Chapter 3461

"Everything is waiting for you to come abroad."

"Boy, let's go. We'll see you abroad!"

"Finally, I want to remind you that the sudden disappearance of the magic emperor is so weird! Be careful of the devil emperor! Certainly

At the next moment, a magic spirit rises from the sky!

Disappeared in Ye Chen's sight.

Ye Chen looks at the distant figure, Mou son a congealing!

The devil emperor mentioned the devil emperor again. It seems that the devil emperor is really threatening.

If it doesn't appear again, ye Chen is going to look for the magic emperor outside the territory!

Active attack is the king!

.....

Ye Chen was shut down in the Tiandao palace. Chongguang Shenxia palace was full of light, reflecting the sky. Xuanyuan moxie was in the palace. His eyes flashed and his face was expressionless, so that people could not see what he was thinking.

"Don't be bloody!" A few days ago, you didn't even have a cold talk

Looking at the battle letter on the sky, Xuanyuan ink evil clearly knows that in less than a month, the war book will not disappear, and he must also accept it, otherwise his reputation will be completely ruined, and the matter of using the reincarnation Lord will also be revealed. After all, the reincarnation Lord can not avoid the war.

"Well, since you want to die, I'll give you a ride." Xuanyuan ink evil slowly closed his eyes, he was very clear that Mo Xueming must have a card, so he dare to declare war on himself.

But Xuanyuan moxie also has his own confidence, his own cards, not to mention these days, he is about to completely control Zhuxian sword.

"Wanshenshan war, kill Mo Xueming!" Xuanyuan ink evil momentum broke out, Chongguang Shenxia palace suddenly vibrated, the whole Tiandao palace was buzzing at this moment.

"Ye Chen, if you are honest in this battle, if you want to pick up a bargain, I will kill you too!"

"I'm going to climb to the top of the World War I in wanshenshan. If you dare to stop me, you will be killed!"

In the war of wanshenshan, the book of war announced to the world, which shocked the whole kingdom of God.

In these days, all living beings in God's Kingdom, whether they are the patriarchs or the pig butchers, are discussing this matter.

After the meal, we discussed the necessity of the God of tea kingdom.

However, the two protagonists related to this incident are disappearing at the moment. They are obviously in the process of closing down. They should adjust their own state and greet the battle of life and death with full vigor.

About a month away, only 20 days left, Fumo hall, ye Chen is also closed.

The first World War of wanshenshan is of great importance to both the living beings in the kingdom of God and the two protagonists Ye Chen and Mo Xueming.

Ye Chen has been refining Zixiao stone these days, but it is very difficult to break through the heaven God realm in a short time. After all, it is not long before the last breakthrough.

Fortunately, ye Chen has searched the treasure house of Mo Xueming, among which countless elixirs will not be mentioned for the time being. The most unexpected pearl is a black and evil pearl.

This is a magic pearl, which comes from other countries. Only when the great devil body at the top of the holy ancestral realm falls, the endless magic Qi in the body condenses into a treasure.

Magic beads are the supreme treasure for the devil. After refining and swallowing, they can improve their own state and obtain some inheritance of the great devil.

But for the orthodox monks, the magic beads are of little use, and even become the most deadly poison.

However, all of this is not a problem for ye Chen. Under the influence of the yellow spring water, the magic beads and magic spirit are towering, and they are also crystal clear and holy.

However, in this way, the effect of magic beads is very poor, but with the help of magic beads to break through the heaven God realm, or a very simple thing.

Ye Chen sits in the hall with his knees crossed. The aura of his whole body is rolling. Hongmeng Qi is gathered into clouds and floating around Ye Chen. Invincible momentum fills the hall.

Even if ye Chen is sitting still with his eyes closed, he is like a supreme master. The majesty of the reincarnation master of the past life gradually appears on Ye Chen.

In the body, Zixiao stone is rapidly refined. In the center of Zixiao stone, a transparent and pure pearl with pure color emits pure power and nourishes all things. When the bead rotates, the majestic power melts into Ye Chen's four limbs, giving Ye Chen a feeling of soaking in the hot spring.

Compared with the original refining magic beads, the magic beads are now several times smaller and can be completely refined in less than two days.

Ye Chen is calm in his heart, but he has a premonition that when he thoroughly refines the magic beads, it will be his time to break through the heaven God realm!

.....

At the same time, the valley of the dragon.

A continuous plume of immortal light, floating in the sky and earth, blooming endless bright brilliance, beautiful and dignified.

At this time, a figure suddenly rushed into the valley of the dragon, and the demonic spirit swept over the sky, and the light of the eclipsed immortal was swept in all directions.

The countless dragon people below see this scene one after another, and at this time, in the middle of the Dragon Valley, the waterscape Dragon Lake.

Standing on the surface of the lake, majestic and magnificent, in the vast and solemn eclosic Imperial Palace, a majestic dragon shadow is shot out with endless Imperial Majesty. Blood red dragon shadow, huge body block out the sun, each dragon scale is flashing bright red light, showing endless power.

As soon as the shadow of the Dragon appeared, tens of thousands of magic dragons flying around the palace suddenly looked respectful, and one hung his head to show his respect.

"Master devil, you are back." This dragon shadow is the blood dragon, and in front of him is the devil emperor who rushed back from the kingdom of God.

"How is the master?" XUELONG is very concerned about ye Chen and asks immediately.

"Ye Chen, he is very good." "But now he needs your help," he said

"I also have this feeling in the dark, the master needs me."

The blood dragon's eyes flickered at the smell of the speech. These days, he really felt that he was haunted. If he could not feel the stability of Ye Chen's breath, he would have been unable to help going to the kingdom of God immediately.

"I don't know what happened?" The blood dragon looks dignified.

"It is well known in the kingdom of God." The evil spirit of the whole body of the evil emperor was shocked and his eyes were deep.

"Mo Xueming declares war on Xuanyuan moxie. Ye Chen wants to intervene in the battle of wanshenshan."

"Declare war?" The blood dragon's eyes were surprised. Mo Xueming was a fan. How dare you declare war against Xuanyuan Mo evil? You should know that such a declaration of war represents immortality.

"It's not that simple. The chess players behind it are manipulating it." Zha Tianmo Di guessed a lot of things, and his face was a little dignified at the moment.

"If ye Chen wants to intervene, I'm afraid it's not easy. There may be many changes. You should go to help as soon as possible."

"I see!" XUELONG nods without hesitation. He is extremely loyal to Ye Chen. If ye Chen wants to intervene in the war of wanshen mountain, he must go there.

Chapter 3462

"There are still some days to go before the war. I will go to another place before I go to the kingdom of God!"

The blood dragon did not procrastinate, and immediately flew up. The dragon people in the Dragon Valley raised their heads one after another.

"I want to go to the kingdom of God. This period of time will be guarded by the master devil. You should follow the guidance of the master and wait for my return!"

The blood dragon shouts to the dragon clan. The invincible power of the Dragon sweeps through, and the emperor's Qi breaks out, just like the supreme supreme master who controls the universe.

"The emperor's words, we will bear in mind!"

Countless dragon people immediately bowed their heads respectfully and said in a loud voice.

"Good." The blood Dragon nodded with satisfaction, and then he took a look at the dark emperor, and his body disappeared in the next moment.

The towering dragon power swept all the way from the outside to the kingdom of God, without any cover up at all. Many foreign forces were also in constant turmoil at the moment, speculating on what was sacred and what they wanted to do in the kingdom of God.

The World War I of Mt. wanshenshan is known to all in the kingdom of God and spread abroad. Many well-informed forces know something about it. At this moment, they also speculate that the trip of Xuelong may be related to the war.

.....

No matter what other people think, the day of the first World War of Mt. wanshenshan is getting closer and closer. There are only 15 days left.

Ye Chen sits cross legged in the demon hall with his eyes closed, but his breath is more and more concussive, and his invincible majesty is more and more strong, like a Supreme Master who has been in a high position for a long time.

In the body, the magic beads have turned into sesame seeds, and disappear completely in the next moment.

With the last wisp of magic beads into Ye Chen's four limbs and hundreds of skeletons, the fury of breath instantly swept the whole demon hall.

"Boom

Between the concussion of Hongmeng's Qi, ye Chen suddenly opened his eyes. His momentum reached the peak at this moment, and his magnificent momentum was unmatched.

"Here it is." Ye Chen slowly looked at the sky, one after another the most dark clouds gathered, a thunderbolt in the dark clouds exploded, shuttle.

Ye Chen breaks through the heaven and God's realm of thunder and plunder, and the Fumo hall vibrates, looking at the sky with surprise one by one.

