

Physician 3511

Chapter 3511

The most important thing is the power of the spirit, which is also the most lacking. He is not only in the state of remnant soul, but also not a complete soul. He has been imprisoned for tens of thousands of years. How can he have enough power to exert his magic power?

Therefore, can only hope in Ye Chen!

However, Wu you tie shadow is different, just need blood!

At the next moment, Sha Shen reached out and took a few drops of blood into the hands of the non you residual device!

Suddenly, a strange wave appeared on the Wuyou remnant. The boundless evil spirit surged wildly. Suddenly, there was a click on the remnant. Then, the remnant exploded directly!

Today's evil spirit is just a state of remnant soul. If you want to use magic power, you can only extract the power from the remnant!

The evil spirit pointed to Wang pan and said, "there is no shadow of you binding!"

Originally, was about to brew for a long time, thoroughly hit Wang pan, the action suddenly stagnates!

On his body surface, countless blood colored runes appeared, which were like stone carvings and solidified in place!

There is no secluded appearance, the beautiful eyes are full of shocking color!

The evil spirit, even in the state of remnant soul, just rely on a remnant tool, and her blood will the strong Wang pan, who is against the heaven, to be fixed?

This is the real power of Wu you tie shadow!

Ye Chen sees the appearance, looks a joy, no longer hesitates, immediately entered the enlightenment!

In the hands of the evil spirit, there is a mass of gray and black evil spirit, which is the energy crystal of no Youqi. Once the evil spirit dissipates, there is no shadow of you binding, and it can not be maintained.

Therefore, ye Chen's understanding has a time limit!

However, the evil god did not tell Ye Chen, because he knew whether to Tell ye Chen or not, ye Chen would go all out!

Wang pan was in a crazy struggle under the shackles of the evil spirit. He cried: "little waste, there is no shadow of you binding. It's just a magic power exerted by a remnant tool. Immediately, the energy of the remnant will be exhausted. Even, it doesn't need an hour, right? And what can you understand in such a short time? "

Time goes by minute by second, and ye Chen's body also gradually sends out a strange spirit wave!

Feeling this wave, the corner of the mouth of Sha Shen residual soul floated a smile and said, "now, do you think ye Chen can understand anything?"

Wang Pan's eyes, more frightening up!

This kid, even the soul road all practices so fast?

No way!

How could he fall into the hands of a boy in his twenties!

Wang pan, struggle! Burning the sky mantra, has turned his body surface into a scorched black, even so, he still did not stop using the burning mantra, but kept this state, struggling desperately!

As soon as the eyes of the evil spirit sink, the energy of the ghost free spirit is consumed more quickly!

If it goes on like this, in less than an hour, I'm afraid, for half an hour, the shadow will not be able to support you!

At the moment of no you, also no longer release blood rain, she slightly recovered consumption, then launched an attack on Wang pan!

Bloody sword light, into a flying rainbow through the void!

But, no effect!

The sword was cut to the front of Wang pan, and then it was destroyed by the energy of the burning heaven mantra!

It's horrible!

Wu You's face has changed. She has no qualification to intervene in this kind of battle

Half an hour, in a flash!

There was a big bang from Wang pan, and the countless blood runes finally collapsed again!

Wang pan panting, body, has been completely charred, but, at the moment, he did not care about his injury, but ecstasy!

Ye Chen's whole body, although has already dissipated the extremely strong soul power fluctuation, even in its spirit spirit, already took on one kind of swallowing breath, but!

Not enough!

Today's Ye Chen, the understanding of the soul swallowing Tongtian is not enough!

Only Wang pan will survive!

"Damn it!" The spirit of evil spirit is also a slight change in the face, is it, after several difficulties, or to fail?

It seems to feel that Wang pan has broken free from the shackles. Ye Chen actually withdraws directly from the enlightenment. His eyes open, and his dark eyes are like two black whirlpools, which makes people look at each other and have a feeling of being dragged into it!

Wang Pan said with a ferocious smile: "boy, even I feel unfair for you? Clearly, everything has been done almost perfect, breaking through the barriers, but, the last step, this last step, you can never step out!

What is the use of your efforts? It's better to give up the resistance and die in the hands of the Lord. Anyway, the result is the same, isn't it?

You are destined to be a lower class. You can only live like a mole ant, and you will never defeat your father. In this way, you are born with the existence of heaven and earth. Do you understand? "

"Is it?" Ye Chen said faintly: "Wang pan, do you think you have won?" Wang pan looked at Ye Chen contemptuously, and said coldly, "with your understanding of soul eating and heaven penetrating, you can't kill me at all. I admit that you are indeed the most evil spirit. Even my talent in martial arts is far inferior to you. Unfortunately, it is still not my opponent! "

The ghost spirit's eyes sank and said to Ye Chen, "boy, what he said is true. Your soul swallowing can't kill him. Now, the best choice is to escape. With my help, it will be much easier to break through the space barrier of Juesha heaven! The probability of successful escape is about 30%

30%?

In the face of such terror as Wang pan, the probability is already high.

But, at this time, the evil sword reappeared in Ye Chen's hand, a startling killing intention, burst out in an instant!

Ye Chen is going to fight!

The spirit of the ghost changed. Is this boy crazy!?

He knew that ye Chen was very proud, but proud, not equal to recklessness, not to die!

Even Wuzu knew that he would never bow his head. It was not equal to fighting at any time!

That's stupid, not proud!

Is he wrong about ye Chen?

Is it that ye Chen has been made before the results, flushed out of his mind, thinking that he can do anything?

In the eyes of the evil spirit, there is a touch of disappointment

No you pretty face pale, show eyebrow tight frown, obviously, she also does not approve Ye Chen's judgment.

And Wang pan, although the surface is silent, in fact, it is great joy!

The reason why he wanted to mock Ye Chen was that ye Chen ran away!

That scorched face, slightly raised a sneer, Wang pan looked at Ye Chen's eyes, more disdain.

Did not expect, this boy, so easy to be provoked by himself?

How can such a fool survive today.

Can be at this time, ye Chen, but light mouth way: "Sha God master, no you, you don't have to worry about, I know their own soul Tongtian, not strong enough."

When people heard the speech, they were all in a daze!

Is Ye Chen clear?

In this case, why did ye Chen choose to fight Wang pan?

The next moment, in Ye Chen's eyes, Shen mang exploded and said, "the reason why I don't retreat is because I have ten percent confidence in killing it!"

"We meet again, full of spirit."

Yes!

Silent for a long time, Ling Feng's pulse was filled to the extreme at this moment!

Ye Chen once doubted that Lingfeng's ability to absorb energy and play the most powerful blow was no longer available.

Now it seems that after the last display, Lingfeng's pulse needs to absorb more terrible energy!

It's a hundred or even a thousand times that of last time!

So What an amazing force?

Chapter 3512

Before that, ye Chen always thought that Ling Feng Shen pulse had some chicken ribs!

Now it seems that he is wrong!

However, he did not intend to use Ling Feng's pulse immediately!

He must use it at the most critical time!

Now Wang pan has weakness, weakness is the spirit!

If Wang Pan's weakness is suppressed, he still has a chance!

Sha Shen's eyes flashed, and with his experience, he could feel that ye Chen was not blindly conceited, but had a kind of confidence from his bones!

This makes him can't help but wonder, what means does Ye Chen want to kill Wang pan?

When Wang pan heard the speech, his eyes suddenly fell cold and said with a sneer, "ha ha, I'd like to have a look. How can you kill me with your level of soul biting Tongtian?"

Ye Chen said without expression: "kill you, already enough!"

The next moment, two people at the same time!

At the moment, Wang Pan's breath burst, and his whole body flashed with golden light. Behind him, a ghost of arhan appeared. Although the arhan was brilliant and solemn, it exuded endless evil spirit, just like a devil in hell!

The fire in the Fu soul tower is getting stronger and stronger. Even with the strength of Wu you, you can't stand it in this sea of fire!

