

Physician 3441

Chapter 3441

At this time, several hermit elders at the same time, a cold light stabbed Ye Chen, at the same time, someone manipulated the dead gas.

"Crack!"

At this moment, the infinite dead spirit turned into sharp knife light. The sword light came with a sense of coldness, like a fierce weapon to split the sun and the moon.

The flying swords thrown out by several hermit elders also came quietly at this moment. They were hidden and dignified, with the meaning of endless destruction. It seemed that they would fall into endless death when they were touched, and there was no possibility of escape.

"Well, you want to kill me with that?"

Ye Chen coldly smiles, cuts out a sword, destroys the Shinto, instantly several flying swords completely destroy eliminate.

At the same time, the fahua annihilation day is spread out by Ye Chen. The Buddha's light will protect Ye Chen at this moment, just like the myriad worlds surrounding Ye Chen, to protect this supreme existence.

Ye Chen no longer hesitates, again displays the Tianlong eight gods sound, a line of Hongmeng notes resounding, humming vibration.

The heaven and earth also responded at this moment, and the endless air Sabre light burst in succession at this moment.

"Poof!"

Several hermit elders vomited blood at this moment, and they were severely attacked.

On the other side, death turns into a huge palm. He wants to drag Xiao Huang into the abyss and pit, but hears Xiao Huang roar.

"Local chicken and dog, dare to be bold in front of my father!"

"Boom The violent power suddenly explodes, the dead gas giant palm is directly broken at this moment, and the endless dead air disappears.

Xiao Huang was completely infuriated by the people in the Ming Palace. After breaking the lifeless palm, she did not hesitate to shoot it with one claw.

This claw seems to destroy the heaven and earth, and the shaking power comes in an instant. At this moment, countless demon soldiers burst into pieces, and two hermit elders are not spared, and are directly cut into endless blood clots.

"Open it for me!" The devil emperor was swallowed by the huge mouth of death. At the moment, his roar resounded from it.

"Boom

The fierce evil Qi turned into sharp spines, which instantly pierced the huge mouth, and the endless killing intention swept out. The remaining several hermit elders were originally injured by Ye Chen's attack and were devoured.

At the moment, Mu Lu was frightened and lost the courage to fight. He turned to escape, but the sword of killing immortal had already arrived at this moment.

"Hiss!"

Senhan sword light with a breath of source, instantly annihilated all the remaining hermit elders, completely eliminated from the world, and did not even leave a trace of existence.

The momentum of Ye Chen's three men broke out to the extreme at this moment, just like the three unruly gods of war, which severely damaged the whole hell hall, and 100000 demon soldiers would be slaughtered.

"The master's anger is my anger, the beginning of the nightmare and the coming of the end!"

Xiao Huang roared, endless power surging, the sun, moon and stars disappeared at this moment, and the endless darkness enveloped, a blue and a red light in the darkness.

"Click!"

In the red and blue light, all the remaining magic soldiers were blown open, one by one, and the hell hall became a hell on earth.

"Ah

Mo Xueming has to dance wildly. This scene makes him completely angry. Ye Chen's three people are really too arrogant and overbearing. They even slaughtered all his men in the temple of the underworld. This is totally in his face.

Ye Chen has gathered invincible momentum at the moment, looking at the fierce power burst out of the Ming Temple, without fear.

"Mo Xueming, today is your death date!"

"Open it for me!"

Ye Chen cuts out with a sword, and the destruction Shinto erupts. Unexpectedly, he cuts a sword on the hell hall, which makes the hell hall shake up.

At the bottom, Mo Xueming is furious and flies out of the temple of the underworld. His whole body is filled with the spirit of Shura, and his endless killing intention sweeps out and glares at Ye Chen.

"Ye Chen, you are too arrogant and arrogant

Mo Xueming's angry roar, the endless power of Shura converged on him at this moment. A Shura armor covered his body, and a Shura unicorn was born on top of his head, which made people afraid of the power.

"This guy is really seriously injured, but even if he is seriously injured, the strength of the explosion can not be underestimated!" Ye Chen's eyes are dignified. At this moment, the dark emperor and Xiao Huang are also in awe.

"If you don't go there is a way in the sky, you will come to hell without a door! Die for me

Mo Xueming suddenly took out the Xuanwu Kaitian axe. In the ancient battlefield, although Mo Xueming's body was killed by Ye Chen, the Xuanwu Kaitian axe was sent back to the Ming Palace.

At this moment, the Xuanwu sky opening axe is waved by Mo Xueming, which is not at the same level as his split body swing. At this moment, the heaven and earth are all broken and endless void cracks appear.

"I will cut you down by the sword!" The demon emperor snorted angrily and waved the sword.

The imperial robe of the army breaking battle behind him vibrates, and the demon emperor roars.

"Demon wolf smoke blade!"

The blade of wolf smoke is rampant, as if to make heaven and earth full of holes, all things in the mountains and rivers tremble at this moment.

The collision between Mo Xueming and the dark emperor was too terrible. The breath of endless destruction broke out, and the sun, moon and stars seemed to be broken."Boom

However, Mo Xueming stood in the same place, majestic and powerful.

"That's it. You want to kill me!"

"Even if I'm injured, I've been at the end of the holy ancestral realm!"

Mo Xueming looked up at the sky and laughed, "Ye Chen, who gave you the courage to fight me?"

"Hum! You can only blame you for knowing too much! " Ye Chen looks at Mo Xueming coldly.

Mo Xueming has already known the identity of the reincarnation master of Ye Chen. He must die and not keep it, or it will be an endless disaster.

Hearing Ye Chen's words, Mo Xueming's eyes flashed a bit of fear, and then said, "I promise you will not reveal your identity. How about today's business?"

Mo Xueming does not reveal Ye Chen's identity.

In his opinion, if ye Chen's identity was known by the emperor yuan palace and the empress of the upper world, he would never be entitled to be contaminated with this luck!

He doesn't want to go to the outer world and the upper world simply!

He wants to surpass the palace of emperor yuan and the queen of the upper world!

"You killed countless masters in the Ming Temple. I can forgive you and even cooperate with you. What do you think?"

Mo Xueming's voice is full of temptation, but Ye Chen's eyes are with a touch of contempt.

"You think I don't know who you are? There's no need to install any more! " Ye Chen said coldly.

Mo Xueming's mouth does not even have a word of truth. Ye Chen doesn't believe in Mo Xueming's cooperation. It's totally trying to hide from a tiger.

"Hum, then you are toasting and not eating or drinking!" Mo Xueming laughed angrily, and Xuanwu Kaitian axe was held in his hand and suddenly exploded.

"If you want to move my master, pass me first!" Xiao Huang's eyes are dense, and she suddenly takes out a claw. It seems that she is not afraid of the sharp edge of the Xuanwu sky opening axe.

"Boom

The sound of the explosion resounded. At the moment of collision between the two sides, the area where the temple of the underworld was located was exploded by the violent force, and the mountains and rivers were shattered.

Chapter 3442

The terrible collision even made Xuanyuan moxie in Tiandao palace feel something. At the moment, his eyes are burning at the area where the hell hall is located.

"Well, it's a bit interesting." Xuanyuan ink evil strange smile, then close eyes.

Xuanyuan moxie has already guessed who is going to fight in the hell hall, but he is not ready to join the fun. He wants to be a yellow Finch, a mantis catching cicada, and he is in the back, and he will reap the benefits of fishermen!

"Fight, fight! The more intense the fight, the better! "

.....

"You three are no match for me at all!" Mo Xueming's whole body is full of Shura Qi, and endless strength is gathered on him. Even if he is seriously injured, the demeanor of the master of Shura is still fierce and invincible.

In the face of such a powerful Mo Xueming, ye Chen's eyes are dignified. He knows that Mo Xueming is a hard bone to chew, but Mo Xueming knows too much. This bone must be broken, destroyed and completely eliminated.

"What if you add another one?" The corner of Ye Chen's mouth draws up a cold radian, and suddenly sacrifices out of the ancient box.

"Boom The fierce breath of the sky surges out, Mo Xueming's pupil shrinks, and an ancient fierce comes out of the ancient box.

"Jiuyou tiger!" Mo Xueming looks ugly. He can barely resist the three men of Ye Chen, but he can't be sure of it if he has more nine you tigers.

"Hum! Ye Chen, you are really ready for it Mo Xueming looks at Ye Chen gnashing his teeth.

"Lord of reincarnation, do you have to find so many people to deal with me?"

Hearing this, ye Chen's complexion is as usual. He is not irritated at all. He looks at Mo Xueming calmly.

"No matter what you say today, you will die. No doubt, I will destroy you both physically and mentally."

Smell speech, Mo Xueming's face is iron blue, there is no full assurance to take ye Chen and others, he dare not come hard, he is now seriously injured, if there is an accident, then he will die.

"Hum! Ye Chen, if you want to kill me, I'm afraid you don't have this ability yet! "

Mo Xueming laughs angrily and flies to the temple of the underworld.

