee of XueYue Tu Tian. It doesn't matter if you don't learn it."  
Ren extraordinary indifferent said.

"The move of killing heaven with blood moon has been printed in your mind. You will gradually understand that this skill is suitable for your Lingxiao martial art."

After that, the endless air current surges, Ren Feifan throws the falling dust and dragon sword gently, and flies to Ye Chen in an instant, and ye Chen catches it in a hurry.

Rolling air and the force of blood moon rippling, ye Chen even felt a trace of pressure!

Looking at the falling dust and descending dragon sword in his hand, ye Chen's eyes flashed. He did learn part of it. Although Ren Feifan said that he could not even use the meaning of the first Epee, he wanted to have a try.

"The blood moon slays the sky!" Ye Chen holds the falling dust and subduing dragon sword in his hand. According to Ren Feifan's posture, he cuts out one sword. He feels that the same blood moon strength emerges in the falling dust and subduing dragon sword.

This blood moon power triggered the blood moon in the dark, and a round of blood moon empty shadow slowly emerged, but before ye Chen cut out the sword, the blood moon empty shadow which had not yet formed completely collapsed suddenly.

"Cough." Ye Chen's breath in his body is lax, and he feels the infinite pressure coming on him. He almost vomites blood. He can't even show his first Epee, and he is even bitten back.

"Your realm needs to be improved, faster." Ren extraordinary has no reaction to this, just look at Ye Chen calmly and say.

"Yes, I know. Thank you very much." Ye Chen clasped his fist and said.

"Well." Ren Feifan nodded calmly, and then the body was gradually dissipated. This is Ren extraordinary's virtual shadow, which was passed on to Ye Chen XueYue and Tu Tian, and then disappeared.

Any extraordinary dissipation, ye Chen silently sighed, is ready to leave, but a voice rings again.

"Don't you want to talk to me?"

This voice incomparably familiar, ye Chen suddenly turned back, saw another oneself standing in front of him, looking at him with a faint smile.

But between the two people, although the outline is similar, but the difference between dress and temperament is too big!

In Ye Chen's view, in addition to the people around him, other people will only suspect that they are similar to the reincarnation Lord.

"The Lord of reincarnation..." Ye Chen's eyes flash, this is his previous life, unexpectedly met again.

The body of Wei'an, the master of samsara, is surging, like a black whirlpool in his pupils!

Once staring, you will fall into samsara!

"You used to be so powerful that you even left many legends outside the territory and in the upper world. Why do you choose to reincarnate?"

"What are you afraid of?"

"Xuanjiyue? The emperor explains heaven

Ye Chen said the doubts in his heart!

Since Ren does not say, the shadow left by his previous life should always say a few words.

However, the reincarnation master showed a mysterious smile: "Xuanji moon, Emperor Shitian? They've never been in my eyes. "

"They try every means to let me fall, so that I can not enter the samsara, but do not know, a person who controls reincarnation, what other people have the right to intervene?"

"My choice is not for myself."

"My enemies are not Xuanji moon or emperor Shitian."

"But in this life, if you want to preach and return to my peak, they will be your hindrance."

Ye Chen Mou son tiny MI, continue a way: "according to your meaning, you cheated the whole world?"

The reincarnation master did not speak, as if he had been lost in thought. After a long time, he said, "if only I could cheat. I'm afraid some people already know everything and are waiting for my reincarnation."

Ye Chen vaguely captures something. Just about to ask, the reincarnation master breaks down: "I have a limited existence time of this virtual shadow. Even if you know some of the past things, they can't change anything, or even affect your mind of Tao."

"Brother Ren gave you what he had been most proud of."

"I can't be stingy. After all, I was once you."

"This time, we talk about it."

The next moment, ye Chen and the reincarnation Lord appeared in front of an ancient chessboard.

The reincarnation master held a son in his hand and said, "what is reincarnation! What is the peak of martial arts? "

Time is going by!

.....Lingwu continent, Fumo hall sub hall.

An extremely magnificent temple stands in the central place of Lingwu continent!

This is the common boundary of several regions in Lingwu mainland. It is always in war!

But at this moment, it was extremely calm.

Because this is the demon hall!

If you ask anyone in Lingwu, what is the strongest force in Lingwu!

Surely everyone will answer the Voldemort hall!

If there is no demon subduing hall, everyone will be devoured by the demons!

What a peaceful and prosperous time!

If the warrior in the land of Lingwu has faith, he must be the young man in the demon hall!

Ye Dian Lord!

Of course, it is impossible for the legendary master of Ye Dian to sit in the sub Hall of Fu Mo hall.

Lin Yaqin and zining were responsible for the establishment of the branch hall.

Lin Yaqin and Zi Ning can be said to be the symbol of the supreme power of the sub Hall of the demon subduing hall!

However, they do not care too much about this right.

The reason why they were not in the kingdom of God, but came to the land of Lingwu, was to build the branch hall well.

There are not only many strong believers in the Lingwu land, but also many forces of shazong!

A thriving situation!

Of course, Lin Yaqin and Zi Ning don't spend much time in Lingwu. They often visit the kingdom of God.

For them, the place with Ye Chen can be regarded as the so-called home.

And now, outside the hall.

A ragged little girl limped out of the sub Hall of the demon house.

She looked at the three big characters in front of her eyes.

This is Voldemort hall, where she believes.

She had fantasized about coming here, but she never thought it would be such a situation!

Along the way, she experienced the pain she had never suffered in her life!

Her only belief is sister Zhu's request!

Although she and sister Zhu met by chance, she didn't want sister Zhu to be the damned blood sacrifice!

Looking at the heavily guarded house of demon subduing, zhen'er shrank back.

I'm afraid she can't even enter the hall of demon subduing.

How to convey the message?

Chapter 3425

She even thought, would she be kicked out?

In the end or failure?

She stopped her tears, hesitated for a few seconds, or toward those burly, strong breath of the door disciples of the demon hall.

However, soon, those disciples of the demon hall came to her!

