

Physician 3501

Chapter 3501

Wu you took a small nose, suddenly beautiful eyes a bright, toward the direction of Ye Chen, a pair of expression to see food.

Ye Chen's blood, has the infinite attraction to the blood clan!

However, when Wu you found out who was the owner of the delicious flavor, his face changed slightly!

Obviously, she did not expect to meet Ye Chen here!

From Lingwu mainland, it is very difficult to fly to foreign countries in such a short period of time. Since ancient times, few people have been able to achieve this goal. Who would have thought that they would meet the opponents who had been promoted to immortality in foreign countries?

Ye Chen looks at Wu You's move and smiles. This blood clan woman is still the same as at the beginning, and wants to eat his own appearance.

However, both of them were tacitly not punctured.

Jueming said, "who are you, fairy? How can it appear on juming island? "

Wu you looked to Jue Ming, instantly restored the incomparable cool look, light way: "Wu you."

After that, the plain hand turned over, and a remnant with a strong evil spirit appeared in the hand.

Spirit, soul, and other people see the situation, are a joy!

This last moment, Wu you even appeared?

In this way, they will have a greater chance to enter Juesha heaven. When they think of the evil spirit that day, everyone's eyes are full of fire!

Jue Ming took a deep breath: "since the descendants of the six evil spirits gather here, then, it should not be too late. Let's start now."

After that, he suddenly had a snake shaped spear in his hand. It seemed that there was a snake shaped spear in his hand. It seemed that there was a snake like snake on it, which was full of venom!

With a flash of light in Jue Ming's eyes, he aimed at a certain direction. He quickly took a hand, spear pierced, python writhed, and the breath of absolute cold diffused and opened. The snake spear passed by, and the void was broken, which opened a space crack in an instant!

Everyone's body moves, then one after another did not enter that space crack!

After a while, everyone came to a golden desert!

On the blue sky, there are no clouds, but, what's terrible is that there are nineteen suns hanging in the blue sky!

All the 19 Suns are blazing and dazzling. The whole desert, immersed in the sunshine, seems to be burning up!

The temperature here! The heat is beyond description!

If ordinary people come here, I'm afraid it will melt in an instant?

However, for ye Chen and others, such a high temperature is nothing, at most, a little more sweat.

Hualing and Zhuoluo, etc., looked around for a while, and all of them showed a trace of joy.

This desert is exactly the same as that described by liushazhong. It is named Lieyang desert by liushazhong. It is a place adjacent to Juesha heaven!

After coming to the burning sun desert, Jue Ming took out the Tiansha order without expression. The Tiansha order is not only the key to open Juesha heaven, but also the compass to search for Juesha heaven!

Jueming said to the crowd, "everyone takes out the Tiansha order, and then moves in the hot sun desert. If the Tiansha order gives a response, there is the position where you can enter the Juesha heaven!"

When they heard this, they took out the order of Tiansha one after another, and then they left separately and fled in the hot sun desert.

Ye Chen looks at the direction of Wu You's departure, his eyes flash and goes in the same direction.

Soon, nearby, only Ye Chen and Wu you were left.

Wu you stopped, turned around, a pair of blood pupil, coldly looking at Ye Chen, pale face, no expression, it seems, the face is still some ugly.

Ye Chen sees form, slightly frown, this Wu you misunderstand what he wants to do to her, how can this kind of look?

Ye Chen only wants to remind Wu you to be careful of Jueming. They are also from Lingwu land. They once knew each other. Compared with other descendants of Liusha, ye Chen is somehow closer to Wuyou.

Of course, if Wu you doesn't appreciate it, ye Chen naturally won't say anything more.

But at this time, ye Chen in front of the girl, actually is a face heavy, the whole body blood evil spirit, suddenly erupts!

Ye Chen pupil shrinks, is ready to hand, but the next moment, but Leng in place.

I saw, in front of the blood girl, actually is a mouth, big mouth spit up blood!

Its complexion, more and more pale, actually is a delicate body a soft, directly collapsed in the desert.

Ye Chen's body moves, holding the fallen Wu you, looking at the faint woman in his arms foolishly.

What's going on?

At the moment, Wu you is in a state of heatstroke. But, which warrior in the holy ancestral realm can not shake the earth and even destroy the existence of a world by doing everything?

Unexpectedly, will heatstroke?

All of a sudden, ye Chen had a flash in his mind. He raised his head and looked into the sky. The blazing sun showed a sudden color on his face.

Blood clan is born afraid of sunlight, the general blood clan by the ordinary sunlight, will be instantly seriously injured, and even turned into ashes, let alone 19 suns? Although Wuyou has a special constitution and is a unique day Walker among the blood clan, under the irradiation of the 19 suns, the body still can't bear it.

Ye Chen couldn't help smiling bitterly and asked Wu you, "are you ok?"

Wu You gasped and whispered: "blood, give me blood..."

Blood?

Ye Chen slightly frowned, hesitated for a while, or the golden light in his hand, cut his finger, a drop of blood, along the fingertip, dropped in the tiny open vermilion of Wu you.

This drop of blood, fell into the mouth of the moment, Wu you closed eyes, instant open, blood pupil in the light!

At that moment, even the strong blood dissipated!

Seeing this scene, even ye Chen is a little silly

He knows that his blood is the most precious, a drop, can be against the best healing pills, but how to get here, it is just like a stimulant?

At the moment, Wu you, pretty face slightly red, full of blurred color, she tightly hugs Ye Chen's arm, a pair of beautiful eyes staring at Ye Chen eagerly, as if to say: "I want, I want to..."

This

Ye Chen's look, a burst of embarrassment, this words put in China, that is too ambiguous.

What's more, he heard that blood clan has extraordinary talent in both men and women

But soon, Wu You calmed down. She looked at Ye Chen with some confusion. Then, she screamed and immediately released Ye Chen's arm.

For a moment, both of them were silent.

After a while, Wu you took the lead and said, "thank you just now..."

After that, he didn't forget to lick his lips, revealing a pair of unfinished color.

Ye Chen dry cough a way: "nothing, you are OK?"

Wu you said with a smile, "your blood is very special. I have nothing to do with it."

Ye Chen nodded his head and said, "that's good. I just want to remind you to be careful of Jueming."

Wu you smell speech, look a Lin way: "you also feel, that Jue Ming taste some strange."

Chapter 3502

Taste?

It seems that the blood clan, by virtue of their sense of smell, can sense certain ordinary people can not sense the breath.

Since Wu you also feel something, it seems that there is something wrong with Jueming!

At this time, in the order of Tiansha, the voice of pursuing soul suddenly rang out: "everybody come to me, I found the entrance of Juesha day!"

Two people look at each other, body movement, then toward the pursuit of the soul of the place.

Soon, the descendants of the six evil spirits gathered in front of the soul chasing body. At this time, they all sent out bursts of gray light!

Jueming looked at some space and said in a deep voice, "gentlemen, the seal of Juesha heaven is extremely powerful, which can never be entered by ordinary means. Even now, the power of this seal should have been greatly weakened. I am waiting for my hand, and I must exert all my strength."

People nodded. At the next moment, their spiritual power surged wildly and poured into the Tiansha order in their hands. On that day, the evil spirit was suddenly released and infinite evil spirit rolled out. It turned into a dragon of six evil spirits and rushed towards a certain space!

That evil spirit dragon all over the body, broke out the powerful space power!

In addition, these six Qi dragons form a kind of formation, and the runes flash. This formation should be aimed at the seal of Juesha heaven.

There was a big bang. Under the impact of six air dragons, there was only a tiny gap left in that space!

People see this, is can't help but pupil a shrink!

This is the five strong people in the middle and later period of the holy ancestral realm. Although Ye Chen's cultivation is in the heaven God realm, the strength of Ye Chen is even higher than the demons in the six layers of the heaven God realm. Moreover, they still use the order of the evil spirit to attack!

But just, left such a small crack?

This is too terrible, isn't it?

However, the pursuit of soul and others, the face or revealed a touch of joy!

They know that the seal of Juesha day is really weak!

Otherwise, according to the information left by the six evil spirits at that time, with their strength, they will never be able to shake the space barrier of Juesha heaven!

Immediately, several people control the dragon of evil spirit and bombard that space node crazily!

After an hour, finally, in front of the public, tore open a space crack!

The six evil spirits legend people looked at each other. On the surface, they all appeared the color of ecstasy, extreme Yin and spirit transformation. They could not wait for their bodies to move and then entered the cracks.

Ye Chen glanced at the corner of his eyes, but his expression moved. At this time, Jue Ming's face did not have the slightest joy, on the contrary, flashed a strong uneasiness!

Yeah?

Ye Chen, confused

And why?

If Jueming really has any plan to do harm to the six evil spirits, why, at the moment, he will be so upset?

Ye Chen body shape a meal, did not immediately enter the crack, but, followed in Jue Ming behind.

It was a whirl of heaven and earth again. When they opened their eyes again, they saw that the place where they entered their eyes was a desolate and broken place!

Everywhere, is the dark abyss, the dark red sky, is full of cracks, void storm, sweeping the world, the whole world, there is no vitality!

The six evil spirits pass on people, at this moment, they are facing incomparably shocking look, in their induction, the power of Juesha heaven's law is not weak at all! Are they comparable to foreign countries?