Wang Pan's mind is surging wildly. Wang pan is like the sea spirit power. The torrent is pouring into the palm of his right hand. The golden lotus blossoms in the palm!

And the ghost Luohan empty shadow, also accompanied by Wang Pan's action, raised his right hand!

Wang pan drank violently and said, "the Golden Lotus holds the heaven palm!"

Jinlian tuotian palm is the supreme magic power of ancient Buddhism. Even in the ancient times when foreign demons were rampant, this palm technique was one of the top level skills!

Wang pan, however, has already cultivated this Buddhist magic power to a perfect state. Now, with the blessing of burning the heaven mantra, it is naturally extremely powerful!

In the Fu Hun tower, a huge golden palm print is suspended in the sky. At the center of the palm, there is a lotus mark. On this lotus flower, there are 3000 petals, and on each petal, there is a world!

The power of this palm is as if it can hold up three thousand worlds!

At the same time, Wuyou, who is the descendant of Liusha, is still stiff and breathless under the palm power beyond his understanding!

That giant palm is heaven to her!

Oh, my God!

How can we resist the collapse of the sky?

Can only allow their own body, be crushed by it!

This one, too terrible!

Even ye Chen, looking at the air that toward his head, suppressed and under the palm print, but also face a dignified color!

Although Lingfeng's pulse is full, it still needs a certain amount of buffer time!

He needs to fight for it!

His eyes did not have the slightest intention to retreat, but ignited the flames of war!

At the same time when Wang pan hits this palm, ye Chen's soul swallowing Sha Qi also moves!

On the evil sword, the power of soul swallowing way breaks out completely, and the extremely strong fluctuation of soul power, as well as some kind of power that dominates the birth and death of spirits, blooms accordingly!

This move, the whole time in the Fu Hun tower seems to have a moment of stillness!

A gray and black sword, from the blade of the evil sword, roared out!

All the people, including Wang pan, were crazy about their faces, their spirits were shaking, and their eyes were full of incredible color!

This sword is very strong. Ye Chen, who has the second level of heaven cultivation in the heaven and God realm, has a qualitative improvement in both the exertion of the destruction Shinto and in his body!

Its power has long been different from before!

However, people's shock is not from the power of Ye Chen's sword!

But!

Ye Chen, unexpectedly, is the seven evil spirits in the wonderful into the sky, ah!!!

Even with an unimaginable experience, I have seen the most powerful evil spirits in the sky. At the moment, they are looking at monsters, looking at Ye Chen!

It turned out that ye Chen had understood the soul eating and heaven swallowing from the very beginning. He did not intend to fully understand it, but integrated with his own martial arts skills!

This idea can be said to be shocking!

There is only one advantage in this way, that is, after the combination of soul eating Tongtian and ye Chen's swordsmanship, ye Chen's sword has the attribute of spirit attack. No matter what level Ye Chen's understanding of soul swallowing Tongtian is, due to the strength of this sword, it can cause damage to Wang Pan's spirit!

The key of Wang pan, who has immortal evil spirit, lies in the spirit!

At that time, the evil spirit also killed its body with this soul devouring heaven!

However, if the level is not enough, it is difficult to shake Wang Pan's spirit with pure spirit attack.

But!

It's not so easy to combine soul and martial arts?

That is Ye Chen, when he got the soul clan inheritance in Lingwu land, he had a chance to do it! One of the difficulties, unimaginable, ye Chen bear the pressure is also unimaginable!

Sha Shen knew that since Ye Chen was able to integrate soul swallowing into his own martial arts skills, he would be able to fully master soul swallowing and sky penetrating within one hour with his qualification. However, ye Chen still made the choice of integrating martial arts skills at this time!

Why?

I'm afraid there is only one reason

That is, ye Chen, all the time, prepared for the worst!

It's the easiest choice to follow the advice of the evil spirit

Yes!

Ye Chen has never given himself a chance to relax!

He asked himself, no matter under what circumstances, to have the power of World War I when facing Wang pan!

At this moment, Sha Shen suddenly understood

He understood, ye Chen, how to come to this day step by step.

I also understand why Wuzu was able to reach the summit of heaven in the body of human beings.

More understand, the reincarnation of the Lord of what is missing!

There's a big bang!

The gray black sword, and the golden palm print, ran into each other!

It's like two universes have collided!

Gold and black light, intertwined with each other, vanishing each other, just like two wild animals trying to bite each other!

"Poof!"

Ye Chen suddenly highlights a mouthful of blood. Under the shock of Jinlian tuotian Zhang's terrible force, he flies backward at a very fast speed and turns into a remnant shadow. He smashes the wall of Fu Hun pagoda, making a crack on the wall of the tower!

Originally had been blood red on the clothes, that red more rich a minute, at the moment, ye Chen body bones do not know how many broken roots, muscle burst, viscera, are frantically bleeding!

At the moment, Wang pan is still standing in place!

In terms of attack power, Wang pan won!

Wang pan mouth corner, instantly raised a touch of sneer, ecstasy!

But his smile, has not thoroughly unfolded, its scorched black ugly face, then solidified!

At the next moment, Wang pan held his head in both hands, and uttered an extremely painful cry in his mouth!

Blood and tears flowed from Wang Pan's eyes. His spirit was hurt!

Chapter 3513

Ye Chen, though wounded by Wang Pan's one hand, but when he saw this scene, he was laughing, and he was very evil.

The scream of the enemy sounds so sweet?

The scream seemed to be a clarion call for victory!

After all, what about Wang pan when he was injured in his own flesh, which can be recovered by his strong vitality?

How to recover the wound of the spirit?

Ye Chen slowly stood up, broken bones re connected, burst muscles, growing granulation, fast healing.

With that slightly indifferent smile, he walked towards Wang pan step by step!

Wang pan, who has an almost indestructible terror constitution, was once revered and worshipped by all the people. At this moment, facing Ye Chen, Wang pan has a sense of fear!

However, no matter how Wang Pan said, he was the most powerful in ancient times, and his mood was instantly calmed down. In that pair of deep eyes, he flashed a cruel look and said to Ye Chen: "boy, do you think that everything will be all right if you can hurt my God's soul? Ha ha, think oneself vitality is very strong? You will be a puddle of mud before the spirit of God dies away

The next moment, Wang pan shot again!

The golden palm print reappears, and the whole Fu Hun tower trembles under the pressure of the palm print!

But ye Chen faces this extremely strong one palm, but does not dodge, on the contrary toward it to rush in the past!

The evil sword in the hand is rippling out again. It looks like a dragon leaping out of the deep sea!

Roar is a huge sound again, ye Chen's body flies upside down again, and Wang pan also issued a scream at the same time!

However, there was almost no time interval between them. The strong shock swept the whole pagoda. As a result of their attack and collision, more and more cracks appeared in the aftershocks!

At the moment, Wu you can only hide in the corner, under the protection of the ghost spirit and the spirit tower, you will not be hurt!

Otherwise, the afterwave alone will be enough to kill it!

Boom, boom, boom!

Loud noise, constantly reverberating, two people in a moment, has fought hundreds of times!

Ye Chen, at this time, is all over the tattered. Even though he has absorbed all the Zixiao stones and strengthened his physique several times, it seems that he is extremely miserable. However, ye Chen's eyes become more and more bright. After being hit and fly, he quickly gets up and rushes out towards Wang pan again!

The distance between the two sides, constantly approaching!

Although Ye Chen is miserable, Wang pan is also not easy!

Among his seven orifices, blood was rolling, and all his clothes were dyed red. Because of the injury of the spirit, Wang Pan's eyes flashed the color of madness from time to time, but!

In the face of the rush to Ye Chen, Wang pan bit his teeth and roared, and rushed towards Ye Chen!

Sword light and palm print collide again!

Wu you, stunned

Completely shocked by the two men's fight!

It's like a century war!

At that time, in Lingwu mainland, ye Chen was just a young man who made her curious and looked delicious

But now, it has grown to the point where you need to look up!