Every step, the ground is shaking!

Jane is a little flustered!

She was afraid that the doorkeeper of the fumor hall would be as commanding as Wang Jiuxu!

Her body is shaking!

Sure enough, a disciple of the Fu demon hall held out his hand!

Zhen'er is thinking, is it more unbearable for the disciples of the demon hall to directly kill themselves with their swords?

She closed her eyes, but after a few seconds, she found herself alive!

She opened her eyes, but found that there was a handkerchief in the hand of the disciple of the Fu demon hall.

The disciple of the demon subduing hall, who looked magnificent, said with a smile: "little girl, how could you be like this? Can I help you? Wipe it

Jane's eyes widened in disbelief, but out of politeness she took the handkerchief and wiped her face.

She was a little confused, and didn't know how to open her mouth to enter the hall of demon.

However, at this time, the disciple said again: "little girl, I think you have a wound on your body. Let's take you to the medical Pavilion of the Fu demon hall. Although I don't know why it is called, it's said to be the name of the temple master. The medical Pavilion is the place to cure the wound..."

Zhen'er's eyes open more and more big, can he even enter the demon hall?

What's more, the doorkeeper of the demon hall is so talkative?

"You are not afraid that I am a bad man, or that I am not good for the demon house?"

Said Jane, trembling in her voice.

As soon as this word came out, the disciples of the demon hall laughed.

"This is the Fumo hall. It must be that there is no force in Lingwu mainland to dare to start here."

"What's more, the hall master once explained that the purpose of the demon subduing hall is to protect the people of Lingwu land and the kingdom of God. How can you be blocked out of the door?"

"What's more, there is another purpose of the sub Hall of the Fumo hall, which serves the people in the land of Lingwu."

"Anyone who has a request, or meets injustice, can come to the demon hall."

"Let's go to the medical Pavilion, where there are the best doctors in the land of Lingwu."

At this moment, Jane couldn't hold back her tears.

She had been eager to find a place with temperature, which she thought was impossible to find in the cruel Lingwu continent.

But this moment, she saw it!

That's the house of demons!

She couldn't even resist the impulse to meet that idol!

Only this kind of people with a common heart can establish such a distinctive force!

Several figures gradually can not enter the sub Hall of the demon subduing hall.

Surprisingly relaxed.

.....

At the same time, in the ancient battlefield, ye Chen naturally did not know about Lingwu land. This time, he talked with the reincarnation master for a long time, but he did not mention anything about the past life. Instead, he discussed reincarnation and martial arts.

The master of samsara's martial arts and attainments to reincarnation are far from what ye Chen can match today. For a time, ye Chen benefited a lot.

Ye Chen's heart is full of feeling, and suddenly realizes that there is a change in the chart of the yellow spring in his body. Ye Chen raises his eyes and takes a look at the reincarnation Lord opposite him.

"It's your chance." The reincarnation master smiles indifferently.

Hearing this, ye Chen solemnly nods his head, and realizes that in the samsara cemetery, the chart of the yellow spring is constantly shaking, and a trace of inexplicable fluctuations emerge from the chart of the yellow spring and merge into his own body.

Ye Chen's feeling in his heart was answered in an instant. Many questions disappeared in an instant. He immediately closed his eyes and began to shut down.

But at this time, ye Chen didn't notice. With a wave of the hand of the reincarnation master, ye Chen was sent out of the cave. The blood moon in the sky disappeared, leaving Ye Chen hanging in the air.

"Master Seeing ye Chen come out, you Ying ghost weasel quickly exclaimed.

"Keep quiet." At the moment, the evil emperor of Zha Tian sees the clue. He realizes that there is a mysterious and abnormal fluctuation on Ye Chen. He quickly stops the Youying ghost weasel and others.

"I'm afraid Ye Chen will break through." Ye Chengang just broke through the eight layers of chaos, and now he wants to break through again. He is invincible.

Hearing this, the Youying ghost weasel can't help but stare. Xiaobai and ye lingtianmu are stunned. They all know ye Chen's evil spirit, but the speed of the breakthrough is beyond their thinking.

At the same time, at the samsara cemetery, a figure suddenly appeared on the map of the yellow spring. It was a giant without a face. The giant was surrounded by the water of the yellow spring, flying around him like a ribbon.

"Bang!" The giant didn't say a word of nonsense. As soon as he appeared, he hit Ye Chen fiercely. All the ancient battlefields were shaken by this blow, and the water of the yellow spring flowed to Ye Chen along the giant's arm.

Sensing this blow, ye Chen suddenly opens his eyes. He has no time to wonder how he can leave the cave and resist the giant's fist at the first time. All of a sudden, ye Chen did not expect that he would suddenly appear in the outside world, but also inexplicably to a giant to his hand.

"Fahua dies the sky, red dust God pulse, guard!" Ye Chen Li drinks, a touch of bright golden light blooms from him, instantly forming a layer of Buddhist light.

In the emptiness around, there are also Buddhist Chanting sounds, solemn and solemn.

But at this moment, the giant's fist also hit hard, ye Chen even had no time to respond, then saw the Buddha light boundary suddenly broken, the giant's power almost crushed the sky, ye Chen was also scared.

"Boom Ye Chen can't prevent, directly by this fist fly, directly hit on the ground, blowing up the smoke all over the sky.

Suddenly appeared giant also scared cover the sky devil emperor and others a jump, at the moment to see ye Chen injured, rushed to come to help.

"No!" Ye Chen flies out from the smoke and dust, reaches out to stop the evil emperor and others. Although his breath is disordered, his eyes are bright.

Ye Chen has been aware of the power of the netherworld from the giant, which is obviously the test of the chart of the yellow spring. If he wants to obtain the power of the chart, he must pass this pass.

Smell speech, cover the sky evil emperor hesitated for a moment, and then took people to avoid the giant, at the same time remind Ye Chen way: "you are careful."

"Yes." Ye Chen nods and quickly regulates the disordered aura in his body. At the moment, the giant has once again struck.