Can, but be destroyed into the present appearance?

After all, what a terrible force to do all this!

It is conceivable that the battle to kill the evil spirit was so fierce!

However, people's attention soon turned to a huge tower standing in Juesha sky. The tower was black and blue, covered with mottled rust on its surface. However, the descendants of the six evil spirits, looking at the huge tower, were shocked!

This huge tower, just into their sight, people's knowledge of the sea, will have a sense of suppression for it!

Ye Chen's eyes twinkle, there should be the suppression of the spirit of evil spirit!

However, the crowd soon moved their eyes away from the tower and concentrated on the gray light and fog floating in the absolute evil sky!

The eyes of the descendants of six evil spirits are all bright!

That light and fog is just the spirit of the evil spirit!

Jueming said to all the people: "gentlemen, although you were summoned to enter this Juesha heaven to untie the name of the seal of the evil spirit, it just doesn't want to miss the news that there is Tiansha spirit in Juesha heaven, so as not to attract people who have a heart. Now, we have successfully entered Juesha heaven, so we can separate ourselves and absorb the evil spirit of that day."

Having said that, he actually moved and left first.

Ye Chen and Wu you are both stunned!

Jue Ming left like this?

Is it that the anxiety before entering Juesha day is just the fear of the unknown?

They misunderstood Jueming? However, Hualing Zhuo and others looked at each other and immediately went in different directions. Juesha was very big. Of course, they wanted to find a place where no one was there to absorb the spirit of Tiansha, instead of crowding in one place.

"Ye Chen, what do you think?"

Ye Chen said: "now, it's not sure."

Wu you suddenly said: "Ye Chen, you and I, how about making an agreement?"

"Appointment?"

Wu you continued: "if you and I encounter any danger in this desperate day, then, if conditions permit, we should try our best to help each other!"

Ye Chen's eyes flashed, so that it was much more secure, even if Jue Ming really had any backhand, in Wuyou and ye Chen's joint efforts, the other side also had no chance!

Immediately, ye Chen replied, "yes."

Wu You nodded and threw a message jade Fu to Ye Chen. He said, "well, I'll go first. If there is any discovery, please inform each other."

Ye Chen receives the message jade Fu and sees Wu you leave. After his body moves, he goes towards the green and black pagoda.

At this time, Juesha day somewhere in the abyss, Jue Ming's face was extremely angry, yelled at the black shadow in front of him: "what do you say! Why, I still can't leave? Don't you have entered into Juesha day successfully

"Don't worry so much, I still need to look for something now. I promise you that you will be free soon."

Jue Ming hears the speech and lowers his head slightly. It seems that he is struggling

All of a sudden, Jue Ming suddenly raised his head, in the gray eyes, the cold flash!

It can't bear to burst out of the body!

As a descendant of the six evil spirits, he has been cheated and played with by the shadow for many times. How can he bear it!?

Even if it's death, Jueming also wants to fight. At the same time, use this battle to alert the people in Juesha day!

The next moment, Jueming yelled: "six evil spirits, Jue Ming Mie Zhen!"

A very concise gray black evil spirit, from the body, surging out, toward all directions, spread and go!

Jue Ming Mie Zhen is a very strong art of illusion. Falling into this art, it is like falling into the infinite death. In the dreamland, every time you die, you will be one step closer to the real death. It is extremely terrifying!

Jueming did not stop after Jueming put out Jueming miezhen, but the snake spear appeared again in his hand. The spirit power turned far and fast, and the snake shadow on the snake spear gradually solidified. With Jueming's spear, he frantically attacked the figure surrounded by black gas!

While Jueming shoots out the snake spear, the Tiansha order is suspended in front of him, and the gray light is in full swing. Obviously, Jueming is going to inform the public of the existence of the shadow with the order of Tiansha!

As long as he can support a small meeting, the six people may not have the strength to fight against the shadow!

But at this time, a very gloomy laughter, but from the back of Jue Ming!

Suddenly, Jue Ming's whole body is extremely cold, as if falling into a very cold glacier, even the brain will freeze!

This dark shadow, unexpectedly, escaped from the absolute being in an instant?

Do not wait for Jue ming to make a response, a concise black gas, instantly penetrated Jue Ming's eyebrows!

Jue Ming's eyes of the God light, quickly darkened, that day, the seven layers of the divine realm peak, as one of the descendants of the six evil spirits, the promising man, so fell!

This black shadow, unexpectedly is incomparably easy to kill Jue Ming?

Or in the case of Jueming's six evil spirits?

Who the hell is he!

Why am I here?

Chapter 3503

Jue Ming, itself is close to the existence of the eight layers of heaven!

Although not into, but also can not be underestimated.

In the case of exerting Jue Ming Mie Zhen, it has been regarded as the most powerful of the eight layers of heaven of the Holy Father!

Such strength, among young people, is enough to be proud of the whole xingxuan region. Apart from those old monsters, not many people can do anything to win Jueming!

But even so, he was still killed by the shadow?

What is the level of the dark shadow's strength!

Ye Chen and others are in danger!

The black air that pierced Jue Ming's eyebrows suddenly swung, and Jue Ming's body turned into a small bottle of blood with gray evil spirit.

The black shadow snorted coldly: "damn waste, actually let me consume some energy, live more time is not good?"

However, the shadow quickly gave out a laugh and said, "well, as long as I get back the remains of that year, the garbage of a few saints' ancestral land is just the food of my father!"

This black shadow is actually one of the overseas strong men who fought with the evil spirit in ancient times and sealed the ghost soul!

No wonder he knew everything about Juesha day so well. Part of the seal was from his hands!

However, the shadow should only be a soul, which is sealed in the ring for some reason. Its body has already died, and even the soul of the Lord has been completely dissipated.

The evil spirit is so terrible!

Even if the most powerful outside the territory joined hands, they could not be killed completely, and they could only be sealed off!

In the middle of the war, I am looking for the shadow of death.

After a while, the shadow was a corpse in front of him.

A hundred Zhang long, incomparably huge corpse!

The shadow, at the moment, seems to be a little weak. Obviously, just now he killed Jueming and consumed a lot of money. Although at that time, he was a strong man in the whole region, but now, it is just a soul sharing, or it has been sealed for countless years, and it's just a weak soul.

However, seeing the corpse, the shadow still couldn't help but burst into a burst of laughter. With a wave of his hand, Jue Ming's blood flew from the bottle to the huge, but scorched, corpse under him, which seemed to have been completely burned.

Strange scene, appeared!

Strong evil spirit, into the limbs of the corpse, under the moistening of Jueming blood, the corpse shrank, at the same time, the burnt black skin and flesh, quickly fell off!

Soon, the surface of the corpse, 20 percent of the scorched black, had disappeared, revealing the intact skin!

"The blood of the six evil spirits is really useful!" he said

If he absorbed the blood of other six evil spirits, his body might even be completely restored to life!

After all, the original body of the black shadow is famous for its strong physique of immortality and immortality!

He is Wang pan, one of the most powerful people in the world tens of thousands of years ago!

At that time, although this man was killed by the evil spirit by means of connecting heaven, as long as there is proper supply, the body can be restored again!

And the six evil spirits, which contains the blood of the most evil spirit, is the best tonic!

The next moment, the shadow moved, and it integrated into the corpse, scorched eyelids, suddenly opened!

A pair of dark eyes, flashing frightening cold!

Hunting, it's about to start!

"Unfortunately, only one tenth of my strength has been restored. Now I should have eight layers of heaven in the holy ancestral realm."

"However, it should be enough. After all, I have more control over Wudao than these mole ants."

.....

At the moment, ye Chen has come to the giant tower. The whole green and black pagoda exudes a very heavy pressure. Even if the ordinary martial artists of the heaven God state are close to it, they can't do it, because their spirits will be crushed by life!

But ye Chen is different.

With Ye Chen's spirit condensed and special constitution, he is not afraid to suppress any spirit.

Soon, ye Chen went to the bottom of the giant tower. After he circled around, he frowned. There was no entrance to the tower?

All of a sudden, ye Chen's mind moved, his wrist turned, and the evil sword appeared in his hand.

At the moment, the red light flashed on the evil sword, which resonated with what was in the huge tower!

A moment later, a very weak man's voice sounded from the evil sword: "who awakened me?"

Ye Chen heard the voice, heart a jump!

Is this the voice of the ghost spirit?

Xuanhanyu, the soul of the sword, is only stored in the evil sword, but there is still a will in the real evil sword!

"Well?"

The voice of Sha sword suddenly gave a light one. At the next moment, he laughed wildly with great joy: "you are the descendant of Sha ware! The descendant of Ben Shen finally appeared! Ha ha ha! After so many years, Ben Shen is finally out of troubleYe Chen was silent for a moment and said, "master, are you in the great tower of Juesha heaven? I don't seem to find the entrance at the bottom of the tower. "

The spirit of evil spirit heard the words and said: "boy, I will struggle with all my strength in a moment. This Fu Hun tower will use most of its strength to suppress me. And you, take this opportunity to directly attack it and knock out a gap!

This Fu Hun pagoda is made of special material and is extremely tough. However, the Sha ware forged by Benshen is just its killer! "

Ye Chen's eyes flashed slightly: "then, what do I need to do?"

