Chapter 3491

At the moment, ye Chen micro low head, no one noticed his eyes, that pair of eyes, actually is a chaos!

His mind seems to have been separated from the refining peak and fell into another world

The voice of the sword soul suddenly rings out in Ye Chen's mind: "do you understand?"

When ye Chen heard the speech, he suddenly returned to his mind. He saw the spirit of the sword and said, "Xuanxian, I still need some time!"

Xuanhanyu heard the speech and snorted coldly: "hum, ye Chen, thirty breaths. There is only so much I can win for you. After that, I will exhaust my strength and fall into a deep sleep temporarily. If you don't fully understand within 30 breaths, you will die, and I guess I will never be able to untie all seals again!"

Ye Chen hears the speech, frowns slightly, looks incomparably dignified, he has already caught that glimmer of enlightenment, can you master it completely in 30 breaths?

Even with Ye Chen's martial arts qualification, it is extremely difficult!

However, the next moment, his eyes, suddenly flashed a decisive color: "please Xuanxian, I will never fail!"

Difficult, so what?

How many difficulties did ye Chen encounter along the way?

All he can do is try his best to break through it!

The old swordsman looked at Ye Chen's appearance, but his face showed a ferocious color. He sneered and said, "ha ha, boy, just now I didn't want to fight and then fight. Was he crazy? Do you dare to shout with me

Seeing this, ye Chen could not help shaking his head. Ye Chen could have retreated all over the body, and was favored by Zhan you. It was a great luck and a great chance. But because of Ye Chen's arrogance and his ignorance, he played a chance to ascend the sky one step at a time for a woman and made it his own killing game!

Zhan you and Zhou Zixun are full of excitement, ha ha, demons need time to grow up, such as ye Chen, such a fool who does not know how to advance and retreat, no matter how good the talent is, what is the use?

Can only let oneself die faster!

At the next moment, the sword old man was full of sword spirit. Three flying swords were around him again, and a little cold light appeared. Each cold light was like a magic sword which had been polished by thousands of years of hard work. In fact, it is much more difficult to refine the sword idea to this level than to create a magic weapon!

In order to cultivate the three unique sword array, it took countless years for the old sword to condense the three sword meanings to such a level!

The surging sword spirit, like a storm of annihilation, shrouded in the sky of Lianshen peak. All the demons on the peak held their breath subconsciously!

At the moment, the air that they can breathe in is not the air that can pierce their internal organs!

Master Jian's attack was even stronger than before!

But in the face of this blow, all of a sudden, ye Chen made a move that made everyone, all of a sudden, astonished.

He released the dark sword in his hand

They were stunned, and then, they all took scorn on their faces!

Ye Chen, is this going to give up?

Zhang Chi, Zhang Qiaoling and others saw this, and their looks changed. In their eyes, there was a strong disappointment

Unexpectedly, ye Chen arrived at the last moment. His seemingly indomitable will and extremely strong heart of Tao finally collapsed

Originally, ye Chen was a legendary and admired existence in their hearts, but now, the image of Ye Chen in their hearts has gradually collapsed

He was just an ordinary man.

Jin Shuhui, on the other hand, is desperation, self blame, fear, grief

If ye Chen died because of her, she would be more painful than her own death!

The cruel color on Jian Lao's face is more and more strong! The broken rules of refining Shenfeng oppressed him to the holy ancestral realm, which made him very uncomfortable. At the moment, he had already burned his blood essence. On the surface, there was a layer of blood gas!

In terms of the age of Jian Lao, the side effects of burning blood essence are much greater than those of ordinary martial arts!

But, in his opinion, it is worth it!

Can let Ye Chen such a monster, complete collapse, despair, meet death, all is worth it!

What he was most afraid of was that ye Chen would bring him any surprise again in this inevitable situation!

The three Jue sword array breaks out the idea of Heavenly Sword. The combination of the three swords turns into a sky shaking rainbow. It cuts towards Ye Chen quickly, just like the thunder from heaven!

However, when everyone thought that ye Chen gave up and wanted to completely disappear and disappear from the world under the three unique sword array!

Their pupils, however, suddenly contracted!

No falling

Ye Chen put down that dark sword, did not fall!

But, suspended in front of Ye Chen!

All of a sudden, an inexplicable and terrifying aura came from the evil sword!

A woman's virtual shadow appeared in front of the public. Although they could not see clearly their faces, all the people's eyes were deeply attracted by the virtual image! Beautiful!

Even if you can't see the appearance of Xuanhan jade, everyone is very sure that this woman is extremely beautiful!

Not only the beauty, but also with a kind of awe inspiring power of overlooking the world and suppressing the world!

If it was not Xuanhan jade today, it was only a sword soul that could survive with the help of the sword spirit. Moreover, it was sealed with most of its power. This amazing power alone would be enough to make these demons submit to it!

"Not good!"

Jian Lao exclaimed. Although, in his perception, the power of the sword soul alone was not enough to cause a fatal threat to it, but in the dark, he had a very bad premonition!

The blood color on his face is more intense, and the burning speed of blood essence is also rising rapidly!

The three Jue sword array trembles and the rainbow becomes faster and faster!

Xuanhanyu coldly looks at the Sanjue sword array which has been cut down like thunder. With its martial arts realm, it is too simple to crack the three Jue sword array. Although the sword meaning of the old sword is incomparably pure, it is just relative to the martial arts of xingxuan region.

In xuanhanyu's eyes, there are many flaws!

Unfortunately, with her strength now, she can only withstand the attack of the three unique sword array if she fights on her own

Under the control of xuanhanyu, the blood of the evil sword flashed and turned into a blood light. It was rushing towards the three Jue sword array!

At first, people were shocked by xuanhanyu's breath. But now, they have found that there is not much power left in xuanhanyu's sword soul state. I'm afraid the greatest effect of xuanhanyu is to attach itself to the weapon blade and enhance the power of martial arts.

With xuanhanyu's present state, how to resist the three unique sword array?

Can, the next moment, the incredible scene, appeared!

Under the impact of the blood light, the three Jue sword array was frozen in the air and could not fall down!

Chapter 3492

This is the Sanjue sword array that can be broken even by Ye Chen's destroying sword. At this moment, Xuan Hanyu is standing up to this array by relying on his meager strength and the power of Sha Jian itself?

The demons on the summit of refining gods, at the moment, their brains are blank. Today, there are too many things beyond their understanding!

However, at the moment, xuanhanyu's face is very dignified, she can not hold on for long!

She only reluctantly resisted the three unique sword array by relying on the martial arts vision far beyond the old sword master. However, in the world of martial arts, how can it be enough only by skills?

Break ten thousand methods with one effort!

This kind of thing, ye Chen has done countless times!

Even if only relying on brute force, the old sword can quickly break through the blood light of the evil sword!

The old swordsman roared. The blood on his face was even more powerful. He was burning his blood essence recklessly. His intuition told him that he should kill Ye Chen as soon as possible, even if it was a moment early or half an instant!

It has to be said that Jianlao's countless years of combat experience has brought him an extremely accurate intuition!

Xuanhanyu felt the increasing power and body shape of the three Jue sword array. The energy in his body poured into the evil sword like water.

Her eyes flashed and glanced at Ye Chen behind her. At the moment, Ye Chen had sat down on her knees, closed her eyes, and entered the realm of forgetting things and me. She really put all her mind into the understanding!

On Xuanhanyu's pretty face, there is a wry smile

Is this guy too trusting in himself?

To tell you the truth, if Xuan Hanyu wants to stay on the evil sword and escape with the help of the power of the evil sword, no matter the sword master or Zhan you, can't stop her at all.

The only one who can stop her is Ye Chen, the master of Sha Jian

Ye Chen can't help but trust Xuan Hanyu without reservation

In the beautiful eyes of Xuanhan jade, the light congealed. In the blood rainbow transformed by the evil sword, a thundering dragon chant sounded. The light flashed into a thousand Zhang blood dragon, which entangled the increasingly powerful sword array of three unique swords!

Thirty breaths

Even if the body dies and the remnant soul dissipates, the sword array should be blocked for 30 breaths!

This is her promise to Ye Chen.

Only once in her life did she betray her promise, and that decision made Xuan Hanyu regret all her life

So this time, no matter what, she will do it!

"Break it! Break it for me The old swordsman roared, and his foreboding became more and more intense. His spirit power broke out. The three flying swords in the three Jue sword array began to tremble slightly!