At the same time, the giant also opened his mouth and roared, "in the picture of the yellow spring, what is the appearance of all living beings?"

Ye Chen was suddenly distracted. There was no ancient battlefield, no giant, and no fist.

The chart of the yellow spring replaces everything. In the chart, there are all living beings. Some people are resting, some are working, some are enjoying themselves, and some are suffering.

All in Ye Chen's eyes, ye Chen's mind echoes the giant's question, and his eyes are more and more bright.

All living beings, no matter what they are doing or experiencing, have obsession in their hearts.

"All beings are clinging to each other!" Ye Chen suddenly angrily drinks.

Chapter 3426

In a moment, the chart of the yellow spring dissipated, and the giant's fist appeared in front of him, but he stopped in front of Ye Chen, and then the giant took back his fist.

"How to solve obsession." The giant opened his mouth again.

"The obsession cannot be broken!" Ye Chen said again.

"Nonsense!" The giant raised his fist and smashed it hard.

"All sentient beings have obsession. When they think about being, they will never stop thinking." Ye Chen ignores this one blow that destroys the sky and destroys the earth, and speaks to himself.

"If you don't hold your mind, all living beings will not live!"

As soon as he said this, the giant's fist stopped again. Then he looked at Ye Chen with a smile and nodded slowly. Then he even dissipated between the heaven and the earth. The water of the yellow spring around the giant turned into a pure force of the yellow spring and poured into Ye Chen's body.

For a moment, ye Chen's body was shaking endlessly, and the violent force swept all directions. Suddenly, there was a mysterious and mysterious atmosphere floating in the ancient battlefield, which made the faces of Zha Tian Mo Di and others change greatly.

"Disaster?" The dark devil looked at the sky in disbelief.

But Xiaobai blinked at the moment, Youying ghost weasel and ye Lingtian looked at each other, and were shocked.

Ye Chen is just a breakthrough in the nine layers of chaos. Why does it lead to disaster? What does this mean.

But at this time, ye Chen's body also came to explode, he had not yet broken through, the disaster suddenly appeared, let Ye Chen's heart also vibrate unceasingly, for a moment breath disorder, suffered internal injury.

"Damn it!" Ye Chen glared at the sky, a strange force gathered above, this is the power of thunder robbery.

In the body, the power of the chart of the yellow spring is shaking, which breaks up Ye Chen's meridians. Ye Chen quickly adjusts his breath and seriously absorbs this terrible power.

Even if the thunder robbery comes, how about the breakthrough in front of you, ye Chen can't stop.

At this time, the evil spirit and resentment in the abyss of the ancient battlefield were stirred up again and swept out of the abyss.

Before the nine rounds of blood moon appeared, the evil spirit and resentment turned around, but now the nine rounds of blood month left, evil spirit and resentment are back again.

Although most of the evil spirit has been swallowed up, the residual evil spirit is still boundless, which is still extremely terrible for ye Chen.

Moreover, at the moment, the abyss's hatred for the God covering demon emperor has dissipated, because it captures the breath of the crystal of war spirit from ye Chen. The crystal of war soul is the result of countless years of its gestation, and it has been refined by Ye Chen, and its hatred is overwhelming.

The house leaks and even the night rain, thunder robbery is coming, and the power of the yellow spring diagram in the body is also uneasy. At the moment, the evil spirit and resentment are sweeping through the sky, which is to put Ye Chen to death.

At this time, ye Chen realized that it was impossible for him to break through. Therefore, at this moment, there were so many disasters and he wanted to let him fall here.

"Heaven does not allow me, I Ye Chen will set foot on the sky Ye Chen roars, clouds gather in the sky, thunder blows, and seems to be infuriated by Ye Chen's roar.

Seeing that the evil spirit and resentment rushed to Ye Chen, he could not help but change his face. Ye Chen came to the critical moment of breakthrough and was hindered by thunder. At this time, if the evil spirit and resentment were added, ye Chen was in danger.

"Stop with me!" The evil spirit of the evil spirit swept out from the sky. The sword of killing immortal was the first to bear the brunt, and directly penetrated into the evil spirit.

"Hiss!" The killing immortal sword has lost a lot of evil spirit and resentment all the way, but it seems insignificant for the vast evil spirit and resentment.

At this time, the dark devil emperor also collided with the evil spirit and resentment, and the furious power of the blind god did not hesitate to pour into the evil spirit and resentment.

The evil spirit was too majestic, and the dark emperor was pale under his hard shaking, but he insisted on not retreating.

Xiaobai and Youying ghost weasel and others also rush forward at the moment to help Zha Tian Mo Di to resist the evil spirit and resentment.

Ye Chen didn't have time to worry about others. At the moment, there was a tiny mirage in his body. All these illusions were ye Chen himself, but they were as black as ink, rushing and destroying in Ye Chen's meridians.

Phantom will ye Chen's meridians are broken, so that ye Chen's bones burst, the pain of Ye Chen's whole body trembles.

"Damn it!" Ye Chen can't help but roar. This is a calamity, a dark thunder robbery. When a warrior breaks through, he will have his own illusions in his body. These illusions are condensed by the force of heaven and earth and destroyed in the warrior's body.

The dark thunder robbery is extremely terrible. According to the law, ye Chen's realm is impossible to encounter such a disaster. What's more, the thunder robbery has not yet taken shape, and the dark thunder robbery has already appeared. How can the heaven and earth tolerate Ye Chen.

"If you want me to die, I want to live!" Ye Chen roared, and the burning stele appeared in the vein, and swept out in front of a statue.

From the outside, ye Chen's body is red and emits endless heat.

The appearance of the burning stele makes the phantom disappear in an instant, but the dark thunder robbery is not so easy to get through. When one phantom disappears, two illusions emerge.

In the process of shuttling through the meridians, you can only kill another one. At the same time, ye Chen also angrily drinks in the heart, "Tianlong eight gods sound."

