

## Physician 351

### Chapter 351

It is too late for the youth to realize.

Blood spray, pain from the roar, his body was severely shaken out.

Click, click

The sound of bone fracture can be clearly heard.

This move, ye Chen blood dragon empty shadow and true Qi burst, who can stop.

On the 10th day of closing up, he displayed tens of thousands of times in the reincarnation cemetery!

Although every time is blocked by the black robed old man, but what level is the black robed old man?  
Ancient great power!

How can we compare the garbage of the Chinese blood plum hall!

From the moment he stepped into this place, he was seeking death!

The young man's body hit the wall of the hall, even the wall also appeared a crack.

The strong vibration shocked the sleeping teachers in the whole teachers' apartment.

"Bang!"

The young man's body fell on the ground and spat out blood in his mouth.

His face is close to the ground, Yu Guangzhong looks at Ye Chen coming!

He clapped on the ground with one hand, jumped up violently, and then smashed two round beads in his hands.

The ball fell to the ground, and smoke filled the room!

Cover Ye Chen's sight.

The next second, the youth directly got up and went to the window!

Even if this is the tenth floor, but also do not care about what!

The battle level of this child must be reevaluated!

If the blood plum Hall's elders and the temple master don't fight, the boy can't be killed!

His body fell rapidly, and the wind howled in his ear.

Seeing that he was about to hit the ground, he was wearing a steel wrist guard that shot out a steel wire!

The wire goes straight into the wall!

Mars erupted, and the sound of Zizi was heard.

"Bang!"

His body still hit the ground, fortunately, there is a steel wire to do the strength buffer, otherwise he will die from such a heavy injury!

Far above the rooftop, Jiang Zhenye holds his hands in his chest, his eyes slightly narrowed, observing everything around him.

He soon found the young man who had landed in confusion.

His eyes shrunk slightly and his expression was strange.

Isn't this man going to assassinate that evil killer?

How to become so embarrassed, even bleeding on the body?

Has the assassination failed?

Looking at the figure that quickly toward the school gate, his eyebrows twisted into a Sichuan character.

"No, the killer has only been there for a few minutes, so miserable?"

He was full of doubts.

Just then, he found something!

Above the window on the tenth floor, a young man stood like this!

Yingmei is like a sword, covered with a trace of cold.

The cold eyes were directed in the direction of the killer's escape.

This is the evil!

He thought Ye Chen and the killer had a fight, at least both sides were hurt, but at present he saw that the boy was not hurt at all!

Weird to the extreme!

Is it possible that the boy crushed the killer in the first battle?

No way!

Just then, the young man at the window moved, and his right hand was raised to the back!

Step on your feet!

The key hand is actually holding a steel bar pulled out of the wall!

The steel bar is about one meter long, just like a spear!

Then, ye Chen's mouth appeared a sneer, arm Qi flow, the hands of the reinforcement directly like a javelin shot out!

"Hiss!"

In the air, there was a sharp sound of breaking the sky, and a black steel bar just like a meteorite across the sky!

With a roar of strength!

Directly to the fleeing Xuemei hall killer!

The killer's pace is more and more slow, as long as more than ten years of career, so that he first found the danger.

He turned his head subconsciously!

When I saw the rolling steel bar, I was completely shocked!

"What the hell is this?"

Before he finished speaking, the steel bar went straight into his heart!

Extremely accurate!

"Bang!"

The powerful assassin in the hall of blood!

Blood splashes!

"Ding!" The steel bar and the killer's body were nailed on the ground!

Like the judgment of the devil!

A strong sense of desolation quieted the whole school.

Rolling dust swept, blood gradually stained the earth.

Jiang Zhenye, far above the rooftop, saw this scene. His eyes shrank, and the picture just now is vivid!

It's frightening!

His breathing seemed to have stopped.

Just stare at the body with steel bars! He even felt that his heart had been hit hard. The steel bar seemed to penetrate his body!

And it broke his heart.

This is the son of Jiang Peirong?

Waste?

Just fan Gen's waste?

Everybody spurned?

If this kind of strong people are all rubbish, most of the people in the martial arts circles of the whole capital are rubbish!

From the windowsill to the steel bar falling, such a distance, the strength of the general strong simply can not do it!

Even he can't be so precise and terrifying!

What the hell is this!

Jiang Zhenye takes a breath of cool air and drops his sight in the direction of Ye Chen standing.

Strangely, a pair of extremely cold eyes also stare at him!

He was found by that evil!

Jiang Zhenye subconsciously went to the rear. He even forgot that he came to waste Ye Chen today!

Seeing that Jiang Zhenye is going, how can ye Chen let the tiger return to the mountain!

He did not know this person, but this time appeared on the roof, absolutely related to the blood plum hall!

May even be hidden in the dark.

Ye Chen no longer hesitated, five fingers caught on the edge of the window, the body jumped, at the same time the strength burst!

His body turned to another building in an instant!

When he fell rapidly, his five fingers caught the window edge of another building, and his real Qi acted on his hands!

Keep moving towards the roof!

In a twinkling of an eye, he came to the rooftop and looked at the far away back of Jiang Zhenye!

"If you want to go, have you asked me?"

Ye Chen mouth exposed a touch of cold, Canglong phantom body definitely surging, faster and faster!

Jiang Zhenye also felt something wrong. He stopped and turned to look at Ye Chen.

Why did he run?

Today, he came to scrap this son!

If Mr. Jiang knew he was shrinking, his head would be cut off!

The Jiang family is extremely concerned about dignity!

Ye Chen also steps to stop, cold and pressure cover open: "you are also blood plum hall people?"

Jiang Zhenye shook his head. Instead of showing his identity, he spread out his hand and ordered, "as long as you give me the foreign things you get from Hui'an Province, you can live or not. Some people want you to be a waste man!"

Ye Chen put his hands in his pockets, his eyes twinkled with a different kind of cold light.

It seems that this night is doomed to be an unsafe night.

Not only does Xuemei hall want to kill itself, but there are forces to rob him.

His whereabouts in Beijing Normal University have been completely exposed.

He stepped out and sneered, "you should have seen that corpse. He was also peeping at me just now. After such a field, do you think your end will be better than him?"

There was no trace of temperature in his words, and he did not know when a sword appeared in his hand.

Cut dragon sword.

The killing intention seems to break out in an instant.

Chapter 352

Jiang Zhenye clearly feels the opportunity and pressure coming towards him!

He snorted coldly, step out, the rooftop of the teacher's apartment unexpectedly appeared a crack, and Ye Chen's pressure was mercilessly torn by a force.

"Ye Chen, he who knows the current affairs is a hero. Why can't you understand the saying of the ancients?"

Jiang Zhenye's interest in Ye Chen is far higher than that of his murderer.

Although Mr. Jiang asked to abolish this son, when he saw the picture just now, he wanted to let go of the other party's way of life, because the abolition of Ye Chen might be a great loss to the martial arts circle of China.

What's more, if the other side said that again, it was a part of the blood of the Jiang family.

What about the roots.

If it had not been for Jiang Peirong, the master would have lost face.

"Ye Chen, I won't kill you. I'll give you one last chance to hand over foreign things. If you leave safely, there is still a gap between our strength and ours. I don't want to..."

Jiang Zhenye's words have not fallen, ye Chen moved.

"If you want to fight, you can't have so much nonsense!"

Ye Chen rushes out, in the hand's chopping dragon sword a turn, the cold light flickers, straight takes the river town industry's vital point!

The sword of chopping dragon tears out a cold light in the night, and the air trembles slightly.

He clearly felt the strength of the other side is very strong, far higher than the killer of the blood plum hall.

There was even a sense of danger in him!

