

Physician 3541

Chapter 3541

"You madman

Xuanyuan Mo evil angrily scolds, condenses the weak strength which just cultivates, suddenly claps out.

"Star emperor's big handprint!"

The mighty star emperor's mighty spirit surged up, and the violent star emperor's fingerprints seemed to crush the sky and smash them to the golden light.

"Bang!"

The golden light disintegrates, and the star emperor's big handprint also explodes, but at this moment Xuanyuan ink evil is again.

One hundred thousand flying swords suddenly flew out, as if to cut the sky and the whole world. They swept towards ye luo'er with incomparable roaring and killing spirit.

Now, if he does not fight with xuanmo, he must be killed!

The torrent of the flying sword that destroys the heaven and the earth sweeps across. Ye luo'er realizes the violent power among them, and his face changes slightly. He suddenly drinks!

"Heaven punishment five Jue array!"

One after another, the chains of heaven and punishment rose up and burst out the breath of natural disasters that destroyed the heaven and the earth, and rushed to the torrent of flying swords.

"Boom

The terrible shock broke out in an instant, and the whole passage was shocked. There were many places that burst, revealing the vast void outside the channel.

The terrible impact swept over, Xuanyuan ink evil root could not resist, and was directly hit and flew out.

"Cough..." Xuanyuan Mo evil coughed up a mouthful of blood, and his face was very pale. He didn't expect ye lu'o'er's strength to be so strong. His all-out outburst in the state of serious injury could not win ye lu'o'er.

On the other side, ye lu'o'er is not well. Xuan Yuan Mo Xie's magic power is powerful and powerful, and she is also very difficult to resist. At the moment, her dragon scales are broken, blood is dripping and her breath is disordered.

"Why did you kill me?"

Xuanyuan Mo Xie looked at ye lu'o'er and asked reluctantly. The miscellaneous dragon suddenly appeared here. He had a big fight with each other and made him want to vomit blood.

Originally, he was beaten by Ye Chen and others and ran away in confusion, and lost an arm. Xuanyuan moxie felt extremely ashamed. Now he met ye lu'o'er, a man who fought indiscriminately. He was angry and spewed out a mouthful of blood.

"Why? Because you are a nuisance

Ye lu'o'er said coldly, this is not an excuse, but she felt disgusted from the bottom of her heart when she saw Xuanyuan Mo Xie. She just wanted to tear Xuanyuan Mo Xie alive. She didn't understand where the impulse came from, but she didn't resist it.

"Damn it!"

Xuanyuan ink's face was green and red. He didn't provoke the other party at all. How could it be annoying.

At the moment, Xuanyuan Mo Xie feels ye lu'o'er's fierce and incomparable killing opportunity, and knows how much ye lu'o'er wants to kill himself, and the conflict between them can not be reconciled.

"You forced me to do all this!"

Xuanyuan moxie suddenly roared, like crazy, Chongguang Shenxia palace suddenly flew out, hanging on his head.

"Chongguang Shenxia palace, sacrifice!"

Xuanyuan moxie wants to learn from Mo Xueming to sacrifice Hongmeng's treasure at the moment. He doesn't pay attention to the terrible repercussions caused by sacrificing the treasure. If he doesn't do so, he will surely die!

When ye lu'o'er saw Xuanyuan moxie offering sacrifices to Chongguang Shenxia palace, he felt a terrible sense of crisis and realized that Chongguang Shenxia palace seemed to be very important to him.

Now that Xuanyuan moxie wants to sacrifice Chongguang Shenxia palace, ye lu'o'er is furious and doesn't give Xuanyuan moxie a chance to sacrifice.

"Die!"

Ye lu'o'er roared, and the fierce heaven punishment chain shot out suddenly, and the nine dragon god fire cover also exploded to kill, and the divine fire that destroyed the heaven and earth came in an instant!

"It's you Xuanyuan ink evil see Jiulong god fire cover heart shake, he recognize this treasure!"

But at the moment, ye lu'er doesn't pay attention to Xuan Yuan Mo Xie. The heaven punishment chain directly penetrates the void and kills violently.

The breath of natural disaster that destroyed everything swept in. Xuanyuan moxie's face was so dignified that he had no time to sacrifice to Chongguang Shenxia palace.

"Star emperor's big handprint!"

Xuanyuan ink evil condenses the last trace of strength of the whole body, and once again urges the infinite star emperor's magnanimous spirit, the fierce incomparable star emperor's big handprint roars down from the sky.

"Bang bang bang!"

At this moment, the whole passage was impacted by the fierce battle, like a ragged bag, with holes everywhere, and endless nothingness overflowing in.

The star emperor's fingerprints and Tianxing chains collided with each other, and the violent impact swept through again.

However, the fire of Jiulong has already arrived and landed on Xuanyuan moxie.

"Ah

Xuanyuan Mo evil screamed repeatedly. At the moment, he had no ability to resist, and he was heartbroken by the divine fire.

However, Xuanyuan moxie was also ruthless at this time. He knew that it would be a dead end not to sacrifice Chongguang Shenxia Palace at the moment. He even forced to sacrifice Chongguang Shenxia palace with endless divine fire.

"You hybrid dragon, when I sacrifice to Chongguang Shenxia palace, I will certainly cramp you and strip your skin and torture you to death!" Xuanyuan ink evil roar repeatedly, the body was burned by the divine fire into a black shape, there is smoke floating up.

Ye Luo'er obviously didn't expect Xuanyuan Mo Xie to be so crazy that he even forced to sacrifice with the divine fire.

The body of Xuanyuan Moxie is also strong enough. If you are a normal person, the fire will turn into fly ash. However, Xuanyuan Moxie can persist in the fire for such a long time.

Ye Luo'er's Long Tong's cold light suddenly appears. She knows very well that if Xuanyuan Moxie successfully sacrifices Chongguang Shenxia palace, then she may not be the opponent of Xuanyuan Moxie.

"Let's see who's crazier!"

Ye Luo'er burst into a rage and rushed to Chongguang Shenxia palace. At the moment, Chongguang Shenxia palace is shaking violently. There is Hongmeng gas spilling out and it is about to be sacrificed successfully.

If the sacrifice is successful, the strong trapped inside will be in danger!

"What do you want to do?"

Seeing Ye Luo'er's movement, Xuanyuan Mo Xie quickly speeds up the sacrifice.

"Roar!"

At this moment, Ye Luo'er roared and opened his mouth. The fierce golden God Awn swept out and immediately wrapped up Chongguang Shenxia palace.

"Take it

Ye Luo'er unexpectedly swallowed Chongguang Shenxia palace into his stomach. Seeing this scene, Xuanyuan Moxie was stunned instantly.

"You, you crazy dragon!"

Ye Luo'er swallows Chongguang Shenxia palace, and Xuanyuan Moxie immediately realizes that his connection with Chongguang Shenxia palace is blocked. No matter how he urges him to do so, he is totally crazy.

Chongguang Shenxia palace is the most important treasure of Xuanyuan Moxie. Ye Luo'er swallowed it so much that he could not accept it.

"You die for me!"

Xuanyuan Moxie roared, his blood and blood were burning wildly, and the violent breath of heaven swept out. At this moment, he even overdraw his vitality and wanted to kill Ye Luo'er.

The atmosphere of destroying heaven and earth swept out. Xuanyuan Moxie held the sword of killing immortals. The terrible source air current turned out and stabbed Ye Luo'er fiercely.

Chapter 3542

"Since you want to die, I will help you!"

Seeing the Xuanyuan ink evil coming, Ye Luo'er's eyes flashed a sharp and extremely strong supreme killing intention.

Xuanyuan Moxie was seriously injured, even if it was overdrawn, he couldn't get too strong power, which could not be compared with the full state.

But at the moment Xuanyuan ink evil was gas faint head, has been completely crazy, regardless of the killing over, just gave ye lu'o'er a chance.

"Die!"

Ye lu'o'er roared and urged the Tianxing chain again. The natural disaster breath was fierce and incomparable. The breath of Ye lu'o'er was also a little decayed, but it was much better than Xuanyuan moxie!

"Boom

The heaven punishment chain suddenly pierces through, and the natural disaster breath of destroying heaven and earth collides with Zhuxian sword, which breaks out in a moment.

But the next few days of punishment chain is suddenly stabbed into Xuanyuan Mo evil body.

"Hiss!"

"Bang!"