To tell you the truth, Wu You's speed, adventure, chance and so on can be said to have crushed countless foreign demons. Wu you also thinks that in martial arts, he has never lost his talent to anyone.

Can, and ye Chen a contrast, own this talent, simply nothing!

Let alone the gap in the heart of Tao!

Ye Chen and Wang pan are fighting crazily. There are more and more cracks in the Fu Hun tower!

Boom, another big bang!

Grey black sword light, once again collided with golden palm print.

The two have played thousands of times!

It seems that the whole Fu Hun tower will collapse!

Ye Chen stood in the air, gasping violently. Every time he breathed, he would spit out a burst of empty fog. One of his arms was already scarred. At the broken arm, granulation came out slowly. All over his body, there were countless wounds and blood gushed out constantly.

Slow down!

Ye Chen recovery speed, greatly reduced!

In other words, ye Chen is about to reach the limit

If can't recover quickly, Wang Pan's next palm, may want his life!

Can, ye Chen's face, but with a smile, incomparably arrogant, excited smile!

Why?

Because, this time, it is not him who retreats!

At the moment, Wang pan is actually by this sword, mercilessly blasted at the bottom of the tower, and the bottom of the tower was smashed slightly!

Wang Pan Yi Leng seems to have no reaction to what happened.

He lowered his head slowly and his pupils contracted suddenly!

A left shoulder from the right waist, extremely serious, almost cut Wang pan into two sections of the wound, reflected in the eyes! In Wang Pan's eyes, a strong fear suddenly appeared

How could this happen?

After all, how can this happen!!!

Let him fear, is not oneself by Ye Chen cut wound, but, his wound did not heal!

He, however, has the immortal evil spirit body, the eternal robbery immortal existence!

In addition to the spirit of the attack, Wang pan has never been afraid of any martial arts!

Even those who master the way of destruction are the same!

But now, the continuous flow of blood, seems to remind him that ye Chen's sword hurt him!

All of a sudden, Wang pan eyes in a flash of light, realized what!

Ye Chen said with a cold smile: "remember? Wang pan, it seems that you have been using some secret method to burn your body and stimulate your potential. Because the spirit is damaged, your reaction becomes dull, right? You don't even realize that you've reached your limit?"

Now you, vitality, have been seriously overdrawn? No matter how strong the body is, it can't be recovered in this case, right? "

Wang pan, finally afraid!

Really afraid!

For a long time, relying on the immortal spirit to fight against him, now he has lost the biggest dependence, which is more disturbing than the injury on his spirit!

However, Wang pan gazed at Ye Chen, but he stood up strongly and said in a cold voice: "boy, you are the same as me, have you reached the limit? If we go on fighting again, we are all likely to die. How about if we draw this time? Let's leave each other! "

As soon as this speech was said, there was a silence in the Fu soul tower.

Ye Chen, for a moment, was silent!

Wang pan saw this, a pine in his heart, he knew that ye Chen was thinking. As long as he began to think, it showed that ye Chen's heart was also shaken!

This is also a matter of course. As a Wudao demon, Wang pan naturally understood the psychology of Ye Chen, who was even more rebellious than his own talent. They were all destined to achieve brilliant existence. How could they really die here?

The reason why I dare to fight and fight is just because of the immortal Constitution!

Chapter 3514

Wu you and Sha Shen are also shocked by his mind. His eyes twinkle and look at Ye Chen with his head slightly lowered in the air

Ye Chen won't really agree?

If so, it would be too disappointing for them

You know, let go of Wang pan, although Ye Chen also has the opportunity to completely grasp the soul, but Wang pan also got the opportunity to restore the strength of his heyday!

Now is the best time to kill this enemy!

Does Ye Chen spell so many times, finally, because of fear, because of fear and retreat?

Wang pan sneered. He knew that the more he broke through the difficulties, the more precious his life would be!

If ye Chen chooses to fight to the death here, even if he kills Wang pan, in case, will ye Chen's own life be compensated?

For ye Chen, there is no benefit!

On the contrary, if you stop now, ye Chen's harvest from this trip to Juesha heaven will be extremely huge!

But at this time, ye Chen raised his head.

Contact Ye Chen's eyes of the moment, Wang Pan's whole body muscles, suddenly a stiff!

At the moment, ye Chen looks at Wang Pan's eyes, is deeply disappointed!

This strange look in the eyes, gave Wang pan a very bad premonition!

Ye Chen's spiritual power revolves around him at a high speed. He looks down at Wang pan and says: "I didn't expect that the so-called ancient stronghold in foreign countries is just such existence. I said that if you want to kill you, you must be killed! You're such a jerk, you're qualified to draw with me? "

Wang Pan's whole body's blood, will coagulate!

Brain, as if by 100000 heavy hammer, hit the general!

Ye Chen, you are going to fight!?

He roared at Ye Chen: "boy! You are crazy? Don't be impulsive! At this time, you want to fight with me? You know what a great risk you have to take

Is this boy a crazy man who has lost his mind and killed his mind? At this time, we have to fight?

Are you really afraid of death?

Ye Chen smelled the speech and said with a contemptuous smile: "spell? Ha ha, I Ye Chen how can lose to an absolutely safe situation, only then dare to fight, even the courage to fight, have no waste? It's just a little adversity, you're not?

The real man should have been in adversity and kept moving forward! "

Ye Chen, how many adversities have you overcome along the way? How many life and death crises? Fight for life? For ye Chen, it is already a common occurrence!

Originally, he thought Wang pan was a strong man

It turns out to be such a waste!

The next moment, ye Chen suddenly drink a voice: "eat the soul of heaven, butcher God exterminate the world!"

Gray and black sword, cut out again, just like the Star River rolled upside down, magic dragon spit beads!

Faced with this extreme sword, Wang pan trembled all over. Although his noumenon had experienced a death, he did not have a soul!

And in the memory before the war between Wang pan and Sha Shen, he never encountered a life and death crisis!

That is to say, this is the first time that Wang pan faces life and death!

His heart of Tao will collapse under the great pressure!

This This is, real death?

Wang pan trembled, spirit, tend to dissipate!

At the last moment, just reluctantly hit a hand!

Between the gray black sword and the golden palm print, it is like a star exploding, with infinite brilliance, which will submerge the whole Fu Hun Tower!

Wang pan looked at Ye Chen ferociously and said: "in this case, let's escape to hell together! Ha ha

"Hell?" Ye Chen showed a smile, "I am the reincarnation master, who dares to let me go to hell?"

"Ling Feng Shen Mai, open up!"

Ye Chen releases the power of Lingfeng's pulse at the last moment!

Wang Pan's pupil keeps enlarging!

The Lord of reincarnation?

Is Ye Chen the master of reincarnation?

Is not the reincarnation of the Lord of reincarnation?

He came back?

If we look at the whole era of foreign countries and the upper world, some people can step on the peak and call themselves emperor!

Then there is only one person, the Lord of reincarnation!

It's impossible!

And the power Why so terrible!

A moment later, the light converged. In the Fu soul tower, a man with blood all over his body was half kneeling on the ground. It was Ye Chen!

At the moment, the breath of Ye Chen is extremely weak, Wang Pan's last palm really nearly killed him!

Fortunately, he kept Ling Feng's pulse to the end!

Or he will die!

Although it's too wasteful to use on Wang pan, it's more important to survive than anything!

The King Pan of the immortal evil spirit body, who had almost suppressed a world, died under the sword of Ye Chen at last!

However, ye Chen did not put his mind on his injury at all, but his eyes flashed at his eyes, a strange scene! On the top of the evil sword, there are several bloody chains. At the end of the chain, there is a soul wrapped in black gas!

Wang Pan's soul!

At the moment, the soul is dying!

Ye Chen looked at the ghost spirit and said, "master, is this..."

Sha Shen said with a smile: "yes, boy, how can I eat the soul? You don't need me to teach you? "

Eat the soul!

Nature is, devour the soul!

It is not only a kind of strong spirit attack, but also a method to devour spirits!