Ye Chen dare not be careless and keep your hand!

Jiang Zhenye is the same. He feels Ye Chen's strong sense of sword and his fierce and astonishing powerful sword sense.

He looked at the suddenly rising sword of chopping the dragon, and his heart was shocked.

Under the dim light, I can see Jiang Zhenye tearing away, like a thunder from the sky!

Even staggered Ye Chen's dragon sword, and went directly to Ye Chen's chest!

"Tear

Ye Chen's clothes are torn directly! There were several bloodstains on the chest.

There's a constant flow of black and red blood.

However, Jiang Zhenye was not very well. Although he avoided the sword, the spirit of the sword also made a curve on his cheek.

The clothes are broken!

A trace of blood oozed out.

Under one move, the two are even!

Of course, ye Chen's eyes are extremely serious.

Is there such a master in Beijing?

The key is that this kind of master has come to deal with him in person.

This also too looks up to him ye Chen!

Just then, Jiang Zhenye's knees bent and rushed over like a cheetah.

Don't plan to give ye Chen time to react.

He has been aware of this son's adverse weather, once the water is released, the consequences are unimaginable!

This time, just one punch!

This blow, bursts of air blast.

As if to break through the world.

Ye Chen moved!

In situ into a shadow!

When Jiang Zhenye smashed the shadow, ye Chen clasped the wrist of the other party with his five fingers of genuine Qi, and all the real Qi of Dantian gathered on his arm! Go in one direction!

"Bang!"

Ye Chen directly swung Jiang Zhenye up and smashed it to the ground!

Jiang Zhenye was stunned by this blow. How could the ancient warrior make such a move?

It's totally barbaric.

Is this boy just a body of strength?

He clapped his arm on the ground, slightly exerting force, and his body soared! Standing steadily on the edge of the roof, almost fell.

When he just stood firm, ye Chen rushed over again!

This time, ye Chen used the burning sky palm!

The true Qi of Dantian is all gathered in one palm!

This palm seems to split the whole roof.

Jiang Zhenye's eyes reflect the fire! And panic!

His pupils seem to shrink to the extreme!

On the contrary, the mouth can almost swallow a fist!

A second ago, he also felt that ye Chen's fighting style was disorderly!

After a second, he even displayed this strange and powerful martial art!

What kind of palm technique is this! Why is he unheard of in Chinese martial arts!

Or, this is an illusion!

Strong air wave directly let him back a step!

One foot is empty, his body unexpectedly falls down!

Jiang Zhenye's face is pale. He wants to stir up his vigor, but he finds it impossible!

The ancient warrior needs to borrow some strength to display his martial arts skills. Now he is in the air, and there is no borrowing point! There is no steel wire of the killer of blood plum hall!

Fortunately, there is a giant tree just below. The branches and leaves of the giant tree directly relieve his pressure!

"Bang!"

In the case of losing his center of gravity, he hit the ground, and the bones of his body were almost broken. The back of the head is even more in contact with the ground, the blood flows out, as if concussion in general!

He forced himself to wake up, and Yu Guangzhong saw a dark shadow falling on the roof!

How can the villains of Jiang family pursue so hard! You have to kill him!

Not only that, he found a group of people in military uniform coming from the direction of the school gate!

Chinese dragon soul!

No longer hesitating, he got up and went towards a fence. In a flash, he was out of sight.

Because Ye Chen uses the burning sky palm, Dantian's true Qi is almost exhausted. It is almost impossible to run Canglong's phantom body. He can only watch Jiang Zhenye leave.

However, there was still a silver needle in his hand, which shot out, penetrated everything, and directly fell into the back of Jiang Zhenye's head.

Jiang Zhenye naturally felt something, headache to crack, but ignore everything, directly over the wall to leave.

After a while, Yingqing came with several strong dragon spirits.

Should hold up Ye Chen, concern way: "Mr. Ye, how do you feel?"

Ye Chen shook his head and said curiously, "how did you come?"

"Mr. Ye, someone from Longhun has been monitoring the Capital Normal University for 20 hours. We found that there was a problem, and we immediately came over."

Ye Chen nodded and took a look at the stone of the killer in the Blood Plum Hall and said, "deal with the corpse."

"Yes

Then Ye Chen went to the teacher's apartment.

He found that the wounds on his chest turned black.

The other party's fingers are poisonous.

The key is that the poison is not a common poison!

The general warrior may have been in trouble for a long time, but he is not afraid of this poison.

He is the same as the God of medicine.

This kind of garbage poison is really not in the eye, but it is a bit troublesome to deal with.

Chapter 353

If Ye Chen is right, the poison in his body is not fatal, but he can nibble at his cultivation and blood.

In the end, he became a waste man.

Huaxia actually has this kind of poison.

It seems that the middle-aged man really wants to abandon himself.

However, since the other side wants to rob foreign things, why not kill himself directly, but retreat to the next place and abolish himself?

Isn't it more troublesome?

Ye Chen no longer thinks about it. He takes a pill from the tomb of samsara and takes it directly. Then he takes out a herb.

Five fingers pinch herbs, exude Green Juice Drops on the wound.

This herb is called quducao, which has a certain effect on relieving toxicity.

After all this, ye Chen went to the teacher's apartment.

As soon as the elevator opened, ye Chen saw a girl in pajamas standing at his door, with a trace of worry in her eyes.

Wei Ying, of course.

Wei Ying also heard the news and woke up from her sleep. She even found that the source of the noise was Professor Ye's room!

Very clear.

Is there something wrong with Professor Ye?

Or is it the person behind Tang Pengfei who retaliated during the day?

She quickly got up, even the pajamas are not changed, directly knocked on the door of Ye Chen.

But no one responded for a long time, so that her heart sank to the valley.

"Wei Ying, why are you here?" Ye Chen frowned.

Hearing the sound behind her, Wei Yingjiao's body is stunned. She instantly reacts. She looks at Ye Chen in surprise and trots over. Because she doesn't wear a bra, the magnificent thing trembles, sexy and flattering.

"Professor Ye, how can you come back from the outside at this time? I heard a lot of noise in your room next door. Could there be a thief?"

Before she finished speaking, Wei Ying noticed Ye Chen's broken clothes and the scars on her chest.

"Professor Ye, you How did you get hurt! "

Wei Ying looks pale!

The next second, a hold Ye Chen's hand, directly opened her door, excitedly said: "Professor Ye, come with me, my room has bandage things."

Ye Chen shakes her head helplessly. She wanted to refuse, but she has been pulled into her apartment by Wei Ying.

"Professor Ye, sit down and wait for me."

Wei Ying lets Ye Chen sit on the sofa and then goes to the bedroom to get the medicine box.

She completely forgot that ye Chen was a doctor himself.

However, ye Chen does not intend to refuse. Although he recovers quickly with pills and some herbs, he still needs to be bandaged.

Soon, Wei Ying took the medicine box to the sofa, took out the alcohol and bandage and said to Ye Chen, "Professor Ye, take off your clothes."

"Good."

Ye Chen directly took off his broken jacket, revealing his developed muscles with a strong sense of line, especially the massive chest and abdominal muscles. He seemed to give people the first feeling of being extremely manly.

Wei Ying was the first time to see a man naked in front of her, almost instantly, her face turned red.

The key is still so close.

Professor Ye looks very thin. Why does he take off his clothes and have such a good figure?

Is it that the legendary clothes show thin, strip with meat?

Wei Ying swallowed and salivated. She scattered the thoughts in her mind. Then she bent down and whispered in a soft voice: "Professor Ye, it may hurt a little. Please bear with it."

She carefully disinfects Ye Chen, because the body is bent, and the pajamas with big neckline are open directly.