Sha Shen said: "this gap will only exist for a moment. You will take this opportunity to enter the Fu Hun Tower!"

Ye Chen nodded, raised the evil sword, was ready to hand, but at this time, the whole Juesha day was shaking!

Strong fluctuations, impact on the entire plane, ye Chen face color changed, this is obviously a strong hand in hand!

Accompanied by this fluctuation, there is a breath!

One, even ye Chen, in the moment of feeling this breath, the blood is one of the condensed breath!

That's the breath of the holy ancestral land!

In an instant, ye Chen's face became extremely ugly. How could such a existence exist in this absolute evil heaven?

At the same time, in Ye Chen's message jade Fu, Wu You's voice of great panic came out: "Ye Chen, there's a monster in this Juesha day, and all the other six Sha followers have died in his hands!"

Ye Chen face color a change, toward the direction of the wave to see, the face is hesitant color.

Even with Ye Chen's current strength, without the forbidden blessing of refining Shenfeng, it would not be able to compete with the real eight layer heaven in the holy ancestral realm!

However, the next moment, ye Chen is still a body movement, toward the wave to the place, quickly away!

Even if he broke through the Fu Hun tower to enter it and rescued the ghost spirit, he might not be able to defeat the existence of the holy ancestral realm. So, there is no point in escaping now!

The most important thing is that he has an agreement with Wu you!

Although, this is only a verbal agreement, but once agreed, ye Chen will never easily violate his promise!

Soon, ye Chen came to the place where the battle took place.

At the moment, Wu you, pretty face a pale, black skirt on the body, has been dyed with blood color! Even with the strong vitality of the blood clan, Wu you at the moment seems to be extremely weak!

On the other side of Wu you, there is a man whose neck is completely charred!

This man is Wang pan!

And his body has recovered about 60 percent!

Chapter 3504

Wang pan looked at Ye Chen coldly. On his ugly, scorched face, a twisted smile appeared and said, "boy, you are not the real descendant of the spirit refining evil spirit, are you? However, your blood seems to be very special. Maybe it is more useful than the blood of Liusha! Now if you send it to your door, I won't have to go to you. "

Ye Chen did not answer, but moved, fell to Wu you side, without hesitation to cut his wrist, put it to Wu you mouth, deep voice: "drink

Ye Chen's blood, for the blood clan, not only has the ability to heal against the sky, but also can improve the strength in a short time!

Wu you is slightly stunned. To tell the truth, she didn't expect Ye Chen to appear. After all, the agreement between the two is just a verbal agreement

But in front of this man, actually for this oral agreement, and came to his side, facing an extremely terrible existence!

After Wu you takes Ye Chen's blood, the wound recovers a lot. After seeing this scene, Wang Pan's eyes are bright. He sticks out his burnt tongue and licks his lips. It seems that he is full of expectation for ye Chen's blood!

Ye Chen and Wu you, looking at Wang pan, have a very dignified look in his eyes.

Ye Chen asked Wu you: "do you have a way to temporarily limit this guy's action? It won't take long! "

If you want to defeat Wang pan, the only hope is to exterminate the divine light and blood moon!

However, only relying on Ye Chen's own strength to display the light of extinction, I'm afraid you can't meet Wang pan at all.

No deep breath, face on a dignified color.

If only limit Wang pan for a moment, she really has a way to do it!

However, in this way, Wuyou has almost no way out, and the rest can only trust ye Chen completely!

In the final analysis, Wuyou and ye Chen are just two sides of each other. How can they hand over their own lives to others so easily?

With Wu You's pride, she can't do it. In her whole life, her own destiny has always been controlled by herself!

Even in the crisis of life and death, Wuyou never pinned his hope on others!

However, when she looked at Ye Chen, she felt a throb in her heart!

Ye Chen in her near despair, appeared in his side of the scene, emerged in the mind!

The next moment, Wu you to Ye Chen, slightly nodded his head: "if only limit his action, I have a way!"

"Good!"

Ye Chen's eyes are full of brilliance!

This is his only chance!

All of a sudden, Wu You's blood evil spirit all over the body together, unexpectedly is to take the initiative to attack Wang pan in the past!

A long bloody sword fell into Wu You's hand. The blood evil spirit floated, and the sword's meaning soared into the sky. Jue Qiang's sword turned into a startling blood rainbow, tearing the space and killing Wang pan!

Wang pan saw this, but just a cold smile. The spirit power was surging like a dragon in the meridians. With a wave of his hand, the seemingly powerful blood red turned into a burst of light and dust!

It's so different!

The strength of the two is very different!

This is only Wang Pan's strength recovered less than one tenth of the situation!

Even ye Chen was a thrill. He took a deep breath, danced the evil sword, and the light of the sword splashed. He also cut out Wang pan with a sword!

Wang pan saw this, his eyes narrowed and said, "destroy the Shinto? Hehe, the younger generation is terrible. How can you master the God of destruction at your age? If you go on all the way, without any accident, you will be immeasurable in the future? Unfortunately

You are going to die here today. "

This time, Wang pan is a blow out, it seems very casual, but filled with a Wuyou and ye Chen, both heart crazy martial arts charm!

How strong!

Wang Pan's martial arts level, far surpasses two people!

With a roar, ye Chen's sword like an abyss of destruction also dissipated under Wang Pan's fist!

But, at this time, Wu you again hands!

At this moment, the blood of Wu You gushes out from the skin crazily. With the decrease of blood, the breath of the whole person gradually weakens, and the extremely thick blood turns into the shadow of a huge bloody dragon!

That is the blood of the true ancestor of the blood clan!

The previous sword was just a cover, and Wu you was obviously using some very strong means!

Even ye Chen, who is standing beside him, feels a trace of thrilling breath!

This is a great strike!

Even, there is the possibility of serious injury to Ye Chen!

Wu You Jiao's body was trembling slightly, but the blood light in her beautiful eyes became more and more powerful. She gazed at Wang pan and whispered, "the dragon goes at night and dies!"

The blood dragon sent out an earth shaking roar. As soon as the body vibrated, it was like blood lightning, and it rushed towards Wang pan!

However, when ye Chen saw Wang Pan's look, he could not help but change his face! At the moment, Wang pan, in the face of Wu You's most powerful blow, was extremely calm and even joyful!

He looked at the blood dragon, his eyes not only did not have the slightest fear, but also showed the color of desire!

Ye Chen was stiff all over, and he said: "Wu you, stop, don't use this move to attack him!"

Wu you glanced at Ye Chen, but ignored it. The bloody dragon was still moving towards Wang pan!

In a flash, has arrived in front of Wang pan!

At this moment, Wang pan suddenly opened his mouth. In his mouth, a startling suction came out. The blood dragon containing infinite destructive power began to disintegrate in an instant, and turned into a rolling blood stream and poured into Wang Pan's mouth!

And with the swallowing of Wang pan, his breath is even more powerful up!

Ye Chen can't help breathing a stagnation!

After several breaths, the Dragon shadow fell into Wang Pan's mouth

Don't say it is to cause harm to it, Wang Pan's breath, on the contrary, is more powerful! Even the burnt black part of the body has been reduced by a part!

Wang pan wiped the bloodstain on the corner of his mouth and said with a cold smile, "I'm sorry, little girl of blood clan. I'm very familiar with blood. It's impossible for you inferior races to hurt me with blood."

Even with Ye Chen's nature of mind, at this moment, he is also biting his teeth, and his complexion is incomparably heavy!

Is it possible that the hope of winning the final victory over the opponent will be lost?

His martial arts will stop here?

Ye Chen, unwilling!

Ye Chen no longer hesitates, displays the Tianlong eight gods sound, a way Hongmeng note resounds, the hum vibrates.

Heaven and earth respond at this moment.

He took a deep breath, and the blue flame ignited on the surface of his body. The extremely evil spirit broke out, and the power of breaking the sky surged in the blood!

Ye Chen slowly raised the evil sword in his hand. On the edge of the sword, there was a breath of rolling destruction!

He's going to fight!

Fight with Wang pan!

Even if you are not the enemy, you can explode yourself!

With his self exploding power, he should be able to die with Wang pan!

Even death, ye Chen, must let the enemy, pay the price!

Unfortunately, ye Chen did not bring Xiaohuang and Jiuyou tiger out.

He is afraid that the devil emperor will come in these 15 days, and Xiaohuang and jiuyouhu guard the demon hall, which can give him enough peace of mind.

But at this time, Wu You's voice was introduced into Ye Chen's ears.

"Ye Chen, as long as you tie it, it's ok?"

Ye Chen hears speech a Leng, tie?

What are you talking about?

Isn't the skill she used just now been completely cracked by Wang pan?

However, ye Chen or subconsciously nodded.

At this time, Wu you looked at Wang pan faintly and said with a smile: "since you know so much about blood, no one has told you, don't swallow the blood of blood clan casually? Does my blood taste good? "

When Wang pan heard the speech, his face changed. It seemed that he remembered something. He roared, and the atmosphere of the eight layers of heaven in the holy ancestral realm was surging out without reservation. The boundless martial spirit filled the whole Juesha heaven. This desolate and dilapidated world was crumbling, just like ushering in the real end of the day!