Xuanyuan ink evil body was suddenly pierced, containing endless aura of blood spray, the whole person was directly nailed on the channel by the heaven punishment chain.

However, the ferocious power of the heaven punishment chain is too strong, and even the channels are pierced directly, and the terrible endless void emerges in front of us.

Xuanyuan moxie was extremely miserable at the moment, and his breath was withered to the extreme. He was dying, and he also woke up from the rage of losing Chongguang Shenxia palace.

At the moment, I found that the passage was broken, and there was an endless void below. Suddenly, a touch of madness flashed in Xuanyuan's eyes.

Staying here is death, falling into the void is also a life of death, but at least there is a chance of life. If you are lucky enough to survive, you can just get rid of xuanjiyue. It depends on my own life whether you are dead or alive!

Xuanyuan moxie made up his mind and exhausted his last strength. He suddenly raised the sword of killing immortals. With one sword, he cut off the chain of punishment and then fell into the endless void outside the passage.

The most worrying thing about tearing up space is that the passage will be destroyed and fall into the endless void, because no one can be sure where it will fall, and there are so many dangers in the world. If you enter any hopeless situation, you will surely die.

And ye luo'er sees Xuan Yuan Mo Xie falling into the void, and then conceals it.

After all, there are countless dangers in the void. Xuanyuan moxie is on the verge of dying at the moment, and falling into space is almost inevitable. Ye luo'er doesn't need to take risks for him.

"Hum." A cold look at the broken channel, ye Luo Er's eyes flash, Xuanyuan Mo heresy that this channel is to go to the upper bound to meet xuanjiyue, she has no interest.

The next second, ye luo'er is ready to leave this dilapidated passage, but a roar sounds.

"You dare to do me wrong! Look for death

A virtual shadow suddenly appears in the passage. The virtual shadow is as high as ten thousand feet, like the Supreme Master. The imperial power that destroys the heaven and destroys the earth is swept by. Ye luo'er's Qi and blood are suppressed for a moment and can't be mobilized at all.

"Xuanji moon!"

Ye luo'er's eyes vibrate, and endless murders are springing up. No matter where the other party is sacred, if you dare to attack her, even if you are the master of all ages, you have to pay a price.

"Damned evil dragon, dare to resist!"

At this time, xuanjiyue's huge virtual shadow roared, and suddenly stretched out his hand to bombard ye luo'er.

The breath of destroying heaven and earth burst out. At this moment, the whole passage was smashed. The incomparable power swept through, and no God suppressed it. It was as if it was going to wipe out the ages and erase yelol from the world.

"Die for me!"

Xuanjiyue yelled angrily. On the huge palm of the virtual shadow, countless magical runes were lit up, and the terrible power of suppressing the heavens came!

The terrible palm of the hand that destroys the heaven and the earth suddenly comes, and the terrible power of suppressing the heavens and destroying the world comes, and everything along the way is crushed into nothingness.

In front of this palm, ye luo'er felt infinitely small. Under this palm, ye luo'er felt like a mole ant, and could not lift any waves.

"Bang bang bang!"

Ye luo'er is like a lonely boat in the sea. The Dragon scales on her body are even inch by inch cracked and shed countless golden blood. The crisis of death covers her.

"Hum..."

At the moment when ye luo'er was about to be hit by the giant palm, countless blood in her body was boiling and shaking, and the power deep in her blood was suddenly awakened.

"Who is so brave?"

A roar resounded from the sky, and the infinite power came out. A terrible figure like destroying heaven and earth rose behind ye Luo'er.

This figure is permeated with the breath of endless natural disasters, as if the Supreme Master of all disasters, tyrannical and unruly.

With a roar of rage, the power of destroying the sky and the earth swept wildly. The terrible sound wave even directly smashed the palm of Xuanji's moon shadow, and the boundless Hongmeng Qi cracked.

On the sky, the shadow of Xuanji moon showed a look of great fright. Looking at the terrible voice, she was shocked. "What kind of person is ye Luo'er? There is such a terrible existence in his body!"

Xuanjiyue's eyes were horrified, and now the virtual shadow has looked at her.

The virtual shadow is covered by endless source gas, and the vast breath seems to be above the heaven and the world, dominating the world and destroying the heaven and earth. It is hard to see the true appearance of the virtual shadow.

"How dare you do it to her?"

Xu Ying looks at Xuan Jiyue coldly, and says in a cold voice. The next moment, without waiting for Xuan Jiyue to speak, she suddenly bursts out.

This palm, simple to the extreme, is a pure palm, but the power contained is also terrible to the extreme, as if all the forces of heaven and earth converge on this palm.

"Boom

The sky and the earth split, and the universe seemed to be overturned under this palm. The shadow of Xuanji moon changed greatly, and suddenly burst out endless great power, which destroyed the heaven and the earth.

Xuanjiyue gathers all her strength, and the fierce imperial power sweeps across her. She blows out the same palm and collides with the virtual shadow!

"Bang!"

Between the heaven and the earth, the endless Hongmeng Qi swept the four sides, and the central source gas of the impact was rolling, and the terrible power of destroying the heaven and the earth broke out.

At the same time, the shadow of Xuanji moon on the sky suddenly explodes, while the shadow behind ye luo'er gives a cold hum.

Then the virtual shadow reaches out to ye luo'er, who has been in a coma after suffering a terrible impact. The great source of Qi completely covers ye luo'er and turns her into a bright flowing barrier to firmly protect her.

After doing this, the shadow cast his eyes above the sky, his eyes cold, as if warning, and then disappeared directly.

The passage has already been smashed completely by the collision between xuanjiyue and Xuying. At this moment, ye luo'er is in a coma and falls into the endless void.

Chapter 3543

Ye luo'er's body falls down continuously in the void covered by the boundless nothingness, but she doesn't find out that the place where she falls is actually the same as Xuanyuan moxie.

Not far from ye luo'er, it was Xuanyuan moxie. At the moment, Xuanyuan moxie was seriously injured and unconscious, and they fell down at the same place.

This place is a terrible Canyon, filled with endless vast dead gas. The breath of death is so strong that it even turns into a dragon of dead gas and roars in the canyon.

This is one of the most terrifying places in foreign countries. It is also a Jedi that makes everyone tremble. No one dares to enter here, because none of the people who enter the area according to legend can come out successfully.

There are even rumors that this deep part of the Jedi is the entrance to hell. Anyone who enters here will eventually be led into the hell and will never live beyond life!

"Damn it!"

In the upper world, the majestic and majestic palace, endless emperor's light flows out of the palace, frightening the heaven and earth. The imperial power sweeps through the hall, and the anger in xuanjiyue's eyes rises. She is eager to kill all the people in the palace and vent her anger.

"Who is this evil dragon? How can she have such existence in her body?"

Xuanjiyue's eyes flicker, and ye lu'o'er is bad for her. Originally, she wanted to wipe out ye lu'o'er directly, but she was blocked by the shadow in her body.

"The shadow inside the evil dragon She may have something to do with reincarnation! "

Xuanjiyue's eyes suddenly rose, endless forest, looking at the people under her, the vast empire of destroying heaven and earth swept out, as if to crush the universe at this moment.

People below see xuanjiyue's momentum burst out, and they suddenly changed their faces. They lowered their heads one by one and were afraid that xuanjiyue would vent her anger on them.

At this moment, the sky heart sword butterfly, the earth Tibet devil riding, and the old Buddha Jinpeng standing beside xuanjiyue are also puzzled.

Tianxin sword spy carefully looked at Xuan Jiyue and asked in a low voice, "Your Majesty, what's the matter?"

"Xiaodie, Wuqi, Jinpeng, you three go to investigate the whereabouts of Xuanyuan moxie and this evil dragon for me. At all costs, you must investigate it for me!"

Xuanjiyue was so angry that she gave an order and said in a cold voice. With a wave of her hand, a picture of Ye Luo'er's appearance appeared out of thin air.

Hearing this, Tianxin Jiandie, Dizang Magic Riding, and Old Buddha Jinpeng look at this picture and feel that the dragon on it is extraordinary in momentum and powerful, but it is not worth Xuanji's blood under the moon.

At the moment, the three of them were shocked, at all costs, which showed that Xuanjiyue's power could be almost fully mobilized, and all this was just to investigate the whereabouts of Xuanyuan moxie and the dragon.

Although they were shocked by Xuanjiyue's decision, Tianxin sword spy did not dare to have any refutation or doubt, so they took their orders respectfully.

"Yes, your majesty, we are going to investigate."