A vacuum. Large areas of snow-white soft exposed in front of Ye Chen.

The undulating mountains and peaks make people unable to shift their sight.

Even the two little grapes showed it.

Ye Chen feels a little hot on the tip of his nose, and he turns his head subconsciously.

This goblin! Can't you wear a bra?

"Professor Ye, how do you feel? I'll bandage you now. If it's hard, I'll accompany you to the hospital at night. "

Wei Ying body moved a few minutes, that full and soft thing came to Ye Chen's eyes again, she did not notice these.

Ye Chen is quite helpless, if remind at the moment, it will be more embarrassing.

"Well, fortunately, I trained this a few years ago."

After a while, Wei Ying breathed out a breath and bound Ye Chen.

She is elated to look at Ye Chen, as if to ask for credit, but found that ye Chen did not respond, she followed Ye Chen's line of sight, subconsciously saw his own vacuum.

She found herself in a hurry and didn't even wear underwear!

Is Did Professor Ye see everything?

She's red at the moment!

Body is fierce up, straight as a pine! But it's very stiff.

"Thank you. It's late. You go to bed early. I'll go back."

Ye Chen also stood up, he did not want to disturb. After all, it's not good to be in a girl's room in the middle of the night.

Wei Ying reacted and quickly helped Ye Chen to go outside: "you still have injuries. I'll help you to pass."

Two people came to the door, just about to open the door, a knock sounded.

The door opened, and Wu fan, who I saw at the school gate today, appeared outside.

"Miss Wei, it seems that there was an earthquake just now. Let me have a look..."

The voice stopped abruptly.

Wu fan stares at Wei Ying, who is naked and wearing pajamas.

At three o'clock in the morning, a couple of men and women of about the same age came out from the inside, and their clothes were not covered!

No one can think of what happened inside!

Wu fan wanted to take advantage of the earthquake, to express concern to Wei Ying, but also to strive to establish the image of a gentleman in the other party's eyes!

Now it seems that there is no need at all!

He did not expect Wei Ying to act like a pure heroine in front of outsiders. Now it seems that Wei Ying is just a whore!

I don't know how many times they played in it!

At the thought of this kind of picture, his face flushed with anger!

He chased Wei Ying for half a year and lost to a professor who just came to Beijing Normal University for one day!

By what!

Anger burns in Wu fan's heart!

"Professor Wu, why did you come in the middle of the night?"

Wu fan glared at Wei Ying fiercely. There was no answer. The woman only felt sick in his eyes.

No matter how beautiful it is!

He turned straight to the elevator!

I don't know if it's because of anger. When I get to the elevator, I swear in a low voice: "shameless bitch!"

Although it is very light, it is still heard by Wei Ying and ye Chen.

Wei Ying's face is even more pale to the extreme.

Who could have thought that Wu fan, who has always been a gentleman in her eyes, even called her a whore!

This word is insulting to women!

Wei Ying couldn't help it any longer. She said angrily, "Wu fan, what do you mean? Where did I offend you?"

At the moment, Wu fan has already drilled into the elevator.

Just at the moment when the gate was about to close, a strong wind swept through. Then, a big hand directly extended in. The two doors of the elevator bounced open when they touched Ye Chen's arm!

That hand caught Wu fan's collar and threw him on the ground!

Chapter 354

"Bang!"

It was Ye Chen who started it!

Wu fan only felt that all his bones seemed to fall apart. He looked at Ye Chen fiercely: "Ye Chen, you still beat people! Believe it or not, I'll call the police and get you! My uncle is the leader in charge of police affairs in Beijing! "

Ye Chen did not pay attention to, light way: "your mouth is very owe smoke."

Language down, ye Chen's hand, gently in front of a wave! Although it is two meters away from Wu fan, a stream of air surging, as if forming a virtual palm, severely fan on Wu fan's cheek!

This time, his face completely red!

Not only that, but all the teeth fell out!

What a terrible sight!

Wu fan is confused, and his expression is more like hell.

He had no idea who was beating him!

"I apologize to Wei Ying. I only give you one chance." Ye Chen Dao.

His tone is very insipid, without a trace of temperature!

The more so, the more palpitating Wu fan!

Wei Ying did not expect Ye Chen to do it for her. She took a look at Ye Chen and stopped talking.

Wu fan's back is completely wet. I don't know why. His whole body temperature keeps decreasing. This feeling is too uncomfortable.

Looking at Ye Chen and Wei Ying, he would not think that the slap was related to him!

Fan in the air? This kind of thing can't exist in real life!

"Why apologize! In the evening, if you two don't cover your body, it's a disgrace to the reputation of the teachers of Beijing Normal University! "

Wu fan has no sense of apology at all, chattering.

When Wei Ying heard these words, her whole body trembled and her tears whirled in her eyes.

Grievance to the extreme!

"And you, Wei Ying, cry a fart. I thought you were a clean woman. I didn't expect that, so I would go to bed with other men casually! If you want to have a good time, I'll find a few people to come... "

Words have not finished, ye Chen five fingers directly buckle Wu fan's neck, directly lift each other up.

In the air!

A sense of suffocation hit, Wu fan desperately struggling, but found it impossible!

"You let go..."

Ye Chen does not move, eyes only endless cold.

"Since you want to die, I will help you. After 15 seconds, your body will not be able to supply blood. After 20 seconds, your brain will lack of oxygen. Even if I exert a few more minutes, your neck will be broken

Words fall, Wu fan panic!

From ye Chen's eyes, he really felt that the other side would kill him!

He couldn't help it any more. His veins burst out and he said in a trembling voice, "I say Sorry... "

"I am Bitch My whole family is Bitch... "

But ye Chen has no intention to let go!

Wu fan's face is blue!

Eyes are full of blood, but also gradually white, even the struggle of the strength are not.

At this moment, Wei Ying wakes up and quickly says to Ye Chen: "Professor Ye, forget it. If you go down again, he will really die."

"If people die here, how can I live in the future?"

Ye Chen Mou son a congealing, nod, direct single hand Wu fan came to the elevator, press the door of the elevator, directly threw in!

"Bang!"

In an instant, the elevator vibrated, and Wu fan lay powerless inside, just like a dead dog.

The door closed and there was a complete silence.

Ye Chen took a look at Wei Ying and said, "it's almost four o'clock. Go to sleep. You'll have class tomorrow."

"Good..."

Wei Ying took a look at the direction of the elevator, looked at the wound on Ye Chen's chest, nodded, and even more reminded: "Professor Ye, you should rest early."

"Well."

Ye Chen directly returned to the room, looking at the mess around, also did not intend to tidy up, directly took out the Baicao Ding, began refining antidote.

.....

At five o'clock in the morning, Jiangjia in Beijing.

Jiangzhenye is faltering. Its vitality seems to be gradually fading away. It has not reached the gate of Jiangjia, so the body can no longer support it and falls down directly.

Lost consciousness.

Seeing this scene, the two strong guards of the Jiang family shrunk their eyes and rushed up to help Jiang Zhenye up. They were also preparing to bring Jiang Zhenye to a place of restoration with rich aura.

Two people's hearts seem to set off all kinds of waves!

They know the strength of Jiang Zhenye. Although it is not a top-notch one, it is impossible for anyone to seriously injure him in the whole capital!

This has offended the entire Jiang family!

The old man has the habit of getting up early. Before dawn, he fights in the yard.

Every move has a trace of charm. The air vibrates and the magnetic field changes.