"Oh! Boom! How about it! Come on! Baa! Moo! Oh! Boo Hongmeng notes appear in Ye Chen's body and shuttle through Ye Chen's meridians to deal with a statue of illusion.

Then, ye Chen used fahua to extinguish the sky and protect his meridians and flesh. Then he concentrated on refining the power of the chart of the yellow spring and made breakthroughs in the shortest time.

"Boom The sky explodes, and in the boundary City, the sky explodes, and the air of thunder pours in.

The thunder seemed to destroy heaven and earth. It was vast, majestic and terrifying. All the people in the boundary City raised their heads and looked at the sky in shock.

"This is the thunderbolt force that exists only outside the territory and in the upper world. Why does it appear here? Does heaven want to destroy our territory city?"

Some people saw the clue and roared in despair.

"Blame, this is the people who will be punished, this is not the day to punish!"

"No way! How can a person break through and lead to such a terrible thunder robbery? If it is really because someone breaks through, then this person will be destroyed under the thunder robbery and disappear forever! "

"Click!" The force of the terrible thunder is still gathering. It was already terrible enough, but now it is still increasing, which makes people feel numb and despair.

Ye Chen is constantly refining the power of the chart of the yellow spring. At the moment, he also has some insights. The power of the chart of the yellow spring is too strong. It just makes him absorb a little, but he can make his own breakthrough. This is how invincible.

And it is precisely because of their own breakthrough with the help of the power of the chart of the yellow spring that heaven and earth cannot tolerate each other. The heaven should condemn itself and destroy its body and spirit.

Chapter 3427

That is to say, if ye Chen gives up using the power breakthrough of the yellow spring map at the moment, the thunder robbery will disappear, but ye Chen's face is full of anger.

"The chart of the yellow spring is originally my thing. I rely on it to break through. I can't get other people to tell me what to do, even if it's heaven!"

With the thought, ye Chen suddenly burst out of endless power. At this moment, ye Chen broke through, and the magic image of the dark thunder robber in his body was instantly destroyed and completely eliminated by the violent power, and would never appear again.

After the dark thunder, ye Chen's eyes flickered, but he looked at the sky. He saw a huge gap in the sky of the ancient battlefield.

In the boundary City, the infinite force of thunder breaks a gap in the sky once again, and thunder pours into it, and dark clouds follow.

The endless force of thunder came from the sky above the boundary city. The thunder was brewing in the sky, and the dark clouds swept over, holding the sky in the palm like a huge palm covering the sky.

A trace of the force of thunder gathered together, unexpectedly condensed into a series of thunder dragons, thunder dragons rolling in the dark sea of clouds, as if in the sea Pentium.

At the same time, Lei long glared at Ye Chen and made a roar from time to time. It seemed that he was reprimanding Ye Chen on behalf of heaven to make ye Chen bow his head.

Looking at these thunder dragons, ye Chen's face becomes extremely dignified. This is not the power of the kingdom of God and the boundary City, not the thunder robbery belonging to the Kingdom and the boundary City, but the thunder robbery outside the territory and the upper boundary.

"Damn it!" Ye Chen can't help but scold. The thunder robbery makes him feel cold all over his body. If he really wants to cross the river, he may die ten times without life.

"I can't die!" Ye Chen's eyes are firm and resolute, Sha Jian is in the hand, aim at the sky to roar.

Raging thunder is brewing in the sky, and thunder dragons are wandering in the dark clouds.

At the same time, the boundary city has been in panic. They watched the force of thunder break through a space again and pour into it. Although they don't know where it is after this space, they can vaguely perceive that it is in the boundary city.

"It's impossible. How can someone really lead to such a thunder robbery?" An old man with white hair roared in disbelief.

"I'm afraid there's no monster."

"Go up and have a look." Some people are really curious, flying to the sky, want to close to the thunder break open space to observe where it is.

However, before the man approached, the terrible force of thunder was infuriated. The force of thunder did not discriminate between the enemy and the enemy. When he was aware of his approach, he immediately poured out endless thunder light and directly bombarded him into slag.

"Ah The onlookers at the bottom suddenly exclaimed. This scene is really terrible. They just got close and were killed directly.

"This guy is completely looking for his own death. Can he get close to such a thunder robbery? Even if he looks at it, there is a big cause and effect!" Someone yelled and closed their eyes.

Some people are staring at the moment, thunder robbery can not get close to, but they always want to find out why the thunder robbery came, so they use the secret method to peep.

It's just that the cause of the thunder robbery has not been found out yet. The eyes of those who perform the secret method suddenly burst, and some people even have their whole heads blown open. The scene is very frightening.

"Damn it, this is a great cause and effect. You must not try to find out, or you will die!"

"You and I are not qualified to investigate the thunder robbery. Give up!"

"But the thunder robbery is in the sky. If it breaks out, the boundary city will not be destroyed."

Some people are worried, but more people are not worried about it. The thunder robbery is obviously aimed at the people who cross the robbery, and jieyucheng will not be affected.

In the ancient battlefield, ye Chen did not know what happened in the boundary City, but glared at the thunder robbery on the sky.

Thunder dragons roared ferociously, and countless thunder lights surged in the mouth and nose between breathing. It looked very terrible. But in this short period of time, tens of thousands of thunder dragons appeared.

"I can't bear this Thunder Dragon. I can't stand it. I want to kill the master." You Ying ghost weasel looks frightened and cries.

"Close your crow's mouth, even if the fierce thunder rob Ye Chen, brother Ye Chen will certainly be able to get through." Xiaobai can't help but stare at the Youying ghost weasel.

Seeing this, the Youying ghost weasel closed his mouth awkwardly, but ye Lingtian nodded on one side, as if he agreed with Xiaobai.

The Emperor didn't talk to them, but looked at the thunder in the sky.

The evil emperor also discovered the clue. The thunder disaster was too terrible to break the rules of the kingdom of God. This is the power from the outside and the upper world. Ye Chen's current state is hard to resist.

"Ye Chen, everything depends on you." Outsiders can't intervene in Ye Chen's thunder robbery. The emperor of covering the sky can't help at the moment. He can only pray for ye Chen in his heart.