"Stop him!" Ye Chen's face changed slightly, and he immediately began to drink.

Hearing the sound, nine you tiger suddenly hands, but not close to Mo Xueming, a golden light will fly to.

It's just a time to avoid the dark tiger.

"Xiuluoming array, up!" Mo Xueming laughs and drinks a way, a big array rises abruptly.

The endless spirit of Shura seems to emerge from the hell of Shura, and instantly covers the whole hell hall. In the spirit of Shura, a venerable Shura emerges, staring at Ye Chen's four people with murderous eyes.

"Hum, Mo Xueming, the master of Shura, even wants to be a turtle with shrinking head?"

Cover the sky evil emperor at the moment a cold drink, will Mo blood Ming just words back intact.

Smell speech, Mo Xueming's face twitched a few times, and then sneered, "when I get better, all of you ants will die!"

"You can't wait for that time!" Ye Chen said coldly, and then the violent power surged.

"Break the battle and kill him!"

The power of his sword, like a sword, breaks out on the sky.

"Boom

The earth and the earth vibrated, but the Shura Ming array was undamaged. It was just that the spirit of Shura wrapped in the outer layer was turbulent. Countless shuras among them roared with anger. They joined hands to resist the power of Ye Chen's bombardment.

"Demon wolf smoke blade!" At the same time, the evil emperor of covering the sky also made a bold move. The blade of endless smoke swept out and chopped into the spirit of Shura one after another.

Countless shuras were killed by the blade of wolf smoke, and the shrill wail sounded, but there was no fluctuation in the Shura Ming array.

"But a big battle, I don't believe I can't break you!" Xiao Huang is very angry at the moment, waving his claws and cutting hard on the big array.

"Bang bang bang!" Terrible forces emerge, even mixed with a trace of the source of power, such a terrible attack, simply lawless, destroy the heaven and earth.

However, the Shura Ming array is still intact. Jiuyou tiger is also valiant at the moment. He is worthy of the ancient ferocity, and even directly rushes into the endless Shura Qi.

In the face of the dense Shura, Jiuyou tiger did not hesitate to kill madly. In a flash, he did not know how many shuras died of his hands.

But even so, there is no damage to the Shura Ming array, and ye Chen's face can't help being dignified.

What is this? Why is it so hard?

Even more than some Hongmeng Zhibao?

It seems that they still look down on Mo Xueming.

"It's really a tortoise shell, Mo Xueming. Do you want to be a king eight in it for a lifetime?" Ye Chen said coldly.

"I don't know how to use Shura, but I also know the pros and cons. Now I won't do it. When I recover, you will all die!"

Mo Xueming's eyes are full of murderous intent and hatred. Ye Chenqiang rushes into the temple of the underworld and kills countless good hands in the temple. This is a cruel blow to his face and trample on his face on the ground, which is absolutely intolerable. "I am the master of Shura! I swear to kill you all, a snow today's shame

"You'd better flee now, but if you escape to the ends of the earth, I will kill all of you. Ye Chen, your supreme fortune as the Lord of reincarnation will be plundered by me. This is your destiny that you can't escape!"

Mo Xueming's fury resounded through the sky. At this moment, dark clouds gathered in the sky and thundered down. As the master of Shura, Mo Xueming made a vow and was recognized by heaven.

"Damn it!" Ye Chen's face is cold. Mo Xueming and he are already irreconcilable. If you don't kill Mo Xueming today, I'm afraid the consequences will be unimaginable.

Next, ye Chen and the dark devil emperor and others tried their best to shake the Shura Ming array.

Even ye Chen takes out the yellow spring water to smash the Shura Ming array, but it can only make the Shura Ming array vibrate and can't be broken at all.

And the yellow spring water Ye Chen can't use too much, otherwise his strength will be exhausted, and he will be in trouble if he can't break the Shura Ming array at that time.

At this moment, ye Chen's four faces are hard to see. Unexpectedly, Mo Xueming still has such a powerful array guard, and can't break it with all means.

"Xiaohuang, can you swallow this array?" Ye Chen suddenly thought of it and said.

After all, Xiao Huang used to eat arrays?

However, Xiao Huang shook her head: "this is not an array in a sense. I can't swallow it. Even I feel that this thing doesn't belong to the kingdom of God."

Ye Chen is a little confused now.

Are you going to lose this time?

"Yes

The light in Ye Chen's eyes suddenly lights up. He thinks of the sword move that Ren fan taught himself in the mysterious cave of the ancient battlefield.

Blood moon butchers the sky! Ye Chen's heart vibrates. The blood moon Tu Tian Jian can arouse the power of the blood moon, which comes from Ren extraordinary's power. If he can make the bleeding moon Tu Tian chop, he may be able to break the Shura Ming array.

Chapter 3443

The cutting edge of XueYue Tu Tian is incomparable in the world. It is as vast and powerful as the ancient times and the present. When the blood rises, the sky, the earth, the sun and the moon will be cut off, not to mention a Shura Ming array.

"The blood moon slays the sky!" Ye Chen takes out the sword of falling dust and subduing the dragon. He uses the moves taught by Ren Feifan, and wants to use the blood moon to kill the sky.

But the next moment, ye Chen felt that heaven and earth seemed to be pressing on his shoulder, and the terrible pressure almost made him vomit blood.

Indeed, as Ren extraordinary said, ye Chen is still unable to use this move.

But ye Chen didn't believe in this evil. What's more, he couldn't break the Shura Ming array without killing the sky with blood moon. He had to try!

"Break it for me!"

Ye Chen tried again and again. From time to time, a bleak atmosphere appeared above the sky, which suppressed the heaven and the world and destroyed everything. Under the light of the blood moon, Mo Xueming, who was hiding in the temple of the underworld, felt a little wrong.

It's a sense of crisis!

Although the blood moon is not completed, it makes Mo Xueming extremely uneasy.

"Ye Chen, this madman, what is he doing?"

The blood moon appears from time to time, but ye Chen's blood moon butcher day is still unable to perform, but Mo Xueming is in such a state of fear and can't relax at all. He just feels that his heart is becoming more and more irritable, and he would like to eat ye Chen alive.

Mo Xueming is extremely afraid of the power of the blood moon. If ye Chen really displays the terrible power of destroying the sky and destroying the earth, his Shura Ming array may not be able to stop it.

If the Shura Ming array is broken, he may not be able to kill the four ye Chen at that time. If so, his situation will be in danger.

"Ye Chen, you can't use this move at all. Don't dream. Can you break the Shura Ming array?" Mo Xueming's laughter came from the hall of the dead.

"Noisy!" Ye Chen mercilessly yelled, "when your tortoise shell is broken, you will surely die!"

With one sword, another sword, the blood moon rises and falls, and the endless divine power is enveloped. The vast and infinite blood moon light shines on the earth, and the sun, moon, mountain and river are covered with a layer of blood light.

Ye Chen's momentum erupted, with endless cold light flashing in his eyes. His arms seemed to surround the endless Star River. Behind him, he was like a supreme master. His incomparable majesty overflowed. Endless Hongmeng breath surrounded the left and right, and the power of the source was constantly looming.

As a unique skill in Ren Feifan's youth, XueYue Tu Tian Jian is simply invincible. It cuts off the sun and the moon and overturns the ages.

If ye Chen can successfully use the blood moon to kill the sky, he will surely be able to break the mountains and rivers, the heaven and earth will be broken, the sun and the moon will be toppled, and the overwhelming power will destroy the Shura Ming array.

But this unique skill is too difficult to display. Ye Chen's breath is rolling, and the aura in his body is rioting after trying again and again. Ye Chen's face is slightly pale and he is injured internally.

"Master, his shell is too hard." At the moment, Xiao Huang frowns and coldly looks at the xiuluoming array that covers the hell hall.

The Qi of the endless Shura is surging. In the dark, it seems that there is power from the mysterious place guarding here. The endless Shura is hidden in the big array. The boiling killing intention is surging, and the breath of destroying the heaven and the earth is brewing in it, which makes people feel numb.

Between heaven and earth, the endless spirit of Shura and the power of blood moon collide invisibly. Each collision makes the mountains and rivers vibrate, and the herbs growing around the temple of the underworld all wither and die in an instant.

Mo Xueming stands in the hall of the underworld. The wind of the Shura on his body turns. The ferocious and dignified Shura armor covers the body and is exposed under the skin. The blood vessel roots burst up, and the power of destroying heaven and earth is suppressed by Mo Xueming.

Mo Xueming gnaws his teeth and looks at Ye Chen from the outside world. He tries to use the moves that make him feel scared again and again. Although Ye Chen has failed to succeed, this feeling is not good. He can't calm down because of his fear.

"Ye Chen, you can't break my Shura Ming array, and I will recover after all, and then you will die!"

The murderous spirit of Mo Xueming erupted, and the endless Shura Qi on his body flew out. All the things in the hell hall were knocked down. Invisible, the vast majesty erupted. This is the hegemonic authority of Mo Xueming as the master of Shura!