"Go ahead." Xuanjiyue waved her hand coldly, and then she looked into the endless sky with deep eyes. The shadow hidden in Ye Luo'er's blood has been unforgettable for a long time.

At this moment, Xuanjiyue gave an order, and the whole upper world set off a huge wave. Although most people didn't know that Xuanjiyue wanted to do this, all forces from all sides were watching, and one by one guessed.

.....

At the same time, Ye Chen sits in the hall and closes his eyes.

In the demon subduing hall, ye Chen is closing down, and endless Hongmeng breath circulates around him. The invincible momentum of destroying the heaven and the earth sweeps through all directions. Ye Chen's momentum is constantly climbing and becoming stronger at this moment.

"Boom, boom!"

With the constant concussion of the void, the endless space is broken and destroyed all over Ye Chen, and even triggers a terrible space storm and revolves around Ye Chen.

The vast breath flows out from ye Chen. The battle of wanshenshan makes Ye Chen feel deeply. As soon as he returns to the Fumo hall, he begins to shut down.

At the moment, his body vibrates endlessly, and his blood and meridians are constantly changing at this moment. Ye Chen's blood is more and more thick, and the meridians are more and more solid and firm, while his bones are indestructible and shining brilliantly, just like the most magical existence between heaven and earth.

"Hoo..."

A mouthful of turbid gas slowly exhaled. The turbid gas actually directly broke the space storm surrounding Ye Chen. The terrible storm suddenly stopped and ye Chen opened his eyes.

"Hiss!"

Two cold awns shot directly from ye Chen's eyes, and the invincible momentum of destroying the heaven and the earth broke out. These two cold awns were like the original God awns that broke the heaven and earth. In a moment, they penetrated into the space, as if to penetrate through the ages and into the torrent of time and space.

"Click!"

Ye Chen stands up, and his bones constantly make sounds, which is the response of the body transformation, and ye Chen's physical strength is enhanced again.

When he clenched his fist slightly, ye Chen could feel the vibration of the void around him. There was infinite power in his body. At this moment, he felt that he could even crack the sky with one fist, which was almost invincible.

"The first battle of Mt. wanshenshan, together with the purple cloud stone of the devil emperor, made me rise to the third heaven of the heaven God realm..." "Maybe it won't be long before we get to the fourth level."

"Of course, more should be my protection of the kingdom of God, the blessing given to me by the kingdom."

Ye Chen's eyes twinkled, and all of a sudden, everything in front of him broke at this moment. The magnificent force of destroying the sky and the earth instantly crushed everything. The void in front of him was collapsing, and the breath of endless nothingness overflowed.

His power now almost touches the rules of the kingdom of God!

"Sword

Suddenly, the Dragon reaches out his hand and drinks the sword.

Ye Chen holds the falling dust and subduing dragon sword, and then flies out of the demon subduing hall with a flash of body shape, and appears in the sky.

"Boom!"

Heaven and earth vibrate, and ye Chen's invincible momentum frightens the world. At the moment, Mo Xueming dies in the kingdom of God, and Xuanyuan Mo evil escapes. Ye Chen is almost invincible, and the heaven and earth are broken by every move.

"The blood moon slays the sky!"

Ye Chen roared, holding the sword of falling dust and descending dragon, and suddenly cut it out.

"Crash!"

At this moment, the heaven and earth broke down, the sun, the moon and the stars toppled, and all the sky and earth were in constant vibration. Above the sky, two rounds of blood moon slowly emerged, like the supreme power of suppressing all forces in the world, and swept the whole kingdom of God.

"Boom

Endless blood and moonlight flow down, the sun, moon, stars, and the splendor of the universe are all suppressed by the blood moon. The blood moon bursts out the most brilliant brilliance, just like the center of the whole universe, swept out by incomparable powerful forces.

In the meantime, the sword of falling dust and subduing the dragon in Ye Chen's hand blooms with endless power of blood and moon. The terrible pressure sweeps all over the place, and countless creatures kneel down.

Chapter 3544

"Cough..."

Ye Chen felt the heavy pressure of destroying the heaven and the earth, which made him unable to lift his head. The two rounds of blood and moonlight on the sky were too prosperous, and the ferocity was infinite. He was simply lawless.

The war of wanshenshan makes Ye Chen feel deeply. At the moment, he can only exert the power of the second blood moon by himself. However, the power is too strong, even ye Chen can't bear it.

At the moment, no one is fighting with Ye Chen. Mo Xueming and Xuanyuan moxie have long been gone. If ye Chen's sword falls on the kingdom of God, he may have to cut the kingdom in half.

Between the breath, ye Chen dissipates the power of the blood moon killing the sky. The two rounds of blood moon above the sky slowly disappear, and the falling dust and dragon sword in his hands no longer shine, becoming common.

However, ye Chen's breath was disordered at the moment. This time, he could not bear to eat. His arms seemed to weigh more than ten thousand jin, even as if all heaven and earth were pressing on him.

"It's too powerful to kill the sky with blood moon! I don't know whether he left the legend of this sword outside the territory and in the upper world. "

Ye Chen's mind is in shock. Blood moon and Tu Tian are his strongest moves besides reincarnation. This is his base card, which is not easy to use.

Just at this time, just after the blood moon had dissipated, the sky, which had recovered its tranquility, had changed again.

A bright moon slowly emerged above the sky. The bright moon flowed like the source of all the light in the world. The great source of terror shrouded the sun, the moon and the stars. All the brilliance disappeared. The only moon on the sky radiated endless glory.

"This..." Ye Chen's eyes flicker, suddenly look down, this is the abnormal movement caused by Xia Ruoxue.

Xia Ruoxue had been closed to the outside world, even the demon emperor came and the war of wanshen mountain did not go out.

He tried to find Xia Ruoxue many times, but he gave up in the face of the enemy.

It's time to take a look.

The bright moon above the sky vibrated endlessly, and the brilliance even scattered down, and condensed into a pure white, dazzling and transparent God flower.

The vast bright moon awes the heaven and earth, as if through the ancient times, infinite power swept, terrible majesty shock.

Ye Chen can't help but feel shocked. Although the bright moon is not as fierce as his own blood moon butcher, it has other magical effects and infinite power.

Xia Ruoxue obviously has some understanding. If she can grasp the real source skill, then she will be extremely powerful and can reach the level of invincible lawlessness!

"Boom, boom!"

At the moment, the vision above the sky has not dissipated. The moon is constantly shaking, and the void around the moon begins to collapse and turn into an illusion.

At the moment, a shining light suddenly falls on the bright moon, which frightens the sky. Yuehua bursts out endless great power and sharp edge. It seems that it can suppress the invincible power of the whole world and destroy the sky and the earth.

Seeing this flash of moonlight, ye Chen's face changed slightly, but the corner of his mouth was a radian. He suddenly rose from the sky and went to meet the moon.

"Tianlong eight gods sound!"

Ye Chen a roar, Hongmeng notes ring through heaven and earth, flying to the moon above the sky.

At the same time, ye Chen's palm moves, Sha sword appears in the hand, he suddenly out of the sword, destruction Shinto explosion.

The powerful force that destroys the heaven and the earth sweeps around, and ye Chen, with invincible momentum, collides with Yuehua.

"Boom

The terrible impact swept across the heaven and earth. At this moment, the sky was filled with thunder, and the endless void collapsed. The rolling Hongmeng gas overflowed and dispersed. The terrible big source of air was turning, which shocked the sky and suppressed the whole world!

Ye Chen's figure disappeared in the impact, but at the moment, a graceful figure suddenly rushed up to the sky from below, looking nervously at the center of the attack.

"Ye Chen, are you ok? It's all my fault. I shouldn't have done anything wrong. "

Xia Ruoxue looks pale and looks at the sky in panic. At the next moment, she will flash into the collision center to find out where ye Chen is.

Xia Ruoxue breaks through the source art in the seclusion. He just sees Ye Chen in the sky, so he wants to tease Ye Chen and try the power of his source technique.

But after ye Chen and Yuehua collide, Xia Ruoxue is to find that ye Chen's breath has disappeared, which makes her very afraid, worried that she will cause great trouble to Ye Chen.

Panic, Xia Ruoxue desperate to rush to the impact center, but at this time, a voice sounded behind.

"If snow, you also too despise me?"

Hear this voice, Xia Ruoxue body a shock, quickly turn around, see ye Chen smile ha ha of stand behind oneself, safe and sound, body not even a bit of injury.