Ye Chen eyes turbulence, dead to hold the hand of the evil sword, he knows, until now, Wang pan is ready to use his real strength!

Too powerful!

Facing Wang pan at this moment, ye Chen does not even have the confidence to destroy him completely with the power of self explosion!

But at this time, a strange wave suddenly burst out of Wu You's body. In a pair of beautiful eyes, the blood sparkled. The girl of blood clan murmured in a deep voice: "the six evil spirits are wonderful, there is no you binding shadow!"

The next moment, Wang pan, who was supposed to give out a desperate blow, suddenly stopped

On his body, there are innumerable runes of blood color on his body, which is firmly fixed in place. Even the spirit power can't run freely!

and in the as like as two peas, there is a same Rune!

This is Wuyou's master of the six evil spirits, Wuyou bound shadow!

Originally, Wuyou binding shadow only needs to use blood as the medium to display. However, if you want to deal with Wang pan, who is far superior to himself, you must let the other party devour his blood, and then use this secret skill to succeed!

At the same time, only as a blood clan, and have the true ancestral blood can you do it!

At the moment, Wang pan is struggling madly, but even so, he can't extricate himself from the bondage!

"Ye Chen, do it!" Wu you has a big drink, and the blood flows down the corner of his mouth!

Obviously, this technique is not easy!

Ye Chen's eyes suddenly soared with a divine radiance!

This opportunity created by Wu you will never be wasted!

"Reincarnation xuanbei, come out!"

"Red dust God pulse!" "Long Yan Shen Mai!"

"Ling Feng Shen Mai!"

"Ancient poison pulse!"

"To the dark pulse!"

"Destroy Shinto!"

"Geng gold iron wall!"

"Fahua is dead!"

"Tianlong eight gods sound!"

"Bagua Tiandan skill!"

"The secret of the netherworld! And... "

Suddenly, a black light, in Ye Chen's fingertips, black light exudes a very concise destruction of the rhyme!

Even when Wang pan sensed the breath, his face was full of anxiety!

"Exterminate the light!" Ye Chen suddenly drinks, and points his sword to Wang Pan's eyebrows. A black light, like a comet, bombards Wang pan!

At the same time, another hand of Ye Chen appeared the falling dust and subduing dragon sword!

Heaven and earth appear, completely dark fall, a blood moon hanging in the sky!

Blood moon burst! It's fused with the light of extinction!

With a roar, although the blood moon hit Wang pan, the whole Juesha sky was shaking!

Chapter 3505

A shrill scream rang through the sky. Wang pan struggled wildly and yelled: "boy, I will definitely let you pay the price! I want you to pay back a thousand times

Ye Chen sees the situation, and his mind is awe inspiring!

Not dead?

Wang pan didn't die!??

At the moment, Wang Pan's eyebrows, there is a big hole, but, that's all, his body did not collapse!

Moreover, even if the brow was blasted out of a hole through the brain, Wang pan was still a lively appearance!

This vitality, even may surpass Ye Chen?

At this moment, ye Chen's face became pale

He didn't expect that even the extinction of the divine light and the blood moon all failed!

"Damn it, even if he can bear the light of extinction and blood moon, he has been seriously injured. Just give me a few more chances..." Ye Chen dark drink a, fingertip of the black awn and that round of blood month again condense!

Wang Pan's eyes trembled and screamed: "Damn it, stop it. Stop it for me!"

Another blood moon shot out, this time, ye Chen aimed at Wang Pan's heart!

With a roar, Wang Pan's heart was also blasted out of a hole, and Wang pan sent out a more shrill scream!

But, still not dead!

Although Wang pan screamed, he was secretly pleased!

This stupid boy, just attack, and then attack. Although your magic power is terrible, it is possible to kill the Lord, but unfortunately, you don't have much time!

Immediately, I can break away from this bondage, and then I will die!

"No way! impossible! No way

Ye Chen is crazy, his eyes are bloodshot, and even, regardless of the extinction God light and the huge consumption of blood moon butcher, he is going to do it again regardless of everything!

"Attack again. If you attack again, you can definitely kill this person!"

But at this time, a cold female voice, suddenly sounded in Ye Chen's mind.

"Boy! You wake me up! Your martial intention is that I am the only one who will fight to death. However, it is not for nothing. Stop it

Ye Chen hears the speech a Leng, immediately, the face reveals joyful color!

That's the voice of xuanhanyu, the soul of the sword!

Xuanhanyu finally woke up after the battle of refining Shenfeng!

Faster than you think! It seems that the foreign flavor is suitable for her!

She belongs here!

However, at the moment, ye Chen, as if possessed by a demon, would not stop!

How can we stop? If we stop now, we may lose the only chance to kill Wang pan!

And in the bone, ye Chen's pride does not allow him to admit defeat!

See ye Chen a pair of want to continue to display the appearance of extinction God light, Xuan Hanyu's voice, cold down, Li drink: "Ye Chen! Don't you see what the bloody girl is already like

Ye Chen whole body a shock, suddenly turn head, eyes suddenly open big!

At this moment, there is blood gushing out from the seven orifices of Wu you. The breath of the whole person is also extremely weak and on the edge of life and death. However, even so, she still insists!

Adhere to the display of no shadow, even if the whole body, are shaking, the hand of the knot, but there is no sign of relaxation!

See Wu you this pair of appearance, ye Chen instantly sober up!

This is not a fight by yourself!

"Xuanxianzi, what should I do?"

Xuanhan jade coagulated: "you only have two chances to attack. If you show it twice, the bloody girl will not be able to bear it.

Now, I want you to attack this man's cloud house, the sun and moon, with the light of extinction and the blood moon! "

When ye Chen heard the speech, he nodded, his whole body was full of destructive breath, his fingertips were black again, the falling dust and dragon sword danced, and a scarlet blood moon appeared. The blood moon fused with the extinction light, and instantly penetrated Wang Pan's cloud house cave!

After that, it was the sun and moon cave that broke Wang pan again!

At this moment, the blood Rune on Wu You's body surface suddenly disappeared. Her whole body was dyed red with her own blood. Her delicate body was about to be planted directly from the sky!

Ye Chen stretched out his hand and held Wu you. He asked Xuan Hanyu, "what should I do now?"

Xuanhan Yu said in a deep voice: "escape! Run away now! This person has the immortal spirit. He is a very powerful Dharma body in all the heaven. You can't kill him with your current strength. Escaping is your only chance to survive! You just destroyed his cloud house, the second cave of the sun and the moon. Now, he should not be able to catch up with you for a while! "

Ye Chen clenched his teeth and took a look. He was roaring and ready to rush towards him. However, he could not control his spiritual power smoothly. Wang pan, who was very slow in running away, turned his mind at full speed.

Escape?

Today, he is in Juesha heaven. The space barrier here is extremely solid. Although Ye Chen can not break through the space and leave here with the help of the Tiansha order, it will obviously take a lot of time to do so! Well, there's only one place to go!

Ye Chen holds Wu you in his arms and flashes his body shape. He goes to the place where the Fu Hun pagoda is!

Wang pan saw this and roared: "come back to me! Damn boy, come back to me

Soon, ye Chen came to the Fu Hun pagoda and cried out, "master Sha Shen, I'm going to attack this Fu Hun tower now. Let's go!"

Now, ye Chen can only hope on the body of the ghost spirit!

At the same time, entering this Fu Hun tower, you should be able to avoid for a while!

On the sword, the voice of the evil spirit suddenly rang out and said, "good!"

All of a sudden, a thrilling breath broke out in the Fu Hun tower. The whole pagoda was full of green light. The mottled surface disappeared in an instant and turned into a towering pagoda. Most of the strong blue light was concentrated in the center of the pagoda!

Ye Chen murmured, and hung Mongolian Dharma was all used. The power of breaking the heaven was surging wildly, and the breath of destruction was enveloped. He drove the evil sword and cut it toward the Fu soul tower with a fierce sword!

Although the extermination divine light and the blood moon Tu Tian chop are strong, they consume too much. At the same time, this magic power is mainly used to kill people. To destroy the Fu soul tower may not be equal to his full sword!

There was a big bang, and the whole Juesha day was shaking three times!

The power of this sword is terrifying!

However, ye Chen's face is ugly!

In front of him, the surface of the Fu Hun tower was only blasted out with a crack of one finger length!

Too strong!

This Fu Hun tower, which is used to suppress the spirit of the evil spirit, is a treasure against the heaven, far beyond the existence of imperial vessels!

Even with Ye Chen's ultimate destructive power, under a blow, it can only cause such damage!

Ye Chen's eyes flashed a cruel intention, the sword in his hand danced, and it was a sword, which was cut down in an instant!

This is just the beginning!

Ye Chen all over the strength, beyond the limit of operation, will be the blood essence burned out!

He almost wildly brandished his sword and attacked the Fu Hun tower all the time!

Even with Ye Chen's tenacity of meridians, he couldn't bear it. His meridians and flesh and blood began to break. Even the breath of destruction had a tendency to bite back!

But ye Chen doesn't care!

Not at all!

He knows that he can't stop, he can't stop!

Once stopped, it is possible to recover the Fu Hun Tower!

More importantly, I don't know how long, Wang pan will come!

One thousand swords, two thousand swords, three thousand swords!