The cold light from the sword array is also very dazzling!

But even so, he was still strangled by the blood dragon, unable to move!

However, xuanhanyu's figure gradually faded

At this moment, a sudden change!

A figure, suddenly toward the blood dragon in the sky, whispered: "Tianyuan palm!"

At the next moment, the vigorous palm power roared in the heaven and earth. The strength of the palm power was comparable to the pure sword Qi emitted from the three Jue sword array!

This man is Zhan you, the son of Zhan's family!

He glanced coldly at Ye Chen, who was sitting on his knees. Although at the moment, ye Chen looked unprepared. But ye Chen's almost infinite means and the shock to Zhan you all the time made him afraid of Ye Chen!

For a moment, I dare not direct to Ye Chen!

However, it doesn't mean you can't do it, right?

Xuanhanyu's blood dragon trapped the three Jue sword array. If he did it now, the blood dragon would surely disappear, and ye Chen would die under the three Jue sword array!

But at this time, several figures rushed towards Zhan you at the same time!

"Qiaoling!" Aunt Ming exclaimed, trying to stop, but it was too late!

All the people on the peak of refining God have a close look. They are Zhang Qiaoling, Zhang Chi and Gu Han!

They know that they are far from Zhan you's opponent, but at the moment, they can't help but move!

Although Gu Han had a conflict with Ye Chen and offended Ye Chen, ye Chen let him go and had great kindness to him. He still kept his dignity when facing Zhang Qiaoling and Zhou Zixun. In his heart, he had already regarded Ye Chen as his elder brother!

However, he knew that he did not have the qualification to be ye Chen's friend, so he did not dare to speak out.

And Zhang Chi, this is the character of heavy affection, needless to say.

Even Zhang Qiaoling, for the first time in her life, was convinced and awakened from her parochial arrogance!

If ye Chen was waiting for death and gave up resistance, they would not have risked their lives to stand out. But now everyone can see that ye Chen is not waiting for death! Although they don't know what ye Chen wants to do, they all believe that ye Chen can create miracles again!

If at this moment, they do not stand out, both sorry for ye Chen, the same, also sorry for themselves!

Zhan you glanced at the three people from the corner of his eyes. He was full of murderous spirit and said with a sneer: "it seems that you, the waste of xingxuan District, really don't pay attention to my Zhan family?"

At the next moment, Zhang Qiaoling and Zhang Qiaoling were killed and killed in a flash!

In the face of this palm print, these three evil spirits of xingxuan domain with amazing martial arts and Taoism talents are all stiff at the same time. Let alone resist, they can't move!

Even Zhang Qiaoling, who has mastered the nine days Thunder Road, is so!

Zhan you a palm, it was so terrible!

Their faces were white, and in an instant, they were going to turn into nothingness under the giant hands!

But at this time, a thunder suddenly exploded in people's ears. This is not an ordinary thunder. The talents of xingxuan domain only felt their own spirits, as if they were tearing apart. A burst of pain!

This thunder is actually a kind of spirit attack!

Even with Zhan you's strength, without precaution, he was in a trance for a moment, and the speed of palmprint falling down was a little slow!

Along with the thunder, a flash of lightning appeared in front of Zhang Qiaoling's three people, revealing the figure of a woman still in charm. It was aunt Ming!

Aunt Ming looked grim at the palm print in front of her, and there was a long whip in her hand!

When the whip danced, countless silver and white thunder snakes scurried in the air. Every flash left a dark trace. Even the air was broken down and the void was shattered!

Whip shadow heavy, turned into a silver thunder Jiao, with the force of the thunder against the sky, roared toward the huge hand!

With a roar, Lei Jiao fiercely bumps into the palm print and submerges it in an instant!

At the next moment, with a click, a crack appeared on the silver whip in aunt Ming's hand, and the corners of her mouth were also overflowing with blood. Meanwhile, the three Zhang Qiaoling also spat blood and fell to the ground under the impact of the fight.

Zhan you looked at Aunt Ming coldly. His eyes were boiling with anger. On his face, instead, he laughed. He said, "why, you Qian Lei Zong, are you going to fight against my Zhan family?"

These wastes of xingxuan domain have been so bold!

If there are no rules, he really wants to clean up xingxuan domain!

However, even if there are rules, killing a qianlei clan is nothing!

Zhan you bit his teeth, and he suddenly felt some regret. This time he stayed in Lianshen peak, but let the original follow his own sacrifice and go back.

Originally, he came to xingxuan district to do some small things, but all of a sudden, he met the meeting and wanted to play.

In order not to delay things, he let the offering go back to Zhan's house first, and took the things the family needed.

But he never thought, in this refining Shenfeng, unexpectedly will meet Ye Chen such an evil spirit!

Now, even a Zhan family can trample on Qian Lei Zong, also dare to disobey himself?

He's from the Zhan family!

It is far more noble than the waste of xingxuan domain!

Aunt Ming is silent. Qian Lei Zong really can't provoke Zhan's family, but she can't do it. She sees Zhang Qiaoling die in front of herself!

At this time, a sigh echoed on the refining peak.

At this moment, the shadow of the woman standing in front of Ye Chen's body has become almost invisible

Then, there was a wail. On top of the Sha sword which turned into a blood dragon, there was a wail. The Dragon shadow collapsed, the blood light dissipated, and the Sha sword fell heavily to the ground

Thirty breaths, it's time to

Chapter 3493

The old man of the sword looks ecstatic. The three unique sword array is full of light, and the sky is full of determination. He cuts Ye Chen who is sitting on the ground!

And Zhan you, also face now sneer way: "ha ha, you think you can save this boy? However, it's just a funeral with him! Now, die with him

As soon as the voice falls, the whole body is smart and powerful, and then he will take the palm again, facing aunt Ming, Zhang Qiaoling and others!

Aunt Ming, Zhang Qiaoling, Zhang Chi and Gu Han are all very pale, with despair in their eyes!

If ye Chen is dead, it's not just the few of them. It's estimated that Gu Jia, Zhang Jia and Qian Lei Zong will be finished

Jin Shuhui stood in the same place, her eyes were dark, and her mind tended to collapse!

If she could blow herself up, she would have done it at all!

Unfortunately, she can't even blow herself up.

Aunt Ming tightly grasped the whip in her hand. Just now, in order to protect Zhang Qiaoling and others, she took Zhan you's hand in a hurry. Now she has been injured and has no confidence that she can take the next one!

If Zhan you really started, they would probably die!

At the same time, the three unique sword array is also on the top of Ye Chen's head!

At this critical moment, ye Chen opened his eyes.

That pair of indifferent eyes, flashed a lonely light.

He woke up after 30 breaths!

Jianlao and Zhan you, in the moment Ye Chen opened his eyes, were both heart beating!

However, soon, sword old that vicissitudes of life on the old face, then again emerged a trace of ferocious smile!

What's the use of waking up now?

Now ye Chen doesn't have the Sha sword in his hand. Even if he doesn't have the opportunity to prepare for it, he can still take over the three Jue sword array that he uses to burn his blood essence?

Think you can really change your life by sitting on the ground for thirty breaths?

Ye Chen looked at the three Jue sword array which was cut off and murmured: "so it is. Thanks to you, this three Jue sword array. Originally, I don't understand some places. Now, I have understood them."

"The blood moon butcher can be combined with the extinction light of the destroyer."

The inheritance of the Lord of destruction is not only the understanding of the God of destruction, but also the magic power!

One of them, the God of extinction, is one of the ways to frighten the sky derived from the destruction of Shinto!

But Ren's martial arts skill blood moon, butchers the day cuts the blood month, also is equal to the destruction!

Extinction? Blood moon butcher the sky?

All the people on the refining peak frowned slightly when they heard the words. What kind of magic power is this?

They've never heard of it?

However, in the eyes of the public, although Ye Chen did not give up, but spent these 30 breaths to understand what martial arts skills have been doomed to Ye Chen's defeat.

In their opinion, ye Chen, the best choice is to escape!

If ye Chen had let the spirit of the sword entangle him and run away, he might have a chance to survive

Ye Chen, however, chose to understand martial arts!

At this moment, ye Chen, let's go!

Two swords float up!

An evil sword! A falling dust dragon sword!

In a flash, the whole world, have emerged a inexplicable breath!