But soon, he stopped, his eyes staring at Jiang Zhenye who was carried in, his face changed dramatically, and he asked the two Gatekeepers: "what happened? How did he become like this? When they saw Mr. Jiang, they didn't dare to breathe. They quickly explained: "tell the master that we found Jiang Zhenye who was seriously injured outside. We are going to take him inside to heal."

Mr. Jiang stepped out step by step, two points on the heart of Jiang Zhenye.

Many people in Zhenjiang would have broken their bones if they had not.

Not only that, but all the vitality and vigor of Jiangzhenye are locked by a force!

Now he is like a useless man!

Key this kind of coma state, do not know when will wake up!

Jiang Laozi's sharp eyebrow twisted into a word of Sichuan, and his heart set off a storm and a burst of waves!

He clearly asked Jiang Zhenye to take back the foreign things from the hands of the evil. If the other party resists, he will directly abolish it!

But it was he who was abolished!

How could it be!

He doesn't believe that the evil has the strength to seriously hurt Jiang Zhenye!

Just Fangen, even if it disappeared for five years, there is no possibility!

Even if he is a genius, it is impossible for him to change from a waste to an existence that can seriously injure Jiang Zhenye in five years!

His head flies quickly. The only thing he can think of is that Jiang Zhenye has recaptured foreign things, but he must have been seriously injured in the middle of the way!

Mantis catches cicadas and yellow finches are behind!

There is a power in the dark!

Damn it!

But in any case, the evil is to blame!

In the eyes of Mr. Jiang, the value of that evil is far less than that of Jiang Zhenye!

No longer thinking about it, he took out a pill and fed it directly to Jiang Zhenye. The pill melted in the mouth. Jiang Zhenye's pale face was ruddy, but there was no sign of recovery.

Mr. Jiang ordered people to bring Jiang Zhenye to the place of restoration. He also found some of the best doctors in the capital!

Strange things happened. Those people used their means to make Jiang Zhenye look good, but he just couldn't wake up!

It was as if someone had cast a spell!

Mr. Jiang invited a wave after wave of miracle doctors. It's no use at all!

Jiang Zhenye has no sign of awakening at all!

"How could it be!"

Mr. Jiang's expression is very ugly. If Jiang Zhenye doesn't wake up, he doesn't know what happened tonight!

Chapter 355

Suddenly, Mr. Jiang noticed the five fingers of Jiang Zhenye.

Five fingers have a trace of blood, the black toxin has completely disappeared.

"It seems that this claw has hurt the other party, and the boy may have become a useless man. This poison can't be cracked by the Chinese martial arts circle. Even if you can't kill others, it's enough to make the ancient warrior more painful than death."

"You're just a bastard. You dare to fight against the Jiang family. You're looking for death!"

.....

Beijing Normal University, teachers' apartment.

The detoxification pill was successfully refined. He took it directly, and the toxin disappeared completely. He took advantage of this opportunity to practice again.

Ye Chen wakes up slowly and spits out a mouthful of turbid gas.

The blood dragon also penetrated into his body.

After one night's practice, the blood dragon was a bit huge.

Ye Chen is even surprised to find that there are only three things that can make the blood dragon stronger.

First, practice.

Second, chance and foreign treasures.

Third, blood and anger.

The more people he killed, the stronger the other side, the stronger the blood dragon.

He stood up, went to the window, glanced at the Capital Normal University, murmured: "there is still one day, tomorrow night at 12 o'clock, ghost prison will open, finally can see his parents."

He is not excited at the moment!

For five years, he thought his parents had turned into white bones. When he knew that his parents were still alive, no one in the world was more excited than him.

What Jiang family and Lin Juelong can't be mentioned in front of their parents!

Of course, once his parents are rescued, he will personally take his parents to the Jiangjia in Beijing to return to the things he once had!

As for Lin Juelong, how did he deal with his parents at that time, he would have to pay back a thousand times!

At this time, the doorbell rings, ye Chen does not need to guess who it is.

The door opened. Wei Ying, with long hair and shawl, stood outside, carrying some steamed stuffed bun and soybean milk in her hand.

"This is the breakfast I bought for you. How is your injury? Does it hurt?"

Ye Chen took breakfast and laughed: "thank you. It's no big problem."

"Do you want to change the bandage? When I used to train, it seemed that you needed to change that kind of wound every day. " Wei Ying worried.

Yesterday, ye Chen not only helped her mother, but also stood up to let Wu fan apologize to her.

She has a good feeling for ye Chen in her heart.

It was also the first time she had bought breakfast for a man other than her father.

"No, my wound is healed." Ye Chen Dao.

Wei Ying was stunned and immediately turned a white eye to Ye Chen: "Professor Ye, are you kidding? It will take at least a week for your wound to heal!"

Ye Chen did not want to explain more, directly took off the white T-shirt, revealing the perfect figure.

Later, the bandage was untied.

When the bandage was untied, Wei Ying was stunned!

Because yesterday's scars have disappeared!

How could it be!

Even if there are elixirs in the world, it can't be so!

She opened her mouth slightly, her beautiful eyes were full of confusion and surprise, and even more staring at Ye Chen, as if to see a ghost.

"You forget, I'm also a doctor, and I have healing medicine on my hand to repair scars and wounds."

Wei Ying thought of her mother's affairs yesterday and suddenly realized.

Although everything in front of her is beyond her cognition, but the reality is in front of her. What can she say?

"In that case, Professor Ye, I'll go to class first. By the way, didn't I get together yesterday? Today, the headmaster personally made a reservation in yongweixuan restaurant and invited all the teachers and professors to dinner. The principal called me and asked me to invite you, would you like to go? "

Ye Chen refused: "don't go."

Wei Ying is a little lost. She nods and goes outside.

Looking at the whole capital Normal University, ye Chen is the only one who dares to refuse the president's estimation.

However, ye Chen's identity is special. She has seen Ye Chen's means, and it is estimated that the principal is not qualified to be embarrassed.

She wanted to ask Ye Chen's identity several times, but she still didn't say it. She thought Ye Chen was an ordinary university professor.

.....

After Wei Ying left, ye Chen intended to continue to practice, but found a figure in the house!

What surprised him was Lu Hanshuang!

Ye Chen's mouth outlined a cold, way: "how do you feel like a ghost? Can't stay in Jiangnan province? Have you come to Beijing

Lu Hanshuang shook his head: "Ye Chen, I know that you will cause great things when you come to the capital. Now it seems that it is much faster than I imagined."

Finish saying, Lu Hanshuang hand appeared a flat plate, throw directly to Ye Chen.

"Your name has been on the front page of the official website of Xuemei hall, and those big people in the headquarters have been furious! And recall most of the killers in Xuemei hall! ""I am one of them. Now the place where you live, your danger level and strength are all on the official website! How long will you use all your strength to kill Meidian? "

"No one has ever been able to make those people in Xuemei hall so scared. I don't know whether to praise you or to laugh at you."

Ye Chen didn't expect that Xuemei hall should be so active in order to deal with himself.

He thought about it and said, "Lu Hanshan, where is the headquarters of Xuemei hall? You should be very clear about it. I don't like threats. In that case, erase them. "

Lu Hanshuang shook his head: "friendship is friendship. Don't forget that I'm still a member of Xuemei hall. I'm here to remind you that I've violated the rules of Xuemei hall. Even if I tell you where the headquarters of Xuemei hall is, you will die faster

Ye Chen Mou son tiny MI, kill machine sends out: "that you come here why?"

Lu Hanshuang's body stood in front of the broken window sill, looked at the scene of the destruction that had not been cleared yesterday, and suddenly said, "I come here to remind you of one thing. You are not stable in the capital, and your strength is not enough. You'd better leave Beijing Normal University now. Because tomorrow night, at least 30 top killers of Xuemei hall will come here to kill you.  
"

"This time, those elders will do the same. Xuemei's Royal Highness will cover the whole world and summon the strong ones from all walks of life, just to prepare you to die without a burial place!"