Wang pan is dead. His body is cut into two pieces by Ye Chen's sword, and his soul is also seriously injured by soul devouring and heaven. He is in a state of being dissipated and is bound by the evil sword!

Evil sword can also devour spirits, but it left Wang Pan's soul to the master!

When Wang Pan's soul heard the speech, his eyes flashed with fear and begged, "please, ye Chen, don't swallow me up, I I'm still useful to you... "

"I will not reveal your identity, you are the wheel..."

Ye Chen smell speech, but smile slightly, not wait for Wang pan to continue to say, direct display devour soul to engulf the sky!

Wang pan is not a person who can stay with him. I don't know when he was calculated by the old ghost who had lived for an unknown period of time. Moreover, although he only separated the soul, there was also an unimaginable power of the spirit in this part of the soul!

For ye Chen, it is an irresistible temptation!

Wang Pan's soul sent out a very sad scream. In an instant, it turned into a black smoke.

Ye Chen's eyes closed, immediately, began refining!

It has to be said that this soul swallowing to the sky is indeed a secret skill against heaven. Ye Chen actually devoured Wang Pan's soul without any side effects in a short time!

A very terrible spirit wave, emanating from ye Chen's sea of knowledge!

Ye Chen opened his eyes, eyes full of joy!

His kung fu is doubled?

That is to say, in the future, every time ye Chen kills a strong man, his spirit power will soar!

However, the evil spirit reminded him: "boy, don't be too happy. If you swallow too many people's souls, you will still be vulnerable to backfire. Even if you want to devour those who have extremely terrible heart demons, you'd better only swallow those who are the strongest."

Ye Chen nodded, and with a sudden move of hand, he put away Wang Pan's body, which was a good thing.

Later, ye Chen asked the evil spirit, "master, Wang pan is dead. What are your plans now?"

Chapter 3515

"I have something important to deal with. I'll leave you for the moment."

Evil spirit said, suddenly a strange smile appeared: "however, maybe, we will meet again soon."

"Now there should be no problem with the seal of Sha Jian, but Sha Jian has spirit. He will match the strength of the sword master. If you enhance your strength, Sha Jian will be able to improve."

"You must not try to control the top state of Sha Jian in advance, the power of counterattack will make you burst on the spot."

"No matter how strong you master Hongmeng ancient method and how strong your body is."

"Evil sword It's more terrifying than you think. "

The figure of the evil spirit disappeared. Ye Chen was not given any consideration at all. Only the warning about the evil sword was left.

Although Ye Chen has many doubts in his heart, the evil spirit says that if he can see you again, he will surely see you again.

At this time, Wu you came over. She hesitated for a few seconds and said, "Ye Chen, how is your injury?"

Ye Chen shakes his head: "not big obstacle."

Wu You exhaled a breath and continued: "Ye Chen, where are you going next?"

Ye Chen thinks of the devil emperor, he must go to the devil's land to have a look!

After going to the land of demons, he plans to go to Jin Shuhui.

Because of the emergency of Sha Jian and Jin Shuhui's injury, he did not disclose the xuanbei of Chinese reincarnation.

I believe that Jin Shuhui should be fully recovered now.

It's not long before the 15 day deadline.

He also wants to return to the kingdom of God to face Xuanyuan Mo Xie and Mo Xueming.

"I'm going to the devil's land."

Wu You Yi Zheng, she flew to foreign countries very early, naturally did not know about the kingdom of God.

But the devil's land is not accessible to ordinary people.

Although the demons can't compare with Wang pan, the land of demons has always been so evil that even some powerful people dare not enter.

And ye Chen wants to go?

"Are you sure?"

"Well."

"In this case, I will accompany you for a while. My blood clan is very keen on crisis and demons."

"Good."

The two figures disappeared in an instant.

.....

Thousands of miles away, tianqingshan.

Sha Shen stood on the top of the mountain, obviously waiting for someone.

His eyes were even a little uneasy.

I don't know how long it took,

the void fluctuated and two figures emerged.

One of the men, eyes in the circulation of blood, a calm breath, but always let people have a thrilling feeling.

It is Ren extraordinary!

And another figure is naturally Ye Lao.

Sha Shen showed a smile, as if relieved: "master, we meet again."

Ren extraordinary nodded: "the ancient war to now, difficult for you."

However, Sha Shen looked serious: "at the end of history, someone has to pay. Only by paying can we create a better era."

Ren Feifan's eyes narrowed slightly and tasted it carefully, then nodded: "maybe, it's just that the situation is getting worse and worse. Now I can't grasp whether this chess game can succeed."

"At the moment, we have a 90% chance of losing."

The expression of evil spirit is frozen in an instant!

"Where is the hope of ten percent?"

Any extraordinary smile, smile quite indifferent.

"You should see the reincarnation Lord."

Sha god suddenly thought of something, slightly surprised, and then nodded: "see."

"The reincarnation master of this life is even more terrible."

"You mean, what level of hope is he?"

Ren extraordinary looked at the void crack in the distance and replied, "he can be 10% hope, or 10% hope."

"He is the key to the game."

"He can be a chess piece, a chess player, or even a maker who controls the rules of a chess game."

Evil spirit set off a storm in his heart!

He knew Ren Feifan at the end of endless years, but he had never seen him evaluate a person so much!

Even those supreme beings!

Is the reincarnation Lord of this life really so terrible?

"Sha, I know you have something to solve, but in the process of solving that matter, pay attention to the Yin and Yang Temple."

"After the fall of the reincarnation master, the secret of yin and Yang Temple disappeared completely."

"To control the Yin and Yang Temple is to control the rules."

When Sha Shen heard the Yin and Yang Temple, his eyes seemed to shoot a golden light! Then he said, "the reincarnation master is still alive. Why not ask Ye Chen?"

Ren Feifan sighed: "his reincarnation is special Moreover, he has guarded the secrets of the Yin and Yang Temple in his last life, and there must be his reason. "

"Sometimes, I don't know what kind of game he's playing."

.....At the same time, the land of demons.

A huge array converges.

The array is full of blood light.

In the light of blood, there is a demon surrounded by blood!

This demon's momentum is too strong!

Strong to a hundred miles of vitality are absorbed by him!

He, it is the devil emperor and the devil without heaven!

Suddenly, a violent wave rippled in the array!

Devil Wutian opened his eyes!

His eyes are extremely ferocious!

Extremely bloodthirsty!

He laughed!

"Ha ha ha ha ha, I succeeded!"

"I succeeded at last!"

"My son, revenge for your father."

"I will drag all those stupid human beings into hell and bury them for you!"

"I want to tell those ants in the kingdom of God that they can't avoid the disaster of extermination! I can't avoid the fear of the devil

"Now, Kingdom of God! Ye Chen! You are all going to die

He stood up fiercely!

The palm of your hand is entangled with that huge array!

Scarlet's killing intention even makes the void fluctuate!

It's terrible to add magic to the array!

The next moment, the devil Wutian left with that huge array!

And the direction he went! The land of hatred!

Kingdom of God!

.....

Half an hour later.

Two waves of void.

A man and a woman came to this land of demons, which continued to be reduced to ruins.

When ye Chen and Wu you come to the land of the devil, they frown together.

Here, it's weird.

The demon emperor is not dead, so there should be a surplus of demons to survive!

But here is only white bone, there is no vitality!

The smell of blood in the air is more lasting.

No you Mou son a congeals, surprised way: "Ye Chen, some is not right."

"There should be a strong array to guard the land of demons, but the array has disappeared."

"And, look at the breath, it should be gone soon."

"It's like someone just took him away."

"There should be a strong one in front of him

"His breath makes me feel uncomfortable."

"In the whole land of demons, no one can have this kind of breath, except for the devil emperor and the devil..."

"But the strength of the devil can't be so terrible..."

"What's going on here."

Ye Chen Mou son tiny MI, the next second, is to use the magic hole bright eye!

He wants to see through everything here!

But!

When the bright eye of Tianmo cave is used, it will be painful!