In a short time, ye Chen cut three thousand swords!

Any sword has the power to destroy a small world!

It is not without cost to attack like this

At the moment, ye Chen's whole body, just like a corpse, is shriveled, at the same time, his whole body has been stained with blood!

What's more, ye Chen's whole body is covered with black gas!

It's a sign of the destruction of Shinto!

At the moment, ye Chen's meridians are not sure how many broken, viscera, almost burst, even the Dantian, have been full of cracks, vitality, in Ye Chen's body is constantly losing

Xuanhanyu looks at Ye Chen at this time, inexplicably feels a burst of heartache, but she still can only look at

She just woke up, even the power to help Ye Chen

But ye Chen's eyes, not only did not have the slightest dim, on the contrary more and more bright!

Just then, in the distance, there was a burst of laughter!

With endless killing intention, cold laughter!

Chapter 3506

He is to shake Ye Chen's mood! Hearing the moment of laughter, ye Chen's back is like being stabbed with millions of ice needles by others!

Here comes the monster who has suffered the extinction light and the blood moon, but has not died!

A dark shadow, from the horizon, flashing to!

Wang Pan's dark face, with a twisted smile, the whole body martial sense is frightened, a distant palm, then toward Ye Chen hit!

As if it could fill the universe with boundless spiritual power, it roared out of the sky and covered the earth. A golden hand print suddenly appeared. The moment the handprint appeared, the whole Juesha sky seemed to be dwarfed by its terror power!

On the palm print, every wisp of gold that blooms is like tens of thousands of tons of pure gold, which is extremely heavy. The surrounding rocks and the earth will shatter and crack when the golden light touches!

This palm is too horrible to imagine!

It's enough to call it the palm of extermination!

With Ye Chen's present state, I'm afraid he can't bear this palm at all!

The blow of this hand is death!

In a flash, the golden giant palm came to Ye Chen's back. Before he really hit hard, ye Chen's bones all over his body were already cracking and almost crushed!

At the moment, ye Chen's nerves all over the body have been tight, bearing the greatest pressure in this life!

In this moment, a broken sound rippling between heaven and earth

It's broken!

Finally, it's broken!

At this last moment, ye Chen broke the wall of Fu Hun Tower!

With a sudden wave of his hand, he grasped Wu you on the ground, turned his body over and entered the Fu soul tower!

And in the moment Ye Chen enters into it, the tower wall of Fu Hun tower is also instantly closed!

Ye Chen falls heavily and falls on the ground in the Fu Hun tower. At the moment Ye Chen enters the Fu Hun tower, the spirit of evil spirit stops struggling. The whole Fu Hun pagoda is full of green light and calms down.

At the same time, an earth shaking sound broke out, the whole Fu soul tower, crazy shock up!

That terrible palm, hit on the Fu soul Tower! On the tower, there are several cracks, but on the Fu soul tower, the blue light together, the crack, soon closed, disappeared.

Outside the tower, Wang Pan's unwilling roar rang out at the same time!

Obviously, you can kill the boy who seriously injured himself!

But was he hiding in the tower?

Without the cooperation of the evil spirit and the remnant soul, it is extremely difficult to break the Fu soul tower even with Wang Pan's strength!

Ye Chen took a breath and swallowed dozens of pills into his mouth to recover his body.

At the same time, he cut his wrist and fed the blood into Wu You's mouth.

The breath of Wu you soon calmed down.

Ye Chen is refining the medicine, while looking around. He can see that in the Fu Hun tower, there seems to be a darkness, and nothing can be seen.

At this time, a ladder suddenly appeared in front of Ye Chen.

Ye Chen sees a Leng, where does this ladder come from?

At this time, the voice of the evil spirit rang out in the evil sword: "boy, recover your wound, climb this ladder and come to me. Don't worry. I have mastered part of its power in this Fu Hun tower for countless years. Otherwise, I can't make a scene like that just now.

However, I would like to remind you that although I have mastered part of the power of the Fu Hun tower, it still has a strong defense function. This ladder is not so good. Be prepared. "

Ye Chen looked at the ladder connecting to the deep darkness, and his eyes flashed slightly. With the refining of the medicine and the reincarnation of blood vessels, his whole body breath, blood, flesh and channels were gradually restored.

But at the moment, the concussion of Fu Hun tower has not stopped for a moment. Obviously, Wang pan is still attacking!

Wuyou whining, opened her eyes, she looked around a little confused, saw Ye Chen to her smile: "you wake up."

"Where is this?" asked Wu you

Ye Chen said: "we are now sealed in the giant tower of the ghost spirit."

Wuyou hears the words and is surprised that ye Chen can enter the giant tower?

However, she did not ask any questions.

At this time, ye Chen suddenly stood up and looked at the steps in front of him and said, "Wu you, I'm going to climb this ladder to untie the seal of evil spirit. This is the only chance for us to fight against the strange strong one."

Wu You nodded and suddenly waved his hand. He threw the Wu You remnant in his hand to Ye Chen and said, "this, you may use it if you take it."

Ye Chen takes over Wu You remnant, and then steps up the ladder.

Just a step, there will be a weak yellow light, from the dark, followed by a terrible gravity! The gravity fell on Ye Chen's body in an instant. Even with Ye Chen's strong physique and great strength, all his bones were making a sound of friction! At the moment, Wang pan, who is outside the Fu Hun tower, seems to feel the change of the Fu Hun tower and sends out an extremely ironic sneer:

"little waste, do you want to untie the seal of the evil spirit? Hehe, is it up to you? Don't dream. This Fu Hun tower is a treasure that has been handed down from ancient times. It has infinite power. The light of the spirit in the tower is the most terrible!

Fu Hun pagoda is divided into nine layers. The gravity of each layer will increase. Even the top martial artists in the holy ancestral realm can generate life and suppress explosion, right? Do you think that you will be invincible if you understand the way of destruction and the ancient method of Hongmeng and the strange blood moon?

I advise you, it's better not to have any fluke psychology, wait for death, the taste of being crushed by gravity is not so good! "

Wu You Wen Yan, looking at Ye Chen's back, is full of worry in her beautiful eyes!

But ye Chen's face, but happy, great joy!

Deep in spirit?

This is what he needs most now!

Why?

Because, ye Chen body accumulates the purple cloud stone!

If you want to absorb the energy of Zixiao stone without side effects, one way is to fight with the strong to improve your martial arts, so that you can control more powerful forces!

The other is to polish your body and further improve your physical quality. In this way, even if martial arts is not enough to keep up with it, you can also bear the energy of zixiaoshi by relying on the physical quality against the sky!

The second method is more efficient than the first one!

However, the reason why Ye Chen is not used is that it is too difficult to get the right conditions!

Ye Chen's physique now, already enough abnormal, want to continue to polish, it is very difficult to do!

Therefore, ye Chen chose the first method!

But now, with this light, everything is different!

Now, even though the body is heavy, Ye is really stressed!

But, have pressure, have effect!

In Ye Chen's eyes, Shen Hui explodes. If he ascends the ninth floor of the Fu Hun pagoda, where the spirit of the evil spirit lies, can his constitution go further?

Soon, ye Chen moved!

He bit his teeth, and his muscles were constantly moving, just like a boa constrictor. The reincarnation blood was surging in the blood! The whole body of Ye Chen, all twinkled with golden light! That is one of the red dust God pulse to the extreme performance!

Boom!

Fu Hun tower, seems to have a shock!

A foot of Ye Chen stepped up the second ladder!

Outside the Fu Hun tower, originally, Wang pan, who still had a scornful smile on his face, felt the shock and his smile suddenly solidified!

He looked at the Fu soul tower in front of him in disbelief. His face was blackened and seemed to be blacker!

How could that be possible?

This boy, actually went to the top of the tower under the light of the spirit?

Even the strong at the top of the holy ancestral realm can't carry on the spirit and light at all? Even if the light is illuminated by this light, you will be seriously injured!

And ye Chen is not in heaven!

When Wang pan was shocked, Fu Hun tower was shocked again!

Ye Chen, another step forward!

Wang Pan's eyes, momentarily gloomy down, however, the sneer on the face, but did not completely dissipate.

Boy, your physique and strength are really beyond my expectation. However, you have just taken two steps and your speed is so slow?

This is only the first layer!

You can't get to the top of the tower!

Roaring, Fu soul tower vibrates again, ye Chen steps out the third step!

At the moment, ye Chen on the stairs is already sweating and panting.

Three steps

It's just three steps

Ye Chen, is it as if you are approaching the limit?

However, ye Chen not only did not have any disappointment, worry, on the contrary, in the eyes of joy, more and more rich! Even, with excitement!

It works!

In just three steps, it has already worked!

At this moment, under the oppression of the spirit and light, ye Chen's body surface is covered with black impurities in addition to sweat!

His constitution has improved a little bit!

Ye Chen took a deep breath and roared. He stepped on the next step again!

Step four, step five!

Five steps, with Ye Chen's force against the sky, it has reached the extreme!

But now, ye Chen feels that he still has the power to move on!

At the moment, there are more and more stains on Ye Chen's body surface, which represents the improvement of physical fitness. What can the improvement of physical fitness bring?

Yes, it is the absorption of zixiaoshi energy!