A kind of, frightening, shivering breath!

It's dark!

The blazing sun, gone!

Instead, a scarlet blood moon!

It seems that the evil of the moon has opened the door of hell!

On Ye Chen's fingertips, there is a scarlet light. In the light, there is a pure and twisted destruction rhyme!

"Senior Ren, your martial arts skills are very suitable for me, thank you."

Ye Chen's eyes, through the three Jue sword array, sent out a dazzling cold light, fell on the sword old body, lips light open, light spit out.

If you look carefully, you will find that ye Chen's pupil reflects the blood moon!

"With the intention of destruction, the blood moon slaughters the sky, cuts and falls."

In an instant, time, as if still!

As if there was a scarlet blood moon rising above Ye Chen's fingertips!

At the moment when the blood moon rose, the ferocious smile on Jian Lao's face suddenly dissipated and turned into an extremely frightened look!

How could that be possible!

In that blood month, he felt extremely dangerous!

At the moment, he had a cold hand in his throat!

In the blood moon, it is the breath that vanishes to the utmost. It contains the power to turn all things into nothingness and return to darkness!

But the breath is strong, but not enough! Master Jian knows that he still has a chance!

His breath rolled, the earth trembled, the sky appeared dark clouds, the blood moon even faintly to disappear.

Ye Chen's realm is still too low! Even if I understand such martial arts skills, plus the blessing of refining Shenfeng!

Feeling the blood moon shake, ye Chen pale: "or not enough?"

At this time, a sudden change appeared!

Ye Chen's back unexpectedly appeared another round of blood moon!

However, this blood moon is more huge than the round of Ye Chen's gathering!

In an instant, the dark clouds gathered by the old swordsman seemed to see something terrible, and completely dissipated!

And the old sword is also subjected to a strong bite!

Ye Chen looks strange.

It's impossible for him to gather the second blood moon now!

Also, this blood moon does not belong to him!

It's more like a senior Ren!

The next moment, ye Chen's eyes open!

Senior Ren is near here!

He's helping himself!!!

Ye Chen no longer thinks much about it. The blood moon shoots from ye Chen's fingertips!

At the moment of touching the blood moon, the sword light of the three Jue sword array had a burst of waves. It could not stop the blood moon at all, and was directly penetrated by it!

The old swordsman roared wildly. Despite his martial arts skills, he forced to disperse the three unique sword array. Once his body twisted, he was about to flee to one side!

At this critical juncture, another round of blood moon's meaning was rubbed on the old sword's shoulder

At the moment, Jian Lao's clothes have been wet by cold sweat. He gasps heavily and his mouth overflows with blood! However, on its face, it is the joy of the survivors! If he had not dodged just now, the blood moon, I'm afraid, had already penetrated his head, right?

He looked at his shoulder. At the moment, he opened a blood hole. However, the old sword laughed. Since he didn't hit the key, with his vitality, this wound was nothing.

The old swordsman turned his head and looked at Ye Chen and said, "boy, the blood moon is really terrible. You must be very disappointed now? I understand the martial arts skills against heaven, but only cause such a slight injury to me. I promise you, you have no chance to hit me again! "

Ye Chen slowly stood up, face incomparably calm, looking at the sword old way: "I didn't intend to hit you again."

"Well?" "Why, do you want to beg for mercy now? Late! Ye Chen, you must die

Ye Chen is indifferent way: "because, you have died."

"Double blood months, you don't have the right to live."

Chapter 3494

On hearing this, the old swordsman said with a wild laugh: "death? Ha ha ha ha ha ha, boy, you are forced into a desperate situation, and you start to act like a fool? How can this little wound kill me

But the next moment, sword old smile suddenly solidified, and then, collapse!

At this time, his face, where there is the slightest smile? Happy?

Only left do not understand, thick don't understand!

And the deep fear!

"No way! How can this happen? "

At the moment, he felt that his whole blood, channels and even the sea of knowledge were filled with destruction Shinto!

What are the consequences?

The old swordsman roared, crazy, and under the people's eyes, his skin, suddenly emerged a dark purple color, shocking!

Suddenly, a layer of scarlet flame broke out on the body surface of Jian Lao. In the flame, there was a strong and extremely destructive breath!

In the fire, the old swordsman uttered a shrill scream. In the next second, it turned into a wisp of fly ash and dissipated completely

The whole process, also less than a breath time

All people, are unable to help but swallow a mouthful of saliva, like looking at the monster, looking at Ye Chen!

This What kind of magic is this?

A blow, just a blow, or just a slight injury, and then killed a very strong one?

Not to mention, the master of the three unique sword array is a strong one even in xingxuan!

This is too terrible, too bad!

In people's minds, it seems that there are 100000 tons of nuclear bombs, which explode at the same time!

Just then, a cry came from a woman.

Following Zhan you's side, the beautiful Zhan's slave and maid, at this moment, is pear blossom with rain, and cries out in great fear: "young master! Don't leave me! Take me with you, young master

Zhan you, unexpectedly is in Ye Chen killed sword old moment, escaped, did not hesitate to escape!

At the moment, Zhan you, who is flying away in the void, looks extremely pale, and is almost frightened by Ye Chen!

This boy is ten million times as weird as a man eating devil!

Zhan you, has completely lost the courage to face Ye Chen!

And Zhang Qiaoling and others are totally stupid

Reversed

It's really reversed!

Even they thought Ye Chen was dead!

But ye Chen, it must be reversed!

Jin Shuhui looks at Ye Chen. Her eyes are full of tears. From hell to heaven, even with her heart, she almost faints.

Only Zhou Zixun was trembling. He was so scared that he almost fell to the ground and frothing at his mouth!

He didn't even have the courage to run away!

With his strength, even if he tries his best to avoid it, he may not be able to escape the blood moon, right?

And the appearance of sword old man's tragic death has been deeply engraved in his mind, so that he can't even move it!

All of a sudden, Zhou Zixun's knees were soft and he knelt down in front of Ye Chen!

This extremely heavy face and extremely overbearing jijianzong demon knelt down directly in front of so many talents in xingxuan domain!

He not only knelt down, but also kowtowed crazily, kowtowed to the ground, and begged Ye Chen for mercy: "Mr. Ye! I have no eyes. I was confused by Zhan you's shameless villain. I made a rude move to Mr. Ye. Please spare my life, please

Everyone's face changed slightly. Zhou Zixun, in order to survive, even Zhan's family dared to sell out?

Ye Chen's eyes narrowed and looked down at Zhou Zixun. With a little help, a black light fell into Zhou Zixun's body!

Zhou Zixun screamed. He curled up all over and kept rolling on the ground. He roared bitterly in his mouth!

A moment later, he calmed down, but his eyes were completely darkened and lay on the ground like a corpse.

Although Ye Chen didn't kill him, the destructive Shinto that penetrated into his body had completely destroyed his meridians and elixir fields. From then on, a generation of genius was reduced to a useless man!

Even the warrior can't do it!

If you can't practice martial arts, it's definitely a matter of countless times more painful than death!

Next, Zhou Zixun is waiting for endless revenge.

Revenge from the people he has insulted before!

Ye Chen went to Jin Shuhui's body. With a trace of apology in his eyes, he said with a smile: "sorry, I'm late."

At the next moment, he went into Jin Shuhui's body to destroy the Shinto. He immediately banned the Xuannu who was refining Shenfeng and tore it into pieces!

The destruction of Shinto is the nemesis of all prohibitions!

At the moment when the ban was lifted, Jin Shuhui hugged Ye Chen tightly, and tears gushed from her beautiful eyes!

To tell you the truth, when she was controlled by the refining peak, the first thing she thought of was Ye Chen. However, she also knew that even if Ye Chen came to foreign countries, he would never have the strength to fight against Lianshen peak and other evil spirits in Xingxuan region in a few months.

Unexpectedly, Ye Chen did it!

Not only did it, but even the protector of Jijian sect was killed!

He brought himself back from the abyss of despair.

When Jin Shuhui hugs her and sniffs at the delicate fragrance of her delicate body, even Ye Chen can't help but be moved.

Feeling Ye Chen's change, Jin Shuhui is puzzled at first, then blushes and immediately releases her arms.

Ye Chen's eyes coldly swept over all the evil spirits in the Xingxuan region, and said in a deep voice: "Anyone who still wants to participate in the marriage recruitment meeting can stand up."