"Ye Chen You bad man

Xia Ruoxue was so anxious that she almost cried. At the moment, she could not help but stare at Ye Chen. She pouted out her ruddy mouth and couldn't help but be coquettish and angry.

"Hehe, it's not you who want to fight me."

Ye Chen moued, smiled, and then came to the summer if snow body, indifferent mouth and then said: "your source skill breakthrough, this is a good thing." "Of course." Xia Ruoxue's speech can not help but white Ye Chen one eye, source breakthrough also let her feel very happy, but at the same time, the heart also rises a touch of anxiety.

The growth speed of Ye Chen Xia Ruoxue can see that she has made great efforts, but the gap between her and ye Chen is getting bigger and bigger. She doesn't want to be like this. She wants to be ye Chen's right arm and help him, instead of being always behind him. She can only be a person protected by Ye Chen.

"What's the matter with you?" Seeing Xia Ruoxue's restlessness, ye Chen's eyebrows picked slightly, Xia Ruoxue's injury is cured and her original skill has broken through. She should be happy. How can she look worried now.

"It's OK. You just closed up. There should be a lot of things to deal with. Go to work first."

Summer if snow shakes head, looking at Ye Chen considerate say.

"Good."

Ye Chen nods at the smell of the speech. He does have a lot of things to deal with. The war of wanshenshan made the kingdom of God change greatly. Mo Xueming died, Xuanyuan and moxie fled. All forces in the kingdom of God were in constant turbulence. It really needs to be dealt with seriously.

The temple of the underworld has fallen, and although the temple of heavenly way has lost Xuanyuan ink evil, the details of Tiandao Palace are still there. All these things need to be considered. How to treat Tiandao palace and all forces should be seriously considered.

After that, ye Chen turns to leave and contacts ye Lingtian and Youying ghost weasel to discuss these matters with them.

But Xia ruoshue looks at Ye Chen to leave, the body actually slowly falls, returns to own room, but at the moment Xiaobai is to find up.

Xiaobai and Xia Ruoxue have a wonderful relationship. Now Xia Ruoxue's injury has recovered and her original skill has broken through. Of course, Xiaobai wants to congratulate her.

"Sister Xue, you have made a breakthrough. This should be a good thing. How can you look so sad?"

Chapter 3545

Xiaobai talks with Xia Ruoxue, but finds that Xia Ruoxue has been worried. She seems to have some thoughts and can't help asking.

"It's OK." Xia Ruoxue reached out and rubbed Xiaobai's head, and then said, "I'm just thinking, how can I really control the source technique? When ye Chen is in trouble, I can help and make a contribution."

"Master the source skill?"

Xiaobai Zhen's head slightly side, bright eyes flash, as if suddenly think of something, in front of a bright mouth said: "sister snow, you want to really break through the source of art, I'm afraid you have to go to foreign countries, the rules of the kingdom of God limit and suppress the source of art, my memory of a place outside the territory can do this."

"Going abroad?" Xia Ruoxue frowns when she hears the speech. She can't help but look out of the window. It's extremely dangerous for her strength to go abroad. Moreover, she wants to stay with Ye Chen and doesn't want to leave.

"Sister Xue, if you can't really master the source skill, I'm afraid you can't help. Brother Ye Chen's enemies will become more and more powerful..."

"Emperor yuan hall, the queen of the upper world, any one of them is crushing your existence..."

Xiaobai did not say the following, but she was very clear, Xia ruoshue understood her meaning.

Sure enough, Xia Ruoxue heard Xiaobai's words, more and more silent, but the light in his eyes was gradually lit up, and his firm look was shining.

"I want to help Ye Chen, like Ji Siqing, I want to fight side by side with him. All these things can't be done by his side. I..."

Xia Ruoxue thought silently in her heart. At this moment, she finally realized that only by leaving Ye Chen can she better protect Ye Chen. Now the difference is just for better meeting in the future.

Ye Chen took ye Lingtian and Youying ghost weasel to deal with a lot of things. Now the kingdom of God is nothing to be done. Many places need to pay attention to, so it is quite busy. Now it is dark when he comes back.

Ye Chen steps into the demon hall, but finds that Xia Ruoxue is waiting for him here. He can't help being surprised.

"What's the matter?" Ye Chen steps to Xia Ruoxue and asks softly. He can see that Xia Ruoxue seems to have something on his mind.

After Xia ruoxue's breakthrough, she was a little strange, and ye Chen was also curious. However, if Xia Ruoxue didn't say anything, he wouldn't ask. After all, everyone has his own worries.

"Nothing." Hearing Ye Chen's words, Xia Ruoxue shakes his head and smiles. His smile is bright and looks like spring light on his face. Ye Chen can't help but look at him.

"I just want to talk to you." Xia Ruoxue looks at Ye Chen, tender as water. At this moment, even if ye Chen is heartless, I'm afraid he will turn into a soft finger, not to mention he is not.

"If snow." Ye Chen can't help but stare at Xia Ruoxue's eyes like water. He can't help but shake in his heart. He hasn't talked to Xia Ruoxue for a long time. For so long, he has been busy improving and dealing with various dangers.

Now Mo Xueming has been eliminated, Xuanyuan Mo Xie also fled the kingdom of God, ye Chen also has a short leisure, can temporarily relax.

After that, ye Chen and Xia Ruoxue did not discuss supernatural powers and skills, nor did they talk about everything about cultivation. Instead, they looked back on the past and the little things between them.

Time passed quickly, and in a twinkling of an eye, it was late at night. Ye Chen looked at Xia Ruoxue and was about to leave. He just wanted to open his mouth, but he felt warm and moist sweeping his lips.

"If snow."

Ye Chen can't help but look at Xia Ruoxue. She closes her eyes tightly, her long eyelashes quiver, and her pretty face blushes.

"Don't talk."

Xia Ruoxue opens her eyes and looks shyly at Ye Chen. Her breath is like blue, but she pushes down Ye Chen boldly.

For a moment, ye Chen only feels that the blood in his body is burning. Looking at Xia Ruoxue's tender eyes and feeling Xia Ruoxue's delicate body, ye Chen can no longer resist the impulse of his heart and fiercely turns away from him. He hugs Xia Ruoxue and presses him under his body.

Night of spring, ye Chen this night sleep is very deep, is also so long sleep the most comfortable time.

.....

The next day, ye Chen wakes up with Xia Ruoxue, who has been tossed by himself, for a while, and then leaves the Fumo hall in a hurry. He still has something to deal with.

But after ye Chen left, Xia Ruoxue felt that the blood in her body began to be turbulent. The blood boiled for a while, and then suddenly cooled down. It was like reincarnation.

Xia Ruoxue fell into extreme pain, wanted to cry for help, but couldn't make a sound at all.

"Hiss!"

Xia Ruoxue's blood vessels are burning violently, and even the sound of blood evaporation comes out. After a while, it condenses into ice, and Xia Ruoxue's whole body is frozen.

"Bang bang bang!"

At this moment, Xia Ruoxue's heart is not affected by blood, beating more and more violently, as if to break the chest and rush to the outside.

And at the moment when the heart is beating violently, the blood with the breath of reincarnation appears faintly in Xia Ruoxue's heart.

"Boom! In an instant, all the visions in Xia Ruoxue's body disappeared. Her blood seemed to be submissive to this wisp of reincarnation blood, and even all of her blood melted into this wisp of weak blood.

In an instant, all the blood in Xia Ruoxue's body actually entered into the reincarnation blood. When the samsara blood vibrated, the wave of destroying heaven and earth swept all over the world, as if all the heaven and earth were overturned at this moment, and the terrible breath of samsara emerged.

Reincarnation blood once again releases the surging blood like a river, and instantly fills Xia Ruoxue's whole body. Without exception, all of these blood have the breath of reincarnation.

"What is this?"

Xia Ruoxue was shocked by the changes in her body. At the same time, she also felt that her strength had been greatly improved, as if she had controlled the most horizontal law in the world. She was instantly transformed into the Supreme Master of the universe and time.

"Boom

Xia Ruoxue's mind a loud noise, and then her mind was pulled into a strange space.

In this space, Xia Ruoxue sees Ye Chen's previous life, which is the Lord of reincarnation.

Part of the experience of the reincarnation Lord flashed like a slide before Xia Ruoxue's eyes. Countless battles of life and death that destroyed heaven and earth, countless enemies of life and death who suppressed the ages and were extremely terrible. In a flash, Xia Ruoxue understood all of them.