"Can't be broken?" Ye Chen's eyes are cold, but his heart is firm and incomparable. He is bound to break the Shura Ming array, and today he must kill Mo Xueming here.

"Click!"

Suddenly a thunder burst out in the sky. It seems that ye Chen's idea was known by the heaven, which shocked the sky.

In the underworld, the mighty breath overflows around the temple of the underworld, which is terrible, invincible and lawless.

Above the sky, a round of blood moon that destroys the sky and the earth slowly emerges. The endless force of the blood moon covers the heaven and earth. The magnificent invincible momentum frightens all things, making plants, mountains, rocks, birds and animals howl and kneel at this moment.

"Boom

This time, the blood moon is more concise and more real than before. It seems that the sun and the moon will be replaced. The vast Star River's brilliance is dim, the vast sky, everything is overturned, and only a huge and incomparable blood moon, like the will of heaven and earth, slowly comes down.

Crush everything, destroy everything, the world trembles under this blood moon, mountains and rivers burst at this moment, volcanoes are triggered to erupt, endless flames gush out, and black smoke spreads. The terrible breath of destroying the heaven and the earth makes everything seem small. The invisible source power frightens the whole kingdom of God. At this moment, countless powerful beings stare at the blood moon on the sky.

Even Xuanyuan moxie, who was in the palace of Chongguang Shenxia, also raised his head in shock at the moment and looked at the round between heaven and earth, which made him feel great threat and frightened with fear.

The power of destroying heaven and earth, subverting the momentum of mountains and rivers like the sun and moon, and endless majesty. Xuanyuan moxie has never seen such a terrible attack, even the queen of the upper Kingdom has not had such a powerful and powerful killing opportunity.

"Who is this?" Xuanyuan ink evil eyes flash, feel unprecedented pressure, threat, let him uneasy.

"Before I get out, I must not calm down!"

Xuanyuan moxie pressed down the impulse to go out for a look. The blood moon was too terrible, and he didn't dare to take the edge of the wound.

At the same time, ye Chen is full of momentum in the hall of the underworld. He hunts in clothes and clothes without wind. He is enveloped by a strong atmosphere of Hongmeng, and the power of the source is condensed in his palms.

Holding the sword of falling dust and descending dragon in his hand, the extreme pressure shrouded him, as if the whole universe and the universe were sinking on Ye Chen's shoulder, and he could not breathe.

The sky is lawless, vast and majestic, invincible. The blood moon of the overturned mountains and rivers in the world is more and more condensed, and ye Chen is under more and more pressure. His whole body is full of blue veins and his back is bent down, but the momentum of destroying the heaven and earth is bursting out and becoming more and more intense!

Chapter 3444

Ye Chen's strength is not enough if he wants to use the blood moon and Tu Tian chop. However, he has a premonition that as long as he insists on, he will be able to cut out the sword that destroys the mountains and rivers of heaven and earth, and the invincible Shura Ming array that gathers infinite great power!

"Kill everything for me, kill all the world!"

Ye Chen roared and used up 200% of his strength. The heavy falling dust and dragon sword in his hand was waved by him!

"Boom

At this moment, the heaven and earth burst, the flowing air exploded at this moment, and the space could not bear the terrible pressure. Countless ferocious and dazzling space cracks burst out with endless nihilism.

"Click!"

The earth is torn at this moment, and the land under Ye Chen's feet is deeply sunk at this moment. Endless ravines are blown open, and a dark valley stretching thousands of miles is formed.

"Bang bang bang!"

At this moment, the river explodes, underground magma is aroused by endless pressure, it rises to the sky, and countless groundwater gushes out.

Magma and water vapor collide in space, and the endless fog and black smoke suddenly envelop the whole heaven and earth. The boundless majesty of the blood moon, the light of destroying heaven and earth penetrates through the fog.

This sword is too terrible, terrible to make people creepy, endless Hongmeng breath gathered at this moment, as if to break the sky, the mountains and rivers, the sun, the moon and the stars.

The power of the source is surging, and the power of the blood moon blesses it. It destroys the sky and destroys the earth. It is invincible.

In the temple of the underworld, Mo Xueming's armor was shaking. He looked at the bloody moon in the sky, looked at the invincible momentum, and suppressed the eternal Ye Chen.

At this moment, Mo Xueming seems to have gone through endless time and met the reincarnation master who is the Supreme Master, dominates the myriad realms and is the most powerful and invincible one.

"If this sword is cut out, the Shura Ming array can't stop it!" Mo Xueming's hysterical roar, "you can't succeed, you can't!"

"You can't..." Mo Xueming's roar has not yet fallen.

Ye Chen suddenly looks at Mo Xueming, the light in his eyes is deep, as if he can see through the ages and penetrate everything. The invincible momentum is displayed incisively and vividly at this moment.

"Mo Xueming, you have to know, there is nothing impossible for me!"

"Don't be shortsighted, just watch it for me!"

At this moment, the Hongmeng breath around Ye Chen is like an endless Star River, which is more and more violent. The power of the source moves majestically in his palm, and the space is constantly exploding. Countless space cracks appear around Ye Chen and are crushed by his invincible power!

"Blood moon butcher the sky! A blood moon, up

Ye Chen roared, the sky above, the blood moon came, the vast power covered and down, as if from the source of endless years, as if from the vast world crushing the sky, endless stars.

At this moment, the sky and the earth wail, the sun and the moon overturn at this moment. Even the endless stars scatter their light and submit to the supremacy of the blood moon.

"Kill me!"

With Ye Chen's sword, the blood moon on the sky is also in a riot, and the infinite blood moonlight is slanting down. With Ye Chen's sword, a magnificent blood red light column that destroys the sky and destroys the earth, lawlessness, and supremacy comes crashing down on the Shura Ming array that covers the hell hall.

"Boom

At that moment, all the space overflowing between heaven and earth exploded, and it was directly destroyed. In an instant, the whole area became a vacuum.

At the place where the blood moon shines, the endless space breaks. From the top of the sky, a shocking space crack stretches to the Shura array.

The endless air of nothingness spreads out from the space cracks, and the whole kingdom of God vibrates at this moment, and even some people in the boundary city are shocked.

The blood moon butchers the sky, destroys the mountains and rivers, cuts through the sun and the moon, overturns all ages, is lawless, has no supremacy, is simply invincible!

"Click!" At this moment, the mountains and rivers around the temple of the underworld were all cracked. Countless towering peaks suddenly collapsed and burst, and endless huge rocks flew out.

On the earth, one by one, the great rivers spread in the endless land. At this moment, the endless river water gushed out, and all the creatures in the river burst to death. The river water was dyed blood red, and the bloody air flow spread between heaven and earth.

At this moment, ye Chen's body seems to be towering and become a giant like an epoch-making giant. He has the supreme power and the invincible momentum of destroying the heaven and the earth. This sword seems to break through the mixing, cut out the Hongmeng, create the eternal era, condense the universe and the universe!

"Boom!"

Under the threat of the blood moon butcher, the Shura Ming array also revolts. The endless shuras fly bravely into the sky without fear of death. Even if they have endless fear in their eyes and are frightened by the blood moon, they still rush to the invincible blood moon glory like moths to the fire.

"Hiss!"

The endless Shura was instantly extinguished and turned into countless flying ashes, and the broken blood gas overflowed and scattered. In the Shura Ming array, the Qi of endless Shura surged, and blood moon brilliance emerged one after another to block it.

"Ah Mo Xueming must be dancing wildly at this moment, just like a madman. Looking at Ye Chen's sword, he has already felt the great threat, cold all over his body, and he is completely infuriated at the same time." "If you want to break my Shura Ming array, you dream!" Mo Xueming looked up to the sky and roared, and the endless momentum broke out. The spirit of Shura around him swept around like a sword that destroyed the heaven and destroyed the earth.

Mo Xueming's Shura armor was even shattered at the moment of his rage. The single horn of Shura on his head exploded with endless killing intention, and the light reflected the whole hell hall.

Mo Xueming palms up, fingers flying, Hongmeng breath in his body flow, a trace of power in his fingertips surging.

"The Shura Ming array, condense the eternal Shura stars, kill me!"

Mo Xueming roared through the sky. In the Shura Ming array, the endless rolling spirit of Shura began to gather and solidify at this moment!

The spirit of endless Shura actually converges into a huge Shura star. This is the existence of endless years ago. As soon as it appears, the vast ancient meaning of Hongmeng spreads.

At this moment, heaven and earth resounded with praise, and the stars of Shura burst into endless light, and the vast power came. Countless shuras were born on the stars and rushed to the glory of the blood moon.

The violent power seems to crush the ages and suppress the heaven and earth. Everything around the Shura stars is destroyed, and the endless space is broken. Even the space debris can not survive and be completely destroyed.