The cold sound rang through the room!

At this moment, ye Chen's expression is a little strange!

He is not afraid of those killers in Xuemei hall!

But this time point coincides with the opening of ghost prison!

It's all tomorrow night!

Who knows what kind of damage will happen to Beijing Normal University tomorrow!

Once the key conflicts, there will be too many uncontrollable forces!

Lu Hanshuang is aware of Ye Chen's accident and is surprised at the corner of her mouth.

It turns out that this guy is also afraid. She thought ye chentian was not afraid of the ground.

"I'll put it here. It's your business to be inseparable. It is estimated that this news will soon spread in the Chinese killer community. If you don't leave, you will never see the sun after tomorrow

Finish saying that, Lu Hanshuang then jumped down, a steel wire glides, bearing Yingran!

But the whole room only leaves the leaf Chen one person, his eye son tiny MI, hesitates for a long time, still took out the black stone, directly entered the samsara cemetery.

What about the top 30! An ancient man is enough!

## Chapter 356

Samsara cemetery.

Ye Chen goes to the two tombstones.

The ghost prison will open tomorrow. There must be no mistake.

The royal highness of Xuemei had a lot of power to kill him, but they forgot that he had a title!

Hunter!

Since the blood plum hall is ready to deal with himself tomorrow night, he will let all the people in the blood plum hall not live today!

He doesn't want the ghost prison to open at 12 o'clock tomorrow night!

No one has the right to stop.

If someone becomes a variable, erase it.

As one of the top killer organizations in China, Xuemei hall also has great prestige in the martial arts circle. Naturally, its strength can not be underestimated. It is absolutely difficult for him to enter alone!

The only dependence is the reincarnation cemetery!

But he's not going to start right now!

The opportunity of ancient great power must be appropriate! Otherwise, it will be wasted!

After confirming that the two reincarnation cemeteries could be moved, he assigned it to Xiang Chengdong of the Yao League.

If Lu Hanshuang doesn't say that, he has no way to know!

In terms of identity, Xiang Chengdong and Huaxia General Bureau of martial arts are on a par!

Although our strength is not comparable to that of the General Administration, we must be clear about some things in China's martial arts and Taoism circles.

"I'll see you at the school gate in twenty minutes."

Xiang Chengdong at the other end of the phone was slightly stunned, and then promised, "yes, Mr. Ye, it happens that I have something to tell you."

.....

Twenty minutes later, at the gate of Beijing Normal University.

In Maybach's car, windows and doors are closed and everything is isolated.

When ye Chen sees Xiang Chengdong, he just wants to talk. Xiang Chengdong hands a piece of information to Ye Chen: "Mr. Ye, I just got the news. The blood plum hall is going to attack you tomorrow. What's more, he has suspended the task of the top killer. All of them are transferred back!"

Ye Chen glanced at the information and then threw it on the car: "I know."

"Mr. Ye, do you need a statement from our medicine Alliance for you? Just let the wind out and let Xuemei hall know that you are connected with our medicine alliance. The people in Xuemei hall dare not be unscrupulous! Although they will still assassinate you, they can definitely delay for a few days! "

"This bloody plum hall is really a scum in the martial arts world!"

Xiang Chengdong's voice was a little angry.

Ye Chen shakes his head: "do not need, I look for you also for this matter, you should know the location of the blood plum hall headquarters."

Xiang Chengdong's eyes congealed. He naturally guessed something and exclaimed: "Mr. Ye, you don't want to move the blood plum hall? must not! Never! The blood plum hall has a deep foundation and is as strong as clouds. The top killers are recalled this time. The headquarters of Xuemei hall is absolutely dangerous! Mr. Ye, please think twice. "

"I don't need your advice. I just want to know where the headquarters of Xuemei hall is. If you know it, just say it. If not, I have nothing to do with Yao Meng ever since! "

Ye Chen's words are full of coldness and threat!

Xiang Chengdong's face was a little pale, but when he thought of the horrible pictures in danfang, he gritted his teeth and decided: "Mr. Ye, the blood plum hall is located in the Haijin Lake area of the capital city. There is an array there. If you break the array, you can see the headquarters of the blood plum hall.

I heard it's a temple that covers more than ten acres. "

"Although this is not a secret, for many years, few forces will go to the Xuemei hall for trouble. Because there are so many dangers there, Mr. Ye, please think twice

"I see."

Ye Chen opens the door directly and goes down.

What do you need to go with me

"No, I'll do it alone."

The door closed.

Xiang Chengdong fell into deep thought. Although Ye Chen was in the danfang that day, he triggered the thunder and broke the skill of the strong man in the ghost prison, but this is quite different from what ye Chen is going to do now!

It's not a technique, but a battle that may fall at any time!

Thinking for a few seconds, he still said, "go to Haijin lake."

"Yes, chairman."

.....

At the same time, a special office in Beijing.

Zheng renjue has a habit of logging in to the website of Xuemei hall every day. After all, he is in charge of some martial arts forces in China. If he finds that there are some names that should not be killed on the website of Xuemei hall, he will send someone to warn him.

The relationship between him and Xuemei hall is general. After all, one is positive and one is evil. One cannot go too close, or there will be criticism.

Even in the eyes of the other party, how can he organize! As long as they kill in China, they are under his control!

However, more often than not, Huaxia Wudao Bureau will not take action, as for the reason, it is not his level of people can understand.

Zheng Ren decided to make a cup of tea and just wanted to sip it. When he saw the large picture and text on the front page of the official website of Xuemei hall, his expression became extremely strange.

The next second, his mouth outlined a smile!A very gloomy smile!

Because that big picture is not others, it is Ye Chen!

Last time, his subordinates hired the top killer of Xuemei hall and wanted to kill Ye Chen in Jiangnan province!

It turned out to be a failure!

That ye Chen lives well!

Not only that, this guy is going to Hui'an province to make a scene!

What a mess!

He doesn't expect Xuemei Hall any more!

The top killers can't kill that kid. The bloody plum hall is a fuckin 'trash!

Originally, he wanted to deal with Ye Chen, happened to be a traitor inside, lost important documents!

It's a mess for them!

Also temporarily put down the plan to kill Ye Chen.

But unexpectedly, ye Chen killed himself and completely offended Xuemei hall. Judging from the attitude of Xuemei hall this time, he certainly did not intend to let Ye Chen go.

Just right!

Even he could not bear the full encirclement and suppression of Xuemei hall.

There must be a great price to pay.

Just when he was excited, Zheng renjue noticed an address on the picture - Beijing Normal University.

His eyes slightly narrowed, instantly understood what: "it seems that this boy intends to enter the ghost prison, ha ha, really think it is so easy! Even if you escape the siege of Xuemei hall, I will not let you step into it

.....

Beijing, Haijin lake.

This area is located in the western suburb of the capital, very partial, most of which are farmland.

The capital government has not yet planned it.

Haijin lake is a small freshwater lake. It is named Haijin lake because it was panned for gold hundreds of years ago.

Ye Chen got off the taxi, and a cold wind blew. It was a little bleak here.

"The place Xiang Chengdong said should be near here."

Ye Chen closed his eyes and could vaguely feel the array waves under the ground.

Even the magnetic field has changed.

His eyes are suffused with a trace of killing intention, and the virtual shadow of the blood dragon in his body roars and is full of fighting spirit.

With the strength of the underground array, ye Chen goes to the upstream of Haijin lake.

The more you go up, it seems that the air pressure is getting lower and lower, which makes people uncomfortable.