"Hoo..." Xia Ruoxue suddenly opened her eyes. At this moment, she finally understood why her body was abnormal.

It turned out that yesterday and ye Chen Yin and Yang, she unexpectedly got a trace of reincarnation blood, which let her have the supreme power, also understand what ye Chen bears, what ye Chen has been experiencing.

Chapter 3546

"Ye Chen's road in the future must be full of crises. He wants to overcome all difficulties, and I must accompany him. I must be strong, otherwise I can't help Ye Chen!"

Xia Ruoxue's eyes were suddenly firm at this moment. Then she got up and wrote a letter, then she turned and left with Xiaobai.

"Sister Xue, although it is dangerous in foreign countries, I will protect you. When you and I are strong, we will protect brother Ye Chen."

Above the sky, Xiaobai raised his small fist against Xia Ruoxue and said with great optimism.

"Good." Before Xia Ruoxue thought of going abroad, she was still at a loss. However, after hearing Xiaobai's words, she knew that she was comforting herself. She couldn't help smiling. At least, Xiaobai was with her.

"Ye Chen, when I come back, I will be strong enough to help you and be your right arm."

.....

A few hours later, ye Chen returns to the Fu Mo hall and goes to Xia Ruoxue's room to look for Xia Ruoxue. However, he finds that the building is empty and there is only a letter left, and his eyebrows are not raised.

"This..."

Ye Chen slowly unfolds the letter, which is written by Xia Ruoxue. Xia Ruoxue tells Ye Chen everything, including the fact that she has acquired reincarnation, so she firmly believes in becoming strong.

"If snow, why are you so stupid?"

Ye Chen can't help shaking his head after reading the letter. It's very dangerous in foreign countries. He doesn't want Xia Ruoxue to go. If he can, he is willing to keep Xia Ruoxue by his side all his life to protect her.

The next moment, ye Chen's momentum erupted, directly enveloping the whole demon hall.

At this moment, all the people in the Fumo hall are also frightened by Ye Chen. They realize the anxious feeling in Ye Chen's momentum, and they can't help but change their faces and guess what happened.

"Xiaobai is not here either."

Ye Chen's eyes narrowed slightly, and Xia Ruoxue really left, with Xiaobai.

Immediately, ye Chen flies up directly, and the furious momentum sweeps out in an instant. He wants to investigate the whole kingdom of God and see where Xia Ruoxue is now. He wants to stop Xia Ruoxue.

In an instant, the whole kingdom of God was shocked. Ye Lingtian and Youying ghost weasel also came out and looked at Ye Chen on the sky with worry. He didn't know what had happened, which made Ye Chen react so much.

After a long time, ye Chen's violent momentum converged, his whole person completely calmed down, and slowly fell from the air.

"Lord, what happened?"

Ye Lingtian immediately comes forward and looks at Ye Chen with worry. Ye Chen's action is very rare.

"Nothing." Ye Chen shakes his head and looks at the direction of foreign countries with worry. "If snow goes abroad with Xiaobai."

"Why?" Ye Lingtian was stunned at his speech.

"She wants to be strong." Ye Chen has a deep vision. He doesn't blame Xia Ruoxue for leaving like this. He just worries about Xia Ruoxue's safety. It's not like the kingdom of God in foreign countries. It's a place full of crisis.

"Master, don't think about it. I believe they will be OK." Ye Lingtian immediately said.

"Well, I hope." Ye Chen nods silently. Xia Ruoxue has left the kingdom of God. It is useless to worry about it. She can only hope that Xia Ruoxue will not encounter danger.

However, he was most worried about Xuan Yuan Mo Xie.

If Xuanyuan Mo Xie really sees xuanjiyue, his identity may be detected.

Xuanjiyue has a way to determine whether Xuanyuan Mo Xie is the real reincarnation master, even if Xuanyuan Mo Xie is hidden well.

So Xuanyuan ink evil does not die, ye Chen can not be at ease.

At this time, the sky but emerged endless evil Qi, evil Qi rolling between, the vast infinite power swept across.

Ye Chen sees this all over the sky, can't help but change his face slightly, this is the breath of covering the sky devil emperor.

"Master devil, have you broken through again?"

Looking at the shadow of the devil in front of the devil, the devil's spirit is revealed.

The evil spirit was rolling all over his body, accompanied by strong Hongmeng Qi and a series of terrifying great source Qi, which made Ye Chen's mind vibrate unceasingly.

It wasn't long after the dark emperor left, but he broke through again. This time, he was more powerful than before. What's more, he has reached the level of Mo Xueming and Xuanyuan moxie. The nine layers of heaven in the holy ancestral realm!

What is the breakout speed? Ye Chen's mind vibrates unceasingly, his breakthrough speed is enough abnormal, did not expect to cover the sky evil emperor to be faster than oneself.

"Ha ha." Hearing Ye Chen's words, the dark emperor couldn't help but smile. When the evil spirit was rolling on his body, the dark emperor looked at Ye Chen with some understanding.

"This is also thanks to the water of the yellow spring. The water of the yellow spring has revived and even increased my foundation. My perception and breakthrough speed to the outside world are faster. In addition, the war with Mo Xueming has made me understand a lot, and the aura of foreign countries is too rich compared with the divine kingdom. When I return to foreign countries, I will make breakthroughs one after another."

He was very happy with his words, and he was also very happy when he reached the Ninth Heaven.

"That's a good thing." Ye Chen can't help but smile when he hears the speech. Unexpectedly, the water of the yellow spring has such a powerful effect that he makes successive breakthroughs to the nine layers of heaven in the holy ancestral realm in such a short time.

When the God of covering the sky breaks through to the nine layers of heaven in the holy ancestral realm, Ye Chen has a very powerful help. Now even if Xuanyuan moxie comes back, he is not afraid. The emperor can easily fight against Xuanyuan moxie.

But at the moment, the evil emperor of Zha Tian was restrained with a smile, and looked at Ye Chen and said, "Ye Chen, I came back because I learned a news from abroad."

"What's the news?"

Ye Chen frowns, vaguely feels that something bad has happened, and the serious expression of the dark devil emperor also makes Ye Chen have to be solemn.

"About Xuanyuan ink evil, and Ye Luo Er." The dark devil emperor's eyes flashed, and then he said.

"Lol?" Ye Chen can't help but feel shocked when he hears the speech. Ye Luo'er has lost his memory. He has been unable to find Ye Luo'er. Now how does Ye Luo'er get involved with Xuanyuan Mo Xie? What happened.

"After the blood dragon came back, he told me that you failed to kill Xuan Yuan Mo Xie. The queen of the upper Kingdom saved him and let him successfully tear the space to escape." See ye Chen.

"That's it." Speaking of this matter, ye Chen is also a little reluctant, originally wanted to kill Xuanyuan Mo Xie, never to be affected, but was blocked by xuanjiyue.

"That's right."

On hearing this, the dark emperor nodded slowly, then opened his mouth with his hands on his back and said, "I heard some rumors outside the region. Someone saw a figure covered by the breath of heaven and a dragon fell from the torn space at the junction of xingxuan domain and yuehun domain."

"Because there was a terrible impact that destroyed the heaven and the earth, some even suspected that it was a fight wave of supreme existence, so it attracted many people's attention. Nowadays, there is a lot of uproar, and this news should not be a problem."

Chapter 3547

"Well?" Ye Chen smell speech in the eye cold light twinkles, the supreme existence hands, what happened in the end.

"Where did they fall? How about ye lu'o'er? " Ye Chen didn't have time to think about it, so he opened his mouth and asked.

"It's not good." He shook his head.

"According to the legend, ye lu'o'er should have passed out of coma, but she has great power to protect her. Even if she falls outside the country, she will not encounter any danger, but the place where she falls is extremely dangerous and the situation is not good."

"Xuanyuan moxie and ye lu'o'er fell in the same place, which is called the nine death realm, but in fact, none of the people who have stepped into it can come out alive. This is the most dangerous hopeless

place in the borderland of xingxuan realm. It seems more appropriate to call it the ten dead without life."

"Not only that, but also the queen of the upper Kingdom has stepped in to look for them Whether it is found or not, the consequences will be unfavourable. "

"Ten deaths, no life?" When ye Chen hears the speech, he can't let ye Luo'er die, which is something he can't accept.

Although ye Luo'er's memory is sealed and his attitude is cold, according to his eyes, ye Luo'er must have done something to Xuan Yuan Mo Xie!