All around the Shura stars became a complete death, endless killing intention flow out, accompanied by the unique crazy momentum of Shura, as if to kill the heaven and earth, destroy everything.

At the sight of the Shura stars, the sky covering emperor and Xiao Huang all look shocked. Ye Chen's blood moon slaughtering heaven beheading has been regarded as a monster, but this Shura star can also burst out such terrible power. Mo Xueming can not be underestimated.

Chapter 3445

Jiuyou tiger's eyes are dignified at the moment. No matter it's the blood moon, the butcher of heaven and the stars of Shura, they have the vast power of destroying the heaven and the earth. This great power can erase all of them and make him feel shocked in his heart.

"Shura stars? Dare to compete with blood moon? It's beyond my ability. I'm crushed! "

Ye Chen eyebrows a pick, mouth hook up a sharp sneer, the whole body breath rolling, endless Hongmeng gas around him, let him like the master of Hongmeng road.

When the falling dust and dragon sword was cut off, the heaven and earth split at this moment. The stars of Shura were shaking at the moment, and the Qi of endless Shura broke, and Mo Xueming's face changed greatly.

At the next moment, under the light of the endless blood moon above the sky, ye Chen jumps up alone, holding the sword of falling dust and falling dragon. He is small, but with an invincible breath that no one dares to ignore. At this moment, ye Chen is like the center of heaven and earth, the sun, the moon, the stars, and the universe are all circulating around Ye Chen.

At the moment, the stars of Shura also feel great threat, and suddenly burst out an endless atmosphere of destruction, and the violent murderous spirit surged out. The stars of Shura even roared and moved, and the infinite power of suppressing the world swept by.

Compared with the huge Shura stars, ye Chen's figure is extremely small. However, under the cover of the blood moon, ye Chen seems to become the master of the blood moon. He affects the endless power of the blood moon, and with the breath of the source, he collides with the Shura stars.

"Boom

After the violent collision, the aftershocks swept thousands of miles, and countless mountains were cut off as if they were swept by a world shaking sword. Within ten thousand miles, the endless peaks became the same height.

A community of Pingdingshan is formed, and the fracture on the top of the mountain is as bright as a mirror. You can imagine how sharp the violent impact is. I'm afraid even the stars will be broken in an instant!

The shock wave swept through thousands of miles. Ye Chen held the falling dust and falling dragon sword. He even directly cut through the surface of the endless Shura stars with one sword. A natural moat like gully appeared, and ye Chen went into it without any effort.

Ye Chen is like the God of war who destroys the heaven and the earth. He is cut into the inner part of the Shura stars by the endless sharp light, and the blood moonlight light comes and shines in.

"Hiss!"

The Qi of endless Shura wants to block Ye Chen, but it is totally insignificant for ye Chen. These Shura Qi can't even touch Ye Chen's edge and then vanishes instantly.

The violent power overturns and sweeps everything. The stars of Shura are ferocious and powerful. They are the terrible strength of Shura in the endless years. However, the collision with Ye Chen is totally destroyed.

Compared with the power of the blood moon, the great power of the Shura stars is not worth mentioning. It is totally the earth and cloud, which is incomparable!

"Boom The next second, ye Chen directly cuts the Shura stars to pieces, and the endless blood and moonlight sprinkle down. Ye Chen stands under the broken giant stars, like a supreme master.

Mo Xueming saw Ye Chen's appearance at the moment, his pupil shrank suddenly, and the next moment, the spirit of Shura rolling on his body, suddenly made a move.

"The sword of the God of death!" Mo Xueming, who had been injured, pointed out with one hand that 100000 Hongmeng flying swords flew out like a torrent of flying swords that crushed everything. Even the sun, moon and stars would be completely wiped out by this sword, which was lawless.

"Just a sword, dare to block me!" Ye Chen's eyes glare, invincible momentum burst, in the face of a hundred thousand flying swords did not shrink back, but disdained to meet.

The next second, the force of endless blood moon and the infinite edge tilt down, ye Chen and 100000 flying swords instantly collide together.

"Boom

Like a toy, 100000 flying swords were destroyed by the bloody moon and the sky, and the torrent of endless flying swords turned into fly ash in an instant.

Mo Xueming's face suddenly pale, a trace of blood spilled from the corner of his mouth, and the injury is more serious, and he has no chance to stop Ye Chen.

"Kill me!" Ye Chen is shrouded in the blood moon, and endless Hongmeng Qi circulates around him. It seems that he is regarded as the master of Hongmeng, and the power of destroying the heaven and destroying the earth is instantly poured on the Shura Ming array.

This power is like a tiger swallowing the sky. At this moment, the kingdom of God trembles. If this sword is not chopped on the Shura Ming array, if it falls on the land of the kingdom of God, the whole kingdom of God will usher in a big earthquake!

"Click!"

The sound of breaking from heaven and earth rings, and the indestructible Shura Ming array is now split into tiny cracks, which instantly fill the whole Shura Ming array.

"Bang!"

In the next second, the Qi of the endless Shura explodes, and the infinite power like the overturning of heaven and earth spreads out. The whole Shura Ming array is cut by Ye Chen with a sword, and the blood moon slaughters the sky. It is almost pointing at the sky!

"Ah Mo Xueming looks at the broken Shura Ming array, and the killing intention in his eyes seems to condense into essence. He is completely furious. His armor of Shura explodes in this instant, and his long hair is flying. The whole person is like a maniac.

"Poof..." Ye Chen breaks the Shura Ming array, and is also impacted by the explosion of the Shura Ming array. He has exhausted all his strength by using the blood moon Tu Tian chop. At the moment, he is exhausted and can't resist it. He is flying backward directly.

Seeing this scene, Xiao Huang hurriedly protects Ye Chen and blocks the endless impact.

"Master, are you all right?" Xiao Huang looks at Ye Chen's pale face and asks anxiously. "It's OK." Ye Chen's eyes were sharp. With a sword, he broke through the Shura stars and the Shura Ming array. His momentum came to the top and condensed into the supreme majesty. At this moment, he was like the supreme supreme supreme of all ages, and no one could stop him.

But he can feel the extreme reversion of his body!

He took some of the water of the netherworld and recovered a little.

Ye Chen looks at Mo Xueming, who is furious like a madman. His eyes are cold. The Hongmeng breath around him is directly absorbed into his body, and then he roars.

"Mo Xueming, it's time for you to die!"

"Who of you can kill me!" Mo Xueming stepped out in one step, and the spirit of the Shura that destroyed the heaven and the earth rolled in. In an instant, he would completely submerge Ye Chen and others, and kill them in the infinite Shura Qi.

"Well, it's a small skill!" The emperor looked scornful and said coldly. The emperor's robe of breaking the army was shocked. The emperor stabbed out with a sword.

"Hiss!"

It's like a sword that can't be broken.

In an instant, the endless stream of the spirit of Shura was destroyed by the sword of the demon emperor, which made Mo Xueming more furious.

After absorbing Hongmeng Qi and huangquan water, ye Chen recovered part of his aura, and his face gradually regained its luster.

At the moment, the blood moon above the sky is slowly disappearing. Ye Chen has no strength to use another sword to kill the sky. What's more, it is because of his chance and coincidence that he succeeded in countless attempts.

But even if he can't use the blood moon to kill the sky, ye Chen has the belief to destroy the enemy. He is confident that he can kill Mo Xueming under the sword.

Today, Mo Xueming will surely die!

Chapter 3446

Ye Chen coldly raised the evil sword and looked at Mo Xueming. His eyes were deep and full of killing opportunities. "Mo Xueming, next year today, I will give you a incense stick!"

"You are too arrogant Mo Xueming was furious, and the Shura Ming array was broken. He could not hide any more and had to fight back and forth.

The spirit of Shura was surging all over his body, and the broken Shura armor on Mo Xueming's body condensed again. But this time, the breath on the Shura armor was totally different. The endless breath of Hongmeng flowed on it, even with a trace of source power.

At the same time, endless killing intention also gathered on the Shura armor. Mo Xueming's power soared in an instant, and the single horn of Shura on his head was also in full bloom. His whole momentum broke out completely, just like killing the eternal God of killing.

"Ye Chen! Thank you very much Mo Xueming looks at Ye Chen and sneers.

Ye Chen is aware of the different Shura armor on Mo Xueming's body, which is also a heavy complexion.

"Your attack, the humiliation you brought to me, and my success has made me understand the supreme mystery of Shura. I am the master of Shura, and I am the master of the world!"

Mo Xueming's voice roared, and endless thunder exploded on the sky. Thunder dragons rolled in the suddenly gathered dark cloud sea, as if in response to Mo Xueming's words.

"Master of Shura?" Although Ye Chen is cautious, his eyes are full of disdain, "compared with me, you are just a mole ant! Today I will crush you completely

The momentum of Ye Chen's killing broke out, and even there was a great power of reincarnation that covered Mo Xueming.

In an instant, Mo Xueming's face changed greatly. The reincarnation power was an irresistible and terrible existence. The reincarnation power was like a sword that destroyed everything and could not be stopped. It hung over his head, making him uneasy and scared.