Crazy pain!

Can't see through!

Chapter 3516

There is even a strong uneasiness in Ye's heart.

I'm afraid the devil emperor will fight against the kingdom of God!

He must return to the kingdom of God as soon as possible!

"Wu you, I want to go to the Shenfeng mountain, and then I will go back to the kingdom of God immediately! What's your plan? "

Ye Chen Dao.

Wu you shook his head: "Ye Chen, I don't intend to return to the kingdom of God. I have something to deal with outside the territory."

"What's more, I'm suddenly a little curious about this land of demons. I want to investigate where the devil emperor has disappeared!"

Ye Chen naturally will not force Wu you, he no longer nonsense, into a golden light disappeared in place.

After ye Chen leaves, Wu You's eyes fall in a direction.

It was a black whirlpool.

The whirlpool is cold and mysterious.

This is where the magic emperor disappeared.

Wu you hesitated for a few seconds, or toward that place.

Her blood seemed to tell her that there was something attracting her!

She stood in front of the whirlpool, without any hesitation, stepped directly in!

The whirlpool is like the mouth of a giant beast, completely devouring the body of Wu you.

Everything returned to calm.

.....

Refining Shenfeng.

Ye Chen saw Jin Shuhui the first time.

Jin Shuhui recovered better than he imagined, and even made a breakthrough in his accomplishments!

"Ye Chen, the matter of Sha Jian..."

Before Jin Shuhui finished speaking, she found that ye Chen's eyes were more serious than ever before.

"What's wrong with Ye Chen?"

Ye Chen's magnetic voice said: "I saw the evil spirit, also went to the land of demons, but the problem of the land of demons is more serious than imagined."

"I may need to leave for the kingdom of God at once!"

"Would you like to go to the kingdom of God with me?"

"Even you may want to go with me to my hometown, Huaxia."

Jin Shuhui was stunned: "Huaxia?"

"What happened?"

Ye Chen no longer hesitated, and handed Jin Shuhui the jade pendant given to him by the eternal king!

When Jin Shuhui touched the jade pendant, she was shocked: "how could it be This jade pendant... "

"It seems that this jade pendant is really yours. Do you know the existence of this jade pendant?" Ye Chen excited way.

Jin Shuhui's eyes seemed to have fallen into a long time. After a long time, she recalled: "at the beginning of my cultivation in the kingdom of God, I met a little girl because of the identity of the guardian. The name of the little girl was also very strange, which was called Brahman heart."

"Brahman is my only friend in the kingdom of God."

"She was also my only talker at that time. She liked to call me Xiaojin and count the stars with me."

"Our friendship was too deep at that time."

"It's just that after getting along for a long time, I find that there is something strange about her."

"She will disappear for no reason, and will appear for no reason. She seems to be able to control everything, as if nothing will happen."

"We agreed to meet under the star tree every year, no matter what."

"But one day, she disappeared."

"I've been waiting for years and years, and I haven't seen it."

"And this jade pendant is our mutual keepsake."

"This one is engraved with my name, and I also have one, engraved with Brahman heart."

With that, Jin Shuhui took out the piece that belonged to her.

is as like as two peas, but on the back is two characters.

"Ye Chen, this jade pendant can feel each other's existence."

"I don't know why you want to find her, but as long as you hold this jade pendant, she will feel it."

Ye Chen accepted this jade pendant. He knew that his trip abroad was a complete task.

"Don't you come back to God with me?"

Since they have such feelings, Jin Shuhui should be more concerned about it!

However, Jin Shuhui shook her head: "I can't go with you. If you want to find her, she will understand when she sees this jade pendant."

"As for why I didn't leave, there was my reason."

Ye Chen Mou son tiny MI, thought of what, open a way: "you are worried about Zhan's revenge?"

This is the only reason why Jin Shuhui can stay.

After all, Zhan's threat is far more than anything!

Jin Shuhui nodded: "the peak master of refining Shenfeng is dead. Now the refining peak is my real home. I can't ignore it."

"But my master and I have asked friends from the upper world to talk about peace. It should be effective."

"I hope my worries are superfluous."

Ye Chen did not intend to continue to demand, offering a herald: "I am now leaving for the kingdom of God, but if the Zhan family moves you, you immediately inform me, I will arrive."

"If they are restrained, it will be a good thing." "If they dare to attack you, I will use all my strength to wipe out the Zhan family!"

With that, ye Chen took out the plate of the eternal king!

He doesn't know when the magic emperor will come to the kingdom of God! He must return to the kingdom of God as soon as possible!

Looking at Ye Chen's disappearing figure, Jin Shuhui murmured: "I hope."

.....

I don't know how long after that, a figure came over the palace of subduing demons in the kingdom of God.

Ye Chen's eyes swept, found that the Fumo hall is still quiet, can not help but breathe out a breath.

It's OK.

How much do you think?

Didn't the demon emperor come?

"Master of the temple!"

A disciple of the Fu demon hall respectfully said.

The temple master disappeared for a long time, but he didn't expect the temple master to appear suddenly.

Ye Chen nodded: "wanshenshan war, how many days?"

The disciple respectfully said: "less than three days, these days, the kingdom of God vision constantly."

"There is a rumor that Xuanyuan ink evil has broken through a lot."

"Master, do you really want to intervene?"

Ye Chen nods. Although he is strong in foreign countries, Xuanyuan moxie and moxueming are not good stubbornness!

Must be in these three days, as soon as possible has the sentiment!

He's going to shut up again!

"These days, I will close down and let me know if there is anything." Ye Chen ordered.

The disciple nodded: "don't worry about the Lord."

"However, after several victories, the hall has gained a great reputation. Ordinary people dare not move the hall, and the demons will not come."

"Hey, hey."

Ye Chen no longer thinks much about it and returns to the chamber of his own, ready to close down!

.....

A day later.

The seventh kingdom of gods, Mount Voldemort.

Ye Chen is still closed.

Because after the World War I with Mo Lingchuan, the son of the demon emperor, many soldiers of the demon subduing hall believed that the demons had failed three times and would not come again. Even some of the soldiers had returned to their ancestral home and set up a statue of Ye Chen, which made Ye Chen a hero of the kingdom of God and the land of Lingwu.

However, there are still some warriors who have stayed. These people are mainly the array mages of the seven kingdoms. Naturally, the reason why they stay is to repair the seal between the kingdom of God and the outside world.

According to Ye Chen's words, if the evil emperor does not appear, the disaster of extermination will not be over completely.

At the moment, several array mages are discussing the specific matters of repairing the array, but suddenly, all of a sudden, all the people on Fumo mountain look up and look into the sky.

Just now, there was a sunny and sunny sky. In the blink of an eye, it was already dark clouds and thunder bursts!

Everyone's eyes, are slightly trembling!

They are quite familiar with this scene

It's the same as the scene before the invasion of demons!

Chapter 3517

The bodies of these array mages can't help shaking. Isn't the army of extraterritorial demons almost destroyed by Ye Chen and others?

Even the son of the devil emperor is dead!

Why, there are demons invading the seventh kingdom?

Is it possible that the most terrifying evil emperor in foreign countries will return!

Immediately, an old man with white hair yelled at a disciple beside him: "hurry up! Go and inform Ye Dian Lord

For the temple master, the whole kingdom of God, large and small forces must obey unconditionally!

In addition to the temple of heaven and the temple of the underworld!

The temple of heaven, the temple of the underworld, and the hall of subduing demons have almost become a tripartite situation of the divine kingdom!

After hearing this, the young disciple immediately took out a token in great anxiety and whispered to the token: "there is an emergency now. It seems that someone is invading the seventh kingdom from abroad."

In the Fumo hall, a disciple in charge of summoning is yawning in boredom. If there is any emergency in the seventh kingdom, he will be summoned here, and this disciple will report to Ye Chen according to the situation.

However, under the leadership of Ye Chen, the seventh kingdom of God has defeated the army of demons outside the territory. The whole kingdom of God is thriving and prosperous. Why are so many accidents?