The purpose is for yourself!

Only in this way can we prevent Xuan Yuan Mo Xie from seeing Xuan Ji Yue!

Stop the possibility of exposing your identity!

Now, ye Luo'er is in danger!

He can't care!

"It seems necessary for me to go abroad again."

"At least we should find ye Luo'er. If we can solve Xuanyuan Mo evil, it would be better."

Ye Chen's eyes suddenly firmed down. Xia Ruoxue's going abroad has made him extremely worried. Now, ye Luo'er hears news that he has fallen into the most terrible hopeless situation in xingxuan domain. He has to rescue ye Luo'er from the situation of death.

"Even if it's ten deaths without life, the people I want to protect will never die!"

Ye Chen's eyes were cold, and his momentum broke out. It seemed that the God of reincarnation was invincible in the previous life. He was not shocked by his mind, and ye Chen became more and more dignified.

"First rescue lu'o'er, solve Xuanyuan Mo Xie, and then find ruoshue. It seems that I have to go abroad."

Ye Chen's eyes were firm, and then he looked at the dark devil emperor, and said, "master devil, wait for me for a moment. I'll explain some things, and I'll go with you to foreign countries."

"Good."

Zha Tian Mo Di didn't talk nonsense. He looked at Ye Chen with a loud voice. What he appreciated most was Ye Chen. He never flinched when he met with something and had a firm belief.

Later, ye Chen went to Xiao Huang and other people and told them that they had something to do to leave the kingdom of God, and they had to go abroad for a period of time,

maybe ten days, maybe half a month.

Let them take care of everything in the kingdom of God and contact him immediately if there is any danger.

Although he wants to take Xiaohuang, Xiaohuang is the most powerful presence around him, and only he has the qualification to guard the demon subduing hall.

And this time should not be too long, after all, he will return to China.

"Don't worry, master. With me in the kingdom of God, there will be no problem."

Xiaohuang's domineering and incomparable patted her chest and assured Ye Chen.

"Good."

Ye Chen eyes a congealed, then looked to ye Lingtian, way: "Ling Tian, you have another thing."

Ye Lingtian is stunned. Does the hall master have a new task for himself?

Ye Chen took out a communication jade pendant and handed it to ye Lingtian: "I always feel wrong about China's affairs. You go there."

"This jade pendant can be contacted with me once, because the space barrier is too strong, this time it is used at the most critical time."

"What's more, your current strength is too high for the martial arts system of China. The rules of the earth will certainly suppress your cultivation."

"Now the aura has changed, and I'm not sure what will happen if you go."

"But remember, don't act rashly."

"I always feel that there may be strong people from outside China or the upper world to intervene in China. Although it's just a guess, after all, Huaxia is the place where everything starts."

"This game of chess, the Chinese territory is definitely one of the battle fields."

"If you have a chance, find an old man named Guo Haiyun through Jin Lengyan. This person is a part of eternal old people. He should know more about it."

"Remember, as soon as there is something wrong, let me know, and I'll leave immediately!"

"Before you leave, you go to Lingwu land and look for Zhu ya. She should be more aware of the current situation."

"Of course, if she insists on waiting for me, when I rescue Luo'er, she will join her and you in China."

This is the result of Ye Chen's careful consideration.

The change of Chinese aura is not serious at present. He doesn't need to leave immediately, but for the sake of safety, he still let Ye Lingtian go.

Ye Lingtian's current strength should be invincible to China.

But I don't know why, Ye Chen has an ominous premonition. It's not easy!

Ye Lingtian can feel the seriousness of Ye Chen's words, and her eyes are dignified: "yes! Temple master! I'm leaving now"

"Well."

.....

Immediately, Ye Chen then follows to cover the sky evil emperor to leave.

Ye Chen two people speed extremely fast, in the sky above the lightning, a step out is a distance of thousands of miles.

After leaving the kingdom of God, Ye Chen felt the endless nothingness. The world was vast and boundless, and his eyes were shining stars.

Endless stars fall on the sky, and the vast world of the sky is shocking.

However, ye Chen didn't have time to enjoy the scenery along the way. He was very worried that ye Luo'er was in danger. Now he was going at full speed to go to Xingxuan in the shortest time.

Along the way, many people outside the territory found that ye Chen's strength was just the three layers of heaven and God realm. They realized that ye Chen had the supreme fortune. They wanted to attack Ye Chen, and were shocked by the mighty momentum of the dark devil emperor.

The nine layers of heaven in the holy ancestral realm is a good strong man even in the outer star Xuanyu region. These people have no courage to provoke the God of covering heaven and evil. Even if some people are not afraid of covering the sky and demon emperor, they can see that ye Chen is extremely lucky, and he is not a simple man and dare not fight.

After a long journey, ye Chen and Zha Tianmo Di finally arrived in the Xingxuan region. They asked for the specific location of the nine dead and set out again.

Nine deaths is the most terrible hopeless place in Xingxuan region. Few people dare to get close to it. In addition to some self-confident powers, they are some fools who daydream and dream of stepping into a desperate situation to obtain no chance.

Because of the existence of great powers and fools, although few people have set foot in the land of nine deaths, there are still some business opportunities in this place. Therefore, some people have established a city here called Xinghan city.

At the moment, ye Chen and the God of covering the sky come to Xinghan city. Xinghan city is not big enough to live in. There are fewer shops and people doing business here. It is so desolate.

Ye Chen just want to say what, suddenly, he found that the long lost reincarnation cemetery actually came to a change!

A stone tablet is shining with bright light!

Obviously, it's ready to move!

"Well? What is the connection between this great power and this place

Chapter 3548

Ye Chen doesn't think much about it any more, and his instant consciousness enters the samsara cemetery.

He stood in front of the shining stone tablet, eyes slightly narrowed.

The stone tablet is carved with an extremely mysterious dragon shadow shield.

The runes on the shield are flowing, as if with towering power.

"In the past, when new universities came out, there would be names or titles."

"Why is this power such a mysterious giant shield picture?"

"Is this powerful weapon a shield? Or something else? "

Ye Chen arched at the stone tablet: "master, please come out and see."

The answer, however, was silence.

The other party did not even plan to answer Ye Chen!

"Master?"

Ye Chen called a few times, however, the result is the same!

That Da Neng has no plan to see ye Chen at all!

Ye Chen does not know whether this is the so-called pride, or another secret.

However, the most urgent task is to find ye lu'o'er first.

.....

Xinghan City, a small town on the edge of the nine death scene, is surrounded by weeds. The dead spirit is extremely strong, and even gathered into a group of ghost like dead spirits floating everywhere. Bones can be seen everywhere. All kinds of ugly insects are flying and buzzing in the sky.

Ye Chen stepped into this desolate city together with Zha Tian Mo Di. The city was too small, and there was only one main road. On the main road, there were only a few businesses, a teahouse, a weapons shop, a brothel on the surface, but actually a three story building selling intelligence.

Ye Chen has no mind to stop in Xinghan city. He plans to find out the specific location of the nine death state here, and immediately goes with the dark emperor.

In this small town, the best place to get information is the brothel named Huadu tower.

Huadulou is a very famous intelligence organization in foreign countries. They use brothels as a cover up. In fact, they sell intelligence secretly. Huadulou is everywhere. Even in a desolate place like xinghancheng, shops are set up.

Ye Chen and the dark emperor step into the Huadu building. From the outside, they can see that the three story buildings are dilapidated and even smell of rotten wood. However, when they enter the interior, there is a different kind of cave.

A gorgeous, gorgeous and hot girl in light clothes stood in the hall on the first floor, smiling at the guests.

And this hall is also resplendent, full of Hongmeng gas flowing in the hall, between the faint Ye Chen also aware of a touch of source gas fluctuations, can not help but move in his heart.

It's really not easy to open a shop in Xinghan city. Such a small shop has people who control the power of the source. Huadulou is worthy of being the top intelligence organization in foreign countries.

At the moment, many people in the middle of the hall are still looking for the spirit of the emperor, and most of them are in the middle of the heaven.

"These two people..." Ye Chen looks at the corner of the hall with a teacup in his hand. He is silent and silent. His eyes are slightly narrowed. The two saints are in the Ninth Heaven. Their strength is quite good.

"You two, I don't know what business you're going to do? Is it enjoyment or information? "

When ye Chen is thinking about it, a tall woman with 3000 green silk behind her has come up and looks at Jiao Didi's mouth.