"Ye Chen! It's a fight to the death today Mo Xueming doesn't dare to delay again. Reincarnation is too terrible. The more time is delayed, the more terrible his crisis will be.

Mo Xueming was afraid in his heart, and the reincarnation fell on his head, which made him feel that he was doomed to die. This was something he could not tolerate.

"No one can control my destiny, not even the former reincarnation master!"

The light of Shura armor on Mo Xueming's body is in full bloom, and its majesty is incomparable. The master of Shura can't be humiliated!

"The sword of the God of death!" Mo Xueming made a sudden move. A hundred thousand flying swords flowed through the mountains and rivers. The clouds above the sky were broken and cut by the endless sharp edge.

Zhutian Shenjian is determined to rush to Ye Chen with a magnificent momentum. Ye Chen's eyes are solemn and his body suddenly shakes.

The invincible momentum erupts, ye Chen holds the evil sword not to dodge, he wants to crush the posture of Mo Xueming in today's thorough killing, the body and spirit are destroyed, so can't avoid, today's World War I, Mo Xueming will die!

"The sword of six ways!" Ye Chen roared with a roar, cutting the sky with a sword, burning the sky with a sword, and thunder sword of all ages , six swords return to one, and the power of infinite destruction breaks out in an instant.

"Boom

Ye Chen and a hundred thousand Hongmeng flying swords collide with each other. This time, without the blood moon butchering the sky, ye Chen can't destroy the withered and decadent, but the violent shock wave has already spread out, and it's just destroying the heaven and the earth.

"If you dare to move my master, you will die for me!"

When ye Chen is attacked, Xiao Huang is furious, and suddenly makes a move. The heaven and earth are dyed red and blue at this moment. The wind of endless nightmares spreads out. The whole world and the universe seem to be shrouded in the fear of nightmare.

Xiao Huang's sharp hand, unstoppable, lawless claws pour down.

Xiao Huang's attack is so sharp that even heaven and earth will be wiped out by him, and the ultimate dignity of Taigu erupts.

"Looking for death!" Mo Xueming's momentum is magnificent, and the Xuanwu open sky axe comes out.

"Shura slaughters heaven, endless killing, Shura grand handprint!"

Mo Xueming suddenly roared, and the endless spirit of Shura was rolling, and it even condensed into a huge hand of Shura. The huge palm was filled with Hongmeng breath and collided with Xiaohuang.

"Demon wolf smoke blade!"

At this moment, the evil emperor of shielding heaven suddenly made a move. The blade of endless smoke tore through the void, penetrated into the world, and was invincible. He killed Mo Xueming in an instant,

"just a blade, can't stop me!"

Mo Xueming is fierce and invincible. At the moment, he is not seriously injured, but seems to be in his heyday, and his strength suddenly erupts.

"You evil killing soul banner! The devil will kill you Mo Xueming roared, and Youxie slaying soul banner appeared out of thin air.

The evil spirits emerged from the ghost killing banner, and the endless evil breath spread. The evil spirits did not fear the blade of wolf smoke, as if they were madmen. They even threw their hands and feet on the blade and opened their ferocious big mouth to eat.

This scene surprised Zha Tianmo emperor. The evil ghost was so lawless that he was not afraid of the blade of wolf smoke.

On the other side, Jiuyou tiger suddenly appears, the ancient fierce invincible power erupts, and instantly kills to Mo Xueming.

Mo Xueming saw Jiuyou tiger, and his eyes flashed with fierce light. He reached out suddenly. The endless spirit of Shura condensed into a Shura sword. The strong murderous spirit flowed on the Shura sword.

"Kill me!"

Mo Xueming cuts out with a knife, and the heaven and earth change color. The turbulent spirit of Shura even permeates the heaven and earth with blood red color."Bang!"

The nine you tiger flies backward. Mo Xueming's knife is too strong, even his strength is hard to resist. At the moment, there are piercing cracks on his claws, and the spirit of Shura is still drilling into his flesh and blood.

"You want to kill me

Mo Xueming with one enemy four, does not fall behind the wind, the momentum is magnificent and incomparable, rampant laughter, disdain to roar.

"Tianlong eight gods sound!"

Ye Chen suddenly appears at this moment, hung Meng notes shrouded.

"Oh! Boom! How about it! Come on! Baa! Moo! Oh! Boo

Powerful and incomparable power directly kills Mo Xueming. Mo Xueming's eyes stand still and he cuts out with a knife.

"Bang!"

Both sides collide, ye Chen flies upside down, and Mo Xueming also regresses several steps, his face is gloomy, the breath in his body is rolling, and the wound under strong pressure can not be suppressed.

Mo Xueming stood in the same place, standing upright, looking magnificent and majestic, without a trace of injury.

However, Mo Xueming knew that if he dragged down with Ye Chen and others, he would surely die. He had to make a quick decision and crush Ye Chen's four people with the momentum of thunder. Only in this way can he get a chance of life.

"Die!" Mo Xueming suddenly broke out, and behind him, there was an image of the Sora, which seemed to be coming across the endless years, with the ancient invincible breath and the blood of killing all over the sky.

"Shura Ming God beheads!"

Mo Xueming roared with a roar, and the Shura swords roared and chopped at Ye Chen's four people. At the moment, the shadow of Shura behind him actually shot at the same time.

"Click!"

At this moment, the whole heaven and earth seemed to be cut open, and the dark and deep space cracks appeared, and the endless void gas overflowed and scattered.

With the breath of source, especially the shadow behind Mo Xueming, this move seems to cross the river of endless years and kill Ye Chen at this moment.

"Bagua Tiandan skill! Fahua is dead! Tianlong eight gods sound

Chapter 3447

Ye Chen's face changed greatly, and he suddenly used several moves. The eight trigrams God map loomed behind him. The boundary of the Buddha light was enveloped, and the Hongmeng notes flew out with the strong Hongmeng spirit.

Jiuyou tiger was also shocked at the moment. He didn't expect that the seriously injured Mo Xueming could have such a strong fighting power, and quickly displayed his magic power.

"The black prison breaks the sky pupil!"

Nine you tiger a roar, in the double pupil shoots annihilation black awn, has the endless terrible hell majesty, destroys everything.

"Kill the immortal and kill the heaven!" At this moment, the God of covering the heaven and the devil broke out completely. The breath of the source was revealed. The sword destroyed the heaven and the earth.

Killing the immortal and killing the sky is a move that the dark devil emperor understood from the sword of killing immortals. It contains the power of the source, and it is lawless.

"Perish!" Xiao Huang also roared at the moment, red and blue pupils broke out, and the ancient atmosphere of the Archaean period spread, and the terrible great powers that awed all the heaven and earth emerged.

Annihilation, this is not Xiaohuang's strongest move, but it is also strong enough.

However, at this moment, the fighting power of Mo Xueming broke out in its heyday, and even the fighting power of the ancient Shura shadow behind him was even stronger than that of the past.

The power of Shura Ming God's chopping is also completely invincible. The magnificent breath is undoubtedly revealed, and the ancient killing opportunity seems to come rushing across the endless river of time.

At the moment, the light of Shura swords is dazzling, terrible and extraordinary. With a cut of lawlessness, the heaven and the earth change color at this moment, and the sun, moon and stars are dim.

"Boom

"Click!"

The collision between the two sides broke up in an instant. The shock wave that killed everything swept the four sides. The mountains toppled and the long river evaporated. Even the void broke open, and the boundless vastness was revealed.

This collision is really terrible. Mo Xueming fought back to back and broke out with all his strength. The strength of the master of Shura is incomparable.

"Ha ha ha ha! You are not my match Mo Xueming pressure suddenly gush up the throat blood, looking up at the sky laughing, rampant and invincible!

"What are you!"

At this moment, a roar came, ye Chen rushed out from the most violent place of the battle, Sha Jian destroyed the heaven and earth, and the extinction golden light broke out.

"What!" Mo Xueming's eyes trembled. Ye Chen could stop the attack of his heyday, and his momentum did not decline at all. He was shocked by such a fierce attack.

"You evil killing soul banner! You are haunted by evil spirits Mo Xueming's face changed greatly, and he quickly displayed the ghost killing banner.

Inexhaustible evil spirits rushed out of the slaying soul banner and wrapped around Mo Xueming's body, which made Mo Xueming's momentum soar and the terrible Shura Qi burst out, and his injuries were alleviated to some extent.

"Hiss!" Ye Chen stabs Mo Xueming with a sword and destroys the Shinto, but he is blocked by Mo Xueming.

Such a terrible sword didn't hurt Mo Xueming. The evil ghost's entanglement made him invincible.

Ye Chen's face changes greatly, and he quickly opens the distance. Mo Xueming doesn't want to let go, but he has no time to move. He can only watch ye Chen open his body position.