All the monsters changed their faces when they heard the words!

Continue to attend the meeting?

Even Jian Lao died in Ye Chen's hands. Who dares to have an idea of Jin Shuhui?

No matter how good the spirit of heaven is, life is not important!

Those Xingxuan demons looked at Ye Chen and said, "Mr. Ye, we don't have any idea about the meeting. If you allow me, I will leave first."

"Mr. Ye, please allow me to leave."

"Mr. Ye, this marriage meeting is just a joke to me. Lianshenfeng is too shameless. I hope I can leave now."

Don't say to continue to participate in the meeting, they are eager to leave the refining peak immediately, the farther away from ye Chen, the better!

Ye Chen lightly waved his hand, and those xingxuan demons, as if granted amnesty, left the refining peak in a hurry.

Soon, only Zhang Qiaoling, aunt Ming and others, as well as Jin Shuhui and the trembling elders of Lianshen peak were left.

The elder looked at Ye Chen with horror in his eyes and said anxiously, "Ye and ye childe, this matter was planned by song Ziqing, the God master of Shenshen peak. We have tried to dissuade her, but it's useless Mr. Ye, this is really none of our business! "

Ye Chen takes a look at Jin Shuhui, and Jin Shuhui nods. At first, these elders did stop song Ziqing. However, with song Ziqing's insistence, no one will really fight against God for Jin Shuhui

Ye Chen looked at their eyes, but still said coldly: "as an elder, you don't protect the disciples, but connive at the God of refining peak to do such shameless things. This is what you call nothing to do with you?"

When the elders heard the words, their faces were pale, and they bowed their heads with shame. They were silent and speechless.

Ye Chen snorted coldly, waved his hand and said, "go away, you are not qualified to be the elder of refining Shenfeng."

Those few people smell speech, but it is a sigh of relief, ye Chen did not kill them, is the utmost benevolence and righteousness.

After several elders were expelled from the refining peak, Jin Shuhui said to Ye Chen, "Ye Chen, my master is still in the dungeon for opposing Song Ziqing's marriage recruitment meeting! Let's go and rescue the master now

However, Ye Chen shook his head: "I will leave for a while. If there is no elder, maybe I am dead!"

The next moment Ye Chen disappeared!

He wants to look for the senior who will come to a blood moon at the critical moment!

At the same time, above the void.

A man with blood on his pupils was carrying his hands behind him, looking down at the refining peak.

And standing beside him was an old man with some doubts in his eyes.

"Why did you do it?"

"Every time you take a shot, you may be found out by those guys!"

"And it will have some effect on your injury."

Old Ye complained.

Ren extraordinary at the moment is not concerned, showing a happy smile.

"I do it, I don't need a reason."

"This boy is really a surprise. Between life and death, he even improved the blood moon Tu Tian. I'm very happy."

"If he really practiced Jiuchong, maybe those people would be afraid."

"Now I understand why he gave up everything in his last life and reincarnated."

"This move is wonderful."

"This heavy blood month can not only save him, but also make him understand something. I have lost a little, but not lost."

Leaf old Mou son tiny MI, continue a way: "he came, do you want to see him really?"

Ren extraordinary hesitated for a few seconds, his eyes wavered, but he finally decided to say, "forget it, it's gone."

"If I meet him, he'll be watched by those guys."

"This game of chess has reached the most critical time. There can be no mistakes."

Chapter 3495

Ye Lao hears Ren extraordinary words and nods.

He never thought that ye Chen would come abroad so soon.

The situation outside the region is much more complicated than that in Shenzhou and Lingwu.

If many of the strongmen of the kingdom of God are the pieces of this ancient chess game, then the figures from the outside and the upper world are the top existence of this chess game.

If ye Chen faces these big guys too early, it's not a good thing.

"Ye Lao, let's go."

"Today I used a theory of blood moon. The old man in xingxuan domain must have found out."

"It's not good if you don't meet the old man."

Ye Lao hears Ren extraordinary's words, looks serious, nods seriously, and then, the void behind two people fluctuates!

A black whirlpool gradually engulfed them.

Ren extraordinary that indifferent and with the blood of the eyes of the moon, looking at a constantly rushed to the youth figure, as if thinking.

"Evil sword, sword soul, reincarnation graveyard, these are all good things."

"But I'm afraid that today's event will lead Ye Chen to a deeper place..."

He knows that today's affairs have both advantages and disadvantages for ye Chen.

At least some people in xingxuan domain dare not shoot Ye Chen again casually!

But what about Zhan's family?

He can't save Ye Chen all his life. Maybe the next robbery depends on Ye Chen alone.

In the face of this catastrophe, in addition to the xuanbei of Chinese reincarnation, ye Chen also needs an adventure.

Ren extraordinary eyes of blood month fast flow, as if can break something, the next moment, he showed a smile, two fingers together, even left a word in the foot.

The void vortex disappears completely.

Everything is calm.

And ye Chen also arrived at this time, he closed his eyes and slightly felt that he knew that Ren had left.

Ren's erratic personality naturally does not need his thanks.

But this kindness, he will remember.

However, ye Chen at the moment is a sense of familiarity.

This feeling seems to come from the blood.

It's more like the smell of grandfather who has not been in the Loess for a long time.

From Jiangcheng to here, all kinds of signs show that grandfather is probably still alive!

But since alive, why not appear?

What's more, why don't you agree with yourself?

Are you afraid of something?

Ye Chen shook his head helplessly, no longer want to, toward the refining peak.

The matter is not completely over, he vaguely feels that Lian Shenfeng has a bigger secret to wave to himself.

Let's go to the dungeon with Jin Shuhui.

Suddenly, ye Chen stopped!

What did he find!

An ancient and bloody word "Sha"!

Ye Chen knows that this is left by elder Ren!

But why did you leave this word?

What does it mean?

Evil? Is it evil sword?

His card, in addition to the mysterious reincarnation tomb, there is also a thing.

That's the evil sword!

The origin of Sha sword is mysterious. Only when the seal is untied, a small part of it has the power of imperial vessels!

If you untie all of them, are they the supreme source soldiers?

Or surpass the supreme source?

Ye Chen no longer thinks about it, but goes to the refining peak.

The answer, he believes, will soon be known.

.....

In the dark dungeon, there was a smell of damp and putrefaction. A plump looking woman was sitting in a cell with her hands and feet bound by chains engraved with red runes.

Her gentle face was full of fatigue and pain, and her white clothes were stained with many filth.

At this time, a clear female voice sounded in the dark: "master!"

The gentle woman's closed eyes suddenly open. Jin Shuhui, with tears in her eyes, stands in front of the prison door.

"Shuhui, are you ok?" said the woman? Song Ziqing finally found out his conscience and cancelled the meeting? "

This gentle woman, whose name is Lan Ying, is the master of Jin Shuhui and the five elders of refining peak.

At this time, Lan Ying noticed that behind Jin Shuhui, there was still a man with a slightly indifferent look.

She couldn't help but blink her eyes and asked, "are you?"

Ye Chen saluted: "master, in the next ye Chen, now, I will save the elder from here."

For the five elders, ye Chen is still quite respected.

Lan Ying shook her head and said, "this is the heaven prison of refining peak, which can not be broken easily. If you want to break the prohibition here, only the peak master who controls the rules of refining Shenfeng can do it."

In Lan Ying's opinion, although this young man gives her a special feeling, she is just a martial artist in the heaven God realm, and has no ability to break through the prison. When ye Chen hears the speech, he smiles and doesn't explain anything. At the next moment, his wrist turns over and a dark sword falls into his hand. On top of the evil sword, he swings his blood and cuts down at the prison door!

Originally, seeing ye Chen ready to make a move, Lan Ying just smiles with indifference. The young man is a little proud, which is not a bad thing.

But, all of a sudden, Lan Ying's face flashed a touch of shock color, her eyes tightly staring at the evil sword in Ye Chen's hand!

On the evil sword, the breath of destruction Shinto diffuses, and the sword flash away. All kinds of runes appear on the prison door, which seems to want to resist the damage of the sword. However, the countless mysterious runes containing powerful power are melted like snow in the spring under the touch of the sword of destruction!

The gate of the heaven prison of refining Shenfeng was broken by Ye Chen!

The existence of the heaven God realm can break the prison system of Lian Shenfeng. How many people in the whole xingxuan region will believe it?