The next second, the power of thunder brewing for a long time on the sky suddenly rioted. A Thunder Dragon rushed down first, rolling into Ye Chen with endless thunder light, and the blood was huge and incomparable.

"Looking for death!" Ye Chen's eyes are still, a pull out of the evil sword, destruction Shinto explosion, instant will Thunder Dragon cut.

However, this one has just been destroyed, but there are thousands of thunderstorms in the rear. The number of thunderstorms is too many. It seems that there is a thunderstorm rain on the sky, and it is rushing to the sky without money. This scene is too terrible, the destructive power of all people are shocked, in such an offensive, the dark devil emperor feel cold hands and feet, the thunder robbery is simply invincible.

And ye Chen at the moment in the face of this thunder robbery, even if all means, but also difficult to resist all, an instant was submerged in the sea of thunder.

Ye Chen's figure is covered by infinite thunder light, and the dark emperor and others can't see clearly the situation inside, and they are very worried.

In the sea of thunder, ye Chen's hair is erect, and the aura in his body is trembling with the violent thunder power.

However, in Ye Chen's body, the destruction Shinto converges, the Buddha light boundary breaks out, the Tianlong eight gods sound displays, the Hongmeng note accompanies the Buddha light boundary, and tries its best to resist the thunder.

However, the thunder robbery is really terrible. Even if it is the extinction of fahua and the sound of Tianlong and the eight gods of Tianlong complement each other, it is hard to resist it. It is not long before the light of Buddha is cut off.

"What kind of ghost thunder robbery is this?" Ye Chen can't help but curse, his face has become very pale, and outside the border of Buddha light, infinite Thunder Dragon is ferocious roaring, crazy attack on the Buddha light boundary.

The next second, the Buddha's light boundary can no longer hold, and suddenly burst, and ye Chenlong's pulse burst out, and a Fire Dragon flew out of his body.

"Die for me!" Ye Chen angrily drinks, the fire dragon is majestic and invincible, crushing countless thunder dragons directly.

However, there are too many thunder dragons, and ye Chen is in the sea of thunder at the moment. One just disappears, and the other is born again. It's just endless, and it can't be killed completely.

Chapter 3428

Under the attack of endless thunder dragons, the fire dragon can't resist. Seeing hundreds of thunder dragons attacking, ye Chen quickly uses the red dust God pulse, and the iron wall of Geng gold emerges to block the impact.

"Bang!" Ye Chen flies upside down, the whole body strength that is impacted by Thunder Dragon is lax, the state is poor to the extreme.

The thunder robbery in front of him is the most terrible one ye Chen has ever experienced, and even makes him have an irresistible mind and wants to give up directly.

"Cheer up!" At this time, three voices sounded from his mind. Ye Chen felt a force pouring into his body. He immediately stabilized the spirit of the riot and killed several thunder dragons with one sword.

"Master!" Ye Chen's heart a joy, crisis time, the emergence of the three ancestors, this is a good thing.

"Ye Chen, how can you lead to such a thunder robbery?" At the moment, the sword ancestor of huangquan was extremely shocked. The three of them realized that ye Chendu had a crisis and immediately came out, but they never thought that the thunder robbery was so terrible.

"This is the power of the outer world and the upper world. You are in the kingdom of God. No, how can you be in the city of the realm." Huang Quan Shu Zu is not only frowning at the moment. The boundary city is not within the kingdom of God, which may lead to thunder robbery outside the territory and the upper kingdom.

But this is just a theory. Ordinary people can't have such a terrible thunder robbery even if they break through in jieyucheng. They can only say that ye Chen's luck is too bad.

"You used the power of the chart of the yellow spring to break through, which is why you provoked such thunder robbery." The Taoist priest of huangquan narrowed his eyes and found out the truth. He couldn't help but change his face.

"The power of the netherworld map?" As soon as this was said, the swordsman and the master of art of huangquan were shocked at the same time. The diagram of the yellow spring involved countless causes

and effects. Ye Chen broke through with the power of the diagram of the yellow spring. No wonder he would have provoked such a calamity.

"This is the punishment of heaven. Heaven will not allow you to use the power of the chart of the yellow spring. You are looking for death." Huang Quan Shu Zu couldn't help complaining.

The thunder was too terrible to swallow the power of heaven and earth. Even the three of them were frightened.

"Three masters, the chart of the yellow spring is my thing. I use the power of the chart to break through. Why not?" Ye Chen hears the speech not from the voice to say.

Hearing the words, the three ancestors of huangquan were stunned, and ye Chen's momentum broke out, just like the reincarnation master of previous generations, which made them seem to return to the past.

"Three masters, I must use the power of the netherworld map. I'd better help me through the thunder disaster first." Ye Chen's voice rings again.

Hearing the speech, the three ancestors of huangquan looked at each other. The feeling of that moment made them no longer question Ye Chen's practice, but decided to take action.

"Die of heaven with the yellow spring." Huang Quan Shu Zu said in a loud voice: "if you have me three people to help you, the power of huangquan mintian Jue can be more than doubled."

Hearing this, ye Chen immediately uses huangquan mintian Jue. The vigorous Qi of huangquan is still very weak at the beginning, and can't resist the force of thunder. However, as soon as the three ancestors of huangquan put their hands on it, the vigorous spirit of huangquan immediately becomes more and more powerful.

Ye Chen takes out a bottle of yellow spring water for refining. The vigorous Qi of the yellow spring rises suddenly, crushing the thunder dragons around in a moment. The fierce vigorous Qi of huangquan sweeps across the thunder sea, just like the endless stars falling down, and even the thunder is wiped out.

With the help of the third ancestor of Huangquan, Ye Chen is able to withstand the thunder disaster.

At the moment, the outside world, Zha Tianmo Di looked at the huge thunder balls in front of him, and he was shocked one by one. The thunder balls were still expanding and seemed to occupy the whole ancient battlefield.