While the woman is talking, she also looks at Ye Chen quietly. The breath of covering the heaven and the devil is so powerful that it can shake the sky. At first glance, she is the strong one. However, ye Chen has only three layers of heaven and God.

Such a combination of walking together, people inevitably feel a little strange.

There is such a huge difference in the realm that we should not walk together. Moreover, they are obviously not masters and servants.

Most of those who come to Xinghan city are for the sake of the nine dead.

The world of nine deaths is a hopeless situation. Even if it is the holy ancestor's nine layers of heaven, it is extremely dangerous to step into it. Why did ye Chen, a god state with three layers of heaven, follow the God covering demon emperor to come together? Do you want to die?

When the woman's heart was suspicious, the dark emperor said without expression: "give us a map of the specific location of the nine dead."

"Ha ha! This old man, you take a boy from the three levels of heaven to the realm of nine deaths. Are you going to die? "

At this time, a strong man in the shop stood up, looked at the dark emperor and said with a laugh.

This strong man has good strength. He has reached the middle of the holy ancestral realm. There are four companions beside him. Two of them are the same as him. The other two are in the later period of the holy ancestral realm.

At this moment, as soon as the strong man opened his mouth, all the people's eyes in the hall immediately gathered on Ye Chen. The worst strength in the hall was in the middle of the holy ancestral realm. The sudden appearance of Ye Chen's heaven God state has attracted many people's attention.

When ye Chen heard the strong man's words, he didn't have any reaction. He just glanced at him indifferently. Now he was thinking of saving ye luo'er, and he didn't want to waste time on these unimportant people. But when the strong man saw that ye Chen didn't speak, he thought that ye Chen was afraid. He grinned and then said to the dark devil Emperor: "brother, you might as well throw this boy away. You and five of us are together. Let's go and explore the nine death situation."

"Oh?" Covering the sky evil emperor smell speech music, looked at the leaf Chen beside one eye, unexpectedly back a step to get away from body position, then said: "this matter you still want to discuss with him."

"With him?" After hearing the words, the strong man was stunned, and then his whole body burst out. The whole Huadu tower trembled, and Hongmeng's gas was shocked. He laughed playfully, "a little bug in the heaven God realm, I can crush to death with one finger!"

"You talk too much."

Ye Chen looks at the strong man indifferently at the moment, and his eyes twinkle. He knows why the strong man is so targeted at himself. It is just for the emperor Zha Tianmo to walk with them. After all, there are people from the nine layers of heaven in the holy ancestral realm. When they encounter danger, they can better solve it.

It's just that the attitude of this strong man is so bad that it seems necessary to teach him a lesson.

"Well?" The strong man didn't expect Ye Chen's strength to be so low that he even dared to speak to himself like this. His eyes immediately glared and his violent killing intention burst out. He wanted to crush Ye Chen directly with his momentum.

"Boom

Ye Chen looked at the strong man coldly, but it was only in the later period of the holy ancestral realm. Xuanyuan Mo evil was beaten by him and fled in confusion. This strong man's killing intention was not worth mentioning in his eyes.

Under the cover of violent killing intention, ye Chen is indifferent, and his breath is stable without any fluctuation, as if the violent killing idea is just a wisp of fresh wind.

Seeing this scene, all the people in the hall squint and see the clue. Although Ye Chen's realm is not high, his strength is not simple. A group of people speculate about ye Chen's identity.

After all, they can be fearless of the murderous and oppressive power of the holy ancestral realm in the three levels of heaven and God realm. This is definitely not an ordinary person, and his identity is likely to be so big that he can frighten people to death!

Chapter 3549

Even the two monks in the corner of the hall at the ninth floor of the holy ancestral realm also looked at each other at the moment, and their eyes were shining. They were interested in Ye Chen.

"Who are you?" At the moment, the strong man also saw that ye Chen was not simple, and his face suddenly became dignified. He regretted that he had been too reckless and spoke ill of Ye Chen, but he was already in a dilemma at the moment.

"It doesn't matter who I am. What matters is that you are too noisy. Get out of here."

Ye Chen is indifferent to say, the next moment suddenly hand.

When the destruction Shinto erupted, ye Chensha sword was in his hand. With one sword, it was as if he wanted to penetrate the sky and cut through the whole world. The power of one sword was boundless and its edge was shining to the extreme.

Ye Chen can play against Xuanyuan moxie and Mo Xueming when he has two layers of heaven. At the moment, his strength is even more terrible. He seems to be the existence of nine layers of heaven in the holy ancestral state, which makes people feel shocked.

It's just a sword, which makes the whole hall dead. The strong man who faces Ye Chen's sword is even more frightened. He only feels that the death crisis is sweeping, and his whole body is as cold as falling into an endless hell.

"Forgive me, my Lord!"

The strong man was too scared to speak, but now his companion screamed in panic and at the same time, he stepped forward to help the strong man resist the sword.

"Bang!"

The four strong men's companions came together, and the violent power swept over, and the whole Huadu building seemed to be shattered by this violent force.

However, in the next second, four of the strong man's companions were flying backward at the same time. One by one, their faces were pale and their mouth was spitting blood. All of them could not resist Ye Chen's sword, even all of them were injured.

And beat back four people, ye Chen's evil sword is still sharp, instantly from the strong man's body through.

"Poof!"

The strong man covered his chest, and the fierce evil spirit was pounding in his body. His face was yellow and his eyes were full of fear.

Ye Chen left his hand, Sha Jian avoided his heart, otherwise he was dead now.

"Thank you for your life. I'll go now, we'll go now!"

When the strong man recovered his life, he did not dare to shout, and he did not dare to wipe his head in cold sweat. He begged Ye Chen for mercy and then turned around and ran away with several companions.

"Where there are people, there are rivers and lakes." Ye Chen coldly looks at him to leave, indifferently will Sha sword to put up, the eye sees to just go up to the woman.

"Where is the map of the land of nine deaths?"

"I'll bring it right away."

The woman was Ye Chen to see one eye, scared pale, hastily open mouth to answer a way.

At this moment, the woman finally understood that, as the Ninth Heaven in the holy ancestral realm, why did he take ye Chen with him? Because ye Chen is a monster!

Although the realm is only the three layers of heaven, ye Chen's strength is terrible to the extreme. I'm afraid it is not inferior to the nine layers of heaven in the holy ancestral realm. How invincible it is!

The woman left in fear, and all the people in the hall also withdrew their eyes at the moment, for fear that their gaze would offend Ye Chen and cause a terrible sword just like destroying the heaven and earth.

"No matter whether it is the kingdom of God or outside the territory, there will always be such people. They must be afraid to avoid harassment."

At the moment, the dark emperor suddenly said.

"Well." Ye Chen nodded calmly after hearing the speech. He clearly understood the meaning of the demon emperor, that is, he wanted to make himself stand up with the help of a strong man just now, and kill a chicken as an example.

In fact, after entering the Huadu building, ye Chen also noticed that many people were looking at him with bad intentions. However, he didn't care. Now, under the shock of his hand, such eyes disappeared.

At this time, however, the two figures came to Ye Chen and ye Chen's eyebrows raised slightly. They were just sitting in the corner of the hall, and they were the same as the nine layer friars of the holy ancestral realm.

These two people are extraordinary in appearance and temperament, and have a faint sense of dignity. I'm afraid they are well-known family members in foreign countries.

One of the two men was wearing gold armor. The armor gave off a turbulent atmosphere of Hongmeng, which was not ordinary at first sight.

The other was dressed in a bloody red dress with long hair tied behind him. He looked like a woman, but his eyebrows and eyes were full of heroic spirit.

"This brother is so secretive that we both admire him."

The man in blood red clothes came forward and looked at Ye Chen immediately complimenting the way. The armored man on one side also politely hugged his fist.

Ye Chen does not look like two people to find fault, indifferent a smile, opened his mouth and said: "two laugh, my strength can not compare with two."

"You two are going to the land of death, too?"

Zha Tianmo Di stood aside and suddenly opened his mouth. His eyes were arrogant and arrogant.

"Yes." The man in blood red clothes nodded immediately and said, "in xiajunmo, this is Yang Han. We are going to investigate the situation of nine deaths together. Do you have any interest in traveling together?"

Ye Chen nods slightly when he hears the speech. He understands the purpose of the two people. He wants to travel together. He has three saints and nine layers of heaven. In addition, although his own realm is only the heaven God realm, his strength is almost the same as that of the nine layers of heaven. Such a lineup is very good, even if it is to explore the situation of nine deaths also a bit more grasp.