Incredible to unimaginable!

However, it is strange that Lan Ying doesn't care about ye Chen's breaking the prison gate. Instead, she stares at the evil sword in Ye Chen's hand without blinking!

Both ye Chen and Jin Shuhui are puzzled. Lan Ying seems to care about this evil sword?

A moment later, Lan Ying seemed to notice her gaffe. She looked away from her eyes and saw the broken prison door. Finally, a look of horror appeared on her face

Anyone who sees the gate of Tianbao is chopped by a sword of the martial arts of the heaven God realm, will be horrified by it

The three left the dungeon and took their seats in the main hall of refining peak.

At this time, Jin Shuhui also told Lan Ying what happened at the meeting.

Lan Ying still looked at Ye Chen with disbelief and said, "you Did you really kill song Ziqing? "

Ye Chen nods a head way: "good."

After a long time, Lan Ying digested this fact. She said with a bitter smile: "it seems that the things in this world are really unclear. Song Ziqing never dreamed that he would eventually die in the hands of the descendant of Sha Jian?"

Lan Ying said this, but ye Chen was shocked this time!

Evil sword?

How did Lan Ying know the existence of Sha Jian?

All of a sudden, there was a flash of light in Ye Chen's mind!

Is

He looked at Lan Ying and said, "master, do you know this evil sword? Can you tell me more about it? "

Chapter 3496

Lan Ying said with a smile: "originally, this is my secret of refining Shenfeng. However, since you have saved Shuhui, there is nothing to tell you. Things should start from ten thousand years ago..."

It turns out that the founder of Lian Shenfeng was LAN Shaoyuan, and the gods of all ages were held by the LAN family.

Once upon a time, Lianshen peak was a very powerful force in the whole territory, and even in its heyday, it was expected to ascend to the heaven and human realm!

At that time, the refining peak, known as the first peak outside the territory, is far from comparable to the present peak

It is said that this sacred peak in the xingxuan region is just a stone on the real refining peak

Later, the peak of the outer world collapsed because of the crisis!

Even if they managed to retain some of the orthodoxy, they paid a very heavy price. From then on, the peak of refining God was reduced to a small force in xingxuan region

Refining peak is no longer glorious, and the blue family's position in refining peak has also declined.

At this time, there was a family named Song family in xingxuan domain. In the name of helping lianshenfeng get through the difficulties, the whole family joined lianshenfeng. In fact, it was in order to get the orthodoxy of lianshenfeng and even the whole clan power!

After that, the blue family was completely suppressed by the Song family. The gods of all ages were no longer surnamed LAN, but song!

However, although the Song family became the God of refining Shenfeng, after all, they were not the blood of the founder of LAN Shaoyuan, and some things only the blue family knew!

Among them, there is the secret about the rise of LAN Shaoyuan in those years!

Lan Ying's eyes flashed slightly and her complexion was somewhat complicated. She said: "at that time, everyone only knew that LAN Shaoyuan, my ancestor, was the founder of Lianshen peak. No one knew that he had another identity, which was the God of refining, one of the six evil spirits."

Ye Chen frowned and said, "six evil spirits? Refining? What is that? "

Lan Ying said: "in ancient times, there was an ancient existence with unknown origin outside the territory, which was called Sha God. This evil spirit was sealed by the powerful people outside the territory. However, when the evil spirit was sealed, six things called Sha ware were spread abroad.

Every piece of Sha ware is a mysterious treasure beyond the emperor's tools!

The warrior who has been recognized as the master of the six shams is called liushazhong. People take the names of the six Sha as their codes!

These six people are respectively, refining spirit Sha, Hua Ling Sha, Jue Ming Sha, extremely Yin Sha, chasing soul Sha, and Wu you sha.

All the six evil spirits gained powerful power when they got the Sha ware, and they all had a common goal, that is to liberate the sealed evil spirit! Only in this way can they gain more strength against the sky!

For this reason, the six evil spirits set off a bloodbath outside the whole territory. For a while, people from all over the country were pale at the mention of the six evil spirits! "

Lan Ying's hand flashed suddenly, and there was a broken sword. The style of the broken sword looked very similar to the evil sword Ye Chen had!

Moreover, even if it is broken, after countless years, the broken sword still exudes a strong evil spirit!

She sighed and said, "this broken sword is" refining God ". However, it was broken in that disaster. It is not only the refining peak, but also the situation of the six evil spirits. Now there are no perfect Sha weapons in foreign countries

Except for the evil sword in your hand

Lan Ying suddenly said excitedly, "it's said that the evil spirit practices not six, but seven, and the seventh is called soul swallowing! It's also the most powerful one! Ye Chen, the evil sword in your hand should be soul sucking? "

Ye Chen nods and doesn't hide it. Lan Ying's understanding of Sha Qi is far above herself, and concealment is meaningless.

Lan Ying said with a smile: "in this way, the Tiansha order can be used."

Ye Chen does not understand a way: "Tiansha order?"

Lan Ying takes out a token, the token is carved very simple, sending out a strange breath.

"Although all the six evil spirits have been destroyed, the six evil spirits made six Tiansha decrees. It is said that the evil spirit was sealed in a place named Juesha heaven, and this Tiansha order is the key to enter Juesha heaven!"

"When the ancestors of the blue family got the order of Tiansha, they didn't even have time to enter Juesha heaven. The mountain of refining God was nearly destroyed in the disaster, and the Sha ware was destroyed, so he gave up this thought. It seems that there is a certain number in the world. Ye Chen, if you want, you can take it."

Ye Chen is glad to hear the speech. If the seal on the Sha sword can be completely untied, its strength will be greatly improved!

On the one hand, it is because Ren's blood moon, on the other hand, it is because the six saints of heaven have gathered all the blessings of refining Shenfeng on themselves.

This kind of blessing does not exist in the kingdom of God and other places outside the territory! It is impossible for him to replicate today's war against the weather.

Upgrade the evil sword, in his face of foreign evil emperor and Xuanyuan Mo evil and other people are useful! Immediately took over the Tiansha order and said to Lan Ying, "thank you for your success."

Lan Ying smiles and looks at Jin Shuhui beside her kindly and says, "you saved the girl. I should thank you. Although Shuhui is only my disciple, I have no children in my life. She has been regarded as a daughter. Moreover, you are strong, which is good for Shuhui and refining Shenfeng, isn't it

Hearing this, Jin Shuhui blushed and said, "master!"

Obviously, Lan Ying tied Jin Shuhui and ye Chen together.

Just when ye Chen is ready to inquire about Juesha heaven in detail, the Tiansha order in his hand suddenly bursts out a burst of grey awn!

A deep, hoarse man's voice rang out from the order of Tiansha: "I am Jueming, one of the six evil spirits. After three days, it is the weakest time for Juesha heaven seal for thousands of years, and it is also the best opportunity for us to rescue the evil spirit!

I have been silent for thousands of years, waiting for this opportunity. Now, we should get together again to complete our mission! Please go to Xingxuan district and gather on Mingdao for a while

Hall, Ye Chen three people smell speech, are a Leng!

For a moment, Lan Ying and Jin Shuhui look at Ye Chen strangely

This Tiansha order, just handed over to Ye Chen, then spread such a message?

You know, the blue family in the hands of the time, but never a bit of movement ah!

Lan Ying said with a bitter smile: "It seems that this is really the will of God."

But Jin Shuhui showed her eyebrows and frowned slightly. She asked anxiously, "Ye Chen, are you going to Juming island? Is this a coincidence? It always feels a little weird. "

"And as you said, you only have 15 days to come to the foreign countries. You must go back in time for the war between Xuanyuan Moxie and Moxueming! Besides, aren't you going to the devil's land? "

It's really strange. After all, the six evil spirits have been destroyed. Why does Jueming want to enter Juesha heaven?

Fortunately, only half of the 15 days have passed.

There are seven days left.

It's just right.

Chapter 3497

Ye Chen pondered for a moment and asked Lan Ying, "master LAN, what is the connection between juming island and Juesha heaven? Is Jueming's identity reliable? "

Lan Ying said: "according to the information uploaded by our ancestors, the real entrance of Juesha heaven may not be in xingxuan domain, but be located in other places and guarded by the top forces of other domains. However, there are some places in other boundaries that can enter the places adjacent to Juesha heaven. Juming Island is one of them!

It is also the only place in the xingxuan region that can get close to Juesha heaven.