Ordinary ferry robbery is just a thunder cocoon, but this time the thunder robbery is magnificent. It must be that the inside of the thunder ball has changed into a thunder sea at the moment, which makes people despair.

"I don't know how the master is now." The Youying ghost weasel muttered anxiously.

But at this moment, Wei Ying, a hundred miles away from the city, suddenly opened her eyes and looked in the direction of the city.

"Who is such a terrible thunder robbery?" Wei Ying felt a little uneasy in her heart, and her sight became profound and incomparable.

A moment later, Wei Ying's eyes flashed a bit of worry. It turned out that Ye Chen was the one who took the robbery.

"This is the power of the outside world and the upper world, which does not belong to the kingdom of God at all. If Ye Chen wants to survive the thunder disaster, he is afraid that it will be extremely difficult and even expose his identity..."

Wei Ying's eyes flashed, but her body suddenly disappeared. She could not let those people know the identity of Ye Chen's reincarnation master.

During the thunder robbery, the vigorous Qi of Huangquan is surrounded by Ye Chen, and the endless thunder is isolated. However, the vigorous Qi of Huangquan is also rapidly consumed, and Ye Chen's face is gradually pale.

"Boom A Thunder Dragon suddenly breaks through the vigorous Qi of huangquan, and the violent force of thunder rushes into Ye Chen's body.

"Hiss..." Ye Chen took a breath of cold air. The power of the thunder robbery was too terrible. The force of the thunder was more powerful than ever before. In a moment, he destroyed the flesh and blood in his body.

"Kill me!" Ye Chen's power erupts.

"Red dust God pulse, open!"

"Ling Feng Shen Mai, open up!"

"Destroy Shinto, open!"

The red dust God pulse, the destruction Shinto, all erupted into the torrential weather, the violent power swept through the body, the power of thunder was instantly extinguished.

However, the next second, countless thunder dragons all broke through the vigorous Qi of huangquan and poured into Ye Chen's body. The endless force of thunder was wantonly destroyed in Ye Chen's body. "It can't go on like this." The three ancestors of huangquan look at each other and give their own strength to Ye Chen.

For a while, ye Chen's momentum soared again and successfully resisted the force of thunder. At the moment, in the sea of thunder, a series of thunder dragons changed.

It seems that the thunder robbery found the Thunder Dragon, but ye Chen, the endless force of thunder began to condense, and finally formed a dark chain like thunder.

As soon as this thunderbolt appeared, the thunder dragons in the thunder sea even sent out lamentations and fled everywhere.

However, the speed of thunder chain is almost invincible. It flies out in an instant, penetrates one by one Thunder Dragon, and actually absorbs Thunder Dragon as nutrient.

After swallowing the Thunder Dragon, the dark thunder chain luster is more and more bright, the thunder sea eight directions, suddenly flies eight thunder chains.

"No, thunderbolt!" Seeing this, the three ancestors of Huangquan can't help but hiss.

Thunder lock is one of the most terrible thunder robberies in the world. Even if the holy ancestral land encounters thunder tianlock, it will end up with a tragic result of death.

Unexpectedly, Ye Chen just broke through to the ninth layer of chaos and provoked thunder tianlock. This thunder robbery is to kill Ye Chen completely.

"Ye Chen, we must resist it!" The third ancestor of the Yellow Spring once again transmitted his power to Ye Chen.

Ye Chen stares at the black chain that flies. The breath of the thunder sky lock makes people feel very shocked. It seems that it comes from the boundless hell, with a terrible breath of enchanting soul.

"Boom Thunder day lock suddenly came, fast Ye Chen can't see clearly, instantly stabbed into his body, will his flesh body Pierce.

Ye Chen blood sprinkles on the spot, thunder day lock's speed is too terrible, he even has no time to make a response to be hit hard.

Eight thunderbolt chains pierce Ye Chen, and then carry them to the sky. Thunder dragons roar to the sky, and the terrifying power is brewing in the big mouth.

"Boom Endless thunder gushed out of the Thunder Dragon's mouth, and Ye Chen was wildly burned by the thunder, and his intense pain made him want to faint directly.

It's the most dangerous time to resist thunder!

Chapter 3429

Ye Chen is very clear, if you don't solve the thunder sky lock! He must die here!

Tiansuo penetrates through the flesh, and ye Chen's aura becomes extremely difficult. In a hurry, ye Chen pulls out his evil sword and fiercely cuts to a thunder sky lock.

"Bang!" Jingtian explodes. The moment the Sha sword touches the thunder lock, it is exploded. Ye Chen's arm is full of holes.

Fortunately, the thunder lock was cut off by Ye Chen, but there are still seven.

"All must be cut off!" Ye Chen's eyes in the cold light burst out, launched ruthlessly, regardless of the body's pain, Sha sword furiously cut to another thunder sky lock.

Ye Chen is sure to directly cut off thunder sky lock, but he dare not use such power.

Because ye Chen is now in Jieyu City, if he uses such force here, he may be known by the upper boundary and the outside world, and it will be bad at that time.

In this way, ye Chen is extremely difficult, hard to resist the fierce pain against the thunder robbery.

Outside the thunder sea, the dark devil emperor and others are staring at the huge thunder ball in front of them. They don't know ye Chen's situation in the thunder robbery, and they are very worried.

At the time of crisis, a young girl with a veil suddenly appeared, fell from the sky and rushed to the thunder robbery.

"No way!" The dark emperor has been protecting the Dharma for ye Chen all the time. At this moment, he sees someone approaching suddenly and thinks that it is to be harmful to Ye Chen. He immediately makes a move.

"Master, it's me!" Wei Ying's voice came out. The emperor was stunned and stopped.

"How did you get here?" The emperor looked at Wei Ying in surprise and asked.

Wei Ying looked at the dark devil emperor and frowned tightly. "I explored the mystery of heaven and found that ye Chen had been robbed by the great minmie thunder, so I came to help."

Smell speech, cover day evil emperor face is gloomy, "big minmie thunder rob?"