Ye Chen is the belief in the people's hearts of the demons subduing hall. The stronger Ye Chen is, the more confident the people in the hall are.

Every breakthrough is an inspiring thing, but ye Chen looks at the thunder robbery on the sky, but his eyes are slightly narrowed.

This time, the thunder robbery was a little worse than when it broke through the nine layers of chaos. However, if you pass the robbery in the Fumo hall, I'm afraid the Fumo hall will suffer heavy damage.

"In that case, go away."

The light in Ye Chen's eyes was bright, but he suddenly killed him at the next moment. He went straight to the sky and was still under the cover of the vast thunder disaster that gathered together.

Ye Chen's figure is very small, but he does not fear to go straight to the sky on the vast black clouds, fierce invincible momentum burst out, ye Chen at this moment seems to bloom a dazzling halo, the sun, moon and stars seem to revolve around Ye Chen.

"Break it for me!"

Ye Chen's fist, even directly into the thunder robbery, the destruction of Shinto erupted, the violent power poured out.

Breaking through the heaven God realm, ye Chen's strength soared again. At the moment, the thunder robbery was not enough in his eyes. He took the initiative to attack directly.

"Boom

A blow of lawlessness hit on the thunder robbery. The thunder robberies were shocked and almost broken. However, the next moment was the sweeping of the boundless heavenly power.

The sky is in concussion, it seems to be infuriated by Ye Chen's rude behavior, and the vast force of thunder is gathering.

Ye Chen's face changed slightly. He didn't expect to make such a thing with a fist. However, how about this? He will try today and smash the thunder robbery directly!

"Break it for me!"

Ye Chen a roar, Tianlong eight gods sound burst, Hongmeng gas surging, Hongmeng notes flying out.

"Bang bang bang!"

The thunder robberies in the sky were scattered by the explosion, and the dark clouds were scattered, revealing the clear sky behind.

This scene stupefied the people in the demon subduing hall. No one expected Ye Chen to be so domineering and dare to challenge Tianwei with invincible momentum!

"Boom Although Tianlong's eight gods sound showed great power, it did not directly break the thunder robbery. At the moment, the thunder robbery was furious, and a brilliant black thunder came.

"Click!"

At this moment, the heaven and earth seem to be divided. This thunder is too terrible. People in the demon subduing hall below feel numb. What is Ye Chen doing? The sky is angry. Isn't he looking for death.

However, this idea just came to light, and the next moment it was directly broken. Ye Chen's sword destroyed the Shinto, which directly destroyed the mighty and majestic thunder!

The power of Ye Chen's sword is invincible. All the people in the demon subduing hall are stupefied.

At the moment, the thunder above the sky is brewing a more terrible bombardment, while ye Chen directly bumps into the dark clouds.

"Master..." The Youying ghost weasel was stunned and rushed into the thunder robbery. What kind of operation was this? He only heard that people avoided the thunder robbery. How could he take the initiative to rush into the thunder robbery. Ye Chen rushes into the thunder robbery, which causes the riot of thunder in an instant. The power of countless thunder surges to Ye Chen like destroying the sky and destroying the earth.

In an instant, ye Chen was wrapped by endless thunder and was in the sea of thunder.

However, at this moment, the vast sea of thunder can no longer pose any threat to Ye Chen. Under the outbreak of violent destruction Shinto, the sea of thunder is constantly shaking, and even is directly scattered by Ye Chen from time to time.

Ye Chen is walking in the thunder robbery, and his eyes are very sharp. In the dark and boundless black cloud, the power of countless thunder is diffused. However, ye Chen finds that in the center of the thunder robbery, there is a rune composed of thunder.

This Rune seems to be the real core of thunder robbery. The rune constantly changes its form, but no matter which form it is, it shows a terrible thunder appearance.

Ye Chen even saw that the rune evolved into an image of respecting heaven's arrogance and thunder. This Rune contains the supreme power of thunder rules. It seems that if you master this rune, you can master thunder robbery.

Master thunder robbery, this is a terrible scene, incarnation of the Lord of thunder, monks want to break through, all depends on the face of the Lord of thunder, to see who is not satisfied is the vast thunder god sweeping, under the thunder robbery, there are several people can resist.

"Is there really a lord of thunder in this world, or is thunder robbery controlled only by the will of heaven?"

Ye Chen's eyes vibrate. At this moment, even he is shocked by his idea. He even feels that he has discovered something terrible.

At this time, the rune is also aware of Ye Chen's intrusion. It is in shock. The endless thunder converges on it. Gradually, the rune turns into gold.

The golden light is bright, the divine power is mighty, like the invincible existence, the formidable power which attracts people's mind emerges.

Chapter 3463

Ye Chen looks at the rune formed by the golden thunder. His face is gradually dignified. Such thunder is enough to threaten him.

"It can't be allowed to continue!"

Ye Chen's heart is clear, the next moment suddenly hand.

"Boom

Bagua Tiandan technique, Tianlong eight gods sound, two Hongmeng ancient methods swept out in a moment.

The momentum of destroying the heaven and the earth breaks out. Ye Chen follows the ancient Dharma and holds a Sha sword. The destruction Shinto erupts and points to the golden thunder rune.

"Bang!"

At this moment, the sky burst, and the breath of endless nothingness overflowed. Ye Chen felt that his body was suppressed by the myriad worlds of heaven. The terrible force made his muscles and muscles weak.

and on the other side, the golden Rune also emerges with cracks. The endless golden emulsion is dripping down from the golden rune.

in the moment of the golden emulsion, a wonderful smell that destroyed the sky and destroyed the earth and created thousands of circles suddenly appeared in this thunder robbery. The strange fragrance flowed out and attracted the leaf Chen instantly.

"This..."

Ye Chen looks mouth parched and tongue scorched, and the golden emulsion is the purification of thunder robbery, the most pure thunderbolt.

"Such a good thing can't be wasted."

leaves in a wink, and suddenly burst out, and in a twinkling, near the golden Rune runway, destroying the Shinto Road, breaking the golden light of the golden Rune rune, and opening the mouth to suck, and suck the golden drops of several drops of gold down to the entrance.

"Hum!"

For a moment, ye Chen felt that he had just fought, and his body seemed to be soaked in the immortal spring. He felt extremely comfortable, even the spirit felt warm.

At the same time, a series of thunder actually appeared in Ye Chen's body, sweeping Ye Chen's meridians and flesh in an instant.

"Suppressed by me!"

Ye Chen roared, incomparable power burst out, there was Hongmeng's airflow in his body, which instantly suppressed the thunder.

these thunderstorms are coming out of golden lotion. The golden emulsion is the purification of thunder and condenses, and naturally creates inexhaustible thunder.

In a flash, ye Chen's body and body have countless thunder sweeping.

's furious thunder makes the body of Ye Chen constantly damaged, but the golden emulsion that is swallowed contains the ultimate breath of life, and instantly repairs the injury of Ye Chen.

thunder represents destruction, represents order, while golden emulsion is condensed from destruction. It has both destructive power and ultimate vitality. After

Ye Chen swallowed the golden emulsion, the golden thunder Rune was completely furious, and numerous golden thunder exploded, and rolled towards the leaf Chen.

Seeing this, ye Chen's heart jumped and quickly resisted.

"Geng gold iron wall! Fahua is dead

The impregnable iron wall of Geng gold and the sound of Buddhist light suddenly appear around Ye Chen, blocking the endless golden thunder.

"Boom, boom!"

The terrible explosion constantly resounds in the thunder robbery in the sky, and the impact of destroying the sky and the earth is constantly sweeping out. It seems that there is a war of annihilation in the thunder robbery.

At the moment, all the people in the Fumo hall looked up at the thunder robbery on the sky. Some people were shocked and some looked worried.

But without exception, all people praise ye Chen's action, dare to directly into the thunder robbery, this is how overbearing, how invincible!

"It's stingy. I just drank a few drops of gold from you."

At the moment, ye Chen is bombarded by the infinite golden thunder, and his breath is rolling. A cold light breaks out in his eyes. He looks at the golden thunder Rune and says it with interest.

The golden thunder Rune seems to be able to understand people's words and become more angry. The golden thunder that destroys the heaven and the earth bursts more and more, and bombards Ye Chen crazily.

"Hum! Since I'm so mean, I won't be polite to you! "

Ye Chen snorted coldly, and his eyes were cold and sharp. The next moment, he braved the endless golden thunder. In the impact of destroying heaven and earth, he stabbed the golden thunder Rune with a sword.

"The destruction Shinto erupts, the silence golden light kills me!"