In zixiaoshi energy to strengthen the body, ye Chen's strength is further strengthened, which makes Ye Chen have the power to continue to move forward!

With the simple five steps, ye Chen has broken through his own limit. As he steps towards the sixth step, his physique and strength have made a little progress!The increase of strength means Ye Chen can step on a higher ladder, bear stronger gravity, wash the marrow and cut the body, have a stronger physique, refine more zixiaoshi energy, and obtain stronger strength!

This is a positive cycle, let Ye Chen's strength soar!

Time, minute by second, half an hour later, a foot of Ye Chen finally stepped on the eleventh step!

Also came to the second floor of Fu Hun Tower!

After coming to the second floor, the gravity of the light suddenly doubled!

Ye Chen slightly frowned, at the moment, Rao is he desperately driving the leg muscles, want to continue to move forward, but the whole person is still!

Chapter 3507

Wang pan outside the Fu Hun tower felt the vibration that lasted half an hour no longer appeared. After everything returned to calm, he finally showed a smile and said: "ha ha, boy, the second layer is not OK? Back, there are eight floors waiting for you! Before you take the next step, I will enter the tower and let you pay the price of hurting me

After that, Wang Pan's whole body spirit strength surges, to the Fu soul tower's attack, all more fierce one minute!

To be honest, ye Chen can step on the second floor of Fu Hun tower, which has already scared him!

Even Wang pan, who is proud of his physique, can now set foot on the second layer of the Fu Hun tower, right?

Although, with the help of the evil spirit, ye Chen's difficulty in climbing to the second level has been reduced a lot, but ye Chen is only a god state!

How strong its constitution is, you can imagine!

Moreover, the most frightening thing for Wang pan is that every time he feels that ye Chen can no longer move forward, ye Chen can be beyond his expectation!

In his life, Wang pan has seen countless demons. Those martial artists who are gifted with extraordinary talent and have the martial arts skills against heaven. To tell the truth, he doesn't pay attention to them!

Most let Wang pan fear, is Ye Chen this kind of can unceasingly in the desperate situation, find the opportunity to turn over, do not know what to give up for!

Can, ye Chen is so good to shake?

His eyes, still firm!

The second layer of Fu Hun tower, with the blessing of breaking the heaven, can't move forward any more, but!

Is this all ye Chen's power?

Is it all over?

Even if it's the last step, is it still the next step?

This, have to say is a kind of great sorrow!

It's like success, when you're close, you fall into the abyss

But

No!

Far from it!

Ye Chen has not reached the real extreme!

He still has water! Xuanyan!

Suddenly, Xuanyan appeared on Ye Chen's body surface, a burst of power to defend the world, from the blood, whistling out!

Heaven and earth shake again!

"No way!" Wang pan is surprised, ye Chen did not stop?

Didn't you try your best?

Why, moving forward again?

Although this is only the second layer of Fu Hun tower, ye Chen's step gives Wang pan a very bad feeling!

As if stepping on their own throat in general!

Wang Pan's eyes were bloodshot, and his whole body was angry. The frequency of his palms was getting faster and faster. The cracks on the surface of the Fu soul tower were also increasing rapidly!

The application of the formula of burning blood not only brings about the increase of strength, but also, the most important thing is that every step forward, the energy of zixiaoshi in Ye Chen's body is refined!

The tide of victory is surging again!

Third floor, go!

And, this time, ye Chen didn't stop!

Why?

Because ye Chen's strength, constitution and strength have broken through the shackles and reached a new level!

Wang pan panicked!

Cold sweat, the first time from his back!

No way!

Never let the ghost spirit come out of the Fu soul Tower!

He was one of the people who killed the evil spirit and suppressed his spirit. How much the evil god hated himself can be imagined!

If he broke the seal and came out, even now, he can kill Ye Chen and others, waiting for him will be death, complete death!

It is not ye Chen's ability to continue to advance that has ravaged Wang Pan's spirit

But, the speed that ye Chen advances, faster and faster!!!

What does that mean?

It shows that this strange boy in the heaven and God realm, I don't know how to make it stronger and stronger in this spirit!

What Wang pan was most worried about happened!

However, Wang pan, after all, was also a strong man who once dominated a region. Soon, he calmed down and flashed a cruel intention in his eyes!

He murmured: "Secret Law: burning the heaven mantra!"

With a bang, a strong heat gushed from Wang Pan's body. On Wang Pan's body surface, there was smoke, and the air around him would be ignited!

The terrible atmosphere of the eight layers of heaven in the holy ancestral land is climbing further!

This burning mantra, obviously, is some kind of extremely powerful, stimulates the potential secret skill!

It is also the reason why Wang pan and many strong men joined hands with Sha Shen in the first World War!

Burning the sky mantra, although powerful, but not everyone can use, and only Wang Pan's inexhaustible constitution, can adhere to it!

Ordinary martial arts, in an instant, will be reduced to ashes, with only one strike at most!

Wang pan felt the power of volcanic eruption in his body, and showed a grim smile. However, his eyes were more dignified! Obviously, even Wang pan, burning the curse of heaven is a great burden on himself!

The next moment, one hand!

The huge palm print, like the golden sun, rises in the Juesha sky. The strong golden glow contains the destructive power. Where the golden light reaches, the sky breaks, the earth vibrates, and countless abysses appear in the Juesha sky. Space storms devour everything!

One hand, one hand that can really destroy the world!

Boom!

This palm, the planet hits the earth, falls on the Fu Hun Tower!

In an instant, a strong light covered the whole pagoda, just like a beast that felt threatened by life, and finally showed its fangs!

But!

That Qinghui, under the bite of the golden light, actually is gradually collapsing!

Even with the power of this treasure, you can't completely resist Wang Pan's attack!

The golden light big palm, mercilessly clapped on the Fu soul tower body!

Cracks!

Spider web like cracks, spread rapidly!

This time, Wu you in the Fu Hun tower, even ye Chen, looks changed at last!

They can feel that the power of the Fu Hun tower is weakened by this blow!

The spirit of evil spirit said in a deep voice: "boy, you have to speed up. Wang pan is outside the tower. This guy has already worked hard. Although his strength is far less than that of his heyday, however, under the outbreak, the Fu Hun tower may not last long. There is not much time left for you!"

Wang Pan's eyes flashed with bloodthirsty light and said, "damn mole ants, they even forced me to use this burning curse again? Ha ha, good, good, I will not let you die so easily, but forever, all in endless torture, regret

Ye Chen is an instant calm down, step again, the pace is incomparably stable, without a trace of impatience!

No you see shape, beautiful eyes flash, looking at the back of Ye Chen, pretty face is full of incredible color!

In the face of crazy Wang pan, even her heart beat faster and her blood was boiling. She was extremely nervous, let alone Ye Chen, who was in the spirit light, was under great pressure!

But ye Chen seems to have not been affected at all?

What a powerful state of mind!

In an instant, ye Chen's figure, which gradually faded away, grew taller and taller in Wu You's eyes!

Even the evil spirit was surprised. The young man's heart was too stable!

It's not an ordinary warrior. It can be compared!

At the same time, he also knows that this heart is not born

And an ordinary person, want to go to the present step, temper such a firm heart of the Tao, we can imagine how terrifying Ye Chen must experience in order to do it!

That is the endless sea of blood, countless abysses, countless brush past death, countless times from the desperate swamp, struggling to climb out, after countless times of blood baptism, the gold will never be destroyed!

That is the reincarnation master of the previous life, never owned!

Chapter 3508

At the top of the Fu Hun tower, there is a black haired and bloody eye, countless strange runes, and all over the body of the man's virtual shadow, surrounded by heavy blue chains, he is the ghost spirit.

At the moment, Sha Shen's blood eyes, which were full of incomparable vicissitudes of life, showed a trace of waves and murmured: "I can't believe that in this life, I should have the chance to see the person who has the heart of Wuzu Taoism again. Boy, if you can live on, one day, you will be able to touch the real realm, that is, the end of thousands of roads..."

"That's the end of the Yin and Yang Temple people yearn for."

What is Wuzu Daoxin?

The Terran is a very fragile race. In terms of innate aptitude, it belongs to the bottom of the world, not to mention all kinds of monsters and monsters with terrorist power. In primitive times, even the most common wild animals can easily take human life

And the human figure, the reason why can be in the universe, even standing on the top of the million families, only because of the existence of martial arts!

Wu, is a weak body, to the top of the peak, the road to extinction!

The reason why martial arts can appear is that a long time ago, at the beginning of heaven and earth, there was a man, step by step, who went up to the sky. Although there were countless dangers and desperate situations in front of him, he still made unremitting efforts and never retreated!

In order to move forward, to live on, to be able to look up to everything in the world, this weak human, in the deep darkness, saw a ray of dawn.

That, represents some kind of most powerful force in the chaotic universe!

Martial arts, from this breeding!

And this has brought infinite possibilities to mankind. The unknown hero is called Wu Zu by later generations!

Yes, ye Chen's experience is what Wu Zu experienced in those years. Only in this way can he exercise his indestructible supreme spirit.

The power of will is the greatest talent of mankind!

Fourth, fifth, sixth!

Half an hour passed, and ye Chen, however, had passed through three layers in half an hour!