Only the six evil spirits can know this, so this Jue Ming's identity should be no problem! "

"As for the land of heaven and evil that you and Shu Hui said, it's not far from here. Maybe a few hours is enough."

When ye Chen heard the speech, his eyes flashed slightly, he stood up and said, "in this case, I'm going to visit juming island."

No matter what Jueming's idea is, if he wants to enter Juesha heaven and untie the seal of Sha sword, he will go to juming island.

As his weapon, Sha Jian is too important for him.

What's more, if he can resist Xuanyuan's evil seal!

Lan Ying handed the damaged Sha Sha to Ye Chen and said, "Ye Chen, take this broken sword with you and go to juming island. Don't expose the fact that you have" soul swallowing. "

"The most terrible thing for you is to guard your soul."

Ye Chen took Sha Jian and nodded: "I know."

After that, he left Lianshen peak, swept the map of xingxuan area and sped to juming island!

Juming island is located in the northwest of xingxuan region, a very remote sea area called gray sea. The sea area is connected with the land of demons.

Therefore, evil Qi, Yin Qi and Sha Qi converge.

This gray sea is not only short of martial arts resources, but also exudes a very pure evil spirit. Even those who are strong in the holy ancestral realm have been in this sea area for a long time, which has a great impact on the body and even the foundation of martial arts.

Therefore, the whole gray sea is inaccessible, and juming island is in the center of the gray sea. It is almost impossible for any warrior to come here.

.....

I don't know how long, a shadow wave.

Ye Chen stands in the air, in front of him is a sea filled with fog. Here, it is the gray sea.

The heterogeneous evil spirit in the gray sea is even more terrifying than the Juesha spirit in the holy land of the once extremely evil kingdom. However, for ye Chen, who has suffered a great deal of absolute evil spirit, this kind of evil spirit is nothing.

It's really a very suitable place for the six evil spirits to gather together. After all, a martial artist who can become a descendant of the six evil spirits must have a strong resistance to the evil spirit. Otherwise, I'm afraid that even the disabled weapons can't be possessed.

Even if placed in the storage bag, over time, it will also have a great impact on the body of the warrior.

At the next moment, ye Chen moved and entered the gray sea, heading for juming island.

The gray sea is not so vast. With Ye Chen's current escape speed, he soon saw an island in the gray sea, emitting a light white light. Here is Juming Island.

After falling down on Juming Island, Ye Chen looks around. Juming Island is deserted, with few plants. The only feature is that there are some natural ores with white light all over the island.

At the moment of Ye Chen landing, several figures flash, and they appear in front of Ye Chen. Ye Chen's expression moves slightly. Looking at these people, he can't help but shrink his pupils!

Standing in front of him were two men and one woman. All of them looked very young. They were in their twenties. All of them were pale. This is the characteristic of people who have been in contact with evil spirits all the year round.

However, this is not Ye Chen's surprise. What attracts his attention is the strength of the three!

These three descendants of Liusha are so young that none of them is lower than the sixth heaven of the holy ancestral realm!

In particular, the head of the man was dressed in black, curly hair, dark eyes, high bridge of the nose, some gloomy look.

The man in black, though he is also the seventh heaven, is the acme of the seventh heaven. He is a strong man who can step into the eighth heaven of the holy ancestral realm only half a step away!

It is true that extraterritoriality cannot be compared with the kingdom of God.

There are few holy ancestral places in the kingdom of God, even under the moon ring vision.

There is a reason for that.

Some of the kingdom of God have just entered the holy ancestral realm, and they will find ways to fly abroad and seek greater opportunities.

Like Xuanyuan Mo Xie and Mo Xueming, those who strive to enter a higher level and then enter the foreign countries are big losers!

Those who want to be kings in foreign countries should not be ordinary people!

The other young man, who is tall and thin, has thin lips and a corner of his eyes, and the beautiful woman with red light in her eyes are the seven layers of heaven in the holy ancestral realm.

All of them are strange people.

Because ye Chen's breath is too weak

Although Ye Chen absorbed a lot of energy in the battle of refining God peak, he realized martial arts and made great progress in his cultivation. However, he was only close to the second layer of heaven and God realm, far from breaking through the holy ancestral realm. Could a god realm exist, could he enter the gray sea, or was he the descendant of six evil spirits? The tall and thin man and the pretty woman looked at each other. On their faces, there was a trace of solemnity and strangeness. Their eyes towards Ye Chen suddenly cooled down.

On the contrary, he was the most powerful black robed man in the middle. His face did not show any color. He said with a smile, "Hello, I am the soul of one of the six evil spirits."

He pointed to the men and women beside him and said, "this fairy is a very Yin descendant, while the brother next to her is a spirit. We all match each other in the name of six evil spirits."

After saying that, chasing soul's eyes slightly flashed to Ye Chen and said: "this childe, excuse me, which of the six evil spirits are you a descendant of?"

After chasing the soul, the tall and thin man turned to spirit and said with a sneer: "the descendant of six evil spirits? Brother zhuipu, this boy may just be able to resist evil spirit. He just happened to enter

juming island. A boy in the heaven God state deserves to be one of the six evil spirits followers with us?
This is an insult to the name of six evil spirits

The red light in extremely Yin Mou is full, also coldly way: "I also think so, since this boy discovered my existence, in order to be on the safe side, let him disappear from the world."

Extremely Yin this speech, the atmosphere between the four people, for a time heavy, Yin cold up!

Ye Chen's expression light ground swept three people one eye, open a way: "I am refining God."

After hearing the words, the three men were silent. Suddenly, the soul chasing hand turned over and a remnant weapon with a strong evil spirit appeared in his hand. He gazed at Ye Chen and said, "master refining God, can you take out the Sha Qi you inherited?"

After that, he took a look at Jiyin and Hualing, and both of them took out their residual utensils.

Ye Chen and chasing soul look at each other. On the surface, although he is quite polite, but if ye Chen really can't prove his identity, I'm afraid the first one to start is him.

However, ye Chen didn't mean to have a conflict with several people now. He moved his wrist and took out the artifact that Lan Ying gave him.

Looking at the remnant in Ye Chen's hand, they are all slightly stunned. Obviously, they didn't expect that the power of refining spirit and transmitting people should be so unbearable

Chapter 3498

Normally speaking, inheriting the blood of their ancestors, the descendants of Liusha are extremely friendly to the evil spirit. They can even improve their cultivation with the help of Sha Qi. When they have the Sha sword and the residual weapons, the speed of their strength improvement is far from that of ordinary martial arts!

It's just that after reaching a certain level, the speed of practice will slow down.

However, Lan Ying's constitution is not as strong as her ancestor LAN Shaoyuan. Although she has a certain resistance to evil spirit, she can't improve her speed of practice with the help of Sha Qi.

Chasing soul ha ha ha with a smile: "it seems that we have misunderstood, brother refining God, please forgive me, after all, this matter is not trivial, if we expose the identity of six evil spirits, it will cause unimaginable disaster!"

Ye Chen didn't say much about it. He turned the spirit, chased the soul, and extremely Yin three evil spirits all appeared in juming Island, which made it a little unexpected. After all, what they had in their hands was only residual tools. Even if the seal of the evil spirit was really untied, whether or not the Sha ware could be restored was unknown.

Of course, he did not think that several people came to juming island just for the so-called sense of mission.

There is also a point, called six evil Jue Ming, unexpectedly not in?

Looking at Ye Chen's look, he chased his soul and said with a smile: "since brother Lianshen has also come to juming Island, I think you should have known that matter already?"

"That thing?"

Hua Ling snorted coldly and looked at Ye Chen and said, "boy, since you have come to juming Island, what else do you want to install? Don't we all come here for the evil spirit? "

Evil spirit? Ye Chen on the surface of silence, but the heart is increasingly confused.

Chasing the soul said: "this is no secret. Even if brother Lianshen doesn't know, he will find out after entering Juesha heaven.

The main purpose of our coming to Juming island this time is to enter Juesha heaven and absorb the spirit of Tiansha.

As for breaking the seal of the evil spirit, we have no idea.

It is said that a kind of Tiansha Qi can be produced in the body of the evil spirit, and in this Juesha heaven, because the war that sealed the evil spirit was full of Tiansha Qi.