"Tianlong eight gods sound! Bagua Tiandan skill, kill me

Ye Chen roared and roared without leaving a hand. Countless miracles broke out, and even the death of heaven Jue of the yellow spring was also urged.

Under the blessing of the yellow spring water, the terrifying and incomparable power of the yellow spring swept out and scattered countless golden thunder in an instant.

The fierce attack is like a Supreme Master killing heaven and earth, and the invincible momentum destroys everything. It bombards the golden thunder rune.

"Boom

A tremendous sound, terrible impact instantly swept the four sides, the vast thunder god power concussion.

In an instant, the thunder robberies in the sky were scattered. The dense dark clouds completely dispersed at this moment. The sky was clear in an instant. Only the invincible figure of Ye Chen collided with a golden thunder rune.

"How could it be that the master broke up the thunder robbery?"

"The master of the temple is really extraordinary, and all the things have been accomplished.""Click."

A light sound, the whole kingdom of God all people's hearts suddenly heard this voice, all of them coincidentally looked at the sky, but could not see what was there.

But there is an inexplicable feeling that something extremely important is broken.

At this time, ye Chen looked at the golden thunder Rune in front of him, and the tiny cracks on it had now spread out into deep gullies.

The next moment, the golden thunder Rune completely broke up, and countless thunder breath overflowed between heaven and earth.

and the golden rune is broken, but there is a golden emulsion coming out, and this golden emulsion is seen.

"So much."

Ye Chen's mind is shaking, and this golden emulsion is just a few drops, which has benefited him. Such a huge quantity is almost invincible.

"Refined for me!"

Ye Chen didn't surprise him. He drank a lot of golden emulsion, and began to make refinery directly.

is not the absorption of Ye Chen, but the golden power of the golden emulsion. No trivial matter.

such a number of golden emulsion Ye Chenruo is all swallowed, I am afraid the ants swallow the elephant to kill themselves, and then they will be directly killed by the thunder power of the golden emulsion.

the other half of the thunderbolt lotion is directly collected by Yu Chen with jade bottles. At the same time, the golden emulsion in the inhalation also completely explode, without the thunder of thunder.

"Boom

The sky a sound of thunder, people below the demon hall look surprised, thunder robbery was broken up by Ye Chen, it is lawless, how can there be thunder at this time?

The next second, all people will be aware of the wrong, the sky on the body of Ye Chen has been constantly lit up a brilliant, magnificent thunder.

The sound of the thunder was actually coming from ye Chen's body.

"What did the Lord of the temple do?" Ye Lingtian's face was stunned. The golden Rune in the sky was broken too fast, and the golden emulsion Ye Chen was too fast. He didn't see it at all.

"Did the master rob ray?" You Ying ghost weasel looks strange and mutters.

Chapter 3464

As soon as this word comes out, everyone looks at him with the same eyes as an idiot. How could he possibly eat thunder robbery?

Although Ye Chen's state at the moment does seem to have swallowed up all the thunder robberies, it is very clear to all that ye Chen should have met some opportunities, so this kind of thing will happen.

After all, although Ye Chen in the sky is constantly emitting thunder, it also emits endless life power, which makes people feel clear and clear, which is obviously a good thing.

's massive thunderstorm is constantly breaking up, and the blood and the flesh are constantly destroyed, and the breath of the golden emulsion is restoring all the injuries in an instant. Between

's destruction and rebirth, ye Chen feels that his body is getting stronger and faster, breaking through the nine layers of chaos and breaking the celestial world in such a short time, which will cause the

foundation to be unstable. But at the moment, such a mystery is almost eliminated by the golden emulsion.

Ye Chen clenched his teeth, holding up the unparalleled pain, and his invincible momentum spread to heaven and earth.

At this moment, the reincarnation graveyard in Ye Chen's body vibrates, and the seven statues are vigorous and powerful, as if they contain infinite power and can destroy the heaven and earth.

the seven shadows appeared, and ye Chen felt something, but at the moment he was fighting against the golden emulsion, unable to spare any time to estimate the seven great powers.

At this time, three figures appeared, but they were the three ancestors of the yellow spring. They looked at the seven people who appeared, and their faces were surprised.

"Seven Saints of heaven, how did you come out?" The three ancestors of huangquan were very happy. They had a good friendship with the seven people in front of them. They were old friends. How can they not be happy when they meet their old friends.

"Hehe, if you can come out, why can't we?" One of the seven, wearing a Confucian robe and holding a folding fan, is graceful and has a long breath. He looks at the third ancestor of huangquan with a smile.

Although the old man was thin and weak, he had an indescribable brilliance in his eyes, which seemed to contain infinite wisdom and could see through everything in the world.

And in the old man, also filled with a strong atmosphere of literary talent, there is a road around the rules, holy gas flow.

This is obviously a saint, a sage in ancient times, whose strength reached the saint's ancestral realm in the later period!

"I didn't expect to meet again here."

At the moment, another one of the seven said, "this person is also holy qi circulation, the road rules around the left and right."

This is a middle-aged man with thick eyebrows and big eyes. He holds a piece of immortal spirit in his hand. It seems that it can prolong one's life by smelling it.

The middle-aged man's body is also covered with a strong smell of medicine, fresh and refined taste, people can not forget.

This is also a saint, named medicine saint, while the old man before him was Wen Sheng. Compared with Wen Sheng, the medicine sage is a little inferior in strength. He is only in the middle of the holy ancestral realm, but also has great power to shake the heaven and earth.

The other five are all saints of heaven in ancient times. They are recognized by heaven and earth and serve the well-being of all living beings.

The seven were Wen Sheng, Wu Shen, Dao Sheng, Mou Sheng, Yao Sheng, Dao Sheng and Jian Sheng!

The Seven Saints of the heavenly way gather together. The endless golden lotus falls from the sky, and the road sings around. The endless hymns are resounding, revealing the extreme extraordinary grandeur.

The origin of these seven sages is extraordinary. They were the supreme existence of Tiandao Palace at the beginning of the foundation of Tiandao palace in the kingdom of God, and their accomplishments were all in the middle and late period of the holy ancestral realm.

However, after the fall of the reincarnation master, the Seven Saints of Tiandao disagreed with Tiandao palace, and then disappeared mysteriously. In fact, he was trapped by Tiandao palace.

Today, the Seven Saints of heaven appear in the samsara cemetery, and they all sigh. They never expect that countless years have passed and everything has changed.

at this moment, Wen Sheng looked at the outside world, watching Ye Chen's confrontation with the golden emulsion.

"The Lord of reincarnation is really extraordinary. Even if he is reincarnated, he still has the demeanor. What courage and momentum it is to dare to break the thunder robbery and seize the fortune!"

Hearing the words, the three ancestors of huangquan suddenly showed a smile. Seeing ye Chen's strength, they could see that although Ye Chen had only broken through the heaven and God realm, the power that broke out has shocked people and has shown the demeanor of the reincarnation master of the previous life.

"Ye Chen is really extraordinary, otherwise we would not help him." Huang Quan Shu Zu laughs happily.

"Yes." Wen Sheng's eyes are deep. He looks at Ye Chen in the sky and nods. His eyebrows and eyes are full of reverence.

The Seven Saints of heaven worship the reincarnation masters of the past life, so they will have differences with the Tiandao palace after the reincarnation masters fall down.

now ye Chen is reincarnation of the reincarnation, and they are full of respect for ye Chen, watching Ye Chen fight against the golden emulsion, and repeatedly praise.

At the same time, in the outside sky, endless thunder explodes in Ye Chen's body. The power of violent thunder sweeps across the world, but it can't hurt Ye Chen at all. The confrontation between

and the golden emulsion lasted for a long time, and for a long time, ye Chen had no time to take all the outside world into account, and tried his best to melt the frenzy of golden emulsion. The vigorous breath of life is constantly integrated into Ye Chen's body, and even a flower grows out of thin air around Ye Chen. This is the vision caused by the strong breath of life.

These flowers are full of brilliance and glitter. They are extraordinary. After falling to the ground from the air, they even take root and sprout instantly.

In a twinkling of an eye, one after another of the small flowers will fully bloom, gorgeous extraordinary, the original plain earth dyed with a layer of colorful gorgeous.

Ye Chen's body in the constant destruction and rebirth, crazily condensed, more and more strong, a series of terrible power waves spread out, the shock of the sky all set off a ripple.

At the moment, the sky is dark, but ye Chen's body is constantly blooming with endless thunder light, just like a supreme thunder sun suppressing all the heaven and earth, releasing endless brilliance in the night, even the moon and stars are dim at the moment.

Ye Chen has officially entered the realm of God!

God's heaven is a layer of sky, and even faint because of the golden emulsion, some touch heaven two days!