At the moment, the surface of Fu Hun tower has been scarred, as if the next moment, the tower wall will be completely broken in general!

Wu you, looking at the cracks all over the Fu soul tower, is nervous and frightening to suffocate!

Can ye Chen, but even the head did not return, eyes only the peak of the Fu soul Tower!

Is it useful to go back?

What he can do is to try his best and have room to turn back. For ye Chen, it has always been a kind of extravagant hope!

On the sixth floor, he finally stopped again.

Ye Chen whispered to himself: "has Xuan Yan finally reached the limit..."

The next moment, the infinite evil spirit from ye Chen's body, soars to the sky!

At the same time, the six ways of reincarnation converge!

Ye Chen's last card, display!

This place is different from the outside world. Xuanjiyue and Diyuan hall should not be noticed!

One hour!

An hour of life and death!

Ye Chen, keep going!

Now, his whole body is under unimaginable pressure, his skin has cracked, blood is flowing, his muscles are broken, and his bones are full of cracks!

However, even if he is in a mess, even if he struggles, even if he is suffering from the pain that makes people want to die, ye Chen will go forward. As long as there is a breath left, he will not stop even if he is broken to pieces!

Level seven, here we go!

Eighth floor, go!

The ninth floor, go!

Time, has passed more than half an hour, ye Chen finally came to the ninth floor!

At this time, a ray of light shot into the dark Fu Hun tower. Wu you suddenly turned his head and looked at the tower wall.

I saw a small gap on the wall of the tower

It's broken!

Finally, the tower is broken!

Although the distance is really broken, can let Wang pan into it, still need some time, but!

The gap is a sign that the Fu Hun tower will not be able to support!

Seeing this, Wang Pan's face was ecstatic and roared: "ha ha ha ha! Boy, are you on the ninth floor now? Hehe, do you think it's been a long time before? The ninth layer of gravity, but the front eight layers, add up the sum of ah! Your hope has been shattered and completely destroyed. In half an hour, as long as half an hour, I can enter the Fu Hun Tower! "

Ye Chen, but as if he had not heard of general, step, he wants to do, only step!

Whether Wang pan needs half an hour or half a breath to enter the Fu Hun tower, what ye Chen wants to do will not change.

However, with Ye Chen stepping out of this step, a burst of roar suddenly broke out in his body!

Burst

Ye Chen's meridians burst!

Rolling blood mist, from within the body, endless blood, flowing down the body surface, falling on the ladder!

Blood, flowing down the stairs, in an instant, it will lead to the top of the stairs, completely dyed red! This ninth layer of deep spirit, too terrible!

With Ye Chen under the purple cloud stone and the yellow spring water, has strengthened the physique, as well as the bottom card makes the state, unexpectedly also almost cannot bear!

"Ah, ah, ah, ah

Ye Chen's mouth, burst out like a wild animal's roar, the body trembled, the whole body muscle, tensed, forced to the eyes, will stare out of the eye socket!

One step!

Take another step!

The zixiaoshi energy contained in Ye Chen's body burns wildly with Ye Chen's step and rushes into the four limbs and hundreds of skeletons!

Good!

Ye Chen feels the energy of Zixiao stone, and drinks the strength of the body!

He can walk on!

That foot, is no longer a step, a ladder to step forward, but inch by inch up!

Every time you raise an inch, ye Chen's physique will be more powerful!

And each raised an inch, leaf Chen outflow of blood, also more than twice!

Tired!

I'm so tired!

A kind of fatigue that seems to dissolve the brain swept over Ye Chen's whole body

His eyelids, more and more heavy, his body, as if he had been filled with 10000 tons of cement, as if not his own

Even ye Chen, in his mind, also produced the idea of wanting to rest

His ear, as if sounded a whisper, agitating his nerves about to break: "a breath Put your feet down and take a breath? You've worked so hard for so long. You've passed the eighth floor of the Fu Hun tower. At least, you deserve a breath break, right?"

It's just a breath, but it doesn't make you give up. What's the big deal? To decide life and death, it's not a bad breath, right? Perhaps, after the rest, you will move faster? "

Whisper, whisper, whisper!

The beginning of a whisper, into thousands of voices, full of Ye Chen's mind!

That's the whisper that drags him into hell!

People, once stopped, want to start again, it will be difficult several times!

Everything is the same!

As if feeling Ye Chen's shaking, Wang pan attacked the ground and worked harder. The whole Fu soul tower seemed to be shaking wildly!

At this moment!

A big bang, will shake, suppress and down!

One foot on the ninth step of the Fu Hun pagoda!

Ye Chen's feet!

He gasped heavily, sweat and blood, mixed flow, the whole person, seems to be a weak point!

However, ye Chen's eyes, but more and more bright up!

It's through! The innumerable whispers are gone!

Step on the ninth layer of Ye Chen, laugh up, he again defeated himself!

The most powerful part of Wuzu's Taoist mind is not that the people with such will will will never waver in eternal life, but that they can constantly overcome themselves!

Chapter 3509

One step, another step!

Every step is extremely difficult. At every step, ye Chen's vitality seems to be weakened. However, ye Chen has never fallen down!

When Wu You returns to God, ye Chen has come to the ninth step of the ninth floor!

The evil spirit is in front of Ye Chen!

As long as you go further, you will be able to break through the spirit light and untie the seal of the evil spirit!

What's more, ye Chen's strength has soared after the practice of this spiritual light. Even if he is a strong man in the eight layers of heaven in the holy ancestral realm, he may have the power to fight a war!

Under such circumstances, if you untie the seal of Sha sword and join hands with the ghost spirit, ye Chen may not be defeated even in the face of Wang Pan who has cast the burning curse at the moment!

Hope is here!

The wall of Fu Hun tower, though more and more gaps and weaker defense, is not enough for Wang pan to enter it!

Ye Chen looks extremely excited, he knows that he still has spare power, and now he still has the spare power to advance. He has succeeded and he has done it!

Ye Chen, step forward again, towards the last step, and challenge!

At this time, the sound of cracking in the whole tower

This small crack sound, but like a bolt from the blue, reverberated in the minds of all!

Wu You's tears, instantly gush out of the eyes, even the evil spirit, which has been the strongest for countless years, is also a change in face!

And ye Chen, is dull, his body, toward the ladder down!

At the moment, ye Chen's legs are broken!

The legs, which have been devastated, are broken completely

Supporting Ye Chen and stepping on the ninth floor of the Fu Hun tower, the legs were broken when they could reach the top only one step away!?

Broken legs, this injury, for ye Chen, is nothing, but in the shadow of the spirit, is no different from the death sentence of Ye Chen!

The evil spirit sighs, is everything coming to an end?

He did not blame Ye Chen, he knew that ye Chen had done very well!

Any other descendant of the seven evil spirits, even in those years, the six evil spirits who were influential in foreign countries could not have done better than ye Chen!

To tell you the truth, ye Chen's performance has been far beyond the expectations of the evil spirit. Even he did not expect that the Shen Shen Ling Guang was so terrible!

However, just when the evil spirit and Wu you thought that everything was over, there was another shock on the ladder!

I saw, the fallen Ye Chen, actually with both hands on the ladder support!

He bit his teeth, eyes, burning flames, roaring: "I Ye Chen how to accept falling here! Even if it's climbing, I'll climb it! "

If it really fell down, then almost no chance to get up, but ye Chen, at this last moment, but with his hands!

Sha Shen looked at the youth in front of him, and his eyes were full of shock!

This ancient existence, by Ye Chen's will power, completely shocked!

Is this human?

Looking at the trembling arms, extremely embarrassed figure, evil spirit, it is inexplicable to feel a burst of cold!

What a terrible race!

An inch!

Ye Chen's hand, stretched forward an inch, finger dead press on the ladder, drag his body, forward!

He really wants to climb out of the light!

This is more difficult than going out?

Can, this is Ye Chen now, the only chance!

One inch, two inches, ye Chen, slowly climbing on the ladder, just like every successful person, has done that, even in the most humble state, he is still moving forward!

Ye Chen, the birthplace, climbed half the distance above the last step!

There's only half left!

It can do it!

In the eyes of Wu you and Sha Shen, the fire of hope has been rekindled!

But, at this moment, on the wall of Fu Hun tower, there was a sudden explosion!

Even if ye Chen, who only has the peak of Fu Hun tower in his eyes, hears the explosion, he looks awe inspiring!

At this time, the wall of Fu Hun tower was smashed!!!

A cold cold sneer, into the ears of all, body shape flash, finally into the Fu soul Tower!

At the moment, his whole body, there are a lot of places, once again become scorched up, it is obviously caused by the use of the burning curse!

However, during the duration of the burning curse, Wang Pan's strength was not affected by his physical condition at all!

Wang pan raised his head and looked at the stairs. When he saw that ye Chen was only one step away from the peak, he could not help but contract his heart!

How close!

What a close call!

As long as one step later, the evil god will be out of the seal?But soon, Wang Pan's scorched face, is the emergence of a very wanton smile!

He looked at Ye Chen and said sarcastically, "ha ha ha, little waste, what do you look like now? How do you lie on the ground like a dog? It's a pity that we're only one step away from the summit, right? It seems that even heaven is not on your side? "

After that, he swept the whole Fu Hun Pagoda with all his spirit and power, and he was about to hit Ye Chen on the stairs with one hand!