Therefore, most of the time, this disciple just takes a nap here

All of a sudden, a man's anxious voice suddenly came out from the summons in front of him. At the same time, a light curtain appeared in front of him!

The messenger's face changed. What he saw in the light curtain was the scene of the sky at this time.

In the sky, dark clouds, a space crack, slowly opened, accompanied by strong wind and lightning, appeared in the picture, is a blood red figure!

The moment that the summoning disciple saw the figure, he stepped back several steps in succession, and his scalp would crack in horror!

This This figure is very similar to the son of the devil emperor!

Just as the summoning disciple was about to enlarge the light curtain and look more carefully, the bloody figure suddenly waved his arm. At the next moment, the picture was blurred, and even the communication token was broken!

.....

On the Fumo mountain, the devil Wutian looks extremely gloomy. He smashes all the people in front of him as soon as he makes a move. These array masters are not good at fighting, let alone facing the devil Wutian, there is no one who can stop the seventh divine Kingdom except ye Chen!

Demon Wutian's eyes swept around, and the fire of hatred was burning wildly. His son and countless people were buried here!

Even though the war has been over for some time, but now he is on the mount Fumo, he can still hear the screams of the clan people and feel their despair and unwillingness before they die!

Magic without heaven, crazy!

In the black whirlpool, he has endured countless torments. The mind of the devil has already been quite unstable. Now he is a madman who does not know his fear, and only has revenge in his heart, and can only vent his anger!

"Blood!"

The devil Wutian roared: "I want you to use blood to extinguish my anger! In memory of my son's death

At the next moment, magic Wutian's wrists moved, and several bloody streamers were shining in several directions of the kingdom of God. The magic determination in the hands of the devil was constantly changing. The nearly infinite surging spiritual power was surging wildly and pouring into the streamer!

Soon, countless inscriptions, constantly turning, faintly formed a huge array!

But that shoots out several blood light, looks carefully, is astonishing is several heart!

That's the heart of the demons of all ages. At the same time, it's also the core of the array of blood evil spirits, which protects the stars inhabited by foreign demons!

Demon Wutian has brought all these array cores directly!

In other words, the foreign bloody evil battle array has been destroyed

It can be seen that the devil has been desperate for revenge!

Even the last fire of the demon clan was abandoned by him!

"Once this anti bloody evil formation is completed, the whole kingdom of God and the land of Lingwu will be evaporated in an instant, right? Hehe, ye Chen, you killed my son and killed the demons. I want you to taste the loss of your relatives and your kindred! "

As soon as the voice fell, a condensed blood light was suddenly emitted from the hearts of several demon emperors, and these blood lights were all in one place!

With the sound of purring and purring, devil Wutian snorted, and the blood light from the devil emperor's heart was all gathered on the devil's heart!

The array attainments of demon Wutian are really terrible. He actually takes his heart as the array eye of the whole anti blood evil array!

The moment that the blood light shoots into the heart of the devil, its original, then incomparably strong breath, actually began to rise!

Become the eye of the array. If the anti blood evil array is really completed, the devil heaven will obviously burn out because of the big array, turn into endless energy, and evaporate the whole kingdom and spirit force. However, the devil Wutian, who lost all hope, did not care about death!

It can even be said that death, for him, is a kind of liberation!

Mo wudian said with a cold smile: "this big counter bloody evil array can not only destroy the kingdom of God in an instant, but also enhance the strength of the original one who is the eye of the array. As long as I don't die, this anti blood evil array will never be broken before it is completed!

Hehe, ye Chen, even if you can survive in the power of the anti blood evil array, it's just you! Since you can fight for the seventh kingdom of God, you must be a person who attaches great importance to love?

For you, it must be ten thousand times more painful for you to live only by yourself than to die under the great array of powers

.....

In the hall of subduing demons.

At this time, outside the chamber of secrets, came an anxious cry: "not good! Master ye, the event is not good! "

Ye Chen frowned. He could hear that the voice came from the messenger disciple.

Under normal circumstances, this preaching disciple will never disturb himself in the seclusion. It seems that there is a very urgent situation!

However, ye Chen's look is not too heavy. Now he has enough strength. In addition to Xuanyuan moxie and moxueming, there should be no trouble he can't solve in the seventh kingdom of God!

The next moment, ye Chen body shape flash, then appeared in front of the disciple, looked at him and said: "what happened?"

The disciple quickly took out the broken token and pinched the formula with both hands. The fragment of the token flashed and a curtain of light appeared in front of Ye Chen.

See in the light curtain, emerge that blood red figure, even ye Chen, also is pupil a shrink!

Chapter 3518

Just when ye Chen was ready to ask what, a wave of energy containing boundless evil spirit, evil spirit, blood and other negative breath suddenly swept the whole kingdom of God!

Sensing the wave of Ye Chen, the whole body, is a burst of stiffness!

The original face of a touch of indifference, in an instant, gone!

He knew that there was a huge array, which at the moment had covered the whole kingdom of God and the land of Lingwu!

Ye Chen, who practices the God of destruction, feels the incomparable power of destruction from this array!

If this array is completed, the whole kingdom of God and spiritual weapons will be destroyed under the power of terror!

Ye Chen again looked at the blood red figure in the light curtain, and his look was extremely gloomy in an instant!

Obviously, the Wuji real devil appeared in the picture is the culprit of the array!

Immediately, ye Chen's figure flashed and disappeared in front of the preaching disciple!

On Mount Fumo, in the void, there is a man who appears here.

Demon Wutian looks at the young man who suddenly appears. In his eyes, there is a touch of joy!

Ye Chen!

Even if the devil has never seen Ye Chen, but when ye Chen appears in front of him, he instantly recognizes the murderer who killed his son!

Why?

Because, ye Chen's body, entangles innumerable evil clan's resentment!

Even, vaguely, he heard his beloved and proud child, that unwilling, shrill scream!

The reason why devil Wutian will be ecstatic, the reason, is also very simple!

If ye Chen can't hide, the devil Wutian is not sure to kill him with the anti blood evil array. After all, the one who can defeat his son must be the existence of extremely evil spirits!

Even if Mo Wu Tian doesn't have to preside over this array, if ye Chen wants to hide and escape, it will be extremely difficult for him to find him!

But ye Chen appears in front of him, everything is different!

He has no heaven. He can avenge his son with his own hands!

How can we not be overjoyed?

And at the moment, ye Chen's face is also a cold, he hates most, is others with their own relatives, the life of the same clan, threatening themselves!

Although the devil didn't send any news to him, his behavior, however, made this threat to the extreme!

Even if ye Chen, again indifferent, at the moment his blood, also has been boiling with anger!

At the next moment, ye Chen turns his wrist, and the evil sword falls into his hand. A layer of flame covers Ye Chen's body. The destruction Shinto surges in his body. The supernatural spirit is surging in his body. The mietian sword formula is applied. Even the six samsara method that he has just mastered is integrated into the meaning of the sword!

Do your best!

Ye Chen, in his rage, did not even say anything, so he did his best!

Reincarnation xuanbei's divine veins are all sacrificed!

All kinds of ancient methods gather together!

On the evil sword, the soul swallowing rhyme fluctuates together, and a gray and black sword awn, like the God of destruction thunder, suddenly appears, towards the demon Wutian, bombarding away!

However, a sword out, but not the end, on the contrary, just a beginning!

At the moment, ye Chen's eyes, gazing at the demon Wutian, are incomparably dignified!

Originally, he thought that he had become invincible in the kingdom of God, but when he faced the devil, he was shocked!

Very strong!

The strength of the devil has reached a frightening level!

Originally, the devil Wutian had more strength than his children. Now, with the blessing of the anti blood evil array, he has the combat power comparable to the nine layer heaven strong man in the holy ancestral land!

Although the devil Wutian, who has become the eye of anti blood evil spirit, is doomed to die. However, before the complete completion of the array, the improvement of its strength is also extremely terrifying!