Maybe it won't be long before we can step into the second layer of heaven!

It's a great feeling!

In the face of the battle of Mount wanshenshan 15 days later, ye Chen has a little more confidence

.....

At the same time, Huaxia, Jiangcheng.

Ye's old house.

The old house of Ye family has been completely closed because of Ye Chen.

What's more, when ye Chen left Huaxia, he left a guard array here to prevent others from rushing in.

However, at the moment, the array of the Ye family's old house is faintly broken.

Even from the old house came the swing.

It's so weird.

There was a little girl lying on the swing. She was a little lazy, with a lollipop in her mouth, her hands behind her head, her legs cocked and her eyes bored at the ceiling.

Chapter 3465

Perhaps because of boredom, the little girl took out a jade pendant: "Xiao Jin, who used to play with me, is estimated to have left the kingdom of God for foreign countries or the upper kingdom. I don't know how long I will stay here."

"When everything is done, I will never stay in China again."

On the jade pendant, there are bright lights.

It's worth a lot.

At this time, the void behind the little girl suddenly fluctuated!

An extreme force seems to tear!

The little girl's face changed greatly: "Damn, why is that strange old man coming again?"

"Isn't it that the most dangerous place is the safest place?"

"The air is covered by the array here. How can we find it?"

The little girl pinched the code with her fingers, and a huge black hole appeared in front of her.

She was just about to step into the black hole when an old hand caught her ankle!

"As a reincarnation xuanbei, we should have the awareness of reincarnation xuanbei! How long are you hiding from me

Guo Haiyun's cold voice rang out.

As the embodiment of the eternal king in China! During this period, he has been searching for this mysterious stele of reincarnation hiding in China!

Even in order to pursue this thing, he even lost a lot!

This time, no matter what, we should leave the reincarnation xuanbei!

"Smelly old man, I really doubt that you are a pervert. The value of reincarnation xuanbei is far more than that of your people!"

"All things have spirits, and the xuanbei of reincarnation can be called the ancestor of spirits! What awareness do I need? "

"It's you who should be aware of it!"

"If you continue to pursue, even if you have some eternal blood, I will let you know what is contemptuous!"

At the next moment, two forces broke out in Ye's old house!

All around the furniture in an instant into pieces!

The little girl's tattoo has not moved!

But Guo Haiyun actually stepped back ten steps!

At this moment, Guo Haiyun was dignified.

The power of the reincarnation xuanbei is far more powerful than this Dao Fenshen.

What's more, the space control ability of this reincarnation xuanbei is too strong. If it goes on like this, he can only be passive all the time.

If you really want to suppress, your own noumenon can't do it, let alone this separation.

The only chance is Ye Chen.

Ye Chen has reincarnation blood in his body, so he has a strong sense of reincarnation xuanbei. However, during this period of time, he found that this reincarnation xuanbei is different from other pieces. It not only has self-consciousness and strong strength, but also has a special attribute, which can camouflage and disappear.

I'm afraid Ye Chen, by virtue of his blood, may not be able to accurately capture its position and suppress it.

Other means must be used.

It's a little tricky.

"Goodbye, old man."

When the black hole is closed, everything is calm.

Samsara xuanbei, once again disappeared.

Guo Haiyun sighed and knew it was over.

He even had the intention to give up the search for the reincarnation xuanbei in his heart, so he would send a letter to ontology and let Ye Chen deal with it.

Just as Guo Haiyun was about to leave, suddenly! What did his eyes notice!

He grasped it with five fingers, and a jade pendant appeared in his palm.

On the jade pendant, the brilliance flows.

He frowned slightly. Judging from the texture and brilliance of the jade pendant, it did not belong to Huaxia.

It seems to be from the kingdom of God.

How can this reincarnation xuanbei have jade pendant from the divine kingdom?

The next second, he flipped slightly and found three words on the jade pendant!

Jin Shuhui!

Who is Jin Shuhui?

What's the relationship with the xuanbei tablet?

If you find Jin Shuhui of the kingdom of God, is it possible to represent the restoration of the xuanbei of reincarnation?

Want to know everything, Guo Haiyun Mou son a congealed, finger quickly pinches Jue, unexpectedly formed a mysterious array!

The jade pendant is suspended in the array and disappears!

Br >

maybe this is the opportunity for him

At the same time, Voldemort hall.

The void fluctuates.

Soon after ye Chen broke through, he was vaguely aware of the change of the samsara cemetery. He wanted to enter the samsara cemetery for inspection, but a breath appeared, and ye Chen's mouth showed a smile.

He looked in a direction and said, "I've never seen you for a long time. Do you want to congratulate me on stepping into heaven?"

But let Ye Chen doubt that this time, the eternal king did not drink, but his look was incomparably serious.

Ye Chen knows that something must have happened.

Is it about the devil emperor?

"Ever old, what's the matter?"

The eternal holy King took a few steps and said, "ye Xiaozi, I've got a message from Guo Haiyun not long ago that the whereabouts of the reincarnation xuanbei have been roughly determined."

Ye Chen Yixi: "does that mean I'm going to leave for China now? But if the devil emperor doesn't come, what will happen to the kingdom of God?" The eternal holy King continued: "this reincarnation xuanbei is different from the past. It is extremely special. It can not only control the fantastic power of space, but also block all connections, even if your blood can't feel it."

"However, my incarnation has brought good news. This stone tablet of reincarnation is closely related to the kingdom of God."

Ye Chen one Zheng: "who?"

The next second, the eternal king gives a jade pendant to Ye Chen!

"This man should have come from the kingdom of God, but I did not find that You should be able to find the name on the back as the Lord of the demon hall. "

Ye Chen flipped the jade pendant, when he saw the name on it, he was completely confused!

Jin Shuhui!

How could it be her!

What is the connection between this man and the stone tablet of reincarnation?

At the beginning, the devil emperor's son came, if there was no Jin Shuhui's help, the consequences would be unimaginable!

He never thought it was Jin Shuhui!

The eternal King sensed something was wrong and said, "do you know this man?"

Ye Chen nodded and said with a bitter smile: "not only do we know each other, but also we don't know each other."

Ye Chen thought of the war with the devil emperor's son at the beginning, in front of the ambiguous picture of the public or a little helpless.

I didn't mean to, but in Jin Shuhui's opinion, it was a naked flirtation.

"Yonglao, it's normal that you don't notice in the kingdom of God, because this person has gone to the outer world and the upper world."

"It's not in the kingdom of God now."

The eternal holy king was stunned: "if you go to the outer world and the upper world, you'd better meet Jin Shuhui before you leave for China this time. If you can, invite her to go to China, which is extremely important for the stone tablet of reincarnation."

"What's more, I always feel that there are external forces intervening in the affairs of aura change. This external force may not belong to Huaxia and Kunlun, but may be related to the forces outside and in the upper world."

"My personal strength is really limited, and I can't get any results from the investigation, but I'm sure that the xuanbei of Chinese reincarnation knows more than us."

"So this stone tablet of reincarnation is the key!"

"Now, Jin Shuhui is the key!"

At this moment, ye Chen is a little dignified.

It's only 15 days before the first World War of Mt. wanshenshan. Fortunately, I have already entered the realm of heaven and God, and there are less restrictions on the rules of the outside world and the upper world. Is it necessary to look for Jin Shuhui at this juncture?

And what about the devil emperor?

Chapter 3466

At this time, the eternal holy King seemed to see through Ye Chen's mind and said, "Ye boy, are you worried about the foreign devil emperor?"

Ye Chen nods undeniably.

The eternal King's finger pinches the Jue, the fingertip actually flows a strange Rune!

The rune is broken in an instant!

His face changed and he said: "the foreign devil emperor is a hidden danger to the kingdom of God after all, and I vaguely realize that if the foreign magic emperor comes, it will be the real doomsday of the kingdom of God!"

"According to your words, Jin Shuhui is outside the territory or in the upper world, and the magic emperor is also in the foreign land of demons!"

"Why can't you take the initiative to attack since the demon emperor is not coming?"

"Now that you have stepped into the realm of gods, you should have enough qualification to shake. While the disappeared devil emperor has not recovered to its peak, maybe killing it is the best option at present."

"There are 15 days to go before the first battle of Mt. wanshenshan, that is to say, within 15 days, you must find Jin Shuhui and return to the kingdom of God!"

"If possible, the danger of the evil emperor will be completely eliminated within 15 days!"

Ye Chen was about to hesitate. The eternal King continued: "in fact, you have no choice The emperor's date has just arrived in a month! You must start at once

"It's not about you, it may be about the future of the kingdom of God and even China!"