At this time, the dark devil emperor, Jiuyou tiger, and Xiao Huang also came to kill them, but their breath was a little weak. It was obvious that the Shura Ming God cut by Mo Xueming just made them suffer from trauma.

Just like this, Mo Xueming is even more strange. Why didn't Ye Chen get hurt? Is this the terrible place of reincarnation Lord?

Mo Xueming is not clear about it. At the moment when ye Chen touched the Shura Ming God chopper, he had already used the power of the three ancestors of the yellow spring to refine more water of the netherworld and block the Shura Ming God's chop with huangquan vigorous Qi.

Even at this moment, ye Chen's body is still full of the violent power of the three ancestors of the yellow spring, which makes Ye Chen's momentum more invincible.

Mo Xueming looks gloomy and incomparable, and now ye Chen four people have joined hands to kill.

"Die for me!"

Mo Xueming roared. He was forced to be in such a situation at the moment. This will be a disgrace to him all his life. He must kill Ye Chen four people before he can be washed away!

"The prisoner of Shura!"

When Mo Xueming pointed out, the spirit of Shura was surging, and endless killing intention broke out. Unexpectedly, a terrible prison cage was formed between heaven and earth, which instantly enveloped Ye Chen.

In the endless spirit of Shura, countless evil spirits came from the sky and could not be killed completely. The terrible power of imprisonment made Ye Chen's aura stagnate.

"Destroy the light of Shura!" Mo Xueming roared again.

It's magnificent, magnificent, and powerful!

Mo Xueming used several moves in succession. His face turned pale in an instant. He was seriously injured after all. Even if he suppressed the injury, the more fierce the battle, the more serious his counterattack would be.

But at this moment, facing the sky and earth like extinction of the light, Ye Chen's face dignified.

"I'm afraid it's another magic power that Mo Xueming has realized!" Ye Chen knows clearly in his heart that Mo Xueming and Xuanyuan Mo Xie are not small, otherwise, they can not go to this step and stand on the top of the kingdom of God.

Mo Xueming and Xuanyuan Moxie were both seriously injured in the battle. However, the more talented they were, the more they could gain insight from the battle of death. Mo Xueming was like this, and Xuanyuan Moxie was no exception. "Red dust God pulse, out!"

"Ling Fengshen pulse, out!"

"Ancient poison pulse, come out!"

"Long Yan Shen pulse, come out!"

"....."

Ye Chen roared and roared again and again, and the divine pulse burst out. The endless power roared, and the heaven and earth shook at this moment.

"Geng gold iron wall!"

Ye Chen uses the power of several divine veins to condense the impregnable iron wall of Geng gold, firmly blocking in front of the extinction Shura light.

At the same time, nine you tiger eyes again lit up black light, Nirvana black light erupted, hell breath gushed.

At the same time, the God of covering the sky and Xiao Huang also showed their magic powers, exhausted all their strength, and vowed to block the invincible general killing move of Mo Xueming.

At this time, Mo Xueming looks ferocious and looks crazy. He has broken out completely and won't leave his hands at all.

"Shura Ming God beheads!"

Mo Xueming once again cuts out the sword that destroys the heaven and earth. At the moment of wielding the knife, Mo Xueming suddenly vomites blood. He carries the wound and breaks out. He also wants to seize the opportunity to kill Ye Chen four people completely at this moment.

The extinction of the light of the Shura is not enough. There is a cut of the God of the Shura, plus the stagnation of the spirit of the prisoner of the Shura, and the harassment of the endless evil spirits.

Ye Chen's heart is instantly dignified. Mo Xueming is worthy of being the master of Shura. The means are endless. It's hard to kill such a guy for thousands of years.

But no matter how hard it is, Mo Xueming will die today!

Ye Chen burst out invincible momentum, once again using the secret of the yellow spring, refining the water of the yellow spring, with the help of the power of the three ancestors of the yellow spring, the fierce and incomparable vigorous Qi of the yellow spring burst out.

"Suppress it for me!"

Ye Chen roared, and the vigorous Qi of the yellow spring rolled down like endless sky. The terrible momentum of destroying everything collided with the extinction of Shura light.

Chapter 3448

"Boom

The vigorous Qi of huangquan was extinguished, and the Shura light pierced through it. At the next moment, the Shura Ming God chopping also followed, chopping the vigorous Qi of huangquan with a roar.

"Poof!" Ye Chen vomited out blood and suffered severe regurgitation.

At this time, the light of extinction Shura had already hit the iron wall of Gengjin, which was blocked for a moment and then exploded. Ye Chen was shocked again.

Xiao Huang's magic power and so on collide with the extinction of the Shura light at the moment, and the Shura Ming God chop also comes.

"Boom

The violent wave of destroying heaven and earth broke out in an instant, just like countless stars exploding at this moment, and the whole hell hall was completely shrouded.

Ye Chen's four men, Mo Xueming, both the enemy and the enemy were attacked by the invincible force of destroying the heaven and earth, and all of them vomited blood and flew out.

Between the heaven and the earth, the terrible explosion formed a mass of energy, which completely eliminated the whole temple of the underworld for thousands of miles, and there was no Hall of hell in the world.

"Ah When he saw this scene, Mo Xueming was completely mad. He hissed and roared in the terrible explosion impact, and his hatred seemed to condense into substance.

Ye Chen's four people are not well at the moment. The violent explosion makes their bodies vibrate endlessly, and their bodies are covered with light. They try their best to resist the impact of extermination.

"Bang!"

Ye Chen's four men suddenly fell on the ground, and even scraped out a deep and endless huge gully on the ground.

On the other side, Mo Xueming also fell to the ground. He was soaked in blood. The light of Shura armor on his body was broken and dim, but his eyes were full of crazy red light.

The original location of the temple of the underworld has now become a place of extinction. The ground is deeply sunk. Where is an unimaginable huge cave? There is even magma in the cave.

"Cough..." Mo Xueming's dull cough sounds, black smoke rises from the cave, and even a faint demon roar comes out.

The next second, a huge stone monster, red all over and covered with hot lava, burst out of the cave.

The stone monster's body is hot, and even the space is burned and twisted. The scarlet killing eyes scan the world, but at this moment, he sees Ye Chen and Mo Xueming and others.

“.....” The arrogance of the stone monster immediately dissipated. No matter who was present, the terrible momentum burst out of his body made him feel soft, and he could not get rid of it.

"Poop

The next second, the stone monster jumped into the lava and did not dare to show his head again. Many monsters in the lava still want to enter at the moment. Seeing the appearance of the stone monster running in a hurry, they all dare not appear again.

"Mo Xueming, do you have any last words?"

At the moment, ye Chen comes with his sword and floats on the lava cave. The black smoke in the sky will float away automatically when it comes to Ye Chen. It seems that there is an invisible barrier guarding Ye Chen.

Ye Chen creates invincible momentum in the constant battle. At the moment, his eyebrows are sharp and there are Hongmeng notes ringing all around. He looks down at the pale Mo Xueming from above.

In the collision just now, ye Chen and Mo Xueming are both injured, but Mo Xueming is still seriously injured. At this moment, the situation is extremely tragic and high-level judgment is made!

"Ye Chen!" Mo Xueming stares at Ye Chen, hoping to kill Ye Chen with his eyes. He is very angry.

The spirit of Shura surrounded Mo Xueming. He stood up slowly, and his mouth curled up with a disdainful radian, "do you really think you can kill me?"

"Take your life. You will die today." Ye Chen coldly smiles, Mo Xueming, even if he is a tyrant, is at the end of his life, and is doomed to be killed by himself!

"Well, you are too arrogant Mo Xueming is trembled by Ye Chen Qi's body, and the Xuanwu sky axe that floats behind him actually lights up endlessly in an instant.

The wailing sound of the road sounded, and the boundless air of great enlightenment emerged. The Xuanwu sky axe was actually expanding, and the light was flashing, and endless great power broke out.

"No, he's going to sacrifice the Xuanwu axe and stop him!"

The dark emperor's face changed greatly and he snapped.

Ye Chen also knows what Mo Xue meditates, but it's too late to stop it at the moment. After all, no one would have thought that Mo Xueming was so crazy that he sacrificed Xuanwu Kaitian axe so decisively.

This is the most precious treasure in the past thirty-three days. Mo Xueming is a madman.

"Boom

The boundless Hongmeng Qi infuses into Mo Xueming's body, and Mo Xueming's momentum breaks out, just like the invincible God of war, and reaches the top again!

The vast spirit of Shura surrounds Mo Xueming, and many Sutra symbols appear and flash. It seems that they are offering blessing to Mo Xueming. The broken Shura armor condenses again. The Shura single horn is reborn, and the momentum of destroying heaven and earth breaks out!

"Ye Chen, who is dead now?"

Mo Xueming roared with fury, and the master of Shura was surrounded by his majesty. At this moment, he was the center of heaven and earth, and the sun, moon and stars would revolve around him.