The great minmie thunder robbery is the legendary heavenly calamity. It is the most terrible existence among the thunder robberies. It is only for the sake of erasing the existence. No living creature can survive under the great minmie thunder robbery. How can ye Chen lead to the great minmie thunder robbery.

"Although the great minmie thunder robbery is terrible, I believe Ye Chen can get through it. What I am worried about is that his identity is exposed." Wei Ying looked at the sky, the sky thunder rolling, the endless force of thunder roared through, the whole boundary city was shaking.

Hearing the speech, the dark emperor stopped talking. He knew how important Wei Ying had said. If ye Chen's identity was exposed, there would be a great crisis.

"What means do you have?" Zhang Tianmo Di stares at Wei Ying.

If you want to cover Ye Chen's breath under such thunder robberies, the dark devil emperor can't think of a way. The great minmie thunder disaster is too terrible, and the endless sky thunder rolls around, as if to destroy everything in the world.

"The absolute cold emperor reveres, the supernatural power is overwhelming, shields the natural opportunity!" Wei Ying didn't answer the words of the dark evil emperor. Instead, she gave a clear drink and offered two drops of blood essence, which were bright, brilliant and magnificent.

This is a drop of blood essence of the first juehan palace master, juehan emperor in ancient times!

When Emperor Zun's blood essence appeared, suddenly, an icy momentum broke out, and the whole ancient battlefield seemed to have stagnated. Everyone's eyes were locked on the two drops of emperor's blood essence, and they even couldn't help falling to their knees.

The atmosphere of violent destruction almost destroyed the whole ancient battlefield. The invisible wind roared around emperor Zun's blood essence, and the voices in the depths of the ancient battlefield were all crying out.

"The blood essence of the emperor is so terrible." Seeing this scene, the emperor can't help but sigh. No wonder Wei Ying is sure to protect Ye Chen's identity.

At this moment, Emperor Zun's blood essence is flying in the sky. He even draws the pattern of Taiji and eight trigrams. Then he presses down against the thunder ball of Ye Chendu robbery. The invincible power envelops the thunder ball and traps the thunder ball in it.

"Holy cold guard array!" Wei Ying once again drank. The power beyond everything shielded the thunder from the sky, and the thunder ball of Ye Chendu was shrouded with a touch of shocking light of ancient and modern times.

Lei Jie and ye Chen were isolated, which is the legendary killing all, irresistible, invincible great miemiemie thunder.

In the heart of the demon emperor, the emperor's blood essence is really invincible, and he can do this step.

If the thunder robbery is isolated, ye Chen's suffering will be slowed down. Without the endless thunder in the sky, the power to guard the thunder in the big array will be exhausted sooner or later.

At this time, the magnificent and invincible thunder robbery in the sky became more violent. Wei Ying's action obviously angered the thunder robbery, and the sky was furious!

"Click!" At this moment, the sky cracked, and a dark crack like an endless abyss appeared in front of everyone.

An inexplicable force flows out from the crack, and everyone feels cold all over the body. A despair rises from the heart. This is the great power in the dark, the power of heaven, which no one can resist.

"Get the hell out of here!" In the face of this invincible power, Wei Ying even roared and slapped at the crack.

This scene almost scared the Youying ghost weasel and others to death on the spot. It was a day. Wei Ying was so lawless that she dared to speak ill of the sky. She was invincible!

At the moment, with Wei Ying's scolding, the crack also vibrates. With the power of endless thunder, the sky thunder condenses and rushes to Wei Ying like destroying the sky and destroying the earth."Boom At the moment, the ancient battlefield has become a place of terror, with endless sky thunder rolling, countless shrill and piercing howls resounding, and the ancient residual consciousness of death here is scared.

Wei Ying stood under the brilliant sky thunder, but her face did not change. Her clothes danced with the wind. She was holy and proud like a fairy. Her eyes were full of disdain, showing her majesty.

"Cut off the cold emperor." Wei Ying cut out a sword, as if to break the sky, the ultimate sword light reflected the entire ancient battlefield.

"Boom The extreme Hongmeng flavor and the evolved Jueshan sword light, with the invincible momentum of penetrating the heaven and earth and destroying the universe, instantly collided with the earth shaking thunder in the sky.

The sky sword, which was not destroyed by the sky and the earth, was completely destroyed by the thunder.

"Hum!" Heaven and earth hummed at this moment, as if in anger, and then roared, one after another startling thunder emerged from the cracks, and the terrible momentum of destroying everything pervaded the ancient battlefield.

However, before the thunder was born and came to the ancient battlefield, Wei Ying's sword light was cut in the cracks in the sky.

"Bang!" The sky seemed to be broken when the sky exploded. The clouds were blown up all over the sky, and countless space debris fell down.

But above the turbulent sky, the cracks slowly healed. Seeing this, Xiaobai opened his mouth and Wei Ying forced the will of heaven back with a sword. What a means.

"Puff..."

Wei Ying's attack was powerful, but it also led him to vomit blood directly, which made his clothes red. However, her eyes became sharper and sharper, and there was an aura of godless charm between her eyes, which was frightening.

Chapter 3430

Standing in the sky, Wei Ying looks at the guard array of Shenghan. At the moment, she is firmly covering Ye Chen.

Wei Ying knew that the thunder robbery would not stop. She stood on the sky and stood in line. At the moment, two cracks appeared slowly.

In the endless sea of thunder, ye Chen looks infinitely small, but he is as determined as a rock in the endless rolling thunder.

Although he can't see what happened to the outside world, ye Chen is also aware that the power of thunder robbery is suddenly much smaller. He has just cut off eight thunder sky locks, and then he finds that the thunder sea seems to be shrinking.

"Someone blocked the thunder robbery from the outside world and blocked all people's investigation!" Ye Chen's eyes flashed, and he knew that someone was helping him.

At this time, the sea of thunder, which had lost its supplement, had stopped, but suddenly rioted, like a demon who fought back to back, gathering all the power of thunder.