Ye Chen looked completely serious, no longer thinking about it, and said in a cold voice, "yonglao, I'm going to start looking for Jin Shuhui!"

Eternal King no longer nonsense, take out an array plate with two characters of eternity!

A drop of blood essence is forced out, and the array disk rotates!

The eternal King's fingers are constantly pinching, and his mouth is full of words!

"Ye Chen, with the eternal blood essence as the guide, this array will take you abroad. Within 15 days, it will fluctuate and force you back!"

"Eternal family, eternal in the world, eternal art, dust of ancient times, up!"

Ye Chen feels the fluctuation of the void around him!

He found himself looking down upon the eternal king!

The eternal King's means are far beyond my imagination!

The next moment, his figure will disappear in the demon hall!

.....

In the outer world and the upper world, in the void, there was a wave of space, which suddenly surged up, and the dark lights shot out in all directions. In the strong wind, a figure fell down.

Ye Chen fell to the ground and breathed softly. It seemed that he was quite embarrassed.

Looking at the array plate given to him by the eternal holy king, he shook his head helplessly. After entering the void, he was actually in the void and encountered a very violent space storm. Even with Ye Chen's strength, he was quite reluctant to bear the storm. Now, he finally entered the foreign countries.

Ye Chen stands up, with a thick color of curiosity in his eyes.

Entering this boundary, his first reaction is that the aura of heaven and earth here is too rich!

Even after experiencing the moon and jade ring, the kingdom of God is no more than one tenth of that here!

Indeed, it can be called the holy land of martial arts!

And then, gravity!

The gravity here is also 100 times that of the kingdom of God!

However, in terms of Ye Chen's power, there is almost no difference.

With one hair and hundreds of hair, is there a big difference?

He looked around and saw that at this time, it seemed that he was in a mountain range.

"Are you out of the country?"

At this moment, a cold voice rang out!

It is xuanhanyu, the soul of the sword, which has been silent for a long time!

It seems that the aura here awakens xuanhanyu!

Ye Chen frowned slightly and asked the soul of the sword: "xuanxianzi, do you finally have a reaction? Here, where is it? "

Xuanhanyu said: "the space storm you encountered changed the position of array disk. Here, it should be near Xuanjin city outside the territory."

"If you're right, the person you're looking for is in this area."

Ye Chen nodded, his body moved, and flew into the air. Powerful spirits poured out around him. In an instant, he found a town in the southwest direction and immediately plundered to the southwest of the town.

Xuanjin city is a small city located in the outer star Xuan region.

There are four boundaries outside the territory, and xingxuan domain is one of them!

Coincidentally, the land of demons is also among them!

These four realms have distinct strengths and weaknesses. The first thing Shenguo warriors have ascended to is xingxuan domain, which is also the weakest one among the four realms.

Above the xingxuan realm is the moon soul realm. Above the moon soul realm is the Yangzhen realm, while the heaven and man realm is the real holy land of martial arts that countless martial artists yearn for!

Although Xuanjin city is a small city, it is only relative to other cities outside the territory and in the upper boundary. In the city, there are tens of millions of warriors!

In addition, it is famous for its high-quality material Xuanjin.

Soon, ye Chen came to the outside of Xuanjin city and fell down. To his surprise, there were no soldiers guarding the city? However, he didn't care about it either. He stepped directly into the city.

As soon as I entered the city, ye Chen's pupil shrank!

The martial arts in the outer and upper realms are not comparable to that of the divine kingdom!

On the street, chaos can be seen everywhere, and there are even many martial artists in the holy ancestral realm!

This is just the level of a small city.

But after walking for a while, ye Chen is slightly frowning, the atmosphere of Xuanjin City, some strange!

First of all, according to Xuan Hanyu, Xuanjin city has tens of millions of martial arts people. But along the way, ye Chen feels quite lonely. It seems that there are not so many people.

Secondly, the warriors in Xuanjin city looked at him one by one. They all looked at him strangely and pointed at him!

At this time, ye Chen in front of the wave together, two dressed in black, gloomy face of the martial arts, then appeared in front of Ye Chen, blocking his way!

These two people, a long horse face, tall, triangular eyes, flashing a cruel color.

The other, with a dark complexion and a bald head, looks a bit fierce.

On their waists, both of them had a dark gold sign engraved with the words "Xuanjin".

At the same time, their whole body breath is quite powerful, which is the existence of four layers of heaven in the two holy ancestors!

People on the street, when they saw the two soldiers in black appeared, their faces changed slightly. Obviously, they were not good at fighting against each other in Xuanjin city!

Then, these people looked at Ye Chen with different looks. Some were pitying, some were Schadenfreude, and some were quite sarcastic.

At this time, the horse faced man said coldly, "boy, what's your name? How dare you disobey the Lord's order and don't want to live?"

Ye Chen smelled the speech and frowned slightly: "what order? My name is Ye Chen. I'm looking for a friend here. I'm not very clear about this. "

Although, the tone of this horse faced man makes Ye Chen quite unhappy, but his attitude is considered polite.

But this politeness, in the eyes of the horse faced man and the bald man, is just a kind of advice!

Two people look at each other, the corners of the mouth are floating up a touch of light smile.

Horse face man disdains to look at Ye Chen way: "new arrival? Boy, you think we're stupid? Which warrior from the holy ancestral realm will come to our Xuanjin city in this period?

You disobeyed the order of the Lord of the city. When we found out, you began to pretend? "

Ye Chen's face sank a minute and said, "I really don't know what order your city Lord has. Now, please get out of the way. I have something to do."

The horse faced man and the bald man were stunned at the words, and then the cold light in his eyes flashed, and his anger loomed!

How dare they enter the realm of heaven?

Yeah?

At first glance, the boy has no strength and no background. The bottom of the bottom, if he doesn't please them, is now installed in front of them?

Or under so many people's gaze, contradict oneself two people?

Very good, very good!

The horsefaced man said with a smile: "boy, you'd better cooperate with me, don't know what order you disobeyed? Well, Laozi, I'll tell you now, it's Xuanjin city that has found a new vein, which is in urgent need of manual mining. Therefore, the city Lord has ordered that all the warriors in Xuanjin city who are over 20 years old and below the holy ancestral territory should enter the vein to mine! "

When ye Chen heard the speech, he said faintly, "what do you do with me? I'm not from Xuanjin city. "

Chapter 3467

Not from xuanjincheng?

The horse faced man and the bald man look at Ye Chen like a fool!

The two men, a horsefaced man named Zhao Xiong and a bald man named Li Donghao, were the messengers of Xuanjin City, the city master's mansion.

Ye Chen is not xuanjincheng people, how can they not know?

But now, the Lord of the city is in urgent need of labor for mining. Therefore, even if Zhao Xiong and Li Donghao forcibly expropriate Ye Chen as labor force, the city Lord will not blame him or even reward them!

However, if you want to let Ye Chen go, it's up to you to deal with Ye Chen!

If ye Chen is "sensible" and knows how to be a man, they will not embarrass him.

To put it bluntly, they just want to get some oil and water from ye Chen!

But now, ye Chen says he is not from Xuanjin city?

Hehe, how naive is it?

The bald man Li Donghao said with great disdain: "boy, are you really stupid or fake silly? I don't care if you are from Xuanjin city. Now, since you have stepped into Xuanjin City, you have to follow the rules of Xuanjin City, understand?"

Otherwise, why don't you think there are no guards outside the city gate? Ha ha, even if you are not from Xuanjin City, if you want to blame, you can only blame yourself for being stupid! Now, I warn you for the last time, follow me

After that, Li Donghao turned directly and didn't intend to give ye Chen a chance to speak. He flashed a ferocious look on his face. If the boy didn't know how to praise him, he didn't mind "teaching" him. What's the rule!

At this moment, a cold man's voice sounded in the two people's ears: "no one has taught you how to talk?"

In an instant, the whole street was in a dead silence!

All people, are face with incredible color to look at Ye Chen!

What are you talking about?

If ye Chen takes out some advantages to please Li Donghao and Zhao Xiong, he doesn't need to be forced to mine the vein.

But now, ye Chen instead asks in public how to speak?

A heaven God realm existed in the early stage. How do the two four level heaven strong people in the holy ancestral realm speak?

It's not about death. What is it?

Now, it can't be sent to the ore vein to solve it!

Li Donghao turns around and stares at Ye Chen with Zhao Xiong. His eyes are bloodshot and his forehead is full of blue veins. He is so angry that he can't be more angry!

How many years?

Since they became the messengers of the city Lord's house, they were also considered as Xuanjin city.
Do you have any status?

They don't remember how many years they haven't been humiliated and questioned in public!

What's more, it's just a simple God realm?