The spirit of Tiansha is very poisonous to ordinary martial arts. However, our constitution is special. For us, it is a great tonic

With that, he said with a smile to Ye Chen: "however, even with our physique, we can't absorb too much of the Tiansha Qi. The Tiansha Qi in Juesha sky is enough for us to absorb each other. Brother Liangshen doesn't have to worry about snatching each other for the sake of the spirit of Tiansha."

Ye Chen nods secretly, so it seems that Lan Ying should also know about it. The reason why she didn't say it was that she wanted to give the chance to herself. On the other hand, because Lan Ying's constitution had degenerated, she might not be able to absorb the evil spirit.

But Hualing said: "boy, I advise you to go back quickly. With your qualification, you still want to absorb the spirit of the evil spirit? After entering Juesha day, it is a question whether you can bear the evil spirit of heaven? By the way, will you hand over the remnant in your hand? You are not entitled to inherit the name of Liusha! "

Ye Chen hears the speech and looks at Hualing without expression. He doesn't want to conflict with Liusha for the time being. He just wants to use their power to enter Juesha heaven. However, if Hualing wants to die, he will not bear it.

Ye Chen has never been a person who likes to endure.

For a time, the whole Juming island seems to have entered the ice age, so cold that even the blood would freeze for it!

The fierce color in Hualing's eyes flashed, and he said in a deep voice, "boy, did I ask you to hand over the remnant? Do you really think you can be proud if you inherit the name of Liusha? If the ancestors of your family had known what you looked like, I'm afraid that they would have given the remnant to someone else

Ye Chenmu in a flash of cold light, killing all over the body, instant burst out!

Turning spirit and extreme Yin, their looks changed in an instant. At the moment, their eyes, ye Chen's figure, seems to have disappeared. Instead, there are as high as tens of thousands of frightening corpse mountain, and a boundless sea of blood that can't be seen at all!

Even the most powerful chasing soul is a stiff body, tight muscles, the light color on the face, gone, extremely vigilant looking at Ye Chen!

The forehead of Hualing has been covered with cold sweat, and their constitution is extremely sensitive to evil spirit. Therefore, these descendants of the six evil spirits know more clearly how many powerful creatures Ye Chen killed in order to condense such evil spirit!

How could this happen?

The pupil of Hualing is shaking wildly. His scalp is going to burst!

Why can a boy in the heaven God realm condense such a terrible evil spirit?

At this time, ye Chen flipped his wrist, and a bloody long sword fell into his hand. The long sword came from the old storage bag of the sword. Although it was not comparable to the evil sword, it was also an imperial weapon with amazing power!

On the long sword, the bloody awn erupts, the breath of destruction blows and blows open. A supreme sword awn suddenly appears on juming island. At the moment of the sword emerging, the gray sea is tumbling. On the whole juming Island, countless rocks are broken in an instant. Just for the prestige, it is necessary to crush the juming island! Ye Chen, unexpectedly is two words not to say directly then hand!

In the face of this sword, how can Hualing despise ye Chen?

This sword, let him feel the extremely strong breath of life and death!

This seemingly strange heaven and God realm has the power to kill itself with a sword?

Hualing is going crazy!

Scared crazy!

However, he was one of the six evil spirits successors. He was better than the martial arts of the same rank in terms of combat talent and strength. In a flash, a ebony sword with dead breath appeared in his hands.

With a low roar, he burst out a surge of pure gray and black evil spirit. The long whale sucked water and poured it into the ebony sword. On the ebony sword, a strange wave was suddenly released. A dark breath rose from the sky. Behind the transformation, a green ghost appeared, with a green face and fangs. It was extremely ferocious!

In Hualing's eyes, a burst of green awn erupted, and he roared: "the six evil spirits are wonderful. Turn the spirit over the sky. Open it to me!"

The ghost, as if to tear the ghost into the body!

For a time, the spirit of the whole body sent out bursts of ghost gas, as if it had lost its vitality, but its whole body breath was crazy expansion!

Hualing's flesh and blood instantly faded down. Long black nails grew on his hands, and his eyes were sunken. His appearance became extremely strange and terrifying. He was just like a ghost King climbing out of the underworld!

Ye Chen sees the shape, the vision is tiny twinkle!

Chapter 3499

Liusha Qijue is a kind of supernatural power cultivated by the descendants of Liusha with six pieces of residual tools according to the inheritance of their ancestors!

You should know that every piece of Sha ware was once a magic weapon containing the supreme rhyme. It is conceivable how powerful the supernatural powers are!

It can even be compared with the original technique!

The six evil spirits mastered by this pulse of Hualing are called Hualing covering the sky!

This spirit covers the sky, can absorb the power of the ghost and incarnate itself into the spirit of ghosts and gods!

In ancient times, hualingsha, one of the six evil spirits, used to cover the sky with the help of Sha tools. With the help of 100000 spirits and ghosts, they incarnated to destroy the world's ghosts and gods. By doing everything, they could cover the sky!

Although today, the spirit changing Sha ware has been destroyed, and it is impossible to reproduce the power of spirit transforming and covering the sky in those days, this magic power still can't be underestimated!

At this moment, the spirit of transformation is magnificent!

With a roar of Hualing, Yin Qi broke out all over juming Island, which was covered with a layer of frost!

Turbulent Yin Qi will freeze the air!

The ebony sword in his hand, the green light flashed wildly. On the blessing of Yin Qi, it actually sent out extremely terrible waves!

"It's very dark."

Hua Lingli drinks, the ebony sword, suddenly send out wisps of black, the next moment, a black lightning, from the sword suddenly rise, thunder, lightning flash, almost the whole world, dyed a layer of black, juming Island those emitting glimmer of ore, instantly dim!

This sword is extremely powerful!

Even chasing the soul and extreme Yin, are slightly changed, the strength of the spirit than expected a few points!

At the next moment, there was a big bang. The black lightning and the icy sword cut by Ye Chen collided with each other!

The two terrifying energies are pounding each other. The whole gray sea is shaking violently. The void around juming island is frantically broken. Together with juming Island, they are all like flour piles, as if they are about to dissipate in the gale!

Chasing soul and extreme Yin look at each other, and rush to move, the afterwave Town, in order to avoid the collapse of the whole juming island!

Finally, the cold sword and the black lightning disappeared together. The strike seemed to be even!

But!

In fact, it was Hualing who failed!

At the moment, his pale and ferocious face was full of shock color. He opened his mouth and vomited out the fragments of his internal organs!

Even though Hualing has played his biggest card, he is still under Ye Chen's sword and is seriously injured and his internal organs are shattered!

If not for the moment, he is in the state of half man and half ghost, and is very little affected by the injury. This sword is enough to make him lose his fighting power!

Hualing looks at Ye Chen's face and gradually turns into panic

Isn't your ghost state invincible?

How can you be defeated by the boy in the divine realm?

What's more, the boy, even the six evil spirits, did not display, so he had such terrible power?

What kind of rubbish is this?

More than the devil!

Ye Chen looks at the sword in his hand with a slight frown. Although the grade of the sword is not low, it is not good for you. If you use the Sha sword, ye Chen is confident that one sword will defeat Hualing!

However, this is just a matter of a few more swords. Hualing, one of the six evil spirits, is not weak in strength. However, compared with those who are strong in refining Shenfeng, there is still a certain gap.

After that war, ye Chen not only mastered the light of extinction, but also stabilized the killing of blood moon and Tu Tian, but also had strong self-confidence!

Ye Chen slowly raised the long sword in his hand, and he was about to hand it again!

.....

At the same time, in the deep sea thousands of miles below Juming Island, a young man with gray hair and gray eyes and a gloomy look was facing him with a pleading color. A figure surrounded by black gas said, "master, I have called the descendants of six evil spirits here according to what you said. With the help of several of them and the order of Tiansha, it should be enough to break the seal and enter Isn't it?

Didn't you promise me to let me go as long as I've done this? "

On a closer look, the young man's body is entangled with all kinds of black gas, like a chain general tightly bound him, can not break free!

And listen to his words, this person is that Jueming!

The dark figure said with a smile: "originally, I was going to let you go, but you even want to run away? This is a betrayal of my trust. I have to give you a little punishment. "

Jue Ming's face was ugly all of a sudden!

Escape?

If the shadow did not mean to let himself go, would he still need to escape?

He suddenly regretted so much!

If he had not entered the place, what would have happened?