Even the extremely strong Mo Xueming and Xuanyuan Mo Xie on the day of the Shishi killing meeting may not be able to fight against the devil Wutian!

However, the strength of the other side is not what worries Ye Chen most

The most important thing is, this time, time is standing on the side of the devil!

In the face of Xuanyuan Mo Xie and Mo Xueming, ye Chen can rely on his own vitality to support, can face the devil without heaven?

Ye Chen, you can't drag it down!

If you can't defeat the devil Wutian before the formation is completed, it will be meaningless!

It is not difficult for him to survive under the power of the anti blood evil array

But what about his woman?

What about his master and his classmates?

If ye Chen could leave them behind, he would not have helped the kingdom of God resist the invasion of demons.

After the supreme sword is cut out, ye Chen grits his teeth and forcibly runs his spiritual power. Under the cover of the grey and black sword, he rushes towards the demon Wutian and rushes away!

Mo Wu Tian, as an eye of the array, has limited space to move. Ye Chen should take advantage of this advantage to get close to the side of Mo Wu Tian and exert his attack power to the extreme! At the moment, the devil has no day, but his face is full of fun. He is not worried at all.

However, in the face of Ye Chen's sword, a pair of blood eyes, or inevitably flash a trace of surprise!

He knows Ye Chen is very strong, but in the eyes of Mo Wutian, ye Chen probably has the strength of the middle period of the holy ancestral realm

But now ye Chen's sword is clearly enough to threaten the existence of the later period of the holy ancestral realm!

Moreover, with the eye power of the devil, you can see that this sword not only uses a sword technique which tends to the extreme, but also integrates the ancient Hongmeng method and the destruction Shinto, and even with the great power against the heaven!

Even from the perspective of the vision cultivated by the devil Wutian, ye Chen's sword is the only powerful one in his life!

But

Strong, so what?

If the former devil Wutian, even if he had the strength of the holy ancestral realm, he would have to spend some hands and feet in the face of this sword. But now, he has the blessing of the heart of the demon emperor of all ages!

He is not a man in the fight, but represents the glory of the extraterritorial demons, in the fight!

The whole body of demon Wutian is full of blood evil spirits. The array is flashing and boundless power. In an instant, it pours into the body. A very evil long sword, which is surrounded by blood light, appears in the hand of devil wudian!

The vast demons burst out from the evil long sword, turning the world of Fumo mountain into a sea of evil Qi!

Although the evil Qi is much smaller than that released during the first World War of the devil Wutian, its coverage is much smaller. In terms of purity, it is more than ten thousand times that of that time!

I'm afraid that some of them will be powerful in the ocean, and some of them will be powerful in the world!

This evil long sword is also a treasure of the town. Its power is not under the previous big sword of magic fire. It is even more powerful in the hands of demon Wutian!

At the next moment, the sword in the hand of the devil Wutian trembles, and the magic sword formula is displayed. In a flash, it seems that it has flashed thousands of times!

Chapter 3519

Countless bloody swords are surging out. They interweave with each other and form an extremely complex array. After tens of thousands of bloody swords constitute the sword array, the void around the array begins to break up madly!

The whole kingdom of God is in endless turbulence in this sword!

The power of this sword is unparalleled!

Even ye Chen's thrilling sword, in contrast to this sword, seems to be inferior to it!

Finally, gray and black sword, and the bloody sword array, bang ran into each other!

The two kinds of terrorist forces are rolling against each other in the void. The aftershocks shake the whole kingdom of God. Countless warriors have a suffocating feeling when they feel the aftershocks!

That is the instinctive reaction when you feel the power far beyond your own level!

After shattering the vast void, ye Chen and the devil Wu Tian sent out this blow, unexpectedly let Ye Chen fall down!

A mouthful of red blood spit out!

It's so powerful that it doesn't work?

Ye Chen forcibly swallows some pills and disappears in the public's sight again!

And then appeared near the devil Wutian!

In a flash, there was an extremely concise light on the evil sword, and the power of destroying the Shinto and devouring the soul also broke out completely. The cold light in Ye Chen's eyes flashed, and a sword was chopped at the neck of the possessed Wutian!

This sword, ye Chen wants to do everything possible to hurt the devil Wutian!

At present, he can only fight against the eight layers of heaven in the holy ancestral realm at most! But it's not enough to face the devil!

At this moment, the devil seems to have just reacted to it. He looks frightened. In a panic, he waves his sword to resist it!

But at this time, the evil sword, suddenly spread a spirit wave, a woman's voice, appeared in Ye Chen's mind.

Xuanhanyu yelled: "Ye Chen, be careful, get out of the way! He's teasing you. "

Ye Chen smell speech, look suddenly a change, careful?

Why?

If his sword is cut down, can't the devil be hurt?

Although he was puzzled, out of his trust in xuanhanyu, after a moment's hesitation, ye Chen was ready to bite his teeth and forcibly reversed the attack of the sword at the cost of being wounded and fled to the left side!

But in this moment's delay, ye Chen's evil sword and demon Wutian's evil and strange long sword, finally, had a collision!

Time and space, as if there is a moment of stillness!

It seems that the bloody sword array played out under the panic of demon Wutian, but in an instant, it blooms with incomparably dazzling blood light!

Under the collision between the sword and the bloody sword array, the sword fell apart at a very fast speed!

Ye Chen is defeated again!

A loud, earth shaking noise!

Ye Chen's face changed wildly in an instant. In the bloody sword array, a raging energy which is hard to match even with his current strength has broken out!

Under the impact of this sword, ye Chen's whole body seems to have been hit by a huge hammer, and the shell flies backward, hitting one of the ruins of Fumo mountain!

Collapse!

Even the ruins are completely collapsed!

At the moment, ye Chen's whole body is covered with blood, and there is blood gushing out of his mouth. There is a hole in one side of his chest, which is thanks to the reminder of the sword soul

Otherwise, the one that is broken now, I'm afraid, is Ye Chen's head!

Although, with Ye Chen's terrible vitality, not really so dead, but, the head is broken, even for ye Chen, it is not a small injury.

In that case, I'm afraid the end of the battle will be settled!

Ye Chen looks at the sky, with a sarcastic color of the devil Wutian, looks extremely dignified

Just that sword is the real strength of the devil Wutian?

This person's combat experience is too rich!

However, it is not only this that really makes Ye Chen feel pressure

Demon Wutian, clearly hurt by the suppression of the rules of the kingdom of God, why, can you do your best?

At this time, the devil Wutian in the sky sneered and said, "Ye Chen, you really let me be surprised. Destroy the Shinto, the ancient method of Hongmeng, and the magic weapon that is comparable to the source soldiers? Hehe, no wonder my son will be defeated by you. No wonder my family will be defeated by you... "

But here, the devil Wu Tian's look suddenly ferocious, roared: "but! Do you think that you can defeat me with this? Ha ha ha ha, damned trash, do you know what kind of torture I endured in the black whirlpool to kill you? Your martial arts, although strong, but want to shake the spirit of my God, ha ha, not enough, far from enough!!!

My Lord, I will use your blood, the blood of countless living creatures in the whole kingdom of God and the land of Lingwu, to commemorate the dead of our family and my son

In the black whirlpool, the body and the spirit are constantly torn, and relying on some mysterious power in the whirlpool, they are reluctantly restored, and repeatedly carry out this process, so that their spirits and bodies are extremely tough!As a result, although its spirit was injured, it did not waver!

Ye Chen's heart sank completely, such an opponent, it seems that there is no flaw at all!

Looking at Ye Chen's look, in the blood eyes of demon Wu Tian, a ray of light suddenly flashed and said: "Ye Chen, are you so frustrated that you think you can't defeat me? Hehe, in fact, although I can't let you go, I can do it if I let go of the whole kingdom of gods and the land of Lingwu... "

At the moment, the devil has no lack of time and no lack of time. How can he miss such a good opportunity to ridicule the human beings he hates deeply?