"In xiayechen, this is the elder of the devil emperor." Ye Chen didn't talk nonsense and said immediately.

Ye Chen doesn't care if Junmo and Yang Han have an ulterior intention. Although they are good at strength, they are not vegetarian with each other.

"The devil?" Jun Mo's eyes flicker and he dares to be called the devil emperor. It's not a common taboo. It seems that ye Chen and Yang Han have different origins, but he and Yang Han are not equal.

"I've met Ye Chen, the devil emperor." Jun Mo thought in the heart, at the same time polite Chong Ye Chen two people holding fist.

"You don't have to wait for the woman to get the map. I have the map of the land of nine deaths. Since you are going to go, why don't you start now?"

Jun Mo opened Ye Chen's mouth and said, it seems that he is very interested in exploring the situation of nine deaths, and even a little excited about the situation of nine deaths.

"Oh? Do you have a map? "

Ye Chen raised his eyebrows slightly when he heard the speech, but the evil Emperor didn't speak. He just stood behind Ye Chen. The powerful momentum was revealed, which made Yang Han and Junmo more polite.

"Yes, this is the map. Brother Ye Chen can have a look."

Jun Mo Wen speech smile, take out the map directly.

It turned out to be a picture full of the smell of stars. When ye Chen unfolded the map, he saw the endless starlight emerging, and in front of him, the endless starlight converged into a map.

Ye Chen's eyes are fixed on the map, and he can see the place marked with the red dot. It is not far away from the star cold city where he is located, where he is in the nine dead state.

"The map is real."

Ye Chen nodded slightly, and then handed the map back to Jun Mo, and said, "in this case, let's go."

Chapter 3550

"Good." Jun Mo hears speech to show a smile, "Ye Chen brother is really happy."

Immediately, ye Chen and Zha Tianmo Di followed Junmo and set out together. When the woman came back with the map, they found that ye Chen had already left.

The place of nine deaths is in the southeast of Xinghan city. Leaving Xinghan city at this moment is a boundless wasteland.

On the wasteland, countless white bones piled up, and on the sky flew a crow and vulture with an ugly voice, hovering on the top of Ye Chen's four people.

Jun Mo this person is very talkative, at the moment four people on the road, he still did not forget to chat with Ye Chen.

Yang Han, on the other hand, was cold and speechless all the way. He looked a little wooden. Jun Mo was used to Yang Han's appearance. He didn't take it seriously. He also told ye Chen that Yang Han was an old-fashioned man and asked them not to blame him.

Yang Han said nothing, ye Chen didn't care. On the contrary, it was Junmo who made him curious. Junmo had a strange blood, which made him feel very vicissitudes, as if it had existed before ages.

As we get closer and closer to the world of nine deaths, ye Chen can feel that the stillness between heaven and earth is becoming more and more intense. Even those dense white bones on the ground even have a faint flame in their eyes.

And at this time, Jun Mo asked: "Ye Chen brothers, do you want to look for opportunities when you go to the place of nine deaths?"

"Well, it's said that the land of nine deaths is a place of supreme existence and death, which eventually turns this place into a hopeless place. However, in this desperate situation, there is a heritage left by this great power. If you can inherit it, you can be invincible in the world."

Ye Chen said quietly, this is the news he got before he went to Xinghan city.

"It's not believable." Jun Mo heard Ye Chen's words, but he laughed.

"Oh? Do you know the source of nine death Ye Chen smell speech eyebrows micro pick, he is very strange to the situation of nine deaths, have Jun Mo to help answer it is a good thing.

"Of course."

Jun Mo said with a smile, "in fact, this nine death scene was once a battlefield, but the battle was too terrible, and countless earth shaking beings died, which led to a hopeless situation here."

"After the formation of the realm of nine deaths, the resentments of those who have died are spreading to the whole region, to turn the whole world into a dead land. Therefore, there is great power to break the resentment and let the resentment never reunite and spread to the outside world."

"There's another way."

Ye Chen Mou son tiny MI, compared with the hearsay that he hears, obviously is Jun Mo's more real some.

At the moment, Junmo then said, "in fact, I have searched for the place of nine deaths many times before. Brother Yang Han also happened to meet with me. Since then, we have been walking together together, but we have never found the entrance to the nine death place."

"What do you mean?" Ye Chen frowns when he hears the speech. He tells him that Xuanyuan moxie and ye luo'er fall into the realm of nine deaths, but Junmo says that he can't even find the entrance to the nine death realm.

"Brothers Ye Chen don't know that the entrance to the nine death place is uncertain, and most people can't find it. Therefore, they regard this wasteland as a place of nine deaths. In fact, the nine death place is a mysterious place."

Jun Mo Mu Lu looks forward to the color, he pursues the situation of nine deaths for tens of thousands of years, in order to enter one of them.

"The map I showed you just now, but I spent a lot of money to get it. The red dot on this map is where the entrance to the nine dead place appears."

"Well, that's what you said last time."

Did not wait for ye Chen to speak, has been stuffy does not make a voice of Yang Han suddenly disdain white Jun Mo one eye, open mouth to say.

"What do you know? I'm looking for heaven..."

Jun Mo said here suddenly stopped, obviously he is looking for the identity is not simple, can not easily tell others.

Almost said a slip of the tongue, Jun Mo was also scared, at the moment a long breath to go on to say: "no matter how, this position must be right, that place must be the entrance of the nine dead."

Hearing these words, ye Chen's eyes are dignified. The situation of nine deaths is too mysterious. He has many questions in his head, but it is not easy to ask Junmo. He can only take a step and look at it.

"Ye Chen, Jun Mo this guy is not simple, be careful of him."

Just at this moment, the voice of the dark emperor rings out in Ye Chen's mind. He hears that ye Chen's face is unchanged, but he nods quietly.

Jun Mo and Yang Han's temperament is very noble. They are not ordinary people at first sight. Moreover, there is a sense of mystery between Jun Mo's words, which makes Ye Chen full of vigilance towards him.

After all, it's just a chance encounter. If you know who you are, you don't know your face. Ye Chen can't be unprepared for Junmo.

At this moment, the four of them have gone forward for a long time, and they are getting closer to the red dot on the map of Junmo.

The wasteland in front of me also changed. There was a huge mountain peak. The peak was as high as a cloud, reaching to the sky. Endless dead air gathered on the mountain, and it even condensed into a cloud of dead air. Among the dead cloud, there were still many gray thunder flashes."This is the mountain of death!"

Jun Mo's eyes suddenly lit up, and then he excitedly called out: "yes, that person told me that the place where the entrance of the nine dead place appears, there will be a vision emerging. The first is the dead magic mountain, the second is the ancient city of death. As long as you pass through the ancient city of death, you can enter the realm of nine deaths!"

"There's something strange about this dead magic mountain."

Ye Chen looks at the death demon mountain, frowns, he even feels that there is a vitality in the death demon mountain.

"Of course, it's weird. The death demon mountain is the first test to enter the realm of nine deaths. You can only see the ancient city of death by climbing on the top of the mountain and getting the flowers of death!"

Jun Mo look excited, the next moment even without saying a word directly rushed to the death demon mountain, "everyone, quickly follow up, we go to get the flower of death."

"It's still like this monkey in a hurry."

Yang Han scolded in the back, but followed Jun Mo to the death mountain.

Seeing the situation, ye Chen and Zha Tian Mo Di looked at each other, and then went to the same place.

Jun Mo flies straight up, ready to fly to the top of the death demon mountain to pick the flowers of death. But at the moment, the dead clouds on the sky suddenly turn.

"Boom!"

A startling sound broke out, destroying the heaven and earth. Ye chenmu showed the color of horror. He saw the clouds of dead air rolling, and a series of gray and white thunder fell from the sky, splitting the Junmo directly.

"Not good!"

The gray and white thunder seemed to destroy the world thunder, the momentum was lawless, it was terrible to the extreme, Jun Mo's face changed greatly, and he suddenly made a move.

"The blood kills the sky knife!"

Jun Mo angrily drank, his body even lit up endless blood light, this blood light breath incomparable vicissitudes of life, as if across endless years to come to Jun Mo body in general.

With a wave of his hand, Jun Mo's endless blood light turned into a crystal clear blood knife with endless ferocity and killing intention, and suddenly chopped into the gray thunder on the sky.