A few months ago, Jueming once entered a secret place and got a ring. At first, he thought that the ring was a treasure, but it was in the sealed state. For several months, he tried his best to break the seal! But after cracking the seal, he found that there was a remnant soul sealed in it!

This remnant soul, not only has a mysterious origin, seems to have existed since ancient times, but also recognized his identity as a descendant of six evil spirits at a glance!

This, of course, made Jueming frightening. Immediately, he planned to discard the ring and get rid of the ghost.

However, the other side actually did not know how to swallow his hands of Jue Ming remnant tools. In an instant, he had incomparable strength against heaven and forced himself to suppress himself!

At the same time, he also told Jue Ming about Juesha Tian's seal, which was about to become extremely weak. Under coercion and inducement, he asked Jueming to summon the descendants of six evil spirits to Juming island!

Although Jueming doesn't know what kind of abacus this guy has, he knows that the old monster has no good intentions!

So, by every means, to get rid of him, but ultimately failed

At this time, the dark figure said with a smile: "it seems that there is a battle on the island. If the dead are dead, it will have an impact on our plan. Jueming, you have been fooling around for such a long time, I will not care about you. But now, you should also come forward and take charge of the overall situation."

.....

The screen rotates.

The destruction of the sword was like a meteor. The spirit was biting his teeth, and the Qi was stirring. On the ebony sword, the dark and lightning were swirling. Every time he met Ye Chen's sword, the panic in his eyes became more intense!

After three swords, Hualing no longer had the strength to stand and knelt on the ground. Even the magic spirit could not cover the sky. The green figure, with a cry of sorrow, was reintegrated into the ebony sword.

He regained his human form and knelt on his knees. Looking at Ye Chen walking towards him step by step, he felt as if he had seen the God of death. His whole body was shaking!

His eyes were black and dizzy, not only because of the impact of the injury, but also because of the cracks in his soul transforming heart. This proud descendant of the six evils experienced the feeling of despair for the first time in his life!

Chapter 3500

At the moment, what dignity, what the name of the six evil spirits descendant, have been put behind by hualingtong, he only wants to live!

Hualing, with a low figure, rushed to Ye Chen's feet, tightly hugged Ye Chen's legs, and begged humbly: "master Shenshen, give me a chance. I know I'm wrong. As long as you give me a chance, from now on, I will be your dog, the most loyal dog!"

Ye Chen looked down upon Hualing indifferently and said coldly, "if you keep a dog, I won't raise waste."

After saying that, we should take up the sword and cut off the head of Hualing!

But at this time, a dark light flashed, and a man suddenly appeared in front of Ye Chen. The man said in a hurry: "this brother, we are both descendants of six evil spirits. If we want to enter Juesha heaven, we need to gather the strength of all people, and please leave people under the sword!"

Ye Chen hears speech, eyebrow a frown, the sword in the hand, did not fall.

It's because he doesn't need to let the people down

At present, Wu you sha hasn't appeared. If you don't have Hualing Sha now, maybe it will affect the seal cracking.

It has to be said that although Ye Chen's fighting power is against the weather, he may not be able to crack the seal by one person.

Ye Chen snorted coldly, and kicked away Hualing way: "this is the first time I let you go, and it's also the last time."

However, Hualing is like being pardoned and nodding like garlic. How dare you be disrespectful and offensive to Ye Chen?

Ye Chen took up his sword and looked at the man who appeared in front of him. He had gray hair and grey eyes, and his expression was slightly gloomy. His eyes narrowed slightly and said, "are you Jue Ming?"

That deep, hoarse voice, ye Chen is very familiar with.

Jue Ming nodded: "good."

This person is the Jueming who has not appeared for a long time!

At this time, a man's voice sounded behind Jueming: "brother Jueming, you call me to come here, how can you finally appear?"

Jue Ming turned his head and looked at the soul. He said with a smile, "brother Zhui, I haven't seen you for a long time. As you know, the gray sea is close to the land of demons. Occasionally, some special demons will mix into it, causing me a little trouble, so I'm late. Sorry. "

Several people heard the speech, nodded, but did not have too much doubt, because, at this time Jueming, body with a strong Yin Qi, evil Qi, this is the most common performance to meet the devil.

However, ye Chen is slightly frown.

Jueming's strength is not weak, not weak at all!

He is also an existence that is about to step into the eight layers of heaven. Even, he gives Ye Chen the feeling that he is better than chasing his soul.

Will such a strong man be delayed by the demons?

Although the gray sea is the most dangerous place in xingxuan region, the biggest threat is the exotic evil spirit among them. As for the demons, they are rare. It is rare that such a strong person can be in trouble!

Is it the lost demon emperor?

Just so coincidentally, was Jueming met?

What's more, the Jue Ming God somehow gives Ye Chen a very uncomfortable feeling.

After introducing each other, they found places to practice on jueming island. One day later, jueshaitian's seal was the weakest. Hualing was so far away from ye Chen that he didn't dare to lift his head and tried to heal his wounds.

Ye Chen is not too much healing, Mou son see to leave this not far from the direction of the devil.

Where on earth has the demon emperor disappeared for so long?

What's the connection with this?

.....

One day later.

Jue Ming opened his eyes, and a complex color flashed through his gray eyes. He slowly stood up and said to the crowd, "gentlemen, it seems that wuyousha, one of the six evils, can't make it. It's almost time. I'll start now."

Ye Chen glanced at Jueming and suddenly said, "brother Jueming, I'd like to ask, how do you know about the weakening of Juesha heaven seal?"

When they heard the speech, they also looked at Jue Ming.

You know, although the strength of a few people is not weak, they are still far behind their ancestors in those years. With their strength, if the seal of Juesha day is not weakened, they will never enter.

Jue Ming heard the speech, his eyes flickered slightly, and he was silent for a moment. Then he said, "I have been studying the seal of Juesha heaven for generations. This time has already been deduced by my elders."

Ye Chen looks at Jue Ming without expression. Has it been deduced for a long time?

In that case, in order to enter Juesha day this time, people of Liusha biography should have contacted each other and prepared for it. However, Jueming sent a message a few days ago, which seemed to be a temporary intention, which was full of contradictions.

After all, no matter how he can save the spirit of the heaven, no matter how deep the spirit of the evil spirit can be recovered, it is impossible for him to recover the spirit of the heaven?The most important thing is that now he has ten great talents to help him in the samsara cemetery. Let alone face Jueming, who has not yet completely stepped into the eight levels of heaven, even in the face of the rest of the six evil spirits, he has a chance to fight!

After understanding the light of extinction, even if the sword soul is still sleeping, ye Chen's fighting skills, if used properly, are almost invincible at the level of the holy ancestral realm!

Just as everyone was ready to make a breakthrough on Juming Island, all of a sudden, the fog on the gray sea rippled and a bloody escape light fell on the Juming island in an instant.

The people's faces coagulated, looking at the blood light, all body spirit power, faint circulation, ready to hand at any time!

As soon as the blood was scattered, a woman's figure appeared and fell in front of everyone.

The six evil spirits spread people, see this woman wearing a black skirt, are unable to help but slightly stunned

This woman's face is beautiful!

Originally, the extremely Yin, which looks quite good, is the difference between human and chimpanzee!

But, this woman's pretty face, some strange pale.

Among them, the most shocking look is Ye Chen!

His eyes were fixed on the woman's face, his eyes wavering slightly.

The reason why Ye Chen is shocked is not because of the beauty of the woman, but because he knows the woman!

This girl, astonished, is exactly the same year, when he first entered the Lingwu continent, he met elder martial sister Zining at the same time, and met a blood girl in the immortal contest. Wu you!

now, as like as two peas, the name of the name is nothing like the six.

At that time, Wuyou should have joined the blood god sect. However, when ye Chen was in the divine Kingdom, he did not hear the news of Wu you at all. As a result, he did not see the alien woman who had met with each other when he was promoted to the immortal Dabi.

Originally, ye Chen didn't care. After all, even if Wuyou is the ultimate evil spirit in the blood clan, not everyone has the speed of cultivation like himself. If the evil spirit and ye Chen are compared, they will be ordinary people among ordinary people.

But now it seems that things are not as simple as he imagined!

It seems that Wu you has another adventure. I don't know how she came to this country. At the same time, her cultivation is even more strange!

And the whole body breath, like the abyss general, thick, deep coagulation, in fact, seems to be on the absolute hell!