Ye Chen recovers the wound crazily and stares at the devil Wutian coldly. He still has the ability to fight. However, ye Chen knows that it is useless to fight like this. He can't kill the devil Wutian before the anti blood evil battle array is completed!

So, he seized every opportunity to think!

Seeing ye Chen silent and smiling, Mo Wu Tian said more playfully: "Ye Chen, if you really think about your fellow members, now, kneel in front of me, destroy your meridians and elixir fields, and dig out your heart. Then, kowtow and apologize to my son and all the demon soldiers, and I will stop the operation of this array, OK?

After all, I don't want to die after the revenge. "

For a moment, ye Chen stood in the same place without saying a word, as if he was really thinking about the proposal of magic heaven!

The color of cruelty in the eyes of the devil is stronger.

Let go of the Terrans?

Hehe, how could that be possible!

If ye Chen really does, he will not be in a hurry to extinguish his spirit after destroying his body. Instead, he will witness the destruction of the kingdom of God and Lingwu in his most powerless state!

Is Ye Chen thinking about the proposal of demon Wutian?

Of course not!

How can ye Chen, who has the martial spirit of Lingxiao, leave the fate of his compatriots to others to decide?

Even if you want to sacrifice yourself, ye Chen will choose to explode!

With Ye Chen's self exploding power, although not 10% of the grasp, but there is a great chance to die with the devil Wutian!

Of course, this is the last resort

In Ye Chen, constantly thinking about tactics, xuanhanyu's voice suddenly rings out in Ye Chen's mind!

"Cracked!"

Chapter 3520

"Cracked!"

"Well?" Ye Chen's eyes flashed: "xuanxianzi, what cracked?"

Xuanhanyu said with a trace of joy: "boy, you are lucky. This array is an array that reverses the power of blood evil spirit and evil spirit, and breaks out the vanishing power. This kind of energy array similar to destruction is very familiar to our palace."

When ye Chen heard the speech, he was overjoyed and said, "so, can Xuan Xianzi crack this array?"

If xuanhanyu has the ability to crack the anti blood evil array, it will be easy to do. If he loses the blessing of the big array, the strength of demon Wutian will be greatly reduced. In addition, with the limitation of the rules and the injury of backfire, it may be his own opportunity!

Moreover, under the protracted war, with Ye Chen's current vitality, the extraterritorial demons, even the magic emperor, can't be compared with them at all!

Xuanhanyu snorted: "crack this array? Ye Chen, what are you thinking? This day, the demon clan's attainments in the array are not low at all. In the present state of our palace, how can it be so easy to crack?"

You don't want me to instruct you to crack and so on. Basically, it is impossible to do so. The best way to crack the big array is to defeat the demon clan who is the eye of the array! "

Ye Chen couldn't help asking, "what does the mysterious fairy mean by cracking it?"

Xuanhanyu said with a smile: "the solution we're talking about is to find a way to absorb strength from this big array. You spent too short time outside the territory before, and our palace's strength has not been fully recovered. However, with this array, it's different. Ye Chen, this battle, you can win! As long as you get time to recover for this palace, you can win!"

Now, what you have to do is to fight with the devil Wutian, fight to death, and fight unremittingly for a moment! It's impossible for him to notice that the palace is absorbing great energy! "

"Then I'll do it, and put a trace of your reincarnation into your body! This is your only chance to win

Ye Chen smell speech, eyes, suddenly burst out a burst of startling war!

He has to delay!

I can't defeat the devil now! It is absolutely impossible to win the disaster!

But someone can!

Mysterious sword soul Xuanhan jade!

Xuanhanyu's horror is the arrangement of the reincarnation master of the last life!

The reincarnation master will not arrange such a strong person for no reason!

Moreover, ye Chen has reason to believe! Xuanhanyu may know the mysterious Ren!

Mo Wu Tian sees Ye Chen's intention of war in his eyes and snorts coldly. It seems that he can't see the waste and destroy himself?

Well, then, child, let's be a father and do that for you!

"Oh! Come on! How about it! Boom! Baa! Moo! Oh! Boo

"Silence fahua!"

"Destroy Shinto, open!"

"Six ways of reincarnation!"

Ye Chen's whole body is wrapped with powerful brilliance!

His breath soared! The crazy passage of Aura!

"Ling Feng Shen Mai! Ancient poison pulse! Long Yan Shen pulse! To dark pulse! Red dust God pulse!
Open it

In Ye Chen's body, blood seems to wake up!

Ye Chen wants to use his limit.

But that's not enough!

Not enough!

What he is facing is not the magic emperor!

Ye Chen looks at the reincarnation cemetery.

At the moment, the three ancestors of Huangquan stood in the center and gazed at Ye Chen.

The power of the Seven Saints of heaven in the first battle of refining Shenfeng outside the territory was too great, and it has not been restored.

At present, the third ancestor of Huangquan is the only one who can do it.

Before Ye Chen opened his mouth, the three ancestors of Huangquan looked at each other and finally nodded their heads!

The next second, three people surging out of a road of yellow spring power, converged to Ye Chen's body!

"This time, we three will transmit most of our power to you, and we do not want the kingdom to be destroyed."

"You may be the only hope."

Ye Chen's eyes moved!

The three great powers pay, as well as the strength of the three people gathered in the body! It's a great feeling!

Ye Chen's strength at the moment has changed dramatically!

Although there is a time limit, this is his only chance!

At the next moment, ye Chen burst into a drink. On the evil sword in his hand, the gray and black light was shining. At the moment, the terrible wound on his chest had recovered as before!

The next moment, his body shape a flash, then again toward the devil Wu Tian rushed, Sha sword crazy cut!

The devil has no day blood eye a cold, he found that the breath of Ye Chen has broken through repeatedly!

It's obvious what secret was used!

But is there really a secret method in the world that can enhance so much strength?

Fantastic!

Don't think about it any more! The bloody sword array reappears!

The wave of annihilation covers the area of Fumo mountain. The next moment, the sword awn and the sword array collide again!

The ending is the same as before. Even though ye Chen has prepared in advance and has the strength of many strong men, he takes a defensive position while attacking. He does not confront the bloody sword array, but!The sword awn that it cut out still only supported for a moment, then it was crushed. Ye Chen was blown away by the powerful force of the sword array, and several ferocious sword injuries appeared in his abdomen!

Demon Wutian sneered. Hehe, you use the technique to improve your strength for a short time. Do you think it's effective?

It's just a meaningless struggle!

Looking at Ye Chen's scarred face, he has a look of great pleasure in his eyes!

How unhappy can you torture your enemies?

He was even reluctant to kill Ye Chen!

Yes! Even though he was injured, ye Chen didn't stop at all. He roared again in his mouth and carried his sword again!

Demon Wutian even more disdains to smile!

Going all out?

Ha ha, think as long as you work hard, you can have any change?

Too stupid, but to let themselves, more miserable, even the last chance to escape!

To tell you the truth, if ye Chen is in a bad situation and wants to run away, demon Wutian, as the eye of array, can't pursue him at all. However, ye Chen is going to fight hard now?

Then, death is doomed!!!

Boom, boom, boom

Ye Chen is constantly attacking the devil Wutian, and he is constantly bombarded by the sword array of demon Wutian. His injuries are becoming more and more serious. Even with his anti heaven vitality, he can't keep up with the recovery. As a result, ye Chen's breath becomes weaker and weaker!

"Ha ha ha ha ha!"

Mo Wutian laughed wildly. Looking at Ye Chen, who had been transformed into a bloody man with unimaginable serious injuries all over his body, he joked:

"this kind of dead dog that has been trampled on is suitable for your people? Ye Chen, after you defeated the army of demons, you must be very happy, right? You must think that you have created a miracle. Even in the outer world and in the upper world, you can shine brilliantly, right?"

Originally, you may be able to do it, but it's a pity that you did something wrong! "

Ye Chen hears the speech, unexpectedly did not continue to attack!

But gasping, looking at the devil Wutian, he said for the first time: "Oh? What did I do wrong? "