"Do you want to take the last shot?" Ye Chen hums coldly, the space behind is actually cut apart by the invisible power. In the dark, it seems that there is something to appear.

Behind him, countless thunders begin to disappear. Ye Chen looks at the endless sea of thunder in front of him. The force of the rolling thunder condenses the horrible breath of destroying the heaven and destroying the earth.

Gradually, an arm suddenly extended from the thunder sea.

"This is..." Ye Chen's pupil shrinks abruptly, which is actually a collection of creatures from the force of thunder. Without exception, the breath of these creatures is extremely terrible, with the general dignity of annihilation.

"Tianjiao, who died of thunder robbery in the past dynasties!" At the moment, the three ancestors of the yellow spring also exclaimed in the reincarnation cemetery.

"Tianjiao, who died of thunder robbery?" Hearing this, ye Chen's mind is shocked. This is the thunder robbery. After killing the man who crossed the robbery, he engraved everything on the other side. He used the force of thunder to unite and regenerate to fight against other people who took the robbery.

"I'm afraid, this is all the Tianjiao who died of the great minmie thunder robbery all the time." Huang Quan Shuzu's voice is low.

In this period of time, the third ancestor of Huangquan also guessed what the terrible thunder robbery was.

Smell speech, Ye Chen's complexion is more solemn, the corner of the mouth but gradually arouse a sneer.

"What bullshit! Damn thunder robbery, what Tianjiao can be killed, is it Tianjiao?"

Ye Chen sneered and burst out a very strong killing intention. Facing a Zun living creature that appeared opposite him, "a group of native chickens and dogs, just Tianlei also want to kill me, dream!"

Hearing Ye Chen's words, the sea of thunder was shaking, and Tianjiao, who was reborn by the force of thunder, was also furious.

The arrogance of heaven has completely disappeared, even the soul has completely disappeared, but their momentum is still retained, they are the proud son of heaven, they do not allow others to insult themselves.

Bright lights burst out one after another, the power of violence is shining from ancient times to the present. There is a vast atmosphere of Hongmeng, and the power of violent thunder is rampant.

Ye Chen's pupil shrinks, and the Tianjiao condensed by thunder can still use the Hongmeng method. It's really against the sky. In front of him, dozens of Tianjiao and the ancient Hongmeng method are used at the same time, which will destroy the heaven and the earth.

"Misty rain and fog!" Thirty-three Tianhong Mongolian law, the magic power of the ancient flying Yao emperor, is now being used by thunder and Tianjiao.

The power of infinite thunder condenses into thunder smoke, and thunder turns into raindrops.

"Tiangang Jue Ming Fu!" Another move is the Mongolian method. The sky Gang is full of murderous spirit, and seven characters of death are flying out.

All the ancient methods are united, endless thunder and the sea is boiling at this moment. Ye Chen feels the incomparable pressure coming down, as if all the heaven and earth are sinking on his shoulder.

"Even if you are all resurrected, you will be suppressed by me!"

Ye Chen roared, and the invincible momentum burst out. All the bottles containing the yellow spring water were exploded and absorbed by refining. Behind him, there was a round disk emerging, and the mysterious breath of samsara flowed out, as if to bring heaven and earth into reincarnation.

In an instant, countless Daohong Mongolian Dharma flew to him, but ye Chen did not change his face and was calm as usual. Only when the outside world shielded him from the natural opportunities, did he dare to use the power of reincarnation. This is the reason why he was confident to survive the thunder disaster.

"Kill me!" Ye Chen roared, heaven and earth wailed, vanishing everything, all the power of reincarnation swept out.

The countless ancient methods of Hongmeng have not set off a storm, just like a wisp of green smoke being blown away by people, and those who have been trapped by thunder and have no spirit at all are shaking at the moment.

This is not that they are afraid, but the power of reincarnation is too terrible, destroying the sky and destroying the earth in general, and the force of thunder that condenses Tianjiao is shaking and begging for mercy!

"Boom All Tianjiao vanishes in a moment, and at this moment, a breath of terror, as if the world has not yet opened up, there will be a wild taboo breath in the thunder sea.

Wei Ying stood in the sky. At the moment, four cracks appeared in the sky, including swords, spears, halberds, axes, axes, hooks and forks. Countless powerful weapons were condensed by thunder, and they roared at Wei Ying.

The momentum of these weapons is simply invincible and shocking. The space that they pass through explodes, and countless space debris cling to them. Wei Ying forced back two cracks, but now there are

four more, and the roaring attack in the cracks is more and more terrible, even Wei Ying is a little unable to support, and her face turns pale.

At this time, a dragon chant resounded from heaven and earth, and then a dragon came out, tearing up the void and coming directly to the ancient battlefield.

The dragon is magnificent, just like the most noble and dignified existence. Wei Ying is shocked by the endless divine power.

For a moment, Wei Ying was hurt by thunder weapons. Seeing this, the Dragon suddenly moved.

As soon as the dragon claw grasped in the void, infinite great power emerged. Unexpectedly, the thunder weapon was crushed and exploded in the air. At the same time, the Dragon flew to a crack in the sky. The invincible force bombarded the crack and broke the crack in an instant.

"Who are you?" Wei Ying was relieved to see that the man was not the enemy. Now he saw the Dragon change into a girl.

"Ye Luo Er?" Wei Ying was surprised that ye luo'er would arrive here.

Ye luo'er's eyes are cold, but she still shows a struggle. Although she seals her memory, she feels Ye Chen's crisis when she practices.

Although I don't want to interfere in other people's affairs, there is a voice in my heart to let her come here to guard Ye Chen.

Ye luo'er wants to suppress the idea and cultivate himself, but he can't do it at all. He is almost possessed by the devil.

"Hum!" Ye luo'er looks at Wei Ying with a cold hum, which makes Wei Ying feel confused.

"Where is the man?" Ye Luo Er side said, the eyes have fallen on the huge thunder ball, she can detect, let her innermost feelings want to protect the person, is in the thunder ball.