Looking at this scene, ye Chen looks dignified. He didn't expect that Mo Xueming had such a means when he was at the end of his life. It was his fault to forget the Xuanwu Kaitian axe. However, no matter what, Mo Xueming looks powerful, but in fact, the Xuanwu Kaitian axe has not been able to cure Mo Xueming's injury. After all, no matter how extraordinary the treasure is in the thirty-three days, Mo Xueming has already suffered deep-seated injuries. It is not so easy to cure.

"You are dead!" Mole on the eyes of the ant into the abyss of pity.

"Your injury has already broken out. You have to sacrifice the Xuanwu sky opening axe and press it down. When the sacrifice power dissipates, your injury will rebound again, and you will be killed instantly."

"So what?"

Mo Xueming looks at Ye Chen like a madman, and the spirit of Shura surrounding his body is revolting. The life and death of a ferocious Shura all roar at Ye Chen.

"It's you who pushed me to this point! Even if I die, I will pull you together

Mo Xueming hissed and roared, and his eyes were full of greed. "What's more, if I can kill you and seize your Qi, the supreme Qi of the reincarnation master, let alone the injury, maybe I can reach the top of the world in one fell swoop

Voice just fell, Mo Xueming did not give ye Chen and other people reaction time, instant hand!

"The great hand print of Shura!"

The spirit of Shura converges into a huge blood red palm that destroys the sky and destroys the earth. It roars down from the sky, as if to crash the stars.

"Haunted by evil spirits!"

"Shura Ming God beheads!"

"The prisoner of Shura!"

"Destroy the light of Shura!"

Mo Xueming broke out completely. In an instant, he applied five movements of supreme magic power. The power of the source emerged in the supernatural power.

Furious momentum swept the world, this moment, Mo Xueming exhausted all his strength, his injury broke out in the next second.

Chapter 3449

"Bang!"

Mo Xueming's body burst, and an arm even turned into blood mist all over the sky. His blood vessels and meridians were broken and his blood was like a column. He was so miserable that he fell from the sky, but his eyes were killing wildly and staring at Ye Chen.

Mo Xueming is the last attack with his life. He is lawless and destroys heaven and earth.

Ye Chen four face such an attack, the face changes greatly, they and Mo Xueming fight for a long time, their own consumption is huge, the state of decline.

Now, Mo Xueming has the strongest attack in history, which is almost impossible to resist.

"Break it for me!"

Ye Chen roared and tried his best to break out completely. He had no choice. Under the impact of Mo Xueming, he could not have any more hands!

Even at the cost of destroying the foundation!

"Long Yan Shen Mai!"

"Destroy Shinto!"

"Geng gold iron wall!"

"Fahua is dead!"

"Tianlong eight gods sound!"

"Bagua Tiandan skill!"

"Death of the heaven in the netherworld!"

“.....”

Ye Chen also broke out in an instant. His powerful momentum swept over the world and suppressed all ages. The demeanor of the reincarnation Lord even loomed from ye Chen at this moment.

Endless power, extremely strong magic power, shake the world! This is Ye Chen's strongest combat power since he stepped into the kingdom of God, and it is also the strongest horizontal war he has experienced!

At the same time, Xiaohuang and the dark devil emperor, as well as Jiuyou tiger are all means to do their best to break out.

"The black prison breaks the sky pupil!"

"Black prison crack sun palm!"

Jiuyou tiger looks ferocious. At this moment, he felt the threat of death and did not dare to keep his hand. The fierce and endless ferocity swept out, making the heaven and earth seem to return to the ancient times in an instant.

"Demon wolf smoke blade!"

"Kill the immortal and kill the heaven!"

The devil emperor of the sky breaks out infinite evil Qi, and the heaven and earth turn into darkness in an instant, and they attack fiercely to destroy the heaven and the earth.

Xiaohuang also broke out at the same time, red and blue pupils emerged, the supreme power, the earth trembled, the terrible magic power of breaking the world broke out!

"Destroy the supreme light!"

Xiao Huang's magic power breaks out, the earth and the earth are overturned, the sun, moon and stars stop turning, and time seems to be forbidden!

The red and blue light envelops the breath of the source and destroys the sky and the earth, as if to go through the endless years, suppress the ages, and instantly meet the magic power of Mo Xueming.

The collision between the two sides is imminent, the whole earth is shaking at this moment, this war can destroy everything, let the earth disappear!

Mo Xueming's great seal of Shura covers the sky and covers the earth. The endless spirit of Shura covers the sky and suppresses it severely!

With the breath of the source, it is like cutting through the heaven and earth. It's coming from the explosion, with endless majesty!

The four people of Ye Chen are trapped in the prison of Shura. The endless evil spirits of Shura rush out of the spirit of Shura. They want to swallow up Ye Chen's life and peel them off. It's extremely cruel!

Destroy the light of Shura, pierce through the void, pierce the sun and moon, subvert the heaven and earth, wipe out Ye Chen's four people completely, and endless destructive forces emerge!

At the same time, the fire dragon gathered in the dragon fire pulse, and rushed to cover the sky. The iron wall of Geng gold was indestructible, blocking the road of extinction of Shura light.

The power of eight trigrams heavenly elixir explodes, burning endless elixir, breaking out of Dharma, the supreme protection of heaven, the holy boundary of Buddha light, the sound of the eight gods of heaven and earth, and the notes of Hongmeng burst out.

The vigorous Qi of the yellow spring is rolling, just like the boundless world in the sky. Everything along the way is crying, shaking and begging!

The black prison breaks the sky pupil, the black prison scorching sun palm, as if the hell reappears in the world, the endless ferocity penetrates the earth, the mountains fall and the river dries up!

It's a kind of sword with evil spirit. It can kill the heaven and kill the earth. It's full of evil Qi. The most powerful devil emperor can strike with a powerful blow, destroy the heaven and the earth, and explode everything!

Destruction of the supreme light swept, red and blue light town world, endless majesty sweeping, archaic gas roaring, source gas surging, Hongmeng rampant!

In an instant, the most powerful gods that destroyed the heaven and the Earth collided together, and everything was destroyed and destroyed.

"Boom

The strongest impact in the history of the kingdom of God swept out. The lava pits formed in the battle just now disappeared in an instant, and the endless demons in the lava howled and screamed, and disappeared in an instant.

Under the terrible impact, ye Chen four people fly upside down, all over the body burst, such as the blood column.

On the other side, Mo Xueming's injury broke out in an all-round way, and the whole person was extremely miserable. At the moment, he was swept by the impact, and his blood spilled over the heaven and earth like a broken cloth bag. He tumbled on the endless land for many times, smashing the mountains and collapsing the flood dam!

"What is this? Who is this in the first World War? It's terrible!"

"It's a disaster! Will the kingdom of God be destroyed? "

"Incomparable, even can not look directly, this is heaven to let the kingdom of God perish!"

Countless roars, countless exclamations, the whole kingdom of God is shrouded in fear.

The terrible shock is about to sweep the whole kingdom of God. At this moment, ye Chen's eyes are determined."Guard!"

Ye Chen roared, exhausted the last trace of strength of his body, unexpectedly not to protect himself, but to protect the kingdom of God.

Infinite power came to protect the kingdom of God, crazy against the impact of the destruction of heaven and earth.

In an instant, ye Chen suffered heavy damage, and his blood gushed from the unimaginable horror. His face was extremely pale, and he was almost like a dead man.

"Master

Seeing this scene, Xiao Huang's face changed greatly. She protected Ye Chen and tried her best to unite all forces to protect the kingdom of God.

"Boom

The impact finally dissipated. Time seemed to stop at this moment. The kingdom of God was intact, but ye Chen and Xiao Huang were seriously injured.

At the moment, there is still an infinite breath of Hongmeng between heaven and earth. A stream of power has not yet dissipated, as if it had been preserved forever.

At this time, however, the kingdom of God trembled. The Golden Lotus dew fell from the sky, and the infinite golden light fell down. The great power of heaven and earth was displayed at this moment.

All these things are floating towards Ye Chen and Xiao Huang. This is the touching of the kingdom of God, the thanks of the kingdom of God, and the actions of Ye Chen and Xiao Huang are moving the earth and the sky!

The infinite merits and virtues of Qi flow into the two bodies, ye Chen's injury and strength are recovering rapidly, so is Xiao Huang.

After a while, ye Chen rose to the sky with a sharp glance at the heaven and the earth, just like a supreme master. The momentum of dominating the heaven and earth makes people want to kneel down, unable to rise a little resistance.

At this moment, ye Chen is like the center of heaven and earth, and the master of Wandao is surrounded by endless majesty.

Ye Chen saw Mo Xueming, in a deep valley, his body broke through the endless earth, fell into the magma, now floating in the magma.

Mo Xueming's injury is too heavy, and the rebound under strong pressure makes him hard to resist. At the moment, he is in a coma, just like a dead man. If it wasn't for the body instinct that sends out the light of Shura to protect him, he would be burned by the magma at the moment.