This, how can they not be angry!

The power of the four layers of heaven in the holy ancestral realm of the two people broke out in an instant like a storm, and rolled towards Ye Chen!

The four layers of heaven in the holy ancestral realm are not rare in foreign countries, but they can also be regarded as strong ones!

At this time, although the breath was not aimed at the onlookers, it also made their Qi and blood surge and look pale!

You know, most of those present are martial artists below the middle of the holy ancestral realm!

It can be seen that the strength of the two is not weak!

All people, looking at Ye Chen's eyes, all take a trace of pity.

In this world, strength is always the qualification of the strong, and the weak also want to be strong?

Well, there is a price to pay.

It's a very painful price!

In their opinion, ye Chen, not to mention fighting with two people, just this breath, can instantly blow ye Chen, even slag is not left?

But

One minute, two minutes, three minutes passed

Xuanjin city street, but still a quiet, nothing happened!

How could this happen?

Ye Chen is under the suppression of two people's breath, let alone burst into blood mist

Actually, there is not even a thing!

To the beginning and the end, ye Chen is full of pale color to stand in place!

All people, are stupid, can't believe their own eyes!

In this world, there is a heaven God realm that can block the four layers of heavenly warrior breath of the two holy ancestors?

Maybe there is, but the origin of the warrior is not simple!

Generally speaking, the children of a big family, even if they are weak and weak, will have some treasure to protect their lives, or the original spirit left by the strong in the family.

People look at Ye Chen, the look gradually changed, is this seemingly rubbish God state boy, has an extremely terrible background?

If you want to resist the power of the two four level heavenly warriors in the holy ancestral realm with the original Qi, at least, you have to have the peak of the heaven God realm, or even the strength of the early days of the holy ancestral realm?

Such a warrior, in the foreign xingxuan domain, also belongs to the quite powerful existence!It's hard to see Zhao Dongxiong and Li Dongxiong

Did they hit the iron plate this time?

If there is a strong man behind Ye Chen

Thinking of this, they could not help shivering. In that case, even the city Lord of Xuanjin might not be able to protect them, right?

Their eyes turned slightly, but they immediately put away their breath.

Zhao Xiong, a horsefaced man, smiles at Ye Chen and says, "brother ye, right? Just now, there was a misunderstanding. Haha, let's just let it go. "

Li Donghao also nodded his head and said, "well, brother ye, when you are out of the house, you'd better be more restrained. If you didn't meet two good people like our brothers, you might suffer today."

When they heard the words and looked at them, they were both shocked!

Shameless, shameless!

If ye Chen was just an ordinary warrior in the heaven God realm, now, he has already died, can't he?

But now, what do Zhao Xiong and Li Donghao say? Will you suffer?

This skin is as thick as the wall!

If they were ye Chen, maybe they would be angry to death?

But what can be done?

Many people could not help sighing.

This is a world where the weak and the strong eat. Even if ye Chen has a little background, he can't be strong enough to be dumb

But at this moment, ye Chen, it is a sudden move!

One punch, a seemingly simple one, towards Ma Xiong's face, bombard and go!

All people are looking at Ye Chen with an incredible look. Is this boy crazy?

Even if, ye Chen's background is strong, can, have not heard a sentence, called strong dragon does not press the local snake?

Now, ye Chen dare to shoot at Ma Xiong beyond his ability?

Ma Xiong, but the four layers of heaven in the holy ancestral realm. Based on the cultivation of Ye Chen's heaven God realm, even if Ma Xiong does not dare to kill Ye Chen, ye Chen can only insult himself and become a laughing stock

In the eyes of the public, it is impossible to even hurt Ma Xiong, let alone win!

Ma Xiong and Li Donghao look at each other and see the killing intention in each other's eyes!

Since ye Chen wants to die, it's no wonder they are?

After all, they belong to the city Lord of Xuanjin. Even if ye Chen has some background, they dare not move Ye Chen at will. But what if ye Chen took the lead?

Well, the nature is totally different!

Ye Chen is challenging the dignity of the whole Xuanjin city! It's a direct offense to the Lord of Xuanjin!

Ma Xiong's eyes flashed a trace of ferocious color. His whole body was like a sea of spiritual power. On his right hand, purple thunder appeared, like a thunderbolt from the sky. He roared out!

As soon as the intention of the fist came out, people felt the Qi and blood in their bodies, and the breath was not smooth. It was as if they had been beaten hard on the chest!

They look at Ma Xiong, eyes are emergence of the color of horror, this fist meaning, how strong!

At the same time, looking at Ye Chen's eyes, more pitiful

Ye Chen, too bad luck

Who's not good at boxing, but Ma Xiong?

Ma Xiong, but in the vicinity of Xuanjin City, there are some famous boxing practitioners!

His training of galloping thunder boxing, is a quite high martial art, known for its power!

We can imagine how miserable Ye Chen's fate is

Ma Xiong grinned cruelly and said to Ye Chen, "Since ye Gongzi wants to practice boxing, I'll give you some advice."

At the next moment, Ma Xiong said in a violent voice: "run thunder and swallow dragon boxing!"

A blow, the air, a sudden emergence of a lightning around the fist seal, emitting a breath of terror, toward Ye Chen bombarded away, the place, thunder, extraterritorial that incomparably stable space, there are faint cracks!

People see this, can't help but take a breath!

Can, let them puzzled is, until now, ye Chen is still full of pale color!

Even, the corner of the mouth still has a smile of disdain!

What's going on?

People's eyes twinkle slightly, do you have any cards?

Chapter 3468

However, no matter how powerful the bottom card is, it is impossible to play an effective role without a certain degree of strength. What should ye Chen do?

People, can not help but some curiosity, look forward to it!

Under their gaze, ye Chen's fist, and the thunder fist seal, finally, collided!

On Ma Xiong's face, he flashed with an extremely fierce and happy look. Ye Chen is finished!

Although, when he made a move, he faintly restrained a trace of strength. This fist will not break out with all his strength and kill Ye Chen. However, serious injury is absolutely unavoidable!

But at this time, a strange scene, appeared!!!

It looks very frightening. It seems that the thunder fist seal with the power of destroying the world is broken at the moment of collision with Ye Chen's fist

It's like sand, broken!

And ye Chen's fist is still moving forward!

Ye Chen's seemingly random and incomparable fist is Shengsheng. He completely disappears Ma Xiong's thunder running fist seal

Ma Xiong is stupid, Li Donghao is stupid, everyone is stupid!!!

What did they see?

It can't be true!!!

The existence of a heaven God state, a free hand fist, actually lost Ma Xiong's powerful fist?

They haven't heard of the talent who can jump over the level to fight, but there must be a limit!!!

Ye Chen, where is this to cross the level to fight?

It's totally a fight over the sky!

The gap between the heaven God realm and the four layers of heaven in the holy ancestral realm is like a heavenly abyss, but this Tianyuan has been crossed by Ye Chensheng!

At this time, Ma Xiong's face is extremely pale, which has the slightest ruthlessness, pleasure?

When his body trembles, he wants to show his body method and avoid it!

However, until this moment, Ma Xiong suddenly realized that this seemingly unpleasant blow gave him an unavoidable feeling!

Ye Chen's fist, just like a net in the sky, is coming face to face!

Can't hide!

How could this happen!?

Ma Xiong's spirit will collapse in front of the fist which is like the gate of hell!

After one thousandth of a breath, the blow hit Ma Xiong in the face

A dull bang and a burst of blood mist burst out above Ma Xiong's head, and Ma Xiong's whole body, like a shell, flew backward at a very fast speed. A huge bang smashed a building behind him!

Silence, like an eternal black hole, envelops the whole street

The crowd looked at Ma Xiong, whose head almost burst and was no longer in shape. He fell into the ruins and was dying. His body trembled uncontrollably!

Too sad

What kind of monster is Ye Chen?

At the moment, everyone is actually a low head, even see do not dare to see ye Chen one eye more!

And ye Chen, is a pale look at the dying Ma Xiong, open a way: "this is what you say one or two?"

Ye Chen looks at Ma Xiong coldly. He has never been a soft hearted person.

If he was just an ordinary warrior in heaven, now, let alone seriously injured, he might have been killed by the breath of Ma Xiong and Li Donghao?

It was kind to blow Ma Xiong's head almost burst.

However, ye Chen's fist is full of the spirit of destroying Shinto. Ma Xiong may encounter some problems if he wants to recover

Of course, it's not a big problem, it just takes a little time.

It's not long. It's enough to take Ma Xiong's accomplishments for ten thousand years.

Ye Chen Sen ran a smile, he started, has always been very measured, isn't it?