All of a sudden, ye Chen's eyes shrunk, and he found that the fallen leaves not far away fell to one side in succession!

Very strange!

Obviously, the direction of the fallen leaves is the entrance of Xuemei hall.

Chapter 357

Ye Chen's line of sight is toward the direction of the fallen leaves, and there is a trace of array pattern in the air.

It's extremely weak. If you don't check it carefully, you can't find it.

Ye Chen no longer hesitates, Canglong phantom body definitely surging, blink of an eye came to the place of array pattern.

A point out, found that in front of it seems to be a wall.

Transparent walls.

"You want to stop me? I thought there was a powerful array in Xuemei hall! "

Ye Chen snorted coldly, pinched his fingers and forced out a drop of blood!

The blood shoots on the array and disperses completely. The array seems to be controlled by something and rolls up!

Then, ye Chen's hand appeared to cut the dragon sword, a sword to chop!

The sword Qi has the killing intention of freezing cold, directly tearing the array wall!

A gap appeared in an instant.

But inside there is a special hole!

A palace like existence stands there!

Extremely huge, magnificent! Even aura is far more abundant than outside!

Who can think of such a wasteland in the western suburbs of Beijing.

Ye Chen tears the opening of the array more and more with one hand. When it is enough for one person to step in, he will drill into the array directly.

As soon as he got into the array, two shouts rang out in his ear!

"What man! Why do you come out of here! "

Ye Chen went to the source of the sound and found two burly men in black tights staring at themselves.

The clothes on their chests were printed with a red plum blossom!

It's full of evil spirit.

Blood plum hall!

"Who are you! Show me the blood plum order! Otherwise, die

Two people obviously found that ye Chen's dress is a little strange, again out of voice, quite alert.

Even the weapons in hand have been taken out.

He may kill Ye Chen at any time.

Ye chenling looked around and found no one else. He pointed to himself and said, "do you ask me?"

"Nonsense, who else is here but you?"

Ye Chen sneered: "I come to destroy your blood plum hall."

Language down, ye Chen moved!

He went straight through the middle of them!

It seems that there is no action, but I do not know the countless true Qi tearing in all directions!

The two men wanted to fight back, but found their bodies couldn't move at all!

The sudden appearance of the boy released the pressure like a huge mountain down!

What strength is this!

Not waiting for them to react, their bodies such as blood spring spray, a line of wounds open!

They didn't even have a chance to press the red button on their waists. They just fell.

Blood gradually stained the earth.

Ye Chen no longer pays attention to two people, toward the deep.

Even the bodies are lazy to deal with.

These two people's strength is too weak, does not deserve him to attack.

He looked at a magnificent hall not far away. It must be that the strong men in the blood plum hall were in it.

If you can capture the king first, it will be a good thing.

He needs a force in the capital.

If the blood plum hall is willing to merge with the dark hall, let ye Lingtian take charge of this new force.

If the blood plum hall does not cooperate, then let the blood dye the sky today!

Ye Chen's eyes twinkle with a trace of cold, just like the evil spirit from the nine hell, walking towards the hall.

At the same time.

On the main hall, there are nearly 50 top killers of Xuemei hall!

There are sexy women, there are old people.

These people are good at camouflage, killing in the invisible, the key has a very strong martial arts strength!

They are not only in China, some are overseas!

If the territory of Xuemei hall is only in China, it can't satisfy the ambition of the master of Xuemei hall!

On the high platform, there is a stone chair carved into a tiger descending the mountain!

Stone chair surface aura surging, extraordinary value!

The middle-aged man sitting on the stone chair is the master of Xuemei hall, Zhan Tao!

Zhan Tao has a strong evil spirit all over his body. It seems that he is going to break this hall.

His eyes are very small, but only one look, but it makes people palpitating!

All of a sudden, Zhan Tao stood up, his eyes swept the audience, word by word: "you should all know why I let you interrupt the mission to come here."

"Yes!"

There was a roar from below! Incomparably neat!

Lu Hanshuang and Ling Feng are among them!

Zhan Tao nodded, his hands behind his back, and said: "since my father gave me Xuemei hall, Xuemei hall has hardly met a difficult object, and it is impossible to fail again and again! But now, the man who broke the rules of Xuemei hall appears! What do you say to do? ""Cut off the head and suck its blood essence!"

Another roar was heard through the hall.

"Good, good! Tomorrow night, I'll ask you, how many minutes can you get rid of this and come to see me? "

Zhan Tao's voice sounded cold and dignified!

Language falls, a man with a mask directly stood out, roared: "report to the hall master, give me Jiang Yun 30 seconds, I will let him head apart, five horses split body!"

At the same time, another bearded man with a sharp knife also stood up and said confidently, "Lord, thirty seconds is too long. Give me the butcher ten seconds. I will screw off his head myself. This boy has no power to fight back! I don't even need a knife! He's not qualified to let me do it! "

Zhan Tao nodded and was very satisfied with the momentum of these killers in Xuemei hall, but he still said: "you are the elite and powerful of Xuemei hall, but our people have been trapped in the hands of this little beast more than once. For the sake of safety, I will choose 30 of you, LED by elder he, and set a

net in Beijing Normal University! As long as this son dares to step into the Capital Normal University, he will surely die! "

"Hall master, mighty!"

The sound of indignation rippled.

Ling Feng and Lu Hanshuang shake their heads helplessly, hoping Ye Chen has left Beijing Normal University, or even if the heavenly king Laozi comes, he can't save this guy.

At this time, a sudden change appeared, and a dark shadow went towards Zhan Tao! Very fast!

He is about to touch Zhan Tao on the stage. Zhan Tao sneers and blows out his hand!

The dreary palm wind explodes, carries the horrible death breath, sweeps towards the black shadow!

"PATA!"

To his surprise, what came to him was a ferocious head!

The key is that the owner of this head is a strong man in the blood plum hall!

See this scene, everyone's face changed greatly, pupil is shrink to the extreme!

They are very suspicious in their hearts, how can a head suddenly shoot out!

Just when everyone was wondering, a footstep came from behind!

Innumerable ways of looking at the back together!

In an instant, I found a young man in casual clothes coming slowly with his pocket in his pocket!

Stroll in idle court!

The breath is cool!

When you see the youth's face, everyone's expression is almost dull!

The hall was as quiet as the grave in the middle of the night, and there was no breath.

Like sculpture one by one, stupidly in place!

Because this young man is the target of their assassination Ye Chen!

Strange is that this son is not in Beijing Normal University, but on the initiative to visit!

This is the blood plum hall!

That's the damn rhythm.

Ling Feng's expression in the crowd was extremely frightening. Lu Hanshuang's beautiful eyes widened and covered his mouth with white hands.

Did he come?

This is to seek death!

Chapter 358

The appearance of Ye Chen is undoubtedly a thunderbolt to the people in the headquarters of Xuemei hall!

Xuemei hall has existed for so many years, and no assassin has ever come to Xuemei hall on his own initiative!

Does this guy think his life is too long?

The crowd is restless, one after another kills the intention directly toward Ye Chen to condense and go.

Lu Hanshuang wakes up, but there is a trace of helplessness in her eyes.

She has done her utmost to remind Ye Chen today.

And the guy still wanted to die.

She thought Ye Chen asked the address of the headquarters of Xuemei hall, but pretended in front of her.

Now, this guy is a fool.

"Alas."

Lu Hanshuang sighs deeply in her heart. She can also be regarded as watching Ye Chen rise from Jiangnan province. Now she wants to fall in Xuemei hall, more or less regretful.

So was her father, Lu Lingfeng.

Eyes are full of helplessness to Ye Chen.