Mo Xueming has run out of oil and the lamp is dry, but ye Chen is blessed by heaven and earth. Not only has the combat power not been reduced, but also the realm has been improved, becoming more and more powerful!

"Boom

The space in the sky explodes to pieces, and ye Chen explodes to kill. His eyes are full of murderous spirit. The evil sword points directly at Mo Xueming.

Ye Chen doesn't want to leave a future trouble for himself. He is not an indecisive person. At the moment, Mo Xueming has no resistance. It is the best time to kill him with a sword and let his body and spirit disappear.

"Destroy Shinto!"

Ye Chen holds the evil sword and blows through the space. The destruction Shinto breaks out completely at this moment. He wants to wipe out the form and spirit of Mo Xueming directly and wipe it out from the world.

At this time, a mysterious extreme, emitting an endless and magnificent atmosphere, the powerful and majestic figure suddenly appeared behind Mo Xueming.

At the moment of the appearance of the black robed man, ye Chen's face changed greatly. His momentum was too terrible. He didn't look like a man from the kingdom of God. His breath was deep like the sea. His actions and actions seemed like the birth and death of the sun, moon and stars!

After the appearance of the black robed man, he also felt Ye Chen's sharp sword. His eyes were frozen, and the color of doubt in his eyes Rose.

"You can't kill him!"

The man in black suddenly whispered, and with a wave of his hand, a domineering knife awn appeared.

"Click!"

Heaven and earth are torn at this moment. A long sword that destroys the heaven and the earth rises from the sky. The sword releases endless light and the breath of the source is revealed!

"Boom

Ye Chen is directly attacked and flies out, his breath is rolling and his eyes are shocked. At the same time, the dark robed man who suddenly appears, such as Zha Tian Mo Di, is scared and rushes to come.

Ye Chen's four eyes are dignified. The breath of the black robed man is too terrible. The strength shown by his actions is not inferior to that of Mo Xueming.

"Who are you?" Ye Chen coldly looked at the black robed man and asked.

"Me?" The black robed man's mouth curled up a strange arc. Suddenly, a move of his hand covered the endless darkness. Countless voices resounded from the sky and the earth. The sound shook the mind and soul.

"This, this is the magic sound. It can shake people's hearts and arouse heart demons. This man is the master of heart demons!" Cold light in Ye Chen's eyes!

Chapter 3450

"Lord of the heart demon?"

Hearing Ye Chen's words, Zha Tian Mo Di and Xiao Huang et al. All look dignified at the moment.

The Lord of the heart demon, this is the supreme figure outside the territory. How can it appear here.

Fortunately, ye Chen simply covered his face when he entered the temple of the underworld.

The power of reincarnation cemetery, ordinary people simply can't see!

What's more, ye Chen and the former reincarnation master temperament difference is too big, even if there is some similarity in the face, not close people, it is difficult to detect.

"You are ye Chen?" The master of the heart demon looks at Ye Chen. There is a layer of hazy fog all over his body, which makes people can't see his appearance clearly. He can only see that he is wearing a black robe.

The voice of the Lord of heart demons is evil. It sounds that the evil thoughts in people's heart are drilling upward. There is a terrible undercurrent surging in his every move.

"It's really not simple. I didn't expect that the kingdom of God had such a genius..." The voice of the Lord of the demon rings again, and behind the mist, the light in his eyes flashes.

"But, Mo Xueming, I want to take it away, you can't stop it!"

The voice of the Lord of demons was so confident that his words were the will of God and could not be changed.

"He is a threat to me and must die today!" Ye Chen coldly looks at the master of the heart demon. Even if he knows the identity of the other party, he is an invincible and outsider figure. However, the one who appears in the kingdom of God is only a sub body.

What's more, even if the real body of the heart demon is here, ye Chen also wants to try to kill Mo Xueming. He has come to this stage and can't give up.

"Then try it!"

The master of the heart demon laughed and suddenly made a move.

"Cut with a sword!"

It's another magnificent sword light. This time, it's more terrible than before. It seems that even the whole world will be cut to pieces under this knife!

"Not good!" Xiao Huang's face changed slightly, and so did the dark emperor and others.

"Boom

Infinite power burst out, violent waves swept across the four sides, and then the voice of the Lord of the heart demon sounded again.

"Emperor light flying sword!"

A majestic sword light suddenly flew out of the sky. Time seemed to be still at this moment. The endless air was attracted, and a huge storm was formed in an instant, accompanied by the sword light.

"Geng gold iron wall!"

"Fahua is dead!"

Ye Chen roars, covering the sky evil emperor and other people also rush up, four people join hands, successfully blocking the emperor light flying sword.

The violent explosion set off thousands of feet of smoke and dust, ye Chen and others exploded from the smoke and dust, but there is no master of the heart demon and Mo Xueming's figure.

"Damn it!"

Ye Chen cuts his sword on the ground, forming a huge natural moat, but he can't spread his anger in his heart.

At this stage, Mo Xueming is about to be killed, and the master of the heart demon is killed out of thin air to save Mo Xueming. This is simply intolerable!

"Ye Chen, don't be angry." At the moment, the God of covering the sky and the devil went to Ye Chen and looked at the place where the Lord of the heart demon and Mo Xueming disappeared.

"The strength of the master of the heart demon is very important, even if it is only a sub body, it can not be underestimated. Now you and I consume a lot, and it's hard to predict the outcome."

"According to my judgment, I'm afraid that the Lord of the heart demon can't cause too much trouble in the kingdom of God, let alone start rashly in the kingdom of God. Otherwise, we won't be able to live at all. That's why he's looking for a chance to escape. Otherwise, the outbreak of battle will be a disaster for the whole kingdom of God."

"I know." Ye Chen nods slowly. Of course, he knows this. He is confident, but he is not blind. Ye Chen knows how the Lord of the heart demon exists.

That is a person who is against the queen of the upper world. It is obviously not good to have a conflict with Ye Chen when his wings are not full.

But at the moment, ye Chen's blood and perception are extremely uncomfortable, the reaction is very fierce, let him have a kind of bloodthirsty impulse, want to wipe out the master of the heart demon at all costs.

This is from the deepest impulse of the heart, ye Chen can't help it, he suddenly use the devil hole to clear his eyes.

The master of the heart demon has left with Mo Xueming, but there is a voice in Ye Chen's heart. He has an impulse and doesn't want to let go of the master of the heart demon, so he looks into the mystery of heaven!

"Boom

Suddenly, thunder burst out in the sky. Ye Chen's eyes saw through the endless void, the river of years, and the endless cause and effect. However, everything about the master of the heart demon and Mo Xueming was covered by an invisible resistance, and a layer of fog shrouded them. No matter how hard Ye Chen tried, ye Chen could not see clearly.

"Ye Chen, no!"

The bright eye of Tianmo cave was passed on to Ye Chen by the emperor Zha Tianmo. At the moment, you can see what ye Chen is doing. He quickly makes a voice to stop it. The Lord of the heart demon is involved in a great cause and effect. It is necessary to pay a price for forced investigation.

"Get out of here!" Ye Chen didn't hear of it. He roared and exhausted all his strength. The invisible resistance was breaking. The figure of the Lord of the heart demon and Mo Xueming was gradually emerging.

"Boom The thunder on the sky suddenly fell, and the huge black lightning swept over, as if to split the leaves that dare to peep into the sky. Seeing this, Xiaohuang did not say a word, but flew straight up and split the black lightning in two with one claw.

But at this time, ye Chen immediately wants to see the cause and effect, find out everything, but suddenly a black, the blood in the mouth overflows, the eyes all outflow rich dark blood.

"Cough..." Ye Chen couldn't help coughing, his breath vibrated, and he suffered from a very serious regurgitation.

"I don't see a chance." Ye Chen's eyes open, the divine awn blooms, and the black blood is instantly evaporated.

Deep eyes at this piece of barren area, where used to be the temple of the underworld, has been completely destroyed.

"Mo Xueming's injury broke out. Even if I didn't do it, he would die, but it might be in the hands of the master of the heart demon..."

Ye Chen ponders and looks dignified. The means of the master of the heart demon is infinite. After all, it is the supreme existence outside the territory. I'm afraid there is a way to save Mo Xueming.

"But not for fear." Ye Chen slowly falls on the ruins below. Even if Mo Xueming is saved, he will not reveal his identity before seizing his own fortune.

After all, Mo Xueming has a terrible ambition. His intention is to become a chess player, not a chess player.

Capture the Qi of the reincarnation Lord, which is enough to make Mo Xueming soar into the sky, and a sparrow becomes a Phoenix. Therefore, Mo Xueming will definitely try his best to seize his own Qi. Before that, he does not have to worry about being exposed.

Ye Chen stood on the ruins and figured it out. But now he looked ahead. In the endless pit, the magma had long disappeared, and there appeared a stone gate lying in the deepest part of the cave.

"What is this?" At the same time, the nine you tiger breath is rolling, the state is very unstable, and the eyes are constantly flashing.