He turned his head slowly and looked at Li Donghao, who was weak and trembling slightly. His shiny bald head looked gloomy at the moment.

Ye Chen said with a smile: "what did you say just now? Let me be more restrained? "

Li Donghao's ferocious face, at the moment, is a look of crying out. What iron plate did they kick this time?

Clearly, it is their own jump into the boiling crater ah!

As soon as he bit his teeth, he knelt down in front of Ye Chen without hesitation. He kowtowed wildly: "Mr. Ye, I have no eyes. Please let me go once, please!"

Let it go?

Ye Chen Yin cold a smile way: "ha ha, you, won't be so naive?"

On hearing this, Li Donghao's blood flowed backward, just like falling into a frightful abyss. His heart beat wildly and all of them would fly out of his chest!

He looked up and just wanted to respond, but it was too late.

Ye Chen a foot, already swept!

Bang!

There was another loud noise. The foot swept hard on Li Donghao's bald head. Li Donghao's body flew out and collapsed a tall building. He was dying. Obviously, Ma Xiong didn't have to be much better. When they looked at the two men who were beaten by Ye Chen like a dog, they could not help but swallow their saliva

How cruel!

This seems to be a little indifferent young man. He is full of vigour!

Ye Chen didn't care about the eyes of others. He moved straight and walked towards a large restaurant in Xuanjin city.

When Jin Shuhui left, she seemed to have gone out of her words and didn't go back to the upper world.

If you want to investigate a person, restaurant is the best choice.

And, at the beginning, Jin Shuhui gave him a hundred thousand excellent Xuanyuan stone.

Xuanyuan stone is the currency used in foreign countries and the upper world. It is similar to the spirit stone in Lingwu mainland. However, the concentration and quality of aura contained in Xuanyuan stone are not comparable to that of Lingwu.

This restaurant is called Jinxiao Pavilion. As soon as ye Chen stepped into the restaurant, he was immediately in front of his eyes. No matter the decoration, the incense, the table and chair furnishings and so on, it seems to be extremely luxurious. At the same time, it does not lose the elegance. Such a level is extremely difficult to see in the kingdom of God. The restaurant that can do these things is definitely the top of the top!

However, in the outside world and in the upper bound, the Jinxiao Pavilion is just an ordinary restaurant in a small city.

A moment later, the name of Ye Chen, the "cruel man", was hidden in Xuanjin city and spread.

.....

At the same time, in the master's mansion of Xuanjin City, there is a man in a white robe with a beautiful jade with amber aura hanging from his waist. He has a noble temperament and a beautiful appearance. He is sitting in the living room with a cup in his hand and sipping the fragrant tea with strong aura.

Suddenly, a figure flashed outside the hall, and a middle-aged man in a black gold robe and a pair of tiger eyes on his Chinese face came in.

This man is the master of Xuanjin City, Chen Yang!

Chen Yang is a man with excellent face. In this Xuanjin City, he almost does not pretend to talk to anyone. He is dignified and domineering. When he enters the living room, he laughs at the young man and says, "Mr. Gu, I'm sorry to have kept you waiting."

This white robed youth, named Gu Han, comes from Yuanshan Gu family!

Yuanshan mountain range, not far from Xuanjin City, covers tens of thousands of miles. In the mountains, there is a small spiritual vein. Therefore, there are some Wudao families, even small sects, who have taken root in the Yuanshan mountains.

The family of Gu Wu has a long history, which has been inherited from the old one.

Therefore, this Gu family is also called Yuanshan Gu family by the people of xingxuan domain!

Gu Han is the legitimate son of Yuanshan Gu family!

This is the reason why Chen Yang has such an attitude towards Gu Han.

Gu Han put down his tea cup and said faintly, "Lord Chen, talk less. I don't know what I asked you to do. How are you doing?"

Chapter 3469

If someone else dared to talk to Chen Yang in this manner, he would have been carried out for a long time. However, facing Gu Han, Chen Yang's smile did not diminish, and he hesitated and said, "this Mr. Gu, please wait a moment. I have already mobilized the warriors from the holy ancestral region of the whole city to assist in mining. I believe that we will hear from you soon. "

At this time, a servant in gray suddenly ran into the living room in a panic and said to Chen Yang, "no, Lord of the city."

Chen Yangmei's head was wrinkled, and his face was filled with anger. He said, "can't you see that I'm entertaining guests?"

The servant was stunned, glanced at Gu Han and lowered his head.

Chen Yang said faintly: "Mr. Gu is not an outsider. If you have anything, please tell me."

"Ma Xiong and Li Donghao, who you sent to call up miners, have been seriously injured! It is said that it is said that they had a conflict with others at the time of their recruitment. "

When Chen Yang heard the speech, his face changed and he looked at Gu Han beside him.

At this time, Gu Han looked at Chen Yang with a smile on his face and stood up and said, "it seems that the things I entrusted are not going smoothly, which makes the city Lord Chen quite embarrassed. In this case, Gu can find other people to help him. After all, although Xuanjin city is rich in Xuanjin, the mother of Xuanjin is not only here."

Chen Yang's eyes were shining. He could never let go of this opportunity to curry favor with his family, let alone the Linghan branch, which Gu Han used to exchange for Xuanjin's mother, but he needed it very much!

Immediately, Chen Yang turned his head and said to the servant, "who is it! Who dares to disobey the Lord's command

A few days ago, Gu Han went to Chen Yang and asked him to help him collect a mother of Xuanjin. This mother of Xuanjin is much higher than Xuanjin, and has a very special nature.

The mother of Xuanjin, when it was just mined, was emitting purple gold light, which was very dazzling. But once it was stored for a long time, although its utility would not be reduced, the purple gold aura would dissipate by itself.

Therefore, if you want to forge a treasure with the mother of Xuanjin, you can only make it into an artifact when it is not long after mining, so that the light of purple gold can be preserved forever!

This is also the reason why Chen Yang ordered the compulsory recruitment of miners.

But now, there is something that is not worthy of promotion, and jumps out against him?

It's just that Gu Han knows it?

This, did not let him face down in front of Gu Han?

What do you think of him? How can you still have the qualification to make friends with your family if you can't do it well?

And all this is because of the rebellious boy!

In an instant, Chen Yang hated Ye Chen!

However, in his eyes, there was also a flicker of doubt. All he recruited were martial artists in the holy ancestral realm. How could anyone seriously injure Ma Xiong and Li Donghao?

The servant said, "according to the news, the boy named Ye Chen entered the Golden Night Pavilion."

.....

As soon as ye Chen sat down in the Jinxiao Pavilion, a beautiful girl came over with a smile and asked, "Sir, what do you need?"

Ye Chen says: "on a few your shop signboard."

After the girl left, the conversation of several men at the next table was introduced into Ye Chen's ear.

One of the men with a jade crown said, "have you heard that the Xuannu of refining God is going to get married recently?"

"Xuannu?"

Another hairy man came to a trace of interest and said, "what you are talking about is the beauty who is known as the refining iceberg?"

Jade crown man smiles: "not her, who else?"

Another fat white man said suspiciously, "how about refining iceberg? Where did you hear the news? No way? I remember, she once said never to marry? "

Jade crown man some complacent ground says: "where to hear? Originally, as we are, we can't get to know the news of the refining peak. However, recently, my brother has joined the Xinyan sect. This matter has already been spread in the upper class circles of the outer star Xuanyu a few days ago! "

The white fat man still looked at the jade crown man and said: "spread? I remember that Xinyan sect did not have any intersection with Lianshen peak, did it? How can the marriage of Xuannu in Shenfeng pass on to Xinyan

The jade crown man's face was mysterious and said with a smile, "because ah..."

"This time, it's for Jin Xuanfeng! All the young talents of some big forces nearby have been invited! "

Ye Chen, who was tasting tea and waiting for the dishes, suddenly shrinks her pupils!

Jin Shuhui?

There is no way out of heaven!

During his 15 days abroad, the most important thing was to look for Jin Shuhui!

Although I don't know the connection between Jin Shuhui and the stone tablet of reincarnation!

But we must see Jin Shuhui as soon as possible!

But she's going to get married?

According to Ye Chen's understanding of Jin Shuhui, even if she wants to get married, she will never use this way of marriage? Ye Chen frowned slightly, stood up and walked toward the next table.

Jin Shuhui is kind to the kingdom of God and ye Chen. It's more about the xuanbei of reincarnation. In this case, ye Chen can't ignore this matter.

Ye Chen asked the jade crown man, "brother, can you tell me in detail about the Xuannu's marriage in refining Shenfeng just now?"