But in this moment, rain from the sky!

Cold blood rain!

Wu You Ning is standing in the Fu Hun tower, and the whole body is dripping with blood!

Completely cover the space in the whole Fu Hun Tower!

Looking at Wang's boundless face, he said, "no expression."

Wang pan, who had once suffered a loss, naturally would not absorb the blood of Wu you. Even at this moment, if he was contaminated with the blood rain, the influence of Wu You's binding shadow on it was negligible!

Wu you naturally knows this, but even for a moment, she also wants to win this little time for ye Chen!

Even at the cost of life!

This, comes from a kind of trust!

A kind of trust that the man lying on the ground can create miracles and stand up again!

Wang pan coldly swept Wu you one eye, disdain a smile way: "rely on you, also want to block me? Since you like to die so much, I'll send you on the road first. "

His whole body, at the moment, has emerged numerous blood color runes, Wang Pan's movement, also had a moment of stagnation.

But it was just a moment.

At the next moment, Wang Pan's blood color runes burst and dissipated in an instant. The turbulent palm meaning, before it was sent out, was almost oppressed and out of breath. Originally, he turned his essence into blood rain, which caused a great consumption of Wu you. He suddenly vomited a mouthful of blood, and his breath became depressed and tended to die!

Wang Pan's look, more and more ferocious, this palm, will hit!

If this palm is struck down, I am afraid that the true God will come and will not save Wu you!

But just then, on the stairs, there was a roar!

Amazing roar!

Accompanied by a roar, it is a frightening breath!

What is this!?

Wang Pan's face suddenly changed, suddenly turned his head and looked at Ye Chen at the end of the ladder!

I see, at the moment of Ye Chen, the whole body exudes bursts of pressure, actually is at this moment breakthrough!

Ye Chen breaks through to the second layer of heaven and God!

Chapter 3510

Wang Pan's eyes trembled. At the moment, ye Chen is just a god state. However, the pressure on him is not in the holy ancestral realm at all!

For a time, he can no longer care about Wu you, palm force a turn, toward Ye Chen bombard and go!

The golden palm print appears in the Fu soul Tower!

After breaking through the second layer of heaven, a new force suddenly emerged in Ye Chen's body. He took a deep breath and suddenly moved his arms!

Infinite force burst out, actually is directly with Ye Chen's body, across the last half of the ladder distance!

Ye Chen ascended the summit successfully!

At the moment of breaking away from the suppression of Shen Shen Lingguang, ye Chen's injury is recovering at a very fast speed under the influence of its huge vitality!

At this moment, ye Chen felt the incomparable fury in his body, as if he could knock down the sun and the moon with one punch, and the power of breaking through the heaven and earth!

At this moment, the energy of zixiaoshi has been absorbed by it!

Bring, is crazy promotion!

Broken feet, quickly healed, ye Chen finally stepped on the top of the Fu soul Tower!

The evil sword appeared in his hand.

Looking at the bloody Terran youth in front of him, the ghost spirit saw a touch of respect in his eyes. He said in a deep voice: "Ye Chen, I will first erase the seal on the Sha sword. Only a real Sha sword can cut off the seal in the Fu Hun tower."

Ye Chen nodded his head and said, "yes!"

The evil spirit continued: "however, this is not enough! It's not enough to kill Wang pan completely! You also need to master the seventh of the seven evils

"The seventh of the seven evils?"

Evil spirit way: "good, the seventh evil spirit, devour the soul to the sky!"

Ye Chen's eyes twinkle, devouring the soul to the sky, that is, the magic art of killing the soul!

But at this moment, Wang Pan's palm print, arrived, but solidified in the void!

This palm print is actually fixed in the sky by the heavy spirit light!

If all kinds of attacks can easily break through this spiritual light, why should ye Chen work so hard?

Then he glanced at the bottom of the tower.

That cold eyes, actually is to make this ancient strong heart a Lin!

The next moment, ye Chen in the hands of the evil spirit, suddenly burst out a strong Daoyun!

The seal of Sha Jian is completely removed!

Restored the ultimate strength!

And Wang Pan's eyes, is the emergence of the most frightening look!

The way to eat the soul!

At that time, he who was nearly immortal died in the way of soul biting!

At this moment, the spirit of the evil spirit suddenly burst out rolling evil spirit. Under the shackles of the blue chain, he was crazy. He said to Ye Chen: "boy, let's go! This Fu Hun tower is concentrating its strength on suppressing me. You should be able to smash it with your destruction Shinto! "

With the sword in hand, the sword will be destroyed, and the whole body will be destroyed!

With a click, the blue chain that bound the ghost spirit, I don't know how many years, finally broke!

With one sword, ye Chen broke the seal of the evil spirit!

First of all, ye Chen has absorbed the energy of zixiaoshi and broken through the second layer of heaven and God realm. His strength has been improved by leaps and bounds.

Secondly, the Fu Hun tower uses most of its power to fight against the evil spirit, and the protection against Ye Chen's attack is naturally weakened.

Third, ye Chen and Wang pan attacked the Fu Hun tower one after another, more or less, which also caused some damage to the Fu Hun tower, which reduced the power of this treasure!

On the face of the ghost spirit, one can't help showing a touch of joy!

Free

After being imprisoned for countless ages, he is finally free!

The next moment, Sha Shen and ye Chen looked at Wang pan at the same time!

In the face of the existence of terror that once killed himself once, and a strange monster that made him feel strange and frightening, even now, he cast the burning curse, and his whole body exuded a very hot breath, and his blood was like magma. However, his heart still fell into an ice cave and was completely frozen!

Although the spirit of the evil spirit has not recovered its strength and can not threaten itself, he, Wang pan, cannot completely destroy the evil spirit!

If we could, we would have done it for a long time, instead of sealing the spirit of the evil spirit here!

And this evil spirit, once it has recovered part of its strength

Thinking of this, Wang Pan's eyes trembled wildly

Then, waiting for him will be the endless pursuit!

How could this happen?

Wang pan was biting his teeth, his eyes were full of unwilling color!

He tried his best to arrange the descendants of the six evil spirits to meet again, enter the absolute evil heaven, find his body, and recover his strength with the blood of the descendants of the six evils! Even if the soul of Fen was sealed into the ring, and the ring fell into the hands of the descendants of Liusha at the right time, it was related to the layout of Wang pan tens of thousands of years ago!

All these are preparations for Wang Pan's resurrection and standing on the top of foreign countries again!

Yes!

Finally, why is this result?

Not only was he forced to use the burning heaven mantra to make his body, which was not easy to recover, aggravated his injury again, and even, even the spirit of the evil spirit, all got out of the trap!

All of a sudden, Wang pan turned his eyes to Ye Chen, and all his eyes would stare out of his eyes!

On Wang Pan's face, there appeared incomparably strong hatred!

It's all about this kid!

If it wasn't for him, everything would have gone smoothly!

Wang Pan's spirit, completely ignited by anger!

He roared at Ye Chen: "damn mole ants, do you think you can turn the plate after you untie the seal of evil spirit? Ha ha, I tell you, you are just a chess piece used by evil spirit! What if you untie the seal of evil spirit? Today, you're still going to die in the hands of my father

The seal of Fu Hun pagoda is broken, and the spirit light of the spirit disappears in a flash. There is no barrier between Wang pan and ye Chen!

The breath of Wang Pan's whole body became more and more intense. The incantation was burning. The extreme operation. The terrible high temperature spread in the Fu Hun tower. In an instant, it turned the Fu Hun tower into a sea of fire!

The golden light, extremely dazzling golden light, erupted from Wang Pan's palm once again, with a strong intention to kill Ye Chen!

Ye Chen snorts coldly. On the evil sword, the power of soul swallowing flows, and the blood glitters. Facing Wang pan, he is happy and fearless, so he must hold up his sword to meet him!

However, at this time, the spirit of the evil spirit and the remnant spirit stepped forward and said, "Ye Chen, you should have no residual tool in your hand? Give it to me. "

Ye Chen hears speech a Leng, but, still have no you remnant tool, hand in Sha God.

Sha Shen waved his hand, and a little white awn fell into Ye Chen's eyebrows. Then, he turned around and looked down at Wang pan, who was about to do his best. He said faintly, "Ye Chen, do you remember what I said? Now, what you have to do is to understand as soon as possible the soul swallowing Tongtian, otherwise, you still can't kill Wang pan

Ye Chen slightly frowns, in this case, how to understand?

Don't say to understand, he is a distraction, may be Wang pan, a shock to kill it?

After breaking through the spirit of Shen Shen, ye Chen probably has the strength to fight against the seven layers of heaven in the holy ancestral realm without the help of the bottom card. However, there is still a big gap in the face of Wang Pan who has used the burning mantra!

At the same time of understanding, while fighting with Wang pan, it is no different from looking for death!

The spirit of evil spirit seemed to see through Ye Chen's mind and said with a smile: "don't worry. Before you successfully understand the soul swallowing and connecting the sky, he will give it to me. Although the God can't kill him in his present state, it's no problem to trap him."

At the same time, the evil spirit glanced at Wu you, who was still splashing with blood, and said, "the girl of blood clan, take a good look at what is the real Wu you tie shadow!"