The corner of Zhan Tao's mouth on the stage outlined a smile. He stepped out and came to the stage.

He was followed by four figures, also fell, is the blood plum hall four breath terror elders.

The crowd dispersed to give them a way.

The killing on both sides seems to be the guardian of Zhan Tao.

When Zhan Tao, the leader of Xuemei temple, goes to the place ten meters away from ye Chen, he stops.

"It seems that you have killed the strong men in the blood plum hall outside, right?"

Ye Chen did not speak.

"Pa Pa Pa Pa Pa!"

Zhan Tao clapped his hands and said, "Ye Chen, I have to admit that you are the most amazing genius I have ever seen. So many strong men in my blood plum hall are planted in your hands. Your strength is very strong.

If you and I are not rivals, without that resentment, maybe we can be friends

Ye Chen stretched out his hands from his pocket, and said, "first, the dead are not qualified to be my friends. Second, you talk too much nonsense."

Zhan Tao does not have the slightest fluctuation. In his eyes, ye Chen's entry here has already indicated the end!

If so many people can't deal with a boy who doesn't have a long hair, then the blood plum hall really doesn't have to mix in China!

"Ye Chen, my blood plum hall is not inhuman, I know you have that foreign thing. Give me something, then roll down and knock a few heads. I'll give you a complete body! "

Ye Chen Mou son does not have the slightest temperature, in the hand already appeared to cut the dragon sword, light way: "rely on you this kind of rubbish, still have the qualification to let me kneel? Today, I will let you kneel in front of me

Words out, everyone can not help but take a breath!

Throughout China, there are only a few people who dare to insult the Lord of Xuemei palace!

Even if you don't look at Zhan Tao's strength, the people behind him are also enough to fear!

Ye Chen insults Zhan Tao in front of so many people!

It's unforgivable!

Zhan Tao doesn't speak, but looking at Ye Chen, his face becomes ferocious.

"Hall master, Jiang Yun asks for a war!"

All of a sudden, a yell rang out.

The next second, a man with a mask rushed out!

It's the guy who just said that he can cut off Ye Chen's head in 30 seconds!

The powerful evil spirit sweeps towards Ye Chen!

He wants to show up in front of Zhan Tao!

Kill Ye Chen, 30 seconds is enough!

Jiang Yun's momentum continues to climb, a yell, step out of the right foot, jump!

Three meters high!

Huge body waving fist toward Ye Chen!

Once hit, it must be a pool of flesh and blood!

The other powerful men of Xuemei hall also want to rush into it and kill Ye Chen together, but Zhan Tao stops them.

He was very curious about how terrible Ye Chen's martial arts strength was. He could kill so many top killers in Xuemei hall.

Ye Chen looks at the dark shadow falling in the air and disdains the corners of his mouth.

"Kill me in 30 seconds? Do you know how many seconds it takes me to kill you? "

That Jiang Yun a Zheng, has not responded, a cold into the bone marrow sound in the ear!

"Kill you, one second is enough!"

This moment Ye Chen knee bending, the whole person toward Jiang Yun and go!

The whole body Qi suddenly erupts, ye Chen is like a hundred meter mountain!

Jiang Yun only felt a sense of pressure over him, he did not even have the right to fight back!

Be shocked and fly out!

With Ye Chen's strength now, how many people can carry such a strike!

"Bang!"

All around the ground, there are many cracks on the ground!

The key is that Jiang Yun has no flesh and blood!

The body is more fragmented!

Blood explodes!see the scene which is dreadful to one 's mind!

"Hiss -"

those powerful people in Xuemei hall take a breath of cool air!

They know that ye Chen's strength is very strong, otherwise it is impossible for so many strong people to be planted in Ye Chen's hands, but they have no idea that he is so strong!

A single blow directly made Jiang Yun's body incomplete!

It's worse than a split body!

Lu Hanshuang's face was very white. She took a look at Lu Lingfeng. Their eyes were deeply frightened!

Remember a month ago, they also saw the strength of Ye Chen!

Although it was very strong at that time, it was not so terrible!

Jiang Yun what strength, they are clear!

Who can do it!

Haven't wait for everybody to react, ye Chen's cold eyes shoot to another direction!

It was the butcher who said he would kill Ye Chen in three seconds!

The butcher felt something was wrong, and he fell back subconsciously, but it was too late!

A figure quickly flashed in front of you!

Ye Chen has appeared in front of him!

What kind of ghost body method is this! Too fast.

The butcher's strength is much stronger than Jiang Yun's. years of experience in killing people make him subconsciously energetic and stab the black shadow with a sharp knife in his hand!

"Looking for death!"

the shadow stops! Everything is clear!

See ye Chen five fingers holding the sharp knife, senhan's smile is reflected on the butcher's pupil like this!

Such a smile makes the butcher feel fear for the first time in many years!

The key opponent is too strong!

"Broken!"

Ye Chen spits out a word, the sharp knife is directly broken by a strong genuine Qi!

The butcher's arm was also hit by a strong air wave!

Right hand paralysis!

What kind of power is this!

There was a storm in his heart!

Chapter 359

The butcher has killed so many martial arts masters in China. He hasn't seen this kind of existence!

Can't this boy break into the top ten of Chinese masters list!

Not waiting for him to think clearly, ye Chen one punch directly blows out!

Simple, no fancy!

"Bang!"

The naked eye can see that the butcher's arms, showing a strange curve!

His eyes almost burst out and he flew straight out!

"Bang!" A loud noise, directly hit the feet of the main battle Tao of the blood plum hall!

The arms are all broken, it's full of blood!

The butcher didn't even have a chance to breathe. He died on the spot!

At this moment, the whole blood plum hall was silent.

A cold death wrapped the bodies of all the people present!

Their eyes are always staring at Ye Chen, or frightened, or scared, or crazy!

Blood plum hall to kill to prove the way, means to heaven, kill no more than 100000 martial arts, there are also 10000!

But at the moment, their mind echoed the picture, is that simple two fists!

These two fists seemed to break the world and hit them in the heart. The pain hit the spirit!

Zhan Tao, the leader of Xuemei hall, is completely black.

The other party broke into the blood plum hall, and killed two people directly under his eyes. It was just like a slap in his face, which made him blush!

At the moment of his sight shooting at Ye Chen, ye Chen's cold eyes also shoot at him!

Two eyes through the crowd, in the air violent concussion!

The sky is full of evil intention collision, an invisible air wave is rolling in all directions!

Let every killer in Xuemei hall feel miserable to the extreme.

At this time, Zhan Tao said: "Xuemei hall killer listen to orders, kill this son with all one's strength!"

One second, two seconds, three seconds, no one moved at all!

Who dares to go to the devil's trouble!

Zhan Tao could not hang on his face and roared: "if anyone can cut off this son's head, he will be promoted to the elder of Xuemei hall immediately!"

As soon as this saying goes out, everyone's eyes become blazing hot!

Xuemei Temple chief can enjoy the powerful resources of Xuemei hall!

Training speed is very fast!

Not only that, once you become the elder of Xuemei hall, you don't need to assassinate, you just need to enjoy the pleasure of right!

Every killer in Xuemei hall, who doesn't want to be like this!

Almost instantaneously, twenty figures rushed towards Ye Chen! Almost half of them!

Ye Chen cold looking at those surging to kill the opportunity, palms together.

I'm so angry.

Around the wind, the body is to spread bursts of dragon chant!

Although the blood dragon did not gush out, it gave Ye Chen great strength and momentum increase!

The breath of death is coming!

A cold current swept around.

In front of the world, as if become dark, the door of hell has opened.

Ye Chen is the one who opens the door of hell!

"Burn the sky palm!"