"You? Heaven and God Jade crown man smell speech, swept Ye Chen one eye, the corner of the mouth floated a smile, open a way: "how? Are you also interested in the Xuannu of Shenfeng? Hehe, the Xuannu of refining Shenfeng is really beautiful, but ah, sometimes people have to act according to their ability, do you know? If there are too many improper thoughts, it will be only yourself who has bad luck!"

In his opinion, a martial artist like Ye Chen is not qualified to participate in this marriage recruitment meeting. They want it, but the talents and demons of the great forces in xingxuan region. What can you do with the Tianshen realm?

Ye Chen hears the speech, the double eyes slightly squint, for a time, the atmosphere seems to be cold some.

Jade crown man, it is completely indifferent, even on the face of the smile more rich a point.

Jade crown man gaze at Ye Chen, the corner of his mouth move, is ready to laugh at a few words.

But all of a sudden, the man with long hair beside him changed his face. He grabbed the man with jade crown and said in a low voice: "this man, good It seems to be ye Chen, the cruel man... "

Ye Chen?

The jade crown man hears the speech, suddenly wakes up!

Although he was not on the scene at that time, he also heard about ye Chen's deeds. After all, such a shocking thing happened in such a small city as Xuanjin city. It's hard to spread it all over the city!

Indifferent eyes, more than 20 years old, God realm, this is not ye Chen, or who?

Jade crown man looking at Ye Chen, can not help but swallow a saliva, the body actually is slightly trembling up! Why tremble?

Because ye Chen's strong, ye Chen's ruthless!

Some people even said that ye Chen beat Ma Xiong and Li Donghao like that, it's better to kill them directly!

Jade crown man's attitude, an instant 180 degree big change, like a frightened rabbit general, carefully bowed his head to Ye Chen and asked, "you Are you Mr. Ye? "

Ye Chen said faintly: "I It's Ye. "

Chapter 3470

The jade crown man's face was completely pale and bloodless. He wiped the cold sweat on his forehead and said, "Ye Mr. Ye, I'm sorry. I didn't know it was you just now. How offensive... "

Ye Chen waved his hand and said, "OK, now, can you talk about Xuannv's marriage?"

Jade crown man slightly relieved, it seems that ye Chen is not as terrible as the legend

Immediately, his chicken pecks rice general nod a way: "I must know everything!"

But at this time, ye Chen behind, suddenly came a burst of foot step sound.

At the same time, a deep cold question, in the Golden Night Pavilion, like thunder like explosion!

"You Is Ye Chen? "

Ye Chen turns around and sees two men standing behind him. They are Gu Han and Chen Yang!

At the moment, Gu Hanzheng looks at himself with a smile, while Chen Yang looks gloomy!

The voice is from Chen Yang!

And a few young people who sat behind Ye Chen were scared to death and said, "good Lord Chen!"

Ye Chen and Chen Yang, none of them can afford!

Ye Chen looks at Chen Yang and his eyes flash slightly. Is this the Lord of Xuanjin city?

Chen Yang and Gu Han both exist in the six layers of heaven in the holy ancestral realm. Today, ye Chen, without the help of sword soul and reincarnation graveyard, is probably in the sixth heaven of the holy ancestral realm!

If you use the power of sword soul and reincarnation graveyard, ye Chen is confident to fight against one of them, even if he is a warrior in the seven layers of heaven in the holy ancestral realm!

Therefore, Gu Han and Chen Yang do not pose any threat to Ye Chen.

Ye Chen said faintly: "yes, it's me."

Chen Yang sneered and said: "ha ha, you boy, you are frank. The city Lord asked you why you refused to obey! Even, they wounded two servants of the city Lord's house! "

Ye Chen said expressionless: "I am not xuanjincheng people, what do you want from me?"

This said, the whole restaurant, instantly cold down, the air almost congealed out of frost!

Ye Chen, is actually a little face, do not give Chen Yang!

What does your order have to do with me?

The three men sitting at the table next to Ye Chen, their eyes trembled and were so shocked that they could not breathe!

You know, Chen Yang is a strong man in the later period of Shengzu kingdom!

The gap between one layer of heaven is the natural moat, not to mention the two layers of heaven!

Even so, ye Chen still does not give face?

"You Chen Yang's eyes instantly congested, blue tendons on the forehead jump wildly, the whole body breath, tends to burst! In this manic breath, the warriors of Xuanjin city are all showing panic!

As if, at any time, the disaster will come on their heads!

Chen Yang, originally is extremely pays attention to the face, now, unexpectedly by Ye Chen to hit the face in public? Even Gu Han dare not talk to him like this!

How can he not be angry?

If you can defeat the four saints, you will not be able to survive? Ha ha, today, I don't care what you're from. If you don't kneel down and apologize to the city Lord, don't want to leave here alive! "

Ye Chen suddenly turned his head and said with a smile to the jade crown man, "what did you say to me just now?"

"Ah?" Jade crown man looked at Ye Chen, puzzled.

Ye Chen looked at Chen Yang and said coldly, "he just said that he was beyond his capacity, and that it would be his own misfortune. This sentence is suitable for Chen Chengzhu."

There was a huge bang. The strong breath of the holy ancestral realm burst out from Chen Yang. In an instant, the Golden Night Pavilion, which was made of extremely tough materials and was blessed by several arrays, made an unbearable creak!

As if, under the level 10 typhoon, the dilapidated wooden house general!

Chen Yang stares at Ye Chen. He can't stand it any more. As soon as his spiritual power surges, he has to direct his hand!

But all of a sudden, a hand stopped Chen Yang's body.

Gu Han's hand.

Chen Yang was slightly stunned. He forced down his breath and frowned: "Mr. Gu, is this?"

Does Gu Han want to protect this boy?

Chen Yang's face is a little dark. Originally, he aimed at Ye Chen to prove himself in front of Gu Han, but now, he is completely feuding with Ye Chen!

Gu Han said with a light smile: "Lord Chen, give this man to me."

Yeah?

Chen Yang looks at Gu Han unexpectedly. He doesn't want to protect Ye Chen, but he wants to deal with Ye Chen himself?

How did ye Chen offend him?

Suddenly, Chen Yang's eyes, showing a glimmer of sudden color, the next moment, looking at Ye Chen, his face is full of smile.

What did ye Chen Gang say?

If you can't do more than you can, you'll have bad luck?

Ha ha, this is really said right, however, is used in Ye Chen's own body!

Jin Shuhui is Gu Han's favorite woman, and ye Chengang seems to be inquiring about Jin Shuhui?Gu Han, usually seems very indifferent, but once it comes to women, he will become incomparably cautious!

In his opinion, ye Chen is not even qualified to be interested in his own women, even guilty!

Gu Han looked at Ye Chen playfully and said with a sneer, "you seem to be very interested in refining the Xuannu of Shenfeng mountain?"

People's eyes in Jinxiao pavilion are all focused on Ye Chen's body. They want to know how to answer the extremely powerful Ye Chen in the face of Chen Yang!

The next moment, ye Chen, but shook his head!

"I'm not very interested," he said

When they heard the speech, they could not help being stunned. Looking at Ye Chen's eyes, they could not help but take on the color of disappointment.

At this time, ye Chen was actually counselled?

Is it true that when facing Chen Yang's strength just now, they all pretended to be?

After feeling the horror of Chen Yang, I was afraid and didn't dare to pretend?

It seems that the so-called "cruel man" is just like this

Chen Yang and Gu Han looked at each other and laughed. They thought so.

He looked at Ye Chen and said with a contemptuous smile, "since you are not interested, why do you want to inquire about the marriage recruitment of Xuannu in Lian Shenfeng

Ye Chen swept his one eye, light way: "because, she is my friend."

Although Ye Chen has a good feeling for Jin Shuhui, it is not the kind of love between men and women. If Jin Shuhui's own will is the reason for this marriage invitation, ye Chen will not intervene.

But!

If anyone wants to force Jin Shuhui to do something she doesn't want to do, ye Chen will never allow it!

But when Chen Yang and Gu Han heard about it, they laughed!

As if, heard what the world's most funny joke!

Gu Han said with a smile, "friend? Hehe, boy, I see you don't even know the rules of refining Shenfeng, do you? Once she became a Xuannu, she was forbidden to contact men outside the sect or even in our sect. Jin Shuhui chose to become a Xuannu because of her unique appearance and attracted many eyes. She also stayed in a mysterious place in the upper world for a long time. She almost only went to the mysterious place of the upper world and the refining peak. How did you have the opportunity to become a Xuannu For her friends? "

Ye Chen, silent.

When the devil emperor came to the kingdom of God, Jin Shuhui was forced to tear up the void.

Naturally, he can't disclose it too much.