Ye Chen a roar, a flame virtual palm suddenly formed!

Ye Chen's whole body is shrouded in a layer of fire.

At this moment, he was like the God of fire!

"Crash!" A sound, burning sky palm burst out, some of the head of the body directly into a black, flesh and blood burst!

Direct death!

And those in the back of the blood plum hall strong also like facing the enemy, aware of something wrong, quickly back!

What the hell is this move!

It's not a category they can understand!

How strange it is!

What the hell is this flame!

Is this guy a legendary cultivator!

Even though they retreated ahead of time, the air wave exploded like substance, and the whole Xuemei hall trembled faintly

Zhan Tao Mou Zi was extremely serious. Ye Chen suddenly broke into the Xuemei hall, which completely made the situation out of control!

If you don't kill Ye Chen again, it's absolutely troublesome!

Thinking about everything, he looked at the four elders of Xuemei hall behind him, and said, "we five people are freezing in array. If we don't kill this son, it's definitely a nightmare of Xuemei hall!"

"Yes, Lord!"

The four old men's breath rose, five fingers a grip, four long swords flying across the air, they clenched the palm of their hands!

The next second, the four old men and Zhan Tao stepped on their feet, and their bodies soared to the sky. Their swords were towering, and they took Ye Chen's head!

Lu Hanshuang in the distance saw this scene, and his heart was pounding!

Who can suppress so many killers in Xuemei hall by one person!

Only Ye Chen!

Who can make Zhan Tao, the leader of Xuemei temple, and the four most powerful elders jointly set up the array in China!

Only Ye Chen!

This war, ye Chen no matter win or lose, enough to shake the Chinese martial arts world!"Dad, do you think ye Chen can win?"

Lu Hanshuang looks at Lu Lingfeng beside her, and her voice trembles.

Lu Hanshuang looks at Ye Chen in a complicated way, but his palms are full of sweat!

His blood is burning and boiling!

He once fantasized about this, but decades later, such a move can only become his nighttime fantasy!

Ye Chen, however, did it!

However, ye Chen in the blood plum hall under the siege of these five people, can win?

Almost impossible!

The existence of Xuemei hall in China for so many years is not without reason!

Far away.

Ye Chen looked at the five people who had been plundered, and her eyes finally had a trace of solemnity.

These five people, very strong!

He quickly took out a bottle of Juqi Dan and ate it all in one breath.

When the pills were dispersed, there was a trace of genuine Qi in the elixir field, which made him feel better.

At the moment, the five have completely blocked Ye Chen's retreat!

Zhan Tao sneered: "Ye Chen, you can lead us five people to join hands. Even if we get to the palace of hell, it's worth boasting about."

"Before you die, I might as well tell you one more thing. As long as you die, I will go to Jiangnan Province in person and swallow up your Tianzheng Group!"

"Not only that, I heard that you have two beautiful women accompanying you in Jiangnan province. They are Sun Yi and Xia Ruoxue. Ha ha, I will catch these two women and let them enjoy it! Ha ha ha

Chapter 360

Hear these words, ye Chen Mou son is full of blood silk, thoroughly angry!

His eyes are extremely bloodthirsty!

This anger, as if it had been endured for a long time, was raging.

It is eager to explode.

Eager to kill.

Longing for destruction.

Eager to kill!

Yearning for nothing.

Ye Chen cut the dragon sword in his hand and roared: "from then on, there will be no blood plum hall in the world again!"

This sword carries Ye Chen's outrage!

Zhan Tao and the four elders of Xuemei hall dare not to be big. Their strength is rolling, and their five swords are extremely powerful!

Thanks to the array, five swords are combined into one, and a big black sword shadow is formed!

The big sword is a hundred feet long, and it cuts towards Ye Chen mercilessly!

What do you think of me! Even if you go against the sky, you can't bear this sword! "

"No matter how strong you are, there is only one person."

The direct collision between the sword of dragon and the sword of heaven!

The whole blood plum hall seems to be unable to bear this power, almost flies!

"Bang!"

The five men of Zhan Tao stood in front of each other. Although they blocked the attack, they still stepped back ten steps!

We can see the power of this blow.

And ye Chen is more miserable, the body flies out directly!

He stabbed the dragon sword into the ground, and the fierce spark surged, and the sound of Zizi was heard incessantly.

The sword of cutting dragon directly cuts a long deep ditch on the ground, and the rocks are flying.

We can see the horror!

The blood in the body surges up, ye Chen's face is a little pale.

He breathes heavily, one person to five blood plum hall top strong, really laborious.

Any of these five people, any one of them, is a terrible existence in the Chinese martial arts circle.

Although not comparable to Jiang Jianfeng and master Jingdao, but the strength can at least be ranked in the top 15 of the Chinese masters list!

Zhan Tao and the four elders are even more shocked. It seems that they have won!

But they are five!

Five talented people beat this boy like this, this son can't be rebellious!

Five people look at each other, see each other's eyes to kill, this son does not die, the blood plum hall will really be destroyed!

"Kill!"

Five figures quickly swept up, sword shadow all over the sky, toward Ye Chen package!

When ye Chen turns his sword, his body is shaken again!

This time, he even vomited out a mouthful of blood, extremely uncomfortable!

Ye Chen can completely let the fourth tombstone's big power hand! But he didn't!

You can't just rely on others! Only the strength is the king!

"Ye Chen, you must have a lot of pain in your internal organs. If you don't die today, it's estimated that in a few years, the world of Chinese martial arts and Taoism will be the champion for you! However, I

Zhan Tao will not give you this opportunity, I like to kill genius! Killing your genius is a kind of enjoyment, ha ha! "

"Five swords break the heart!"

After a sneer, Zhan Tao becomes extremely serious. When the other four hear the five swords breaking their hearts, they suddenly understand that their strength is surging from the whole body to the long sword in their hands!

At one time, the momentum soared and the wind swept the whole land.

It has to be said that the momentum displayed by the five people is really amazing. With the burst of momentum, it is only for a moment that all people feel suffocated.

Some of the strong people in the blood plum Hall who are close to the five people actually directly shake out a mouthful of blood.

"Ye Chen, this blow depends on how you block it!"

Words fall, five light straight away, roar concussion, powerful momentum soared to the sky.

Ye Chen stood like this, as if facing the blow, fearless.

Suddenly, he closed his eyes.

"The first sword, Qianlong cuts the sky! If the cultivation reaches a great accomplishment, a sword will shake the spirits

Ye Chen is very clear that the only thing he can resist is the idea of breaking the sky sword.

He has evolved several times in the samsara cemetery, and he is not strong enough to kill Daojun at all.

The key is to use it now, which will cause great damage to the body. It is necessary to rest for at least a few days to relax.

But now he has no choice.

No longer hesitating, he held the hilt of chopping dragon sword and lifted it up!

The whole body is vigorous and vigorous!

The roar and concussion made a powerful momentum soar into the sky.

The sword of chopping the dragon has turned into swords.

Break everything!

"Boom!"

This sword swept out, fast to the extreme, sweeping everything!

"Bang!"

When a sword falls, the attack of Zhan Tao's five men will directly shatter!

The martial arts of the five are not as good as the sword of breaking the sky sword!

You can see the tyranny!

Fear filled them in an instant.

Under such a sword idea, they are not even qualified to block! Zhan Tao, the last one, trembled with fear and knelt down quickly: "master ye, please save my life! I am willing to contribute everything! "

"Late!"

The corner of Ye Chen's mouth is showing a trace of sneer.

"Die!"

Suddenly, the sword burst out, tearing the air, "Chi Chi!" With a sound, Zhan Tao's head is cut off directly!
